Chamber of Commerce Doings PLEA MADE FOR RENTAL ACCOMODATIONS; SITUATION ACUTE

By L. M. Huff, Manager
The Chamber of Commerce would like to notify all persons interested in renting rooms, apartments or houses to list their accommodations in our office by phoning the Chamber of Commerce Office, 488.

We have had many calls from the companies who are coming in to our City for places to live. We would like to suggest that if you know of an apartment or room or house that is for rent or that will soon be vacant, to please call 488 or drop by the Chamber of Commerce office above the Spur Security Bank and leave your name and phone number.

We would like to fill the needs of these new comers and help them as much as possible, so please notify the Spur Chamber of Commerce if you know of any rental accommodations.

To the personnel of the Schlumberger Well Surveying Corp. we say that it is a pleasure to have you in our City and to welcome you and your families to join hands with our community.

In the next meeting with the City Commission this week, it was decided to place our new street lights all the way to Hill Street instead of just to the Methodist Church as was previously planned. This will give us mercury-vapor lights all the way from the City Light Plant to the traffic light on Hill Street.

Last Rites For Former Resident

Mrs. C. A. Brinell, 78, died at 11:55 a. m. Monday June 17 at the Stamford Hospital where she had been since Thursday in serious condition.

Funeral services are scheduled for 4 p. m. Tuesday June 27 at the Central Presbyterian Church of which she was a member. The Rev. J. A. Owen, pastor of the Matthews Memorial Presbyterian Church of Albany, Texas will officiate. Burial will be in the churchyard cemetery at the Erickson Community under the direction of Kinney Funeral Home, Stamford, Texas.

Mrs. Brinell was born Hannah Dorothy Johnson in Saffo, Sweden February 25, 1872, and came to the United States when she was 19 years old. She lived first in Chicago and was married there on Nov. 6, 1907. The couple came to Copeland, Texas that year and moved to Stamford. After 24 years residence at Spur, where Mr. Brinell passed away Feb. 20, 1936. They moved back to Stamford in 1936.

Survivors include a son Oliver C. Brinell of Stamford, two granddaughters: Dorothy Ann and Margaret of Stamford, a sister, Mrs. Oscar Steiner of Chicago and another sister and two brothers in Sweden.

Pallbearers will be W. G. Swenson, Dick Rowland, K. K. Francis, Walter Bunkley, Charles Markham and L. S. Furrh.

Dickens Ball Club Take Roaring Spring In Game Series

The Dickens Baseball Club took on a Roaring Springs nine in a week-end two game series, beating them 6 to 4 Saturday night and 16 to 1 Sunday afternoon.

In Saturday night game Claman (Lefty) Noland pitched three-hit balls for Dickens, but several errors by his teammates kept the game tied until the last half of the ninth inning. With two men out and a runner on second, Lloyd Holly, Dickens second baseman, knocked one over the left field fence to win the game 6 to 4. A Barron and Odell Maladin pitched for Roaring Springs, giving up six hits.

In the second game played Sunday afternoon, Dickens got 25 hits off Lloyd and Odell Martin, hurlers for the Roaring Springs Club, to win easily 16 to 1. Joe King, outstanding Spur High School pitcher of last year pitched for the Dickens Club. King allowed the Roaring Springs team four hits and collected four at bats for himself. Outstanding batsman for Dickens was Foy Jackson, 3rd baseman, who collected five hits out of six trips, including two home runs and a double. The four hits given up by King of Dickens were scattered and the one run scored for Roaring Springs was unearned.

Mr. and Mrs. Barron Chapman and daughter Pamela, and Mr. and Mrs. Stewart Chapman all of Amarillo spent the weekend visiting Mr. and Mrs. Jack Rector and Mr. Richberg.

Training was conducted by the members assigned to the 4279th. Men participating in the day of training were Maj. O. J. Barren, Maj. James Cowan, Capt. Guy B. Karr, Lt. Alton L. Bailey, Lt. John G. Hagan and Corporal Dean. The training counted as 1 day of active duty for the men taking part.

ATTENTION FARMERS INTERESTED IN BNDWEE CONTROL

All farmers interested in the control of bindweed are urged to attend a meeting at the McAdoo high school at 8:00 p. m. Monday night June 26.

A proposed control program will be discussed and your presence is needed in order to complete the program.

Spurettes Down Dragons 15 to 4

Approximately 250 spectators filled Jones Stadium June 16 at 8 p. m. to see the Spurettes meet the Dragons, local colored girls softball team.

The Dragons took a great loss when batting against fast pitcher Melva Swaringen of the Spurettes, for they only chalked up 4 scores to the Spurettes 15.

This was the first night game for both teams and sportsmanship along with team work made it an exciting game.

The Spurettes will have their regular ball game this afternoon and will journey to Lockney Friday June 23 to play at 8:30 p. m.

LIONS, PROCTORS TAKE LEAD IN CITY SOFTBALL LEAGUE

The Lions and Proctor's teams seem to be destined to be the big guns in the City Softball League as the revised schedule gets underway. Both teams have turned in decisive victories in their first two games. The two league-leaders will meet next Tuesday in their first encounter at 7:30 p. m.

As the new schedule opened last Tuesday, Proctors downed the Farmalls Boys 15-6 and the V. F. W. won their first game from the newly-organized McNutt's team 9-1.

In last Thursday's games, the Lions took the waning Fireboys 14-8, and Proctor's beat McNutt's team 18-12.

This Tuesday, the Lions coasted through a 11-1 victory over the V. F. W. and the Farmalls boys came through in the last half of the last inning to beat the Fireboys 11-10.

Tonight, the Lions will meet McNutt's and the Fireboys and Proctors meet in the nightcap. The schedule for the remainder of the first round of two is as follows:

Tuesday, June 27; V. F. W. vs Farmalls, Lions vs Proctors.

Thursday, June 29; Farmalls vs McNutt's, V. F. W. vs Fireboys.

Tuesday, July 4; Farmalls vs Lions, Proctor's vs V. F. W.

Thursday, July 6; McNutt's vs Fireboys.

The standings thus far are as follows:

Team	P	W	L	Pct.
Lions	2	2	0	1.000
Proctors	2	2	0	1.000
Farmalls	2	1	1	.500
V. F. W.	2	1	1	.500
McNutt's	2	0	2	.000
Fireboys	2	0	2	.000

Melody Boys' Quartet To Be Presented

The Hiway Home Demonstration Club will present the Odie (Pop) Echols, "Melody Boys" quartet in a variety program in the Primary Auditorium on June 30 at 8:30 p. m.

The red headed 'Toby' act will be featured along with popular western and religious songs. The public is cordially invited to attend this program.

Mr. and Mrs. Pat Fletcher and sons are visiting with Mr. and Mrs. Jess Fletcher and Mr. and Mrs. V. Hoover for a few days. They are presently living in Fort Worth.

Pictured above are five of the top performers to be seen at Koonie Park Thursday and Friday June 28 - 29 at the All Girl Rodeo. Left to right are Nancy Binford of Wildorado; Jackie Worthington of Jackboro; Dude Barton of Floreat; Judy Hays of Spur and Roxie Hart of San Angelo.

Kent-Dickens Road Under Construction

The Spur Chamber of Commerce announced this week that work has begun on the farm road leading south into Kent county to serve the potential oil field in that section.

The Highway committee of the Chamber started the new project Tuesday and it is hoped that it will not be long until traffic will be moving over the new road. Two crossings are being made across the Salt Fork of the Brazos River. These crossings are the Wood Crossing and the Senn Crossing leading into Dickens County.

Road signs are being staked along the road to enable travelers to have a short and direct into Spur. This road has long been a desire of the oil personnel and the people in the northern section of Kent County.

"We are anxious to serve these people and to promote their good will and it is hoped that this road will be a solution to their transportation problems into our City. We express our appreciation to Mr. Horace Wood and to the members of the committee who have worked so hard on our highway committee," states Chamber of Commerce manager Leon Huff.

Top Money Won By Area Cowboys At Kent County Annual Rodeo

Area cowboys roped for some of the highest cash prizes ever to be given in West Texas in amateur rodeos last week in the Kent County Fourth Annual Amateur Rodeo held at the Davis grounds in Clairmont.

Saturday night, the climax of the four-day event, saw the largest crowd ever to assemble in the Kent County rodeo arena. An estimated 1500 jammed the park to watch the best cowboys of this area vie for top money. An estimated 1000 attended each of the other performances.

H. W. Davis and son, Manuel, of Clairmont, are promoters of the show, furnishing the stock and the arena.

In the calf roping event in the first go-around, Gerald Fincher took top money of \$56.00. Others to place were Theoford Fry for \$42.00, Ellis Fry for \$28.00 and Bob Byrd for \$14.00.

Fred Dalby won the first go-round Ribbon Roping top money of \$90.00. Jimmy Byrd took \$67.50, Charlie Joe Thims, \$45.00, and Luther Marr, \$22.50.

Old timers roping in the first round was won by Bill Rucker. Dick Sampson was second and Roy Fuller was third.

In the reining horse contest, J. R. Rogers won first place in both go-rounds. Piaz Hart won second place in both go-rounds, and his wife, Doris won third in the first go-round. Tennie Kennedy won third in the second go-round.

In the second go-round, Manuel Davis won first in calf roping with a time of 16.1. Morris Rankin, with 16.7 took \$29.00. Sammy Baugh and Jimmy Byrd tied for fourth with 16.8.

In the Ribbon Roping second go-round, Odell Blackwell won, top money for the four-day stand of \$102.00 with a time of 10.5. Buck Thompson was second with 11.3 for \$76.50. Billy Wallace won \$51.00 for a third-place time of 12.1. Rube Smith was fourth with 12.7 for \$25.50.

In the second go-round Old Timers roping, Dick Sampson was first with 26.6. D. W. Rogers was second with 31.0 and Hal Burrows was third with 34.5.

C. of C., City Commission Discuss Extension Of Spur City Limits

Methodist Pastor Is Elected To 'Who's Who In Methodism'

Rev. Cal C. Wright, pastor of the First Methodist Church, has been elected a member of "Who's Who In Methodism", in the National Association of Historical Societies, and the International Historical Society.

Mr. Wright has served as missionary pastor, as pastor of circuits, pastor of some of the larger churches in west Texas, as district superintendent on the Vernon District, and the Abilene District. He was secretary-editor for the Northwest Texas Conference, from 1929 to 1943, was co-author of the Texas Methodist Centennial Year Book, published

PROPOSED PROGRAM WOULD PLACE TOWN'S POPULATION OVER 3 8 0 0

The City Commission, Mayor Ned Hogan, and the Civic Improvement and City Development Committee of the Spur Chamber of Commerce met together Tuesday night, June 20, to discuss future improvements in Spur. The main topic of discussion was the extension of the present City limits.

According to manager L. M. Huff, the Chamber of Commerce is extremely interested in securing a larger population for Spur. The present population, according to unofficial figures from the Bureau of the Census, shows Spur to have a population of 2173.

In 1936, was a delegate to the Jurisdictional Conference in 1940, and again in 1944.

He organized the second Boy Scout troop in the Panhandle of Texas, and served as scout master. He is a member of the Northwest Texas Historical Society, a member of the Board of Ministerial Training and Qualifications and served for a number of years as chairman of the Board of Minimum Salary payments for ministers.

The outlying population of the city is approximately 1684. This, according to officials, means that if the city limits can be extended to take in the heavily populated areas adjoining Spur, the population would be 3857.

Chamber of Commerce officials state that this figure is extremely important to future development of Spur. "If we are to expect new businesses, new residential development and more industry, we must show that we are a progressive city," states Huff.

"Also," adds Huff, "A City cannot grow if it does not expand, therefore we must all work together and show an interest in the future possibilities of Spur. Many of us have a negative attitude regarding the extension of our present city limits; if we would only take time to study the situation, we would see that Spur has only gained about 40 persons in the last 10 years within our present City limits."

To new businesses which might be interested in locating in Spur, this shows that Spur is not a progressive city and that Spur would not be a suitable location for a new business.

Plans are being made to incorporate several new additions and the Chamber of Commerce needs the support and cooperation of each and every citizen. Spur is one of a very few cities which did not extend its boundaries prior to the 1950 census. Spur can show a substantial gain in population along with other cities only by extending its city limits.

Spurettes "B"

Take Cardinals 12-9

Duck Creek Soil Conservation District News Notes

O. M. McGinty, Chairman
Giles McCrary
J. B. Montgomery, Secretary
Clar' Forbis, Chas. Witt

Duck Creek Soil Conservation District supervisors have recently approved soil and water conservation plans for the farms and ranches of James R. Grise, Pete Hext, Guy Goe and E. M. Jones. Technicians of the Soil Conservation Service who assist the district, aided the landowners in planning the steps to take in establishing a conservation system of farming on their individual places.

Supervisors have also approved applications for assistance in conservation work for George B. Erath, H. D. Wade, J. L. Garner and Lewis P. Hale.

Cooperator Noel Shaw was glad to have rye and vetch growing on some of his terraces this spring when heavy rain fell on his farm in Highway Community. Shaw said, "Extra water came down the road ditch and into my field which filled up my terraces. The top two terraces spilled over but I had rye and vetch growing on

cutting them out." Shaw is planning to make the planting of cover crops on his terraces a regular practice each year.

R. R. Wooten has completed approximately 1.5 miles of new level terraces on his farm near McAdoo. The terraces were constructed with an elevating grader machine. Also near McAdoo, Harold Hardy has built 1.3 miles of new earthen on his farm.

O. L. Mayer, who ranches near Jayton has a 3500 yard bank staked and is ready to begin construction on the earth dam. Mayer is building the tank to provide a watering place in one of the pastures and at the same time check erosion.

A trial planting of Guar has come up to a good stand on Fred Haille's farm at Elton. Guar is a summer legume that is being tried in the district as a soil builder. Haille has 10 acres of the new legume.

Services Held For James E. Jackson

Funeral services were held for James Edward Jackson, Friday June 16 at 3 p. m. at the Jayton Baptist Church. Rev. Lee Vaughn officiated the services.

Mr. Jackson was born in Henderson County Sept. 17, 1879. He married Jennie May Calvert in 1901 and moved to Jayton in 1913. He was a member of the Methodist Church having been converted early in life.

Pallbearers were R. G. Goodall, Bill Harrison, G. L. Hamilton, Glenn Spradling, Frank Long and G. C. Olliff.

He is survived by his wife, one son, Clyde of Jayton and one daughter, Mrs. Golden Long of Girard. Chandler Funeral Chapel had charge of all arrangements. Interment was in the Jayton Cemetery.

Mr. and Mrs. Alfred Walker returned to Spur Sunday after visiting with Mrs. Walker's parents in Hasckell over the weekend.

Patty Jo and Don Patrick returned to Spur recently after visiting with their grandparents in Lamesa.

Mr. and Mrs. Layton Webb of Roby spent the past weekend visiting their parents Mr. and Mrs. Elmer Stuart of Spur. They returned to Roby Sunday afternoon.

6,500 Attend Rotary Convention In Detroit, Mich.

DETROIT, Mich., June 18 — (Special) — With an attendance of over 6,500 Rotarians and members of their families from 60 countries of Europe, Asia, Africa, and North, South and Central America, the 41st Annual Convention of Rotary International convened here today.

Opening the Convention program, the President of Rotary International, Dr. Percy Hodgson of Pawtucket, Rhode Island, declared that the real need of the world today is a great campaign of practical education in the field of international cooperation. Reporting on his travels, covering more than 200,000 miles in 79 countries during the past year, he asserted that in all these countries where there are Rotary Clubs, the people are united in their desire for peace.

Keystone of this five-day gathering of business and professional executives, who represent 7,100 Rotary Clubs in 83 countries, will be the internationality of the Rotary organization. Throughout the Convention program, emphasis will be given to the opportunities which Rotarians have, in all parts of the world, to work for the achievement of one of the principal goals of Rotary International—the advancement of international understanding, good will and peace.

The Rotary Convention program includes addresses by outstanding speakers, discussion forums, the enactment of legislation, election of officers and special entertainment features. Rotarians will also meet by vocational groups to study the common problems of their various businesses and professions throughout the world.

Among the speakers scheduled to address the Rotary Convention of the Philippines, President of the United Nations General As-

sembly, U.S.A. Attorney General J. Howard McGrath; W. Walter Williams, Chairman of the Committee for Economic Development; and Edgar A. Guest, famed Detroit poet. Convention addresses will also be made by Rotarians from Canada, Honduras, India, New Zealand, Norway and the U.S.A.

One of the highlights of the Convention program will be a forum discussion participated in by four of the 195 outstanding graduate students from all parts of the world who have received one-year Fellowships from Rotary International for study, as ambassadors of good will, in a country other than their own. Grants for these Rotary Fellowships over a four-year period total nearly half a million. The speaker will be a student from Brazil studying at Ohio State University, a student from Denmark studying at the University of Wisconsin, a student from England studying at Princeton University, and a student from Switzerland studying at Stanford University.

Rotary International's President, Dr. Percy Hodgson, announced today that during the past 11 months, 268 new Rotary Clubs have been organized in 36 countries, bringing the membership of this world-wide service club organization to an all-time high of 340,500 business and professional executives who are members of some 7,100 Rotary Clubs in 83 countries.

New Cotton Bill To Reduce Texas Cotton Acreage

Representative George Mahon has reported to the local PMA office that the House Committee on

agriculture is seriously considering the approval of a bill by Congressman Pace of Georgia which would, among other things, drastically reduce cotton acreage allotments in West Texas next year. Mahon states that he has been advised by officials of the Department of Agriculture that under the proposal by Mr. Pace the 19th Congressional District would sus-

tain a loss next year of 355,000 acres of cotton. These acres would go principally to Central and South Texas.

Mahon has appealed to PMA officials in Washington and College Station to seek to be of assistance in preventing this drastic reshuffling of the cotton acreage allotments for Texas. He also, appeared last week before members of the House Committee on Agriculture to protest the proposed action, and he states that he will continue to do everything in his power in behalf of the cotton producers of West Texas.

The 25-county 19th Congressional District received an allotment this year in excess of 2,300,000 acres of cotton which is more than one-third of the allotment received by the entire state of Texas. Mr. Pace insists that the acreage

this year for the 19th District was too high by about 355,000 acres. Mahon pointed out that allotments this year were based on 1947 and 1949 plantings and that West Texas received a greater allotment because of heavy plantings in 1947 and 1948, and that other sections of the State would have larger allotments had they chosen to plant greater acreages of cotton in 1947 and 1948.

The outcome of the pending proposal is uncertain but Mahon pointed out that the threat of drastic reduction in West Texas in 1951 is a serious one.

Survey Reveals Business Taxes Fall On Public

The influence of taxes on the American family will be uppermost in the minds of members of Congress for the next few weeks. They are seeking the answer to this \$64-question:

How can they satisfy increasing public demand for tax reduction and at the same time find other taxes to offset such a reduction? Their problem is made doubly hard by the fact that Uncle Sam wants to spend \$5 1/2 billion above his income next year.

The Council of State Chambers of Commerce today pointed up the problem in a special study by its Washington research staff. It found that the \$40 1/2 billion in all taxes collected by the Federal Government last year came from these sources: 44 1/2 per cent from personal income taxes, 28 1/2 per cent from corporation income taxes, 6 per cent from social security taxes and the balance of 21 per cent from a great variety of excise and miscellaneous taxes. A tax study issued this month by the Brookings Institution, an impartial research organization, revealed that three fifths of all manufacturing corporations take the corporate income tax into account in determining the prices of their products. This means that the consumer pays a large part of corporation taxes too.

Ernest Breech, executive vice president of the Ford Motor Co., in reply to a question whether the price of cars would go down if his company's taxes were cut, said:

"Certainly it would cut prices. In the long run, every corporation must price its products so as to make a reasonable return after taxes in order to survive and grow. In the final analysis, income taxes are just as much a cost of doing business as payroll."

A group of Congressmen, doing some rough figuring on their own recently, concluded that a family of three persons with an income of \$3,000 pays \$201.60 of that income in corporation income taxes which are included in the prices of the things they buy. A family of four with an income of \$5,000 pays \$316.80, and the same sized family with an income of \$7,500 pays \$414.

Notice

To the voters of Dickens County I'm taking this means to let you people know why I'm not going to be able to convass the county. I do not have the money and my time belongs to the people in Precinct 3. As you know I'm constable here and I promised to work and if you people hire me as Sheriff, Tax Collector and Assessor I will continue to work for you. You people are going to hear of the thugs and bootleggers fighting me, well that is fine as I am fighting them. I do not want a one of them to vote for me because I don't want the job with any strings attached to it. So if you people will hire me under those conditions I promise to make you a hand 24 hours a day regardless of what the county officers do about their jobs.

Vows Read By Candlelight In McAdoo Baptist Church

Miss Elna Jean Eldridge and Eldon L. Williams were married Sunday, June 17 at 8:30 o'clock in the First Baptist Church of McAdoo. Rev. R. G. McLeod pastor, officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. B. F. Eldridge and the groom is the son of Mr. and Mrs. O. V. Williams of McAdoo.

Baskets of white gladioli, palms and greenery decorated the candle lit altar.

Mrs. Malcolm Edwards played the wedding music and accompanied Mr. Edwards as he sang, "Because" and "Day of Love".

The bride who was given in marriage by her father wore a white embroidered nylon sheer over taffeta, fitted with a Peter Pan collar, fitted inset at the waist and a full skirt. Her finger tip veil of illusion was attached to a nylon poke bonnet and she wore nylon gauntlets and carried a white Bible topped with a white gladioli.

She showered with stephanotis and satin ribbon. The bride chose her grandmother's wedding ring as "something old."

Mrs. Denzil McMillan of Lubbock was matron of honor and Mrs. Elmer H. Owens of Tahoka, bridesmatron wore blue embroidered organdy frocks designed like the bridal dress, small poke bonnets of organdy and net with shoulder length veils and carried bouquets of pink carnations.

A reception was held immediately following the ceremony in the home of the bride's parents. The table was laid with a lace cloth decorated with pink carnations and fern. The wedding cake was in the shape of an open Bible, decorated with pink roses and an inscription from the wedding vows.

Misses Nedra Collings of Duma, Bobby Fox and Neva Jo Phifer of McAdoo assisted in receiving. Following a trip to points in New Mexico the couple will be at home at McAdoo. The bride wore a blue sharkskin summer suit with navy and white and white accessories and a white gladioli corsage for travel.

The bride was a graduate from Texas Technological college in January, where she was a member of Phi Gamma No. Mr. Williams, also a Tech student, is engaged in farming.

Mrs. C. P. Scudder Feted At Surprise House-Warming

A surprise house-warming was given by the ladies of the First Baptist WMS honoring Mrs. C. P. Scudder, Monday evening, June 19, at her home on East Hill Street.

Mrs. Scudder was presented with a floor lamp as the house-warming gift from the group.

The dining table was laid with a lace cloth with a garden bouquet as the centerpiece. Also adorning the serving table was a crystal punch service. Refreshments of fruit punch and cookies were served to the guests by Mesdames Elmer Hagins and Franklin Patrick.

Attending the house-warming were Mesdames Bud Harris, W. S. Patrick, L. W. Langston, E. E. Caudle, Bill Powell, Franklin Patrick, N. C. Moffett, Logan Singleton, W. B. Steele, Cal Martin, George Gabriel, Hattie Turvan, Melvin Rathel, Elmer Hagins, Grady Lackey, Joe Long, Jerry Ensey, E. L. Smith, O. R. Cloude and the honoree, Mrs. C. P. Scudder.

Joe Simpson who is playing baseball with the Paducah Ball Club in Paducah is visiting with his parents Mr. and Mrs. J. E. Simpson for the weekend.

Pfc. Alvin Causey Stationed In Stuttgart, Germany

Stuttgart, Germany, June 22—Pfc. Alvin E. Causey of Spur, Texas is doing a good job as general clerk in the Quartermaster section of U. S. Constabulary Headquarters here and, if he decides to make the Army a career, he has a steady berth here, his superiors say. He does not intend to follow a service career, according to present plans. Causey is the son of Mr. and Mrs. Mrs. W. G. Causey of Spur and graduated from Spur High School in 1948. He enlisted for occupation duty in Germany with the Constabulary at Lubbock, Texas, Dec 31, 1948. After receiving basic training at Camp Chaffey, Ark., he went to Camp Kilmer N. J. and arrived at Constabulary Headquarters June 5, 1949. He spent his first anniversary in

Germany with his job at the Quartermaster section, postponing the real celebration until the next day when the European services took a full holiday honoring the anniversary of D-Day and the invasion of Europe over the Normandy Beaches. Then he went hunting.

The Texas Trooper likes to hunt and fish, a heritage of his life back home. He has shot the small European Roebuck deer that weighs only about 50 pounds and the big hares, of "Hasenpfeffer" fame that sometimes weigh up to 15 pounds. They look a lot like Texas Jack Rabbits, he claims, but can't run as fast nor fight nearly as good. "Almost any old coyote could lick one of these big over-grown Hasens", he explains.

Fishing over here is quite a bit different than back home, he says. The principal game fish are trout, both Rainbow and German Brown. There are no perch, bluegills, bass or catfish and if a man can't catch trout, there's nothing left but carp or "no good" fish.

Opening Day of State Fair of Texas Announced As Official Press Day

Opening day of the 1950 State Fair of Texas, Oct. 7, has been adopted by the Texas Press Association in convention at Fort Worth as official Press Day.

The State Fair traditionally honors newspaper and radio men and women, on the first day of the giant exposition. More than 2,000 members of the Fourth Estate are expected to attend this year.

An expanded program of activities has been planned by the State Fair for Press and Radio Day this year, Charles Yeager, public relations director of the Fair, told the TPA convention.

The press and radio visitors will be guests of the State Fair at "South Pacific" Pulitzer Prize musical show in the Auditorium,

and Ice Cycles of 1951, spectacular carnival of skating thrills.

They also will be invited to see Austin College and East Texas State College clash in a night football game in the Cotton Bowl.

They will view all shows on the Midway and many other attractions to be featured at the 1950 State Fair, Yeager said.

The State Fair also will be host at a mammoth fried chicken picnic lunch for the press and radio people.

"Support by the press and radio of Texas continues to be the backbone of the State Fair's tremendous success," Yeager pointed out.

"With your support, the Fair is able to continue making many worthwhile contributions to the

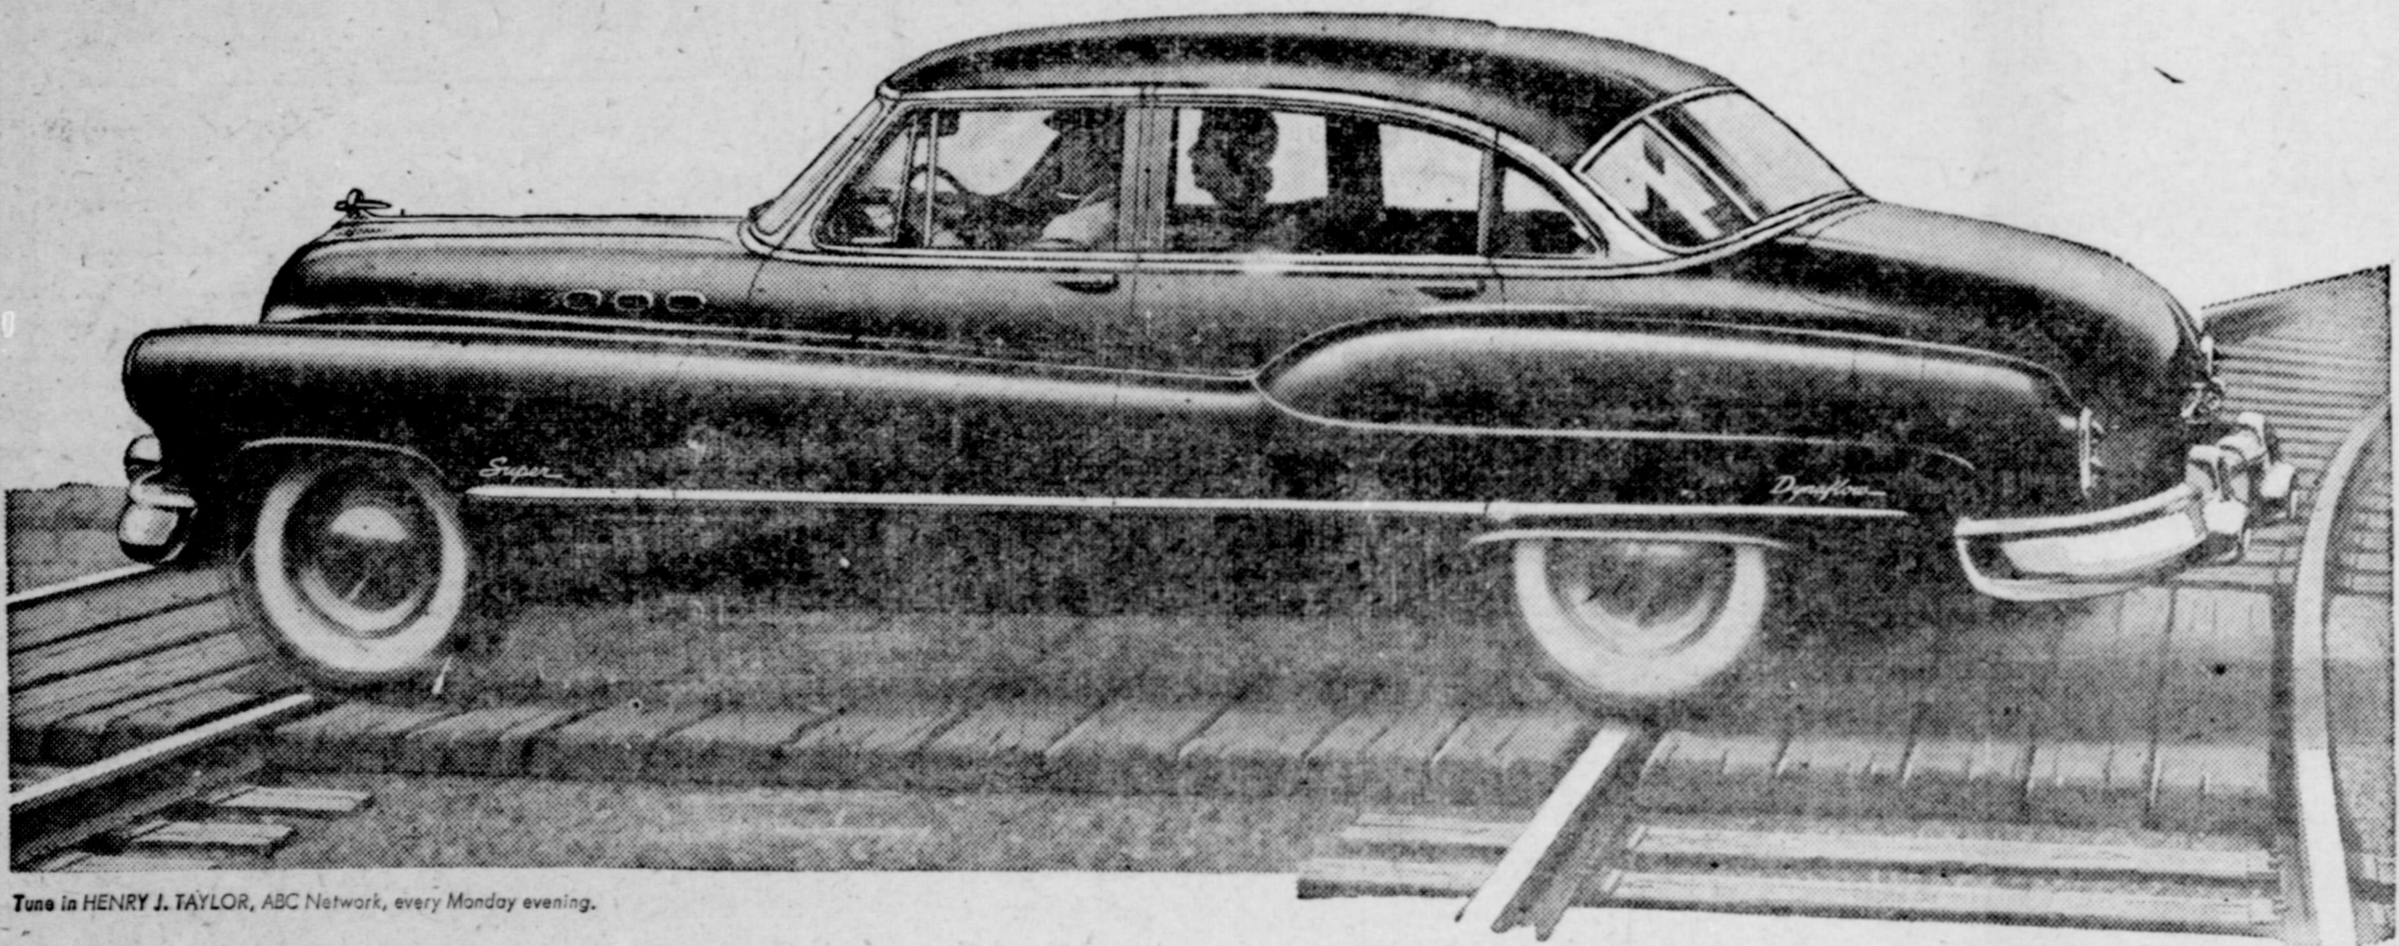

business and industry in the Southwest.

"The officers and directors of the State Fair of Texas again wish to express their appreciation to members of the Texas Press Association for their cooperation."

The 1950 State Fair will be a gigantic Mid-Century Exposition which will salute the first 50 years of the 20th century and offer a preview of the second half-century, Yeager declared.

All shows and exhibits will tie in with the Mid-Century theme, and plans indicate the 1950 Fair will be the greatest spectacle ever presented in the Southwest, he said.

Among attractions will be the All-American Jersey Show, world's biggest cattle breed show, and a Super Science Show, featuring atomic energy exhibits direct from Oak Ridge, Tenn., birthplace of the atom bomb.

Taken in HENRY J. TAYLOR, ABC Network, every Monday evening.

X Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.

But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your

travels. It's only one kind of discomfort your Buick's built to master.

For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration.

They can have the special added smoothness of Dynaflo Drive.*

*Standard on ROADMASTER, optional at extra cost on Super and SPECIAL models.

Only BUICK has Dynaflo—and with it goes:

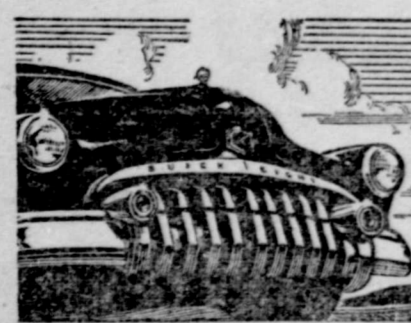

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

cushioning power-thrust in spinning oil.

So rough spots seem to level out at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless.

So how about it?

Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Texas Voters Concerned Highly Over Communist Infiltration in Washington

AUSTIN, Texas, June 17—The concern of Texas voters over communist infiltration in Washington continues at a high level. And there is evidence to indicate that many Texans are following the Republican line that blames President Truman for not cleaning house.

A statewide survey by The Texas Poll shows:

1. Voter opinion as to the number of communists among federal job-holders is about the same today as it was in November 1948

after the sensational Alger Hiss case had been developed by the House Un-American Activities Committee.

2. Voters who have been most impressed by the communist danger are the least likely to think President should run for re-election. Consciously or sub-consciously, they seem to be accepting Republican charges that the President is too lax in his treatment of this matter.

Twice in the past year and a half The Texas Poll has put this

question to a cross section of voters in all parts of the state: "Among the people who have jobs in the federal government in Washington, do you think there are many communists, some, or no communists at all?"

	Nov. 1948	May 1950
Many	17%	15%
Some	64	64
None at all	2	3
Don't know	17	18

100% 100%

Voters who have attended college are more likely to believe that communists have infiltrated the government than are voters with less schooling. The table below

show how many of the voters who attended college, those who went to high school, and those who went no further than grade school believe there are at least some communists among federal employees:

	Nov. 1948	May 1950
College educated voters	94%	88%
Voters who went to high school	84	81
Voters who went no further than grade school	63	67

Percentages in this table include voters who answered "many communists" as well as those who said there are "some communists" among federal employees.

Before asking the question about communists in the May survey,

interviewers for The Texas Poll queried voters whether or not they thought President Truman should run for re-election. A cross-analysis of the two questions shows that those most concerned about communist infiltration are the least likely to favor the President's re-election.

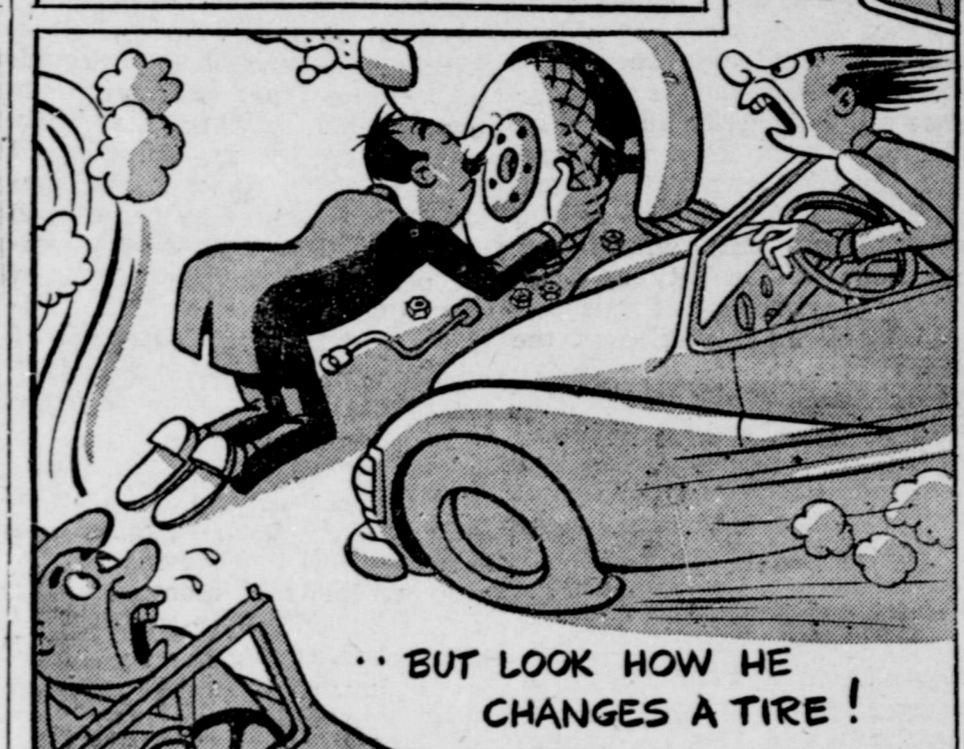

This is indicated by the table below, which shows the percentages among the various groups of voters who want Truman to run again:

Want Truman To Run	24%
Voters who think there are "many communists" among federal employees	41
Voters who think there are "some communists" among federal employees	76
Voters who say they "don't know" how many communists are among federal employees	34

HEALTH NOTES

AUSTIN, June 22—Death rates from diabetes is three times as high in diabetes whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer Geo W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one who was found that the death rate is much greater when the condition is discovered late."

"Public education makes for lower diabetes death rates and public education in such matters is a health department job."

Dr. Cox told this story about diabetes: "It used to be that many diabetic patients sought treatment only after having developed serious complications. A considerable number of all diabetics examined at autopsy showed active pulmonary tuberculosis."

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus even after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

"Diabetes mellitus" — called sugar diabetes by some people — is a condition in which the body cannot properly process the sugar it needs. The result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin injections will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 polio deaths."

"It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

Kenneth Carlisle spent the past weekend visiting his parents Mr. and Mrs. W. E. Ball. Roy Lee is presently attending Hardin Simmons University at Abilene.

Ronnie Hunt of Levelland is visiting his aunt and uncle Mr. and Mrs. Dee Hairgrove for a few weeks.

For Safe Keeping A House Appropriations Committee study disclosed that in one year the Federal Bureau of Internal Revenue printed 500 million tax forms and 115 million instruction sheets to supply 47 million taxpayers. Hundreds of millions of such forms, long out-dated and no longer useful were found stored in a leased building.

LEGAL NOTICE

An ordinance adopted for the preservation of the health, sanitation and safety of the public and providing for the collection, removal and disposal of garbage, trash and rubbish within the city of Spur, Texas; defining terms; requiring all owners, occupants, tenants or lessees of residences, churches, schools, lodges and commercial, industrial business or other building within the city to provide containers and receptacles with covers for garbage and trash; specifying that containers and receptacles be placed at convenient locations where they may be emptied and the contents removed at regular intervals; prohibiting any one except agents or employees of the city of Spur from emptying containers or receptacles or transporting the contents thereof on the streets and public thoroughfares without a permit from the city commission; prescribing regulations for the securing of permits; fixing schedules of reasonable charges to be made against owners, occupants, tenants and lessees of buildings and premises receiving the service; requiring the health officer to make periodic inspections of buildings, premises and all places where garbage, trash and rubbish may accumulate and enforce and administer the provisions of the ordinance; providing a saving clause in the event any part of the ordinance should be declared unconstitutional; fixing a penalty for the violation thereof; repealing all ordinances in conflict herewith; providing an effective date; and declaring an emergency.

Be it ordained by the board of commissioners of the City of Spur, Dickens County, Texas:

SECTION 1. The accumulation of waste, refuse, trash and other deleterious substances on the premises of private residences, commercial institutions and in streets and alleys constitutes a public menace and nuisance and greatly increases the danger of the spread of infectious, contagious and epidemic diseases, and it is imperative and urgent for the preservation of health, safety, sanitation, peace and public welfare that proper and adequate regulations be adopted to require property owners, tenants, occupants or lessees to secure containers and receptacles of sufficient size and material in which to deposit garbage and trash for collection and removal at regular intervals.

SECTION 2. The term "garbage" as used in this ordinance shall be held to mean all animal or vegetable matter, such as waste material and refuse from kitchens, residences, grocery stores, butcher shops, restaurants, cafes, hotels, rooming and boarding houses, and other deleterious substances.

The term "trash" as used in this ordinance shall mean rubbish, such as feathers, coffee grounds, ashes, tin cans, paper boxes, glass, grass, shrubs, yard cleanings, grass clippings, leaves, and tree trimmings.

SECTION 3. That every owner, occupant, tenant or lessee using or occupying any building, house or structure within the corporate limits of the city of Spur, Texas for residences, churches, schools, lodges, commercial, business and other purposes shall provide and maintain garbage cans and receptacles of sufficient number and size as hereinafter specified, to hold the garbage and trash that will normally accumulate on the premises.

SECTION 4. That each of said owners, occupants, tenants, or lessees shall provide a container or containers for garbage of not less than ten (10) nor more than thirty (30) gallons capacity, constructed of some substantial material, with a tight-fitting lid or cover and with handles sufficiently strong for workmen to empty conveniently.

SECTION 5. Every owner, occupant, tenant, or lessee shall, in addition to providing the garbage can or cans as hereinabove set forth, provide and maintain a suitable receptacle or receptacles for trash of not less than ten (10) nor more than fifty-five (55) gallons capacity, constructed of some substantial material with a tight fitting lid or cover.

SECTION 6. No one except the duly authorized agents and employees of the City of Spur shall empty garbage cans or trash receptacles or convey or transport garbage or trash on the streets, alleys and public thoroughfares of said City without a written permit granted and issued by the City Council.

SECTION 7. The lids or covers of all containers shall at all times be kept secure and fastened so that flies and other insects may not have access to the contents thereof, and said lids or covers shall only be removed while the said containers and receptacles are being filled or emptied as the case may be.

SECTION 8. If the house, building or premises from which the garbage is to be collected and removed is adjacent to an alley, the owner, occupant, tenant or lessee of said premises is required to keep the garbage can at a convenient point just outside of the property line in the alley in order that it may be readily accessible to the one collecting and removing the garbage. In the event it is not practicable to collect and remove the garbage from the alley, the owner, occupant, tenant or lessee of the premises shall place the can at such point as the agent of the City shall find and designate to be the most accessible for collecting and removing.

The receptacle for trash shall be located and placed in like manner to that for the garbage can above-mentioned. In the event trash is of such nature that it cannot be put in the receptacle, it shall be

carefully placed in bundles under fifty (50) pounds so it can be removed conveniently, and tree limbs, trunks and hedge cuttings shall not exceed five (5) feet in length.

SECTION 9. The collection and removal of garbage and trash from houses, buildings and premises used for residential purposes shall be made at least once weekly. Fair and reasonable charges for this residential service shall be and are shown in terms of dollars and cents for a period of one calendar month for the following classes of residences:

Single Family Residence—\$0.50
Duplex Apartment—1.00 (\$0.50 per Apt.)
Garage Apartment—0.50
Group Housing, two or more houses on same meter—0.50 (Each House)
Multi-Family Apartments—0.50 (Each Apartment)

SECTION 10. The collection and removal of garbage and trash from houses, buildings and premises used for commercial and business purposes shall be divided into two classes. Class I shall embrace all commercial business institutions which have their garbage and trash removed six days each week. This service is now being offered only within the Fire Zone of the City of Spur, Texas. The offering of this service in any other section of the City of Spur is optional with the City of Spur. Class II shall embrace all commercial and business institutions which have their garbage and trash removed once weekly. Fair and reasonable charges for this commercial and business service shall be as follows for one calendar month:

Type Commercial or Business Establishment—Floor Space Allowances
Grocery Stores, Food Markets, etc.

Class I Class II
Less than 1500 Sq. Ft. \$2.00 \$1.00
1500 Sq. Ft. to 3000 Sq. Ft. 3.00 1.50

4500 Sq. Ft. to 6000 Sq. Ft. 5.00 2.50
6000 Sq. Ft. to 7500 Sq. Ft. 6.00 3.00

For each additional 1500 Sq. Ft. or fraction thereof, an additional charge of \$1.00 per month will be made for Class I service.

Drug Stores, Pharmacies, Cafes, 3000 Sq. Ft. to 4500 Sq. Ft. \$2.00 \$1.00
Less than 3000 Sq. Ft. 3.00 1.50
3000 Sq. Ft. to 4500 Sq. Ft. 4.00 2.00
4500 Sq. Ft. to 6000 Sq. Ft. 5.00 2.50
6000 Sq. Ft. to 7500 Sq. Ft. 6.00 3.00

For each additional 1500 Sq. Ft. or fraction thereof, an additional charge of \$1.00 per month will be made for Class I service.

Dry Goods Stores, Men's and Women's Clothing, Variety, and similar stores:
Less than 3000 Sq. Ft. \$1.50 \$1.00
3000 Sq. Ft. to 4500 Sq. Ft. 2.25 1.50
4500 Sq. Ft. to 6000 Sq. Ft. 3.00 2.00

For each additional 1500 Sq. Ft. or fraction thereof, an additional charge of \$0.75 per month will be made for Class I Service.

Other Business:
Less than 3000 Sq. Ft. \$1.00 \$1.00
3000 Sq. Ft. to 6000 Sq. Ft. 2.00 1.00

For each additional 3000 Sq. Ft. or fraction thereof, an additional charge of \$1.00 per month will be made for Class I Service.

Offices (Real Estate, Insurance, Law, etc.), Lodges, Clubs, etc. \$0.50 \$0.50

SECTION 11. The fair and reasonable rates for collecting and removing garbage and trash from churches, schools and similar public buildings shall be fifty cents (50c) per month, where such collection and removal is not required in excess of once each week, with the amount increasing proportionately as the periodic determined proportionately determined.

SECTION 12. The minimum service to be rendered in the various classes herein specified shall be once each week and the maximum six times each week. Charges for minimum service shall be pending upon the rates and classifications as hereinbefore provided, except that no minimum charge shall be less than fifty cents (50c) per month. Should any place of business not be specifically designated by name, such omission will not relieve the owner, occupant tenant or lessee of the binding effect of this ordinance, but the same charge shall be made as that entered against a business of a like or similar nature.

SECTION 13. The Water and Sewer Department of the City of Spur, shall be required to include the fees for the service herein provided on the monthly water and sewer bill. For convenience in billing, this charge shall be added to the Sewer Charge and the combined charge will be shown on the monthly bill as the Garbage & Trash, And Sewer Charge. At periodic intervals, the City Secretary will make an estimate of the proportionate amount collected for Garbage and Trash from the whole bill and will cause said amount to be transferred from the Sewer Fund to the Street and Public Improvement Fund.

SECTION 14. For failure to pay the above charges, disconnection of water service is authorized.

SECTION 15. Every occupant, tenant or lessee of a house or building used for residential, business or commercial purposes is required to maintain constant supervision and surveillance over the garbage can or trash receptacle on his premises, and if either the garbage can or trash receptacle should not be emptied and the contents removed by an agent or representative of the City of Spur, or other duly authorized person, for a period of one week, he must notify the Health Officer through the office of the City Secretary, in writing, of this fact within one week.

SECTION 16. All garbage or trash that is mixed with water or other liquids shall be drained before being put in the can or receptacle.

All animal matter that is subject to decomposition shall be well wrapped in paper or other combustible material before being deposited in container or receptacle.

SECTION 17. It is hereby made the duty of the Health Officer to make inspection trips at regular intervals to determine whether or not garbage, trash, and rubbish is being properly collected, removed and disposed of as required by the provisions of this ordinance, and in the event it is found that the ordinance is being violated, appropriate and timely action shall be taken to insure a full compliance with its said provisions.

SECTION 18. Should any part, section, subsection, paragraph, sentence, clause or phrase contained in this ordinance be held unconstitutional, such hold shall not affect the validity of the remaining portion of the ordinance, but in all respects shall remain in full force and effect and the Board of Commissioners hereby declares that it would not have passed the unconstitutional part had it known it was invalid and that it would have passed the re-

maining part that is not invalid.

SECTION 19. This ordinance shall be held and construed to be cumulative of all other ordinances affecting the health, safety, peace and sanitation of the public in the City of Spur except in those instances where the provisions of this ordinance are in conflict with the provisions of ordinances heretofore passed, and all ordinances or parts of ordinances in conflict with the provisions of this ordinance are expressly repealed.

SECTION 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not to exceed One Hundred Dollars (\$100.00), and each offense and each day's continuance of failure to comply with the ordinance shall constitute a separate and distinct offense.

SECTION 21. The fact that the health and safety of the public are being jeopardized and vitally affected daily by the accumulation of garbage, trash and rubbish in and on the premises of residences and on the premises of business, commercial and industrial enterprises, and on streets, thoroughfares and public places of the City of Spur, that such accumulation creates a danger of the spread of infectious, contagious and epidemic diseases, and that the present ordinances and regulations are insufficient to afford adequate protection against the menace, there is an urgent public need in the preservation of the health and safety of the people, and an emergency is created, and imperative public necessity, that this ordinance be passed and that it become effective and in full force and effect immediately after its passage and publication as provided by the General Laws of the State of Texas, and it is so ordained.

Passed and Approved this the

Twentieth Day of June 1950.

Chamber of Commerce Doings PLEA MADE FOR RENTAL ACCOMODATIONS; SITUATION ACUTE

By L. M. Huff, Manager
The Chamber of Commerce would like to notify all persons interested in renting rooms, apartments or houses to list their accommodations in our office by phoning the Chamber of Commerce Office, 488.
We have had many calls from the companies who are coming into our City for places to live. We would like to suggest that if you know of an apartment or room or house that is for rent or that will soon be vacant, to please call 488 or drop by the Chamber of Commerce office above the Spur Security Bank and leave your name and phone number.
We would like to fill the needs of these new comers and help them as much as possible, so please notify the Spur Chamber of Commerce if you know of any rental accommodations.

To the personnel of the Schlumberger Well Surveying Corp., we say that it is a pleasure to have you in our City and to welcome you and your families to join hands with our community.
In the next meeting with the City Commission this week, it was decided to place our new street lights all the way to Hill Street instead of just to the Methodist Church as was previously planned. This will give us mercury-vapor lights all the way from the City Light Plant to the traffic light on Hill Street.

Last Rites For Former Resident

Mrs. C. A. Brinell, 76, died at 11:55 a. m. Monday June 17 at the Stamford Hospital. She had been ill since Thursday in serious condition.
Funeral services were held for 4 p. m. Tuesday June 27 at the Central Presbyterian Church of which she was a member. The Rev. J. A. Owen, pastor of the Matthews Memorial Presbyterian Church of Albany, Texas will officiate. Burial will be in the churchyard cemetery at the Ericksdahl Community under the direction of Kinney Funeral Home, Stamford, Texas.
Mrs. Brinell was born, Hannah Dorothy Johnson in Saffo, Sweden February 25, 1872, and came to the United States when she was 19 years old. She lived first in Chicago and was married there on Nov. 6, 1897. The couple came to Copeland, Texas that year and moved to Stamford. After 24 years residence at Spur, where Mr. Brinell passed away Feb. 20, 1936. They moved back to Stamford in 1936.

Survivors include a son Oliver C. Brinell of Stamford and two granddaughters, Dorothy Ann and Margaret of Stamford, a sister, Mrs. Oscar Sterner of Chicago and another sister and two brothers in Sweden.
Palbearers will be W. G. Swenson, Dick Rowland, K. K. Francis, the Walter Bunkley, Charles Markham and L. S. Furrh.

Dickens Ball Club Take Roaring Spring In Game Series

The Dickens Baseball Club took on a Roaring Springs nine in a week-end two game series, beating them 6 to 4 Saturday night and 16 to 1 Sunday afternoon.
In the Saturday night game Claton (Lefty) Noland pitched three-hit balls for Dickens, but several errors by his teammates kept the game tied until the last half of the ninth inning. With two men out and a runner on second, Lloyd Holly, Dickens second baseman, knocked one over the left field fence to win the game 6 to 4. A Barron, and Odell Maldin pitched for Roaring Springs, giving up six hits.
In the second game played Sunday afternoon, Dickens got 25 hits off Lloyd and Odell, merrily durlers for the Roaring Springs, to win easily 16 to 1. Joe King, outstanding Spur High School pitcher of last year pitched the Dickens Club team four hits and collected four at bats for and collected four at bats for himself. Outstanding batsman for Dickens was Foy Jackson, 3rd baseman, who collected five hits out of six trips, including two home runs and a double. The four home runs and a double, Dickens hits given up by King of Dickens were scattered and the one run was scored for Roaring Springs was unearned.

Melody Boys' Quartet To Be Presented

The Hiway Home Demonstration Club will present the Odia (Pop) Echoes, "Melody Boys" quartet in a variety program in the Primary Auditorium on June 30 at 8:30 p. m.
The red headed "Toby" act will be featured along with popular western and religious songs. The public is cordially invited to attend this program.

Schlumberger Corp. Office In Spur

It was announced this week that the Schlumberger Well Surveying Corporation, one of the largest corporations of its kind in the West, will establish a new permanent branch office in Spur.
This organization, known all over the mid-west by the oil industry, will soon start operation in this territory. At present, they are awaiting the completion of their new office location.

Mr. and Mrs. Pat Fletcher and sons are visiting with Mr. and Mrs. Jess Fletcher and Mr. and Mrs. A. V. Hoover for a few days. They are presently living in Fort Worth.

Pictured above are five of the top performers to be seen at Koonie Park Thursday and Friday June 28 - 29 at the All Girl Rodeo. Left to right are Nancy Binford of Wildorado; Jackie Worthington of Jackboro; Dude Barton of Flossmoor; Judy Hays of Spur and Roxie Hart of San Angelo.

Kent-Dickens Road Under Construction

The Spur Chamber of Commerce announced this week that work has begun on the farm road leading south into Kent county to serve the potential oil field in that section.
The Highway committee of the Chamber started the new project Tuesday and it is hoped that it will not be long until traffic will be moving over the new road. Two crossings are being made across the Salt Fork of the Brazos River. These crossings are the Wood Crossing and the Sean Crossing leading into Dickens County.

All Girl Rodeo To Be Held At Koonie Park June 28 - 29

Cowgirls from all over West Texas will meet at Dickens Koonie Park for an all girl rodeo June 28 and 29 with eight performances starting at 8 p. m.
Events to be featured will be calf roping, barrel race, jackpot cow milking, cutting horse contest and exhibition bull riding. All these events will be done by the Cowgirls. There will also be a Men's Jackpot roping contest during the rodeo.
This rodeo is approved by the Girls Rodeo Association of Texas. Announcers for both nights will be Eric Swenson and Rob Simons. The admission will be adults \$1.00 and children 50 cents, tax included.

Services Held For Wm. T. Rinehart

Funeral services were held for Wm. Taylor Rinehart, Monday June 19 at 4 p. m. in the Mission Baptist Church. Rev. Dock Love and J. R. Williams officiated the services.
Mr. Rinehart was born in Jamestown, Alabama Jan. 8, 1891 and married Josie Walker of Spur in 1915. He was a member of the Methodist church, having been converted when he was 16.
Palbearers were Charley Turner, Crson Turner, Waymon Hill, John Murry, R. C. Smith and Granville Walker.
He is survived by his wife, 3 sisters Marge Huckabee, of Hobbs, N. M., Carrie Yarborough, of Comanche, Maggie Deal, Austin, 2 brothers Arnold of Gustine and C. B. of Gustine.
Chandler Funeral Chapel was in charge of all arrangements. Interment was in the Spur cemetery.

Will F. Ezell Of Crosbyton Dies

Will F. Ezell of Crosbyton County district clerk and one of the earliest South Plains pioneers died of a heart attack in his office Monday morning in Crosbyton.
Arrangements for funerals were not complete but were tentatively set for today.
He was born in Fort Worth, he moved to Tennessee in 1883 after his parents died. He came to Crosbyton in May 1889 in a covered wagon and worked as a rancher and farmer before becoming a public official. He was the owner of an abstack company and earlier had served as a surveyor.
Survivors include his wife, four daughters Mrs. Gay E. Smith, Colusa, Calif., Mrs. Boyd W. Hare, Lost Hills, Calif., Mrs. Bryan Ellis, Freeport and Mrs. Dave Cunningham of Lipan; a sister Mrs. C. O. Fowler of Chapel Hill, Tenn. A brother Roy who was former county treasurer died a few months ago.

Spur Jr. Legionaires Lose One, Win One

The Spur Junior American Legion Baseball team bowed to the Littlefield nine last Monday, June 19, on the Spur diamond 6-3.
John Bailey, pitcher for the winners allowed eight hits and struck out seven Spur batters. John L. Koonsman, Spur pitcher, also allowed eight hits and managed to strike out 14 Littlefield batters.
Yesterday, Wednesday, June 21 the Spur boys came back into the winning column by defeating the Slaton team 13-12 at the local diamond. Pitching duties for Spur were assigned to several Spur boys as regular hurler Koonsman was delayed in Dickens until the fifth inning.
The Spur boys collected 15 hits while Slaton managed but for safeties. Bases on balls plagued the inexperienced Spur hurlers.
The next game for Spur will be against Lubbock in Lubbock Monday afternoon. Fans wishing to help carry the team up are asked to contact Manager C. B. Chandler or Coach Guy Karr.
So far, Spur has won three and lost one in the Junior American Legion league.

Bob Byrd also won a special belt buckle for a low time of 36.3 on his two calf-roping calves. Billy Wallace won a Stetson for a low time of 24.6 on his two Ribbon-roping calves.

6,500 Attend Rotary Convention In Detroit, Mich.

DETROIT, Mich., June 18 (Special) — With an attendance of over 6,500 Rotarians and members of their families from 60 countries of Europe, Asia, Africa, and North, South and Central America, the 41st Annual Convention of Rotary International convened here today.
Opening the Convention program, the President of Rotary International, Dr. Percy Hodgson of Pawtucket, Rhode Island, declared that the real need of the world today is a great campaign of practical education in the field of international cooperation. Reporting on his travels, covering more than 200,000 miles in 79 countries during the past year, he asserted that in all these countries where there are Rotary Clubs, the people are united in their desire for peace.
Keystone of this five-day gathering of business and professional executives, who represent 7,100 Rotary Clubs in 83 countries, will be the internationality of the Rotary organization. Throughout the Convention program, emphasis will be given to the opportunities which Rotarians have, in all parts of the world, to work for the achievement of one of the principal goals of Rotary International—the advancement of international understanding, good will and peace.
The Rotary Convention program includes addresses by outstanding speakers, discussion forums, the enactment of legislation, election of officers and special entertainment features. Rotarians will also meet by vocational groups to study the common problems of their various businesses and professions throughout the world.

Duck Creek Soil Conservation District News Notes

Duck Creek Soil Conservation District supervisors have recently approved soil and water conservation plans for the farms and ranches of James R. Grace, Pete Hest, Guy Goen and E. M. Jones. Technicians of the Soil Conservation Service, who assist the district, aided the landowners in planning the steps to take in establishing a conservation system of farming on their individual places.
Supervisors have also approved applications for assistance in conservation work for George B. Erath, H. D. Wade, J. L. Garner and Lewis P. Hale.
Cooperator Noel Shaw was glad to have rye & vetch growing on some of his terraces this spring when heavy rain fell on his farm in Highway Community. Shaw said, "Extra water came down the road ditch and into my field which filled up my terraces. The top two terraces spilled over but I had rye and vetch growing on them."

New Cotton Bill To Reduce Texas Cotton Acreage

Representative George Mahon has reported to the local PMA office that the House Committee on

agriculture is seriously considering the approval of a bill by Congressman Pace of Georgia which would, among other things, drastically reduce cotton acreage allotments in West Texas next year. Mahon states that he has been advised by officials of the Department of Agriculture that under the proposal by Mr. Pace the 19th Congressional District would sus-

tain a loss next year of 355,000 acres of cotton. These acres would go principally to Central and South Texas.

Mahon has appealed to PMA officials in Washington and College Station to seek to be of assistance in preventing this drastic reshuffling of the cotton acreage allotments for Texas. He, also, appeared last week before members of the House Committee on Agriculture to protest the proposed action, and he states that he will continue to do everything in his power in behalf of the cotton producers of West Texas.

The 25-county 19th Congressional District received an allotment this year in excess of 2,300,000 acres of cotton which is more than one-third of the allotment received by the entire state of Texas. Mr. Pace insists that the acreage

this year for the 19th District was too high by about 355,000 acres. Mahon pointed out that allotments this year were based on 1947 and 1948 plantings and that West Texas received a greater allotment because of heavy plantings in 1947 and 1948, and that other sections of the State would have had larger allotments had they chosen to plant greater acreages of cotton in 1947 and 1948.

The outcome of the pending proposal is uncertain but Mahon pointed out that the threat of drastic reduction in West Texas in 1951 is a serious one.

Survey Reveals Business Taxes Fall On Public

The influence of taxes on the American family will be uppermost in the minds of members of Congress for the next few weeks. They are seeking the answer to this \$64-question:

How can they satisfy increasing public demand for tax reduction and at the same time find other taxes to offset such a reduction? Their problem is made doubly hard by the fact that Uncle Sam wants to spend \$5 1/2 billion above his income next year.

The Council of State Chambers of Commerce today pointed up the problem in a special study by its Washington research staff. It found that the \$40 1/2 billion in all taxes collected by the Federal Government last year came from these sources: 44 1/2 per cent from personal income taxes, 28 1/2 per cent from corporation income taxes, 6 per cent from social security taxes and the balance of 21 per cent from a great variety of excise and miscellaneous taxes.

A tax study issued this month by the Brookings Institution, an impartial research organization, revealed that three fifths of all manufacturing corporations take the corporate income tax into account in determining the prices of their products. This means that the consumer pays a large part of corporation taxes too.

Ernest Breuch, executive vice president of the Ford Motor Co., in reply to a question whether the price of cars would go down if his company's taxes were cut, said:

"Certainly it would cut prices. In the long run, every corporation must price its products so as to make a reasonable return after taxes in order to survive and grow. In the final analysis, income taxes are just as much a cost of doing business as payroll."

A group of Congressmen, doing some rough figuring on their own recently, concluded that a family of three persons with an income of \$3,000 pays \$201.60 of that income in corporation income taxes which are included in the prices of the things they buy. A family of four with an income of \$5,000 pays \$316.80, and the same sized family with an income of \$7,500 pays \$414.

Notice

To the voters of Dickens County I'm taking this means to let you people know why I'm not going to be able to convay the county. I do not have the money and my time belongs to the people in Precinct 3. As you know I'm constable here and I promised to work and if you people hire me as Sheriff, Tax Collector and Assessor I will continue to work for you. You people are going to hear of the thugs and bootleggers fighting me, well that is fine as I am fighting them. I do not want a one of them to vote for me because I don't want the job with any strings attached to it. So if you people will hire me under those conditions I promise to make you a hand 24 hours a day regardless of what the county officers do about their jobs.

Tech To Junk Jalopies Soon

LUBBOCK, June 23, 1950—Sixteen over-age autos, ranging from jalopies to fairly respectable models, are creating a campus parking problem at Texas Tech. No one will claim them, and for one reason or another they won't run.

Marshall Pennington, college comptroller, said that unless owners of the vehicles have them removed from the campus soon, the cars will be impounded by police officials and turned over to the Lubbock junk yard.

Some of the models represent varying degrees of artistic interpretation. Several have designs which hark back to the 1920s, although one has lines which mark it as a limousine model of the early 1930s.

Tech Survey Says Low Cost Funeral Most Desired

LUBBOCK, June 22, 1950—Most people would prefer a low-cost funeral and are pretty indifferent to the whole business of dying, a survey made at Texas Technological College has revealed.

The poll was made by W. J. Neal, Lubbock student who based his questionnaire on the kind of funeral folks would prefer. He found that 67 per cent of the interviewed persons were either against elaborate burials and funerals, or didn't care much—one way or the other. Only 33 per cent said they wanted an expensive funeral rite.

To the question, "How expensive a funeral would you desire?" about half the polled group wanted a burial costing \$350 or less. The other half preferred expensive ones, with \$700 getting the nod as an ideal expense.

Neal found that 57 per cent either preferred a wooden casket or didn't care whether they were buried in a wooden box or a metal one. Thirty-six per cent wanted an air-tight casket but 64 per cent didn't want one or didn't care. Only 29 per cent wanted a new suit (or shroud) for their burial.

A break-down of Neal's figures showed that divorcees were most indifferent to their burial plans. Seventy-five per cent of the divorcees wanted inexpensive funerals including wooden caskets. Single men preferred burial in old suits by a 91 per cent majority, but 33 per cent of the married men

wanted a new shroud. Of the 106 persons interviewed, 80 per cent said they didn't mind being buried in a "non-exclusive" section of the cemetery—and of that group 38 per cent declared that they positively didn't want to be.

Neal said the survey showed that the interviewees wanted members of their family to have better funerals than they personally desired.

Twelve Year Oil Supply Boosted By New Fields

LUBBOCK, June 22, 1950—The

discovery of new oil fields is exceeding the consumer demand for petroleum and brightening the nation's long-range supply outlook, a Texas Tech petroleum engineering expert has declared.

Prof. W. L. Ducker, head of Tech's department of petroleum engineering, said that about two years ago the nation appeared to have a 12-year supply of oil. He said the new discoveries, particularly the Scurry field in Texas, have caused a revision of the estimate. Known reserves would carry the load of consumption into 1963, according to latest estimates.

"We have about 25 billion barrels of known reserves, and about 175 trillion cubic feet of natural gas reserves" he said. "It seems that petroleum's outlook is better

than the natural gas one because natural gas demands are rapidly multiplying."

The Tech professor said that in 1947 the natural gas reserves were expected to last until 1984. The increased demand has dimmed the outlook to the present estimate of a reserve which will be depleted in 1973. New discoveries of natural gas have not been as productive as those of petroleum.

"The figures represent no occasion for alarm," Professor Ducker added. "Estimates during the last three decades have been as low as seven years, and yet new discoveries have successfully kept ahead of demands."

Smith-Doxey Plan Popular With Farmer

One application for Smith-Doxey benefits will cover all the farmers in an organized cotton improvement group.

This was pointed out today by H. J. Matejowsky who is in charge of the Abilene cotton classing office of the U. S. Department of Agriculture's Production and Marketing Administration.

"The popularity of this cotton improvement program has increased so much in the last few years that applications must be filed early in order to prevent a log-jam just before the deadline," Matejowsky said, explaining that it takes at least 15 days to process

applications and then deliver supplies of forms to gins, warehouses, compresses or other agencies approved to take samples of cotton. Any group of farmers organized to promote the improvement of cotton is eligible for free USDA cotton classing and market news services under the Smith-Doxey Act.

The deadline for filing applications for these services is August 15, 1950. Applications should be sent immediately to P. O. Box 2001, Abilene, Texas.

Vows Read By Candlelight In McAdoo Baptist Church

Miss Elna Jean Eldridge and Eldon L. Williams were married Sunday, June 17 at 8:30 o'clock in the First Baptist Church of McAdoo. Rev. R. G. McLeod pastor, officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. B. F. Eldridge and the groom is the son of Mr. and Mrs. O. V. Williams of McAdoo.

Baskets of white gladioli, palms and greenery decorated the candle lit altar.

Mrs. Malcolm Edwards played the wedding music and accompanied Mr. Edwards as he sang, "Because" and "Day of Love".

The bride who was given in marriage by her father wore a white embroidered nylon sheer over tulle, made with a Peter Pan collar, fitted inset at the waist and a full skirt. Her finger tip veil of illusion was attached to a nylon poke bonnet and she wore nylon gauntlets and carried a white Bible topped with a white gamelia showered with stephanotis and satin ribbon. The bride chose her grandmother's wedding ring as "something old."

Mrs. Donell McMillan of Lubbock was matron of honor and Mrs. Elmer H. Owens of Tahoka, bridesmatron wore blue embroidered organza frocks designed like the bridal dress, small poke bonnets of organza and net with shoulder length veils and carried bouquets of pink carnations.

A reception, was held immediately following the ceremony in the home of the bride's parents. The table was laid with a lace cloth decorated with pink carnations and fern. The wedding cake was in the shape of an open Bible, decorated with pink roses and an inscription from the wedding vows.

Misses Nedra Collins of Duma, Bobby Fox and Neva Jo Phifer of McAdoo assisted in receiving.

Following a trip to points in New Mexico the couple will be at home at McAdoo. The bride wore a blue shirskin summer suit with navy and white and white accessories and a white gamelia corsage for the occasion.

The bride was a graduate from Texas Technological college in January, where she was a member of Phi Gamma No. Mr. Williams, also a Tech student, is engaged in farming.

Mrs. C. P. Scudder Feted At Surprise House-Warming

A surprise house-warming was given by the ladies of the First Baptist WMS honoring Mrs. C. P. Scudder, Monday evening, June 18, at her home on East Hill Street.

Mrs. Scudder was presented with a floor lamp as the house-warming gift from the group.

The dining table was laid with a lace cloth with a garden bouquet as the centerpiece. Also adorning the serving table was a crystal punch service. Refreshments of fruit punch and cookies were served to the guests by Meses, Elmer Hagins and Franklin Patrick.

Attending the house-warming were Meses, Bud Harris, W. S. Patrick, L. W. Langston, E. E. Caudle, Bill Powell, Franklin Patrick, N. C. Moffett, Logan Singleton, W. B. Steele, Cal Martin, George Gabriel, Hattie Turvan, Melvin Rathal, Elmer Hagins, Grady Lackey, Joe Long, Jerry Ensey, E. L. Smith, O. R. Cloude and the honoree, Mrs. C. P. Scudder.

Mrs. and Mrs. Walter Edwards of Matador honored Mrs. J. W. Edwards of Dickens on her 70th birthday Friday June 16 at their home in Matador with a birthday dinner.

Those sending gifts and calling were Mrs. Ellen Edwards, Yvonne Ferrell, Harold, Joyce, Beulah Gail, Bud and Normadale, Mr. and Mrs. Walter Edwards, Mrs. J. W. Edwards, Mr. and Mrs. Claude Edwards, Darlene Larue, Claudene and Harr.

Pfc. Alvin Causey Stationed In Stuttgart, Germany

Stuttgart, Germany, June 22—Pfc. Alvin E. Causey of Spur, Texas is doing a good job as general clerk in the Quartermaster section of U. S. Constabulary Headquarters here and, if he decides to make the Army a career, he has a steady berth there, his superiors say. He does not intend to follow a service career, according to present plans. Causey is the son of Mr. and Mrs. Mrs. W. G. Causey of Spur and graduated from Spur High School a 1948. He enlisted for occupation duty in Germany with the Constabulary at Lubbock, Texas, Dec. 31, 1948. After receiving basic training at Camp Chaffey, Ark., he went to Camp Kilmer, N. J. and arrived at Constabulary Headquarters June 5, 1949. He spent his first anniversary in Stuttgart, Germany, June 22.

Germany with his job at the Quartermaster section, postponing the real celebration until the next day when the European services look a full holiday honoring the anniversary of D-Day and the invasion of Europe over the Normandy Beaches. Then he went hunting.

The Texas Trooper likes to hunt and fish, a heritage of his life back home. He has shot the small European Roebuck deer, that weighs only about 50 pounds and the big hares, of "Hasenpfeffer" fame that sometimes weigh up to 15 pounds. They look a lot like Texas Jack Rabbits, he claims, but can't run as fast nor fight nearly as good. "Almost any old coyote could lick one of these big over-grown Hasens", he explains.

Fishing over here is quite a bit different than back home, he says. The principal game fish are trout, both Rainbow and German Brown. There are no perch, bluegills, bass or catfish and if a man can't catch trout, there's nothing left but carp or "no good" fish.

Opening Day of State Fair of Texas Announced As Official Press Day

Opening day of the 1959 State Fair of Texas, Oct. 7, has been adopted by the Texas Press Association in convention at Fort Worth as official Press Day.

The State Fair traditionally honors newspaper and radio men and women on the first day of the giant exposition. More than 2,000 members of the Fourth Estate are expected to attend this year.

An expanded program of activities has been planned by the State Fair for Press and Radio Day this year, Charles Yeager, public relations director of the Fair, told the TPA convention.

The press and radio visitors will be "South Pacific" Pulitzer Prize musical show in the Auditorium,

and Ice Cycles of 1931, spectacular carnival of skating thrills.

They also will be invited to see Austin College and East Texas State College clash in a night football game in the Cotton Bowl.

They will view all shows on the Midway and many other attractions to be featured at the 1959 State Fair, Yeager said.

The State Fair also will be host at a mammoth fried chicken picnic lunch for the press and radio people.

"Support by the press and radio of Texas continues to be the backbone of the State Fair's tremendous success," Yeager pointed out. "With your support, the Fair is able to continue making many worthwhile contributions to the

business and industry in the Southwest.

"The officers and directors of the State Fair of Texas again wish to express their appreciation to members of the Texas Press Association for their cooperation."

The 1959 State Fair will be a gigantic Mid-Century Exposition which will salute the first 50 years of the 20th century and offer a preview of the second half-century, Yeager declared.

All shows and exhibits will tie in with the Mid-Century theme, and plans indicate the 1959 Fair will be the greatest spectacle ever presented in the Southwest, he said.

Among attractions will be the All-American Jersey Show, world's biggest cattle breed show, and a Super Science Show, featuring atomic energy exhibits direct from Oak Ridge, Tenn., birthplace of the atom bomb.

Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.

But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your

travels. It's only one kind of discomfort your Buick's built to master. For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration. They can have the special added smoothness of Dynaflo Drive,*

*Standard on Dynaflo models; optional at extra cost on Super and Street models.

Only BUICK has Dynaflo—and with it goes:

HIGHER-COMPRESSION Finball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD fender, tear-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and going, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

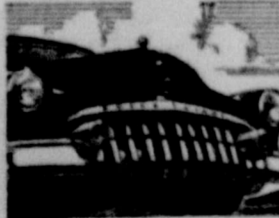

cushioning power-thrust in spinning oil.

So rough spots seem to level out at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless.

So how about it?

Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Texas Voters Concerned Highly Over Communist Infiltration In Washington

AUSTIN, Texas, June 17—The concern of Texas voters over communist infiltration in Washington continues at a high level. And there is evidence to indicate that many Texans are following the Republican line that blames President Truman for not cleaning house.

A statewide survey by The Texas Poll shows:

1. Voter opinion as to the number of communists among federal job-holders is about the same today as it was in November 1948

after the sensational Alger Hiss case had been developed by the House Un-American Activities Committee.

2. Voters who have been most impressed by the communist danger are the least likely to think President should run for re-election. Consciously or subconsciously, they seem to be accepting Republican charges that the President is too lax in his treatment of this matter.

Twice in the past year and a half The Texas Poll has put this

question to a cross section of voters in all parts of the state:

"Among the people who have jobs in the federal government in Washington, do you think there are many communists, some, or no communists at all?"

	Nov. 1948	May 1950
Many	17%	15%
Some	64	64
None at all	2	3
Don't know	17	18

100% 100%

Voters who have attended college are more likely to believe that communists have infiltrated the government than are voters with less schooling. The table below

show how many of the voters who attended college, those who went to high school, and those who went no further than grade school believe there are at least some communists among federal employees:

	Nov. 1948	May 1950
College educated voters	94%	88%
Voters who went to high school	84	81
Voters who went no further than grade school	63	67

Percentages in this table include voters who answered "many communists" as well as those who said there are "some communists" among federal employees.

Before asking the question about communists in the May survey,

interviewers for The Texas Poll queried voters whether or not they thought President Truman should run for re-election. A cross-analysis of the two questions shows that those most concerned about communist infiltration are the least likely to favor the President's re-election.

This is indicated by the table below, which shows the percentages among the various groups of voters who want Truman to run again:

Want Truman To Run

Voters who think there are "many communists" among federal employees...24%

Voters who think there are "some communists" among federal employees...41%

Voters who think there are "no communists" among federal employees...76%

Voters who say they "don't know" how many communists are among federal employees...54%

HEALTH NOTES

AUSTIN, June 22—Death rates from diabetes is three times as high in diabetes whose condition was not discovered until after complications developed than for patients whose illness was recognized and brought under treatment before advanced symptoms appeared.

Based on recently completed national studies, this was revealed Thursday by State Health Officer Geo W. Cox.

"Diabetes has not always been a public health problem," the health officer declared. "It became one who new found that the death rate is much greater when the condition is discovered late. Public education makes for lower diabetes death rates, and public education in such matters is a health department job."

Dr. Cox told this story about diabetes:

It used to be that many diabetic patients sought treatment only after having developed serious complications. A considerable number of all diabetics examined at autopsies showed active pulmonary tuberculosis.

The discovery of insulin gave physicians a specific treatment for prolonging patients' lives, even before it was entirely clear what the disease was and what its effects were. Thus even after event took place with insulin therapy, eventually leading to the realization that early discovery means longer life.

"Diabetes mellitus" — called sugar diabetes by some people — is a condition in which the body does not properly process the sugar it needs. This result is chronic thirst, hunger, and weakness. Eventually, without insulin, the patient will literally starve to death. Insulin will correct the faulty body processes.

"In 1949, there were 739 diabetes deaths in Texas," Dr. Cox said. "By comparison, that same year there were only 189 polio deaths. It's the family physician who is in the best position to discover diabetes or a pre-diabetic condition. That's just one more point in favor of regular medical check-ups," the doctor concluded.

Kenneth Carlisle spent the past weekend visiting in Spur. Kenneth is presently enrolled in Sul Ross, the son of Mr and Mrs. J. B. Carlisle.

Roy Lee Ball spent the past weekend visiting his parents Mr. and Mrs. W. E. Ball. Roy Lee is presently attending Hardin Simmons University at Abilene.

Tommy Hunt of Levelland is visiting his aunt and uncle Mr. and Mrs. Dee Hairgrove for a few weeks.

LEGAL NOTICE

An ordinance adopted for the preservation of the health, sanitation and safety of the public and providing for the collection, removal and disposal of garbage, trash and rubbish within the city of Spur, Texas, defining terms; requiring all owners, occupants, tenants or lessees of residences, churches, schools, lodges and commercial, industrial, business or other building within the city to provide containers and receptacles with covers for garbage and trash; specifying that containers and receptacles be placed at convenient locations where they may be emptied and the contents removed at regular intervals; prohibiting any one except agents or employees of the city of Spur from emptying containers or receptacles or transporting the contents thereof on the streets and public thoroughfares without the permit of the city commission; prescribing regulations for the securing of permits; fixing schedules of reasonable charges to be made against owners, occupants, tenants and lessees of buildings and premises receiving the service; requiring the health officer to make periodic inspections of buildings, premises and all places where garbage, trash and rubbish may accumulate and enforce and administer the provisions of the ordinance; providing a saving clause in the event any part of the ordinance should be declared unconstitutional; and fixing a penalty for the violation thereof; repealing all ordinances in conflict herewith; and declaring an emergency.

It is ordained by the board of commissioners of the City of Spur, Dickens County, Texas:

SECTION 1. The accumulation of waste, refuse, trash and other deleterious substances on the premises of private residences, commercial institutions and in streets and alleys constitutes a public nuisance and nuisance and greatly increases the danger of the spread of infectious, contagious and epidemic diseases, and it is imperative and urgent for the preservation of health, safety, sanitation, peace and public welfare that proper and adequate regulations be adopted to require property owners, tenants, occupants or lessees to secure containers and receptacles of sufficient size and material in which to deposit garbage and trash for collection and removal at regular intervals.

SECTION 2. The term "garbage" as used in this ordinance shall be held to mean all animal or vegetable matter, such as waste material and refuse from kitchens, residences, grocery stores, butcher shops, restaurants, cafes, hotels, rooming and boarding houses, and other deleterious substances.

The term "trash" as used in this ordinance shall mean rubbish, such as feathers, coffee grounds, ashes, tin cans, paper boxes, glass, grass, shrubs, yard cleanings, grass clippings, leaves, and tree trimmings.

SECTION 3. That every owner, occupant, tenant or lessee using or occupying any building, house or structure within the corporate limits of the city of Spur, Texas for residences, churches, schools, lodges, commercial, business and other purposes shall provide and maintain garbage cans and receptacles of sufficient number and size as hereinafter specified, to hold the garbage and trash that will normally accumulate on the premises.

SECTION 4. That each of said owners, occupants, tenants, or lessees shall provide a container or containers for garbage of not less than ten (10) nor more than thirty (30) gallons capacity, constructed of some substantial material, with a tight-fitting lid or cover and with handles sufficiently strong for workmen to empty conveniently.

SECTION 5. Every owner, occupant, tenant, or lessee shall, in addition to providing the garbage can or cans as hereinabove set forth, provide and maintain a suitable receptacle or receptacles for trash of not less than ten (10) nor more than fifty-five (55) gallons capacity, constructed of some substantial material with a tight fitting lid or cover.

SECTION 6. No one except the duly authorized agents and employees of the City of Spur shall empty garbage cans or trash receptacles or trash on the streets, alleys and public thoroughfares of said City without a written permit granted and issued by the City Council.

SECTION 7. The lids or covers of all containers shall at all times be kept secure and fastened so that flies and other insects may not have access to the contents thereof, and said lids or covers shall only be removed while the said containers and receptacles are being filled or emptied as the case may be.

SECTION 8. If the house, building or premises from which the garbage is to be collected and removed is adjacent to an alley, the owner, occupant, tenant or lessee of said premises is required to keep the garbage can at a convenient point just outside of the property line in the alley in order that it may be readily accessible to the one collecting and removing the garbage. In the event it is not practicable to collect and remove the garbage from the alley, the owner, occupant, tenant or lessee of the premises shall place the can at such point as the agent of the City shall find and designate to be the most accessible for collecting and removing.

The receptacle for trash shall be located and placed in like manner to that for the garbage as above mentioned. In the event trash is of such nature that it cannot be put in the receptacle, it shall be

carefully placed in bundles under fifty (50) pounds so it can be removed conveniently, and tree limbs, trunks and hedge cuttings shall not exceed five (5) feet in length.

SECTION 9. The collection and removal of garbage and trash from houses, buildings and premises used for residential purposes shall be made at least once weekly. Fair and reasonable charges for this residential service shall be and are shown in terms of dollars and cents for a period of one calendar month for the following classes of residences:

Single Family Residence—\$0.50
Duplex Apartment—1.00 (\$0.50 per Apt.)
Garage Apartment—0.50
Group Housing, two or more houses on same meter—0.50 (Each House)
Multi-Family Apartments—0.50 (Each Apartment)

SECTION 10. The collection and removal of garbage and trash from houses, buildings and premises used for commercial and business purposes shall be divided into two classes. Class I shall embrace all commercial business institutions which have their garbage and trash removed six days each week. This service is now being offered only within the Fire Zone of the City of Spur, Texas. The offering of this service in any other section of the City of Spur, Class II shall embrace all commercial and business institutions which have their garbage and trash removed once weekly. Fair and reasonable charges for this commercial and business service shall be as follows for one calendar month:

Type Commercial or Business Establishment—Floor Space Allowances
Grocery Stores, Food Markets, etc.

Class I	Class II
Less than 1500 Sq. Ft.	\$2.00
1500 Sq. Ft. to 3000 Sq. Ft.	3.00
3000 Sq. Ft. to 4500 Sq. Ft.	4.00
4500 Sq. Ft. to 6000 Sq. Ft.	5.00
6000 Sq. Ft. to 7500 Sq. Ft.	6.00

For each additional 1500 Sq. Ft. or fraction thereof, an additional charge of \$1.00 per month will be made for Class I service.

SECTION 11. The fair and reasonable rates for collecting and removing garbage and trash from churches, schools and similar public buildings shall be fifty cents (50c) per month, where such collection and removal is not required in excess of once each week, with the amount increasing proportionately as the periodic determined proportionately determined.

SECTION 12. The minimum service to be rendered in the various classes herein specified shall be once each week and the maximum six times each week. Charges for minimum service shall be specifically designated by name, such omission will not relieve the owner, occupant, tenant or lessee of the binding effect of this ordinance, but the same charge shall be made as that entered against a business of a like or similar nature.

SECTION 13. The Water and Sewer Department of the City of Spur, shall be required to include the fees for the service herein provided on the monthly water and sewer bill. For convenience in billing, this charge shall be added to the Sewer Charge and the combined charge will be shown on the monthly bill as the Garbage & Sewer Charge. At periodic intervals, the City Secretary will make an estimate of the proportionate amount collected for Garbage and Trash from the whole bill and will cause said amount to be transferred from the Sewer Fund to the Street and Public Improvement Fund.

SECTION 14. For failure to pay the above charges, discontinuance of water service is hereby authorized.

SECTION 15. Every owner, occupant, tenant or lessee of a house or building used for residential, business or commercial purposes is required to maintain constant supervision and surveillance over the garbage can and trash receptacle on his premises, and if either the garbage can or trash receptacle should not be emptied and the contents removed by an agent or representative of the City of Spur, or other duly authorized person, for a period of one week he must notify the Health Officer through the office of the City Secretary, in writing, of this fact within one week.

SECTION 16. All garbage or trash that is mixed with water or other liquids shall be drained before being put in the can or receptacle.

All animal matter that is subject to decomposition shall be well wrapped in paper or other combustible material before being deposited in container or receptacle.

SECTION 17. It is hereby made the duty of the Health Officer to make inspection trips at regular intervals to determine whether or not garbage, trash, and rubbish is being properly collected, removed and disposed of as required by the provisions of this ordinance, and in the event it is found that the ordinance is being violated, appropriate and timely action shall be taken to insure a full compliance with its said provisions.

SECTION 18. Should any part, section, subsection, paragraph, sentence, clause or phrase contained in this ordinance be held unconstitutional, such holding shall not affect the validity of the remaining portion of the ordinance, but in all respects shall remain in full force and effect, and the Board of Commissioners hereby declares that it would not have passed the unconstitutional part had it known it was invalid and that it would have passed the remainder.

Passed and Approved this Twentieth Day of June 1950.
Approved: NED HOGAN, Mayor
ATTEST: JAMES H. COWAN, City Secretary
