SERVING A RICH FARM CROP, STOCK AND POULTRY RAISING TRADE

Whoa, Now!

By Grady Lackey

Chamber of commerce managers and Baptist preachers seem to have a lot in common—it seems like the best way to obtain one is to steal someone else's.

We don't blame Leon Huff for taking the promotion from Spur to Abilene and then to Snyder, nor do we blame Grady Elder for taking a similar promotion from Spur to Brownfield. Again, we don't blame Abilene or Brownfield for "stealing" our chamber managers. But, we do wish we could keep a manager of these young men's caliber around a little longer.

Possibly the citizens of Spur should pat ourselves on the back for "discovering" these two chamber of commerce men. Coincidentally, they both came to Spur as instructors, having had no previous experience in chamber work. We took them, trained them, paid them a living wage, and then saw them go into the chamber of commerce profession with respectable \$8,000 plus jobs.

Without selling either of them short for their own personal accomplishments in Spur, either of them wouldn't have been worth the proverbial plugged nickel to the Spur chamber of commerce without the cooperation and support that we feel the boards of directors, officers and general membership of the Spur chamber have given them.

Come September 1, we'll be ready to start in with another new man. Whether we get one with previous experience in this field or another one with no experience, this same cooperation and support will be necessary to keep the chamber going toward a better Spur.

Grady Elder has worked hard for and among the citizens of this area, taking but very few praises and probably more cussings than most of us realize. He has taken a prominent position in our town and he and his family are liked and received as really fine folks.

Possibly the local publisher has given him more static, more argument, and more headaches than other members, but his work here has been progressive, wholesome, honest, and, we believe, deeply appreciated by the town as a whole.

We're proud of Grady and his family and know that he'll make Brownfield as good a hand as he's made us in the 16 months here.

Cheerfulness doesn't just happen. It's man-made sunshine, and there won't be enough to go around unless we all contribute our share.

This man-made sunshine is made up of lots of tiny rays—a happy smile, a kind word, a friendly act. What the sun is to nature, cheerful people are to home, work and play. We love the sparkle of their eyes and the ring of their voices. We are refreshed by their presence. The place to be happy is here; the time is now.

The way to be happy is to bring joy to others.

If you make one person happy each day, think how many persons you can make happy for a little while, at least, over a period of years. Most of life's troubles are man-made, so let us have more man-made sunshine.

GRADY ELDER RESIGNS AS C. of C. MANAGER; TAKES BROWNFIELD JOB

Grady Elder, manager of the Spur Chamber of Commerce, Inc., has resigned his position with the local chamber to take the management of the Brownfield Chamber of Commerce, effective September 1.

Grady Elder

Elder, 24 year old graduate of Slaton high school and Texas Tech, came to Spur as an instructor in the Dickens County Veterans' school in 1950 and was employed as manager of the chamber of commerce on April 1, 1951.

While here, Elder has been active in the Masonic lodge, the Spur Rotary Club, and served as publicity director of the 1952 Spur Cowboy Jubilee.

Under his management, the Spur Chamber of Commerce has carried on an extensive program of work including the procurement and installation of play ground equipment in Swenson park, a monthly Community Day program featuring talent from neighboring communities, a weekly radio broadcast, and a long-range road and highway program.

Elder and his wife, Nadene, have one son, Grady, III, who was born during their stay in Spur.

In his letter of resignation, submitted to a called meeting of the board of directors, Elder stated, "It is with sincere regret that I submit this letter of resignation as manager of the Spur Chamber of Commerce. . . words cannot express my sincerity in appreciation for the kindness and coop-

Billy B. Sharp Is Commissioned As Second Lieutenant

Billy B. Sharp, son of Mr. and Mrs. John B. Sharp of Dickens, was graduated Tuesday, August 5, from Officers Candidate School in Fort Knox, Ky., and commissioned a second lieutenant in the Armor branch of the U. S. Army.

The course consisted of 22 weeks of field and classroom work in command and staff procedure, armored weapons, armored vehicles and communications.

Lt. Sharp attended Austin College two years prior to entering the service in July 1951.

Two Young Men To Fill Local August Quota As Inductees

Two boys will leave Monday, August 11 for Abilene where they will be inducted into the Armed forces. This is this local draft board's quota for August.

Melvin T. Florence of Jayton and J. A. Bush of Aspermont are the two young men who will report.

Mrs. Ada Lou Joiner, clerk of the local board will leave Wednesday afternoon for Lubbock to attend a Selective Service Clerks' Conference Thursday and Friday.

The board members, Tom R. Wilson of Jayton, C. E. Mays of Aspermont, and John L. Green of Spur will attend a Board Member Conference Thursday at Lubbock.

4-H BOYS, TAYLOR ATTEND 4-H CAMP

Five Dickens county 4-H boys and Charles Taylor attended the camp at Wichita Falls recently.

Making the trip were Taylor, Don and Rust McGinty, Carlos Bass, Mickey Cooper and David Estep. During the camp period Don McGinty was elected president of the district council and will meet with the state council at the state Round-up at College Station and will direct next year's district council.

Sanitation Program Maintained By City; Cooperation Urged

Officials of the City of Spur recently appealed to the citizens of Spur to cooperate in an effort to keep the city as healthy, sanitary and clean as possible.

In advertisement appearing currently in the Texas Spur, the city officials point out that at present there are five main projects of the city with this goal in mind.

The city is maintaining a non-contaminated, pure water supply, both throughout the distribution system and in its swimming pool. Frequent State Department of Health Laboratory checks throughout each month have resulted in all samples from both sources showing no Coliform organisms present. (No Bacteria—either harmful or otherwise.)

An efficient disposal of all sewage is maintained by the city. With one of the most modern and complete sewage disposal plants in West Texas for cities this size, maximum treatment and service is available.

The city has maintained through the spring and summer months a city-wide spraying program in an effort to control insects.

With a modern garbage and trash pickup truck, the city offers daily collection in the business district and weekly collection in the residential section of the city. Alleys, streets shoulders and ditches throughout the city have been graded systematically as a program of weed control.

Speaking for the city commission, James Cowan states that there are many things pertaining to health and sanitation in the city that are the sole responsibility of the citizens. Aside from general cleanliness of property, Cowan points out the following measures as compulsory to a clean, healthy city:

- (1) Use covered garbage and trash cans.
- (2) Connect to Sanitary Sewer where available.
- (3) Mow the weeds and grass that may offer breeding places for insects.

Opening Date For Spur School Is Announced By Cook

Monday, September 1, has been announced as the opening date of the Spur Public School by Superintendent of schools, C. F. Cook.

The registration schedule, complete faculty list and assignments will be announced at a later date.

Haines School, Negro, will open two weeks earlier on August 18 in order that the school may have a recess after approximately four to six weeks after session is begun. This recess will enable the children of the school to pick cotton and do other work that will help their families.

The school administration has been hard at work this summer in an effort to select teachers that will be an asset to our school system, Cook stated.

"We think that those that have been employed are good teachers and will greatly benefit our school," added Cook.

Lions View Pictures Of Mexico Tuesday

The Spur Lions club viewed colored slides of Mexico shown by Paul Marion at the Tuesday noon meeting of the club.

Marion, president of the Spur Rotary club, showed the slides made during his trip to the Rotary International convention held in Mexico City earlier this summer. The Lions convention was held at the same place, and said Marion, if the Spur Lions had sent a representative, "This is what he would have seen."

Visiting the meeting were R. A. Williams, Bob Key and Guy Dickson, all new members of the Spur school faculty. Also visiting was the Spur Christian Church's new pastor, Rev. John L. Floyd. Sue North attended as club sweetheart in the absence of Dean Reagan.

EXECUTIVE COUNCIL OF P. T. A. MEETS THURSDAY

The executive committee of the 1952-53 P. T. A. met at the home of Mrs. W. F. Patrick, 112 E. Harris, Thursday, August 7.

New committees were appointed and plans were made for the new school year.

Robert Williams, newly elected P. T. A. president presided. Ideas were presented to encourage all mothers to attend these meetings.

DRY LAKE COMMUNITY WINS \$250 IN CONTEST

The Dry Lake Community won first place in a district of 20 counties in a range and pasture improvement contest sponsored by the Dallas-McAtee and the Texas A. & M. Extension Service.

The community made outstanding accomplishments in providing temporary pasture, community improvement projects and home improvements, according to Charles Taylor, county agent.

Presentation of the cash award will be made on September 16 with Extension service personnel and representatives of the Dallas newspaper present.

Drought To Cut Crop Below 15,000 Bales States Co. Agent

"Even with a good rain now, we'll be lucky to make 15,000 bales of cotton in the county," was the not-so-cheerful report from the county agent, Charles Taylor, this week.

With approximately 60,000 acres in cotton, prospects are not too good for Dickens county to join the nation in what has been predicted as a record-breaking national crop. Last year the county grew approximately 37,500 bales, and in 1950, over 19,000 bales.

This year's crop has been damaged a limited amount by boll worms and has been infested with leaf worms. Poisoning over the county is nearing completion, however, with both poisoning and the dry weather keeping the insects in check and limiting their infestation.

FEED FARING FAIR

The county's feed crop is holding up pretty good, states Taylor, with a rain by September 1 being estimated as sufficient to prevent any serious drought damage.

The last rain sufficient to plant feed came so late that it caused the county feed crop to be several weeks behind the usual schedule. However, moisture conditions being what they are, the late grain crop is definitely in the farmer's favor—provided it rains by September 1, states Taylor.

Dickens Ball Club Tops Floydada, 18-17

The Dickens Baseball Club won a high scoring game over Floydada, Sunday, July 10, with the score being 18-17.

Dickens sent five pitchers to the mound; Kenneth Street homered in the 8th with two on to tie the score; and Wright Martin scored the winning run in the 9th on Melvin Lindsey little looper over first base.

Next Sunday, July 17, Dickens will play the last game of the season at Koonie park at 2:30 p. m. Dickens vs Independent of Lubbock.

Dickens is tied for second place with Turkey in first place by one game.

Mrs. Edna B. Daniel Honored With Tea

Mrs. E. B. Daniel was honored on her birthday with a tea given in the home of her daughter, Mrs. W. T. Andrews, 515 N. Trumbull, Thursday, August 7.

Guests, who were members of the Dorcas Sunday School class of the First Baptist Church, called between the hours of 5 and 6 p. m.

Bouquets of rose asters and yellow and peach gladioli were centered about the entertaining room. These bouquets were gifts sent from friends.

Guests were served individual initiated cake and punch.

Calling during the tea hour were: Mrs. L. W. Langston, Maude Seale, W. B. Francis, Sr., Hattie Turvan, J. B. Morris, Eva Britton, Myrtle Whitwell, A. M. Walker, Misses Dollie Powell, Jennie Shields, Maybelle Thornton, and the honoree, Mrs. Daniel.

The honoree's Sunday School class presented her with a beautiful pin as a birthday gift.

Mr. and Mrs. Jack Gordon drove to Lockney Sunday to visit his father.

Mr. and Mrs. E. J. Haney of New Mexico were week-end guests in the Dick Wright home last week.

Vehicle Inspection County Is Lagging

Dickens county, along with the rest of the state, is seriously lagging in having motor vehicles inspected in time to meet the September 6 dead line, states J. R. Whitmore, locally stationed inspection officer.

Of the 2840 motor vehicles registered in the county 1221 have been inspected and received their yellow stickers.

This leaves 1619 vehicles to be inspected by the counties' six inspection stations. In other words, each station must inspect 270 vehicles in 19 working days, or 14 per day.

Whitmore points out that the inspection is not aimed at causing inconveniences to the owner or to drum up business for the inspection stations. The law passed by the state is aimed solely and primarily at making Texas highways and cities safer by eliminating faulty vehicles and by requiring otherwise safe vehicles to be in proper working condition.

Inspection stations in Spur are Hoover-McAtee, Jones Motor Company, Spur Motor Company, Spur Auto Company, Rickels Motor Company and Godfrey and Smart.

PLAY-OFF; SECOND GAME TONITE

Proctor's softball team took a one game lead in the championship play-off Tuesday against Hoover-McAtee 11-3.

The two teams play the second of the two-out-of-three series for the Texas Spur trophy and the city championship tonight at 8 p. m. in Jones stadium. If a third game is necessary to determine the champion the date will be set following tonight's game.

Errors plagued the Hotdogs against their arch rivals Tuesday night, giving the Proctor's bunch two four-run innings. Jerry Price pitched six-hit ball for the losers while Proctor's Johnson allowed but three safeties.

In the first round of the play-off last Thursday, a limited number of fans viewed two of the fastest and best played ball games of the season. In the opener, Van North and his hustling little Lions held Proctor's to a 2-1 score for five and a half innings. A big sixth inning gave Proctor's an 8-1 lead and the Lions fought back for three in the seventh. Final score was 8-4.

The City Drug pushed three across in the sixth inning of the

Mmes. Dee Hairgrove, Paige Gollmar, Cal Wright and W. F. Gilbert attended the annual seminary of the Lubbock District, Woman's Society of Christian Service at the First Methodist Church in Crosbyton, Tuesday, August 12.

Discussions were given on "Home Missions and Human Right" by Mrs. W. G. Dingus, "Our American Heritage" by Mrs. M. L. Hines, and "Preface to the Bible" by Mrs. Cecil Matthew, director of the Methodist Student Center.

These central themes of the program were all given by women of Lubbock.

Mrs. D. D. Parsons and son, Osl, and grandson, Lewis, of Frisco, were week-end guests of Mr. and Mrs. E. J. Lassetter. Mrs. Parsons is Mr. Lassetter's sister.

Mr. and Mrs. E. J. Lassetter were Sunday night guests of his daughter and son-in-law, Mr. and Mrs. J. B. Johnston at a lawn fish fry.

Home Demonstration Clubs Encampment Held At Lueders

Members of the Home Demonstration Clubs of Motley and Dickens counties met at Lueders for their second annual encampment, August 6 and 7.

Following registration, members assembled at the tabernacle at 5 p. m. for the first meeting. The meeting was called to order by the chairman, Mrs. Bob Crockett, T.H.D.A. chairman of Dickens County. Mrs. Richard Westfall, Highway Club, Dickens County, was elected as secretary-treasurer for the ensuing year. Minutes of last year's meeting were read and approved.

Activities of the encampment included game time, craft classes, inspirational services, and general meetings.

The crafts this year were making nylon brushes and tile hot dish mats. Mrs. F. B. Crockett was instructor for the craft classes.

The group voted to meet again on the first Thursday and Friday in August 1953.

Mrs. Varner McWilliams, Mrs. Kim Wilkinson and Mrs. Billie Hand from Motley county were appointed to work on the program committee for 1953. Ones to work with them from Dickens county will be appointed later.

Mrs. G. B. Morris served as hostess for the meeting.

The meeting was opened with prayer led by Mrs. Roscoe McCombs.

Refreshments of cookies and Cokes were served to Mmes. Hattie Turvan, Seale, McCombs, W. B. Francis, Sr., and the hostess, Mrs. Morris.

JUDSON CIRCLE

Mrs. George Gabriel was hostess to the Judson Circle of the First Baptist Church W. M. S. at her home, 601 N. Trumbull, Monday afternoon, August 4.

Mrs. Hunter Wilson, chairman, presided during the brief business session.

A very interesting talk was made by Mrs. Joe Long on the Ridgecrest Baptist Assembly, Ridgecrest, N. C., which she recently attended. Pictures were shown to illustrate points of interest that were seen on this 1500 mile trip.

Refreshments of nut angel food cake and ice cream topped with fresh strawberries were served by the hostess.

Attending the circle meeting were Mmes. Horace Cage, Wilson, E. C. Clinkscales, O. R. Cloude, Henry Mullins, Long, Ruby Bilberry, Nora Lahman, and the hostess, Mrs. Gabriel.

FRESH TWOSOME

The terrace lounge, like the model, wears cotton for summer coolness and comfort. Converted from an old wicker rocker, the lounge has been upholstered with cotton batting, blue and white canvas, and colored metal-head nails. Available at local awning shops, canvas is decorative, easy to work with and inexpensive for upholstering outdoor furniture, the National Cotton Council reveals.

BUICK'S POWER STEERING? It's the big NEWS of the year

THERE is a host of things that endear a ROADMASTER to anyone who loves to drive.

There's the might of its Fireball 8 Engine—most powerful ever put in a Buick.

There's the thrift of its Airpower carburetor—a four-barrel automatic that literally brings increased power right out of thin air.

There's its hushed and luxurious silence—its poised and level ride that cost a million dollars to develop—and the infinite smoothness of its Dynaflo Drive.

But the thing that has brought the most cheers for this big and obedient beauty is Buick's version of Power Steering.*

Gone is the tug of turning, parking, maneuvering in small space.

Power Steering takes over the effort of turning the front wheels—makes it a one-hand operation.

Do you have to learn to drive all over again if you have this new Buick feature?

You definitely do not. On the open road, you have that same sure sense of command that you've always had. Coming out of a curve, you can loosen your grip, and the front wheels right themselves just as they do on every Buick.

But you'll notice this: When you suddenly hit loose dirt or sand—or a stretch of rough road—Power Steering smoothly goes into action—helps take up the jerk—makes control of the wheel easier and driving safer.

Wouldn't you like to try out this newest wonder—on a ROADMASTER or a SUPER? You say the word, and we'll do the rest.

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on Roadmaster and Super only.

Garden Birthday Parties Summer Fun Fashion

For folks who have their birthdays in summer, it is gay to have the party in the garden, or on the terrace or porch. Using a pastry tube, decorate the cake with names of the friends who are guests at the party and make ice cream an easy-to-serve accompaniment to the cake by buying the pre-packaged kind. Just bring the neat pint cartons to the garden table and slice the ice cream into convenient cube portions by cutting the ice cream across each way. Pre-packaged ice cream is ready to take home, no waiting for a container to be filled. You'll find both pint and half gallon pre-packaged cartons of ice cream to serve groups large and small.

'I've just heard a wonderful story ...and it's about you!'

Do you know why your ears were burning a bit ago? I was listening to a wonderful story about a Defense Bond owner. A thrifty, patriotic person, one I respect and admire. You.

You're writing the most exciting success story the world has even seen. And I'm proud of it, for you see, I'm on the same team. I'm a Defense Bond owner, too.

I wonder if you know all the good things that Defense Bonds mean to us. For example:

FIRST—Thanks to new Treasury regulations, every Series E Bond we buy begins earning interest after only 6 months. It earns 3% interest compounded semiannually when held to maturity. It reaches full maturity value earlier (9 years 8 months) and the interest it pays is now bigger at the start.

SECOND—Every Series E Bond we own can now go on earning interest for 10 more years after it reaches the original maturity date—without our lifting a finger!

THIRD—During the 10-year extension period, every unretired bond earns at the new, higher interest rate (average 3% compounded semiannually). Our original \$18.75 can now pay us back \$33.67. \$37.50 pays back \$61.34. And so on.

FOURTH—When we make ourselves and our families economically secure through buying bonds, we're helping to build the great economic strength that backs up our national defense. And this is the best security our money can buy. For after two world wars we have found that peace is for the strong!

U. S. Defense Bonds are one of the easiest, most convenient forms of saving ever invented. For through the Payroll Savings Plan where you work, you can buy bonds on a time payment plan. Just specify the payments, as large or as small as you like, and they will be automatically set aside from your salary. This way you save the money before you spend it. And millions of people have found this is one sure way to save.

Peace is for the strong...for peace and prosperity save with U.S. Defense Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department solicits for their patriotic donation, The Advertising Council and

MRS. HATTIE TURVAN IS HONORED ON 75th BIRTHDAY AT OPEN HOUSE

Mrs. Hattie Turvan was honored on her 75th birthday with an open house given by her daughter, Mrs. S. S. Noblett and Mrs. E. F. Laverty of Fort Worth, at her home Saturday evening, August 9.

The refreshment table was laid with a white linen cloth and the center piece was a bouquet of yellow carnations and pink and blue asters, which was sent by the honoree's grandson, James Franklin Laverty who is presently stationed with the armed forces in Arabia.

Mmes. George Gabriel, Chap Reese, and Cal Martin presided at the refreshment table and served cake squares and punch to the guests. The birthday cake was frosted with white icing topped with a large frosted pink rose with green petals. The cake was

edged with small frosted roses. White napkins and a crystal punch service was used with other appointments of silver. Plate favors were bachelor buttons tied with white satin streamers.

The honoree's corsage was of pink carnations with an imitation black bug to make an even more realistic effect.

Other bouquets of flowers sent by friends and centered about the entertaining room, included white gladiolus, red carnations, yellow mums, and red roses.

Out-of-town guests registering were Adelaide Senning, Carol Senning Cobb, Mrs. W. M. Hunter, and Mrs. Mamie Thomas of Lubbock; Mr. and Mrs. E. E. Moss, Mr. and Mrs. Herman Havis, and Mrs. Melton Thacker of Roaring Springs; Mrs. D. D. Sawyer and son, Paul of Dallas; and Mrs. Elmer Hagins of Glipin.

The honoree was born in Waco, Texas and came to Spur in 1922. In 1924 she organized the first Junior Training Union in the First Baptist Church of Spur. For the past 28 years Mrs. Turvan has been working with juniors in both Sunday school and training union. Her work as an active church member is first with Mrs. Turvan who is admired by many for her faithfulness and understanding, but she is also a past member of the Rebecca's and Woodman's Circle.

Mr. and Mrs. Murl Foreman are the proud parents of a little boy named James Robert.

Little 8-year-old Betty Craft got minor burns on her face last week while frying some food. Her mother was in the field at the time of the accident.

SERIES OF ACTIVITIES ARE HELD FOR 1940 SUB-DEB CLUB REUNION HERE

A series of entertainment activities was held for the women attending the 1940 Sub-deb Club Reunion. Five of the nine charter members were present.

Friday, August 8 at 3 p. m. a Coke party was given in the home of Mrs. E. S. Lee, 515 N. Calvert.

Guests were served cheese crackers, hors-d'oeuvres of bacon-olive rolls, and Cokes.

A bouquet of yellow gladiolus were centered in the entertaining room.

Attending the Coke party were Mrs. Jean Engleman Henley, Mrs. Margie Bell Morrison, Mrs. Louise Ince Wood, Mrs. Betty Woodrum Davis, Mrs. Laveris Lee Knight, Mrs. Opal Laverty Sawyer, Cindy Gall Davis, Kay Knight, Annette Lee, and the hostess, Mrs. Lee.

At 6 p. m., Friday, August 8, dinner was served in the home of Mrs. E. D. Engleman, 922 West Harris, for members attending the reunion.

Dinner was served buffet style with the serving table centered with a large bouquet of garden flowers. Beneath the centerpiece was a picture of the members when the club was first organized. Plate favors were individual snapshots of each member.

The dinner menu included fried chicken, baked beans, pineapple salad, potato salad, cole slaw, iced tea, ice cream and cake.

After dinner the members read clippings from the club scrap book and played games of bridge.

Members present were Mrs. Betty Woodrum Davis of Seagraves; Mrs. Laveris Lee Knight of Hale Center; Mrs. Louise Ince Wood of Penwell; Mrs. Jean

Housewarming Given For Claude Neaves'

Mr. and Mrs. Claude Neaves were honored recently with a housewarming given them by a group of friends.

Hostesses for the occasion were Mmes. Tom Hunnicut, Fletcher Rich, Preston Blackwell, G. H. Brown, M. C. Hagar, C. V. O'Keefe, L. V. Williams, Norma Hahn, Durwood Pickens, Wayne Beadle, Fred McGahn, John Boland and George Willis.

Guests were registered in a gold guest book as they arrived.

The refreshment table was laid with a lace cloth over green and

back yard.

Attending the birthday celebration were Mr. and Mrs. L. D. Bilberry of Turkey, Mr. and Mrs. C. B. Fort of Fort Worth, Mr. and Mrs. A. L. O'Neal, Mrs. Don Fain and Gary of Abilene; Mrs. Henry Bilberry, Linda, Joyce, and John Jerald, Mr. and Mrs. Luther Bilberry, Johnny and Sharyn, Mrs. Calvin L. Farm Leases Need Revision

Tenant operations are still an important part of Texas agriculture. Some 30 per cent of all Texas Agricultural Extension Service farms are operated by tenants. Like most other farming practices, says C. H. Bates, farm management specialist for the Texas many leasing arrangements are out-of-date.

He points out that lease arrangements set up for cash-crop systems of farming do not fit the situation brought about by the shifts to livestock production. Therefore, new rental agreements are needed between the tenants

and landlords that clearly define the part each is to play in this livestock-crop system of farming.

During the past several years farm management specialists from the southern states, cooperating with those from the U. S. Department of Agriculture, have been studying the existing rental arrangements and seeking possible solutions to tenure problems. The economists have found that both tenants and landlords improve their lot when leases are used that really cover present day farming and livestock production. The use of up-to-date leasing arrangements meant more income to both tenants and landowners as well as better soil maintenance and improvement programs.

The latest findings of the co-

operating economists are reported in the publication "Rental Arrangements for Progressive Farming" which is available at your local county agent's office. Other materials on the subject of rental agreements, prepared by the Texas Agricultural Experiment Station and Extension Service, are also available.

Bates says the specialists, through studies and actual experience, have come to the conclusion that a good rental agreement should always be written. It should cover more than a single year or contain an automatic renewal clause. It should specify how the expenses—upkeep and labor as well as income are to be shared. It should encourage the tenant to produce livestock as well as crops where

Nothing is more enticing to a willed August appetite than a cool, colorful fruit salad. On individual plates arrange crisp lettuce, then melon balls, pineapple, peaches and other fruit. Top with Green Mayonnaise, made by thinning real mayonnaise with lemon juice to taste, then tinting it a delicate green with vegetable food color.

A small soft brush is invaluable as a laundry aid. Use it to clean soiled glove fingertips, blouse necklines, cuff folds, slip straps and hemlines.

Here's a quick and delicious Coffee Icing for summertime cakes: Blend 3 1/2 cups sifted confectioners sugar, 1/2 cup soft vitaminized margarine, 1/2 teaspoon salt, 1 egg yolk and 5 to 6 tablespoons strong coffee. Beat until fluffy and easy to spread. Makes enough frosting for one 10-inch cake.

A little sugar added to the water in which you boil corn will add flavor. Do not add salt until corn is done for salt will toughen it.

For higher souffles never grease the sides of the baking dish.

Summer vegetables are at their peak now. A large chop plate attractively arranged with several vegetables gives family and guests an opportunity to select those they prefer.

Have you ever tried substituting real mayonnaise for the regular shortening in baking powder biscuits, using the same amount? So easy to mix and makes delicious biscuits, too.

"Home Building" Is Topic Discussed By Rotarians Thursday

Roy Stovall and James B. Reed were speakers for the regular noon meeting of the Spur Rotary Club, Thursday, August 7.

The program topic assigned to these members was "The Joys and Sorrows of Home Building" as both have recently completed the construction of a new home.

Lynn Buzbee served as chairman of the day. Group singing was led by E. E. Caudle and the invocation given by Ned Hogan.

Everett Martin was elected to club membership and presented the Rotarian pin by O. L. Kelley.

Visitors introduced were Mrs. Barbara Hill, Rotarian Sweetheart of the month; Bob Key, newly elected band director for Spur High School; Guy Dickson, assistant principal of East Ward; R. A. Williams, newly elected science teacher of Spur High School; and W. T. Edwards, Spur Lumber Company employee.

Miss Carolyn Kelley presented the piano selection, "Song of India" preceding the program. The meeting was dismissed by Rotarian president, Paul Marion.

Guests in the home of Mr. and Mrs. E. D. Engleman this week end were Mrs. J. W. Martin of Haskell, Mrs. Ruby Smith and son, Jim of Haskell, and Mr. and Mrs. Bill Richey of Haskell.

Miss Bertha Walker Flown To Lubbock Following Illness

Miss Bertha Nell Walker was met at the Lubbock airport by her parents, Mr. and Mrs. W. K. Walker, Tuesday evening upon her return from Asheville, N. C.

Miss Walker was accompanying a group of young people and sponsors from the First Baptist Church of Spur to the Ridgecrest Baptist Assembly, Ridgecrest, N. C. when she suddenly became ill. Her case was diagnosed by Chattanooga, Tenn. doctors as pneumonia.

As her condition failed to improve, Miss Walker was admitted to an Asheville hospital Friday, July 25, where she remained until being flown to Lubbock and brought to her home in Spur.

Accompanying Miss Walker to Lubbock was Miss Wanda Rhee who will teach home economics in Spur High School this fall and who has been serving on the Ridgecrest Assembly staff this summer.

Miss Walker's condition is reported by Asheville doctors to be showing gradual improvement, but she is to remain under the care of a local doctor.

John McMinn of Post and Harold Brannan of Lubbock were week-end guests in the Horace Wood home. The young men are seniors at Texas Tech.

THE nutrient-valuable egg serves as a cooking tool. It thickens custards and sauces; leavens and lightens a soufflé or cake; binds together oil and vinegar in mayonnaise.

Air present in reamed orange juice heightens the natural fruit flavor. During canning, air is removed. That's why economical Florida canned orange juice should be aerated with rotary beater or by pouring between two containers.

Loosely wrapped and kept at 36 to 40 degrees F. are cues to meat freshness in the home refrigerator. Meat also retains best flavor when used as soon as possible. Hamburger and liver may be stored two days; pork chops for three days; frankfurters and table-ready meats, four to six days; rib roast of beef, five to eight days; round beef steak, five days.

A spicy sauce that perks up cooking yet has never been cooked itself is Tabasco. The Tabasco peppers are naturally fermented, like wine, but through three years.

Despite their color and flavor difference, blueberries and cranberries are nearer cousins than blueberries and huckleberries. Cultivated blueberries, grown commercially the past 50 years, can be frozen dry-pack style in the home freezer.

Count sugar as liquid in recipes calling for unflavored gelatin since sugar goes into solution. The rest of the rule is: one envelope of unflavored gelatin jells two cups of liquid at refrigerator temperature. Up to two cups of solid ingredients may be added.

No market basket dents result when butter and margarine are purchased in paraffined cartons. In addition, the carton prevents odor-absorption from fruits or vegetables in shopping bag and home storage.

For a two-tone frosting based on the 7-minute classic: use half the frosting between cake layers. Then sprinkle a package of semi-sweet chocolate morsels into remainder. Let stand until chocolate is softened, blend and use for top and sides of cake.

Keep costs down, performance up, with a Dodge

Haul at lower cost with a Dodge truck—1/2- through 4-ton—that's "Job-Rated" to fit your job.

Boost gasoline mileage with features like high-compression ratio and special gas-saving carburetor.

Reduce upkeep with such wear-saving features as floating oil intake and positive-pressure lubrication.

Enjoy super-smooth performance with gyro Fluid Drive, wear-protecting advantage available on all 1/2-, 3/4-, 1-ton and Route-Van models.

Come in for a demonstration—and a good deal!

Save on gas and oil. All 8 Dodge truck engines give exceptional economy with plenty of power. You get advantages like lightweight aluminum pistons, improved fuel system with economy control, precision-balanced crankshaft, and other money-saving features.

Save on maintenance. Rugged engines and chassis make Dodge trucks famous for dependability. Upkeep costs stay low because of special Dodge features like 4-ring pistons, chrome-plated top ring, and wear-resisting exhaust valve seat inserts.

Save with long life. Because Dodge trucks last so long, depreciation is less and trade-in value stays up. Long life and dependability are result of such features as alloy steel springs, shot-peened axle shafts, and extra-sturdy frames.

"My Dodge trucks save a lot of money on gas!"

says H. A. ROBINSON
Contract Hauler,
Mobile, Ala.

"On a 200-mile run I save 1 1/2 to 2 gallons of gas. I get this saving seven days a week, and on my two trucks that means I save over \$300.00 a year on gas alone. That's good, because each of my trucks makes an average of 50 stops per day hauling mail."

"My first Dodge truck cost me only \$54.00 of repair expense in two years. I ran my second Dodge over 103,000 miles in two years and spent only \$15.50 on it for repairs."

"If I'd known what I know now about Dodge trucks, I'd have switched to them long ago and saved myself a lot of money."

Credit Associations Hold Meeting In Fort Worth Recently

On Monday and Tuesday, July 28 and 29, the directors and secretary-treasurers of the Stamford Production Credit Association met at Fort Worth with the directors and secretary-treasurers of the Lubbock, Plainview, Amarillo, Canadian and Memphis Production Credit Association, according to announcement by J. L. Hill, Jr., secretary-treasurer. This was one of a series of seven regional conferences of directors and secretary-treasurers of production credit associations being held over the state this summer.

According to Hill, these conferences are in the nature of round-table discussions for the exchange of ideas. Each association selected one subject and conducted the discussion. C. G. Burson of Haskell and directors of the Stamford Production Credit Association led the discussion on their part of the program. Other directors of the Stamford association are J. F. McCulloch, Stamford; J. Spurgence, Reeves, Hawley; Lasater Hensley, Guthrie; and J. B. Pumphrey, Old Glory. Some of the subjects discussed at this meeting were: "Credit", "Improving Public Relations" and "Serving the Territory".

The Stamford Association, like the other 35 in Texas, is entirely owned and operated by its farmer-rancher members. It was organized in 1934 to make crop, livestock and all sorts of agricultural production loans in Jones, Haskell, Knox, King, Kent, Dickens, Stonewall and Shackelford counties.

J. F. McCulloch of Stamford presided for this regional conference. Also attending the meeting were Virgil P. Lee, president; Sam N. Hardy, vice-president; and Thomas V. Merril, secretary-treasurer of the Production Credit Corporation of Houston; W. J. McAnelly, president of the Federal Intermediate Credit Bank of Houston; and E. J. Kyle of Bryan and J. B. Pumphrey of Old Glory, directors on the Farm Credit Board of Houston.

ing the hot part of the day nor should anything be done to excite them. Exercise and excitement build up body heat rapidly, says Patterson and therefore, livestock should not be disturbed during the hot part of the day.

Control the insects that disturb and injure the livestock such as flies, ticks, screw worms and maggots. Failure to provide comfortable surroundings for livestock may also result in digestive trouble and some types of livestock especially cattle, sheep and hogs frequently contract pneumonia as a result of overheating.

Successful and profitable livestock and poultry production can be maintained during hot summer by making them comfortable and protect them from insects and diseases.

U.N. Films TV Program for Latin America

The United Nations Radio Division recently produced its first television program for Latin American countries. The program is the first in a series entitled "United Nations Round Table," filmed on kinescope, and will be presented on television stations of Mexico, Cuba and Argentina. The participants in the first program were, from left to right: Miguel Albornoz, Alternate Representative of Ecuador to U.N.; Benjamin Cohen, U.N. Assistant Secretary-General for Public Information; and G. Martinez Cabanas, of Mexico, Deputy Director-General of the U.N. Technical Assistance Administration.

It is not the intention of this article to depreciate or minimize Thornton's activities and efforts but is for the purpose of pointing out the facts, so that the people may follow Thornton's suggestion that each individual secure all the information necessary "to make an intelligent decision" as action will probably be taken when the legislature meets in January, 1953.

Consider all the facts, then write your representative and ask him to carry out your wishes.

PERSONALS

Recent guests in the home of Miss Jennie Shields were Mr. and Mrs. A. G. Barnes of Meadow; Mr. and Mrs. Jack R. Barnes and children of Austin; Capt. and Mrs. C. M. WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The propaganda by OPS, or the Office Plenty Screw, against independent food merchants is one of the most flagrant examples of bureaucratic meddling, either through intent, or ignorance, in U. S. history.

When OPS set up grocery ceiling prices, stores were classified. The smaller stores were given higher ceiling prices, while the chain stores, in Class 4, were given the lower ceilings.

C. W. Harder

No recognition was taken of the fact that successful independents compete price-wise for equal quality, or to the fact that practically no food item was sold at ceiling prices.

But undeterred by the facts, Office Plenty Screw geniuses widely publicized their action creating a consumer doubt about independent store prices.

Then either through ignorance, or intent, OPS permitted another propaganda drive to start. Manufacturers of home food freezers launched campaigns to sell home freezers to take real or imaginary advantage of buying food in big quantities.

A rash of so-called "food plans" with details of the plans arranged by the manufacturers of freezer boxes have sprung up. In the advertising of these "plans" it is standard practice to claim food can be bought "10% or more below low OPS ceiling prices established for Class 4, or chain stores".

Thus the Big Lie started by the OPS has snowballed.

It is curious to note that one of

the most active freezer manufacturers in this promotion is owned by the International Telephone & Telegraph, which also controls the nation's telephone companies, as well as Western Electric, manufacturers of equipment used by telephone companies and other interests.

There are other curious facts. When H. Graham Morrison recently joined his predecessors who had also been active in the position of Assistant U. S. Attorney General in charge of the Anti-Trust division, he had been probing very deeply into the complex affairs of I. T. & T.

One finding made a deep impression on Morrison. Telephone rates are set by local public utility commissions to return a fair profit over operating costs.

But here was the curious finding of Morrison. Equipment is a major telephone company cost, yet that equipment is not bought on the open market on free competitive bids, but through I. T. & T. owned Western Electric.

Morrison felt study of this situation might result in two beneficial events. One would be lower telephone rates. The second an opportunity for many manufacturers of equipment to share in this business, as there are many American companies capable of producing the same high quality equipment, and perhaps, for less money.

But Morrison returned to private life almost over night.

Another loose end is the fact that the manager of I. T. & T. in Hungary was subjected to a fake Communist trial and imprisoned. Washington secured his release at a big price. But an Associated Pressman framed on similar charges, is still imprisoned, and Washington seems strangely impotent to do anything about it.

Hot Weather Hints On Livestock Care

Livestock and poultry, if given proper attention during the hot summer months, will produce profits for their owners. Our domesticated animals, says Dr. C. M. Patterson, veterinarian for the Texas Agricultural Extension Service, must depend on man to provide them with comfortable surroundings. If proper attention is not given, the animals suffer and down goes production.

Especially important, says Patterson, is a continuous supply of cool, fresh water for all animals and poultry on the farm. The loss of moisture from the animal's body in hot weather is rapid and heavy and unless water is available losses are sure to occur. These losses show up in lost weight, a drop in milk production by the dairy herd or in the case of poultry a drop in egg production.

Of almost equal importance, says the veterinarian, is the need for plenty of ventilated shade. Circulation of air is needed under the shade or in poultry houses to remove the moisture being given off by the animals. The moisture content of the air is more important than the actual temperature of the air in cooling the animal's body. Heat exhaustion is just as likely to occur in humid, stuffy, though shaded places, as in the sun. Don't overcover birds or animals, warns Patterson, for it prevents body heat loss and interferes with ventilation.

Supply feed, he says, in accordance with activity so that breeding, dairy, work animals or poultry don't become too fat. Keep animals in a thrifty condition and don't forget that salt is essential in body heat regulation and should be supplied in adequate amount at all times.

Animals should not be driven about or forced to exercise dur-

SAFeway has it now! -a NEW and BETTER MILK BUY. IT'S Lucerne Milk -consistently richer than State law requires. The richness of other milks may vary. Lucerne never does. And every quart has 400 U. S. P. units of vitamin D added. Yet Lucerne costs no more than ordinary milks, less than home-delivered milk. Safeway's AUGUST SALE. Cling Peaches Libby's No. 2 1/2 can 29c.
