## Barrett Re-Elected Fire Chief Monday

Norton Barrett was elected as Fire Chief of the Spur Volunteer Fire Department at a meeting of the group Monday night. The new term will be Barrett's fourth in succession.

Other department officers elected were John King, Jr., assistant chief; Calvin Simmons, assisting chief; Bill R. Barrett, captain; A. V. Hoover, captain; and A. J. Harvey, secretary.

Twenty members of the department were present at the meeting.

According to a spokesman for the fire department, the people of Spur have cooperated in al-

most every respect during the past year. "However," the report stated, "At times firemen are caught in traffic and delayed on their way to a fire."  
Each fireman has identification

## Group Confessing McAdoo School Theft Held At Crowell

The office of Sheriff Cleo Rogers reported this week that it has received word from Crowell, Texas, that a group of six persons being held there have admitted, among other crimes, the breaking into and stealing of miscellaneous items from the McAdoo school building on November 24, 1952. They allegedly took a turkey, a clock, a radio and other small items from the building.

The report stated that members of the group, collectively and individually, are wanted on several other theft charges over the state and are wanted by the FBI in connection with a Post Office burglary.

The complete confession, allegedly being obtained in Crowell by the FBI, will be forwarded to the Dickens county sheriff's office when completed.

The apprehended sextet includes Sid Cole, Bobby K. Hummel, Mary Helen Jones, Mickey Dodson, Red Turner and Juan-ell Dyson.

on his car and should be given the right-of-way when the fire whistle blows. Motorists should pull over against the curb and come to a full stop when the fire whistle blows. This will enable the fire department to give the city better fire protection.

## STUDY COURSE TO BEGIN AT BETHEL BAPTIST CHURCH

Bethel Baptist Church will begin a study course on the book of Philippians in the New Testament.

The courses begin at 7 p. m. each evening from Monday, Jan. 12, until Friday, Jan. 18. Rev. R. D. Hill, pastor of the church, will teach the book.  
Everyone is cordially invited to attend these courses.

## House Burglarized; Property Recovered

Property taken by one or more burglars from the home of Miss Willie Hampton last Sunday night has been recovered and returned to Miss Hampton, according to a report from the sheriff's office.

Deputy Sheriff D. B. Tullis and Highway Patrolmen, Elmer Faith and Leonard Rose headed the investigation of the burglary. City Marshall Butch Bailey assisted.

The culprit or culprits allegedly entered Miss Hampton's residence in the Smart Addition by breaking through a window on the bathroom window, opening the window and crawling through. Miss Hampton reported a strong box containing valuable papers and some jewelry as missing. The box was later found buried in the field behind the house.

The sheriff's department is still investigating the case.

## Co. Officials Take Oath of Office For '53 In Dickens Thurs.

Dickens county officials for 1953-54 were sworn in and took office last Thursday, January 1, in the office of Judge W. H. Hindman at Dickens.

The oath of office was administered by Judge Hindman to the following officials: County District Clerk Fred Arrington, County Attorney Alfred Walker, Sheriff Cleo Rogers, County Treasurer Mrs. Ava Johnson, Commissioners E. J. O'Field, Roy Ward, Armer Watson and Henry Edwards, Justice of the Peace, Pre. J. E. Berry, Constable, Pre. J. Charlie Finch, and County Judge Hindman.

The officials bonds were proved at the meeting of the commissioners court and salaries were set for the officials.

Newcomers on the county officials roster include Sheriff Rogers, Deputy Tullis, Commissioner Edwards, Justice of the Peace Berry; and Constable Finch.

## Services To Be Held For Willie Putman

Funeral services will be held Thursday, January 8, at the First Christian Church at 2 p. m. for Willie E. Putman, a former Spur resident.

Putman died after suffering a heart attack in Flagstaff, Ariz.

John L. Floyd, pastor of the church, will officiate.

Funeral bearers will be Roy Stovall, James Reed, M. L. Ricketts, Charlie Kearney, J. B. Morrison, Ned Hogan, Dick Sampson and John King.

Interment will be in the Spur cemetery with Campbell's Funeral Chapel directing the arrangements.

## Spur Cagers Win No. 8 Here Mon.

The Spur high school basketball team started the New Year off with a 22-28 victory over a visiting McAdoo sextet. Frances Wilson was high scorer with 13 points, followed by Duffy Austin with 12.

The next night, January 2, the girls played a home game against the Girard team. Frances Wilson was again high scorer, this time with 19 points, and again followed by Duffy Austin with 11. The final score was 44-16 in favor of Spur.

Monday night, January 5, Paducah came to Spur for a game with the local girls only to be defeated 30-14. Betty Dyeas was top point maker for Spur with 12 points. Duffy made 11.

Thus far the girls have a five wins and three losses record, having dropped two games to Paducah and one to Matador. They play the Floydada girls here tomorrow night, Jan. 9, and travel to Jayton next Tuesday (Jan. 13).

All of the Spur basketball team will be out to get revenge for the 34-0 licking administered by the bi-district champs this past season.

The Bulldogs are looking forward to Friday, Jan. 9, when the Floydada whirlwinds will invade the local gym.

Floydada has a fine team this year but will have to be mighty keyed up to compare with their hosts.

The Bulldogs will make up the first five for the Bulldogs. Although Bell was held out of gridiron action because of a knee injury, he served his teammates as manager.

The Bulldogs have averaged 82 points per game to their opponents 29 this season. Through eight games Spur has a total of 413 points to their opponents 236.

In Monday's game the team made 81 percent of their free throws and 34 percent of their floor shots.

## 1952 Was Windier, Warmer, and Drier

Just in case anyone may have forgotten, it was drier, warmer, and windier in 1952 than the 42-year average from 1911 to 1952 at Spur according to records at the Texas Agricultural Experiment Station. Only three years have produced less rain than the 12.49 inches recorded in 1952. The lowest rainfall on record was 11.09 inches in 1924 followed by 1921 with 11.62 inches and 1917 with 11.91 inches. The average annual rainfall for the 42 year period is 20.85 inches. The total yearly rainfall, however, does not show the complete picture. For the first ten months of the year, only 10.38 inches of rain fell which broke the 42-year record. This together with underground season at the outset of the planting season accounts in large measure for the short crops in Dickens County.

Total rainfall 3.33 inches; maximum temperature 96; minimum temperature 27; total wind movement 8615 miles, a new April record.

Total rainfall 1.26 inches; maximum temperature 108; the highest ever recorded in May; minimum temperature 39; total wind movement 7641 miles.

Total rainfall .06 inches; maximum temperature 108; minimum temperature 39; total wind movement 8399 miles, a record for the month of June. A record of 15 consecutive days in which the maximum temperature exceeded 100 was established between June 13 and June 27.

Total rainfall 2.81 inches; maximum temperature 104; minimum temperature 55; total wind movement 5304 miles.

Total rainfall 46 inch; maximum temperature 109; the highest temperature recorded during the year; minimum temperature 84; total wind movement 4499 miles.

Total rainfall 1.22 inches; maximum temperature 49; total wind movement 4062 miles.

Total rainfall 1.25 inches; maximum temperature 92; minimum temperature 19; total wind movement 5431 miles.

Total rainfall .86 inch; maximum temperature 75; minimum temperature 17; total wind movement 4752 miles.

## Taylor Reports Progress In Dickens County Agriculture

**By Charles A. Taylor  
Dickens County Agent**

Dickens county grained about 10,000 bales in 1952. Of this, 8,500 bales were produced in the county. The difference was cotton brought from the plains to the county gins.

The county's 8,500 bales were produced from about 90,000 acres. This production was about equal to the 1946 crop but the '46 crop was produced from only 39,000 acres. The 1952 crop marked the least production year in bales and yield per acre since 1934 when Dickens county produced 4,186 bales with a lint yield of 34 pounds per acre.

Although the total rainfall for the year 1952 was not an all-time low, the spring and summer of '52 were the driest since the Spur Experiment station has been keeping rainfall records.

### Achievements Realized

In spite of this, many accomplishments were realized in the county.

Dry Lake community won first place in the district competition in the community range and pasture improvement program and was awarded a cash prize of \$250.

Don McGinty, 4-H boy from Spur, exhibited the prize-winning scramble steer at the Houston Fat Stock show and received a \$2,000.00 college scholarship for his efforts.

Both the Dry Lake and Highway community carried on some neighborhood programs, meeting twice each month in their respective communities. Improvements were made in community buildings, playground equipment was put to use in each community, and a well planned series of programs were conducted at the meeting places.

**Buried Feed Used**  
G. B. Morris of McAdoo uncovered some feed Austin Rose buried in 1941—the year it rained 46 inches—Remember? The feed was as good as it was the day it was buried.

A lot of feed produced that year was burned in the field in the spring of 1942 because there was no market for it.

The Experiment station is feed-

ing about 100 steers on silage produced in 1949—another wet year. Paul Marion says that if he didn't have this feed, there would not be any steer feeding at the station this year.

Farmers are looking at the dairy cow business a little more. The year 1952 found five or six county farmers going back to the old reliable milk cow.

FFA and 4-H boys in the county exhibited livestock at Houston, Wichita Falls, Lubbock, McAdoo and Spur in 1952. In the Dickens county show held in Spur \$750.00 in prize money was given to these boys. McAdoo held a community livestock show in 1952 and Henry Harris, the president, says the 1953 show will be even better.

### Irrigation in County

Irrigation wells are showing up at Afton and McAdoo. 1952 found about 15 new wells developed in the county. Those wells in operation in 1952 really paid off. Ask Paul Bradcock and the Hale boys at Afton. Fred Halle found that a small producing well will pay off if managed properly.

**What About 1953?**  
What about 1953? There is sufficient moisture in the soil at this time to plow. On most of the county's farm land, this is about all there is. The soil needs to be wet three to four feet deep by planting time to insure a good crop. This means that we are short about six inches of moisture at the present time.

Some of the sandy soil might be in good shape with some less.

Our economists tell us that we can expect farm costs to be higher in 1953 because defense spending will continue at a high rate, higher wages in industry, consumers income will be higher, and an anticipated five percent increase in farm labor.

At the same time, farm income is expected to be lower because the supply of farm products has about caught up with the demand. Many farmers and ranchers felt the downward movement of farm products in the case of cotton and beef cattle in the last half of 1952.

### New Arrivals

Mr. and Mrs. Alvin Henry Reeder announce the arrival of a baby girl born December 22. She is named Linda Beth and weighed six pounds and 12 ounces at birth.

Mr. and Mrs. O. D. Alexander are the parents of a baby boy born December 25. He weighed seven pounds and four ounces and was named Gary Chris.

Mr. and Mrs. James C. Powell are the parents of a baby girl, Sheila Jo, born December 31 and weighing nine pounds and ten ounces.

### Cpl. H. L. Phelps To Return To U. S. Under Rotation Plan

Cpl. Herman L. Phelps, son of Mrs. L. W. Thomas, Route 1, Roaring Springs, Texas, is returning to the United States under the Army's rotation program after 17 months in the Far East.

He served in the 1st Cavalry Division, which spent 17 months in the front lines of Korea before being assigned to security duty in Japan late in 1951.

World War II veterans will remember this same division landed at Lingayen Gulf on Luzon, Philippine Islands in early 1945 and raced to help liberate Manila. American prisoners of war held at Santo Tomas University were freed by an advance column of the 1st Cavalry.

Phelps served in Korea for four months with the 1st Cavalry Division Artillery before it moved to Japan.

He has been awarded the Korean Service Ribbon with two campaign stars, the UN Service Ribbon and the Army Occupation Medal for duty in Japan.

The corporal entered the Army in January 1951.

## Berry Appointed To Navy Academy

### Services Conducted For Mrs. Barton

Funeral services were conducted Sunday, January 4 at 3 p. m. in the Girard Baptist Church for Mrs. Millie Barton.

Mrs. Barton died January 3 in Lubbock. She was born in Mason county in 1900. Mrs. Barton has been residing since 1946 in the home of her daughter at Girard.

Rev. Lee Hollis, pastor of the Girard Baptist Church, officiated assisted by Rev. T. B. Allen, pastor of the Spur First Baptist Church.

Survivors include her children, Clayton Barton of Girard, Mrs. F. H. McGaha of Girard, Mrs. Bertie James of Spur, Mrs. A. L. McCarty of Weatherford, Delroy Barton of Noble, Okla., eleven grandchildren and eleven great grandchildren.

Palbearers were H. C. McElfee, Pete Sharer, A. J. Kidd, Fred Kidd, Honorary pallbearers were Oen Coast, Jimmy Johnson, C. N. Kidd and E. H. Durham.

### HIGHWAY COMMUNITY COMPLETES PROJECT

According to a report from Clark Morgan, chairman, the Highway community has completed the work on their community building.

"We are now clearing all fence rows and putting off more trees. Our plan is to complete one job before beginning another," the report stated as appearing in the January Farmer-Stockman magazine.

Sgt. John E. Berry, Jr.

Tech for one year and was a member of the Silver Keys and the Sam Houston Brigade. He volunteered for the United States Marine Corps in September of 1951.

After volunteering for overseas service six months later, he was sent to Korea where he has served for the past eleven months.

He is now serving with the Headquarters Squadron of one of the Marine Air Control groups in Korea.

He will return to the States soon to receive instructions for this new assignment.

### TRAINING UNION, STUDENTS ENTERTAINED WITH PARTY

## SMALL BUSINESS

*BY C. WILSON HARDER*

For the first time in the long history of the nation's anti-trust laws, the maximum discount principle is now operative.

The decision of the Federal Court in Washington, D. C. upholding the Federal Trade Commission's authority to invade the maximum quantity discount clause of the Robinson-Patman Act, in the tire industry, establishes all tire dealers on a more even competitive footing.

**C. W. Harder**

FTC, using powers granted by Congress, ruled that a car dealer must buy to earn the maximum discount.

The Big Rubber Four appealed to the court. While this tool went on, enforcement of the ruling was suspended. Court action upholding the FTC ruling made the order effective immediately.

Appearing as a friend of the court was George Burger, vice president in charge of the Washington office of the National Federation of Independent Business which originally requested the FTC action in the tire industry.

This ruling on tires indicates what can be accomplished in many industries where independent dealers are severely discriminated against. Testimony showed that in the tire business, company owned stores, and other favored retail outlets often sold tires for less than independent dealers could buy them.

These same tactics are also employed in other industries.

For example, there are many complaints in the television in-

dustry that special "under the counter" discounts and deals are favoring a few retail outlets, while most dealers do not receive such consideration.

Neither does the public gain.

Major factors in the television industry maintain a price schedule to the consumer. This results in big profits for a favored few.

No manufacturer loses money on the sets sold to a favored few retail outlets, it is believed.

Therefore, the conclusion is being rapidly drawn that there is a great deal of inflation in the price consumers pay for TV.

But this fact, in connection with the FTC ruling, is the most important of all.

For the first time in history, organized independent business now has a workable, practical tool to correct the grave injustices of price discrimination.

In another field, Washington gets a chuckle out of Congressman Howard Buffet's (Neb.) analysis of foreign aid.

He says to effect, "The poor Indian. The Mutual Security Administration has been operating for just four or five years, but 75 years, starting with the Indians. And what is the condition of the Indian today? Are we now developing European Indians?"

The wisdom of this ironical observation was buttressed by the action of the French government in setting up a new budget.

The new budget is predicated upon the American taxpayers supporting a large part of the French budget through MSA grants. And oddly enough, France set up this budget before a new U. S. Congress has met to consider increased aid for France.

### Girls Attend Life Retreat Saturday

## Hints For Homemakers

Just tell your family, "Hot dogs for dinner tonight!" -- and the chances are that they'll be waiting at the table before the food is even ready.

Almost in the category of a traditional American dish at this point, frankfurters lend themselves to a great variety of main-dish recipes, as well as being standard between-meal fare at the picnic, the ball game or after the show.

Frankfurters are pre-cooked when you buy them and need only to be heated to be served hot. If you buy a pound, you'll usually get 7 or 8 frankfurters.

Use the broiler of your electric range for these two recipes.

- Broiled Frankfurters
  - 12 frankfurters
  - 12 slices bacon
  - 2 tablespoons mayonnaise
  - 2 tablespoons prepared mustard
- Slit frankfurters in half, lengthwise, but not so completely as to flatten them. Mix together mayonnaise and mustard; blend well. Fill the slit frankfurters with mixture. Wrap each filled frankfurter with 1 slice bacon. Hold in place with toothpicks. Place on rack in pan under broiler unit so frankfurters are about 3 to 4 inches from unit. Broil 4-5 minutes, turn broil 1-2 minutes longer. Remove toothpicks and serve in frankfurter buns.
- Grilled Frankfurters and Cheese Sandwiches
  - 6 slices white bread
  - 6 frankfurters
  - 3-4 pound American Cheese
  - Mustard pickles
- Place bread slices on broiler rack in broiler pan. Cut enough cheese to cover surface of bread slices in slices 1-8 inch thick. Place cheese on bread. Split frankfurters in lengthwise halves and place cut side up on cheese. Place broiler pan under unit so top of food is about 4 inches from broiler unit. Broil 5 minutes or until cheese is very lightly brown. Cut remaining cheese in strips 1 x 1-2 x 1-4 inches. Place one strip across the center of each frankfurter. Broil one minute longer. Serve immediately, using mustard pickles as garnish.

### Party Is Given In R. G. Bostic Home

The young people of the Soldier Mound Baptist Church were honored with a party in the home of Mr. and Mrs. R. G. Bostic Thursday night, January 1.

## World's newest V8 powers BUICK'S GREATEST CARS IN 50 GREAT YEARS

HERE you see pictured the Golden Anniversary ROADMASTER—engineered, styled, powered and bodied to be fully worthy of its paragon role in this fiftieth year of Buick building.

A quick listing of simple facts will reveal just cause for celebration.

- ★ It has the world's newest V8 engine. Vertical valves; 12-volt electrical system; 180 pounds lighter; entire engine is so compact, a new, more maneuverable chassis has been built around it.
- ★ It has 188 Fireball horsepower. A new Buick record; engine horsepower per pound increased 40%.
- ★ It has a compression ratio of 8.5 to 1. Highest compression on the American scene today; bettered fuel economy.
- ★ It has a dynamic-flow muffler. For the first time in automotive history, a muffler with zero power loss.
- ★ It has a new Twin-Turbine Dynaflow Drive. Now adds far swifter, quieter, more efficient getaway to infinite smoothness at all speed ranges.
- ★ It has new braking power. Most powerful braking action of any Buick in fifty years; plus the new ease of Power Brakes, optional at extra cost.
- ★ It has a still finer ride. The softest, steadiest, most buoyantly level ride that Buick's advanced engineering has yet produced.

It has, also, wondrous handling ease, with Power Steering as standard equipment. It has superb comfort. It has sumptuous fabrics and tailoring. And its acoustics are so thoroughly mastered that it may well be one of the world's most quiet cars.

But no listing of facts can do true justice to this phenomenal automobile, or to its brilliant brothers, the 1953 SUPERS and SPECIALS.

And no words can really tell you the beauty you see, the comfort you feel, the excitement you experience—when you look at and drive any one of these big, beautiful, bounteous Buicks for 1953.

Will you come in and see for yourself that these are, in simple truth, Buick's greatest cars in five brilliant decades?

## Board Of Directors To Meet Monday

The Board of Directors for the Ex-Student Association will meet Monday, January 12 at 7:30 p. m. in the Chamber of Commerce office. This is to be a very important meeting so all members are urged to attend to vote on the date for the homecoming in 1933. The secretary, Billy Ray Barrett, would like the help of the people of Spur in securing addresses of any ex-students of Spur schools. The class of 1932 would appreciate anyone sending the addresses of the following people to Billy Barrett as soon as possible so they may be contacted: William L. Rogers, Carmel Shockey, Thomas M. Verrier, Louise York, Harmon Bennett, Silvio Gray, Marion Shaw Christol, Nell Collett, Chester Edwards, Woodrow Gorham, Carrie A. Hill, Eloise McCombs, Glen Mayfield, Esther Lee Mitchell. This is your Ex-Student Association so help the secretary by sending in names of ex-students and the year in which they graduated or the year in which they should have graduated.

## CARD OF THANKS

We want to take this opportunity to wish a very happy prosperous new year to each and every one who has been so wonderful to us during the recent illness of our dear wife and mother, Mrs. C. W. Lee. May God's richest blessings abide with each and everyone of you throughout 1933. You will never know how much each kind deed and word has helped us and how much we appreciate everything. Your kindness and thoughtfulness will live with us through this life. C. W. Lee, Raymond and Robert, Route 1, Afton. Mr. and Mrs. Obie Lee and family, Route 1, Afton. Mr. and Mrs. Charles W. Mrs. Evalene Holly and children, Hazel Jo and Bobby, of Amarillo visited over the week end with her mother, Mrs. W. M. Hazel. Captain Robert G. Rose, who is in the Air Force and stationed at Donaldson Field, Greenville, South Carolina, visited with his parents, Mr. and Mrs. Joe Rose, and his sister, Mrs. W. A. Ligon and family.

## Lets Talk Livestock

The year 1932 will long be remembered by livestock people as the year of the Great Drought -- but it will also be remembered as the year of the Big Break in Prices. Perhaps live stock prices have never before undergone such a drastic series of losses as have hit cattle and sheep prices simply because they had never been so high and had so far to fall previously. At the start of 1932, cattle and sheep prices were still near their highest peak since OPA died in 1946. The speculative fever that had gripped the industry was still raging. It was "buy, buy, buy" on the part of all interested and the bullish sentiment was spurred by government figures, as released, and statements from people in high places. However, as the first quarter of 1932 unfolded it was very evident that change was in the air. We noted this changed feeling in our visits with farmers and ranchers in Texas, Oklahoma, Arkansas and Louisiana. We discussed this new temper among the people with many men in many lines of business. There was a feeling of caution, a feeling of impending changes which grew from the prolonged lack of progress in the Korean War and the exposure of many scandals in high places. Livestock producers swung over to the selling side and for the first time in nearly a decade more people wanted to sell than wanted to buy. The Great Drought put spurs to this sentiment as the Summer progressed. The stage was set for a serious price collapse and it came in on schedule. Speculators in livestock took to the sidelines, or took one drubbing after another, as prices continued to slide. The false bottom fell out of the badly inflated stocker and feeder price structure when Cornbelt and other buyers studied the previous year's losses and became cautious and very bearish buyers. Strong suspicion was abroad in the land that while government estimators believed the cattle population was between 90 and 95 million head, that it was possible that the past eight years of steady stocking of farm pastures may have boosted this population well beyond the 100 million mark. As Spring changed to Summer, prices lost ground steadily. At the close of this year of 1932, virtually all classes of livestock were selling many dollars per hundred below a year earlier and some were going to market expected \$50 to \$100 per head losses. Many cows that had cost \$250 to \$325 a year ago for stocking purposes will currently bring half that. Time alone will tell whether 1932 will be more famous for the Big Drought, or for the bursting of the speculative bubble in livestock. At the start of 1932, good and choice fed steers drew \$25 to \$36 at Fort Worth, today comparable cattle bring \$22 to \$29. Common and medium butcher steers and yearlings a year ago at \$22 to \$25, today bring \$10 to \$19. Fat ewes at \$21.50 to \$28 a year ago, bring \$12 to \$16 today. Cannons and cutters at \$15 to \$21.50 a year ago, now get \$3 to \$12. A year ago bulls sold for \$19 to \$28.50 at Fort Worth, today \$10 to \$18.50 is the range. Good and choice slaughter calves a year ago drew \$30 to \$35, and this week sell for \$18 to \$23. Common and medium butcher calves at \$31 to \$29.50 a year ago, sell at \$12 to \$18 this week. Culls at \$18 to \$20 a year ago, cashed at \$8 to \$12 this week. Good and choice stocker calves at \$30 to \$38 a year ago, sell from \$18 to \$22 this week, and some extreme lightweights sold over \$40 and baby calves to \$60 to \$75 per hundred early in 1932. Stocker yearlings and steers at \$21 to \$35 a year ago, have a range of \$11 to \$22 currently. Stocker cows at \$21 to \$27.50 a year ago, sell today around \$12 to \$18. Top hogs at Fort Worth a year ago brought \$19 and currently sell near \$17. Sows at \$15 to \$16.50, currently bring \$13 to \$16. Ewes sold at \$10 to \$15 a year ago, currently bring \$6 to \$8.60. Fat lambs at \$22 to \$28.50 a year ago, sell from \$17 to \$20. Feeder lambs at \$15 to \$25 a year ago, compare with \$10 to \$15 lambs this week at Fort Worth. Some lambling, and some not so ambling, steers are cropping up in the drought relief hay program. Seems that buyers for the government are having trouble getting so much hay as their orders call for. One rancher told us he had been informed it looked like it would be June or July before he could expect delivery. Says if he has to wait till then he'll be out of the cattle business. Another rancher said he ordered mixed grasses hay and imagine his surprise when he got a load of high grade alfalfa.

Mrs. R. A. Drennon had as guests recently in her home her children, Mrs. Evelyn Drennon of Meadows, Mrs. Frank England and family of Boaring Springs, Mrs. Robert Drennon of Lubbock, Paul Drennon, who has returned from spending two and one half years in Alaska, Mrs. Gladys Gellen and children, and Mrs. Thurman Morrow and family.

The Rusty McGintys of Plains were guests of Mrs. O. M. McGinty over the week end. They were Sunday luncheon guests of the O. L. Kelleys.

Mr. and Mrs. Henry Myers of Perry, Texas and Mr. and Mrs. Dial Hindman, Pamela and Bill of Lynnwood, California, visited recently with their sister, Mr. and Mrs. O. L. Kelley.

Lt. Col. and Mrs. Dick Talferro and Richard returned to San Benito recently after visiting with her parents, Dr. and Mrs. B. F. Hale.

Pvt. and Mrs. Robert L. Harrison, Jr. of Ft. Knox, Kentucky, returned to their home Saturday after spending the holidays with their parents, Mr. and Mrs. Robert L. Harrison of Jayton and Mr. and Mrs. Thurman Morrow of Spur.

**IT'S THE LAW in Texas**

**INCOME TAX PAYMENTS DUE THIS MONTH FOR MANY**

Some Texans who settle back comfortably and wait for March 15th to roll around before doing anything about their Federal income tax may be in for a rude surprise, lawyers say. For, although the instructions and forms recently mailed to each taxpayer do not mention the fact, for practical purposes January 15th, rather than the March deadline, is the last day of grace for many individuals.

This is due to the Federal laws requiring certain persons to file Declarations of Estimated Income Tax or the pay-as-you-go plan. Under those laws several million people are required each year to estimate their total annual income in advance, making quarterly tax payments based upon such estimates. The final quarterly payment for 1932 is due on or before January 15th, 1933.

A declaration must be filed by every citizen or resident who receives annual wages (subject to withholding) in excess of \$4500, plus \$600 for each exemption claimed.

For example, a single person with no dependents who received wages in excess of \$5100 is required to file a declaration. If he has one additional exemption, he need not file unless his wages exceed \$3700 during 1932. This latter figure would also apply to a married couple without dependents filing a joint return.

In other words, the amount goes up \$600 for each exemption the taxpayer is entitled to claim, including any exemptions for age or blindness.

A Declaration of Estimated Income Tax must also be filed by any person with annual income from sources other than wages (subject to withholding) in excess of \$1000. Of course, individuals whose income did not exceed \$600 during 1932 need not file, even though no tax has been withheld.

Those falling into the required category who have failed to file declarations at quarterly intervals during 1932 may make amends by filing either a final declaration or an income tax return by January 15th. At the same time they should pay any balance of tax owed the government on their entire 1932 income.

Now, if paying the entire balance of your tax prior to January 15th is going to be a difficult matter due to a quirk in the tax laws you may be able to avoid penalties by paying at least 80% of your total tax at that time and the remaining balance by March 15th. This would involve filing both a declaration (by January 15) and a tax return (by March 15).

The first quarterly declaration on 1932 income is due on or before March 15th.

(This column, based on Federal law, is written to inform-not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

### 1953 BUICK—NEW POWER, PERFORMANCE, STYLING

**Buick introduces for 1953 a Golden Anniversary line of cars with outstanding engineering developments which include the world's newest V-8 engine and an advanced Dynaflow transmission.** Pictured above is the two-door, six-passenger Riviera in the Super Series, most popular hard-top in the Buick line. Its new engine, leader of all V-8s, turns up 170 horsepower with a compression ratio of 8.5 to 1. The new Twin Turbine Dynaflow gives it vastly improved performance and greater economy with no sacrifice of Buick's completely smooth acceleration. It has a re-styled front end incorporating a sturdier grille, two-piece bumper, and a futuristic headlight arrangement. A new alligator-type hood, long-flowing body lines, new moldings and ventiports, and horizontal rear fenders with bullet-shaped tail lights, give the car an ultra-modern, sleek appearance. The interior features fresh new colors and tasteful trim. Its wheelbase is 121½ inches and offered as optional equipment are wire wheel covers and power steering.

### Dickens Co. Library Receives New Books

During the last three weeks several new books have arrived and are ready for the use of readers at the Dickens County Library.

Among the new books are Darwin Teilhet's "Steamboat on the River," Pat Frank's "Hold Back the Night," Turnbull's "The Gown of Glory," and Costain's "The Silver Chalice."

Teilhet's book describes the life of transportation on the rivers of America in the 1830's. Jim Owens learned from Lincoln "what it took to face the rough passions of a frontier town." The story is presented as a "stirring and vivid narrative full of the zest of a young American forging his destiny."

"Hold Back the Night" by Pat Frank presents a Marine captain in Korea and makes fiction assume life.

"The Gown of Glory" is drama, humor, pathos, and adventure in the life of a minister of a village church of fifty years ago and his family.

and Jerry, will return home with them.

Randy and Jenne Cole are spending the week with their grandmother, Mrs. Velma Rogers.

Mr. and Mrs. E. J. Lassetter received word that Lassetter's nephew, James Lassetter, is in Japan. He is guarding prisoners.

### Miss Pierce, Bobby Cooper Are Wed

Mr. and Mrs. G. C. Pierce of Dickens announce the marriage of their daughter, Shirley Anne, to Bobby Charles Cooper, son of Mrs. Watson Ross of 3618 Mt. Royal, Dallas, in a double ring ceremony Saturday, December 27.

The couple was married in the home of W. M. Malone.

The bride wore a grey cord suit with navy accessories. Her attendants were Joan Pierce, her sister, and as aunt, Mrs. Elmer Tanker. Billy Thacker served the groom as best man.

In recent years the acreage planted to corn in Texas has been exceeded by only three other crops, cotton, grain sorghums and wheat.

### Bulletin On Broiler Production Released

Broiler production in Texas is big business. During the past year more than 50 million broilers were marketed and the industry is still expanding.

As an aid to broiler growers, the Texas Agricultural Extension Service has released a new bulletin, "B-394, Broiler Production," and it is available at all county Extension offices, Extension Popultry Husbandman, W. J. Moore the author.

Moore says broiler production in Texas has become a specialized industry. Modern breeding and feeding methods, he continues, permit year-round production and this enables the grower to utilize all his facilities and assure a steady source of income. Large scale production results in higher profits, better markets and the efficient use of labor and equipment, says the specialist.

Included in the bulletin is information on baby chicks, brooding, housing, feeding, lighting, sanitation and a discussion on the use of battery brooders. The latest research findings and experiences of broiler producers were used by Moore in writing the publication. The Texas Agricultural Experiment Station and Popultry Husbandry Department of Texas A & M College have contributed much to this research, especially in the use of antibiotics and vitamins.

Persons interested in securing a copy of the bulletin should contact their local county agent. It is available without charge.

### New Golden Jubilee Ford Tractor

A new, heavier, longer and much more powerful Golden Jubilee Model tractor has been put into production by the Ford Motor Company, manufacturers of more than two million farm tractors since 1917. The new machine is described as the most modern farm tractor ever built. It has new advanced hydraulic controls and is powered by an entirely new overhead valve Ford "Red Tiger" engine. In 1953 the company celebrates the 50th anniversary of its founding by Henry Ford Sr. in 1903.

### Mrs. Ratliff Hosts MYF Calendar Party

The MYF of the First Methodist Church in Spur had a Calendar party in the Dyess tea room Tuesday, December 30. Mrs. L. D. Ratliff was hostess.

The guests were dressed to represent the month of the year in which they were born. Alice Crockett won the contest for the girls. She was dressed as a Negro to represent the month of June. Winner of the boys was Donald George Snodgrass who was dressed as Christmas for the month of December.

The menu for the evening consisted of fried chicken, creamed potatoes, beans, hot rolls, gravy, pear salad, chocolate pie, iced tea.

After the dinner the group played games.

Approximately forty persons attended.

There is still a chance that winter legumes and small grains planted for pasture now will pay big dividends in the spring, especially, if no other grazing is now in sight.

## 3 Texas 4-H'ers Win National Honors

HIGHEST HONORS were accorded 4-H Club members recently in Texas when they were named national winners in their respective categories. Pictured here are Texas' national winners in Farm and Home Safety, Food Preparation and Beautification of Home Grounds.

Donald Bayer, 17, Muenster, Texas, a national winner in the 4-H Farm and Home Safety program, completed five years of safety work under the leadership of his father, Martin Bayer. He made a safety survey of his town, posted crosses on hazards, checked his own farm and home and assisted fellow members in their surveys. During Farm Safety Week he gave two talks, made four posters for display, and distributed 600 farm safety sheets.

Irene Polasek, 19, Corpus Christi, Texas, a six-year member, prepared 4,165 meals and baked 181 dozen rolls, 205 dozen biscuits, 474 dozen cookies, 236 cakes and 272 pies, won national honors in the 4-H Food Preparation program. Since her mother's death two years ago she has planned and prepared the family meals. She is the junior leader of her club. Irene has given numerous demonstrations, and baked many cakes, pies, cookies and biscuits for church suppers, parties and picnics. Last year she was foods chairman for the 4-H

Elwyn Ellis, 15, Plainview, Texas, a six-year member, achieved a national win in the 4-H Beautification of Home Grounds program, in which she has been named a national winner for 1952. He and his mother, a former 4-H'er, planned improvements long before their three rooms were remodeled into an eight room home. Elwyn helped plant a fruit orchard north of the house, which is a windbreak and screen for outbuildings. Plantings include pecan, walnut, catalpa, ash, a privet hedge, lilacs, forsythia, roses, and red leaf barberry. He is proud of his lawn, and he helped build concrete porches, walk, outdoor living room and chairs. His father is club leader.

Donald received a \$300 college scholarship from General Motors, Detroit, Michigan, and Miss Polasek received a \$200 college scholarship provided by Kelvinstor, Detroit, Michigan. A trip to Chicago Club Congress was given to Elwyn by Mrs. Charles W. Green of Chicago, Illinois.

All these programs are conducted under the direction of the Cooperative Extension Service.

## College Students Conduct Services At Baptist Church

Sunday, December 28, college students at the First Baptist Church were in charge of the services. Beryl Durham, a Tech student, was the program leader.

Doris Gibson gave the call to worship. Peggy Wilson read the scripture, and led in prayer. Virginia Ruth Shugart read a religious poem. Kenneth Swaringen told of the religious activities at Wayland Baptist College where he is a student.

Emma Simpson told about the religious activities on the campus at Hardin-Simmons University. Kenneth Watson, a student at HSU led group singing. William North gave the inspirational message. Melvin Lindsey led in the closing prayer.

# What Good Is a Baby?

The story is told of a research man who had just discovered a new substance. A friend asked, "What good is it?"

"What good is a baby?" countered the researcher.

Babies and new products have to grow up before anyone knows how important they may be. Quite a lot of infants have been brought up at General Electric during the past 75 years. During the bottle stage, nobody could predict their future accurately. But as it turns out today, they were real prodigies. Here are just a few that were first brought to the American public by General Electric men and women:

- the first electric lamp
- the first home refrigerator with sealed mechanism
- the first high-vacuum radio power tube
- the first fluorescent lamp
- the first automatic electric blanket
- the first large steam turbine for electric power
- the first jet plane engine in U.S.
- the first disposer for kitchen food waste
- the first high-voltage x-ray

We don't ordinarily trot out the past like this. But 1953 marks a birthday. For it was in 1878 that Thomas Edison organized the first of the companies which, in 1892, became the General Electric Company. And, like anyone on his birthday, we do look back over our shoulder.

This is just the beginning, really. Research and engineering are bringing out new things faster than ever—"babies" to lighten labor and brighten everybody's life.

You can put your confidence in—

# TINKER, TAILOR, Cowboy, SAILOR

These folks—and folks in all kinds of jobs, from housewife to teacher, from farmer to doctor—are owners of electric light and power companies like the West Texas Utilities Company.

Three million of them are direct owners. They've put their savings to work directly in electric company securities. Moreover, the 86 million people who

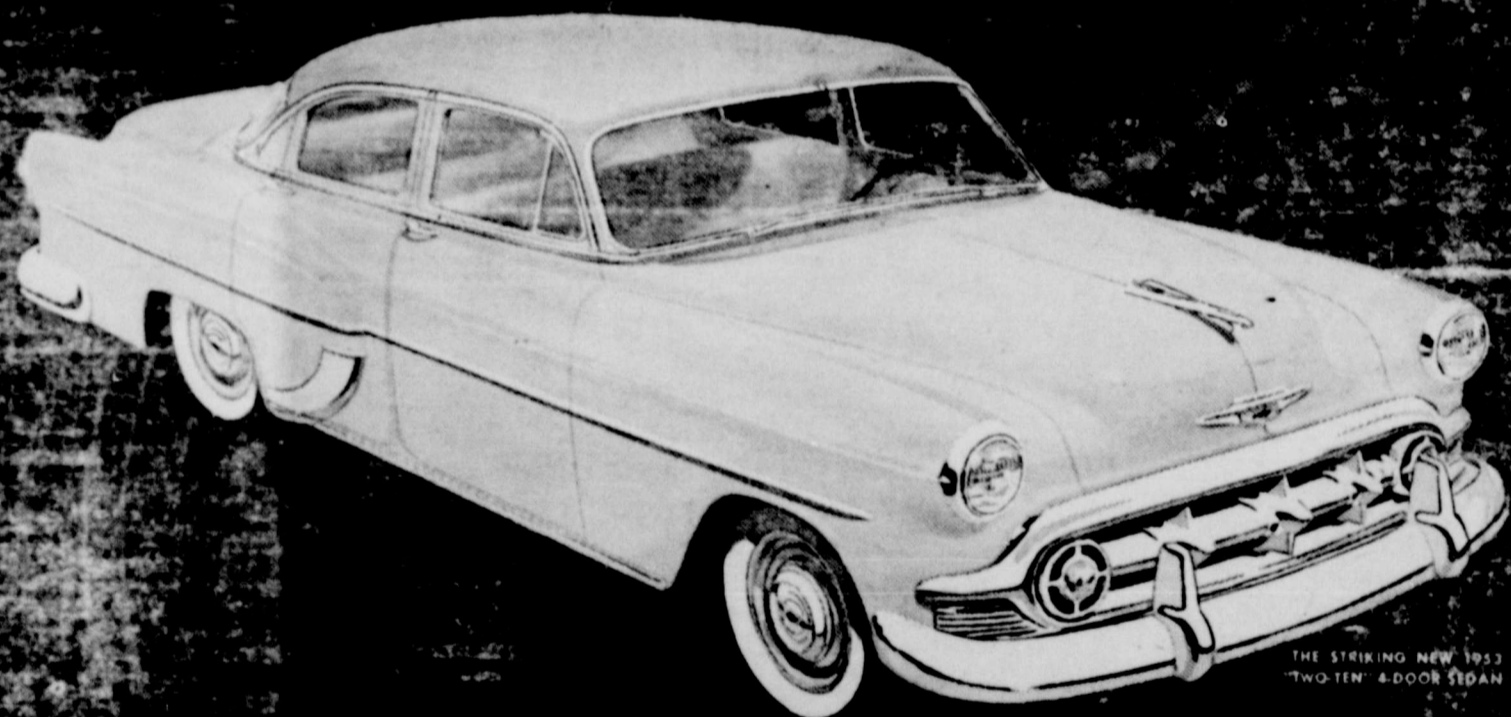

have life insurance, and the 65 million people with savings accounts, are indirect owners, because banks and insurance companies make your money work for you by investing much of it in the nation's electric companies.

This means that electric companies like yours, which are run for the people, are really owned by the people, too!

unity News . . .

The Loyd Rinehart of Oil Center visited her parents, the Donnie Paces on New Year's Day. Their girls were visiting here through the week and returned home. LaDonna was to be in school Monday at Eunice.

The Earl Doziers had dinner Sunday with her parents, the Swans who live at Croton. They drove over to Crosbyton to visit an old friend in the hospital there who is past 90 years of age, Mrs. Paul Lee Taylor. She is in an unconscious state.

The varmints are getting bad in our community. They killed the Paces' dog last Friday night.

We had quite a bit of excitement last week when barefoot tracks were discovered passing through the shinnery. They were first noticed near the Pace water tower and were followed across the place going west. They went to the L7 ranch where the trackers were turned back. It was learned that a Negro woman was running away from the law and had walked barefoot from Spur.

We are happy to welcome the Jack Gordon family from Dry Lake into our community. Our club should be benefited by Mrs. Gordon as well as the community in general as she was a prominent figure in the work while living at Dry Lake.

Mr. and Mrs. L. J. Hurst and their twins visited Sunday with her mother, Mrs. Eric Foster. Michael and Bobby returned with them.

Mr. and Mrs. Willis Jernigan and Willis visited over the week end with friends in Spur.

Mr. and Mrs. R. L. Benson were visiting Sunday in the home of Mr. and Mrs. Dennie Smith. Also visiting with the Smiths were Mr. and Mrs. John Smith of Lawton, Oklahoma.

Greg and Gayle Williams, children of Mr. and Mrs. Pat Williams of Dallas, are visiting with their grandparents, Mrs. Helen Williams and Mr. and Mrs. O. C. Arthur. Greg and Gayle have a baby brother born December 18 and named Ray Arthur.

Over the week end in our community, the Jeff Smiths of Dry Lake and the Forrest Martins of this community. They took their girls, Sandra, Shiela, and Shelly home after visiting through the week here.

Mr. and Mrs. Ray George had dinner on the last day of the old year in the home of the Paces.

Plans Being Made For Western Parade At Fat Stock Show

Plans are being made for the all Western parade which traditionally signals the opening of the Southwestern Exposition and Fat Stock Show. Ernest Allen, vice president of the show, announced today. Allen, for many years parade marshal, will again serve in that capacity. Route of the parade will be somewhat different due to the change of the assembly point from the T & P Reservation to the parking lot of La Grave Field (Fort Worth Cats' baseball park) which can be reached by turning east from North Main on N. E. 7th Street. The parade will proceed south on North Main to Buff Street, down Houston to Fifteenth, over to Main, north on Main to the courthouse east to Commerce and then back to the baseball park. Sheriff's posse, riding clubs, special groups, families and individual citizens are welcome to part. City's representatives of the organizations may carry identifying banners. No permit is necessary to participate but, if possible, notification ahead of time will enable Allen and the parade committee to plan a special place for the various units. Hands also are welcome to march in the parade. All others will be on horseback or in horse-drawn vehicles. The parade will assemble at 12:30 p. m. and will move promptly at 2 p. m. Friday, January 30. The hundreds of horses, many with elaborate saddles and equipment, and the riders in Western garb are a spectacle that attracts thousands along the line of march.

NEW LIVE-ACTION...NEW HY-TROL

Now, in the new Golden Jubilee Model, Ford Tractor engineers have carried a time-proved hydraulic system to a new high in speed of response, dependability and wide usefulness. This Live-Action Hydraulic System gives split second response at all times when the tractor is running. It handles larger implements and heavier loads. And, with Hy-Trol, you can speed up lifting action when desired. Yes, the more you learn about the new Ford Tractor the more you will see how it can bring new ease and speed to your farming—new economy, too. Have you looked over the new Ford Tractor yet? Come in today!

Choice of Hydraulic Speeds—A few quick turns of the Hy-Trol knob gives you extra fast action of mounted implements or of remote cylinders. Handle Bigger Loads Safely—Smoothly—Extra lifting power built into the new Ford Tractor Hydraulic System handles bigger tools and heavier loads. New "Red Tiger" Overhead Valve Engine—Ford's greatest tractor engine! Gives smooth performance at all speeds, plus extra pull power in heavy going.

Texas Farm Bureau To Have District 2 Conference Jan. 17

Legislative strategy and organization plans for the Texas Farm Bureau in 1953 will be discussed at a special District 2 conference of state and local Farm Bureau leaders January 17 at Lubbock Hotel in Lubbock, Texas, according to W. R. Tilson state director from this district.

The meeting is one of a series of legislative and organization conferences being held this month in 12 of the 13 Farm Bureau districts in the state. The session will begin at 10 a. m. with a report on the last state board meeting by the district director.

Legislative, organization and publicity conferences start at 11 a. m. and continue until noon. Vice-president C. H. DeVaney of Cochoma will preside at the legislative meet, State Field Representative Leon M. Lane will preside at the organization conference and Information Director Bill Hoover will meet with local newspaper reporters and county Farm Bureau publicity directors.

O. B. Long, southern field representative of the American Farm Bureau Federation, will speak at the assembly on "The Challenge to Texas Farm Bureau Federation." Following his talk, Lane will speak on the topic "Now is the Time." A discussion period is scheduled after the speeches.

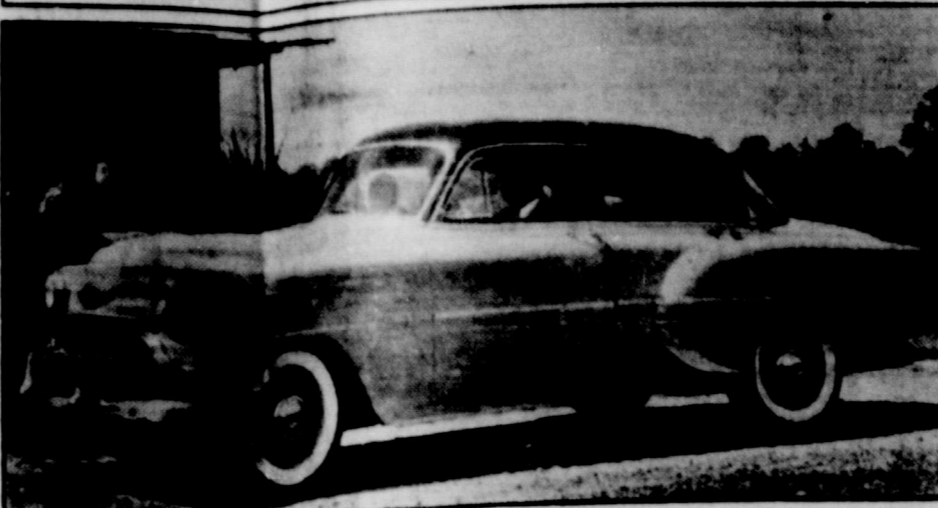

To be discussed in the conferences will be issues expected to come before the 33rd session of the Texas Legislature which meets January 13 in Austin. These include legislation affecting rural roads, non-highway gas rebates, water and seed laws and many more issues vital to persons engaged in agriculture. The Texas Farm Bureau Federation was considered the most influential lobby at the last legislative session.

Among other things, the state farm organization led the fight that saved the rural road program in Texas and non-highway gasoline rebate. The Farm Bureau was also instrumental in obtaining other legislation favorable to the farmers and ranchers. Allied with the Farm Bureau in the road program battle were the rural letter carriers and county judges associations. Had the fight been lost, it would have meant, among the counties would lose their present road bond as union monies, and that new sources of revenue would have to be found to finance county governments.

At the start of the vital road program, DeVaney was expected to come before the Legislature to support the program. He is expected to be one of the speakers at the Texas Farm Bureau conference.

Give farm animals the kindness they deserve and respond by working harder for you.

Increased Performance in New Chevrolets

The low, sweeping lines of the 1953 Chevrolets are exemplified by this four-door sedan in the "Two-Ten" series, which this year offers increased performance, comfort and convenience in addition to a complete redesign. Apparent in this view are the enlarged front and rear vision, new fender and hood contours and a fresh grille treatment that enhance the rugged beauty of the cars. Four-door sedans are also available in the "One-Fifty" and the new Bel Air series.

Officers Elected Win National Honors

Officers elected to the 1953 4-H Club Meeting recorded 4-H Club members respectively in their respective districts in the 1953 Study Club day, January 6. The president, Mrs. Walter Gruben, presided over the business session.

Officers were elected for the new Study Club year beginning in September. They were: district, Mrs. H. L. Walker, vice president, Mrs. Grady; secretary, Mrs. Grady; ex-officio, second vice president, Weldon Skinner; recording secretary, Miss Unell Middleton; corresponding secretary, Everett McArthur; treasurer, Lonnie Lewis; reporter, Mr. Everett Martin; librarian, Mrs. Steele; delegate to City Federation, Mrs. Walter Gruben.

Mrs. Everett Martin, president, introduced Mrs. Claude, who spoke on "The Home."

Refreshments of sandwiches, olives, cake and coffee were served to the members and the Mrs. Grogan and Mrs. Blain.

The present were Mrs. C. Mrs. Hurshel Durham, Middlebrooks, Mrs. Walker, George Gabriel, Mrs. Lewis Skinner, Mrs. McArthur, Wright, Mrs. C. H. McCully Carlisle, Mrs. Allison, Mrs. N.

Mrs. Claude achieved 4-H Club membership in 1951, she was the county 4-H Gold Star Girl.

Elwyn Ellis, 15, Plainview, Texas, a six-year clubber, enjoys "watching things grow," so enrolled in the 4-H Beautification of Home Grounds program, in which she has been named a national winner for 1952. He and his mother, a former 4-H'er, planned improvements long before their three rooms were remodeled into an eight room home. Elwyn helped plant a fruit orchard north of the house, which is a windbreak and screen for outbuildings. Plantings include pecan, walnut, catalpa, ash, a privet hedge, lilacs, forsythia, roses, and red leaf barberry. He is proud of his lawn, and he helped build concrete porches, walk, outdoor living room and chairs. His father is club leader.

Donald received a \$200 college scholarship from General Motors, Detroit, Michigan, and Miss Polasek received a \$300 college scholarship provided by Kelvinton, Detroit, Michigan. A trip to Chicago Club Congress was given to Elwyn by Mrs. Charles Walgreen of Chicago, Illinois.

All these programs are conducted under the direction of the Cooperative Extension Service.
