Safe Shaft Cleaner

When grass or weed stems bind tightly around revolving shafts or axles of farm equipment, it's a vex-ing and sometimes dangerous job to dig them loose. But here's a safe dig them loose. But here's a safe shaft-cleaner; a steel quarter or half-inch rod, with an 8 or 10-inch handle, and a sharp hook on one end. With it you can break the stems and clean the shaft without danger of losing a finger or hand—even if you've been careless enough to leave the shaft in motion. One farmer made several, one for each implement where wrapped shafts was a problem.

Bacon-Bringer Bakes Beans

WHEN the kitchen becomes a Winan's world, hearty foods go into production. Here canned baked beans get a spooning of unsulphured molasses for richer flavor. Then a quick bake. There's ham to broil and a salad to toss. Dad does himself proud with his seasoning tricks.

Basic foods prepared with a flourish but no frills. That's the usual fack father takes as chef. Canned baked beans he picks because the family likes them and their long preparation has been done by the canner. He makes them his own personal achievement with added seasonings. Unsulphured molasses comes first because of the spley, distinctive flavor of this old-fashloned aweetener. A bit of vinegar, and spices and there is new wonder to the taste.

Unsulphured molasses can be added to baked beans whether of

faiths and religions since the spirits of thought and faith were raised in man.

In that sprouting seed and tiny sword-like leaf lies the whole meaning of life.

Wheat and bread are a part of

meaning of life.

Wheat and bread are a part of that cycle which is the law of the universe, the law by which we are born, live and die, the law by which we are here on this earth, the law by which we leave our children behind us . . . the great, eternal and beautiful law of birth,

eternal and beautiful law of birth, growth, death, decay and rebirth. Of all of this the grain of wheat is the symbol. Throughout history the bread by which we live has been a symbol. In ancient faiths bread has been a god and in many parts of the earth where life is hard and soil infertile, bread today is still soil infertile, bread today is still

the dearth of bread has caused famines and revolution and the decline and fall of great nations. the court that surrounds the king. The courtiers are the soup, the meat, the vegetables, the salad ... but Bread is King.

Bread is wheat and wheat is earth, the good earth, the good black earth out of which comes

wilderness, surfeited one day and starving the next, his shelter only the lonely, windy cave or a hut of dying branches.

With the coming of bread, man could know that he would eat because his food did not depend upon the vagaries of the chase.

No longer does the rough mill-stone grind the flour.

In its place are great wheels and shafts driven by the power of the forces which the ancients feared and worshipped without understanding.

feared and worshipped without understanding.

And the baker's shop is no longer a small dark cave in the narrow street bustling with people but a vast, airy, white palace in which the ground wheat is turned into bread.

And after ten thousand, fifty thousand years, bread is still king. He graces the tables of the rich and the poor alike for man with his skills and power has made the Bread king a part of the life of even the poorest citizen as well Bread is the staff of Man's

New Yen . esolution -Some More Homemade Jams and Jellies

Hostese fever is an odd disease hat frequently attacks some of the nost normal women. It is caused by a number of situations that result in "entertaining fitters." A few of the most frequent causes of this malady are: lack of advance proparation, over-planning, and general fatigue from too many holiday guests. So the moral of this story is—keep New Year's parties simple!

At your next party, try serving a large tray or Lazy Susan featuring your own jams and jellies.

At your next party, try serving a large tray or Lazy Susan featuring your own jams and jellies.

Start with several shimmering molds in the center and surround them with a selection of crackers and potate chips. Homemade jams and jellies are such pretty party fare and they can be made with such great speed and ease. Just see if your, friends aren't asking you far your favorite recipes.

Today jelly making has no secret

ade-bound ditties warmly worked Mona Freeman and a big male Having imperiled the efficiency chorus are "Keep a Little Dream of the infantry in "At War with Handy," "I Can't Resist a Boy in the Army" and having rocked Uniform" and "I Know a Dream Navy discipline in "Sailor Be- When I See One."

Mrs. Hankins Speaks To Spur Garden Club

uary 23 at the Dyeas tea room for a 12:30 luncheon with Mrs. Emma Lee and Mrs. Erie Poster serv-ing as hostesses. The flowers for the table were an arrangement of the blue iris and yellow rose buds arranged by Mrs. Lee. Mrs Foster, the president of the club roster, the president of the club, introduced the guest speaker, Mrs. J. F. Hankins, president of the Lubbock Garden Club.

Mrs. Hankins in a very charm-

ing manner brought an interesting message touching all phases of Garden Club attainments.

Mrs. Palmer of San Antonio, ister of Mrs. O. M McGfhty, and Miss Jane Godfrey of El Paso, aughter of Mr. and Mrs. W. F Godfrey, were guests of the occas-

Members answering roll call were Mesdames. George S. Link. W. F. Godfrey, O. M. McGinty, W. Jennings, James B. Reed, by Stovall, S. H. Nalley, Henry ruben, V. C. Smart, Hattie Turan, Carl Proctor, Lee, Floyd Bar-W. T. Andrews, Thos. P. haston, Clyde Bingham, Cecil odfrey, Nell Davis, R. C. Forbis, F. C. McNeill, Paul Marion and Foster. -----

Mrs. Charles Moore and baby aughter, Cindy, left last week Alaska. They had been visiting or their home in Anchorage with her parents, Dr. and Mrs. M. H Brannen.

Mr. and Mrs. T. O. Bingham ecently received a letter from eorge Mahon, representative to ongress from this district, congratulating them on the celebraton of their Golden Wedding An-

Director Norman Taurog, took his "Jumping Jacks" cast and crew to the famed Army Partroopers Training Base at Fort Benning, Georgia, to shoot the action sequence. The ugh and ready airborn troopers, though innured to the hazzards of 'hitting the silk," were hardly prepared for the tumultuous weeks of picture making that followed. Generals' dignity, non-coms' ent suffered in varying degrees as the screwball twosome scampered about the base. That Fort Benning survived at all, is a tribute to the durability of the Airborn Infantry.

Further proof that Dean and Jerry will try anything at least once in framed in sequence showing the boys from bedlam blithely plunging from an assortment of jump-training rigs that range from an airplane fuselage replica set eight feet above a sawdust pit to a 264-foot-high practice-jump tower. For an added touch of realism, producer Wallis cast many of the 508th Airborne's officers and enlisted men, in access depicting the zany comics' scrapes with both the big brass and iron-jawed non-coms.

Robert Strauss, who scored a comedy success in the hit Broaderry will try anything at least

Dramatine your new moulder offure with bold earrings.

Chunky metal ones are perfect for uits; for dress-up evenings I like he jeweled ones, particularly the picologicals.

Mighty good to serve with a golden brown loin of pork is a sweet potato and apple scallop, made this way: Cook separately in boiling water sweet potatoes and sliced apples till almost done. In a greased baking dish place sliced potatoes and apples in layers. Sprinkle layers with cinnamon. brown sugar; dot with vitaminized margarine. Pour over all a bit of apple water. Bake in a 350° oven about one hour.

If you want a pretty dress to brighten up your Christmas holi-day wardrobe, consider a jersey in one of the delicious bon bon colors that are so stylish now.

Mind if I remind you of an old favorite salad that's perfect when fresh fruits go sky high? It's can-ned pear halves, icy cold, couly nested in a lettuce cup. On top of them goes a generous dollop of real mayonnaise, then a sprink-ling of grated yellow cheese. Even the menfolk go for this tempting salad.

A few tips on pie pastry making: Use a pastry blender for cutting in fat; a fork seems best for mixing in water. Never stretch pastry; make several slits in top crust to allow steam to escape.

Stoles are still high fashion news and, therefore, make wonderful Christmas presents. The ones for after five are particularly pretty. Some are embroidered with pearls and sequins. Others are in pretty pastels with two carnations at each end. These have matching bags made of all-carnations.

Here's a cake to bake and enjoy Here's a cake to bake and enjoy during the holidays: Mix 1 c. prepared mincemeat, 1 c. chopped walnuts, 1 tsp. vanilla, 1 tbs. rum flavoring. Blend 1 c. real mayonnaise, 1½ c. buttermilk. Over mixture, sift 3 c. sifted flour, 1½ c. sugar, ¾ tsp. soda, 1 tsp. salt. Add grated rind of 1 orange; mix thor-oughly. Stir in mincemeat mixture. Line bottom of 9-inch tube pan with brown paper, pour in batter.

Bake at 325°P for 2 hours. This cake keeps wonderfully in the refrigerator.

HOW IMPORTANT IS URINE ANALYSIS ?

CHEST?

Catastrophic illness is the term commonly used to describe sickness or accidents which impose a severe or disastrous financial burden on an individual or family. Voluntary insurance plans are developing programs to lessen such hardships by absorbing major portions of costs.

Answer to Question No. 2:

When it is cluttered and disorganized with old medicines. A "medicine-cabinet-mistake" can be serious. Many medicines lose their effectiveness with age—or even become harmful. Left-over medicines from last year's illness, a hould be discarded. Poisons must be clearly labeled and well out of children's reach. The wise family keeps nothing but currently used prescriptions and fresh first aid supplies. Never use a prescription that is not specifically ordered by your physician for the present illness.

Answer to Question No. 3:

Urine examination helps in the diagnosis of many diseases and is the basis of every examination. Though it is not expected to tell the entire story, it does show the presence of infections of the kidneys and bladder, and malfunctioning of other organs.

"ALWAYS BOOSTING SPUR"

Wime the engineers told us about it. Drive* - and mister, it's spectacular! A new Dynaslow Drive? Better then As before, no gears ever shift in this the one that over a million and a third people are so happy with? wonder drive. As before, you have infinite smooth That's right, the engineers assured us. A new Dynaflow that's just as smooth, just as simple to operate—but far faster

and quieter on fetaway, and a great deal more efficient.

This, we told ourselves, we have to see. And we did.

We tried the new Golden Anniversary Buick with Twin-Turbine Dynaslow

ness through every speed range—feel wonderfully fresh and released even after a long day's drive.

But on getaways you can some to gratek speed in less than a half down seconds

and with fullaby quiet. At every speed range you have more offcleat power transfer. Acceleration is increased 20%, but with fower engine revolutions - which means you get going quicker, with less engine speed, less getaway sound.

What works these wonders is a new kind of engineering which places two turbines instead of one in the Dynasow transmission. At the same time, fewer parts - four elements instead of fivesimplify the unit even more.

But there's more than just this senso-tional Twin Turbine Dynasow to be bed in the 1953 Buicks.

There's new power - in world's most advanced VE Ragine in Surene and ROADMASTERS. There's a still finer Million Dollar Ride, There's superb new comfort and handling ease, and a host of other advances - 8

Why not come in this week and try one of the greatest Buicks in fifty great years?
