The Dickens Item and Dickens County Times Absorbed by Purchase

SPUR. DICKENS COUNTY, TEXAS

THURSDAY APRIL 16, 1953

NUMBER 25

By Grady Lackey

We overheard Charles Fisher say this week that the area farmers must have considerable rain by June 1 to have any hopes for

good crop this year. And then later we heard somene else state that we'd have rain if more Christians would take their slickers and umbrellas to prayer meetings.

an article on the comments of chapter sponsor, accompanied the area columnists on the weather team

At a time like this when it is beginning to look like the present drought might never end, consider this: God will not bless us IN AUTO MISHAP IN COUNTY beyond our ability to receive His blessings. At a time like this, we all agree that rain is definitely a blessing and comes only as a gift and as a work of the Almighty.

Is it possible that during a time of prosperity and plenty in our country that we have forgotten the source of "every good and perfect gift" and have rendered ourselves incapable of receiving the blessings that are in store

During the last few months a certain verse of scripture from the book of II Chronicles has become more familiar to us than ever before. We'd like to repeat it here again just for empha-

We've never, in our short life, attended a real auction sale, but we hear they are quite interesting and colorful. If we're seen toting a go-devil or a salty-dog (terms not often used in the city where we were raised) you'll know that we just got carried away at Oscar Kelley's auction sale Friday.

We're very happy to see Mrs. Homer Hindman up and around relay and fourth in the mile reagain. She's had a pretty tuff time of it for the last several weeks. She claims that she doesn't really need the crutch that she carries around - it's just that she's not yet strong enough to keep Homer in line without it as a "persuader".

CHRYSLER'S D'ELEGANCE

A classic in American automotive styling—D'Elegance—a fresh and original prototype two-passenger sports car will make its debut at the Auto-Lite Easter Parade of Stars auto show in New York Saturday, April 4. D'Elegance is built on a modified 125½-inch frame to accommodate its 115-inch wheelbase. A black and natural yellow leather interior complements the spring coral exterior. D'Elegance is powered by a standard Chrysler FirePower V-8 engine.

"ALWAYS BOOSTING SPUR"

It's only fair to warn you.

When you try a new Buick with the sensational Twin-Turbine Dynaflow Drive,* you'll tingle all over with thrill.

You'll sweep your speedometer needle from zero to 30 mph so quickly, you won't have time to breathe but twice. You'll move from a standing start to legal speed so quietly, you'll practically hear your heart beat. You'll experience such complete and utter smoothness every step of the way, you'll be wholly relaxed, refreshed, and ready for more.

This is not dream stuff. This is real.

This is what actually happens when you're at the wheel of a new 1953 Buick with

TT Dynaflow. Twin Turbines in the Dynaflow unit, instead of just a single one-in addition to other engineering advances - make the tremendous difference.

So you feel a firmer and more immediate "take hold" - get far faster getaway, new

comfort and richer interiors.

All set for Summer AIRCONDITIONER for 1953 SUPER and ROADMASTER Riviera and Sedan models, available now at extra cost.

quiet and efficiency, plus infinite smoothness

There's a lot more to be had, of course, in

these great new Buicks. Higher horsepowers and compression ratios. A still finer ride.

Easier handling. Improved visibility. More

But start with take-off - the greatest in

Buick's fifty great years-and learn the rest

of the story from there. Can you drop in on

to and through every speed range.
