

Dry Lake Community News...

A group of Dry Lake neighbors gathered at the community center Thursday, May 14, at 1 p. m. to make a tour over the community in the interest of the pasture improvement contest the Dry Lake folks have entered. They won \$250.00 last year in the district and have worked up to State District this year. Those making the tour with the group were Fred Walker, Range and Pasture specialist from College Station; Ted Trew, extension service, College Station; Fred Pass, Dallas News reporter; Mrs. Eula J. Newman, specialist in Home Management; Miss Fern Hodges, district home demonstration agent; Charles Taylor, county agent; Mrs. Jack Gordon, the founder of the Dry Lake Progress neighborhood meeting. After the return from the tour, pie and coffee were served to the group by Mrs. Archer Powell, Mrs. Russell Williams and Mrs. E. J. Lassetter.

Mr. and Mrs. A. R. Howe of Spur visited their daughter, Mr. and Mrs. Russell Williams, Sunday.

Visiting in the home of Mr. and Mrs. Russell Williams over the week end was their daughter, Mr. and Mrs. Charles Collins of Lubbock.

Mr. and Mrs. John Aston drove to Wichita Falls last Sunday. Their daughter, Mrs. Adrain Rickels, underwent surgery Monday. Mr. and Mrs. Aston drove home Friday. Rickels went up Thursday and brought Mrs. Rickels home Friday.

Mr. and Mrs. Dick Wright and son visited Sunday afternoon in the E. J. Lassetter home.

Ferrel Albin carried the mail to Post Thursday for Eustace Blumberg. Eustace drove with a group of men to Wichita Falls to give blood to George Lisenby, who is in the hospital at that place.

Mr. and Mrs. W. M. Calvert had a letter from their daughter, Mr. and Mrs. Freddie Morris, who is stationed in Frankfurt, Germany. They are doing fine and the weather is beautiful.

The Dry Lak Home Demonstration Club met with Mrs. Lon Bass Wednesday, May 13, at 2:30 p. m.

The president presided over the brief business meeting. The meeting was turned over to Mrs. Lon Bass, who introduced Mrs. Henry Gruben, who spoke on National Home Demonstration week. It was May 3 to 10. The subject was "Today's Home is Tomorrow's World."

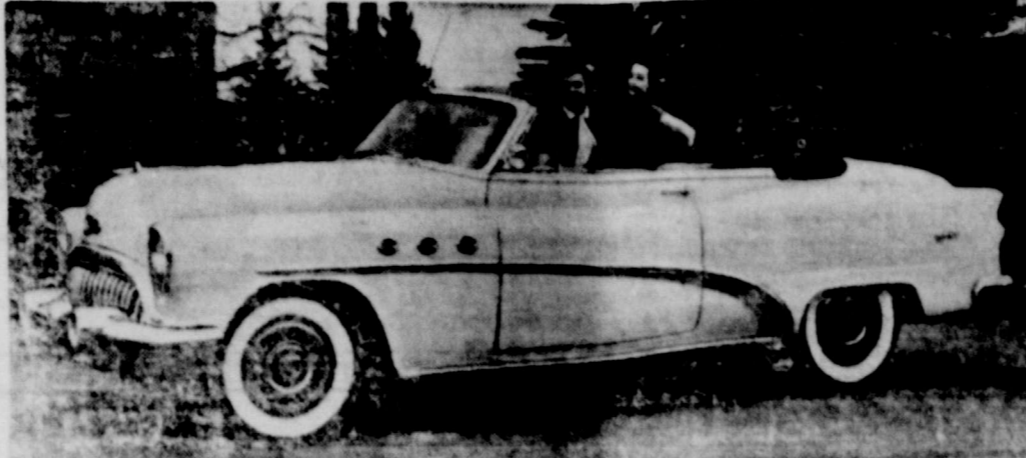

Sandwiches, potato chips, olives and punch were served to Mrs. Bob Pickens, Billy Bingham, E. J. Lassetter, Ivy McMahan, W. M. Calvert, Archer Powell, J. B. Karr, Jeff Smith, Buck Ballard, Ethel Ballard, and the visitors. Mmes. Lillie Ballard, Hade Condon, Henry Gruben and the hostess, Mrs. Bass.

The next meeting will be May 27 at 2:30 p. m. at Mrs. Billy Bingham's.

Mrs. Archer Powell will give the demonstration on sewing attachments.

Dry Lake rural progress neighbors were visitors at the Highway rural progress neighbor's meeting Thursday, May 14, at 7:30 p. m. It was a very helpful meeting in this work. The main speakers were C. H. Bates, Sam Whitlow, J. A. Scofield, Miss Fern Hodges.

Buick Special Convertible Makes Bow

INCREASED performance and economy are two of the new features of this new, low-priced 1953 Buick Special convertible which has just been put into volume production. Powered by a 130-horsepower Fireball eight engine with 7.6-to-1 compression ratio, it is mounted on a 121.5-inch wheelbase, the same as all Buick convertibles. The interior is trimmed in Cordaven in a choice of four two-tone color combinations. Power steering, Twin Turbine Dynaflo and wire wheel covers are offered as optional equipment.

district home demonstration agent.

Dry Lake folks say thanks to Highway folks for the invitation to visit with them.

Mr. and Mrs. J. P. Keen Jr. of Ft. Worth visited her sister, Mr. and Mrs. Russell Williams, over the week end.

Bobbie Joe and Lela Beth Hickman are spending the week with their grandparents, Mr. and Mrs. Bob Pickens.

Mr. and Mrs. Eustace Blumberg visited the parents of Mrs. Blumberg, Mr. and Mrs. E. J. Lassetter, Sunday morning.

Mr. and Mrs. Bob Pickens drove to McAdoo after Sunday School to be the dinner guests of Mr. and Mrs. J. J. Hickman.

Sunday school was well attended Sunday at Foreman Chapel Church. Sunday May 24, is the preaching day at Foreman

Mrs. T. A. Johnson and Mrs. Ruben Waddell are moving to Fort Sam Houston where their husbands are stationed. T. A. called his mother, Mrs. John K. Johnson, Sunday night and said they were all right.

Billy J. Calvert is home a few home Sunday were their daughters, Mr. and Mrs. James Reast of Brownfield, and Mrs. Dorothy Kissinger of Lubbock.

Larry Don Bass was a Saturday night visitor of Ronnie Hill.

Billy J. Calvert is home a few days. He and Leland Calvert are running terracing machines at Colorado Springs.

Mr. and Mrs. Jay Austin had a swarm of bees to settle on the corner of their house Sunday. Ellis Draper and Virgil Wilson were moving them late Sunday afternoon.

Mr. and Mrs. B. H. Saxon are visiting their daughter in Elkhart for a week.

Janis Powell spent Saturday night with Nancy Powell.

Mrs. Buck Ballard's brother, Don Condon, is home from France. He flew to Lubbock where Mrs. Ballard met him.

James Arthur Craft has been confined to the bed with the measles.

Mrs. Ethel Ballard and sons, Billy Ray and Lanoy, and Mrs. Janie Havens drove to Hagerman, New Mexico, Sunday to their graduation exercises of their granddaughter, Bobby Beth Ballard. She is the daughter of Mr. and Mrs. Hollis Ballard.

Mr. and Mrs. Jimmie Hahn and son, Paul, and Beverly Falls, all of California, have been visiting his mother, Mrs. J. M. Hahn, and other relatives and friends. They left Tuesday. Mrs. Cayce Aldredge returned with them to visit her daughter.

Girl Scouts

TROOP IX
The Brownies of Troop IX met on Monday, May 18, at the regular time and place. Lillian Bailey received a reward for perfect attendance. A new attendance period will begin at the next meeting.

Songs were sung and games were played and the troop was dismissed with the Brownie good bye song.

TROOP VIII

The Brownies of Troop VIII met Monday, May 18. Two members of the troop were absent, Janet Harris and Sandra Murray. Health rules were discussed and plans made to study some. At the next meeting one will be chosen to emphasize for a while. The Brownie story was finished. Ella Powell will be game leader next week and Donna Hinson will be song leader.

Everyone is invited to come out and worship with us.

TROOP VI
Troop VI met May 13 at the Girl Scout Little House. These girls discussed plans for the summer. Mrs. Clark is to be away for a while so that new plans were made. The next meeting was May 20.

TROOP IV
The Scouts of Troop IV met Monday, May 18. The wood carving project for second class work was almost finished by three of the girls. Other girls collected materials needed to finish various projects being completed.

CARD OF THANKS
We wish to express our appreciation for every act of kindness shown to us in the loss of our home recently. We thank each one for the generous offerings of clothing, food, and money. May God bless each one of you. Evelyn, Gary, and A. W. Marshall.

CARD OF THANKS
We wish to acknowledge gratefully the many lovely flowers, messages of sympathy and the many acts of kindness shown us by the passing of our precious loved one. Your friendship in our saddest hours has meant much to all of us. May God Bless you. Mrs. Lena Marshall and family

COTTON QUIZ

You'd Be Amazed at Your Savings...

with Aero Willys

With an Aero Willys, if you average only 27 miles a gallon, for 10,000 miles you would use about 370 gallons. At 26c your gas would cost only \$96.20 a year. (Reports have been received of special tests showing up to 35 miles per gallon, with overdrive.)

If you average 15 miles a gallon with your present car, and drive it 10,000 miles a year, you would use about 666 gallons of gas. Regular gas at 26c would cost you \$173.16 a year.

The difference you can save on gas alone with the Aero Willys may be as much as \$76.96 a year... but you also save on oil, repairs and other maintenance. In addition to economy, this low, young-looking, stylish car is extremely comfortable, has the ruggedness of the 'Jeep'... the luxury of an airliner... has been judged the safest car of the year by Motor Trend Magazine.

Price start at \$1499⁵⁰

GARNER'S

Highway Community News . . .

Mr. and Mrs. Willie Smith have gone to Fort Worth to be with their son, Preston, who was operated on Monday.

"Walking With God" was the subject of Loyd Womack's sermon Sunday morning. We didn't have a very large crowd and would like to encourage everyone to attend next Sunday. The lessons are very good.

The men who attended "stag night" at the community house every Wednesday night, met in the home of Mr. and Mrs. Forrest Martin last Wednesday night. While the men played dominoes and other games the children and ladies were entertained with television. Those attending were Messrs and Meses, Donnie Pace, M. E. Tree, Kelsey Putman and girls, Mrs. Clark Morgan and sons, Mr. Jimmie Hahn and Don and Gerry Estep.

Miss Wynell Smith has returned home from Portales, New Mexico where she has been visiting with Mrs. Ross Hinson. Mrs. Ted Smith, Mrs. J. W. Thomason and Mrs. Ross Hinson brought Miss Smith home and visited here with friends.

Mr. and Mrs. Vernon Hahn, who have been staying with his mother, are to return this week.

17 Highway children and two visitors, Dorothy and Nancy Powell of Dry Lake played soft ball at the community playgrounds Sunday afternoon.

Mrs. Jimmie Hahn has been ill a few days this week and Miss Anita Putman has been staying with her.

Marvin and Roy Don Thomason spent Thursday night in town with their grandmother, Mrs. Waltia Thomason, and then she returned their visit Friday night.

Billy Ray Stanley who is in the Navy is home on a 14 day leave. He has to leave the 29 to be back at camp on the 30.

Miss Katherine Stanley was home Saturday night to visit with Billy Ray and the rest of her family. Her parents, the Wilbur Stanleys, and the Ray Lee Stanleys took her back to Lubbock Sunday.

Ben Schuester was taken back to the hospital at Hamlin Thursday.

Mr. and Mrs. Glen Hahn and children visited their parents here over the week end.

The judging team who visited Highway Wednesday morning were Mrs. Katherine Randall, Women's Editor of Farmer Stockman, Ben R. Spears, Extension Agronomist of College Station, Minnie Bell, specialist in home management of the Extension Service of College Station, Mr. T. C. Richardson, Editor of Farmer Stockman, Miss Fern Hodge, District Agent of Extension Service and Mr. Charles Taylor, County Agent.

After a tour of the community for the judges, conducted by Mr. and Mrs. Kelsey Putman and Mr. and Mrs. Forrest Martin, refreshments were served for the judges and 17 community members.

Mr. and Mrs. Edwin Denson are coming back and forth from Lubbock now days. They both work in Lubbock during the week and come home to see their children over the week end. Mrs. Hugh Denson, Ed's mother, is keeping the children for them.

We are sorry to report that two of Willis Smith's houses have been broken into, the windows broken and the window screens pulled down.

Mr. and Mrs. C. E. Morgan and family visited with her sister, Mrs. Grady Hunt and her family of Post, in the home of Lem Walden, their father, Sunday.

Mr. and Mrs. Wilbur Stanley had as their guests Sunday night her parents, Mr. and Mrs. D. E. Wells, two sisters, Misses Mozelle and Kate B. Wells, all of Knox City.

The Highway Rural Neighborhood meeting of May 14 had Dry Lake Community, Mark Geeslin of Kent County, four men of Girard and several ladies of Soldier Mound as guests along with Sam Whitlow, Farmer Stockman, C. H. Bates, extension service specialist, J. A. Seafield and Miss Fern Hodges, district agent of the extension service and Charles Taylor, Dickens County agent.

The meeting was begun with two songs by a group of five girls.

Sharpening for a Quicker Cut

A farmer in Afghanistan (left) learns how to sharpen a scythe, a new farm implement in a land using the inefficient sickle. Teaching him is Dr. Willi Sommerauer (right), a Swiss expert on small tools, who was sent to Afghanistan under a technical aid program of the Food and Agriculture Organization of U.N.

Make Silage A Must In '53 Urges Burleson

No less than three tons of silage should be put up for each cow in the dairy herd. That word comes from R. E. Burleson, dairy husbandman from the Texas Agricultural Extension Service.

After a discussion of ways and means of organizing a community program the following suggestions were given: Five Controls, First Aid Lessons, Homecoming Award Committee for outstanding work within the community, Home Talent, Blood typing, Tetanus of lockjaw serum, Unusual objects of the community, History of the community, Recreational equipment and community equipment.

The meeting was then closed with games and refreshments.

And he adds, it's a good idea to double this amount to take care of the lean and unproductive years. Yields from the best silage crops, when properly fertilized, are usually heavy and large acreage of cropland are not required for silage production, points out Burleson. But he explains, the crop must be planted, harvested and stored before it can be used and it is now time to perform that first job—planting. Last week's showers materially improved the chances for a good stand and good early season growth, says Burleson.

The specialist likes atlas sorghum for silage but he adds, there are other crops which also produce good yields and excellent silage. Atlas sorghum is adapted in most sections of the state and will produce from 10 to 18 tons of silage per acre depending of course upon available moisture and soil fertility. He says silage can be produced and stored for about \$8 per ton and next to pasture is the cheapest source of feed for the dairy herd.

Atlas sorghum silage contains about 17 percent total digestible nutrients—that's the part of the feed a cow can actually use in producing milk—and from a yield of 10 tons that means 3,400 pound TDN an acre. In terms of milk production, Burleson says that after a cow maintains her own body, she can produce 139 pounds

of 4 percent milk 100 pounds of TDN. He figures from the 3,400 pounds of TDN a cow should produce about 4,700 pounds of 4 percent milk from the acre of atlas silage. Take it a step further and multiply the local selling price of milk times the 4,700 and you'll have the value of the silage in terms of milk explains Burleson. Deduct the original cost of the silage crop and the figure will represent the net worth of the crop in terms of milk.

With hot weather, pasture will generally provide all of the grazing needed by the herd and unless supplementary pastures have been provided, silage is the answer to

the feed problem, believes Burleson. Use liberal amounts of fertilizer and harvest and store the crop at the right stage of maturity to get full value from it, says the specialist. Use, he says, the type of storage that is best adapted to your section of the state and for complete details on a silage program for the farm, Burleson suggests that dairymen or other livestock producers check with the local county agent for information that will aid in making the program even more successful.

Nation's Leaders Sign Up For United States Savings Bonds

President Dwight D. Eisenhower signed a Bond-A-Month authorization card for Savings Bonds during her recent visit to the Nation's Capital. They are shown above with Mrs. Eisenhower, who is the Honorary National Chairman of the Women's Advisory Committee for Savings Bonds.

Following the example of the President, House Speaker Joseph W. Martin, Jr. also signed up with Miss Pickford for the regular purchase of Savings Bonds.

Miss Pickford serves as Associate National Chairman of the committee which is currently conducting a Women's Crusade for Security, a campaign to increase sales of United States Savings Bonds through the systematic Bond-A-Month Plan.

Farm Production Up, Income Is Down For First Quarter of 53

The total amount of money received from farm marketing in the first quarter of 1953 was 6.6 billion dollars, down 2 percent from last year, according to a report by the Bureau of Agricultural Economics, of the U. S. Department of Agriculture. An increase of 6 percent in the volume of commodities marketed was more than offset by the lower prices received. In Texas farmers received a total of \$229,588,000 from marketing in January and February of this year, as compared with \$260,584,000 received in the same period last year.

In general, prices received by farmers are expected to continue at a lower level this year than in 1952, but production costs will remain almost as high as a year ago. This points to a drop in net farm income this year. The Bureau of Agricultural Economics estimates a reduction of about a billion dollars in net income from last year's total of 14.3 billion, but still approximately a billion dollars above the post World War

COFFEE FOR CANCER BENEFIT IS GIVEN

SAFEWAY

You really GO when you go V-8

When you go Ford V-8 you get this fine car power without paying a premium.

What kind of engine are you finding in more and more of America's finest cars? Yes, V-8 engines. And no wonder, for no other type of car engine available today can beat V-8's for compactness . . . and for smoothness. And Ford and only Ford offers you a V-8 engine in a low-priced car! It's the wonderful result of Ford's experience building more V-8's than all other makers combined . . . over 13,000,000 of them.

ECONOMY FLASH!
A Ford Six with Overdrive was Sweepstakes Winner in the recent Mobilgas Economy Run.

Ford V-8
Fifty Years Forward the American Road

It's just one of 41 "Worth More" features that make Ford worth more when you buy it . . . worth more when you sell it.

Imagine! A car so low in first cost keeps its value better than any other car on the American Road. Used-car figures on last year's cars prove that. And with its 41 "Worth More" features, this newer, finer '53 Ford holds still greater promise of long-lived value. You'll find built-to-last Crestmark Bodies. You'll find a new kind of ride that practically "repaves" the roughest roads. And these are but samples of the reasons why Ford is worth more when you buy . . . worth more when you sell.

See . . . Value Check . . . Test Drive a **FORD**

Little Brenda Richey visited her grandparents, Mr. and Mrs. A. J. Richey Sunday.

Ma and Pa Kettle on Vacation

Universal-International's "Ma and Pa Kettle On Vacation," opens Sunday at the Palace Theatre, is the fifth comedy in the highly successful series co-starring Marjorie Main and Percy Kilbride in their popular Ma and Pa Kettle portrayals. The latest comedy offering finds Ma and Pa Kettle involved with an international espionage ring while supposedly enjoying a Parisian vacation.

The Kettle characterizations were first brought to the screen in Universal-International's screen adaptation of Betty MacDonald's "The Egg and I," which starred Claudette Colbert and Fred MacMurray and introduced Miss Main and Kilbride as the Kettles.

Comedy fans were quick to demand more of the rustic Kettles and studio executives obliged by launching the popular series. To date, the following Kettle comedies have been brought to the screen, "Ma and Pa Kettle," "Ma and Pa Kettle Go To Town," "Ma and Pa Kettle Back on the Farm," "Ma and Pa Kettle at the Fair" and the current "Ma and Pa Kettle On Vacation."

Of the original 14 Kettle kids used in the series only 13 are seen in the latest film. Richard

Dodil Miller, Daniah actress, and Ray Collins head the supporting cast of "Ma and Pa Kettle On Vacation" with Oliver Blake and Teddy Hart seen in their familiar Geoduck and Crowbar roles. Charles Lamont directed and Leonard Goldstein produced.

LEGISLATIVE PERMISSION REQUIRED FOR SUIT AGAINST STATE

Included among the measures passed by the current 53rd Texas Legislature are several Concurrent Resolutions permitting various individuals to file suits against the state. Applying to local situations only, they have been attended by very little publicity, and the majority of Texans are probably not even aware of their passage.

In fact, the average individual would seldom have occasion to ponder the question of whether the State of Texas can be sued on the same basis as a person or corporation. One of the prerogatives of sovereignty carried down from ages past into our present day laws is that of immunity from being sued. The State of Texas may not be sued without its consent.

The Legislature by a proper action may permit certain general types of suits to be brought against the state, under certain conditions and restrictions. Then, if a specified situation arises which is not covered by the general rules, the legislators are authorized to pass a special measure to permit suit to be brought.

Therefore, any person seeking to enforce a claim against the state through the courts must petition the Legislature for the necessary permission, unless his claim falls within some general category or type previously recognized by our lawmakers.

Recently passed legislation will allow suits to be brought against the state in a variety of cases, ranging from an action for damages for personal injuries suffer-

GENERAL MOTORS

LOWEST-PRICED EIGHT!

When it comes to value in a car, look no further than Pontiac—A General Motors Masterpiece!

Here's a brilliant performer with a high-compression eight-cylinder engine full of eager pep for traffic, wonderfully economical on the open road.

Pontiac is a striking beauty! No car is more distinctively styled than a Dual-Streak Pontiac.

And what a buy it is! For all its size, roominess and 122-inch wheelbase, Pontiac is priced right next to the lowest. It's not only GM's lowest-priced eight, but is also offered with a remarkably economical six at even lower cost.

It all adds up to this: As an eight or as a six, dollar for dollar you can't beat a Pontiac. Come in and see for yourself!

Give Weary Tractors a Tonic

For the farmer, the first signs of spring signal the start of another hard work season.

So if your field equipment isn't in shape for the long haul ahead, you'd better hustle. The time for mechanical service chores is now, not in the midst of plowing or seeding. A balky or stalled tractor then can mean lost days and profits.

Say, for example, you left your tractor sitting neglected all winter in the barn or barnyard. If so, it needs some mechanical attention plus a spring tonic of oil, grease, and fuel. Cleaning that fuel system thoroughly with a good solvent is important—especially if you forgot to drain it last fall. Stale gasoline develops a gum that can clog the carburetor and stop a tractor in its tracks.

And don't risk running on last year's oil. Chances are you've forgotten how many operating hours it has been used and that it's gritty too. Replace the oil filter too if doubtful about its condition.

Ignition. Next inspect the ignition system and the spark plugs. Cables that are cracked or porous can cause mis firing and a definite loss of power. So can old or dirty spark plugs.

While you may be able to patch a faulty cable, you can only do one of two things with fouled or weary spark plugs: have them cleaned or install a new set.

Even though new last fall, plugs should be checked and serviced at the start of the new work season. Make it a rule to have them cleaned at your garage or tractor station every 100 hours; that's equivalent to about 5000 miles on your car or truck. For top efficiency install new ones at the 200-hour operation mark.

Prayer Plugs. For instance, a plug fouled with oil or carbon deposits means a weak spark, hence incomplete combustion, loss of power and fuel. Fouling can result from various causes—improper timing and poor carburetor adjustment among others—but it also might indicate you're using

Spur Harmony Club Has Installation of Officers Tuesday

The Spur Harmony Club met with Mrs. Nelle Davis Tuesday, May 12. The retiring president, Mrs. P. C. Nichols, gave suggestions on ways to make a fine club and installed the new officers in a unique and interesting manner.

False Economies Cost Tax Dollars

On the average less than 1/6 of a sewer budget goes for pipe. The Sanitary Engineering Committee reports that the cost of the pipe itself is perhaps one-sixth of the complete installation cost.

Officers Are Elected At MYF Meeting

The Methodist Youth Fellowship elected new officers for the coming year in their regular Sunday night meeting. Tommy Highower was elected president and will also serve as an ex officio member of the Church Board.
