"ALWAYS BOOSTING SPUR"

RECORD-BREAKING GAS MILEAGE

HEVROLET

This year's Chevrolet brings you the most impertant gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet. New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide* models-and the advanced 108-h.p.

"Thrift-King" engine in gearshift models deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel conumption is lower!

This is the kind of economy that counts the most-important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

*Combination of 115 h.p. Blue-Flume engine and Pour mission available on "Two-Ten" and Bel Air models only
