NUMBER 33

Whoa, Now!

By Greedy Lackey

Congratulations to W. F. and J. Fike Godfrey and the Ford Motor Company on the fiftieth birthday of that company.

The Godfrey Motor Company is one of the oldest business establishments in Spur, having been dealing in Ford automobiles for forty years.

During this birthday month for Fords, many old timers will stop and re-live many fond memories of the Model T days. Even in our short life, we remember that our memory seems to have started when we threw a large rock at a bug that was on the windshield of Daddy's Model T.

Coach Sam Hawkes is concerned about the danger youths are exposing themselves to when they climb over the fence at the swimming pool at night after the pool is closed.

As far as doing any damage to the pool, very little has been done by these night swimmers, but the thing that worries Coach is the possibility of having to fish a body out some morning.

Parents who permit their boys to sneak a swim at night or even suspect that their son might be doing this should consider the possibility of such a tragedy and arrange for their offspring to swim during the regular sessions when life guards are on duty and the pool is properly lighted.

Our good friend Cecil Fox is noted far and wide for his skill at outdoor cooking. But even the best make a bust sometimes.

We have been told the following explanation for the newly cultivated lip whiskers appearing under Cecil's nose:

A preacher down at Aspermont had heard of Cecil's outdoor culinary reputation and invited him down to roast some hens for a church gathering.

Cecil carefully prepared his pit, built his fire, and proceeded to start the batch of hens a-roasting underground. Incidentally, the hens were still frozen when he put them on.

And six hours later when he expected to uncover some deliciously roasted hens, he uncovered much despair along with the hens that were all still frozen.

The group had cold cuts for supper and Cecil started growing fat this summer, but adds that there is still plenty of room for more.

The pool is open from 2 until 8 p. m. daily and from 2 until 5 p. m. on Sundays.

We're about to run out of hands around the Spur shop. Seger Jenkins is still out with his broken arm and this week end William Starcher has gone to Abilene for an eye operation.

However, what good is a printer's devil if he can't do a little bit of everything? Loyd Womack is learning fast on the floor work and even chanced a line or two through the linotype last week.

Our cemetery cleaning coming up next Tuesday has long been on the list of things that Spur needs most.

As far as we know, it was Oscar Kelley that got the ball rolling on this project.

But Oscar and Buddy Hoover and the rest of us that met last Saturday can't do the job alone. It will take you, and you, and you to really make this a town-wide project.

So since most businesses are going to close, come on out and we'll betcha you'll be glad you did when it's over.

CHAMBER AGAIN WARNS AGAINST SOLICITORS

The chamber of commerce has received several complaints recently in regard to house peddlers who are violating the city ordinance controlling door to door selling in Spur.

Also, last week, M. H. Galbreath, superintendent of the Girard public schools was in the office to report that last year some one sold advertisements on a program that was supposed to have been for the Girard schools but was not. Such advertisement salesmen can be controlled by the businessmen if letters of introduction from the chamber will be requested.

Miss Sandra Reid is visiting in the home of her sister, Mr. and Mrs. R. C. Littlefield of Lubbock, this week.

CITIZENS OF HIGHWAY COMMUNITY proudly display the plaque and the \$200 check which the community recently received for winning district and placing fourth in the State in the Farmer-Stockman magazine's rural community contest. On the left holding the check is Richard Westfall. In the center looking at the plaque is the Highway Community Chairman Kelsey Putman. Holding the plaque on the left is Clark Morgan. Fri. Is Ladies' Day At Local Pool Now

Swimming classes started this week at the Spur Municipal pool with Coach Sam Hawkes as instructor. Coach Hawkes, who is managing the pool this summer, states that he has full classes booked through July 20.

The lessons are being offered to children over six three mornings a week from nine until ten.

The only charge being made for the lessons is the entrance charge to the pool. This charge is 20c.

Ladies sessions at the pool will start in the morning, Friday, June 12, at 10 a. m.

At this time and then every Friday morning for the summer, the pool will be reserved for ladies only. Hawkes states that the ladies may bring their small children, up to six years old, with them at no extra charge.

The ladies will be charged the regular admission charge of 40c.

Hawkes reports that the pool has been well attended thus far this summer, but adds that there is still plenty of room for more.

The pool is open from 2 until 8 p. m. daily and from 2 until 5 p. m. on Sundays.

Contractors To Have Hospital Ready By Next Tuesday

Mayor George Gabriel stated this week that the city commission expects the contractor for the general construction of the Spur Memorial Hospital to have the project ready to turn over to the city as completed by next Tuesday.

Except for minor details that are being worked out, the building passed the inspection of the representative from the State Department of Health who was here last week.

Ed Sudduth, manager of the hospital, states that it is believed that the hospital will be ready for opening the first part of July.

Cal Wright To Serve Again as Pastor of Spur Meth. Church

At the recent session of the Northwest Texas Conference held in St. Paul's Church of Abilene, Bishop William C. Martin, president, re-appointed pastor of the Spur Methodist Church for the fifth consecutive year.

During the past four years Rev. Wright has baptized 34 infants, received 215 people into church membership, held 16 weddings, conducted 53 funerals, and made more than 4,000 pastoral calls. The average Sunday School attendance has increased 30 per cent and finances have increased 25 per cent.

The Northwest Texas Conference embraces the Northwest portion of the state and has 100,000 church members, 260 pastors, 70,000 Sunday School enrollment, owns one college and is joint owners of several other institutions.

SOUTHWESTERN BELL ASKS FOR 60% RATE INCREASE IN SPUR

The Southwestern Bell Telephone company has filed with the commissioners of the City of Spur a Rate Increase Request.

The rate increase being requested by Bell is a flat 60 increase including all three types of service. The rate increase requested would effect users as follows:

Class of service	present rate	proposed rate
1 party resi.	2.75	4.75
2 party resi.	2.50	4.00
1 party busi.	3.00	8.00

Above these charges for local telephone service is a 15 percent Federal tax.

The City Commission has called a meeting for 7:30 p. m. on the night of Monday, June 15 at the City Hall to discuss this requested

Wheat Applications At P. M. A. Office

Farmers on land on which no wheat was seeded for any of the years 1951, 1952, and 1953 may apply for a '54 wheat acreage allotment, according to Joe M. Rose, chairman of the Dickens County Production and Marketing Administration Committee. To be considered for an allotment on a farm which had no wheat seeded for any of these years, the farmer must apply in writing to his county PMA Committee by June 30, 1953.

Blank application forms are available at the county PMA office for use in filing requests for allotments.

Alvie E. Gunnels Is Claimed By Death

Funeral services were conducted for Alvie E. (Pete) Gunnels Sunday, June 7, at the First Baptist Church of Dickens. Rev. Victor Crabtree officiated, assisted by Fred Olson.

Gunnels was born November 13, 1887, and died June 5 at 9:30 a. m. He had been a resident of Dickens County for the past 32 years.

He was married to Lou Simpson at Haskell in 1900.

Burialbearers at the funeral were George Pierce, Fred Arlington, Willis Street, Roy Finshum, R. C. Littlefield and Foy Slough.

Survivors were his wife; two sons, Elmer and Leon of Burk Burnett; five daughters, Mrs. Orel Martin of Buckeye, Ariz., Mrs. Elsie Beechley of Abilene, Mrs. Elsie Reese of Lubbock, Mrs. Irene Jackson, Mrs. Velma Clay of Dickens; one brother, Charlie Gunnels of Okla.; one sister, Mrs. Laura Helmer of Portales, N. M.; 13 grandchildren and one great-grandchild.

Interment was in the Dickens Cemetery with Chandler's Funeral Home in charge.

MRS. FRED KINNEY WINS GODFREY'S DOT CONTEST

Mrs. Fred Kinney was named winner of the dot-counting contest sponsored by Godfrey's Furniture and Appliance store here.

As winner, she will receive a new Domestic sewing machine.

phone rate increase, states Mayor George Gabriel. At this meeting the request will be discussed and the commissioners will seek the opinions of citizens on the matter.

Sheriff's Posse Will Practice Sunday

By "Woody" Woodward
Your Sheriff's Posse reporter wants to apologize for the lack of news in this column for the last two weeks.

There has not been much news and your reporter was busy trying to get off to the rodeo parades in our neighboring cities of Post and Crosbyton. The trips were very successful and every one had a very good time. No cups or ribbons were won, but the group was an asset to the town of Spur and the county of Dickens in that a man is to insure an invitation to return in the future.

Slim Metteer finds his business so confining that he has resigned as vice president and has retired to the status of associate member. He states that he is still very interested in the continued progress of the organization and will do all that he can to cause the continued growth.

At our last regular meeting after being served a meal of excellent fried chicken by Mr. and Mrs. D. J. Dyess, we elected Bill Wyatt to serve as vice president for the remainder of this term and elected Rex Carlisle to take his place as director.

Invitations were accepted to the rodeos at Graham and Stamford.

Afterward the meeting broke up into a social and Cecil Fox showed two movies. Horace Wood then showed the pictures that he took at the ABC Rodeo parade at Lubbock, and the meeting closed.

Last Sunday's turnout for practice was very discouraging with only ten members present. Let us remind you all that these meetings are very important if you are going to ride in the next parade, because it is here that we plan the next show and we do not want to lose some of our members.

It is here that new formations are tried and set up to be used or discarded as impractical. Such procedure has proven very satisfactory as anyone who saw the Grand Entry at Post and Crosbyton can tell. It is very important that every riding member be present this next Sunday afternoon. We will start riding away from the barn at 5 o'clock.

Everybody be there and on time. It will be cooler at that time of the day and it will give everyone time to take that Sunday afternoon siesta.

RED CROSS BLOODMOBILE DUE IN COUNTY JULY 1

Dr. Bob Alexander is general chairman of the Red Cross blood drive to be held in Dickens county on Wednesday, July 1.

Cecil Godfrey, county Red Cross chairman, states that the goal for the county in the blood program will be 500 pints.

CITY DRUG TAKES LEAD IN CITY LEAGUE; SIMS LEADS HITTERS

The City Drug Glamour Boys clipped two in a row since last Thursday morning to take over the top rung in the City Soft-ball league.

Last Thursday night the Hot-rods of Hoover-McAtee bowed to the CD team preceding the Lions victory over the hapless VFW.

Foy Johnson and the Dirt Dobbers played a mark in the Bread Boys games lost column Tuesday night and the City Drug went ahead in percentage points by defeating the Veterans in five innings.

Tonight the Dirt Dobbers will meet the Hot Rods in the opener and the Bread Boys and Lions will complete the ticket.

Next Tuesday will match two top running teams in what will probably be one of the better games thus far in the season. It will be the City Drug boys vs the Garner Bros. Dirt Dobbers. The Bread Boys meet the Veterans in the night cap.

Rotary Club Hears C. E. Fisher Hears

C. E. Fisher, Supt. of the Experiment Station, was guest speaker at the Rotary Club Thursday, June 4. He spoke on the possibilities of a cotton crop in the Spur trade territory next year. Fisher suggested that the farmers plant a third of their land which is most likely to hold moisture in cotton and plant the remaining land in feed.

Lloyd Hindman was chairman and announced the winner of the cotton acreage guessing game for last year. The winner, James Cowan, was presented with a box of cigars. He had guessed the lowest, 75 per cent.

Announcements by Paul Marshall closed the meeting.

ANNUAL CEMETERY WORKING IS HELD SAT. JUNE 5

A good attendance was reported at the annual cemetery working at the Red Mud Cemetery Saturday, June 5. The first thing done was cleaning of the graves.

Lunch was served about 12 o'clock and this was followed with a very enjoyable program. A collection was also taken to pay for the watering system which is being installed. A well has been dug and pipe is being laid in the center of the cemetery so that any grave may be reached with a 50 foot hose.

Mr. and Mrs. Pete Kiser and children and Beverly Bottie vacationed in Corpus Christi the past week. They returned Tuesday.

MOST BUSINESSES WILL HELP BY CLOSING HALF DAY FOR CLEANUP

Tuesday, June 16, has been proclaimed Cemetery Clean-Up Day for the City of Spur and the adjacent trade territory by a proclamation signed by Mayor George Gabriel; Lewis Lee, trustee of the Spur Cemetery Association; and D. J. Dyess, president of the Spur Chamber of Commerce.

On this day most of the businesses in Spur will be closed until noon so that both employees and employers may join in the cemetery clean-up.

The cemetery working is scheduled to start at 7 a. m. The program was discussed and planned at a meeting of local business and professional men last Saturday morning. At the meeting Oscar Kelley and Buddy Hoover were appointed general chairmen of the clean-up.

The project has been announced in the local churches and has been endorsed by the two civic clubs, the chamber of commerce, the city officials, the cemetery association and a large majority of the local businesses.

Arrangements are being made for the ladies of the city to have lemonade ready to serve to the workers on the clean-up day.

Kelley and Hoover have indicated that they expect a large turnout for the much-needed project. The two men are planning on so directing the work that the job can be completed in three or four hours. Of course, the more workers that show up, the quicker it can be done.

Those coming out to the working are asked to bring with them the necessary tools to do the job. Needed will be hoes, rakes, shovels, wheel barrows, pickups, scrubbing hoes, and a few axes.

Plans are being made for the project to include both the new and old cemetery property and also the Mexican and Negro sections. The Mexicans and Negroes will be contacted and invited to join in the cemetery working.

Organization Planned
At Saturday's meeting the group discussed the possibility of forming an organization to maintain the cemetery on a permanent basis. The association plans to sell memberships to the families that have members buried in the Spur cemetery and use the funds thus collected to hire a caretaker.

Out of Towners Asked to Help
A special appeal is being made to the local association for memberships from out of the Spur trade territory.

The Texas Spur has been asked to aid in this campaign by publishing the adjoining coupon.

Those who are unable to join the local folks in Tuesday's clean up but would like to help in the continued maintenance of the cemetery may do so by mailing in the coupon with a donation. Two dollars per year has been suggested as the minimum annual membership.

GODFREY'S JOIN IN OBSERVANCE OF FORD'S FIFTIETH BIRTHDAY

Godfrey Motor Company of Spur is joining the entire automobile industry in wishing the Ford Motor Company a happy birthday this month.

The Ford Motor Company was born on June 16, 1903, and is observing its fiftieth birthday this year.

Along with the other old-timers associated with the Ford Motor Company, W. F. Godfrey, local dealer, is recalling this month many of the colorful, humorous and sad happenings that have added fullness to a businessman's lot in Spur.

Godfrey records some of these happenings in a recent letter to the district sales manager of the Ford Motor Company. He tells of trading Fords for just about anything that can be found on a farm - fence posts, cows, pigs, mules, saddles, horses, butter, eggs, milk, chickens, guinea hens, residence lots, oil and mineral royalties, handmade cowboy boots, greyhounds and barbed wire. "Until the war we always maintained a pen in the stockyard and we will probably have one again next year," states the owner of the local Ford agency.

He also tells of selling Model T's to ranchers of Dickens county and furnishing free driving lessons. Running through the barn, a fence, a gate, or into the house was just about as common in those days as bumping a fender is now, he states.

In thinking over sales promotions of the old days, Godfrey remembers one promotion idea that never materialized.

"I was going to stage a race between the Ford and the train from Spur to the next town. But before sticking my neck out I race the train on the q. t. and I couldn't beat the dern thing. So I quickly dropped that idea and stressed the serviceability and the economy of the Ford instead."

The bride-elect is a graduate of Baylor University, where she was a member of Delta Alpha Pi. Mr. Cox attended Baylor University, where he was a member of Delta Sigma Pi, Alpha Phi Omega and Epsilon.

MISS BARBARA SHARP IS INSTALLED AS WORTHY ADVISOR OF RAINBOW

Order of the Rainbow for Girls, Spur Assembly No. 219, conducted a public ceremony Monday, June 8, at 8 p. m. at the Masonic Hall to install officers for the coming months. Installing officers were: Mrs. A. G. Dunwoody, Installing Officer; Mrs. F. B. Crockett, Chaplain; Mrs. Walter Jimison, Musician; Miss Barbara Speer, Marshal; and C. O. Fox, Recorder.

Mrs. Bob Crockett Mother Advisor opened the meeting and introduced the installing officers who were escorted to their stations by Wilma Jean Kimmel, retiring Drill Leader.

The following were installed: Barbara Sharp, Worthy Advisor; Lois Dunwoody, Worthy Associate; Alice Crockett, Charity; Melba Campbell, Hope; Wilma Jean Kimmel, Faith; Laura Beth Turberville, Chaplain; LaNelle Marey, Drill Leader; Lois Ann Callan, Love; Beverly Robinette, Religion; Margaret Ann Harris, Nature; Katy Galbreath, Immortality; Jonna Lou Scudder, Fidelity; Ruth Ann McAteer, Patriotism; Barbara Turberville, Service; Texasita Sechrist, Confidential Observer; Katy Rector, Outer Observer; Gail Williams, Musician; Gennvce Taylor, Choir Director.

The Hall was decorated as a garden with the East being lined with a white picket fence and archway entwined with greenery and red roses. The Worthy Advisor's theme is "Garden of Love" and her colors are red and white. Barbara Sharp stood beneath the archway and said to her assembly and guests, "It was through Love that God gave us his begotten Son and it is through Love that you have come tonight." She presented her installing officers with white hand-made organdy aprons; introduced her mother and father, Mr. and Mrs. A. C. Sharp, to the Assembly. To them, Johanna Lou Scudder sang "I Love Thee."

The newly installed officers demonstrated their appreciation of Barbara in verses of Love, followed by her little sister, Janie Sharp, presenting her a basket of white asters tied with red ribbon.
Mrs. Van North, Junior Past Mother Advisor, conducted a very entertaining Truth or Consequence program. The following members of the audience were the contestants:
Mrs. David McAteer, Past Worthy Matron of Spur O. E. S.; Mrs. C. B. Chandler, Jr., Past Worthy Matron, Spur, O. E. S.; Mrs. Cecil Fox and Mrs. D. J. Dyess, good friends of Spur Rainbow Assembly; Mr. Robert Reynolds, Past Worthy Patron of Spur O. E. S.; Mr. A. C. Sharp, father of the new Worthy Advisor; and Mrs. F. B. Crockett founder of Spur Assembly.

"The Lord's Prayer" was sung by Alice Crockett, accompanied by Mrs. Sam T. Hawkes, for the benediction.
During a social hour refreshments were served from a table decorated as a garden surrounded by a miniature white picket fence. The plate favors were white miniature garden gates with LOVE written in red. Mrs. James Sharp, sister-in-law of Barbara,

The Model T was born Oct. 1, 1908, and when the last of more than 18,000,000 was produced 19 years later it had become the most famous car in history. Henry Ford's specifications were simple: the T was easy to operate and repair, low priced and durable.

During its first two years, Ford Motor Company assembled approximately 3,500 cars in this rented building on Detroit's Mack Avenue. Ford's 16 U. S. assembly plants, 50 years later built almost twice that number of automobiles each day.

Far removed from the days of Henry Ford's first conveyor, mechanical arms now move six-cylinder overhead-valve engines into position for assemblers at Ford Motor Company's engine plant at Cleveland. Such refinements as this "Ford first" emphasize anew Mr. Ford's personal definition of mass production: "Craftsmanship with the aid of machinery."

History was made as the flywheel magnet, first manufactured part to be built on a moving assembly line, passed by workmen at Ford Motor Company's Highland Park, Mich. plant in the spring of 1913. Time required to assemble magnet was reduced from 30 to five minutes; the principle was applied to all Model T assembly operations and mass production was born.

If all vehicles built by Ford Motor Company were placed end to end, they would stretch 110,953 miles—approximately half-way to the moon. A good bit of that distance had been covered by Jan. 18, 1957, when Edsel Ford, then president of the company, posed with the 25,000,000th Ford passenger car—a V-4. Henry Ford is seated in his first car, built in 1899.

This is Ford Motor Company's River Rouge plant. Located in Dearborn, Mich., it is the largest single industrial unit in the world. Performing all auto fabricating and assembly operations, the plant industrial center can transform raw materials into a finished car in 28 hours. The Rouge, at which production was started in 1918, employs more than 60,000.

World's Greatest Potato Race

That's the 2200-mile dash on the Santa Fe with 1,350,000,000 potatoes

Somebody once said, "Pass the potatoes!" Out in California, the fertile San Joaquin Valley heard them. And look what happened. Santa Fe started moving 14,000 to 15,000 carloads of potatoes to hungry markets all over the Midwest and East. 36,000 to 40,000 pounds to a carload. As high as 550 carloads per day at peak of harvest. That's more than 1,350,000,000 potatoes. And that's a lot of spuds.

Bag 'em. Load 'em. Roll 'em. And Austin. Somebody once said, "Pass the potatoes!" From America's largest fleet of refrigerator cars owned by an individual railroad, these yellow

Santa Fe "reefers" are dispatched to the "Potato Capital of the West."

There the cars are cleaned, checked, loaded, switched. And ice/heat (a car a minute, if you please). These potatoes can't wait!

In servicing the cars as they speed east, new icing docks at Bakersfield and Needles, Calif., Helen, N. Mex., Waynoka, Okla. and Kansas City work the clock around. Electronically-controlled "hump" yards speed the switching.

SANTA FE PRECISION—SANTA FE SPEED
On-time delivery calls for full-time precision to keep these schedules "on the advertised."

After the potatoes come the wheat... citrus fruits... grapes... melons... and green vegetables all year long—flooding east from Santa Fe country to you. Everything from avocados to zucchini.

It costs Santa Fe millions of dollars to serve you so—and provide you with Super Chiefs, too! But we're proud to say they are earned dollars. Not one penny comes from the taxes you pay.

SO BEAUTIFUL! SO POWERFUL!

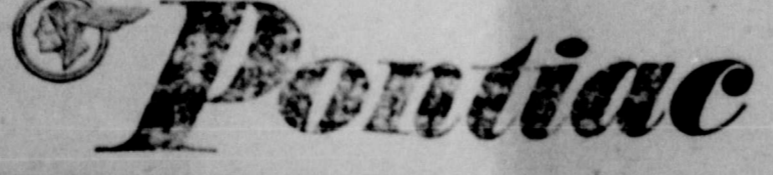

SO ROOMY! SO LOW IN PRICE!

Judge Pontiac purely from the standpoint of quality and it's hard to believe that it is actually a low-priced car. Certainly it's as distinctively styled as any car on the road—and its beauty carries through into its luxurious, roomy Body by Fisher. Performance-wise, Pontiac is second to none, with power to spare that whisks you through city traffic or cruises with remarkable economy. And Pontiac is a big car, with a long, 122 inch wheelbase.

But Pontiac's outstanding feature is its price—a price so low that if you can afford any new car you can afford a Pontiac. Come in and get the facts that prove that dollar for dollar you can't beat a Pontiac!

You can drive this bargain

Come in and ask us about the low delivered price on this **1953 Buick SPECIAL** 2-door 6-passenger Sedan

WE make that statement for a mighty good reason.

A lot of people have no idea that this big, roomy, sweet-riding 1953 Buick SPECIAL costs just a little more than the so-called "low-priced" three.

Maybe you're one of them—and we'd like to clear the picture for you.

We'd like you to know that you can buy the most beautiful, the most comfortable, the highest-powered SPECIAL in Buick history for a lot less than you may think.

But there's more to this great

automobile than just more room and power and thrill per dollar—more than just the solidness of Buick structure, the pride of Buick styling, the steadiness of Buick riding.

There's walloping big value above all this.

For here you get as standard equipment a host of other things that most other cars of similar price charge as extras—things like twin sunshades, lighter, automatic glove-box light, direction signals, dual map lights, trip-mileage indicator, oil-bath air

THE GREATEST BUICK IN 50 GREAT YEARS

cleaner, full flow oil filter, bumper guards front and rear.

The key—and the thrills—are waiting for you.

Why not drop in on us this very week and try the most exciting Buick SPECIAL ever built? We know you'll find it a buy too good to pass up.

Teachers Ask For Special Session
AUSTIN - Officials of the Texas State Teachers Association have asked Gov. Allan Shivers to call a special session of the Legislature to increase teachers' salaries through state revenue without raising local property taxes.
 R. L. (Bob) Proffer of Denton, TSTA president and former state senator, made the request in behalf of the organization's legislative committee.
 The Legislature, in its regular session, passed by big majorities in both houses a \$600 pay raise bill but failed to provide the money to finance it.
 "We recommended a \$600 raise to solve critical teacher shortage problems. The Legislature approved the raise. It seems unfair to us that the House and Senate then were not allowed to vote on any tax bill to finance it. The pay raise could have been financed easily through a broad-based tax at the state level. We believe a special session should be called immediately to pass another pay raise bill and also to pass the tax bill that will make it effective. But we shall continue to fight local property tax increases because all the money that can be raised on the local level is badly needed for buildings and many other items for which local school districts must bear the entire cost," states Proffer.
 Arthur and Elmer Bilberry of Lubbock, Bernice Bilberry of Post, Vernon and Alvis Bilberry and Jackie and Harold Royce, Newt Kidd and Squirley Elkins enjoyed a fishing trip this past week to Lake Kemp.

In all these things you want...

Chevrolet's farther ahead than ever!

... in Fisher Body Quality! It's the only body by Fisher in the low-price field. And now it's even more outstanding in styling, in comfort and conveniences, in quality.

... in High-Compression Power! Most powerful engine in its field with 7.5 to 1 compression ratio—the new 115-h.p. "Blue-Flame" engine with Powerglide.* Advanced 108-h.p. high-compression "Thrill-King" engine in gearshift models.

... in Powerglide and Power Steering! Powerglide is the newest, most advanced automatic transmission in its field. Power Steering—another Chevrolet exclusive in its field—lets you steer with finger-tip ease.

... in Economy and Value! You go much farther on every gallon of gas (regular gas, at that). You save on over-all costs of operation and upkeep. Chevrolet is again the lowest-priced line in its field!

... in Popularity Leadership! Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. For the first 3 months alone, Chevrolet is over 20% ahead of the second-choice car. Nearly 2 million more people now drive Chevrolets than any other make.

*Optional full-time unit. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.
