Whoa, Now!

By Grady Lackey

Congratulations, Sheriff's Posse, for a good job well done!

Our special drought rates are staying in effect a lot longer than we had anticipated!

To date we've received well over 250 new and renewal subscriptions—and have even run out of stickers for our mailing list. But we'll have some more here by next edition, so don't hesitate to bring your buck in this week end—that is if it does not rain.

Honestly, folks, we can't even pay our newspaper bill at a dollar a lick, so, somebody please make it rain!

If you or your neighbor fail to get the first issue after subscribing please bear with us while we try to catch up! And if we miss you altogether in this land rush, don't hesitate to call it to our attention.

We are really proud of the local Legionnaires who so readily responded to their commander's plea for more interest and enthusiasm in the veterans' organization.

Possibly the suggestion that the Legion hut would be sold at auction was a pretty strong hint, but sometimes possibly we need such a boost to wake us up to realities.

Charlie Mitchell and Ed Reese, church leaders among our colored citizens, submitted a statement to us this week addressed to "our white friends and citizens of Spur." We are glad to pass on to you their request. It states:

"The colored citizens of Spur are using this means to ask you not to contribute to the people who are begging in the name of the church unless they have the written permission from the Chamber of Commerce signed by the proper authority, because (some of them) are not using it for what they say they are raising it for."

We appreciate the interest the colored citizens have in protection of us from illegitimate solicitors and panhandlers.

Any citizen of Spur will be doing the whole town a favor if he will not only refuse such unauthorized solicitors—colored or white—but report them to the chamber of commerce.

Our State Senator Lyndon B. Johnson included some very interesting facts and figures in a recent news letter that we'd like to pass on.

Last year American farmers spent 14.2 cents of every retail dollar spent in the United States. They spent a total of \$31.9 billion for goods and services of all kinds, including \$3.4 billion for food, \$2 billion for furniture and household operation, \$2.1 billion for buildings and repairs, \$1.5 billion for clothing, \$3.2 billion for machinery and automobiles, \$3 billion for gas, oil and upkeep of equipment, \$4 billion for feed, \$1.6 billion for livestock, and \$1.2 billion for fertilizers and equipment.

These figures show why it's just plain good sense for everybody to be worried when the farmer's income goes down. It was down last year. In fact, American farmers in 1953 retained as net income the smallest percentage of their realized gross income that they have retained in any year since 1932. (These pertinent facts can be considered as a direct plug for Farm Bureau, our Chamber of Commerce, poll tax paying and going, and the other mediums that strive for the betterment and interests of our local, county, state and national farmers.)

We firmly reprimanded one of our young employees this week when he came in a little late. "You should have been here at 8 o'clock," he scolded. "What time?" he asked. "What time?" he asked. "What time?" he asked.

BAPTIST MISSION TO HAVE SINGING EACH 1st SUNDAY

The First Baptist Church Mission will hold singings on each first Sunday, announces Chester Lindsey, youth preacher and one of the leaders in the mission. The singings will start at 3 p. m. and the public is invited to attend.

Red Cross Drive Goes Over Goal

The Dickens County Red Cross drive for 1954 went over its goal with a total of \$1718.51 reported as the drive ended last night, reports Homer Hindman, drive chairman.

The goal set up for Dickens County by the National Red Cross was \$1710.00. The county committee previously set \$2000 as a goal to shoot at, but was well pleased and satisfied in reaching the goal set by the national organization.

In total members the county fell a little short of its goal of \$50. Hindman reports that 693 individual memberships have been turned in, but there is a possibility that all lists have not yet reached him.

Cecil Godfrey, Dickens County Red Cross general chairman who was of extensive importance in setting up the county drive network, joins Hindman and the other committeemen in thanking everyone who helped in collecting the funds and everyone who gave to make the 1954 drive a success.

Approximately 60 persons over Dickens County helped in the drive which was organized with the goal of contacting every family in the county.

F. B. Policy Holders Get 50% Dividend

C. W. Nickels, president of the Dickens County Farm Bureau, advised that C. P. Witt and Pat Murphy were the first two Farm Bureau members of the county to receive their 50% dividends from the Farm Bureau Automobile Insurance services.

Nickels said that the company announced the new dividend effective April 1, 1954, and that other members would receive their dividends as their policies came up for re-newals. The president added that there would be about 150 farmers and ranchers in the county sharing in the \$1,700,000 set aside for Texas Farm Bureau Automobile insurance carriers during the next 12 months. "It doesn't cost—it pays to be a Farm Bureau member," says Nickels.

"This announcement is good news to members as never before has a legal reserve stock insurance company ever returned such high dividends in Texas, to my knowledge," the president said.

The other Farm Bureau insurance services include legal reserve life, polo, Farmer's Comprehensive Personal Liability, Equipment Floater, and fire insurance. "Policyholders of these programs are also receiving large dividends," Nickels reports.

Lions Elect Walker In Speedy Election

Alfred Walker was elected president of the Spur Lions club Tuesday noon in one of the most streamlined elections ever held by the local organization.

Last week the nominating committee submitted one candidate each for the new club posts with the intention of adding nominees from the floor this week. There were no additional nominees, however, so the complete list was elected by acclamation a week before the election was to be held.

Other officers elected include Lester Bell, 1st vice-president; Max Eckels, 2nd vice-president; H. M. Allison, 3rd vice-president; C. O. Fox, secretary-treasurer; Burford Johnston, Lion tamer; Rand McNeil, tail twister; and directors John Floyd, Ed Suddath, Lawis Lee and Billy Bigham.

Personality Contest Continues to Apr. 10

Parents have ten more days in which to enter their children in the Texas Spur's Children's Personality Contest.

To enter the contest, parents will take their children, up to 12 years of age, to Morgan Studio here in Spur to have an entry photograph taken. The pictures will be judged by an expert child photographer in Stamford on personality and charm as portrayed in the picture.

Prizes valued at \$125.00 will be presented to ten winners. The winners will also be published in the Texas Spur.

There is no entrance fee and no obligation to buy anything. The contest opened last Friday and will continue through April 10.

UNCLE JACK MECOM REPORTED MUCH BETTER

I. J. (Uncle Jack) Mecom is reported as much better today after suffering a heart attack and a light stroke Sunday night.

He is at his home and Mrs. Mecom reports that he is getting along exceptionally well.

DR. R. L. ALEXANDER TAKEN TO SCOTT-WHITE

Dr. R. L. Alexander was taken to the Scott and White Hospital in Temple last week, and last reports are that he is some better, but the cause of his illness has not yet been determined.

Dr. Bob Alexander, his son, reports that the case is still being studied and some news is expected today.

DR. O'BRIEN TELLS ABOUT VISITING IN HOLY LAND

Dr. Dick O'Brien, visiting evangelist at the First Baptist Church, was the speaker at the noon meeting of Rotary Thursday. After being introduced by Jack Godfrey, he told of visiting several Rotary Clubs on his recent tour of the Holy Land. Joe Long gave the invocation and Harvey Holly was chairman.

FARM BUREAU members will receive a 50% dividend on their automobile casualty insurance with the Southern Farm Bureau Casualty Insurance company, announces C. W. Nickels, president of the Dickens County Farm Bureau. First of the 150 county members to be notified of their 50% dividends are Pat Murphy and C. P. Witt, shown above receiving the notices from Nickels. Other Farm Bureau members will receive their notices as their policies come up for re-newal, explains Nickels. Looking on at the left is D. P. LEGIONNAIRES TURN OUT MONDAY; QUASH PLAN TO SELL HUT

"The most enthusiasm shown in several years," states Commander Everett Martin, was among the 31 Legionnaires attending the special meeting at the Legion hut here Monday night.

According to Martin the local post had been having six or eight at its regular meeting but that the turnout and spirit of the veterans Monday night indicates that the American Legion here is not dead, but is just waking up.

Buddy Lambert, 19th district commander from Snyder, and Ernie Davis, district service officer from Lubbock, were special guests at the meeting. They stressed in their talks to the men the importance of maintaining strong local and national organization of veterans. They reported that the slack in interest was not only local but was evident all

Specialist To Meet With Community Leaders April 8

Four specialists in community organization will meet with leaders from the Highway and Dry Lake Communities Thursday night, April 8, at the Dry Lake Community Center. The specialists are C. H. Bates, Mrs. Eula J. Newman, Elois T. Johnson and Miss Mildred Harris, all from the Extension Service Headquarters in College Station, Texas.

Others to be present are J. A. Scofield and Miss Fern Hodges, District agents from Vernon. This community work is sponsored by the Extension Service and the Farmer-Stockman Magazine.

Mrs. Lou Jeffers, County Home Demonstration Agent, and Charles Taylor County Agent, assist these communities on a county level.

SOLDIER MOUND BAPTISTS TO OPEN REVIVAL APR. 2

Revival services will open at Soldier Mound Baptist Church Friday, April 2, and continue through Sunday, April 11.

Rev. John Franklin, associate pastor of the Turner Memorial Baptist Church in Fort Worth will be the preacher for the meeting, with A. B. Stuckey, Sr. of Spur conducting the singing. Services will be held daily beginning at 10:30 a. m. and 7:15 p. m.

Rev. Billie Smith, pastor, states that everyone is invited to attend these services.

DISTRICT COURT CONVICTS TWO IN DICKENS SESSION

Feliciano Galitan, 48, of Kyle, Texas, was convicted of murder without malice (with motor vehicle) in Judge Alton B. Chapman's district court held at Dickens this week.

O. V. Alexander pled guilty to second offense DWI charges. Galitan received a five-year suspended sentence for the death of Mrs. Kenley of Lubbock on Nov. 21, 1953 in an automobile wreck near Dickens.

Alexander was sentenced to 60 days in the county jail on the DWI count.

Dist. Attorney John B. Stapleton prosecuted both cases.

SPUR GARDEN CLUB TO HOLD FLOWER SHOW

The Spur Garden club will hold a flower show at the Spur Legion hut on April 16.

The show will carry out the Easter theme with Mrs. B. C. Cairns of Claremont acting as chairman.

Entries in the flower arrangement, specimen and horticulture divisions are invited from both club members and others who wish to enter.

NEW ARRIVALS:

Mr. and Mrs. Jack Barnett of Jayton announce the arrival of a son, Jack Jr., born March 28. He weighed six pounds and eight ounces.

Official Reception At Fort Worth Welcomes Cowboys Back To Texas

Trustee Election Here Sat., April 3

Qualified voters of Spur will elect three trustees to the Spur Independent School District board Saturday, April 3.

Six names will appear on the ballot. Seeking re-election are Leon Reagan and A. V. (Buddy) Hoover. Other candidates are Dr. Earl Burnett, M. L. (Mac) Steele, John King, Jr. and Everett Martin.

Voting will take place at the City Hall from 8 a. m. until 7 p. m. Election judges will be J. Mecom, A. Z. Hayes and Mrs. Jack Reator.

Twenty-one weary but jubilant Dickens county cowboys returned home last night from a 3000-mile jaunt which brought to them and their Lone Star State acclaim from across the nation.

The Dickens County Sheriff's Posse went all the way to Florida to soundly whip the riders of the New Smyrna Beach Riding Club at their own game—Palmetto Polo.

The caravan including the riders and their 12 West Texas cowponies left Spur Sunday morning, March 21, to represent Texas in the Cowpony Frolics in Florida. Friday, March 26, they rode merrily over the New Smyrna Beach boys 28-3 Sunday afternoon the Texans took on an all-Florida team and came out on top 26-6.

The Spur delegation copped first place as a riding group in the big mile-and-a-half long parade through New Smyrna, Saturday morning. Saturday afternoon they took third place in the relay races.

The Dickens countians report that they were accepted and treated with high regard and hospitality both in Florida at the Frolics and on the road there and back. Everett McArthur, boss-man of the group, reports that numerous proprietors, state dignitaries, business men, their hosts, and others commended the group on their organization, their horsemanship, their sportsmanship and their conduct.

The quota for Dickens County in this year's cancer drive is \$664.60, but the local committee and Miss Katherine Daniels, the Field Representative of the American Cancer Society, of Lubbock, are more interested in getting out the available information on what can and is being done to combat this dread disease than they are in reaching this assigned quota. "The money will come in if the people get the facts," states Miss Daniels.

The county's central committee is composed of Bill R. Barrett, chairman; A. J. Harvey, secretary-treasurer; Dr. Bob Alexander, Medical Advisor; and Mrs. Brannen. "Please notify any one of us if there is any service we can render," states Barrett.

Films which will be available throughout April are "From One Cell," "The Traitor Within," "The Warning Shadow," and others.

Other members of the County Cancer committee are Messrs. and Meses. Clark Forbis, Charley Gage, Larry Boothe, Joe Rose, Gilbert Ragland, Marion Jordan, Kelsey Putman, Bob Fockett, Jay Austin, Archer Powell, Harold Brantley, John Formby, Ollie Hindman, John King, Jr., William Staecher, Charles Taylor, Johnnie Koonsman, O. C. Arthur, Miss Hazel Watson, Mrs. Talitha Watson, Mrs. T. H. Blackwell, Judge W. H. Hindman, Luis Garcia and Maynard Mitchell.

With the March billing for utilities and services furnished by the City of Spur, a new and modern system has been inaugurated designed to offer better customer service and more efficient office handling.

Users of city utilities and services have received this week their bills on a handy post card showing all charges, meter readings and total. The new billing system eliminates the old three-bills system and the old stubs that had to be presented when paying bills.

A stub showing all charges is retained in the city office prior to mailing you the new bills and will be available for ready reference when needed.

A modern Burroughs billing machine is used in handling the new bills and enables the office personnel to handle electric, water, sanitation, gas, etc. accounts all at one operation.

SPUR SUPER MARKET OBSERVES 3rd ANNIVERSARY

Louis Arnold and John Dunaway, co-owners of the Spur Super Market, observe their third anniversary in business in Spur this week end.

The partners entered the grocery business here on April 1, 1951.

To celebrate the occasion the grocery men are holding a big sale at their store this week end featuring Dal Monte products along with many other specials.

Mr. and Mrs. Dave Williams and Mr. and Mrs. M. H. Gribb spent the week-end in Pecos visiting the W. H. Daniels.

Three trustees will be elected. Those whose terms expire are Woodrow Hodges, John Phillips and Buck Thompson.

The voters in the Girard School District will also vote on the County trustees, Precinct 3, Dickens County, at Girard.

Many of the floats were built on Texas and Spur themes and about 85% of them included in their decorations at least a "welcome, Texans".

While in Florida the posse was the guest of the New Smyrna Beach club, with all expenses paid for 12 of the riders.

Included on the program in addition to the Palmetto Polo games, relays and parade, was a big reception and dance at the New Smyrna Beach Yacht Club. Here the posse rubbed elbows with Gov. Johns of Florida, Gov. Talmidge of Georgia, some 600 county commissioners and many other state dignitaries.

As special guests, they enjoyed free air plane rides, boat trips, train rides and many other entertainments.

Red Got Dunked

During the stay in Florida numerous humorous happenings added zest to the celebration. It is reported that one of Red Ballard's practical jokes back-fired and resulted in a dunking in the horse trough—no head first—he had to change levis when he got back to the hotel.

L. B. Jones was dubbed a true salt water skipper Saturday morning after demonstrating his prowess at the helm of a deep sea yacht. Six other possemen made the ocean-trip and not a one got sea-sick!

Melvin Adams and Vernon Wright were adopted by the engineer of a fast streamline passenger train and got to "drive" it on a 120-mile run down the coast.

The same pair didn't have it so easy, though, when the chief of police jailed them for illegally parking their steeds. They didn't stay in jail too long, however, as the investigators of the joke quickly "went their bond". Bondsmen were Pete Gannon, Charles Scott, Red Ballard and Norton Barrett.

A big reception awaited the men who had so aptly represented Texas when they arrived in Fort Worth yesterday morning. A delegation from Spur, a personal representative of Gov. Shivers, the president of the Cowtown Riding Club, the president of the Hobbs Trailer Manufacturing company and others joined in the brief ceremony as the group was officially welcomed.

MUSIC GROUPS MAKE GOOD SHOWING IN RECENT CONTESTS

Both the Spur High School band and the choir have represented Spur in recent contests.

Saturday, March 20, the band went to Memphis and returned with a first place trophy in marching and third place trophy in sight reading and concert playing. In addition, the brass quartet composed of Ralph Gibson, Rush McGinty, Bruce Long, Dean Reagan, and Wayne Hoover, won the outstanding brass ensemble trophy. Norma Gilcrease, Sue King, Gwen Ford and Jean Boothe made up a clarinet quartet which won third place. The following people won first division for instrumental solos: Jerry Sechrist, Bruce Long and Terry Whitmore. Lois Ann Callan, Johanna Lou Schuder, Mack Fry and Wayne Hoover won second division.

Saturday, March 27, the choir competed in the regional contest in Lubbock. It won first division in sight reading and second division in concert.

Kathy Kelley, Gail Williams, Gennyee Taylor, Ralph Gibson and Donald Snodgrass won first division in solo competition, while Dean Reagan, Katy Rector, Annetta Halls, Lanella Marcy, Alice Crockett and Billie Sue Gregory won second division.

Cecil Green, who directs both the band and choir, states, "I am well pleased with the results of these contests. I feel that the experience and the criticism received will benefit both groups."

LOUIS ANDERSON IS NEW EMPLOYEE AT GABRIEL'S

Louis Anderson, 25 started to work for Gabriel's Department store here this morning. He was born and reared in Floydada and graduated from high school there.

So You Want To Be STRONG..

Remember this: "Some folks naturally wouldn't want a Farm Bureau as strong as all farmers working together could make it."

It is so easy to be "Against" things - A few loud voices can do farmers a lot of damage. Indeed, it is quite another thing for "Loud Voices" to be "for Something" and make it work.

Farmers, through Farm Bureau, have never made a policy of attacking any program without first advancing a better program. WHAT HAVE YOU DONE TO MAKE IT WORK? Do you exert your thinking in shaping policy making resolutions? Do you attend meetings? Do you accept the responsibility of holding community and county office?

Do you accept committee assignments? "Loud Voices" don't attack, criticize, and destroy that which they have helped to build.

Control Of Lice And Tick On Dairy Animals A Must

Lice and ticks on dairy cows can cause a sharp drop in milk production, but such losses are easily averted if proper insect control measures are carried out.

F. M. Fuller, Jr., assistant extension entomologist, recommends for the control of lice five-tenths percent methoxychlor or three-hundredths percent lindane. One spraying with methoxychlor usually gives adequate lice control but two treatments of lindane at two week intervals are often needed, Fuller explains.

One percent rotenone or one-tenth percent pyrethrin gives effective control of ticks. Repeated and thorough applications, he adds, reduce tick populations most effectively.

Fuller explains that methoxychlor does not control ticks and lindane does not have long enough residual action to give good results.

APRIL'S PLENTIFUL FOOD LIST

Potatoes, onions, broilers, fryers and dairy products headline the USDA's April plentiful foods list.

Supplies of these foods are large in this region, says John J. Slaughter of the Agricultural Marketing Service.

Also seasonal plentiful are eggs, beef and cabbage. Other selections include raisins, fresh and processed oranges and grapefruit and canned cranberry sauce.

Completing April's list are peanuts and peanut butter, table fats, salad oils, and vegetable shortening.

Remodeling? Do-It-Yourself!

DOVER, OHIO—If you can use a hammer and saw, you can enjoy beautiful, washable walls in your kitchen, bathroom, recreation room, and other home interiors, in just a few hours. A new lightweight paneling, manufactured in planks and blocks, is applied over old or new walls without mess or fuss. Its ease of handling and installation make it simple for the home handyman to do it himself. The planks are 15 inches wide and 4 feet long. Blocks are 16 inches square. Known as Maslite, they feature a special sulphur-baked finish fused to a tempered hardwood, which stays like new for years. Painting and redecorating is eliminated. Dirt, smudges, and stains are easily removed with a damp cloth. The economical material, made by Marsh Wall Products, Inc., comes in 10 lovely "companion colors" styled by famous Raymond Lowey Associates, plus 4 distinctive wood patterns. Availability of planks and blocks at lumber dealers in convenient "carry home" packages makes home remodeling inexpensive and easy.

TOP CHILD STARS

Young radio and TV personalities scored heavily among the 100,000 Milky Way Gold Star winners in recently completed poll conducted by the Mars Candy Company.

Brandon de Wilde (in photo above), who plays the title role in the ABC-TV series, "Jamie"; David and Ricky Nelson, featured in the ABC radio and TV weekly series, "Ozzie and Harriet"; Jimmy Boyd, "Sugar Cane" Robinson, the Bell Sisters and Molly Bee, seen frequently during the past year as TV guest stars, receive gold stars for being elected into the upper echelon.

More than 8,000 members of the entertainment industry were canvassed for their votes to decide on the winners. These included leading editors, columnists, disc jockeys and other members of the entertainment profession.

In addition to these young stars, other children in the grand winning bracket are Bobby Driscoll and Gigi Perreau, of the Hollywood film studios; Christian Fourcade, featured in the Ring Crosby picture, "Little Boy Lost"; and George Washington, fog-voiced youngster seen in "Scoutmaster." Johnny Egan of the Broadway hit, "Seven Year Itch" received the highest number of votes among the juvenile performers in the legitimate theater.

For State Senator Harley Sadler

DICKENS COUNTY TO BENEFIT BY NEW SCHOOL PLAN — SADLER

Dickens county schools will be due a cut in assessments by the state under the new school finance plan worked out in the compromise teacher pay bill passed this week by the Texas Senate, reports Senator Harley Sadler.

The new plan will work to the advantage of the poor or drought-stricken counties through the provision of the economic index which regulates the individual counties assessments by the state according to their ability to pay, according to Sen. A. M. Aikin, Jr., chairman of the Senate Education Committee.

The new bill provides for a base pay hike of \$402 per teacher. Half the teachers in Texas now receive more than the present base, states Sen. Aikin, and whether these get the \$402 raise is up to the local school boards. The bill provides an "80-20" ratio between the local districts and the state, but also states that the state would make a \$100 allowance per teacher back to the local boards to be used as they saw fit. This \$100 per teacher takes the sting out of the change over to the percentage basis, Aikin said.

Salvation for the drought-stricken counties such as Dickens, lies in the "economic index" which is a part of the present law, Sen. Aikin believes. The index is a yardstick to measure how much each individual district will be assessed as its share for the foundation.

Last session the Legislature voted that the economic index will be figured each year on the basis of the average for three years. This means that unusual poverty or wealth will cause a county's index, and its assessment for the minimum fund, to rise or fall. Weak districts pay

from weak funds and strong ones from strong funds, says Sen. Aikin.

C. W. Nichols, president of the Dickens County Farm Bureau, wired Sen. Sadler last week for an explanation of the proposed legislation. He explains that the Dickens county farmers are supporting the teacher pay raise, but opposed to higher taxes for the farmers in drought-stricken Dickens county.

After receiving the above information, Nichols states that he believes the pending bill is in keeping with the interests of the area farmers.

Commander Connell To Speak At Legion Convention

Brownfield, April 1. The national commander of the American Legion, Arthur J. Connell of Middletown, Connecticut, will be guest of honor and principal speaker at the annual American Legion's 19th District Spring convention which will be held here Saturday and Sunday, April 3 and 4, according to Milton Lambert of Snyder, 19th district commander.

National Commander Connell will come into Texas, accompanied by Department Adjutant Moody, from an official tour of New Mexico. He will speak here Sunday morning at a joint session of the American Legion and Auxiliary. From here he will go to Houston where he will speak Monday noon. The Houston and Brownfield visits will

POSSE RETURNS

from page 1

Tom Abbott of Fort Worth was appointed by Gov. Shivers to welcome the posse in the behalf of the State of Texas. A T-x deluxe beaver hat was presented to McArthur during this ceremony.

Also, yesterday the Texas House of Representatives passed a resolution submitted by Rep. David W. Ratliff of Stamford, commending the posse for their achievements at Palmetto Polo and for the superb manner in which they carried the good will of the state to Florida. The resolution also recognized the team as the winner of the first interstate Palmetto Polo match and therefore the World Champion Palmetto Polo team.

Complete News Coverage
During much of the time the posse was away it was under the surveillance of radio and newspaper reporters, Time and Life magazine photographers, CBS television cameramen, news reel cameramen, and a large number of spectators anxious to see a bunch of real Texas cowboys. It is reported that not a single necktie or posse badge was brought back home.

"We didn't get a chance to give them away," reports McArthur, "They just took them!"
The entire trip was covered by movie cameras made possible by the only appearance of Commander Connell upon this tour. An outstanding entertainment program has been arranged by the local American Legion Post commanded by G. L. Nelson. The service will be conducted Sunday semi-annual district memorial morning by Henry Owsley of Lubbock.

FFC PHIFER NOW SERVING IN GERMANY

Army Pfc. Emitt L. Phifer, 22, son of Mr. and Mrs. Emitt Phifer, McAadoo, is serving with the 43rd Infantry Division in Germany.

The "Winged Victory" division is receiving intensive training in southern Germany as part of the U. S. Seventh Army. Phifer, company clerk in the 162nd Regiment's Company F, entered the Army in December of 1932 and has served overseas since last August.

Girl Scouts To Open Candy Sale Soon

The date of the candy sale, the Dickens County Girl Scouts will launch a candy sale. It is a fruit drop package prepared for the Girl Scouts by the Curtis Candy Company.

The Brownies will contact each family in their neighborhood and after a Brownie has once called at a home, a sticker will be placed on the door to show that a visit has been made, consequently, no other call will be made at that residence.

The Scouts will sell on the streets downtown. Only a small number of Scouts will be on the streets at a time. In addition, a number of the business concerns have very heartily agreed to put a display counter in their stores and on Saturdays there will be a Girl Scout in attendance at each place.

The entire net profit from their sales goes to each individual troop. The money is used throughout the year to buy supplies for their work and troop meets together and works on each week. At present, we have six active troops, representing a total of 68 girls.

"Girl Scout Laws do not permit soliciting of donations for troop activities, and even goes further by definitely stating that they must earn the money they need. Consequently, when this sale gets underway in the very near future, your cooperation by making purchases, extending a helping hand for a few minutes to the girls, or speaking a word of encouragement will be appreciated," states L. P. Hamilton, President of the local Girl Scout Council.

DICKENS RIDING CLUB TO MEET SATURDAY

The Dickens Riding Club will meet at the Boy Scout Hut in Dickens on Saturday, March 3, at 1 p. m. Everyone who is a member of the club, or anyone who is interested in becoming a member, is asked to come prepared to ride, and bring sandwiches to a picnic supper.

This club already has 39 riding and non-riding members and ask anyone to come join them.

Accomplishments Of Dickens HD Club

The Dickens Home Demonstration Club organized with six members. The membership has now increased to fifteen.

The members of the club have been taught and stimulated to improve their standards with demonstrations on foods and clothing by Mrs. Joe Jeffers and Mrs. E. V. Arthur, clothing leader, who was trained in special meetings.

The correct methods were given and put into practice on: choosing patterns and materials suitable for individual wear, making facings, using stay stitching, making board button holes and making belts. Special emphasis was given to the restyling of garments, which saves money.

The club was shown different cuts of beef and pork and the value of meat in the diet was stressed. Each member of the club is keeping a food manual in which to file recipes and food helps for better nutrition in the family.

The Dickens Club members have made or restyled since December 1933 the following: 60 garments mended, 29 garments restyled, 44 suits and dresses made and 37 aprons made.

Let us give credit to our agent, Mrs. Jeffers, who comes into our homes with a smile and says, "You can do it, I'll help you." We usually get the job done and are proud of our accomplishments.

Commercial Egg Producers Needed

More commercial production and fewer backyard flocks are needed to stabilize Texas' fluctuating egg market.

When poultrymen make favorable returns one year there's a tendency for backyard flock owners to jump into the business. The next. This causes a slight upsurge in production and a mild drop in prices, says John G. McHaney, extension economist.

Although this "in-and-out" of the business trend might seem insignificant, it's enough to keep egg production on an unstable keel.

More commercial flock owners are needed—producers with, say, 1,000 hens or more.

Although there has been a trend toward large-scale production in Texas in recent years, producers in areas of the United States with a higher degree of commercial production consistently receive higher prices for their product.

In most areas of the state, it is time to plant sudan or a sudan-cowpea mixture for summer grazing. Plant at least one acre per cow and use plenty of fertilizer, if recommended for the area. A reminder—July pastures depend upon action taken in April or May.

A drop in the use of animal by-products and higher costs of processing and delivery to the consumer are given as important reasons why beef prices haven't dropped as much in over-the-counter sales as was expected with lower prices of live animals.

"Saskatchewan" A Stirring And Spectacular Adventure Coming to Palace

Bigness is the keynote of "Saskatchewan," the spectacular Universal - International Technicolor adventure which opens Sunday at the Palace Theatre with Alan Ladd and Shelly Winters in co-starring roles. There is bigness in scope—the historic campaign by the Royal Canadian Northwest Mounted Police to prevent the American Sioux and the Canadian Cree Indian nations from over-running the Dominion; bigness in action—it has been many a season since such vast hordes of Indians were massed for battle on the plains; and above all, bigness in the colorful grandeur of the

Canadian Rockies against which the adventure is set and where the filming of "Saskatchewan" was done in its entirety. Woven against the sweep of events, which start when Crazy Horses and Sitting Bull, triumphant from their conquest of Canada, lead their hordes into Canada, is the conflict involving Alan Ladd, a Mountie who was raised among the Indians, Shelly Winters, a fugitive from the long arm of the American law, commandant of the Northwest Mounted Police post, J. Carroll Naish, a French-Canadian guide, and Hugh O'Brian, a sadistic American marshal.

The action is massed and moves at a clip amazing for scenes of such size as the Mounties' abandonment of their fort the great war-or-peace powwow between the Sioux and Cree, the ambush of the Mounties and

the wild wind-up when the routed Sioux are chased back across the border.

Alan Ladd is at his reckless best in "Saskatchewan," with especially high points coming in the scenes where he defies Douglas and rebels against the latter's bad military judgement, and when he forces a showdown with O'Brien over the safety—and affection—of Miss Winters.

Shelly Winters, as hoydenish as audiences have ever seen her, manages to give her role welcome touches of humor when she is not busy fending off unwanted admirers.

The excellence of the supporting cast has resulted in several fine performances — by Douglas, Naish, O'Brien and by Jay Silverheels as Ladd's Indian shun from childhood.

The constant action and overall size of the movement are the touches of the outdoor-action master, Raoul Walsh, who directed this Aaron Rosenberg production.

Adventure-lovers of all ages will find "Saskatchewan" exceptionally entertaining.

A supply of good silage is "like money in the bank" to livestock producers. A big silage account is mighty good insurance against feed shortages, and it's time to make plans for planting a silage crop in '54.

Warm weather brings new problems for the dairyman. The use of strict milking and sanitation practices will help hold down milk bacteria counts. Flies can be controlled by eliminating their breeding places and by using insecticides.

The economic cost of the nation of accidents is estimated at nine billion dollars. Last year accidents took some 95,000 lives, 38,000 died in traffic accidents.

IT'S THE LAW
in Texas

A public service feature of the State Bar of Texas

Power of Attorney Valuable Legal Document

Prior to World War II many thousands of people had never heard of a power of attorney.

Some thought reference was made to an attorney or lawyer and did not know it was a written document.

But, with enlistments and the draft into military service of hundreds of thousands of young people, practically all who were heads of families were suddenly faced with the necessity of business being transacted during their absence: the selling, leasing or mortgaging of houses, farms, automobiles, refrigerators, household goods—in fact nearly all kinds of property.

A document called a "power of attorney" solved many dire domestic and small business problems during the war. A power of attorney is a paper, a legal document, as in a deed, mortgage, note, etc. To be eligible for record, the document must be acknowledged before a notary public, or other like officers, or before a military officer authorized to administer oaths.

A power of attorney may be general or special. If the former, then the party named therein as agent or "attorney in fact" for the party signing the document is granted authority to "do all things that I could do if present in person." In a special power of attorney another person is given the right to convey, mortgage, or sell a certain described tract of land, a certain car, only household goods, or some other certain limited authority.

Obviously, whether the power of attorney is general or special,

the signer of the document must have unlimited faith in the agent named therein. That agent, as respects the power conferred on him or her, can act as completely as if the principal were present in person.

The use of a power of attorney as a convenient document is not limited to war times. Any person may occasionally have extended absences, or perhaps foreign trips may be necessary. The family may contemplate a lengthy vacation, or a person may be hospitalized by extended illness requiring entire freedom from business responsibilities. In any of these events powers of attorney may be restored to so that absence or illness will not retard the transaction of important business.

Every act which one can delegate another may be authorized and legalized by a power of attorney designating the agent and the powers given. One's relatives, his attorney or banker, or a close business associate, may be given the most confidential and trustworthy authority. Any competent adult, male or female, may execute a power of attorney.

It is obvious that a document granting so much authority should be prepared with the greatest of care. A business man or attorney examining the document might at too late a date find that the agent was not given the authority needed to carry into effect the will and purpose of the absent or ill principal. Hence it should be drawn up only by an attorney, whose training and experience qualify and enable him to prepare a legal instrument which will make fully effective the wishes and intent of the principal.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

A new bulletin, B-175, How to Cook Frozen Foods, has been released by the Texas Agricultural Service and copies may be obtained from county extension office or from the Agricultural Office, College Station.

WHAT IS THE FOURSQUARE GOSPEL?

THE FOURSQUARE GOSPEL

- The Holy Scriptures** — (2 Tim. 3: 16, 17). We believe the Bible is God-inspired.
- The Eternal Godhead** — (1 John 5:7). We believe God is Triune: Father, Son, and Holy Ghost.
- The Fall of Man** — (Rom. 5:12). We believe that man was created in the image of God, but that by voluntary disobedience he fell from perfection.
- The Plan of Redemption** — (John 3:16). We believe that while we were yet sinners Christ died for us, signing the pardon of all who believe on Him.
- Salvation Through Grace** — (Eph. 2:8). We believe that we have no righteousness and must come to God pleading the righteousness of Christ.
- Repentance and Acceptance** — (1 John 1:9). We believe that upon sincere repentance, and a wholehearted acceptance of Christ, we are justified before God.
- The New Birth** — (John 3:3). We believe that the change which takes place in the heart and life at conversion is a very real one.
- Daily Christian Life** — (Heb. 6:1). We believe that it is the will of God that we be sanctified daily, growing constantly in the faith.
- Baptism and the Lord's Supper** — (Matt. 28:19; Cor. 11:28). We believe that baptism by immersion is an outward sign of an inward work.
- The Commemoration of the Lord's Supper** by the symbolical use of the bread and the juice of the vine.
- Baptism of the Holy Spirit** — (Acts 2:4). We believe that the baptism of the Holy Spirit is to endue the believer with power; and that his incoming is after the same manner as in Bible days.
- The Spirit-Filled Life** — (Gal. 5:16, 25). We believe that it is the will of God that we walk in the Spirit daily.
- The Gift and Fruit of the Spirit** — (1 Cor. 12:1-11; Gal. 5:22). We believe that the Holy Spirit has gifts bestowed upon the Christian; and that we should show spiritual fruit as evidence of a Spirit-filled life.
- Moderation** — (Phil. 4:5). We believe that the experience and daily walk of the believer should never lead him into extremes of fanaticisms.
- Divine Healing** — (James 5:14-16). We believe that divine healing is the power of Christ to heal the sick in answer to the prayer of faith.
- The Second Coming of Christ** — (1 Thess. 4:16, 17). We believe that the second coming of Christ is personal and imminent.
- Church Relationship** — (Acts 16:5). We believe it is our sacred duty to identify ourselves with the visible church of Christ.
- Civil Government** — (Rom. 13:1-5). We believe that rulers should be upheld at all times except in things opposed to the will of God.
- The Final Judgment** — (2 Cor. 5:10). We believe that all shall stand some day before the judgment seat of God; and there receive eternal life or death.
- Heaven** — (1 Cor. 2:9). We believe that heaven is the glorious eternal home of born-again believers.
- Hell** — (Rev. 20:10, 15). We believe that hell is a place of eternal torment for all who reject Christ as their Saviour.
- Evangelism** — (James 5:20). We believe that soul winning is the one big business of the church on earth.
- Tithes and Offerings** — (Mal. 3:10; 2 Cor. 9:7). We believe that the method ordained of God for the support and spread of His cause is by giving of tithes and free-will offerings.

ANNOUNCING PHILLIPS 66

Flite-Fuel

FOR YOUR CAR

A PHILLIPS EXCLUSIVE! Now, for the first time, you can enjoy the benefits of the super aviation gasoline component—Di-isopropyl (pronounced di-is-ee-pro-pull). No other gasoline has this super power ingredient. It is available only in Phillips 66 Flite-Fuel.

Until recently, the use of super aviation gasoline components was restricted by the United States Government to high octane, high performance aviation gasoline. They were needed to give our planes a tremendous power surge in aerial combat. Now military authorities have released restrictions on the use of these power-packed aviation gasoline components. So Phillips is able to use not only Di-isopropyl but also HF Alkylate, both originated and first manufactured by Phillips. That's why Phillips can bring you this great new gasoline—Phillips 66 Flite-Fuel.

YOU GET ALL THESE BENEFITS:

- Increased power
- Smoother acceleration
- Greater fuel economy
- Higher anti-knock quality
- Freedom from stalling

PLUS

- Famous Controlled Velocity, and the extra clean burning features of Phillips 66 Gasoline.

Let your car's performance tell the story. Get Phillips 66 Flite-Fuel at any station displaying the orange and black Phillips 66 shield.

"Gulf to Rockies"
Is Presented To
School Library

A book "Gulf to Rockies" has been made available to the people of Spur through the courtesy of three railroad men, E. C. Kuykendall, General Agent; R. Wright Armstrong, Vice-President; and Robert L. Hoyt, General Passenger Agent of the Fort Worth and Denver Railroad Company. The book is to be in the Spur High School until summer, then it is to be placed in the library downtown. "Gulf to Rockies", the heritage of the Fort Worth and Denver-Colorado and Southern Railways, 1861-1898, was written by Richard C. Overton and is a chapter in the business and economics history of the American West and the story of two of the most colorful railroad builders of the nineteenth century.
