TWENTY YEAR MEMBERS

Pictured above is the group of farmers and ranchers who have been members of the Stamford Production Credit Association for twenty years. They are:

Front row, left to right: Elmer Dickerson, Mrs. Elmer Dickerson, Monday; Mrs. Minnie Gollibar, Crosbyton; J. F. McCulloch, Stamford; A. W. Mier, Stamford.

Ira Coleman, Stamford; J. B. Morrison, Sr., Spur; J. B. Pumphery, Old Glory; W. V. Cobb, Haskell; Mrs. L. E. Clyburn, L. E. Clyburn, Hawley.

Back row, left to right: J. C. McGee, Knox City; C. C. Hutchinson, Knox City; Mrs. L. A. Sherrod, L. A. Sherrod, Aspermont, Mrs.

J. B. Pumphery, Old Glory; Mrs. A. W. Meir, Stamford, Mrs. F. P. Polacek, F. P. Polacek, Linters; L. W. Jones, Sr., Rule and D. C. Riser, Sr., Hawley.

Dry Lake Community News.

Miss Barbara Turbyfill was an overnight guest of Miss Wanda Wright Thursday night.

Mr. and Mrs. E. J. Lasseter had as their guest from Tuesday to Thursday of this week her brother, Mr. and Mrs. Joe Allison and son, Calvin, of California. They are former residents of Spur.

The W. M. U. met at the Dry Lake Church Monday afternoon.

Miss Margaret Pierce was a Friday night guest of Miss Dorothy Powell.

Mr. and Mrs. Charlie McMahan of Ropesville were weekend guests of his brother, Mr. and Mrs. Ivy McMahan.

The Dry Lake Neighborhood meeting has been postponed until June 10. Mrs. Biddy Hicks of Patton Springs will bring the program at that time.

Visiting in the Lasseter home Wednesday night were Mr. and Mrs. Bill Dimmitt and Mr. and Mrs. Norman Wilson.

Miss Shelly Williams spent Friday night with Miss Nancy Powell.

Everyone enjoyed the Dry Lake home talent show Thursday night. Dorothy Powell and Strelisa Calvert gave a Mother's Day play.

Mrs. Jay Austin visited her daughter, Mr. and Mrs. Arnold Ratheal, last Tuesday.

Several men from the Foreman Chapel attended the fellowship meeting at Dickens Monday night.

The Foreman Chapel had an average of 72 in Sunday School for the past three months.

The Dry Lake Home Demonstration Club will meet in the home of Mrs. J. B. Karr Wednesday, May 26, at 2:30 p. m.

The regular monthly social will be held at the Foreman Chapel Friday night. Donald Dopsen will have charge of the program.

Mrs. J. R. Cole visited Mrs. Kenneth Coursey Sunday afternoon.

The men of the Foreman Chapel are going to plant cotton on the acreage around the church to help finance the year's program.

Mr. and Mrs. James Reast and daughter were Sunday visitors in the home of her parents, Mr. and Mrs. W. M. Calvert.

Mrs. John Aston took her Sunday School class on a picnic Sunday.

J. R. Cole is making a trip to Kansas this week.

MOISTURE NECESSARY FOR MESQUITE & OAK CONTROL

Attempts to eradicate mesquite and oak with aerial herbicide treatment can prove fruitless unless proper soil moisture is available. In addition, mesquite should not be sprayed until the plant is in full leaf, preferably 50 to 80 days after leaves appear in the spring.

Drouth has upset both growth and moisture conditions and spraying at this time may give disappointing results, says A. W. Walker, extension range specialist. He advises "aerial operators" to wait and watch for the full leaf condition.

Use one-half to two-thirds of a pound of low volatile 2,4,5-T ester in one gallon of diesel fuel and three gallons of water to the acre. This chemical is non-poisonous to man and animal, but does pose a drift hazard.

Ample moisture and full leaf also is needed to obtain high kills of post oak and Blackjack. For control of these plants use one and one-half to two pounds of 2,4,5-T in three gallons water and one gallon diesel oil per acre. A second treatment 12 months later containing one pound 2,4,5-T may be necessary.

Extreme caution must be exercised in applying the materials and the State Herbicide law must be followed, Walker adds.

County agents have two bulletins—L-127, Chemical Control of Mesquite, and C-330, More Grass From Controlling Hardwoods—which contain additional information on hardwood control.

Supplement pastures and continued feeding are major factors for consideration in the recovery program for low producing, drouth ravaged grasslands.

HAMILTON from page 1
with you one month, one year, or more, depending on the whims of the person himself or that of his employer, then I would not feel any responsibility for writing this article. However, I feel that my situation is a little different from those employees who come and go as individual changes of many kinds may affect them.

During my time in Spur as Field Worker for the State Department of Public Welfare, I have, of course, been under supervision and direction of officials of the State Department. However, the obligations of a Field Worker do not stop there. He has a responsibility to the recipients of assistance, and also to the community as a whole. Consequently, I feel it my duty especially to the people with whom I have been dealing to take this means of advising them of recent developments in the office so that it will not come as a complete surprise to them. Also, since the work and duties of a Field Worker reaches into the heart of the community, its local organizations, is churches, clubs, schools, county officials, and finally the county court, it seems proper to mention some things of an indirect nature, but very important from an overall standpoint.

First of all a transfer to DeKalb becomes effective Monday, May 24, and we shall be leaving Spur soon after you read this article.

To all the people who have or do receive assistance I would like to state publicly that it has been a pleasure to deal with you, though at times the problems involved and to be solved according to law, were worrisome to both of us. I wish each of you happiness and an good health and welfare as possible. The community, with its some 25 to 30 organizations, has been a wonderful help to me in approaching problems beyond the direct scope of the law. Without you, I would have not been able to help in emergencies that arose. With your help, it has helped me to do a better job, though many problems were never solved.

The organizations of the Spur community service was a major step forward, and has helped to coordinate the activities of all organizations. It has been a means of directing persons to organizations or to the proper person rather than going in a circle from one person to another. To the community and to the present officials, I want you to know that I feel that this organization can do even more, and you have my sincerest wishes to keep it serving people who are in need.

To each past or present Girl Scout, each parent, troop leader and other officials, I appreciate the privilege and have enjoyed working with you the past few years as secretary and president of the council, which I regret that I must resign. You have my deepest feelings and hope of success in the future. My frequent contacts with the county judge, the county officials and the commissioners court are to be remembered on an individual basis with each of you as cooperating with me in my work in such a way that I must say, "it was the best."

On occasions, in connection with my job, I have needed the cooperation and help of the city, the schools, the P-T-A, the doctors and the druggist, and with all sincerity I can say that each one was very nice in helping me to help someone else, and thereby do my job better. I value your help very much.

Insofar as I know, my professional dealings, business or otherwise, have been pleasant and satisfactory. I leave Spur and the county and all of the territory which I covered with deep regret and I have a genuine feeling deep down inside of me for your welfare and I in no way leave Spur with a single prejudice. Contacts with all of you over the coffee counter have left me with a warm feeling that I shall never forget. However, I could not close without expressing my sincerest and warmest regards to whom I have daily contacts. To each and all of you, the neighborliness is so deep-rooted that it is likened to a plant that will never die out completely.

I have expressed my most honest feelings as best I could and with this quotation I shall go: "A man, in the true definition of the word, knows his enemies, but any man can be fooled by his friends."
(signed) L. P. Hamilton

FORMER SPUR STUDENT NAMED VALEDICTORIAN AT COLORADO HIGH

Miss Lou Ann Comer, former student in Spur High School, was recently named valedictorian of the Colorado High School senior class.
Lou Ann, the daughter of Mr. and Mrs. L. L. Comer, has an average grade of 97.58. She plans to enroll at the University of Texas next fall where she plans to major in business administration.

Walt Kelly of Dallas has returned home after spending nine days in the El Paso hospital following an eye operation.

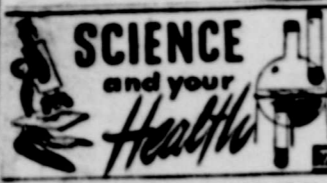

Don & Rush McGinty To Attend Roundup

Don and Rush McGinty are making final plans to attend the annual Roundup that will be held at Texas A. & M. College, June 8, 9, and 10.

This Roundup is a high point in the lives of these 4-H boys. Rush is to represent District Three in public speaking and Don is going as a council member. Rush will compete at the Roundup for the State championship and the chance to represent other Texas clubs at National 4-H Congress.

This year club members will have an opportunity to gain additional information by attending subject matter short course in his chosen field.
Floyd Lynch, State 4-H Club Leader, points out, however, that it won't be all work and no play. There will be ample opportunity for fun and meeting other club members.
Some 1600 club members, leaders and extension agents are expected to attend this three-day affair.

Children with leukemia, a form of blood cancer, are being helped temporarily by a number of compounds developed by American Cancer Society sponsored researches. You can help further research by giving to the ASC Crusade.

REMOVING THE APPENDIX By Science Features

An appendectomy is one of the most frequent operations, accounting for 10 to 15 per cent of all major surgeries performed in general hospitals. The operation was not always as simple as it is today, when education, new surgical methods and the use of antibiotics have introduced a new era. The death rate from appendicitis — 10.9 per 100,000 people in 1911 — declined to 1.3 in 1953.

The appendix is a small blind tube located at the beginning of the large intestine. Material passing through the tube is laden with bacteria that can infect the tissue and cause inflammation—a condition known as appendicitis. Experience has shown that prompt attention and an early operation are necessary to avoid serious complications.

One complication that can result from a ruptured appendix is called peritonitis. It is caused by the infected fluid of the appendix flowing into the abdominal cavity. To prevent this infection, antibiotics are used before and after surgery.
According to Dr. Paul S. Rhodes, the drugs most widely used in cases of peritonitis are penicillin and streptomycin, administered simultaneously. For such usage, a new drug, appropriately named antibiotic, combines these two antibiotics.
The common symptoms of appendicitis are nausea and pain in the lower right side of the belly. However, as the position of the appendix in the abdomen can vary to cover the pained area and it is wise not to rely on the usual symptoms.

Fashions Hit the Road

FASHION SHOWS staged for mixed farm audiences and factory workers figure importantly in the unique merchandising methods of an Allentown, Pennsylvania, department store. Owner Max Heas, Jr., attributes record sales to this truck-borne pitch for business.

PATRONS ARE hardly limited to those impressed at shows. Tots accompany parents, enjoy kiddy car races while mom and dad shop.

SMART BRIDAL salon in Allentown store is typical of numerous services offered. Store sales top all others in U. S. communities under 200,000.
IN ADDITION to giving portability to the firm's fashion shows, motor trucks provide vital link between store and its Lehigh Valley customers. Delivery scene with housewife, driver and International truck shows important role played in merchandising operation.

Walt Kelly of Dallas has returned home after spending nine days in the El Paso hospital following an eye operation.

Post Stampede To Draw Top Talent May 26 thru 29

Post, May 19.—The annual four-day Post Stampede and Rodeo, tops in rodeo entertainment will open here Wednesday, May 26 and continue through the following Saturday, with night-only performances scheduled.

More than \$3,500 in cash prizes is being offered this year to contestants in bareback riding, calf roping, cowgirl steeplechase, saddle bronc riding, ribbon roping, wild steer riding and cutting horse contest.
The cutting horse contest is being presented as a brand-new event at this year's rodeo. Approved by the American Cutting Horse Association, it is expected to draw top-notch horses and riders from throughout the Southwest.
Added attractions at the rodeo will include specialty acts and dances each night at the rodeo grounds.
The Post Stampede \$40,000 arena, which seats more than 6,000, has been put in tip-top shape for this year's show, according to J. E. Birdwell, president.
Rodeo activities will open at 8:30 p. m. May 26 with a parade through the City's business section. At least 12 area riding clubs and more than twice as many floats are to be on parade.
Each rodeo performance begins at 8 o'clock sharp.

WILLIAMS, from page 1
want the office. And if re-elected I shall do as I have done in the past, render as fair a service, as honest a service, and as efficient a service as I know how.

Last Rites Held For Mrs. Williams

Mrs. Jessie B. Williams, mother of Mrs. Dan Pritchett, passed away May 15 at 6:25 o'clock. She had made her home with her daughter most of the time since the death of her husband, J. A. Williams. He passed away in 1918.
One other child survived, L. D. Williams of Houston. Also ten grandchildren and four great-grandchildren.
Funeral services were conducted May 17 at the Church of Christ.

Mrs. Sam J. Robles and son from Van Horn are here visiting her parents, Mr. and Mrs. R. T. Anglin.

COUNTY AGENT SELECTED TO ATTEND SCHOOL

The county agent, Mrs. Joe Jeffers, is one of the twelve agents out of this state who has been approved to attend the summer training school. The school will be July 19 through August 6 on the campus at T. S. C. W. at Denton.

G. G. Gibson, director of the extension service, made and announced the appointment's this week.

You'll never know how easy driving can be... UNTIL YOU TRY A MERCURY

COME IN...DISCOVER MERCURY'S NEW 161-HORSEPOWER ENGINE, BALL-JOINT SUSPENSION, MERC-O-MATIC DRIVE AND EASY POWER FEATURES

It's an entirely different feeling from any car you've ever driven. So effortless and sure-footed you won't believe it until you try it.
The first thing you notice is the easy passing power that comes from Mercury's entirely new overhead valve V-8 engine. The secret is Mercury's new four-barrel carburetor with the two rear barrels vacuum-operated. These rear barrels deliver extra power at the precise second you need it.
Coupled with this new passing power is the biggest improvement in front-end design in many years—revolutionary new ball-joint suspension that lets you take every corner, every curve more smoothly—easier than you ever thought

possible. Two simple ball-and-socket joints replace old-fashioned kingpins that tend to bind and make steering stiff. These smooth-operating ball-joints give you a new feeling of road stability... of extra highway safety.
But you can make your driving still easier with Mercury's 5 easy power features.* Power steering, power brakes, a 4-way power seat, smooth, no-shift Merc-O-Matic Drive... even electric window lifts.

Come in and let us show you how easy driving can be—and why it will pay you to own America's fastest growing car. Take a demonstration drive in a Mercury today!

IT PAYS TO OWN AMERICA'S FASTEST GROWING CAR...

MERCURY

HOOPER-McATEER

Miss Karr Honored With Bridal Shower

Miss Jean Karr, bride-elect of William North, was honored with a bridal shower at the Dyess Tearoom on Friday evening, May 14.

Mrs. Webb Hosts Gilpin HD Club Mon.

Circle Four of the Methodist W. S. C. S. met with Mrs. W. T. Watson and Miss Hazel Watson on Monday.

A very interesting lesson was given and then refreshments were served to Meses. Matt Howell, Cal Wright, S. H. Nalley, Blair, Porler, Smith, Lollar, Meriman, Whitner, Bloodworth and the hostesses.

Mrs. Bob Conner will be hostess for the Garden Club Tuesday, May 25, at 3:30 p. m.

This is the last meeting of the year and all members are asked to wear a hat trimmed with either flowers or vegetables.

"Garden-fresh" means vitamin-rich. The fresher the food, the better the taste.

With memories of such atrocities, it is plain to see why the colonists from England made sure that such practices would be prohibited by their laws.

Federation Meets In Arthur Home

The City Federation of Women's Clubs met in the home of Mrs. O. C. Arthur on Monday, May 17.

1933 Club Installs Officers Tuesday

The 1933 Study Club had their final meeting of the year Tuesday evening in the home of Mrs. C. H. McCully.

4-H Girls To Have Clothing School

The Dickens County 4-H girls club will start a clothing school during the month of June.

World's First!

Phillips 66 presents the first All-Weather Motor Oil which has proved it meets the most exacting standard ever established for automobile lubrication... Mil-O-2104, Supplement 1 level.

The toughest standard ever set up for automobile lubrication is the Mil-O-2104 Supplement 1 test. New Trop-Artic is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer... an oil so good it can double the life of an automobile engine!

Trop-Artic is truly an all-weather oil... S.A.E. 10W through S.A.E. 30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.

Any car, in any climate, at any time of the year will perform better with Phillips 66 Trop-Artic. It is a worthy companion product to Phillips 66 Flite-Fuel, the new high performance gasoline recently introduced by Phillips. It pays to stop at the station where you see the Phillips 66 Shield.

Trop-Artic THE NEW All-Weather OIL THAT CAN DOUBLE THE LIFE OF YOUR MOTOR!

What's a HILL to POWER like this?

You've climbed hills before, we know. You've come to many a long rise in the road ahead and tramped down on the gas pedal to make the grade. But did you ever head a ROADMASTER up a hill—a 1954 ROADMASTER? You seem to sail when you touch off the great V8 power that gives life to this finest of Buicks. You move ahead and up that long steep pull in a silken, smooth sweep of almost effortless ease—and the thrill your spirits get from such magnificent ability is a precious thing.

And you realize, of course, that a wealth of advanced high-compression V8 power—the highest horsepower in all Buick history, in fact—is the heart of this stirring performance.

But you also realize soon enough that your tremendous satisfaction at the wheel of a ROADMASTER comes from more than great power alone.

It comes from the instant response and absolute smoothness of Twin-Turbine DynaBow.

It comes from the velvety luxury of your all-coil-spring ride. It comes from the superb ease of Safety Power Steering. It comes from the comforting feel of ample roadweight—brought to feather-light handling precision by a new geometry in front-end engineering.

And very definitely, it comes from the eye-catching beauty in which you travel—the look-of-tomorrow styling that graces ROADMASTER today—and with the spectacular new panoramic windshield that is fast becoming the mark of true automobile modernity.

We'll be delighted to seat you at the wheel of a new ROADMASTER—so that you can drive it, try it, feel it.

It costs you nothing to do so—and it can open your eyes to the finest buy in fine cars today. Drop in, or call us this week.

Mr. and Mrs. C. R. Edisbury and Marilyn Steadham made a trip to Pecos Friday to take Mrs. Edisbury's parents, Mr. and Mrs. McLaughlin, for a visit with other relatives.

The McAdoo F. H. A. Chapter honored their mothers and teachers with a Mother-Daughter tea on May 3. A very enjoyable program was brought with the welcome by Marilyn Steadham and Mrs. Raymond Eldredge giving the response.

Formby Completes Visits To All 25 District Offices

Marshall Formby, newest appointee on the State Highway Commission, said this week that he hoped to take it a little easier in his traveling. Formby has been on the Commission a little more than 14 months and has just completed visiting all of the 25 district highway engineer offices in the state. His travels took him to every area and most of the counties in the state.

Formby, who is a Plainview attorney, is also owner of Radio Station KPAN at Hereford and co-owner of KFLD at Floydada. He is a former judge of Dickens County and former state senator. He is the son of Mr. and Mrs. M. C. Formby of McAdoo, Texas.

"The best part about being on the Highway Commission," the Plainview attorney said, "is the fact that you get to see Texas and to meet the Texas people. Everywhere I have gone I have found that the people have confidence in the Highway Department and I find they are glad to give us more financial sup-

There are 47 children enrolled in the Vacation Bible school at the Methodist Church. Classes are each meeting from 9 to 11.

Lawrence Fox of Maple spent Sunday night in the home of his mother, Mrs. Lula Fox.

Bro. D. E. Calhoun attended a meeting in Dallas Tuesday and Wednesday.

Clyde Wilson of El Paso spent Thursday night in the home of his brother, Edgar Wilson. Patsy and Betty Wilson returned home with him for a visit.

Mr. and Mrs. Bennie McWilliams and family of Abilene spent the week end in the home of his parents, Mr. and Mrs. L. H. McWilliams.

Mr. and Mrs. Jodie Joplin and Mr. and Mrs. Harold Truell of Pansy were visitors at the Baptist Church Sunday night.

Mr. and Mrs. J. W. Griffin of Lawton, Oklahoma are parents of a girl, born Sunday, May 16. She weighed eight pounds and nine ounces, and has been named Karen Alice.

Mr. and Mrs. C. A. Allen spent the week end in Lawton with the J. W. Griffins.

port to build more of the needed roads over the entire state. The people are especially interested in Farm-to-Market roads, and the large cities are striving to find ways to build expressways in order to take care of their heavy traffic."

Besides visiting all areas in Texas, Commissioner Formby has traveled in many states in the Union during the past 14 months in inspecting highways and turnpikes. He estimates that he has traveled by land, air, and sea during the past 14 months between 55 and 60 thousand miles. What was supposed to be a part-

time job has almost turned into a full-time job for the newest member of the Commission. He said, however, that now that he has visited in all areas of the state that he hopes to be able to spend more time in the practice of law and looking after his radio interests. He is hopeful that the highway job will require not more than one-half of his time.

Formby said it was impossible to ride over all of the 50,000 miles of Texas' paved roads, but he has made a good start at it during the first 14 months of his six-year term.

US
UNITED STATES RUBBER COMPANY PRESENTS

the totally new tire... U.S. Royal

1. totally new Choice TUBE or TUBELESS
2. totally new Ride NO BOUNCE, NO JOUNCE
3. totally new Steering EASIER HANDLING and CONTROL
4. totally new Mileage 200 EXTRA MILES PER 1,000
5. totally new Safety AGAINST BLOWOUTS, PUNCTURES
6. totally new Silence SQUEAL and HUM are HUSHED
7. totally new Styling LONGER, LOWER LOOK
8. totally new Value NO PREMIUM IN PRICE

Today's safe driving demands a totally new kind of tire. Modern traffic conditions, together with advances like automatic transmissions, stepped-up horsepower, increased performance and "Continental" styling all put totally new demands on tires. What you see pictured here is the first tire specifically engineered and designed to meet those demands.

The development of this great new tire, the U. S. Royal 8, took an entirely fresh approach—fresh research—fresh ideas and methods. It took the skill and experience of more than 200 of the world's top tire technicians. More thoroughly tested than any new tire in history, the U. S. Royal 8 sets totally new standards of safety, of long mileage, of riding ease and of economy. It is ready for you now—and, wonder of wonders, it's yours at no premium in price!

SEE YOUR NEARBY U. S. ROYAL DEALER, NOW!

**FOR ATHLETE'S FOOT
 USE A KERATOLIC
 BECAUSE—**
 It SLOUGHS OFF the tainted
 outer skin to expose buried fungi
 and kills it on contact. Get this
 STRONG, keratolytic fungicide,
 T-4-L, at any drug store. It not
 pleased IN ONE HOUR, your 40c
 back. Now at CITY DRUG CO.

Mrs. Jane Sletzer and two
 sons of Denver, Colorado, are
 here visiting her parents, Mr.
 and Mrs. Pat Murphy of Girard.

Mowing alone will not build
 a good pasture. The pasture soil
 must be sufficiently fertile to
 produce good yields from grasses
 or legumes either growing natu-
 rally or from seedings.

Melathion is described as
 about the nearest thing to an
 "all-purpose" insecticide for the
 home garden. The manufacturer's
 direction should, however, be fol-
 lowed.

KILL RED ANTS!
