

SERVING A RICH FARM CROP, STOCK AND POULTRY RAISING TERRITORY OF WEST TEXAS.

The Dickens Item and Dickens County Times Absorbed by Purchase
SPUR, DICKENS COUNTY, TEXAS THURSDAY, FEBRUARY 9, 1956

VOLUME 47

NUMBER 16

Whoa, Now!

By Grady Lackey

What'll we have, folks—a bond issue now of \$100,000 to just partly fill our school building needs, and then in two or three years have another one to just partly fill our needs, and then in two or three years another, and then another? All the time having just enough to get by with and never having really ample and modern facilities? Pouring more and more money into old buildings which already are depreciated far below any comparison with the other thing, included in our present-day living? Will we sink money—lots of it—into a heating plant for a building that has cracks around the windows one could poke a pencil through? Will we be satisfied to let our students and their teachers continue to work amid blowing dust and chilling winds while we enjoy other things we'd rather spend our money for? Will we wait until the old junior high building burns down, taking with it possibly a few lives of our town's youth, just because back in 1956 someone said that school taxes were already too high and that we should wait for better times to build?

Will we keep abreast with modern living by providing for our school children modern facilities? Will we see the monetary advantage in one large building program to meet our immediate and future needs over a temporary expenditure that must be supplemented time and again? Will we provide for the safety and comfort of our students in a way comparable to our homes, businesses, automobiles, etc.?

U. S. Gas Tax Bill Passes Congress

Last week in Washington a bill providing for the repeal of the federal tax on gasoline and other fuels used in farming was passed by the House of Representatives. Early this week it passed the Senate.

G. R. BOOTHE OWNS LAST WEEK'S MYSTERY FARM

G. R. Boothe is the owner of the farm shown above which was last week's Mystery Farm published by Nichols Chevrolet Co. The farm was correctly identified first by Barlow Neaves who received two passes to the Fallow Theatre and a year's subscription to the Texas Spur. Others to identify the farm were Miss Halsegrove, Thelma Williams, Betty Kearney and Betty Lee Boothe.

Lawmen From Seven Counties Join Search For Youths East Of Dickens

Two Kansas youth, were arrested on the Braddock ranch east of Dickens yesterday afternoon following a two-hour chase and hunt that included law units from seven counties plus two air planes and some bloodhounds.

Lake Meeting Tonight

Spur Delegation To Appoint Spokesmen Here Prior To Leaving For Meeting

A caravan of around 50 Spur citizens is expected to go to Crosbyton tonight to discuss with that city, Post, Ralls and Lorenzo the possibility of building a lake on White River.

Chamber Doings

Businessmen, city and county officials, and Chamber of Commerce people will be meeting in Crosbyton tonight to discuss formation of a water district by Spur, Crosbyton and Post. The plan is to make a lake which will serve the three towns. Imagine the benefit we could derive from such a lake, not only because of its water supply but for its recreational attractions. Try to attend the meeting in Crosbyton tonight at 7:00 in the high school cafeteria.

We have a letter from the District Manager of The Firestone Tire and Rubber Company in Oklahoma City which states that that company is interested in locating a Firestone complete line store in our town. They wonder if any local person would be interested in an investment in one of their stores. If anyone is interested, please come by the Chamber office and get the address of the District Manager.

Rep. George Mahon of the 19th District voted for the measure, stating that passage of this legislation was long overdue, but that he realized that this was only a minor step toward achieving an adequate 1956 farm program. Mahon said he had received many letters and petitions from West Texans urging passage of this bill. Other fuels involved include propane and butane.

Public Meeting Called On Bond Issue

Election Called For Feb. 15 On Issuance Of \$100,000 Bonds

An election to vote for or against the issuance of \$100,000 in bonds for construction, repairs and equipment for Spur schools has been called by the school board for Wednesday, Feb. 15.

Community Problems To Be Discussed In Meeting Series

Citizens committees in communities throughout West Texas will hold local conferences during February, March and April to discuss community problems and progress.

New Posse Officers Elected At Meet

The Dickens County Sheriff's Posse met Monday, February 6 at 7:30 p. m. in Dyess Hall for the first time in the new year.

Cemetery Working Set For Feb. 14

There will be a cemetery working in the Red Top Cemetery, Tuesday, February 14. The purpose of the working is to put out shrubs. Everyone must bring his own shrub.

Snow Blanket Brings Area .75 In.; Wet Weekend Seen

Clear skies surprised most Spurites this morning who had been led to believe that the month's second snow storm was to hit during the night.

Farmers To Meet Thurs., Feb. 16

A meeting concerning fertilizer problems will be held at the experiment station in Spur, Thursday, February 16 at 7:30 p. m.

Spur Couple Returns From Trip Abroad

Mr. and Mrs. A. M. Jones returned last week from Honolulu, Hawaii after spending six weeks visiting their daughter, Mr. and Mrs. Herman O. Edwards, and little daughter, Cynthia Ann. They report a most wonderful flight via T.W.A. from Amarillo to Los Angeles and on to Honolulu via United Trans-Atlantic airlines all in one day. The return trip was just as wonderful but took four and a half days and five nights on the Luxury Liner S. S. Lurline to Los Angeles, and about three and a half hours on to Amarillo via T.W.A.

N. P. Smith Buried Here Wednesday

Funeral services were held Wednesday, Feb. 8, 1956, for Nolan Pleasant Smith, 34, at the Bethel Baptist Church in Spur. Officiating was Rev. Billie S. Smith, pastor of the North Drive Baptist Church in Lubbock, and brother of the deceased.

Pvt. Blackwell Receives Anti-Aircraft Training

Army Pvt. Danny D. Blackwell, 20, son of Mr. and Mrs. Preston Blackwell, Girard, is receiving advanced anti-aircraft artillery training in the 1st Infantry Division's 5th Anti-Aircraft Artillery Battalion at Fort Riley, Kansas.

To Wind Up Season At Abernathy Tues.

Tuesday night the Tahoka Bulldogs took over sole possession of first place in the District 5-AA basketball race by dumping Spur 63-50 in the local gym.

Spur Bows To Tahoka 63-50; Crown Possibility Is Slim

but it was just one of those nights when everything goes wrong. It seemed that the harder they tried the worse they played.

The board reports that in light of viewpoints expressed by numerous citizens concerning the pending bond issue, it feels that it will be wise to review the action taken last Saturday with the people. Many patrons of the schools have expressed to board members that they are definitely interested in a larger building program to care for the school's plant needs more completely.

The board, by calling the \$100,000 bond election, felt at that time the amount was as much as should be issued at this time. However, a spokesman for the board stated last night that if the people are ready to build now, the board can work a considerably larger bond issue into the school's indebtedness schedule.

County Ginning Is 21,895 For 1955

Census report shows that 21,895 bales of cotton were ginned in Dickens County from the crop of 1955 prior to Jan. 16.

Ministers To Meet Mon., Feb. 13

Due to bad weather, the Dickens County Ministers Association was unable to have the regularly scheduled meeting. The group will meet Monday, February 13 at 10 a. m. in the basement of the Methodist Church.

F.F.A. Chapter Aids In Polio Drive

The Future Farmers chapter of Patton Springs High School collected \$62.64 in funds for the 1956 March of Dimes drive which was recently conducted in Dickens.

Spur Girls Win 61-28

The Spurettes looked good in their Tuesday night 61-28 victory over the Tahoka girls. Coach Billy Hahn used substitutes freely trying to hold down the score.

SPUR GIRLS WIN 61-28

High scores for Spur were Alexander with 42, Simpson 16 and Smith 11. Gable led the visitors with 16.

SPUR TO PLAY POST

Tonight three Spur teams will go to Post for their final game of the season with that city. These are make-up games that were snowed out last week.

The present proposal would include a cafeteria, a homemaking cottage, stadium dressing rooms and needed repairs and modernization at junior high and the old primary building.

Supt. B. G. Naulley states that such a project would fulfill the school's building needs for a maximum of three to four years.

STILBESTROL SAVES FEED BUT NOT TIME IN FATTENING BEEF STEERS

Recent tests with stilbestrol at the Agricultural Research Center, Beltsville, Md., confirms previous indications that this hormone-like chemical, used in approved amounts, in finishing rations for beef cattle can save feed but does not shorten the feeding time required to give steers the desired degree of fattness.

Dr. T. C. Byerly, assistant director of livestock research for USDA's Agricultural Research Service, said research definitely shows that the drug improved the daily rate of gain in cattle with substantial savings in the amount of feed required for finishing. He pointed out that stilbestrol-fed cattle must be marketed at heavier weights and may account for the heavier average weights of steers

marketed last fall. An estimated 5 million cattle have been fattened on rations containing the drug since it was approved for feeding in November 1954.

Dr. Byerly cited results of experiment station tests in 9 states, including Texas, and said the rate of gain for cattle on stilbestrol was more than a third of a pound per head per day or 18.8 percent over the controls, feed savings amounted to 12 percent with no difference in carcass grade or dressing percentage between control and test cattle.

The approved feeding rate for stilbestrol is 10 milligrams per day per animal for steers weighing not less than 600 pounds. The scientist also said that results of three and six months at Beltsville showed that meat from stilbestrol-fed cattle was at least as firm and high in solids contents as that

SCHOOL LUNCH AND MILK PROGRAM CONTINUES TO EXPAND

Both the School Lunch and School Milk Program continues to expand during the first half of the current school year. The number of children eating complete lunches under the National School Lunch Program is up 10 percent over last year, and the number of schools approved for the Special School Milk Program is up 48 percent.

Texas now has 2,061 schools approved for the program. The National School Lunch Program provides children with well-balanced lunches furnishing one-third of their daily nutritional requirements.

Complaints voiced during 1955 in some quarters that feeding the drug resulted in "watery carcasses" and over-soft beef cuts.

There were 9,400,000 children eating lunches with milk under this program in October. This is a gain of 10 percent over the 8,500,000 children in October of last year. Over 2,000,000 more were participating in the milk-only feature of the National School Lunch Program last year, making a total participation of nearly 11,000,000. This year, however, this feature has been consolidated under the revised Special School Milk Program.

The Special Milk program, now in its second year of operation, is designed to increase the consumption of milk by school children, both in schools having feeding facilities and in other schools where space limitations or other factors prevent the establishment of food preparation and service facilities. At mid-December, 62,000 schools had been approved for the program. Latest reports on actual consumption are for Oct-

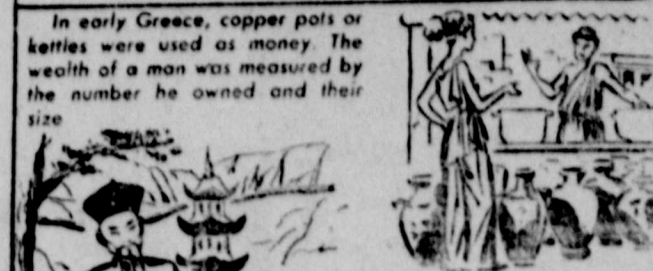

ober. Fifty-four thousand schools were operating in the program. In that month, approximately 162 million half pints of milk were consumed under the program.

The United States Department of Agriculture estimates that 16 million school children were drinking milk in October under the

program, and consuming milk at a rate of 17.8 million half pints a day.

It's All A Matter Of Money

In early Greece, copper pots or kettles were used as money. The wealth of a man was measured by the number he owned and their size.

The Zulus of Africa and some natives of the Pacific use cowrie shells for monetary units.

Knives of bronze were accepted forms of currency in China around 600 B.C. The public weigher was called in to determine the number of knives to pay for each purchase.

Tobacco, elephant tusks and shark's teeth have been variously used by man for money in fact all kinds of valuables have been used in various civilizations as a medium of exchange.

Today, all over the world, there is one form of paper currency. Company in 1891 it can be freely accepted everywhere. This bought at any local bank and is the Traveler's Check intra- can be spent anywhere in the world by the American Express world.

Have Fun When You Travel With Baby

Babies are natural born travelers. If you are taking your baby on a long train trip, both of you can have a wonderful time. However, it does require a certain amount of planning. Take only one suitcase for yourself and an over-the-shoulder bag for baby's things—and carry your purse in it. This will leave you one hand for baby, one for your suitcase.

Your over-the-shoulder bag will be a safe place to carry your purse, particularly in case of your hands are in American Express Travelers Cheques—buy them at your local bank. Tapes may be used if you have two money, but if lost or stolen, any bank will issue a prompt replacement.

Get to the train well ahead of time to give your baby time to get used to the noise and get tired enough to become cranky. Better to wait for the train than rush madly to catch it.

Take along some of baby's favorite toys, also a small blanket. Don't worry about keeping too close to baby's schedule. Chances are if you're happy, baby will be too.

Travel Alone... And Like It

Back in Grandma's day a woman taking a trip alone was considered brave. Today women go everywhere, including long auto trips by themselves, without worry. A few simple steps will assure a safe journey—without anxiety.

Never wear furs or jewelry on the road. Stop only at well-lighted, attractive places, whether for gas, meals or any other purpose. At a hotel it is best to take a side table and avoid unnecessary display of any kind. Some women advise wearing a wedding ring, even if not married, while on trips alone.

Never flash large sums of money. Carry a small amount of cash, and the rest of your funds in American Express Travelers Cheques. Travelers Cheques can be spent like money at restaurants, gasoline stations, motels and stores, wherever you go. If you lose them, you will receive a prompt refund. You can buy them at your local bank.

Plan to do your traveling by day as far as possible. Don't pick up hitch-hikers and stay on well-traveled highways.

Here Is Mamie Eisenhower's 'Million Dollar Fudge' Recipe

This is the time of year when most folks are keenly interested in making candy. So, this newspaper is especially pleased to give you the different, the wonderful fudge recipe of the nation's First Lady. This recipe of hers appears in the new cook book, "Who Says We Can't Cook?" which is a compilation of the favorite recipes of newspaper women and VIP's in our Nation's Capitol. You can get a copy for two dollars plus fifteen cents postage by writing the Women's National Press Club, 1367 National Press Bldg., Washington, D. C. But don't wait... try Mamie's recipe now! For family enjoyment and gift-giving it's a natural. Here it is:

MRS. EISENHOWER'S MILLION DOLLAR FUDGE

- 4 1/2 cups sugar
 - Pinch of salt
 - 2 tablespoons butter
 - 1 tall can evaporated milk
 - Boil 6 minutes.
 - Put in large bowl.
 - 12 ounces semi-sweet chocolate (chocolate bits)
 - 12 ounces German's sweet chocolate
 - 1 pint marshmallow cream (2 jars)
 - 2 cups nuts
- Four boiling syrup over ingredients in bowl; beat until chocolate is all melted, and pour into pan. Let stand a few hours before cutting. Store in a box.

Where German's Chocolate is not available, 3 to 4 squares of unsweetened chocolate may be substituted.

Cadillac

His Favorite Investment!

"It's the wisest motor car investment I ever made!"

"I've owned a great many makes through the years, but Cadillac wins my vote as the finest investment of them all."

"In my book, it is the best dollar investment on the highway today!"

We can't tell you how many times we've heard it. In fact, Cadillac's value and economy have become favorite topics of conversation among Cadillac owners everywhere.

And their sentiments are based on some very substantial facts about the "car of cars."

First of all, there's the economy of buying a Cadillac. Many models are actually priced competitively with the "medium-priced" makes.

Then there is the economy of operating a Cadillac. Cadillac's gasoline mileage is simply phenomenal for a car of its size and stature

... and its dependability is truly extraordinary.

And, finally, there is the economy that comes from Cadillac's great value. In resale markets all across the land, the Cadillac car traditionally returns a higher percentage of its original cost than any other automobile built in America.

And consider what generous dividends Cadillac owners receive from their investments.

... Cadillac's superlative beauty and luxury ... Cadillac's magnificent performance and comfort ... and Cadillac's wonderful reputation among the world's motorists.

We suggest that you pay us a visit soon and investigate the latest and finest Cadillac investment of them all.

We have the car ... and the keys ... and the facts—and we'll be happy to give you all three at any time. Why not make it today?

We've all seen a great many courtroom dramas in the movies, on the stage, or on television. Too many, some may say, but there's no denying the drama to be found in the courtroom.

A theatre seat or a comfortable chair in front of the TV screen is the closest many of us ever get to a courtroom. It's from such a vantage point that most of our ideas come today about court procedures and how a trial is carried on.

Stage and screen trials normally present only the highlights and take many shortcuts in the interest of brevity and audience appeal. Often an attorney is pictured making objection after objection to the questions and answers as witnesses vehemently, pompously, or sarcastically—and often in a voice louder than necessary—according to the demands of his role, and depending upon whether he's on the side of the villain or the hero. The judge then raps for order, and booms out, "sustained", or "overruled", and those

of us in the audience usually are at a loss over why he made his decision. In a real courtroom it's true that attorneys protest against what's being done or said, as a means of assuring a fair trial, and the judge must allow or disallow each objection. The principals in the real courtroom are just practicing common sense when they follow the "rules of evidence" in placing facts before the judge and jury. If there's to be a fair and a just verdict, there must be true facts.

Evidence in the courtroom may take several forms, but two are most common. Answers to questions from a witness under oath are the best-known type of evidence. Exhibits—written records, letters, "the murder weapon", and other physical objects having to do with the case—are the next most common. "Depositions", or written statements, from a witness who for some reason is unable to appear personally in court, are sometimes admitted as evidence in certain cases.

Perhaps you've heard: "A trial is not a contest of learning, skill, or tact between lawyers, but a proceeding to find out the truth according to the evidence received and the law as explained by the judge." That's about the size of it, and that's the way each of us wants it to be if ever we are placed on trial or taken to court for even so much as a speeding ticket. (This column, based on Texas law, is written to inform—not to

*These loans are short-term credit designed to help farmers finance one year's operations. Credit may be extended to farmers who are operating units no larger than a family type farm provided there is a sound basis for credit. McKay stated this means that the anticipated gross income from farming and other sources must be sufficient to repay the loan, meet farm and home expenses not provided for in the loan and provide a reasonable margin above such amounts.

advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.

THESE WOMEN! By d'Alema

"Oh, you dear—a book for my birthday! How was it?"

STRICTLY BUSINESS by McFooters

"NO"

Young People To Meet Monday

All young people are invited to attend the next meeting of the Young People's Fellowship Circle at the Steele Hill Baptist Church. This group meets every Monday night at 7 p. m. This is a non-demonstrational group and anyone who is interested may become part of the organization.

The get-together Monday night will consist of games, skits and songs and refreshments will be served.

The church is located about two and one-half miles south of Justice at the crossroads.

Gamma Eta Chapter To Meet Saturday

The Gamma Eta Chapter of Delta Kappa Gamma will have a regular meeting at 2 p. m., Saturday, February 11 in Roaring Springs in the home of Mrs. W. C. King.

The group will then go to the First Christian Church auditorium for a book review given by Mrs. Stella Bowman of Lorenzo.

Suitt-Underwood Vows Read Recently

Miss Delores Suitt and Allen Underwood were united in marriage, January 28 in a ceremony held in Durant, Oklahoma. Parents of the couple are Mr. and Mrs. Charles Suitt of Spur and Mr. and Mrs. Frank Underwood of Ector, Texas.

Mrs. Suitt is a former resident of Spur and attended high school three years. During that time she was a member of the Auderman Club and the band.

The couple is making their home at 5110 Reiger St., Dallas, where she is employed by Southwestern Bell Telephone Company. Underwood is employed by Buick Sales and Service in Dallas.

Y.W.A.'s Studies Indian Life

Tuesday, February 7 at 4 p. m. the Y. W. A. met at the usual place, Mrs. Glenn Jones', to have a business meeting and program. Topic for the meeting was "Indian Life on New Trails", which was very interesting and educational.

Inter-marriage between the different tribes and between Indians and white people was discussed. Also presented for discussion were the customs and beliefs of the Indians and how the tribes differ from one another. It was brought out that Indians have a wonderful skill for making jewelry and pottery, of which examples were shown.

The meeting was closed with a song and a prayer by Mrs. Smith.

Girard HD Club Meets Feb. 1

The Girard Home Demonstration Club met for a regular meeting in the home of Mrs. Blue Stephens, Wednesday, February 1. Mrs. Stephens gave a report on the training meeting which was held at Benjamin, January 30. Four members from the local club attended the meeting. Mrs. Lola

Wright gave a discussion on "Park Improvement".

Following the program and reports, refreshments were served to Mrs. Lois Turner, D. J. Young, Neta Stephens, Clara Darden, C. C. Kimmell, Lola Wright, Turner, Miss Lou Ann Gregory and the hostess.

The next meeting will be February 15 in the home of Mrs. Orwin Stephens.

FIX UP YOUR HOME NOW!

LET US MAKE YOU A LOW COST LOAN TO DO IT

ADD A ROOM, BUILD A PORCH, RE-ROOF, PAINT, BUILD A GARAGE.

With our loan plan, no down payment is required and there is no loan expense for repairs. If you are in need of home repairs, a new yard fence, new porch, garage, paint job or roof, you should get in touch with us.

We carry a complete stock of everything in plumbing supplies. If your plumbing system is damaged by the freeze call our Plumber or come to see us.

Anti-Yaws Fight in Laos

Modern health methods, penicillin and aid by the World Health Organization and the U.N. Children's Fund are helping to win the war against the disfiguring tropical disease, yaws. About twenty per cent of the world's estimated 50,000,000 victims live in the area ranging from Laos, Indochina, to the Philippines including the Pacific Islands. Here a villager in Laos, where WHO aid has already yielded substantial results, receives a penicillin injection from a member of a traveling medical team. Treatment is supervised by Dr. E. J. Douvier (right), WHO medical officer from France.

FAO Aids Paraguay Raise Better Corn

With technical aid from the Food and Agriculture Organization of the U.N., an intensive program to develop the natural resources of Paraguay is now being undertaken by that country. The photograph shows FAO expert, Adolph Schlicker, of Switzerland, talking to a student of the Coname Agricultural School in an experimental corn field. Coname is one of five agricultural schools where young Paraguayans, mostly farmers' sons, are being trained.

Scientists Develop New Pen Improvement

Here's good news for gift givers! There's a radical new improvement in fountain pens, making them more desirable gifts than ever before. Waterman engineers have developed a new system, illustrated above, for filling fountain pens by simply slipping an unbreakable plastic cartridge of fresh ink into the barrel.

As you can see, neither hands nor pen tip touch the ink with the new Waterman C/F (cartridge-filled) pen — messy ink bottle filling is eliminated.

A pen that needs no ink bottle! What will they think of next?

PUBLIC VOTES MERCURY "BEST VALUE IN ITS FIELD"

19th annual nationwide survey of car owners—by independent research organization*—shows Mercury leads its price class as "best value for the money." Whether you pick a Montclair, Monterey, or Custom, you get more car in four big ways!

- 1. NEW REFLEX-ACTION PERFORMANCE**—Go, stop, pass, climb, turn. THE BIG M responds instantly to your every command, adjusts instantly to every road. We call it "reflex action"—a new kind of performance that makes all your driving easier, safer—and far more comfortable than ever before.
- 2. NEW BIG M BEAUTY**—Here is fresh, clean, graceful beauty for the young-minded. Mercury's lines are long, sleek, road-hugging. New Flo-Tone color styling is radiant and dramatic. You enjoy a distinction in THE BIG M that is unmatched in Mercury's price class.
- 3. NEW SAFETY-FIRST DESIGN**—You get the widest choice of safety features in the field. At no extra cost, there's an impact-absorbing safety steering wheel (an exclusive in Mercury's field) and triple-strength safety door locks. And optional features such as seat belts and padded instrument panel.
- 4. PROVABLE VALUE**—Here's value you can see, and measure! Low first cost. Low operating costs. High resale value. And Mercury trade-in value has remained consistently high. No wonder Mercury was voted "best value in its field." Better see us soon.

For 1956—the big move is to THE BIG MERCURY

FARM TOPICS
By ROBERT W. BERRY
DICKENS COUNTY AGENT

The Dickens County 4-H FFA committee will meet on Monday, February 13 in the FFA office at 7:30 p. m. The committee will complete plans for the 1956 Dickens county 4-H FFA Show. All committee members and anyone else interested in helping with the show are requested to be present at the meeting.

Several questions have been asked about the new systemic insecticides for cotton. A systemic is an insecticide which is taken into the plant or animal and will kill insects which attack the animal or plant.

Several insecticides show systemic action but only one is recommended for treating cotton seed. This is known as Compound 3911. Research show that this

the new insecticide. Advantage of using Compound 3911 are:

1. Plants are protected for 4 to 6 weeks from time of coming up.
2. Bad weather cannot destroy the effectiveness of the poison in the young plants.
3. There is no problem in getting ready for the first two early season applications of insecticides. Disadvantages of the compound are:
 1. Possibility of losing stand due to weather or too early planting.
 2. Extra cost (\$3.00 as compared to \$2.00 or less with dust or spray insecticides).
 3. Necessary to transport seed to and from the seed treater.
 4. Extra precaution necessary in handling treated seed because the compound is highly toxic to man.

The feeding of stibestrol, according to recommendations, can save feed but does not cut the feeding time required to give steers the desired degree of fattening.

Girl Scouts

The council meeting set for last week was not held but business will be attended to at a meeting to be called later.

TROOP XI
Members of girl scout Troop XI met at the regular time on Wednesday, February 1 and all girls began work on beading for decorations on their moccasins.

The next meeting after this notice is published will be in the girl scout little house where meetings of this troop will be conducted on each Wednesday. The first meeting in the little house will be on February 15.

"Mineral Rights Management by Private Landowners" is the title of a new bulletin which is now available at the offices of local county agents or from the Agricultural Information Office, College Station, Texas.

HOSPITAL NOTES . . .

Mrs. Horace Wood received medical treatment for a day beginning January 30.

Also being admitted on January 30 was Mrs. C. N. Ticer, who was dismissed the following day.

J. A. Swaringer of Spur was a patient from February 1 to February 6.

Rosa Overton of Girard is receiving medical treatment.

Earl Hall was admitted February 1 and discharged the following day. Mr. Hall is a resident of Jayton.

Betty Nicholson received medical treatment for four days this week.

Lona Adams of Spur, Betty Hyatt of Spur and Janice Sharp of Afton were patients admitted February 2. Lona Adams is still undergoing treatment.

Lenie Pearl Hahn and Janette Harris were February 3 patients.

Mrs. Bessie Sullivan of Afton entered February 4 and has not been discharged.

Mrs. Eldon Reynolds was a one-day patient undergoing medical treatment.

Mrs. E. S. Lee and Mrs. Ernest Smith were both admitted Monday and neither have been discharged.

The eradication of one disease, brucellosis, would save the livestock industry of Texas an estimated \$10 annually. In addition to the direct loss from the disease, Dr. C. M. Patterson, extension veterinarian, reports other costs are piling up which are difficult to estimate.

Anyone using water from streams or natural water courses or from reservoirs located on such courses for irrigation, industrial and certain other purposes is required under a new law passed by the last Texas Legislature to file by March 1 each year a report on water used. Reporting forms may be obtained from the State Board of Water Engineers, 1410 Lavaca Street, Austin or from the office of the local county agricultural agent.

VETCH AND WINTER PEA VARIETIES FOR TEXAS

Tests of vetch and winter pea varieties for dry forage production have been conducted at several locations in Texas since 1950. The importance of these crops is indicated by the more than 26 million pounds of seed planted in the State in 1950. They are used for forage, land cover, green manure and seed production.

The tests were a cooperative project between the Texas Agricultural Experiment Station and the U. S. Department of Agriculture. Agronomist E. C. Bashaw of the Texas Station reports the

performance of vetch varieties was variable from year to year. No single variety was consistently superior.

Hairy, Auburn woolypod, Oregon woolypod and Willamette vetch produced the highest yields of dry forage. Results of the tests indicated that any of these four varieties should perform satisfactorily. Willamette, however, should be planted in the southern half of Texas. Bashaw says that unless there are areas where newer varieties are known to be superior, the choice among the four should be determined by the quality, cost and availability of the seed. Austrian outfields other varieties of winter peas tested. Dink wonder, a selection from Austria, is a week to 10 days earlier, but a lower yielder.

The tests showed that yields of vetch and winter peas often more than doubled when harvest was delayed from early March to April. Likewise, the percentage of dry matter produced was increased with the later harvest.

Details of the tests are given in Progress Report 1833. It is available without cost from the Agricultural Information Office, College Station, Texas.

Read the Want Ads

"Ever since I became acquainted with this remarkable man, (Attorney General John Ben Shepperd) I wanted to dedicate a book to him and to tell my readers something about him. He is a vital force in the administration of justice and he has the vitality, the stamina, the vision, and the sheer courage to go places." So reads the dedication of a novel just published by author-attorney-criminologist Erie Stanley Gardner. The book, "The Case of The Terrified Typist" is the 49th volume written by Gardner and the first dedicated by him to a public official. Shepperd (left) dedicates the new book with its author.

Tips on Tipping

Tipping the right people the right amount is the hallmark of the experienced traveler. Knowing whom to tip—and how much—will make your trip smoother and more enjoyable.

Going by plane your tipping problems are nil, and by train they are few. By ship, a figure on a base of 10% of the passage price to be distributed among cabin, deck, dining room and bath stewards—with extra amount if you obtain extra service.

When you arrive, you'll have to find out who gets tipped. For example, in France and other countries, you are expected to tip theatre ushers and museum guides. Main rule is: Do all your tipping in the currency of the country. Carry only small sums of cash, the rest of your funds in American Express Travelers Cheques—they can be spent or changed into local currency anywhere.

Two don'ts: Don't overtip, and never try to tip customs or government officials.

THE 860 TWO-DOOR CATALINA. The car says 60 and the price won't stop you!

Easy way to break the small car habit!

It's the hardtop buy of the year with the most power and size per dollar of any car in this style.

If you're accustomed to buying in the low-priced-three range, chances are you're paying for Pontiac's size, performance and distinction—but you're not getting it! As a matter of fact, you're not even coming close!

Where else at a price so low can you enjoy bossing the most modern, most advanced power plant

in the industry—the mighty Strato-Streak V-8? Where else at a price so low can you get the luxury of Pontiac's optional Strato-Flight Hydramatic—America's newest, smoothest automatic transmission?

Where else at a price so low can you find a big 122-inch wheelbase, such luxurious interiors and all the other fine-car features that put you so squarely on even terms with buyers of far costlier cars? Come in and see how easily this heart-lifting Strato-Streak beauty can be yours. Once you do, you'll be out of the small-car class forever!

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

Dry Lake Community News

Rev. Charles Pickens will fill his regular appointment at Foreman Chapel Church, Sunday. Sunday School will start at 10 o'clock. The public is cordially invited to attend these services.

Janett Harris, daughter of Mr. and Mrs. Vernon Harris, was operated on Friday night for appendicitis.

Mr. and Mrs. Archer Powell drove to Denton, Wednesday for their daughter, Dorothy, who is entering Texas Tech in Lubbock.

Mr. and Mrs. Don Ramsey and children visited with her parents,

Thursday until bedtime.

There was no church Sunday at Dry Lake and Foreman Chapel and Soldier Mound churches due to snow and bad weather.

Mr. and Mrs. Lon Bass made a business trip to Lubbock, Tuesday. They also visited their daughter, Mr. and Mrs. Clifford Smith.

Mr. and Mrs. Ellis Draper talked to their son, Jimmy, in Seagraves and daughter, Mrs. Bill Saxon. They had planned to come home for the week end but due to snow and bad weather, they were unable to come.

Jim Price and son, James, made a business trip to Pysote, Sunday. He has a place there.

Mr. and Mrs. R. D. Wright, Jr. visited until bedtime Saturday night in the home of Mr. and Mrs. E. J. Lasseter.

We are so happy to report that Dry Lake has been a snow lake the last five days.

Mr. and Mrs. Jim Price are proud to have a telephone in their

GIRARD NEWS

This community is experiencing one of the greatest blizzards in many years, bitter cold, snow and ice prevails. Roads are dangerous and old timers are reminded of the blizzards of 1917-18.

No Snow Here

PALM SPRINGS, CALIF. — The seagulls may return to Capistrano but the beauties return here. The one shown above is at the pool of the El Mirador with its famed Tower of The Stars in the background.

home. If you wish to call them, the number is 2155 Dry Lake.

Mr. and Mrs. John Coursey and Mr. and Mrs. Stanley Whitefield visited Mr. and Mrs. Kenneth Coursey, Sunday.

Basketball games slated for last week end had to be cancelled due to severe winter weather.

The basketball district tournament will get under way Thursday, February 9, 10 and 11 in Guthrie, that is, should the winter weather permit.

Mr. and Mrs. Wayne Wyatt from Lubbock visited their parents in this community for a few days. Both are students at Texas Tech.

The Girard H. D. Club met in the home of Mrs. Walda Stephens last Tuesday.

Jimmy Darden of Girard, a student at Cisco Junior College, has been named captain of the college rodeo team. He was also named on the judging team of grasses and livestock. The college has recently organized the rodeo club and will compete in college shows throughout Texas.

Mr. and Mrs. Ben Boland of Jayton visited his parents, the John Bolands, Tuesday.

Orwin and Blue Stephens and Buck Thompson had business in New Mexico last week.

Mmes. Blue Stephens, Hugh Turner, Woodrow Hodges and H. T. Stanaland attended a home demonstration in Knox City last week.

Fire destroyed a farm house on the Red Cooper farm Saturday night. A Negro family was living in the five room frame. The house and contents were a total loss. The colored folks lost all their clothing and furniture and \$25.00 in money. A kerosene lamp exploded, which was the cause of the fire. The Spur fire truck arrived too late to save any part of the house or contents. No insurance was carried on the house, so stated Mr. Cooper, the owner.

There was no school in Girard last Friday due to snow and ice.

Kent County politics was at a stand-still for one week, but we notice another candidate for commissioner of precinct no. 1, announced last week, which makes four candidates for that office. Come on in boys, the water's fine.

Fire destroyed the 1950 Ford owned by Blackie Wallace between Girard and Spur, Sunday night. The fire was discovered by Wallace as he was driving down the highway. The car was a total loss.

Lions Elect International President

Humberto Valenzuela of Santiago, Chile was elected International President of Lions International at the association's 38th Annual Convention in Atlantic City. Lions International, with more than 523,000 members in 11,580 clubs in 69 countries and geographical locations is the world's largest service club organization.

Vic Vet says
VETS WHO HAVE PERMITTED THEIR 60 TERM INSURANCE POLICIES TO LAPSE FOR FAILURE TO PAY THE PREMIUMS MAY REINSTATE BEFORE THE END OF THE 5-YEAR TERM PERIOD COVERED BY THEIR POLICIES.
For full information contact your nearest VETERANS ADMINISTRATION OFFICE.

There was no school at Girard, Monday; therefore, there is no school news.

In conference games at Clairmont, Monday night, the Jayton basketball boys defeated Guthrie by 17 points. The Guthrie girls won over Jayton by one point.

ALWAYS BOOSTING SPUR

Spine-tingling excitement, fast-paced action and suspense—these are the qualities common to "Running Wild" and "Tarantula," two pictures from Universal-International which have been combined in an unusual double bill that will open Friday at the Palace.

Aside from the fact that both pictures are calculated to raise goose pimples on your skin they are totally dissimilar.

"Running Wild," which showcases three bright new screen star prospects in William Campbell, Mamie Van Doren and Kathleen Case, and also has Keenan Wynn in a distinctly offbeat characterization, is a modern, true-to-life melodrama.

In this exciting story, William Campbell, who was seen recently in "Man Without a Star" and

"The High and the Mighty," plays a young police officer assigned by his superiors to pose as a 19-year-old hoodlum and join a gang of automobile thieves master-minded by Wynne.

"Tarantula," which stars John Agar, Mara Corday and Leo G. Carroll, is a new essay into horror fantasy from the studio which has been the leader in this field ever since it first frightened theatergoers with "Frankenstein." The frightener in this case is the most colossal figure ever put on the screen in the town where that adjective has become a byword. The figure is a huge spider, 100 feet tall and 50 feet wide, and it is so awesomely destructive that it makes King Kong seem like a household pet.

TELEPHONE TALK
by J. C. Oakley, Manager

The new year is a good time to look back—and to look ahead—so I thought you'd be interested in some recent statements by R. A. Goodson, general manager of the telephone company in Texas.

Mr. Goodson says that we plan to invest \$106 million for new construction in Texas in 1956—the largest telephone construction program in the state's history. This is in addition to \$229 million for operating expenses and taxes.

What the Record Shows

The decision to go ahead with an unprecedented construction and improvement program is based on these factors:

The industrial production of Texas is several times greater than 10 years ago. Population has increased 12.25 per cent in five years. The construction industry in Texas remains strong, retail sales continue upward, and business is generally healthy.

Number of Telephones Doubled

Since 1945, the number of telephones in Texas has doubled. There are now more than 2 million telephones serving Texas, and 93 per cent of them are dial telephones.

The telephone company has spent \$760 million gross for construction in Texas since 1945. This expenditure has contributed much to Texas' growth. The annual payroll for 26,000 telephone people in Texas is \$103 million.

"Despite this growth," Mr. Goodson points out, "some families are waiting for telephones or higher grades of service. We're keenly aware of those people and we're doing everything possible to bring them service as quickly as possible."

Our New Frontier

Texas was born of revolution, grew up with cattle and oil industries, matured and broadened in our generation. Yet, the new frontier ahead has greater promise than had the frontier of the past.

"Texas is facing its most interesting and challenging years," Mr. Goodson says. "The prospects are bright. That's why the telephone company in 1956 will undertake the largest telephone construction program in the history of Texas."

McAdoo News..

(Delayed) Damon and Thomas Davis of Dougherty spent the week end with the Dale Neffs.

Mr. and Mrs. Kenneth Cornelius and son of Houston spent last week with his parents, Mr. and Mrs. John Cornelius, and her sisters, the Bud and Roy Bakers.

John Burrow and Mrs. B. C. Cooper received word Monday their uncle, Will Burrow, had passed away at Waxahachie. Funeral services were held Tuesday. Due to illness, they were unable to attend.

Johnnie Shelton of Abilene spent last week end with David McDonald.

Mr. and Mrs. Edd Eldredge and children of Abilene were week end visitors in the Raymond Eldredge and Earl VanMeter homes. Vicki Eldredge remained for a few day's visit.

Mr. and Mrs. M. C. Formby returned home Monday after a visit in Plainview in the home of Mr. and Mrs. Marshall Formby. On Sunday they visited in Hereford with the Clint Formbys.

Mr. and Mrs. N. L. Fox of Petersburg visited in the Noble Hunsucker home, Sunday.

Mr. and Mrs. Dick Edinburg visited in Lubbock last Tuesday with their daughter, Mr. and Mrs. Jack Davis.

Mr. and Mrs. M. C. Baum have returned home after a visit in Memphis with the Weldon McGrearys and in Tulsa with the Forest Keiths.

Mr. and Mrs. Ralph Brunfield

of Ralls were Sunday afternoon callers in the L. E. Bass home.

Mr. and Mrs. Marvin Fredericks and baby of Clovis spent the week end with her parents, Mr. and Mrs. Leamon Brantley.

Mr. and Mrs. Young of Glenn, New Mexico, were week end visitors in the home of Mr. and Mrs. Charles Sullivan.

Mr. and Mrs. D. B. Higgins of Abilene were Sunday guests in the home of his parents, Mr. and Mrs. R. E. Higgins.

Bro. and Mrs. J. C. Arnold left Monday morning for a visit with his mother, Mrs. R. L. Arnold, of Dale City, California, a son, Jim Arnold, and Sacramento, California.

Mrs. Jewel McLaughlin and Ralph Dennis of Lubbock spent the week end in the R. L. Dennis

home. Clea Nell Allen entertained the following with a party in her home Saturday night: Darlene Brown, Bobby Morgan, Charlotte Karr, Gene Roberson, Shelley Williams, Frosty Estep, Deanne Mobley, Jack Condon, Neida Hahn, Jimmy Cowan, Patsy Smith, Ted Hindman, Jerrie Butler, Harvey Cannon and Glenn Martin. The girls spent the night and watched the telethon.

Mrs. Jack Davis, the former Mattie Nell Edinburg, of Lubbock was honored with a bridal shower in the home of Mrs. Earl VanMeter, Monday afternoon. Refreshments were served to approximately 40 guests. Miniature bring-

dal bouquets were plate favors. Mrs. O. W. Young and Mrs. H. D. Nickels were Lubbock visitors Monday.

Mr. and Mrs. E. W. Harris accompanied Mr. and Mrs. C. L. Harris of Lubbock to Possum Kingdom for a week end of fishing.

CAN YOU IDENTIFY THIS MYSTERY FARM?

This aerial photo is another in a series taken of farms in the Spur area for Rickels Chevrolet Co.

Nobody knows whose farm the aerial photographer snapped... so it's up to the readers of this paper to identify the "Mystery Farm".

If you can identify the "Mystery Farm" (whether it's yours or not) please write, phone or come by Rickels Chevrolet Co. The first one to correctly identify the farm will receive, with our compliments, two passes to the Palace Theatre and a one year's subscription to the Texas Spur.

The owner of each week's "Mystery Farm" will receive absolutely free a beautiful mounted photo of his farm by calling at the Rickels Chevrolet Co.

We invite you to watch for our "Mystery Farm" each week. The operators of the "Mystery Farms" will be announced in the following edition of The Texas Spur.

Homemakers FORUM

by LOU PAYNE

You'll be surprised at the work you can save-time and money, too—by following these household hints.

To remove mildew from clothes, wash the garment with detergent, moisten the stained area with lemon juice and salt, then dry in the sun. If the stain is old, bleach it with peroxide and rinse well.

Save your Christmas cards this year. Cut out the pictures and use them to decorate gift packages. This makes prettier packages than any seals or decorations you can buy.

Before cleaning your dog, cut four inch squares of flannel, fold, then place in a quart jar. Pour one pint of water and two tablespoons of Pine-Sol into the jar and shake well. Using the flannel to clean the dog will not only keep him clean, but take away dog odor and discourage fleas.

Plastic bags that come with vegetables can be put to many uses. Slip one of these bags over the end of a hammer—and you have a steak pounder.

When storing blankets, wrap them in paper or plastic and seal securely against dust. Place on top of any pile on the shelf to prevent crushing.

You can get sticky starch off the bottom of your iron by ironing over a piece of brown paper on which a little salt has been sprinkled.

MULLING WITH MULLER

By Edna M. Muller

The other day something went wrong with our boiler and suddenly we found ourselves without hot water—which meant heating water for dishes, washing, etc., for the remainder of the day. Our grandmothers or great-grandmothers, of course, faced this problem every day without a hat of an eye simply because this was the normal way of living. Today, in this wonderful age of ours, we take heat, electricity, appliances, and all the "necessary" things for everyday living pretty much for granted. This thought occurred to me again last Saturday afternoon while listening to the glorious music being broadcast from the Metropolitan Opera. There was a time when opera at the Met was the privilege of the few, but not so today! For the past sixteen years, through the sponsorship of the Texas Company, every individual and family with a radio have the privilege and opportunity of listening each Saturday to the world's greatest opera, directly from the stage of the Met, by simply a turn of the radio dial! There are no commercials to listen to, just magnificent music! So along with our hot water, electricity, etc., these opera broadcasts are on our list of things to be appreciated—not simply taken for granted!

Miscellaneous: Try a little lemon juice in your dressing, preserves... and your coffee, too—it will enhance the flavor. You can get a fast extra sharpening by cutting a few strips of sandpaper... and, when you've earned good—remember dusted onto the sandpaper but be very careful if the sand is building, it usually builds and the sand builds to equal!

Packing the biggest power punch in Chevrolet truck history!

New Chevrolet Task-Force Trucks for '56!

A short-stroke V8 for every model! Higher powered, higher compression 6's! More power for tight schedules and tough jobs... modern power that saves you money every mile!

You get plenty of "horses" to haul your loads in new Chevrolet Task-Force trucks. Power's been boosted right across the board in modern short-stroke V8's and efficient valve-in-head 6's! There's a V8 for every model, either standard or as an extra-cost option. And Chevrolet's famous truck 6's have higher than ever compression ratios! Come on in soon and let us show you all the new advantages you get in these great new Chevrolet trucks for '56!

Anything less is an old-fashioned truck!

Fast Facts About New '56 Task-Force Trucks

- HIGH-LEVEL VENTILATION AND CONCEALED SAFETY STEPS
- A MODERN, SHORT-STROKE V8 FOR EVERY MODEL!
- GREAT NEW FIVE-SPEED SYNCHRO-MESH TRANSMISSION!
- AN AUTOMATIC DRIVE FOR EVERY SERIES!
- MORE POWERFUL VALVE-IN-HEAD 6'S!
- TUBELESS TIRES, STANDARD ON ALL MODELS!
- FRESH, FUNCTIONAL WORK STYLING!

*V8 standard in L.C.F. models, an extra-cost option in all other models. *Optional at extra cost in a wide range of models.

RICKELS CHEVROLET CO.

How About That!

One of the first soaps, used by the women of Rome in Caesar's time was pumice stones (hardened, gray volcanic ash).....

In ancient Greece women washed themselves and their clothes at the same time, then let the sun bleach-whiten and dry out their garments...

Today 75% of America's homemakers use a separate bleach in the family wash... but for the first time it's possible to wash and bleach with ONE product, a new detergent with its own "built-in" bleach that makes wash day even easier!

Roaring Springs...

Rev. and Mrs. C. D. Dameron returned recently from Fayetteville, Arkansas, where they had visited with relatives.

Mrs. Myrtle Cottingham accompanied her sister, Mrs. J. A. Goodwin, to her home in Lubbock, Thursday, where she visited through Monday.

Mr. and Mrs. Charles Owens and children spent the week end in Lubbock looking after business and visiting with relatives.

Mr. and Mrs. Victor M. Chalk attended to business in Lubbock recently and also visited with his brother and wife, Mr. and Mrs. Walter Chalk.

Mrs. Maud Osborn of Odessa is here visiting with her daughter and family, Mr. and Mrs. Alvery Melton, in the Midway community and here with a son and family, Mr. and Mrs. Earl Osborn.

Miss Marilyn Hughs, who attended T.W.C. in Denton, spent the week end here with her grandfather, Guy Thacker, and other relatives.

Jack Bridges of Compton, California, is here looking after business and visiting with his father, J. F. Bridges, and sisters, Mmes. Charles Long and Dale King, and families and a brother and family, Mr. and Mrs. Joe Bridges, Jr.

Charlie Posey and daughter, Ronda, drove to Carlsbad New Mexico, Monday to visit with his daughter and family, Mr. and Mrs. Gary Laughlin and Gary, Jr. Mr. Posey, who has been there two weeks, will accompany them home.

Mr. and Mrs. Erna A. Overstreet and Mr. and Mrs. E. A. Overstreet, Jr. of Lubbock visited here with relatives.

Mr. and Mrs. S. J. Braselton and Mr. and Mrs. Caldwell Smith returned Saturday from Dallas and Ft. Worth, where they attended to business and also attended the fat stock show.

Mr. and Mrs. Frank Ragland drove to Quanah, Tuesday to be with Mr. and Mrs. Martin Smith when Mr. Smith underwent surgery and Quanah Memorial Hospital.

The quarterly conference will be held at the Alton Methodist Church, Sunday, February 12. District Supt. J. E. Shewbert of Lubbock will preach at 11 a. m. and hold conference after lunch, which will be served at the church. Everyone is invited.

is a patient in Richards Memorial Hospital.

W. R. Sedgwick and Sam Lowrance of the Duncan Flat community and Forrest Kindall of Dickens spent the week end here with Mr. and Mrs. Thurston Wingar.

Mrs. Bess Patton and Mrs. Hammersley of Matador visited with friends here Monday.

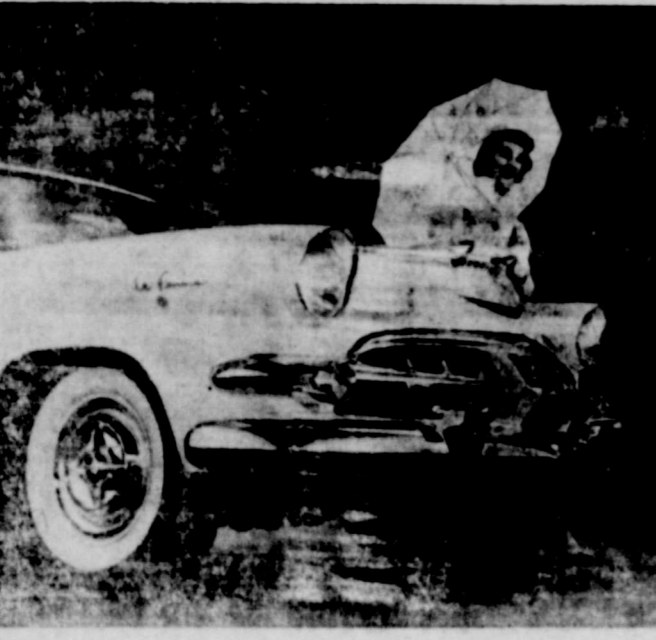

Mrs. Howard Osborn and children, Sue, Johnny and Penny, and Mrs. Clyde Pattello and children of Odessa spent the week end here with Mrs. Hazel Bridges and

Mr. and Mrs. Earl Osborn.

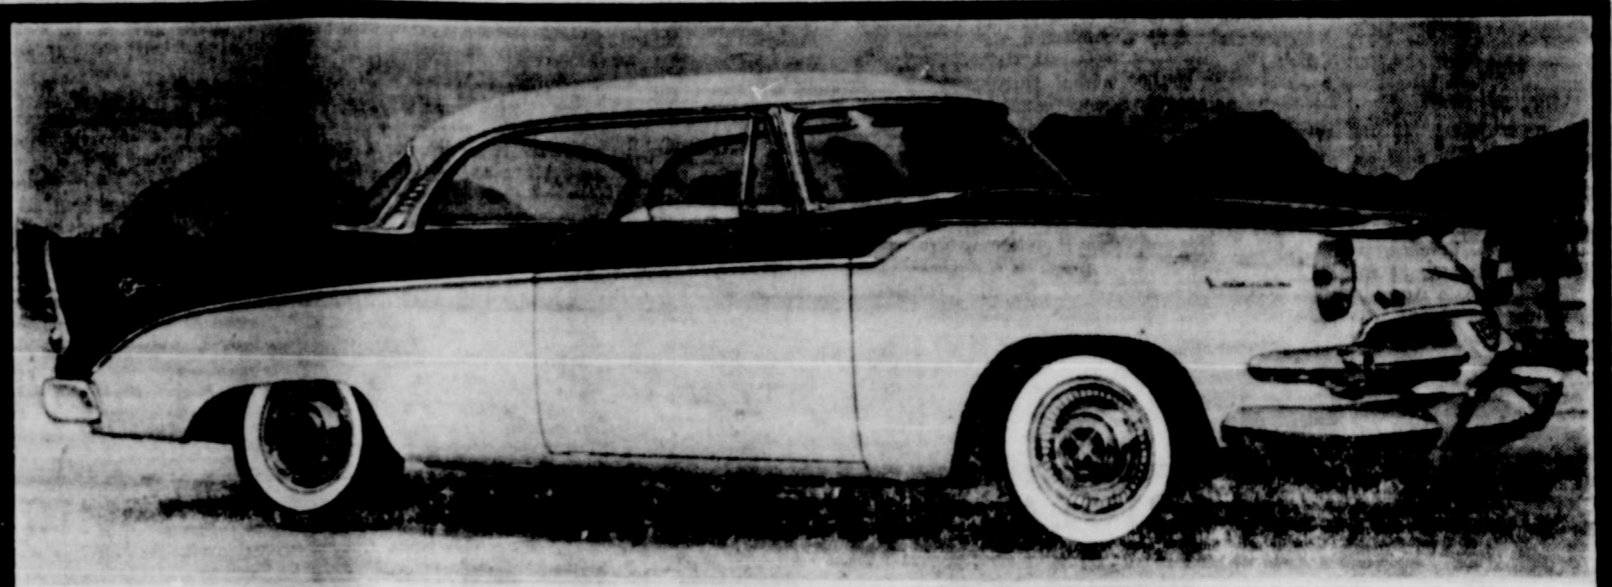

Recent guests of Mrs. Mary Sampson were her children, Mr. and Mrs. Jim Sampson of Baird, Mr. and Mrs. Roy Eingle of Iowa, Mr. and Mrs. Herman Marshall of Floydada and Mr. and Mrs. Charlie Brooks, local residents.

While the visitors were here they celebrated their mother's 82nd birthday on Thursday, February 2. Several of her grandchildren called during the day Mrs. Sampson and Miss Jewel Sampson accompanied Mr. and Mrs. Jim Sampson home from a visit.

1956 Dodge 'La Femme' Unveiled

The 1956 Dodge LaFemme, designed exclusively for the modern American woman, is shown above. This royal beauty's colors and interior styling reflect discriminate feminine taste. The two-door Custom Royal hardtop is finished in jewel tones of regal orchid and misty orchid. Interior design is enhanced by orchid jacquard upholstery, gold vinyl bolsters and panel trim, and an orchid headlining flecked with gold dots. Two accessory cases are conveniently located on the backs of the front seats. Fitting snugly into one compartment is a complete rain ensemble, styled from the same fabric as the headlining. A gold-plated inscription of "LaFemme" on front fenders and glove compartment adds an extra note of regal elegance.

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

YOU'LL KNOW THE MOMENT YOU SEE IT...

The Texan Was Made For You!

It's your kind of car... this handsome, rugged Texan by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gas" to its mighty, aircraft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the Texan boasts a power plant just like the Dodge that made automotive history on the famous Bonneville Salt Flats in Utah.

Surely you've read or heard recently how a '56 Dodge stock car shattered 306 world records for endurance and speed in that sensational 14-day, non-stop run. This officially witnessed performance covered over 31,000 miles of round-the-clock driving at an average speed of 92.86 miles per hour... the greatest distance at

the fastest pace any car has ever travelled! Now this handsome, flat-finished, especially trimmed Texan offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, you'll be in for your biggest surprise when you glance at the price tag. Big, powerful and luxurious as it is, you'll expect to pay perhaps a thousand dollars more than that tag reads. Yet here you'll discover that this Texan, with all its beauty and size and ruggedness, is priced right down with the so-called "low-priced three." Come and see for yourself.

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Better not delay for the supply is limited.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with

the provisions of said Acts. In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman, or mechanic employed on this project. Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of Arville Coyle, Resident Engineer, Childress, Texas, and Texas Highway Department.

Program Held In Roaring Springs For March Of Dimes
Approximately 275 people gathered in the gymnasium of the Roaring Springs High School recently for an amateur program for the March of Dimes. A variety program which included a film on "They Shall Not Want" was presented at alternate times with the auction of pies and cakes. Orville Harris proved to be an excellent auctioneer. Winners of the amateur contest were: 1st place, accordion band; 2nd place, Tiny Tot Rhythm Band; and 3rd place, Shirley Stafford. During the evening, several prizes were given away. Generous donations were given by a group of local businesses. Program directors were Mrs. Buzz Thacker, Mrs. Bob Clem, Mrs. David Campbell, and Paul Sweatt. The proceeds were approximately \$410.00 and the directors wish to thank each and all for such generous response.

CARD OF THANKS
My Deepest sincere thanks go to all the people who were so nice and good to us while I was in the hospital. May God bless each and everyone of you. Mrs. E. R. Wootan
