VOLUME 42

SPUR, DICKENS COUNTY, TEXAS

THURSDAY, NOVEMBER 8, 1956

NUMBER 3

Whoa, Now!

By Grady Lackey

We overheard a good citizen comment yesterday "Well, I lost my vote!"

Another better citizen, who had voted exactly as the first one had, quickly reminded him "No, in America one can never 'lose' his vote even if his candidate doesn't win."

Even though Dickens County again favored Stevenson over Ike, that doesn't make us any less a part of the United States, nor does it alter the fact that President Eisenhower is everyone's president.

We, the citizens of Spur, Rails, Post and Crosbyton, can save ourselves some confusion and possibly some misunderstandings in the months and years immediately ahead if we can comprehend the White River Water Control and Improvement District as a unit in itself, designed for the welfare of all, instead of thinking of it as being made up of four cities, each with its own to look out for.

The few scattered water holes over the area should be good duck hunting stops these cold, cloudy mornings if you're tuff enough to brave the elements for a few morsels of dry, stringy dark meat.

We'll have to take a day off this week end to get around to seeing all the new cars going on display for the first time.

Oldsmobile is sporting a new station wagon this year, and have a new line of beauties in the Golden Rocket 88's.

The "Dynamite from Detroit", the new Mercury is scheduled to be unveiled Nov. 12. Previews show it to be a honey this year.

Also going into the showroom tomorrow will be the "Surprise Package of '57", the new Pontiac. We peeked under the wrappings yesterday to immediately miss the silver streaks on the hood, but readily noticed some new beauty marks that will surely soon be known as those of the popular Pontiac.

Also due soon is the new Cadillac, which will pretty well round out the new lines as far as Spur dealers are concerned.

We believe that it is a wise citizenry of a city, state or nation that will admit its fallacies and go on to correct them in a progressive manner.

We do not hesitate to state publicly that we voted a couple of years ago to continue to operate the city light plant as a municipal operation. We then voted for the bond issue to buy a new motor and improve the city's distribution system.

But now, after careful study and consideration of the conditions that exist, we feel that a re-consideration is due by the citizenry of Spur. We need to consider the cost of fuel, labor, repairs, and operation of a small generating plant as compared with the much more economical operations of the large privately-owned electrical companies. We need to consider the actual profit now being realized month by month or year by year of the local plant as compared with the capital investment in it and its value as rent property as a stand-by emergency unit.

We need to re-consider the ultimate value of the city's light plant in the light of an atomic age that will, in a matter of a few years, make electrical generation via atomic activators far superior to any internal combustion high speed engine.

We need to consider the future benefits to be derived indirectly through showing outside capital investors that Spur is favorable to private enterprise and is receptive to cooperation with those who invest the necessary capital in industries, new businesses, etc. in the smaller cities.

We need to consider what a guaranteed annual income for our city would by far exceed any profit we could ever realize from the operation of the light plant would mean to the operation of our hospital, the paving

Pvt. Hobbs Training At Fort Eustis, Va.

Pvt. Charles R. Hobbs, son of Mr. and Mrs. L. W. Hobbs, 302 Cowan St., Spur, Texas, is receiving on-the-job training in transportation at Fort Eustis, Va., under the Reserve Forces Act.

After his six-month tour of active duty under the act, Hobbs will be permitted to complete his military service in a local National Guard or Army Reserve unit.

Hobbs attended Spur High School.

NEW ARRIVALS

Mr. and Mrs. Willie Burrell are the parents of a baby girl born November 2, 1956 weighing 4 lbs. 14 oz. She is named Sharon Elaine.

Mr. and Mrs. H. W. Coker have a new baby girl named Ruby Jane. She was born November 3 at 8:06 a. m. and weighed 8 lbs. 9 oz.

Doro Dolores Pesina, weighing 7 lbs. 13 oz. was born to Mr. and Mrs. Juan Pesina, Nov. 6, 1956.

Rankin To Return From Far East

Word has come from Sgt. John C. Rankin of the U. S. Marines that he is being returned to the States after more than a year in the Far East. John left Okinawa on Nov. 2 and should be home in Spur by Nov. 20. He has been in the Marine Corps for three years and is due to be mustered out on Feb. 2, 1957, at which time he plans on continuing his studies in school.

Sgt. Rankin is the son of Mr. and Mrs. Melvin Rankin of Spur.

Bulldogs Bounce Lockney 26-0 To Take District Lead

Fall Concert Planned By Spur Chorus

The Chorus Clubs of the Spur High School and the Spur Jr. High School will present their Fall Concert Monday Nov. 19, at 7:30 at the East Ward Auditorium. There will be no admission charges and the public is invited.

These groups have been working hard on their presentations and an evening of good singing is promised.

Lions Feed Bulldogs At Annual Banquet

The Spur Lions Club entertained the Spur High School Bulldog football squad at a banquet Tuesday night at Dyess hall.

The annual event featured a film of highlights of the 1955 Southwest Conference football games.

Club president Mac Allison presided over the banquet and introduced the special guests present. Coach Bill Henry introduced the backfieldmen on both the varsity and B team squads, and Coach Jim Eddins introduced the linemen.

The supper for the football team is held each year preceding the open date on the schedule.

Team Co-Captain Eddie Don Hagins, who missed the Lockney game because of injuries, expressed the team's appreciation for the banquet and for the support given the team week by week. He was introduced along with Co-Captain Max Gabriel.

The pre-meal songs were led by Bill Glenn and Rev. John Floyd gave the invocation.

DR. MILLICAN TO FILL PULPIT AT FIRST BAPTIST CHURCH

Dr. Charles Millican, head of the business department at Hardin-Simmons University, has been retained by the First Baptist Church to fill the pulpit on Sunday mornings and evenings until the church calls a new pastor.

Dr. Millican preached here on Sunday, Oct. 28.

Last Sunday morning Rev. John Petry of Abilene brought the morning message, and last Sunday evening a special program was presented by the training union showing the history of training union in the church.

Mrs. Hattie Turvan returned to Spur this week after visiting with kinfolks in Galveston and Fort Worth. She spent a week in Galveston with her granddaughter, Mr. and Mrs. D. D. Sawyer, and three weeks with her daughters, Mrs. Alice Laverty and Mr. and Mrs. S. S. Noblit, in Fort Worth.

of our streets, the improvement of our parks, and, yes, even the lowering of our city taxes.

We thoroughly realize that talk such as this is "poison" to many of our friends. We mean no personal affront to anyone or any group. We feel that it is time for us to reconsider a financially-sound disposition of the city light plant, only as a definite step toward a better Spur. We have already heard most of the arguments on both sides about what happened 20 years ago, but now urge consideration by the city council and the citizenry of Spur to consider the years 1956, 1957, etc.

Spur Rests This Week; Preps For Day Game At Floydada Nov. 16

By Bob Johnson

The Spur Bulldogs stepped into a mathematical lead in District 2-AA last Friday night with a 26-0 win over the Lockney Longhorns.

WOW! What a game! Lockney's highly-rated Longhorns, undefeated and untied through seven consecutive games, came to a screeching halt.

To start things off, Joe Copeland kicked off to Lockney. On the first play there was a bad pass from center over the head of the Longhorns' Jerry Workman, and Randall Gilcrease recovered for Spur on the one-yard line.

On the first play by the Bulldogs, Dwayne Green slashed off right tackle to score standing up. The conversion was missed, but Spur led 6-0 with just 16 seconds off the clock. This was the first of five Longhorn fumbles that Coach Bill Henry's Bulldogs recovered during the evening.

Lockney had two TD's called back on penalties. One was a 76-yard punt return by QB Gene Handley. The other was a 29-yard sprint by Jerry Williams on a reverse.

A hard-charging forward wall took advantage of the breaks for Spur by pouncing on the fumbles and blocking one punt. The Bulldogs took charge and broke the back of a fine-spirited and exceptionally fast Lockney ball club.

Spur had a touchdown called back when a ball-carrier dropped the ball right at the goal line only to have it roll completely out of the field of play for a touchback.

The fired-up Bulldogs broke the game wide open in the third quarter when Max Gabriel slashed off tackle for the second tally. The TD was set up by two fine runs of 17 and 33 yards by Green. Again the try for point was no good and Spur led 12-0.

David Morgan blocked a Longhorn punt on the following series and Gabriel recovered on the Lockney 14. A 15-yard penalty moved them back to the 29, but Green went for ten, James Gordon matched it, and Ray Don Powell passed to Ernest Wilson on the five. From there Powell took it over to pay dirt on a keeper. Gordon booted the extra point to make the score 19-0.

This same situation was destined to repeat itself in the fourth quarter when Powell again rained over on the keeper play five yards out to climax a sustained drive by the Bulldogs. The point was good again and the final score was Spur 26, Lockney 0.

Defense Credited

We can safely say that the line had a very definite part in winning the ball game. The heads-up defensive play of Max Gabriel, Breezy Gordon, Randall Gilcrease, Allen Kisinger, David Morgan, and, well, in fact, the whole defensive team, was something to watch and be proud of.

Coach Henry states that the Bulldogs came as close to putting out 100% effort as any high school team that he has ever seen. There was spirit to spare as Spur took advantage of the breaks and capitalized on them. The backfield moved 'em over behind the key blocks of the whole line.

The backfield did a lot of good blocking for each other on reverses and puch-outs. Gordon kept the defense confused by his "am I going to pass or not" deception. We, the folks of Spur, are very proud of every boy in the line-up for the fine performance last Friday night.

Max Gabriel added six more points to his mileage chart against Lockney to boost his scoring for the season to 60 points. He is still leading the district in this department.

The Bulldogs have an open date this week in preparation for the game with Floydada there on Nov. 16. It will be a day game, starting probably at 2:00 p. m. Let's make plans now to go to Floydada with the Bulldogs to the game that will clinch at least a tie for district championship.

Wintery Weather Comes To Area

Low clouds, light mist and chilly weather brought a mild touch of winter to the Spur area yesterday, only to be met with bright clear skies this morning.

Lows of 31 degrees were recorded at the experiment station Monday and Tuesday mornings, but an official killing frost is still in the future. Heavy frost in low places has killed some vegetation, however.

The average killing frost date for Spur is Nov. 5.

The light mists over the area have got things pretty damp in places, but only a trace of moisture has been recorded.

If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.—(1 John 1:9)

County Sticks With Stevenson As Eisenhower Sweeps U. S.

Vice-President Nixon

President Eisenhower

All Constitutional Amendments Approved In County, State

Dickens County went contrary to the state and nation last Tuesday, extending a more-than 2-1 majority to Adlai Stevenson over President Eisenhower.

The county cast 1203 for Adlai and 551 for Ike.

The local Stevenson landslide was even heavier than the 1952 voting which again saw the county differ with the state and nation. The margin in '52 was 1,134 to 790.

The turnout of voters for the general election was probably about the same percentage-wise as it was in 1952. A total of 1824 were cast in 1952 for president and 1754 were cast this year. Estimates of a population drop in

the last four years could account for the difference.

The election totals indicate that some 62 voters went straight Republican, as the three Republican candidates received 59, 58 and 62 votes. The Constitution Party failed to scratch.

Paopy W. Lee O'Daniel found 112 write-in supporters in the county, while Price Daniel got only 1066 of the over-1700 votes cast.

The county soundly favored all eight of the state constitutional amendments, with the teacher retirement amendment being approved 906 to 176.

Amendment No. 8, dealing with the denial of bond ran the closest race, but here even the margin was 615 to 244.

A ninth amendment, dealing with old age assistance, will be voted on in a special election on Tuesday, Nov. 13.

City To Observe Nov. 12 As Holiday

The major business houses, the city office, post office, bank and public offices will be closed next Monday, Nov. 12, in observance of Veterans' Day—formerly Armistice Day.

The holiday is one of six approved by merchants through the chamber of commerce.

Spur public schools will have classes as usual, saving their holiday for Friday, Nov. 16, the date of the afternoon football game at Floydada.

Several merchants plan to be open only a half day on Friday to let as many town folks as can follow the Bulldogs to the game that can clinch at least a tie for the district championship.

Among those definitely planning to close at noon Friday are Mac's Super Market and Spur Super Market.

'Great Issues' To Be Adult Study Topic

The Adult Education Group will meet Thursday, November, 18th at 7:30 in the home of Miss Nina Grace to discuss the first lesson in the course "Great Issues in American Politics". Any interested person is invited to attend.

Plans will be made for a Community Round Table discussion for Thursday, November 15 at which time community needs will be discussed by a panel of key persons of the community.

Shower Planned For Summers Family

A miscellaneous shower for Mr. and Mrs. Doyle Summers will be held at the Soldier's Council church Friday night, Nov. 9th from 6:30 to 7:30.

The home of Mr. and Mrs. Summers was completely destroyed recently by a gas explosion. All their belongings were damaged or destroyed. Several members of the family were hospitalized after the accident but all have now been released from the hospital. Everyone is invited to come.

Legion To Hold Vets' Open House Here On Nov. 12

Open House will be held all day on Monday, Nov. 12, for all Spur area veterans and their families. A barbecue dinner will be served at noon.

The open house will be held at the American Legion Hut under the sponsorship of the Williams-Puckett Post No. 161.

All area veterans of all wars and their families are very cordially invited and urged to attend this event and enjoy the barbecue dinner. Various game tables will be set up for adults and playground equipment will be on hand to entertain the youngsters. The hut will be open from 10 a. m. to 4 p. m.

Mrs. Neaves Joins Local SPCA Staff

Production Credit Association is proud to announce the employment of Mrs. Juanita Neaves as office assistant as of November 6, 1956. Mrs. Neaves is a daughter of Mrs. G. W. Justice, a long time resident of Dickens County, and is a graduate of Spur High School. She and her two children, George and Beth Inez, have made their home 5 miles South West of Girard.

Claude Neaves was a member of the association until his death in 1955. They have resided in Kent County the past 15 years. Mrs. Neaves maintained active management of their farm for one year, and has since been employed by the Spur Memorial Hospital as office assistant and for W. B. Francis Gin as bookkeeper.

Production Credit was organized in Spur in 1934. Heretofore the Spur office has been closed two days a week. Effective November 6 office hours will be Monday through Friday 8 a. m. to 4 p. m., Saturday 8 a. m. to 12.

TESSING GETS SEVEN YEARS FOR GODFREY BURGLARY

Joe Tessing pled guilty in the district court of Judge Alton B. Chapman on Nov. 5 of charges of burglary.

Tessing was involved in the Jan. 3, 1955 burglary of firearms at Godfrey's furniture store in Spur. He was sentenced to seven years in the penitentiary.

State Farm Bureau Meeting Nov. 11-14

Speakers for the Texas Farm Bureau's 1956 convention have been announced by the state farm organization. The 23rd annual meeting will be held Nov. 11-14 at the Rice Hotel in Houston.

Speakers will include Dr. Clifton L. Ganus, Dean of the School of American Studies, Harding College, Searcy, Ark.; Hassil E. Schenck, president of the Indiana Farm Bureau Federation; Robert D. Harrison, Congressman from Nebraska and member of the House Agricultural Committee; and Arthur H. Motley, publisher of Parade magazine.

Ganus will conduct vesper services on Sunday evening, Nov. 11, following registration earlier that afternoon. Schenck and Harrison will address the Tuesday afternoon session of the convention, and Motley will be banquet speaker Tuesday evening.

Highlighting the convention on Monday evening, Nov. 12 will be the finals of the Texas Farm Bureau queen contest with 13 district nominees competing for the crown. The winner will go to the national convention of the American Farm Bureau Federation in Miami Beach, Fla., in December.

Voting on resolutions will take place on Wednesday, the final day of the convention. Adopted resolutions dealing with state matters will become the official Texas Farm Bureau policy for 1957.

Map Shows Lake Layout Board Considering Engineering Contract; BRA Grants \$2,500

The board of directors and committees of the White River Water Control and Improvement district met at Calgary yesterday afternoon to further plans on the lake project. Meeting with the groups from Spur, Post, Crosbyton and Rails were Col. Freeze of the Freeze and Nichols engineering firm, and Ransom Galloway of the district's fiscal agent.

The group first considered the completed topographic map of the proposed reservoir. It revealed that the lake will impound

33,160 acre-feet of water at an elevation of 2,370 feet. The original plans were for a 31,000 acre-foot lake. The lake will have approximately 25 miles of shoreline and will be "Y" shaped. It was estimated that from seven to ten sections of land will be designated for the lake and adjacent areas.

In the near future, copies of the map will be available for display in the four cities.

The board officials canvassed the election returns of the confirmation election held in the

four cities on Oct. 27 and the district was declared created.

Col. Freeze read to the group the engineering contract proposed by his firm. The contract was assigned to a committee for study and will be acted upon at the next meeting of the board.

It was reported that the Brazos River Authority has agreed to aid the district to the extent of paying half the cost of the topographic maps, not to exceed \$2,500.

Galloway reported to the board that the bond election could be ready to be called for a February date instead of in March as was stated in the original schedule.

The next meeting will be held in Crosbyton on Nov. 15.

PTA To Hear Dr. Browning

Dr. Bruce Browning of Lubbock, formerly principal of the East Ward Schools in Spur, will be the guest speaker at the regular meeting of the East Ward Parent-Teacher Association on Tuesday afternoon, Nov. 13, at 2:30 o'clock.

Dr. Bruce Browning

Dr. Browning is now with the education department at Texas Tech. He recently received his PhD at the University of Texas.

The subject of the afternoon discussion will be "We, the People Emphasize the Basic Learning Skills" with Principal H. M. Allison as leader. The program will be held in the East Ward Auditorium.

The pupils of the first grade rooms will also take part on the program.

All parents and friends are urged to attend.

L. J. HYATT INJURED IN AUTO ACCIDENT

L. J. Hyatt, son of Mrs. Ella Abercrombie and grandson of Mrs. Betty Hyatt, was seriously injured in an automobile accident in California Monday.

Mrs. Abercrombie left Spur Tuesday morning to be at his bedside at Ventura, Calif.

FUNERAL FOR BROTHER OF NONA STARCHER TODAY

Funeral services are set for 10:30 this morning for W. P. Cagle at the Corinth Baptist Church in Abilene.

Cagle, who resided in Mathis, Texas until his death Tuesday morning, was the brother of Mrs. Nona Starcher. He was the last member of her immediate family.

Mrs. Starcher and son, Billy D., are in Abilene attending the services.

McAdoo News

Mrs. Elmer Maben of Spur visited last Thursday with Mrs. T. M. House.

Mr. and Mrs. A. W. Vanleer visited in Lubbock Sunday and attended church services there.

Mrs. Ella B. Lane spent the week end at Shallowater in the home of Mr. and Mrs. A. R. Reese.

Charlie Allen made a trip to Arkansas City over the week end to move his daughter and family the David Welch to Dickens.

Mr. and Mrs. John Burrow and Kay and Leroy spent Sunday in Brownfield with Mr. and Mrs. Orvin Callihan and girls.

Mr. and Mrs. John Callihan spent the week end at Midland with the Lawrence Pipkins. Mrs. Elsie Mae Quinton accompanied them on her return trip to her home in San Antonio after a visit here.

Mrs. Tutthill spent Friday night in Canyon visiting relatives.

Mr. and Mrs. Weldon McCreary and girls, Mary and Ann spent Sunday with her parents, Mr. and Mrs. M. C. Baum. Another daughter, Mrs. Forest Keith and children, Vicki and Wanda of Tullia also Mrs. Marion Parker Baum and children, Vera and James are spending a few days in the Baum home.

Mr. and Mrs. Thurman Davis and boys of Dimmitt were Sunday dinner guests in the home of Mr. and Mrs. Noble Neff.

Mr. and Mrs. Leon House of Hobbs, New Mexico, visited his parents, Mr. and Mrs. T. M. House last week from Wednesday to Friday.

Mrs. M. F. Merkel is visiting her daughter and family, Mr. and Mrs. Milton McDonald.

Bro. and Mrs. J. C. Arnold visited Mrs. Helen Nickels in the Methodist Hospital at Lubbock, Saturday.

G. W. Allen has returned home after a visit in Lubbock with relatives.

Lawson McWilliams visited from Thursday to Monday in Lamesa with his son, the Raymond McWilliams.

The regular monthly pack meeting of McAdoo Cub Scouts Pack 132 met Thursday night in the lunchroom, with the new cub master, Noble Neff in charge. Tommy Murray received his bobcat badge. Johnny Fabus received his one year service pin and arrow points. After the business session, a social hour was enjoyed with stunts and songs. About 12 boys and their parents were present.

Mr. and Mrs. A. G. Fox, Mike and Sharon of Afton visited Sunday afternoon with Mr. and Mrs. G. G. Allen.

Mr. and Mrs. Dale Neff and children spent Sunday at S'oton in the home of her parents, Mr. and Mrs. O. E. Lumsden.

Mrs. O. W. Young and girls attended funeral services in Frederick, Oklahoma, on a uncle Saturday. They also visited her brother and other relatives before returning home.

Leamon and Laverne Brantley of Portales visited relatives here Saturday.

Mr. and Mrs. Lester Ball of Spur were Monday evening visitors in the home of Mr. and Mrs. John Formby.

Mr. and Mrs. John A. Allen accompanied by Mr. and Mrs. Al Worth of Abilene returned Monday from a visit in Jacksonville with Mrs. Allen's brother, Mr. and Mrs. M. B. Cleaver and in Henderson with her mother, Mrs. J. B. Cleaver.

NATIONAL 4-H DAY SLATED FOR NOVEMBER 10

Texas 4-H club members, 122,000 strong, will join with the more than 2,200,000 members in the nation in observance of National 4-H Achievement Day on November 10.

In Texas, observances are being planned on both the community and county levels and 4-H members, their leaders, county extension agents and friends of 4-H invite every citizen to participate in the local activities.

Last year in Texas 4,427 local 4-H clubs carried on an active program of demonstrations. The 4-H members were given assistance by 10,606 adult leaders and 3,141 junior leaders.

Among the agricultural demonstrations, poultry production led the list with 12,855 members enrolled and they owned in excess of half a million birds. A close

second was gardening with 12,647 members producing vegetables on 4,866 acres. The production of programs was a popular demonstration with an enrollment of 11,325 members and they owned 32,667 animals. Enrollment in beef production totaled 8,688 with 13,947 animals involved.

"HIGH SOCIETY" TO START SUNDAY AT THE PALACE

Bing Crosby, Grace Kelly and Frank Sinatra, each an Academy Award winner, are topping the year's outstanding cast. Cole Porter's first original score in a motion picture in ten years with Louis Armstrong and His Band, Crosby and Sinatra singing together for the first time, and Grace Kelly making her debut in the musical, makes a great attraction for movie-goers.

That's the unbeatable entertainment offered in Sol. C. Siegel's production of "High Society". The big attraction, filmed in Vista-Vison and color and released by M-G-M, opens this week at the Palace Theatre.

Laid against a glittering background of Newport's social world and its summer jazz festival, the story of "High Society" has a full quota of laughs in a plot revolving around a beautiful society girl who can't make up her mind about which husband she wants, the respective happy-go-lucky sportsman and stuffy careerman who vie for her affections, and the snooty magazine reporter who appears on the scene in quest of scandal but ends up in arranging for the right romantic parties to get together.

Together with Celeste Holm, the cast co-stars John Lund, Louis Calhern and Sidney Blackmer, with other important roles played by Margalo Gillmore and Lydia Reed.

HIGH SCHOOL MENU NOVEMBER 12-15

MONDAY Lunch meat with cheese, potato salad, green beans, cherry cobbler, milk, bread.

TUESDAY Hot dogs on bun, chile and mustard, buttered hominy, lettuce salad, rice pudding, milk, pineapple rings.

WEDNESDAY Pinto beans, Bar-B-Q weiners, seasoned greens, sliced onions, corn bread, peanut butter cookies, sliced peaches.

THURSDAY Sandwiches, potato chips, black eye peas, dill pickles, orange muffins, butter, milk.

Veterans' Day

It's "hats off" today to the men and women of our armed forces who defended our liberty on fighting fronts that girdle the globe. May their shining example inspire us anew with devotion to the cause for which they gave so much, so freely, so bravely.

Veterans' Day (formerly Armistice Day) Nov. 11th, has been established to honor the veterans of World Wars I and II and Korea.

SPUR SECURITY BANK

Medical Milestones

The Four "B's" Of Old Age

In the United States today, there are some fifteen million people 65 years of age or older.

In 1900, there were only three million. Every day seven days a week, 1,000 men and women reach this age. And when they do attain the so-called "golden years," the chances of their living a good many more are great.

Unfortunately, these later years may not be as golden as they should.

A Canadian physician, Dr. R. Ian MacDonald, recently suggested that special attention be paid to the four B's—back, bladder, bowel and brain.

When grandpa or grandma is bedridden, bedsores are a frequent complaint. They can be avoided by keeping the bed linen clean, smooth and dry, and by giving alcohol rubs and powdering the patient's back night and morning.

Sometimes it is difficult for an elderly person to control his bladder. And damp sheets and night clothing can lead to bedsores. Hence, in addition to the above measures, some physicians suggest applying one of the ointments or solutions used to relieve diaper rash in babies.

Constipation is a common problem of old people. Dr. Edward J. Stiegelitz, one of the outstanding authorities on care of the aged, has said: "The senile bowel is tender, thinned and does not tolerate abuse with cathartics or roughage." To avoid this irritation, many doctors suggest an enema, now amazingly easy to give, thanks to a new unit called the Fleet Enema Disposable Unit. Nothing more than a plastic bottle containing a few ounces of fluid and a tube, the Fleet enema is so convenient that many patients can use it by themselves.

As for care of the fourth B, the brain, there is no substitute for making the patient feel wanted and loved. Moving his bed or shifting his pillow so that grandpa no longer stares at a blank wall can improve his whole outlook. Encouraging him to participate in family life, for example, by reading stories to the children, will make him feel useful.

Attention to these four B's may soon have the elderly patient feeling a happy and useful existence instead of a crotchety complaint.

SPUR, TEXAS

GIRARD NEWS

2nd Grade
Miss Vernell Cooper is working in Jayton. The 2nd and 3rd grades have had perfect attendance this week.

Sophomore News
We are having a "Fun" party this Friday night. It will be in the Girard lunch room at 7:30 p. m. Jo Ann Williams, Nora Lea Long and Jo Ann Brooks are on the program committee and Saundra Bingham and Bernice Fischer are on the refreshment committee.

Junior News
Jimmie Lea Morrow was accepted into the order of Rainbow for Girls. She will be initiated November 19.

All the Juniors were satisfied with the quality of their pictures, but they all agreed on one thing. They would have been much better if they hadn't looked so much like us.

Senior News
The Senior's had an annual meeting Friday. We chose our covers, paper, division pages, and style of writing for our annual. Our school pictures arrived yesterday. We did not receive our activity shots. We are hoping they'll be in this week.

Three Senior girls, Alta Jean Clark, Kay Galbreath, and Janis Gregory are working on their State Homemaking Degrees.

Athletics
The Girard Grade School football team will play Guthrie, November 12th at Girard.
The High School basketball teams will play Avoca Thursday, November 8, at Avoca. They will play Shallowater the 13th at Shallowater, and the 16th at Girard.

Freshman News
On October 29, we had our Halloween Carnival. We had the baseball throw and we also sold chances on a lamp. Mrs. Forest

Martin was the lucky winner of our lamp. We all had a good time at the carnival even if we did get wet.

Sophomore News
We had a nice Halloween Carnival and we appreciate everyone for helping us. The groceries were won by Joann Brooks of Girard. Bob Williams won first prize which was a big teddy bear and Mr. Galbreath won second prize which was a small teddy bear in the basketball throw.

Junior News
The Juniors want to thank their mothers for helping us on our booth. We are very proud of our Halloween Queen and King, Ann Brown and T. H. Hollingshead. The theme was placed in front of a pink castle with its roof sparkling like the stars. The scene was enhanced by a rosy glow by a spotlight.

Among the out-of-town guests were Jerry Williams from Monday, brother of Miss Margaret Williams, our Sponsor. The Junior class had a domino hall in the lunchroom and sold chances on a teddy bear. The winner was Lynn Shoaffor from Jayton.

Senior News
At the Halloween Carnival, the Seniors had the cake walk. They sold chances on 100 gallons of butane. Mr. Lee Parker donated the butane. Alton Clark won the quilt. Bill Wilson and John Gregory each won a 100 gallons of butane.

Our Senior representatives, Zana Phillips and Sandon Sherer ran a close race for Queen and King. Zana, you were so sweet as you congratulated the winners. To lose graciously is certainly a worthy attribute of character. We are proud to call you a classmate.

F. H. A. News
On Saturday, October 28, eleven of the Girard F. H. A. girls attended the F. H. A. district meeting at Sweetwater. The girls that went were Saundra Bingham, Jo Ann Williams, Ann Montgomery, Joyce Long, Charlene Rudder, Ann Brown, Alta Clark, Ruth Willis, Vera Stansland, Janis Gregory, and Kay Galbreath. Kay was the District Reporter. Janis was the voting delegate. They were accompanied by the Home EC teacher, Miss Williams, and one of the chapter mothers, Mrs. Lloyd Rudder.

The F. H. A. girls provided the program and decorations for the Coronation at the Halloween Carnival. Janice Hollingshead, Joyce Long, Charlene Rudder, Ann Montgomery, Kay Galbreath, Ruth Willis, and Clara Pearson sang two numbers. Janis Gregory and Alta Clark were the announcers.

Fourth Grade News
The 4th grade had great suc-

cess and a wonderful time at the carnival Monday night. Dee Dickerson and Arlene Perkins are absent today, and we really miss them. Delores France was very happy when her daddy visited her last week. He is working in Ft. Worth. Bill Williams and his family are moving on the school campus. We are delighted to have them live in our community. Linda Neskorik had her aunt visit her from Seattle, Washington last week.

4-H Girls News
The Girard 4-H girls had their meeting October 23. Veda Thompson called the meeting to order. Linda Swaringen read the minutes, then a film was shown on different projects, after that the meeting was adjourned.

Mr. and Mrs. Donnie Pace visited Mr. and Mrs. Cecil Estep in Dry Lake Sunday evening.

LEAVES MAKE GOOD COMPOST

If properly handled, the leaves which are now falling and cluttering yards and gardens can give a boost to next year's flower or vegetable garden, says M. K. Thornton, extension agricultural chemist.

It may be easier to burn them but the extra time required to put them in a compost pile will return big dividends, explains the specialist. Use the compost next year to increase the organic matter in the soil or for mulching flowers, shrubs or vegetables, he says. Organic matter increases the soil's ability to hold water and plant nutrients and makes the soil easier to work.

Making a compost pile is an easy operation. Scrap lumber or a few feet of net wire and four posts will take care of the enclosure, says Thornton. Then

start with a six inch layer of leaves . . . and for the four foot square enclosure . . . dissolve a cup of commercial fertilizer, either 8-8-8 or 5-10-5, in water and sprinkle until the pile reaches the desired height. Leave the top layer somewhat saucer shaped as an aid for holding water on the leaves. Cover the pile with a shallow layer of soil.

Decomposition of the leaves will be speeded up if the material is turned and water added at regular intervals. In areas where the soils are acid, Thornton suggests

adding a cup of lime to the fertilizer.

Would You Have Gussed It?

The average homemaker would have a difficult time, indeed, guessing the connection between her family wash and an x-ray diffraction goniometer.

Yet this instrument and others like it in the hands of soap company scientists have helped take most of the drudgery out of washday. So exacting is today's search for better products that the very molecules of detergent ingredients are examined with the aid of the complicated-looking goniometer pictured above.

A far cry from the days when a bar of yellow soap was the household standard, and washday was far from a breeze. At the Lever Brothers laboratories in Edgewater, N.J., there is evidence that homemakers can look forward to an even brighter future. Batteries of washing machines churn the day round to provide answers to problems like shrinking, fading and staining.

The scientists work not only

to discover new products, but improve existing ones. In the case of Breeze, a popular all-purpose detergent, not only the product, but the kitchen towel and face cloth premiums that come packed with every carton are constantly measured against rigid specifications.

As a final check, since women have always had a way of upsetting the most carefully considered scientific calculations, homemakers are regularly invited into the laboratories for the scientists to observe how products perform under every conceivable washing technique.

Dunlap's November DOLLAR DAYS!

MEN'S FLANNEL SHIRTS
Sizes small, medium, large and extra large. Man, what a saving, at this time of the year, too. We can't mention the brand, but you know it. Reg. 2.98.

AMERICAN LEGION HUT

Monday, Nov. 12, 1956

10 a. m. - 4 p. m.

BARBECUE DINNER AT NOON

Sponsored By

Williams Puckett Post 161 - American Legion

The Difference Is 100 Years

The accidental discovery a century ago which gave birth to the chemical dye industry also liberated women from one of the toughest of home chores. Today's easy, quick and effective home-dyeing wouldn't have been possible hadn't sharp-eyed William Henry Perkin noticed something while trying to synthesize quinine back in 1856. He discovered that coal tar dissolved in alcohol would dye cloth.

This momentous finding—whose centennial is being celebrated by a grateful world—sparked research that led ultimately to scenes like that in photo at right. Today's homemaker merely buys some all-fabric dye and lets the automatic washer do the work for her on bulky articles. But for yesterday's women, according to Tintex Home Economics Bureau, dyeing meant long hours of back-breaking toil over messy tubs and steaming kettles, as in left photo. On top of it, she had to know a lot about cloth textures, mordants and even dye-making. Colors were confined to blues, reds and yellows, and results were uncertain even for experts.

Today, you need know little about textiles. The same all-fabric dye works on all of them, man-made and natural fibers alike. The cost is trifling. You can even dye plastic furnishings or stain unpainted furniture with the all-fabric type. And you can choose from 50 true-hue colors.

Tintexing bulky fabrics in the washer is simplicity itself. Here, you just pour in the dye, dissolved in hot water, and the machine does the rest. The washer is cleaned later by running water and soap through on the last rinse.

Highway News

Mrs. Pearl Cranford and her son, Aaron and family of Perrin, came Saturday and visited her sister, Mrs. Ray George, and they all attended the Greggson's 50th wedding anniversary celebration. Mrs. Cranford's daughter, Mrs. Damron of Jacksboro, joined the group Sunday.

Leslie Estep visited his mother, Mrs. Ray George last week.

Mrs. W. P. Foster and her son, Lanier, of Hamlin, drove here Sunday to visit Mr. and Mrs. Raymond Powell and family.

Ray Don, and Larry Powell and Dr. Joe Alexander and his son, Joe Bob, went to Lubbock Saturday to see the Tech football game.

LaFayette Robinson, the school bus driver, is ill with a nervous stomach. We all wish him a speedy recovery.

Mr. and Mrs. Willie Smith and Mr. and Mrs. Conley Smith took Nettie Jo Smith to Crosbyton to see the doctor Thursday evening. Nettie Jo entered the hospital Monday evening for surgery.

Mr. and Mrs. Forrest Martin visited Mr. and Mrs. M. E. Tree Sunday evening. Tree seems to be improving but is still weak from his sick spell last week.

There was a fire at the Ray George home Sunday. Mr. and Mrs. George were out side talk-

ing to a neighbor and when Mrs. George went into the living room, she saw the heater blazing and her wool rug on fire. She smothered the fire with a bedspread, but it damaged the floor and ruined her new stove and wool rug.

Mrs. Edna Hemphill and son, J. E., left Friday morning for Monahans to see about her daughter, Mrs. Jack Smith, who had a car wreck out there. There were no serious injuries.

Mr. and Mrs. Willie Smith are driving a brand new car and it's a beautiful color. They made a trip to Snyder, Sunday, to see their daughter, Mrs. Ray Fuller and family.

Mr. and Mrs. Larry Hahn were dinner guests of her parents, Mr. and Mrs. Kely Putman, Sunday.

Last week, Mrs. Putman was cleaning the barn and uncovered a skunk. She called Mrs. Clark Morgan to come and kill it. Mrs. Morgan brought her trusty old target over and shot the skunk.

In a small community like ours we learn each family's habits so well that we begin to look for a neighbor when things are not as usual. Last Monday, because Mrs. Morgan and Mrs. Putman could not locate Mr. and Mrs. Tree at their home or at their daughters,

HOSPITAL NOTES . . .

Mrs. J. H. Montgomery was admitted October 31 and discharged the same day.

Michael Hairgrove was admitted October 31 and discharged November 3.

Mrs. Claude Barclay was admitted October 31 and discharged November 1.

Martha Ann Rogers was admitted November 1 for surgery and discharged on the 3rd.

Mrs. Grover C. Overstreet was admitted November 3 and is still undergoing treatment.

David Ybarro was admitted on November 3 and discharged on the 4th.

Mrs. Raymond Castor was admitted November 4 and discharged on the 5th.

Mrs. J. C. Jones was admitted November 4 and has not yet been discharged.

Cookie Brantley was admitted November 5 and is still undergoing treatment.

Mrs. Dorris Flemmons, who resigned her position as supervisor of nurses, is moving to Albuquerque, N. M. We will miss Doris, but we hope that she will be happy in her new location.

They inquired of all the neighbors until they found out that Mr. Tree was in the hospital.

Medics Battle Arthritis and Anxiety

The farmer, factory worker or active housewife—prime victims of the great crippling, rheumatoid arthritis—often suffer as much from the anxiety and apprehension associated with the disease as they do from the ailment itself.

The arthritic, partially immobilized by the disease, finds he can no longer carry the full load required of a parent and family head. The sufferer often increases his burden by worrying about the crippling of an arm or leg, about the forced reduction in his daily workload and about the future.

Although scientists have not determined the cause of arthritis, nor found a cure, they have discovered that certain chemicals can relieve the symptoms of the disease. For many years aspirin was the only available drug which gave any help. Then it was found that certain hormones, cortisone and hydrocortisone, could produce dramatic relief of symptoms.

Only last year scientists discovered two new chemicals which provide as effective relief as the older compounds, but without the serious side effects which sometimes occur. One of these, prednisolone, was found to be three to five times more potent

than cortisone or hydrocortisone.

Recently, prednisolone has been combined with the new, anti-anxiety drug Atarax in a single tablet designed to control both the symptoms of arthritis and the attendant anxiety and apprehension.

With this combined medication, called Ataraxid, there is new hope for victims of rheumatoid arthritis—the most common of the rheumatic diseases. Physicians report that one or another of the arthritic diseases afflicts up to 97 per cent of all persons past 60. Rheumatoid arthritis strikes most often during the third or fourth decade of life—when a man is most active in his life's work. The outlook for the patient is most promising, physicians declare, when proper treatment is begun early.

Girl Scouts

Members of the Girl Scout Troop XI met Tuesday, November 6 in a regular meeting at the Girl Scout Little House. Plans were made for Christmas gifts which, at present, are "secrets". More work was done on the project of improving the meeting place.

Mr. and Mrs. J. W. Hamm and children of Lubbock were Sunday guests of Mr. and Mrs. Jack Lawson.

Mr. and Mrs. J. C. Smiley, Jr. and daughter, Debbie, of Amarillo were week end guests of his parents, Mr. and Mrs. J. C. Smiley Sr.

Mrs. Eugene Watson and son, Larry, visited at Estacada Monday with Mr. and Mrs. Henry Martin.

Mr. and Mrs. George Yandell and Mollie are in Plainview visiting with their children, the Ross Yandells, the Nolin Osborns and the Victor Rollins.

Mr. and Mrs. Banty Brandon and Mr. and Mrs. Ed James drove to Lubbock Saturday to visit with their father, Claud Brandon who was a patient at St. Mary's Hospital, where he had undergone surgery.

TO BUY SELL OR RENT USE THE WANT ADS

Found for pound, it's...
the most powerful truck ever built!

New GMC light duties with 206 h.p. and new styling advances how to no passenger car on any point of roadability

HERE, headlining GMC's 1957 Blue Chip Money-Makers, our new light duty becomes a truly phenomenal vehicle. It has one horsepower for every 15 1/2 pounds of its weight. You'll be bossing around engine power usually found only in trucks rated at more than four times this truck's capacity. You'll be getting flashing response to pedal demand—high-mileage efficiency

from an unstraining engine—work capacity that won't drop off after a few months. And you'll be very definitely in pocket, too. THIS light-duty engine cannot be overtaxed in normal use. So there's little chance of parts failures, no excessive wear, or repair needs due to engine strain. If money-making power is what you want, here it is! Come in and see us for all the facts.

Ship and Travel Santa Fe all the way

CALL your Santa Fe agent today for help with your transportation needs.

This is where Tomorrow starts!

After today, American cars will never be the same again. For the Big New Kind of Ford is a brilliant new automotive package—the one fine car in the low-price field!

We've unwrapped the 1957 Fords! They're the best Fords of our lives. The power is new—with Silver Anniversary V-8's to fit every horsepower need. The style is new—a revolutionary, sharp, brilliant, clear-cut design that will stand out in traffic. The comfort is new—a rock solid velvet-road ride. The braking is positive—silky smooth when your toe says "whoa." The steering is light and firm. This is a great automobile, from the large honest dial faces on the instrument panel to the effortless loading way it cruises. The new Ford begins with the "Inner Ford." Its new elegance comes from within, from the way its automotive muscles are put together. All the changes are toward more rugged confidence, toward increased power, toward smoother operation. These are the bases for its "Mark of Tomorrow" elegance. This is the one fine car in the low-price field. There are actually 19 different new kinds of Ford—and no matter which one you choose, it's yours at low Ford prices! How does it look? It's only four-teen hands high—as tall as a child's pony. You can stand beside it and lean your elbows on its roof. And it's over seventeen feet long... 21 inches wider than it is high! This big new Ford looks like the fun on a travel poster. It's the kind of car that looks sunshiny in the rain. It looks as fresh as morning. It looks like tomorrow—like the first thing out of Detroit that symbolizes the new Age of Movement. See it at your Ford Dealer's. Give it your own Action Test. But you'd better leave a deposit... for you won't want to bring it back.

The Big New Kind of Ford Comes In 19 Models

New Fairlane 500 Club Sedan

New Fairlane Club Sedan

New Custom 300 Fordor Sedan

In all models you have your choice of engines, either the great Mileage Maker Six or one of the new Silver Anniversary Ford V-8's. You'll have no trouble choosing Ford—but you'll have trouble choosing which Ford! Six or V-8, the going is great! *A special 270-hp Thunderbird 312 Super F-8 engine available at extra cost. Also, extra-high-performance Thunderbird 312 Super F-8 delivering up to 285 hp.

See the new kind of Ford for '57 at your Ford Dealer's today!... **'57 Ford**

play-acting in the form of programs in the classroom and auditorium where the child is taught to act, sing and talk with other children to pursue a set goal.

(My child is in the 3rd month of his second year and he has never been on the stage of the auditorium trained to speak and act about any given piece of business!)

5. No creative arts and crafts! (The teacher has to teach the Basic skills all-day. She has no time to be creative and certainly no school room is equipped with proper materials for this work. (Can't we use some of our Halloween carnival money here?)

6. Social graces and right conduct that group out of situations where the child "loves" to respond to the right stimulus (no stimulus is put) and is good because he is stimulated to want to be good.

All reading, numbers, writing skills were put to all first graders as a "pour in the mold", stereotyped, "stay in the groove" procedure without any regard for individual abilities, interests, or differences. (Don't tell me that the grouping in the room for reading purposes satisfies this!)

In other words, all 30 children in each 1st grade room were put through the "assembly line" and were forced to try to read, and write, and cypher whether they were ready for the process or not. (20 out of 30 in each room were not ready.)

This "herding" and "stereotyping" of children and teachers is not a school philosophy conducive to a "peace of mind", especially when the regard for the very nature of the child and childhood is covered up by school routine and "do as other schools do" attitude with all regard for conformity to satisfy the adults in question, rather than the child in question.

I can not have a peace of mind and sit by and watch your child and my child suffer permanent damage academically, without raising my voice to at least to the point of being heard. As I have said before, the present school administration has inherited a philosophy of education and from the discussions that I have had over a period of about 6 years with some 150 patrons of Spur Public Schools, I can assure the administration (school board, too) that there is no peace of mind among parents and children old

enough to know, at least the first 6 grades!

I dare say there is none from 7 to 12 that one could brag about.

We parents tolerate the situation, because we have been afraid to speak, lest we incriminate our child and make it worse, and so I am wondering how long it will be before the school board and the administration will open these very pertinent questions for our exploration to make an effort to keep pace with modern education:

1. Grouping at school -
2. Grading
3. Reports to parents
4. Promotions and progress
5. Programs and auditorium work

6. Creative arts (crafts, speech).
Dr. Bruce Browning is scheduled to speak next Tuesday at P.T.A. on "Teaching the Basic Skills".

Perhaps he can ease our minds about what is being done and can be done so that we can teach a child "centered school".

I know that Dr. Browning is going to say what all sound educators say—"You can't teach a child and he does not learn unless he is ready to learn" and I am maintaining that our present philosophy about grouping, grading etc. is in the interest of the school as a system in order to meet state conformity because it certainly is not in the interest of the child, much less does it make for a peace of mind and healthy personality in either the child or the parent.

IT'S THE LAW

★ in Texas ★
A public service feature of the State Bar of Texas

QUIZ PROGRAM PRIZES ARE TAXABLE

Your chances of winning any kind of tax-free prize or award are pretty slim under the new tax laws recently passed by Congress. For example, you must pay a tax on such gains as:

- Prizes or awards in cash or property from any kind of radio or TV contest, or any giveaway program.
- Any door prize.
- Any treasure trove you find.
- Awards such as for winning an essay contest.

Awards such as the Nobel prize, where there is no contest, qualify, but any aspect of a contest nullifies the exemption.

If the prize is in property, such as an automobile, instead of cash, your tax is based on the fair market value of the property at the time you won it.

(This column, based on Federal law and prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Texas 4-H members now numbering approximately 122,000 will join with the more than 2,200,000 members in the nation in the observance of 4-H Achievement Day on November 10. They invite every citizen to participate in their planned activities.

Incentive awards, prizes or bonuses from employers. The impact of taxes is pointedly illustrated by the current television program, The \$64,000 Question. Suppose a single person with no other income wins the \$64,000 question. Uncle Sam is the real winner, since he will keep \$33,200, leaving only \$27,800 for the contestant.

The result is simple and unpleasant. Your entire winnings in anything that even remotely resembles a contest are taxable. As with other income, the more you win, the greater the share that goes for taxes. Before you spend your prize or award, you should set aside enough for the taxes.

You should remember that all such winnings must be reported as taxable income. (The tax collector usually knows who the winners are!) Winnings or prizes are taxable even if all you did to win was answering the telephone and finding yourself given money.

Congress tightened up the law to specify that all such financial or property gains are taxable, except as they meet three rules:

(a) The award was given for achievements in the fields of religion, science, education, art, literature, charitable services, or civic affairs, and

(b) The winner was selected without any action on his part, and

(c) He will not have to perform any substantial future work in order to win the prize.

Awards such as the Nobel prize, where there is no contest, qualify, but any aspect of a contest nullifies the exemption.

If the prize is in property, such as an automobile, instead of cash, your tax is based on the fair market value of the property at the time you won it.

(This column, based on Federal law and prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Texas 4-H members now numbering approximately 122,000 will join with the more than 2,200,000 members in the nation in the observance of 4-H Achievement Day on November 10. They invite every citizen to participate in their planned activities.

Who says dream cars never come true?

Dynamite from Detroit

Coming! America's first production dream car—
it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.
We broke that rule. In fact, we broke all the rules. This is dynamite!
For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.
Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.
When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that

will influence the shape of cars for years to come.
You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.
THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Key-board Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.
You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!

SPUR HARMONY CLUB HAS DISTRICT F F W C PRESIDENT AS GUEST ARTIST

Mrs. Johnny Fagan of Borger, president of the seventh district of Texas Federation of Women's Clubs, was the guest speaker for the federation day program of the Spur Harmony Club on Tuesday evening, Nov. 6.

The dinner meeting, with dinner group two as hostesses, was held at the home of Mrs. Van North, 821 W. Third. The federation collect was sung by a trio, Mrs. Bob Nunley, Mrs. Ben Abercrombie and Mrs. C. L. Berry, as invocation.

The president's message was concerned with "What Federation Means to the Music Club," emphasizing the benefits derived from following the national plan of work and study.

Mrs. Fagan, accompanied at the piano by Mrs. John Smith of Borger, played Hungarian Dance No. 4 by Brahms and Schubert's Ave Maria on the violin for the enjoyment of the group.

Games Nov. 13 Benefit Library

Hear ye, one and all who are not too old to like to play games.

A benefit game party will be given Tuesday, November 13 at 7:00 p. m., in the High School auditorium for the purpose of raising money which is badly needed for the City Library.

Arrangements have been made for tables of bridge, dominoes and real old fashioned Texas 42. If you don't play any of these games, just bring your own and if its legal and you can get someone to play it with you, room will be provided for you. If you are too old to play you can watch the younger ones.

This game party is being sponsored by the City Federation of Clubs in cooperation with various Spur Clubs. Our City Library is serving not only adults in the community, but a great number of boys and girls in an ever widening circle as many from outlying areas are availing themselves of the only opportunity they have of borrowing good books.

In the absence of Mrs. Harold Karr, President of the City Federation of Clubs, Mrs. J. A. Koon acted as chairman for making arrangements for the party. Refreshments will be served and a small admission will be charged.

The wedding date has been set for Thursday, Nov. 22 here in Spur.

Miss Abercrombie is a 1950 graduate of Jayton High School and is presently employed by the City Drug Co. Trammell graduated from Snyder High School and is now employed by a trucking company at Perryton. He is a Marine Corps veteran of the Korean War.

Engagement Told Of Helen Abercrombie

Mr. and Mrs. Ellis Abercrombie of Spur announce the engagement and approaching marriage of their daughter, Helen, to Paul Trammell of Perryton, Tex. He is the son of Mr. and Mrs. W. C. Trammell of Snyder.

The wedding date has been set for Thursday, Nov. 22 here in Spur.

Miss Abercrombie is a 1950 graduate of Jayton High School and is presently employed by the City Drug Co. Trammell graduated from Snyder High School and is now employed by a trucking company at Perryton. He is a Marine Corps veteran of the Korean War.

Baptist Circles Have Missions Program

All circles of the First Baptist Church met Monday for a Royal Service program. The meeting was opened with a song followed by a prayer by Miss Jenny Shields.

At the business session, Mrs. Henry Gruben gave the financial report. Mrs. Grady Lackey Jr. gave a report on Mission Study and told of plans for the year. Mrs. Casey Aldredge reported on community missions. Mrs. Rex Holder gave reports on each young peoples' departments and the work they are doing and reports were given of the activities of the circles.

Seven ladies representing different parts of the world brought an interesting program on "Joy From Wells of Salvation". Refreshments were served to 23 members by Mrs. Bertie James.

"News Roundup" Is WMU Circle Topic

Mrs. Alton Delisle, program leader of the East Side Circle of the WMU, presented a very interesting program Monday afternoon in the form of a "Christian World News Roundup". As radio announcer from Station BFMB of the SBC Richmond, Va., she announced foreign news casters, Mmes. J. James, Zurich, Lindsey, Nigera, Dozier, Hanana Howe and Belgrade.

The circle will meet at 10:00 a. m. Thursday at the mission for a quilting.

Gama Eta Chapter Has Girard Meeting

Fifteen members of the Gama Eta chapter of Delta Kappa Gamma met in the homemaking cottage at Girard on Nov. 3. The reception rooms were decorated with fall flowers and the dining table adorned with a tiered plate filled with fruits to make a setting for the business meeting conducted by the president Mrs. Deva King of Roaring Springs as the Legislative Chairman.

Mrs. Thomas of Paducah led an informative discussion of Texas Constitutional amendment No. 4.

The president informed the members that Gama Eta chapter won the attendance award at the Regional meeting in Plainview on Oct. 27 where chapters of West Texas met and were directed in Delta Kappa Gamma business by Mrs. Stella Bryan of Vernon who is a state officer.

After the business meeting, Mrs. Deva King and Miss Gladys Peck of Roaring Springs presented information concerning their tour of central Europe in July and August.

Mrs. Clark Forbes of Patton Springs assisted by Miss Peck, presented and explained colored slides made on the trip.

Other members present were Mrs. Clifford Graves and Isobel West of Paducah, Mrs. Dewey Wells and Mrs. Emma Jean Jackson of Ralls and Mrs. Bowman and Mrs. Stobough of Lorenzo. Mrs. Jones of Jayton, Mrs. M. H. Galbreath of Girard, Misses Elliot and Whitaker and Mrs. Louis Williams of Spur. The next meeting of the chapter will be in Spur on December 8th.

Bethel YWA Has Mission Book Study

The Bethel Baptist Y.W.A. met Monday at 4:00 p. m. for their regular weekly meeting.

During the business session, a Thanksgiving party was discussed. Afterwards, Mrs. Harrison led in the study of a Mission Book on Japan. It is being taught for three weeks and Mrs. Slack will bring the last few chapters next Monday.

Mr. and Mrs. E. W. Buckner Jr. and Rex of Lubbock were Sunday visitors with his parents, Mr. and Mrs. E. E. Buckner and attended services at the Church of Christ.

Mr. and Mrs. O. E. Lamsden and Tommy of Slaton were Sunday afternoon visitors with the Dale Neffs and Bobby Hardins.

Mr. and Mrs. C. A. Allen and Mrs. J. W. Griffin were Lubbock visitors on Tuesday.

Mrs. J. R. Bankston of Santa Ana, California is visiting her sister, Mrs. Lula Fox and the E. G. Riches.

Mr. and Mrs. Orvin Callihan, Brenda and Paula of Brownfield visited his parents, Mr. and Mrs. John Callihan and other relatives over the week end.

Mr. and Mrs. Will Eldredge and Mrs. John Forby visited in Crosbyton Tuesday afternoon with their sister, Mrs. G. E. McDuff.

Mr. and Mrs. R. L. Neff of House, New Mexico have been visiting their children, the Noble and Dale Neffs and Mr. and Mrs. Dave Lewis.

Yuletide Goodies

Everyone loves to spend busy hours in the kitchen at Christmas time making goodies to have on hand when friends drop in to help celebrate the holidays. It's fun, too, to spend time making cookies that are pretty to look at and in keeping with the season.

Poinsettia Cookies take a little extra time to make but the dividends are worth every minute — they look so pretty and taste so yummy. Rolled oats is added to the recipe to give them a rich nut-like flavor and the colored sugar that's sprinkled on top seems to set each cookie aglow. Serve your guests these pretty little treats at Christmas time and add a warmth of hospitality to your holiday festivities.

Poinsettia Cookies
Makes 24 cookies

2 cups sifted enriched flour	3/4 cup shortening, soft
1 cup sugar	1 teaspoon vanilla
1/2 teaspoon salt	3 tablespoons milk
1/2 teaspoon soda	1 cup rolled oats (quick or old fashioned, uncooked)
1/2 teaspoon cinnamon	

Sift together flour, sugar, salt, soda and cinnamon into bowl. Add shortening, vanilla and milk; beat until smooth, about 2 minutes. Stir in oats. Roll out on lightly floured board or canvas to 1/8-inch thickness. Cut 24 star-shaped cookies with floured cutter. Using a cardboard pattern, cut 5 cookie petals for each star. Place stars and petals on separate lightly greased cookie sheets. Sprinkle with red sugar. Bake in moderate oven (375°F.) 10 to 12 minutes for stars; 8 minutes for petals. Cool.

To assemble poinsettias, place 1/2 teaspoon stiff yellow confectioners' sugar frosting in center of each star cookie. Arrange 5 petals in circle with bases firmly planted in frosting, leaving a little yellow showing in center.

THE NEW Pontiac is Completely New from Power to Personality!

Fresh from 100,000 miles of testing, the '57 Pontiac is on display tomorrow! Even a brief once-over of Pontiac's sleek new lines tells you that you're in at the start of a styling revolution. And that glistening sheath conceals a carload of engineering "firsts"—all polished to watch-work perfection in the toughest test ever given a new car.

This '57 Pontiac pounded the road through 100,000 miles of tests . . . through it all Pontiac engineers refined and perfected every feature of this great car.

They made Pontiac's big, new power plant even more efficient than its predecessor, the engine that set over fifty new world records and led all eights in miles per gallon! They perfected the new suspension system, new controls and new Strato-Flight Hydra-Matic to give you the smoothest riding, easiest handling—and safest—new car ever to hit the road!

See and drive this new '57 Pontiac. Sample in a single mile all that's been proved by 100,000 miles of testing.

*An extra-cost option.

AND THE FIRST CAR AT ANY PRICE WITH . . .

STAR FLIGHT BODY DESIGN—a Pontiac Exclusive—longer and lower than ever before—the year's most distinctive new automotive styling.

NEW INTERIOR STYLING—WITH THE "OFF-THE-SHOULDER" LOOK—a fashion "first" for '57—perfectly color-matched with the exterior.

NEW STRATO-STREAK V-8—270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain—with smoother Strato-Flight Hydra-Matic.

CLOUD-SOFT, LEVEL-LINE RIDE—the ride sensation of the year—a new suspension system based on a big 124- or 122-inch wheelbase.

THREE POPULAR-PRICED SERIES—Star Chief • Super Chief • Chieftain.

See America's Number 1 Road Car—On Display Tomorrow!

Mr. and Mrs. John Grayson Celebrate Golden Wedding Anniversary Here

The home of Mr. and Mrs. John Grayson on 509 Franklin St., Spur was the scene of a happy occasion when friends along with relatives, gathered on Sunday, Oct. 23, to help celebrate their Golden Wedding anniversary.

Mr. and Mrs. Grayson were married in Jack county in 1906, having spent 34 years as residents of Dickens county. They have lived in Espuela and Soldier Mound Communities, before moving to Spur to make their home.

They are faithful members of Soldier's Mound Baptist church. A huge cake was baked by a granddaughter, Mrs. Vernell Leach of Ballinger. It was a beautiful four tiered cake, decorated in gold and pink.

Mr. and Mrs. C. B. Chandler presented the couple with a beautiful 50th Golden Anniversary book.

Lunch was served to 46 guests, including friends and the relatives.

From 2 to 5 the guests were served cake and punch, possibly 113 registered.

The relatives who attended or sent gifts were:

Mr. and Mrs. S. B. Harvey and children of Hereford, Mr. and Mrs. Carl Grayson and children of Lubbock, Mr. and Mrs. Doyle Summers and children of Spur, Rev. and Mrs. Billy J. Leach and children of Ballinger, Mr. and Mrs. Charles Derington and children of Lovington, N. M., Mr. and Mrs. Laverne Wilson of Lubbock, Mr. and Mrs. Wayne Howard of Lubbock, Pvt. J. M. Tullis of Ft. Bliss, Coy Lee Wilson, Spur, Mr. and Mrs. Sam Hanks and son of Pampa, Mr. and Mrs. Alvis Wilson of Spur, Mr. and Mrs. Lee Parker of Spur, Mr. and Mrs. Ray George of Spur, Mr. and Mrs. Lee Williamson and son of Spur, Mr. and Mrs. Delton Roberts and girls of Spur, Mr. and Mrs. Cecil Estep and family of Spur, Aaron Parker and girls of Spur, Misses Evelyn and Treva Shewmaker of Lubbock, Mr. and Mrs. Henry Cox of Fresno, Cal., Mr. and Mrs. J. R. Kee of Lubbock, Mr. and Mrs. W. C. Scott of Clarendon, Mr. and Mrs. G. H. Givens of Lubbock, Mr. J. H. Kee of Lubbock, Mr. and Mrs. Lee Cranford of Perrin, Mr. and Mrs. Aaron Cranford and family of Perrin, Mr. and Mrs. Doc Dameron and family of Jacksboro, Mr. and Mrs. Alton Estep and family of Idalou, Mr. Leslie Estep of Mc-

Donald, Mr. and Mrs. Red Gabel and baby of Lubbock, Mr. and Mrs. Eldred Parker and family of Lubbock, Mr. and Mrs. Henry Parker and family of Lubbock, Mr. and Mrs. Charles Brinkley and family of Weatherford, Miss Deborah Rankin of Lubbock, Mr. and Mrs. Laverne Givens and family of Midland.

Friends who called or sent gifts were:

Messrs. and Mmes. John Dunaway, Claude Dunaway, Louis Arnold, G. L. Delisle, Ollie Hindman, Henry Williams, Earl Thomason, John Summers, M. E. Randall, Johnnie Blakely, R. G. Bostie, Marvin Alexander, Cleo Lindsey, A. W. Cook, A. B. Stucky, Homer Hill, C. B. Chandler, Robert Reagan, Ott Denson, Raymond Futch, Leon Payne, R. E. Wives Welcome No-Button Work Shirt That Saves Hours Of Care!

Newest work-over for homemakers is the modern, buttonless work shirt now being sold in all reputable stores carrying work clothing and it gives greater freedom from mending and laundering than has been possible with the conventional button-equipped shirts.

Housewives who have faced regular button repair work over the years are finding these new shirts eliminate many laundering, ironing, and button-replacement problems. Gripper snap fasteners instead of buttons are on the shirt front and cuffs.

Metal snap fasteners do not crack or chip and, of course, button holes with their usual problems of wearing and fraying are eliminated completely.

These new work shirts stay cleaner in use because the wearer does not have to fumble all the way up the front with soiled hands to get such a shirt open. The snap fasteners hold firm and sure for the life of the shirt, yet it takes just a sudden tug to open the shirt all the way. This is considered an important safety feature for men working around moving machinery. If the shirt snaps on something, it would give way rather than pull the man toward danger.

FARM-CITY WEEK, NOVEMBER 16-22

When a Nation's Neighbors Get Together

Important among Farm-City Week events will be nationwide visiting between farmers and city folks. Increased knowledge of the work of each will lead to increased understanding. Here's how!

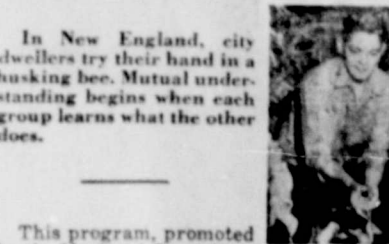

City folks learn why prize-winning pork is costly to produce.

Farm-City understanding gets a boost from the younger set. A rural lad and a city lad pause for a noontime snack in their tour around a farm.

And it comes out here! Dairy plant supervisor explains to farm youngsters what happens to the milk they send to town, and how the cost of a retail quart is determined.

In New England, city dwellers try their hand in a husking bee. Mutual understanding begins when each group learns what the other does.

This program, promoted by the National Committee for Farm-City Week, will be observed in thousands of communities by a seven-day series of events November 16-22. A common understanding of rural-urban problems is the goal. Kiwanis International is the coordinating agency.

For the thirteenth year millions of Americans of all faiths will join in daily Bible reading from Thanksgiving to Christmas. This Worldwide Bible Reading is sponsored by the American Bible Society. The program was observed last year in 49 countries.

The readings below were selected by numerous denominations. They are without note or comment, and one may use any version of the Bible he prefers.

- NOVEMBER
- 22 Thanksgiving
 - Deuteronomy 5:1-21
 - Psalm 124:1-8
 - Psalm 27:1-14
 - Sunday Psalms 96:1-11
 - Psalm 77:1-20
 - Psalm 123:1-6
 - Psalm 135:1-4
 - Psalm 135:1-21
 - Psalm 135:1-21
 - Psalm 135:1-21
 - Isaiah 40:1-11, 25-31

- DECEMBER
- 1 Isaiah 55:1-13
 - 2 Advent Luke 6:20-49
 - 3 John 1:1-28
 - 4 John 1:29-51
 - 5 John 3:1-26
 - 6 John 4:1-26
 - 7 John 5:1-27
 - 8 John 17:1-26
 - 9 Universal Bible Sunday Luke 8:1-21
 - 10 Acts 17:16-34
 - 11 Romans 8:1-39
 - 12 Romans 12:1-21
 - 13 1 Corinthians 13:1-13
 - 14 Philippians 4:1-23
 - 15 Hebrews 11:1-40
 - 16 Sunday Luke 10:27-42
 - 17 Luke 11:1-17
 - 18 Luke 12:22-34
 - 19 Luke 15:1-10
 - 20 Luke 15:11-32
 - 21 Luke 1:1-25
 - 22 Luke 1:26-38
 - 23 Sunday Luke 1:29-56
 - 24 Luke 1:57-80
 - 25 Christmas Luke 2:1-20

COME IN! YOU'LL LIKE OUR QUALITY WAY OF DOING BUSINESS!

Mr. and Mrs. Larry Hahn of Lubbock spent the night with his parents, Mr. and Mrs. Jimmie Hahn, Saturday night.

SPUR YOUTH ENTERTAIN WITH MASQUERADE PARTY SAT. NIGHT

Benton Watson, Anna Bob Williams, Sandra George and Patsy Womack hosted their friends in the O. L. Kelley home, Saturday night at 7:30 p. m. with a masquerade party. The invitation read: Make up and dress up. Come to our party. Be a maid of six or a dame of forty. Cowboy, Indian Drama star, or what. Just be somebody that you are not!

The guests were greeted by Benton Watson who conducted competitive ping-pong by couples to determine the best players.

Benton presented the guests at the entrance to the Witches Tavern to the "Old Witch" in charge. Each couple was escorted to the Witches' Den by Anna Bob Williams and Patsy Womack. Identification games and contests were played before unmasking and several characters were noted "outstanding."

Jet Conner—dressed as a doctor, who heard "heart beats" of all the girls.

Ann Godfrey—"Miss Gay 30's Eric Swenson — "The sweet young thing.

Don Morrison—"Elvis Presley" Everetta McArthur — "Frank James"

Linda Waggoner—"Bell of the Ball"

Freddie Wacker — "Funniest Clown"

Lillian Grace Bailey—"Marylin Monroe"

Sandra George escorted each couple through the dark, dark forest "to a hole in the ground" where a gypsy read palms and told strange fortunes.

Other games that had hilarious responses were:

- 1. The King of Siam
2. Writing Love Letters
3. Charades
4. Dark House Magic

The evening of singing, and playing and pranking was climaxed when Mmes. Loyd Womack, Carl George and T. B. Watson served Witches brew and cookies, candy from a punch bowl banked with autumn leaves and surrounded by jack-o-lanterns.

Miniature Autumn leaves with the inscription, "Autumn leaves drift by my window" were presented as favors to Dale Buzbee, Don Morrison, Sandra Sue, Beckey Thatcher, Sandra Lee, Janis Powell, Bubba Bigham, Karen King, Arlene Jordan, Ann Godfrey, Yinda Waggoner, Eric Swenson, Everetts McArthur, Jett Conner, Mariynn Hagins, Suan Shuart, Freddie Walker, Lillian Grace Bailey, Joe Watson, Wayne Wright and Max Christopher and the host and hostesses. The party was concluded with autographing of the autumn leaf favors by all guests present.

GRAIN FED STEERS SLOW; OTHER CATTLE STRONGER

When a cattle feeder dreams these days, he usually envisions nightmares that include tidal waves of hogs, a hurricane of turkeys, and when he turns to flee he runs into a wall of broiler chickens that seems about to topple over on him.

As meat production reaches its high tide this fall the record crop of turkeys and heavy broiler output all over the nation have put and added volume of meat before the consumer and in the near future are the holidays, Thanksgiving and Christmas which always develop chaotic conditions in the meat trade as fowl, game and other competitive foods disrupt the regular family fare.

Despite a sharp drop, cattle receipts around the major market circle Monday, fed cattle were attracting lower bids from most national packers, and improvement in prices was limited to cows, bulls, and slaughter calves. These classes were strong to 50 cents higher at Fort Worth Monday as rains in much of the territory curtailed supplies. Stockers and feeders held steady to strong.

SAFETY HABITS URGED BY PROFESSIONAL SAFETY MEN

Increasing pressure is being exerted by professional safety men, as 1956 draws to a close, in urging consistent safety habits on the part of the general public.

"One of the primary factors in any safety program is the responsibility of the individual", said J. O. Musick, General Manager, Texas Safety Association, in his Austin office Monday.

"You must be your brother's keeper." This rule of life goes hand in hand with the natural instinct for self-preservation," Musick said. "If a careless act of yours provokes an accident, you are the one responsible for any injury or loss of life that results—to yourself or to another."

He said too many walkers take their obligation lightly, and there by add to the alarmingly high traffic toll each year.

"Now, while the Texas Safety Association is conducting its pedestrian protection program, is a good time for each of us to take a critical look at our own traffic behavior," Musick suggested.

He offered the following safe-walking rules, approved by the Texas Safety Association, as a guide to sensible pedestrian behavior:

- 1. Cross street watchfully and at intersections only.
2. Never walk into the street from behind parked cars.
3. Obey traffic signs and signals.

nals, cross on GREEN or WALK only.

4. Wait on sidewalk, not in street, for green light or walk signal or for gap in traffic if intersection has no traffic signal.
5. Cross streets in crosswalks, and do not cross intersections diagonally.

6. Look left and right for traffic while crossing. Watch sharply for turning cars. Be especially careful at one-way street crossings to check the direction of approaching traffic.

7. Do not go around a bus or streetcar, front or rear, after a lighting from it. Wait till it leaves before crossing the street.

8. Do not rely on a driver seeing you on poorly lighted streets in roadways at night. Carry a flashlight, wear light-colored or reflective clothing, or carry something white or reflective.

9. Face traffic and walk on left

LIBRARY NOTES

Miss Lanelle Marcy acted as librarian in the Public Library on Saturday, November 3.

Mrs. Laine made a business trip to Lubbock and while there visited her son and his family.

Put leaves to work which are now falling and cluttering yards and gardens. M. K. Thornton, extension agricultural chemist, suggests placing them in compost piles. Compost can be used to boost next year's flower or vegetable gardens. Compost is valuable for adding organic matter to the soil, for improving the soil tilth and increasing its water holding capacity and also for mulching shrubs, flowers and vegetable plants.

while walking in areas where there are no sidewalks.

New Radar Speed Meter

CHICAGO—Because excessive speed is the chief cause of automobile fatalities, law enforcement authorities are using more and more speed control devices to check on motorists near schools, community boundaries and busy intersections. Latest device to be produced is a new radar speed meter that does everything but chase violators and write tickets. Developed by Admiral Corporation, the compact 25-pound unit, shown above, will register the speed of all cars or, if desired, only those exceeding the speed limit. It can be set to "hold" the reading up to two minutes, elim-

inating the need for the officer to keep his eyes glued to the meter. A description of the car, license number, date and time of violation can be recorded on an optional tape recorder, as Officer John Sweeney of the Chicago Park District Police is doing above. According to officials, the mere presence of "Radar Patrolled" signs in a community causes the average motorist to reduce speed as much as 16 miles per hour. Forty seven of 48 states now using speed radar units report a decrease in fatal accidents in the area of use.

New Sports Stocking Fad

A VERY PRACTICAL creation in sports hosiery by Trimfit Hosiery Mills... A longer version of knee-high socks, they go one better... you can gather them high and warm. Stretch-knit nylon-cotton makes good fashion sense with casual clothes on the campus or in the suburbs for casual country wear—in all better department and specialty stores. Loden Green, Royal Blue, Camel, Red, Black & White... in medium (8 - 9 1/2) and large sizes (10 - 11 1/2).

QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

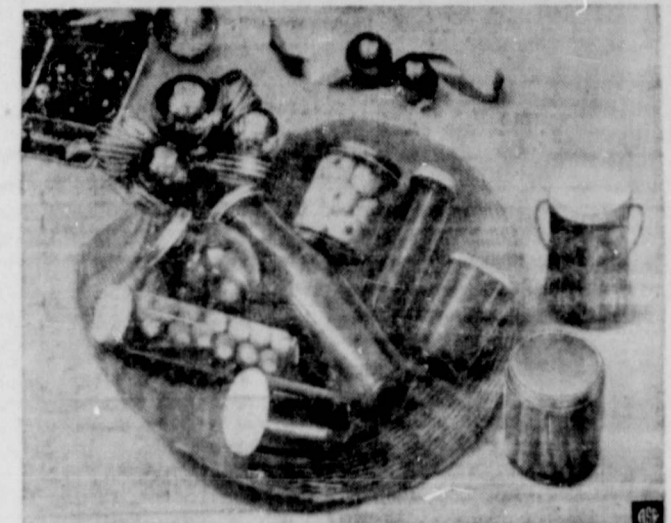

Proved on the Alcan Highway Champ of every weight class!

PICKELS CHEVROLET CO.

Pack-Your-Own-Gifts

It is the special touch by you that adds pleasure to every gift you give. Everyone likes the new, the unusual and it is the exciting foods packed in their visible glass containers that make the perfect Christmas gifts. Select foods that will intrigue the receiver. For instance, bottles of exotic salad dressings, almond stuffed olives, capers, rolled anchovies, and a jar of artichoke hearts are a few ideas to arrange in a gift basket for the man who specializes in salads. For the snack server, there are exciting cocktail tid-bits, and unusual spreads, packed in sparkling glass containers. And for a favorite aunt, jars of honey and jellies make handsome displays when tied with a bright Christmas-colored ribbon.

CARD OF THANKS We wish to take this means of expressing our heart-felt thanks to our many friends who extended to us words and acts of kindness and sympathy at the time of the death of our loved one, Roy Orville Bailey. Especially do we thank Dr. Martin, Dr. Williams, the nurses and staff of the Spur Memorial hospital.

Mr. and Mrs. E. A. Bailey R. E. Bailey and family J. H. Bailey and family D. D. Bailey and family Miss Lillian Rape

CARD OF THANKS I am taking this means to thank my friends for the letters, cards, gifts, flowers, and above all the many prayers from nine different states since I have been helplessly flat of my back in the hospital with a broken hip. I have undergone surgery twice. Please continue to pray for me.

May God bless each of you in my prayer. Mrs. Jim Greenwood

CARD OF THANKS I wish to express my deepest appreciation to every one who has helped in any way during the illness and death of my husband.

STRAYED TO MY PLACE: Yearling Heifer. Call 691. 3-1tc

Laying flocks need at least 13 hours of good light every day if high egg production is to be maintained. Ben Wormeli, extension poultry husbandman, says the use of artificial lights in the laying house is a necessary management practice if poultrymen expect to keep egg production high during the seasons of short daylight hours.

Six Texans were among the 103 county agents honored by the National Association of County Agricultural Agents at the Association's 41st annual meeting held in Houston in late October. The Texas agents and the counties they serve were Ollie Limer, Hale; Al Petty, Denton; Roy L. Peden, Winkler; E. R. Lawrence, Hamilton; R. E. Shaver, Comal and R. E. Nolan, Nueces. They were presented Distinguished Service awards.

The 1956 crop of Sudangrass seed is now forecast by the Crop Reporting Board at 50,715,000 pounds of clean seed. Although this is 43 percent below last year's record crop, it is about a third larger than average. Sharp decreases in production are showing up in Oklahoma and N. Mexico.
