ACROSS THE Editor's Desk

By Joe Harrison

We would like to start this, our initial column, with heart felt thanks for the spirit and cooperation we have received from the wonderful people of Spur. The people have been friendly and helpful. We will strive to be worthy of their confidence.

This column has created a minor problem. Namely, a name for it. We thought of calling it "Gid-dup Now", in honor of its predecessor, "Whoa, Now". Other suggestions have poured forth from various persons. Some of them are:

"Joe's Junk," "Joe's Jibe," Harrison's Hilarity," and others of a similar nature. Previously we had considered: "From Where I Sit," or "Out On a Limb." However, one of these is syndicated. If you have any ideas, pass them along, who knows, you might turn up a suitable name.

There must be a beserk mocking bird in our neighborhood. The other night he cranked up about 2 a. m. and serenaded the block.

On other occasions he has seen fit to arise at 3 or 4 a. m. and has done his best to wake up everyone in the area. Either he's nuts or he's been hit on the head with a BB.

Here's an encouraging note. Church attendance in the United States during 1957 is off to a record start. The most recent Gallup Poll reported 52,586,610 Americans attending churches and synagogues regularly compared with 49,600,000 in late 1955. Adult attendance at worship services has increased 11 per cent in the last seven years according to the survey. We can hear the skeptics now saying... "But there's more people now than there used to be."

Comment heard round the town: "Hope that new editor is a crassuding one. I don't care if I agree with him or not, just so long as he will take sides." Give me time folks, this is only my second week in town.

We would like to say at this time that the editorial columns of this paper are open to persons who desire to contribute to, or take sides with this publication. If the demand warrants it, we will start a "Letters to the Editor" column.

In last week's paper, we ran a picture of some early Dickens county officials. All but one was identified. This week, we learned that the unidentified man was the father of John Green, local real estate man. We decided to run the picture again with all identifications intact.

Kelley Girls Are Delegated To N. E. A.

Carolyn and Kathleen Kelley will leave Friday for Washington D. C. where they will attend a workshop for the National Student's Association which meets June 22 to June 25.

Carolyn is the Texas president of the Student Association, an organization of future teachers of America.

Kathleen is a delegate from the F. T. A. chapter of Abilene Christian College and secretary to the state president.

From Washington they will go to Philadelphia to the convention of the National Education Association which meets June 30-July 5.

Outstanding programs with National educators as speakers and guided tours of the respective cities will be part of the planned entertainment.

Mr. and Mrs. Jack Maxwell, Midland, visited Mrs. S. E. Nalley and Mr. and Mrs. George Nalley over the week end.

Cattle Number Down Two Per Cent; Chance For Higher Prices Looms

For the first time in seven years, cattle numbers are down in the United States. A nationwide drop of 2 percent in total cattle numbers last year coupled with recent widespread rain creates a better-than-average chance for higher prices.

The long drought was largely responsible for this decline, and cattle numbers have not yet turned downward in either the South or Midwest although Texas registered a 7 percent reduction in 1956. Actually, national numbers are now at a point of balance and could swing either way if moisture conditions keep on improving.

Extension Economist John McHaney says cattle prices will probably improve if rains continue at the right time and in the right places. He figures this would cause many ranchers to restock, holding back a good many heifer calves from slaughter. He says it also might create a better demand for steer and heifer stockers.

McHaney says American cattlemen can generally expect higher cattle prices in a few years if the over-all economic activity and non-farm income remains high. He bases this prediction on the declining cattle to people ratio in recent years with the assumption that it will continue. The economist advises cattle raisers to finish animals out by late June to avoid heavy July and August marketing. There were 4 percent more cattle on

feed in January than a year earlier and indications this year point to a longer feeding period. Feeder cattle prices won't increase greatly by next fall, but they will probably be slightly higher. Increased pork and poultry supplies will compete with beef.

Combines Needed In Wichita Falls

The Wichita Falls area is in urgent need of 100 combines.

An ample supply of combines was in the area at normal harvest time. However, during the delay in harvest caused by heavy rains throughout the area, much of the equipment has moved on to other areas where current cutting could be secured leaving this area critically short of harvest equipment.

The wheat is ripe and is ready for cutting just as fast as machines can be moved into the fields.

The counties of shortage are comprised of the following counties: Wichita, Knox, Baylor, Clay, Haskell, Young and Throckmorton.

Combine operators should contact the Wichita Falls office of the Texas Employment Commission, 907 14th Street or telephone them at Number 2-2158.

Edwards-Kelley Downs Rickels 16-2; North Side Trounces East Side, 14-3

By JIMMY JONES

In Little League and Pony League games, unusually well played for teams with so little practice on suitable fields, the 1957 baseball season opened on the newly constructed community-built and financed diamond. A nice turnout of rabid baseball fans was on hand to witness these two games.

In the first game, Little League, Edwards-Kelley vs. Rickels Motor.

HOSPITAL NOTES

Spur Memorial Hospital has been the recipient of a number of gifts recently, according to Mrs. Carol Cobb, hospital spokeswoman.

W. F. Wilson has installed a trellis for rose bushes; the WSCS of the Methodist Church gave a year subscription to "Together" magazine; and Mr. and Mrs. O'Day McCoy, Girard, donated one dozen sheets to the hospital recently.

Among patients admitted to the hospital this past week were Sidney Cruce, Ft. Worth; Charley Hawley, Dickens; and Charlie Murdock, Jayton.

Cruce, a driver for a motor motor line, received a fractured right leg when a hand-truck he was pulling tipped over, pinning him beneath it.

His cry for help was heard by people in the downtown area, and he was freed and sent to the hospital in an ambulance.

Hawley had his leg severely cut when he tried to free the blades of the machine he had been mowing with.

Charley Murdock, 10, of Jayton, was bitten by a rattlesnake while sleeping outside with his brothers.

ADMITTED Mrs. Mayme Bachman, Mrs. Milton Brooks, Mrs. Henry Teague, Mark Claud Denton, Maude Haddock, Mrs. A. C. Atkins, Lucio Castro, Mrs. Etta Tackett, Mrs. Lee Williams, John Quattlebaum, Becky Thatcher, Charley Hawley, Mrs. Victor Arrington, Mrs. E. A. Little, Sidney Cruce, Mrs. Cotton Barkley, Mrs. Jim Smith, Charlie Murdock, Mrs. Billie Lee Whately, Deanne Mobley.

DISCHARGED Mrs. C. A. Smith, Mayme Bachman, Mrs. Milton Brooks, Mrs. Henry Teague, Mrs. Bernice Bilberry, Mark Denton, Mrs. Bob Johnson, Mrs. A. C. Atkins, Lucio Castro, Mrs. Etta Tackett, Mrs. Willard Smith, Mrs. Lee Williams, John Quattlebaum, Becky Thatcher, Charlie Hawley, Mrs. Victor Arrington, Mrs. E. A. Little, Sidney Cruce, Mrs. Cotton Barkley, Mrs. Jim Smith, Charlie Murdock, Mrs. Billie Lee Whately.

Red Top Church To Be Moved

The grounds have been cleared to move the old Red Top Baptist Church to the cemetery. The building has to be moved this week and those who offered to help pay the moving expenses are asked to pay Mrs. Susie Hinson, Star Rt. 2, Spur, Texas.

Fourth Sunday singing will be held at the M. E. Church in Dickens Sunday afternoon. Everyone is invited.

Sgt. and Mrs. Raymond Phillips, Camp Polk, La., were week end guests of his grandmother, Mrs. S. H. Nalley.

Dr. and Mrs. Joe Alexander had dinner Sunday in honor of Father's Day. Those attending were Mr. and Mrs. Jack Alexander and children of Big Springs, Mr. and Mrs. William Alexander of Ft. Worth, Dr. and Mrs. Bob Alexander and children, Dr. and Mrs. R. L. Alexander and Max, all of Spur.

Edwards-Kelley jumped off to a 5-0 lead in the top of the second inning on five hits and one walk. In the top half of the third the Harvesters chased Roddy Bell and continued the barrage against E. Martin, combining five hits (one a homer by Karr) with two walks for seven runs. Gary Smith came on in the fifth, retired the side on one hit before running into trouble in the sixth when two hits, two walks and a passed ball let four more runs score.

Bill Jones, pitching deliberate ball for Edwards-Kelley, kept the situation well in hand until the last of the fourth when Rickels put together a walk and a hit coupled with a miscue for their two runs.

In the Pony League—which was almost rained out by bugs attracted by bright lights, a situation that alderman Rex Holder has promised to try to correct

Wheat Farmers To Vote Today

Wheat farmers will decide by referendum today whether or not they want marketing quotas on the 1958 wheat crop.

According to R. G. Shrauner, chairman, Texas Agricultural Stabilization and Conservation Committee, the recent proclamation of marketing quotas for the 1958 crop of wheat conforms with legislative directives. Under the governing legislation, the Secretary of Agriculture must proclaim marketing quotas for the next wheat crop when available supply is 20 percent above the normal supply.

The estimated supply of 1,825 million bushels available for the 1957-58 marketing year is actually 56 percent above the normal supply of 1,170 million bushels. The normal supply is based on estimated domestic consumption and exports plus a 20 percent carryover.

The quotas do not become effective unless at least two-thirds of the producers voting in the referendum favor the quotas. The outcome of the referendum will decide the level of the available price support for the 1958 crop, as well as whether quotas and penalties on "excess" that are used for the crop.

All wheat growers are eligible to vote in the referendum who will share in the 1958 wheat crop from a farm in the commercial wheat area on which the wheat acreage to be harvested, plus any acreage to be placed in the Soil Bank's wheat Acreage Reserve will be more than 15 acres.

June Rainfall Climbs to 4.30

1.17 inches of rain fell in Monday night's shower, to bring the rainfall total for the month of June to 4.30 inches.

This brings the rainfall total for the year up to 16.58 inches. In comparison, June of 1956 brought only .76 inches, and the total for the entire year of 1956 was only 6.87.

The heavy rains have caused rust that has hit wheat and oats hard. The wheat crop has been estimated as a 50 percent loss, while oats have been hit even harder.

P. O. BOX RENTS ARE DUE TODAY

With Post Office box rents coming due today, Postmaster Guy Karr reminds persons that box rent can be paid by the year as well as quarterly.

during tonight's game—the North Side, managed by Tom Green, downed the East Side, 14-3, on the four-hit pitching of Woody McArthur. Danny Ryan started for the East Side, but ran into trouble in the third and fourth innings when the North Side combined

Chamber Doings

By Betty Kearney

The general conversation around town this week is insurance. The recent rains and high winds have caused a considerable amount of damage to houses and household furniture.

If you are not familiar with your insurance policies, perhaps this would be a good time to check them and be sure your property is insured the way you think it is. It seems the adjuster does not ask, "Is your carpet wet?" but "How did it get wet?"

Some of you have probably added a deep freeze, a television set and other household items to your furniture since you had it insured. If this is the case it would be wise to check with your agent and add these items to your policy.

Let's be sure of our insurance policies, then we can know what to expect.

If you have a house or an apartment for rent, please call and let me list it. There have been a number of families in the office this week looking for apartments.

When you do rent your place notify me so I can keep my list accurate. This will save valuable time for the renters and at the same time will not inconvenience you.

Merchants and citizens, do you have a little card on display in your store that reads, "GOING FORWARD TOGETHER." This is the motto of the Spur Chamber of Commerce. If you do not have a membership card, come in this week and join our organization. We need you so we can go forward together.

Wheat Payments Near Completion

Payments for wheat acreage placed in the soil bank will be completed this week according to W. W. Gunn, county ASC office manager.

Payments are expected to reach approximately \$75,000 for Dickens county.

Gunn also cautions farmers to clear land that has been placed in conservation reserve. The government requires that all reserve land be freed of sunflowers and cocklebur as soon as weather permits the farmers to get in the field. A cover crop must be planted on this reserve land.

seven walks with only three hits aided by three East Side errors to chase across 12 runs.

Darrell Howell finished the game allowing two hits and two runs in the last two frames.

McArthur went the distance for North Side, giving up a run on one hit and a walk in the last of the first and one hit in the fifth. The game was called with one out in the bottom of the fifth on account of time limit and the ten run spread rule.

Tonight's action pits Lions vs. Edwards-Kelley in the Little League at 6:30 p.m.

The Pony League schedule sees KP vs. East Side at 8:30 p.m. Next Tuesday, June 25, Rickels will face Rotary in Little League play, and North Side will meet West Side in the Pony League.

Be sure to come and bring your friends. We want to give a big thank you to the three commissioners, the REA boys, the City boys, the West Texas Utilities boys, and

Two City Employees Join WT Utilities

Spur city officials have announced the resignation of two employees.

They are Mrs. Ruth Caplinger and Bud Sims. Both will join West Texas Utilities in the near future.

Mrs. Caplinger has been employed by the City for approximately ten years. She will leave her post as Tax Assessor-Collector July 15, and will join West Texas Utilities on August 15.

Sims, who is currently employed by the City as an electrician, will move to West Texas Utilities about August 15.

Mrs. Caplinger will be replaced by Mrs. Ollie Lisenby.

New Arrivals

Twins, a boy and a girl, were born to Mr. and Mrs. Bernice Bilberry on June 7 in Spur Memorial Hospital. Ronnie Ray weighed 7 pounds and one ounce; Connie Cay weighed 6 pounds and 5 ounces.

Mr. and Mrs. C. A. Smith are the parents of a 5 pound 6 ounce girl, Carla Denise, born June 7.

Mr. and Mrs. Bob Johnson are the parents of a girl, Ardye Lynn, born June 8, she weighed 7 pounds and 15 ounces.

Mr. and Mrs. Willard Smith are the parents of a 7 pound 10 ounce boy, Rickey Eugene, born June 10.

all the team managers, Bob Nunley, T. E. Watson, Gene Roberts, Wayne Raymond Powell and Ray Don, and all the others that had a hand in planning and building this field, and to every donor to the building fund that actually made this field possible. Thanks are due the school district for their generous help. Also we want to thank the Garner brothers (Bunk and Rip) for their work with their bulldozer in moving all that dirt and filling up holes in the outfield. It made the field playable, and also to the city for the grader used in leveling the park and to its operator.

Just make a ball park date every Tuesday and Thursday night, and let's show these boys we want them to play baseball.

DODGE outpulls
"other two" low-priced trucks!

Here's the scientific way to measure the actual pulling power a truck can deliver to its rear wheels. All three low-priced trucks were hooked up, one by one, to a special dynamometer truck. Each was comparably equipped and test-loaded.

Super-sensitive gauges inside the dynamometer truck register the maximum pull of each truck at 10 m.p.h. Insets in photos above show actual gauge readings in each case. To convert these readings into pounds, simply multiply them by three.

The results are conclusive evidence that Dodge Power Giants give you a third more pulling power than either of the "other two" low-priced makes. And this is just one of a series of tests that prove Dodge is the best truck of the low-priced three.

Your Dodge truck dealer has proof that Dodge leads in many ways. Come in... see other certified test-photo sequences... and take a demonstration ride!

Way Back When

By Pauline Bateman
EARLY SETTLERS
(Mrs. Annie Johnson)

In the year 1905 a young woman and her dear husband came to this section of country from Hood County. It seems the young man had developed illness and they journeyed here for his health. But fate seemed to change many plans for this little lady, because her husband passed on two years after coming west, and the young mother was left to raise the two small children alone. She did a splendid job it seems.

The mother is Mrs. Annie Johnson, who is believed to be our oldest settler in this immediate territory. Now called "Auntee", by many of her loving friends, Mrs. Johnson was 90 years old on her last birthday. And if you ever come to Afton to a quarterly conference at the Methodist church and do not see her there with a huge dinner, you will know for sure that Mrs. Annie is past going, for she has broken the record on that. She has attended more quarterly meetings than any living member. At the date of this writing, she has belonged to the church 66 years, joining at the age of 24. During this time she missed two or three quarterly conferences on account of ill health.

Her children were a boy and a girl. We all still remember Nuge who served us long and faithful as commissioner and passed away in the year 1938. The daughter, Eva, is Mrs. Paul Braddock, who resides here at East Afton Community. Mrs. Johnson worked very hard, especially so, now that her husband was not here to help her. It was nothing in the old days to ride miles by horseback, and stay as high as two weeks taking care of the sick. Mrs. Johnson helped nurse many people when there were no nurses or doctors near. A few of the people she helped nurse and who were good

to her were Auntie Harvey, the Uncle Joe Jackson family, the Whittakers family, and C. C. Hale. After Doctor Hale came to Dickens county, Mrs. Johnson helped him deliver the second baby he delivered in Dickens Co. This was Dennis Rasberry, son of Milton and Georgia Rasberry. The first baby Dr. Hale delivered in Dickens Co. was Mutt Brown, who's mother was the former Ola Harkey. Later Dennis and Mutt left Dickens Co. together and went into service during World War II. This does not mean they were the first babies born in Dickens County, but the first Dr. Hale delivered in Dickens County.

Like all of our pioneer women, Mrs. Johnson's life was not all a bed of roses but she kept that spark of spirit right through it all, which made her life worth while. It has given more to people who needed it than she ever used herself. Her first telephone line ran over a barb-wire fence. In the old days, Mrs. Johnson had a very beautiful and much prized buggy horse called "Babe". This horse was her pride and joy, and no one was allowed to mistreat "Babe" in any way. About the first thing Mrs. Johnson did in the morning and the last thing at night was to see that Babe was made comfortable.

Well, it seems as though boys will always be boys, and girls will always be girls, etc. The story goes that one night young Eva, the daughter, and young Paul Braddock went to a dance over on the river with "Babe" hitched to the buggy. As everyone knows, the dances lasted until all hours of the morning and travel was slow, remember. In order to get back home anywhere within a proper hour, it became necessary to trot "Babe" in fact, she had to even run, and in the procedure she naturally became covered with sweat. I quote Mrs. Braddock "I knew Mama would rise early and inspect "Babe" as she went about her early morning chores, for that is what she did the first thing, and I knew when she saw Babe covered with foam and sweat from running, somebody was going to catch it. Well, I had on a beautiful new dress, of which I was very proud, but when I tried to think of something to rub "Babe" down with, I couldn't find a thing, except my dress and that's what I used to give her a rubdown. Anyway, Mama never did know we ran her prize horse, but poor dress.

If ninety years were set aside for each of us and we could live it as we wish, it would be perfect if we could live it like Auntie Johnson. If she ever did one harmful thing or said any thing to hurt anyone, it has never been known. What a record! We hope her many more happy birthdays.

BROTHER STOKES
Rev. A. P. Stokes, whose home is Afton, will long be remembered by many of the people here. Not only Afton people, but others far and near. Spoken of by most as "Brother Stokes", he is also lovingly called "Pa" by his family and many friends.

Born in Ohio May 21, 1869, he went from there to Georgia. In 1890 he and Mrs. Stokes were married and when she passed away in 1950 this beloved couple had celebrated their Diamond Wedding Anniversary. The Stokes family came to Cottle Co. in 1906 at Paducah and stayed there two years, until 1911, when they moved to Dickens City.

Mr. Cal Martin of Spur, moved this family from Paducah to Dickens by wagon. The trip took two days. A while afterwards, when they settled at Afton, it was the very same place where they live at the present date. Very dear to the hearts of the people, Bro. Stokes has been in our homes when some of our family passed away, and many, many young couples have been united in marriage by him. Bro. Stokes has preached at every Baptist Church in Dickens Co. and has been pastor to most of them. He was pastor of the Afton Baptist Church for nine years. During World War II when Bro. Stokes was a member of the school board, he recalls that since men were scarce, it was necessary to appoint Glenna Davis as principal.

It seems that it was very unusual to have a woman in the position as principal of the school then. Bro. Stokes served on the school board at other different times through the years. He and Mrs. Stokes raised a large family consisting of nine children. The Stokes family have always been active in church and community affairs. Until his illness over a year ago, Bro. Stokes drove over a year ago. Although not as active now, he still greets you with that warm handshake, friendly grin, and the same old twinkle in his eye. These things stand for a shining example of his life, by

which all have been made better just to have known him.

MRS. ROSA STARK
Mrs. Rosa Stark of Afton is a dedicated soul whose heart is always happy because it is so filled with goodness. If you know her you will know why I say, "she is now 86 years young" instead of staying "she is 86 years old". Noted for her great sense of humor, Mrs. Stark has led a rich and useful life. She is one of our first settlers, having come here before the 19th century in the spring of 1897.

The following sketch of the Stark family was handed to me by the daughter, Mrs. Charlie Fullington, and I will relate it just as she did. "My father, the late L. W. Stark, having passed away in 1933 left his wife Rosa, who now lives with a daughter, Mrs. Charlie Fullington. They now live on the Stark's place, 4 1/2 miles southeast of Afton. Papa was born in Van Buren county, Arkansas, on March 24, 1860.

Mother, Rosa Carberry, was born in Manitowish, Wisconsin, on June 22, 1870. At the age of seven her father and mother moved to Dallas County, settling on a farm near the present Cedar Hill Community. Papa came to the Cedar Hill Community when he was a very young man and worked on various farms. He met and married my mother on March 18, 1887. After about six days of preparation, he purchased a wagon, he owned a span of mules, so he covers this wagon, loads a few belongings into it with his new bride and headed west. Mother said goodbye to her mother, her father had passed away several years before. She only saw her mother once after that.

My father's father died during the Civil War. His regiment was camped across the Arkansas River, which was several days ride from where Papa and Grandmother lived, along with three sisters. Word came to Grandmother one day that Grandfather was dying of Yellow Fever and wanted to see her once more before he died, so she saddled a mule and rode that way but when she came to the river it was out of banks and she might she could not cross. Grandfather died and was buried near the place where his outfit was camped.

Times were very hard, for Papa, his mother, and his three sisters. He has told of the "Carpet Baggers", as they were called, coming to their home, taking all their bedding and clothes out and burning them returning to the house and getting all the food and leaving them with nothing. Back to his and mother's trip west. One of their horses died so Papa goes out and buys another one, and it turns out to be looted. Those of you that have ever had any experience with a looted horse will know the rest. Mother as a young bride, enjoyed the honeymoon, traveling in a covered wagon, cooking on a camp fire. And in a Dutch oven. They would stop only long enough at water holes to wash their clothes and clean up. After several days, they landed in Fisher County, near what is now Rotan. Here Papa filed on some land, dug a dug-out and for furniture, he cut four

forked mesquites, with some smaller ones for slats and this was their bedstead. Also he saved the spoils from the barbed wire, and that was their chairs. With the experience Mama had cooking on a camp fire, she told Papa if only he could get her a cook stove, this would be all she would ask. (Continued Next Week)

In the veterinary field, fluorescent dyes have been used to mark disease producing germs such as the virus which causes canine distemper and infectious hepatitis in dogs and thus study the development of immune antibodies. Veterinary authorities believe this technique may be a valuable aid for disease diagnosis and research.

In dogs of all ages, 55 percent show evidence of chronic kidney infections.

In dogs over 8 years of age, nearly 80 per cent have chronic kidney infections, veterinary authorities say.

A five year study of dogs with fractures repaired by placing a permanent pin in the center of the bone requiring support concluded that this method is safe on animals suffering from fracture of the long bones in their limbs, according to the Journal of the American Veterinary Medical Association.

The Fulry anti-rabies vaccine, which is safely used in adult dogs, has been reported hazardous to adult foxes, skunks, and cattle, according to the Journal of the American Veterinary Medical Association.

TELEPHONE TALK
By J. C. Oakley, Manager

SHE'LL GET YOUR NUMBER
Is your personal list of out-of-town telephone numbers complete and up-to-date?

If it isn't, we'll be glad to get any new number you need—free of charge, too. Just call Long Distance and ask the operator for the numbers you want.

As always, you'll find Long Distance service is much faster and more convenient when you keep a list and call by number.

Long Distance is a real bargain, too. You can call from Spur to Dallas for only 85c (station-to-station, after 6 p. m. and all day Sunday).

I LIKE MY PHONE BECAUSE . . .
If you were asked to name the one "main" reason why you like having a telephone, what would it be?

Time-saver, maybe? Housewives, especially, get so much more done during the day by using their telephone as an errand boy.

Business aid? The phone is an essential tool for most business and professional people.

Companion? Folks who have to stay close to home because of illness or family responsibilities find the telephone a reliable friend. Frequently, it's their number one means of keeping up with friends they don't often get to see.

Others find it reassuring just to have a telephone close by, knowing they can use it to call for help in an emergency.

But most of us, I imagine, like having a telephone simply because it's an easy, pleasant way to visit the people we enjoy and want to talk to.

Telephone service means a lot of different things to a lot of different people. For whatever reasons you like having a phone, you can be sure we're always searching for new and better ways to make it even more useful, convenient, and economical.

NOT OUT TILL YOU COUNT TEN
Remember this old saying? "Don't lose your temper. Count to 10." Still pretty good advice, I guess.

And 10 can be a magic number for saving your telephone temper, too.

When you make a call and don't get a quick answer, a good rule of thumb is to wait at least 10 rings before you assume no one's there.

Especially during the summer—when people are out in the yard so often—it's a good idea to allow them some extra time to reach the phone.

Call by number. It's twice as fast.

MRS. GARTH GREGORY

Alta Jean Clark Weds Garth Gregory June 14, In Girard First Baptist Church

Alta Jean Clark became the bride of Garth Gregory Friday evening June 14 in the First Baptist Church in Girard, Texas. The Rev. Billy Burk, pastor, officiated at the double ring ceremony. The bride is the daughter of Mr. and Mrs. Alton Clark. The bridegroom is the son of John Gregory.

The altar was set with an arch of greenery and silver wedding bells, flanked by baskets of white gladioli. Ruth Willis played the traditional wedding music for the ceremony.

Given in marriage by her father, the bride wore a ballerina length gown of white satin and lace. The fitted bodice of lace had a pointed collar. Her tiera was sequined and held a lace edged fingertip veil of illusion. She carried a white Rainbow Bible topped with a white carnation bouquet.

Rance Gregory, brother of the bridegroom, was best man. The ushers were Kenneth Clark, brother of the bride, and Ronnie Gregory, brother of the bridegroom.

Maid of honor was Janis Gregory, sister of the bridegroom, and Juanita Griffith, cousin of the bride, was flower girl. Miss Gregory wore a pink ballerina length dress with lace trim. Accessories were white with a pink hat. She carried a bouquet of white carnations.

The reception was held in the Fellowship Hall of the church. The bride's table was laid with a pink linen cloth and centered with pink roses. Mrs. Doug Monzingo of Abilene served the cake.

Girl Scout News

TROOP XIII
Brownie troop XIII is still getting organized. There is room for several more Brownies in the troop. This troop was represented by three of its members attending the Presentation Program of Troop XIII on Wednesday, June 18.

TROOP XI
Girl scout troop XI has three members attending a District camp in Lubbock this week. They will be prepared to report on this visit to other troops when they return.

TROOP XII
Brownie Troop XII had their regular meeting on June 18, and 18 members were given membership pins to confirm their membership in the National Organization of Girls Scouts.

The troop leader, Mrs. Joann East, presented the girls as a group and in concert led by Martha Campbell. The Brownies repeated the "Brownie Promise" and gave the "Brownie Salute" acapella.

The girls sang two songs including the Brownie Smile Song. Mrs. B. C. Cairns, President of the local Girl council, presented each girl with a Brownie pin. Those present were: Martha Campbell, Judy Morgan, Patsy Powell, Brenda Ann Clifton, Sherry Ann Hart, Wanda Janell Overstreet, Brenda Ruth Nichie, Sharon Hale, and Linda Denison.

Girls who were due a pin but were absent with an excuse were: Eulalia Smith, Connie Corder, Hilda Frances, Rosa Dement and Linda Nell Garza.

Brownies from Troop XIII as guests were: Jane Powell, Patricia Foreman and Sharon Gay.

After the presentation meeting, Mrs. Spencer Campbell assisted by members of the troop, served punch and cookies to the mothers of the troop and other guests.

Opheila Cherry Feted With Shower

Wednesday afternoon, Alta Jean Clark, bride elect of Garth Gregory, was honored with a bridal shower at the Girard Home Ec cottage.

Mrs. Don Gannon of Spur had charge of the Bride's Book where 126 guests were registered.

Mrs. Terry Ben Spradling and Ann Brown served refreshments of pink and white cakes and pink punch. Plate favors were pink bells with white bows and the names Alta and Garth were written in silver.

Crystal bowls of pink roses carried out the bride's color scheme of pink and white. These colors were used on the table which was covered with a white cloth centered with an arch of pink net over a miniature bride and groom standing on a base of pink roses with silver leaves and long satin streamers with the words Alta and Garth on them.

Tall pink candles were in holders of pink net ruffles. The gifts were unwrapped by Alta Jean and Garth and then passed to the guests.

The hostesses were: Mmes. G. H. Brown, Buck Thompson, D. J. Young, Carlos Dickerson, M. H. Albreath, Sandon Sherer, Don Gannon, Glen Spradling, Fletcher Rich, Lee Parker, Buster Chisum, John Phillips, Jim Wyatt and Hugh Turner. Their gift was a mixer and a cook book.

Out-of-town guests were Mrs. Owen Coats of Lubbock, Mrs. Will Gardner, Mrs. Ben Boland, aunts of the groom, Mrs. Gerald Boland, Mrs. J. A. Kidd, Mrs. Elmer Lee Luna, all of Jayton, Mrs. Jim Hickman, and Mrs. C. B. Cook of Aspermont, cousins of the bride.

For the opening exercise a picture of the painting of the crucifixion of Christ in Forest Lawn Cemetery in California was passed around to be viewed.

Mrs. Archer Powell showed how to make rainbow cake using angel food cake mix. The cake with pimento cheese sandwiches, potatoes and punch were served to Mmes. Ivy McMahon, J. R. Karr, Billy Bingham, Archer Powell, Len Bass and two visitors, Mrs. Lilburn Delisle and Mrs. Coy Dopson. The next meeting will be June 26 at 2:30 p. m. E. J. Lasseter will bake a May Apple Pie.

Brady Park Scene Of Pinson Reunion

Mrs. John Boland and Jimmie Lee accompanied Mrs. Boland's sister, Mrs. Loyd Altman of Aspermont, Saturday to the two day reunion of the R. L. Pinson family at Brady Park. Their mother, Mrs. R. L. Pinson, was present as was her twelve children and a nephew, Norman, whom she raised.

While part of the group talked of the past, others went boat riding and fishing, bringing in plenty of fish for a fish fry.

On Saturday night stories of the past were told and music and singing were enjoyed. Those present of the immediate family were the mother, Mrs. R. L. Pinson, Loyd Lee, Raymond and nephew Norman, all of Corpus Christi, Walter of Tivola, Leonard of San Antonio, Mrs. Earl Hurst, Mrs. Roy Moore, Mrs. Otho Young, all of Corpus Christi, Mrs. Joe Craft of Corsicana, Mrs. Virgil Huett of Freer, Mrs. Loyd Altman of Aspermont and Mrs. John Boland and Jimmie Lee of Girard.

There were 71 present.

Toby Johnson Killed In Idalou

Toby K. Johnson, 8 year-old grandson of Mr. and Mrs. George Pierce, Spur, was killed in Idalou recently when he was struck by a car while riding his bicycle. A 6 year-old companion was seriously injured.

Guests were registered in the bride's book by Karen Thomas and Arlene Jordan. Mrs. J. D. McCain, and Mrs. Howard Thomas served punch and pin wheels. Plate favors were white bells tied with blue ribbon.

SOPHIA LOREN, GLAMOROUS ITALIAN STAR, likes everything about America, but that's no surprise. After all, almost any girl would enjoy the chance Sophia has had to co-star with Cary Grant and Frank Sinatra. She liked working on her new picture — "The Pride and the Passion" — for another reason as well — because it gave her a chance to wear her new necklace. Set with diamonds and pearls, the palladium necklace holds the precious stones securely and its brilliant whiteness faithfully reflects their color and enhances their sparkle. Palladium, a precious metal of the platinum family, is also favored because it is light and comfortable to wear.

BUBBLE BUBBLE NO TOIL OR TROUBLE

Cheese melts enticingly throughout this pretty easy-to-make bubble loaf. And so it is the ideal bread to use for meat sandwiches. If you have a yen for them hot, sauté on both sides until golden brown.

CHEESE BUBBLE LOAF
1/2 cup milk
1/4 cup sugar
2 1/2 teaspoons salt
4 1/2 tablespoons shortening
1/2 cup warm (not hot) water (lukewarm for compressed yeast)

1 package or cake yeast, active dry or compressed
4 1/2 cups sifted enriched flour
1 tablespoon melted butter
1/2 pound Cheddar cheese, grated (lukewarm for compressed yeast)

Scald milk, stir in sugar, salt and shortening. Cool to lukewarm. Measure water into a large mixing bowl (warm, not hot, for active dry yeast, lukewarm for compressed yeast). Sprinkle or crumble in yeast; stir until dissolved. Stir in lukewarm mixture. Sprinkle or crumble in yeast; stir until dissolved. Stir in remaining flour. Turn out on lightly floured board. Knead until smooth and elastic. Place in a greased bowl; brush top with shortening. Cover. Let rise in a warm place, free from draft, about 1 hour or until doubled in bulk. Punch down and turn out on lightly floured board. Divide dough in half. Form each half into a roll about 12 inches long. Cut each roll into 24 equal pieces. Form into balls. In 2 well-greased loaf pans about 9 1/2 x 5 inches, place a layer of balls about 1/2 inch apart. Brush lightly with melted butter. Sprinkle with half the grated cheese. Arrange a second layer of balls on top of first. Brush with melted butter and sprinkle with remaining cheese. Cover. Let rise in a warm place, free from draft, about 1 hour or until top of dough is slightly higher than edges of pans. Brush with more butter. Bake in 375° F. (moderate oven) for 20 minutes. Makes 2 loaves.

Mrs. Roy Marshall Hosts D. Lake WMS

The Dry Lake WMS met in regular meeting Monday June 17 at 2:30 in the home of Mrs. Roy Marshall.

The lesson was the Greatest Prayers of the Bible. This one was Solomon's Prayer. Mrs. J. B. Karr gave the lesson to eight members.

Refreshments of sandwiches, potato chips, bottle drinks were served to Mmes. Lem Parsons, Sonnamaker, Sam Gannon, Lon Bass, Graden Bass, Ellis Draper, J. B. Karr and the hostess, Mrs. Roy Marshall.

The next meeting will be at the Dry Lake Church, July 1 at 2:30 p. m.

Mrs. R. F. Rogers Plans California Trip

Mrs. J. R. Cole and children of Big Springs visited Thursday in the home of her mother, Mrs. Velma Rogers.

Disabled Persons Due To Receive Social Security Checks In August

More than one hundred thousand severely disabled people in communities all over the nation will receive their first social security disability insurance checks in August, John G. Hutton, district manager of the Lubbock Social Security office announced recently.

But many other eligible disabled workers, 50 to 65 years of age, have failed to make application to their social security offices. Those who have been disabled for work for a long time must apply before June 30, Hutton pointed out, or they will lose their rights to these new benefit payments.

Any severely disabled person who has worked under social security for at least 5 years and who has been disabled for 6 months or more should get in touch with his social security office right away.

If he is between 50 and 65 years of age, he may be eligible to have his social security record frozen to protect his future right to disability payments, and also his and his family's rights to old age and survivors insurance benefits.

"Unfortunately there is a lot of misunderstanding," Hutton said, "as to how disabled a worker has to be to get social security disability insurance benefits or to have his social security record frozen. The rules in the social security law for deciding whether a person is 'disabled' are different from the rules in some other Government and private disability programs."

To be found "disabled" under the social security law, he said, a worker must have a disability which, in the words of the law, makes him unable "to engage in any substantial gainful activity." It must be the kind of physical or mental condition which shows up in the medical evidence, including his doctor's report, hospital records, or special tests. It must have lasted for at least 6 months and be expected to continue for a long and indefinite period.

In general, he said, "substantial gainful activity" means the performance of a substantial amount of work with reasonable regularity in employment or self-employment. A person does not have to be completely helpless to

qualify under the social security disability provisions, Hutton emphasized. Consideration is given to all of the facts in the individual's situation both medical and non-medical.

First consideration is, of course, given to the severity of his condition as shown by the medical evidence. This evidence must show that the person has a condition which makes him unable to perform significant functions such as moving about, handling objects, hearing, speaking, understanding, or reasoning, so that he cannot with his training, education and work experience, engage in any kind of substantial gainful activity.

Hutton said most individuals with such serious disabilities are unable to work. There are cases, however, where a person with such serious disabilities are unable to work. There are cases, however, where a person with such severe disability is working, or able to work, because of his special knowledge and skill. He would not be entitled to benefits, the district manager said, because he would be able to engage in substantial gainful activity.

A person might work occasionally or intermittently and this would not necessarily mean that he was able to engage in substantial gainful activity. Both the nature of the work and the amount of money he earned would have to be considered.

On the other hand, some persons with conditions somewhat less severe than the ones listed above might be found unable to engage in substantial gainful activity because of the actual facts of their cases. If a person's condition coupled with his work background, his lack of education, training, and other physical and mental resources does in fact prevent him from working, he would have a disability which would entitle him to substantial gainful activity, and would therefore be found eligible under the social security disability provisions.

Mr. and Mrs. D. I. Loe had as guests in their home the past week end, Mrs. Loe's parents and brother, Mr. and Mrs. W. P. Murphy and Mr. and Mrs. Preston Murphy, all of Tokio, Texas and Mr. and Mrs. Paul Loe of Plains, a brother of Mr. Loe.

Long Witnesses 500-Mile Classic; Due In Amsterdam, Holland, Today

(Editor's note: This is the first in a series of articles on the travels of Joe Bruce Long, who is in Europe on a good will tour sponsored by Baylor University in connection with its new Foreign Education Program.)

By Joe Bruce Long

It is the intention of the writer to present a clear cut picture of the country, people and customs of this land across the waters.

It is his intention not only to see the sights, but to get acquainted with the people and their customs as well.

Much is laid out before the public today by the media of radio, television and newspapers, which is labeled "truth". Many professionals write merely to see their work in print or for economic ends. And many times, their work would not measure up to the "truth" standard. They have no intention at all of informing the general public of the existing situations.

Since this writer is not writing for any of the above reasons, it may be easier to be objective.

There is neither time nor space to include everything learned and observed; thus, much shall be omitted which will be included in lectures on return.

The greatest event thus far was the Memorial Day 500 mile race in Indianapolis, Ind. We were fortunate enough to receive good seats. The race was an event full of pomp and pageantry unequalled even by the Kentucky Derby.

Thirty-three cars began speeding around the two-and-a-half mile track at 180 miles per hour at 11:30 a. m. Four hours later, a 12 speedsters finished with an average speed of 133.06 mph.

There we found a situation existing that is undreamed of South of the Kentucky border. Negroes, whites, Jews and Spaniards were living and working side by side, seemingly free of prejudices and racial boundaries. This writer is not taking sides "pro or con", but only pointing out the situation that does exist. But it does seem to point to the fact that people of all races and color can live and work together peaceably.

After a two day stay in the city of Montreal, we boarded the German liner Seven Seas and set sail for London.

Among multi-colored streamers, a brass band and screams and tears, we were off for the nine day journey across the blue. We saw vacationers returning home, foreigners completing their once in a lifetime visit with their families in the U. S., and immigrants returning to the "old country". After this we were glad we would be back in only three months.

Despite five 23 hour days, which ruined a good night's sleep, seasickness and late hours and early mornings, the trip has been a most enjoyable experience.

It is the hope of this writer that you will follow the articles all the way. It is his hope to present the reader with a clear-cut, more exact picture of 20th century Europe.

It might be profitable to secure a map of Europe to follow the trip, locating the section of the country about which the article is being written.

The succeeding article will cover travels in southern England. A brief interview with Queen Elizabeth and ex-Prime Minister Sir Winston Churchill are included in the plans. Both should prove to be interesting as well as enlightening.

We dock in Southampton tomorrow (June 11) and catch a river-train for London. See you there!

Below is a complete itinerary of the trip and the mailing address of Joe Bruce for the summer.

Slight Hike Noted In Broiler Prices

Current broiler prices are slightly above the last quarter average in 1956. However, the 1957 price level is below the same period of 1956 and far under that of 1955.

Poultry Marketing Specialist Kermit Schlamb says it isn't likely that prices will increase much until the broiler supply is brought more nearly in line with demand. There is no consistent trend in that direction either, according to USDA reports. Placements of broiler chicks on U. S. farms for the first third of 1957 were nearly 6 percent more than during the corresponding 1956 period. Placements in 1956 averaged better than 17 percent more than during the corresponding 1955 period. Placements in 1956 averaged better than 17 percent more than 1955.

There is no consistent trend in that direction either, according to USDA reports. Placements of broiler chicks on U. S. farms for the first third of 1957 were nearly 6 percent more than during the corresponding 1956 period. Placement in 1956 averaged better than 17 percent more than 1955.

One of the big reasons for the slight advance in 1957 prices was the relatively low placements during the last two and a half months of 1956, Schlamb says. Placements by weeks for that period averaged nearly 25 percent below average weekly figures so far this year.

Cold storage broiler holdings in February were 2,764,000 pounds higher than a year ago. Only 12 percent of marketed broilers are sold in frozen form, Schlamb points out. National records show that 5.6 percent more eggs have been set for broiler purposes than during the same period last year.

A decrease in Texas placements during recent weeks and possibilities of increased broiler consumption for outdoor cooking purposes are a couple of sweet notes in the picture, Schlamb says.

WHERE U.S. WILL GROW FASTEST IN NEXT 20 YEARS

Over 220 Million Americans by 1975

Twenty years from now, the United States will be a nation of over 220 million. That means over 60 million more people. The problems created by this population boom will be as large as the growth itself — schools, highways, water and sewer systems, other public services. Billions of dollars will be spent to keep pace with this growth. For example, it will take over 20 billion dollars to meet the needs of the people for sewer systems, the Sanitary Engineering Committee reports.

A recent report released by the Department of Commerce describes the sewerage industry as "one of the nation's largest and most essential industries." This industry helps guard the public health.

Many factors have contributed to our improved public health, but none has been more significant than our municipal sanitation successes. Thousands of miles of underground clay pipe mains carry wastes from homes and community centers. Vitrified clay pipe resists all the effects of acids and other caustic substances that are found in sewer systems.

Modern sanitary systems constructed of clay pipe play an everyday role as guardian of the health of the people. They are one of the city's lifelines, carrying away deadly wastes, and advancing Public Health — so vital to every American.

Public Health is America's first line of Defense.

FLOOD BATTERED, BUT IT'S HOME

ABILENE, TEX. — Familiar surroundings outweighed all flood discomforts with Mrs. Gertrude Hurd, 76-year-old blind resident of the flood-struck North Park area here, who insisted on returning to her home as soon as waters went down sufficiently, despite urging from friends and Red Cross workers. Here she sits in her favorite chair from which she says she can find her way to anything in the house. Helping her is Estell Johnson, one of the 56 trained Red Cross national disaster workers who have been dispatched to the Southwest storm area to assist chapter volunteers in helping disaster stricken families restore homes, furnishings and other living necessities. Red Cross relief operations have been constant throughout the month of April in Texas, with workers now spread through eight tornado swept counties and 18 other counties affected by floods.

IT'S THE LAW

A public service notice of the State Bar of Texas.

BANKRUPTCY

"Bankruptcy" came from the Latin "bancus" (a tradesman's table) and "ruptus" (broken).

Under the Roman law creditors could cut up the bankrupt's body and each take his due share. Other laws would put the debtor in prison or in chains, allow whipping and hard labor. East Indian creditors could sell the debtor and his family into slavery forever.

In the Middle Ages a bankrupt was a criminal. Later he got some rights: Though creditors could force him to turn over all his goods, he would escape prison.

The basic concepts of our bankruptcy law: (1) Prorate the bankrupt's assets among his creditors, (2) discharge him from most of his debts, and (3) "grubstake" him by exempting certain things from the creditor's reach.

The English wanted to discourage, Mrs. James Reast, Strela remained for a visit the rest of the week.

Mr. and Mrs. Weldon Bynum of Sundown visited the week end with her aunt, Mr. and Mrs. Roy Marshall. Sunday afternoon they dropped by to see Mr. and Mrs. Coy Dopson.

Mr. and Mrs. Dan Prithett visited Mr. and Mrs. Willie Allen Sunday afternoon.

Mr. and Mrs. Virgil Moser and daughter, Laurlene of Colorado City spent Sunday with her parents, Mr. and Mrs. T. N. Morgan. Laurlene stayed for a week end visit with her grandparents.

Jerry McLaughlin of Dallas is visiting his grandparents, Mr. and Mrs. John Aston.

Rev. and Mrs. Knox Waggoner were Sunday dinner guests of Mr. and Mrs. Virgil Wilson. Rev. Waggoner is filling in for Rev. Raymond Smith this summer.

age extravagance, yet they saw that a debtor's misfortune could trip him. So the early bankruptcy laws grudgingly were only for actual tradesmen. Others had to take their medicine.

Our constitution gives Congress power, first used in 1800, "to establish a Uniform . . . Law on the subject of bankruptcies."

After Congress had passed and then repealed three laws it passed our present bankruptcy act in 1898. It amended the act in 1938 to refine liquidation and rehabilitation procedures.

Today the act relieves the debtor through liquidation, or reorganization and rehabilitation. His creditors have always worried about the debtor, but now the state through law has declared the public concern in putting him back on his feet.

The Supreme Court has said that the act aims to "relieve the honest debtor from the weight of oppressive indebtedness, and permit him to start afresh, free from the obligations . . . consequent upon business misfortunes."

This purpose is "it gives to the honest but unfortunate debtor who surrenders (his property) a new opportunity in life and a clear field for future effort . . ."

Also the law puts creditors on notice to watch out that their debtors do not over extend themselves.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Jane Adams, daughter of Mr. and Mrs. I. N. Adams of Wichita Falls, is here visiting with her grandparents, Mr. and Mrs. John Adams. Jane's parents plan to come this week end to take her home.

Major John L. Nichols and family of Roswell, New Mexico, have been visiting this week in the home of his parents, Dr. and Mrs. P. C. Nichols.

Glenn Ford Stars in Surprise Comedy

Among the surprises offered by MGM's film adaptation of the Broadway stage success, "The Teahouse of the August Moon," is the fact that Glenn Ford, co-starring with Marlon Brando and Machiko Kyo, has a role designed purely for laughs. His is the part of Captain Fishy, the weak, self-effacing officer who finds himself in charge of rehabilitating a Korean village and is confused by everything, including the blandishments of a seductive geisha girl.

The talented Mr. Ford's career has risen to a new high during the past three years, but if you glance at the titles of the pictures which have won him praise it will be apparent that they were not intended to make you chuckle. Ford's hits, all of them stark dramas, were Interrupted Melody, and Blackboard Jungle, made in 1954. Trial, released the following year, and this year's Ransom and The Fastest Gun Alive.

All the more remarkable that he suddenly should be precipitated into one of the funniest characterizations ever written for stage or screen. Aply abetted by Marlon Brando as the laconic Okinawan interpreter, Sakini, and by Machiko Kyo as the seductive Lotus Blossom, Ford's every move in his part as Captain Fishy, provokes unrestrained hilarity.

Mr. and Mrs. Lloyd Hindman and son, Ray, visited in Lubbock over the week end with their son, Neal and wife. Monday they had as visitors in their home, Mr. and Mrs. Leroy Minns of Washington, D. C. Mrs. Minns is the former Eva Belle Stewart of Spur.

Singing Convention at Matador, Sunday.

Jerry and Mike Nichols of Grand Junction, Colorado, are here visiting with their grandparents, Mr. and Mrs. W. H. Nichols.

Mr. and Mrs. S. D. Hunter visited in Plainview Sunday with their daughter, and family, Mr. and Mrs. Jack Chastain.

Mr. and Mrs. Obid Nelson had as guests last week, Mrs. Nelson's sister, Mrs. Herman McDaniel and daughter, Pat, of Abilene. Pat competed in the barrel races at the Crosbyton Rodeo and tied for first and second place for which she won a cash prize. She also won a piece of luggage for her average time.

Mr. and Mrs. Melvin Lindsey and daughter, Tempie Jayne, of Abilene, were visiting over the week end in the home of their parents, Mr. and Mrs. R. B. Walsworth and Mr. and Mrs. C. L. Lindsey. Tempie Jayne has been chosen as Mascot for the high school football team where her father is assistant coach.

Charlene Simpson is spending the week with her sister, Mr. and Mrs. Boyce Rankin of Odessa.

Mr. and Mrs. Olan Daugherty and daughter returned last week end from a week's vacation in Colorado and New Mexico. They report a lovely time and said they saw lots of snow.

Austin Bell had a heart attack Wednesday night. He was on the house top fixing the roof that was torn up by the storm the night before when the attack hit him. Mrs. Bell reports that he is much improved at this time.

Carolyn and Billie David James spent last week with their grandparents, Mr. and Mrs. Bill Simpson.
