THE Editor's Corner...

By Joe Harrison

Events moved fast after the Soviet launching of Sputnik, the "baby moon"—coming as it did, hard on the heels of a Soviet claim that they had perfected some form of interplanetary ballistic missile.

The initial reaction to the earth satellite, naturally enough, was generally one of surprise and shock. The ballistic missile claim could and has been discounted to some extent. But Sputnik was something else again. It was no communist propaganda trick. Scientists and others the world over saw and tracked the satellite—whizzing around the earth at 18,000 miles an hour at a height of more than 500 miles—and recorded its radio transmissions.

The concern, of course, was not over the satellite itself. Sputnik was not a weapon, and there was no reason to fear it. The great danger—in Western eyes—is that Soviet science may have a big lead on the rest of the world, most particularly in the field of rocketry. The satellite, according to the scientists, must have been launched by a staged rocket—a device which is almost unbelievably complex and difficult to construct. Such rockets, once they are sufficiently developed, will be able to launch guided missiles of great accuracy and almost limitless range. And it is no secret that this country and the Soviet Union are in a grim race to produce practical intercontinental missiles with H-Bomb warheads.

President Eisenhower, a few days after Sputnik's launching, went to considerable length to reassure this country as to where we stand. Soon, he said, we will send up a series of small test satellites, and in March launch one scientifically superior to the Russian's. And he stressed that we are giving top priority to missile development.

However, there is no doubt that the satellite has given Washington a great deal to think about. The new Secretary of Defense, Neil H. McElroy, said at his first press conference that it may be necessary to speed the missile program. The satellite, he added, proves that Soviet science has made great progress with missiles.

That brings up a really big three-pronged question—are we lagging behind in the missile race; if so, why, and what can be done about it? Numerous experts think we may be lagging, and one reason is frequently given. The Portland Oregonian puts it in these words: "... the U. S. missile program is lagging chiefly because of jealousies and bickering among the three armed services competing in this field, and because the U. S. Defense Department has failed to force them to work together amicably." There is small doubt that the Army, the Navy, and the Air Force, have all tried to take the center of the spotlight—and to obtain the lion's share of the vast funds involved in missile research, testing and development. The result, say many observers, has been a waste of money, materials, manpower and what may be the most precious commodity of all—time.

The Oregonian proposes a simple solution—that we "... get all our brains in the same laboratory, and quit worrying about the color of the uniforms." If the Soviet satellite helps to bring that about, our cold war enemies will obviously have done us a big favor.

Barrett Gets Second Term As Ex Prexy

Billy Ray Barrett, Spur rural mail carrier, was elected to a second term as president of the Spur High School Ex-Students Association during Homecoming.

Adrain Rickels, local automobile dealer was elected vice president. New directors elected for one year terms include: Jackie East, Virgie Powell, J. E. Bachman and Alfred Walker.

During Homecoming, \$40.50 was donated for the camera fund bringing the total to \$238.37.

CHAMBER DOINGS ...

Watson Named New Chamber Head; Directors Reveal Christmas Plans

Arner Watson, manager of Massey Gin, was named president of the Spur Chamber of Commerce in a regular meeting Wednesday. Watson succeeds Bob Johnson who was transferred by the G. F. Wacker Stores to Houston.

Bulldogs Ready For Post Tilt

The Spur Bulldogs will go after their third win in four district starts tomorrow night when they meet the Post Antelopes in Jones Stadium at 8 p. m.

Spur took its first district defeat in the form of a forfeit when the flu prevented the team from playing its scheduled game with Slaton last week. The Bulldogs hold district wins over Tahoka and Abernathy.

The Antelopes have lost district tilts to Slaton and Lockney. Coach Bill Henry said that most of his boys are over the flu and the team is expected to be near full strength Friday night.

Dickens County Bond Sales Reach \$79,323 Total

Sales of E and H Savings Bonds in Texas for September were \$14,626.37. This represents an increase over August sales of more than one million dollars. Nathan Adams, Chairman and Ed Gossett, Co-Chairman of the State Savings Bonds Committee announced today.

Sales in Dickens County amounted to \$79,323 for the nine month period, which was 85.6 percent of the 1957 goal, according to R. A. Conner, Chairman of Dickens County.

County Gins 1,475 Bales

A telephone survey of county gins revealed that 1,475 bales of cotton have been ginned compared to 10,969 bales on October 25, 1956.

A rash of spring rains caused many farmers to replant, and now a rash of fall rains have delayed pickers getting into the fields.

Here is a breakdown of Dickens County gins and their production:

Gin	Bales
Spur Gin	96
Massey Gin	269
Farmer's Co-Op	480
Dickens Gin	Not available
Goodwin Gin	198
(East Afton)	
Afton Co-Op Gin	253
West Texas Gin	152
(Kalgary)	

Watson has been a director of the Chamber since March.

John Albin, vice president of the Spur Security Bank, was elected vice president. Albin has also served as a director since March. The directors have announced plans for a Christmas promotion program. The Christmas program will kick off with a parade on December 10. Theme of the parade will be the Nativity story. Various portrayals will be carried out by floats. The Chamber will assign each entrant a scene as soon as the number of participants can be determined.

Included in the parade will be "Shepherds in the Field," "The Wise Men," "The Manger Scene," and others. The parade will also include a chorus and a narrator. The Chamber will also sponsor a store window display contest and a home decoration contest.

As a "Trade in Spur" attraction, the Chamber directors have planned a give away program. The Chamber will issue tickets to all merchants who participate; the merchant in turn will give a ticket for each \$1 purchased in his store. The customer's name will be written on the ticket and deposited in a hopper at the Chamber office.

Each Saturday three winners will be drawn. They will be awarded a script that is redeemable in merchandise, credit on account or applicable to layaway payments at the merchant's store.

A grand prize of \$200 will also be awarded.

African Banker To Visit Area

A member of the African parliament and his wife are due to visit the Spur Experiment Station and the Pitchfork ranch tomorrow, according to Paul Marion, station superintendent.

The Honorable Avril Ire Milan and his wife will visit the area tomorrow following a visit in the Lubbock-Amarillo area. Dr. Milan is in the country under the Foreign Leader Exchange Program of the International Educational Exchange Service of the State Department.

At present he is a member of parliament from Pretoria; chairman of the board, African Banking Institution; chairman, Parliamentary commission to investigate sale of liquor to natives and a member of the executive committee, South African Bureau of Racial Affairs.

School Resumes Friday

The Spur Schools, closed since Monday noon of this week, will resume normal operation Friday after a bout with influenza.

"On Monday, 252 students were absent from school. Most were flu victims," Nunley said earlier this week. This number is approximately one-fourth of the present enrollment. School was dismissed at Monday noon.

Keystone-Fleming Wins Safety Award For Driver Performance

National honors for outstanding driver safety performance were won by the Keystone-Fleming as a result of participation in the 26th annual National Fleet Safety Contest conducted by the National Safety Council.

The Keystone-Fleming fleet of 19 vehicles and 17 drivers was awarded 2nd place in the contest at ceremonies in the La Salle Hotel in Chicago.

The award was based on the company's performance from July, 1956, through June, 1957, a period during which it operated 408,892 miles and achieved the outstanding accident rate of only 244 accidents per 100,000 miles of operation.

Under contest rules, all accidents except those occurring when the company vehicle is properly parked, must be counted. Before winners are finally determined, their records are personally inspected by an auditor appointed by the National Safety Council.

Winners were also honored at a Victory Luncheon sponsored by General Motors Corporation in the hotel's grand ballroom. Principal speaker was the Rev. Dr. Carl S. Winters, minister for the First Baptist Church, Oak Park, Illinois, and a nationally known lecturer.

and Spur will be played as scheduled Friday night in Spur. The regular pep rally will be held in the gymnasium at 2:30 p. m. All Bulldog Boosters and interested persons are invited to attend the rally.

The game scheduled between Lockney and Spur B-team and Junior High will be played tonight in Lockney according to Coach Jim Eddins.

Just prior to the school closing this week, High School Principal C. L. Berry and Junior High Principal Lester Ball, had each compiled a six weeks honor roll report.

Here are these reports as rendered by Berry and Ball.

SPUR HIGH SCHOOL

C. L. Berry, Principal

Freshman A—Ann Fitzgerald and Anna Bob Williams.

B—Elaine Maben, Linda Chase, Susan Shugart, Judy Shipman, Benton Watson, Everetta McArthur, Jimmy Prout and Dale Buzbee.

Sophomore A—Katrina Senn, B—Dora Recio, Juanita Elkins, Juanita Gilbreath, Delwin Whitmire, Don Williams, Irwin Gattlin, Junior A—Charles Love and

Robert Rex Robinson. B—Aaron McNece, Ruth Ann O'Neal and Rozelle Marcy.

Senior A—Judy Bragg, Nancy Powell, Ann Powell, Ann Reagan, Elnora King and David Morgan.

B—Jonanna Young, Mark Parsons, Armon Fitzgerald, Ray Powell, Mike Hairgrove, Patsy Smith, Beverly Pickens, Charlotte Karr, Leslie Albin, Alan Kissingner, John Foreman, Gary Whitnir, Dal Dewees, Johanna Lou Scudder, Sue Bigham, Agatha Ellis, Eloise Thomas, Shirley Gannon and Ramona Thomas.

JUNIOR HIGH SCHOOL

Lester Ball, Principal

Seventh Grade

A—Jill Alexander, Kathy Hurst, B—Carolyn Adams, John Floyd, Roger Hudson, Louise Jackson, Elaine Moore, Priscilla Wood, B. W. Bilberry, Shirley Fitzgerald.

Eighth Grade

A—Sue King, Johnnie Moss,

Local Leaders Plan Meeting To Organize Scout Troops

Citizens and institutions of Dickens County are being contacted this week by a group of organizers and commissioners from those counties in the name of the Boy Scouts of America.

The object of the contacts which would be made are the extension of the Boy Scouts scouting program to every available boy in Dickens County and the Comanche Trail District. The district covers Crosby, Dickens, Garza and Kent Counties.

The together plan is focusing in three areas of the Comanche Trail District. John Thomas of Ralls, District Together Plan chairman, announced that a banquet was held Tuesday in Dickens, and another is set for Spur; and Monday, October 28, in Post.

A training meeting was held for organizers and commissioners and prospective institutions were selected. Attending the training meeting in Dickens were Mrs. Wallace Pierce, organizer for a group of citizens in Afton. They planned to organize a pack and troop. Bob Porter, commissioner for the Afton organization, Cecil Welch, organizer for the Dickens Civic Club, who planned to organize a pack and troop. Roy Ward who will act as commissioner for the Dickens organization.

From Crosbyton were Buford Duff, organizer and Ray Rathael

commissioner and O. L. Kelley, acting as organizer plan to organize an explorer post in Spur.

Wald Stephens of Girard will act as commissioner in the organization of a pack and troop in Girard.

There are three Scouting groups. The Cub Pack is a program for boys 8, 9 and 10 years old. The boy Scout Troop gives a program to boys 11, 12 and 13 years of age. The explorer post program is for young men 14 years to 18 years of age.

It is hoped that through this Together Plan some 200 boys will be able to join the program of the Boy Scouts of America.

Galbreath Attend Small School Meet

M. H. Galbreath, superintendent of schools, Girard, spent Sunday and Monday in Austin attending the Texas Small Schools Association's annual meeting. Galbreath is president of the organization. Mrs. Galbreath is secretary and accompanied her husband on the week end trip.

Galbreath was the honor guest of the State School Board Association meeting Mrs. Will Miller is the president of the group. Galbreath was also appointed to serve on the planning committee for the Mid-Winter conference of Texas Association of School Administrators in January. Dr. Edgar, commissioner of education, named Galbreath to the post.

Funeral Services For Oza E. Shaw Held In Dickens

Funeral services for Oza Shaw were held Monday at 2 p. m. in the Dickens Baptist Church. Rev. Elder Mansker, El Paso, officiating.

Survivors include his wife, Maggie Lee and three sons: Hoyt of Sacramento, Calif.; Dwain, Sacramento, Calif.; and Jerry, El Paso.

Shaw was born in Dickens County in 1906, and moved to El Paso in 1936. Interment was in Dickens Cemetery.

Recently Lubbock posted a double victory over San Angelo on the latter's home field, 10-7 and 5-4. Entry deadline has been set for November 10.

Referees for the championship tournament will be chosen by the executive board of the American Association, excluding members who have a team in the meet.

Mr. and Mrs. R. R. Kaylor of Windsor, Missouri, have been visiting in the home of their daughter and family, Mr. and Mrs. C. W. Proctor for the past three weeks.

Palmetto Polo Meet Scheduled

The World's Championship Palmetto Polo tournament has been scheduled for Spur on November 29, 30 and December 1, according to Everett McArthur, president of the Dickens County Sheriff's posse.

The Dickens County club has been the only champion the sport has known since a champion was crowned in 1954. However, this is the second year that the tournament has been sponsored by the American Association of Sheriff's Poses and Riding Clubs.

First and second place winners in each state district will be eligible for competition. Palmetto polo is now being played in 28 states and Canada. Over 200 clubs are affiliated with the American Association.

Teams that are eligible and have accepted invitations to the Spur tourney are: Lubbock, San Angelo, Santa Fe, N. M. and Albuquerque, N. M. Last year Dickens County won the championship; San Angelo finished second; Lubbock third.

Recently Lubbock posted a double victory over San Angelo on the latter's home field, 10-7 and 5-4. Entry deadline has been set for November 10.

Referees for the championship tournament will be chosen by the executive board of the American Association, excluding members who have a team in the meet.

Mr. and Mrs. R. R. Kaylor of Windsor, Missouri, have been visiting in the home of their daughter and family, Mr. and Mrs. C. W. Proctor for the past three weeks.

New Arrivals

Mr. and Mrs. Guadalupe Mendoza are the parents of a girl born October 15. Minerva weighed 7 pounds and 8 ounces.

Mr. and Mrs. Jake Commander are parents of a girl, Jadene, born October 20. She weighed 5 pounds, 6 ounces.

Mr. and Mrs. Delmer Browning, Girard, are the parents of a girl, 7 pound and 5 ounce, Peggy Jenice, born October 18.

Mr. and Mrs. Jose Galarza are parents of a 4 pound 12 ounce boy, Jose Jr., born October 21.

A 6 pound 11 ounce girl was born to Mr. and Mrs. Al Fincher, Girard, October 20. She weighed 6 pounds 2 ounces.

Mr. and Mrs. Billy Joe Canaler, Idalou, are the parents of a girl born October 21. She weighed 6 pounds 11 ounces.

John Charles is the name chosen for the new son of Capt. and Mrs. Aubrey Edinburgh of Victoria, Texas who was born Sunday October 13. The paternal grand parents are Mr. and Mrs. C. R. Edinburgh of McAdoo.

October 11	None	75	48
October 12	1.27	71	49
October 13	None	74	56
October 14	None	77	51
October 15	None	79	54
October 16	None	77	56
October 17	None	71	64
October 18	0.3	60	48
October 19	0.2	60	51
October 20	0.1	62	48
October 21	0.7	60	48
October 22	0.2	72	48

Rains for the month of October now total 4.01 inches. A check of the records shows that this is not a record for the month. In October, 1940, 7.90 inches fell; in 1953, 5.00 inches were recorded in October.

October rains bring the total for the year to 20.89 inches.

Few Businessmen Witness Death Of 'Number Please'

It was 10 minutes to 12 noon. The trim receptionist led a group of business men to a lounge off the main room.

Preparations were being made to change from "number please" to dial telephone system.

A quick glimpse inside revealed that the operators were going about their work in a businesslike manner. An electric tension seemed to change the air as grey-flannelled executives scurried to and fro checking last minute assignments.

Gathered in the lounge were a handful of business men who had come to pay their last respects. They talked jokingly—nervously—in an effort to prepare themselves for the sentimental transformation they were about to witness.

At 5 minutes to 12, operators began clearing their switchboards. As each one cleared Mrs. Loretta Beeson, chief operator, she took her headset and stepped into the background. The businessmen were herded to the back room where the new equipment was to

breath its first life.

The tension mounted as men stood poised—holding the ropes that would yank life from an institution. A pounding quiet descended on the room and the pulse of the new dial equipment seemed deafening as it echoed through the silence.

At 12:01 the signal came. Hundreds of tiny chocks flew through the air as the switchboard equipment was chocked off. As the last rope was pulled, another executive gave the command that saw numerous blocks pulled from the new dial equipment. It came to life with a chattering clack as the first dial call rattled across the wires.

Then it was all over. Misty-eyed, but smiling operators wandered single file to the room where the new dial equipment was just beginning to speak its first words. The last call over the old system had been placed to Spur Milk and Ice Cream Company.

Among the group were three women whose service totaled 49 years. They were Mrs. Loretta Beeson, chief operator, 17 years; Mrs. Hazel Williams, chief night operator, 17 years, and Mrs. Nell Bridge, 15 years—all started and

ended their telephone careers in Spur.

Miss Norma Williamson and Miss Mary Ann East had escaped the scene by being transferred to

Lubbock; Mrs. Doris Johnson had moved to the Stamford office—but the others, Mrs. Velma Williams, Mrs. Betty Powers, Mrs. Marguerite Garner and part-time operator, Mrs. Piney Sims, were to join the ranks of fulltime housewives or seek employment elsewhere.

Mrs. Thelma Scott, Jack Tarver, and Lonnie Harmon will remain in their positions with the company. Candy and gifts had begun to pour into the office from well wishers as early as Thursday. Hundreds called and expressed their thanks for years of faithful service.

Southwestern Bell Telephone executives attending the simple ceremony were: K. L. Kirkpatrick, district traffic superintendent, Lubbock; C. R. Styles, district manager, Lubbock; Dave Dillard, district manager, Abilene; J. C. Oakley, ex-manager of the Spur office, Plainview; and Jim Garrett, new manager of the Spur office, Sweetwater.

The old switchboard equipment will be junked, according to Styles. It is obsolete compared to present day switchboard equipment.

The entire building will be remodeled, and the business office given more room. Officers will be petitioned off for the manager and other key personnel.

However, the dial system, along with its rate hike, received a welcome from the majority of Spur people that amounted to a cool rebuff.

Mr. and Mrs. Billy Hoover spent Thursday night with Mr. and Mrs. Wayne Hoover of Ft. Worth.

Wayne accompanied Bill to Dallas Friday where they attended the Mercury dealers meeting. Luncheon was served in the Century Room of the Adolphus Hotel and later they viewed the ballroom showing of the 1958 cars which Bill says will be on display soon in his showroom.

Two Regulars, 12 Lettermen Report For Basketball Practice At H-SU

Basketball practice started at Hardin-Simmons Tuesday with Coach Bill Scott welcoming back 12 varsity and eight freshman candidates.

The Cowboys, second-place finishers in the Border Conference last year, are preparing for their first game of the season—a December 2 nonconference clash at Shreveport, La., against Centenary.

Hardin-Simmons finished last season with a record of 17 wins and nine defeats. The Hawks represented the Border Conference in the NCAA playoffs, losing to Idaho in the opening round.

Scott, in his seventh year as head coach of the Cowboys, will have two regulars returning to the team. They are Duane Elmiston, 5-7 forward from Hasting Sar, and Carl Knight, 6-8 forward from Mineral Wells.

Goings from the team are all-conference players Bob Thomas and Harry King. Other chief losses were guard Ben Benton, center Bob Carlson, forward Pete Murray and guard Gene Lewis.

Returning lettermen include Jerry Cunningham, 6-4, 190-lb. senior from Merkel; Art Travis, 6-6, 150-pound junior from Fort Worth; Jim Capin, 6-2, 180-lb. junior from Mt. Carmel, Ill.; Robert Groom, 6-8, 162-pound junior from Fort Worth; Knight and Elmiston.

Up from last year's freshmen team are Ronnie Ensey, 6-3, 172-pounder from Spur; Joe Arden, 6-1, 180-pounds from Abilene; Melvin Cunningham, 6-1, 190-lb. from Canyon; Lynn Faubin, 6-4, 183-pounds from Winters; James Graham, 6-5, 200-pounds from Nacoma; and Clyde Rhodes, 6-6, 217-pounds from Gilson. Also on the squad is Robert Ryan, 6-1 guard from Hawley, a transfer from Cisco Junior College.

Accidents in 1956 took the lives of nearly 35,000 persons in the prime of life—15-44 years of age—the National Safety Council reports. An additional 19,400 persons, 45-64 died from accidents.

HI-HQ SAT. & SUN. FUN — Ava and two guys on a desert island. AVA GARDNER STEWART GRANGER DAVID NIVEN "The Little Hut"

FROM WHERE I SIT ...

BY JOE HARRISON

Spur's chance to repeat as district champion took a decided turn for the worse last week as the flu bug felled the Bulldogs in front to the Slaton Tigers.

According to Coach Bill Henry, 23 boys were sick. (Some of these boys wanted to play, against their doctor's advice.)

So late as Thursday morning, Henry had juggled his lineup to the extent that he could have fielded a makeshift team. Royce Hilberry was the only regular tackle he could field; Jett Conner was the only end available. Guard Leslie Albin was to be shifted to center in the absence of a player experienced at that position.

Then, Thursday, Jim Gabriel and Randall Gilcrease were reported ill, both with high fever. Kenneth Gilcrease, Jimmy Holder, Don Kidd, Travis Watson, Ronnie Claude, Herrest Wilson, Milton Webb, Marshall Murray and David Morgan were all sick at one time during the week. A complete list of those who were sick is not available.

Early in the week, Henry called Slaton to make arrangements for seeding the boys after the game. At this time the flu had not taken its toll and nothing was said about cancelling the game.

Later in the week, after it became apparent that the squad was too hard hit to play, school officials called Slaton. Coach Leonard Ehrler said his crew was in the best shape it had been in all year. Slaton had already had their bout with the flu as several players missed the Lockney game. Also, a starting guard was available for the first time this season after receiving a broken collar bone before play started.

Both schools did everything in their power to re-schedule the game. Slaton offered to play Saturday afternoon—this wouldn't have helped Spur. A later date was discussed but nothing could be worked out since Slaton's open date was on Nov. 15, and Spur's is on Nov. 8. Any other arrangement would have forced the two teams to play twice in one week. A district champion must be named by Nov. 16.

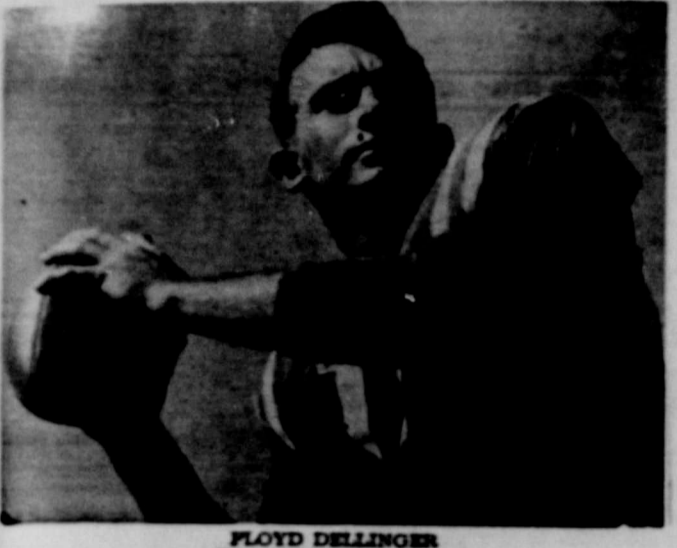

Slaton took a 52-6 drubbing from Spur last year, and undoubtedly would have liked the opportunity for revenge. However, we think the school officials and coaches showed good judgment in forfeiting the tilt for these reasons:

No. 1. Had Spur been at full strength they could have beaten Slaton—in our opinion.

No. 2. By going ahead and fielding a patch-work team, one that would have been made up of boys who were too sick to play, somebody would have been injured and nothing would have been gained because Slaton probably could have beaten a Spur team in this condition.

No. 3. If Spur should go ahead and defeat Lockney without losing another game, the forfeit on gate receipts. Slaton never has been a good football town and gate receipts should not have even entered into the matter although numerous critics hit this point hard.

We admire the coaches and school officials for their action in refusing to sacrifice the team for gate receipts. Slaton never has been a good football town and gate receipts should not have even entered into the matter although numerous critics hit this point hard.

FLOYD DELLINGER Texas Tech Quarterback

Tech Meets Years Ahead Offense In Arizona Saturday

An offense "25 years ahead of its time" confront the winless Texas Tech Red Raiders in their game with University of Arizona in Tucson Saturday night.

Ed Doherty, Wildcat coach, makes the claim of having the offense all teams will go to eventually, and Tech Coach DeWitt Weaver readily admits its potential.

Doherty's offensive formation resembles one used a lot by the professionals—with widely spread ends and backs in the slots so created. But the maneuvering from there is different, and the Wildcats make much use of blind laterals and backward passes.

Arizona is also winless, but the Wildcats have tied Brigham Young 14-14. Tech's 15-12 defeat at the hands of Baylor was the Raider's fifth loss of the season. Tech outgained Baylor, just as it did Texas A&M and Louisiana State, but weakened in the fourth quarter after holding a 12-9 lead.

High team Post was plenty scrappy though and made the vaunted Longhorns fumble frequently.

THIS WEEK'S SCHEDULE: Post at Spur. Tahoka at Abilene. Slaton at Floydada.

It's ideal for cooking, heating, refrigeration and other home uses. 3. Each year, more farms are turning to Texaco LP-Gas as an efficient, economical power fuel for truck, tractor and other field equipment.

TELEPHONE TALK by J. C. Oakley, Manager

It's a real pleasure for me to introduce Jim Garrett to the people of Spur.

Jim took over as manager for Southwestern Bell Telephone Company when Spur changed to dial operation last Friday, October 18th.

When Spur was changed to dial operation, your long distance service, as you know is being handled out of Stamford. And Stamford is one of the towns Jim manages for our company. In view of this it was only logical that we included Spur in the group of towns managed by Jim.

This will enable us to give you even more efficient service. I said it was a pleasure to introduce Jim. It is, I've known Jim for several years. He's a fine telephone man. He has had several years experience and I'm sure you'll come to value his friendship as much as I have.

It is with regret, also, that I introduce Jim to you. It means I will no longer be associated with telephone operations here. I have enjoyed working with and helping serve our customers in Spur during the past five years. I'll miss my many friends here.

TELEPHONE TALK by Jim Garrett, Manager

Hi, folks. I'm happy to have the opportunity to help serve our telephone customers here.

I've had a chance to meet a few of our customers here and I can understand J. C.'s regret in leaving his many friends in Spur.

I'm looking forward to meeting more of our customers here. If I can ever be of any help to any of you, please do not hesitate to call on me.

Mrs. Thelma Scott will continue as our service representative here in the Spur business office. Mrs. Scott has been in our business office here for more than 11 years.

We also have two fine men in our plant department here. They are Jack Tarver and Lonnie Harmon. They will remain here to install and repair telephones and maintain the new dial switching equipment.

Call by number. It's twice as fast. SOUTHWESTERN BELL TELEPHONE COMPANY

Norman and Curby of Muleshoe spent the week end visiting friends and relatives here.
Oran Burrow of Ottawa, Kansas, visited during the week end at McAdoo in the homes of his brother, the John Burrows and a sister, the B. C. Coopers.
Mr. and Mrs. Harold Hardy, Norman Earl and Gayle, also Betty and Rita VanMeter and Elaine Boucher, Sandra Cypert and John Mark Edinburg, attended services at King Memorial Methodist Church in Childress last Sunday and visited with the pastor, Bro. and Mrs. J. C. Arnold, former McAdoo pastor.
Mr. and Mrs. Raymond Eldredge and Mr. and Mrs. Earl VanMeter spent last week in Colorado, where they enjoyed a deer hunt.
Mr. and Mrs. Frank Lopez and family of Palm Beach, spent Monday night in the home of Mr. and Mrs. W. H. Tooke.
Mr. and Mrs. Travis Fuller of Riverside, Calif., spent the week end in the home of his brother, Rev. and Mrs. Gene McCann.
With Clyde Crausbay furnishing the conveyance, Guinn Hickman and John Burrow delivered a truck load of feed and over 100 containers of canned food, contributed by members of the Baptist Church, to the orphanage at Waxahachie, Monday.
Mr. and Mrs. Dickie Woolley of Amarillo and Mrs. Tommy Joe Coffey and children of Canyon were week end visitors in the home of their parents, the J. E. Woolleys and Charlie HARRIS.
The local boys and girls basket-

by 6 points and the "B" team won.
Gayle Hardy entertained members of the 7th and 8th grades with a party at her home. Friday night, October 11. Sandwiches, soft drinks and cookies were served to the 19 members present.
Joyce Morris was out of school all last week with the flu.
Buford M. Cooper of the US Navy, stationed at Balboa hospital, San Diego, is here for a 21 day leave with his parents, Mr. and Mrs. B. C. Cooper. He is scheduled to return to his base this week, but entered Crosbyton hospital with pneumonia over the week end. So in all probability he will get an extension. A former buddy, John Hayes of Crane, visited during last week end with Mickey, who accompanied him to his home in Crane and visited a few days.
Mrs. Orie Cooper and Mrs. Jewel Leatherwood, accompanied by Mrs. Jennie Lou Paschal of Lorenzo, spent Sunday to Wednesday in Dallas where they attended the Grand Chapter of the Order of the Eastern Star.
PTA met in regular session Monday, October 14, with the president, Mrs. G. B. Morris in charge. It was voted to add books to the library as the years project. The 6th grade won the room count prize. Bro. Cline Drake of Crosbyton was guest speaker. A quartet composed of members of the Junior class brought special music. A social hour followed with refreshments being served.
T. J. Williams of Lubbock Christian College spent the week end with his parents, Mr. and Mrs. Willie Williams.
Bro. and Mrs. W. M. Culwell made a business trip to Muleshoe, Monday.
Mrs. E. W. Harris, who underwent surgery in Crosbyton hospital last week was able to return home Sunday. Her mother, Mrs. J. B. Baker of Lubbock, is spending the week with her while she is convalescing.
Mrs. Will Eldredge, Mrs. R. E. Nickels, Mr. and Mrs. O. S. Harvey and Mr. and Mrs. Ben Eldredge attended funeral services in Slaton Thursday for Mrs. Josie Mosley.
Mr. and Mrs. George Harris of Abilene spent several days last week in the home of Mr. and Mrs. E. W. Harris and boys.
Mr. and Mrs. Forest Keith of Tulsa were week end visitors with her parents, Mr. and Mrs. M. C. Baum.
Bro. and Mrs. Gene McCann left Monday for a visit with relatives at Taft.
Mr. and Mrs. Orvin Callihan and girls of Lubbock visited their parents, Mr. and Mrs. John Callihan and Mr. and Mrs. Leamon Brantley during the week end.
Mr. and Mrs. M. C. Baum spent

by 6 points and the "B" team won.
Sunday night, October 15, a baptismal service was held at the Baptist Church with the following members received into the church by baptism: David McDonald, Richard Ward, Leroy and Seamon Scott, also an addition by letter, Mrs. Sue Ward.
December is one of the most dangerous months for motorists, the National Safety Council says. In 1956, 4,000 persons died then in motor vehicle mishaps.
Excluding motor vehicle deaths, the No. 1 killer in 1956 of persons in the "active age" group—persons 15-44 years of age—was drowning.

Ann Brown hurt her knee at the ball game last Thursday night at Plomot.
Miss Margaret Jo Williams spent last week end at her home in Goree, Texas.
Supt. and Mrs. M. H. Galbreath had business last week end in Austin.
The Girard high and grade schools had their pictures taken last Tuesday.
Mr. and Mrs. Millard Smith visited in Plainview last week end. Mr. Smith preached there Sunday.
Visiting in the home of Mr. and Mrs. Cliff Long over the week end were: Mr. and Mrs. Loyd Carrie, Mr. and Mrs. Guy Long and Mr. and Mrs. Dwan Collins.

In the home of Mr. and Mrs. George Smith Sunday.
Mr. and Mrs. H. E. Witt, Sandra and Sammy visited their daughter, Mrs. Sam Brights in Midland. Barbara Cheyne accompanied them.
Mr. and Mrs. Al Ficher are the parents of a baby boy, Joe Randy, born October 20.
Mrs. H. E. Witt, an employee of the Spur Memorial hospital, has been making kitchen curtains.
Mr. and Mrs. Delmar Browning are the parents of a baby girl.
Amos Fincher and Arthur Hollingshead have been helping Mr. and Mrs. Marshall Cox build another room on their house.

Mr. and Mrs. Lum Davidson and Robert attended the funeral of her cousin, Fred Jones Jr. in Colorado City Friday.
Mrs. Myrtle Ripple and Gary left Saturday morning for Oklahoma City to attend the funeral of her sister-in-law, Mrs. Wolf.
Bernice Fincher spent the night with Jo Ann Williams Thursday after the ball game.
Mr. and Mrs. Lee J. Peak were visitors in the home of his mother, Mrs. Charlie Peak who is ill.
Mrs. Lamora Page had to miss several days work last week at the hospital, due to the illness of her mother, Mrs. Peak.
Hap Jones, brother of Mrs. Bailey who is in the Spur hospital

were visitors in the home of his parents, Wednesday night.
The Junior class misses Domingo Martinez who is out of school due to illness.
The rainy weather is making it hard for the school buses to make their runs.
In the home, 28,000 persons died accidentally in 1956, the National Safety Council says, while 14,300 died in work accidents.
Of the 95,000 accidental deaths in 1956, 28,000 occurred in the home—second only to the highway as No. 1 booby trap for Americans, the National Safety Council reports.

Survey Proves Social Drinker More Dangerous In Traffic Than Drunk

A recent survey of state traffic officials from 46 states and the District of Columbia shows that the social drinker is a bigger traffic hazard than the ordinary drunk.

One of the principal reasons is that such drivers are protected by the obvious symptoms of the ordinary drunk, thus, the social drinker may go undetected until he makes a miscalculation.

The original report of the survey was released by the Association of Casualty and Surety Companies and was accompanied by a strong plea for (1) total abstinence behind the wheel, (2) uniform legislation and (3) stiffer enforcement.

In our state, the Texas Safety Association has fought long and hard for the achievement of these same goals. TSA, for example, was instrumental in drawing the attention of the 55th Legislature and the general public to the need of increased personnel in the Texas Department of Public Safety—a need that has been partially filled and should result in increased safety.

Also, the Association has spent countless hours and dollars in urging abstinence while driving. All with some degree of success. But, the fact is the 39 percent of the rural accidents in Texas, last year, involved drinking drivers, attest to the need for greater efforts in this area.

Again, TSA, worked diligently to pass a chemical testing bill during the 55th session of the Legislature, but the lack of public support defeated the cause. It is difficult to understand why the bill did not meet with approval, because it was designated to protect the innocent as well as identify the guilty.

Governor Daniel has taken an unusually strong stand against returning the licenses of convicted drinking drivers—as has Colonel Homer Garrison, Jr., Director of DPS. But neither of these men, TSA or all the law enforcement agencies in the state can do much about protecting innocent motorists and pedestrians from drinking drivers so long as outmoded and unreliable methods of detection must be used.

In spite of the claims of the users and manufacturers of alcoholic beverages, alcohol is not just a stimulant. Instead, it is related chemically to the important anesthetic gases — chloroform, ether and diethylene. Alcohol not only resembles these drugs chem-

Benson Suggests Farmers Plan Hog Production, '58

Secretary of Agriculture Ezra Taft Benson has asked hog producers to consider their production intentions for 1958 with special care in light of the present hog price situation.

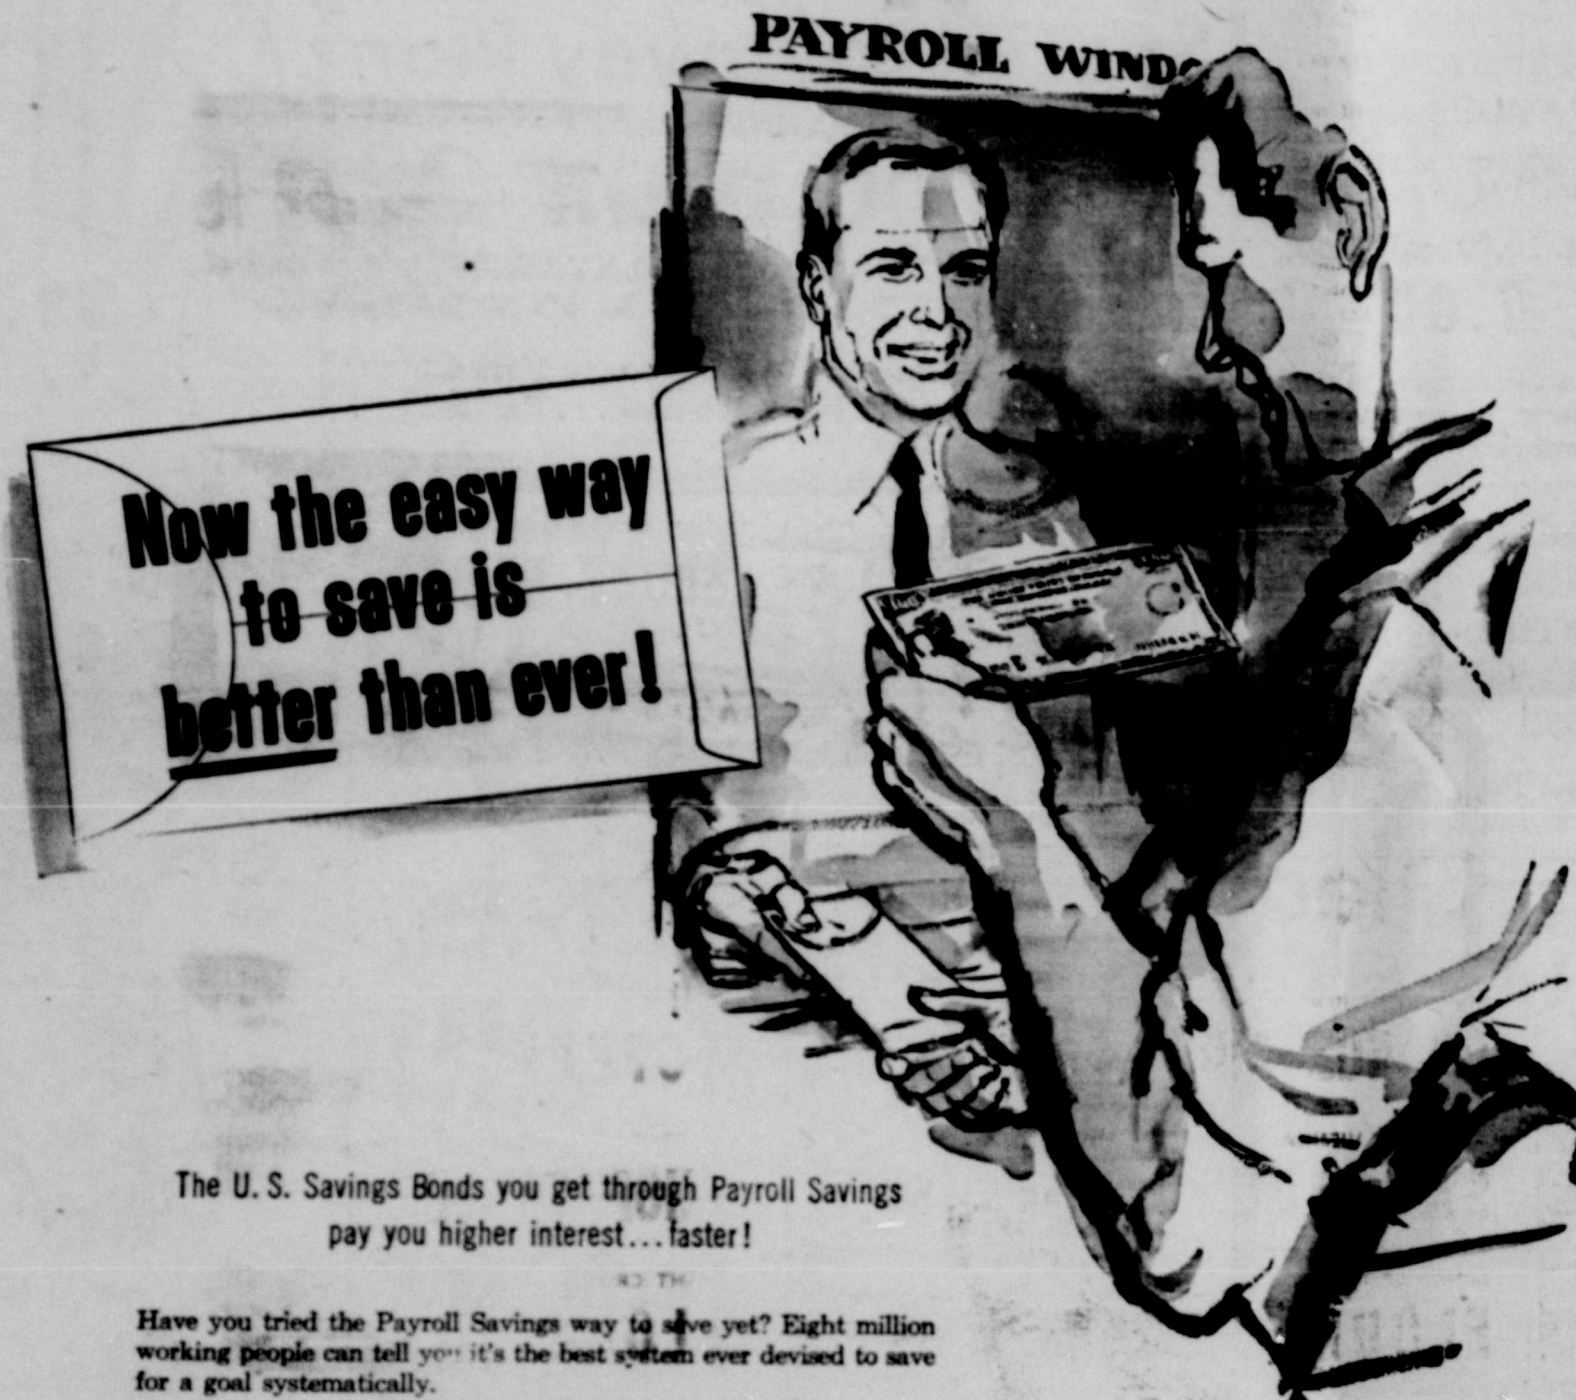

Hog prices have been fairly good this year—running between \$17 and \$22 per hundred through September. But what will happen to prices by fall of 1958 and the following year depends upon the number of pigs produced next spring. Too many sows farrowed early next year could mean a severe decline in price next fall.

Except for slight seasonal downturns, hog prices have been steadily recovering from a low point of around \$10 per hundred pounds to which they fell in December 1955. The gains of the past two years can be maintained only if supply is kept reasonably close to prospective demand.

The Secretary is concerned because conditions exist this fall which could stimulate production to the extent that prices would again dip disastrously. And the market would be flooded with pork beyond consumers' demands.

Among factors which point to increased hog production next year is a large supply of feed grains at a relatively low price due to bumper crops this year. The number of bushels of corn that could be bought with the price of a hundred pounds of hogs has averaged slightly above 12 over many years. This Sept. it rose to a high of 16.6 bushels, and it is expected to run between 14 and 15 during the current breeding season. Such a situation almost invariably leads to increased farrowings.

Increased population should take care of a moderate increase in the 1958 spring pig crop, but growth in consumer demand for pork has been slow. The Department's market analysts warn that more-than-moderate increases could lead to a repetition of the unfavorable price situation of late 1955. They think that at least a 7 percent increase is in prospect, and for a gain of this size price declines might not be exceptionally large. For increases above 7 percent the risk of sharp declines would be greater.

The U. S. Savings Bonds you get through Payroll Savings pay you higher interest... faster!

Have you tried the Payroll Savings way to save yet? Eight million working people can tell you it's the best system ever devised to save for a goal systematically.

Here's how it works. You simply sign the Payroll Savings authorization card in your payroll office. Sign up for the amount you want. Then each pay period that amount is deducted and saved for you in a Payroll Savings account. When there's enough, a United States Savings Bond is purchased in your name and starts earning interest to add to your savings.

And now your Bonds earn higher interest than ever before. Every United States Series E Savings Bond issued since February 1, 1957 pays 3 3/4% interest when held to maturity. It reaches maturity faster—in only 8 years and 11 months. And redemption values are higher, too, especially in the earlier years.

If you haven't already done so, sign up for the Payroll Savings Plan at work today. Start piling up those Bonds for your future.

Incidentally, you'll be getting your Savings Bonds in a new "check" size—a lot easier to keep even in the smallest safety deposit box, a lot more efficient and economical for your employer and your government to process.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS

The piggy bank that can't be raided!
To see how fast small change can add up, put it into Savings Stamps, 10¢ and 25¢ denominations available at your post office along with handy albums to keep them in. Start a book today.

Prospective Cub Scouts Meet Oct. 16

Group one and two of the Prospective Cub Scouts held a joint meeting at the VFW building on October 16 at 3 p. m.

The meeting was called to order by Mrs. Clomer Randall who led the group in the Pledge to the Flag. The boys repeated the Cub Scout Promise after Mrs. Nickels.

Roll call was answered by naming one of the original thirteen states. Mrs. E. N. Arnett gave an informative talk on the thirteen states. Mrs. Bunk Garner read the Preamble to the Constitution of the United States. Mrs. Robert Chancellor read a Halloween story and the boys modeled the masks they had made during the week.

A living circle was formed and the group repeated the law of the pack. After the closing ceremony the boys sang songs and played "Simon Says."

Mrs. Sam Braly, Mrs. Nickels and Mrs. Chancellor served refreshments of popcorn balls, punch and lolly pops to: Skipper Allen, Lindsey Hoover, Larry Powell, George Arnett, Bobby Chancellor, Larry Watson, Roy Garcia, Donald Ray Braly, J. C. Wright, Pete Morino, Alan Ray Smith, Clifford Shipman, Billy Hale, Alan Ray Bingham, Bunky Garner, Chris Kelley, Johnnie Randall and Otis Nickels.

The next meeting was to have been October 23 but was cancelled due to the flu and bad weather.

During 1956, 1,400,000 persons were injured in motor vehicle accidents, the National Safety Council says.

Supt. Paul Sweatt looked after business in Lubbock, Thursday.

Homemakers Use Non-Fat Dry Milk To Trim Food Budget, Cooking Aid

Homemakers interested in trimming the food budget or keeping family figures in line, can rely on non-fat milk solids, or dry milk, to help, according to foods and nutrition specialists of the Texas Agricultural Extension Service.

Dry milk is high in food value only the fat, vitamin A, and some of the amino acids contained in whole, fresh milk have been removed. This means fewer calories.

It is less expensive than whole, fresh milk, and can be stored without refrigeration in its dry form.

After it has been converted to liquid form, it should be refrigerated.

There are many ways to use this nutritious food in family meals. It can be shipped for use as a dessert topping, chilled and used as a beverage, converted into a delicious buttermilk, or used in any recipe that calls for milk.

To make buttermilk, convert the dry form to liquid and add one fourth of cultured buttermilk to each quart of liquid.

Use it in the dry form in preparing cakes, cookies, biscuits, muffins, other quick breads and cereals. In such recipes mix the dried milk solids with the other

dry ingredients and use water as the liquid.

Convert dry milk solids into liquid form for use in beverages, soups, sauces, custards and dishes such as scrambled eggs and creamed vegetables.

Use these proportions for mixing, or follow directions on package: One fourth cup non-fat dry milk solids plus 1 cup of water for each cup of skim milk desired. The package may call for less dry milk, but specialists suggest using the above proportions to improve flavor and increase food value.

Byrd-Johnson Vows Read

Wedding vows were exchanged by Mrs. Henrietta Byrd and Dewey Johnson Saturday, October 19 at 6:30 p. m. in the home of his sister, Mr. and Mrs. Jack Lackey of Floydada, Texas.

Rev. B. K. Martin, minister of the Primitive Baptist Church of Floydada read the single ring ceremony.

The bride is a teacher in the Dickens schools and the groom is a building contractor.

Benson Reveals New Program For Conservation

Activation of the Great Plains Conservation Program as announced recently by the Secretary of Agriculture, Ezra Taft Benson, is expected to get under way within the next few weeks, reports John H. Taylor, Work Unit Conservationist with the Soil Conservation Service.

Purpose of the program, Taylor said, is to assist farmers and ranchers in carrying out conservation plans through long-term cost-sharing contracts that will help minimize climatic hazards and protect their lands from erosion and deterioration by natural causes. The new program supplements existing programs and activities, and does not replace any of them, emphasizes Taylor. It establishes a new agency. Administrative responsibility has been assigned to the USDA's Soil Conservation Service, and the program will be carried out in cooperation with local and state governments, soil conservation districts, farm organizations, and the Great Plains Council.

A county program committee which is composed of representatives of the above groups will be responsible for formulating the program at the local level.

To participate in the program a farmer or rancher must have a workable plan of conservation operations that includes needed land use changes and needed soil and water conservation practices in proper combinations. The plan also calls for a time schedule for doing the planned jobs.

A farmer or rancher who develops an accepted plan may enter into a contract with the Secretary of Agriculture to carry it out. The contract provides for a plan, a time schedule, and obligates the amount of needed cost-shares guaranteed by the Federal Government. Contract periods may run from three to ten years, ending not later than December 31, 1971. Cost-share payments are made when a practice or an identifiable unit of his plan is carried out, explains Taylor.

Practices eligible for cost-share will be generally those now in existing cost-share programs. Further information regarding the program may be obtained through the S.C.S. office, A.S.C. office, or County agent.

Miss Ann Austin spent Sunday night in the home of her uncle, Mr. and Mrs. Jack Simmons.

Mrs. Hester Vaughn of Querta, N. M., is visiting her brother and family, Glinn Jones and Glinna this week.

Girl Scouts...

TROOP XII

At the regular meeting of Troop XII on October 17 the pictures taken at Day camp were enjoyed. Each girl chose the picture she wanted. Plans were made for a Halloween party and games were played.

Connie Corder, reporter.

TROOP XIII

The Brownies of Troop XIII met at the regular time on October 17 and made coin purses. Day camp pictures were examined and each girl chose the one she had ordered.

Patricia Foreman, reporter.

Mrs. Orwin Stephens Hosts Girard HDC

The Girard HD Club met October 16, in the home of Mrs. Orwin Stephens. Seven members and one visitor, Mrs. Pat Murphy, was present.

Mrs. Agnes Marr gave the demonstration on making yeast bread. The next meeting will be November 6 with Mrs. Jake Swearingen. Each member is to bring a simplified idea of her home work.

HIGHWAY NEWS

Janice Dement of Spur spent the night Thursday with Lois Putman.

Church services were held Sunday although all members could not be there due to the bad roads.

Mrs. Clark Morgan, Shirley and Linda Atkins gathered tomatoes at Mrs. Keley Putman's last Wednesday.

Mr. and Mrs. Edwin Denson have been remodeling their house.

HOSPITAL NOTES

Rosa Marcy, who is a member of NBS, has been working at the Hospital the past few days. In the past several days NBS have gained experience by working at the Hospital.

Six nurses have been off at various periods due to the flu.

Mrs. Lillian Dixon gave the Hospital a bouquet of roses in memory of her son, Ray.

Mrs. Luther Bilberry has given the Hospital a set of glasses and some cleaning rags.

ADMITTED:

Lena Rivers, Billy Pinkard Jr., McAdoo; Oscar Hart; Ann Fuller, Jayton; Archie Green, Odessa; Mrs. J. B. Morrison Sr.; Glenn Latham; Mrs. Sam McLaughy; W. W. Pickens; Robert Stewart; Nora Jane Mock, and Mrs. N. C. Kidd.

DISMISSED: Lena Rivers; Billy Pinkard Jr.; Ann Fuller; and Glenn Latham.

Visiting in the home of Mr. and Mrs. Slim Myers over the week end was a brother of Mrs. Myers, Mr. and Mrs. Morris Hart of Seagraves, also her nephew, Mr. and Mrs. Billie Hart of Aspermont.

Mr. and Mrs. Jesse Morrison and Dr. and Mrs. Pat Williams of Ralls made a trip to Ft. Worth last week end.

Mr. and Mrs. D. G. Simmons Jr. and sons of Lorraine, Texas, visited with the Jay Austins and the Jack Simmons last week end.

CHAMPAGNE LADY

This romantic, glamorous sheath of pure flattery is truly a Champagne Lady Fashion. A party dress of all over embroidered satin, perfect for the season's gayest and brightest events, in blue, rose, white and black.

With the strong emphasis of recent years on the teenager, or extreme youth, in the fashion world, it is little wonder that the mature woman—despite her larger buying power—might feel a little left out of the bustle and glamor of the fashion picture.

Mrs. Barron Hosts Espuela HD Club

The Espuela Home Demonstration Club met October 17 in the home of Mrs. Jim Barron.

For opening exercise Mrs. Harold Karr read an article from the Reader's Digest.

The following officers were elected for the coming year: President, Mrs. Bob Dixon; vice-president, Mrs. Toby Collett; secretary, Mrs. Victor Crabtree; and reporter, Mrs. E. J. Lasseter.

The program was on "Ideas For Making Christmas Gifts." Each member brought gifts or told about the gift she was making.

Following the program, recreation and refreshments were enjoyed by Mrs. Pearl Morgan, Bob Dixon, Alton Delisle, Harold Karr, Toby Collett, T. A. Johnson, W. E. Ball, G. L. Delisle, E. J. Lasseter, John K. Johnson, Don Ramsey and Jim Barron.

The next meeting will be in the home of Mrs. Toby Collett, November 7. The demonstration will be the making of a "Magic Fruit Cake."

Miss Lois Callan Pledges Sorority

Miss Lois Callan of Spur, a junior at Stephens College in Columbia, Mo., has pledged Eta Epsilon Gamma, social sorority.

Formal pledging for new members of eight social sororities was held October 7 in the sorority chapter rooms as the climax of rushing activities. Initiation of pledges will take place in early February.

Social service is one of the principal objectives of the sororities at Stephens, although members also participate in a program of social activities throughout the year. A series of cultural programs is sponsored by Panhellenic. Highlighting the winter social season will be the formal Panhellenic Mid-Winter Ball in December. At the spring "Greek Garden" formal dance, which is the inaugural ball, new officers are presented.

Miss Callan is the daughter of Dr. and Mrs. Weldon K. Callan of 420 E. 2nd St.

Mrs. Aston Hosts Soldier Mound HDC

The Soldier Mound Home Demonstration club met October 17 in the home of Mrs.

John Aston. Mrs. Dee McArthur gave the demonstration on the making of throw pillows. In the recreation Mrs. Floyd Barnett won the prize. Refreshments were served to

the following members: Mmes. Floyd Barnett, Hade Coodson, Dee McArthur, Ollie Hindman and the hostess, Mrs. Aston.

DOUBLE SCOTTIE STAMPS ON TUESDAY

The long-awaited Howard Hughes production "Jet Pilot," has been secured by the Palace Theatre for an exclusive engagement, starting Sunday and this should be good news to local theatre goers who have been looking forward to seeing this spectacular jet-age Technicolor feature in which John Wayne, Janet Leigh and the U. S. Air Force are co-starred.

So big that it took years to make, this sky-rattling salute to the gallant men who wear the wings of Hell's Angels, "Jet Pilot"

ican air bases in Alaska, to California and such playspots as Palm Springs, and then to Russia, nerve center of all Soviet operations, this fast-paced adventure romance reveals in realistic detail the lives and dangers of the men who fly faster than sound. It has jet-hot thrills to match its jet-flame action and the romantic conflict between American jet ace John Wayne and Lieutenant Janet Leigh, of the Russian Air Force, is as spicy in concept as anything the screen has ever offered.

The story of "Jet Pilot" begins in Alaska when a Russian jet plane lands illegally at an American air base. The commanding officers, John Wayne and Paul Fix, are startled to discover that the pilot is beautiful Janet Leigh, who seeks asylum to keep from being shot for disobeying her commanding officer.

Wayne is ordered to bring her south to Palmer Field for interrogation by General Jay C. Flippen, who disbelieves her story and assigns Wayne to keep her under

IT'S THE LAW
in Texas

Proposed Constitutional Amendment Affects State Employees Retirement System

On November 5, 1957, three proposed constitutional amendments will be submitted for approval to the voters of Texas. One of these, House Joint Resolution No. 37, will, if approved, authorize several important changes in the State Employees Retirement System.

The System presently covers all regular employees of State departments and agencies. It does not apply to part time employees nor to elected office holders. Persons covered by other state supported retirement systems are excluded.

The amendment would permit extension of the System to cover some who may now be under county retirement plans, and authorizes inclusion of employees of judicial districts of the State who draw part or all of their pay from the State, directly or indirectly.

The amendment would also allow the legislature to extend coverage to elected officials. However, in House Bill 790, which implements the amendment if and when the amendment receives approval, no elected officials, including members of the legislature, were included in the coverage.

Under present law, the State matches any contribution made by the employee, but the employee's

his wing in order to get all possible information from her on Soviet air power for the FBI.

As Wayne introduces her to food, clothing and such luxuries of American life as she has never known before, he falls in love with her. Although she pretends to return his ardor in kind, he discovers that she is in reality a top Soviet espionage agent and he must make a choice between love and duty. Before the picture is brought to its thrilling conclusion, there are numerous scenes of suspense, drama and jet action in the sky which top anything yet captured by the Technicolor cameras.

Edward G. Barry of Little Rock, Arkansas has been elected International President of Lions International at the association's 40th Annual Convention in San Francisco, California. Lions International, with 504,330 members in 52 countries or regions, is the world's largest service club organization.

annual contribution is limited to \$180, which is 5 percent of \$3,600. The amendment would retain the 5 percent rate, but the \$3,600 limit is removed and the contributions of both the State and the employee would be based on the employee's total pay.

The proposal would also remove the present provision that persons receiving benefits from the State Employees Retirement Fund must release the State's contribution on their behalf to this fund before becoming eligible for other state aid or pensions.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Motorists are driving safer this year than last, the National Safety Council says. In 1956, 40,000 persons died in auto accidents. This year, the toll may drop to 39,000.

A motorist is injured every 23 seconds, the National Safety Council estimates. One person is the victim of a motor vehicle accident every 13 minutes.

Compellations
By Loyd Womack, Jr.

John Steinbeck, among many things a noted author and columnist, is recognized widely for his satirical writing.

We have made a habit of reading his column in the daily newspapers from time to time but lately have lost out in the hustle and bustle of the fall printing rush.

One tidbit of Steinbeck's, which he wrote this summer, made an amusing impression on us. He had been off on another jaunt to Europe writing back stories to the states—when and if he pleased.

It seems a meteor had fallen somewhere in England and the people were quite excited and disturbed about it. They had begun to lay blame on the meteor for the cause of many minor disturbances and some major irregularities such as a man falling down and breaking his leg.

Steinbeck noted that men had been falling down and breaking their legs on payday for many years.

This brings to mind the fact that a lot of people around the U. S. are really worried about the changing times and man's efforts to make a bomb to "blow up the world".

Peculiarities in various forms such as the birth of abnormal children, "blisters" in car paint, and an overdose of floods, hurricanes, tornadoes, etc. have tried to be connected directly to the blasts of atomic and hydrogen bombs—with some success.

Surely the monstrous blast of a hydrogen bomb will have effect on nature—and people, but it isn't the end of the world yet.

We don't believe all this rot about the world going to be blown up by a bomb and we prefer to believe that radiation and the progress now made with the atom will be for the betterment of man instead of his downfall, with a minimum of suffering.

It's true that a hydrogen bomb will kill millions; it's true that radiation has many harmful effects. Yet, the automobile has caused more death and suffering than any other thing—and it's mighty useful.

Progress is always painful and sometimes disheartening, but it's usually a good thing. We were made to progress and if we can't we might as well be dead—which we might be if we progress far enough.

However, we want to be optimistic and think of the time when we progress far enough that sickness, death and fussin' and fightin' will be at a minimum and health, happiness, safety and luxury will be at a maximum. At least it's good to hope for.

We remember the time when we would save our money to go to the drugstore and get some good "drugstore ice cream".

Nowadays if one wants "real" ice cream in malts and milkshakes, he better ask for it because he's liable to get about the same thing the grocery stores advertise as mellorine.

It seems funny to say "Gimme a malt with real ice cream" but it's worth the extra breath and charge.

Next year when the carnival comes to town some people will probably make a \$5.00 contribution to the Fire Department and stay at home. Most of us wish we had done that this year. Probably two thousand dollars or more was spent at the carnival and we haven't heard any favorable comment yet about people getting their money's worth.

Since a lot of us are stockholders, though, we might get back some dividends next year.

to the 4th Sunday Singing Methodist Conference will be at 11:00 a. m. at the Dickens Methodist Church.

Several families in Dry Lake County report the flu in their homes. We wish them a speedy recovery.

Dorothy Powell was home from Texas Tech to spend the week end with her parents, Mr. and Mrs. Archer Powell.

Mr. and Mrs. Dalton Lehew and children, Dennis and Lynna, had dinner Sunday with her parents, Mr. and Mrs. Ola Miller.

Mr. and Mrs. Lem Parsons made a business trip to Lubbock Monday.

Dickens County CHECKERBOARD NEWS
BY ELDON REYNOLDS
CLARY POULTRY AND EGG

the ideal time for your farm of rats

And, we have the feed that will help your cattle put on fast, low-cost gains. It's Purina Steer Fatena, a Micro-Mixed blend of ingredients - cattle feed for fast, low-cost gains.

It's a feed that will help you widen the Gap between feed costs and market prices.

Recently, practical cattlemen kept records on over 5,500 head of Purina-fed cattle. The records showed that these farm-fed calves put on their gains for less than 14¢ a lb. When you can make gains like that, you're going some!

So, drop into the store. Or, call us up. Get Steer Fatena - the feed that's blended to help you make money.

Sudden weather changes may cause real trouble . . .

Sudden weather changes may cause real trouble in your poultry house. But, we have a complete line of Purina trouble-shooting health aids that are built to get your birds back on feed following stress periods.

Purina Boost-R-Aid is a vitamin and antibiotic formula for chickens and turkeys.

Another fine Purina Health Aid is Chek-R-Mycin, a water soluble aureomycin product, used to help treat several poultry diseases.

Be prepared for any poultry emergency this fall. Talk over your needs with us . . . and get a supply of trouble-shooting Health Aids. Don't take chances . . . be sure they have the Checkerboard label. Be protected when troublesome weather changes come along this fall.

Mr. and Mrs. Jim Price spent Sunday in Floydada with his brother, Mr. and Mrs. C. C. Price.

Mrs. Coy Dopsos spent Saturday with Mrs. Velma Rogers. Mrs. Rogers isn't well.

Mr. and Mrs. Bob Pickens had dinner Sunday in Spur with their daughter, Mr. and Mrs. Levis Pullen.

The Rev. A. H. Watson and family were unable to be at church at Soldier Mound Sunday on account of the flu.

Miss Joann Foreman spent Friday night with Miss Nancy Powell. Mrs. Ola Miller visited Ronnie Bostic Sunday. Ronnie is doing fine.

Foreman Chapel Sunday School will start at 10:00 next Sunday. Mrs. J. L. Karr spent the week end in Spur with her sister, Mrs. Salley Shockley.

Charles Forbes was on the sick list last Sunday and was unable to attend church.

Nine new models are introduced in the Viking Series—all featuring a new cab-to-rear-axle dimension for better load distribution in specialized uses. Compact, short-stroke V8's are standard in all mid-duty L.C.F. models.

See them at your dealer's now!

NEW CHEVROLET TASK FORCE 58

THE NEW Dial Telephones ARE ON THE JOB!

Spur's new dial telephones are on the job!

At noon Friday this city's telephone system was changed from manual to dial operation. Although the change was made smoothly, in a matter of minutes, many months of work by scores of telephone people were required to make your dial system possible.

A new building was constructed to house the new equipment. Hundreds of complex switches and other parts had to be precision-made. Thousands of feet of tiny wires had to be arranged. Thousands of wire ends had to be hand-soldered.

As a result, Spur telephone users can dial their calls, using the most up-to-date telephone system. On a second's notice, your system can make any one of more than 332,928 interconnections between the city's telephones.

We are glad we're able to give Spur the best service available to meet its telephone needs, today and tomorrow.

CARD OF THANKS

May we take this means of expressing our thanks and appreciation for the kindness shown us during the passing of our loved one.

May God bless each of you. Mrs. Oza Shaw and family. The Shaw brothers and sisters.

Auto accidents kill more persons under 65 years of age than any other type of accident, the National Safety Council says. More than twice as many males as females are killed accidentally each year, the National Safety Council reports.

Patton Springs FFA Names Work Committee Heads

The Patton Springs FFA chapter has elected the following work committees for the 1957-1958 school year:

Supervised Farming — Oscar Hughes, chairman; Stanley Lewis, Tommy Green and Billy Goodwin. **Cooperation Committee**—Pinky Willman, chairman; Larry Clay, James Peak, and Harold Goodwin. **Community Service** — Tommy Lawson, chairman; Jerry Tarrant, Max Edwards and Ronnie Ragland.

Leadership—Gene Harris, chairman. Gary Bob Porter and Calvin Dozier.

Earnings and Savings — Timmy Baxter, chairman; Kenneth Brendle, Curtis Hawley and Horace Tom Hughes.

Scholarship — Jimmy Swan, chairman; Jerry Tooke, Charles Thomas and Max Legg.

Conduct and Meeting — John Haymen, chairman; Dickie Randolph and Buddy Melton.

Recreation — Jerry Gage, chairman; Paul Slough and Johnny

FOUND: Ladies red topper coat, 2 blocks west of Godfrey Motor Co. on 3rd and Carroll. Call Clyde Bearden, CR2-3195 or come by the Texas Spur.

General — Ronnie Mullins, chairman; Gene Harris, J. W. Joplin and Billy Dozier.

The domestic demand for agricultural products will probably be good in 1958, but it appears that exports in this fiscal year, July 1, 1957, to July 1, 1958, may not be as high as they were last year, according to John G. McHaney, extension economist. He points out that cattle prices in 1958 will probably be somewhat higher than in 1957, and lower feed prices can be expected because of higher production.

Cooler Covers Cooler Service

Now is the time to let us drain, clean, oil, disconnect and cover your air conditioner for the winter.
