Judge Hindman Makes Statement; Reviews County Financial Set Up

To the people of Dickens County:

As I have previously stated that I would make a statement later on in regard to the office of County Judge, I now feel that since I have served as County Judge for the past few years, that people would like to know just how the County's business has been run and some of the duties of the County Judge.

The judge is a juvenile judge and this is one of the most delicate jobs that we have to confront. The County Attorney and I have dealt with juveniles as human beings—not as criminals. It is our intention to try to make better citizens out of them. The judge has the power to send a juvenile to reform school, but we have always tried to avoid this extreme punishment by educating them to the fact that a juvenile record will haunt them the rest of their lives. We point out that a record will keep them out of military service or any sort of government position.

In the past we have tried most every means before sending a juvenile to a reformatory. Many have been sent to Boys Ranch and some have been paroled to their parents. Most of them are doing straight out and are doing all right.

However, I'm sorry to say there has been some two or three who have been sent to the State prison after they reached the age of 17 and were tried in other courts.

The County Judge is a probate judge and we have quite a few probate cases in this county. To the present time, each one we have handled has stood up.

The County Judge is also a Civil Judge. Civil cases are mostly lawsuits and most of them are settled before coming to trial. He is also a Criminal Judge and we have quite a few cases in Dickens County. There has been 415 criminal cases disposed of in my court, and we have had to call very few juries. Not more than 8 to 10, and this has been a big saving to the county. All cases that have been appealed in a

higher court have been affirmed.

The County Judge serves as Budget Officer and it is his duty to work out the expense for the coming year and make a form to be approved by the Commissioners Court and the State Comptroller. Our constitution fund is 80 cents on \$100. valuation, which is all we can put on it to operate the county. This rate is made up for certain amounts to each fund, such as the juror, up keep of the Courthouse and jail, the road and bridge fund and the general fund. And if we owe bonds in addition, we have to put a rate on sufficient to carry them, and all of this makes up the county tax rate.

In 1940 I was a member of the Commissioners Court. Dickens County had 12 outstanding bonds with a total of \$436,500 and that year our premium was \$18,500 and our interest was \$22,940. The principal and interest was more than half of the county income for that year. The Commissioners Court worked out a rate sufficient to carry these bonds. The County tax rate at that time was \$1.38 and since that time the county has been gradually paying off these bonds as they come due. At the same time, the tax rate has been lowered.

On October 3, 1957, I bought a \$40,000 bond that was coming due in 1960 and saved the tax payers \$2,069. On January 22, 1958, I had the opportunity to buy another bond at the price of \$25,827.25, which saved the

Mayor Sets Date For City Election

Mayor J. R. McNeill has called an election for April 1 for the purpose of electing three Aldermen.

The three Aldermen whose terms will expire on that date

The last day candidates may file for these positions is midnight, March 1. To date there have been no entries in the

race. Mayor McNeill, and Aldermen Jackson East and Mansel Bragg do not come up for re-election until next year.

The election will be held at the City Hall with Homer Dobbins presiding as election judge. He will be assisted by Mrs. Jack Rector, judge, and Mrs. C. D. Foreman, clerk.

The Mayor took the action to call the election at Monday night's meeting of the City Council. In other action, Dr. W. K. Callan reported that the \$2,000 allocated last week from the General Fund to pay hospital bills has been spent and all current pressing accounts of the hospital have now been paid.

FEATURES NEW DIVISION . . .

Judges Named For County 4-H, FFA Livestock Show March 7-8

The judges for the Dickens County FFA and 4-H Livestock Show have been announced by County Agent, Bob Berry. They are John Jones, College Station, and T. E. Limer, Lubbock.

Jones will judge cattle and sheep; Limer will judge the hog

show. "These two men are both widely-known and respected in their field, and we are fortunate in having them for our show," Berry says.

This year's show has been scheduled for March 7 and 8 and will be held in Jones Stadium. Entries are expected from Girard, Dickens, Patton Springs, McAdoo and Spur.

Last year \$1,500 in premiums was given away at the show, and a like amount is expected to be given away this year. In the past the Rotary and Lion's Club of Spur have furnished trophies.

This year a miscellaneous division has been added to the show. This division will not be limited to FFA and 4-H members, but will be open. The new division has been set up to include all game birds, such as pheasants, quail, chukker, and rabbits and chickens. No premiums will be awarded in this class. George Gabriel is chairman.

Other key men behind the County show are: A. C. Alexander, Dickens County rancher, president; Rob Simmons, vice president; Bob Berry, secretary; Sterman Lee, treasurer; Paul Marion, general superintendent, and Bob Conner, chairman of the finance committee.

Bulldogs Finish Season By Dumping Slaton Twice

Both the girls and boys basketball teams of Spur High School ended the season on a cheerful note Tuesday night as they took both ends of a double header from the Slaton Tigers, the girls winning 33-29

and the boys winning 41-38. Abernathy upset Tahoka Tuesday night to throw the District leadership into a two-way tie between Tahoka and Floydada. Both have lost two games.

In last week's action, Spur boys lost two tilts; 49-45 to Abernathy and 62-47 to Floydada. The girls team fared better as they won one game, 43-32 over Floydada, but dropped a game to Abernathy's undefeated crew, 48-34.

In Tuesday's action, the Tigers jumped off to an early lead, tacking 9 points on the scoreboard before the Bulldogs could tally. However, at the half the Bulldogs had overcome the lead and held it the rest of the way, although the Tigers

traded points with them down to the last 30 seconds. Kenneth Gilcrease sank two free throws with about 26 seconds remaining to ice the game.

The girls' team scoring was led by Charlene Simpson who garnered 12 points. Slaton's Schilling had 21 for high point honors.

In the boys' game, Ray Don Powell meshed 15 points to lead the Bulldogs while Douglas Corley canned 12 for the Tigers.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

FAMILY LAWYER

It costs much less to avoid legal troubles than to get out of it one you are in. Hence the family lawyer.

But since you can't go running to him all the time, how do you spot legal trouble in time?

- When you come of age, marry, have children, get a divorce, buy or sell property, move to another state, or when someone in your family dies, you may take on new legal rights and duties.
- Then you may need to update your will, your insurance program, or the way you figure your taxes.
- When you buy or sell property always have the legal papers checked with care by an expert before you sign them or put up any money.
- Double check your contracts, important letters or leases before (not after) you sign them.
- The law defends your rights, but sometimes only if

you yourself act within certain time limits. Make sure you do. Otherwise your claim may be outlawed, or it may be too late to file an action to protect your rights.

If you have been in a car accident, for example, get all the facts at once and check with your lawyer and your insurance company.

4. A few other questions may put you in good shape to avoid legal trouble:

In case something happens to you, who knows where you keep your papers—your deeds, will, insurance, policies, or contracts?

Has everybody in your family a birth certificate?

Where is your marriage certificate? Your social security card?

SUBSOIL MOISTURE

For the first time in several years, most areas of the state have adequate subsoil moisture. The crop potential for 1958 is good, but Bill Bennett, extension soil chemist, points out that plant nutrients instead of moisture could be the limiting production factor this year. He strongly advises the use of soil tests for determining what kinds and how much plant food should be added for maximum yields.

Mrs. Horace and R. E. Nickels and Mrs. Harold Hardy were Lubbock shoppers on Thursday.

BAPTIST TRAINING UNION HOLDS ANNUAL SWEETHEART BANQUET

The young people of the First Baptist Training Union attended its tenth annual sweetheart banquet, "In the Shades of Sherwood Forest", on Thursday evening, February 13.

Entering through an arbor, the group found themselves in a maze of greenery with glittering birds flying suspended from the ceiling.

A musical thanks, led by Johanna Lou Scudder, preceded the dinner of veal cutlets, baked potatoes, fruit salad, green beans, hot rolls chocolate cake and iced tea.

Programs were printed in green over an outline of the figure of Robin Hood on basket weave brown.

Following the "Forest Feast" the "Call of the Forest" was given as Jimmie Rex Holder sang "All The Way".

The coronation of the King and Queen of the Training Union for 1958 presented as its royalty—Lords and Ladies: Al-an Ensey and Donna Hinson, of the SOS clan; Gary Scott and Elaine Singleton, of the Bykots clan; and Mark Parsons and Sherry Fugitt of the JOY clan.

Surrounded by greenery. Mrs. Bob Blackshear, training Union director, was presented with a bouquet of roses as a token of appreciation by the group.

Robin Hood, portrayed by Mickey Fugitt, dressed in full regalia, introduced the program as it was presented. The Merry Makers, an orchestra composed of the young people, and accompanied by Mrs. A. G. Dunwoody, played a medley of love songs.

A group of Wandering Wayfarers, including Johanna Young, Kenneth Sutt, Ann Reagan, Mark Parsons, Charlotte Karr, Kenneth Gilcrease, Sherry Fugitt, Jimmy Rex Holder and Ronnie Cloude sang, "Side by Side" and "A Fallen Star".

Barlow Neaves quoted the love chapter of the Bible, Corinthians-13, as a meditation introduced as "Boughs of Thought".

Chairmen of committees were: general, Mrs. E. D. Engleman; decoration, Mrs. O. R. Cloude; program, Mrs. Bob Blackshear and food, Mrs. Jesse Morrison.

SUB-JUNIOR STUDY CLUB STAGES ANNUAL SWEETHEART BANQUET

If you happened to pass the Legion Hut about 8 o'clock Saturday night, you probably noticed several cars gathered there. Then if you happened to peek in a window you saw the following couples included in a wall of red crepe paper.

Ann Reagan and A. C. Alexander; Ineta Kidd and Joe Don Davenport; Judy Jones and Ray Don Powell; Merry Dee McArthur and James Gordon; Judy Bell and Robert Beeson; Charlene Simpson and Max Gabriel; Judy Bragg and Tim Hurst; Roselle Marcy and Kenneth Gilcrease; Johanna Ann Blakely and Travis Watson; Elaine Singleton and Woody McArthur; Jo Ann Foreman and Glenn Hairgrove; Agatha Ellis and Jerry Don Dunaway; Barbara Foreman and Jimmie Holder; Cookie Gregory and Max Gollimore.

These couples were enjoying the annual banquet of the Spur Sub-Junior Study Club.

Being a very inquisitive person, you venture within the walls of this enclosure. There you found a floating ceiling of red and white hearts and arrows over an arrangement of eight tables for four with beautiful center pieces of candles

and hearts. After the invocation by Jimmie Holder and a welcome address by Ann Austin, the participants enjoyed a dinner consisting of: baked ham, baked potatoes, green beans, congealed salad, hot rolls, tea and cherry tarts.

If you waited until the dinner was finished you heard Barbara Foreman and Jimmie Holder sing "Loving You" and "Let Me Call You Sweetheart" in front of a huge red and white heart with the words, "I Love You", written across it. Jimmie also sang, "All The Way." Mrs. Jack Moore gave a humorous reading entitled, "Valentine Date", then Travis Watson completed the banquet with the benediction.

If by chance you read a program, you noticed that on the last page was printed, "He brought me to the banqueting house, and his manner over me was love." This sums up the banquet theme of "Be My Valentine."

Also present at the banquet were members Ann Austin, Rita Williams and Ramona Thomas; the sponsor, Mrs. Jack McCully and guest photographer, Aaron McNece.

Cypert-Hoover Wedding Vows Read In Reese Air Force Base Chapel, Lubbock

White tapers burning in silver candelabra, flanked on either side by an arrangement of white carnations and greenery, formed the setting at R. A. F. B. Chapel Saturday for the marriage of Miss Josie Cypert, daughter of Mr. and Mrs. W. P. Cypert of Lubbock and A-2c Vernon Hoover, son of Mr. and Mrs. Ermon Hoover of Evansville, Indiana.

Chaplain James M. Holmes performed the double ring ceremony at 4 p. m.

The bride, given in marriage by Billy Gene Cypert, was attired in a pale green dress of silk broadcloth, featuring a long shirred torso, accented with tiny covered buttons and joined to a bouffant skirt. Topped with a short bolera designed with a rolled boat collar, a puffed bow at the center back enhanced the empire waistline.

Miss Wanda Whitting, maid of honor, wore a full skirted champagne dress with matching accessories. A-1c Rupert F. Ross served as best man.

home at 1707 17th followed. The serving table was centered with a tiered cake topped with a miniature bride and groom before a cluster of wedding bells.

When the couple left for a short honeymoon she was attired in a gray suit with red accessories. They will be at home at 2017 15th.

The bride was valedictorian of the 1957 graduating class of McAdoo High School and has been attending Texas Tech. The groom is a 1956 graduate of Bosse High School at Evansville, Indiana, and is stationed at Reese Air Force Base.

Texas Lakes Due Turnover

Soon, lakes in northern Texas will start their mysterious action of "turning over," to be followed in late summer by lakes throughout the rest of Texas. This curious shifting of lake waters, which causes odors noticed by all neighbors and visitors to the lake, is explained by Biologist Kenneth Jurgens in the February issue of "Texas Game and Fish", the official publication of the Texas Game and Fish Commission.

"Why Do Lakes Turn Over?" launches its answers with winter and early spring seasons when the most lake water has even temperature and good circulation, then traces the lake's changes through the rest of the year.

For fishermen who have bloated fish floating on top of the lake in summer, Jurgens explains the stagnated "glacial desert" of the lower layer. He says that these fish are so overcome with poisonous gases trapped near the lake bottom that they shoot uncontrollably to the surface and die. The "turnover," when layers begin to blend and change position, occurs as cooler weather begins in late summer and early fall to chill the surface water. Then the fish, as well as the water, enjoy free movement again.

Winter stagnation, another oxygen-starved period for north Texas lakes, is now coming to an end. North Texas lakes, Jurgens points out, have two turnovers, but other Texas Lakes have only the one following summer stagnation.

Jurgens' article provides helpful background for fishermen who need to know when to fish and where, as well as the answer to the often asked "why" of the lake's behavior.

The steadily rising death toll from fires in Texas is ample proof, points out the Texas Farm and Ranch Safety Council, that families are not observing the rules of safety as they apply to home heating. They suggest "that periodic checks be made of the heating equipment and that repairs be made whenever needed."

County Judge . . .

Continued From Pg. 1 county \$4,325.75 in interest. This bond was not due until 1973.

Currently Dickens County has one outstanding road bond, \$25,000, due in 1963. \$30,000 has been collected to pay this debt. Our present tax rate for Dickens County is 0.98 cents. County assessed valuation is \$6,310,085.00.

The County's business is a big business, and it must be run in a business-like manner to give the people the most for their money. I have always been interested in the welfare of the county and tried to run it in a business-like way. I've tried to be efficient and at the same time make necessary improvements.

When the Farm-To-Market road system came into effect in 1949, Dickens County was allotted 106 miles. To this date, 99 miles has been approved by the State Highway Department and the Commissioners have paid for these roads out of their operating funds.

In 1956, the Commissioners Court entered into a contract

with the State to receive surplus commodities for the County's needy people. The Commissioners take turns in transporting these commodities from Lubbock, and it is my duty to see that these commodities are handled according to State regulations.

Mrs. Ava Johnson, E. V. Arthur and I agreed to handle these commodities at no extra cost to the county. We get a thrill out of distributing these commodities to elderly people who are very deserving and appreciative. They receive such small pensions, many find it difficult to get by.

After this brief sketch of County affairs, I would like to say that I feel that each and every one who has served as a county official through the past years has had a big part in bringing this up to the present stand, and I think each one should be highly congratulated for their work. I am seeking the office of County Judge again, and feel that with my past experience, I am qualified to fulfill the duties of this office and will appreciate your vote and influence.

Sincerely, W. H. Hindman.

James Fenimore Cooper's Great Classic 'The Deerslayer' To Show At Palace

James Fenimore Cooper, the first of the true American epic writers, whose classic adventure, "The Deerslayer," opens Friday at the Palace Theatre, started his career as a writer strictly out of annoyance.

According to the legend, Cooper was reading one of the usual "Suropenized" novels of the period when he slammed the book down and said to his wife, "Even I could do better than this." His wife answered, "Prove it," and thus one of America's greatest writers started his new career—a career which was to shape the nature of native American writing, on a dare.

His first book, however, was by no means an answer to his wife's challenge. For, it too, suffered from the unreality of his fellow writers. But he soon discovered that he had a natural talent for adventure—out of this talent grew the famous "Leatherstocking Tales", of which "The Deerslayer" was the first to be written.

In it he writes of the Delaware, Mohican and Huron Indians, the first of such stories to ever be written.

Many of the devices familiar to movie goers and western fans were invented or at least first catalogued by Cooper. The "blood brother theme," the white hero who fights injustice toward the Indians and the whites who believe only "good Indians are dead Indians" are from "The Deerslayer."

Of course most of Cooper's themes were written for a frontier which extended not much further than the Susquehanna River in New York State. Today, however, they are applied to the whole struggle of red man and white; the giving way of one form of civilization for one more advanced.

"The Deerslayer," stars Lex Barker in the title role, Rita Moreno, Forrest Tucker, Cathy O'Donnell, Jay C. Flippen and Carlos Rivas.

Cooper, often called "The Sir Walter Scott of America," would have been delighted with the CinemaScope treatment of his beloved mountains, rivers and valleys.

was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which it was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action.

It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition, including the following:

The State of Texas To The Sheriff or any Constable of any County of the State of Texas, GREETING:

Surveys made last fall on the number of adult grasshoppers revealed that counties in the Texas Panhandle and upper South Plains may have serious outbreaks of grasshoppers that could be infested heavily enough to require control measures. The final outcome, says F. M. Fuller, extension entomologist, will depend on the weather and the destruction of grasshopper eggs by predators and parasites. Cool, wet weather with heavy rains at hatching time could cut the 'hopper population below the danger point.

BAPTIST TRAINING ANNUAL SWEETHEARTS Over WFAA

The young people of the First Baptist Training Union attended its tenth annual sweetheart banquet, "In the Shades of Sherwood Forest", on Thursday evening, February 13. Entering through an arbor, the group found themselves in a maze of greenery with glittering birds flying suspended from the ceiling. Gold letters shot from a golden bow and arrow announced the theme across one wall of the banquet hall. Some trees were decorated with glittering red hearts. Tables were decorated with greenery and candles. Individual places were marked by miniature golden bows and arrows with names on the arrow shaft of the heart.

A musical thanks, led by Johnna Lou Scudder, preceded the dinner of veal cutlets, baked potatoes, fruit salad, green beans, hot rolls chocolate cake and iced tea. Programs were printed in green over an outline of the figure of Robin Hood on basket weave brown. Following the "Forest Feast" the "Call of the Forest" was given as Jimmie Rex Holder sang "All The Way".

The coronation of the King and Queen of the Training Union for 1958 presented as it's royalty—Lords and Ladies: Alan Ensey and Donna Hinson, of the SOS clan; Gary Scott and Elaine Singleton, of the Bykoka clan; and Mark Parsons and Sherry Fugitt of the JOY clan. Jennings Long was crowned king by the pastor, Rev. Riley Fugitt and the king then crowned Miss Judy Bragg as queen. Royal crown bearers were Brad Glenn and Salley Blackshear. Herald was Bill Glenn and the trumpeter was Susan Shugart. Mrs. Bob

CUT FEED COSTS

Feed costs normally represent about one-half the most of producing milk, says J. W. Davis, extension dairy husbandman. If this cost can be reduced, profits can be increased. Replacing some of the grain and concentrates with high-quality roughage offers possibilities for many of the state's dairymen, he believes.

Teenagers Commit 46% Of Texas Crimes According To Governor

STRENGTH OF NATION DEPENDS ON YOUTH

By Judge Sarah T. Hughes
(Ed. Note:— This is the last of a series of articles on the state's growing problem of juvenile delinquency by one of Texas' foremost authorities on the subject, District Judge Sarah T. Hughes of Dallas, who has handled more than 25,000 juvenile and family relations cases, along with an even greater number of other civil cases in 22 years on the bench. "Family law is probably the most important phase of the law", says this internationally known jurist, whose work has been honored in the U. S. and in Europe as well, and whose name was put in nomination for the vice-presidency of the United States in 1952.)

The strength of our nation depends in no small degree on the boys and girls of today, and it is imperative that we do something about the rising tide of juvenile delinquency. In a recent talk to the Texas Junior Chamber of Commerce, the governor of Texas pointed out that 46 percent of the major crimes in the state during 1956 were committed by persons 17 years of age and under.

Responsibility for combating juvenile delinquency belongs to all of us—parents, first of all—but to the church, the school, and the community as well.

Home Most Important
Most important in the life of boys and girls is the right kind of home. There must be real love, love which does not over-indulge and which includes guidance for the child's life now and for his future life as an adult.

Children need a sense of their own significance and to be recognized as individuals. They want understanding of their problems and as they grow older, independence to make decisions. Parental responsibility is to maintain a balance of giving boys and girls whatever amount of independence they are mature enough to handle—

at the same time providing guidance and discipline when these are needed.

In my experience trying juvenile cases, there is in most instances something wrong in the home situation, and some of the attributes of the right kind of home are missing. **Community Responsibility Heavy.**

At the same time the community may have fallen down on its responsibility. Blaming parents for the delinquencies of teenagers is too simple an answer. With increasing industrialization, the job of being a parent is much more difficult than it used to be. There are fewer chores around the home, less play space, a higher percentage of cars, paved roads, and taverns available to boys and girls.

It is the community's responsibility to assist in counteracting these changed conditions by providing such character-building organizations as scouts, 4-H clubs, junior achievement, etc., by establishing more community centers and parks, and by individuals volunteering time and effort to such agencies.

Church and School
The role of the church is important. Religion should be a vital factor in the life of boys and girls, and it should be presented in such a manner that it can be applied to their daily lives. Church-sponsored activities—many more than now exist—are needed, activities that will appeal to young people and give them a creative role in the church.

The school's responsibility has likewise increased with the drastically changed conditions of modern society. There is need for the schools also to help provide more means for taking care of the idle time society has forced upon teenagers who don't know how to handle it.

Prevention vs. Rehabilitation
While our chief effort should be in providing a positive program to prevent delinquency, there will always be teenagers—as there are adults—who

commit offenses and are brought before the courts. It is therefore necessary to have a constructive program of rehabilitation for youthful offenders.

In such a program the efforts of the judge and probation department are devoted to the individual child and his problems. There is need to try to find the causes of his delinquency and to remove them. There should be less concern with handling but punishment than with trying to rehabilitate the offender.

More Probation Officers Needed
The sentence of the court may be probation or an institution. The difficulty is that there are not nearly enough probation officers, and, without a sufficient number, probation cannot do the job.

And our state institutions at Gatesville and Gainesville — though the programs are good — are far too crowded, and those committed must be released sooner than they should be, so as to make room for others.

In order for boys and girls released from the institutions to find their place in society, there is great need for parole officers. At present, only the larger counties have such officers; and yet, without effective supervision after release, many an effort expended at the institution may well turn out to be a loss to the state, as well as to the child.

Let's Face Our Job
The job we face—to find constructive activities that will prevent juvenile delinquency and to provide a positive program to rehabilitate offenders—is a big one. It is the responsibility of each of us. It can't be ignored by those who have no children. As members of the community and of the church we have a responsibility. And how much responsibility? We ask. I like this definition: Responsibility is our response to the ability God gave us. Until each of us has responded fully to our God-given abilities, we cannot say we have assumed our full responsibility.

Let us join together—all of us—in tackling this challenging job—making boys and girls into worthwhile citizens.
