NUMBER 17

Lions Ladies' Night, Feb. 27

DISTRICT GOVERNOR NIXON, DEL RIO, WILL BE THE HONOR GUEST

At a regular luncheon of the Sonora Lions Club, Monday, it was decided to hold a Ladies' Night and banquet on Monday night, Feb. 27, beginning at 8 o'clock. Arrangements were made whereby the services of the Methodist revival would be held at an earlier hour on that date to make way for the Lions' banquet.

The Rev. Charles Nixon, pastor of the Methodist church of Del Rio, and district governor of two-A, Lions International, who is here assisting the Rev. E. P. Neal in the revival, will be an honor guest on Ladies' Night, and will appear on the program as the principal speaker. Under the chairmanship of B. W. Hutcherson, assisted by Dr. J. R. Kilman and C. T. Jones, an interesting program of song, music and readings has been prepared for entertainment of the club and its guests.

The district governor was a guest at Monday's luncheon, and made a short, instructive talk on Lionism. Mr. Nixon said, in part:

"The mighty scope of the motto of Lions International, 'Liberty, Intelligence, Our Nation's Safety,' is one to kindle the imagination and stir the heart of every citizen. Liberty stands above them all, for if a people has not liberty then there is no opportunity of developing the personality, and rising to the highest honors that any nation may offer. Under that ideal we rise, from the poorest home, to the highest honor and match our wits with the leaders. We carry the longest list of notables who came from the poor homes and won the highest honors of state.

"Intelligence is the next on the list, for liberty without intelligence is dangerous. Liberty put into the hands of the untrained man produces a menace on society. Russia is a fair example of liberty acquired without the intelligence of using the same, and hence have fallen into the iron hand of one man.

"Our Nation's Safety' is an assurance of the permanency of the work that can be done by a free and intelligent citizenry. Liberty in the hands of an intelligent people, and secured to them by the strength of the nation, which insures its permanence.

"The colors of the Lions Club are purple and gold. To Lions, purple stands for loyalty to country, loyalty to friends and to one's self and to one's own integrity of mind and heart. Gold symbolizes purity in life with all the dross burned out; sincerity of purpose, liberality in judgments, and generosity in mind, heart and purse toward his fellow-men."

Lion Nixon gave a glowing account of the various clubs over his district, the report including a number of key members and masses. (Continued on page 8)

Diphtheria Cases Are Reported Here

Hal Roueche and Billie Henderson Confined with Disease

Hal Roueche, son of Mr. and Mrs. Louis Roueche; and Billie Henderson, daughter of Mr. and Mrs. Clyde Henderson; are reported as being ill this week with diphtheria. Precautions are being taken to prevent spread of the disease here, but the fact that a large percentage of school children were immunized against diphtheria is pointed to as a reassuring factor.

A number of school students have received diphtheria toxoid since discovery of the two cases.

Mrs. Willie B. Whitehead, accompanied by her mother, Mrs. B. M. Halbert, took little Bill Whitehead to San Angelo Monday for medical treatment.

When Peaceful Picketing Raised Valley Farm Prices

Force and violence were avoided in the Lower Rio Grande Valley of Texas by peaceful pickets who sought to have all growers ask minimum prices of \$6 per ton for cabbage and 20c per bushel for other winter vegetables, prices to be paid in cash. Prices as low as \$1.75 per ton for cabbage and other crops as low as 4c per bushel caused the farm strike. Here is a picket stopping a truck load of cabbage near San Benito.

Personals

Willie B. Whitehead was in town from the ranch Saturday.

Mrs. J. M. Puckett was in town from the ranch Wednesday.

T. L. Benson of San Angelo was in Sonora on business Monday.

The Rev. E. P. Neal was a San Angelo visitor Sunday afternoon.

Virgil Powell and his little son were in town from the ranch Saturday.

Mr. and Mrs. Sam Thomas, and family, were in town from the ranch Monday.

Weaver H. Baker of Junction was in Sonora Tuesday, enroute for Rankin on business.

Norman Girdwood, San Angelo, brother of Mrs. J. D. Westbrook, left Wednesday after a three-day visit here.

Nolan Kennedy accompanied Mrs. Kennedy home Sunday from a visit in Bronte with her mother, Mrs. Kate Goode.

Mrs. J. C. Rigney and her little son, Jack, left Sunday for their home in Lubbock after a two weeks' visit in the home of the former's parents, Mr. and Mrs. J. D. Eaton.

Dayton Stockton, accompanied by Louie Lane spent the week-end in Sonora with his brother, Ollie Stockton. Both young men are students in the Chas. Schreiner Institute at Kerrville.

Miss Johnnie Allison was the guest of her sister, Miss Norine, in Ozona last week-end, being accompanied there by the Misses Allien Swafford, Florence Langford, and Maurine Phillips Friday afternoon and accompanied home by them Sunday afternoon.

Station "A" Road Is Now Assured

Crew of Men Under R. F. C. Supervision Now Working

A crew of men under the supervision of the R. F. C. unemployment committee, was put to work Wednesday morning clearing and grubbing the right-of-way for the new road leading from Sonora to Station "A."

The proposed road will leave the Old Spanish Trail at a point about 16 miles west of Sonora, and traverse the Sol Mayer & Son ranch lands for a distance of about 6 miles, where the road will enter Schleicher county. Station "A" is located about three miles from the Sutton county line.

The road is to be built with co-operation of the Sutton county commissioners' (county machinery being used), to county line only; the R. F. C. unemployment committee, who will use relief money for the employment of laborers; the Humble Pipe Line company, and public contributions. W. A. Hampton, superintendent of Station "A," appeared before the commissioners' court recently and pledged the support of his company.

With the completion of clearing the right-of-way the county will move its machinery on the job, and the road is expected to be completed within a short time. The county machinery will be placed on the work not later than March 1, it is thought.

The Rev. Nixon to Menard Friday

The Rev. Charles Nixon, who is holding a revival for the Methodist church here, will be taken to Menard Friday by C. H. Jennings, to attend a Lions Club meeting there. They will return the same day.

Local Briefs

W. J. Fields Back from Austin

W. J. Fields returned Saturday from Austin, after a three weeks' visit there with his mother, Mrs. Mary Fields.

Editor of News Ill This Week

George Baker, editor of The News, has been confined to bed since Thursday of last week with an attack of influenza.

Visits Miss Ramsel Here

Mrs. F. Ramsel of Eldorado, left Saturday for her home after a visit here since Thursday of last week with her daughter, Miss Lillian Ramsel.

Visit Dr. and Mrs. Kilman

Mr. and Mrs. J. N. Kilman of Dallas left Tuesday after a visit of several days here with their son, Dr. J. R. Kilman, and Mrs. Kilman.

Beal Freemans Mother Ill

Beal Freeman returned Monday from Junction, where he has been with his mother, Mrs. Freeman, who has been in a serious condition following a paralytic stroke suffered several weeks ago. Miss Ruth Freeman returned from Junction Saturday. Mrs. Beal Freeman remained there to attend her mother-in-law.

Miss Stockton Has Operation

Miss Margaret Stockton, daughter of Mr. and Mrs. A. L. Stockton, and granddaughter of F. H. Hamby, underwent an operation for the removal of her appendix at a San Angelo hospital Wednesday afternoon, having become ill at the J. H. White ranch on Tuesday night.

Twenty-one Baby Beeves to Be Shown Here March 4

Two Fine Heifers Are Added to Wallace's Hereford Stock

Two females of unusually high strain have been recently added to the registered Hereford stock of Libb Wallace, in this county. The heifers, Belle Blanchard and Pretty Maid, were purchased by Mr. Wallace at the G. L. McDonald Hereford sale at Hereford, Texas, in January.

Prices paid were \$195 and \$165, respectively, which is unusually high according to general averages of the present.

Mr. Wallace has added these fine heifers to his herd on the Wallace ranch 20 miles south of Sonora. They were shipped here in a private freight car, at a cost of about \$30 each.

An idea of the superior excellence of this stock can be gathered from the fact that the average price per head paid at the McDonald auction sale was the highest registered in the United States for some time.

A. & M. Mothers Send Easter Boxes

News of Plans of Club Received Here by Mrs. E. E. Sawyer

The San Angelo A. & M. Mothers' Club, of which Sonora has a number of members, will send home-made cakes to the San Angelo Club of students at the Texas Agricultural and Mechanical college for March 26, to be enjoyed with ice cream provided at Austin by the mothers' club as an Easter treat. Mrs. E. E. Sawyer, second vice-president of the club, was informed this week by letter, by Mrs. B. L. Grimes of San Angelo, club president.

Cakes are to be sent direct to Sam Logan, president of the San Angelo boys' club, it was said.

The mothers' club, which was to have met in Ballinger for its next session, will not meet again until after the San Angelo Fat Stock Show, in March, it has been decided.

The San Angelo members of the club will be glad, according to the letter, to have volunteers from auxiliary towns to assist in working at the stock show, when various means are employed annually by the club for increasing its treasury, which assists students to receive help through the student loan fund of the college.

Typewriter Ribbons, Carbon Paper, Second Sheets. The News.

795.2 Pounds Average of Fifteen Calves Weighed

The Vocational Agricultural department of the Sonora high school, under supervision of T. D. White, will hold its fourth annual baby beef exhibit on Saturday afternoon, March 4, at the school grounds. The show will start at 2 o'clock.

W. I. Marschall, county agent of Tom Green county, will act as judge and awards will be classified according to his decisions.

Twenty-one calves will be entered, and immediately following the close of the show here the entire herd will be loaded out for the baby beef show to be held in San Angelo.

Following the close of the three-day San Angelo show the calves will be shipped to Fort Worth for entry in the club competition of the Southwestern Exposition and Fat Stock Show.

Weights of 15 calves available, as given by Mr. White, and the names of boys feeding same, follow:

Cleve Jones (3), 945, 795, 768 pounds respectively; Jack Turney (3), 712, 717, 748; Vincent Roueche (1), 820; L. M. Roueche (1), 725; Joseph Logan (2), 984, 845; Wilburn Glascock (2), 900, 700; Sue Glascock (1), 660; V. J. Glascock (2), 850, 760. Average on the 15 calves, 795.2.

Other boys entering calves are: Edgar Glascock, 2; Lem Eriel Johnson, 1; Alvis Johnson, jr., 1; Marvin Smith, 2. Weights on the above calves were not available.

Heretofore local shows held in Sonora have created considerable interest among livestock growers of Sutton county, and as a consequence a large crowd is expected to attend the exhibition here on March 4.

Bridge Opened Monday to Traffic

Bobbie Halbert Drives First Car Over New Structure

The new bridge across the Devils Draw in West Sonora was opened to traffic Monday morning of this week, following completion of grading and graveling on Water street. A crew of highway workers in co-operation with the highway maintenance department for this district, has been engaged for several days in completing the abutments and approach to the new bridge, which has been finished for some time.

The opening of this bridge will give residents of West Sonora access to the city during wet weather, and do away with the detour south to the Del Rio highway bridge. The structure is equipped with a four-foot sidewalk, enabling pedestrians to cross over with little danger from passing automobiles and other heavy traffic.

Miss Bobbie Halbert, daughter of Mr. and Mrs. R. A. Halbert, was the first Sonoran to drive an automobile across the new structure, it is reported.

W. E. CALDWELL RATES HONOR ROLL AT TEXAS U

W. E. Caldwell, jr. of Sonora is listed among the best 5 per cent of students in the University of Texas College of Engineering.

Caldwell's name appears on the honor roll of his college for the first semester of the current session, just announced by Dean T. U. Taylor, according to a special dispatch to The News. His name was one of ten included in his group.

Mrs. Ira Shurley at Christoval

Mrs. Ira Shurley, who has been sending several days at Christoval, undergoing treatment at a sanitarium there, was at home for about two hours Sunday afternoon, returning to Christoval with expectation of remaining untidy the end of the week. Mrs. J. D. Westbrook has been staying at the Shurley residence in Mrs. Shurley's absence.

M. E. Revival Is Attracting Local Interest

The revival services being conducted at the Sonora Methodist Church by the Rev. Charles Nixon, pastor of the First Methodist Church of Del Rio, are attracting good crowds at the evening services, with children and young people particularly responsive, according to Mr. Nixon.

"When you hear about one hundred children in their happy way marching toward the Methodist Church," says Mr. Nixon, "you will understand these children are having their own service in their own way and trying to learn how to live; not to be members of the church. The young people with their enthusiasm are also making seven o'clock a time when they gather to understand the merits of life."

On Tuesday night Mr. Nixon gave special recognition to Boy Scouts and Camp Fire girls in the service, calling upon volunteers to repeat the Scout oath and the Camp Fire creed. Bobby Nisbet, A. W. Awalt, jr., and Wesley Sawyer responded to the minister's salute and gave the Scout Oath and Pledge of Allegiance. Kathryn Brown, Nora Gilliam, Wynona Hutcherson and

Elizabeth Elliott repeated the Camp Fire girls' creed.

Wednesday night was Masonic Night, with a special Washington's birthday program being given for the Masons, who comprised a large portion of the congregation. Sam C. Thorn, former grand master of the San Angelo lodge, gave an address on Masonry as demonstrated by Washington. Mr. Nixon delivered a second address on "Washington, the Man and Mason." Miss Marie Watkins gave a vocal solo, "Father of His Country," accompanied by Miss Ruth Tipton at the piano. Camp Fire girls and Boy Scouts ushered, as they will do throughout the meeting.

Young people's night is announced for this evening, with a special invitation being extended to all the young people of the town. Sunday is expected to be an outstanding day in the meeting.

Both Mr. Nixon and the Rev. E. P. Neal, pastor of the church, express gratification with the responsiveness evident in the meetings, which will continue for two weeks. A cordial invitation is extended to all interested persons, to attend the services.

Fire Dept. Dance Pleases Big Crowd

Henri Roger and His Orchestra in First Local Appearance

The dance sponsored by the Sonora Fire Department at the Scout Hall Friday night was attended by a large crowd of local and out-of-town dancers who pronounced the affair unusually enjoyable, it is said.

Henri Roger and his new seven-piece dance orchestra made their first appearance at the dance and were received with enthusiasm here. Personnel of the orchestra is: Director, Henri Roger, trumpet and alto sax; Everett James, trumpet; Louie Trainer, alto sax and clarinet; Floyd Wyle, tenor sax and clarinet; Chester Minnick, tuba; Don Prather, piano; Ralph Gray, drums.

Proceeds of the dance, which were unusually large, will be placed in a fund to be used by the fire department to entertain the Hill Country Firemen's Association here in July.

W. E. Glascock Is Injured Wednesday

Frightened Horse Causes Fall, and Serious Results Possible

W. E. Glascock received a broken collar bone and an injury to his right chest Wednesday afternoon when the horse which he was riding through a pasture on his ranch became frightened by an overcoat which he had taken off and laid over the saddle, and jumped suddenly, unseating Mr. Glascock.

Taken to Ozona immediately following the injury, Mr. Glascock was brought here in an ambulance Thursday for further examination to determine the exact extent of his injuries, which may prove serious.

Mrs. Smith and Daughter Home

Mrs. A. L. Smith and her baby daughter, Dorace Gene, returned Wednesday afternoon from Georgetown, where the baby was born in December, accompanied by Mrs. Smith's parents, Mr. and Mrs. G. B. Sutton, of Georgetown.

With the Churches

Church of Christ
Bible Study, Sunday 10 a. m.
Worship, 10:45 a. m.
Ladies' Bible class, Wednesday, 3:30 p. m.
Everyone cordially invited.

Preaching, 11 and 7:45 each Lord's day.
B. T. S. Sunday, 6:30 p. m.
Prayermeeting and choir practice Wednesday, 7:45 p. m.
Z. E. PARKER, Pastor.

Fur Sales Bring Two Million Into State's Income

Texas Ranchers and Farmers Make Additional Revenue Through Increased Trapping

Fur sales have added approximately \$2,000,000 to Texas ranch and farm income during December and January, the Dallas News estimates. Need for additional revenue has resulted in more trapping and a slight increase in the fur catch this season, but prices are 15 to 25 per cent lower than those a year ago. Texas ranks among the five leading fur states in volume of annual trapping, a major fur buying establishment estimates, although there is no accurate data on volume of trapping in the United States, but value of pelts in this state is lower than in some other areas.

Trappers sold approximately 1,160,000 pelts caught in Texas during 1932 as compared with 1,050,000 in 1931, the State Game, Fish and Oyster Commission estimates. Sales of trappers' licenses in the year ended August 1, 1932, totaled only 10,747 licenses as compared with 30,050 in the previous year, but the decrease was due to a change in the law exempting landholders from the license requirement rather than to a decrease in trapping.

While average prices received by Texas trappers this season are considerably lower than a year ago, declines in fur prices have not been so great as in many other lines. A leading fur house of the state estimates average prices re-

ceived by Texas trappers this year at: Mink \$2.50@3.00, beaver \$3.50@6.00, raccoon \$1.75@2.00, gray fox \$1.25@1.50, skunk 25@40c, possum 25@35c, ringtails 70@80c and muskrat 25@30c.

Bulk of Texas catch is composed of pelts from possums, skunks, muktats, raccoons and civit cats, smaller quantities of fox, mink and badger. Wildcats, bobcats, coyotes and mountain lions are trapped largely as predatory animals, federal-state employed trappers having caught 14,602 coyotes, 2,660 bobcats, 599 red wolves, 45 mountain lions and 5 ocelots in 1932.

Trapping is carried on to some extent over most of the state, but much of the industry is concentrated in West and Southwest Texas. Kerrville is the center of an important trapping area, one firm there having handled an average of about 10,000 pelts weekly this season. Two buyers at Sonora have handled more than 15,000 pelts since the season opened. Some badgers are trapped in the northwest portion of the state, mink, otters and muskrat in the Southwest and beaver in the Big Bend area.

20 Constitutional Amendments Listed

Summary of Changes Given in Order of Addition to Document

- Washington, Feb. 10.—The 20 amendments to the federal constitution begin with the one declaring freedom of speech and of the press.
- It was Article 1 of the 10 amendments submitted and ratified together in 1791.
- Article 2 preserved the right of the people to bear arms.
- Soldiers shall not be quartered on citizens.
- No search and seizure without warrants.
- No person shall be held for trial on a felony without grand jury actions.
- Speedy, impartial trial guaranteed.
- Trial by jury preserved.
- Excessive bail and cruel punishment prohibited.
- Rights not enumerated in the constitution retained by the people.
- Powers not delegated to the federal government retained by states or people.
- The government protected against civil suits.
- Manner of choosing president and vice-president prescribed.
- Slavery abolished.
- Citizenship rights not to be abridged.
- Equal rights regardless of color affirmed.
- Federal income taxes authorized.
- Senators to be elected by popular vote.
- Intoxicating liquor prohibited.
- Nation-wide suffrage granted to women.
- Short session of congress abolished and presidential inauguration advanced to January 20.

What Is

ATHLETE'S FOOT

Over 30 Million Americans Now Have It—Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ (Tinea) which appears on the feet in the form of a little yellow blister, causing severe irritation and itching—especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people. The failure to successfully treat Athlete's Foot in the past has been due largely to the fact that these germs hibernate in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PENETRATE THE PORES OF THE SHOES. Medical Science has recently de-

veloped an amazing treatment known as Meritt Foot Powder, which laboratory and clinical tests have proved will positively kill these germs and restore feet so infected to a normal, healthy condition. It is simply sifted on the feet and into the shoes. Meritt Foot Powder quickly eliminates excessive perspiration and itching of the toes. It heals irritation and is unsurpassed for chafing and as a deodorant. Why suffer another day when this fast working treatment is positively guaranteed to overcome these distressing conditions or your money refunded?

CORNER DRUG STORE

Knowledge, Intelligence Have Different Meaning

A great many people confuse knowledge with intelligence, both in the use and the meaning of these terms. There is a distinction, however, that is worth consideration. Knowledge is something you acquire. There are as many sorts of knowledge as there are things to learn. In other words, knowledge is the thing you require before you use your intelligence. Intelligence is of two kinds—native and acquired. When a psychologist uses the term intelligence he usually has in mind that inherited ability which amounts to a power to use knowledge. Acquired intelligence is the kind you have in mind when you say, "Knowledge is power." For practical purposes one need not distinguish between knowledge and acquired intelligence. One might make the distinction between knowledge and intelligence in another way. Knowledge is the raw material of mental life. Intelligence is the machinery that puts this raw material to work. The really intelligent person is the one who knows the uses of knowledge. In still other words, knowledge is the stuff out of which achievement is made, while intelligence is the ability to make achievement possible.—Washington Star.

Slight Difference Between Coke and Coal for Heating

In heating value, there appears to be little value between coke and various kinds of coal, the figure given for coke being 14,400 to 14,600 B. T. U. per pound, while for coal it is a little higher. Of course, a good deal depends on how completely burned the fuel is, how much of the heat is lost, etc. Our coke is now made chiefly in by-products ovens, the production for 1930 being 45,515,000 tons from by-product ovens and 2,796,000 tons from beehive ovens. Most of the coke is produced in coke plants in the coal regions of Pennsylvania, West Virginia, etc. Bureau of census figures for a recent year show only 3,444,000 tons produced for sale in the manufactured gas industry (by firms making this their principal business). It is estimated that one ton of Pittsburgh coal produces 1,500 pounds of coke, 11,360 cubic feet of gas, 12.4 gallons of tar, 25 pounds of ammonium sulphate and four gallons of light oil (benzenes). All of these products, including the gas, are sold to consumers or to manufacturers of other products.

Strong Language

Captain—What's the report?
Executive—This man is reported, sir, for roundly and loudly using profanity and abusive language against another person in the naval service.
Captain—What have you to say?
Sailor—I was standing on the port side of the main deck, sir, near the gangway in my new liberty "blues," waitin' to go ashore, when the cox'n of the spud locker kicked over a pot of paint offen the top of the galley deck house and it emptied down my neck and all over the back of my new blues.
Captain—And what did you say?
Sailor—I said, "Harry, you really ought to be more careful."
Captain—Excused. Next.—West Virginia Mountaineer.

Crushers

The Providence Journal printed recently a collection of famous snubs. These were cited:
The duke of Wellington was approached by a man who said: "Mr. Robinson, I believe?"
"If you believe that," said the duke, "you'd believe anything."
De Pachmann was asked by a lady if he would not come to her reception. It would be very nice, she added, if he would play the piano while he was there.
"In that case," said the great pianist, "my fee will be \$500."
"Very reasonable," admitted the lady. "But, of course, you must not expect to be presented to the guests."
"In that case," was the reply, "my fee will be only \$300."

Gentian Hard to Grow

Gentian, a plant which produces a drug highly valuable in stimulating jaded appetites, is found only growing wild. For some reason it has baffled most efforts to produce it in the garden. The common yellow gentian is the one usually used for the production of the drug, the roots yielding the substance desired. The yellow gentian is found usually at high altitudes in Asia Minor, the Alps and the Pyrenees. This particular type of gentian grows on stalks three feet high and makes a spectacular display when in bloom. Other forms of gentian are found in Asia, Europe, North and South America and New Zealand.

When One Is Near Drowning

When Shakespeare has the duke of Clarence in "Richard III" relate a dream of how he thought he was drowned and past events came to his mind, he and other writers started the fanciful error that drowning persons always recall their past sins. Modern physicians and the testimony of those who have narrowly escaped drowning apparently disprove it.

NOTICE OF ELECTION

To the Resident Property Taxpaying Voters of Sutton county, Texas:

Take Notice—that an election will be held on the 18th day of March, A. D. 1933, within said county of Sutton in obedience to an order of the Commissioners' Court of Sutton county duly made on the 13th day of February, A. D. 1933, which is as follows:

THE STATE OF TEXAS

County of Sutton.

Whereas, the Commissioners' Court of Sutton county, on the 11th day of February, 1931, in pursuance to a petition by R. A. Halbert and eighty others, ordered that an election be held in Sutton county on the 28th day of March, 1931, to determine whether or not the bonds of Sutton county should be issued in the amount of \$175,000.00 for the purpose of construction, maintenance and operation of macadamized, gravel or paved roads and turnpikes, or in aid thereof, and whether or not a tax should be levied on all taxable property in Sutton county, subject to taxation, for the purpose of paying the interest on said bonds and provide a sinking fund for the redemption thereof at maturity the said order being recorded in Volume 3, page 6, of Minutes of Commissioners' Court, and,

Whereas, said election was held in pursuance to such order and the result thereof was in favor of the issuance of such bonds, as shown by order of Commissioners' Court of Sutton county, of date April 13, 1931, recorded in Volume 3, page 18, of Commissioners' Court Minutes, and,

Whereas, thereafter, by order dated May 16, 1931, recorded in Volume 3, page 19, et seq., of Minutes of Commissioners' Court of Sutton county, in pursuance of said election ordered that the bonds of said county, to be known as "Sutton County Road Bonds, Series 1931," be issued in the amount of \$175,000.00, to be numbered consecutively from 1 to 175, inclusive, in denominations of \$1000.00 each, the bonds to be dated May 15, 1931, become due and payable serially as follows: \$2000.00 on May 15, 1932, and \$2000.00 on May 15th of each year thereafter up to and including the year 1936 and \$4000.00 on May 15th of each year thereafter during the years 1937 to 1941, both inclusive, and \$5000.00 on May 15th, of each year thereafter during the years 1942 to 1946, both inclusive, and \$6000.00 on May 15th of each year thereafter during the years 1947 to 1951, both inclusive, and \$8000.00 on May 15th of each year thereafter during the years 1952 to 1956, both inclusive, and \$10,000.00 on May 15th of each year thereafter during the years 1957 to 1961, both inclusive, the said bonds to bear 5½ per cent per annum interest, the interest payable semi-annually; and,

Whereas, in pursuance to said order, the bonds of said county were issued and printed, as in said order specified, and bonds numbered 1 to 20, both inclusive, of said issue were sold and bonds numbered 3 to 76, both inclusive, of said issue were registered in the office of the Comptroller of the State of Texas; and,

Whereas, during the year 1932 the Highway Department of the State of Texas took over the entire construction, maintenance or oper-

ation of the highways, and ceased having or requiring the counties to furnish any part of the funds for such road work, and the purpose for which said bonds were voted and issued became terminated, and no longer necessary; and,

Whereas, bonds Nos. 21 to 175, both inclusive, of said issue and series of bonds, numbered and maturing as hereinbefore set out, now remain unsold and remained unsold at the time of the passage of H. B. No. 55, Chapter 31, 3rd called session 42nd Legislature, approved and effective September 22, 1932; and,

Whereas, the Commissioners' Court of Sutton county, Texas, on this, the 13th day of February, A. D. 1933, being in regular session with all members present, acting upon its own motion as provided by law, having considered the matter and it appearing to the court that an election should be held to determine whether or not such road bonds Nos. 21 to 175, both inclusive, of said issue or series of said bonds shall be revoked or cancelled;

It is therefore considered and ordered by the court, acting upon its own motion, that an election be held in said Sutton county, State of Texas, on the 18th day March, A. D. 1933, which is not less than thirty days from the date of this order, at which election the following proposition shall be submitted to the resident qualified tax paying voters of said county for their action thereon:

Shall the Road Bonds of Sutton county, Texas, Nos. 21 to 175, both inclusive, for \$1000.00 each, known as "Sutton County Road Bonds Series 1931," issued by order of the Commissioners' Court of Sutton county, Texas, of date May 16, 1931, in pursuance to an election held March 28, A. D. 1931, said bonds maturing serially, \$2000.00 in 1939, \$4000.00 each year thereafter during the years 1940 and 1941, both inclusive, and \$5000.00 each year thereafter during the years 1942 to 1946, both inclusive, and \$6000.00 each year thereafter during the years 1947 to 1951, both inclusive, and \$8000.00 each year thereafter during the years 1952 to 1956, both inclusive, and \$10,000.00 each year thereafter during the years 1957 to 1961, both inclusive, and bearing interest at the rate of 5½ per centum per annum.

Notice of said election shall be given by publication in a newspaper in said county for three consecutive weeks before the date of said election, and in addition thereto there shall be posted notices of said election at four public places in said Sutton county, Texas, one of which shall be at the courthouse door, for three weeks prior to said election.

Said election shall be held at the various election precincts in said county, and at the voting places in said election precincts, as follows, to-wit:

No. 1, at the courthouse in the town of Sonora; No. 2, at the Shurley ranch; No. 3 at the Cedar Hill school house; No. 4, at the Owensville school house; No. 5, at the Arthur Stuart ranch.

And the following named persons are hereby appointed judges of said election in the respective election precincts:

Precincts	Judges of Election
No. 1	O. L. Richardson
No. 2	J. M. Puckett
No. 3	D. Q. Adams
No. 4	E. D. Reiley
No. 5	A. T. Stuart

Said election shall be held under provisions of Acts 1932, 42nd Legislature, 3rd C. S. Chapter 31, and only qualified voters who are property taxpayers of said Sutton county, Texas, shall be allowed to vote, and all voters desiring to support the proposition shall have written or printed on their ballots the words:

"For the Revocation or Cancellation of Road Bonds."

And those opposed shall have written or printed on their ballots the words:

"Against the Revocation or Cancellation of Road Bonds."

The manner of holding said election and canvassing and making returns thereof shall be governed by the General Laws of this State.

The county clerk of said Sutton county shall forthwith issue a notice of said election stating in substance the contents of this election order and the time and place of said election, and said notice shall be published in a newspaper published in Sutton county for three (3) successive weeks prior to said election and in addition to such publication the county clerk of Sutton county shall post such notice, for three (3) weeks prior to said election, at four public places in said Sutton county, one of which shall be at the courthouse door.

Given under my hand and seal of office this 17th day of February, A. D. 1933.

(Seal) J. D. LOWREY, County Clerk, Sutton Co. Texas.

SONORA ORCHESTRA HAS ENGAGEMENT TONIGHT

The newly organized Sonora orchestra, under direction of Henri Roger is scheduled to play for a dance in Eldorado tonight. This is to be the second appearance of the band, the first having been made in Sonora last Friday night under the auspices of the Sonora Fire Department.

The orchestra, known as "Henri Roger and His Orchestra," has a number of tentative engagements booked for the spring and summer.

Whittier of Old School Poets

John Greenleaf Whittier, the Quaker poet of Haverhill, was born in 1807, and was a member of the famous New England school of writers. The kindly Whittier lived to be almost the last of his illustrious contemporaries—Emerson, Hawthorne, Holmes, Longfellow, Lowell, and all the rest.

Camp Allison

(Essie Rode, Reporter)

Mr. and Mrs. C. W. Adams visited among friends and relatives in Sonora this week.

Mr. and Mrs. Bill Barker and son, Harmon Haydon, visited Mr. Barker's parents, Mr. and Mrs. Jess Barker, in Segovia Tuesday.

Mrs. Sibe McKee of Mertzson visited her parents, Mr. and Mrs. D. Q. Adams, Saturday and was accompanied home by her sister, Miss Viola, Sunday.

Mr. and Mrs. Newt Poteet of Sonora were guests in the home of Mr. and Mrs. Burt Rode Saturday.

Leo Adams and Harry Joy were business visitors in Sonora Friday. Ben Rode transacted business in London Saturday.

Mrs. Herman Thiers visited in Sonora Wednesday.

Mrs. Dave Joy underwent an appendicitis operation Monday morning in a San Angelo hospital and is reported to be doing nicely.

Sam Adams visited in Christoval Monday.

Mr. and Mrs. T. C. Thiers moved to Barnhart Monday, where they will make their future home.

Some badly-needed work on the road in Camp Allison is now being done.

Mr. and Mrs. Asa Hallum are visiting among friends and relatives in San Antonio this week.

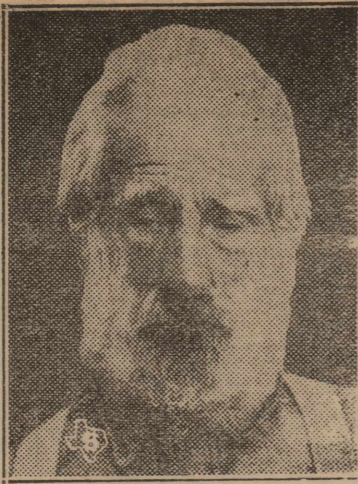

SHOULD I BECOME A TEACHER

The young man who will graduate from high school this mid-term, or in June is faced with an unusual problem. He surely will be puzzled to know which further step is best to take along educational lines.

There seems to be one of the largest surpluses of teachers ever known. Thousands will be unable to secure schools. Those who are fortunate enough to get a school will be faced with a diminished income on account of the financial distress in which the states find themselves. This is surely a discouraging outlook for the young person who has ambition to teach.

Other professions, too, seem to be overcrowded. There is a surplus of young lawyers who are barely ek-

Oldest Texan Dies

Here is B. L. (Black) Shirley of Springtown, Texas, who died last week. He was more than 112 years old, according to results of careful research. Shirley was the oldest man in Texas, as far as is known, and one of the oldest in the United States.

ing out an existence. There are too many doctors for the number of patients; the talking pictures have killed the profession of music, and so on down the line.

At this time, we would advise young people to divert their minds toward the field of business. It seems to offer a quicker comeback than most of the professions. Business is dignified. It offers remunerative responsibilities. It is now considered by the masses as one of the few lucrative professions. "If I were starting my career now," says a well known educator, "I would first finish high school and then enter some reputable business college and get a business training. Then I would become connected with some large business concern and work hard and soon I would find my name listed as one of the executives." Quoting further, "From my knowledge of various business colleges, I surely would investigate the business college at Tyler, Texas. I am told this school is the best in the South."

Write to the Tyler Commercial College and School of Business Administration for catalog.—Adv.

Mrs. Murphy in San Angelo

Mrs. Clara Murphy has been visiting friends in San Angelo this week, having gone there with Mrs. Belle Steen, Mrs. Ben Martin of Eagle Pass, and Miss Lois Thomas, all of whom returned here the same day, Monday.

Salespads, 50c doz. The News.

Geological Sketch of the United States of America

United States has an area of 3,026,791 square miles. Length from north to south is 1,780 miles, width from east to west is 3,100 miles, and the coastline 21,354 miles.

The mineral supply is one of the chief natural resources. It has extensive production in coal, iron, oil and silver. The deposits of gold, quicksilver, lead and copper are very great. In the West and Northwest there are dense forests of pine, spruce, birch and maple; in the Southeast the cedar, pine and many valuable hardwoods abound; in the east-central part grow oak, maple, hickory, elm and other useful trees, while in California are found the giant sequoia trees. The great agricultural region, growing three-fourths of the corn and wheat crop of the world and half the tobacco crop, is in the central and southern part of the country.

Total railway mileage, 270,000. Total tonnage of American shipping is over 7,000,000. There are more than 290 streams in the country used to a substantial degree for navigation, with an approximate navigable mileage of 26,400.

Washington, D. C., is the capital; other important cities: New York, Chicago, Philadelphia, Detroit, Cleveland, St. Louis, Boston, Baltimore, Pittsburgh, Los Angeles, Buffalo, San Francisco and Milwaukee.

Submarine Mountains Form Chain Not Unlike Rockies

The United States coast and geologic survey recently explored, off the coast of New England, submarine mountains forming a chain not unlike the Rockies. A counterpart of the Grand canyon was also found in Corsair gorge, a ravine two miles wide, with a slope of 45 degrees in places and a height of 1,800 feet. Transatlantic liners pass over "scenery" as bold as any the passengers on board may be en route to see.

These great canyons and gorges, it is believed, are the result of river erosion at a time when New England was a plateau at least a mile and a half above sea level. The canyons resemble river valleys, with branching tributaries like those of the western canyons. Another surmise regarding this formation is that the gorge was the result of a gash left by a giant glacial landslide, which slipped from the continent to a depth of 6,000 feet below the present surface level of the water.

Creation of Perfumes

Every good perfumer has in mind something that he wishes to depict when he creates a new fragrance. Perhaps it is merely a memory, as in one fragrance, a success of the moment, which was born of the memory of a brilliant state occasion at a royal court. Another embodies the essence of the English spring, breathing the scent of countless flowers gracing gardens of English countrysides. Still another creation is reminiscent of a visit to the Orient, with its rich color, its pageantry and, behind everything, its mystery. Another odor, an almost instantaneous success, is a vital one, suggesting beauty with candor and strength of character. A delightful fragrance was inspired by the scent of ferns at twilight, when this delicate plant gives off its fragrance.

Kangaroo in Africa

The perplexing question of the long lost continent of Lemuria was revived by the finding of some old bones in Africa. In one of the famous marine terraces of Namaqualand Dr. W. Beetz, chief geologist of the Anglo-American Corporation of South Africa, unearthed some ancient bones of an animal belonging to the marsupial or kangaroo family. Since kangaroos have been entirely unknown in Africa, either in prehistoric or historic times, the question of how these bones got there revived discussion of a lost continent between Africa and Australia or between Africa and South America.—Pathfinder.

London's Garbage Disposal

Ancient scandal is found in London's antiquated disposal of its garbage. It is simply taken to a lonely spot outside the city and dumped. There is one at Crayford which has been used for seventy years and another at Hornchurch which is ninety feet high and grows by 350,000 tons every year. The chemistry of its decomposition gives off a cloud of smoke visible a mile away. There is another dump near the home of George Bernard Shaw, but even his vigorous protests over the smell and flies have not changed things.—Montreal Herald.

Lakes of Killarney

William Bowers Bourn of San Mateo, Calif., presented to the Irish Free State the huge tract of land containing the Lakes of Killarney. The Killarney estate belonged to Lord Kenmare's family, whose ancestral seat was Killarney castle. In 1913 the ancient castle was swept by fire and left in ruins. By 1930 the owners of the property were no longer able to pay taxes and Killarney went for sale on the auction block. It was purchased by Mr. Bourn, who returned it to the Irish government.

HEALTH NOTES

Austin, Feb. 21.—"Each family must make every penny count in times such as these," said Dr. John W. Brown, state health officer, in discussing the subject of food values. "Each family needs at least milk, bread, cereals, vegetables, fruit and some sort of meat, not necessarily expensive.

"It is not only essential to live on a well balanced food plan each day, but in times of stress when we need be extra cautious, it is well to increase certain foods which have been termed the 'protective foods.' These are milk, green vegetables and fruits.

"The amount of milk needed each day is one to two pints for each child and at least one half pint for each adult. For bread and cereals choose whole wheat, rye and white bread; oatmeal and other dark colored cereals, flour and spaghetti. Vegetables should include potatoes and one other vegetable if possible. Some fruit or tomato three or four times a week. Use fats and sweets in moderate amounts and as your money permits add cheese, eggs or fish."

The state health department has a supply of pamphlets dealing with diets, food orders and menus that will be sent on request. This department wishes to be of help to everyone in matters pertaining to health and welcomes inquiries as to the method in which they can serve you.

Sportsmen Protest Game Legislation

Meeting at Austin Condemns Pope Bill Dealing with Commission

Austin, Feb. 15.—Fishermen and hunters from all parts of the state rallied here today and voiced their protest against any legislation which would impair the efficiency of the State Game, Fish and Oyster Department.

The Pope bill to replace the state game commission with one commissioner was singled out for condemnation. Sportsmen said the

Pope bill and kindred legislation would nullify the past 15 years of progress in game and fish conservation.

More than 100 persons attended the meeting. Members of the state game commission also were present and outlined the work which they had been doing. A. E. Wood, chairman of the commission, denied charges that the commission was extravagant and that jobs were filled for political purposes.

Some of the speakers said they believed the commission would be retained but that they favored election rather than appointment of commissioners.

A committee was named to form a permanent organization of sportsmen.

Soldering an Ancient Art

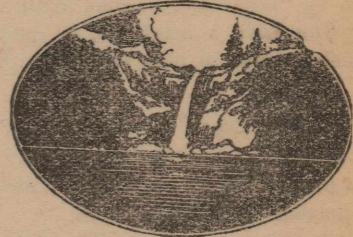

Telephone practices carried on hundreds of times daily in metropolitan cities were used during the Eleventh century—800 years before the invention of the telephone. Soldering wire joints to insure good contact was one of the first practices of Dr. Alexander G. Bell, inventor of the telephone, and his assistant, Thomas A. Watson, in the manufacture of the first telephone instrument in 1876.

"Devil's Dream"
(By W. E. James)

TOMMIE'S STORY

(Dedicated to "Little Buddy," and all the other little boys before they arrive at that age when their "cute" ways cease to be "cute" and become annoying, especially when you have a headache, or just selfish and do not feel inclined to play with them.)

"Daddy, tell me a story!"
"Dad—dy, tell me a sto—ry!"
"Not now, son, cant you see I'm busy?" Mr. Nichols brushed his young son off his knees, and incidentally off the bottom of his newspaper.

Tommie was, by nature, a very amiable child, but the day had been a very trying one, and he was out-of-sorts. He played with his blocks for a while; he took all the books from under the table and piled them in an orderly heap then kicked them as far as he could. Finally, he picked up his small hammer and began simultaneously to beat on the floor and cry. His wails were unintelligible, but at times he brought out an accented volume of sound resembling "sto—ry!" Still waiting, he got up, and began pounding his father's knees. Mr. Nichols was used to a crying child, but the gentle taps of the small hammer were quite new, and very unpleasant to him. He laid his paper aside with a sigh, and gazed into the flickering fireplace. Rows of books breathed serenity into an otherwise peaceful room, but for the sobs of his young son. With a resigned air, he pulled the child into his lap.

"Well, son, so you want me to tell you a story; what kind of a story would you prefer? A bear, cat, and dog, or a wolf story?"

"A cat story!"
"In a small village," began Mr. Nichols, "there lived—"

"No," wailed the baby son, "once upon a time!"
"All right, just as you say. Once upon a time

a cat family and a dog family lived in a small village. These two families tried to outdo each other; so the dog family invited the mayor of Dogville to spend the day with them, but they didn't ask the cat family to help entertain the visitor.

"The dogs got an orchestra, and had just worlds of good things fixed for them to eat. Yes, they had chocolate ice-cream. Now, before the dinner, they were going to have a parade and every little dog was dressed in his Sunday jacket. While the dogs were getting lined up to parade, what do you suppose those mean, old cats did?"

But what the cats did, little Tommie never found out, for he was far, far on his journey to dream-land.

"Gentleman Jim" Corbett, the man who revolutionized boxing, is dead, having passed away Saturday morning, last, at his home in Long Island. He won the heavyweight championship from Jno. L. Sullivan. The life of Corbett reads like a page from fiction, so fascinating and thrilling.

Over in California a superior judge wants the legislature to provide a whipping post for wife-beaters. He says a fine and jail sentence is too lenient.

Now comes the prediction that the \$1000 plane will be a new invention for 1933, along with the wingless autogyro. One model, it is said, will be a single-seater with a motorcycle engine. It's 15 feet long with a maximum speed of 85 miles per hour. It is said to rise with almost no take-off. We wonder if airplanes will get to so low a figure as to permit even the poorest of the country to own one. Bicycles did, you know, the price starting at from \$200 to \$300 each, and have now almost passed off the stage of action. Automobiles came along and it was no longer considered the proper thing to be seen on a bike. Now that planes are predicted to sell at a thousand bucks, guess autos will go the way of the lowly bicycle.

Over in Alabama—the "Cotton State," where the Goldenrod holds sway—comes a report through the Haleyville, Ala., Advertiser-Journal of "an eleven-day-old chick that crows." The A-J says: "Mr. G. B. Dickson, on Route Five, reports that a chicken only eleven days old, a Buff Orpington, crowed last Sunday morning. It also crowed again on Wednesday. There is nothing unusual about the looks of the little chick, which is one of a brood of fourteen."

Says a "beauty specialist": "Plumtitudinous ladies whose upper arms are inclined to be hammy can slither them down by swinging Indian clubs. A good method for reducing a large bust and working off a roll of fat that has accumulated in the region of the lower ribs." :: "What I can't figure out," said Two-Gun Ike, who handed in the above item, "is where the 'big girls' will find the Indian clubs as no Indian has been in this section since Heck was a pup." Wouldn't an axe do just as well, Mr. Ike?

35 YEARS AGO

"Do Unanimously Protest. Sutton County Stockmen, Ranchmen and Citizens in Mass Meeting Protest Against the Passage of the New Land Bill," ran large headlines on the front page of The Devil's River News for Saturday, Feb. 18, 1899. After particulars of the meeting were given, an address by the Honorable S. G. Tayloe was printed under this heading. In part, the first of the story ran as follows:

"The ranchmen and stockmen of Sutton county assembled at the court house in Sonora Wednesday morning at 11 o'clock.

"Fully two hundred men were present when Hon. S. G. Tayloe called the meeting to order and in a short and eloquent address stated that the object of the meeting was to take action on the new land bill of Hon. W. A. Wright, now before the legislature.

"On motion, duly seconded, John W. Hagerlund was nominated and elected chairman of the meeting, and D. B. Woodruff was elected secretary. * * *

"On motion, duly seconded, the address of Mr. Tayloe was unanimously declared to represent the sense of this meeting and was ordered to be published as part of the proceedings.

"At this stage of the proceedings S. H. Stokes suggested that a vote be taken in order to show the sense of the meeting on the bill. The chairman put the question and every man in the house was on his feet in a moments time.

"On motion, duly seconded, the chairman was authorized to appoint a committee of four on resolutions. The chair appointed the following as members of the committee: S. G. Tayloe, R. F. Halbert, Jno. McNicol, and S. H. Stokes. * * *

"It was moved and seconded that the chairman appoint a committee of five on finance for the purpose of raising funds to be used for publishing the proceedings of this meeting and other necessary purposes. The chair appointed the following gentlemen to serve on the committee: R. F. Halbert, R. C. Dawson, John J. Ford, Geo. S. Alisen, and W. H. Cusenbary. * * *

"On motion, duly seconded, the executive committee was authorized to make arrangements with Hon. S. G. Tayloe to go to Austin and oppose the passage of the bill; if he is unable to go then to select some other suitable man to do the work. * * *

Much of the paper was further occupied with records of the action taken at the mass meeting, and editorial comment. Among other remarks was the following: "The News was a little off in its figures last week, but they served to jog your thinker just the same."

Miscellaneous stories follow:
Wm. Goff is in charge of the Morris butcher shop.

Geo. W. Sawyer brother of E. E. Sawyer, of Fort Terrett, died in Kerrville, Feb. 6th.

The commissioners' court has at last decided to fence the grounds and paint the roof and weather beaten parts of the court house.

It is reported that a young stockman of the Sonora country is to be married on the 30th day of this month.

Arthur Alexander, formerly of Sonora, was married at Brownwood recently.

Carter Johnson and family left for Ozona this week where they will take charge of the McMahan Hotel.

The commissioners' court took out another insurance policy for \$7,500. This makes the total insurance on the Sutton county court house \$24,000.

Miss Byrdie Gann after a pleasant visit to Mrs. Woodward and Mrs. Boone returned to her home in Coleman Wednesday. The News hopes Miss Gann will visit Sonora again in the near future.

Dr. Dodson moved into his fine new residence in East Sonora last Thursday. The doctor says he is more than pleased with the plan of his house. He has fitted up inside with Eastern improvements such as cupboards, china closets and clothes closets. And when you see the pleasant smile on the doctor's face he says it is because the contractors Nichols & Rice have exceeded his expectations in the class of work done. It cost about \$1300. Contractors Nichols & Rice are thoroughly up to date in their line and if you want any work done it will pay you to see them before building.

Roosters Earliest Hour Markers, Said

Russian Observer Advances Theory on Origin of Time Division

London, Feb. 16.—A theory of how time first was divided into twelve hours each for night and day, ascribing this world-wide custom to the alleged fact that roosters crow almost exactly once an hour all night long, is suggested by a Russian observer, D. Sinitin, now of Hollywood, Calif., in a letter to the London scientific periodical, Nature.

For about ten years Sinitin has been recording the times of cock crows at night. On one occasion, for example, records of the crows of a single rooster for fourteen successive nights showed that between 11 p. m. and 5 a. m. this bird crowed repeatedly, each crowing being not more than ten minutes before or after one of the hours marked by the clock.

No one imagines that roosters can read clocks. Sinitin's idea is, in fact, that crowing roosters may have been used at night as time tellers long before clocks were invented.

Primitive men may have noticed, he believes, the habit of roosters to crow approximately hourly and divided the night into average cock-trow units, making twenty-four of these for one complete day.

What it is that makes the roosters crow approximately at hourly intervals no one knows. Sinitin suggests that it may be some radiation or other influence which changes with the rotation of the earth and is perceived by the roosters, although not by human beings.

The Bulldog's Jaw

The undershot jaw and retreating nose of the bulldog are the results of specialized breeding to enable the dog to breathe freely and at the same time to hang on to its adversary's nose in the sport of bull baiting.

Waterproof Silk Raincoats

Research has developed a waterproof silk for raincoats, said to have superior resistance to heat and cold.

"COW YARNS"
By "THE OLD TIMER"
(From the Nolan County News)

From Dugout to Mansion
Over in the Davis Mountains, somewhere between the Texas & Pacific railroad and Fort Davis, there lives an old couple in a splendid ranch mansion of 15 rooms, enjoying the sundown of their lives in comparative luxury and ease. It has not always been peaceful for them, for they came into the mountains just as the Lipans and Apaches were fleeing back into Old Mexico from their last raids, with Texas Rangers hot on their heels. And they have seen Victorio's signal smokes rising from the peaks along the Rio Grande, and a few years back they knew the fear of bandit raids from across the border.

On a recent visit to this palatial home, this old pioneer lady showed us the crumbling remains of the dugout built by her husband and occupied by them in the lean days of their first coming to the raw, thinly settled Southwest.

Then, with pardonable pride, she personally escorted us through their fine, modern home. As we went along, she called attention to the fact that the many bedrooms in the house had no connecting doors, each opening into a hall.

In explanation she told us this: "When we first came down here and built the dugout, it was the only place anybody lived between El Paso and Fort Davis. For years every time anybody came across this country they always made it a point to get to our dugout around night. All the Rangers and federal judges and lawyers and surveyors and railroad magnates and merchants that traveled across here would always stop all night at our place.

"Well, you see our dugout only had the one room and my husband and I never would turn anybody away. Why I reckon I can safely say that I have the distinction of having slept in the same room with more prominent men than any woman in West Texas, and I made up my mind then that if we ever got where we could build a real home I was going to have a little privacy."

Cow Men and Sons of Cow Men
Cow men rearing families were obsessed with two fears: one that their boys would turn out "sorry," and the other that they might get

a "sorry" son-in-law. By "sorry" they meant that they were afraid that the boys might not like the cow business, or might not take advantage of the education they were willing to give them, and just "lay around town." Among other things, they hoped that none of their boys would be "fiddlers." They did everything possible to fit them for something besides the cattle business, if by chance they did not want to be cowmen.

I know of a cowman down in the Benjamin country who gave his boy a law education and, when he had got his degree, told him to select the town he wanted to practice in and he would buy his law library and start him off.

The father told me that the greatest thrill that he had experienced in his life, one that I know to be most eventful, was when the youngster told him that if it was all the same he would rather get himself a new saddle and outfit, go to the ranch, and stay with the cow business, adding that with oil coming in on the ranch he could make a good hand, and at the same time protect their interests in a legal way.

Otto Shantz, who has spent a lifetime on the St. Louis yards, tells a good story of a commission man in St. Louis who had ranch interests in Texas and who received during the shipping season hundreds of cattle from from that state. He also had a son who, for some reason or other, did not fit into the business. Maybe he saw too many bright lights or something. Anyhow he left the parental roof tree to look the world over. In a few weeks the father received a wire from him from down in Texas, asking for money to return home on.

The St. Louis man wired in reply: "Cattle trains come in here from Texas every day. Ride one of them."

A couple of days later he received this wire from the homesick lad: "Can ride with cattle all right but can't eat hay."

Sell it with a classified.

State Asks Bids for Surfacing 27

Contract to Be Awarded Feb. 13 on Road 5 Miles East Kerrville

Contract for surfacing Highway 27 from a point 5 miles east of Kerrville to the Kendall county line will be awarded by the State Highway Commission at Austin on Monday, February 13, G. M. Jowers, resident engineer for Kerr county, announced Wednesday afternoon.

The State Highway Department has asked for bids on the project which calls for 13.312 miles of limestone rock asphalt surface.

It is expected that the surfacing contract on Highway 27 in Kendall county also will be let within a short time. When the asphalt topping has been completed on the route, there will be a first-class

paved highway from Kerrville to San Antonio.

Lone Star Construction Co. is now placing the caliche base on the Kerr county stretch on Highway 27 and as soon as this contract has been completed, it is planned to begin the surfacing, Engineer Jowers said.—Kerrville Mountain Sun.

WASHINGTON'S BIRTHDAY IS OBSERVED IN SONORA

The birthday of George Washington was observed in Sonora Wednesday by raised flags and closed banks and postoffice. Attractive window displays also acted as reminders of the day's significance in the business district.

Before the opening of school Wednesday morning the students of the grammar school had flag-raising exercises on the school grounds, standing at attention while A. W. Awalt, jr. played the bugle and the flag was hoisted.

SOCIETY

Mrs. George Baker, Editor

Mrs. W. C. Gilmore Hostess Tuesday to Merrimakers' Club

Mrs. W. C. Gilmore was hostess at her home Tuesday afternoon to the Merrimakers' Club, having three tables of members and guests. Mrs. A. C. Elliott held high club score and Mrs. P. J. Taylor high guest. Valentine tallies were used.

The hostess served a salad course to the following:

Members: Mesdames Elliott, R. A. Halbert, J. D. Westbrook, B. W. Hutcherson, J. S. Glasscock, W. R. Nisbet, C. S. Keene, W. L. Davis, and Rose Thorp.

Guests: Mesdames Taylor, J. D. Eaton, jr., and Roy Baker.

Mrs. J. D. Westbrook Is Hostess to the Las Amigas Club

Mrs. J. D. Westbrook entertained the Las Amigas Club and several guests at the home of Mrs. Ira Shurley Friday afternoon of last week.

High club score went to Mrs. Mrs. Tom White and second high to Miss Nan Karnes. Miss Ada Steen received low club score, and Mrs. S. R. Hull held high guest score. Tallies carried a George Washington motif.

Guests were Mesdames Hull, E. F. Vander Stucken, Sterling Baker, Clara Murphy, H. V. Stokes, I. B. Boughton, W. T. Hardy, R. C. Vicars, and A. C. Elliott.

Members present were Mesdames W. C. Gilmore, Collier Shurley, Jack Earhart, and White; and the Misses Steen, Nan Karnes, and Alice Karnes.

Miss Faye James Hostess Thursday To the Two-Bit Club

Miss Faye James entertained members and guests of the Two-Bit Club at her home Thursday afternoon of last week, having four tables of participants.

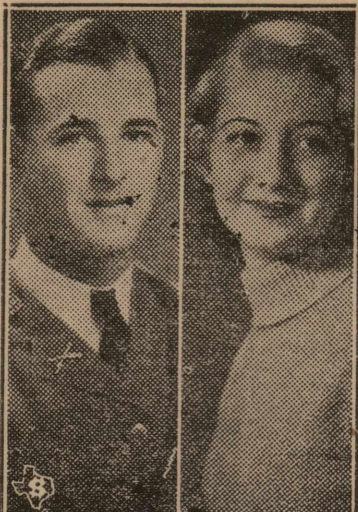

Mrs. Joe Hull achieved high club score and Mrs. Ernest McClelland held high guest score. Miss Lydia Archer had low club.

Guests were Mesdames R. A. Halbert, B. M. Halbert, jr., H. V. Stokes, McClelland, and Marshall Huling.

Club members present were Mesdames Hull, C. W. Trainer, Hilton Tuhney, George D. Chalk, J. D. Eaton, jr., and A. P. Prater; and the Misses Archer, Zella Lee Thorp, Annella Stites, Muriel Simmons, and Addah Miers.

The hostess served refreshments of sandwiches and hot chocolate, following the games.

"Cream of Crop"

These two students of John Tarleton Agricultural college, Stephenville, Texas, have proved to be the "cream of the crop." Mae Evelyn White has been judged the most beautiful girl in school, while J. Dixon White has been selected as the handsomest man.

Mrs. Clara Murphy Entertains For Mrs. Geo. Brockman

Mrs. Clara Murphy entertained with bridge Thursday afternoon of last week at her home, honoring Mrs. George Brockman of San Angelo.

Mrs. E. F. Vander Stucken won high score, and the honoree was presented with a gift.

Those present were Mesdames Sterling Baker, A. G. Blanton, S. R. Hull, Arthur Stuart, Fred Simmons, George H. Neill, Joseph Vander Stucken, W. P. McConnell, jr., E. F. Vander Stucken, W. J. Wilkinson, and the honoree; and the Misses Dorothy Baker and Nan Karnes.

Mrs. O. G. Babcock Has Party for Her Little Daughter

Mrs. O. G. Babcock entertained a number of little friends of her daughter, Edythe May, at a birthday party at her home Tuesday afternoon, when Edythe May was seven years old.

The children enjoyed games and refreshments of pink lemonade served with the birthday cake, which was iced with pink and green. Favors, consisting of candy bars, were discovered in a Jack Horner pie.

Mrs. R. D. Trainer and Mrs. J. W. Trainer were mothers who attended, and the following little folks participated in the happy afternoon: Edythe Jean Corey, Richard Boughton, Elizabeth Taylor, Patsy Nisbet, R. W. and George D. Wallace, C. W. Trainer, jr., Willie Nell Hale, Peggy Reming, George S. Schwiening, Juanita Chadwick, Lorene Fambrough, Loraine Stephens, Glen Richardson, Jamie Trainer, Sanford Trainer, Billy Shurley, Mary Gwendolyn Wyatt, and the small honoree.

Declamation Is Now Attracting School Interest

Work Being Undertaken on Larger Scale Than Heretofore; New Division Announced

Students of the Sonora schools are working hard on declamations for preliminary contests to be held between now and the last of March, when final contests here will decide what senior and junior boy and girl declaimers will represent Sonora in the San Angelo district inter-scholastic meet, including entrants from 12 counties, to be held in San Angelo early in April; and will award gold medals to winners in senior, junior, and sub-junior classifications, according to R. S. Covey, superintendent of schools.

The sub-junior division is a newly-created classification this year, permitting entries from the first, second, and third grades, both boys and girls. Such young entrants have not been included here before.

The senior declamation group includes boys and girls who were 15 years old by the first of last September. In this group up to the present time are: Alice Sawyer, Mary Louise Gardner, Dee Trainer, Cora Belle Taylor, Treva Wallender, Lunetta Marion, Violet Drennan, Reba Callan, and Ora Altizer; and J. T. Shurley, Jess Willis, Joseph Logan, and Kenneth Babcock. Entrance in both boys and girls' groups is voluntary for seniors.

The junior group will include all students in the 4th, 5th, 6th, and 7th grades, unless students in these grades are over 15 years of age, when they are rendered ineligible. Entrance into the preliminary contests is required, in these grades, by all students, as special work in reading, and preliminaries will be judged by teachers. There will be two groups, for girls and boys, respectively, as in the senior group.

About four students will be entered from each division in the final contest. Gold medals are to be presented for first place in each division by the Sonora Parent-Teacher Association; and winners of first place for boys and girls, respectively, in junior and senior contests will go to the district meet.

W. M. S. Playlet Is Enjoyed Wednesday

Regular Social and Program Day Observed at Caldwell Home

The Woman's Missionary Society of the Methodist church met at the home of Mrs. W. E. Caldwell Wednesday afternoon for its monthly program and social day, and enjoyed a playlet on Scarritt College, enacted by six members of the society.

Taking part in the playlet were Mesdames A. W. Awalt, E. E. Sawyer, W. S. Evans, and A. P. Prater; and the Misses Annella Stites and Zella Lee Thorp.

Devotionals were led by Mrs. Tom Sandherr.

Hostesses for the day were Mesdames Caldwell, Robert Rees, and Tom Sandherr—who served delicious refreshments of cherry pie with whipped cream and hot chocolate.

Lem Eriel Johnson Improving

Lem Eriel Johnson, son of Mr. and Mrs. L. E. Johnson, who was taken to San Angelo Sunday morning for an emergency operation for appendicitis, is reported to be in excellent condition at a San Angelo hospital. Mr. and Mrs. Johnson; Mrs. A. J. Smith, grandmother of the boy; and his aunt, Mrs. Mary Evans, and her son, Charles Harold, went to San Angelo Sunday, and Mr. and Mrs. Johnson and Mrs. Smith remained there following the operation. The fact that Lem Eriel was just recovering from an attack of mumps had aroused special anxiety concerning his condition, but he is expected to recover rapidly.

Renfro Baby Born in Angelo

Mr. and Mrs. J. B. Renfro announce the birth of a daughter Sunday night at 11:20 o'clock at a San Angelo hospital. The young lady weighed seven pounds, eleven ounces. Mrs. Renfro was formerly Miss Ora Merck.

100 Schools

Miss Hulene Abercrombie (above) a senior in Amarillo high school, has attended 100 public schools in 17 states. She attended 98 schools before she was 13 years old. Her father traveled through the middle and far western part of the United States, and Hulene went to school wherever the family went.

Mrs. J. D. Westbrook Hostess Thursday Night with Bridge

Mrs. J. D. Westbrook entertained, Thursday evening of last week, with five tables of bridge at the home of Mrs. Ira Shurley.

A George Washington motif was employed in tallies and prize wrappings.

High score went to Mrs. P. J. Taylor and A. C. Elliott for the evenings play, after which dainty refreshments were served to the following participants:

Dr. and Mrs. J. R. Kilman; Messrs. and Mesdames W. C. Gilmore, W. R. Nisbet, R. C. Vicars, Jack Earhart, A. C. Elliott, and P. J. Taylor; Mesdames Tom White and Collier Shurley; Miss Ada Steen; and Messrs. J. L. Guthals, Nolan Kennedy, and J. D. Westbrook.

Mrs. W. E. James Is Pastime Hostess Thurs. Afternoon

Mrs. W. E. James entertained members and guests of the Thursday Pastime Club at her home Friday afternoon of last week, having four tables of "42."

Recipients of high score were Mrs. Rose Thorp, for club, and Mesdames Paul Turney and A. W. Awalt who tied for guest score.

An attractive plate lunch was served to the following ladies: Mesdames Thorp, W. D. Wallace, O. G. Babcock, Tom Sandherr, E. E. Sawyer, J. W. Trainer, W. R. Nisbet, W. E. Caldwell, C. E. Stites, J. S. Glasscock, and Orion Brown—members; Mesdames Robert Rees, R. A. Halbert, Turney, Awalt, and Tom Murray, guests.

Paris Styles Call for Woolen Models

Fabric Noted Night and Day in Large Variety of Garments

Paris, Feb. 23.—Wool is worn at all hours of the day and night this winter.

There are new woolen blouses in fine basketweave, with collars and cuffs embroidered on like lace and make especially smart wear for bridge. A black jumper has black and white collar and a blue one a rust and beige. A cardigan like a short jerkin fastens high at the throat and is finished with a short fringe at the waist and on the cuffs.

Odd-looking are short jackets knitted on old woolen frames in a trellis design, with long sleeves. For cold days in the country come jumper suits of wool knit with wavy patterns in winter colorings and side fastenings.

House trousers of finest wool are made with wide legs and vertical tuckings on the hips and a wide top band with a row of button in color of the fabric at each side. They are often of navy-blue or black and have bright-colored or striped tops.

Wool shawls or capes are an old fashioned made modern. A "Granny" shawl modernized for the young is made with a pointed back crossed over in front and tied below the point at the back. It comes in bright colored stripes.

Short capes come in wool for shoulder comfort about the house. Longer ones are for out-of-doors, to wear over jacket suits and ensembles.

Club Members Enjoy Educational Subject

Mrs. R. E. Aldwell Conducts Round Table Discussion Thursday

Mrs. Roy E. Aldwell was leader of an interesting program on "Higher Education" at the regular meeting of The Sonora Woman's Club at the club house Thursday of last week, assisted by Mesdames L. E. Johnson and E. E. Sawyer.

Mrs. Johnson's topic, "Extracurricular Activities" provided a basis for a very interesting paper in which she clearly brought out the case for, and the case against, such activities.

Mrs. Sawyer's paper, "Coed versus Non-coed," provoked much thought on a frequently-discussed question.

Mrs. Aldwell discussed "Over-specialization," taking up cases of both girls' and boys' problems of education; after which she opened the meeting for questions and discussion, and a lively period of conversation on the subjects discussed, followed.

Roll call was answered with names of Texas colleges.

Mrs. W. C. Warren was voted an associate member of the club.

The next meeting of the club, Thursday afternoon at the club house at 3 o'clock, will have as its subject, "The Medical World," with Mrs. S. R. Hull as leader. Roll call will be answered by members with the names of well-known physicians.

Attending the meeting last week were Mesdames Hi Eastland, W. R. Nisbet, R. S. Covey, W. E. Caldwell, B. W. Hutcherson, W. L. Davis, L. W. Elliott, John Fields, George Baker; Miss Jamie Gardner, and those taking part on the program.

MISS BERLE DEANE PERSONS ENTERTAINS FRI NIGHT

About 25 young people were guests of Miss Berle Deane Persons at her home Friday night, enjoying various table games. Miss Exa D. Meckel had high score for the evening.

An enjoyable plate lunch was served following the games.

Highland Club Has Interesting Meeting

Members Hear Talks on Forms of Preparation, on Friday

The Highland Study Club, meeting with Mrs. Munn at the S. S. Bundy ranch home Friday afternoon, enjoyed a program led by Mrs. Gordon Stewart, who addressed the group on "Conservation of Game and Fish."

Miss Isabelle Guinn spoke on "Preservation of Forests and Trees."

About 18 members were present for the meeting, which is regularly held on the first and third Fridays of each month.

Mrs. W. P. McConnell, jr. will be leader at the next meeting which will be held at the Gordon Stewart ranch with Miss Miranda Kinsey as hostess. The subject for consideration will be "Texas Literature."

Mrs. Sterling Baker Has Contract

Mrs. Sterling Baker entertained the Contract Club at her home Monday afternoon, with Mesdames W. J. Wilkinson, and E. F. Vander Stucken, members, and Miss Alice Karnes, a guest, present.

The new clique crepe and wool evening gowns drape as beautifully as silk ones and are every bit as slimming in effect.

Camp Fire Work Organization Is Completed Here

Mrs. W. C. Warren, Guardian; Board Directors Appointed; 18 Girls Comprise Group

A board of directors to sponsor the Latonia Camp Fire girls, who have been organized here for about eight weeks with Mrs. W. C. Warren as guardian, was appointed this week, consisting of Mesdames R. A. Halbert, T. D. White, L. W. Elliott, Merton Shurley, and Geo. Baker; and Miss Vivian Ball. Mrs. W. L. Davis and Mrs. J. D. Eaton, jr. are Mrs. Warren's assistants in the local organization, which is a part of the international Camp Fire organization founded in 1911 for the purpose of paralleling with girls of the nation work done by the Boy Scout organization, for boys.

The Latonia group, one of hundreds of thousands of Camp Fire groups in twenty-two different countries throughout the world, has 18 members, who meet at 4 o'clock on Monday afternoons.

Thirteen members of the camp fire occupied a reserved section at the Methodist revival service Sunday evening, with three of their sponsors seated with them. The girls sang "Give of Your Best to the Master" as part of the service. They will serve as ushers and house assistants during the remainder of the services. The slogan of the Camp Fire girl is "Give Service."

A group of younger girls, the Otyokwa Camp Fire Girls, are active under separate organization, with Miss Florence Langford as guardian.

The present membership of the Latonia Camp Fire Girls is as follows: Wilma Hutcherson, president; Kathryn Brown, vice-president; Wynona Hutcherson, secretary; Bobbie Mae Halbert, sergeant-at-arms; Lillian Kring, Lunetta Marion, Guyon Shurley, Rena Glen Shurley, Nora Gilliam, Joyce McGilvray, Jo Ann Marion, Muriel Reiley, Jo Nell Miers, Elizabeth Elliott, Cathryn Trainer, Mattie Mae Friess, Elizabeth Trainer, and Elizabeth Brantley.

Several interesting projects are being planned by the group.

CLUB ERIZ HAS VALENTINE DANCE ON FEBRUARY 14

The girls of the Club Eriz, Mexican girls' organization, had a Valentine dance on the evening of February 14 at Valencia hall, from 7:30 till 10:30 o'clock.

Attendees were attired in Valentine costume, and enjoyed a Valentine box.

FOOTBALL SWEATERS COME MINUS STRIPES; RETURNED

Several boys of this year's group of football letter men have bought and received their sweaters. The sweaters were received last week but the service stripes were omitted. For this reason the boys who deserved stripes have returned the sweaters to have the stripes put on them.

Those who ordered sweaters were: Wes Hill, G. W. Archer, Harold Friess, Gilbert Costillo, V. J. Glasscock, Marvin Smith and Lacey Smith.

Campfire Girls Hold Meeting
 Sunday night at the Methodist church the Latonia Camp Fire Girls were there dressed in their uniforms of black skirts and white shirts. The girls sat in one group. They sang a song. Monday the Latonia girls had a meeting. They have selected their sponsors. They are Mrs. T. D. White, Miss Vivian Ball, Mrs. M. G. Shurley, Mrs. L. W. Elliott, Mrs. George Baker, and Mrs. R. A. Halbert. Mrs. White made a short talk. Mrs. Davis made a talk and suggested the girls usher at the Methodist church while the meeting is going on.

—The Broncho—

BOY SCOUTS TAKE LONG HIKE LAST SATURDAY
 Last Saturday, the 18th, six members of the Flaming Arrow patrol hiked 20 miles, thereby passing a test in the first-class requirements. They took a compass course due west from the home of J. T. Shurley for about 7 miles, where they camped for lunch, during which some of the boys passed cooking and fire-building requirements. After that they circled around to Edgar Shurley's, and from there to the 4-mile hill to look for fossils and to rest. Then they hiked to town.

Mrs. J. A. Ward, jr. showed the Scouts through her ranch house, where one of the Scouts formerly lived. The Scouts intend to go there again next Saturday. Those who took the hike were: Kenneth Babcock, Reggie Trainer, Bobby Nisbet, A. W. Awalt, Wesley Sawyer, and J. T. Shurley.

—The Broncho—

Miss "Skeet" Lehne, former student of Sonora high school, and "Pat" Talbot were visitors in Sonora last week-end.

Relics of Redskins Received by Museum

University Student Anthropologists Recover 44 Skeletons, Relics

Austin, Feb. 16.—Well-preserved Indian skeletons, adjudged to be more than two hundred years old, located near Beaumont, will soon form a valuable addition to the already large anthropological museum at the University of Texas. A total of 44 skeletons were recovered by a group of university student anthropologists, along with a wealth of other valuable relics, including flint drills, beads and pendants. These skeletons, found near

Rev. Nixon Speaks at School Assembly

Last Thursday the Rev. Charles Nixon of Del Rio, who is conducting the Methodist revival that is now in progress, and the Rev. E. P. Neal, pastor of the local Methodist church, had charge of the chapel program. The former delivered the talk of the morning.

The assembly program began with several patriotic and religious songs that were led by Miss Johnnie Allison, with Clovis Neal at the piano.

The speaker began with a number of humorous remarks, but his talk included the serious message that, as George Washington became the best man in the land by preparing himself for his work, we too may become successful only by proper preparation. According to Mr. Nixon, George Washington was made neither commander-in-chief of the army nor president of the United States because of a superior intellect but because of the hours that he spent in prayer and study.

The Rev. Mr. Neal led a prayer of gratitude for such heroes as Washington. After singing "The Eyes of Texas," the students returned to their work with a new determination to prepare themselves for the tasks in future life.

—The Broncho—

Who's Who in Senior Class
 He is tall and slender. He has blue eyes and straight black hair. He is what some girls would call their ideal. In the past he has been going with a girl from the Junior class that has brown eyes but still she's a blond.

Two years ago a very quiet girl started to school here. Her hair is long, brown and curly, and she has green eyes. She is very intelligent when it comes to her books. Her sister finished school last year, and she has a brother in the senior class now.

This boy is rather short but not chubby. He has brown eyes and straight, light brown hair. He likes vocational agriculture and has always taken two or three calves to the fat stock show, however, this year he has only one.

He is tall and has—I've forgotten what color eyes, but he is a blond. He always has a smile for everyone and also a witty answer. He is a real athlete. For two years he has played on the Sonora football team, and he is also the fastest runner that has come out for track in the past two years.

—The Broncho—

Hiking Club Takes Outing
 The hiking club met Tuesday. Alice Sawyer, Pauline Turney, Guyon Shurley, Ora Altizer, Stella Archer and Miss Johnnie Allison hiked out the Del Rio highway a mile and a half and back to town. The group decided that at their next meeting they would take their supper and have a picnic.

SOCIETY

SUNDAY SCHOOL PARTY AT HUTCHERSON HOME

Miss Wilma Hutcherson entertained Mrs. J. D. Westbrook's Sunday school class on Saturday night at her home. The guests played card games and put jig-saw puzzles together until eleven o'clock.

Those who enjoyed hot chocolate and cookies were: Misses Leola and Lillie Lehman, Guyon Shurley, Helen Smith, Lillie Marie Smith, Cora Belle Taylor, Lillian Kring, Bobbie Mae Halbert, Lunetta Marion, and Louise and Marie Adkins of Sterling City; Messrs. Kenneth Babcock, Wilburn Glasscock, Wesley Sawyer, A. W. Awalt, L. M. Roueche, Jack Turney, S. H. Stokes, Reginald Trainer, Marion Elliott, Bobby Nisbet, Francis Archer; and Gregory Lane of Fort McKavett.

Miss Reba Callan spent the week-end in Junction.

Bill Stender was in Roosevelt last Saturday.

Ernest Roberson spent Sunday in San Angelo.

Dayton Stockton and Louie Lehne, who are students at Schreiner Institute, Kerrville, were visitors here last week-end.

—The Broncho—

JOKES
 G. W.: "Do you know how to make a peach cordial?"
 Harold: "Sure, send her a box of candy."

Little Mary: "Why do they keep lions at the central telephone office?"

Teacher: "Why do you ask such a question, Mary?"

Mary: "Well, when I call papa sometimes the central says, 'The lion's busy!'"

Miss Swafford: "Harold, will you keep quiet a bit?"

Harold: "I'll keep quiet for two-bits."

Alice: "What is good for biting finger nails?"

Clovis: "Sharp teeth, silly."

with the head of one laid to the feet of another, and were generally placed with the heads in an upright position. The skulls are of various sizes with extremely low foreheads and pronounced protrusions at the back of the head.

Eighteen small flint drills have been found buried with the skeletons. Each is about one-eighth of an inch in diameter and from half an inch to an inch and a half in length. These drills were probably used in making beads. Found lying by the side of a baby skeleton was a rattle made of tortoise shells and showing signs of once having a handle. A carved bone pendant with a hole through the top was also found buried by the side of a body. Large lumps of red ochre, which was used as a body paint, have also been found.

A diseased skull showing signs of trepanning operation shows that the tribe had some ideas of surgery. The exterior bone indicates disease, probably sinus trouble. A hole was made to relieve the Indian, and the anthropologists believe that the man lived after his skull was punctured.

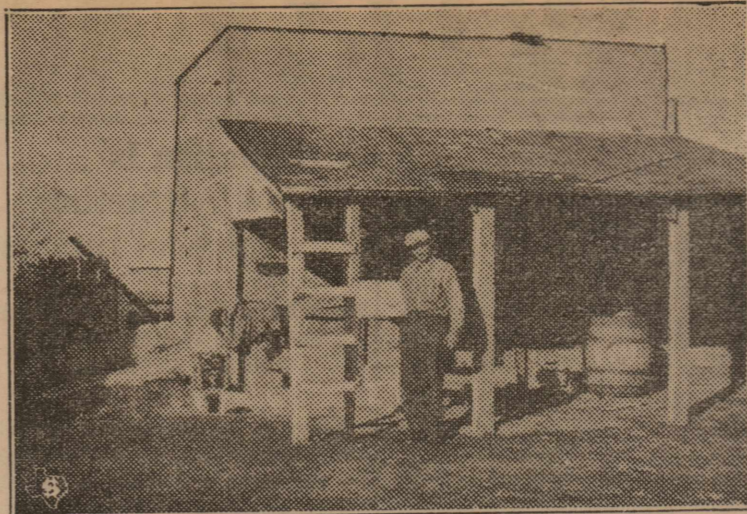

Texas Cattle Liked By Calif. Packers

Pacific Coast Markets to Draw on Large Area for Their Supplies

Los Angeles, Feb. 16.—Supplies of cattle and lambs for the Pacific Coast markets during the next four months will come almost entirely from feedlots and it is indicated that Los Angeles will draw from a very wide area. Feedlot finishing in California and Arizona and these states will supply a larger proportion of the winter cattle kill than has been the case a few years ago.

West Texas cattlemen are feeding the largest number of cattle in the history of that section, which during recent years has come to the front as an important cattle feeding area. Because of the fact that for many years, Texas cowmen have been using choicely bred registered bulls in their herds, West Texas cattle are of better quality than is the case in most sections. In former years, Texas cattlemen shipped most of their cattle as feeders to the Corn Belt. As the land has

Here's Ideal All-Weather Smoke House

The weather does not interfere with the butchering of hogs by Jess Higgins, Salt Branch farmer in Taylor county. Higgins' smoke-house, pictured above, is built of rock, well insulated with 10 inches of cottonseed hulls. Ice taken from a nearby lake in winter usually lasts through July. A basement provides storage, and the water tank on top is excellent insulation against the sun's rays.

been brought into cultivation, and West Texas cowmen have gone into limited financing arrangements the cattle feeding game. prevented the Corn Belt feeders West Texas has developed a from taking the usual number, the blocky, quick maturing type of

feeder calf that finishes at 700 to 800 pounds with even covering and no wasty fat, thus giving the Southern California packer exactly the type of finished animal most suitable for present day demands. Because of relative higher prices on this type of beef than Missouri River markets, it is likely that thousands of these young calves will be marketed on the Los Angeles market.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseous calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish, no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

It Will Pay You to Follow These Signposts

Two willing servants—the Electric Range and Electric Refrigerator—are waiting to lead you to better living. . . . And these modern servants require no salaries, either . . . for they pay their own way with the savings they make!

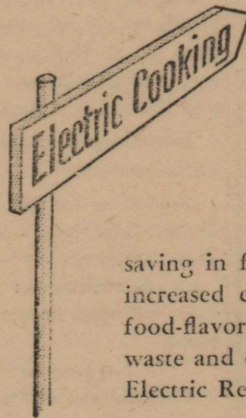

It will pay you to employ Electric Cookery and Electric Refrigeration. The modern Electric Range will give you more healthful, more appetizing and more attractive meals . . . at a great

saving in food and fuel! The Electric Refrigerator will give you increased efficiency and dependable convenience. It will improve food-flavors, assure safe, healthful refrigeration and eliminate the waste and danger of food-spoilage. And, like Electric Cookery, the Electric Refrigerator also will save substantial sums for you.

Don't consider these modern and efficient automatic Electric Servants as longed-for luxuries . . . recognize them as dividend-paying necessities . . . for that's what they are! They pay for themselves!

We will be happy to arrange an interesting demonstration of proofs for you. No obligation, of course. Convenient Terms on one or both of these household necessities simplify immediate purchase.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Calls Only in the Spring

The "bob-white" call is rarely heard after the spring hatching season. From that time on until the following spring the chief call used by the quail is the one that helps keep their families together. This close family association is seldom broken up earlier unless the birds are scattered by hunters.

DON'T SUFFER ANOTHER DAY

Sufferers from rheumatism need more than the mere temporary relief that comes from the use of pain relievers. The system must be freed from the poisons of this agonizing disease.

When your throbbing, swollen joints begin to subside, when aching nerves and muscles begin to relax, when poisons begin to dissolve and drain from the system, you will know beyond a doubt that the RU-NO-MA prescription is removing the cause of your trouble. RU-NO-MA acts quickly and thoroughly—contains no opiates or narcotics—absolutely harmless. Ask your druggist about this amazing prescription. Read the guarantee on every box—don't suffer another day.

Some Fellows Have Style That Keeps You Guessing

Among the people you meet, you now and then run across one that puzzles you. He doesn't seem to fit into the average run of human beings, and you are at your wit's end about this newcomer. This is a critical moment in the ordinary run of human affairs, a critical moment for you.

Did you ever think of this? Those who turn out to be puzzles are, after all, worth puzzling with. The individual who has so many sides to his nature that you cannot see them all at once is likely to be a somebody. In other words, he has personality plus. To say the least, he is interesting. He keeps you guessing.

The next time you meet a fellow who is continually displaying unexpected traits, don't be discouraged. Stick by him. You may learn something. And the thing that you are likely to learn is that you are not only the puzzled, but also the puzzler.

It is something of a puzzle how and why the majority of human beings get into a rut and finally have no sides to them at all. The man with only a few sides is totally unable to get the most out of his human surroundings. If you can't recognize and account for the many sidedness of human nature, you have simply lost your own personality.—Washington Star.

Patent Office is Ahead of All Others on Income

The patent office is self-supporting, there being a surplus of receipts over expenditures in practically every year of operation. A report of the institute for government research states that the charges made by the patent office for its services and most of its publications usually aggregate more than the entire expense of operation, so that this bureau has become one of the revenue-producing organizations of the government. The accumulated surplus earnings of the patent office up to June 30, 1932, amounted to over \$8,400,000. A recent act of congress states that the money required for that office shall be appropriated by law out of its revenues, except as otherwise provided by law. The commissioner of patents is appointed by the President, with the consent of the senate. The annual report of the patent office for the year ended June 30, 1932, showed that a record number of patents, 52,572, had been granted; it showed also that all of the 65 examining divisions were less than six months behind, a great advance over former conditions. The demand for economy makes it unlikely that the force of about 700 examiners will be increased in the near future. Statistics for 1930 showed 96,227 applications, 52,571 patents granted, 119,597 pending, 16,230 trademarks.

Airedale Is One of Most Popular of All Terriers

From mongrel to the most popular of all large terriers, at least in this country, in approximately half a century is the record that has been made by the airedale. This breed had its origin in Yorkshire, England, where its mongrel ancestors resulted from the interbreeding of the black-and-ton wire-haired terrier and the otter hound about sixty years ago. From a clever and dependable mongrel it has since been developed, by careful breeding, into the airedale terrier of today which generally meets the most exacting of requirements and is considered an all around dog hard to beat.

The airedale terrier has been used successfully for all kinds of purposes, from hunting lions in Africa to guarding and playing with children; and from herding sheep and cattle to drawing a sled in the Arctic. Lively, watchful, impetuous and unusually intelligent, this dog has all the qualities that go into the making of a lovable and useful dog companion.

Origin of Phrase "Sub Rosa"

The origin of the phrase "sub rosa" or "under the rose," implies secrecy and had its origin in 477 B. C. At that time, Pausanias, commander of the confederate fleet of the Spartans and the Athenians, was engaged in a secret plot with Xerxes for bringing Greece under the Persian rule. The plottings were carried on in a building connected to the temple of Minerva, the roof of which was a bower of roses, so that the plans, which were conducted with the utmost secrecy, were literally made "under the rose." It afterward became a custom among the Athenians to wear roses in their hair whenever they wished to communicate to one another a secret. Hence, the saying "sub rosa" among them, and since that time, among Christian nations.

Women Jurors Don't Sleep

"Then, too, I have never seen a woman juror asleep in the jury box," commented Judge Carl Weygandt of Cleveland in an article in the "Ohio Woman Voter," commenting on the desirability of women jurors. "The average woman is sound in her viewpoint and regards her responsibilities as a juror more seriously than does the average man; they are keen in judging the credibility of witnesses and quick to detect fraud; and mixed juries are more likely to return verdicts consistent with the law and the evidence in the case," said Judge Weygandt. "I have never heard a lawyer or a judge express himself as opposed to having women serve on our juries," he concluded.

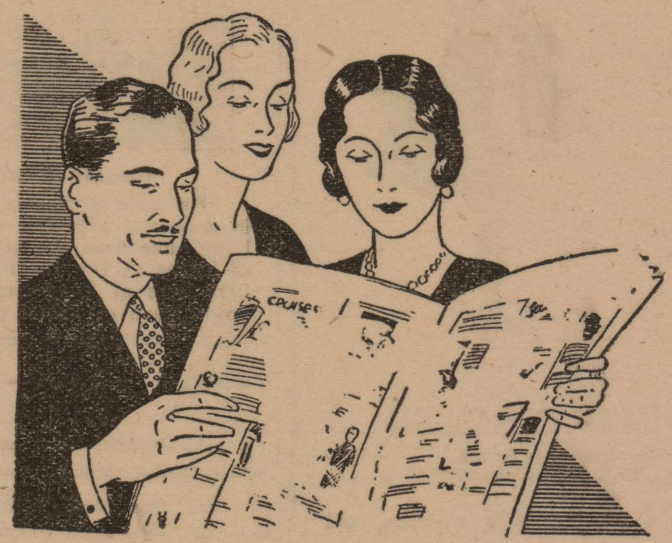

Not Qualified, Chose Death

Unusual modesty was shown by a man at an arms factory at Prague, Czechoslovakia. He had been promoted, with an increase of salary, but told his "chief" he did not feel qualified for such important work. He was assured of the confidence of the management and was advised not to turn down his opportunity. His associates all thought he was "lucky" but the new departmental manager left the factory and drowned himself rather than take on his new work. He was the father of two children.—Montreal Herald.

New Member of Wren Family

An entirely new type of marsh wren has been identified at Charleston, S. C., through the research of two Charleston naturalists. It has been named "telmatodytes palustris waynei" in honor of Arthur T. Wayne, now dead, who discovered several new species about 1900. It is exceptionally dark, its head and nape a sooty black, the flanks brown, the tail heavily barred, and the sides of the breast barred. It frequents the rice fields.

STOP!

LOOK

at Today's Prices

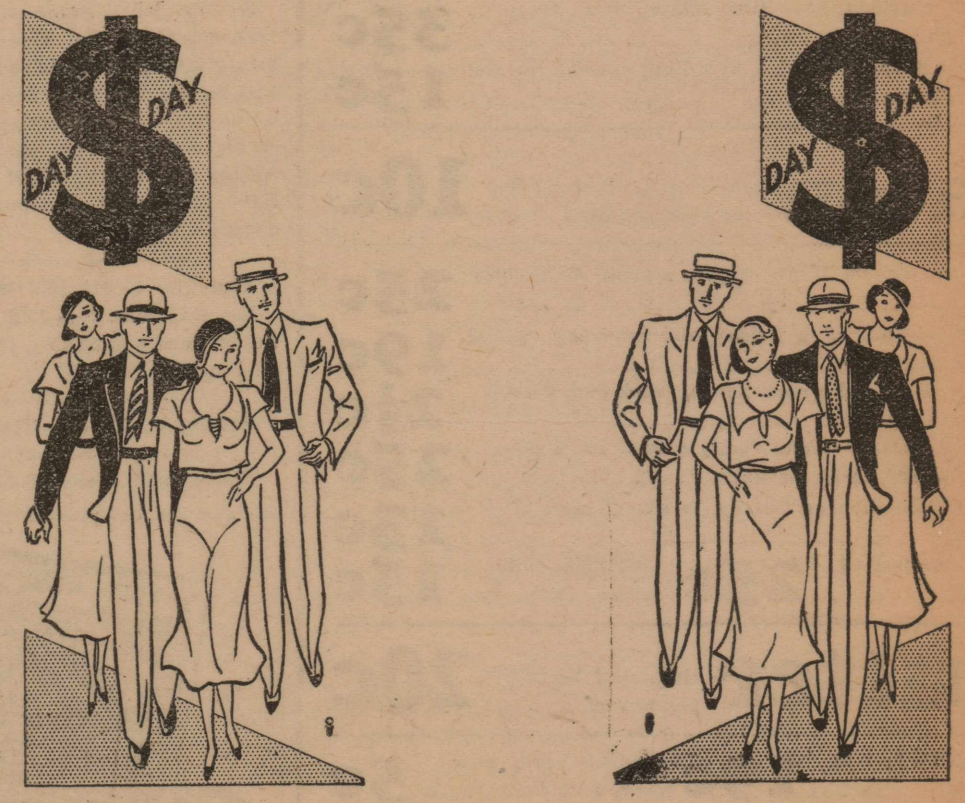

Then

BUY!

THAT "PRICES ARE RISING" is a fact backed by by stock shortages all along the line from retailer to manufacturer. And there is a shortage of "supplies" in most homes as well. Operating on a limited budget people have used the old things until they simply can't be used any more.

If the things you and your family use are giving out, if your reserve supplies are running low, NOW is the time to stock-up . . . NOW before the RISING MARKET catches you napping and you are forced to pay far more for the things you simply must have.

And here is another tip: you'll find that the best way to obtain full advantage of today's prices is to watch carefully the ads that appear in The News. BUY NOW before rising prices take from your dollar its present value and use The News AS YOUR BUYING GUIDE.

Represent Texas 4-H Club Boys in Capital

Herbert Rittiman

Morris Williamson

By making more than \$5,000 in returns on labor and investment in crop and livestock enterprises in the last three years, these two boys have won the honor of representing the 20,000 4-H club boys of Texas at the national 4-H club camp in Washington, D. C. Herbert lives at Converse, Texas, and has become one of the leading poultrymen of Bexar county. Morris is from Bryan, Texas.

Ladies' Night

(Continued from page 1)

ter key members, with one club making more than 100 per cent in its growth within this year. He called attention to the state convention, which meets at Lubbock on May 21-22. Railroads, he stated, are to give reduced rates for the round-trip of one fare plus \$1. He gave a detailed account of the district governors' meeting in Dallas, in which an appropriate, novel and interesting program had been worked out for the state convention. He invited the Sonora club to prepare a stunt for the program.

H. V. Stokes made a report of the meeting with the county commissioners for the purpose of securing aid for the proposed road from Sonora to Station "A." With the assistance of the commissioners' court, the R. F. C. unemployment committee and co-operation of Station "A" managers, work on the road is scheduled to start not later than March 1.

The club secretary read several letters touching the subject of the fight on the change in the game commission, and also letters of commendation from President C. H. Hatton of Lions International, and two from Dist. Gov. Charles Nixon, in reference to new key members and the progress of the Sonora club.

Don Prather, Clifton, Texas, gave piano solos as an entertainment feature. Hillman Brown was accepted as a new member.

Blanton Appointed Co. Health Officer

Reports of County Officials Approved at Recent Meeting

The commissioners' court of Sutton county, in a recent meeting, re-appointed Dr. A. G. Blanton to the post of county health officer. This position has been held by Dr. Blanton for several years.

The report of Mrs. A. J. Smith, county treasurer, was examined and approved by the court. The report covered a period of time from Nov. 14, 1932 to Feb. 14, 1933. A copy of same will found in this issue of The News, page 7. The court also examined and approved the report of tax collector, B. W. Hutcherson.

Among other items of business transacted by the commissioners was granting E. C. Ahrens permission to erect cattle guards on the Llano River road where same crossed his property. The court accepted the bid of the First National Bank of Sonora as depository for county funds.

Daughter to Mr. and Mrs. Hill Mr. and Mrs. Lee Hill announce the birth of a daughter, Doris Jane, on Sunday, Feb. 19.

Scout Ten-Year Program Opens With Big Record

Six Eagle Scout Badges Awarded; Four Courts of Honor Held, in Concho Valley

With the Ten-Year Program of Growth officially launched in the United States the 23rd annual Boy Scout week has closed with a record of activity never before approached in the history of the movement.

In the Concho Valley council, of which Sutton county is a part, six Eagle Scout badges were awarded and four Courts of Honor held at which time several hundred badges were earned by Scouts of West Texas. The Eagle Scout badges went to Jack Baker, Dayne Walker and Delmond Hamer of San Angelo; Jarvis Jordan and Overby Smith of Junction, and Hugh Lee Gober of Brady. The Eagle Scout rank is the highest in the Boy Scouts of America.

The finance committee of the Concho Valley council will meet in San Angelo on next Sunday afternoon, February 26. A representative from nearly every town of the 17 counties is expected to be present for the deliberations.

The regular monthly meeting of the executive board of the council will be held at noon on Monday, March 6 at the Hilton Hotel. Representatives of every district of the council will be present to set the dates for the spring Jamboree and the annual council meeting and to work out the plans for the spring Scoutmasters' training camp.

More than 60 new Scouts came into the organization in the council during anniversary week. New patrols and new troops are in process of organization in Ballinger, San Angelo, Eden, Melvin, Brady, Junction, Texon and McCamey.

The Knights of Zocah, an organization sponsored by the Scouts for older boys, is making rapid progress in the matter of pre-vocational training and athletics. Chapters are being formed in several towns and older boys interested in one of these chapters for their town should write to Sam Scheuber, Room 18, City Hall, San Angelo.

ROAD INJUNCTION ISSUED HERE DISSOLVED IN S. A.

An injunction granted at a past term of the 112th district court in Sutton county by Judge Joe Montague, restraining use of a road across the Ben F. Meckel ranch, was dissolved Wednesday by an order of the 4th court of civil appeals in San Antonio.

The injunction was issued in the case of W. L. Davis et al versus Ben F. Meckel.

Judge H. B. Balch Injured

Judge H. B. Balch, pioneer Sonora resident, received a painful injury to his hip when he fell about 200 yards west of the new highway bridge Monday afternoon when he was returning home from town. Carl Holland, who was driving some sheep across the draw, heard Judge Balch's cries for assistance about 5:30 o'clock, shortly after he had fallen, and was assisted by O. G. Babcock, Richard Vehle, and Floyd Dungan, whom he summoned from the Carson filling station, in removing Judge Balch to his home. Martin Balch of Spofford, son of the judge, came here for his father Tuesday.

Mrs. Dave Joy Has Operation

Mrs. Dave Joy of Owensville underwent an operation for the removal of her appendix at a San Angelo hospital Monday.

Capital and Surplus \$225,000.00

Last Sweaters Are Placed This Week

Red Cross Garments Welcomed by Numerous Recipients Here

The last of the sweaters provided by the Sonora Parent-Teacher Association for distribution here, by the American Red Cross, have been distributed to children and adults whose names were filed and certified as worthy cases during a survey of the town made some weeks ago by the P.-T. A. committee and George E. Smith, city manager.

Two dozen children's pull-on sweaters and four dozen adult's button sweaters were given out here immediately upon their arrival.

A number of pairs of large-size men's trousers, overalls, and underwear, as well as several pairs of good men's socks are still on hand at the Gilmore Hardware Company's store for use of anyone who will call for them. Mothers are being urged to call for the men's unions to cut down for children; as well as for men's trousers, which might also be thus used.

One excellent pair of boys' knickers, for a boy aged 16, is on hand, since no boy of that age has made application. It may be had upon application.

Mrs. Dock Friend and her daughter, Mrs. Miers Savell, were visitors of Mrs. M. M. Stokes, Mrs. Friend's sister, Wednesday, from their ranch homes.

Californian Wants 10,000 Kids, Now

Hensley Bros., formerly of Angelo, Telephone Order Long Distance

A Californian wants 10,000 kids, of the goat variety, in a hurry.

S. H. Gray, vice president First Coleman National Bank had a long distance call Tuesday that was peculiar to say the least. The call was from one of Hensley Bros., who were formerly of San Angelo, and his voice was so clear Mr. Gray supposed he was talking from close by, but was surprised to hear that he was in Riverside, Calif., and wanted to buy 10,000 kids (young goats) at once.

Mr. Gray referred him to Sam P. Woodward of Junction, formerly of Coleman then immediately got in touch with Mr. Woodward by phone. Mr. Woodward stated that he could line the road from Junction to Menard, a distance of 40 miles, within a period of 24 hours. —Coleman Democrat-Voice.

GUS LOVE RECOVERING AFTER NARROW ESCAPE

Gus Love, who sustained a broken leg Friday when he jumped a fence to escape a charging bull that turned upon him in a pen where he was preparing to de-horn it, is resting well in Ozona where he was taken following the injury.

According to witnesses Mr. Love had a narrow escape from the dangerous animal. The accident occurred on the Sol Mayer & Son ranch in northwestern Sutton county.
