Building Now on Boom in the City of Girard, Texas

We spent a few hours in the busy little town of Girard last Saturday and found much improvement going on there. Among the many changes being made was the purchase of the Hardware store from Cooper Bros. by the Tri-County Lumber Company. To help out the business in a great way the Tri-County people are building a fine brick veneer to house the new acquisition. This building is 30 x80 feet with a balcony 30x40 feet. Then to the hardware store, they are adding furniture and undertaking supplies which will mean much for the accommodation of the people there, since the town had been without these. The business will be moved into the new home within a few days. B. J. Kellett, the manager, stated that the Tri-County expected to give the people of that community good service and merit their patronage.

Another addition to the town to be accomplished soon is a new bank. The equipment is installed and everything ready for the opening. The only thing they are having to wait on is for the State Inspector to come and look over the situation in order that they may secure the permit to do business. The bank is to be housed in a nice brick building in the east part of the business section, where it will be readily accessible to the people.

We were handed the news that the town is expecting to start a newspaper in the near future. Just to what extent of influence this will have for the town is yet to be seen. But if the people give their newspaper the right kind of opportunity, there is no doubt as to what it will do for the town. There is nothing that will help a town more than a good live newspaper, and next to the church and the school the newspaper is the next best institution for any town.

Girard will be greatly profited by their paper.

Saturday Big Day For People of Our City and County

From a business standpoint last Saturday was a very fine day for our city. The good farmers had enjoyed a fair week and were able to get out some cotton and they came to town to enjoy the profits of their labor.

It was an enjoyable scene indeed. The farmers, while on the streets, were not employed in looking after business interests and were talking and joking with their neighbors and having a great time. Probably it was the first time in two long years that our people felt like giving a hearty laugh and enjoying themselves. The past two years have been very strenuous ones and the farmers and merchants have been hard put to finance themselves. Both have exerted every effort to get by and both had gone the limit.

But last week afforded the farmers an opportunity to get out some cotton, they received a fair price for it and Saturday they were making the merchants who had stood by them feel good. This is a fine spirit of co-operation. Both farmers and merchants working together to make the country a success. It is just another illustration of the great principle that "No man liveth unto himself." It is hoped that next year will bring better times to our farmers and enable them to clear up everything and get on a strong financial basis.

BUYS INTO HIGHWAY CAFE

Charlie Fox, who has been with the City Drug Store for some time, closed a deal Saturday, whereby he acquired an interest in the Highway Cafe. He purchased the interest belonging to A. R. Bell and now he and his brother are the owners of the cafe.

Mr. Bell has not engaged in any permanent business yet and is temporarily assisting with the work at the East Side Market for the present.

Mrs. C. H. Scott, of Watson, was doing some shopping with Spur merchants Saturday.

Thrills From African Blacks

Wild Animals, Too, Add Punch to Jungle Picture

There are thrills galore in Rayart's newest and greatest Serial-play, "The King of the Jungle," which, with a tremendous cast of world-known screen favorites, begins its engagement at the Lyric Theatre soon.

"The King of the Jungle" tells an amazing and unusual story, aside from which it presents an authentic and fascinating picture of native African life with its weird, fantastic customs and ceremonies. Too, there are wild beasts, not by the score but by the hundred, and one is permitted in the various breath-taking close-ups, an absorbing study of wild animal life.

The all-artist cast mentioned above includes a number of Screenom's best known players, among whom are to be found Elmo Lincoln, Sally Long, Gordon Standing, George Kotsonaros, Cliff Bowes and Virginia True Boardman.

Chevrolet Parade Wonderful One

The Chevrolet truck caravan, sponsored by the Chevrolet factory, visited Spur, Friday and Saturday, displaying twenty-two commercial units, with the various types of bodies mounted thereon. According to Mr. Caraway, local Chevrolet dealer, this motorecade will be in Texas for a period of three months, covering a total of about 10,000 miles, during which time they will stop at each Chevrolet dealer's place of business for sufficient time to give prospects and owners an opportunity to inspect the newest designs of commercial car body construction.

Considerable interest was manifested in the Chevrolet Fire Truck, which made a demonstration on Burlington Avenue, and according to Roy Stovall, the performance of this equipment was highly satisfactory.

Included in this display of trucks were bodies manufactured by six Texas factories, one from Louisiana, one from Missouri and one from Michigan. The tour is under the supervision of H. C. Howard, assistant manager of the Dallas Chevrolet Zone Office, and accompanying the caravan are J. A. Shields of the American Body Company, Dallas; J. Edgar Patterson, of the Edwards Wheel and Body Com-

Singers Select Dickens Regular Meeting Place

The fourth quarterly meeting of the Dickens County Singing Convention was held at Dickens last Sunday. There was a large attendance and the day was spent enjoying some fine singing. Many professional ones were present from over Texas and Oklahoma to help out with the singing.

The next meeting will be held some time in January. We understand that it has been voted to make Dickens the permanent meeting place for the convention, which means that the next convention will be held at that place. Dickens people took care of the convention last Sunday in a great way. Singers do not require much to eat when they sing, but the good ladies of that town did not respect this practice and prepared a feast that was appropriate for the coronation of a king.

Watch for the announcement of the next convention and be there if you enjoy good singing.

MAKES GOOD IMPROVEMENT

Last week C. C. Haile was engaged with some work on his place near Afton. He has just completed a new cement block garage on this ranch and has been making some other improvements. Mr. Haile has the foundation for a very fine country home on this place, and states that within a few years he expects to be enjoying its privileges.

pany, Dallas; N. W. Goodale of the Martin-Parry Corporation, Dallas; J. J. Hudson, of the Woodward Body Co., Dallas; E. L. Martin of the Nabors Trailer Co., Mansfield, La.; O. H. Reeves of the Ferris Simpson Co., Dallas; Frank Matthews, and O. G. Hancock, of the Texas Corporation, A. E. Davis, of the A. B. C. Trailer Co., of Springfield, Mo., and O. L. Skaggs, of the Martin Trailer Co., Lufkin, Texas.

Mr. Caraway gave away a thousand and balloons carrying the Chevrolet trade mark and an equal number of caps to the school children of the county. The parade down Burlington Avenue, showing all the body designs was a great sight for the people. They were here from all parts of the county and many came from Kent, Garza and Crosby counties to see this display.

Miss Lawson Dies At Home in Afton

Miss Euta Lawson, of Afton, departed this life Monday after an illness of many months. Miss Lawson had been a sufferer from some kind of spinal trouble for a long time, and although every medical and surgical aid possible was summoned, the disease baffled the skill of the best physicians of the state. She spent many months in Baylor Hospital, Dallas, where operations were performed, but no relief was secured.

Funeral services were conducted at Afton Tuesday, where a great number of friends paid the last respects to her memory. Interment was made in Afton cemetery.

Miss Lawson was a daughter of Mr. and Mrs. M. K. Lawson, of Afton, and there she had spent the last years of her life. She was a graduate of Spur High School, and had been a faithful member of the alumni of that institution. She was a former employe of the Spur National Bank, where she proved faithful to her trust. Her associations while in our school and while with the bank won her many friends in Spur community.

The Times joins friends in extending sympathy to the bereaved family.

SPUR LOSES FOOTBALL GAME TO MATADOR

Was The Most Interesting Game of the Season.

On last Friday evening at the home of Mrs. Meadows, the members of the Christian Endeavor and Sunday School of the Presbyterian church were entertained with a series of football games, coached by the Rev. E. P. Buie.

Throughout the evening, the two teams, Spur and Matador, played three hard-fought games and Mr. Buie proved to be an able and fair referee.

Because of the good players on their side, Matador won two of the three games, but Spur's team played a good game.

When the players were worn out from the strenuous games, Mrs. Meadows came to the rescue with a lovely refreshment plate of pressed chicken, and hot chocolate, and most of the players revived, but Spur felt so badly defeated they did not feel able to challenge Matador for another game.

H. E. Smith, of Watson, was looking after business affairs in our city Saturday.

Club Girls Off on Trip to State Fair

Misses Estelle Collett, Bill Thannisch, Minnie Baxter, Dorothy Rhodes and Lois Fuqua, the five girls who were selected by the Clubs of Dickens County to attend the Girls' Conference at the State Fair, left Sunday for Dallas. Miss Daisy Gordon accompanied them as far as Abilene, where they were placed under the supervision of Miss Harvey Thompson, of Sweetwater.

The Girls' Conference is being held Tuesday Wednesday and today. These girls will be associated with the hundreds of other girls from over the state who are interested in the same work. No doubt they will get some lessons while away that will be useful to them all through life.

They left Abilene Monday on the Sunshine Special and will return to Abilene on the same train. Miss Gordon meets them there Friday evening and will accompany them home.

These young ladies are enjoying the trip through the courtesy of the Spur Chamber of Commerce who have provided the means. The business men of Spur are proud of the record these girls have made and are glad to cooperate in seeing this good and useful trip made.

Spur Mutual Nears The Finish Mark

The Spur Mutual has now passed the 1,700 mark in membership. Applications are coming in daily and we have only 300 more places to fill until we will have reached our quota. We expect to have our numbers full by December 1, and if you do not have a membership in the Spur Mutual, we want you to be one of our members. But you will have to get your bid in soon.

Our policy protects your family if you are called away. It also protects you in case of accidents of broken arm, ribs or limb. No one expects an accident—but they happen just the same. And just when you do not expect them and generally when you can least afford to lose the time.

The past eleven months, the total cost to each member has been \$15.06 for due calls and accidents. This is one \$1,500-dollar policy which carries with it the accident feature. Can you get insurance that insures for less? We have paid every death and accident claim and have enough money in the bank to pay the next call. We don't ask your beneficiary to wait two or three weeks to get the money on your policy. Ninety-five per cent of the time, the check has been in the hands of the beneficiary before the funeral was held. That is when they need the money. After they have had time to adjust themselves, your loved ones can generally get along.

We want you in our company where we can give you insurance that insures and service that is beneficial.

Spur Mutual Life Insurance Assn.

Fred C. Haile, Solicitor.

CITY GROCERY IMPROVES

The City Grocery is having the old awning torn down and replaced with a new one. The work has been needed to be done for some time, and was started on Monday. Edwin Morris has charge of the work, completing the job on Tuesday. This helps the appearance of this store greatly, and is a good improvement to our town.

Clifford B. Jones is driving a new Hudson this week which was delivered to him by the Spur Hudson-Essex Company. It seems that Mr. Jones is rather proud of his new acquisition and was not long in improving an opportunity to try out the virtues of this new car.

Ladies Entertain Men.

Wednesday evening of last week after prayer meeting services the ladies of the Christian church entertained the men for an hour. The program consisted of an old-time spelling bee, which was both entertaining and instructive.

After the program, a refreshment plate consisting of sandwiches, pickles, potato chips, cake and cocoa was served.

Fleecy Snatchers Say Our Cotton Is the Best Found

The cotton crop of Dickens County will run about sixty per cent of the 1926 crop, which will place the number of bales this year close to twenty-five thousand bales. There have been about seven thousand bales ginned in the county at this time and with probably fifty per cent of the remaining crop open ready to pick.

There is a lack of pickers in the county at this time. Farmers could easily use four thousand pickers for the next sixty days. If the weather continues open and clear more than ninety per cent of the crop will be opened and ready to pick within the next two weeks. What cotton has been picked has proved to be in very fine condition and easily picked. Many pickers have stated that it appeared more like the big bolls of East Texas than any they have picked this year.

The farmers are paying a good price for picking. All of them have provided warm homes for their pickers and have tried to make everything convenient for them. The price for cotton picking has always been just a little better in Dickens County than in the counties east of it.

Climatic conditions have been ideal this far. There has been no frost under the caprock and a very light one on the Plains.

Vegetation remains green and growing and the atmosphere clear and warm. There is no need for winter clothing yet and indications are that there will be no cold weather for several days yet.

With from fifteen to twenty bales yet to pick, and ninety per cent of it will open within the next two weeks, Dickens County is an ideal field for cotton pickers. With the fall weather dry there is no likelihood of much cold weather before January 1. Come to Dickens County, if you want to work, for it is here.

Prairie Chapel Will Have Good School

Prof. H. P. Bell, principal of the Prairie Chapel school was in our city Tuesday and stated that school would open Monday, October 31. The reason for the delay has been to give the people an opportunity to get their crops gathered in order that the children would not have to miss school later in the year.

Prof. and Mrs. Bell will start their second year's work in that community since coming back. They spent several years before as teachers there and have done a wonderful lot of good in that community. Mr. Bell stated that they had fine prospects for another good school this year.

J. A. Dunlap, of Swenson, was here transacting business Saturday.

Brother of Spur Man Broadcasts From KFQB

The following is a message received at the Times office this week, and which may be of interest to many of our readers since Dr. Copeland is known throughout this community.

Rev. A. Reilly Copeland of Tabernacle Baptist Church, Waco, Texas, will preach over radio KFQB, beginning October 20, at 8 P. M., and will continue each Thursday night at 8 o'clock. Dr. Copeland's experience as a Bible teacher insures Bible students an interesting hour each week. He will discuss the great prophetic theme of scripture, including Dispensational truths, world prophetic events, nations in prophecy, Jews in prophecy, signs of the times, near approach of anti-christ, the late world war in prophecy, next world war, the greatest event of world's history, battle of Armageddon, second coming of Jesus Christ.

glories of the millennium, and other Bible doctrines and themes pertaining to service at home and abroad.

From time to time Dr. Copeland will give a close up insight of how Satan's modernistic evolutionary crowd and ecclesiastical pulpiteres ally with his political henchmen to crush courageous God-fearing pastors who might oppose them anywhere. All people who are interested in the fundamental teachings of the New Testament Christianity are invited to hear these messages given by a clear, fearless scholarly Bible teacher. In addition to the regular Bible messages, Dr. Copeland will give ten minutes of each hour to answer any Bible questions sent in, or anything else on which the Bible might throw light. Tune in on KFQB, every Thursday night at 8 o'clock. Wave length 326 meters.

Dr. Copeland is a brother of our good citizen, C. D. Copeland, ens. of town, and he did the preaching in a revival meeting held at the First Baptist Church here and is recognized as one of the most scholarly men in the Southern Baptist Convention. People will have the privilege of hearing him by radio every Thursday evening, beginning tonight.

Noted Artists To Visit Abilene In Near Future

ABILENE, October 18—Galli-Curci, world's greatest soprano, has been signed to appear here, on April 4th, this year, by the Simmons University Cowboy Band, it has been announced by Gilbert Sandefer, manager of the band. This will be the first appearance of the renowned singer in Abilene, and is expected to draw an audience from all over West Texas.

The Galli-Curci concert will close a series of three attractions which the Cowboy Band is bringing to Abilene this school year. Creator's Band will appear on January 11th and Princess Tsianna, an Indian singer, will be here on November 9th.

Creator's band is now playing at the pier at Atlantic City. It is conceded in the East, where it is known, to be the world's greatest band.

It has 55 pieces and carries a harpist, a baritone and a soprano for solo work.

Tsianna is a full blooded Cherokee. She is now singing on a European tour, but will return to America soon on a trans-continental tour.

All these new programs will be given in the new Simmons auditorium, which will be fitted out to seat 2,000.

according to Sandefer.

"We expect the patronage and support of all West Texas," he said, in commenting on these three big attractions, especially on the Galli-Curci

concert. We are paying her the highest price ever paid any individual artist ever appearing in West Texas."

Daddy's Evening Fairy Tale

By MARY GRAHAM BONNER

MR. TODD

Mr. Todd was simply delighted at being asked to join Ada and her companion. He was just about to take off his nightshirt, but he stopped at once, put back his clothes, and doing up his nightshirt and comb in a package he sang this song:

Mr. Todd, It's truly odd That you should go along. You are not young. You are not brave, Though you are fairly strong. You love the flowers,

Doing Up His Nightshirt.

You love the trees, You can get honey from the bees. Oh, Mr. Todd, It's truly odd That you should go along.

Mr. Todd had a reddish, roguish, smiling face, and deep, lovely wrinkles and a crinkled throat that had always reminded Ada of a turkey gobler, and his eyes were as blue as blue could be.

"We'd better get going at once," said Mr. Todd, who thought adventures would be fine. Clocky agreed with this. By this time Teddy was in bed, and of course Crystal was almost too sleepy to know what it was all about, she seemed pleased, too.

Such a hurry and a scramble as there was.

It was lucky that no one in the household heard them, though they could hear the voices talking downstairs.

At the last moment they remembered Angelina Adorable's trunk which was very useful for taking many odds and ends, and they took shoes and brushes and combs and toothbrushes, though they almost forgot washrags.

And they took extra clothes for Crystal and Teddy's boat and a baseball bat and ball and glove, and the hammock and two old rugs, and some food and other things they realized they needed after noticing them.

After a while they were off, not being able to think of anything they had forgotten, and yet feeling quite sure they had forgotten many things.

Mr. Todd drove. Saucy Susy agreed to be driven, which was really very obliging of her as she had never been driven at all, but Peter Murray barked to hurry her along, and though she didn't go quickly she went more quickly than she had ever gone before in her life.

Crystal fell asleep again. Mrs. Cuckie and Nip took naps, but Ada and Clocky and Teddy and Angelina Adorable stayed wide, wide awake.

On and on they drove.

There is lots of cotton being gathered now as the weather continues to be favorable for the gathering of the fleecy staple.

The late rains have made the alfalfa fields look fine. The farmers who are grazing their cows on it soon realize the value of a fine pasture.

F. E. Walker is milking three cows now that supply his family of seven with milk, butter and cream, and he sells five dollars' worth of cream a week, and is feeding only home-grown feed and using alfalfa for pasture.

M. E. Tree has his barns full of feed and still has maize in the field. Mr. Tree had the larger part of his farm in feed.

Bryant-Link Company Sold Out

We have practically sold out our entire stock of Ladies' Hats, Coats and Dresses, and Mrs. King is now in the market buying a complete new stock. By the time you read this, the new things will be coming in on every express. We cannot tell you about all the new things—you will simply have to come and see for yourself. But we will have in this new stock all the new materials: crepe de chine, Crepella, flat crepe, Canton crepe, Georgette, transparent velvets and wool crepes. Tiered, flare and wrap around models. Pin tucks, seam pleats, buttons, buckles and belt. In beige, tan, brown, henna, rust green, navy, oxford grey, red and black. Sizes to fit your bodies, prices to fit your purses!

Our Ready-to-Wear Department is a department exclusive. Mrs. King, Mrs. Watson and Mrs. Dickey, work in this Department. They specialize in Ladies' Wear and should be more efficient than salespeople who try to serve you in all the items handled in a dry goods store, and ladies are coming from other towns and great distances to buy their hats, coats and dresses. There is a reason: quality, style, service and you get your Blue Stamps with every purchase.

QUESTION BOX

ON HEALTH Subjects Edited By
STATE DEPARTMENT of
HEALTH
J. C. Anderson, M.D. State H.O.

THIS column will be given to discussion of matters pertaining to public health. Any questions regarding public health administration, prevention of diseases, child care, sanitation, etc., will be answered in succeeding issues of this paper. Questions in regard to cure of diseases will not be answered, as the scope of this Department includes only disease prevention. Address Question Box, State Department of Health, Austin.

QUESTIONS

1. How can the malarial mosquito be differentiated from other kinds of mosquitoes?
2. Does the malarial mosquito also transmit the germs of dengue?
3. What are the symptoms of hookworm in children?
4. What is the cause of whooping cough?
5. What is the cause of measles?
6. How is measles transmitted?
7. Is salt necessary to life, and how much salt is needed annually by the human body?
8. Give what you think is necessary for the good care of the feet.

ANSWERS

1. The Anopheles mosquito which is the malaria carrier, is dark brown in color, slender and has spotted or dusky wings. It is larger than the Culex, the pestiferous, small mosquito that bites at any and all times, and when biting the malarial mosquito has the appearance of standing on

his head.

2. The mosquitoes that are dengue carriers are different from the malarial carriers. The dengue carrier is known as the Aedes mosquito, and is also the carrier of yellow fever germs.

3. The usual symptoms of hookworm in children are: sallow complexion, lack of energy, mental dullness, and a bloated abdomen.

4. Whooping cough is caused by a small bacillus which reproduces itself on the mucous surface of the trachea. This disease is most common up to the sixth year of life, and declines rapidly after this time. Adults rarely suffer an attack.

5. The infectious agent causing the measles is yet unknown, but it is an infection of the respiratory tract.

6. Measles is contracted through direct personal contact or direct contact with fresh nasal or throat discharges from a measles victim. It is the most easily transmitted of any of the communicable diseases. The infectious agent is present in the blood of a patient as well as in the secretions of nose and throat, even before the rash appears. Then, too, the disease is most contagious during the few days just preceding the appearance of the rash, which is a big factor in its rapid spread through a community, as numbers of children are often exposed through contact with a child thought to be suffering only from a cold.

7. Every living thing would perish without salt. This is true because every tissue of the body has a small content of iodine, and this is renewed by the consumption of salt. Perhaps a conservative estimate of the amount of salt required by each person for a year's time, is 16 to 18 lbs.

8. The feet are marvelously built, and if well treated will give marvelous service. Faulty shoes cause more foot misery than anything else. The shoes should be fitted to the feet, and not the feet forced into shoes to which they are not adapted. Ordinary care of feet require a bath daily frequent change of hose, with hose

and shoes both well fitted, and good care of the toe nails, which should be cut straight across and not slanting at the sides, as this tends to cause ingrowing toenails.

Governor and Mrs. Dan Moody have been asked to attend Brady's annual Turkey Trot to be held there November 11. West Texas Chamber of officials have also been invited to participate in the event, which will be

climaxed with an elaborate banquet in the evening.

R. Hedges, of Girard, was transacting business in our city Saturday.

W. M. Stephens, of Dickens, was in our city Saturday, looking after business matters.

A new 20,000 egg capacity hatchery will be ready in Tulla soon. It

is estimated that daily sales of poultry products from there amount to \$1,300.

Why Chevrolet Performance is Thrilling Millions

Never before was a low-priced car so delightful to drive as today's Chevrolet!

Fast get-away... easy, smooth operation... high speed roadability... unflinching power... and flashy acceleration—

—exactly the type of performance that everyone wants in an automobile today!

In addition, there is all the finger-tip steering, all the positive braking and effortless gear shifting that have made Chevrolet so decidedly popular for congested traffic. And never before was a low-priced car so comfortable—for Chevrolet springs are 88% as long as the wheelbase... and built of chrome vanadium steel!

Come in! Learn what a feeling of confidence it gives you to drive a car that is powered for the exceptional need... that is smooth and quiet at every speed... that responds to the slightest pressure on the steering wheel.

Then you'll know why millions have acclaimed today's Chevrolet as the finest performer in the low-price field!

WELCOME CHANGES FOR THE BREAKFAST MENU

(Editor's Note: This is one of a series of cooking articles by six of the country's best-known cooks.)

Bacon, eggs, toast, cereal. Mighty good for breakfast, but don't we sometimes get tired of them?

MARGARET ALLEN HALL

Hot breads are always welcome, and they don't take very long to prepare. And waffles make a big hit, although they require a little more work on the part of the cook. However, it's worth it, when we see the look of pure joy on the faces of the youngsters while they eat.

Berry Muffins

Blueberries, huckleberries, raspberries—any berries in season—are delicious in muffins. Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics, gives her favorite muffin recipe.

- 1 cup fresh berries
- 2 tablespoons butter
- 2 tablespoons sugar
- 1 egg
- 1/2 cup milk
- 2 cups sifted flour
- 1/2 teaspoon salt
- 4 teaspoons baking powder

Sift the dry ingredients together. Cream the butter and sugar. Add the milk and the dry ingredients alternately. At the last, fold in the berries.

Always flour berries before putting them into the batter. This keeps them from going to the bottom.

It's always best to have a hot oven for muffins and biscuits. If you cook with a modern long-chimney oil stove, turn the flame until yellow tips appear, about 1 1/2 inches high above the blue area. This flame pre-heats quickly.

Golden Corn Muffins

Corn muffins, crisp and golden crusted, are delicious. This is how Miss Hall makes them.

- 1/2 cup cornmeal
- 1 1/2 cups flour
- 2 tablespoons sugar
- 1/2 teaspoon salt
- 1 tablespoon melted butter
- 1 cup milk
- 1 egg
- 4 teaspoons baking powder

Sift the dry ingredients together. Beat the egg, add the milk and stir in the dry ingredients. Then add the melted butter. Turn into muffin tins and bake in a hot oven twenty-five to thirty minutes.

New Pancakes

Pancakes? Of course! Every family likes them, sour milk, and buckwheat. But have you ever tried rye pancakes? Delicious. The following recipe is contributed by Miss Lucy G. Allen, principal of the Boston School of Cookery.

Delightful Bread Pudding

No one will ever object to eating chocolate bread pudding. It just touches the spot when one's sweet tooth is aching. And, better yet, from the cooking point of view, it uses up stale bread.

Scald one pint of milk, add one cup of stale bread crumbs which have been rubbed through a sieve, and set aside to cool slightly. Beat one egg slightly, add one-third cup of sugar, one-eighth teaspoon of salt and add to scalded milk.

Melt over hot water one square (one ounce) of cooking chocolate, stir to a smooth paste with three tablespoons of boiling water and add to mixture.

Pour into a buttered pudding dish, set dish in a pan of hot water and bake in a moderate oven. It will take about one hour. Serve with either cream or a hard sauce.

Apple Pan Dowdy

Inexpensive and quickly made. These are two of the virtues of old-fashioned apple pan dowdy.

Pare five or six large apples, cut in eighths and put into an aluminum saucepan. Add three tablespoons water, one quarter cup of sugar, one teaspoonful grated nutmeg, or one-half teaspoonful cinnamon if preferred.

Cover and cook about five minutes. Mix thoroughly 3/4 cup bread flour, three teaspoonfuls baking powder and one-half teaspoonful salt. Cut in with knife two teaspoonfuls butter, then add one-half cup of milk, stirring with knife.

Handle as little as possible and spread the dough over the apples. Cover closely, place on an asbestos mat over the flame and cook until done without lifting cover, for about one-half hour. Invert pudding upon serving dish and serve with sugar and cream or the following sauce.

Foamy Sauce: Beat very stiff the white of one egg and then beat in 1/4 cup of powdered sugar; transfer egg beater to yolk of one egg and beat until thick and light-colored, then beat in 1/4 cup of powdered sugar. Cut out and fold mixtures together, beat in two tablespoonfuls hot cream or top milk and flavor with vanilla.

All of these desserts are simple and easily made according to Miss Allen's tested recipes.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Dickens County, GREETINGS:

You are hereby commanded to summon C. L. Douglas and C. Douglas, whose residence is unknown, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county; but if there be no newspaper published in said county, then in any newspaper published in the nearest county where a newspaper is published, to appear at the regular term of the County Court of Dickens County, Texas, to be begun and held at the courthouse thereof, in the town of Dickens, Texas, on the third Monday in January, 1928, then and there to answer the petition in a suit filed in said court on the 28th day of Sept. 1927, the file number thereof being No. 365, wherein Bryant-Link Company, a corporation, is plaintiff, and C. L. Douglas and C. Douglas are defendants, the nature of plaintiff's demand being as follows:

Plaintiff sues defendants upon a certain joint and promissory note alleged to have been executed and delivered by defendants to plaintiff for value, dated Feb. 6, 1923, for the sum of \$859.48, due on or about Oct. 1, 1923, and payable to the order of plaintiff with 10 per cent interest per annum from maturity, payable annually, and providing for 10 per cent attorneys fees if placed in the hands of an attorney for collection; plaintiff being the legal holder of said note, which is past due, and defendants have refused to pay same, or any part thereof, and by reason thereof, plaintiff has placed said note in the hands of its attorney for collection and suit and became bound to pay said attorney the attorneys fees provided for in said note. Plaintiff prays for judgment for its debt, principal, interest, attorneys fees, costs, and for general and special relief.

Herein Fail Not, but have you before said court, on the first day of said term thereof, this writ, with your return thereon showing how you have executed the same.

Witness: Robt. Reynolds, Clerk of the County Court of Dickens County, Texas. Given under my hand and seal of said court at office, in Dickens, Texas, this 28th day of Sept., 1927.

(LS) ROBT. REYNOLDS, Clerk, County Court of Dickens County, Texas. (10-6-47)

See the latest Perfections

You can sleep a little longer in the morning when you use one of the latest Perfection Oil Stoves! It cooks any of your breakfast favorites quickly—light muffins, crisp bacon, fragrant coffee.

Touch a match to the wick. At once full-fledged heat is driven up the long chimneys, straight to your cooking. The newest Perfections hurry meals.

Ready for instant use, no coal or wood to haul, no fire to coax into action. Use only kerosene, the safe fuel.

Miss Hall Says—

"The Perfection is easily lighted, and intense heat is quickly produced."
 MISS MARGARET ALLEN HALL
 Nutrition Expert, Battle Creek College of Home Economics.

When the cooking is done, no sooty kettles to scour. For every drop of oil is completely burned in the long chimneys before the heat reaches the cooking. No smoke, and no odor.

Quick to light! Quick to cook! Perfections can be depended upon for any cooking task. Ask your dealer to demonstrate the newest models.

Perfections range in size from one to five burners. Priced from \$7.25 to \$130. Be sure to see them!

GIRLS' AUXILIARY ORGANIZATION.

The G. A.'s met with their Counselor Mrs. Con Moore Thursday afternoon. Mrs. Moore acted as president, program, and the following officers were elected:

Edith Hicks—President.
Evalene Hazel—vice-president.
Leona Denson—Secretary.
Myra Moore—pianist.

The membership was divided into two groups. The Junior group will be known as the "Queen Esthers;" Nellie Mecom is captain of this group.

The Intermediate group will be called "Daughters of Ruth;" with Sybal Hazelas captain.

An interesting program has been arranged for Thursday P. M., at 3:30, and the meeting will be at Mrs. Moore's. Every girl from 10 to 15 is invited and urged to attend this meeting.

EAST SIDE

CIRCLE—B. W. M. S.

The East Side Circle met with Mrs. Lummus on Monday afternoon at 3:30 o'clock.

The chairman gave the devotional reading—the 97th Psalm.

Several items of business were satisfactorily dispensed with, after this an hour was spent in study of the "Studies in the New Testament," under the leadership of Mrs. Con Moore.

The circle will meet with Mrs. Moore in called session on Tuesday, Oct. 25.

A 100% attendance is anticipated.
