In regard to his feed crop he stated that he was planting milo maize a hegira in different places on his farm. "I need feed just as much as I need cotton," he said, "As I have several cows and chickens on my place. These are about as profit-able to me as cotton."

Mr. Randall spoke about the in-

come from his cows and chickens. He "The produce which I brought in today amounted to \$10.20. The sale of eggs and cream from the farm just about takes care of all of our farm expenses. Of course, this takes a little time but it is about the best money we make considering the time required." In speaking further about the cows and chickens, Mr. Randall stated that he rarely ever had to ask his banker for assistance, but that it was his plan to make the farm expenses on the farm each year.

He is planning on buying a tractor Lower Prices and be able to farm more efficiently. He stated that his land is of such nature that the state of the state o ture that it should be gone over in a very short time and he could not do E. J. Caraway, local Chevrolet this with horses. INSTALLING NEW STORE IN SPUR

Messrs. O. B. Bowman and J. Mort Smith are opening a new dry goods and shoe store in the building that was formerly occupied by C. Hogan & Company. This will be entirely a new stock as all of the stock owned by C. Hogan & Company has been disposed of. Hence, the new firm are installing an entirely new stock. They expect to be ready to open doors to the public next Saturday.

Mr. Bowman has been in the dry goods business for many years and has been a very successful merchant, having acted as manager for some very large stores. He was located in Wellington five years where he acted as manager of the large establishment of J. D. Ellis & Company. He decided to enter business for himself and ocated in Plainview where he had a fine business for three years. He located in Crosbyton a short time ago, but he has been wanting to locate in Spur for some time and as an opportunity presented itself he anxiously made the move. "Wherever I have been since starting this campaign March 3 at Denton I have tried to inform the men and women of Texas of the relationship between their interests and those of other States; I have tried to suggest to them certain evils now existing in national legislation that work to the detriment of Texas producers and also how these evils may be cured with proper representation in the Senate. At the same time I have learned many things from these producers that the average man would not know without close contact with their prob-

For instance, in the Rio Grande ing from the effects of our tariff schedules which allow Egyptian onions to be shipped into American ports, there to compete in prices with the product of Texas gorwers. This includes the product of th influx of foreign commodities, produced with cheap labor, has caused prices in t larger markets to sag below the ofit line. I shall make it my purpose to have the tariff schedule amended to place a tariff on foreign onions and other commodities that will kepp them out of competition in America with American commoditites. That is one of the things for which I am making this campaign and I found the people of Texas intensely interested in my discussions of tariff revision along these lines. It means dollars and cents to

Owsley's tour of the Rio Grande Valley established his wide popular-ity in that area and he came out at Brownsville highly encouraged with

"Webb County Democrats in their recent convention endorsed me for the United States Senate, and I went to Laredo to thank them for this action," Owsley said. "I found the citizens interested in my platform and candidacy in Hebronville, McAllen, Mission, Mercedes and Brownsville. At Rio Grande City in Starr County, I spoke to the largest crowd ever assembled there and I was the first candidate for the senate ever to speak in Starr County. They gave me rousing receptions in Harlington, Gonzales and Schulenburg. We had an old fashioned Democratic rally at La Grange where the district judge in-Grange where the district judge introduced as their candidate for the senate.

In his East Texas tour next week the candidate will be at Athens June

Chevrolet Plant

DETROIT, June 4 .- Marking the latest step in a movement to keep pace with the growing demand for its product, the Chevrolet Motor Com_ pany announced here today that construction will start shortly on a mam-moth assembly plant in Kansas City. This follows closely on the opening of a similar plant in Atlanta to serve

When completed in October, the Kansas City plant will be the largest automobile factory in the Southwest and will represent an investment of more than \$2,200,000. Like the Atlanta plant, the Kansas City factory will have a capacity of 350 cars a day, providing Chevrolet with facilities for the production of more than 1,250,000 cars annually. The new factory will serve Western Missouri

Kansas, North and South Dakota,
Wyoming and Colorado.

With the exception of the office building the units will all be of one story, mon_ iter type roof construction, allowing for the maximum amount of light for workmen. Nearly one-half of the huge Chevrolet-Fisher assembly unit will be occupied by the Fisher Body Corporation for the building of bodies. Corporation for the building of bodies for all Chevrolet closed cars. This close association of the world's largest and foremost automobile builder will enable Chevrolet to provide the same type of service available in other Chevrolet assembly plants throughout the country. Buildings will have a total of 410,00 sq. ft. of floor

Work will be provided for 1,500 people and the payroll will exceed \$9,000 daily. Following the Chevrolet policy of recruiting workmen from the respective communities in which its plants are located, local help will be employed almost exclusively, with the exception of a few technically trained men heading the various de-partments. This plant will be equipped with the latest appliances for the efficient manufaturing of automobiles similar to those in use in Chevroless plants throughout the country Edward Shaw, at present general superintendent of the Chevrolet assembly plant in Flint, will assume

management of the plant.

ABILENE, May 31.—Automobile racing fans of West Texas will be treated to a 40-mile contest between the fastest drivers participating in ject will provide Chevrolet with nine the annual July Fourth speed classic assembly plants throughout the country and an export plant at Bloomfield, N. J. Domestic assembly plants

Fair Association approved the proare located in Flint, Atlanta, Tarry-town, Norwood, Oakland, Buffalo, Janesville and St. Louis. In addition, Chevrolet maintains manufacturing Association under whose auspices all automobile races here are held.

Prizes totaling \$3,000, plus 20 per Ready cooperation on part of city cent of the gross grandstand, bleacher and automobile gate receipts in exception the course of the Rayton road cess of \$6,500, will be offered to winners in the five events that will com. prise the July Fourth program. The standing award of \$50 to the driver etting a new record for two laps on the five-eights mile track in the time trials also will be offered. The present record of 65 seconds for two laps was set three years ago by Frank Lockhart, internationally famous racng driver who was killed recently at

A purse of \$700 plus the percentage nsed on the gate receipts, will go to be winner of the 40-mile event which to be known as the West Texas Sweepstakes-the longest automobile race staged here in recent years The second place winner will get \$350 third place \$200 and fourth place

Four other major races, ranging from 10 to 15 laps will be staged, purses ranging from \$50 to \$350 going to the first place winner in these

The attractive purses are expected to attract some of the leading dirt O. C. Scott of Watson community, track drivers of the country this year, according to Mr. Jefferies. Especially is the 40-mile race expected to be a big drawing card. Entry blanks will be sent out immediately by Mr. Jef-feries to all likely participants in the races within the next few days.

Negotiations are being carried on by the West Texas Fair Association with Ralph DePalma, internationally known racing driver, and George Souders, winner of the Indianapolis Speedway classic last year, for a dual contest as a feature of the July Fourth program. Souders is well known in West Texas, having participated in automobile races here on several occasions. At one time he was a mechanic with an automobile agency

W. C. Lilly of Nacogdoches, was here the last of the week visiting his brother, J. J. Lilly north of town. He spoke very complimentary of Spur country and said these must be very

New Generator Now In Operation

ANGELO, May 31 .- Additional the 50,109 electric customers of Texas Utilities Company. ew 8500 horsepower generating begun last November at San elo, has been completed and now furnishing electric energy to the voltage transmission lines exing throughout the territory red by the West Texas Utilities

The turbine was started at 5 o'clock 1, the date which the new unit scheduled to be completed. Severlays were required in adjusting the achinery. The distribution system San Angelo has been changed over om 2,300 to 4,150 volts, increasing the capacity of the distribution lines aree-fold. This necessitated the closdown of the 8,500 horse power t in operation there since last ptember for adjustments. This was mpleted early this week when both mits went on the line. The new unit is the second built

San Angelo within the past year. The first unit, also 8,500 horsepower put into operation last Septem_ Both are identical in design and ere similarly equipped.

An Alis-Chalmers turbine, which perates on 350-pound steam pressure; A Sterling type Babcock and Wilcox boiler of 556 horsepower added to the battery of three already in service; a 20,000 square foot condenser which uses 8,600 gallons of water per minute in cooling the exhaust steam from the turbine and a 150 horsepower circulating pump and two-stage steam jet ejector comprise the equipment in the new unit. Gas burners will be used in the heating the four boilers, proximity to a plentiful supply of gas having warranted the dis-
