

Tax Notice

I will be at the following places to collect 1933 taxes and issue 1934 Automobile License tags on these dates:

McAdoo, Thursday morning, Jan. 4
Afton, Thursday afternoon, Jan. 4
Spur, Friday and Saturday, Jan. 5-6.

All delinquent taxes will have to be paid at the office in Dickens.

W. B. Arthur
Tax Collector, Dickens County

company plans and policies to be effected next year. The third day was devoted to group discussions. Immediately after the close of this convention, dealers began arriving by regions for a one-day demonstration and test of the new models on the proving grounds. First to arrive were fifty dealers from the Pacific coast, who volunteered to make the trip East if they would be permitted to see and test the new models in advance of the public display. Thereafter, other dealer groups from the remaining seven regions were entertained during the preview, with prospects that at least one-third of the national dealer body would have seen and driven the new cars in advance of their local zone showings. The handling of the demonstrations and the conventions was planned months in advance and occupied the sole attention of sales department heads for a number of weeks past. In view of the enthusiasm shown by the visitors, company officials anticipate a most successful public announcement of their new 1934 models in the near future.

BELL- HUTTO

Miss Weldon Bell and Mr. Truett Hutto were married Sunday at Walters, Oklahoma by Rev. G. W. Hutto, father of the groom.

Mrs. Hutto is a graduate of the Spur High School with honors and is a popular member in church and social circles, she is the eldest daughter of Mr. and Mrs. W. A. Bell.

Mr. Hutto is also a graduate of the Spur High School and attended school in Oklahoma. He resided with his grandmother, Mrs. G. W. Hutto while attending school here. His father, G. W. Hutto is pastor of the First Baptist Church at Walters.

Mr. and Mrs. Hutto will make their home at Chattanooga, Okla. where Mr. Hutto is teaching in the public schools.

MR. AND MRS. A. J. RICHEY ENTERTAIN

Mr. and Mrs. A. J. Richey entertained Friday afternoon with a Christmas luncheon. In the living room was a large Christmas tree and in the dining room the table was beautifully decorated carrying out the Christmas spirit. Those attending were Mr. and Mrs. Richey's daughters Mrs. Iva Beene, Miss Eric Richey, Miss Muri Richey, and little grandson Bobby Cheyne; guests were Mr. and Mrs. J. R. Richey and son, Robert, and daughter, Helen of Croton community.

This group enjoyed a Christmas tree celebration at eight Friday night. Other guests for the Christmas tree were Howard Richey, Mr. and Mrs. W. M. Hunter and sons, W. M. Jr., and Clifford B. of Spur and Mr. and Mrs. W. N. Graves of Dickens.

Chevrolet Officials View New Car

Upwards of 3,500 Chevrolet field officials and dealers have been visiting the General Motors proving grounds at Milford, Mich., the past week for their first view of the company's new 1934 passenger cars, and for a presentation of merchandising plans for next year considerably expanded over 1933.

The new models, embodying "knee action" wheels and many other advanced features, have generated great enthusiasm from the standpoint of

appearance and performance among the visitors than any models in the recent experience of the company, according to William E. Holler, General Sales Manager, who is conducting the meetings.

The first group entertained arrived Tuesday. In it were 300 officials of the company operating in the eight regions and forty zones in the United States. Theirs was a three-day convention, held the first day, during which time the field men drove the cars over the severe test roads of the grounds.

The second day was spent at Detroit hearing a detailed discussion of

Ring Out The Old; Ring In The New!

It's A New Year and A "New Deal" For All

1933

The dawning of the New Year 1934, brings more economic changes and more opportunities for business advancement than in many previous years. Our country under a great leadership is bound to move forward. What a different outlook this is from the past few years, how welcome is the hope of better business to every one in America.

With improved business and industrial conditions, more and better jobs for all will quickly follow. With more people employed our country as a whole is bound to move forward.

The Spur Coffee Shop is proud of the fact that we have withstood the setbacks of the worst business depression in history, and realize fully that we could not have done so without the loyal support and influence of our friends. So for New Year's Day we want to express our gratitude to you all for your many favors, and pledge renewed efforts toward making our service even more attractive than it has been in the past.

We want to ring out the old and ring in the new with the coming of 1934. Forget the hardships of the past and look forward to the future with keen anticipation of health, wealth and prosperity for all under the leadership of the "New Deal!"

SCHOOL DAYS

By DWIG

the past week. Mr. and Mrs. C. Evans made a business trip to Lubbock last Wednesday. P. E. Hagins and family have their son, Olan, with them for the holidays from school in Denison. Phil Simmons came from school in Weatherford to be with home folk for Christmas. Mrs. C. Evans left Friday for Wainright, Okla., to be with her mother, who is quite feeble. Mark McQuerry and family of Lubbock, spent Wednesday night with S. C. Thomas and family. They were on their way to O'Brien to spend Christmas with his parents. Brother Sidney Cox filled his appointment Sunday and Sunday night to appreciative congregations. The expected marriage of J. E. McKenzie of Peacock, and Miss Willie Mae Durham of Gilpin, took place Friday, December 22, Brother Cox saying the ceremony. The Duck Creek school closed for the holidays Wednesday with a short program and a school Christmas tree. Brother Laney, the Methodist pastor, preached Sunday at three o'clock and left an appointment for Sunday night, December 31st.

ternoon. Rev. E. L. Yeats, pastor of Spur Methodist Church spoke at the funeral. W. S. Campbell was in charge and interment was made in Jayton cemetery. Mr. Craig was born in Tennessee June 13, 1861, being 72 years, 6 months and 11 days old at the time of his death. He had been a resident of Dickens County for the past fourteen years, engaged in farming.

THE CHURCH OF CHRIST

Services for Sunday, December 31. Bible Study, 10 a. m. Preaching and worship, 11:00. Subject: "Progress in the Right Direction."

Preaching 7 p. m. Subject: "Paul's Letter to Philemon."

As I look over the past three months work, I do so with gratitude and appreciation for the splendid cooperation that has come from the church. Interest and attendance has built up in a fine way all along. Nevertheless, much remains to be done, and as we enter the New Year, I trust each member will do so with increased feeling of responsibility, and determination to do more in this year than he did in the last one. Among our plans, more of which will be announced from time to time, is a meeting to be conducted from July 17 to July 29, 1934. John T. Smith, minister of the Church of Christ of Lubbock, has been engaged to do the preaching in this meeting. We believe we have secured one of the best preachers in Texas for this meeting, and that you will be glad you heard him preach. Albert Smith, Minister.

A WORD OF APPRECIATION

We are proud of the fine gifts the people gave us and thank each and every one of you, and wish you all good luck. Mr. and Mrs. Arthur N. Watson.

JOHN RIGHT CRAIG

John Right Craig, 72, passed away at his home three miles east of Spur last Friday afternoon, heart trouble being attributed to be the cause of his death. Funeral services were held at Jayton at two o'clock, Monday af-

PRODUCTION CREDITS ORGANIZED FOR FARMERS

The organization of Production Credit Associations throughout the state is proceeding rapidly. Tully C. Garner, vice president of the Production Credit Corporation of Houston, said Monday. Organization meetings have been held at Tyler, Texas, Marshall, Sherman, Corpus Christi, Palestine, Gainesville, Nacogdoches, Austin, Harlingen, Huntsville, Jasper, Laredo, San Saba, Corsicana, Mexia, Wharton, Beaumont, Crystal City, Coleman and Bryan. It is the plan of officials of the corporation to complete the initial steps toward incorporation of associations throughout the state by January 6. "We are making every effort to provide channels through which all eligible farmers and ranchmen may obtain short-term credit for production purposes," Mr. Garner said. "These Production Credit Associations, will make loans to farmers for general agricultural purposes and it is our plan to have all such organizations functioning before March 1st." Applications for charters for 24 associations have been recommended to Governor Wm. I. Myers of the Farm Credit Administration at Washington by officers of the Production Credit Corporation of Houston. As soon as the charters have been approved by the Farm Credit Administration in Washington, the first meetings of the board of directors will be held and the associations will then be ready to consider applications for loans to farmers in their respective districts.

Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning 'Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25¢ at drug stores. ©1931 C. M. Co.

New Years Greeting

Christmas is passing, the cards have been coming from and going to friends, carrying the devices that refresh the hungry flowers of friendship. Purse strings have been loosened and the golden flowers of kindness are blooming. Gifts have told the story of deathless love. And words of sympathy and cheer have revealed the better parts of man showing that the divine spark is not dead. These things tell us Christmas has been. Our better selves tell the story and we need not consult the calendar for Christmas is a spirit, an atmosphere, an environment, not merely a date. We may have gone through the year believing there was no Santa Claus, no fairies, no mystical experience. We know better now, because we have stood in the presence of the season dedicated to love and beauty.

Life may have been common place, a few weeks ago, but it has been glorious the past few days, the bells of Christmas have tolled the carols, and our souls have been attuned, because it has been Christmas, and we know God lives again in man and the chords that had been insensitive to a brother's joys and griefs have been recited. We know that Christmas has passed, but may we all carry some of the good that has come to us into the new year which is soon to be born.

We all love new things, new opportunities, new chances to live better, to miss the mistakes of the past year, to plan, to hope, to dream of the changes in our lives that we want to make and are just waiting for a starting place. The New Year gives us a starting place. When we look back over 1933, we as an institution feel we should have done many things different, "better." We are not satisfied, though we are thankful. 1933 was a better year than we had faith at its beginning to believe it would be. We thank every one of you for your business, your friendships, for the good things you have said about us, and we forgive any who may have thought ill, for we feel if you knew all about us you would have thought differently. We believe 1934 is going to be better than 1933, and think our faith is well founded.

We wish for all our friends the blessings of the New Year, may it come to you laden with the things best for you. We believe in the people of this country. Many of you are te salt of the earth, you have been weighed in the balances of adversity and were not found wanting. May the strength of character these adversities have brought, help you to do great things during 1934.

May God's richest blessings come to you as the New Year comes and continues with you to its close and on and on until your lives have been mellowed by service and you are called up higher.

C. W. A. HEIPS HEALTH DEPARTMENT

A new stimulus to construction of needed sanitary improvements exists in the opportunity for cities and small towns in Texas to secure federal aid in relieving unemployment through the civil Works Administration Board. This financial assistance will be devoted to payment of labor employed on public works projects and does not extend to cost of materials. The State Department of Health is maintaining a school in which men are being trained for this work in the various counties.
 There are numerous cities and towns where this represents a golden op-

portunity not only to relieve unemployment but also to carry out needed sanitary improvements which have been held in abeyance for lack of funds. Mosquito control work has already begun in some places.

The elimination of surface toilets and installation of pit toilets, protection of private water supplies, nursing service, statistics, and other activities that will protect the public health are eligible under this work.

Sewer extensions in unsewered localities represent work that will utilize a large amount of hand labor. In many instances, such extensions will greatly improve living conditions and enhance the value of property. Some health nuisances exist that cannot

be completely remedied until public sewers are provided.

Another aid to sanitation exists in the possibility of covering over, and in some cases, eliminating, community refuse dumps that constitute eyesores as well as a breeding place for flies and rats.

W. F. Shugart, of Red Hill, was greeting friends in our city Tuesday and paid the Times office a pleasant visit.

Dr. and Mrs. J. Frank Baggett, of Crosbyton, were guests of Mr. and Mrs. J. H. Clay Sunday.

Mr. and Mrs. W. A. Higginbotham, Jr., of Fort Worth, spent Christmas with Mrs. Higginbotham's parents, Mr. and Mrs. T. C. Ensey.

UNIVERSITY BUILDING PROGRAM GUARANTEED COMPLETION

With the allotment to The University of Texas of a loan and 30 per cent grant, totaling \$1,633,000, for the construction of the final unit of the Administration-Library Building, which will replace the remaining part of the original Main Building, the rounding out of the great building program of the University is in sight. It is expected that construction will be started within six months and will require seventeen months. With equipment, this additional structure and the nine other buildings which were recently erected on the University campus will represent an investment well over \$6,000,000. This is exclusive of landscaping, Memorial Gateway and other which when the program has been completed shall have cost an additional \$400,000, or more.

When your head aches; when Neuralgia tortures you; when Muscular Pains make you miserable—take a Dr. Miles' Anti-Pain Pill. Mr. Smith is one of millions who have found this easy way to prompt relief. He says:—
"I keep Dr. Miles' Anti-Pain Pills in my pocket and when I get a dull heavy feeling in my head, I take a Dr. Miles' Anti-Pain Pill and the pain passes off."
DR. MILES' ANTI-PAIN PILLS

Not a cent of money that has been or will continue to be used for those and other recent improvements has come from the tax payers of Texas. The money has come from the sale of oil and grass from the land endowment of 2,000,000 acres which the University owns.

The Legislature approved a plan whereby the Board of Regents would issue obligation bonds in the maximum amount of \$1,200,000, secured by the unnumbered part of the available fund, that is, from grazing and other surface leases, which would be pledged as collateral with the Federal government to guarantee the payment of the loan requested. The regents submitted originally a request for \$2,800,000, of which 1,800,000

would be for the main building-library extension and \$1,000,000 for four or five self-liquidating dormitories.

The most striking feature of the new administration-library building will be a tower of 31 stories, or levels, to be used for book stacks, and perhaps some offices. The height of the tower will be 286 feet, including the elevation of the building upon which it will rest. The new addition is designed to house the offices of the president, comptroller, registrar, auditor and other administrative offices.

CATTLE CLUB HOLDS MEETING AT LUBBOCK

Lubbock, Texas, Dec. 20. Several hundred Texas Jersey cattle breeders and agricultural officials are expected here Jan. 3, 4 and 5, for the annual conventions of the Texas Jersey Cattle Club and the Texas Agricultural Workers' association.

Texas Jersey Cattle club's president, Jno. W. Underwood of Denton, will open the convention Jan. 3 with a report on the year's activities. Jack Shelton, Luling, will report on the American Jersey Cattle club; L. P. Merrill, "What the Buyer Sees"; Dr. V. H. Scott, John Tarleton "Diseases of Dairy Cattle"; Chas. N. Sheppardson, Texas A. & M., "Wich Way"; E. C. Martin, State 4-H club boys agent, "4-H Dairy Calf clubs"; Dr. L. C. Crabb, State Veterinarian, "Flowing up Cows," and E. R. Eudaly, Texas Extension Service, "Milk Marketing Agreement."

W. L. Stangel, Texas Technological College, will be toastmaster at the annual banquet.

Jack Shelton, Luling, president of the Texas Agricultural Workers Association, will open the seventh annual convention for that organization shortly after noon, Jan. 4. Principal addresses that afternoon and the next morning include: L. C. Gabbard, Texas A. & M., "Improved Methods of Collecting and Spending Taxes in other States"; Judge Otis Miller, Jones County, "County Organization"; S. A. McMillian, Texas A. & M., "Land Tenure Committee Report"; Dr. J. O. Ellsworth, Texas Technological College, "Ways and Means of Bringing Back the Purchasing Power of the Farmer's Dollar"; Miss Mildred Horton, State Place of the Rural Home Maker in the Modern World."

Dr. R. H. Montgomery, Texas University, and Dr. T. O. Walton, president, Texas A. & M., will be principal speakers at a banquet and Dr. Montgomery will speak again at the closing luncheon.

TEXAS STATE DEPARTMENT OF HEALTH

Austin, Texas, Dec. 27. At the close of the old year, and looking forward to 1934, Dr. John W. Brown, State Health Officer, reminds Texans that this is inventory time and that this is quite as important to "take stock" of one's physical assets and liabilities as it is of one's financial resources.

"We would not think of running our automobiles without having them thoroughly gone over, every now and then. But we neglect to have this very important thing done to the wonderful human mechanism we carry around with us in our bodies. We can buy spare parts for our automobiles—engines, batteries, wires, all the rest of the paraphernalia that goes into the making of a serviceable car, but when the heart, the kidneys, the nervous system, or other parts of the human machine show signs of wear and tear, we can't replace them with new ones. But we can find out how to take care of our human mechanism, so that we can conserve and prolong its usefulness.

"One of the best ways to do this is for each person to go to his or her doctor, at regular intervals, for a thorough medical inspection of the human machine. If a weak spot has developed in some part of the system, very often the doctor can advise as to ways by which the encroaching weakness or disease can be checked. This will help in prolonging life and prolonging it for healthy usefulness.

"The boys and girls who are growing up today are getting accustomed to these periodical examinations through the regular inspections they have in school. And every young mother knows that the best way to keep her baby and her other young children well is by having them under regular medical supervision. So it is the grown-ups who need this advice, and I urge each individual who has not had an examination recently to begin the New Year by

CLASSIFIED ADVERTISING

Let the car speak for itself

HUNDREDS of thousands of people now own and drive Ford V-8 cars. Some neighbor or friend of yours has one. If we told you what we think of the car, you might say we are prejudiced, so we let the car and its owner tell you.

Economy of operation is one of the first points they will emphasize—the owner will boast of it and the car will prove it.

The 1934 car is even better than the 1933—and that was our best car up to its time. The new car is more beautiful—faster—more powerful—gives more miles to the gallon—better oil economy—is easier riding—cheaper to own and operate than any car we ever built.

You owe it to yourself and your pocketbook to ask our Ford Dealer to let you see this car, and let you drive it for yourself. At the wheel of the car you will be sure to reach a right decision. The Ford V-8 will tell you its own story.

NEW FORD V-8 for 1934

We take this opportunity to thank our many customers for their patronage during the past year, and wish you a happy, prosperous New Year.
