Losé's Three Bets On Rain In Pennsylvania Since 1874

Byron Daily, a druggist of Waynesburg, Pennsylvania, wagered a hat Thursday, that it will rain Friday, and the odds are with him because it failed to sprinkle on July 29 only three times since 1874.

One of the three occasions was last year when Daily, third in line to keep weather records of the date, lost his shirt to Lew Rapport, a merchant in this southwestern Pennsylvania community.

"I made a mistake last year, switching to betting shirts instead of hats," grinned Daily, as Vincent Reeds, an automobile dealer, took up his bet of a hat.

Red Cross Representative To Be Here Soon

According to Spencer Campbell, chairman of the local Red Cross chapter, Roger C. Plaisted, representative of the organization's Midwestern Area Headquarters at St. Louis, will be here August 10th and 11th at Spur Municipal Swimming Pool to assist the chapter in its efforts to reduce the hazards of aquatics. During this visit the swimming expert will qualify new Life Saving examiners and give tests to local swimmers who have already successfully completed the rigid Red Cross examiner's course. Each year these examiners spread their knowledge of water safety methods to many others with the aim of holding casualties to a minimum.

In announcing the visit of Mr. Plaisted, the chairman called attention to the appalling death toll from drowning. Each year, he said about 7,400 persons are drowned. These fatalities exceed by hundreds the number of lives lost in steam railway accidents and explosions combined.

"In spite of the forward strides the National Red Cross has made in life saving," he added, "the annual loss

of life from drowning continues to be staggering, because in more recent years additional millions have answered the call of the surf, lake or pool.

"The worst of it is that the majority of the deaths are avoidable and generally can be traced to lack of knowledge on the part of the victim. Aside from the tragedies involved, drowning, which is the second most important cause of accidental death among men and boys, is extremely costly to industry. The wage loss, medical expense and overhead insurance cost involved in accidental deaths and injuries in one twelve-month period exceeded two billion dollars.

"Each year the accidental casualty list in America is much longer than the list of casualties this nation's armed forces suffered throughout the World War.

"The Red Cross is meeting the challenge of drowning, and through its chapters and trained staff is offering its Life Saving services without depriving swimmers of the zest and thrill in water sports."

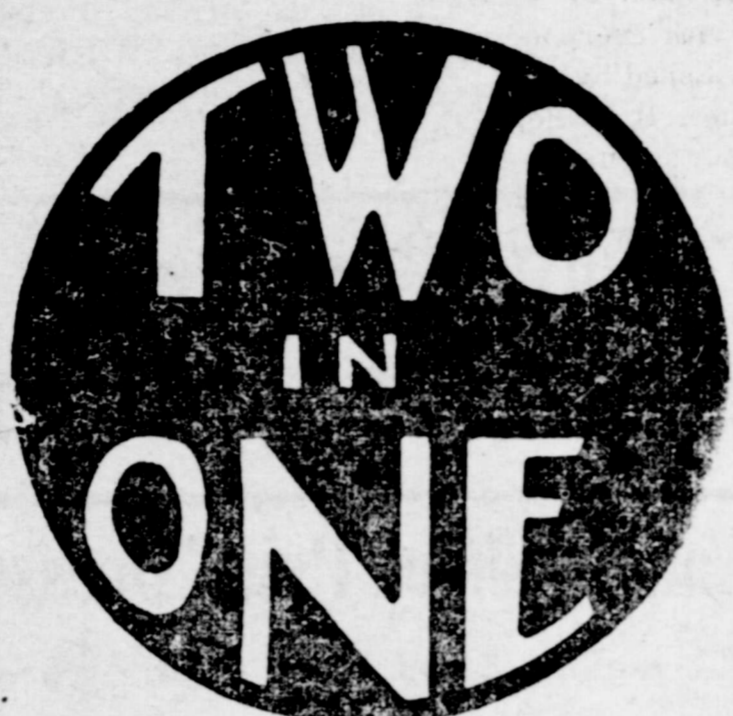

We urge all swimmers qualified to take this examiners course to get in touch with the local chairman at once and take advantage of this splendid opportunity.

Mr. and Mrs. F. F. Vernon and sons, Walter and Jimmie, returned the latter part of the week from a trip to California.

Mr. and Mrs. Dick Speer and little daughter, Marion, left the first of the week for an extended vacation trip to be spent in Galveston and Corpus Christi. Dick stated that most of this time would be spent fishing.

Losses Caused by Accidents Steadily Increasing

Last year, accidents cost the American people more than THREE BILLION DOLLARS. More than a hundred thousand lives were lost; more than a million persons injured.

35% of all accidents were in homes. Automobile accidents accounted for 34% of the total number of accidents reported to the National Safety Council.

The accidental death rate in the U. S. has increased 15% in the last 10 years. It is going steadily upward.

The need for accident insurance is more urgent now than it has ever been. Everyone is exposed to hazards at home, on streets and highways, and while at work.

Pressure Cooker Clinic To Be Held In County Four Days

An event of importance to all farm women with pressure cookers is the Pressure Cooker Clinic which will be held in the county for four days during August. By use of a pressure cooker thermometer, the accuracy of pressure cooker gauges may be checked, and this is the purpose of the pressure cooker clinic.

The clinics will be held at Spur, Afton and McAdoo. The first meeting will be in Spur for two days, August 12-13, at Bryant-Link's Hardware Store. Every farm woman within the vicinity of Spur is urged to bring her cooker to be tested; this is a free service to everyone from the Home Demonstration Clubs in the county.

Dates for the Afton and McAdoo clinics have not been set, but they will likely occur during the third week in August.

According to Miss Grace I. Neely, Extension Specialist in Food Preservation, any pressure cooker that has been used for two years should be tested, because inaccurate gauges cause spoilage, loss of water from jars, discoloration of food, and too frequently, "blow-ups". Getting these cookers tested will help farm women to locate the trouble that may have been causing poor quality canned products, not to mention the safety involved.

Community Meeting At Patton Springs

A community meeting for the purpose of organizing a Community Agricultural Association will be held at the Patton Springs schoolhouse, August 4, at 8:30 p.m. Everyone in the Patton Springs district is urged to attend this first meeting, which will be the time to see how many farm families in the community are interested in organization.

The program for this meeting is in charge of Mr. G. W. Bennett and Mrs. Carl Randolph, president of the Home Demonstration Club in Afton. Games for large groups will be directed by Mrs. Clark Forbis, with Jean Day, Home Demonstration Agent assisting. There will be special music by some local musicians and "fun for everybody." A brief business session will be held for electing officers of the organization.

The Home Demonstration Club at Afton, in charge of refreshments, asks that every woman bring sandwiches and punch.

Attention: All H.D.C. Women For Contest

The Ball Jar Canning Contest, sponsored by the County Home Demonstration Council, starts the first day of September and it is time right now for you to get your two jars ready. Our goal is to have 100 or more jars entered in this contest and to reach this goal, you and your neighbor will have to enter the club contests.

The jars exhibited shall consist of one quart of fruit and one quart of non-acid vegetables, such as snap beans, beets, carrots, corn, greens, okra and peas. Any glass jar bearing any manufacturer's name may be used, and regular standard pack is preferred to fancy pack. The judging will be done at the different home demonstration club meetings, and the club winners will be brought to Council for the county scoring.

Remember, to enter the contest, you need two jars, one of fruit and one of non-acid vegetables. Now is the time to get those ready.

Kent County Home Demonstration clubs will be sent invitations from the Dickens County Council to join us at the picnic.

A meeting of the committee in charge of the picnic was held in the office of the Home Demonstration Agent Saturday to complete plans. Mrs. Carl Randolph, Afton, is chairman of the program committee. Organization and arrangements for the picnic grounds are in charge of Mrs. Floyd Barnett, Soldier Mound, and Mrs. F. B. Crockett, Espuela. Recreation for the picnic will be under the direction of Mrs. Lester English, Highway, and Mrs. John Bachman, Soldier Mound.

The plan now is for every farm family, who wishes to enjoy with his neighbors a real picnic, is to bring a picnic supper August 23 at 8:00 p.m. to the stadium and spread it with everybody else. Punch will be furnished by the Home Demonstration Clubs. It is hoped that all the foods brought in the picnic basket will be the kind that will not require dishes, forks, plates, and cups will have to be brought individually if they are necessary.

Plans for the program have not yet been completed, but immediately following the supper, there will be entertainment, probably a "hill-billy" orchestra and an entertaining speaker.

Start planning now to bring your family and your neighbor to the Dickens County Home Demonstration Picnic.

CHARLIE LOCKHART THANKS VOTERS OF DICKENS COUNTY

A letter from Charlie Lockhart to The Times, asking us to thank the voters of Dickens County for the wonderful vote he received here.

He stated: "I fear that too often it is the case that, after we have been elected to office, we forget the little courtesy of saying thank you to our friends, and I want you to know that I realize and appreciate the fact that my election would be impossible without the wonderful support of such friends."

Mr. and Mrs. F. E. Henze, of the Gilpin community, were among the crowd in Spur Monday visiting with friends and attending the Trades Day attractions.

Clifford B. Jones and his brother, Hoyle Jones, of Tulsa, Oklahoma, are vacationing in Montana.

Jews Should Have More Consideration

By Rev. L. T. Wilds, D. D.
The following article was taken from the Christian Observer and given us by Ed L. McAlpine, with the request that we publish it. Mr. McAlpine stated that he thought that it would be of much interest to our readers.

This people are known by three titles: Hebrews, which means sons of Abraham, who is called the father of the faithful, or believers in God; Israelites, which means sons of Israel, the name which was given to Jacob after he had wrestled in prayer; and Jews, which means sons of Judah, which was the branch from which Jesus came.

We are well aware of the hatred which has flamed up against this people in our day, having its origin especially in German Nazism or Hitlerism, that enslaves its people or robs them of civil and religious liberty, and, and make no mistakes about it, that is the enemy of Christians as well as of Jews. Some people are unaware of the fact that there is a propaganda of hatred of the Jews already operative here in our own land. There is a Nazi organization here; and so we are not surprised to find this movement of hatred of the Jews, for the two things already go together. Recently we received through the mail two booklets. One of them gives the long list of Jews who occupy positions in our national government and raises an alarm against it as a national peril. Our reaction to that is this. Who puts people in office in a democracy? They themselves? Not at all; but those who elect or appoint them because of their fitness, worth, or ability. The other booklet gives a long compilation of quotations expressing condemnation of the Jews. The laughable thing about it is that even Jesus is represented as condemning the whole race because He condemned the handful of hypocrites with whom He came into contact.

What Shall We Say of This Hatred? What is back of it? It is not that this people are unruly or lawless citizens or criminals. We do not see their names in the weekly list of law-breakers. On the contrary, we see their names in the worthy organizations of our community—such as the Boy Scouts, Kiwanis, the Masons, the American Legion. There is no man in our community who has given himself more unselfishly for every good cause than a Jew whom the local post of the American Legion honored by making him its commander.

Back of this hatred is human covetousness or greed that would rob this people of what they have gained by diligence and thrift and that would push the mou and take their places and their possessions.

To what does this hatred lead? That to which it always leads—violence and even bloodshed. The big newspaper headline recently was, "Warsaw Jews Slain as Poland Makes Triumph;" and the account went on to tell of the smashing of shop-windows and the wounding and even murder of Jews of that city. The President of Poland condemned it as "brutal" and issued the warning, "Chaos serves Communism first of all." And we know very well in Germany and Austria.

What shall we say of such hatred? It is utterly un-Christian and sinful and wicked. Jesus taught us to love instead of to hate and to love even our enemies. And he who hates is not a Christian. Is Hitler a Christian? By no means. He is anti-Christ, as shown by the fact that he has persecuted Christians as well as Jews.

Before we join with the haters and persecutors of the Jews, we might consider the fact that **The World Owe More to This Race Than to Any Other**

What does the world owe to Christianity? It would take volumes to answer. Well it was this race that gave Christianity to the world.

It gave Christianity its Bible or Word of God. All of its writers, from Moses to John, were Jews—with the possible exception of Luke. And to us one of the proofs of the inspiration of the Scriptures, or that God wrote it through men, is that this non-literary race, which has written but little else of consequence, wrote the Book which is acknowledged to be the greatest Book of all time and from which most other great literature has drawn its inspiration.

It gave to Christ-ity its Christ, who is acknowledged to be the greatest figure of all time, with reference to whom all history is dated (B. C. and A. D.), who has done more than all others together for the betterment of mankind, and whom Christendom accepts as Savior and Lord. It is true that Jews instigated His crucifixion. But you can no more blame the Jewish race for that than you can

the whole South for a lynching party.

It gave to Christianity the man who did more than all others to launch the early Christian Church upon its way and who wrote thirteen or fourteen of its New Testament books—the Apostle Paul. When God chose one who should carry the Gospel to us, the Gentiles, He chose, not a Gentile, but a Jew, who called himself "a Hebrew of the Hebrews."

Surely, in view of this race's gift of Christianity and its blessings to us, there should be in our hearts, instead of hatred, undying gratitude.

Finally, we might consider **God's Interest in This Race**

And his interest in them must be the interest of every one of His children. We can do no more than barely outline that interest.

God's interest in them was expressed by His choice of them as the agency of His gracious purpose of salvation for the world; for the revealing of Himself and His will and for the giving of His Son the Saviour.

God's interest in them was expressed by His Son, who declared that He was sent "to the lost sheep of the house of Israel," who wept over Jerusalem because it rejected Him, and who upon the Cross prayed for the forgiveness of His crucifiers, "Father forgive them, for they know not what they do."

God's interest in them was expressed by the apostle to the Gentiles, the Apostle Paul. "Brethren my heart's desire and prayer to God for Israel is, that they might be saved" (Romans 10:1). And wherever Paul went, according to the record, he preached the Gospel in Jewish synagogues and to Jews and sought to win them to a saving faith in Jesus

Christ—in Antioch and Corinth and Ephesus and Rome.

God's interest in them is shown by the assurance of His Word that ere the end of time (and the time may be drawing near) this people is to be converted to Christ and is to be saved. "I say then, Hath God cast away His people? God forbid. . . . God hath not cast away His people which He foreknew. . . . For I would not, brethren that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that blindness in part is happened to Israel, until the fullness of the Gentiles be come in. And so all Israel shall be saved; as it is written, There shall come out of Zion the Deliveror, and shall turn away ungodliness from Jacob; for this is My covenant unto them, when I shall take away their sins" (Romans 11:1, 2, 25-7). And surely Christ's great command, "Go ye into all the world and preach the Gospel to every creature," includes the Jews as well as others. The Apostle Paul so understood it by preaching to them wherever he went and by such a declaration as: "For I am not ashamed of the Gospel of Christ; for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek" (Romans 1:16).

God's interest in them is shown by His solemn warning to all who oppress them. "Therefore all they that devour thee shall be devoured; and all thine adversaries, every one of them, shall go into captivity; and they that spoil thee shall be a spoil, and all that prey upon thee will I give for a prey" (Jeremiah 30:16). This is being fulfilled in Nazi countries whose peoples have become the slaves of their rulers. And it is possible that a European war that would destroy these oppressors of His people may come as the judgment of God upon these oppressors.

In view of these considerations, instead of joining with the unbelieving, God-hating, Christ-hating, Christian-hating haters of the Jews, who are Christians will be grateful to this people instead of despising them, will love instead of hate them, will pray for them instead of destroy them. It is of the spirit of Christianity that our worthy Secretary of State, Mr. Cordell Hull, has called upon Christian nations of the world to furnish a place of refuge for this persecuted people. And it is the spirit of Christ that the movement, counter to the movement of hate, has been set into motion that prayer be made continually unto God for deliverance from their distresses and for their conversion to Christ and to salvation and life.

Dickens County Road Job Is Let To Lubbock Contractors

Among road and bridge construction projects on which the State Highway commission Saturday determined low bidders was one in Dickens County, according to an Associated Press dispatch from Austin. It was described as being 18.5 miles of grading, flexible base course and double asphalt surface treatment, on highway 82 from Junction with highway 62 in Dickens County to King County line. Field Bros. of Lubbock was low bidder with a bid of \$194,157.65.

While that a European war that would destroy these oppressors of His people may come as the judgment of God upon these oppressors.

In view of these considerations, instead of joining with the unbelieving, God-hating, Christ-hating, Christian-hating haters of the Jews, who are Christians will be grateful to this people instead of despising them, will love instead of hate them, will pray for them instead of destroy them. It is of the spirit of Christianity that our worthy Secretary of State, Mr. Cordell Hull, has called upon Christian nations of the world to furnish a place of refuge for this persecuted people. And it is the spirit of Christ that the movement, counter to the movement of hate, has been set into motion that prayer be made continually unto God for deliverance from their distresses and for their conversion to Christ and to salvation and life.

C. L. Harris Representing Chamber Of Commerce At San Antonio

C. L. Harris, representing the Spur Chamber of Commerce, left Saturday to attend a Texas Highway meeting, which met in San Antonio Monday. The object of this meeting was to discuss closing up gaps now in our highway and also to devise plans for a new highway, which leads north from Del Rio across this part of Texas and decide upon immediate action to seek federal designation of said highway as part of the National Road System.

The route starts at the Oklahoma line north of Perryton and runs south through Roberts County into Pampa over U. S. 60, thence south over 88, 18, 70 and then U. S. 277 to Del Rio.

In March thirteen counties sent a delegation of thirty people including three state representatives and nine county judges to Austin for a hearing on this road. Judge Marshall Formby represented Spur.

New Mexico will have representatives at this meeting and assure Texas as that the State of New Mexico will meet their pavement at the line.

Location of an International Park will be discussed during this meeting. It will mean much to West Texas to get this highway routed.

Judge Marshall Formby will meet Representative C. L. Harris in San Antonio and they will lend their influence for this part of West Texas.

Be At Rotary Today; A Good Program

A number of people who attended the Rotary Club last Thursday have stated how much they enjoyed the program. It was a good program because there were two good subjects discussed and two good speakers to make the discussions.

A good program is scheduled for today, and you will miss something if you are not present for Rotary meeting. Truman Green is in charge of the program today. The main subject in general is the "Use of Rotary" and G. J. Lane and Ty Allen are the speakers.

Members of the Floydada Club came to Spur week before last and challenged Spur Club to a game of golf, expecting to take the trophy cup back with them. Among the freak plays was a two-club round, and Judge Chapman, the president of Spur Club took on that round. He won, and enough of the others won to keep the cup on the shelf with the Spur Club's meeting place.

A good Rotarian has a wonderful opportunity to do a lot of good in the world. Be at the meeting today.
