Boy Scouts Attend Scout Circus At Lubbock

A number of Boy Scouts in Dickens County joined a great host of boys over the South Plains Friday night to put on the annual Scout Circus. In the presence of a gallery of approximately 2,000 people, the Boy Scouts entered the arena in a grand procession which was followed by a prologue, "Strong For America," depicting the destruction of the rising sun and the swastika, and emulating the supremacy of the United Nations.

Other events including whip cracking, rope spinning and whirligigs by white Scouts and special knot tying by the Negro and Mexican Scouts. An investiture service was held for all new Cubs, new Scouts and Eagle Scouts. A blackout ceremony was very impressive demonstrating safety measures. A bicycle act by a number of scouts, and an Indian fire dance by Troop 22 of Lamesa were fine. The work on tenting and pioneering was as good as could be found anywhere. The program closed with the grand finale, "God Bless America." Prof. Wiley and his Tech band furnished music for the occasion.

Scouts in Dickens County who were present and took part in the program were: Bob Hawley, Rex Taylor, Donald Stephenson, Pete Adcock, Roland Hairgrove, Kenneth Carlisle, Thural Garner, Hardie Dement, Norman Burns, Doyle Akin, Clint Allison and James Fox, all of Troop 36 of Spur.

Pete Dobbins, Lane Ericson, Bob Thurston, Thurman Moore, Billy Joe McCombs, Wm. D. Starcher, Wayne Baber, Ned Blackwell, Gene McCombs, Donald Webb and Charlie Kimmel, all of Troop 35 at Spur.

Kenneth Street, Cecil Hugh Meadors Carlton Dodson, C. L. Elmore, James R. Sharp, Billy Sharp, Lloyd Holly Clayton Noland, J. I. Edwards, J. W. Watley, Jimmie and Bobby Murphree, Clyde Thompson, Donald Shaw, and Billy George Drennan, all of Troop 117 at Dickens.

Mr. and Mrs. K. W. Coyne, Moss, W. N. McCombs and W. D. Starcher were among those who accompanied the Scouts to Lubbock.

STATE TEACHERS COUNCIL TO MEET FRIDAY

The president of the Texas State Teachers Association has asked that all district presidents report for a meeting in Austin Friday of this week. Supt. O. C. Thomas is president of the West Tex. Teachers Association and is one who is required to attend this meeting. The meeting will convene about nine o'clock Friday morning.

Junior Senior Banquet A Nice Affair

The Junior-Senior banquet at the Spur Inn Friday evening, was one of the best arranged affairs of its kind ever held in Spur. The program was militant in make-up with every officer working in harmony throughout the evening. The teachers in the High School made up the Army staff, with the class officers being the divisional officers. Members of the Board of Education were designated as the recruiting officers.

There are 49 members in the 42nd Division which is the graduating class this year, and 42 members in the 43rd Division which is the class for next year.

FFA BOYS TO GIVE BANQUET

The FFA Chapter of Spur High School will give their annual Father-Son banquet at the Charles A. Jones Memorial Stadium Friday evening starting at 8:15 o'clock. The banquet will be in the form of a chicken barbecue.

All FFA members their fathers and all persons who contributed to the FFA Project show are invited. There will be no main speaker. The boys will give the program.

There are 60 FFA members, 46 of whom are taking vocational agricultural this year.

7,400 Apply for Sugar

The registration boards were quite busy last week when the citizens of Dickens County made application for cards, permits or what you may call it, to secure the family supply of sugar for 1942. There were 7,421 people in the county who made applications, and 7,307 were issued books. There were 114 people who either had the allotted amount of sugar on hand or other reasons given for not having books issued to them.

In the Spur Independent School District there were 3,363 applications made and 3,308 books issued.

People must take their sugar rationing book with them when they go to their grocery stores to purchase sugar. Stamp No. 1, in the books will not be valid after this week. So if the people want to take advantage of their first stamp they must secure sugar with it this week, not later than Saturday night.

James Victor Allen Wins Honors

James Victor Allen son of Mr. and Mrs. C. V. Allen won the Chapman award for work in study of the Bible in the Spur High School. Pupils in the contest were required to write an essay on some phase of the Bible and to deliver this essay before the judges. James Victor used as his subject "The Bible." He will deliver this oration at the closing exercises of the school Friday night, May 22.

Others in the contest were Dorothy Kelly, Mildred Neaves, and Geneeta Dement.

The award is \$20.00 and is made each year by Judge Alton B. Chapman, presiding Judge of the 110 Judicial District.

MEET TO DISCUSS AVIATION FACILITIES AT LUBBOCK

All high school boys graduating from high school this year, or who will graduate next year are urged to hear these discussions. A course of work will be outlined for these boys to follow during the summer and next year in their school work which will assist in preparing them for aviation work.

County Supt. O. L. Kelly will represent the high schools in Dickens County at the meeting Friday.

What We Are Fighting For in The Pacific

People wonder why we are fighting in the Pacific region. That question can be easily understood when we know the following facts:

1. Japan's drive has two main objectives: (a) To get vital raw materials, and (b) command to military locations.

2. The East Indies is the world's greatest store room.

3. 94 percent of the world's rubber supply comes from the Pacific section.

4. U. S. and Britain have been using 75 per cent of this rubber supply.

5. 76 per cent of the world's tin supply—no substitutes.

6. 90 per cent of the world's quinine.

8. Has cut off 25 per cent of U. S. supply of chromate, material used in making armor plate.

9. Has cut off 75 per cent of U. S. supply of Manganese, an element used in making steel.

Just think what effect these will have on the United States, then think why we are fighting in the Pacific.

CLIFTON WAYNE ALEXANDER DIED

Clifton Wayne, six months old son of Mr. and Mrs. O. V. Alexander, died Tuesday morning. Funeral services were held Tuesday afternoon at seven o'clock at the residence on East Fifth Street. Rev. Browning, pastor of the Assembly of God Church, was in charge of the services. Interment followed in Spur Cemetery with Campbell's Funeral Chapel in charge of arrangements.

Whitener will join him there as soon as the school term at Fort Worth closes.

Spur Defense Guards Given High Rating

Upon completion of inspection of Company D, recently Major Gahagan of the Adjutant General's Department stated that the Spur Company was one of the best companies of the State. He stated that the Company would rank near the top if it had the full complement of 75 men, and insisted that the citizens of Dickens County should act at once to complete the company. Major Gahagan stated that the members of the Defense Guard are the true patriots of the State because of the fact that all members volunteer their service without pay or hope of remuneration; that they give of their time and money and are always ready to leave their homes and positions for defense of the Country.

The Defense Guard is authorized to accept men between the ages of 18 and 65. In view of the fact that a great number of the young men are being called to the regular armed services, it is urged that men over 35 years now enlist in the local company. The Company has lost some young men to the U. S. Army and Navy recently, and these men report that the training received here is proving of great value. They are being given special consideration in the Army and Navy. Any young man who is likely to be called into the regular armed services is urged to get the training here before he leaves, and while he is at home.

The Spur Company is in need of twenty-five new men to fill the Company and it is urged that young and old men attend the next Drill Thursday night in the building back of the Magnolia Service Station on Hill Street at 8:30 o'clock P.M. The drills are only for two hours weekly on Thursdays.

New uniforms for the newly enlisted men have been ordered and all who enter will be furnished with a uniform as soon as they can be obtained.

The officers of the company are men trained by military schools and by the regular army, and they are very able men. These officers eventually will be called into the regular armed services.

Seniors Take Exams

The members of the graduation Class of Spur High School will start taking their final examinations today and finish them Friday. A number of pupils will be exempt on second semester work.

The Seniors will not take their annual trip this year due to war conditions. They feel that such trips should be eliminated and the money used for winning the war and to save tires.

The Seniors will enjoy Senior Day Thursday, May 21, and will enjoy a picnic at Roaring Springs.

Another event in the closing program of the Seniors will be the Senior Edition of the Rowel, the school paper, which will go off press Friday of this week. This will be a very fine school paper and the entire schools will be proud of it.

FARMERS TO MEET AT DRY LAKE

The regular meeting of Dry Lake farmers will be held tonight (Thursday) at 8:30 o'clock. The pupils of Dry Lake school will present a program. The public have an invitation to attend this meeting.

Governors Issue Cotton Week Writ

Governors of the nineteen cotton producing states have been asked to proclaim May 15-23 as official dates for National Cotton Week in their states, the National Cotton Council announced.

A majority of the governors have already issued the proclamations, and mayors of many cities have also proclaimed Cotton Week officially, in their own particular community, placing emphasis on the industry's new slogan "Cotton Freshness for Fighting Trim."

The Cotton Council has received orders for cotton week materials from more than 500 communities. Requests have come from Chambers of Commerce, Retail Merchant's Associations, and many civic organizations. They call for the use of approximately 20,000 of the beautiful colored Cotton Week Posters, Window sketches have been sent to retail stores through out the Cotton Belt, and Cotton Week emblem mats are being provided for use in newspaper advertisements. Civic Clubs have requested 600 copies of the prepared outline for Cotton Week addresses.

Buying cottons during National Cotton Week is in line with the Nation's conservation program because cotton is the fiber of which there is not a major shortage.

Possum Kingdom Lake Opens June 1

Testing the waters of Possum Kingdom Lake recently Marion Toole, chief aquatic biologist of the Texas Game, Fish and Oyster Commission, caught 27 bass in 30 minutes and 24 of them were keepers. A keeper is a bass that is allowed by law for the catcher to keep, and must measure 11 inches from the tip of its snout to the fork of its tail.

This fine lake which is located west of Mineral Wells on the Brazos, will be opened for fishing Monday, June 1. Because of the numerous fish in the lake, no doubt there will be many anglers on its shores that day and during the following days of the summer.

Crappie, catfish and sun fish are abundant as well as bass. It will be the fishermen's paradise and is going to command much attention. Many people are arranging for sites for lodges along the lake shore and these sites may be secured very reasonable.

Victory Book Campaign

The Victory Book Campaign is a very important part of the war effort. The drive for books for the boys in service concerns everyone of us, and if you have not contributed one book or more then get your book to the chairman of the War Council in your community.

Several of the communities have already completed their quotas, and in almost every instance their contributions have exceeded their quota. These Flat, Duck Creek, Midway, Espuela, Steel Hill, Red Hill and Croton.

The following communities have not yet finished their quotas: Spur needs 250, McAdoo needs 60, Afton 40, Chandler 15, Deer Lake 5, Dumont 10, Wichita 10, Dry Lake 15, Highway 15, Soldier Mound 10, Red Mud 10, Twin Wells 5, and Pararie Chapel 10. If you do not have a book that you want to give away go to the stores and buy a book for twenty-five cents that will serve the purpose.

The boys in the service need these books—so turn in your books as soon as possible as we want to ship them out at an early date.

A HAPPY DAD AND SON

Curtis Holly sent his parents a telegram on Mother's Day wishing them well and stating that he had been promoted to the rank of Staff Sergeant. He is with the U.S. Air Corps at Spokane, Wash. It is difficult to tell who is the more elated, Mr. Holly or the boy. Curtis is a son of Harvey S. Holly who conducts an insurance office in Spur.

Wilson Dupy, of Amarillo, director of Farm Management program for FSA office, was here Monday conferring with Mr. McClung, manager of the area office.

American Red Cross Sewing Room News

It is probable that new quotas for foreign war relief production will be assigned chapters early in August. After Crowell's recent tornado, clothing and comfort articles were sent, even from Saint Louis, by the American Red Cross. We can see from this that the Red Cross has the broader view, or World-wide-view, and when we are sewing for the American Red Cross we may be sewing for our next door neighbor, if they should be the one who is in need.

The women of Dickens have completed the organization of their Sewing and Knitting unit, with Mrs. J. C. Koonsman as chairman. They are working in unison and co-operating with the Spur group.

Fifteen of the lap covers for wheel chairs patients have been completed. These covers are 4 1-2x4 1-2 ft. pieced of heavy cotton and lined, or made of wool squares. They are suggested ways of using scrap material. A letter firm Midwestern Area Headquarters says that there are calls for

them and they can be used to excellent advantage and comfort of our men in hospitals. These were sent with the khaki sweaters to be used by our armed forces.

Other things that we may make now but are not definitely asked to do so are: bathrobes, made for emergency use only as when patient is transferred on litter to home or to another hospital.

Bedjackets, made of bright colored bath robing or beacon cloth. (Any good pajama pattern, with closed collar.)

Cushion covers, washable, bright solid colors, tapes at opening 19"x19" finished.

Card table covers, washable, colored or white, 29" x 29".

Lap covers, for wheel chair patients, 4 1-2 x 4 1-2 ft. Double thickness, of woolen material for winter. Bright sateen or other material for summer.

Ditty or property bag, useful for patients toilet articles, fast collar sateen, cretonne or similar washable material cut: 1-2" x 31". For drawstrings, tape or folded strips of material, 2 pieces 1-2" wide and 26" long. Fold material in half and french seam sides within 1 1-2" of open end.

Finish remaining edges with narrow hem. Turn down 1 1-2" around opening bag, turn under 1-2" and stitch. Insert tapes, in opposite directions, through openings in 1" hem and knot ends together. Finished bag, 11" wide, 14" deep.

Bedside Bag: For hospital patients. Finished bag, 10" deep, 15" wide with 8" pocket. Unbleached muslin. Cut material 16" x 22". Tape or folded material, stitched on all four edges, 3 pieces 1-2" by 18".

Stitch 1 1-2" hem in one end of material. Turn up 8", to form pocket. Stitch sides 12" from edge. Fold over twice 1-4", and stitch close to edge. Hem remaining raw edge (top of bag) 1 1-2". Stitch twice through center of 8" turn-up from top to bottom of bag. Attach center of tapes securely to ends and center of top hem.

Send these, when finished, to Mrs. Koonsman, or Mrs. T. K. Posey.

ARTABAN CLUB MET MONDAY NIGHT

The Artaban Club of the Spur High School held their regular meeting the Homemaking Department Monday evening. Elizabeth Ramsay, who attended the state meeting at Dallas, gave a very fine report of what was done. Louise Ince, also attended the Dallas meeting being the State recording secretary.

Spur has furnished three state officers recently. These were Winifred Lee, state recording secretary; Margie Bell, state corresponding secretary, and Louise Ince who has just completed a term as state recording secretary. Area Two furnished no state officers for next year.

The meeting Monday night was the last meeting of this school term. Probably there will be some meetings in June relative to summer projects.

The members of the Lake Side Baptist Church are beginning a financial campaign beginning the week of May 15th through 24th, 1942.

We take this method of notifying those who wish to contribute to this worthy cause that we have only two solicitors to ask for donations—Robert Bethheby and Johnny Woods. Two men that we believe will do right by all moneys donated to them for the work. This money will go for church repairs and to build a parsonage.

Our church needs repairs; also, we need a house that our minister will have a place to live that he may help us make Spur a better place in which to live on our part.

We thank our many white friends and citizens of Spur for whatever amount you may give. Please, do not give any amount without signing your name to the financial roll. Whatever amount given will be appreciated. Your name and amount will also appear in the Dickens County Times.

Andrew Morris, minister of the Spur church of Christ, will deliver the baccalaureate sermon in the Spur High School auditorium Sunday evening at 8:30 P.M.

Mr. Morris, majoring in Greek, received his B. A. degree from Abilene Christian College. Although a young man, he has acquired a rich experience preaching from Pennsylvania to Arizona.

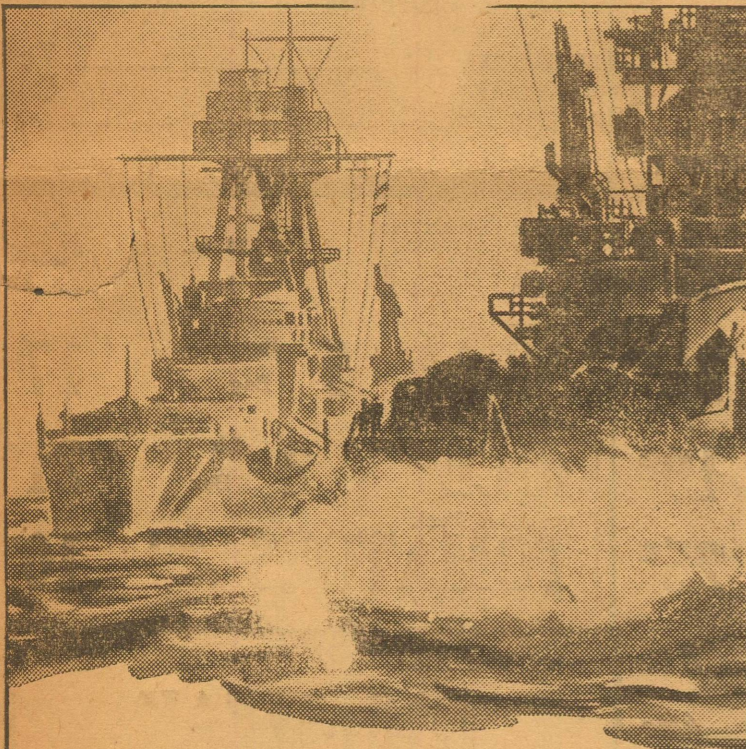

He is especially interested in young people and their problems and hopes to be of much assistance to the young people of Spur and the surrounding communities.

The title of the Baccalaureate sermon is: "FEAR NOT."

—BUY U. S. DEFENSE BONDS— A MESSAGE OF APPRECIATION

We take this means of publicly thanking our friends and relatives for their very kind assistance in the many ways rendered, and especially to Rev. Walter Brian for the many kind and consoling words spoken, and to Mrs. C. B. Chandler for his fine service in assisting to put away our beloved husband, son and brother. We pray that God's richest blessings will continue with you.

War Material Shortage Limits Telephone Service

You probably have heard about certain government restrictions on telephone service and equipment now in effect. We should like to tell you a little more about these restrictions—why they are necessary, and what they will mean to you.

The reason for them is simple and complete. They are to save materials which are needed to fight the war.

What will they mean to you, the telephone user?

If you have a telephone now, they mean no change except that in many Texas cities affected by war growth you may have to have other parties on your line. And, in all cases, you can't get an extension telephone in your home if you haven't one already.*

For people who have no telephones and want them, or for present users who move to new locations, we shall supply at least party-line service wherever there are now enough lines and switchboards. But in general, where new construction of this type would be

necessary, we shall not be able to provide service.*

This will mean inconvenience and perhaps hardship to a few people now. As time goes on it will probably mean inconvenience and hardship to more people, but we need your help and sympathetic understanding in this important step to save the maximum of materials for the war.

Beside the great savings in materials already made by substitution and wartime engineering, the new restrictions will mean that more lead, iron, steel, zinc, copper, and rubber used in telephone equipment will now go into arms.

In spite of all this, and while telephone service may not be available to all who want it, we believe we can keep the service up to a high standard. At any rate, we shall do our level best. These difficulties are something that neither the government nor the telephone companies can help. They are part of the price of protecting liberty.

*Except for those cases where the need for telephone service has been recognized by the War Production Board as necessary for defense or public health, welfare or security.
