

Texas House Schedules Vote On Overspending For State Textbooks

(Continued from Page 1A)
Education Commissioner Marlin Brockette. Brockette, who became commissioner in July, explained that the TEA overspent the State budgeted amount for textbooks because it was unaware that the last legislature placed a flat two-year limit of \$46.4 million on that item. In the past, the general appropriation bill has used an estimate, giving the TEA flexibility to meet uncertain conditions in textbook purchasing. Brockette said the State Textbook Fund contains enough money for the \$2.6 million emergency appropriation. Rep. Fred Agnich, R-Dallas, reminded Brockette of a provision enabling the legislature to dock the salaries of officials who lose the state money through neglect of duty.

In its capacity as a committee, the House approved the bill, 97-37. Legislators finally approved and sent to the governor Monday a bill requiring the State Building Commission to publish energy conservation standards to be employed in construction of all new state government buildings. Also sent to Gov. Dolph Briscoe for signature was a bill putting the more than 80,000 state employes in a single group for the purchase of health and life insurance. Each agency now makes its own group insurance contracts, with larger ones often having an advantage over smaller ones in rates and coverage. Senators passed to the House bills that would: —Permit law enforcement officers, using a warrant to force their way into a building or apartment to make a search or arrest. Sen. Bill Meier, D-Euless, said if a door were opened but the chain left on, the officer could break down the door if he heard a commode flush inside. —Authorize the State Board of Medical Examiners to have a fingerprint check made on an applicant for a license to practice medicine.

Planning, Zoning Panel Comes To Deadlock Vote On Housing Project

In a four-hour session Monday, the Midland Planning and Zoning Commission failed to come up with a recommendation either for or against a proposed 800-unit apartment and 50 single-family home development for North Midland. The commission came to a deadlock vote on the proposed project with three commissioners voting each way and one abstaining. The commission chairman refused to vote on the issue to break the tie. Approval for the project slated for construction on 60 acres bounded by FM 868, Flare Drive, Ward and Garfield streets is being sought by the Florida firm of Epoch Properties, Inc. More than a dozen residents and home owners of the North Midland area surrounding the project site attended Monday's session to protest the development proposal. Robert Bentel, Epoch representative, said the project would be built over an eight-year span with the single-family homes going up first. He said the apartment units would be

built 200 at a time each two years. The commission tabled two requests for further study. The request of R. C. Maxson for a zone change to allow mobile homes to be located on single lots on land in South Midland was tabled for study on replat requirements of the Belmont Addition. The commission tabled the request of Don's Metals until it can be determined if a salvage yard can be located in a commercial district. The request for a salvage yard in the area near 2010 W. Front St. Three requests were approved. Bill Smith's Pumping Unit Service was given approval to locate a pump repair facility in the 2000 block of Rankin Highway. Harold B. Shull was given approval for a planned district to build nine townhouses in the 1900 block of Woodlawn St. Buckeye, Inc. received approval to change from single-family and office zoning to commercial zoning for an existing warehouse facility that was annexed into the city in 1967.

Cost Of Living Increase Smallest In Nearly 2 Years

(Continued from Page 1A)
Real earnings — take-home pay after adjustments for taxes and inflation — were listed as down four-tenths of a per cent over the month and down 4.8 per cent over the past year. Retail prices in March were listed as 10.3 per cent higher than a year ago with the Consumer Price Index at 157.8. That meant it cost \$157.80 to buy a variety of goods and services that cost \$100 in the 1967 base period. Food was up 7.7 per cent over the past 12 months while nonfood commodities rose 11.4 per cent and services increased 11 per cent. In detailing its March price report, the Labor Department said food prices, including restaurant meals, declined five-tenths of a per cent. Grocery prices — the major portion of the food index — dropped nine-tenths of a per cent in March, following a decline of one-tenth in February. Beef, poultry, fish and fresh vegetables declined last month instead of rising as they usually do this time of year. Milk, flour, bread, eggs and sugar also dropped in price, while pork, fresh fruits and bakery products increased. Nonfood commodities rose six-tenths of a per cent, about the same as the average increase for the past five months but well below monthly increases earlier in 1974. Prices

were higher for automobiles, houses, furniture, appliances and gasoline. **Dutch Mayfield Top Chili Cooker At VFW Contest** Chili was the menu for the day last Sunday at the chili cookoff sponsored by the VFW Post 7208 and American Legion Post 19, both of Midland. Approximately 400 persons attended the cookoff which was won by Dutch Mayfield of Midland. Second place went to C. L. Stevenson of Midland and third place went to Mr. and Mrs. Jessie L. Vowell of Odessa. All of the winners plan to enter the chili cookoff in Terlingua later this year. There was a total of 15 contestants. First place prize was \$100 and second place was \$50. Both prizes, plus proceeds from the sale of the chili (50 cents a bowl) were donated to the VFW for the open air pavilion currently under construction. Net proceeds amounted to approximately \$320. Chili judges included Judge Robert Pine, Judge John Biggs and two Midland County sheriff's deputies. Jack Leonard, of VFW Post 7208, said everyone seemed to have a good time and the VFW is planning to make the chili cookoff an annual event.

HOT HOTEL—This was the scene early Monday when the old Hotel Dallas became the victim of a four alarm fire. The hotel, being torn down to make way for a new street, broke into flames just hours before demolition crews were to return and continue their piece-by-piece destruction of the 14-story building. Officials speculated the fire erupted atop the roof, where workers had used a torch to remove the "Hotel Dallas" sign. (AP Wirephoto.)

Joseph Zielski's Services Today

DALLAS—Joseph Zielski of Grand Prairie died Saturday in a Dallas hospital after a lengthy illness. He was 54. Services will be today at 11 a.m. in Wildwood Chapel in Dallas with interment in Restland Cemetery in Dallas. Zielski, a native of Salem, Mass., was a resident of Midland from 1952 to 1970. Survivors include the widow; a daughter, Cynthia Ann Fulwiler of Duncanville; a son, Charles Joseph Zielski of Grand Prairie; two brothers and three sisters, all of Salem, Mass. Pallbearers included Jim Reeves and Paul Salisbury of Midland.

Midlander Held On Drug Count

Stephen Joseph Conry, 18, 3310 Mariana St., was charged Monday afternoon with possession of cocaine after he was arrested Sunday night during a drug raid at his home which netted about five grams of a substance believed to be the narcotic. Conry remained in city jail this morning in lieu of \$10,000 bond. Police said the material was found during a search of the residence after a search warrant issued by Peace Justice Robert Pine was served there about 10:30 p.m. During the search police said they found "five plastic bags containing a white powdery substance believed to be cocaine" and "one plastic bag containing a green leafy substance believed to be marijuana." An officer said a field test determined the powder to be cocaine.

Miss Mateljan Hurt In Mishap

Mary Ann Mateljan, 12-year-old daughter of Mr. and Mrs. Charles Mateljan, 1408 S. Terrell St., was treated and released from Midland Memorial Hospital Monday afternoon after she struck the side of a car driven by John Bascom Blevins, 54, 3408 W. Ohio St. Police said the accident occurred shortly after noon in the 300 block of West Florida Street. Blevins was going west on Florida in the inside traffic lane, police said, when the girl ran between two cars in the outside lane of West Florida Street and hit the right passenger door of Blevins' car.

Woman, Who Will Be 100 Wednesday, Finds Much To Be Thankful For

By JAN WILLIAMS
These are good times to Annie Allen. In the midst of inflation, recession, depression, unemployment, military conflicts, acquittals and convictions, she finds much to be thankful for. On Wednesday she will celebrate her 100th birthday at a party to be given in her honor by her daughter, with friends and relatives attending. Aside from good health, she has a comfortable home she shares with her daughter, a color television and a lot of memories. "I'm having the best time of my life now," Mrs. Allen says. "It's such a pleasant time. It wasn't so good when I was growing up." She was born April 23, 1875, in Cameron, Texas, and spent most of her youth there. "I don't like to think about my younger years," she says. "Hard times" for Mrs. Allen were the times she had to chop cotton and plow fields, lucky to get as much as 50 cents a day. Sometimes, she says, there was enough to eat, and sometimes there wasn't. "Many times I crawled on my hands and knees, cutting spinach for 50 cents a day. That's where I raised my kids—in the fields." Only three of her six children are still living—a daughter, Sammie of Midland, and two sons, Dewey of San Francisco and Roosevelt of Dallas. Her husband died in 1941. Mrs. Allen also spent several years working for what she refers to as "white families." "I raised a lot of children besides my own. I raised the black and white together and I loved them all." She has lived in Midland for the past 16 years, after traveling to California, decided Texas was her favorite state. "California is too big," she says. "I like Texas better." Mrs. Allen says she is still in good health, although she is sometimes bothered with rheumatism. "I can't walk fast, but I can walk. I get out and walk around occasionally, and my daughter takes me for rides in the car sometimes." She says she likes to help her daughter around the house, doing dishes and helping to cook. "I read a lot, too," she says. "Sometimes it's the only thing I've got to do." As for her feelings on reaching

Greenwood Lions Select Anderson

Max Anderson has been elected president of the Greenwood Lions Club for 1975-76. He will assume the presidency on July 1. Other officers elected include Don Ratliff, E. A. Baumann and E. A. Cox, vice presidents; Roy Graham, secretary; Mel Williams, treasurer; Rusty Jones, Lion Tamer; Chris King, talkmaster. Survivors include the widow; four brothers, Ralph Reaves of Bristol, Okla., Lee Reaves of Cushing, Okla., C. E. Reaves of El Paso and Clyde Reaves of Tulsa; two sisters, Mrs. Geraldine Mason of Perry, Okla., and Mrs. Eupha Pearschal, and one grandchild.

Additional Winners At ACC Reported

Additional winners in last weekend's Abilene Christian College industrial arts field day, not previously reported by the industrial arts department at Midland High School, are: First place—Joe Diaz (two), David Hamilton, Bob Young, Scott Carley, Henry Davis, Steve Hightower, Tom Sloan, Raul Ortega, Randy Sperry, Randy Skinner, Glenn Merritt, Wiley Balkum, Richard Munday, Alan White and Marc Nelson. Second place—Diaz, Perry, Curtis, Henry Davis, Alan Carley, Dean Saenger, Timothy Grimes and Ken White. Third place—Saenger, Terry Copeland, Don Chase and Jeff Landry.

Downtown Lions Cancel Meeting

The regular Wednesday noon meeting of the Midland Downtown Lions Club will not be held this week, President Jim Coker said today. The meeting was canceled due to the All-Midland Lions Banquet at Rowdew Inn. Coker said the Downtown club's regular luncheon sessions will be resumed April 30 in the American Legion Hall.

Bond Set Monday In Welfare Case

Mrs. Pearl Mae Haynes, 28-year-old welfare aid recipient, charged with theft by fraud, Monday appeared before Justice of the Peace John Biggs. She was released on a \$1,500 personal recognizance bond. Mrs. Haynes was under an arrest warrant after she had failed to show up in court Friday on a summons. She is one of 14 Midlanders charged with making false and misleading statements to get on or stay on welfare pay or food stamp rolls.

Saigon Evacuation Speeded, Ford Says

(Continued from Page 1A)
Ford's plea for more arms aid when it voted Monday for \$165 million in arms and a like amount for humanitarian aid. The vote came after Army Chief of Staff Frederick C. Weyand told the panel that South Vietnam is no longer militarily defensible but that the aid could prevent an abrupt Communist takeover. The congressional failure to approve additional aid funds was again criticized by Ford, who said it provided "the initial kick-off" for President Nguyen Van Thieu's decision to abandon large portions of South Vietnam to the Communists. However, Ford said he won't make Vietnam an issue in the 1976 presidential campaign, adding: "I do not intend to go out and point the finger or make a speech concerning those who have differed with me who I might privately think contributed to the problem." The Vietnamese situation, and Thieu's resignation earlier in the day, dominated the hour-long program, in which Ford was questioned in the White House Blue Room by CBS Correspondents Walter Cronkite,

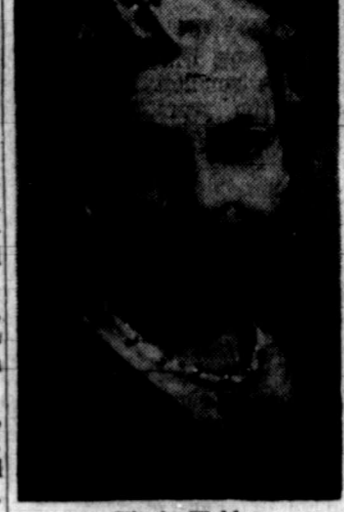

Eric Sevareid and Bob Schieffer. On other subjects, the President said: —The United States has not yet decided whether to take the Middle East situation to a reconvened Geneva peace conference, resume Secretary of State Henry A. Kissinger's efforts to reach Arab-Israeli agreements or attempt a combination of the two. He warned that a new Middle East war would "inevitably" mean a renewed Arab oil embargo.

Lamesa Resident Lillie Clark Dies

LAMESA—Mrs. Lillie Clark, a 90-year-old Lamesa resident, died Monday in a Lamesa hospital following a lengthy illness. Services will be at 4 p.m. Wednesday in Burgess Funeral Home in Bowie with interment in Sloan Cemetery there. Lamesa arrangements were handled by Branon Funeral Home. A Freestone County native, Mrs. Clark lived 28 years in Post before coming to Lamesa where she resided 25 years. Surviving are a daughter, Mrs. Leslie Pratt of Lamesa; two sisters, Mrs. Jewell Williams and Mrs. A. C. Roberts, both of Bowie; a brother, D. T. Richards of Bowie; three grandchildren, and six great-grandchildren.

J. M. Reeves, 61, Dies After Accident

J. M. "Peck" Reeves of Midland died Monday following an oil field accident near Big Lake. He was 61. Services will be at 10 a.m. Thursday in the Chapel of the First Baptist Church, with the Rev. Ted Brian officiating. Interment will be in Resthaven Memorial Park under direction of Newnie W. Ellis Funeral Home. Reeves was born May 9, 1913, in Glen Cove, Okla., and started to work in the oil fields at an early age in Oklahoma, Kansas, New Mexico and Texas. He moved to Midland in 1951 and worked for Lomax Brothers, Southwestern Natural Gas and Hitech Energy. At the time of his death he was an employee of Petro-Tech, Inc. He was a member of the Methodist Church.

Webb Services Held This Morning

Services for Virgie Webb were at 11 a.m. today in the Newnie W. Ellis Chapel with the Rev. Doyle Darwin of Calvary Baptist Church officiating. Interment was in Fairview Cemetery. Miss Webb died Sunday in a Midland nursing home at the age of 85. Pallbearers for the service were Russ Stiles, Grady White, Earl Hancock, Neville Dixon, Tommy Thompson and Howard Redding. All members of Telephone Pioneers of America, Far West Club, were honorary pallbearers.

Yeager Terms Youth Center Event Success

Monday night's Skiles and Henderson benefit for the Midland and Lee youth centers was "an artistic success and a financial 'so-so,'" according to Wilbur Yeager, chairman of the board of directors. The centers had hoped to clear \$4,000 to \$5,000 in the venture, but Yeager said this morning preliminary totals indicate the concert will bring them between \$2,000 and \$2,500. "The chairman said, however, 'For our first venture, I think we'd have to say it was a success.'"

Showers May Be In Store For Midland

An April shower—or possibly thundershower—may be in store for the Tall City this afternoon or tonight along with cloudy skies and mild temperatures. The precipitation probability for this afternoon is 30 per cent, increasing to 40 per cent tonight, according to the National Weather Service at Midland Regional Air Terminal. Monday's high mark of 83 was to be followed today by a maximum again in the low 80s and by a high on Wednesday near 80. The overnight low was 66, and tonight's minimum is expected to drop to near 60. Meanwhile, clouds covered all of Texas today and a warm front edging northward from the coast set off scattered showers or drizzle mixed with fog in the south central and southeast sections. In some localities the widespread fog dropped visibility below one-eighth mile. Forecasts called for the muggy weather to spread with showers or thundershowers dotting most areas of the state tonight and some continuing into Wednesday. Further warming also was in prospect.

Four Large Oil Firms Report Lower Profits

(Continued from Page 1A)
because of tax increases, and the recession. The company's net income totaled \$146.2 million or \$1 a share, down from \$219 million or \$1.57 a share in the first quarter of 1974. The firm, which sells Amoco gasoline, said the decline in earnings was due to the elimination of the oil depletion allowance, "increasingly complex regulation of oil prices," higher foreign taxes, rising costs and lower chemical sales and the recession. Gulf Oil said it sees little reason for optimism in the near future. First-quarter earnings were \$1.95 million, or \$1 per share, compared with profits of \$2.90 million, or \$1.49 a share, a year ago.

Joseph Keyser Dies At Age 53; Rites Wednesday

Services for Joseph E. Keyser, 53, of 506 N. Marfield St., will be at 4 p.m. Wednesday at Newnie W. Ellis Chapel with the Rev. Bob Currie, pastor of the Episcopal Church of the Holy Trinity, officiating. Interment will be in Resthaven Memorial Park. Keyser died late Monday night at the Midland police station shortly after being arrested on a drunkenness complaint. Justice of the Peace John Biggs ordered an autopsy performed. A native of Mt. Carmel, Ill., Keyser attended the University of Indiana before World War II, when he entered the Army and served in Europe. He returned to the university after his discharge and received a bachelor of arts degree in 1945. He received the master's degree in 1948 from The University of Texas.

He was associated with the Ohio Oil Co. and opened the exploration office for Woodby Petroleum Co. in Midland in 1948. Since 1962 he had been an independent oil operator. Keyser was a local and state director of the American Cancer Society and past precinct chairman for the Republican party. He was active in the Little League and the Boy Scouts of America. He was a member of Trinity Episcopal Church and was president of SITES. Survivors include a son, Edward M. of Midland; four daughters, Ann and Julie, both of Midland, Mrs. Carl C. Curtis of Milwaukee, Wis., and Mrs. D. R. Dalglish of Aviano, Italy; a brother, J. M. of Winter Park, Fla.; and three sisters, Mrs. J. A. Munsterman of Jerseyville, Ill., Mrs. P. T. Holland of Bloomington, Ind., and Mrs. R. E. Schultheis of Mt. Carmel, Ill. The family requests memorials be made in the form of donations to the American Cancer Society or the Boy Scouts.

Money, Checks Taken In Burglary

Approximately \$320 in cash and checks was reported taken from the offices of General Medical Midland, 3001 W. Wall St., police said. Lyle Bartlett, manager of the firm, told police the burglary occurred during the weekend. First Ship To Use Steam The Savannah was the first ship to use steam in crossing an ocean.

Today In History

By The Associated Press
 Today is Tuesday, April 22, the 112th day of 1975. There are 253 days left in the year.
 Today's highlight in history:
 In 1898, the first shot was fired in the Spanish-American War as the U.S.S. Nashville captured a Spanish merchant ship off Key West, Fla.
 On this date—
 In 1541, St. Ignatius de Loyola was elected the first head of the Jesuit religious order.
 In 1793, the United States proclaimed its neutrality in a war between Britain and France.
 In 1889, thousands of homesteaders swarmed into the Oklahoma Territory and staked out land claims.
 In 1915, the German army used poison gas for the first time in World War I.
 In 1945, Allied forces captured Bologna, Italy in World War II.
 In 1971, Haiti's dictator, Francois Duvalier, died, and his son, Jean-Claude Duvalier, was sworn in as the new chief of state.
 Ten years ago: Premier Aldo Moro of Italy wound up a Washington visit, and he and President Lyndon Johnson issued a statement saying that U.S. and Italian views were close on the question of building a unified Europe.
 Five years ago: Soviet officials celebrated the 100th anniversary of the birth of Nikolai Lenin with day-long festivities, but for Soviet workers, it was just another day in the factory or office.
 One year ago: President Richard Nixon made it known that he was opposed to Democratic proposals to cut taxes to spur the economy.
 Today's birthdays: Violinist Yehudi Menuhin is 59. Actor Eddie Albert is 67.
 Thought for today: A rich man's joke is always funny — T. E. Brown, British poet, 1830-1897.

Consumers Buying More Options For Their Small Cars

DETROIT (AP) — Consumers are buying fewer and smaller cars, but they're ordering more optional equipment than ever before.
 Installation of extra-cost items such as air conditioning, power brakes, vinyl tops, bigger engines and power windows is setting records despite the over-all sales slump, the auto companies report.
More Stuff Ordered
 "People are buying smaller cars but they're putting more stuff on them," says an analyst at Ford Motor Co. "The upward trend in options has been going on for 20 years, and 1975 is no exception."
 Adding more options may partially defeat the fuel-saving objectives of some small car buyers. Air conditioning, for example, uses up about one-half mile per gallon. And any option adds weight to the car, with a corresponding increase in fuel consumption.
 The companies say they are selling more options partly because more are being offered — on small cars as well as larger models.
Profits Boosted
 They say they make the options available because the consumer wants them. But the heavily promoted items also boost the auto makers' profit margins, traditionally lower on smaller, stripped-down models.
 "Many buyers now want more luxurious trim levels and options than on their earlier cars," said Ford Vice President John B. Naughton. "They are interested in comfort and convenience, and they are willing to pay for it."
 For example, 94 per cent of all Chevrolet Novas sold so far this model year were ordered with an optional automatic transmission. Last year, only 92 per cent had the option.
Increase Cited
 Similarly, power steering was ordered on 95 per cent of this year's Dodge Darts, compared with 93 per cent last year. Air conditioning in the Ford Torino is up from 84 per cent last year to 88 per cent.
 The installation rates of other options such as power door locks, AM-FM stereo radios and deluxe wheel covers also are up from a year ago.
 These options, sometimes marketed in discount packages by the companies, cost hundreds of dollars — air conditioning alone costs around \$400.

Da Nang Life Is 'Normal'

PARIS (AP) — Two Europeans who have just visited Da Nang say that life has returned to normal in South Vietnam's second largest city since it fell to the Viet Cong and North Vietnamese three weeks ago.

French television correspondent Claude Gaignaire, who spent 36 hours in Da Nang last week, said there was no blood-bath after the Communists took over. He contrasted the situation with the chaos and looting that accompanied the retreat of the Saigon regime's forces.

Alex Casella, a Swiss working for the United Nations High Commissioner for Refugees, reported to the commissioner's Geneva headquarters that despite a dusk-to-dawn curfew, "restaurants and schools are open, and water, electricity and other public services operating."

Food Shortage
 He said the city's population is now about 900,000, including 500,000 refugees, and that 200,000 are being moved back to the rural areas from which they came. But there is a shortage of food, and "in the coming weeks, the food shortage will reach the danger point if there's no outside supply," Casella warned.

Films taken by Gaignaire showed Viet Cong soldiers in crisp green uniforms directing traffic, schools open and several people criticizing the Saigon government.

He said the first thing that struck one was the absence of street peddlers and beggars who thrived under Saigon's rule.

A Viet Cong member of the new military government said its first problem had been "the unemployed, the prostitutes and all those without means of support. We have changed this city of debauchery."

Officials of the Saigon regime "who have realized their mistakes" had been put to work in productive jobs, the Viet Cong man said.

A Communist school official said teachers were being indoctrinated in the "new realities."

Some Teachers Leave
 "The teaching of the physical sciences has remained unchanged," he said. "But history and literature have been changed. The Saigon government could not really explain Vietnamese literature."
 Teachers who did not accept the new situation "have already left," and they were a minority anyway, the official added.

Two Roman Catholic Vietnamese nuns said the Viet Cong "until now" had done nothing to affront their religious beliefs. Casella, who returned from Da Nang to his headquarters in Hanoi Saturday, said the city's most urgent needs include rice, wheat, flour, fish, meat and medical supplies.

Texas Gets Right To Sue New Mexico Over Water Rights

WASHINGTON (AP) — The U.S. Supreme Court has given Texas permission to sue New Mexico in a dispute over water rights in the Pecos River, which runs through New Mexico and Texas and is one of the principal tributaries of the lower Rio Grande.

Texas claims that New Mexico has violated the Pecos River Compact of 1948, which both legislatures of both states ratified and Congress approved, by depriving it of water from 1950 to 1972.

The motion says Texas will continue to suffer "grave and irreparable injury" unless the court forces New Mexico to honor the compact.

The court, which has original jurisdiction in disputes between states, gave New Mexico 60 days to answer Texas' allegations. Then the court will decide whether to hear oral arguments, appoint a special master to hear the case or simply hand down a ruling.

In a brief opposing the Texas motion for permission to file the suit, New Mexico claimed the matter could not be decided in a court of law because it was presently under review by a two-member Pecos River Commission. Each state is represented on the commission.

New Mexico also questioned the timing of the suit, saying Texas had given no explanation for bringing the suit in 1975 for violations it alleged to have occurred from 1950 through 1972.

PROFESSIONAL SECRETARY SPEAKS — Mrs. Doris Gallagher, CPS, right, was speaker today to Midland Commercial College students in observance of National Secretaries Week. Shown with her are Don Phiffer, manager of the college, and Marvae Layman, second from left, and Leslie Cowan, students.

Special Week Observed

Mrs. Doris Gallagher, Certified Professional Secretary, spoke on "The Secretary—Change and Challenge" to Midland Commercial College students today in observance of Secretaries Week, which began Sunday and continues through Saturday, sponsored by the National Secretaries Association (International). The theme of the 24th annual event is "Secretaries: Minding Everybody's Business Everywhere."

Mrs. Gallagher stressed to the students that secretaries are minding everybody's business in the sense that they function in pivotal roles, assisting executives in business, industry, government and the professions. To be a good secretary, she pointed out, education must be continued to meet the challenges and changes in the fast moving business world of today.

Mrs. Gallagher is a member of the Permian Chapter, having served as president, and was the chapter's Secretary of the Year in 1972. She has conducted numerous secretarial seminars, and has been a member of NSA 24 years.

Kim Kunkel is chairman of the speaker's committee for Secretaries Week. Mrs. Carolyn Cagle is chairman for Career Day, which will be held Thursday for members of Future Secretaries Association at Midland and Lee High Schools. Mrs. LaVerne Hoestenbach is chairman of Secretaries Week for the Permian Chapter. Mrs. Lucille Boase, CPS, is president of the Permian Chapter, and will also be speaking to various groups during the special week, along with other chapter members.

After they dry and you put them on, it looks like you have lovely sun-tanned skin at your ankles instead of white socks! They are so much more comfortable if you do a lot of walking.

Mrs. Reed Collins Hostess To Coffee

Members of the Midland Society of University Women met recently in the home of Mrs. Reed Collins for a coffee. Spring flowers decorated the serving table.

Hostesses with Mrs. Collins were Mrs. Richard Roberts and Mrs. Lee Park.

Plans were finalized for the MSUW "Spring Sotree" to be held May 2 in the home of Mrs. Preston Lea. Benefits will go to the MSUW scholarship fund. Scholarships are awarded annually to students in Midland high schools. Donations are tax deductible and are used solely for the fund.

It was announced that the annual fence painting contest will be May 17 at Howard Hodge Theatre. Students in kindergarten through the ninth grade are eligible to participate. Prizes will be awarded.

A covered dish luncheon will be held May 16 in the home of Mrs. Charles Koch. Scholarships will be awarded.

HINTS FROM Heloise Socks Suit Her To A Tea (Bag)!

Dear Heloise: Because I like to wear stretch ankle socks rather than pantyhose or short nylon stockings with pantsuits or slacks, I have been trying to find some flesh-colored or nylon-colored stretch anklets.

No luck. They only come in white. So I took the white ones and dyed them in tea water.

Bring a quart of water to a boil, simmer three or four tea bags in it for a good ten minutes. Remove them and add three or four pairs of white stretch socks.

Keep them simmering until you get the sun-tan color you desire.

After they dry and you put them on, it looks like you have lovely sun-tanned skin at your ankles instead of white socks!

They are so much more comfortable if you do a lot of walking.

AAUW Group Meets Thursday

The Potpourri of Topics Group of the American Association of University Women will meet at 9:30 a.m. Thursday with Mrs. Dan Kallus, 2213 Shell St.

Mrs. James Ramsoure will present the program, "History of Black Women." She will discuss the role and influence of Negro women from early to contemporary times.

Mrs. Ramsoure, a graduate of West Virginia State College, has taught in the Midland Independent School District for many years.

Interested AAUW members and prospective members are invited to the discussion group.

Punch Party Held For Vikki Snow

Vikki Snow, graduating Lee High School senior, was the honoree at a recent punch party held in the home of Mrs. Miller Goodman and her daughter, Patty, 2107 Hughes St.

Red and white were the colors used in the decorations. A gift was presented to the honoree, who plans to attend Texas Tech University.

A special guest was the honoree's mother, Mrs. Joe Snow.

Root crops. Any root crops, such as parsnips, are better before they have reached their largest size.

COMING EVENTS

Wednesday

Dorcas Society of the Seventh-day Adventist Church, 9 a.m., church.

MCC Women's Golf Association, 9 a.m., club.

Senior Services Center, 12 noon luncheon with Mrs. Motherfield, William Trumbull, First Christian Church.

St. Nicholas' Episcopal Church, 10 a.m., W.E. Healing, church.

Midland Chapter No. 32, Parents Without Partners, 8 p.m., Parents and conversation, 4311 Denger St., No. 306.

HOROSCOPE

by Carroll Righter

GENERAL TENDENCIES: Make sure you fully understand suggestions of others. Do not prejudice situations without full conversation and agreement with those concerned in any way. Happy evening.

ARIES (Mar. 21 to Apr. 19): Know what partner wants of you who has not been acting quite right of late. Handle business matters well. Not a good evening for social.

TAURUS (Apr. 20 to May 20): Arrange today's activities early with associates. Don't carry through with year-part efficiency. Have beauty, health treatments.

GEMINI (May 21 to June 21): Don't go on expensive spree, but stick to the tried and true within your means. Use a different approach with mate for better understanding.

MOON CHILDREN (June 22 to July 21): Attend to duties that make his happier, more comfortable. Do not entertain yet until conditions are really smooth. Pay bills.

LEO (July 22 to Aug. 21): Idea day to run accumulated errands. A fine evening for enjoyable and profitable group affairs. Catch up on correspondence.

VIRGO (Aug. 22 to Sept. 22): Financial and property affairs have you worried but only because you are not doing anything constructive about them. Get busy.

LIBRA (Sept. 23 to Oct. 23): Think constructively and forget lack of adequacy and you progress faster. Evenings best time for group affairs.

SCORPIO (Oct. 24 to Nov. 21): It could get you into trouble if you meddle in others' personal affairs. Focus on your own business and advance more quickly.

SAGITTARIUS (Nov. 22 to Dec. 21): Don't expect friends to help you too much, but handle own undertakings. Post group affairs until p.m. for fine results.

CAPRICORN (Dec. 22 to Jan. 20): Don't procrastinate on outside matters

Dear Abby

Two's One Ring Too Many For Him

— By Abigail van Buren

DEAR ABBY: Do you think it is all right for a supposedly happily married man to accept (and wear) a ring given to him by an unmarried coworker? Well, that is what my husband is doing, and it is causing a lot of trouble between us. To me, a ring is no ordinary gift. It has much more meaning.

Do you think she is trying to tell him something? If she wanted to show her appreciation for favors rendered (like fixing a flat tire), wouldn't a necklace or a wallet have been more appropriate?

When I saw that ring on my husband's little finger, right next to his wedding band, I was deeply hurt. We have been married for 24 years and need your help to settle this disagreement.

STRANGE COINCIDENCE

DEAR STRANGE: The coincidence is even stranger than you think. Others wrote to say that when mama was sent for to keep the home fires burning, the marriage went up in smoke.

DEAR ABBY: Will you please state what you think is a decent amount of time to mourn the loss of one's deceased mate? I was 100 per cent loyal and stayed by my husband during a long and terrible illness. He's been dead for six months, and I am terribly lonely.

I am 44, well-educated and know a very attractive, professional man in his middle 50s who has been a widower for a number of years. He has asked me out, and, frankly, I'd like to date him, but my friends say it's too soon—it would be disrespectful to my late husband.

RING TROUBLE

DEAR TROUBLE: Your husband's coworker had no business giving him such a personal, symbolic gift. And he was equally culpable for having accepted it. I think your man is wearing one ring too many.

Jelly side down

Pantyhose Possibly Greatest Invention

Don't get me wrong. I think that pantyhose are possibly the greatest invention since sliced bread.

No more will I be forced to sit through a two-hour PTA meeting, unable to concentrate on proposals for a workshop on raising my child's consciousness because a back garter, sandwiched between me and a wooden folding chair, is methodically eating its way into my thigh.

No more will those same garters detach themselves from my girdle, melt, and cement themselves irrevocably onto the inside of the clothes dryer like wads of gum.

No more will I have to spend an entire cocktail party standing with one leg considerably in front of and apart from the other, in the vain hope that no one will notice that, since I was unable to locate a matching pair of hose, one of my legs is Tawny Taupe and the other is Sun-swept Beige.

I mean, in theory, pantyhose are the answer.

But why can I never find a pair that fit?

I am either forced to spend the entire day encased in a pair of pantyhose so large that even though I pull them up to my armpits, my ankles and knees are festooned with wrinkles, or I must attempt to wedge into a smaller size which never goes quite all the way on.

And it is most distressing to walk down the street with the elastic clinging precariously from my hip bones, the crotch in the general vicinity of my knees, and the uneasy realization that any ill-considered physical activity will undoubtedly cause the entire effort to snap down around my ankles.

LOSE WEIGHT OR MONEY BACK

New clinical tests completed at a major university hospital prove that the ODRINEX Plan will help you lose excess weight quickly.

ODRINEX contains an amazing hunger timer that suppresses the appetite. Enjoy three good meals a day as the tiny ODRINEX tablet automatically helps you eat less without being hungry. With fewer calories, your weight goes down. Safe taken as directed - will not make you nervous. Look better, feel better as you start slimming down today with ODRINEX. Satisfaction guaranteed or money back!

Administration Takes First Steps In Planning For Refugees' Arrival

By LARENCE MEYER
The Washington Post

WASHINGTON — With time running out in Saigon, the Ford administration has taken the first steps toward planning for the arrival of Vietnamese refugees, but officials are increasingly pessimistic about being able to rescue large numbers of people from Saigon.

The first problem facing the Inter-agency Task Force on Vietnam, established by the White House Friday, is that it has no idea how many refugees may be coming to this country.

However, as the military collapse of the Saigon forces has accelerated, officials have shelved last week's estimates that as many as 200,000 Vietnamese refugees might come to the United States.

"The facts of the situation, how it turns out, that's what's going to decide it—how many people get out," one government official working on the task force said Monday.

Another official said the questions of how many Vietnamese would arrive have become extremely academic in the last two days because of the rapid disintegration of Saigon's defenses.

Before this disintegration, the task force had run into a certain restlessness within Congress over the prospect of large numbers of Vietnamese coming into the United States under the attorney general's authority to "parole" persons into the country in emergency situations.

Last week, after public and private hearings with Philip C. Habib, assistant secretary of state for east Asian and Pacific Affairs, the Senate Judiciary Committee wrote Secretary of State Henry A. Kissinger and Attorney General Edward H. Levi to endorse the "limited use" of Levi's authority to permit orphans and alien dependents of American citizens into the United States.

The committee said it also would "welcome consideration" of use of the parole authority to facilitate the immigration of "certain" Vietnamese nationals to join their families already in this country.

"However," the letter continued, "prior to the use of the parole authority . . . for the purpose of large-scale evacuation and resettlement of Vietnamese nationals, the committee will require such recommendations in writing and daily consultation on this important matter of public policy until further notice."

habib's testimony before the Senate Judiciary Committee was only one of a series of appearances by him and Kissinger during which they were questioned about possible emigration of large numbers of Vietnamese refugees to the United States.

During his Senate Judiciary Committee appearance last Tuesday, Habib told the committee in closed session that the administration was thinking in terms of 200,000 Vietnamese Refugees, a staff source said.

Habib mentioned several countries — Australia, France, Brazil, Venezuela — that might take refugees. "He sort of talked about conversations, he never mentioned commitments, he talked about spreading these people around the world," this source said.

"The committee to a man was skeptical of the whole process," the source said. "I think they're skeptical about the numbers. I think they're skeptical about how these people will be taken care of. We can go down the list of two dozen questions."

This source said the committee felt that 5,000 or 10,000 persons can be absorbed in this country. "But if you're talking about 200,000 people, that's a different matter."

When a reporter mentioned the lack of relocation camp sites and other facilities to a number of the task force members, he replied: "That's an academic point, we don't have that kind of numbers yet," according to this official, "sites have been suggested" but not selected.

In addition to the relatively serious problems in the current refugee planning, other less severe issues also must be handled.

According to one Immigration and Naturalization Service official: "We don't even have the proper forms. That's a minor problem, but at the same time, the bureaucracy has to have its paperwork."

Ex-CIA Official Says Castro Assassination Considered In Capital

WASHINGTON (AP) — High-level intelligence officials in the Kennedy administration discussed plans to assassinate Cuban Premier Fidel Castro, according to a former CIA official.

Richard Bissell, who directed the agency's covert foreign operations from 1969 to 1982, said Monday that he told the Rockefeller Commission investigating the assassination of Castro "was considered . . . but it wasn't carried out."

LIONS SPEAKER — Don A. Buckalew of Conroe, a Lions International director, will be the guest of honor at an all-Midland Lions banquet at 7:30 p.m. today at the Rowway Inn. He also will be the principal speaker. The banquet, a ladies-night function, is staged by the nine Lions clubs of Midland.

Midlanders Make Honor Roll At UT

AUSTIN—Four Midland students attending the School of Communication at The University of Texas have been named to the fall semester honor roll and a fifth has received high honors for his scholastic achievement.

James Edwin Carson of 1704 Cimmaron St. won high honors for scoring a 3.5 or higher grade average with no grade less than a C.

Students named to the honor roll for achieving a 3.25 or higher average were Charles Robert Byrd, 3330 Fannin St.; Patricia Ann Dougherty, 2103 W. Louisiana St.; Margaret Jonsson, 15 Winchester St.; and Jill Ann Watkins, 2504 Gulf St.

Makes Honor Roll
 COLUMBUS, Ohio — Duane Fred Cunningham of 3212 Boyd St. in Midland, Tex., has been named to the winter quarter honor roll at Ohio State University for achieving a grade average of at least 3.5 for a minimum of 12 hours.

The 20th century began on Jan. 1, 1901.

"Why save gasoline when we can buy all we want?"

It's a fair question. People conserved last winter because there simply wasn't enough to go around. But now, with ample supplies of gasoline and heating oil, saving energy is necessary for a different reason. Using less energy can help the U.S. reduce its dependence on foreign oil. And that will help you and our nation's economy in a number of ways.

How saving will help.
 The higher cost of foreign oil is taking money out of the country and helping to cause inflation and recession here at home. To give you an idea of how large the dollar drain is, in 1973 the U.S. spent about \$8 billion for imported oil. Last year, we imported less oil than in 1973—and paid almost \$25 billion for it. Right now our country is going through the same kind of belt-tightening that people go through when they're facing higher prices and

have to pay big personal debts. Energy studies show we'll need foreign oil for years to come. But we need to be less dependent on it. Since the U.S. is already producing all the oil it can, the quickest way to reduce imports is for everyone to use less. Saving gasoline can help a lot. In fact, if each car used just 1/2 gallon less per day, oil imports could be reduced one million barrels daily. That would save the U.S. about \$12 million a day—or about \$4 billion a year. Cutting back for a few years can give

the U.S. time to develop the additional energy sources needed to strengthen our economy. And when we save fuel, we also save money.

Saving enough energy will take everybody working together. And that includes Exxon.
 If the U.S. is going to make a real reduction in oil imports, everybody will have to do his share. Not just homeowners and drivers, but business and industry. At Exxon, efficient use of energy has always been important. But like everyone else, we have begun to realize that we have to get along with less than before. We have intensified our energy conservation program—found ways to cut down the energy used in our drilling and oil production, in our refineries, ships, cars, and buildings. Now we've almost reached our goal—a measured 15% reduction in energy use since 1972. And we will continue looking throughout our company for more ways to save energy. We're also doing our best to develop new supplies of energy in the U.S. by drilling more oil and gas wells and mining for coal and uranium. We'll be bringing you more reports on these activities in the months ahead.

Exxon Company, U.S.A.

Postal Union Leaders Say They May Reduce Pay Increase Demands

WASHINGTON (AP) — Postal union leaders indicate they may be willing to accept smaller wage increases for their 600,000 members if they win better working conditions in contract negotiations with the U.S. Postal Service.

"We can't outprice ourselves. We know what's at stake here," said James Rademacher, president of the 200,000-member National Association of Letter Carriers.

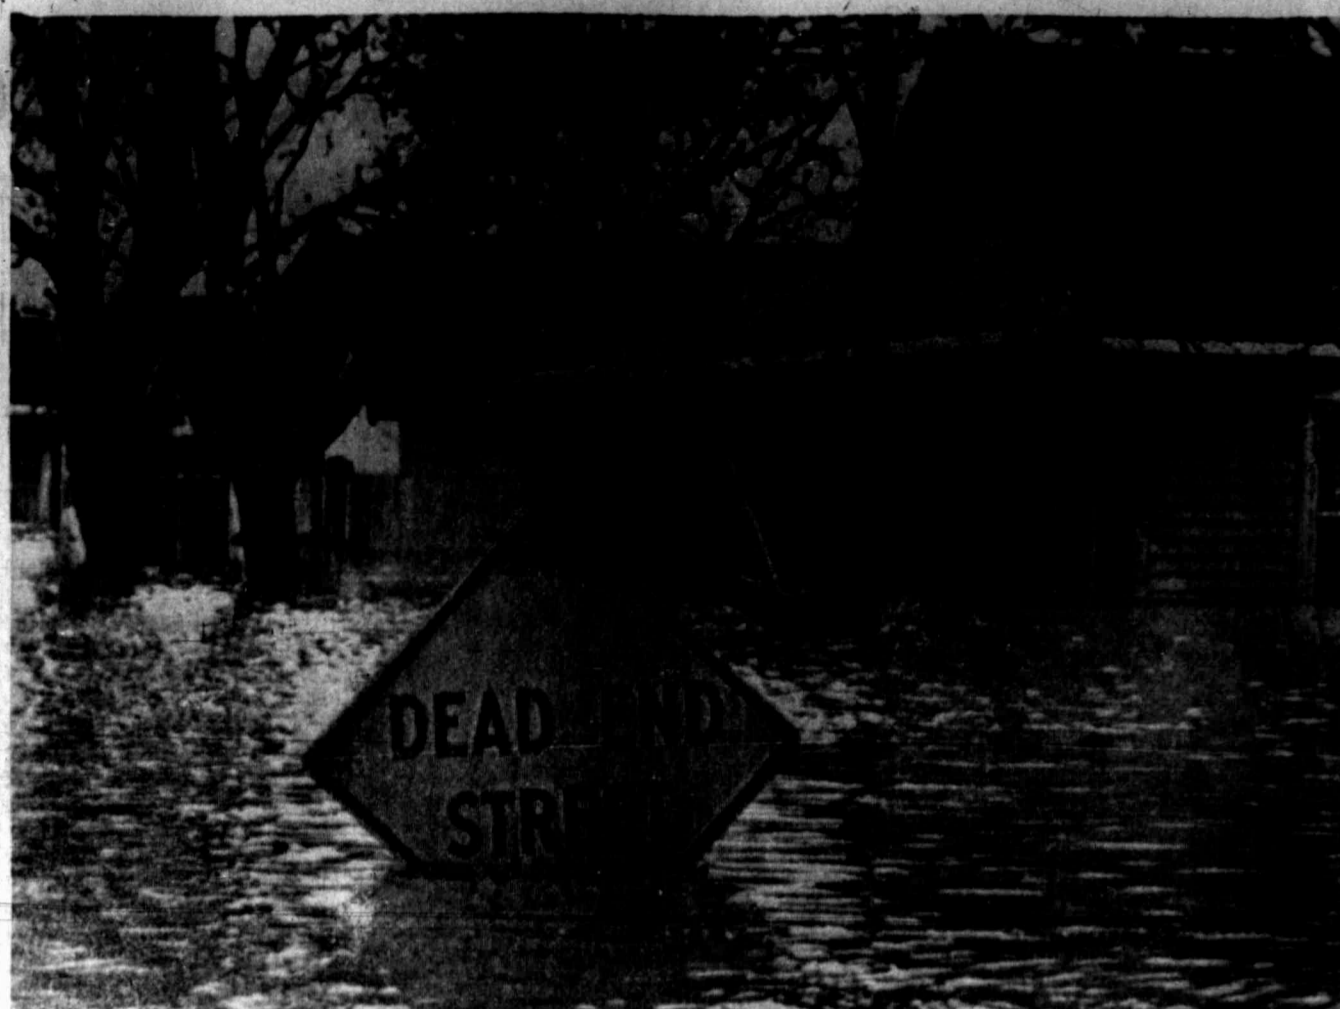

Negotiations for a new contract between the Postal Service and four unions opened Monday with an exchange of initial bargaining proposals.

Postmaster General Benjamin F. Bailer already has warned the unions that "an excessive pay package" could force a sharp increase in mail rates, leading to a drop in mail volume and a loss of postal jobs. Bailer has predicted that the price of a 10-cent first-class stamp may have to be increased to as much as 13 cents this year.

Postal workers, who won a \$1.100-a-year increase two years ago, plus semiannual cost-of-living adjustments, currently earn a top of about \$12,000, excluding fringe benefits.

The unions are banned by law from striking, but some unions have adopted a "no-contract, no-work" stance.

Specific wage demands were not disclosed. The unions also are seeking an improved cost-of-living formula; a reduction in the current 40-hour week to 35 hours; fully paid life, health and retirement benefits and greater voice in approving any work rule changes or efficiency-saving measures.

FLOOD AFTERMATH—All that's visible on Lansing, Mich.'s South Magnolia St. following weekend flooding are housetops and sign saying "Dead End Street." The flood caused damage in the millions and forced more than 700 families in Lansing alone to leave their homes. (AP Wirephoto.)

Floodwaters Recede In Michigan

By The Associated Press

The churning waters of the Grand and Red Cedar rivers that swirled through homes and stores at Lansing, Mich., are retreating, authorities say.

Although many homes remain engulfed by floodwater, Gov. William G. Milliken has mopping up has begun. Federal disaster teams were dispatched to assess damage caused since the weekend by the worst flood in the Lansing area in 28 years.

Authorities said floodwaters claimed at least two lives and forced about 1,800 persons from their homes. They estimated damage in the Lansing-Okemos-Williamston area at \$35 million to \$50 million.

Gov. William G. Milliken has asked that 14 counties hit by floodwaters in Michigan be declared eligible for federal disaster aid.

Meanwhile, more than 1,200 families are waiting to return to their homes and almost 3 million acres are under water after a spring rise on the Mississippi River. But officials say the river is dropping.

Civil Defense officials in Mississippi said floodwaters from the Mississippi cover some 831,000 acres of land in that state, with more than 800 families still displaced by high waters.

Jack Padgett, Louisiana Civil Defense deputy director, said more than 2 million acres are still under water in Louisiana, with more than 400 families displaced.

But John Anderson, a spokesman for the Army Corps of Engineers at Vicksburg, said the river is expected to fall to 41.4 feet there by Thursday, a drop of more than eight feet from its April 12 crest of 49.7 feet.

Showers, Drizzle, Fog Dampen Midwest, South

By The Associated Press

Showers, fog and drizzle dampened parts of the Midwest and South today as a gradual warmup fanned into most of the country from the Rockies to the Appalachians.

Rainfall generally was light during the night in Wisconsin, Illinois, Indiana, Michigan and Ohio. Fog reduced visibilities in sections of the northern Plains and in Southeast Texas at daybreak.

Drizzle lingered from the Lower Rio Grande Valley to Northeast Texas and Louisiana. Thunderstorms dumped as much as 3 inches of rain at Lake Charles, La., through Monday evening before the storms dried up or moved on.

Clear to partly cloudy skies dominated almost the entire country outside rain areas of the Midwest and South.

A gradual return to more seasonal weather held temperatures in the 50s and 60s over-

night north as far as the central Rockies, the middle Mississippi Valley and the Ohio Valley. A frosty chill stung most of the Northeast. Readings in the 30s reached south into Virginia.

Temperatures before dawn ranged from 20 at Youngstown, Ohio, to 78 at Key West, Fla.

Some other reports: Anchorage 33 clear, Atlanta 52 partly cloudy, Boston 36 clear, Buffalo 30 clear, Chicago 42 cloudy, Cincinnati 50 cloudy, Cleveland 36 cloudy, Dallas 66 cloudy, Denver 51 clear, Detroit 39 cloudy, Indianapolis 51 partly cloudy, Kansas City 53 partly cloudy, Los Angeles 51 cloudy, Louisville 51 cloudy, Miami 74 mostly cloudy, Minneapolis-St. Paul 39 mostly cloudy, Nashville 48 partly cloudy, New York 39 clear, Philadelphia 40 clear, Phoenix 68 partly cloudy, Pittsburgh 34 partly cloudy, St. Louis 62 partly cloudy, San Francisco 48 cloudy, Seattle 44 clear, Washington 45 clear.

Three Newsmen Held In Contempt Say They Will Never Answer Questions

FRESNO, Calif. (AP) — Three newspapermen sentenced to jail for contempt of court until they tell how they acquired a sealed grand jury transcript vow "they will never answer those questions," their attorney says.

Superior Court Judge Denver Peckinpah has stayed imposition of sentence until May 23 for Fresno Bee Managing Editor George Gruner and reporters Joe Rosato and William Patterson.

That will give the newspaper's attorneys time to file an appeal on grounds that the contempt citations issued by Peckinpah violated their constitutional rights and the state "shield law" under which reporters need not disclose confidential sources.

They were cited in "direct contempt" 62 times at an earlier hearing for refusing to answer questions which might have led to the source of three articles containing details of a transcript ordered sealed until trials were completed.

A fourth Bee employe, City Editor James Bort, was found in contempt 17 times Monday, but his sentencing was delayed until the hearing resumes on Wednesday.

"Each defendant (in the Bee case) says that whatever the sentence, imposition is detrimental to their freedoms and they never will answer those questions," said Bee attorney Philip C. Fullerton.

Bort elaborated while testifying: "The public is entitled to know that newsmen in performing their function are willing to stand on a principle we think is very important to a free press. That is the ability to refuse to disclose sources when they are confidential in nature."

Ford Says Another Mideast War Would Bring Oil Embargo

WASHINGTON (AP) — President Ford says another oil embargo would be inevitable if war breaks out again in the Middle East.

He also said in a CBS interview Monday night that the United States has not decided yet on the best course to follow in trying to bring peace to the area.

Without accepting a suggestion that Israel no longer enjoys favored-nation treatment, Ford said it was in the interest of this country to make its decision carefully.

"In this very difficult situation where the possibility of war is certainly a serious one, if you have a war you inevitably are going to have another oil embargo," he said. "I think we have to be very cautious in our process of reassessment."

Although Vietnam dominated the hour-long session, Ford dealt extensively with the Middle East. He held out the possibility of meeting individually with Israeli Prime Minister Yitzhak Rabin and Arab leaders. And, he said, the United States must necessarily consider the fate of the Palestinians in looking toward an over-all settlement.

Jones Shuts Out Houston On Six-Hitter, 4-0

TOO HOT TO HANDLE—Los Angeles' Davey Lopes (15) is safe at second after Atlanta's Marti Perez (9) knocks down a drive by Manny Mota of the Dodgers in game in Atlanta Monday night. Los Angeles won, 2-1. Brave shortstop Larvell Baker goes for the ball too late. (AP Wirephoto.)

Giants, Dodgers Win; Wynn Out With Injury

Turnabout being fair play, the National League is having a tough time keeping up with San Diego's Jones boy.

While losing a major league-leading 22 games last season, Randy Jones was shut out seven times. The Padres provided him only one run in four setbacks and just two runs in six others—a whopping total of 16 runs in 17 losses.

"I don't even like to think about last year," Jones said Monday night after running his 1975 record to 2-0 with a six-hit, 4-0 whitewash of the Houston Astros. In three starts, the 25-year-old lefty has allowed just 12 hits and one unearned run in 25 innings.

The key blow on Jones' behalf was a run-scoring triple by catcher Randy Hundley which produced the second of two runs in the second inning. The first run scored on a two-out error by shortstop Roger Metzger.

Meanwhile, Jones allowed a double and five singles while walking none and fanning four. In boosting their record to 7-4 and remaining atop the NL West, the upstart Padres added a run in the fourth on Dave Winfield's single and a double by Tito Fuentes. They got their final run in the fifth when Jones singled, took third on Glenn Beckert's double and scored on a wild pitch.

"We don't concede anything to anybody," said Manager John McNamara, even though the Padres have finished dead last in each of their six previous seasons. "Los Angeles and Cincinnati have to be considered the best in the division, but among the other four we can compete."

Jimmy Wynn ... injures arm

Center-fielder Wynn joined the Dodgers' lengthy injury list, which also includes outfielders Bill Buckner, Tom Paciorek and Willie Crawford, pitcher Mike Marshall, shortstop Bill Russell and catcher Steve Yeager. Los Angeles wound up with second baseman Dave Lopes playing center-field.

SPORTS

BOSTON MARATHON—

Rodgers Takes Racing Victory

BOSTON (AP) — Will Rodgers, the Boston Marathon's new record holder, is a stylish long-distance runner with a most unorthodox habit. He makes brief stops to quench his thirst in a race, then picks up where he leaves off.

"I can't run and drink at the same time," Rodgers said Monday after dominating a field of more than 2,000 in the 79th annual Patriot's Day race.

Despite stopping three times to accept drinks of water—and once to tie the lace on his right shoe—the 27-year-old Boston College graduate student ran one of the fastest marathons in history, covering the 26 miles, 385 yards from Hopkinton to Boston in 2 hours 9 minutes 55 seconds.

That broke the 1970 record of 2:10.30 set by England's Ron Hill in rain and cold. There is no official world record for marathons because of variances in courses. One of the fastest, though, was 2:08.33 by Derek Clayton of Australia in 1969.

Although he finished 14th in this marathon last year and later won the national 20-kilometer championship, Rodgers was a virtual unknown among many of the top distance runners from all sections of the world. At the finish, though, he was all alone with no one in sight.

Former Canadian champion Jerome Drayton, third in 1974, tried to keep up with Rodgers but faded and finally gave up the chase with two miles to go. Steve Hoag, 28, of Minneapolis took second with a late sprint, finishing in 2:11.54, 11 seconds ahead of 1973 and '74 runnerup Tom Fleming of Bloomfield, N.J.

While Rodgers made a shambles of the course record, Germany's Liane Winter easily won the women's race within a race in 2:42.24. Kathy Switzer of New York was runnerup in the women's field of 50.

Rodgers, a former track man at Wesleyan University in his native Connecticut, followed in the footsteps of his old college roommate, Amby Burfoot, the 1968 champion here. Burfoot finished 32nd in 2:21.20 this year.

"I never thought I could win because this was only my sixth marathon," Rodgers said. "However, I got inspired after the first four or five miles and began to think I could win."

Admittedly "pushed right along" by a stiff tailwind, Rodgers wore down Drayton. He worried needlessly about the Canadian veteran in the final miles.

"I couldn't see the finish line," Rodgers said. "I came in by instinct. I had visions of Drayton sprinting by me. Then everything was like a dream as I crossed the line."

Despite his smashing success, the 125-pound Rodgers insists he wants to run in only one or two marathons a year. His immediate goal is to earn a place on the U.S. Olympic team next year.

Hill, returning to the scene of his greatest triumph at the age of 36, never could get going and finished fifth behind Canadian champion Tom Howard.

- Top 10 finishers in the 79th Boston A.A. Marathon Monday: 1. William H. Rodgers, Boston, 2:09.55; 2. Steve Hoag, Minneapolis, 2:11.54; 3. Tom Fleming, N.Y. Athletic Club, 2:12.00; 4. James Stanley, Summit Athletic Club, 2:14.54; 5. Russell Pale, Columbia Track Club, 2:15.00; 6. Peter Fredriksson, San Diego Track Club, 2:15.30; 7. Mario Quevas, Mexico, 2:16.06; 8. Andrew Boychuk, Canada, 2:16.13; 9. Thomas Howard, Vancouver, B.C., 2:19.29; 10. Ron Hill, England, 2:21.20.

Borg Suffers WTC Upset

Italy's Panatta Loses To Swede

By The Associated Press — Bjorn Borg, a national hero in his homeland of Sweden, bowed out early in a \$60,000 World Championship Tennis tournament in Stockholm Monday, apparently tired and out of shape after playing in Johannesburg, South Africa.

The 18-year-old Swede, seeded second in the Green Group event, lost 6-4, 6-4 to little-known countryman Tenny Svensson, and after the match left the arena without comment.

Borg arrived on Sunday night from the tour's previous stop in Johannesburg. The Stockholm stop is the last on the regular tour before the May 5-11 \$100,000 WCT finale in Dallas, for which Borg is guaranteed a berth.

In another first-round upset, Jan Zabeznik of Sweden beat Adriano Panatta, Italy's No. 1 player, 7-6, 6-7, 7-5. In a WCT Blue Group tournament in Charlotte, N.C., unseeded players Ross Case of Australia, Bob Maud of South Africa and American John Hladky all advanced.

Case beat Australian Chris Katchell 5-7, 6-1, 6-2, and Maud ousted Mike Cahill, another American, 6-4, 1-4, 6-2. Hladky beat Jim McManus 6-4, 3-6, 6-4 in the \$60,000 tourney.

Rod Laver of Australia is seeded in the Charlotte tournament and was scheduled to make his first appearance today against Patricio Cornejo of Chile. Vitas Gerulaitis of the United States, the No. 4 seed, withdrew Sunday with a sore wrist.

In Houston, rain washed out all eight scheduled first-round matches in the 41st River Oaks Tennis Tournament. Tourney officials said 16 matches would be played today.

ASU, which fell to second in the last poll, had 490 power index points in today's balloting for a one-point edge over Florida State and South Carolina. Arizona went into the ASU series ranked sixth, but found out soon who was boss, losing to the Sun Devils 9-1, 17-7 and 17-7 over the weekend.

The losses dropped Arizona to ninth in the poll. Florida State fell from the top spot to a second-place tie with South Carolina. The Florida squad has a 35-3 record, while South Carolina is 32-2.

In the college division, Florida Southern remained No. 1, with a 23-4 record, six points ahead of Cal Poly at San Luis Obispo.

Rooding out the university division top 19 are Texas fourth, South Alabama fifth, Oklahoma sixth, Pan American seventh, Southern California eighth, Arizona ninth and Georgia Southern 10th.

In the college division, Florida Tech is third, Eckerd (Ga.) fourth, Valdosta State (Ga.) fifth, Florida International sixth, Chapman (Calif.) seventh, Marietta (Ohio) eighth, Missouri at St. Louis ninth and Florida A&M 10th.

Cubs Opening Home Stand

Midland's Cubs return home tonight to open an 11-game home stand against the Shreveport Captains and San Antonio Brewers.

Manager Doc Edwards hopes the friendly Cubs' Stadium surroundings will help the team get back on the winning track. Right now, Midland is mired deep in last place in the West Division of the Texas League race.

Dan Corlier, 0-4, will pitch against the Captains and his fate last week in his first start is the kind of thing Midland pitchers have been encountering this spring.

All Dan did was pitch a shutout for nine innings and wind up with a tie. The Cubs lost it in the 10th on an error and passed ball.

Shreveport Manager Tim Murtaugh, who is the son of Pittsburgh pilot Denny Murtaugh, brings to Midland a team reportedly bearing a striking resemblance to the El Paso team that gave Midland so much trouble here in the season's opening series.

The Pirate farmhands are fast on the bases, possess good pitching and power at the plate. Mike Edwards, Shreveport's leadoff batter, who was a teammate of El Paso pitcher Frank Panick at UCLA, has 8.6 speed in the 100.

One of the pitchers who will face Midland in the Shreveport series that concludes with a doubleheader Saturday night is Randy Sealy, a righthander from Brazoswood High in Clute, Texas. Sealy, in his third year of pro ball, defeated San Antonio 4-1 last week.

After an off day Sunday, Midland will wind up the home stand with games April 28, 29, 30 and May 1 and 2 against San Antonio.

Cub Averages table with columns for Player, G, AB, R, H, E, etc.

Field that scored Paul Hubbard in the third inning. Jackson got all of its scoring in the first inning when Angel Centres doubled in both runs.

The victory left Arkansas in a tie for last place in the East Division, but only one and one-half games behind Jackson.

M-Cubs Trip Brewers, 3-1

Ortiz, Montreuil Star In Win

SAN ANTONIO — The Midland Cubs closed out a five-game series with the San Antonio Brewers Monday night by posting a 3-1 victory.

Jose Ortiz scored two of the Cub runs as they took advantage of some superb pitching by relief pitcher Bruce Sutter.

Midland scored single runs in the third, sixth and ninth innings. With two out in the third, Ortiz was hit by a pitch, stole second and went to third on Joe Hannah's throwing error into center. Al Montreuil's single scored Ortiz for a 1-0 lead.

Ortiz started off the Midland sixth with a walk, went to second on a sacrifice by Montreuil. He went to third on a balk by pitcher Al Salyer

and scored when Joe Wallis grounded out to second. The Brewers cut the lead to 2-1 in the sixth inning on a double by Rich Guerra, two walks and a fly to left by Rob Belker.

Midland scored an insurance run in the ninth inning. Wallis flew out to left, but Wayne Tyrone tripled up the power alley in right-center. Cliff Hall came in to run for the crippled Tyrone and scored on Bill Bright's sacrifice to center.

San Antonio rapped out 11 hits, but left 10 runners stranded during the contest. In the seventh inning they got runners to second and third with none out, but failed to score when the Cubs came up with a double play.

Sutter came in to get Al Gonzalez on a grounder to second where Montreuil fired to the plate to nail Guerra. Then came the twin killing to choke off the uprising.

Midland returns home tonight to open an 11-game home stand against Shreveport and San Antonio.

Baseball Poll Led By ASU

TUCSON, Ariz. (AP) — Arizona State University has climbed back into first place in College Baseball newspaper's biweekly poll after sweeping a three-game series from rival Arizona.

ASU, which fell to second in the last poll, had 490 power index points in today's balloting for a one-point edge over Florida State and South Carolina.

Arizona went into the ASU series ranked sixth, but found out soon who was boss, losing to the Sun Devils 9-1, 17-7 and 17-7 over the weekend.

The losses dropped Arizona to ninth in the poll. Florida State fell from the top spot to a second-place tie with South Carolina. The Florida squad has a 35-3 record, while South Carolina is 32-2.

In the college division, Florida Southern remained No. 1, with a 23-4 record, six points ahead of Cal Poly at San Luis Obispo.

Rooding out the university division top 19 are Texas fourth, South Alabama fifth, Oklahoma sixth, Pan American seventh, Southern California eighth, Arizona ninth and Georgia Southern 10th.

In the college division, Florida Tech is third, Eckerd (Ga.) fourth, Valdosta State (Ga.) fifth, Florida International sixth, Chapman (Calif.) seventh, Marietta (Ohio) eighth, Missouri at St. Louis ninth and Florida A&M 10th.

Rooding out the university division top 19 are Texas fourth, South Alabama fifth, Oklahoma sixth, Pan American seventh, Southern California eighth, Arizona ninth and Georgia Southern 10th.

Stevens, Wells Set Marks

Bobby Stevens of Midland Lee and Midland's Jackie Wells have already set two new District 5-4A records with four games left in the heated baseball race.

Going into today's game with Big Spring, Stevens had driven in 24 runs in 10 loop games, breaking the old mark of 18 set by four players—Mike Cross of Lee, Larry Fyrmire of Permian, Ricky Steen of Big Spring and Alan Lakatta of Abilene Cooper. While Stevens has shattered the RBI mark, Wells has polled six home runs to break the former record of five set by Steen, Robert Shaeffer of Midland and Monte Harris of Abilene.

Stevens has knocked in 27 runs thus far and had a good shot at the season RBI record set by Shaeffer during the 1973 season when the Midland Bulldogs won the Class AAAA state championship. Shaeffer, now playing at The University of Texas at Austin, had 33 RBIs. Another former Bulldog—Bill Brown, had 32 during the 1960 season.

Bob Davis, a teammate of Brown, had 31 that same season.

The school record for RBIs at Lee is now in Stevens' hands since he passed the former leader—Rusty Stallings, who had 25 in 1965.

Wells still needs another homer to equal Shaeffer's seven during the 1973 campaign, but the 5-4 senior has a good chance in the final four games.

Stevens has knocked in 49 runs in two years at Lee after driving in 22 runs last year as a junior. He owns a .371 average over two years, hitting .333 last year and was hitting .413 going into today's game with the Steers at the Lee diamond.

Bucky Kimble, who hit .524 at Lee while a sophomore in 1963 during district play, also hit .532 on the year, so Stevens will have to wield a hot bat the rest of the way to come up with that high of an average.

Midland's Larry Stanley, the loop's leading hitter in 1959 with a .524 mark, hit 418 that same year on the season for the Purple Pack.

Wayne Merritt of Midland won the batting crown in 1965 with a robust .462 average while Sam Flournoy of Lee hit .444 in 1962. Dan Smith of MHS hit .383 in 1967 and that is the last year that a player from the Tall City has won the batting title.

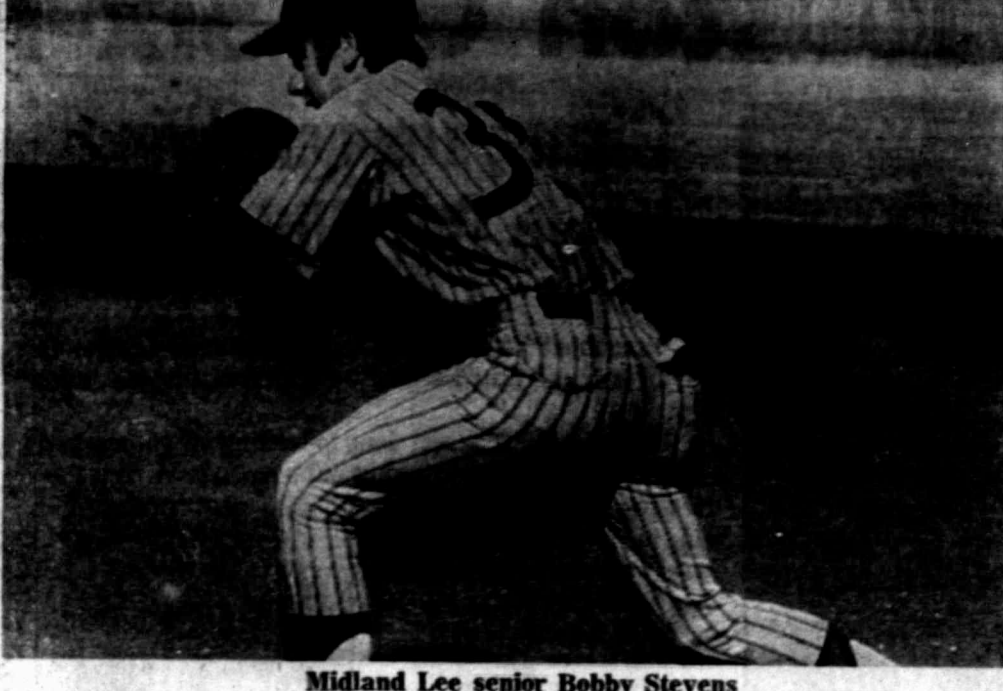

Permian has had eight players winning the batting crown since 1957 when the present loop was formed although it was then District 2-4A. From there it went from 3-4A to the present 5-4A, all through the revamping of districts in the state.

Abilene has won five district titles and won three straight under Blacky Blackburn in 1970, '71 and '72.

Only Abilene and Midland High has won the state title. The Warriors won in 1957 and Midland in 1973. Lee was state runner-up in 1969 as was Abilene Cooper in 1967. Odessa High was second in 1959 and 1962 under Julian Presley.

In the pitching department, Brown won 15 and lost three games for the 1960 Bulldogs while Shaeffer had the same mound record for the Pack in 1973.

John Howell, talented lefthander for the 1968 Lee Rebels, racked up a 13-2 record and was 8-0 in loop play with 111 strikeouts. Randy Prince of Lee was 13-3 in 1969 and 10-1 in district competition.

Midland Lee senior Bobby Stevens building on 5-4A RBI record

DISTRICT 5-4A BASEBALL—

Lee, Steers Meet In Big Showdown

Big Spring and Midland Lee were set to battle at 4 p.m. today for the sole leadership of the second half of the District 5-4A baseball race at the Lee diamond.

Both teams went into the game sporting 3-0 loop marks with the winner taking over sole possession of the top spot.

Lee defeated the Steers, 3-2, in the first round and Big Spring has come on strongly, playing only three seniors. Coach Larry Horton's nine blasted Odessa Permian, 8-2, Saturday and plenty of momentum going. Not only did they whip the Black Cats, but rapped out 12 hits

off ace pitcher Alex Kager. While Lee and Big Spring are staging their all-out battle, Midland travels to San Angelo to take on the Bobcats. Midland is 0-3 while San Angelo sports a 1-2 loop mark.

The Bulldogs will be out to snap a nine-game losing streak against the Bobcats who have played hot and cold all season.

In other 5-4A games, Permian hopes to stay alive with a win over Abilene Cooper in Abilene while the up-and-down Odessa Bronchos face Abilene in Odessa.

Saturday Lee is at Permian; OHS at Midland; Big Spring at Cooper and Abilene at San Angelo.

Kenneth Nix was set to throw for Lee today while the Steers were to counter with Dick Battie. Terril Littlejohn was to face Angelo's Rudy Izzard.

Jackie Wells... homer leader

Keith Wilkes NBA Rookie Of The Year

OAKLAND (AP) — "It's been a good year for rookies," said the Golden State Warriors' Keith Wilkes, named the top player in the National Basketball Association's 1974-75 crop of newcomers.

"A lot of rookies started and several more, even though they didn't start, helped their clubs a lot," the former UCLA All-American said.

A panel of sports writers and broadcasters from NBA cities decided Monday they agreed with what Warriors Coach Al Attles had been saying since early in the season—Wilkes was the rookie who helped his club most.

The 6-foot-6½ Wilkes won a starting forward job in the opening week of the season and

went on to average 14.2 points and 8.2 rebounds for the Warriors, surprising winners of the Pacific Division race. In the Rookie of the Year voting, he edged Atlanta's John Drew who averaged 18.5 points with the Hawks.

Scott Wedman of Kansas City-Omaha was third on the list. Leonard Gray of Seattle fourth.

Wilkes won the award that before the season, his former UCLA teammate Bill Walton was expected to win. But Walton made most of his news off court, with injuries limiting his play to 35 games for the Portland Trail Blazers.

Wilkes played in every one of the 82 regular season games for the Warriors, who play Seattle here tonight in the fifth game of their fight-marred Western Conference semifinal playoff series which is tied 2-2.

"At times, I got a little run down during the season and didn't eat like I should," said Wilkes, a 190-pounder whose fragile appearance is deceiving. "But right now, I'm right where I should be."

He's used to postseason basketball action, having helped UCLA win two national collegiate titles.

Red Raiders Ink New York Cager

LUBBOCK, Tex. (AP)—Texas Tech University signed a 6-foot-1 guard from Brooklyn (Carnegie), N.Y. High School Monday—the third recruit to join Coach Gerald Myers' basketball forces.

Geoffrey Huston averaged 21.9 points a game while hitting 55 per cent of his shots from the field and 72 per cent from the line.

Huston joins Danny Ivey of San Antonio Central Catholic and Bob Rudolph of Arlington as Tech signees.

Quarry Decisions Mott In Dallas

DALLAS (AP)—Mike Quarry of Bellflower, Calif., won a unanimous 12-round boxing decision Monday night over Melvin Mott of Houston. Quarry, 24, is the younger brother of heavyweight boxer Jerry Quarry.

The fight was billed for the light heavyweight championship of Texas and drew about 1,000 spectators to the Convention Center. Quarry said he got a percentage of the gate as his winner's purse.

There were no knockdowns. Mott, 29, was handicapped by an injured right hand, which was hurt in a workout a week ago.

Quarry ran his record to 49 victories, five defeats and three draws.

Twins Edge Angels

By BRUCE LOWITT AP Sports Writer

Luis Gomez threw his helmet in anger... and the only thing hurt was Dick Williams' feelings.

And the eight runs Minnesota scored against his California Angels didn't do his disposition any good, either.

Larry Hise knocked in four of the runs with a homer and a triple and Rod Carew hit a tie-breaking sacrifice fly in the eighth inning to carry the Twins past the Angels 8-6 Monday night.

All those runs and those 14 Minnesota hits weren't what had Williams talking to himself, the umpires and anybody else who would listen. What sent the Angels' manager up the wall started out, oddly enough, when the Twins' Luis Gomez was called out at first base in the sixth inning.

Williams contended Gomez should have been given the heave-ho when he threw his helmet disputing the call following his bases-loaded bunt that gave the Twins their sixth run, not the most important one in the game since the Angels tied it 6-6 in the bottom of the sixth.

Gomez protested being called out, flung his helmet to the ground and was hit with an automatic \$100 fine by first base umpire Lou DiMuro, who made a graphic gesture by waving a finger in the air, then pointing at the helmet.

But DiMuro permitted Gomez to stay in the game and Williams responded by playing the game under protest.

DiMuro also explained that a new American League rule, like one adopted several years ago by the National League, no longer makes throwing equipment an automatic ejection from a game.

Padres Win—

(Continued From Page 1B)

score in the eighth on Marc Hill's sacrifice fly. Johnny Bench put the Reds on top 3-2 with a three-run homer in the seventh while the Giants got their first two runs in the sixth on a walk, another double by Matthews and Speier's two-run double.

Yanks 12, Red Sox 1

Roy White continued to wield a hot bat with a home run, a double, and two singles, scoring four runs and driving in two in New York's rout of the Red Sox.

White, sidelined with a hand injury during the first week of the season, has 10 hits in 19 at-bats for a .526 average. While Pat Dobson checked the Boston on six hits, White led the Yanks' 16-hit assault.

His leadoff double got them started on a four-run first inning and he had a run-scoring single in the middle of a six-run fourth. Thurman Munson contributed three runs batted in and Bobby Bonds and Graig Nettles had two apiece along with White.

Mahan Top Rodeo Performer

DENVER (AP)—Former world champion Larry Mahan of Dallas has moved back into the lead in the Rodeo Cowboys Association all-around cowboy standings.

Mahan edged out fellow Texan Don Gay of Mesquite, who held the lead briefly. Mahan has compiled total winnings of \$13,481 so far this season, just ahead of Gay with \$13,376.

And not far behind is another Texan, Jack Ward of Odessa, with winnings of \$12,437.

Monty Henson of Mesquite continues to run away with the saddle bronc competition, winning \$9,082, compared to \$9,915 for second-place Sammie Groves of New Deal, Tex.

Henson will be out of competition for about two weeks. The side of his face was broken in three places in an injury at the Oakland, Calif., rodeo.

River Oaks Net Meet Washed Out

HOUSTON (AP)—Rain washed out all eight scheduled first round matches Monday in the 41st annual River Oaks Tennis Tournament.

In an effort to catch up with the schedule, tournament officials said 16 matches, instead of the originally scheduled eight, would be played Tuesday, weather permitting.

Norman, Edwards Given Honors

SAN MARCOS, Tex. (AP)—James Norman of the Fort Worth Star-Telegram and Ron Edwards of KSAM radio in Huntsville have been named sportswriter and broadcaster of the year by the Lone Star Conference.

They will be honored here during the 42nd LSC Spring Meet at Southwest Texas State University, April 27-29.

Norman will receive the Kirk Hill Award which has been presented since 1963. The award was named for the late Houston Post sportswriter who covered the LSC for many years.

Burleson Physical

Sonics, Warriors Battle Tonight

OAKLAND (AP)—A rough victory at Seattle, which National Basketball Association squared the best-of-seven series playoff series, the kind of phys-2-2. Burleson went 46 minutes local grind that some observers and had 29 points and 15

doubted Tom Burleson could endure, has brought out the 45 rebounds in the four games. best in the Seattle SuperSonics' Golden State's Rick Barry, despite scoring only 11 points in the fourth game, is the leading scorer in the series with 112 points.

Burleson hasn't backed off from the elbows and occasional fists which have been thrown in the games between the favored Warriors, Pacific Division champions, and the runner-up Sonics.

"Whenever you get involved in the playoffs, fights are bound to be part of them," Warriors' reserve center George Johnson said Saturday when both teams shrugged off the fistfights which got Sonics forward Leonard Gray ejected from the game.

"The teams are intense and tempers flare," said Warriors Coach Al Attles. "But, there's no animosity."

"Tonight's winner will have the opportunity to end the series Thursday night in Seattle. If a seventh game is necessary, it will be played here Saturday night."

Sonics Coach Bill Russell made Burleson his first-round draft pick and immediately made it clear that the slender center would be brought along slowly as a pro. Burleson started most regular season games but averaged only 23 minutes of

Penguins, Sabres Holding Advantage Over NY, Hawks

By The Associated Press
 The Pittsburgh Penguins, Buffalo Sabres and Montreal Canadiens hold overpowering leads in their National Hockey League playoff series and own home-ice advantages that could prove the undoing of their opponents tonight.

The Penguins, hosting the New York Islanders, hold a three-games-to-one margin and have lost only once in their last 33 home games. The Sabres hold the same lead over a Chicago Black Hawks club which has not won in Buffalo since December 9, 1971. And the Canadiens, with a 3-1 lead, over the Vancouver Canucks, owned the league's third-best home record during the regular season.

That should be troublesome, as none of the three trailing teams came close a 500-record away from home this year.

Buffalo Coach Floyd Smith, who said earlier his Sabres would be "sky high" for tonight's game, remained cautiously optimistic that his club would finish the Hawks. "It's always tougher to win the last game of a series than the first one," he said.

But it has been 13 games—11 losses and two ties—since Chicago found the winning edge in Buffalo, where the Sabres lost only six of their 40 regular season home games.

Pittsburgh has been even stronger with their skin, interrupted only on Feb. 23 by a 3-1 loss to the now-vacanting Detroit Red Wings.

"We started to win at home and never realized we had a streak going until somebody pointed it out to us," said Penguins goaltender Gary Innes. "We got the idea that nobody was going to beat us at home."

They have lived up to that expectation. The Islanders haven't won there in the regular season or the playoffs, and their hopes of staying alive in the National Hockey League squareoff depend on a victory on the road tonight.

The same is true of the Canucks, who are easily the most-travelled team in the league. However, their only triumph in the series came on the ice at the historic Montreal Forum, and Vancouver needs a replay to stay in contention.

It won't be easy. Canadiens goalie Ken Dryden has permitted the Canucks only five goals in the 12 periods played in the series, and only one in the last six periods.

Meanwhile, the Philadelphia Flyers sit back and wait to see whom they'll meet next in defense of their Stanley Cup title. They completed a four-game sweep of the Toronto Maple Leafs Saturday night and face their second week-long layoff of the playoffs if New York beats Pittsburgh tonight.

The Flyers earned a one-week bye into the quarter-finals by winning the Division I regular season championship, and if the Islanders send the series back to New York for a sixth game Thursday night, Philadelphia's wait for an opponent could last until Saturday, Sunday, or even longer.

Hydroplane Races Set
 SEATTLE (AP) — Seafair officials and KIRO Inc., have announced they are launching a public campaign to finance an unlimited-hydroplane race on Lake Washington this summer.

Sports In Brief
TRACK
 BOSTON — William H. Rodgers of the Greater Boston Track Club won the 7th annual Boston Marathon covering the 26.2-mile, 380-yard run in 2 hours, 9 minutes, 23 seconds, breaking the record of 2:10:30 which had stood since 1970.

BASKETBALL
 NEW YORK — Keith Wilkes, forward for the Golden State Warriors, won the National Basketball Association's Rookie of the Year Award for the 1974-75 season.

TENNIS
 STOCKHOLM — Tenny Svensson upset second-seeded Bjorn Borg 4-6, 6-4 in the first round of the \$60,000 World Championship Tennis Green Group Tournament.

CHARLOTTE, N.C. — American John Holladay advanced in the opening round of the \$50,000 World Championship Tennis Blue Group Tournament with a 6-4, 2-6, 6-4 victory over Jim McManus.

BORNE RACING
 NEW YORK — Brian St. captured the 28th running of the \$28,400 Pricor Stakes at Aqueduct, finishing 2 1/2 lengths ahead of Stulzer.

PHILADELPHIA — High Sir, \$6.40, beat Very Touch by a length and won the feature race at Keosauqua.

HALLANDALE, Fla. — Katoka, \$3.20, took the lead on the turn and went on to post a 4-length victory over Alan's Warrior in the Go Marching Parade at Gulfstream Park.

CHERRY HILL, N.J. — Knotts Run, \$2.20, coming from behind, crossed the wire two lengths ahead of Calamity Jim to take the feature race at Garden State Park.

BOSTON — Kiss and Run, \$7.40, overtook Prince Dartington and scored a lead victory in the \$15,400-added Patriot Day Handicap at Suffolk Downs.

LINCOLN, R.I. — Measurater, \$2.20, won the \$1,000 North Kingston Purse at Lincoln Downs with an easy five-length victory over Bright Jenny.

Monday's Fights
 CAPE TOWN, South Africa — Carlos Gomez, Argentina, outpointed Norman Sekagapane, South Africa, 10, welterweights.

NEW ORLEANS — Tony Licata, 162, New Orleans, outpointed Ramon Mendez, USA, Argentina, 10, welterweights.

DALLAS — Mike Quarry, Bellflower, Calif., outpointed Melvin Most, Houston, 12, light heavyweights.

HOUSTON (AP) — Top-seeded John Alexander was to meet Haroon Rahim of Pakistan today in the feature match of the rain-delayed 41st annual River Oaks Tennis Tournament.

Rain washed out all eight scheduled first round matches Monday.

JACKSON, Miss. (AP) — Mrs. Pat Dean, widow of baseball great Dizzy Dean, was moved Monday from the coronary care unit of Baptist Hospital.

Mrs. Dean complained of chest pains and was hospitalized Saturday. Her condition Monday was described as stable. Her husband died after a heart attack last summer.

Palmer Praises Watson's Play

LATROBE, Pa. (AP) — recently in the Masters. He was paired in the final round with Tom Watson the "new Arnie Palmer," and Palmer himself tabs Watson as one of the most promising newcomers on the pro golf tour.

"I am very impressed with what I have seen of Watson," the 45-year-old Palmer said, examining threats to the dominant position in the game he exercised in the 1960s and Jack Nicklaus has held in the 1970s.

"I don't think any one man is going to dominate the tour," Palmer added, "but if I had to pick someone who I think will demand a lot of attention Watson certainly would be one."

"He is young, strong and level-headed. He is a fighter. He works as hard as anyone I have seen. He works because he seems to enjoy it. That is a very important factor."

Watson, 25, a Stanford University graduate out of Kansas City, turned pro in 1971 and joined the tour in 1972. He finished 10th in the money winning list in 1974 with \$135,474, winning the Western Open and leading the U.S. Open after the third round.

"The nation's television viewers got a good look at him

in winning the Western Open (two weeks after blowing the Open at Winged Foot in Mamaroneck, N.Y., with a last-round 79, he staged a Palmer-like comeback. He picked up six strokes in the final round to beat out Tom Weiskopf.

Palmer, returning home after winning the Spanish Open with an eagle on the 72nd hole, predicted that the same three men who fought it out for the green jacket at the Masters—Nicklaus, Weiskopf and Miller—also should be the players to beat in the U.S. Open at Chicago's Medinah Club June 19-22.

"It is a wooded golf course with a premium on straight driving," he said. "The course is a tough one, but I like it."

Kentucky Downs St. Louis Behind 27 Dampier Points

LOUISVILLE, Ky. (AP) — long as you win."

"It was hellacious," quipped Kentucky Coach Hubie Brown after his Colonels eked out a 112-109 victory over St. Louis in the opening game of the American Basketball Association semifinals.

The Colonels were out-rebounded and outshouted Monday night, but Brown said "It doesn't matter now whether you win by one point or 25, as long as you win."

The big difference, he said, was Louie Dampier, who "is always there at the finish."

"It was Dampier's shot with 11 seconds left on the clock that pushed Kentucky past the Spirits, 110-109. Moments later, Marvin Roberts added two from the free throw line to put the game away."

It was the only ABA playoff contest Monday night. The Indiana Pacers-Denver Nuggets series resumes at Denver tonight with the Nuggets holding a 1-0 lead.

"We've got to play a little better game, limit our turnovers, and shoot the ball well," St. Louis Coach Bob MacKinnon said afterwards. "It was a tough ball game to lose."

"I hope we can play them just as tough every game," he added. The teams will take a day off before resuming action here Wednesday.

Dampier, who brought his club to life in the third quarter, finished the evening with 27 points and 15 assists. Teammate Artis Gilmore also pumped in 27.

St. Louis was led by little Freddie Lewis with 35, tops for the night, with Marvin Barnes hitting for 26 and Maurice Lucas for 23.

With four seconds left, St. Louis called a time out to set up a final shot. The play went to Barnes, whose 27-footer missed the mark.

"It was one of those things," said MacKinnon. "You've just got to forget about it."

ST. LOUIS (109)
 Gerard 6 2-2, Barnes 10 6-6, Lucas 10 3-3, Dampier 11 4-7, McClinton 2 1-1, Adams 4 2-3, Jones 7 2-9, Totals 28 20-37.

Shivers Says UT, Pan American U Merger Good Idea

AUSTIN (AP) — Former Gov. Allan Shivers, chairman of the University of Texas system board of regents, said Monday a merger of Pan American University into the UT system is a good idea.

He urged that the legislature act promptly to approve such a merger.

Shivers said the regents had not acted formally on the matter but there had been talks with board members, administrators, faculty and students from Pan American.

"Based on these discussions it has become apparent to me that the advantages of such a merger outweigh the disadvantages," Shivers said in a statement.

"Therefore, I would hope the legislature will give this matter serious consideration and pass this legislation."

Shivers said the "most compelling advantage of this alliance would be that Pan American University could expedite the development of academic programs and also benefit from institutional strengths within the UT system. I am convinced that the students of Pan American University would be the primary beneficiaries from such a merger."

The Pan American board recently approved such a merger.

Mrs. Shivers is a member of the Pan American board.

Bolshoi Helped

Nathaniel Bowditch was an American mathematician (1773-1838) whose book on navigation enabled the American Merchant Marine to out sail all competitors.

BOLSHOI REHEARSES FOR OPENING AT 'MET'—Natalia Bessmertnova, prima ballerina of the Soviet Union's Bolshoi Ballet and Vladimir Vasiliev rehearse a scene from "Spartacus" Monday night at New York's Metropolitan Opera House. The two, and other Bolshoi dancers were going through a dress rehearsal in preparation for the premiere of the ballet at the 'Met' today. The performance will open the Bolshoi's fourth tour of the United States. (AP Wirephoto.)

Huge Wild Horse Roundup Planned But...

By DARYL LEMBKE
The Los Angeles Times

SAN FRANCISCO — Plans are under way for a big wild horse roundup in south central Nevada this summer, and anyone can apply to adopt one but there might be a few hurdles.

In the first place, it's not certain that the free-roaming horses, commonly called mustangs, will fall for the traps which will be set for them 25 miles east of Tonopah, Nev.

If the traps — corralling them at waterholes — don't work, the U.S. Bureau of Land Management will fall back on trying to catch the frisky mustangs with men on horseback. And romantic as it may sound, this method does seem certain to fail, because saddle horses just cannot keep up with a mustang on his own turf.

"It's been demonstrated for a century that you can't effectively gather these animals using cowboys, but we are prohibited from using vehicles," said Ross Ferris, wild horse

and burro specialist for the BLM at Reno.

"Some people still cling to the image of the Old West, so we may make some attempt to gather the wild horses by horseback, if for no other reason than to demonstrate the inadequacy. Wild horses run three to four miles ahead of a mounted rider, and they've got 150 miles to go in any direction."

The mustang roundup on public land near Tonopah will be the largest attempted in the United States since congressional legislation in 1959 prohibited hunting the horses from airplanes or with any other mechanized vehicle. Smaller roundups were conducted last year in Oregon and on the Wyoming-Montana border.

As a result of lobbying by Mrs. Velma Johnston, who had become appalled at the methods used to capture the wild horses for slaughter and subsequent use in pet food and other products. The bill became known as the "Wild Horse Annie" legislation

Commission To Hear Testimony Today On Nuclear Power Plant

BAY CITY, Tex. (AP) — The Nuclear Regulatory Commission is to hear testimony today on the environmental impact of a nuclear power plant planned near here.

Clare Miles, a commission spokesman, says the testimony will be used by the federal agency's licensing board in determining whether to issue the plant the required operating licenses.

The power plant is to be built in Matagorda County by the cities of Austin and San Antonio, Houston Lighting & Power and Central Power & Light of Corpus Christi.

A commission staff report says the power plant will not adversely affect the environment and recommends the granting of construction permits.

The commission spokesman said the hearing would be similar to a courtroom proceeding involving the commission staff, representatives of the utilities and "limited appearances" by the public. Presentations may be written or oral.

The \$1 billion plant, scheduled to begin operation in 1981, is expected to provide electricity for much of South Texas.

Austin owns a 16 per cent share of the plant and voters,

by a narrow 773-vote margin in 1973, authorized the city to spend \$161 million in bond funds for the project. Voters turned down the project the first time it was presented in 1972.

Plans by the same utility groups for a second nuclear power plant in the Austin-San Antonio area were shelved temporarily because of economic problems.

Houston Lighting & Power Vice President Craig McNeese said Sunday he did not know of any organized opposition to the project.

Alice Mae Berthelsen, president of the Houston Environmental Coalition, told the Austin American-Statesman that her group plans to remain neutral and will not take part in the hearing. "We do not favor nuclear power plants, but we do not oppose them," she said.

"Energy has got to come from somewhere and with proper safeguards, we are willing to accept nuclear power."

State Senate Panel OKs Bill Creating Utilities Commission

AUSTIN (AP) — A bill that would create the first state agency in Texas history to regulate public utilities has been approved by the Senate State Affairs Committee. The bill goes now to the Senate floor for debate. Only Sen. Mike McKinnon, D-Corpus Christi, failed to vote for the bill in Monday's committee session. He voted "present."

The 9-0 vote followed a brief explanation of the bill. There was no debate. The bill would establish a Public Utilities Commission, made up of three members appointed by the governor. The commission would regulate telephone and electricity rates outside municipalities. The bill gives the Railroad Commission the power to regulate natural gas rates outside municipalities.

Appeals from the rulings of either commission would be by an entirely new proceeding in Travis County district court. House sponsors of legislation to regulate telephone companies reportedly have been asked by those who want to regulate all utilities to wait and see what happens to the Senate bill. The House Transportation

Committee voted 7-5 last week to delay until April 30 further consideration of a telephone regulation bill. Committee Chairman Jim Nugent said that vote effectively killed the bill for this session because there was not enough time left to get it through both the House and Senate prior to the June 2 adjournment. Under the Senate bill, in determining a fair rate of return

on a utility company's investment in its equipment, the commissions are commanded to give not less than 40 per cent nor more than 60 per cent weight toward either original cost or replacement cost. Brrrr... The coldest temperature ever recorded in Antarctica was -126.9 degrees F at Vostok, Antarctica, on Aug. 24, 1960.
