

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 8.

MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, AUGUST 1, 1930.

NUMBER 25

Heavy Vote Polled In Primary

C. C. Small and "Ma" Ferguson are Favorites in Bailey County

H. STERLING AND 'MACK' BELL PLACE FOR FINALS IN SHERIFF'S CAMPAIGN

Mrs. W. C. Bucy And Mrs. R. L. Tivis Go Into Second Primary For Tax Assessor.

It was an ideal election day last Saturday from the standpoint of weather, when the voters of Bailey County declared a holiday and came to the polls to vote for Ma and Jim, Clint Small—or some of the candidates of their choice for governor.

Ma and Jim, and Clint were the favorites by a large majority, and the discussion of the qualifications of this candidate or that was heard on all sides.

Friendliness and good humor prevailed and it was a great day for all. As one son of the soil was heard to say, "I sure enjoy my politics," just about expresses the sentiment of all.

The total vote for the county was somewhat short of the estimated number. Some of the boxes polled almost a full quota where several candidates were putting up a hot fight. Muleshoe box fell short of the expected vote, although early in the morning it began to look as though the polls would be swamped.

Several of the county offices had only one candidate, which was probably the cause for the lack of interest shown, although the sheriff's race was promising to be sensational when election day arrived. There were four candidates in this race, Bell and Sterling eliminating Rice and Dotsen for the runoff.

Mrs. W. C. Bucy and Mrs. R. L. Tivis were high contestants for Tax Assessor, and will go into the second primary. Messrs. Early and Adair were eliminated in the first primary.

Hicks and Mathison were high men for Commissioner in Precinct No. 1, Mathison noting Goodness out by 12 votes. A full table of all boxes will be found in this issue of The Journal.

MULESHOE MEETS AMHERST IN GOOD BALL GAME SUNDAY
The Muleshoe ball team played Amherst on the opponents' home grounds last Sunday in a fast and snappy game of baseball. "Lefty" Hollingsworth was twirler for Muleshoe and Roy Karr was catcher. Everyone that saw the game was well pleased with the way it went over.

The lineup was as follows: Tye Young, cf; C. F. Ragdale, 3b; Bigshaw, ss; Givens, lf; Angley, 1b; Karr, c; Hollingsworth, p; F. Moore, rf; R. P. Lovington, 2b.

The local team will meet Amherst again on the home grounds next Sunday and the lineup will be the same. If you want to see a good game of ball come out and help cheer the home team. The Muleshoe team is in the tournament at Amherst to be held on August 7, 8 and 9. These are going to be good ball games and fans are urged to see these contests.—Contrib.

CHURCH OF CHRIST REVIVAL
The Church of Christ meeting will start Saturday night instead of Sunday. Charles Metcalf of Lubbock will conduct the services instead of R. C. Jones. Everybody is invited.

"Mercy" Slayer
I wish I was a little rock
A-seffin' on a hill.
An' doin' nothin' all day long
But jes' a settin' still.
I wouldn't eat, I wouldn't sleep.
I wouldn't even wash;
I'd jes' sit there a thousand years
An' rest myself, by gosh.
At last it seems that the dream of youth has been realized in a contest that affords rest in unlimited quantities.

Andrew L. Beers, of Walton, N. Y., 78, who killed his imbecile daughter, Frances, 27, out of pity for her helplessness.

'OLD BALDY' DEFEATED IN JUSTICE OF PEACE RACE

"Old Baldy," veteran scribe of The Journal staff who recently has developed political aspirations, was defeated in the Democratic Primary last Saturday in his race for Justice of the Peace of Precinct 1, being nosed out in the final count by a vote of 35 to 7. It will be remembered that he was defeated in the race for city commissioner a few weeks ago.

"My head is bloody but unbowed," he said in an interview Monday, and added that he was going to run for Governor two years from now. Read his platform in his column this week.

His campaign was managed by F. C. Skeeters.

MARVIN JONES
Of Amarillo was selected by the voters of the 18th Congressional District to again represent them in Washington. He defeated his opponent by a large majority.

Will Hold Revival At Lazbuddie; To Begin August 8th

Lazbuddie again wishes to announce the meeting which will begin at that place on Sunday, August 17th. It will continue throughout two weeks and will be held by Will M. Thompson, formerly of Roff, Oklahoma. Special invitations are extended to congregations of neighboring towns to attend this meeting. An urgent appeal is made to the public everywhere to come and make this meeting a success. To those who have not been attending regular Lord's Day services, we also announce that we have regular Sunday School, beginning at 10 o'clock, and also Communion each Lord's Day. Come to the church with a welcome.—Reported.

Muleshoe Youngsters Are Out To Hang Up New Records In Late and Popular Endurance Contest---Tree Sitting

I wish I was a little rock
A-seffin' on a hill.
An' doin' nothin' all day long
But jes' a settin' still.
I wouldn't eat, I wouldn't sleep.
I wouldn't even wash;
I'd jes' sit there a thousand years
An' rest myself, by gosh.

At last it seems that the dream of youth has been realized in a contest that affords rest in unlimited quantities. Almost daily we read in the newspapers of new records being hung up and broken in the most novel and popular of all endurance contests—tree sitting. Boys and girls all over the county determined not to be outdone by rivals, sit complacently on

Clovis Boosters Visit Muleshoe In Automobile Tour of Texas Towns

Traveling by automobile, the Clovis boosters and Goodwill Ambassadors invaded Texas territory last Tuesday, greeting old friends and making new ones. The trip took them into Farmer county, as far as Priona, and from that city to Muleshoe in Bailey County.

Some thirty-five cars were in the caravan, and a complete program of vaudeville acts, including some snappy dancing, piano numbers, duets, and a two-round boxing exhibition was given. The boosters were accompanied by their band, one of the best on the Plains, and the thirty minute program was a most enjoyable one.

It was an especially great day for the little folks, as all kinds of souvenirs which appealed to them were given away. The trip Tuesday is the first of a number to be made by the Clovis boosters into various sections of the country in a "get-acquainted campaign," under the leadership of Jack Hull of the Chamber of Commerce. Copies of a special edition of the Clovis Evening News-Journal were distributed here which carried feature articles on the towns and territory visited in Texas.

Record Crowd Attends Election Returns Party

One of the largest, if not the largest crowd ever seen in Muleshoe was here last Saturday night to get the returns on the election. Hundreds of people were in town all the afternoon, but towards night, the streets were jammed till it was almost impossible to get through. Cars were parked double for two and three blocks in every direction from where the returns were being received and traffic on Main Street was practically stopped.

An election board was posted at Muleshoe Motor Company, and returns on the state candidates were received at regular intervals. Shouts for the winners and groans for the losers were heard as the figures were announced. Ferguson and Small supporters bantered and kidded each other. "Wise cracks" about the followers of each candidate brought roars of laughter. Bob Sammons and J. M. March, announcers and Clint Small men, bore the brunt of many a joke, but held their own to the embarrassment of some of their victims.

Stores did a big business most of the day, several of them staying open all of Saturday night. Sunrise found a large crowd still waiting eagerly for reports from West Texas counties, in the hope that Small would make the run-off.

The second primary, August 23, promises to be one of the hottest in the history of the State, although campaigning time is short. County candidates have started their second drive for votes, and Ferguson and Sterling, candidates for governor, are doing discussed—and caused freely.

H. A. Douglass Makes Press Statement

Just a few words to the voters and candidates of Bailey County: For the benefit of the citizenship of Bailey County and especially those that did not read the article that I had published in the Muleshoe Journal regarding my intention not to make the race for Sheriff and Tax Collector: In the article, I made the statement that I did not intend to work for nor against any candidate and I meant just what I said. I know that I have lived up to the statement made, so the object of this article is to stop a false accusation. It has come to me that it is being circulated that I have been canvassing the county and taking an active part in this election. If anyone hears of

CLINT LEADS WITH OVER ONE HUNDRED VOTES; LOVE IS POOR THIRD IN BIG RACE

It was an especially great day for the little folks, as all kinds of souvenirs which appealed to them were given away. The trip Tuesday is the first of a number to be made by the Clovis boosters into various sections of the country in a "get-acquainted campaign," under the leadership of Jack Hull of the Chamber of Commerce. Copies of a special edition of the Clovis Evening News-Journal were distributed here which carried feature articles on the towns and territory visited in Texas.

'Ma' Ferguson and Dan Moody Start Bitter Controversy

The battle of wits—and nit-wits—has started. No sooner has the fog of Saturday's election cleared till Moody slings a good sized mudball at Ma Ferguson. Moody is supporting his Highway commission candidate, Ross Sterling, in the second primary.

Ma has the old shot gun loaded for \$50,000,000 highway bonds. Sterling banks, etc.

Moody, first to declare himself, said that he would support the candidate who was in the run-off against "Fergusonism." Later, he changed this, when it was certain that Ross Sterling would be the run-off candidate, to say that he would offer his services in any way possible to the chairman of his highway commission.

The issue, as defined by Governor Moody, is honest government against corruption in government.

Accepting the governor's challenge, Mrs. Ferguson replied that she was glad to lump the issues of the campaign under the general heading "Fergusonism against Moodyism."

Moodyism, she defined as support of the \$50,000,000 bond issue for highways, expenditure of \$20,000,000 for a new prison system and opposition to anything proposed by the Ferguson platform. In the latter category she placed old age pensions, increased facilities for tuberculosis, condoning the drinking by public officials of the bootleg liquor they unlawfully seize, and likewise condoning "big banks like Mr. Sterling's which accept the people's money and then loaning it out to stock gamblers of New York.

Such as stated above, it is not true, and furthermore, I will appreciate being left out of it.

I was asked by a few which candidate I intended to support. I told them, which I consider is my business and also think it is everyone's personal privilege to support the one of their choice, and I am glad that we have that right.

I believe that the most of those that know me will not believe that I would make the statement that did and then get out and do the opposite.

Of course, I realize that it is just politics and I am not taking it seriously.

H. A. DOUGLASS

BUYS LARGE TRACT OF LAND IN SOUTH PART OF COUNTY

G. C. McAdams of Channing, Texas, closed a deal with R. L. Brown last Wednesday afternoon for a tract of land in the south part of Bailey County. The block contains 2,500 acres, raw land, but it is understood that some of it will be put into cultivation, the balance to be used as grazing land. Mr. McAdams will make Muleshoe his home, it was stated Thursday, moving here at an early date. Other land sales are reported for last week to the north of Muleshoe. New prospectors have begun to arrive earlier this season than ever before, and last week the number was almost as many as any week in 1929, a record year for this section.

R. S. STERLING

Who will go into the second Primary with Ma Ferguson. The August campaign promises to be one of the most interesting in many years according to observers.

Lamb County Leader Sold To Veteran Of The Fourth Estate

Morley B. Drake, formerly connected with newspapers at Paris, Texas, and other Texas cities, has recently purchased the Lamb County Leader at Littlefield, from Jess Mitchell. He took charge of the publication last week. Mr. Drake is an old hand at the newspaper game, and will hold the Leader up to its present high standard.

Mr. Mitchell has been at the helm of the Lamb County Leader for the past seven and a half years, and has seen the town grow from a village of 150 inhabitants to 3,500. He is well known in Texas newspaper circles, and, although Mr. Mitchell has not announced his future plans, his many friends in this section of the Plains wish him well.

Oil King is 91

As the proverbial press time draws nigh we are led to believe that the tree-sitting bug has just started getting in his work in Muleshoe, for reports reach us that W. B. Hicks, Jr., 12; Jack Aldridge, 8; and Imogene Burreson will start tree sitting at 1 o'clock Thursday. W. B. says he will stay up at least three weeks, and Jack Aldridge is out to weather the storms until the old school bell bids him cease.

John D. Rockefeller, Sr., photographed on his 91st birthday, looks in better health than he did a year ago.

Allred Is Favorite For Attorney General By Good Majority; Marvin Jones Wins.

As predicted early last week, Clint C. Small of Wellington, Texas, led Bailey County by a good margin for governor in Saturday's Primary. Although he did not get the number of votes that many thought he would the total was 448 to 357 for Ferguson. Sterling, who will go into the runoff with Ma Ferguson, received only 12 votes in the county. Practically all of the other nine candidates got a few votes.

Marvin Jones, Representative for the 18th Congressional District, and sometimes referred to as the "Plains Jack-rabbit," overwhelmingly defeated his opponent, James O. Cade, Amarillo attorney. In Bailey county Jones received 598 votes to his opponent's 178. Jones has represented this district since 1916, and has given such satisfactory service that he has been returned each time.

The following is the standing of the candidates for Bailey county for State offices with the exception of governor, this being shown in the table:

- For United States Senator: Morris Sheppard, 626; C. A. Mitchner, 39; Robert L. Henry, 72.
- For Lieutenant Governor: Edgar Witt, 113; James P. Rosen, 114; Virgil E. Arnold, 24; H. L. Darwin, 43; J. D. Parnell, 180; Sterling P. Stroum, 156; J. F. Hair, 45.
- For Attorney General: Robert Lee Bobbitt, 193; James V. Allred, 279; Cecil Storey, 240; Ernest Becker, 46.
- For State Comptroller: George H. Sheppard, 571; Arthur L. Mills, 170.
- For State Treasurer: John E. Davis, 229; Ed A. Christian, 44; Charles Lockhart, 253; J. R. Ball, 101; Walter C. Clark, 54.
- For State Superintendent: S. M. N. Mars, 1060.
- For Commissioner of Agriculture: J. E. McDonald, 250; Edwin Waller, 40; A. H. King, 140; H. L. (Hub) Maddux, 85; Robert A. Freeman, 85; R. M. West, 61.
- For Commissioner of the Land Office: J. H. Walker, 241; G. E. Johnson, 371; Jokkie W. Burks, 57.
- For Railroad Commissioner: H. C. Patton, 182; Pat M. Neff, 322; Mat Johnson, 49; W. Gregory Hatcher, 158.
- For Chief Justice Supreme Court: C. M. Cureton, 541; Covey C. Thomas, 216.
- For Judge Court Criminal Appeals: O. S. Lattimore, 332; James A. Stephens, 343.
- For Chief Justice Court of Civil Appeals: R. W. Hall, 1061.
- For Representative 64th Dist. A. B. Tarwater, 1075.

ELMO HEAD GOES BACK AS MGR. OF MULESHOE PRODUCE

Arrangements were made last Wednesday whereby Elmo Head is again manager of the Muleshoe Produce Co., taking charge at an early date. Mr. Head invites his old friends and customers to call on him at any time.

As the proverbial press time draws nigh we are led to believe that the tree-sitting bug has just started getting in his work in Muleshoe, for reports reach us that W. B. Hicks, Jr., 12; Jack Aldridge, 8; and Imogene Burreson will start tree sitting at 1 o'clock Thursday. W. B. says he will stay up at least three weeks, and Jack Aldridge is out to weather the storms until the old school bell bids him cease.

John D. Rockefeller, Sr., photographed on his 91st birthday, looks in better health than he did a year ago.

CARD OF THANKS

Wish to take this means to thank voters of Precinct No. 4 for the vote given me in the recent election. I also wish to say that your continued influence and vote will be appreciated on August 23rd.

W. R. CARTER

CARD OF THANKS

I take this means of thanking the people for their loyal support in the election just past. I am to be in the second primary and am still asking for your vote and influence. I will try to see all the voters again if possible before August.

MRS. R. L. TIVIS.

WHAT'S IT ALL ABOUT?

I have a friend who, after many years of hard work in subordinate positions, found himself suddenly near the top of a big business. To his own surprise his income jumped to more than a hundred thousand dollars a year.

A whole new world opened out before him. As if by magic all his dreams began to come true. Did it change him? I cannot see that in any essential characteristic it changed him at all. Not long ago when we were alone he opened his heart.

"Here I am with a new house, and money in the bank, and all my five children in college, and three automobiles. And down underneath I am the same simple guy that used to get eighteen dollars a week, and took three years to pay for the piano. Somehow it doesn't seem real. I have to get myself off in a corner once in a while and ask, what's it all about?"

I know some other things about him that he did not tell me. I know that he is supporting fifteen or twenty people who haven't had such good luck. I know that he is taking lessons on the fiddle, which has been a secret ambition for years. And I know that on Thanksgiving Day he marshals his

whole family and marches them down to church.

Sinclair named him, and others like him, Mr. River engineer.

Bludsoe didn't know what it was all about either. He just did the day's work, running the steamboat back and forth, raising his family, and living his life. One day when a fire broke out he did the simple normal thing of sticking to his post.

"I'll hold her nozzle against the bank

"Till the last galoot's ashore."

He was not a deep thinker, nor very religious, often profane. But John Hay

knows the answer any more than the rest of us. But he has done his job with courage; he stayed simple. He gives freely. He has a humble sense of gratitude, and he has kept his heart young.

Those qualities have been enough for this world. Somehow I think they'll be enough for whatever other worlds may be.

Goodland News

After B. C. P. U. last Sunday night Mr. Charlie Beaty of Goodland and Miss Thelma Bybee motored to Roswell, N. M., where they were united in marriage at 2:45 Monday morning. They were accompanied by Mrs. J. A. Beaty, Mr. and Mrs. C. B. Weaver. They have not decided where they will make their future home. Friends wish

them many years of married life. Mr. and Mrs. F. H. Wood entertained the young folks with a supper Sunday evening.

Friends of Goodland enjoyed Mr. and Mrs. Charlie Beaty's wedding given in the home of Mrs. Beaty's mother, Mrs. Bybee, near Wilson Sunday.

Mr. and Mrs. A. M. Reed spent Sunday in the home of Mr. and Mrs. F. N. Hood.

Bro. Storey filled his appointment at Goodland Sunday afternoon.

Several of the Goodland folks are attending the revival meeting at Wilson. —Reported.

Athlete Soon Regains Health By New Konjola

Baseball Player Suffering From Rheumatism and Other Ailments Finds Prompt Relief

MR. JACK M. LONG

"For over two years I suffered from rheumatism," said Mr. Jack M. Long, 511 Burnett Street, Ft. Worth. "My legs and back were affected so much that I could not carry on my work as a baseball player. Finally I was forced to remain in my home for three months. I had attacks of indigestion and my kidneys gave me no end of trouble; the pains in my back were terrible. I was forced to rise many times nightly and became very nervous.

"I tried many remedies without result when a friend recommended Konjola. After taking seven bottles, I was able to resume my work in the K. I. C. League as a ball player. The rheumatic pains have completely vanished and my stomach is in perfect condition. My kidneys are again normal and I do not have to rise at night. The pains have left my back and my nerves are strong. Konjola restored me to perfect health."

Although many men and women state that one or two bottles brought relief, it is recommended that six or eight bottles be taken to obtain the best results.

Konjola is sold in Muleshoe at McCarty's drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

"WE" Join With

Firestone

To Bring You GREATER VALUES at LOWER PRICES

PRICES are low on many good tires, but there is only one "best". The Firestone Company, Firestone Dealers and Service Stores join in reducing distribution costs.

It was not enough for Firestone to originate and apply economies in tire building. Firestone now originates and further applies economies to distribution which reduce our cost and enable us to in-

crease our volume at small profits... We invite you to come in and see the new Firestone Line at these low prices. But we only have tires in all popular sizes, but we have the cross sections that you may examine the inside construction of the tire, and actually see the advantages of Firestone over other makes. You will be convinced that no such values have ever been offered you before.

LEADERSHIP

Firestone brought out for automobile use: —The first straight-side tire. —The first rubber non-skid tread.

—The first commercial demountable rim. —The first patented Gum-Dipping process. —The first balloon tire.

PERFORMANCE

Firestone Gum-Dipped Tires: —hold all world's records on road and track for safety, mileage, speed and endurance. —for eleven consecutive years have won the 500 mile Indianapolis Endurance Race. —were on winning cars in Pike's Peak Race, where a slip meant death. —were on the Studebaker car which on a board track at Atlantic City in 1928 went 30,000 miles in 26,326 minutes.

—ran 71,351 miles on a Detroit taxicab, before the first tire was replaced. —were on the G. M. C. truck carrying a ton load that hung up the Coast-to-Coast endurance record. —for 10 years have been sold on a mileage cost basis to taxicabs and bus lines in greater volume than any other tires, and now equip the world's largest taxicab fleet and the world's longest bus line.

FREEDOM, ON A GUEST RANCH

By Marion Watson

Freedom? If you've ever really yearned for it, I hope that some day you'll have a chance to spend a week or two on a large Western ranch.

For I believe you'll find, as I have, that ranch life is freedom beyond your wildest dreams. The freedom of great open spaces—far from money-counters and marks. The freedom of hoof-dust as men ride into the dawn—of soaring, snow-capped mountains, blue in the noon-day sun—of pine-drenched, restful twilights; and of nights low with stars.

Here, at the edge of Montana, where the Gallatin tears its white teeth thru a rocky canyon, I have come upon just such freedom in the vast expanse of Rising Sun Ranches, where the picturesque and the romance of the Old Days lives anew.

For forty years on this vigorous, thriving ranch, horses and cattle have silhouetted the skyline—ropes have cracked through the hoof-dust—branding irons have scented the air—and tired men and ponies have returned to the shelter of log cabins under the rays of a setting sun. Time brings but little change to a place like this. Even "Klondike" Cunningham, who guides its destiny, looks much the same as he did when he registered his first cattle back in the historic days.

In this wild, rugged setting, even the animal life seems to breathe the atmosphere of freedom. Buffalo, reminiscent of the Indian and frontiersman, graze on the flats. Moose make their home in the thickets, and great herd of elk roam the plains. In the hills are foxes, lynx and mountain lions. Above the timber, well protected from grizzlies, big horn sheep bleat and call. On the still air of the night comes the wail of a coyote chorus or the wild howl of a wolf.

Hungry trout fill the streams fed by mountain snows. Only yesterday we caught a mess of them, cooked them over a twilight camp-fire, and through crystal moonlight rode the mountain trails back home.

I wasn't exactly a horsewoman when I came here a week ago. But it's strange how easily one takes to riding in the mountains. Perhaps the grandeur of the setting proves a stimulus. For there's nothing quite so exhilarating as a climb through virgin forests to a night in the wilderness—to crawl beneath warm blankets, inhale the snow-fresh pine breeze, and gaze into a star-filled sky.

Yes, I hope that some day you may visit Rising Sun Ranches—so that you too may know the picturesque personality of genial Mr. Cunningham—and experience the fierce, sublime freedom that only a western ranch can give.

CARD OF THANKS

I wish to extend my thanks to the voters of Precinct No. 1 for the liberal support given me in the first Primary election, Saturday July 26. It so happens that I am to be in the second Primary in August, and I will appreciate your vote and influence at that time.

IT'S WISE TO CHOOSE A SIX

THE FAMILY DOCTOR

By JOHN JOSEPH GAINES, M.D.

WHISKEY AND ALCOHOL

Neither of these drugs should be used as beverages, no matter how or what the dilution. No medicine should be handled flippantly, carelessly or impudently. For most medicines are deadly in overdose. It is the "beverage" item that has brought these two valuable medicines into disrepute, and has divided our people socially and politically to a dimension equal to that of the slavery question preceding the Civil War!

Most rational thinking men and women will admit that whiskey and alcohol are all right in "their places." Where that place is, the educated physician, it seems to me, would be the better judge.

Once for all, alcohol and whiskey are valuable medicines. When that is said, all is said. Capable physicians need pure alcohol in their offices daily. Great hospitals use it as a val-

uable adjunct in laboratory and nursing departments. It is little less than a crime to deprive the wasting invalid of anything that can possibly aid in bringing about comfort or recovery—so there.

Whiskey is a valuable stimulant and aid to vital processes in "lingering" or wasting illness, especially in aged patients. Practical proofs have been well known for years. No chemical equation can do away with actual bedside experience. Drunkards are not made here; neither are monkey wrenches provided for political machinery in the sick room of the old and infirm.

Granted with our "dry" zealots, that we could do without alcohol and whiskey; we could as a beverage; we could as a medicine; but you, my dear reader, have no right to tell me what I shall or shall not give to my patient, in my effort to restore him to health-

and if you assume that right, I shall ignore you. And, you fight beverages all you want to; I'm with you there. But, keep out of the way when I'm treating an invalid.

SHERIFF'S SALE

STATE OF TEXAS,
County of Bailey.

By virtue of an order of sale issued out of the Honorable District Court of Deaf Smith County on the 23rd day of July, 1930, by the clerk thereof, in the case of W. B. Arnold versus Frank L. Stegall No. 1760, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in September, A. D. 1930, it being the second day of said month, before the Court House door of said Bailey County in the town of Muleshoe, the following described property, to-wit: Situated in Bailey County, Texas, and being all of Section No. 52, Block "B", Melvin, Blum & Blum Survey, containing 640 acres.

Levied on as the property of Frank L. Stegall to satisfy a Judgment a-

STATED MEETING of Muleshoe Chapter, No. 792, Order of Eastern Star, first Tuesday in each month. Visitors cordially invited.

SYBIL MARCH, W. M.
IRENE EDMONDS, Sec'y.

mounting to \$5,973.00 in favor of W. B. of J. Arnold and cost of suit.
Given under my hand, this 24th day 25-31

Smart Buyers

are getting bigger tire values now than ever before!

Rubber's cheap right now. That's why tire prices are so amazingly low. Almost anyone can afford the best tires this season, and smart buyers are taking advantage of that fact. They're buying Goodyears—and getting bigger values than ever before. These better values in Goodyear Tires do not happen by chance. They are due to definite Goodyear superiorities in the main part of the tire.

The Goodyear All-Weather Tread is superior in traction. The Goodyear Supertwist Carcass is superior in vitality and long life.

You do not have to take our word for this. Any Goodyear Dealer will be glad to demonstrate the facts. And the great fact certainly is this:

More people ride on Goodyear Tires than on any other kind.

More cars leave the factories on Goodyear Tires than on any other kind.

It is true of buses which carry passengers—**more transcontinental, urban and interurban buses and coaches operate on Goodyear Tires than on any other kind.**

It is true also of trucks, **more truck tonnage is hauled on Goodyear Tires than on any other kind.**

Year after year, throughout the world, the number continually increases. **Millions more people ride on Goodyear Tires than on any other kind.**

Goodyear values are matchlessly high—tire prices are matchlessly low.

Now is the time to Get YOURS

MULESHOE, TEXAS

THANKS

For the Buggy Ride!

By OLD BALDY (Himself)

I am going to take a few minutes of your valuable time, as well as some more valuable space in The Journal to thank the voters of Precinct No. 1 for the steadfast manner in which they stood by me in the recent Primary. All this goes to show what a deserving candidate can do in an election if he "crowds the monkey enough."

Of course all of you remember that in the City elections last Spring I polled 3 votes for commissioner, and although defeated in that campaign, I did not lose heart, but came back strong as horse radish, in the race for Justice of the Peace in this Precinct. I will admit that I was in the race before I realized it, but got off to a good start from the very first. The fact that I polled 7 votes is ample evidence that I am gaining in popularity every year.

Of course, I was loser in the last election, but I expect to make it over the top two years from now, and from that office I expect to make the race for governor, on a platform of "more and wider cow trails for West Texas," and "more medals, loving cups and sympathy for thurs and embelzlers."

It has been my opinion for a long time that there has been a lack of consideration shown those committing major crimes. We should be more sympathetic toward these unfortunate and lucky fellows. However, I am getting too fast in my campaign, but wish to say at this time that I am not going to try to influence anybody.

I had a conversation with a party who lives out at Earth the other day—called him over the new telephone line. People, that's some line. Of course, being new like it is, it don't work as slick as it will after it gets broken in. I thought at first that the officials of the telephone company were just kidding about building it within two or three weeks, and even bet Jack all the money I had that they wouldn't. That was back in February. Jack said they would build it just like they said they would, and sure enough I had to give him the 7 cents. These companies will do just what they say every time. I've found that out. We now have all the modern conveniences that that any other place has. Telephone lines all over the country, gas (natural), and a court house, etc. (Editor's Note: The so-forth part of the improvements is strictly home industry. No outside company had anything to do with it, or we would have had it sooner just like the Earth telephone line.) Everything is going to be nice and convenient this winter. Get up of mornings and turn on the gas, and no kindling

or coal to bother with. Just as handy as a telephone.

Some of the home folks seem to think that the paper don't have enough news in it. Personally, I think Jack and George are doing a pretty good job of turning out news. Opinions differ a great deal as to what news is. What would be news to us here, might not be considered news in other parts of the country. I noticed a big headline in one of the big daily papers this week which said: "Bull Runs Amuck On Streets of East St. Louis." Now fellows, that's no news to us. But up there they had big headlines in the paper about it. Shucks! It's lose on the streets here every day, and think nothing about it. Of course, we live down here close to Clovis and Lubbock and just naturally don't pay any attention to news items of that kind, but up there in St. Louis it's rather unusual.

Well, I've just about got my quota of space filled up, but I'll have some more news in about two weeks. I know some strange things on a couple of friends of mine that is almost too good to keep from The Journal readers. I ought to tell it this week, but I'll put it off.

O'Neil Rockey's mama and papa had better come on home. He's smoked nearly a whole package of cigarettes in the past two weeks.

W. M. S. Meeting

W. M. S. ladies of the Baptist church met Monday in the Barron home with Mrs. Alsop and Mrs. Coker as assistant hostesses. Mrs. G. H. Holland conducted the devotional which was very inspirational and helpful along the lines of happy Christians rendering our services with glad and happy hearts. During the business session the society voted to serve lemonade each drawing day (and every election day during the year). Ice cream and cake were served as refreshments. We meet next Monday with Mrs. Alsop to finish the quilt for the Portales orphan's home.—Reporter.

M. E. BUILDERS CLASS

The "Builders" Class of the M. E. church enjoyed a picnic with their families in the large grove of cotton woods at the home of Mr. and Mrs. George Wilson. Everyone enjoyed the friendly chats as the crowd gathered. The lunch was spread on a large table and everyone "helped himself". Large freezers of ice cream completed the evening, and all departed with perfect contentment.—Reporter.

Minister to Egypt

William M. Jardine, of Kansas, former Secretary of Agriculture, who becomes America's envoy to the country of King Fuad.

Progress News Notes

The Union Missionary Society met Monday in regular business and social meeting. One new member, Mrs. Skipworth. Twelve members and 2 visitors were present. After the business was attended to by Mrs. Lindsey, Morgan and Fern Gross served ice cream and cake. We had an attendance of 83 at Sunday School. Rev. A. D. Buck preached both morning and night.

Mr. and Mrs. Poe Howell and son, and Mr. E. A. Fowler visited in the George Lindsey home Sunday.

Mr. and Mrs. W. Gordon and family visited in the J. J. Gross home Sunday.

Mr. and Mrs. Roy Bayless and family spent Sunday in the J. L. Atkinson home.

Mr. and Mrs. Tom Kennedy and family of Matador visited in the home of Mr. Kennedy's parents, Mr. and Mrs. H. C. Kennedy last week.

Mrs. Edith and Lorene Newman of House, New Mexico, visited friends here this week.

Rev. and Mrs. A. D. Buck left Monday for Plainview, Texas, after holding a week of meetings at Progress.

Mr. and Mrs. H. V. Snyder and daughter, Mr. and Mrs. F. L. Snyder and son, Mr. and Mrs. E. C. Chitwood and family visited in the T. L. Snyder home Sunday.

Mr. and Mrs. O. Atkinson and family took dinner with Mr. and Mrs. J. L. Atkinson and family Sunday.

Mr. and Mrs. H. V. Snyder and daughter, Verma Rae, and Miss Lucy Chitwood spent Sunday night in the T. L. Snyder home.—Reporter.

West Camp News

Mr. and Mrs. Everet Smith and daughters, Wilma and Naomi, are visiting relatives in Arkansas.

Mr. C. C. Hulsh and son Edwin and

daughter, Clara visited Carlsbad Canyon last week-end.

Mrs. I. B. Robinson and Mrs. Bill Elrod spent the week-end with their parents, Mr. and Mrs. Byron Waller. A party was given at the home of Mr. and Mrs. T. H. Adair last Friday night. A very large crowd attended and all reported a pleasant time.

Misses Marie and Auden Smith spent Friday night with Ruby Adair.

Mr. and Mrs. A. H. Davis, Mr. Luther Blakely, Mr. and Mrs. Bill Elrod and Mr. and Mrs. I. B. Robinson visited Mr. and Mrs. Byron Waller Wednesday evening. All enjoyed ice cream.

Messrs. Harold and Vernon Adair, Misses Lillian, Vera and Virgie Adair are visiting friends and relatives in Crosby County.

Mrs. Luther Blakely and her mother, Mrs. Harding of Portales, are visiting relatives in Oklahoma.

Mr. and Mrs. Odes Thompson left Monday for Oklahoma.

TOO MANY MIDDLE MEN

BILLION DOLLARS WORTH OF FARM PRODUCTS

BIRTHDAY PARTY

Last Friday afternoon about 6:00 o'clock a number of cars left the Baptist church for a short journey to the spacious country home of Mr. and Mrs. Ross Glaze. Upon arrival the company found Mr. Glaze plowing and Mrs. Glaze happily bending over the wash tub. After the shock had somewhat passed, Mrs. Glaze was informed that it was her birthday and the ladies Bible class, of which she is teacher, had planned the affair for her pleasure. A bountiful supper was spread under the rustling leaves of trees in the yard. Mrs. Glaze was presented with a lovely bed spread as a gift from the class. Mrs. Glaze said Mr. Glaze would have a birthday in the near future and she hoped the crowd would come back some day soon.

CARD OF THANKS

Thank you folks, thank you. I sincerely appreciate your wonderful support.

SAMMY

MULESHOE MOTO MULESHOE TEXA

THERE'S MORE TO THIS TIRE THAN Mileage, MISTER!

Low price, for one thing . . . and the significant name "Goodrich" on the sidewall.

YOU CAN'T BEAT OUR PRICE

for Goodrich Quality Mileage that cost you 38c in 1920 now costs you ONLY 4c, at the prices now in effect on Goodrich Silvertowns. COME IN TODAY

MILEAGE? Sure there's mileage in the Cavalier! Plenty of it . . . and every bit the kind that lets you forget you've got tires on your car.

But mileage is only part of the story of Cavaliers. There are low prices to think about, too. Real savings, in cold hard cash.

And right there on the sidewall that significant name Goodrich! Assurance of quality . . . value . . . ability to take punishment!

For Goodrich puts its name on only one kind of tire . . . the kind that stands up in spite of punishment, high speeds, bad roads. The kind that takes its own good time about wearing out . . . and keeps you from worrying about it.

That's the kind of a tire the Cavalier is. Big, Husky. Oversize in air cushion and tread thickness. Stout in the sidewalls. Water-cured for through-and-through toughness. And mighty good looking on your car.

You can forget about mileage. That goes for granted with any Goodrich Tire. Just remember the low prices and the fact that they're backed by Goodrich. Come in . . . see them. We have them in all sizes . . . including a couple for trucks.

COLUMBUS DELUGED SELF WITH PERFUME

Not Explorer, but Salesman, Dr. Charcot Says.

Paris.—Christopher Columbus had freshets in his chin, was a strict vegetarian, a 100-percent dry who drank only water flavored with sugar and orange flowers, and had the habit of sprinkling himself with perfumes, particularly attar of roses and odor of black currants.

That is the picture Dr. Jean Charcot, of the Institute of France, himself famed as an explorer in polar waters, has drawn of the hardy navigator after nearly a lifetime study of the history of Columbus.

In the opinion of Doctor Charcot, Columbus was not an explorer, but a traveling salesman, who had been sent often by the government to buy sugar in African isles and to sell spanish and Portuguese goods.

Didn't Even Swear.

Doctor Charcot pictures Columbus as a kind father and perfect gentleman, almost saintly in character. He never swore, beyond an occasional oath "by San Fernando," and he knew nothing of the traditional vocabulary of seamen.

"Those who have twice attempted to beautify Columbus have been forcing things a bit," Doctor Charcot says. "There were times when his intimate life was not exactly virtuous and there were times when his hand was heavy, but in all he was a clean, reformed man. After four and a-half centuries we are just beginning to be able to draw a picture of what Columbus looked like.

"We know now that he was taller than average, had a long face and a long aquiline nose. His dimpled chin portrayed strength of character. His cheeks were like red apples, but his gray eyes were wells of emotion. His whole face was freckled, and by thirty his hair was gray.

"Columbus was one of the first vegetarians in history, living on fruits and vegetables, and he never drank alcoholic drinks. His folly for perfumes was his only bad habit, and it must have been disagreeable to share the ward room with a man who doused himself with attar of roses.

Just an Average Man.

"He was, above all else, modest never having exaggerated opinion of himself. He did not even claim to be a saint, but he had a robust opinion of his own sea qualities. He was probably less perfect than his admirers picture him, and better than his detractors would portray him.

"Even if he had not discovered America, he would have gone down in history as the admiral who gave the hammock to ships, and ever since his day seamen have slept at night in that sort of bed."

Although thirteen different Italian towns, as well as Corsica, France and Spain have laid claim to being the birthplace of Columbus, Doctor Charcot is of the opinion that Columbus was born in 1452 in Genoa, an issue of the marriage of Domenico Colombo, a weaver, and Susanna Fontanarossa, and that he had three brothers, Giovanni, Bartolomeo and Giacomo, and a sister, Bianchinetta, who married Giacomo Bavarello, a dealer in cheeses and sausages.

Indian, 60, and Worth \$150,000, Gives Up Tent

Pawhuska, Okla.—John Stink, Osage Indian, has been persuaded to live under a roof. Stink is sixty years old and is worth \$150,000.

He lived on his allotment about five miles south of Pawhuska in a tent until J. George Wright, Indian agent, persuaded Stink to occupy a small frame house built for him.

For the last ten years Stink has refused to visit Pawhuska and draw his tribal funds. Formerly he lived in an old frame building near the agency, but one morning while absent from home a policeman killed his four dogs. Stink turned his back on Pawhuska and never has been in town since that time. He lived alone until recently the Osage agency provided him with a Sioux Indian as housekeeper.

Ancient Flivver Likes Egg-nogs; It Runs, Too

San Francisco, Calif.—Harken to the tale of Lizzie, the egg eater. An ancient flivver which seems to be suffering from arteriosclerosis of the carburetor, cirrhosis of the differential and foundered gears, has been discovered by Dr. C. H. Cummings, San Francisco dentist.

Doctor Cummings declares the nurse-driver brings the car daily to a grocery near his window, takes off the radiator cap, breaks three eggs and drops them in.

"Curious," he reflects, "but perhaps it wouldn't be a bad idea if it developed a taste for beefsteaks. Think of the dental work necessary to outfit it with plates."

Housekeeper Leaves Estate to De Valera

Boston.—A housekeeper, who was known only as Bridget, has just died, leaving \$1,000 to Emmam De Valera, Dublin, Ireland. The rest of the residue of her estate, which is estimated to be \$6,000, goes to Aidan's Gaelic school in Dublin.

NAOMI AND RUTH—A STORY IN RACIAL RELATIONSHIPS
Ruth 1:6-10, 14-22

Rev. Samuel D. Price, D. D.
Read the entire book of Ruth. You will find it a delightful short story for summer reading. The romance is thrilling and the applications are vital to our every-day life. The range of territory is from Bethlehem to Bethlehem and begins with a famine in Palestine. By reason of the distress Elimelech, his wife Naomi and their two sons, Mahlon and Chilion left the homeland for food and abode in Moab, on the further side of the Jordan river. All went well for a while. The sons married Moabitess women and food ceased to be a problem.

From joy to distress is often only a step. Three deaths made three widows and serious personal problems must be faced by these women. It is too often that way in life as it is met today. Women must meet the situation in which the men place them. Naomi does the natural thing in planning return to her own land and kindred. The daughters-in-law, following custom, go with her for a distance and then plan to take their leave. In oriental fashion they enter into a lengthy discussion and even offer to go back with the mother-in-law. Orpah receives the kiss of farewell and turns back to her local problem of life. Ruth then becomes fully aware of her great affection for Naomi and this has evidently been produced, in part, by the way in which this mother-in-law lived out her faith in Jehovah. Then Ruth separates herself from all that has been dear in Moab and gives the classic expression of friendship as she casts in her lot in every way with Naomi.

Nothing is recorded about the long, hard journey to Bethlehem. That is the way in life. We can forget with-

er we have come after we have arrived. The details are daily incidents but they do not have to be continuously reviewed. Town people turn out to meet them but the greeting is hardly a Welcome Home. Then hardly Ruth begins to further reveal her charming character. Work is always a great solace as well as a constructive help in life. She will "follow the gleaners" and in this way find a bushel of grain for their little household. Cheer revives as soon as daily bread is assured. Reconstruction can begin at any low level of experience. Right there we can establish a foundation and build thereon. The familiar saying is invariably a truth, when we will, "A man is down but not out."

Romance evidently begins with love at first sight as Boaz notes this really charming Moabitess. Read the book again for all details. Sit in with the court at the gate of the city and observe the implication of the removed sandal, by the next of kin. In time we find that a new home has been established and Ruth is able to crown baby Obad, who becomes the grandfather of David. Thus Ruth is in the ancestry of none other than Jesus, the Son of Mary.

When we learn the good in others there is no place for race prejudice which so many seem to cultivate in adult life. Such feelings do not exist among the children but is a product of growing years. Paul, in his address on Mars Hill refers to the fatherhood of Jehovah: "And he made on one every nation of men to dwell on all the face of the earth." Acts 17:26. This golden Text for today should help, to establish a different attitude toward the "Stranger within our gates," and do all in our power to make those of other nationalities at home in this free land of religious liberty. In this melting pot of civilization all of us need to work together for the common good and thus reveal the very best that is in the heritage of each.

VERY LATESTS

By MARY MARSHALL

Narrow ribbon outlines the raised waistline of many of the most attractive of the summer dresses. It is drawn round the waist so that it is precisely as trim as the dress without

being light enough to cause a single wrinkle or pucker, and almost always

there are loops and ends hanging down at the left side.

For the woman who is not decidedly slender through waist and hips the narrow ribbon belt is an unfortunate choice. A far better selection for her is a sash made of wide ribbon draped so as to make the hips seem as slender as possible, and fortunately these wider ribbon girdles are just as smart as are those of narrower ribbon.

The little summer dress of flowered voile shown today was the finished work of a circle of this sort. The top, as you will see, is placed at a fairly high waist line but the lower edge comes well over the hips. To make the sash as shown in the sketch you will need two and a half or three yards of ribbon eight or ten inches in width. Narrow tucks are taken in the ribbon at one side to shade it in at the waistline and to prevent it from riding up from the hips.

CARD OF THANKS

I wish to thank the voters of Precinct No. 3 for the fine support given me in Saturday's election, and I will continue to try to merit your confidence.
D. W. DANIELSON

Texas with 5,421 is third among the states in the number of combines—machines that harvest, thresh and sack the grain in the field.

Texas has the largest helium gas plant in the world—at Amarillo.

CARD OF THANKS

I wish to express my appreciation to the voters of Bailey county for the liberal support given me in the Primary election last Saturday. I am truly thankful for your confidence and friendship, and will say that I may be in the race again at some future time.

CONTINENTAL OIL COMPANY HAS FREAK OIL WELLS

Denver, Colo., July 28.—Commercial development of one of the most astounding freaks of nature that the oil industry has ever uncovered—the famous "ice cream wells"—of the Continental Oil Company—is planned for the immediate future, according to an announcement by company officials.

The "ice cream wells" Sherman No. 1 and Sherman No. 2 are located in North Park County, Colo., near Walden, and each produces a tremendous volume of 98 per cent pure carbon dioxide gas, which in solidified form is the product known commercially as Dry Ice. The temperature of the gas as it comes from the wells is around 135 degrees below zero, and the crude oil comes out frozen, resembling lemon sherbet in appearance. When the wells were drilled in fingers of the drilling crew were frozen, and pipe lines and flow tanks were coated with ice, even during the hottest summer weather.

Under the development plan announced, a new corporation will be

formed to be controlled jointly by Continental Oil Company and Ice Corporation of New York. Preliminary experiments made by the company are satisfactory, a plan of producing 60 tons of dry ice will be built at Walden.

Dry ice is a comparatively new invention, used for refrigerating perishable products in transit, for preventing the melting of ice cream, and in many other ways. It is made by compressing other food products. Under present conditions a pound of it will do the work of about 16 pounds of ordinary ice, and when it "melts" the solid material passes off as gas, leaving absolutely no water or other residue.

sed Constitutional Amendments

S. J. R. No. 7.
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.
 As read by the Legislature of the State of Texas.

Section 1. That Section 11 of Article 5 of the Constitution of the State of Texas be amended so as to read as follows:

Section 11. In order to enable the legislature to perform the duties set in the foregoing section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds and rents of the same, heretofore made hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury), shall be invested in bonds of the United States, of the State of Texas, or counties of said State, or in school bonds of municipalities, or in bonds of any city of this State, or in obligations and pledges issued by the board of Regents of the University of Texas, or secured by such obligations and pledges, for the construction of dormitories and other buildings for the use of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, by 17, 1916, and amendments thereon, the interest accruing thereon shall subject to appropriation by the Legislature to accomplish the purpose desired in the foregoing section; provided that one-tenth of the alterations of the lands granted to said lands, reserved by the State, which are set apart and appropriated to the establishment of the University of Texas, by an act of the Legislature of February 11, 1888, entitled, "An Act to establish the University of Texas," shall not be included in, or constitute a part of, the permanent university fund."

Sec. 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday after the first Monday in November, 1930.
 (A correct copy.)

JANE Y. McCALLUM,
 Secretary of State.

S. J. R. No. 19.
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years at such time as may be provided by law and at other times when convened by the governor. The first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointments of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding ten days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this State to be voted on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930.
 (A correct copy.)

JANE Y. McCALLUM,
 Secretary of State.

H. J. R. No. 11.
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Section 16, which shall read as follows:

"Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII, of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930.
 (A correct copy.)

JANE Y. McCALLUM,
 Secretary of State.

S. J. R. No. 2.
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it Resolved by the Legislature of the State of Texas, that Art. V of the Constitution of Texas shall be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. The Supreme Court may sit at any time during the year at the seat of government for the transaction of business and each term thereof shall begin and end with each calendar year."

Section 2. That Section 3 of Art. V of the Constitution of Texas shall be amended by repealing the sentence of said section which reads: "The Supreme Court shall sit for the transaction of business from the first Monday of each year until the last Saturday in June of the next year, inclusive, at the Capitol of the State."

Section 3. If the Constitution shall not have been previously amended so as to provide that the Supreme Court shall be open at all times, then in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.
 (A correct copy.)

JANE Y. McCALLUM,
 Secretary of State.

LAZBUDDIE MISSIONARY SOCIETY

The Lazbuddie Missionary society met July 24 in the home of Mrs. Otto Treider, with fifteen members and several visitors present.

After the business session a very interesting program was rendered by Mrs. R. L. Bledsoe, Mrs. Lloyd H. Jones and Mrs. George Treider, taken from our new course of study, "The Missionary Message of the Bible."

Much interest is being shown and we want that the society will continue to grow each time. The society will meet again August 14 with Mrs. O. N. Jennings.—Reporter.

For More EGGS Keep Nests Clean

The ladies know how discouraging it is to go into a dirty kitchen to work. And Mr. Hen feels the same way about the matter when she goes to perform her daily duty. But to keep nests clean has been a problem, where they have not been properly built. The picture shows how to build nests that make hens happy and save you labor. The top board is hinged to the wall so you can lift it and take the eggs without stooping. This board slants to prevent chickens roosting on it. The bottom is hinged to the wall and the legs hinged to the bottom so it can be dropped down and the nests are cleaned and ready for fresh straw.

This is one of a "Hundred Handy Helps" for which we have many plans available in our office, including those of the "Farm Building Service Bureau" of Texas A. and M. College. Ask to see them.

E. R. HART LUMBER COMPANY
 MULSHOE TEXAS

Atlanta Children Fall Far Without Injury

Atlanta, Ga.—Atlanta's parents hope the city's epidemic of long-distance noninjury falling records is ended.

Two-year-old James Chastain, Jr., started the competition with a 25-foot fall from the second-story window of his home. The next day James was a little sore in one hip but he was seen looking out of the same window from which he fopped the day before.

That record stood one day. Then Ruth Jansen, four, fell 34 feet out of an upstairs window into a rose bush which must have withdrawn its thorns, for she wasn't even scratched.

George Williams, adult titleholder, has completely recovered from a five-story fall down an elevator shaft which left him whole but somewhat bruised.

Later Mrs. Cora Hunter fell eight inches down one doorstep and fractured a wrist.

Woman Asks to Talk to Board as to Husband

Washington, N. C.—After an elderly woman demanded to discuss the issue in question with Beaufort county commissioners "one at a time," it was decided to defer action until August in the matter of continuing work of the county home demonstration agent.

Fifty women appeared before the board to urge retention of the agent's services.

The elderly woman took the floor. "The Chairman," she said, "isn't much for talking to a big bunch of men like this, but I sure can talk it to 'em one at a time. If you all are thinking of doing away with the home demonstration agent, I'd like to have the opportunity of seeing each member of the board by himself and talking to him like I been used to talking to my husband."

The commissioners lost no time in deferring action.

CARD OF THANKS

I wish to express my sincere thanks to the voters of Precinct 1 for the fine vote I received in the primary election, and I solicit your vote and influence in the run-off Primary.

A. J. HICKS

Lazbuddie News

Mr. and Mrs. R. Pyrtz transacted business in Plainview Monday.

Messrs. Bill Shirley and Bruce Abney spent Saturday night in Clovis.

Mrs. R. L. Bledsoe and Mrs. George were joint hostesses when they entertained Wednesday afternoon with two tables of bridge in honor of Mrs. H. L. Hughs of Superior, Arizona. The pretty affair was given in the home of Mrs. Bledsoe. Red and white colors were carried out in the appointments and the refreshments. A beautiful guest present was presented to the honoree and pretty favors were given for high and low score in both bridge and forty-two. At the close of the afternoon the hostesses served a dainty plate lunch to the following guests:

Messdames A. C. Echols, Fins Jennings, Loyd Lust, H. M. Hughs, T. C. Roper, Otto Treider, Geo. Treider, W. S. Menefee, Oras Jennings, Lee Patrick, Raymon Treider, Willie Steinbock, John Steinbock, Eva Abney, Juel Treider, Ed Steinbock, Jim Black, Ed Downing, Ralph Ditch and Mrs. H. M. Hughs, the honoree and the hostesses.

Mr. and Mrs. Joe Smith and children and Miss Dora Weems of Maud, Oklahoma were visiting Oklahoma

friends around Lazbuddie Sunday and Monday. They had been to Hobbs, New Mexico several days visiting Mrs. Smith's daughter, who lives there. They started on their way to Maud Monday afternoon.

Mr. Bruce Abney accompanied the Smith's on their return to Maud. He will stay indefinitely.

Mrs. B. Y. Burton has been ill several days and was unable to attend church Sunday.

Word was received from Chas. Burton and his daughter, Mrs. Monroe Bohannon of Shawnee, that they would arrive in the Lazbuddie community soon after the election. It is thought that they will make their home here. They are bringing with them on their trip some other relatives of the Burtons.

The small son of Mr. and Mrs. C. E. Merriott had the misfortune of having his elbow badly crushed late Friday afternoon before the election. The reporter regrets that no particulars were obtained, but it seems that he was climbing over a fence and fell. He was rushed to Mulshoe for medical aid and required the services of two physicians in dressing the arm. We sincerely hope that he will rapidly improve and that no permanent harm will result.

The Lazbuddie Dinner Club ladies served a chicken dinner and also short orders of pie, ice cream and lemonade at the election Saturday. I have no accurate report but something like \$21 was realized from the dinner.

Happy informality marked the entire evening when Mr. and Mrs. Loyd Lust entertained Friday evening with three tables of bridge in honor of Mrs. Lust's sister, Mrs. H. M. Hughs. At the close of the games, Mrs. Lust served cake and lemonade to the guests. Those attending were Mr. and Mrs. A.

C. Echols of Friona. Mr. and Mrs. R. L. Bledsoe, Mr. and Mrs. Ralph Ditch, Mr. and Mrs. Geo. Treider, Mrs. Bill Shirley, Mr. Bruce Abney, Mrs. Eva Abney, the honoree and the host and hostess.

Mr. and Mrs. Fins Jennings were shopping in Clovis Saturday afternoon.

Mrs. E. C. Roper and children and Mrs. Albert Carroll who for several days were visiting in Maud, Oklahoma, are expected to return at an early date.

Mrs. Lee Patrick of Fredrick, Okla., is spending several days with her sister, Mrs. Ed Steinbock.

Leon and Elwin Julian are visiting their old home at Chickasha, Okla. They will be gone two or three weeks.

Mrs. T. C. Roper had as her guest Monday, her mother, Mrs. Mary Guinn of Friona, Texas.

Mr. W. H. Gammon transacted business in Oklahoma last week. He reported some severe hot weather in the places he had been.

I-C-E

This is to let you know WHY, WHERE AND WHEN to buy ice.

First—WHY: Because we weigh your ice and charge you for just what you get.

Second—WHERE: AT WINNINGHAM PRODUCE.

Third—When: Call 74 any time between seven and nine o'clock A. M. and I deliver. We do not sell ice books, but for your convenience we will collect once a week, which will be Monday of each week.

WE HAVE AN EASTMAN KODAK FOR EACH OF OUR CUSTOMERS. ASK FOR PARTICULARS.

Winningham Produce

Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no secret in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business—design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improvement.

hard in the methods of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But fair prices to the public demanded that wasteful methods be eliminated. Finally the way was found.

A better way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankshafts reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public—so that the benefits of reliable, economical transportation may be placed within the means of every one.

FORD MOTOR COMPANY
