Grovesville Locals.

J. J. Kirkpatrick has sold out and will leave us next spring.

W. S. Elkin has been visited by his father and sister, of Abilene, for the past week.

Not much news from this neck o' the woods this week, as there is nothing doing except harvesting, and that's getting mighty old.

G. N. Dillworth has returned from North Carolina, where he has been visiting relatives for the past two months.

Mr. Wright, who bought the Sherman place, moved in a few days ago. We are glad that he has a large family that will help out considerably in our school.

We are getting up a car load of bachelors to send back to one of the eastern states where there are four-

teen old maids to every single man. Some of these ladies are wealthy and quite pretty. The first car load will start as soon as the harvest days are over, and any one wishing to take advantage of this opportunity will please send their name to Zip, foreman of this enterprise, Grovesville, Tex.

SHADY.

Gaming at Floydada.

Acuff, Texas, Sept. 24th. Editor Avalanche:

Your paper of the 15th, inst., brought the news that our postmaster had been gambling at Floydada. The news was reported by the zealous correspondent at Grovesville.

As soon as I read my paper, I felt sure that Jim had neglected to tell the postal clerk, so I hastened down to see about it fearing there might be a disturbance in the postal department at Acuff. On my way down, I felt that "blessed is the peacemaker," but on arrival at the post office I suddenly remembered that "accursed is he that parteth man and wife," consequently I didn't part them—but became an anxious spectator and watched the fray. The only excuse Jim had to offer was that "he was away over yonder at Floydada and no one witnessed the game except Shady and a few ladies from Grovesville, and I didn't think they'd tell it." At last we succeeded in making the assistant postmaster believe that some one else was to blame, and everything is peaceable now and, for Jim's sake, we hope that it will remain so. Here the defense rests its case.

Notice! Warning!

To the Young People and
their Parents:

At nearly every church and League service in Lubbock the law is violated by young people engaging in conversation, or whispering, or "giggling," "sniggling" or other disturbing noise during the religious service. This sort of conduct must stop now. It is my sworn duty to prosecute those guilty of such. People who go to church or other public places to listen or worship, must not be so disturbed. Those who violate the law as above indicated must pay the penalty. I am satisfied that parents are as much to blame as are the disturbers, and if they are humiliated or mulched in fines, they have themselves to blame. Hereafter there will be no let up in the enforcement of the law. JASPER N. HANEY, County Attorney.

There are only five candidates for governor.

Since the lakes in the north, south and west roads are dry, the county should grade them, and thus save the destruction of property along these impassable lakes in wet weather.

Austin, Texas, Sept. 23.—The following charter was filed today: The Brownfield State Bank of Brownfield, Terry county; capital stock \$10,000. Edrington of Ft. Worth.

Should we not take some steps toward getting phone connection with Big Springs? This would be quite a convenience to the people of Lubbock having business with Big Springs, Tahoka and Gail. It would also be a bonanza for the business men of Big Springs. There are 250,000 tons of freight brought to this place every year, and it could be had from Big Springs cheaper than from Canyon if the Big Springs merchants would push the matter and us in getting direct connection.

MARLIN

THE *Marlin* RIFLE, Model 1892, .32 calibre, is the best rifle made for exterminating pests and torments about a place, as rats, weazels, woodchucks, etc., also for a companion on your vacation trip, combining the good points of the old muzzle-loading squirrel rifle with the convenience and rapid fire of the most improved repeater. It is so constructed that the same rifle uses the following cartridges: .32 short and long rim-fire, .32 short and long center-fire, and is the only repeater made using rim-fire cartridges larger than .22 calibre.

The short cartridges are just the thing for small game while the long ones kill animals of fair size easily. On the first 2000 cartridges used you have saved the cost of a *Marlin*.
