### SNYDER & PACIFIC RY.

Laying of Steel Will Be Resumed on the Road From Snyder

to Roscoe.

Capt. Martin Duval chief engineer of the Roscoe, Snyder & Pacific road, was in the city Wednesday and paid this office a visit. In regard to Snyder's road, he stated that laying of steel would begin out of Hermleigh in about two weeks, and work pushed until Snyder was reached. He states that about two miles of steel was already at Hermleigh and 2 1-2 miles at Roscoe. Fifteen teams are now at work levying up the grade, and in 15 days active work will begin on the bridges. Five miles of ties are now on the ground at Hermleigh.

Work was begun on the depot at Hermleigh Tuesday, and the road will soon be in a position to begin both regular passenger and freight service to that point. Capt. Duval says every effort will be made to put the road into Snyder at an early date, and if no hitch occurs, trains would be running into Snyder in six weeks or two months. - Snyder Western Light.

### Jury Disagree.

The trial of W. A. Ogle, charged with assault with intent to murder, ended in a disagreement by the jury. The case went to the jurymen last Saturday morning and that body, having failed to agree by midnight, was discharged the gentleman learned there that by the judge.

In the meantime three more indictments had been entered against Ogle and his bond was raised to \$3,300. His bondsman refused to remain on the bond and he was placed in jail. However, another bond was soon fixed up and Ogle was released again Thursday .-Midland Examiner.

# How to Kill the Town.

It appears that Roby is going the say of some towns whose name we would give in case of emergency. Some real estate owners are asking nearly as much for town property as Fort Worth lots are selling for. When a stranger comes to town, he is considered legitimate prey for a real estate speculator. Speculation and speculators are all right as far as that question goes, but there is such a thing as running the price of property up beyond the reach of the man who means business and who will erect good buildings. The thing we need just at present is two or three first class bricks with offices in the second story. The result will be this: one of these fine days an addition to the present townsite will be opened up, and then will follow the building of a number of business houses to be occupied by up-to-date business men, who are not willing to pay exhorbitant prices for the privilege of building up the town. Roby can be injured more by speculation putting fictitious values into our town property than by anything else at present. If you want to help the town, and have real estate to sell at a reasonable price, and do not care to sell to a speculator, require him to erect a good building on the lot by a certain specified time. Let us all be moderate in this thing of inflating values beyond the reach of the bona-fide investor and town-builder.-Roby Banner.

Lubbock people should "stand up and take notice." Much the same eircumstances exist in Lubbock now as the esteemed Roby Banner has pictured in the above article. Don't get your sights too high on town property and don't bleed a man to death with high rents, probably numbers of people who would otherwise have located in Lubbock have been driven to other towns on account of high rents and extravagant prices asked for town property in Lubbock.

The Tulia Standard came out soon, if the old set will not serve last week with her spring dress marked improvement has been made in the general appearance of The farmers of the Lubbock the Standard each week since W. country are busy preparing the A. on this line which is projected from Stanton to Lubbock, passing thru the counties of Martin, Dawson, Lynn and Lubbock, opening up some of the finest farming land in Oracle.

It is quite possible that Lamesa will not be able to secure this road, although every effort has been made to meet the demands of the company up to the time of their withdrawal Wednesday.

"We will not consider any proposition from the Lamesa people other than that submitted by us,' was the reply of Senator Martin et al to the committee that waited upon them to see if some change in the form of contract could not be made that would be alike satisfactory to the railroad and the people of Dawson county. The committee was further informed that the people of Lamesa only had a few days in which to accept and notify the construction company that the amount had been Mrs. Dora Hunt.

In brief the above was the remeeting held Tuesday night at the court house. The citizens having faith in the integrity and honesty of purpose of certain directors of opposition rather than do anything that would balk the progress of the development work.

On Wednesday afternoon Mr. O'Donald phoned to parties here of putting on the floor work. asking that contract notes, etc., be pany at Stanton as they wished to withstand the proposition made

### For County Judge.

We are authorized to announce Judge Jno. R. McGee as a candidate for re-election to the office of county Judge of Lubbock and attached counties, subject to the action of the Democratic Primary. He has faithfully served in this capacity one term, and so far as we know has given entire satisfaction. His decisions are honest onservative and unbiased and he respectfully asks the voters of these counties to carefully consider his candidacy before casting their vote. His name was given us too late to appear in the reguar announcement column, but will be placed therein next week.
