MULESHOE, BAILEY COUNTY, TEXAS, FRIDAY, SEPTEMBER 12, 1930

NUMBER 21

REAL ESTATE, BACKBONE AND SINEW OF ANY GROWING COMMUNITY

West Texas Gas Company Will Be Serving Muleshoe With Gas On Or Before November 1

Virtues of Muleshoe and Virgin Lands Of Bailey Co. When Told to the World Will Bring Response From Thousands

Thousands of people throughout the United States are yearning for homes, and the most of them are turning their eyes in the western direction to secure them. Here good land may be obtained cheaper, but it will not always remain so. The land is as good, and in many instances better than much land in the eastern part of the nation, while the constantly increasing demand will act to rapidly augment its price and value. Land now selling in Bailey and adjoining counties for from \$25.00 to \$40.00 per acre will, within a very few years, be bringing twice that amount.

Real estate is indeed the backbone and sinew of any growing community or municipality, and it is needless to say that anything that goes hard with real estate, such as restrictive legislation, high taxes, etc., in its last analysis, restricts and injures that given community, including every inhabitant dwelling in it. In consequence, every person living in a given town, city or community should have and always maintain a keen interest in the real estate conditions.

In most instances real estate is the foundation of fortune. It is the first thing brought into use in temporary or permanent improvement, or in any kind of production. It is something that is paramount to human needs.

and a thing that will never be manufactured again.

Fundamentally, the basis of all wealth is land, and with a family located on every farm, a home on every residence lot, and the necessary number of commercial, industrial and public buildings occupying their respective places, the value of land becomes enhanced to its maximum.

Real estate values are convertible, but they are invariably regulated by the law of supply and demand. By virtue of the fact that every land owner and every investor and may have the title to certain property appraised and insured, that he may know exactly the status of the cloud or clearness of his right and title to certain property, real estate becomes a popular investment for even those who are not well acquainted with property values in a given locality. Even the novice is protected from making serious mistakes, while those of experience may reap handsome returns from their dealings.

Of course, there are cases of wild speculation, but investment and speculation are different matters and must be so construed. It has ever been observed that in times of financial stress, land is invariably the basis upon which commodities are judged. A general business depression may affect land values.

(Continued on page eight.)

MILLER NAMED RECEIVER HERE FOR COTTON CO-OP.

M. G. Miller has been appointed receiving agent in the Muleshoe district for the Texas Cotton Co-operative association. He has made bond and is ready for service.

Miller will receive all cotton consigned to the association here; samples be forwarded to Littlefield branch office for grading and classification, after which he may also issue checks to the consignor.

SCHOOLS OVER COUNTY NOW OPEN; INSTITUTE DEC. 6

A one day institute will be held in the high school building at Muleshoe, Saturday, December 6, according to announcement made by County Superintendent J. E. Adams, who states that all teachers and trustees of the various districts throughout the county are expected to attend.

A special effort will be made at this time to include several numbers on the program that will be of special interest to the school trustees.

Laying of Gas Line From Sudan Will Start By October 1, Says Manager Hinchey; Office Here Has Been Rented

That the West Texas Gas Company will be serving gas to patrons in Muleshoe on or before November 1 is the gist of information given out this week from the company's headquarters office in Lubbock.

This company was granted a franchise for gas service in Muleshoe early last spring, such franchise calling for construction to begin on or before October 1. As fall advanced numerous citizens have become solicitous as to when service might be expected and many enquiries have been made. Taking the initiative, the Journal last week wrote the West Texas Gas Co. for such information, and in reply received a letter stating that pipe had already been ordered for the line from Sudan to near Farwell, and that the company would begin its distribution system in this city on or before October 1, as provided in the franchise.

The letter is as follows:

September 8, 1930.

"Mr. Jess Mitchell, Editor, The Muleshoe Journal, Muleshoe, Texas.

"Dear Mr. Mitchell:

"Your letter of September 5, 1930, in which you inquire concerning when this Company will begin operations in Muleshoe.

"For your information, the South Plains Pipe Line Company has already ordered pipe for construction of a 6 inch line from Sudan to a point near Farwell, Texas.

"The West Texas Gas Company will begin construction of distribution system in Muleshoe on or before October 1, 1930, as provided in franchise.

"Yours very truly,

"WEST TEXAS GAS COMPANY

By R. F. Hinchey, Vice President."

Tuesday afternoon R. F. Hinchey, vice president of the West Texas Gas Co. accompanied by R. Ryan, attorney for the company, were in Muleshoe and closed rental contract for a large room in the Muleshoe hotel to be used for office, fixture and storage purpose, possession to be taken September 15th.

Mr. Hinchey while here stated that the pipe line company would lay about one and one-half miles of pipe daily. If the distribution system construction keeps pace with the pipe line company it is probable citizens here will enjoy connections sometime between October 15 and November 1.

Muleshoe citizens are to be congratulated that when the line has been completed they may receive service two ways, that is from Lubbock and Farwell, where the company has a loop line.

Sixty Prospective Buyers From Texas And Oklahoma Visited Steele Ranch Last Week; Many Letters are Received

Sixty prospective land buyers visited the Steele ranch five miles south of Muleshoe last week looking for homes and investment in this section of the South Plains country. They came from Ada, Okla., Wellington, Wichita Falls and several other points in Texas. All were greatly interested in the quality and character of the land they saw, in the wonderful prospects of future development here, the pure water and beautiful climate conditions, and according to Manager A. M. Sullivan, it is expected several sales will result from their visits.

The big irrigation well located just south of the ranch house was turned on to its full capacity, pumping the water out at the rate of 1,300 gallons per minute, and flowing down the main ditch like a young river, demonstrated in conclusive manner the profits to be realized from this type of farming.

"There is no doubt but we have an abundance of water for irrigation purposes lying at shallow depth all under our land," said Mr. Sullivan. "This wet which is on the pump, and the numerous art stock wells dotted all over the ranch furnish abundant proof

Material For Line To Earth and Three Rurals Is Ordered

Material has been ordered for the construction of a telephone toll line from Muleshoe to Earth, and three rural lines out of Muleshoe, according to Manager Jimmie Singer, who passed the information to the Journal Wednesday morning.

Sixteen residence phones and 15 business phones have been signed for on the Earth line, and already 35 subscribers have filed out applications for service on the rural lines. Mr. Singer says other lines will be constructed as needed.

The work of building these new lines will be started as soon as the material arrives here.

These lines will be of great value to the citizens of this area who transact much of their business in Muleshoe.

LITTLEFIELD LAD SHOT IN GETTING BOTTLE SODA POP

Walter Glover, 16 year old son of Mr. and Mrs. J. C. Glover, was shot and killed early Saturday morning of last week, and John L. Fisher is being held under bond of \$2,000 in connection with the killing.

Glover and three other boys, James Jackson, Truett and Troy Hawkins, were passing through Shallowwater, about 25 miles east of Littlefield, and had stopped at a filling station there to buy some soda. According to Fisher's story, he had been bothered several times recently with attempts to burglarize his station, and had started sleeping in the station in hopes of apprehending the prowlers.

Saturday morning, about 3 o'clock he was awakened by a car in the driveway and looked out to see four boys trying to break a lock on a soda water stand. The man shot once, aiming low in an effort to hit the limbs of the boys. He fired again and with the second shot they broke and ran for the car. Three of them scrambled inside while the other caught the running board. Again Fisher fired, this time raising his sight slightly, and the car roared on and out of sight.

Fisher went back to bed, little realizing that his third shot had struck home.

Hangs To Car

Walter Glover, however, hung limp on the running board of the speeding vehicle, the final spark of life in a heart punctured body giving a last reserve strength to hold on. His companions pulled him into the car but Walter was done for and with the passage of a bare two miles he breathed his last.

Funeral services of the deceased had were held from his late home Saturday and interment made in the Littlefield cemetery.

MULESHOE SCHOOL OPENED MONDAY; GOOD ENROLLMENT

The Muleshoe public school opened last Monday morning in auspicious manner. The auditorium was comfortably filled with people, nearly 100 patrons being present to manifest their interest in community education of the rising generation.

Superintendent C. W. Cox was in charge of the opening exercises. Inspirational talks were made by Rev. C. A. Joiner, pastor, First Baptist church, County Superintendent J. E. Adams, Editor Jess Mitchell, K. K. Smith, president of the school board, Prof. D. L. Kendrick, R. L. Brown, S. E. Morris, Dr. A. R. Matthews, Principal Fred Bryant, and Mrs. W. B. McAdams, president of the Parent-Teachers association.

Superintendent Cox, who is beginning his first year of work in Muleshoe, stated his pleasure at becoming a citizen here and his desire to be of any aid possible in working out the problems of a greater municipality. He outlined some of his methods and policies to be used in the school during the coming year, emphasizing the need of cooperation between teachers and parents. He declared the outlook was optimistic and that he was confident in the accomplishing of great results.

Enrollment of pupils, which began last week, indicates that before the school was a week old practically the entire scholastic population of more than 300 pupils would be in school.

The faculty for this year is as follows: C. W. Cox, superintendent; D. L. Kendrick, principal high school; Mrs. Good Harden, Miss Evelyn Boone, high school; Fred Bryant, principal grammar school; Mrs. C. W. Cox, Miss Velta Beatty, Miss Beth Mardis, Miss Lucile Beatty, Miss Mildred Miller, Miss Marjorie Moore, grammar school teachers.

Automobile Plates For 1931 Have Been Received By Sheriff

The 1931 plates have arrived for Bailey county, according to Sheriff H. A. Douglas, who has them neatly stacked away in the vault of his office at the court house, but no one can purchase a single plate until January first rolls around.

A representative of the Journal, under guard of Office Deputy H. A. Towery, was permitted a look at them, and found them to be of the conventional colors, having black background with white lettering.

The commercial truck numbers run from 6,026 to 6,625, inclusive, while the passenger car numbers run from 23,001 to 25,600. There are no letters in the numbers next year and no front and back designations. The consignment consists of 500 commercial plates, and 1,700 passenger car plates. No plates have yet been received for trailers, motor busses, dealers or motor cycles.

To date, there have been 1,065 passenger cars and 286 commercial trucks registered in Bailey county.

Fifty Farmers in Bailey County Sign Marketing Agreement of The Texas Co-Op. Association; Others Interested

Following a series of meetings held in Bailey county during the past week by the Texas Cotton Cooperative association R. L. Brown, county chairman, about 50 new members have been enrolled to receive the benefits of the organization's transactions.

Aside from the first meeting held in the county at Muleshoe other meetings have been held at Bayleboro, Circleback, Bula, Enochs and Goodland, all of which were well attended, much interest shown and contract signatures received. R. L. Brown presided at the various meetings, other speakers being

J. W. Hammock, Sudan, D. A. Adam, Amberst, A. W. Carpenter and J. W. Hale, Littlefield, and Jess Mitchell, Muleshoe.

At each of these meetings the benefits of the government backed organization were outlined, and it was clearly shown that the farmers not only would receive protection but the highest possible price in the sale of their cotton through the association.

It is stated by Mr. Brown that while the number of new members received was very gratifying, a still larger number of signers is anticipated as the actual marketing of cotton begins.

Goodland School To Construct \$25,000 Bldg. For New Dist

That the Goodland school district is erecting a \$25,000 school building, is the statement of County Superintendent J. E. Adams. Bonds in this amount were voted July 26, and Haynes & Haynes, architects from Lubbock, have been employed to superintend the construction.

The bonds have not yet been sold, owing to a general slump in the market on such instruments, said Mr. Adams, but the market is now growing stronger and it is contemplated to offer them for sale in the near future.

Early last spring a consolidation was effected between the Goodland and Figure Two school districts, and the new building will be located about two miles north of Goodland. It will be of brick and tile material, having four rooms and a combination auditorium and gymnasium, according to plans submitted by the architect.

Muleshoe Wine In Game Over Lfd; 1 Game Score Even

The thud of the pigskin sailing across the gridiron was heard in Muleshoe last Saturday for the first time this season when "outlaw" teams from Littlefield and Muleshoe clashed in a hard and closely fought game that ended 6-6 in favor of the visitors.

Littlefield made a touchdown in the second quarter when Emil Timian, halfback, intercepted a pass on the 20 yard line, carrying it to goal. It appears that Muleshoe also made a touchdown in the third quarter; but there being some hitch in the decision, it was not counted. The game was one of clean sportsmanship throughout.

The lineups were as follows:

Littlefield—John Keithley, center; Burk and Denton, guards; Pate and E. Hopping, tackles; C. Heard and H. Denton, ends; S. Hopping, quarter; Troy Houton, full back; A. Timian and Pat Ray, halfbacks; E. S. Rowe, jr., substitute.

Muleshoe—Jeff White, right end; Ray Moore, right tackle; Owen Heard, right guard; Aycock, center; Fred Bryant, left guard; Theo Ackerson, left tackle; Lois Walter, left end; Therman Glascock, right half; Fred Lee, full back; Forrest Holt, left half; Fred Moore, quarterback; Jack Lowler, substitute.

ANTON GETS FIRST BALE

Anton's first bale of the 1930 cotton crop was delivered there last Thursday by A. R. McGuire, residing four miles east of the town.

The business man gave a premium to the producer, and the bale was placed on the cotton yards for future sale.

PREMIUMS GIVEN TO TRADE CUSTOMERS HERE SATURDAY

Cash premiums were awarded in Muleshoe last Saturday afternoon, under direction of the local Kiwanis club, the following being the lucky ticket holders:

Mrs. Miller, of Big Square community, first prize of \$10.00.

W. H. Kister, Mrs. S. D. Beller and Art Harberer, prizes of \$5.00 each.

All patrons of Muleshoe business men participating are eligible to these drawings if they live outside the corporate limits of Muleshoe.

PARENT-TEACHERS MEET NEXT MONDAY NIGHT

The first meeting of the Parent-Teachers association of the new school year will be held Monday night of next week, beginning promptly at 8:15 o'clock, according to announcement made by Mrs. W. B. McAdams, president.

At this time the organization for the coming year will be completed, and some very important business is to be transacted.

All patrons of the school are urged to attend this first meeting.

GET GRASS FREE

The county officials have ordered the plowing up of the southeast quarter of the court house lawn, according to Judge J. E. Adams.

The plowing will be done Saturday of this week, and anyone desiring Bermuda grass may have same by calling for it and hauling it away.

Dr. A. S. Carver A Chiropractor Is Now Located in Muleshoe

Dr. A. S. Carver, chiropractic of many years experience, in this week locating in Muleshoe, opening an office at the Muleshoe hotel.

Dr. Carver was in Muleshoe about two years ago, for a couple of months, being here to Mineral Wells, where he has since been located.

He noted the many development urges which had transpired since he was here last, and expressed himself as being glad he had remained here. "I am quite sure that you are going to make of the best towns of the South," he said, "and I expect to be a permanent citizen here."

Revival At Baptist Church Will Begin Next Sunday Morn.

Revival services will begin at the First Baptist church in this city, next Sunday morning, Rev. C. A. Joiner, pastor, doing the preaching, while the music will be in charge of Prof. J. D. Riddle of Montezuma, N. M. Prof. Riddle is choir leader and educational director of the Baptist college at that place, an comes here highly recommended as a good musician and singer.

A cordial invitation by the pastor is extended all churches and to the public general to co-operate and take part in these services.

We have sometimes wondered just why it is that when a crop begins coming up in a field, it starts going down in the market.

Don't let the mail order houses deceive you.

BAILEY COUNTY GIRLS HAVE CHANCE TO WIN CAPPER MEDAL FOR A BEST JAR OF FRUIT, VEGETABLES OR MEAT

Special awards by Senator Arthur Capper, of silver and bronze medals to the two 4-H club girls who enter Bailey county's best jars of home canned fruits, vegetables and meats in the National Canning Contest at Shenandoah, Iowa, is announced in a message to the Journal from Shenandoah, Iowa, where the contest is being held under the auspices of the Household Science Institute.

Senator Capper long a friend of the 4-H clubs and a member of the National Committee on Boys' and Girls' Club Work, in making the awards said that he hoped these awards would work among farm girls and that they would work among farm girls and that they would prove of value to 4-H club leaders and extension workers in furthering this work.

The Capper medals are in addition to the list of 470 prizes totaling \$4,250 in cash, loving cups and ribbons which will be distributed to the winners in the contest. The grand sweepstakes award of the contest carries with it a cash prize of six hundred dollars.

The contest is open to every woman and girl. There are no restrictions as to the nature of the food sent. Contestants may enter the fruit, vegetable or meat division, any two of these divisions or all three. Entries should be sent immediately upon canning. These will be kept on exhibition at Shenandoah till the closing of the contest on October 1.

The list of contest judges includes five of America's outstanding home economics experts and nutrition authorities, headed by Dr. Louise Stanley, Chief of the Bureau of Home Economics, U. S. Department of Agriculture. That the judging may be thoroughly impartial and the display of jars absolutely uniform, contestants are required to send their entries in standard glass jars of the quart size. A sample Ball mason jar and carton, together with prize entry labels and full information for entering may be had without cost by writing the National Canning Contest, Shenandoah, Iowa.

Send immediately upon canning. These five of America's outstanding home ec-

Any preferred method of canning may be used although it has been found that the hot pack method together with the use of a pressure cooker for the sterilizing is best, especially for non-acid vegetables, states Grace Gary nationally known canning expert who is secretary of the contest. This method of canning is recommended by the U. S. Department of Agriculture because it saves time and fuel and assures sterility, while preserving the natural flavor, color and texture, of the canned article.

Progress News Notes

Calvin Reid was operated on last Sunday for appendicitis and it was thought at first the operation would prove fatal, but at last report he was slowly improving.

School opened Monday morning. The exact number of enrollment was not learned but around 100 pupils enrolled.

Mr. and Mrs. Clarence Elmore spent Thursday in Circleback community.

Buster Reid is working for the Texaco Co. in Muleshoe.

Mr. and Mrs. W. B. Harlan and children, Mr. and Mrs. Allen Fenton and daughter visited in the Clarence Elmore home Sunday evening.

The Union Missionary Society met Monday, September 8, with Mrs. George Lindsay. An interesting program was rendered from the "Missionary Voice." Eight members and one visitor were present. We meet next week with Mrs. Ira Parker. Everyone is invited.

There was an attendance of 71 in Sunday School, Sunday.

Mrs. Tipton's mother, Mrs. Locke, is on the sick list.

H. Rantsma, from Fresno, California is visiting his daughter, Mrs. T. L. Snyder.

Mr. and Mrs. Bob Newman and family and Mrs. Ernest Newman and son, of House, N. Mexico, visited friends and relatives here over the weekend.

Several Progress people attended the singing convention at Oklahoma Lane, Sunday.

Mr. and Mrs. Bob Newman and family, Mrs. Ernest Newman and son, Miss John Griffin, and Hugh Cook took dinner with Mr. and Mrs. Jess Murrah, Sunday.

Mr. and Mrs. C. E. Fowler and children, Mrs. M. S. Parker and daughter Florence, visited Mr. and Mrs. Orval Fowle, Sunday.

Mr. and Mrs. Ira Parke and son, visited in Roswell, N. Mexico over the weekend.

Mr. Thomas and Mr. Venson visited Mr. Venson's son, who is in a Lubbock sanitarium, Sunday.

BETTER PRICES FOR CATTLE ARE SEEN BY AGGIE BUREAU

Economic conditions in the cattle industry are likely to improve in the next 12 months, according to the beef cattle outlook report issued by the bureau of Agricultural Economics, U. S. department of agriculture.

Market supplies of cattle in the next five or six months probably will be about the same as a year ago, but supplies of fed cattle during the first half of 1931 are expected to be smaller than in 1930. Demand for stockers and feeders this fall will not equal that of last year and for that reason slaughter is likely to be somewhat greater.

Prospects favor a continuation of low imports of both live cattle and calves and of fresh and frozen beef and veal. Consumer demands for beef probably will improve somewhat in the next six months with the advent of cooler weather, especially if there is an improvement in industrial activity. Prospects favor a material advance in cattle prices in the next 12 months.

SKATING RINK OPENED HERE IN TENT NEAR COURT HOUSE

J. R. Gotcher, of Amherst, is this week opening a skating rink in Muleshoe. It is located in a large tent near the court house, the floor space being 115x48 feet. He has a \$1,200 Wurlitzer piano that furnishes music to the terpiscors who in their rollick the hardwood floor.

Gotcher says he owns ten rinks all operating in Texas, this being the largest of them all.

HOME MAKERS CLASS MEETS

The Home Makers class of the First Baptist church met in the home of Mrs. R. E. Dennis in regular business and social. There were seven members present.

The meeting opened with song, "Blessed be the Tie that Binds." Prayer was led by Mrs. Joiner. Mrs. L. S. Barron led our devotional, read in the second chapter of John.

After all business was taken care of a lovely two course refreshment was served.—Reporter.

YL News Items

School opened last Thursday with about 90 students enrolled and several parents present. The opening exercises were at 10:00 o'clock. Rev. L. H. Jones gave a talk and Miss Wherry gave a piano solo.

Mr. and Mrs. G. G. Priboth returned Monday evening from a three days business trip to Oklahoma.

H. M. Shofner attended to business in Clovis, N. M., Monday.

Mr. and Mrs. Arthur Ryan and Miss Frances Ryan, of Lincoln, Neb., visited the Carlsbad cavern the first of last week.

John Strawn of Trent, who is in Muleshoe on business, has been visiting friends in the Y. L. community.

About 30 of the young people of the Y. L. community enjoyed a chivari in honor of Mr. and Mrs. Perry McMinh last Thursday night. After having refreshments at McCarty's drug store, several games were played.

Miss Frances Ryan, of Lincoln, Neb., who has been visiting her brother, Arthur Ryan returned to her home Friday.

The boys of the Y. L. school are conquering the grass burrs which they found on the basket ball court when they arrived here the first day of school. Mr. and Mrs. L. T. McKilip were in Clovis, Thursday.

MRS. W. L. SWANSON PROVES LIVING AT HOME IS POSSIBLE

If anyone thinks they can't actually live at home in Bailey County, producing all the necessary requisites for keeping soul and body together in a happy and contented manner, Mrs. W. L. Swanson, who lives a few miles west of Muleshoe, is ready to disprove any such erroneous notion.

Last month Mrs. Swanson made and sold \$90.44 of butter, besides large quantities of chickens, eggs and vegetables, still leaving a big plenty for the family use. She also has several hundred cans of "garden sassa" put away for home consumption this winter.

The Swansons came here from the oil fields a short time ago, and have long since been convinced that a home in the Muleshoe territory is far superior to living conditions around Borger.

MULESHOE CITIZENS WILL ADVERTISE IN AVALANCHE

Locally interested citizens of Muleshoe this week subscribed for a half page advertisement to go in the special fair edition of the Lubbock Avalanche, setting forth the merits of this city and Bailey county.

This ad will go out in 20,000 extra copies of the Avalanche besides the regular edition, telling of the great opportunities for homes and investments in this section.

Lazbuddy News

Mr. and Mrs. Alva Guinn had as their guests last week Mr. and Mrs. J. L. Weatherford of Maud, Okla. They returned to their home leaving here Sunday.

Desmond Guinn and Oliva Chance of Maud, were guests last week of the Guinns and Mrs. T. G. Roper.

Mr. and Mrs. Rudolph Fyrtz returned last week end from an extended visit in Frederick, Okla.

School Opened Thursday

School opened at Lazbuddy Thursday morning the 4th, with a large crowd attending the morning exercise. A number of parents and others were present with the students and teachers and enjoyed the occasion immensely.

E. R. Haskins, the superintendent introduced the faculty and each teacher responded with a short greeting. Lazbuddy has promises of a splendid school year and each parent or any person in the community who can help should put into action their better impulses in co-operating to make the school a success.

We have a splendid superintendent and a splendid faculty. The reporter regrets not having the correct name of each teacher. They will appear at a later date.

Family Reunion

Mrs. T. G. Roper reported two enjoyable evenings last week when all of her brothers and sisters were present with their mother except one girl who lives in Oklahoma city.

Friday evening they had a picnic supper on the lawn at the home of Mrs. Mary Guinn, the mother, in Princeton. Twenty-one guests were present. Saturday evening they were all at the home of Mrs. T. G. Roper near Lazbuddy and dined there.

Among those present on both occasions were Mr. and Mrs. J. G. Weatherford of Maud, Desmond Guinn and Oliva Chance of Maud, Mr. and Mrs. Alva Guinn and little daughter, Mr. and Mrs. Delvy Guinn and children and Mr. and Mrs. T. G. Roper and family.

Misses Albert Carroll, Elbert Roper and Will Gammons made a business trip to Okla., last week returning the first of this week.

Club Meeting

Truly one of the most delightful club meetings the year was the meeting in the home of Mrs. E. R. Haskins last Thursday afternoon. Mrs. Haskins was a charming hostess and since this was the first time the club had met in her home the club members appreciated her efforts to make the afternoon a success.

The subject for the afternoon was "School Problems" and we had with us our superintendent Mr. E. R. Haskins who made an interesting talk on "Plans for the School."

At the close of the afternoon the hostess served a delicious melon course to the following members: Mesdames Gruel, Raymond and Otto Trierder, Chas. Julian, C. E. Merriott, Ralph Disch, W. S. Menefie, Willie and John Steinbock, Emma Dyke, Henry Ivy, R. L. Bledsoe, B. Whitt, Finis and Opal Jennings and Mrs. Ralph Paul.

The Treiders Entertain

Mr. and Mrs. Otto Trierder were host and hostess rather unexpectedly Saturday evening to a few guests who dropped in to play bridge. One table of bridge and one of forty-two were arranged and the evening was a pleasure. The radio furnished some good music and Mrs. Trierder ready to meet such demands served some delicious sandwiches.

Those present: Mr. and Mrs. R. L. Bledsoe and niece, Mis Billy Jones, Mr. and Mrs. Ralph Disch and Mr. Bill Shirley.

Mr. and Mrs. Ralph Disch and Miss Billy Jones spent the day in Clovis, Saturday.

Mrs. E. C. Roper and children, Mrs.

Albert Carroll and mother, Mrs. John Stalaker of Maud, Okla., and E. L. Carroll spent the day shopping in Clovis, N. M., Saturday.

Lazbuddy School

Classes started Monday, Sept. 8, in the Lazbuddy school with the brightest of prospects for the best year in the schools history. Enrolling was done Sept. 4, after three days spent by the teachers in the Institute in Canyon.

There has been 166 enrolled, of which 128 are in the grades and 38 are in High school. Others will enroll in a few days which will likely swell the number to 175.

The Board spent a great deal of this year and feel themselves fortunate in their selections. Supt. E. R. Haskins again heads the school and was away this summer doing graduate work in the school of Education in the Missouri University in Columbia, Mo. Mr. Wayne Eubanks with the degree of Bachelor of Science from W. T. S. T. C. will teach History, Science and Public Speaking and coach basket ball and tennis. Miss Billie Jones with the degree of Bachelor of Arts, from Texas Tech., will teach English and Spanish. Miss Grace Jennings with the degree of Bachelor of Science from T. C. U., is in the 7th grade room and will spend two periods a day with Home Econ-

omy in High School. Mr. Leroy McDaniels from W. T. S. T. C. handles grades five and six with two periods a day for Manuel Training in High School; Miss Faye Cheyne from W. T. S. T. C. has Grades three and four and will devote some time to Glee Club. Mrs. E. R. Haskins has grades one and two, and Miss Morgan from Silverton is taking care of the private students in instrumental music.

The following High School courses are being offered: English I, II and III History I and II; Civics; Algebra I and II; Geometry; Spanish; Typing; Home Economics; Manual Training; Public Speaking; General Science.

Basket ball practice started with much enthusiasm and from the large numbers of boys and girls reporting, good teams are assured.

Mr. Eubanks will give private lessons in Public speaking after school and on Saturdays. He has a major in Speech from W. T. S. T. C. and is well qualified to handle the work.

Glynn Young from Russellville, Ark. is enrolled as a Junior in High School here. He will make a strong bid for a place on the basket ball team.

You know my rules and regulations. Come enjoy yourself at the Skating Rink. Ladies free Thursday Night.—Adv.

COMMISSIONERS COURT MON.

Bailey County Commissioners' Court met in regular session last Monday at the court house, all members present. No business of great importance was transacted other than that of a routine nature, including the payment of several bills.

It was stated that a civil engineer had been employed to do some surveying relative to the opening of two proposed new roads in the county.

Thousands of Acres of Choice Valley LAND

All of this land is exceptionally fertile, is well located, and will rapidly increase in value. Crops grown on other land adjoining it attest to its high productivity.

This land is offered the buying public in any size tract, desired, from 10 acres up. We have listed several small ranch, and farm-ranch propositions that are very attractive. We can also furnish irrigated tracts in sizes as desired by purchaser.

NOW IS THE TIME TO BUY
Land in Bailey County will never be cheaper, but it will go higher, and very soon.

R. L. BROWN
The Land Man

Muleshoe, Texas

GOODYEARS MUST BE BEST!

Otherwise why do millions more people buy them in preference to any other kind?

And why, for 15 years, has the Goodyear Tire been the largest selling tire in the world.

You Can Pay More but You Cannot Get More!

Thought for the Week
It is to be of a humble spirit
in the lowly than to divide the spoil
of the proud.—Prov. 16:19.

SMILE, DARN YOU!
SCHOOL DAYS AGAIN

When the gorilla goes into the fray
he beats his breast to work up a rage.
Once in the fighting mood he finds
the actual fighting easy and natural.

Another thought that interjects itself
at this point is that only the trainee
can successfully feign anger.

There is a popular maxim
which tells us how many hum-
muscles react to produce a
dash how many less for the face.

One reason you begin the day
with a conviction that everything is
adversity is because your face wears
the expression of your family and the
you do business with will greet
you with countenances as cheerless as
own and thus intensify your own

A big idea is to smile. To a man
of a rough this will seem an absurd
but even a man with a grudge will
win a point now and then to in-
crease the dividends.

Well, if a smile pays a profit and a
effort is much to be desired, how can
we smile if there is nothing to smile
about? The process is simple. The
muscles used to produce a smile are in
obedience. They are under complete

control. One may smile at will. It is
a simple art long since mastered by
every woman who has good teeth.
Once the smile is produced and the
face relieved of its gloom, all persons
out in front are affected by the change.
They forget their troubles; they greet
you as a friend; they smile in return
and willingly sign on the dotted line.
Is one justified in faking a smile?
Well, consider the gorilla. The motion
used to express the emotion may be af-
fected, but the practice of the motion
produces the emotion. The artificial
smile that fools the passerby begins
in a little while to fool the man who
produces it. He forgets that the world
is rotten and himself friendless. He
has become the fortunate victim of his
own hypocrisy.

Try this on the corner of your mouth
and see if it doesn't work just that way.
In other words, darn you, smile! Yes,
I can see you smiling now.

More than a million and a half
school children have started to school
again during the past week, including
those in Muleshoe, whose schools are
not the least, by any means. By far,
the large majority of them will rejoice
that the vacation is over, that old
friendships can be renewed and new
fields explored.

Muleshoe has a corps of teachers of
which the district may well be proud,
well educated cultured men and women
and backed by former experience, they
are ready to give of their best in the
training of our boys and girls.

Punctuality, regularity of attendance
and promptness in the discharge of ob-
ligations are school virtues to be calcu-
lated by the pupils. The youth can
render a great service to the State and
to society by contributing to the effi-
ciency of the school by giving heed to
the established rules and regulations,
and co-operating with the faculty and
patrons.

The Journal looks forward to a school
year during 1930-31 which is destined
to be the best in the history of Mule-
shoe schools. It is our belief that the
school here will take a decidedly for-
ward step and one that will be main-
tained throughout the future, and with
constant addition of curriculum, credits
and greater affiliation.

"A BOY—O JOY!"

"One of the most interesting bits
of news that we have had the pleasure

of chronicling in recent years hap-
pened at the editor's home last Fri-
day afternoon when a brand new
baby boy put in his appearance.
Weight 8 1/2 pounds, sack and all.

"With three members of his family
of the weaker sex distinction, the
editor is happy to have a male off-
spring to help him hold up for his
rights in the family circle."—State
Line Tribune, Farwell.

Editor Graham probably told the
truth when he said it "happened," and
it is truly remarkable how these editor
fathers can swell up and get proud of
their biological actions when they didn't
mean anything about it.
It is natural to presume that the
other three members of the family
were the result of premature delibera-
tion, serious study of the zodiac, with
perhaps some benefit accruing from
experience when the fourth was born.

At any rate, our congratulations are
herewith extended to the scribe who
can successfully run one newspaper
for two towns. Really, friend Graham,
we believe the event is worthy of cele-
bration with a special edition.

THE EDITOR'S BEATITUDES

Blessed are the merchants who ad-
vertise because they believe in it and
in their business; for their prosperity
shall increase many fold.

Blessed are the country correspond-
ents who send in their well-written
items every week; for fame of their
friendly neighborhoods shall go a-
broad in the land.

Blessed is the woman who sends in
a written account of a party, or of a
wedding; for she shall see the details
of her function and the names of her
guests correctly reported.

Blessed are all those who do not ex-
pect the editor to know everything, but
who call him up and tell him when-
ever an interesting event occurs to
them; for they shall have a newsy
paper in their town.

Blessed are those who do get their
copy in early; for they shall occupy a
warm place in the editor's heart.

Blessed are all those who co-operate
with the editor in his efforts in behalf
of the town and community; for their
town shall be known far and wide as a
good place in which to live.

EASING OUR MINDS

Folks around Muleshoe who have fre-
quently wondered where there is danger
in using a radio set while lightning and
thunderstorms are in progress will be
interested in a statement just issued
by the engineers of the United States
Underwriters Laboratory. "Lightning
is hard to check," say the engineers,
"but men can be made to take their
shelter under the trees than any other
way. One might, indeed, be a target
at the end of a properly insulated rad-
io set, but no more so than at the key-
board of a piano, or with a knife and
fork in hand at a dinner table, or
putting the keys of a typewriter."

These men have only given out their
statement after long and careful tests
and experiments, and it will probably
bring a satisfactory sigh of relief to
every radio owner in the United States.

TEAM WORK COUNTS

Team work should be the watch word
in both town and country life. Any
town dependent upon agriculture can-
not thrive without well developed
farms surrounding it, while country
development can be wonderfully im-
proved through town encouragement.

To build a substantial community,
first class stores, shops, factories and
other commercial and financial insti-
tutions are required to serve the coun-
try people on whom the town is solely
dependent.
Indeed, no town has any excuse for
existence other than that of service.
Let's make Muleshoe that kind of
town. It can be done!

MIDGET MESSAGES

Muleshoe people who have a ten-
dency to get into a brown study some-
times turn blue. Serious thinking is
sometimes dangerous.

Muleshoe citizens while taking off
their hat to the past, should not forget
to take off their coat to the future.

And don't forget! Keeping Muleshoe
money in Muleshoe is not a mere mat-
ter of sentiment, but one of sound
business judgment.

The other day some one asked our
printer, Jack, why kissing was like a
puppy on ice. Modest fellow that he
was, we had to tell him. It simply
because its so dog-on-ice.

A Muleshoe optimist may be a pupil
who expects to get an education with-
out study.

As a rule a Muleshoe man marries
so he'll have something to tell his
troubles to, and then he has plenty of
troubles to tell.

Most Muleshoe girls want to marry
an economical man but none of them
want to be engaged to one.

Cuts Vacation

Secretary of Agriculture Hyde, as he left the White House where he had been summoned for conference on drought relief.

The Muleshoe man who tries his
hand at something and fails might try
using his head for a change.

Farmers around Muleshoe are lucky
at that. If they were too prosperous
the government would soon start in to
regulate them.

The question now agitating the
minds of husbands in this community
is where there are more inordinant
is whether there are more "Restless
Wives" in Muleshoe since the Loomis
players gave their show Saturday nite.

IN THE RUN OF BUSINESS

A gentleman of color, accompanied
by a dusky female friend, drove up to
a Muleshoe service station last Sunday
afternoon.

His ancient auto creaked and
groaned as he came to a stop. Out
popped the driver.

"Ah, waffles some gasoline," he said
with a grudgeful air.

There was a delay of several min-
utes, punctuated by sounds of wrang-
ling between the senegambian driver
and the aryanian station proprietor.
Finally, the woman poked her head out
to see what was the matter, and she
was just in time to hear her chocolate
Lochinvar exclaim:

"Aw, put in a whole gallon, then!"

OUT OF SEASON

Road sign near Farwell: "Where will
you spend eternity?"
What a subject for hot weather dis-
cussion!

Blood Bess Opines
—that the mud in the ditches on
Main street wouldn't be so deep if it
didn't rain so much out this way.

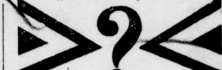

The Kevonist
Disappointment is a mental state;
discouragement is oftentimes a knock-
out which stupefies the very soul.

Clara Bow

Bewitching, red-headed Clara Bow sings and dances in "Paramount on Parade," the intimate frolic of stars recently released. In Miss Bow's contribution to the picture she is assisted by a chorus of forty sailors.

There is no need to hesitate about buying more sleeveless blouses and making as many more yourself, because their usefulness is sure to outlast the summer. During the warmer days of autumn they will be useful under the cloth suit jacket, and in cooler weather they may be worn conveniently under the lightweight cardigan type of jacket to make a useful indoor costume. Once you have cut out a pattern for a plain slip-on blouse that fits you, there is an almost endless

variety to be gained by different arrangement of the collar and the addition of various sorts of frills and jabot trimming.

The blouse or blousette shown today was made of fine handkerchief linen—a soft shade of blue to be worn with a dark blue linen suit. Of pale yellow or green, it would be a smart complement to the popular black pique suit. Parallel tucks trim the front and tabs give the becoming neck finish.

SADLER ENTERTAINS KIWANIANS

A feature of the Kiwanis meeting held Tuesday noon was the musical numbers furnished by members of the Harley Sadler show.

Roy Faulkner, the yodeling cowboy from Millford, Kan., gave a good demonstration of his vocal pyrotechnics, and Billy Mack the 10 year old dancing wonder, did some floor tripping. Both numbers were very entertaining.

Several matters of business were discussed.

Dr. H. W. Duke was engaged to judge the poultry show of the Deaf Smith county fair at Hereford, September 17.

Keeping up appearances and keeping down expenses is seldom done by the

NOTICE TO FARM

The Gin formerly known as the shoe Gin Co. has changed name and has been completely rebuilt, with machinery replacements wherever sary.

We will be ready for the 1930-31 crop, and solicit a share of your patronage on the merits of our class of work a service.

We have a cleaning and extracting system that is not surpassed by any modern gin plant in West Texas.

If you will favor us with a trial, we are sure we will give you just what we have stated above. This is a home-owned institution, and money spent here will remain at home.

VIRTUES OF MULESHOE AND VIRGIN LANDS OF BAILEY CO. WILL BRING A BIG RESPONSE
(Continued from page one.)

but only temporarily. The land is there its inherent value remains, and it simply marks time until the primal causes of depression are removed, when it immediately comes back to its normal value.

One of the outstanding features of real estate investing is that the individual controls the action of his investment. Though his equity may be in the minority, yet he controls the whole under certain provisions, and he is free to dispose of his holdings according to his own judgment, thus insuring for himself any increasing valuation accruing. According to most of our modern systems of financing, real estate has been made easily purchasable, and in most instances, the man who does not own at least enough real estate to feel "home" has no one else to blame but himself.

Property obtained in a city that is fundamentally sound, surrounded by fertile land farmed by intelligent people, and inhabited by folks who are thrifty and enterprising, is always good property. Property in a progressive city means safe real estate investments and increasing land values. In fact, outlying land values are often enhanced through the stability and growth of the town centering thereon.

That Muleshoe real estate rests on a sound basis there can be no doubt. Its growth has never fluctuated, but the constant steadiness of it insures the fact. Like a plant which spends weeks and months in the accumulation of the essentials necessary to give forth the blossom, so Muleshoe has, during the past years, been steadily making the preparations necessary to produce here a city that shall become a credit to West Texas. The town itself has never been directly advertised per se. There has never been any scheme inaugurated to "put it over." It has never been "boomed" in any manner. It is what it is merely as a result of its own virtues and of the development of the surrounding country. Instead of the town leading the country, as is frequently the case with new western towns, the situation here is one of the country pushing the town along with it. Hence, there can be no reaction. Property values which gradually increasing do not become abnormal, and will remain permanent.

Not until recently have the virtues of Bailey county become commonly known and a much wider extent of information is still desirable. The extreme fertility of the soil, the inexhaustible supply of pure underground water, the exceptionally moisture retaining quality of the soil, the delightful climatic conditions of this section where health abounds in abundance, are all assets which investors and home-hungry people must yet know more fully to appreciate.

Muleshoe welcomes within her gates all prospectors seeking land in "the mighty west," and if they decide to locate in our midst, then they are thrice welcome. After all, it is the spirit of cooperation that develops a given community, builds a certain town and makes increased business and prosperity for all its citizens, and every prospective citizen or investor is entitled to the most courteous consideration from every person who is a resident here now.

B. Y. P. U. ELECT OFFICERS GOOD PROGRAM FOR SUN. NITE

The senior B. Y. P. U. of the Baptist church was reorganized Tuesday evening at a meeting held for that purpose at the home of Rev. and Mrs. C. A. Joiner. At this time officers were elected and work outlined for the coming months. Refreshments of pie a la mode was served to the spirited group of young people who were present at the meeting.

Officers elected were as follows: Jack McInosh, president; Verbie Griffiths, vice-president; Mozee Alsop, secretary; Mary Goodson, treasurer; Lucille Beatty, Bible study leader; Mickey Beatty, pianist; D. L. Kendrick and Margie Moore, group captains. Action was deferred on the election of a corresponding secretary and chorister.

The first weekly meeting of the organization will be held next Sunday at the Baptist church at 7:00 p. m. The program arranged for that time is as follows: Leader D. L. Kendrick; Subject, "Influence of the Bible on Morals;" "The Bible in Trial;" Verbie Griffiths; "The Evidence;" Mary Goodson; "Public Morality;" Lucille Beatty; "Reasons for the Great Influence of the Bible on Morals;" Mildred Miller; "The Verdict with a Challenge;" Mickey Beatty.

A cordial invitation is extended to all young people to be present at this meeting.

PLENTY OF RAIN HERE

Muleshoe and vicinity enjoys plenty of moisture. Following the 1.32 inch rain two weeks ago, there have since been numerous showers falling. Saturday and Sunday there were good showers here, and others reported in various parts of the county, freshening the crops very much.

Even some of the late cotton which was not at all promising now bids fair for a medium crop. All late feed is flourishing, and here are growing and filling out nice and plump, and big preparations are being made for a large wheat planting this fall.

LUBBOCK FAIR IS ENLARGED IN ITS ACCOMMODATIONS

LUBBOCK, Texas, September 9.—Premium lists for the seventeenth annual Panhandle South Plains fair and exposition that will be held in Lubbock September 29 to October 4, inclusive, are off the press and are being rapidly distributed over the section.

The lists offer premiums of approximately \$20,000 and six Ford automobiles will likewise be given away as prizes to those who attend the fair. Good will booster trips to advertise the fair will be operated out of Lubbock within the next three weeks. Practically every town on the South Plains and eastern New Mexico will be included on the itinerary of these trips.

For one gate admission, fair crowds will see a number of complete shows within the grounds free of charge. No additional charge will be made after the visitor is admitted to the grounds. Five free football games will be offered for the crowds. Three free act troupes will perform each afternoon and night and five fireworks displays will be given each evening.

Bands will play over the grounds each day and evening and all types of educational exhibits will be open for inspection.

Two of the exhibit buildings have been enlarged and all buildings are expected to be crowded to capacity.

Harley Sadler Here This Week With His Big Show and Music

Harley Sadler, the inimitable Harley, and his show of 40 people, will be in Muleshoe the rest of this week, beginning Thursday night.

This is the first time the people of this little municipality have had the pleasure and honor of a visit from Sadler and his troupe, for it is indeed an honor to a show of such high class to visit a growing town such as this.

Sadler is well and favorably known all over West Texas where he has been showing for the past 15 years. His entertainment is all of a clean and high class nature, something the entire family can enjoy, and whenever he shows there is always a clamor for his return.

They will show under their own big canvas, 100x170 feet, having an especially large stage, good band and a fine orchestra. Many people say the music furnished by his company is well worth the price of admission to say nothing of the value and enjoyment of the rest of the show that is given.

PANHANDLE LUMBER COMPANY ADVERTISE AMARILLO FAIR

The Panhandle Lumber company, with its headquarters located in a number of progressive towns of the Plains country, is so convinced of the need of encouraging farmers to attend the Tri-State Fair, at Amarillo, September 22 to 27, and see the progress being made throughout the territory in diversified farming, that it is this week running and paying for an ad in the Muleshoe Journal in behalf of that fair.

"Our company is taking an active interest in the development of this area," according to local manager Clarence Goins, and are anxious to lend every influence within our power for the benefit of the farmers.

SHERIFF'S SALE THE STATE OF TEXAS COUNTY OF BAILEY

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable County Court of Bailey County on the 1st day of August A. D. 1936, by the Clerk thereof of said County Court for the sum of Three Hundred Ninety Two and 80-100 Dollars and costs of suit, under a Judgment in favor of Blackwater Valley State Bank, a Corporation, in a certain cause in said Court, No. 141 and styled Blackwater Valley State Bank, a corporation vs. J. W. Hodges, placed in my hands for service, H. A. Douglass, as Sheriff of Bailey County, Texas, did, on the 13th day of August 1936, by an order of said Court, cause to be published in the English language, once a week, for three consecutive weeks immediately preceding said day of sale, in the Muleshoe Journal, a newspaper published in Bailey County.

Witness my hand, this 14th day of August, 1936.

H. A. DOUGLASS, Sheriff, Bailey County, Texas. Sept. 12, 19, 26, 1936.

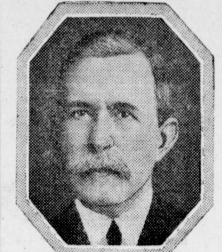

J. C. COOPER SUPPLYING COMMUNITY WITH MELONS

J. C. Cooper, a farmer living a few miles northwest of Muleshoe, was in town last Saturday with a big truck load of fine water melons which he was dispensing to the melon hungry people.

Cooper has 15 acres in melons on his place this year, and the yield is heavy, many of the melons weighing from 50 to 60 pounds each. He very generously presented the Journal for the first a big one that was greatly enjoyed. He states he will have a good financial return from this crop.

Again Konjola Shows What It Can Accomplish

Prominent San Antonio Man Eager In His Praise Of New Medicine.

MR. CHARLES OLIPHANT

"I am glad to endorse Konjola to any who suffer as I did," said Mr. Charles Oliphant, well-known San Antonio railroad man, 423 Lamar street, San Antonio. "About a year ago I suffered a

breaking out on my skin. Little patches of pimples appeared and were called water-blisters. They itched and burned severely, and though I tried many remedies I gained only temporary relief. From Konjola, I gained what I consider miraculous results. The breaking out disappeared within three weeks after I began taking Konjola. I had kidney trouble but now the pains in my back and the swelling under my eyes have disappeared also. I feel better in every way and have gained weight. I think Konjola is a very fine medicine."

Konjola is recommended over a six to eight weeks period and is designed to relieve ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness. Konjola is sold in Muleshoe, Texas, at McCarty's drug store, and by all the best druggists in all towns throughout this entire section.

HI LEAGUERS PICNIC

An Epworth League party of senior members was enjoyed Friday night, when 21 of them went out seven miles into the country for the occasion. Games were played until the cry "Let's eat," was given, then all gathered around the big bonfire that had been lighted, toasting marshmallows, weiners and bacon. In addition toothsome sandwiches were served, also fruit and pickles. More enjoyable games followed the eats.

JEREMIAH—THE PROPHET OF INDIVIDUAL RELIGION

Jeremiah 14:10, 21:27-34

Rev. Samuel D. Price D. D. Getting started right and as early as possible is of vast importance. Jeremiah had much to be thankful for in his home associations. He, like Timothy, was brought up in the midst of God-fearing surroundings. At about the age of 23 he understood that the Lord was calling him to definite service as a prophet who should speak forth divine messages to a sinning people. The modesty of the youth is apparent as he calls himself only a child in wisdom.

Trying to excuse self when in the wrong is not a new attitude in life. It had become quite the custom then to lay the blame for the present on the doings of the past. This was often expressed by saying "The fathers have eaten a sour grape and the children's teeth are set on the edge." This is just another way of blaming heredity

and environment for all of our present situation. A new psychology, or way of thinking, was called for. Jeremiah made it clear that God was not dealing with the people as a group but that each everyone was individually responsible unto Him. This great principle is further enlarged in the New Testament Paul, in our Golden Text, stated: "Each one of us shall give an account of himself unto God." Romans 14:12 This fact gives a new incentive in living. We may be handicapped by the past but not bound down by it.

No matter how bad present conditions maybe there can be a worthwhile future. Jeremiah boldly presents this fact by his wonderful sweep of prophecies. He is addressing a people about to be taken captive and yet he tells them that in time they will return to their beloved Jerusalem as a center, and that the nation still has a glorious history as their heritage. The horizon for blessings is still further enlarged as the world is looked upon as a vast neighborhood with Jehovah as the one loving father.

West Camp News

Mr. and Mrs. Ray Adair and daughters returned Tuesday from a 10 days visit with relatives in Floyd, Crosby and Rannels counties.

Mr. and Mrs. S. F. Tipton returned to their home in Ft. Sumner, New Mexico, Tuesday.

J. D. PETERS JR. BADLY CUT WHEN THROWN IN FENCE

J. D. Peters Jr., 12 year old son of Mr. and Mrs. J. D. Peters, residing one mile north of Muleshoe, met with a very painful and serious accident Thursday afternoon of last week, when the horse he was riding threw him into a wire fence about one-half mile from his home.

Following the accident, and notwithstanding the heavy flow of blood from numerous wounds, the lad had courage enough to walk home, when a physician was called to attend his injuries, which were found sufficient to require the administration of an anesthetic.

Four stitches were required in each of two different places on the left arm, two stitches on the right hand, the breast of the lad was badly lacerated, but the most dangerous cut was one about four inches long across the neck barely missing the jugular vein.

This week the lad is reported getting along nicely and barring no complications will soon be riding his pony again.

GOOD WILL IS CONTAGIOUS AND A VALUABLE COMMUNITY ASSET

Good-will is a very tangible asset, and the absence of it may constitute a great liability. Any institution that has good-will back of it can never be destroyed. Earthquake, fire nor flood cannot effect it, because of its survival value of good-will.

Civilization is one great moving mass of survival values, ever being augmented, increased and refined by the lives of worthy people. It is good-will that perpetuates nations, builds towns and cities, develops communities and forms lasting friendships.

Hate, revenge, jealousy, dobt and negation never won for anyone or any place a niche in the hall of fame and prosperity. On the other hand, courtesy, Kindness, good-will and right intent all add to the sum and total of human happiness and human welfare. They have a survival value that is incontestable and perpetual. They have a reactionary benefit upon the person producing them and their benefit to humanity in general is incalculable.

The value of good will among citizens of Bailey county and of Muleshoe in particular can not be over-estimated. It will

men for a greater contentment, greater wealth and greater development. And, the fund of good-will established here will grow—others enjoying its wholesome effects will have a desire to come and live with us; they will buy property in our midst; they will contribute to our social, moral and commercial welfare, and the entire community and county in general will thereby rise to a higher plane of activity and take on a greater intrinsic value.

All individual and community words, acts and plans should be offered and considered on the basis of survival value—the value of GOOD-WILL.

Miss Elen Abbott returned Tuesday from a vacation trip in New Mexico where she visited in her home at Kenona and also saw the wonders of the Carlsbad caverns.

M. G. Miller and Fred Bryant attended the district meeting of football coaches held at Lubock last Saturday. They report about 150 coaches present and a very profitable meeting.

Mrs. Linn Greer and son, Bobby, of Plainview, were guests of Mrs. H. J. Wier last week.

Mrs. R. L. Hobbs has gone to Plainview to place Alvis and Kathryn in school this fall.

Mr. and Mrs. Earl Chitwood and daughter and Mrs. E. C. Chitwood visited in Portales, New Mexico, Sunday.

Mrs. Reva Mae Williams has returned from a visit at Wink with her sister, Mrs. B. C. Arnold.

Abstractor A. P. Stone left Saturday on a business trip to Lamesa and Hobbs, N. M., returning Monday.

Ed Glazener and R. L. Thompson, of Lubock, were here Saturday afternoon on business.

Mr. and Mrs. Harrison W. Koen, of Otton, spent the weekend with the Koen's here.

C. D. Guppton returned Sunday from Lubock, where he went for an operation. He is reported doing nicely.

W. W. Morrison, newspaper editor of Waurika, Okla., is this week visiting in the home of C. H. Long.

V. Johnson, of the Nicholson Seed Co., Dallas, was here Wednesday looking after seed, his company had contracted for.

Miss Lola Lipscomb, deputy in the county and district clerk's office, left Wednesday for a few days visit with her sisters in Amarillo.

J. A. Vought, of Tipton, Okla., was here last Saturday, purchasing 80 acres of choice valley land which he will put under improvement.

Mr. and Mrs. A. P. Stone and daughter, Florence, and Holly Ann Bacy spent a few days last week in Lamesa visiting relatives.

Mr. and Mrs. Phil Duckworth and family and Cloyce Wilson, of Clovis, N. M., were Sunday visitors in the T. G. Gaddy home.

Mrs. E. L. Anderson and children left Wednesday morning for their home in Pampa, after a short visit with her parents, Mr. and Mrs. T. L. Eason.

Monte Bowron, of Plainview, was in Muleshoe last Saturday on business. While here he called at the Journal office to renew an old time acquaintance with the new editor.

W. D. Russell, of Altus, Okla., was prospecting in Muleshoe last week. He is interested in a business location and was favorably impressed with this town.

Rev. Roy Hagan and Arthur Carver, from Oklahoma, were here Tuesday looking over Bailey county lands with a view of purchasing. They were both well pleased.

Mr. and Mrs. Frank Snyder are the proud parents of a 10½ pound son, who arrived September 4. The young man answers to the names of "Charles Franklin."

Mesdames B. W. Carles and F. G. Rice, Misses Irene Carles, Loene Rice and Jane Elrod, Tuesday for Silsiam Springs, Arkansas, where Jane and Loene will enter John Brown school.

Miss Helen Elrod attended Teachers Institute at Lubock, Monday and Tuesday of last week, and left Lubock Wednesday for Stiles, at which place she will teach another year.

The residence of Joe Young, one mile southeast of Baileyboro, was struck by lightning Sunday, burning to the ground. It was a total loss, very little of the household goods were saved and no insurance was carried.

W. F. Bingham, of Clinton, Okla was here Wednesday morning looking after business interests. He owns 640 acres of good land north of Muleshoe, which is being farmed by D. B. Winton and is contemplating other purchases.

F. E. Weatherford of Phoenix, Ariz., and P. R. Weatherford of Crosbyton, were here last Saturday, contracting for 160 acres of fine valley land which will be improved an irrigation well to go on each 40 acres.

J. L. Aitup, county and district clerk of Bailey county, has received notice of the West Texas district meeting of County and District Clerks to be held in Memphis, October 2, and 3, which meeting he is planning to attend.

A. L. Robb and R. P. Dickey, both prominent citizens of Electra, were here Saturday and Sunday on business interests. They own about 1,500 acres of good land in the Circleback neighborhood and are contemplating the purchase of another large acreage.

Mrs. H. A. Towery entertained the Embroidery club at the home of her sister, Mrs. H. C. Edmonds, Thursday afternoon. Dainty refreshments were served to Mesdames Harold Wier, J. M. March, H. C. Edmonds, Misses Iris Harden, Jewel and Opal Haney.

F. A. Green, of Eufalla, Okla., and his brother, John T. Greene, of Boling Green, Ky., were here Sunday with a view of purchasing land in this section. They had previously looked at land in other areas of the South Plains country, but had no hesitancy in stating this was the best he had yet seen.

Mr. and Mrs. Good, of Loda, Mrs. Nina F. Elrod, Mrs. Barfield, Misses Elizabeth Harden and Lena Lipscomb were dinner guests of Mr. and Mrs. north of Muleshoe. Games of forty-John Bickel at their home eight miles two and must have furnished the entertainment for the evening.

Mr. and Mrs. D. E. Cox and son, Howard, were here Wednesday from Lockney visiting old friends. Mr. Cox was former Santa Fe agent here and is now looking after "Uncle John's" affairs at Lockney. He still owns a nice 15 acre tract of land near the metropolis of Bailey county which he lovingly spoke of and some day ere long may see him turning it into a happy countryside home.

Mr. and Mrs. Earl Chitwood and daughter, of Pampa, visited their parents, Mr. and Mrs. E. C. Chitwood over the weekend.

Otto Stolley, owner of the Steele ranch, came into Muleshoe Monday morning from Denver, Colo., driving on out to the ranch.

MULESHOE PRODUCE CO.
ELMO HEAD, Manager
MULESHOE, TEXAS

Dear Friend:

Do you realize the importance of a GOOD Produce House in your home town—one that is permanent; that gives you prompt, honest and courteous service; where you can always find a ready market for all your produce?

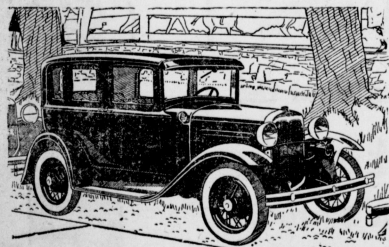

You may, at times, be able to ship SOME of your produce or take it to some other town and get a few cents more for it. On the other hand, you can, at times, get more for your produce at home than you can get elsewhere.

REMEMBER, when you ship or sell your produce away from home, that the people you sell to are in no wise interested in your home problems. If you have a fire, they do not contribute to your relief. They do not help you build churches or schools. They pay no taxes to help build roads for you to get to town on, or help send your children to school. So why not patronize your Home Town Produce Concern so he will be able to give you better service better prices, thus helping to build a better town and community for everyone to live in?

Yours to serve,

MULESHOE PRODUCE COMPANY
