

# THE LUBBOCK AVA LANCHE.

VOLUME XII.

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, MARCH 7, 1912

NUMBER 35

## LUBBOCK GETS DAILY MAIL WEST

BIDS FOR CARRYING THE MAIL ARE NOW BEING ADVERTISED FOR—ALL TO BE IN BY MARCH 26th

## SERVICE TO BEGIN TUESDAY, APRIL THE SIXTEENTH

Will Put Several Towns In Close Touch With Lubbock—and Will Be Very Beneficial to Thousands of People—Extends Eighty Miles

Post master Stubbs is in receipt of information from the Postal Authorities to the effect that the new daily mail line to be established west is to start from Lubbock, and he has received notices to post, asking for bids for the operation of same which he accordingly posted, and all bids are to be in by the 6th of March. The line to be in operation by the 16th of April.

According to the contract the owns directly effected by the establishment of this route will be aside from Lubbock, Slide, Leagow, Brownfield, Gomez, and Plains, the entire length of the line being eighty miles, and the service is to be daily except Sunday. The schedule to be as follows: Leave Lubbock 6:00 clock a. m. arrives at Plains 8:00 p. m. Leaves Plains 6:00 a. m. arrives at Lubbock 10:00 p. m. entire time consumed 14 hours.

This will be a great benefit to Lubbock and it will be a great convenience to the people in the counties west of us. Lubbock on this route over strong competition, and even over shorter

routes as the Tahoka, route was claimed to be about 12 miles shorter. This means that the postal department believes that Lubbock is the most important and proper place for the connection, and it is. The Avalanche has always contended that it was, not from the view point of a newspaper, that is always picking out the good features and leaving off the bad ones, but from a viewpoint of business. It is a well known fact that the people west of Lubbock do the greater part of their trading at Lubbock, as a railroad point, and for that reason they want direct mail connections.

Lubbock is the center of commerce in this section of the plains, and is recognized as such. She goes after things and gets them right out from under the nose of others who talk a great deal, but are afraid to spend a few dollars to accomplish what they are talking about.

This is only one among a large list of important events that will transpire in this city during the year 1912. Then come to Lubbock.

## AMARILLO MAY LOSE

Large Santa Fe Pay Rolls May be Changed on Account of New Purchases by Railroad.

The deuce is to pay in Amarillo and the denizens of that metropolis of the plains country are wailing and gnashing their teeth. Gloom is hanging around in large chunks and the present indications are that things have gone to the bow-wows.

The Santa Fe, with its large monthly pay roll, has heretofore been one of the mainstays of Amarillo, but it is now rumored that this, in part, at least, is going to be changed in the near future. In short, it is probable that the general office, heretofore maintained there, will be abolished, which means, of course, a decrease in the monthly pay roll of probably \$25,000.

As everybody knows, all railroads having a certain mileage in Texas must maintain general offices in the state. For many years the Amarillo office has handled the territory from Higgins south to Pecos. But on Feb. 1st the line running south from Clovis to the New Mexico Texas state line became the property of the A. T. & S. F. instead of the E. Ry. of N. M. The Coleman extension is now connected up and traffic is being carried on right through the to Galveston. Now, it is said that all the lines owned by the Santa Fe will be operated from Galveston, where general offices are also maintained, thus doing away with the Amarillo general offices.

This change has been talked of in the past, but was never permissible on account of the gap between Coleman and Lubbock. In other words, there was no rail connection in Texas between the mail line from Purcell to Galveston and the line running from Higgins to Texico, and according to the statutes in such cases made and provided it was impossible to handle from Galveston the line from Higgins to Texico. But this obstacle has now been removed and there is no legal reason for continuing to maintain two general offices in one state.

In the event of the proposed change taking place, it is probable that the office of general manager of the western lines will be moved to La Junta, from Amarillo, while the offices of auditor, treasurer, passenger agent, etc., will be abolished. Clovis Journal

## Prominent Cattleman Weds

Fort Worth, Tex., March 4. Miss May Snell of Sweetwater and Clay Mann of San Angelo were married in Fort Worth last night by Rev. D. A. McGuire, pastor of the Weatherford Street Methodist Church. Mr. Mann is a prominent live stock dealer and the son of Felix Mann, who is a well-known West Texas cattleman. Mr. and Mrs. Mann will tour California, Oregon and Washington before returning to San Angelo, their future home.

These young people have a wide acquaintance in the western part of the state, and many friends who wish them the greatest of pleasure and happiness through life.

W. E. Batty, of St. Joseph Mo. moved to Lubbock. He has been here several days, and is here for the benefit of his health. He has been a reader of the Avalanche several years, and is pretty well acquainted with Lubbock, even though he has not been living here long.

E. Z. Black, Secretary of the Commercial Club at Plainview, was here Saturday, and was a pleasant caller at our office. Mr. Black seems to have special attractions in Lubbock. In fact, he intimated to the Avalanche man that Lubbock had more pretty girls than any other place.

## ADVERTISING SOUTH PLAINS

Large Appropriation by Santa Fe System for This Purpose This Year

The following letter will be of interest to a number of our readers, which is from Mr. Brinker General Freight and Passenger agent at Amarillo.

"Mr. James L. Dow, Lubbock, Texas.

"Dear Sir: You will feel interested I am sure in the information that the Santa Fe System has made a special appropriation for advertising the Panhandle and South Plains Country in excess of the usual amount set apart for advertising purposes in this section, and which will be expended in advertising the resources of the Panhandle and South Plains.

The circulation in which advertisements will aggregate 4,300,000 copies and a comprehensive plan from which gratifying results are expected. This campaign was started in January and will continue five months, ending in May. The papers selected cover a vast area of territory extending from Lincoln, Neb., on the west, to St. Paul on the north and Atlanta Ga., on the south, representing some of the most substantial agricultural, horticultural and stock papers published.

The effect of this advertising will, no doubt, be inviting to immigration and attract many investors at a time when the crop prospects and appearance of the country is most inviting.

"I wish to assure you of the energetic efforts of our colonization department to influence homeseekers to locate along the lines of the Santa Fe in the southwest.

"I shall be obliged if you will make a local mention of the above in your paper in order that every one in your community may know of our effort to settle the Panhandle and Plains Country, and also their co-operation with us in this undertaking.

"Yours truly, J. A. BRINKER."

## Texas Company Improvements

The Texas Company have added considerably to their equipments during the past few weeks by erecting two large storage tanks near the railroad tracks. These tanks are set on steel frames, which are set on concrete piers, making them very substantial and are convenient to the track for transfers.

These tanks have a combined capacity of 12,000 gallons. This is another evidence of the faith of the Oil Company in the future of Lubbock.

Mr. Phillips and his two sons are the local agents for this company and they have enjoyed a good business all along, and with their new equipments they will be better prepared to serve their customers than ever before. Their office has been moved from the Auto Garage to the new office near the tanks and they will be found there from this time on.

## A Stone Clock

The latest novelty in the way of a time piece in the city is that which E. McElroy, one of the proprietors of the Lyric Theatre, cut out of stone. It is made of solid stone hollowed out like an ordinary clock, the front being solid however, with the exception of the hole for the dial. The entire front is artistically carved, making it a very pretty piece of work as well as a novelty.

This clock is the one that will be given away in the popularity contest at the Lyric Theatre, the particulars of which will be explained by the manager of the theatre. It is now on display at the Lubbock Drug store.

Mrs. R. E. Penney who has been spending several days with her mother in the country returned home Tuesday.

## ALL RAILROAD NEWS ENCOURAGING

INFORMATION IN THE HANDS OF THOSE WHO HAVE THESE MATTERS IN TOW SOUNDS GOOD

## ALTUS-LUBBOCK-ROSWELL PROMOTERS ARE ACTIVE

Letters to the People in Lubbock to the Effect That the A. L. & R. Has Passed to Management of West and Associates Pecos Road Surveying to Lubbock

## "What is the railroad news?"

Is the question that is put up to the Avalanche man most every day in the week. We can sum it up in a very few words this week. In fact the first line of this article tells about all we know about the situation at this time. All the news that we have received is very encouraging indeed, and it looks like there is going to be things happening in the way of actual railroad building very soon in the vicinity of Lubbock. Of course there are certain things that the people of Lubbock will have to do in order to set the ball to rolling, but that is all understood, and will be done at the proper time. The latest information from the Altus, Lubbock and Roswell promoters and builders, is to the effect that all right, title and interests in this proposition has been formerly transferred to W. W. West and his associates, who will proceed with the road. Heretofore the investigations that have been made by Mr. West were to satisfy himself that the proposition was what Mr. Kennedy represented it to be, and also to get data to present to the people who proposed to finance the affair and put it in operation. This has all been demonstrated to the entire satisfaction of Mr. West and he has possession of the proposition.

He is now somewhere between Lubbock and Memphis coming over the route in an auto, closing up all contracts as he comes and

## JUSTICE PRECINCT BOUNDARY

Precinct No. 1 is not the Same as Commissioners Precinct as Many Believe.

There is considerable misunderstanding about the boundary lines of Justice Precinct number one, and for the information of the readers of this paper and the voters of the county we have examined the records and find the boundary lines of justice precinct no one to be as follows:

Beginning at the southeast corner of survey number 12 in block S, thence north three miles to the northeast corner of survey 10, block S, thence west 356 varas to the southeast corner of survey number 11 in block B, North seven miles on section lines to the northeast corner of survey number 45 in block A, thence west on section lines to the northwest corner of survey 22 block J. S. thence south on section lines ten miles to the southwest corner of survey 26, block E2, thence east seven miles on section lines to southeast corner of survey number 7, block E, east 427 varas across survey number 23 block E to the southwest corner of survey 6, block S, thence east to the place of beginning.

Many people are under the impression that the justice precinct must be the same as the common Post.

is expected in Lubbock at any time to sign up the final contract with the committee at this place.

By next week, we will likely be able to tell exactly when the work will begin, as Mr. West will very likely know just what he can do, and will tell us about it when he comes.

## THE PECOS PROPOSITION

Information has been received here that the surveying corps left Pecos Monday according to statement printed last week and are coming to Lubbock via Seminole and Brownfield. While this is only a preliminary survey, in fact only a prospecting survey, still according to information that we have at hand, the promoters of this road are partial to this route, and we feel that when the surveyors make their report that they will be still more in favor of the route suggested above. It is the most practical route to northern connections, and is almost direct. It splits through the center of one of the richest agricultural and fruit growing territories that will be found anywhere in the state, and the development that a railroad would bring about would make the road a paying proposition from the beginning. It will probably take these surveyors thirty days to get to Lubbock in good weather, but they are coming right along, and we believe that it means a railroad from the Southwest for this city. Come to Lubbock.

missioners precinct which is the wrong idea and you may lose your vote if you are not careful about finding out just "where you are at" before going to the polls.

## Ramsey Club

The citizens of Lubbock County are earnestly requested to meet at the court house next Saturday evening at 3 o'clock for the purpose of organizing a Ramsey club.

Every one who is interested in good government is urged to attend this meeting. A full attendance of our citizenship is desired to the end that the true sentiment of our people shall be expressed.

Jno. W. Baker, Geo. R. Bean, W. H. Bledsoe.

Grandma Boles, who has been confined to her bed for several years, from the effects of a stroke of paralysis died at the home of Mrs. Eva Outhouse last Monday night. Her remains were shipped to Denton for interment. Tuesday, A more detailed account of this good woman's death and afflictions will appear next week, as the party whom we asked to write it could not get the desired information for this issue.

Malvin Harper this week purchased the one-third interest of W. B. Powell in the abstract business formerly conducted under the firm name of the Guarantee Abstract and Title Company. The firm here after will be composed of Malvin Harper and C. D. Adams.

## A MODEL SILO

Manager Cox Has Small Model at Office of Alfalfa Lumber Company

Mr. Cox, local manager for the alfalfa Lumber Company is trying to interest Lubbock county farmers and stock farmers in building of silos for putting up feed for winter use.

Much has been written about silos, and most every one has more or less knowledge of them. It would be of interest to you, if you doubt, if you contemplate buying feed stuff to put up next fall, to call at the office of Mr. Cox, who will be delighted to explain to you the principle on which they work. He also has several prints of several designs, which he wishes you to call and look over and learn more about. He has also built a small model of the most popular and most practical as well as the most expensive design that he could be pleased to have you

There is no doubt that they are worth the money expended in building; and a number have been put into use in Hale and Crosby counties during the past five months, and we dare say the owners would not take what they cost and be compelled to do without them.

By the use of the silo the feed is easier to handle and is better for livestock as well as economical because of the fact that none is wasted and the results obtained are better.

We hope you will permit Mr. Cox to talk the matter over with you. See their ad in this issue for something to say about it.

Miss Jewel Reed is spending the week visiting with Mr. and Mrs. Joe Powell.

## J. T. SNEED KILLED

Telegram Recites That He Was Shot by a Tenant, Who Also Killed Himself

A telegram was received here Wednesday to the effect that J. T. Sneed, father of J. B. Sneed, who was on trial at Fort Worth recently for the alleged murder of A. G. Boyce, had been shot and instantly killed by one of his tenants near Georgetown.

Very little is know about the affair as the telegram did not give any details, but stated that after killing Mr. Sneed, the party turned the gun upon himself and fired killing himself also.

It is not known whether or not the recent trial had anything to do with this tragedy or not, but it is rather thought that it was merely a difference that arose about the management of the property which his tenant occupied.

Messrs. Beal of this city and John Beal of New Mexico left on the Wednesday afternoon train for Georgetown to look into the matter.

They have the sympathy of the entire community in their multiplied troubles.

J. A. Cockerel, of this city received information this week that his brother, who resides in San Antonio, Texas, was attacked last Monday in Fort Worth by three unknown men and knocked down with a sixshooter and relieved of \$38 in change. His nose was broken in the scuffle by being struck in the face.

F. W. Foreman, of Amarillo, auditor for the Alfalfa Lumber Company has been here this week looking after the interests of the company. We are sure he will find things in "apple pie order" under the local management of Mr. Cox.

### Rural Items

County News from Various Sources

#### SLATON

Mr. R. E. Lee, of Fort Worth, spent two days in Slaton this week, with a view to locating a wholesale windmill, brass fittings and hardware business here. Two Mexican baby girls were born in Slaton this week. The Mexicans are employees of the railroad company at this place.

A. B. Ellis is up from Tahoka this week making arrangements to move his family to the Lynn county capitol, where he has a lucrative position as cashier in a bank.

S. G. Brasfield, who recently purchased the Benton farm five miles west of town, returned this week from near Houston, and make arrangements to farm the place this year. He shipped in two cars which will arrive this week.

The Slatonite advertising manager claims the champion egg laying hen of the community. She can't be satisfied with one common egg a day so she turns out an extra large one occasionally. Sunday her offering was a four ounce egg that measures

6.3-8 by 7.3-4 inches. The hen wants it known that she is Plymouth Rock, and claims the record for this vicinity.

#### CANYON

March 4.—The weather is still inclement, and there hasn't been much work done lately.

There was a good crowd out to Sunday School Sunday evening.

Rush-Looney has been visiting relatives at Plainview.

The Mothers' and Daughters' Club did not have their regular meeting last Friday on account of bad weather.

Singing at M. Green's Sunday night was enjoyed by all present.

Melvin and Virgil Warren visited home folks Sunday.

Mrs. Kate Green has been visiting her sick sister in Lubbock recently.

There are several of our people on the sick list this week.

#### TEMPEST

Acuff, Tex., March 4.—Weather wet, nothing much doing on account of wet cold weather.

Every body well and doing well. Stock of all kinds doing well. No losses up to date.

Mr. Lefholtz loaded his household goods and other effects on

the train at Abernathy last Thursday and left for Kansas.

A. M. Ludeman very busy plowing sod with his big plow, averaging 25 acres per day.

J. T. Brown has been selling considerable grain lately to men of Lubbock.

Mrs. Susie Bell Penney has been visiting her mother the past two weeks.

The Acuff post office has been discontinued and we have to get our mail at Lubbock. Let us get up a rural mail route now.

Born to W. P. Rush and wife a fine seven pound baby boy. All concerned doing well.

W. J. Stalcup is putting a new system of water works at his home.

#### HAPPY JACK.

##### Plant Good Seed

"Speaking of good seed," remarked Mr. Latham, Demonstration Agent, "I had a man in Montague county last year to double his yield of cotton per acre by using high-bred seed.

At the end of the season he sent me a statement showing the yield in seed cotton and the lint output at the gin, together with what he had sold his surplus good seed for above the gin-run variety. He also said that he was now thoroughly convinced

that it paid a man best of all to have good seed. This man had always been a little skeptical on this matter heretofore, and it was a little hard to get him to try better seed.

"I would advise all farmers who have not got pure seed to get at least enough for a few acres, this will give them a start and next year they can have enough to plant their whole

crop. I also would advise them to get their seed now, for if they wait till planting time the supply is likely to be exhausted."

Haskell Free Press.

H. G. Guinn for Surveyor

In the proper column this week will be found the announcement of H. G. Guinn, who offers himself as candidate for the office of County Surveyor for Lubbock and attached counties. Mr. Guinn was nominated

at the last primaries and elected at the general election, and has held that office since that time and performed the duties of the office with out fear or favor. He has encountered some hard knocks which he has successfully unraveled to the satisfaction of most all parties connected therewith, and asks that you, voters of the counties included in his territory to consider his claims before casting your vote for a man for this office.

#### First Man on the Plains

Levi Schick of Plainview, says he doubts if there is another man who has lived as long on the Plains as he has. He came

to this country in 1876—36 years ago—and has lived here continuously. He came before Col. Goodnight and other pioneers. Plainview News.

#### Personal Magnetism

"Personal Magnetism" is an expression one hears frequently at this time without, perhaps fully understanding it. Indeed, it is not certain that any one fully understands it—the nature and because of it although every one seems to know that there is such thing. The Christian Herald prints a little article upon the subject, telling its effect rather than attempting to fathom the mystery of it. "Every one is carrying an atmosphere all its own" the paper says, without endeavoring to state from whence it comes or why. "You have been in a gay circle of friends," it goes on, "when the door opens and a new-comer enters. All at once the temperature in the room seems to drop. Conversation begins to lag. The spirit of all seems to be stricken with a blight. Some one has brought a chilling atmosphere into the room and all have felt its unpleasant influence. You can recall experiences of just the opposite kind. There are persons whose coming is always a signal for increased animation and good fellowship. No gathering is dull after they arrive. They are looked for to break the ice. They diffuse warmth and gladness. They are the makers of joy who are blessing the world every step of their way."

There is no disputing the bald facts—but 'why?' Is this atmosphere inherited or acquired? Can it be cultivated or encouraged or discouraged? Is one to be blamed for "his atmosphere," or commended on account of it if it happens to be pleasant? There are a hundred questions one might ask concerning this thing we all call personal magnetism.

About as far as we can go in explaining it, is to say that the cheerful person is the one who is looked for "to break the ice," is invariably the fellow who does not so much consider his own comfort as the other fellow's. And just so is it that the gloomy individual, the one whose presence lowers the temperature of the room, is a self-centered individual—one who is seeking the best for himself and caring never a penny for anybody else.—Ex.

#### WEST WANTS DATA

Lockney People are Encouraged Over Prospects For Early Operations of the Altus

Last week Mr. McGehee, chairman of the Railroad committee, received a letter from Mr. West, requesting him to send duplicates of notes and other data to him at Houston. Mr. McGehee and Dr. J. C. Green, Secretary of the committee, have been busy making these duplicates which, when finished, will be sent to Mr. West at Houston. The data called for was sent by Mr. Thompson, who left for Houston last Saturday.

The original notes for bonus and stock signed by our people have been placed in the two banks at Lockney and will remain there until due and payable or until they become null and void, as provided for in the body of same.

Mr. West's action in calling for a copy of these notes, is accepted by our people as a further evidence that these parties mean business and arranging details as fast as possible in order to commence work on the road at once. We feel quite sure that actual work on the Altus will be underway inside of the next 60 days.

As has been stated in these columns before, work will commence at Lubbock, and the first work of importance to be done will be the erection of the bridge over the Yellow House Canyon. When this is finished the work will progress rapidly. Mr. West is under contract with the Lockney people to complete the road to the north line of Floyd county, through the town of Lockney by November 1st, 1912, and to a connection on the Denver by December 31, 1913. So they will necessarily have to start operations soon and play ball fast in order to carry out the contract.—Lockney Beacon.

#### SPECIAL TRAIN TO SAVE SON

Jack County Farmer Brings Boy to Ft. Worth for Operation, Following Accidental Shooting

Fort Worth, Tex., Feb. 28.—In an effort to save the life of his son, Joe, who was accidentally shot this morning, Sam Dixon, a farmer of large means living near Jacksboro, made a run, in a special train over the Rock Island of seventy-one miles in about three hours today. The wounded boy was hurried to St. Joseph's, where he was operated on. Early this morning, with his gun strapped to the plow, in some manner it was fired and he was wounded. The accident occurred four miles from Jacksboro. He was hurried to town and the father was advised that the one chance for the boy's life was an operation. A special train was arranged for with the Rock Island officials, and he was hurried from Jacksboro to Fort Worth.

The report from the hospital this evening is that he stood the operation very well and his condition is about as favorable as could, in reason be expected.

When your windmill or pump takes the "don'ts," call W. S. Clark. Phone No. 1. 33 tf

#### SETTLEMENT IS AGREED UPON

Final Negotiations in the Jackson Will Case are at Last Closed at San Angelo

San Angelo, Tex., Feb. 28.—Final negotiations for a compromise in the Jackson will case have been closed. All parties agreed to a settlement. In this compromise, Mary Luna and Mrs. Wm. Arwen, the will contestants, agree to withdraw their evidence as to the alleged insanity of the dead ranchman when he made the will, and the Catholic church will receive one-third of the estate after about \$200,000, the sum bequeathed by Jackson to other relatives and friends, has been deducted. The will, with an amendment, will be probated in a few weeks.

#### Order of Intervention

The Mexican disorders are such that the United States will have to assume a more vigorous attitude toward the neighboring republic, unless the government of Mexico can give assurance of early tranquility. For nearly two years conditions in the vicinity of our long frontier have been grossly unsatisfactory, and the Madero government seems to be about as helpless to restore order as was the Diaz government which it succeeded. Citizens of Texas have been constantly harassed by marauders from the other side, and they are becoming tired of the incursions of these armed desperadoes. Not only that, but in the hearts of Mexico American residents are subjected to any annoyance. It is said that thousands have returned to the United States because of the danger to life.

Citizens of the United States have large interests in Mexico. Multiplied millions of American money have been invested there and thousands of citizens have gone into business there. For two years, these business interests have been injured by outlawry and disorder. It is not contended that the losses suffered by American investors or the annoyance to which Americans have been subjected as individuals grew out of prejudice against the American people, but it is a well known fact that a class of Mexicans are bitterly hostile to the people of the United States. These conditions can not be permitted to endure for an indefinite period. Citizens of Germany and England, no less than citizens of the United States, are heavily interested in Mexican property and business. They, too, are becoming tired of the chaos that has existed since Madero first raised the flag of revolt against Diaz, and unless the United States can induce the Mexican authorities to make more strenuous efforts to suppress the rebellion now in progress, the governments of Europe may be expected to take a hand.

Without further delay, the United States should place an adequate force on the frontier to protect the property and lives of American citizens. The Mexican authorities should be informed that it is imperative to restore order at once. If it be unable to accomplish that, then intervention is inevitable. It is well understood that none of the Mexican factions desires American troops on Mexican soil, but they must be made to realize that present conditions are intolerable from every point of view. Moreover, it is expensive to maintain a large force on the frontier to protect American soil against invasion by the outlaws and desperadoes who take advantage of the political unrest to indulge their lawless propensities.

The people of the United States have only a friendly interest in Mexico. They are not covetous of Mexico's domain nor envious of her great natural wealth and resources. But good order in Mexico is indispensable, and the Madero government should be given notice that tranquility must be restored at once.—Houston Post.

## GAIL LOSES HOTEL

Fire Consumes the First Hotel Ever Built in the Town—Total Loss—No Insurance

The Gail Hotel burned down about 6 o'clock Monday morning. Mr. B. F. Chancellor, the proprietor got up and built a fire in the cook stove, went back to the sitting room and was talking to Mr. Mat Cathey who had staid all night there Sunday night. In about ten minutes after the fire was built they noticed smoke coming into the room where they were. Mr. Chancellor went immediately and opened the kitchen door, the fire and smoke filled his face and almost stifled him.

He hollowed fire, this excited his wife and she jumped out of bed. The fire spread so rapidly and she was so excited she did not get her clothes. Mr. Chancellor looked for the gun to shoot to give the alarm, but the smoke was so dense that he could not find it. All he could do was to hollow and ring the hotel bell. The house was falling in before any body got there. The only things that were saved were two trunks, two mattresses and five quilts. Mr. Cathey and Mr. Chancellor even lost their hats. There was an exceedingly high wind Sunday which blew many of the flues down here in town. It is thought that the wind blew the kitchen flue off even or be-

low the top of the house. Mr. Chancellor not knowing this built a fire and it caught the roof. The wind was not very high Monday morning and was from the northwest. If the wind had been in the west the court house could not have been saved. As it was the only house that was in danger was the Stokes Hotel on the east corner of the block south of the square. The sparks fell on it profusely, but by keeping it wet it was saved. The house was owned by Mr. T. C. Smith, the loss is estimated at \$2,500, quite a good deal of the furniture belonging to Mr. Smith. Mr. Chancellor, however, had all his house hold goods in there. All was a total loss ex-

cept what was mentioned above, no insurance. This is said to be the oldest house in Gail. It was built about 21 years ago by Mr. H. A. Kincaid and his father. Gail has been exceedingly fortunate, this is the first fire she has had except a year or so ago when the phone office partially burned. Borden Citizen. Garments made by the Mission Sewing society of the Methodist church on display at the Lubbock Mercantile Company's store and at residence of Mrs. Posey. Orders taken for plain sewing by the society. 32-1f E. A. Tuch, representing the Hazzard Lead Works, of Hazardville, Conn., was here the first of the week in the interest of that firm.

## ORIENT MUST BUILD DEPOT

Railroad Commissioners Says This Must be Done in Sweetwater And That Right Away

A telegram to the Commercial Club from its attorney at Austin says: "Today, Monday, the railroad commission entered an order requiring the Orient railway company to build a suitable depot at Sweetwater." According to the order of the railway company is allowed six months in which to submit plans and specifications to the commission, and nine months from date of order in which to complete the building. The commission will be the

judge of the size, character and quality of the depot that will be suitable for the growing need and importance of the city where the railroads cross. A personal visit to this city by Commissioner Mayfield, who inspected the Texas & Pacific Santa Fe depots, and who is well posted as to our needs, made the order almost certain. This terminates a three year's struggle waged by the Commercial Club for the citizens of Sweetwater under the leadership of Secretary R. A. Musgrove. Sweetwater Reporter. Money to Loan I can loan you money on land at eight per cent interest, three to ten years time. Louis Robinson

## ANSWER IT FOR YOURSELF

Does Farming Pay in the Plains Country? Here are Some Interesting Figures

The following appeared in the Hale Center Livewire, which is published in the center or near there, of Hale county: "The question much mooted among the skeptics, uncredulous and uninformed of the North and East is this: Can a farmer make a living on Panhandle land? And after the living is made, will there be a decent residue? "How can the above best be answered? Certainly not by any theory or by any abstruse line of

mental deductions. The question of gathering a sustenance from mother earth is a practical issue; and must be met and considered in a practical way. A land's production is determined not by the exception, but by the rule; and a mean or average example of what our farmers are doing is the best way of answering the queries of the critics of the Plains country. Below we give an average example of what the farmers around Hale Center are doing: "J. W. Boggs, whose farm lays seven miles west of town, after having reserved sufficient feed and seed for his own purposes, sold \$3,251 worth of stuff produced on 360 acres this last

year as follows: Wheat, \$552; oats, \$675; baled millet, \$610; cotton, \$296; maize, \$745; cattle, hogs, etc., \$376. Total \$3,251. "It might interest the readers to know that the above figures represent the work of only two men—and not all the work of those two men either—140 acres in addition to the 360 yet remain to swell Mr. Boggs' revenue. Besides not all of the 360 was not gathered, cattle was turned in on a part of it. In the entire making and gathering of the crop only \$72 was expended for hired help—and that was on account of sickness." See Long A. Robinson for rent houses from \$5 to \$25 per month.

## FAT FOLKS FAVOR

Home Mixture That Takes Off the Fat, Rapidly—Causes No Wrinkles

Too much fat is both uncomfortable and dangerous, but usually fleshy people prefer to put up with its inconvenience rather than to punish themselves with the tiresome exercising usually prescribed, or endanger their health by taking the so-called "cures" and patent fat "reducers." This self-sacrifice of comfort and health to overabundant fat is entirely unnecessary, however, as Mrs. Luella Bigger tells us

there is a home recipe that is far superior in every way to anything money will buy for reducing superfluous flesh. It is said this simple mixture will take the fat off of a man or woman at the rate of at least a couple of pounds a week without even causing wrinkles. Moreover it does not disturb the stomach, but is a good thing for the system, clearing away pimples, and, best of all, it does not interfere with the diet. You can use it and at the same time eat whatever you like. This recipe is as follows: 1-2 oz. Fluid Extract Cascara Armatic and 3 and 1-3 oz. of Peppermint Water. Get these ingredients at any drug store, mix them together at home, and take one

teaspoonful after each meal at bedtime. Mrs. Bigger, as is well known is a famous beauty expert, and whatever she recommends is said to be eminently satisfactory.

## MAIZE AND PEANUT

Prof. H. M. Cottrell, Tells of the Food Qualities of These Crops

That Spanish peanuts and milo maize are the two great future dry-farming crops for the Southwest is the assertion of Professor H. M. Cottrell, agricultural commissioner of the Rock Island Railway. Professor Cottrell's territory covers Eastern Colorado, Kansas, New Mexico, Texas, Western Oklahoma and Arizona. He asserts that ten pounds of milo

maize have the same food value for all purposes as nine pounds of corn, and that the average yield of milo for seven years in the Panhandle country has been 30 bushels a year under dry-farming methods. That gives a food equivalent of 27 bushels of corn, which can not, in many instances, be raised for grain at all. "Milo will become the standard feed crop of the entire Southwest," says Professor Cottrell, and, combined with peanut hay, it makes a perfectly balanced ration for fattening both beef and pork for market. One acre of milo, he states, will produce an average of 300 pounds of pork

each year, while the best states in the corn belt will only average enough corn to produce 400 pounds of pork to the acre. The Spanish peanut is legume, and, like alfalfa, enriches the land on which it is grown. The nuts contain 40 per cent of oil and more than that of protein or muscular-building food. The peanut hay is practically equal to alfalfa for roughage, yields from one-half to one ton to the acre, besides a heavy yield of nuts, and sell at a price within fifty cents a ton of the best alfalfa. Prof. Cottrell cites an instance in which the hogs were turned

into the peanut field to gather the crop of tops and nuts, and the net result was 1,023 pounds of pork to the acre. He believes that, with the more general introduction of these two crops, the Southwest is destined to become one of the greatest pork and beef finishing districts in the entire United States. Plains Precipitation The great rain and snow precipitation which has placed such a superb moisture season in the soil in the Panhandle and Plains region include the following counts, viz. First. Milo maize and kaffir corn will be very tall of stalk and

rank growth—this ranking higher than even in Panhandle and Plains production. Second. Wheat will be in the most abundant flour of its growth. Third. The oat will send an oat to all other localities telling of its prolific yield. Fourth. Cane says that its red and black top knots will not be topped anywhere else this year. Fifth. Millet prophecies such a great yield as to suggest the East Indian use of its seed for flour purposes. The seed could certainly millet. Sixth. Indian corn production

will be so heavy as to prove farmers with a family horse meal ticket. Seventh. Cotton will boll all previous great records. While eighth in the great Panhandle Plains precipitation record of this season will be precipitation of general market production which tax railroad transportation to the utmost. Amarillo News. MILLINERY OPENING WILL BE SATURDAY 16TH, SPECIAL ANNOUNCEMENT NEXT WEEK

## MRS. CLARA ABNEY

### Neighboring County News

From Our Exchanges

#### LYNN COUNTY

C. W. and J. E. Alexander, of Lubbock, registered at the Tahoka Hotel Tuesday night.

J. F. Merrill, of Lubbock, was in Tahoka Tuesday looking after some property interests he has here.

A. D. Shook left in his auto Tuesday morning for Lubbock to see about the trees he has purchased there.

Mr. and Mrs. Elder Penney, Jr. and Mrs. W. B. Powell, Mrs. W. E. Penney and Mrs. John Penney, of Lubbock, spent the week end at the Tahoka Hotel, returning to Lubbock Tuesday morning, accompanied by Mr. and Mrs. J. B. Stokes.

#### IMPROVING MAIN STREET

Monday morning a couple of men were put to work digging a 6x6 feet 18 inches deep 10 feet apart down the center of main street for the purpose of getting out black locust trees down the central parkage of the street. These trees are to be 2 feet high after they are topped and in the ground and one of the trees are to be less than 12 inches in circumference at the base. The trees are to be dug out of

the horse show. George said that Lynn county needed fewer horses and better horses.

#### LYNN GOES WET

Saturday, February the 24th Lynn county got well soaked again. About six o'clock in the afternoon the wind blew up from the east and soon developed into a regular gale. Wind, rain and lightning. It began to rain hard about eight o'clock and kept it up all night. Various estimates place the amount of rain that fell Saturday night at from two to four inches. One thing is certain, all of Lynn county is thoroughly soaked.

#### A NARROW ESCAPE

Mr. and Mrs. George Embry, who live on the old B. B. Wise farm, nine miles northeast of Tahoka, had a narrow escape from death last Saturday night when a bolt of lightning struck the house. They were sleeping in an iron bed near the stove when the bolt struck the house. The lightning entered the roof near the pipe and went down the pipe, jarring the stove pretty badly, from the stove the lightning jumped and struck the bed, spreading the side rails and dropping the couple to the floor and went out through the end of

has for some time been at Mineral Wells for his health, is considerably improved in strength and will go at once to Rochester, N. Y., where he will undergo a surgical operation and it is expected that he will return home entirely well.

It is announced that in a short time the Double U Co. will begin work upon about twenty or thirty residences in the southern part of town near the site of the cotton mill. These will be principally three and four room houses, and after they are completed, or perhaps sooner, a number of larger residences will be built in the northern and western parts of town.

No definite announcement has been made as to the date when work on the cotton mill will begin, but all preparations are being hurried as rapidly as good judgment will admit and in a short time construction work will begin. The Santa Fe surveyors were here last week and located the switch which will be used to place all heavy machinery on the ground and we are informed that a force of men will arrive in a few days to lay the switch.

#### HALE COUNTY

A. C. Durdy, of Ohlman, Ill., arrived here this week. He will fence his land southwest of town

Farming Special, consisting of five cars, pulled into town yesterday morning at 9 o'clock, heralded by much tooting of the special's engine. And notwithstanding the cold and raw wind and a light, spitting snow, fully 250 of our citizens and farmers assembled in the cars and listened attentively and interestedly for two and one-half hours to Mr. Bainer and his corps of lecturers.

The lectures in their entirety were clothed in the best diction, pointed and full of practical value and interest.

#### SOASH SELLS LAND

The Soash Land Co. were here the fore part of the week with a party of 6 prospectors. Several deals were made, but have been able to get data for only one for publication just now. The one referred to was that of J. O. Harral's home place of 480 acres, 6 miles south west of here, which was sold to C. J. Ballin, of Ohio. The place was a choice tract and brought a good price.

Mr. Ballin is of the excellent type of Eastern farmers, and Hale Center's territory is richer by \$25,000 by reason of his coming.

#### TERRY COUNTY

Scott May was here this week visiting his parents. He is just in

from a five month's stay in Arkansas, and says he is perfectly satisfied to remain on the Plains the rest of his time.

Messrs. Boyd, Edwards, Woods and another gentleman of Plains, passed through here Tuesday on their way to Lubbock; Mr. Boyd, Yoakum county's Clerk, informed us that our heavy rain reached only to the county line, but said, they had a good season any way and hopes were high for a splendid crop in that county this year. Mr. Boyd is one of your optimistic fellow, who always sees the silver lining in every dark cloud.

#### MARRIED SUNDAY

Two of our popular young people were married Sunday by Rev. V. H. Trammell about two o'clock p. m. They were Mr. Bert French and Miss Reba James, and immediate after the ceremony they left for the grooms parents, who live in the southern part of the county.

This wedding was quite a surprise to almost every one in town. Fact is but few knew that a conjugal feeling existed between them.

#### BROWNFIELD IN A WRECK

Messrs. M. V. Brownfield and T. C. Ivey left here last Saturday for Lubbock to take the train for Amarillo and when nearing Canyon the engine and three cars suddenly left the track. We quote Mr. Brownfield for the rest:

"All at once I heard a crushing noise to the front and told the

boys to hold to their seats as we are going to have a wreck. The forward end of the car we were in left the track and it seemed it could not help turning a turtle but it balanced back. As in lots of other wrecks, it was a mystery just how people, especially the fireman and engineer escaped, and they hardly knew themselves just now they came out of the wreck unhurt. The only person who was at all hurt was the mail clerk who had the ball of his little finger pinched off some way. It happened that the baggage car never turned over and we kept warm in it as it had plenty of coal and a stove. The blizzard Sunday, and you South Plains people were just in the edge of it. We were delayed about 15 hours but some of us walked in to Canyon for our breakfast."

#### GOOD RAIN

A brisk East wind all day last Saturday was a good indication of rain, and misty rain began to fall about sundown, but not till lightning began to flash and thunder roll in the elements about 9 p. m. business began to really pick up, and by 10 o'clock rain and hail was falling in torrents. At one time there was nearly two inches of hail on the ground. This rain kept up nearly all night, leaving a good season in the ground. We have heard many old people and others say that this was the worse electrical storm they ever saw at this time of year, and Howard James reports a great deal of damage to the telephone people, mostly on the Tahoka line. A blizzard from the northeast accompanied by snow, blew all day Sunday.

grove in Lubbock county, one of the largest and best groves on the plain, and great care will be taken to secure trees of a uniform height and size and perfectly straight trunks.

#### WANT HORSE SHOW

George Short, one of our progressive farmers from the southern part of the county, called us Tuesday and asked us if Lynn county was going to have horse show this spring as has been the custom in the past. He was coming in Friday to attend the lectures given by the Santa Fe "Better Farming" and suggested that all the farmers and stock raisers of Lynn county, owning stallions or sires or both, or owning good sires from Lynn County sires, get together some time during the day and decide on a date for

the house and struck a trace chain that was laying near the house and welded every link together. The only thing that saved Mr. and Mrs. Embry was that they were sleeping on a feather bed and didn't happen to be touching the bedstead.

The feathers being a non-conductor the only ill effects they felt was the jolting up they received from hitting the floor. The house was only slightly damaged.

#### GARZA COUNTY

Mr. and Mrs. Dave Earick and little son and Mrs. McElroy left last Sunday for Bridgeport in answer to a telegram stating that their father, Mr. Earick was dying. Mr. R. M. Clayton, Sr., who

and put in a crop while here. He expressed himself as favorably impressed with Hale county and says he will move down in the near future.

#### MARRIED

Tuesday evening at the Methodist parsonage, Rev. J. A. Sweeney united in marriage Mr. Pearl Richie and Miss Nettie Dent.

Mr. Richie is the son of our good friend, H. N. Richie, who lives two miles east of town, and is a very popular young man. Mrs. Richie is the daughter of L. T. Dent and is loved by all who know her.

We offer our congratulations, with the hope that they may enjoy peace, prosperity and all good things of life.

**HEAVY LOSSES FEARED**

**Panhandle Cattle are Suffering Under the Continued Severe Weather**

Amarillo, Tex., March 4. Panhandle cattlemen received additional discouragement today when the mist of last night deepened into a rain, which this afternoon froze, giving a sheeting of ice not only on things inanimate, but likewise on live stock. It is estimated that the present unfavorable weather conditions will add a high percentage to the death rate of the already weakened live stock through this section. The forecast for colder winds with snow for tonight is decidedly discouraging.

The above dispatch from Amarillo confirms the reports from other sources of conditions in the Panhandle. Jno. W. Dale, Live Stock Inspector, with headquarters at Hereford said in an interview in our office a few days ago that if the severe weather continued range cattle would succumb in large numbers, but with good weather from now on grass would soon start and relief would soon be at hand. In the Lubbock country the loss has been practically nothing. In fact we have heard of no losses whatever, and the range south of Plainview has been open so far as snow is concerned. While much snow has fallen and considerable rain, still the weather, except a few days at a time has not been of a fatal nature.

Heavy losses are reported from some of the big ranches near the New Mexico line, where the stock have not had proper attention.

Read the ad of the Lyric Theatre in this issue. There is something interesting in it for you. 35-11

M. M. Coleman is here this week from Ranger Lake, New Mexico, where he has taken up some land and has a bunch of cattle. He states that live stock conditions are all in that part of the country. Cattle in good condition, and a good indication for early grass. He and his father are stopping out there but will be back and forth often. They have rented out their farms in Lubbock county but reserved two sections of grass in Lubbock county for their stock they keep here.

A notice will be found in another part of this paper calling a meeting of the citizens of Lubbock to organize a Ramsey club. Mr. Ramsey is our choice for the governorship of Texas. We believe he is a safe man and a good sound Democrat. Lets have a good attendance at that meeting and carry the state for Ramsey.

Dr. Rumph is here this week visiting his family. He is now running a drug business and practicing medicine in Lelia Lake.

W. D. Puckett has moved his law office to the building on the north side of the square formerly occupied by the Home Seekers Land Office.

Mr. and Mrs. A. M. Clayton leave this afternoon for Mineral Wells where they will spend several weeks.

**TEEDY POPULAR IN OKLAHOMA**

**Fifty-Nine Counties in Oklahoma Prefer Roosevelt For the Next Presidential Nominee**

Oklahoma City, Okla., March 3. With only nine counties with small delegations to hear from of the sixty-eight counties in Oklahoma which held either county conventions or precinct caucuses on Saturday, there is every indication that Roosevelt will win with ease in the State convention, to be held in Guthrie on March 14. Thirty-two counties have instructed for Roosevelt with a total of 237 delegate votes, while only nineteen have instructed for Taft with 127 delegates, and 66 votes in eight counties are either uninstructed or divided equally between Roosevelt and Taft. Nine have not reported and eight counties will hold caucuses this week.

There will be 543 delegates in the State convention, requiring 272 to secure instructions, of which Roosevelt already has 237 instructed. His managers claim 58 of the 66 uninstructed and divided delegations. Under the official call of the State chairman, the county conventions are to be held next Tuesday, and it was believed it would require the county conventions to determine the sentiment as between the President and his predecessor, but the Roosevelt supporters went into the precinct caucuses on Saturday with a determination to cinch it for the sake of Sagamore at the first opportunity.

Read the ad of the Lyric Theatre in this issue. There is something interesting in it for you. 35-11

A few weeks ago the Avalanche stated that we are short on one thing in particular, and that was colleges. We need more school facilities. We understand that with a slight effort on the part of our citizenship that we can land one of the finest colleges in the state. Only this week a man of state-wide, and we might state National-wide reputation as a school man, was in our city and talked the matter over with our people. Although for various reasons we are not permitted to mention his name at this time, we feel that if our people will get behind the proposition as they should, there will be located here a school that will eclipse anything on the Plains. Come to Lubbock.

Mr. Perry, who has been confined to his room for a number of months in this city, died last Thursday of consumption, and was buried in the Lubbock cemetery Friday. His family have the sympathy of the entire community, and we are sure they need the financial aid as well. They have been helped to some extent, which no doubt has been greatly appreciated. Our poor should be looked after.

R. Martin, the baker, has purchased one of the Hansard houses in the southern part of town and will move to same the latter part of this week. He has heretofore been living in the rear of the bakery, but his business has increased till he needs more room.

E. B. Green and Jink Penney returned Tuesday from an extended trip to Abilene, San Angelo and other points in central west Texas.

**HESPERIAN OFFICE BURNED**

**Floydada has Serious Fire in Which Newspaper Plant was Destroyed**

Floydada, Tex., March 4. Fire destroyed the Hesperian building and printing plant. The loss is \$9,000. T. P. Steen suffered a loss on paper and printing plant of \$5,000 with insurance of \$2,300.

Gamble Brothers' real estate office lost all furniture and papers.

The fire originated in a clothes cleaning establishment in the rear room.

Read the ad of the Lyric Theatre in this issue. There is something interesting in it for you. 35-11

Mr. and Mrs. McLaren, of Missouri, were here several days last week. They are traveling in an auto for the benefit of Mrs. McLaren's health, and had covered quite a large territory since they left their home in Missouri. Mr. McLaren is interested in one of the large telephone companies of that state. He was favorably impressed with this section of the country, and there is a possibility of him buying some land here in the near future.

See Louis A. Robinson for rent houses from \$5 to \$25 per month. 29-11

John Peaney informed the Avalanche this week, that he would begin the erection of a new building on the site where his old residence was destroyed last week, within a few days. They have many trees and nice shrubbery around the old place that took the toil of many years to produce, and they do not want to give up the old homestead.

Queen Anne Flour is made of Missouri soft wheat, found only at Long Brothers. 35-11

We understand that R. M. Clayton under went an operation most successfully at the sanitarium in Louisville, Ky., a few days ago, and the latest information is that he is doing nicely and will soon be able to return home. This will be gratifying news to the many friends of Mr. Clayton in this section of the country.

J. C. Newton, who by-the-way is one this county's most prosperous farmers, this week sold the Davidson Feed Store two thousand bushels of threshed maize. Mr. Davidson said this was not more than half of Mr. Newton's crop either. Who said it did not pay to farm in Lubbock county? Come to Lubbock!

Mr. Johnson who recently purchased the Frank Bowles property on Broadway in the Overton Addition will arrive here with his family in a few days and will make this their future home. The Avalanche extends to them a hearty welcome to our town.

Among the charters granted at Austin during the week are the C B Live Stock Company of Chicago, Ill., who are permitted to do business in Texas with its principal offices in Crosbyton. Capital stock \$1,250,000.

Mr. and Mrs. Albert Taylor's little son Elliott is improving rapidly from a spell of scarlet fever.

Sterling Price Foster of Snyder was here the first of the week looking after business matters.

**The Cemetery Association**

We are requested to announce that the Lubbock Cemetery Association will meet next Thursday, one week from to-day in the Court House in Lubbock, and a good attendance of men of this town are requested to be present. Business of importance demand the attention of the people of Lubbock. The Association wishes to complete some work that has already been started and it is very important that you be present. We are told by a member of the Association, and who is in position to know, that there is only four lots within the enclosure that have not been purchased or contracted for, and it is necessary that some arrangements be made for the extension of the fence. It will be necessary to purchase some fencing, and it is desired that a fair representation of those directly interested in the cemetery at this place and those who have the welfare of the community, in general, at heart be on hand at four o'clock on the above date and take part in the meeting.

Try some of that Queen Anne Flour at Long Brothers. 35-11

The Ladies Auxiliary of the Episcopal church will serve lunch and also have a sale of fancy work one day during Easter week. Exact time and place to be given later. 35-11

Have you any of that cream meal at Long Brothers? If not, why not? 35-11

I want your dray business. I am prepared to handle any kind promptly and without injury. Simpson, the drayman. 35-11

**Bakery Notice**  
 From this date the bakery will not be open on Sunday except at the following hours: 9:00 a.m. to 10:00 a.m. 5:30 p.m. to 6:00 p.m. Customers please take notice and govern yourselves accordingly. Martin's Bakery. 35-11

PRESBYTERIAL MEETING  
The Presbytery of the Cumberland Presbyterian church met in

### the First Cumberland Presby-

terian church of Lubbock, last Thursday evening, February 29, continuing their business and devotional session until Sunday night March 3rd.

The attendance was not large partly on account of the continued cold and inclement weather.

A sufficient number was present however, to make it a very business like and profitable session.

After the usual introduction of an opening sermon by Rev. L. M. Small, of Wellington, Texas, who was the retiring Moderator, the Presbytery elected Rev. Willie H. Stephens, of Floydada, Texas, to preside over this meet-

ing. He proved to be an excellent moderator.

Friday the second day of the meeting was taken up by the appointment of special committees, hearing the communications that had been addressed to the body and setting business in order generally.

One prominent feature of the whole meeting was their devotions. No day was too short, too cold nor too damp but that promptly at 9 o'clock the gavel fell announcing the opening. One half hour was then occupied by earnest devotional services. After the devotions, the business of the Presbytery occupied the time until 11 o'clock when all business was suspended by a recess and regular divine services were held each day. Then also in the afternoon business occupied most of the time, but the evening hour was always used for devotions.

It was an exceedingly pleasant and profitable meeting.

Missions was a strong feature of the business session, and it is believed that measures were adopted that will largely increase the zeal for Missions in this Presbytery.

The business sessions arranged for the licensure of two young men, A. L. Faw and L. B. Saxton to preach the gospel, which was done at the devotional services on Sunday. These young men have been under the care of the Presbytery only a year and a half but have made unusual progress in their studies. But they still have a great deal to do before ordination to the full work of the ministry, as the Cumberland church is usually very careful to have the ministry thoroughly prepared for their work.

The services on Sunday were excellent.

The Moderator, Rev. Willie H. Stephens preached at 11 o'clock on a Divine Call to the Ministry. After which he proceeded to license the two young men above mentioned. This part of the service was short, solemn and impressive. The preacher then called for those who would pray for and encourage those young men, and would never throw any discouragement or hindrance in their way to give them their hand, whereupon almost every man, woman and child in the dense congregation

## HAVE YOU MADE THAT DEPOSIT YET

We want every man, woman, boy and girl to have a Bank account and naturally we would prefer that they have an account with this bank. We make a specialty of treating everyone courteously and trying to handle their account in such a way as to make it profitable to each of us. All business entrusted to us will be handled in a private and confidential manner.

No account too small to receive our careful attention and no account too large for our facilities.

C. E. PARKS, V. Pres.

F. E. CRAIG, Ass't. Cashier.

came in response. It was a very touching scene.

At 3 o'clock p. m. the Presbyterian communion was administered to a large audience. It was conducted by the venerable Rev. Robt. A. King assisted by Rev. L. M. Small and two visiting Elders and two local Elders.

At the evening hour, by request, Rev. Willie H. Stephens preached again and his sermon was very highly appreciated by at least a part of the audience.

It was a very delightful occasion to all of the members of the local Cumberland Presbyterian church and to many others. And as is usual the delegates went away highly pleased with Lubbock and the reception given them while here.

J. L. ELLIOTT,  
-Local Pastor.

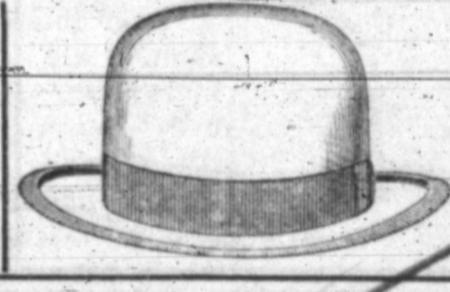

Bishop Temple of the Episcopal church will preach at the Presbyterian church, on Sunday morning March 10th, at eleven o'clock. All are cordially invited.

### Texas Industrial Notes

Furnished by the Texas Secretaries Association

The Rio Grande Cané Growers' Association has been organized at Brownsville.

Two thousand acres of land near Pleasanton were recently sold to northern homeseekers.

Fifty thousand dollars will be expended for drainage of 600 miles of dirt road in McLennan County.

The Wiggins Sub-irrigation Company of Kansas has bought ten thousand acres of land near Midland and will at once install a system of sub-irrigation.

Preparations are being made at Dallas for the installation of a water purification plant to cost \$200,000.

Plans are being made at Port Arthur to construct a draw-bridge across the Sabine-Neches Canal at a cost of \$20,000.

It is reported that work will begin June 1st on the new railroad between Ft. Worth and Roswell, N. M.

The International and Great Northern Railway Company is planning to build a road from Laredo to Rio Grande City.

The United Fruit Company has ordered machinery and other appliances to the extent of \$40,000, preparatory to operating its

line of fruit vessels from Galveston into Central American territory.

An election will be held in March to vote on the issuing of \$18,000 of bonds for bridges in Bee County.

During the last few days the cotton mill of Cuero has shipped out three cars of cloth to eastern points.

Five million dollars has been raised among St. Louis capitalists to finance the construction of the "Waco-Dallas" Intercity line.

The Frisco Railroad is to build a \$200,000 hotel at Kingsville.

A special meeting of stockholders of the Brownwood, North and South Railroad has been called for March 20th, at Brownwood. The meeting is for the purpose of increasing the capital stock from \$30,000 to \$225,000.

The truck growers of Wharton county have planted twenty cars of seed potatoes.

Arrangements have been made to hold a Trades Day at Ballinger March 4th. Several hundred dollars will be given as premiums.

One hundred cars of vegetables were to be shipped through

Kingsville to northern markets.

An experimental farm has been established at Farmersville.

The city council of Taylor will call an election at an early day for the purpose of voting a bond issue of \$30,000 for the paving the business sections.

Fifteen cars of homeseekers from Iowa and northern Nebraska left Houston last week for points along the Brownsville line.

Nolan County is expending \$100,000 on thirty-six miles of macadamized roads leading into Sweetwater.

Oil has been found at a depth of two hundred and fifty feet in Brewster county.

Fifteen acres of land near San Angelo recently sold for three hundred and seventy dollars per acre.

A bond issue of \$100,000 for the construction of thirty-one miles of highway between San Antonio and Port O'Connor was authorized at an election recently held in Calhoun county.

A federal building to cost \$100,000 will be erected at Del Rio in the near future.

Oil has been found at a depth of two hundred and ten feet near Alpine.

The wireless telegraph station recently established at Fort Sam Houston will be placed in operation as soon as final test are made and details of arrangements perfected.

The Commercial Club and the Young Men's Business Club at Temple have recently merged, forming the Temple Chamber of Commerce.

Preparations are being made at New Braunfels for a poultry show to be held March 1st and 2nd.

Twenty-one cars of cattle were recently shipped from Haskell to northern markets.

An election will be held at Nacogdoches March 12th, to vote on the issuance of \$60,000 of bonds for civic improvements.

The Sherman Commissioner's Court has ordered the issuance of \$400,000 of bonds to build good roads in that precinct.

**How's This?**

We give our hundred dollar reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

It is the only medicine that cures Catarrh of the Bladder, Prostate, Uterus, etc., in all cases, and is guaranteed to carry out any and all promises made by its name.

**HORSES THAT OPEN GATES**

Kansas City Stock Yards Animals Learn the Trick—Accomplishment Prove Convenience

Kansas City. Usually the horse that learns the trick of unlatching a gate uses his knowledge to gain freedom for himself and cause dismay to his owner. At the Kansas City stock yards it is the other way around. A horse learns to unhook and open gates with his nose, and the accomplishment is a great convenience to his driver and helps the horse to hold his job against other equine competition—for draft horses at the stock yards are extremely well treated.

In the average day's run, must pass through about 150 gates, not counting the ones found open. You may judge for yourself if the process of the driver dismounting, opening the gate, remounting and driving on, repeated that many times, would not consume a large slice of the working day.

Hence the educated horse.

**PLEASED WITH RESULTS**

**A. G. McADAMS LUMBER COMPANY**

**ABOUT BROOM CORN**

James L. Wineinger, of Rankin, Oklahoma, Tells of This Crop in His Section

A number of people have come to this county recently who are interested in the culture of broom corn, and the following article may be of interest to them, from the pen of James L. Wineinger. He says:

"Broomcorn is one of the most profitable crops that can be produced in this section of Oklahoma, however, do not believe that any one man should plant too large a crop, as thirty or forty acres well taken care of will bring more profit than a larger crop poorly handled.

The land should be listed good and deep early in the spring,

and leave it in this condition until planting time, which is May 1st to June 1st. Then it should be double listed, and planted with about seventy seeds to the rod. By this means it gives the seed an opportunity to get advanced ahead of all weeds. After the corn is well out of the ground it should be harrowed so as to kill the weeds which start the same time as the broom corn. After this, cultivation should be done according to conditions, and believe it will be found by using the above method that the cultivation is greatly reduced as compared to level planting.

"Pure seed is one of the most important features in broom corn growing and would advise the farmers to send to some good reliable seed grower and secure either dwarf or standard

broom corn as is desired. Also secure the seedman's guarantee that the seed is free from smut. Under no condition should seed be planted that has been produced in this section, as broom corn mixes readily with cane, kaffir corn and milo maize.

In purchasing seed from seed dealers, they frequently represent that they handle a good mixture when it is nothing but a bad mixture of cane, kaffir corn and milo maize.

Broom corn should be seeded and put in a shed the same day it is baled in order to secure the best results, as shed cured brush always brings a fancy price, and the expense of harvesting is no greater than to cure in the shed.

Buy a house like paying rent. See Louis A. Robinson for further particulars.

**The Poor Have a Chance**

We do not take much stock in the cry of some men that "poor men have no chance now." This is not true. There never so many chances for poor men as at this moment. The idea that when lands were very low in price they were easier to pay for is hardly true. There were in the early days no markets accessible.

A man who lives on what was the frontier 30 years ago says: "I agreed to pay three dollars per acre for 320 acres, \$960, and if any of the people of today think this debt was easily paid, let him consider the facts. I had to clear the land and it was five years before I got a good farm. It had all to be fenced with rails and to this was no easy task. My first crop was hauled 20 miles to a gin. All

the cotton was left at the gin, and later I joined with some neighbors and we carried our cotton to market—120 miles distant—and as it was cheaper to feed oxen, we used ox teams and made the trip to market and back in 12 days. Every bale hauled to the gin ment a day at least, and usually more time. When we could get our cotton ginned at once we spliced the night and day together and called it a day. There was no market for any thing except cotton. Wife some times sold eggs for 10 cents and some times "six dozen for a quarter" in trade. Chickens were top cheap to sell at all and so we ate them and gave them away. Goods were high and there was little money with which to buy them. The labor required to develop and pay for a farm was ten times as

great as now, and so don't let the new people envy the "good, easy times of the frontier days." They were hard times and there were always plenty of hard work. With markets and the greater intelligence about farming, land is cheaper at \$100 an acre near a good city than it was at \$3 when I bought my farm—and easier to pay for, too."—Farm and Ranch.

Mr. G. M. Arnett, of Barton-site, Texas, and Mrs. Annie Pearson and Miss Lou Arnett, of Abernathy, are visiting at the home of J. R. Arnett this week.—Stanton Reporter.

Residence 242

LUBBOCK, TEXAS, THURSDAY, MARCH 7, 1912

The House will investigate the "money trust" through the committee upon banking and currency.

A man with a large family can live better on the farm; where money grows, than in the city, where money goes.

The war department has sent troops to the border prepared to cross if necessary to protect American lives and property in the new revolution.

Some people never hand in an item of news for publication, but if we happen to miss an item in which they are interested they are sure to hand us a north pole stare that would freeze the liver of a polar bear.

You can begin to teach a child to take pride in his or her home town very early in life. Explain to them how it detracts from the beauty and values of a town to disfigure its side walks by piling dirt on them or marking them up with crayon. Let them feel that they have a great responsibility in keeping up the pride of their town. Children like to feel that they are important.

Mr. Charles G. Craddock, a shoe manufacturer of Lynchburg, Va., told the Senate Post-office Committee that many rural carriers in his section carried the mail upon horseback. He said much additional force and equipment would be required by Parcel Post, enlarged boxes, teams etc. He thought that farmers who had not yet been granted free delivery ought to have this before those on rural routes now established were granted extras. His firm does business with about ten thousand and retail merchants. The ability of merchants to support newspapers and other enterprises would be impaired, he said; also their ability to extend credits. Single merchants frequently carried as many as five hundred people upon their books, many not paying until crops were harvested. If the government crippled these merchants, farm operations would be disabled in many instances and much suffering would follow especially among colored farmers. Very naturally he thought, retail merchants left in business would want to see whether they would be able to pay out-

The girls in a neighboring town have an anti-slang society. A certain miss was elected president. Asking if she would accept, she replied: "Sure, Mike, but gosh, girls, I'm so rattled in my cupola, that I'm really short on gab. We are certainly hitting the high places and I never tumbled to such a poise before, but when I give you the high-ball I expect you to get there, Eli, and whoop'er up for all that's out; I think I'm up to snuff enough so the flies won't light on me while doing the president stunt of society act, but I won't stand for any monkey doodle business from you gals while I am running the ranch. We gals ought to extend an invite to the married ladies to get out and help us shoot this slang business, it's getting to be fierce.

Talk about hard times! What do you mean, say? The wages of the workmen today will buy more comfort, culture, pleasure, or what ever he pleases to purchase, than ever before in the world's history. People who are continually harping about hard times are not only common nuisances, but public enemies. Cease your howling and turn in and do something for humanity and for self. Talk wisely and act wisely and the times will not be so much out of joint, at least so far as you are concerned.

The following newspaper headings are getting too common: "Coffee advances a cent a pound," "Coffee takes another jump," "Meat soaring," "The price of tea assends," "Corn climbing toward the dollar mark," etc. Then comes the old song, "Another slump in cotton." This kind of dope brings the high cost of living proposition right square up to a fellow who lives in the "Sunny South."

### DID YOU EVER STOP TO THINK

about prescriptions and what it means to you and your family? In the medical term it is "A Medical Direction of a remedy for a disease or disorder, prescribing the ingredients with the method of using; recipe, a formula; also, a remedy prescribed." The next important point we wish you to think about is the manner the prescription is carried out. We know how to do it. We use pure drugs, the kind the doctor desires us to use—his remedy might fail and your child die, and be no fault of his—but the prescription, if the medicine does not do the work intended for it.

REMEMBER OUR TOILET ARTICLES, JEWELRY, DRUGGIST'S SUNDRIES AND SCHOOL SUPPLIES.

### DODSON'S LIVER TONE BEATS CALOMEL

No Need Now to Risk Your Health Taking Dangerous Drug—New Remedy is Guaranteed

Next time your liver gets sluggish and you feel dull and your head aches go to The Red Cross Drug and Jewelry Store and get a bottle of the successful medicine, Dodson's Liver Tone.

It will start your liver, gently but firmly, and cure an attack of constipation or biliousness without any restriction of habit or diet.

Dodson's Liver Tone is a pleasant tasting vegetable liquid, for both children or grown people. Its use is not followed by any of the bad after-effects which sometimes follow taking calomel.

Red Cross Drug and Jewelry Store will give you your money back if you do not find it a perfect substitute for calomel.

Stephen Collier, who is farming seven miles northeast of town, was in the city Saturday, and was a pleasant caller at this office. Mr. Collier and family, together with his two brothers, W. A. and J. B. Collier, and their families, moved here the

first of the year. Stephen and J. B. purchased land and W. A. will work the farm of W. H. Vaughn this season, or part of it as we understand. Mr. Collier stated that they moved here from Bell county, having sold their property in that section. They are farmers, and believe they know farm land when they see it and are well pleased with the soil in this section of the country. He stated that the longer they remained here the better they liked the country, and we are sure that they will make good on the crop proposition. They believe in diversification, and that, according to our notion is the key to success in this country. While the writer is not a farmer, he is a close observer, and has noticed that the successful farmer is the one that plants different variety of crops. The country would be more prosperous if it had several hundred more families come in just like the Collier brothers. They are the kind of people who will develop the country.

E. L. Meredith of the Palace Barber Shop is off to East Texas visiting relatives this week.

## WHO IS YOUR GROCER THIS MONTH?

Better hook up with us this month; join the great army of pleased customers who daily order their groceries from us. We have them and enjoy putting them up for you. Your business will be appreciated and your wishes complied with. Our goods are guaranteed, and our prices are as low, and they say often lower than anywhere else in town. Anyway come to see us, or phone us your order, we will deliver the goods.

West Broadway **J. H. MOORE, The "Close" Price Store** Phone Three nine

We invite you to our town because we know you will be delighted with its surroundings, delighted with our people, delighted with its laws, delighted with its school privileges, and delighted with the moral element that exists and is largely sustained by the people.

The sooner a hog is sold after he has reached 200 pounds, the more profit he will make for his feeder. This is the conclusion arrived at as the results of an extended investigation at one of the leading western experiment stations.

With all the talk of peace conventions and the like, when two world powers fall out there is a scrap and when a popular man in Mexico or any of the South American republics want to be President, he starts up a rebellion.

standing bills and would feel like retrenching, if Congress deprived them of a considerable part of their business for the benefit of retail mail order houses. He showed a mail-order journal having a circulation of a million and a quarter, supported entirely by the advertising of retail mail-order houses and advocating Parcel Post, which is now carried by the Government at the same rates clear across the continent as charged to local newspapers for a few miles.

There is said to be a lot of counterfeit ten dollar bills floating around the country just now, but we have no fear of connecting with any of them for we are not expecting anyone to pay us such an unreasonable amount, and we cannot get one in exchange, sure thing.

Every legitimate local enterprise should have the hearty cooperation of every loyal citizen.

There are some defects in the vagrant law that should be remedied when the next legislature meets. If a man is able to loaf he has a right to do so, but when he is not able to do it, yet spends his time in idleness, he is a menace to society.

Diversification does not mean to plant your farm all in cotton this year and next year plant it all in corn. It means plant both this year and many other farm products, such as maize, Kafir corn, broom corn, sweet potatoes, pea nuts, and have on the farm chickens, turkeys, a cow or two, a good mare or two, some mules, and a few hogs. You will have things coming your way then, and don't you forget it!

**RELATION OF EDUCATION TO TEMPERANCE**

The interest of all temperance workers centered in the general session held in the Greek Theatre of the University of California in Berkeley on this occasion. His excellency the governor of the state. His honor the Mayor of San Francisco county, and the president of the University of California gave addresses of welcome. At this important meeting Scientific Temperance Instruction was given a prominent place in an address by David Starr Jordan of Leland Stanford

Jr. University. Dr. Jordan said, "I'm here to-day to represent the work of the Woman's Christian Temperance Union. There is not a single new thing to bring you on the subject of Alcohol, but we must train the children in order that the men and women of the next generation may know and feel what we know and feel. We are here to discuss temperance which is moderation; but the only moderation in alcohol is to cut it all out as scientific men have clearly proven alcohol in the first place in large or small quantities is ordinarily termed as stimulant. This is false, alcohol is not a stimulant it always cuts down what our nerves are doing. Nerves should act as restraints. Character building is stiffening. The effect of alcohol is best described by a German word anslousin, which means loosening up. This effect is described as stimulating; but it is stimulating in the same way that a hens head is when it is cut off, it flops around vigorously; and one would not desire to be stimulated in that way. The clearest effect of alcohol is that it disturbs accuracy. No one can see or feel or reason as accurately with alcohol as without it. Success is conditioned upon accuracy. Alcohol is a deceiver. The man with his head in an ash barrel on market street thinks that he feels good, but any dog who sees him knows better. Alcohol makes a man feel warm, but he is not. Alcohol and all narcotic drugs teach the nerves to lie. Drunkenness is a spasm, an effort of nature to free the system of the poison. Alcohol is also a disturber of bodily processes mostly through its poisonous effect upon nerves and brain, and it is hardly worth while in keeping the body above ground without the brain. Dr. Clifford Barnes says unless all signs fail us, we are nearing the dawn of a new era

which bids fair to form a better setting to the song of the Herald Angels than any which has gone before. Perhaps as the dawn grows brighter, some one will call it, "The Childrens Age."

The all important and far reaching problem of moral education demands for its solution an awakened church, inspiring with its religious ideals, the soul of its youth; unselfish homes, consecrated to their God given mission of caring for the children, and last but not least, the ever present public school where private life, courses of study, student organizations and physical surroundings shall each and all play their silent part in the development of character, whose teaching force, with minds open to conviction shall strive, in love, in justice, in faith, in things unseen, in fervent devotion to their high calling and in conscious recognition of the tremendous power for moral training, which is ever active through the personality of the teacher, to inspire in our children high ideals.

**Texas Progress**

The political horizon shows many bright stars twinkling in the firmament. Never in the history of Texas have so many capable men offered for public service and the platforms and public expressions of the candidates thrill the state with a promise for better things. Of course there will be a few war horses enter the race and old follies under new names will appear in their platforms but, taking the field as a whole, the prospects for progress were never brighter.

Albert Hardin and mother, Mrs. Jos. P. Callaway, were here Tuesday, from Abernathy.

**\$45,000 FIRE MONDAY NIGHT**

Lubbock Hit Hard Again by Angry Flames--Radford Heavy Loser

Once more the fire fiend has gotten in its work in Lubbock. Once more heavy losses fall upon Lubbock business men. This time it was in the wholesale district of the city, the J. M. Radford Grocery Company, wholesale dealers, being the heaviest losers.

At about eight o'clock fire was discovered in the feed room of Seitz Grain and Coal Company's department, which was part of the building occupied by the Radford Grocery Company. Mr. Seitz had not left his store, but had stepped out side the building, and when he re-entered a few seconds later, the entire building was full of smoke. He at once gave the alarm, and a large crowd was soon collected but the flames had gained too much headway to save anything in the building, and the attention of the people was directed to saving other buildings and a large amount of cotton that was in the yard opposite the building, but south from the burning house. This was saved only by the wind being almost directly in the northeast which moved the course of the sparks, etc to the right far enough to prevent much danger to the cotton bales.

A heavy wind was blowing, but a heavy mist was falling, which aided greatly in keeping nearby buildings from burning.

The losses as nearly as we can get them together with the insurance are about as follows:  
W. A. Bacon, who owned the building occupied by the wholesale people, also Mr. Seitz, building valued at \$3,300, insurance \$2,800.  
J. M. Radford Grocery Company, \$40,000 stock, insurance

**\$25,000.**

Seitz Grain and Coal Company stock, \$1,200, insurance \$600.

The water has never been turned into the mains of the new water works system, and no water being available nothing could be done to save anything in the building from destruction.

This loss falls heavily on the town as well as a great calamity to those who owned the property. Mr. Cate, representing the Radford Grocery Company stated that there was no one building in the town that would hold their goods, but they were preparing to secure several small buildings to unload the goods they have in transit, and will have to make out the best they can till a building can be provided for them.

Mr. Bacon could not tell just what course he would pursue in the matter of rebuilding, but we are rather inclined to believe from his conversation that a much better and even a larger building will be placed on the old site--if built the new structure will not be a frame one.

Mr. Seitz of the Seitz Grain and Coal Company, said to a representative of this paper that they would open up for business again right soon, but could not tell just what date.

The origin of the fire is not known. It originated in the northeast corner of the Seitz feed house where a large amount of hay and feed was stacked and was probably caused by a cigarette or cigar stub being dropped too near the hay, or it might have been the work of a busy mouse playing smart with a match.

We invite the attention of our readers to the millinery ad of Mrs. Clara Abney in this issue. She will have an important announcement next week too. Don't miss it.

### Society Items

BY MRS. D. ROBINSON

On Leap Day, Feb. 29 The Ladies of The First Presbyterian Church gave a reception to the ladies and young people of the town at the home of Mr. and Mrs. Temple Ellis. It being understood a free will offering would be acceptable. The day being very disagreeable not as many ladies responded to the invitation to teas would have, had the day been all that was desired, but those who came were delightfully entertained with music and songs by some of the best talents in the town, and served to dainty refreshments. In the evening the fun began, about forty young ladies, (and a few married ladies) of all ages and sizes gathered at the home of Miss Delia Wilkinson from which they proceeded to the Norris Boarding house, where their gentlemen loves were awaiting them, from whence the old maids some younger some older each wagged an old balshonor off on her arm. In the course of time and event the happy faces of these younger and older maids, who had not had a date since last leap year, were presented at the reception for admittance. All made themselves at home, sat on the floor and began the evening's amusement by telling the young men the advantages of leap year, ending by a proposal, however there was no wedding bells that evening. After the company had enjoyed themselves in social conversation for two hours, refreshments of chicken salad, pickles, butter sandwiches and coffee were served by the young men of the church in long sleeved aprons. All the young people expressed themselves as having one of the most enjoyable times of their lives, and departed dreaming of the advantages of Leap Year.

The Wednesday Needle Club met with Mrs. M. M. Cosby Feb. 28. A very enjoyable afternoon was spent. Cream and cake were served to those present: Mesdames, Wolfrath, Sowder, Lane, Carter, Neal, Merrill, Davidson, Robbins, Price, Cox, Haynes, and Miss Elizabeth Robertson. The Club will meet with Mesdames Carter and Lane at the home of the latter March 13.

Mrs. C. M. Ballinger delightfully entertained the old 42 club at her home March 2. On entering the ladies was served to fruit punch. After playing several games, which were greatly enjoyed. Mrs. Bledsoe won high score. Delicious brick cream and cake were served to the following ladies: Mesdames, Boerner, Posey, Merrill, Porter, Powell, John Penney, Rush, Bledsoe, Quick, Ed Robinson, Price, Smith, Summers, Sawder, Benson, Palmer, Wright, Cox and Baugh.

The Eastern Star will meet Saturday 6th. There will be quite a great deal of business to come before the Chapter, and all the members are cordially invited to be present.

One of the most enjoyable affairs of the season was the reception given by the Martha Side of the Baptist Ladies Aid Society at the beautiful home of Mr. and Mrs. R. A. Barclay on West Broadway, on the afternoon and evening of Feb. 22nd.
