

THE LUBBOCK AVALANCHE.

VOLUME XIV

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, OCTOBER, 2, 1913

NUMBER 13

PLAINS GETS A THOROUGH SOAKING

SLOW RAINS FOR THE PAST WEEK HAVE WET THE GROUND TO CONSIDERABLE DEPTH

THE RANGE CONDITIONS WILL BE BETTERED

Farmers are Delayed in Gathering Crops and Some Damage is Reported Because of the Wet Weather at This Time—Crops are Bringing Good Prices and Demand is Steady.

The Plains country is getting a thorough soaking. For the past two weeks with the exception of two days, falling weather has been in vogue. It has not been the kind of dampness that this section of the state usually gets, but it has been a slow precipitation, the greater part of the water that has fallen having soaked into the ground, giving us a splendid season, and wetting the ground to a considerable depth.

Reports from the range districts are to the effect that the rains will help the condition of the range a great deal. Grass is still growing, notwithstanding that there was a few days last week in which a fire in the sitting room was not uncomfortable, and overcoats were brought into use by many of our people.

The farmer would appreciate very much a month or six weeks of clear dry weather so they could get their cotton picked and the big feed crop in condi-

tion so that it would keep better. Great delay is being experienced, and there is some damage reported by a few farmers who had their feed stuff cut and on the ground when the wet spell commenced and have been unable to do anything further with it on account of the damp weather.

The prices remain good, and the demand strong, and the farmer is realizing handsomely from his crops in this section this year. Cotton is bringing around 13-1-2 cents and maize, etc. about \$16 per ton, which runs it into money rapidly.

Silos are still being put up and filled with maize, kaffir, etc. and there is likely to be a good demand for this kind of feed a little later on in the season, and even though the farmer has no cattle to feed it to himself there will be money in ensilage at so much per ton to cattlemen, who will want to feed cattle for the market.

SEPTEMBER WEATHER REPORT

September Shows to Have Been a Very Pleasant Month With Variety of Weather

This month there has been an excess in precipitation and cloudiness, as compared to the normal. There were 8 cloudy days, 6 partly cloudy and 16 clear. On 11 days rain fell in measurable quantities, the greatest in one day being 1.32 inches on the 27th. The total rainfall for the month is 4.19 inches, and for the year to date, 14.27 inches. There was much more wind than in August, when the average was 6.2 miles per hour. This month the rub of wind totalled 6,447 miles, or an average of 9 miles per hour. The 27th had the least wind, with an average of 3 miles per hour. The highest temperature was 95 degrees on the 7th, and the lowest was 40 degrees on the 28th. On these dates there was a range of 37 degrees in temperature, which was the greatest for the month.

V. L. CORY,
Co-operative Observer.

Ollie Wilkison was in to see us Monday and stated that he had 200 tons of ensilage that he expected to sell, but if he did not sell it to some one else to feed that he expected to purchase enough feeders to use it himself. We are of the opinion that he will not have any trouble in disposing of it as the stockmen are looking upon ensilage very favorably as feed.

In this issue will be found the professional card of Dr. J. A. Stevenson, who has decided to make this his home and practice his profession. He comes highly recommended as a veterinarian. He and wife are for the present stopping at the home of Mr. and Mrs. D. Robinson in the north part of the city.

J. W. Ames wife and children returned this morning from the east where Mr. Ames spent the past two months superintending the manufacture of a large number of Ames Portable Silos, a number of which have been received and erected by parties in this community.

Raleigh Martin has this week moved with his family into their recently acquired home in the southeast part of the city, formerly the residence of J. T. Bullock. Mr. Bullock and family are now living in the Mitchell residence in the south part of town.

Mrs. W. J. Stone and daughter Mrs. E. L. Biddle, mother and sister of H. N. Stone, foreman in the Avalanche office arrived last Monday afternoon and will visit here several weeks. They are from their home in Greenville, Miss.

Mrs. Dell King has returned from Floydada, where she spent a month or more teaching music in the Presbyterian Academy. She has returned to Lubbock to remain, and will teach piano and voice in a private class.

The ladies of the South Side Christian church have secured the building formerly occupied by the Bradley Auto Company west of the postoffice, in which to serve dinner on next Monday.

Geo. Merriweather, wife and children of Lockney, are here for a few days visit with J. C. Burns and family, after which they will visit Mrs. Merriweather's brother near San Angelo.

Mr. and Mrs. T. C. Ivy, of Yoakum county, are in the city this week visiting friends and Mr. Ivy is looking after business matters.

We are requested to announce that the Library will be open from 3:00 o'clock to 5:00 o'clock each Saturday hereafter.

ANOTHER MACHINE SHOP

A. S. Hopper & Company Will Be Ready for Business by Nov. 1, With Well-Equipped Plant.

Our representative learned on his rounds this week that the new machine and blacksmith shop that has been talked of for the past two months, is a sure thing and within the next week new machinery and tools will begin to arrive and it is expected that it will all be installed and ready for business by a date not later than the first of November.

A. S. Hopper will be the manager, and the shop will be equipped with modern machinery and tools with a power plant in connection, so that they will be prepared to do any kind of repair iron or wood work.

The new plant will be operated in the building which the Western Windmill Company has been using for a ware room, just south of the Lubbock Mercantile Company's store.

Later on it is expected that a new building will be erected, on lots belonging to the company, but the above location will be their temporary quarters.

Towle Still in Business

It was reported on the streets last week that A. J. Towle had sold his wallpaper and stock of paints and varnishes, and in order to learn the correctness of the report our representative called at his place of business on the north side of the square and found that he was still in business, and while we were there he showed us through his stock, and we were surprised to know that right here in Lubbock there was such a well kept stock of these goods.

His stock of papers, paints, etc., is large and the assortment is such that the most artistic decorations can be found there. The store is well arranged and the stock presents a splendid appearance. Such a business in Lubbock is certainly a credit to the town. He has a quarter of a page ad in this issue, and we will appreciate it and Mr. Towle will be delighted if you will read it.

Jim Brown was in from the farm Saturday and loaded out lumber with which he said he was going to build a place to store maize, kaffir, etc., for future use. Its good futures we are confident, and the fellow that isn't in too big a hurry to dispose of his surplus will be the one that will realize handsomely in every sense of the word.

Jim Mabry was here Wednesday loading his wagon with supplies.

LESTER SELLS BANK STOCK

Big Block of Bank Stock in First National Changes Owners This Week.

As a result of a recent deal, Mr. L. T. Lester, of Canyon, who has up to this time owned a large block of the stock in the First National Bank of this city, sold same to Messrs. Ray, Wheatley and Charles A. Fisk, of Amarillo, and the transfer has already been made.

Messrs. Wheatley and Fisk are Amarillo Bankers, and will remain in Amarillo for the present at least. The official personnel of the bank will remain the same heretofore. The sale as we understand it is

a purely business proposition, the Amarillo financiers feeling that Lubbock is to be the City of the South Plains, had a desire to become connected with us in a financial way, and it looked good to them so the deal was the result.

Mr. Lester has been a friend to the Lubbock people, and they appreciated his business association and many regret that he has decided to turn loose his interests here to go elsewhere, but he has the best wishes of the customers of the bank, and especially his business associates.

The First National is one of the most substantial institutions on the Plains. With a capital stock of \$50,000, and a surplus of \$25,000. Already strong, it is the intention of the directorate to strengthen it even more.

Hunt Grocery Company report a splendid attendance at their formal opening last Saturday. The weather was very bad and this prevented a large number of people from attending who would and intended to, but they were well pleased with the number of visitors to their store on that day, and appreciated the many nice compliments received. They indeed have what could justly be termed an ideal grocery store, and the people of this community appreciate their efforts in every way.

Mrs. Geo. W. Briggs and two children arrived here Wednesday afternoon, and will make this their home. Mr. Briggs, who is employed by the Chamber of Commerce as their secretary, has been here several months. They will reside in the N. R. Porter residence near the tabernacle. Mr. Briggs met them in Amarillo and accompanied them home.

E. B. Green had business in Plainview the early part of the week.

MAKING PREPARATION FOR FAIR

EVERYTHING WILL BE IN READINESS FOR THE COUNTY AND CHILDREN'S FAIR MONDAY

MANY EXHIBITS WILL BE PLACED BY FARMERS

None of the Prizes Will Go, begging For Some One to Take Them if All Enter Who Have Made known Their Intentions to Do So—Large Crowd Expected.

If all signs do not fail there is going to be a big time in Lubbock next Monday. The occasion will be a combination of County and Children's Fair and First National Bank Day, and there are to be things of interest transpire during that day. There was no set program arranged, but it's a free for all and there will be plenty of entertainment for all that come. The exhibits will attract much attention, for there will be a great number of entries, and there will be seen here that day exhibits of farm, orchard, garden and barnyard products such as has never before been collected in Lubbock at one time.

Those who have the matters in charge are greatly encouraged over the prospects, and encouraging reports that are coming in, of the large number of contestants for the various premiums.

Farmers are going to place agricultural exhibits, hogs, chickens, etc., and the ranchmen are going after the premiums on livestock. The school children

are going after the prizes offered by the Civic League, and there is a great interest manifested by all.

There is no likelihood of any of the premiums going begging for some one to take them, for there are going to be bids for every prize hung up.

It is the expectation that there will be a large crowd here on that day, and the people will be here to see what Lubbock county can show, and we venture the assertion that there will be some people greatly surprised at the splendid display of stuff collected here that day.

The merchants are offering special bargains for that date, and we anticipate a lively time.

The Lubbock Cowboy Band that puts life and push into everything will be on hand in good trim to play the best music that they have ever produced before. We say this because they are improving every time they play, and we are sure they are still on the up grade.

Come to Lubbock.

LYNN COUNTY FAIR

A Number of Good Exhibits Shown—Rain Prevents Entire Success of the Day

Tahoka, Tex., Sept. 30.—The Lynn County Fair was held here Friday and Saturday, but on account of the excessive rains many of the departments were not as well represented as they would have been, had the weather been more favorable and much of the program was cancelled. However, there was an excellent display in the agricultural department.

Many of the farmers were unable to bring their produce on account of the bad condition of the roads. A number of individual exhibitions were made by farmers of the county of various products raised on the farm. M. M. Anthony had one of the best exhibits shown. He had thirty-one different varieties of farm and garden products. The display of J. C. Crouch was also one of interest. He exhibited many different varieties of corn and maize. The display of apples, peaches, cherries, grapes and other fruit was most complete, which proves that this climate and soil is well adapted to fruit growing when properly cared for and cultivated. Arrangements have been made to send a large exhibit to the Dallas Fair.

Mr. and Mrs. R. A. Sowder and daughter, returned this morning from Gatesville and other points in that vicinity, where they have been visiting relatives for about two weeks.

Attorney J. H. Moore and T. L. Vaughn are off on a business trip to the coast country, leaving on yesterday afternoon train. They will likely be gone two weeks.

Phillips-Mitchell Confectionery

This popular refreshment stand on the west side of the square has this week received a lot of new fixtures including a new fountain, of the latest make, and it is one of the nicest in the city, being built with perfect sanitation in view, and it seems the makers accomplished their purpose along this line. This confectionery is well prepared to take care of the wishes of trade in their line. Sp apartments have been prepared for the ladies, and every pertaining to their comfort confectioners can provide been procured, making ideal place to trade.

They have an advertiser in this issue of the Avalanche, which they wish you to read.

Civic League Meeting

Wednesday last was the regular time for the Civic League to meet, but the weather was too bad for enough to venture out, hence a called session has been named for Saturday afternoon at 4:00 o'clock at the High School building, when matters of importance to the fair next Monday will be gone over and arrangements perfected for that occasion.

New Store Open

I. A. Whitely this week began unpacking his stock of gents' furnishings and shoes in the Citizens National Bank building where the Shelby Dry Goods company was located. He has an ad in this paper, which he wishes ever reader of the Avalanche to look-over and consider it a special invitation to come to his store, when in need of anything in his line.

L. A. Hitchcock left Monday for Ft. Worth, N. M., where he goes to do some civil engineering. He will be absent several weeks.

TO ALL EXHIBITORS.

Remember there is no entry fee charged.

The only exhibits not returned to the exhibitors will be those products which win premiums. All stock, poultry, hogs and such entries of value remain property of exhibitors.

The Chamber of Commerce will pay in cash all premiums as soon as possible after the judging on that day. These explanations are made, because of questions asked of the secretary.

To the farmers: When you come to the fair, if you have any report of good crops, don't fail to tell the secretary. We want all the facts about good crops in Lubbock county.

Remember no produce entry will be accepted after Saturday evening, and all stock and poultry entries must be in by 10 o'clock Monday morning.

We request that judges be ready to begin judging early Monday morning, so all premiums can be awarded as early as possible. Ribbons will be given to all winners in the Chamber of Commerce department. Messrs. Cory, L. O. Burford, and F. P. Brown have been appointed judges.

Geo. W. Briggs,
Secretary Chamber of Commerce.

ENSILAGE FEEDING TESTS

On the local page of this issue appears a long-awaited announcement that cattle would be fed in the Amarillo vicinity this season under the direct supervision of a government expert.

Parallel tests will be made on herds of equal number, one fed on grass, meal and forage, the other on ensilage, meal and forage. A close tabulation will be made of expenditures, a record will be kept of the amount fed, and a final balance will be struck upon marketing when the feeding experiment is concluded. The News feels confident that such an experiment will be attended by gratifying results, and strongly in favor of the ensilage method of feeding. If so, it will cause a decided increase in the installation of silos, which will in a comparatively short time revolutionize stock farming in this section.

The News takes this occasion to commend most heartily the good work of the Chamber of Commerce, through its Agricultural Committee, of which Earl Cobb is chairman, for the efforts put forth to assure such feeding tests. That the results will

prove their wisdom and will be of most satisfactory nature, the News feels no hesitancy in predicting.

Meanwhile the experiment will be watched with interest. Amarillo News.

There has been enough test now to convince a number of stockmen that the ensilage is a good feed for fattening cattle for the market, and we have noticed in a number of our exchanges of late that cattle-feeders are now contracting for the entire output of silos in various places and preparing to drive their stock to market and put it to them. When a better

know that ensilage is really good fattening "dope," there will be a great demand for it, and it will not make any difference whether the farmer has a cow on his place or not to feed his ensilage to, he will have a huge livestock fireless cooker on his farm, full of the crop that he produced and ready for the fellow that has the cattle and not

the feed to come and buy. It will in all probability prove a money proposition and will become very popular in this country, and will make the Plains a feeding ground for beef—a finishing ground, if you please, and save the stockman the expense of shipping his stuff to feed pens in the north and to prepare them for the market—but sell them at home at fancy prices.

\$15,000 FOR \$8,000 JOB

If it takes \$15,000 to make the race for governor, and a candidate rarely ever gets the job on his first race, where's the money coming from to foot bills of the majority of the entrants in the next race? When a candidate accepts money from his friends or a certain class to secure his election, we have the emphatic word of Governor Colquitt for it, that his friends always "get their money's worth." When a candidate for governor of Texas is compelled to mortgage his future to his friends in order to be elected, is it any wonder that the common people suffer? With a salary of only \$8,000 for two years and an expense of \$15,000 to only get into office, somebody has to "pay the freight."—Colorado Record.

Without going into the merits of the case so far as the above refers to Governor Colquitt, it is pertinent to inquire whether or not some steps should be taken to cut down the costs of making the race for the governorship or for any other state office. Is it costs \$15,000 or even \$4,000 to make the race for the governorship of the state which pays but \$8,000 for a term of two years either none but a rich man or a man who has expectant friends can possibly attempt to try for it. Either horn of the dilemma is to be feared. If a man must appeal to "friends" to aid him financially, he would be superman if he did not prove grateful and that gratitude is often manifested at the expense of the public. Whether or not Governor Colquitt has seen to it that his friends who put up the money to enable him to make his race "got their money's worth" is beside the question. Being human he probably favored his friends as against those who opposed him, all things being equal. But, the great state of Texas should see to it that a man fit to be governor though poor in pocket is not placed in such embarrassing position. Either the salary of state officials should be increased or some means devised whereby the expenses of pre-election campaigns should be borne by the people.— Ft. Worth Star-Telegram.

Rev. J. E. Chase and family have moved into the W. J. Morris residence in the Overton Addition.

FIRE PREVENTION DAY

There is a good deal more to the subject of fire prevention than one might think at first thought. Acting Governor Will H. Mayes has designated October 9th as "Fire Prevention Day." The majority of folks let it pass at that. They think, no more about it, and it is just here where we lose out. The fire waste of Texas is something appalling. And you can be sure that Jones pays the freight. If the people allow losses that should not occur they simply pay a higher rate. Insurance cannot be furnished at a loss and the more waste there is the more insurance costs. Every man who buys insurance is interested in the loss being cut down. The rate will be in proportion to the loss. Mr. Mayes could not have done a more fitting thing than call attention to this subject at this time.—Abilene Daily Reporter.

October 9th—next Thursday, is the day that Lieutenant Governor, Will H. Mayes, now acting as governor, named as "Fire Prevention Day." The meaning of this day aside from what the Reporter has wisely stated is very important. It is the intention of this day that all citizens inspect their heating apparatus, that all public buildings be inspected for protection against fires; that every flue that is to be used this winter be thoroughly examined and if found defective should be corrected, and that the schools all give practice fire drills on that day, so that in case of a fire in the building they could be gotten out of the building without creating a panic and the probable death of many of them. We believe the county judge of each county and the mayor of each city should issue a like proclamation and insist on these things being done. It means a great deal.

A few people can probably keep things going in town but it looks bad to see some one always pulling back. We got a good illustration of this and a photograph of how some people in Lubbock look, recently. You will remember, we are sure, the man driving the goat team. That is where we got the illustration: four goats were hitched up; three of them walked straight ahead and seemed to enjoy their work, but one pulled back all the time, or if not back, he pulled off to one side and made the team look bad. That reminded us of the way some people act when there is something to do in the way of development in the town. The three willing goats kept the wagon going, but how much easier would it have been and how much more favorably would have that goat team impressed those that saw it, if all four of them had been walking proudly along, all doing their part.

We have information from H. B. Murray, of Post City, editor of the Post City Post, that he has fully decided to make the race for representative for this district and will in the near future give the people of this district his platform for their consideration. Mr. Murray has been in the west many years and has devoted considerable time to the study of the legislative needs of the state and especially of the western portion, and we are sure that should he be elected that he would make good. Our readers will no doubt hear from him further a little later on.

The Avalanche hereby acknowledges receipt of a season ticket for the Editor and wife to the Nolan County Fair at Roscoe, Texas, Oct 9, 10 and 11.

The Governor in making his good roads proclamation no doubt had in his mind that Texas people could better enjoy their Thanksgiving a little later on if the roads were truly improved. Lets work the roads November 5th and 6th, and then when turkey time comes, there can be true thankfulness about, in grand old Texas. Lets have more good roads!

The feed crop is being hauled to town by the ton and sold on the local market at a good price. There seems to be a good demand for it. A number of local buyers are buying for the future market, believing that it will advance very materially between now and the new year, and we do not doubt their judgment on the matter, the least.

The pool halls are getting theirs and then some. They have decided at Fort Worth to close all pool halls when the saloons close. A good law. Leaves no place for husbands that ought to be at home to loiter and teaches the young to at least respect the night hours.—Good-night Free Press.

It's Governor Mayes again! Governor Colquitt is over in Panama taking in the sights of the big canal. Mr. Mayes seems to manipulate the executive lines just about as well as Mr. Colquitt anyway; fact of the business we like his style much better.

One of our exchanges truthfully states that about the surest way to keep out of all manner of trouble in this life is to keep your tongue still and your liver active, and we might add keep busy. It is very seldom that the active man gets into trouble—its the idler.

If you are not a member of the Chamber of Commerce, you should be. If you only have a five cent piece to contribute to its support, its that much and several of them would amount to something. You can at least speak a good word for it.

The rains have hindered harvesting of the crops considerably, but since the fair days have come again, everybody is busy in the rural districts gathering feed and picking cotton.

One of our subscribers recently said: "you are not building many railroads now." This is a fact and there are not many being built in Texas either, and never will be as long as Texas legislation continues to be as unfavorable to capital as it is at present.

Don't forget the County Fair!

Chamber of Commerce Column

Geo. W. Briggs, Secretary

All exhibits must be entered by Saturday night, Oct. 4th, and all livestock by 10 o'clock Monday morning. Please be governed by these rules.

GEO. W. BRIGGS,
Sec. Chamber of Commerce.

We have been sending out literature to the addresses of people whose names have been given us. Some have been returned, and we have received a number of inquiries from others. Some have written to their friends. We have this request to make. Should anyone write you concerning this country, either in reply to literature sent to them, or otherwise, we would be glad to get word of it, not only for the satisfaction, but we can follow up any interested people, and perhaps interest them more.

Arrangements are being completed for our fair day, and

efforts will be made to handle everything in a business like way. Every exhibitor will get a square deal, for the judges are fair men, and will not know whose entries they are judging as all entries will be numbered, with no names attached.

Everyone is cordially invited to look over our exhibit, to see for themselves what Lubbock can do. As we have said before, a large number of people in Lubbock do not know what we really can do. This will be a good time to find out. Then when you have found out, become a booster.

The rock that is being put upon the streets will be a great improvement, when it is crushed and raked down. The use of a good roller for a few hours would do what it takes months for nature, with the assistance of a drag to do. It would be a good investment for the city, and county both to purchase, or have

made a roller for this purpose. With an unlimited supply of rock near by in the canyon, the making of good roads and streets is a comparatively easy proposition. If we had to ship the crushed rock from a long distance, and do a great deal of heavy grading, and build roads and streets through marsh, sand and hills, we would find it a different proposition. Perhaps it is because it takes so little effort to make a good road or street here, that the efforts made are not greater.

We have seen places where for every mile of road built it cost as high as \$5,000.00. So Lubbock is indeed fortunate. But because of the naturally good conditions for road and street making, let us not make no effort. A good deal is being done, but there is one thing lacking, a roller.

We constantly hear rumors and statements about new railroads, but we have not as yet found out anything positive. But we believe, and we think that we have good grounds for belief, that Lubbock will have

some new roads within a reasonably near future.

We heard one farmer say that he had not an acre of land which had not paid for itself this year. And yet we hear people remark that the price of land is high in this country. We know parts of Texas where the farmers are paying \$150.00 per acre for land on which they never can make enough to pay for the land with their crops, let alone making good interest on their investment.

We talked with two young farmers from another part of Texas, and one of them told me that eight years ago, there was not a house between their father's farm and the mountains twenty miles away. Everything was devoted to ranching. Today with the exception of one ranch of 6,000 acres, their father owns the largest pasture in that country, and that pasture has 113 acres in it. All this in eight years. These two young men then said that the conditions for general farming were not as good in that country as they are right here in Lubbock. If such a thing can happen under those conditions somewhere else, how about Lubbock with all its opportunities? We believe that Lubbock land, at the present valuation, and even double that, is a good investment. But we do not want mere investors, we want good farmers. I would rather see five hundred farmers come to Lubbock and buy 160 acres each than five men buy 16000 a piece. It would do more to develop this country to get the 500.

It strikes us also, that some farmers have too big ideas, and are trying to farm two or three times more than they can in a creditable way. We know men who are making a better living on forty, sixty and a hundred acres than some are on one or two sections.

Mrs. Hugh Taylor is visiting in Austin and Waco this week.

Plenty of Feed

and mighty good feed too, may be found here. The hay, grain, etc., offered to our customers is not a miscellaneous collection of

FEED

from unknown sources, but is carefully selected from the best grain fields in this country. Try it and you will be convinced.

Kirschbaum "Raincoat"

"Two-in-One" convertible collar cravenetted raincoat. Four-button, fly-front. Back slightly form fitted. Medium long collar. Quarter lined and full lined.

Now, by Two-headed Janus!

Here's a go!
You go walking on a fine Southern fall day in the finely tailored coat shown here.

—when down comes the rain.
Without lifting an eyelash, you turn up your peaked lapels and convert your collar into rain-defying protection. And ducks' backs have nothing on the body of this coat.

—for it's Cravenetted.
Certainly no garment can offer you more solid usefulness. It's one of our fall showings of

KIRSCHBAUM CLOTHES
\$15, \$20 and \$25.

A Special

Of all garments that enter a man's wardrobe, not one has quite the usefulness of a blue serge suit.

We have some splendid ones in our Fall showing.

The blue is rich and deep and bound to stay so through almost endless wear.

And the fabric is so finely woven that it cannot get that quick-coming shiny look that handicaps so many serges.

Every one of these serge suits is made by Kirschbaum of Philadelphia.

That means that they are all-wool, shrunk by the original London cold-water process, hand-tailored and sewn throughout with silk thread.

Come in tomorrow and see these blue serges and the rest of our new Fall

Kirschbaum Clothes

LUBBOCK, TEXAS, THURSDAY, OCT. 3, 1918

BRINGS ON MORE TALK

One day last week, J. D. Boon, a prominent citizen of the Camp Springs community, was in Snyder, and while in conversation with the editor of West Texas Farm News, stated that the bulk of the cotton raised in his community was being carried to Rotan, to be marketed. When asked for an explanation of this fact, he said it was due to the condition of the road between Camp Spring and Snyder. Snyder is thus losing to Rotan cotton that naturally and logically should come here.—West Texas Farm News, Snyder Texas.

This brings on more talk. The *Avalanche* has insisted all the while that this thing of letting neighboring towns do all the road building is one way of knocking out town, and fatally so. The above is only an instance that will become a reality in conditions nearer home if there is not something done, and that right soon. Lynn county, and the people of Tahoka have been working on their roads toward the west and other directions for some years, and we are informed that their roads are in fine condition. It is not true with Lubbock. In fact we learn that it is the opposite, and roads leading to our town are as a rule in a deplorable condition, compared with what they should be, and could be made with very little work. We need better

roads to the west! We need a road opened to the south line of the county. Only a few days ago a number of people from the north part of Lynn county and the south part of Lubbock county were here to try to get a road opened to the south, stating that they wanted to come here to market their cotton, but can't get here without going a long way around, and they are not going to do it, and we don't blame them. If Lubbock does not care enough for their trade to invite them here to trade by providing a good road, then we cannot blame them for going where these accommodations are to be had. Its time to get busy. If the county commissioners do not see the necessity of it, there can be brought to bear upon them enough influence to justify them in opening the roads where they are needed. Now is the time to provide roads. The right-of-way can be procured now easier than a few years later and besides this we want the people to come to Lubbock to sell their produce and buy their supplies.

A HUMANE SOCIETY

There is evidently a need of the organization of a Humane Society in this community; if not by separate organization it should be grafted into some of

the other societies of the city, and used to the full extent of what it means. It is not often the case in this country that such a thing is needed, but a few times during the past year this editor has been led to believe that it would be a good thing in Lubbock. Only a few weeks ago there stood on our public square a wagon to which was hitched a team of mules, one of which animals had a lame foot, caused no doubt from a severe wire cut of several years standing. This mule was no doubt in continual pain from the wounded foot, still he was compelled to draw his part of the burden of a wagon loaded with fruit that had been brought a considerable distance to be peddled out to our people at so much per. We believe it was a sin to have that dumb brute in service at all, and this man, who claimed to be human, should be forced to turn the animal out to green pasture, and not permit him to starve, but to keep him the rest of his natural life in a way that would not reflect such brutality on the community. There are other instances of cruelty to animals that occasionally come to our notice, that we feel could be corrected by the aid of a society, whose purposes are to see that the dumb brute gets fair play.

A REST ROOM

At various times the *Avalanche* has suggested the advisability of providing somewhere in the city of Lubbock a rest room for use by farmer's wives, or any other ladies that come to town. This is something that is greatly needed in any town of any size. But few stores provide adequate accommodations to their customers in this way. Of course they are welcome in the store, but what woman is it that wants to stand around a store, in fact they would be more tired standing around at the end of an hour's time than if they had been at work all day. A few days ago at a meeting

of the Rural Welfare Association of Texas held at Dallas, a member told of the good work of the Woman's Civic League at that place. She said: "The Women's Civic League of Sherman, which raised \$5,000 to purchase a lot, upon which they placed a comfortable cottage, a gift to the league, for the convenience of farmers' wives coming to Sherman with their husbands to shop. She declared the plan has proved most successful."

"Mrs. W. F. Robertson told of conditions she had found in some stores where country women shop, saying they had not enough conveniences for the women. She declared the Chamber of Commerce should aid in the movement for Dallas and that the merchants would find it to their advantage to provide matrons to look after the children of women customers while they made their purchases. She also suggested that the club women might join together and establish a market day, when they would make it a point to buy of women from the country bringing butter and eggs and vegetables to town."

BUYING ENSILAGE

Dr. W. M. Cunningham has contracted with parties in Plainview for two hundred tons of ensilage, on which he will feed a hundred head of steers the coming winter. He has also instructed his agent to increase the contract to four hundred additional tons of the same kind of feed. In case he is able to secure the other four hundred tons he will feed two hundred more steers. Dr. Cunningham is a firm believer in ensilage and ensilage feeding. He has made an exhaustive study of the silo subject and he is thoroughly convinced that silos mean wealth and prosperity.—Amarillo Panhandle.

Stockmen are finding out the good qualities of ensilage, and this with the aid of a little other feed will become a favorite feed for the cattle to be placed on the market. Silos and ensilage will make the South Plains country one of the most famous and richest parts of the great state. The silo has come to stay and multiply and the farmers bank account will become fat as a result of the discovery that this is the feeding grounds for cattle that go to the markets for beef purposes.

GOOD COTTON PICKERS

Fred Cason and Gordon Royalty picked 960 pounds of cotton, Thursday together. These young men are two of the county's best cotton pickers. This is some cotton in one day.—Robert Lee Observer.

No doubt this is good cotton picking, especially considering the cotton they had to pick in. If they had of been in one of Lubbock county cotton fields there is little telling how much they might have gathered, a 1000 each would likely not have been in it.

Dr. and Mrs. J. A. Stephenson, of Weatherford, arrived on the morning train Tuesday and will likely locate in our city. Dr. Stephenson is a veterinary surgeon, and will practice his profession if he decides to locate here.

Mrs. S. M. Shirley left Monday for Altus, Oklahoma, where she will visit during the fall and will then go to Fort Worth and spend a few months, returning here early in the spring.

G. M. Arnett made a business trip to Seminole Tuesday.

Buy Your Coal Now

We are receiving a big lot of coal now and would be pleased to take your orders for your winter supply and deliver it out of the car. If you have used SUNLIGHT Coal you know how good it is, and if you have not ask those who have used it and let us fill your bin. You'll be pleased with it. Nobody sells Sun Light Coal but us.

Feed Stuff of All Kinds

Our stock of grain and hay and other feed stuff is complete, and we are in position to fill your orders promptly with what ever you need in the way of feed and stock salt.

LUBBOCK, TEXAS

The New Round Oak Base Burner

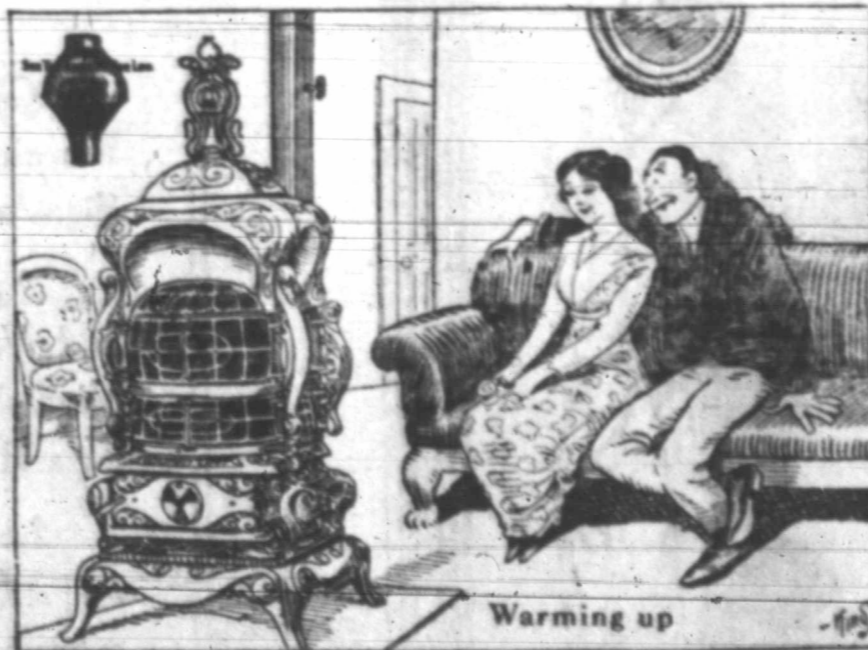

WE invite the attention of those interested in Base Burners to the New Round Oak. In competing with the large number of known good stoves on the market, we positively assert that the makers of the New Round Oak base burner have produced the greatest radiator of heat, for the amount of fuel consumed, ever known to the art in this type of stove.

It is a three-flue stove. The products of combustion pass down two flues—one each side of the back—then passing the walls of the outside of ash-pan section and flue base, unite at front and return through center of bottom and up the back to the chimney.

A comparison between the Round Oak three-flue Base Burner and a Standard three-flue Base Burner of any other make same size: Total area of flue surface with which products of combustion come in contact. Round Oak, 2703 sq. in. Standard, 1890 sq. in. Extra heating surface in the Round Oak, 813 sq. in. Percentage of increased heating surface in the Round Oak over a standard base burner, same size, other make, 42 per cent.

Round Oak Base Burners are made in the following sizes: No. 41, diameter of fire pot 14 inches. No. 51, diameter of fire pot 15 inches. No. 61, diameter of fire pot 16 inches.

Call at our store and let us show you these beauties of unsurpassed heating capacity.

High-class Base Burners heat by circulation as well as by radiation. The cold air in the Round Oak is taken in on the back just above the base, passed over the heated flue surfaces of the stove, and the hot air is discharged from the top of the circulating flue, either in to the room in which the stove is located, or conducted by a hot-air pipe to a room above. The value of the circulating flue depends upon its capacity and upon that of its heated surfaces. The area of the Round Oak circulating flue at its smallest point is 27 square inches, which, in comparison with the most approved types, gives the Round Oak 200 per cent more circulating flue heating surface. This improvement alone makes the saving in fuel decidedly noticeable even in a short run of 24 hours.

LUBBOCK, TEXAS, THURSDAY, OCT. 2, 1913

THE GOVERNOR'S RACE

Last Saturday Lieutenant Governor Will H. Mayes, of Brownwood formally announced his candidacy for the office of governor, subject to the action of the July primary. The news dispatches from Austin, where Mr. Mayes is now acting as governor in the absence of Gov. Colquitt from the state says:

"One unusual innovation in his announcement is that he will not accept campaign contributions from any source whatever. He comes out flat-footedly as a local optionist and State-wide prohibitionist.

"Mayes' entry is the second from the prohibition camp, the other having been Controller W. P. Lane, who, when appraised of Gov. Mayes' announcement, expressed satisfaction and predicted the victory of himself at the primary next July.

"Lieut. Gov. Mayes is acting Governor for some thirty days during the absence of Gov. Col-

quitt in Panama, which explains the issuance of his announcement at Austin. He is owner and editor of the Brownwood Bulletin. As Lieutenant Governor he has received many compliments from over the state. He was elected Lieutenant Governor by approximately 100,000, and that without leaving his home or campaigning at all.

"Ex-Senator W. A. Hanger of Tarrant county and Speaker Chester Terrell of San Antonio are avowed candidates from the anti clan, while State Senator John G. Willacy has the bee and friends are trying to push Sam Sparks into the race. That would make four antis and two pros running, but there is plenty of time for the list to grow."

THE LUBBOCK WAY

After copying the local mention that the Avalanche made about the ladies being here soliciting funds for the new Methodist church at Plains last

week, the Yoakum County News has the following to say:

"The ladies succeeded in raising \$150 for the Plains church on their trip. They visited Brownfield, Lubbock and Tahoka and all of these towns subscribed liberally. At Brownfield they got \$12, at Lubbock \$108 and at Tahoka \$30, and the people of Plains feel very grateful for the assistance given them in this matter. Work on the building, we understand, will probably be commenced next week and pushed until the house can be used for church purposes."

This is just the Lubbock way to be liberal. We show our appreciation of the trade the Plains people give us, and we can always be depended upon to do just a little better than the other fellows. We are even going to have the best road from Brownfield, Gomez and Plains to Lubbock that can be found to any place on the South Plains. Come to Lubbock!

In a meeting just closed by Abe Mulkey at Rotan, the church debt of \$1055 on the Methodist Church was wiped out and a \$900 indebtedness over the Baptist Church was cleaned up, besides a liberal donation was given to the Methodist Orphanage at Waco, and Abe in his report said it was none of their business how much they gave him, but for all purposes \$2,400 was raised. If a town the size of Rotan, down in that drought-stricken community could raise that amount we see no reason why Lubbock Methodist and Baptist can not raise enough money to build decent church buildings.

When a prospector comes to town how many of us would be willing to put him in a carriage or auto and roll him around in front of the Baptist church and then over to the Methodist church and say: "These churches have a membership each of 250 to 300, a number of which members have \$5,000 to \$10,000 residences and ranches and cattle worth sums counted in five figures, farms worth lots of money, merchandise that puts them in the column with the well-to-do's?" Draw your own conclusion as to what we were going to say! We fail to find language in our vocabulary to express our feelings.

The Avalanche is in receipt of a copy of the General Rules and Premium List of the Coleman County Fair, the compliments of Mr. J. T. White, of that place, who is a reader of the Avalanche, through the courtesy of Dr. C. M. Ballinger, of this city. The catalogue gives a great amount of valuable information about Coleman, the fair and the business men of that city, and is a book of 64 pages besides the covers.

When you see an "Open Bull" think of the "Lorenzo Air Blast Gun." 6 ft

Bank Announcement

We wish to announce that Messrs. Ray Wheatley and Chas. A. Fisk, president and cashier respectively of the Amarillo Bank and Trust Company, have purchased the interest of Mr. L. T. Lester in our bank, and we are sure that those who are acquainted with these gentlemen, it will be a pleasure to know of their connection with us.

The present officers and management will be continued, and we trust that our friends will be pleased with these new relations. While we have always cared for your interests, this connection will strengthen our facilities for handling your business. First National Bank, Lubbock, Texas.

L. T. Lester, of Canyon, was here looking after business matters the first of the week.

Murray for Representative

Mr. H. B. Murray, of Post City, is a candidate for representative of his district. The people of the Plains are fortunate in having a gentleman of his ability who will make a campaign for the position, as the limited salary makes the holding of the office a sacrifice for anyone who is qualified for it. Mr. Murray is eminently fitted for the position, having been in turn a teacher in the public schools, county and district clerk, editor of the Post City Post, and traveling representative of the department of agriculture, all of which positions call for an active participation in public affairs. He is probably the best informed man in West Texas concerning its needs, and it is doubtful if anyone could be found who would be able to do more for the country. In the course of his duties with the Department of Agriculture, Mr. Murray has visited our city several times, and he has impressed all with whom he has been associated by

his ability and attention to the needs of our farmers. We sincerely hope that Mr. Murray will be elected; as such men are of benefit to the whole of Western Texas.—Toyah Enterprise. 13 It

Sec'y. Briggs Moves Office

The Chamber of Commerce have moved their offices from the First National Bank Building to the Citizens National Bank. This change being made necessary on account of the Southwestern Telephone Company, leasing the entire back part of the second story of the First National Bank Building, where the Chamber of Commerce had their offices. Secretary Briggs has been busy getting his offices fixed up in his new quarters and will be located in the rooms formerly occupied by W. D. Benson's law and abstract offices.

GOOD CORN IN YOAKUM
Webber Raises Some Fine Corn
This Year—Baptist Hold
Meeting at Plains

Yoakum County News:
J. S. Webber was up from Sli-
go Monday and brought the News
editor some specimens of his
present years crop. He brought
corn, maize and the new feed
product called Feterita, resem-
bling maize and is claimed to be
the greatest dry weather resist-
ing feed product known. Mr.
Webber's maize is good, but more
than that can be said about his
corn. The stalks are long and
rank, and many of them bearing
two large ears. He brought with
him a number of ears that he
pulled from the stalks which will
compare favorably with corn
raised in the Brazos and Arkan-
sas river bottom.

The Baptist protracted meet-
ing commenced here last Mon-
day night. As previously an-
nounced through this paper Rev.
S. F. Baucom, state evangelist is
with Rev. B. F. Dixon, and R.
G. Baucom, son of the evangelist
is conducting the song service.
The preaching has all been done
by the Rev. Baucom and his
sermons are able and very
forcible and can not fail to have
a good effect. The meeting will
probably close tomorrow night,
unless the interest will justify a
further continuation of the
services.

Lubbock Thirteen Years Ago
Items Taken From the Lubbock Avalanche Oct. 5, 1900

Another big rain. The town lake is full. Ex-Judge McGill is in town. The Judge is a candidate for the office of District Judge. J. Wilson Boyle, a prominent attorney of Emma, Texas, is attending court this week. W. T. Petty, manager of the T-ranch in Lynn County, is one of the boys attending court here this week. The following is a list of the grand jurors that was empanelled by Judge Newton Monday: E. Y. Lee, Foreman, J. W. Gordon, Joe Boyd, Frank Bowles, Hila Boyd, T. A. Acuff, Walter Stevenson, Isham Tubbs, Albert Taylor, H. D. Beal, John Hollandsworth. S. A. Spears, of Hoekley county, was attending court here Monday. "Mayor" Enos L. Sneeds and E. Y. Lee came in from Colorado Sunday night, where they had been on business. B. G. Glazier came in from Canyon with his 12 mule freight team to one wagon. He left his three trail wagons at Running Water, and it was all his teams could do to move one of his loads. The roads are in a terri-
ble fix. Henry Westbrook came in Sunday from Canyon City. He had his ten horses to one wagon. A. M. Beeton, a successful stockman from the northeast part of the county, was one of the many citizens attending court here this week. Chas. E. Combes, candidate for District Attorney, was circulating among the "dear boys" the first of the week. W. H. Vaughn, a prominent cattleman from the northeast part of the county was in town Monday. In the case of Lake Tomb Cattle Company vs S. A. Spears, trespass to try title was compromised. Lake Tomb Company taking the property in litigation. Mrs. Brown is having a nice residence built in the east part of town. Jno. W. Gordon, the Duke of Terry county, was among the number that attended district court here this week. John Hollandsworth, one of the boys from the "forks of the creek," was talking to the "dear boys" all this week.

Backache

Miss Myrtle Colburn, of Russellville, Ark., says: "For nearly a year, I suffered with terrible backache, pain in my limbs, and my head ached nearly all the time. Our family doctor treated me, but only gave me temporary relief. I was certainly in bad health. My school teacher advised me to

Cardui

The Woman's Tonic
I took two bottles, in all, and was cured. I shall always praise Cardui to sick and suffering women. If you suffer from pains peculiar to weak women, such as head-ache, backache, or other symptoms of womanly trouble, or if you merely need a tonic for that tired, nervous, worn-out feeling, try Cardui. THE LOWER COST OF LIVING

Whether to have hard coal or coke or soft coal—that is the question—

You may prefer the hard coal or coke—a great many others have the same preference—

But the cost—isn't it awful? Awful is the word—true enough—if you are dependent upon the ordinary hard coal heater—

Secure heating efficiency and you solve the problem—

You are then free to indulge your preference.

Cole's Radiant Hard Coal Heater
—with magazine feed
Is heating efficiency perfected?
It will cut down your fuel cost from a quarter to one-half—
It will lower your cost of living—tremendously—
It will give you the heating capacity of a large base burner at a fraction of the cost of operating a base-burner.
It will enable you to purchase other home comforts with the money previously expended for fuel—
It meets your ideal in appearance—in low original cost—in economy of operation—and the little attention required.
Especially designed for hard coal or crushed coke—but with the magazine removed will satisfactorily burn soft coal, wood or lighter fuels—
It has no equal as a steady producer of much heat at a low cost.

See the name "Cole's" on the feed door of each stove. None genuine without it.

Dr. D. C. Rumph, who has been in business and practicing in the Lelia Lake community for the last two years, has sold his drug store to N. L. Fryar and will leave shortly for his old home in Lubbock. The doctor leaves a host of friends there who wish him well in the new enterprise he is contemplating. Clarendon News.

DOING WELL IN LUBBOCK

Former Dawson County Man Makes Good in Lubbock County—No Incorporation for Lamesa

Dawson County News:
 M. F. Loyd, who left here nearly three years ago and has located near Lubbock was a welcome visitor in our office yesterday. Mr. Loyd still owns land in Dawson county and is highly pleased to find this section of the Plains in such a prosperous condition. Mr. Loyd is doing well in Lubbock; he did well in Dawson county and he will do well in almost any country, because he is not one of the hap hazard kind of farmers, but studies conditions and finds the methods best adapted to his particular locality and applies them. Such men always succeed.

Commissioners court met in called session Wednesday to canvass returns of last Saturday's election. It was found that 58 votes were cast. Of this number 25 were for the commission and 33 against; a victory for the town cow. The court also had up the matter of the north road, which after some discussion was left for future disposal.

J. E. Oquin has let the contract for a brick business house to be erected on his lots on north side of square. The building is to be 75x25, and will be occupied by R. L. Meyers' drug store.

District court adjourned for the term soon after reconvening this week. Those who had entertained hope of seeing the land line litigation threshed out were disappointed. A change of venue to Garza county was granted.

It appears there is nothing doing at present in getting a mail route established between Lamesa and Seminole. Postmaster R. E. Simpson has been advised that the department does not feel disposed to discontinue the present route at this time.

Carload of Fine Jerseys
 J. K. Millwee returned this week from Columbia, Tenn., bringing forty five Jersey cows. They are beauties. He has them at his home place, in the eastern part of town. Plainview News.

Mr. and Mrs. Simeon O'Neal of Lubbock, were guests of Judge and Mrs. T. J. White between trains Wednesday. Coleman News.

CROSBYMAN'S NARROW ESCAPE

S. A. Oliver Narrowly Escapes Death in Runaway—Horse Falls With 11-Year-Old Boy.

Rails Banner:
 S. A. Oliver of near Compton, figured in a runaway accident Friday, which came very near resulting in his death. From what we can learn of the accident it seems that a hay rake that he was trailing behind his wagon, caused the trouble. In turning a corner the rake came in contact with a post, causing the team to jump, throwing him out between the horses, which became unmanageable. He was kicked two or three times about the head, also dragged about 150 yards and finally fell under the wheels of the wagon which passed over his body, and how he came out alive is a miracle. However, we are glad to state that Mr. Oliver is resting nicely and will get well.

John Witt, little son, age 11, while assisting his father in dipping cattle last week, was seriously injured by the horse he was riding. In some way the animal stumbled and fell on him, causing concussion of the brain. He will get well.

G. H. Witt, one of Emma's substantial citizens, has sold his crop and rented his farm to Mr. DeLoch, of Oklahoma. Mr. Witt and family will leave in a few days for Lubbock, where he will open up a first-class hotel. We regret very much to lose this excellent family from Crosby county, and wish them success in their future home.

For Weakness and Loss of Appetite
 The Old Standard general strengthening tonic, GROVE'S TASTELESS MILD TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. See adults and children. 50c.

Moves to Electra

Recently S. H. Bruce sold his residence in Spur to John Wooten of the Plains country. Monday Mr. and Mrs. Bruce left for Electra where they will make their home, at least temporarily, in the future. Mr. Bruce is suffering of asthma and it is in hopes that his health will be benefited that the move is made. Mr. and Mrs. Bruce have resided in Spur since its earliest days and it is with regret that their many friends here note their departure. Texas Spur.

Mr. and Mrs. Bruce were for several months citizens of our town and our people will regret to learn of Mr. Bruce's failing health.

Prominent wool men of San Angelo estimate that the wool shipments from there will total 1,500,000 pounds this year. This is a half million pounds more than was shipped last year. It is also predicted that a much higher price will be received for this year's clip than that paid last season.

We hear only one complaint from the Lubbock public school and that is the crowded condition. It is to be hoped that the school board will be able to devise some means soon to relieve the situation to a certain extent, though we are not prepared to suggest just how at this time.

District Judge Spencer is looking after court matters in Gaines county this week.

CHILD SWALLOWS BICHLORIDE

Child at Compton Hotel, Slaton, Gets Dangerous Dose of Bichloride Falls and Sprains Ankle.

Stationer:
 A small child at the Compton Hotel swallowed parts of a bichloride of mercury tablet Thursday morning while playing around the house and was discovered before the entire tablet had been taken. Dr. Adams was summoned immediately. Quick action in emptying the stomach has probably saved the child's life. It is getting along the nicest kind now with an excellent chance to recover.

Mrs. Tréverson, wife of the night car inspector for the Santa Fe at this place, just as she was leaving the Compton theatre last Tuesday night caught her foot in a piece of wire which was lying on the ground and fell with great force, spraining her right knee and ankle and rendering her unconscious for about 20 minutes. She was carried to the Compton Hotel where Dr. Adams cared for the wounds, and Wednesday morning she was taken to her home in east Slaton where she is getting along nicely now.

First Monday Dinner

The Ladies of the South Side Christian Church will serve dinner First Monday in October at some convenient place to be announced later. Price 25c. Take dinner with them that day.

THE BASIS OF ALL WEALTH IS LAND.

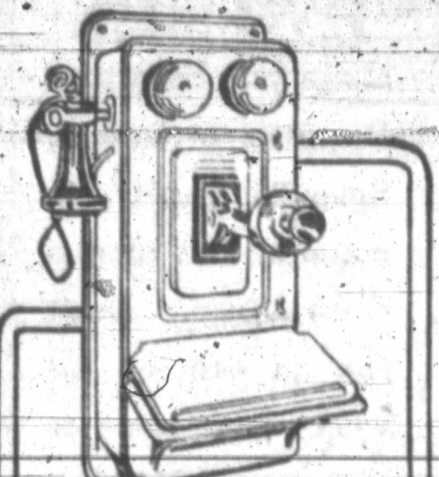

Money simply represents the things which come out of the land. If you have money to invest

Buy a Good Farm
 No man ever bought good land at the prevailing market price and lost money continually. Buy land in Lubbock county now. It is not a speculation, but an investment.

ASK YOUR DRUG-GIST ABOUT IT

There is a New Remedy That Takes the Place of Calomel. Recommended and Guaranteed by the Druggists

The Red Cross Drug and Jewelry Store never sold a remedy that gave more complete satisfaction than Dodson's Liver-Tone—a mild vegetable remedy for constipation, sour stomach and lazy liver.

Folks who have suffered for years, rather than resort to dangerous calomel have found after one trial that this pleasant-tasting vegetable liquid gives them a long sought relief without bad after-effects. Dodson's Liver-Tone is guaranteed by the Red Cross Drug and Jewelry Store to be a safe liver stimulant and to be absolutely harmless without bad after-effects. You will find many persons in this locality who have tried it and every user will speak a good word for Dodson's Liver-Tone. It livens up a torpid liver and makes you feel fresh, healthy and clean.

The price of a large bottle is 50 cents—money back if not pleased. The success of Dodson's Liver-Tone has brought many medicines into the field that imitate its claims, and some have name very similar and package same color, but remember Dodson's Liver-Tone is guaranteed by the Red Cross Drug and Jewelry Store who will give you back your money if you want it.

J. B. Dodson, district court stenographer, made a business trip to Dallas the latter part of last week, returning in ample time to attend district court in Seminole which is grinding this week.

Mr. and Mrs. Sim O'Neal have moved to Brownwood, where they will reside in the future, and Mr. O'Neal will be associated with a gent's furnishing establishment.

Ben Oliver, the good natured and ever pleasing representative of Collier and Sons, was here Friday looking after the interests of his employers in Lubbock.

Mrs. Babcock and children left last Thursday afternoon for their home in Fort Worth after a few weeks visit at the home of Mr. and Mrs. John F. Robinson.

E. N. Twaddle was up from Slaton this week, looking after business matters.

We Have Building Material In Any Quantity

We have told you often about the splendid condition in which we keep our lumber. We want you to call and see for yourself.

Its Ready To Put Up

So well is it kept that it is ready to put up by very little work on the part of the carpenter, thereby eliminating considerable expense and lessening the expense of your building. It will pay you to let us figure your bill if you only wish to build a chicken coop.

We Have Everything From the Foundation Up

LUBBOCK, TEXAS

GARZA OPENS LUBBOCK ROAD

A Splendid Road Now Open Between These Two Important Points

The Post City Post in speaking of road matters says: "The jury of view appointed by the commissioner's Court at its last session to view out the road, to be known as the Lubbock road, performed their work this week. This road leaves the Tahoka road one mile west of Commissioner's school house and follows the divide to the Santa Fe right of way near Southland, at which point it turns northwest and parallels the railroad to the county line. The road thus found runs over excellent ground and follows sections, so the expense of opening it up will be very slight. The new road will soon be inclosed by a lane and be free from gates, thus adding much to the convenience of travel." This road connects with the Lubbock county road which has been opened and put in good shape to the county line. And

the recently opened road extending northwest into Bailey county furnishes the traveling public good traveling for a long stretch in a northwesterly and southeasterly direction.

Slide Items

School has been suspended a month for cotton picking. Crops are extra good in this community: cotton yielding 1-4 bale to the acre; maize from 1 to 1-2 half tons per acre; corn from 20 to 25 bushels per acre; kafir corn 1 ton per acre and sorghum extra good. The dipping vat was put into use the first of the week and cows from several parts of the country are being carried to J. H. Reigres' to be dipped. We have had good rains all over the community lately. We are all hoping to meet you at the fair the 6th. We will bring our livestock, poultry and feed stuff. CONTRIBUTED. Thadd Durst, of New Boston, Texas, will read the Avalanche beginning with this issue, through the courtesy of M. F. Lloyd.

S. J. Winn is having a silo erected this week, on his ranch south of town. It is one of Ames' portable silos, and Mr. Jones is superintending the erection of it.

Mr. and Mrs. Leslie Ellis returned to their home in Crosby county this week, after a few weeks' visit with the family of S. C. Spikes.

T. O. Henry, of the Wells-Fargo Express Company, at this place made a business trip to Amarillo, Sunday, returning Monday.

B. F. Montgomery left Tuesday afternoon for Coke county, where he went in the interest of his marble yard at this place.

Miss Ola Johnson, niece of E. M. Taylor arrived in our city last week and will spend some time visiting at the Taylor home.

Charlie Taylor, who spent the past year in Arizona, returned here last week, and will make this his home in the future.

W. F. Schenck is looking after business matters in Amarillo this week.

WOMEN'S RIGHTS!!

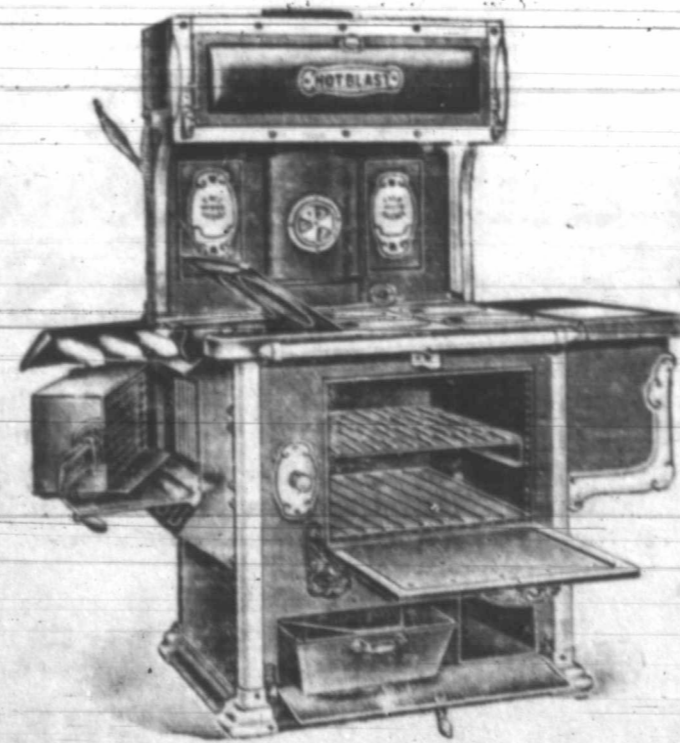

Honors—in the home are divided. Likewise—the cares.

Father earns the money—but Mother must spend it carefully. Yes, we both agree to that.

All right—then don't handicap Mother with poor or useless tools—a cheaply built range, for instance. Half your living expense is in fuel and foods.

Waste the fuel by allowing the gases to escape unburned or by forcing the fire in order to obtain the right oven heat as is done in most ranges; spoil expensive food materials by burning or improperly cooking them—and Mother makes a poor showing as a home-maker. Hardly fair—is it?

The family range is a mighty important factor and Mother is entitled to the best. Get her a

Cole's Hot Blast Range

With the Hot Blast Combustion that saves the gases in the fuel wasted by other ranges. It reduces your fuel bill at least one third.

The Automatic Oven Ventilator that distributes the heat evenly to all parts of the oven—it insures perfect baking and roasting.

Both top of Range and oven are heated just right by the steady burning fire, an even temperature being maintained for both the top and the oven as long as desired. Even, steady heat means no spoiling of expensive food stuffs—no money lost. Any fuel will do—soft coal, hard coal or wood.

It is the perfected output of the greatest range builders in the U. S.—the Cole Mfg. Co.—and is a daily joy and satisfaction in the household.

It's a real pleasure to show it to you. See the name "Cole's" on each Range. None genuine without it

SNOW IN NEW MEXICO

The Record of Forty-one Years Was Broken; Eight Inches of Snow at Las Vegas

Santa Fe, N. M., Sept. 25.—A snow storm which broke all records in the 41 years the weather bureau has been established in Santa Fe, started at 7:30 this morning and lasted two hours. The snow melted almost as rapidly as it fell in the lower altitudes.

More than 0.5 of an inch precipitation was recorded. Traces of snow in September have been recorded, but never such a storm as the one this morning.

HEAVY SNOW AT LAS VEGAS
East Las Vegas, N. M., Sept. 25.—Many shade trees were wrecked and gardens ruined today by a heavy snow storm, the fall being estimated at eight inches. Snow was still falling at 12:30 o'clock.

3,500,000 Bales His Estimate

A prominent cotton man, who represents some of the largest exporters of cotton in the world, completed an inspection of the Texas crop last week. He sent his houses an estimate of 3,500,000 bales of good cotton for the entire state this year. He said the crop has been badly damaged by rain, and much of it is of an inferior quality. For business reasons he did not care to use his name, but has been making similar investigations in this state for the last twenty years.

Mrs. W. R. Slaton, who has been here with her daughter, Mrs. H. N. Stone, returned home Tuesday.

C. E. Parks of the Kimbro and Parks land firm left Monday morning for Amarillo, and will go from there to Dallas and other points in the eastern part of the state, in the interest of the firm.

COMPETING FOR PRIZE CROP

East Side Lubbock Farmer Farmed Two Acres of Kafir in Industrial Congress Contest

Mr. Paschall who resides near the east line of Lubbock county, according to a report sent out from Slaton has a mighty good chance to win first prize in the contest conducted by Industrial Congress for the best 2-acres of dry farmed kafir corn.

"Mr. Paschall has been cultivating two acres this year in competition for the \$300 prize offered by the National Farming Congress for the biggest yield from two acres of dry farmed kafir corn. On the fourth day of this month he cut the heads and then let them lie on the ground for 10 days and hauled them in and weighed them. Seven tons of heads was the total weight from the two acres and the stalks are yet to be accounted for.

"Mr. Paschall laughingly said to the reporter: 'I expect to get the \$300,' and the chances are he will. This is possibly the largest yield of kafir corn in the state. Mr. Paschall is required to swear to the weight and this he is preparing to do.

"Speaking of the cost of producing seven tons of grain to the two acres, Mr. Paschall said the cost including labor, teams, feed, and everything amounted to \$18 or \$19 per acre. At the present price of \$17 per ton for kafir, the two acres have yielded \$119.00, or a profit of \$101.00, or \$50.50 per acre.

"But the big yield of kafir is not the only big thing Mr. Paschall has grown on his place this year. He has 35 acres of cotton that will yield a half bale to the acre."

Mrs. W. S. Palmer returned Sunday morning from an extended visit to points in the northern and eastern states.

WALL PAPER

Artistic and up to date. Cheaper than Ever. Pictures Artistically Framed. A. J. Towle, North Side Square Phone 269.

Some Other Prizes

Since the prize list of the Civic League has been printed there have been two other prizes offered for children within the scholastic age viz: The Wednesday Needle Club offers \$1.50 for the best embroidered towel and \$1.00 for the second best. The Agile Needle Club offers \$1.00 for the best yard of crochet. These prizes are in addition to the ones offered in the list that was published last week in the Avalanche.

J. H. Ingram and J. L. Denton of Oklahoma, were passengers on the southbound train Tuesday enroute to Seminole, via Lamasa, where they were called by telegram on account of the death of Mrs. Denton, sister of Mr. Ingram, which occurred Monday afternoon. They were joined here by Mrs. W. H. Flynn, who is a niece of Mrs. Denton.

Mr. and Mrs. Schenck, parents of Attorney W. F. Schenck, of this city, returned to their home at Meridian last Monday after spending several weeks here visiting their son and family.

Miss Mildred Moore, who has been taking a few weeks vacation from her work in the post-office, returned Sunday from Galveston, where she enjoyed a visit with friends.

Miss Nannie May Smith, who has been visiting at the home of Mr. and Mrs. Geo. L. Davis for the past week, returned to her home at San Angelo, the first of the week.

B. F. Coffman, of Byron, Oklahoma, father of Mrs. C. T. Jackson, came in Tuesday and is looking after business matters in this section.

PETITION ATTORNEY GENERAL

Citizens of Lubbock Wish Suits Withdrawn Against Katy Railroad and Petition Atty. Gen.

Last week there was circulated and signed the petition that follows, which is self-explanatory:

Lubbock, Tex., Sept. 18, 1913.
Hon. B. F. Looney,
Attorney General of Texas,
Austin, Texas.

Dear Sir: We the undersigned citizens of Lubbock County, Texas, noticing your continued prosecution of the "Katy" Railway Companies and believing your action in this matter is doing great damage to the reputation of our State at home and abroad, desire to enter our protest against this seemingly unwarranted procedure. We believe this suit unjust and that it is retarding the development of the whole state, especially the Western portion of it, which is so badly in need of railroads.

In our opinion, the only honorable thing left you is the dismissal of this suit and thus encourage, rather than discourage, the upbuilding of our great and glorious State.

The above was signed by about three hundred of our citizens and sent to the Attorney General asking as stated in the petition.

Railroad building has been greatly retarded the past few years largely on account of the adverse legislation that has been passed against railroads, and the west has been greatly hampered on this account, as it takes railroads to help develop the country.

NURSING MOTHERS
Particularly good the predigested nourishment in SCOTT'S EMULSION. It creates strength and rich active blood. It insures abundant nourishment and keeps baby growing.
Scott & Bowne, Bloomfield, N. J. 15-54

The Public School is one of the greatest factors in our country. When reformed by good, wholesome, reliable newspapers, it gives the American child a practical education. Without the aid of newspapers the public school can not give a boy or a girl that degree of general intelligence that you wish your children to have. You can now get The Avalanche and The Dallas Semi-Weekly Farm News for one year, three papers a week for \$1.75.

We accept and receipt for subscriptions at this office. Do the ordering and take all the risk:

That you can get JUST AS GOOD SERVICE AND JUST AS HIGH GRADE WORK

on your clocks, watches and jewelry, right here at home as you can get in any of the large cities?

Well just let that fact hit you square in the face and the next time you have

A WATCH THAT "WON'T GO" OR A BROKEN PIECE OF JEWELRY, GIVE US A TRIAL.

I have employed the help of an expert watchmaker and am prepared to turn out promptly and satisfactorily any work left in our care.

in Lubbock Drug Store
Lubbock, Texas

Mr. and Mrs. Will Ezell, of Crosbyton were here the first of the week trading with our merchants.

Citation by Publication

The state of Texas. To the Sheriff or any constable of Lubbock county—Greeting:

You are hereby commanded to summon R. E. Newlands by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 72 judicial districts, to appear at the next regular term of the district court of Lubbock county, to be hold at the court house thereof, in Lubbock, Texas, on the fourth Monday in November A. D. 1913, the same being the 24th day of November A. D. 1913, then and there to answer a petition filed in said court on the 17th day of April A. D. 1913, in a suit numbered on the docket of said court No. 700, wherein Geo. W. Carter is plaintiff, and J. R. Lanier, W. R. Spencer and R. E. Newlands are defendants, and said petition alleging that about Dec. 30th, 1911, defendant, W. R. Spencer made a conveyance to defendant J. R. Lanier of section seventy (70) in block "D" original grantee J. H. Gibson, situated in Yukon county, Texas, that in part payment for said land defendant J. R. Lanier, executed and delivered to defendant W. R. Spencer his two promissory notes; one of said notes being for the sum \$207.50, given in part payment for the east 1-2 of said section, there being reserved in said note and deed to said 1-2 section the vendor's lien to secure payment of said note, and the other note being for the sum of \$207.50 given in part payment for the west 1-2 of said section, there being reserved in said note and deed to said 1-2 section the vendor's lien to secure payment of said note; both notes being due one year after date, signed by J. R. Lanier and payable to the order of W. R. Spencer, with interest from date until paid at the rate of 8 per cent per annum, past due interest to bear interest at the rate of 10 per cent per annum and both notes providing for the usual 10 per cent collection fee; that in the deeds from W. R. Spencer to J. R. Lanier the said J. R. Lanier assumed payment of the purchase money due the state of Texas on said land.

That on January 2nd, 1912, defendant W. R. Spencer transferred both of said notes by blank endorsement to the plaintiff, and at the same time executed and delivered to plaintiff a written transfer of the vendor's lien on said land.

That on or about March 6th, 1912, defendant J. R. Lanier conveyed to R. E. Newlands the west 1-2 of said section in part payment for said land the said R. E. Newlands assumed the payment of the note for \$207.50 against said land and as a further consideration the said R. E. Newlands executed and delivered to said J. R. Lanier one vendor's lien note against said 1-2 section for the sum of \$1193.00, due one year after date, with interest at the rate of 8 per cent per annum, which is a lien that is inferior to the prior liens held by plaintiff.

That on or about the 10th of March, 1912, defendant J. R. Lanier conveyed the east 1-2 of said section to R. E. Newlands and in part payment for said land the said R. E. Newlands assumed the payment of said vendor's lien note of \$207.50 against said east 1-2 of said section, and as a further consideration the said R. E. Newlands executed and delivered to the said J. R. Lanier one note for the sum of \$207.50, due nine months after its date, with interest at the rate of 8 per cent per annum, which note is secured by a vendor's lien that is subject to the liens held by plaintiff.

That on November 1st 1911 there was due the state of Texas, as purchase money, the following interest on said section 70 the sum of \$57.47; that about the 15th day of February, 1913 it became necessary for plaintiff to pay said interest to prevent a forfeiture of said land and that defendants refused to pay said interest and refused to reimburse plaintiff for the interest paid by him.

That plaintiff is the owner and holder of the notes sued on and that the same are past due and unpaid and that

Arcadian Ranges

The housewife who uses the Arcadian Malleable Non-breakable Range can invariably obtain fine results, as the cooking done with it is more palatable and decidedly more nutritious—due to the fact that it is made securely airtight and perfectly controllable. Beautiful, of great strength, labor, time and money saved when you use this Range.

WILSON HOT BLAST HEATERS

Are a wonder to you when at the end of the month you will see how small the amount has cost you to operate. See the Wilson Hot Blast Heater now on our floor. Something new and good.

Nice line of Wabash crystalized, wood lined stove boards, coal hods, pokers and fire shovels.

R. A. RANKIN & SONS

defendants though often requested have failed and refused to pay the same, to plaintiff's damage in the sum of \$7000.

That plaintiff has placed said notes in the hands of Bean & Klett, attorneys and promised to pay them 10 per cent on the amount due as attorney's fees, which is a reasonable fee.

Plaintiff prays for judgment for the principal, interest and attorney's fees provided for in said notes and for the amount of interest paid the state of Texas with interest thereon from the date of payment until paid at the rate of 6 per cent per annum, together with a foreclosure of his lien against all the defendants for the respective amounts due upon each separate tract as set out above and that he have an order of sale issued for the sale of each of said tracts and for such other relief to which he may be justly entitled.

Hervin fail not, but have before said

court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this 19th day of Sept. A. D. 1913.

J. A. WILSON clerk,
District court, Lubbock county.
By LUTHER McCORMICK,
Deputy.

F. S. Cox, of Abilene, was here between trains Wednesday. He was enroute to Crosbyton, where he expected to spend several days. He is prospecting, and contemplates seeing the South Plains thoroughly before returning to his home.

See Simon Tiddy at Opera House, Tuesday night, Oct. 14.

Miss Sue Nelson left Wednesday for Petersburg, where she will spend several days in the interest of the Wheelock Dress Shop.

Whether You are Ready to Buy Now Or Not--It Will Be a Pleasure to Show You the New Styles

Just the smart styles in Dress Goods you have already settled upon in your own mind as being what you WANT for early Fall wear, are here in abundance. Some for exclusive, dressy wear, others suitable for all occasions—in black, white, light colors, dark colors, fancy mixtures and Novelty effects—but they are all LA PORTE FABRICS and guaranteed satisfactory. Whether you are ready to buy now or not, we want you to see them.

La Porte DRESS GOODS

Sell On Sight and Stay Sold

Every pattern we show represents some distinctive style feature for which the LA PORTE MILLS are famous. Yet in no instance has quality or service been sacrificed to conform simply with STYLE.

We believe the service of our Dress Goods department to YOU has been doubled this season over last. Furthermore, we know beyond all doubt that our assortments of stylish fabrics are better and the prices more reasonable than ever before.

Examine the new Brocade creations you have heard so much about. There are half-a-hundred beautiful combinations to choose from. Beautiful materials for all occasions that should not be overlooked:

Mercerized Poplins, Brocaded Poplins, Brocaded Bengalines, Mahrata Crepes; the new Bulgarian Silks, Silk Crepe de Chines, Faille-Ratine and any number of pretty shades, as Copenhagen, Prune, Wistaria, Mahogany, Carmel, Castor, Light Metal, Bergundy, Nell Rose, Old Rose, Brick, Strawberry and Maize. All the very newest shades and Novelty Styles are here at Prices from 25c to \$2.00 the Yard.

Citation By Publication

The State of Texas
To the sheriff or any constable of Lubbock county—Greeting:
You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Lubbock, if there be a newspaper published in said county, (but if not, then in the nearest county where a newspaper is published) for eight successive weeks previous to the return day hereof, you summon the return heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, whose names and places of residence are unknown, to be and appear before the honorable district court at the next regular term thereof, to be holden in the county of Lubbock, at the court house thereof, in the town of Lubbock, on the fourth Monday, in November, A. D. 1913, the same being the 24th day of November, A. D. 1913, then and there to answer the petition of Sallie M. Brown, plaintiff, filed in said court on the 9th day of September, A. D. 1913, in a suit in which Sallie M. Brown is plaintiff against the unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, defendants, the file number of said suit being No. 702 and the nature of plaintiff's cause of action being as follows, to-wit:

That plaintiff is the lawful and absolute owner in fee-simple of the following described tract of land, to-wit:
Six hundred and forty (640) acres of land situated in Lubbock county, Texas, known as survey No. 67 block A located by virtue of land scrip No. 325 issued to the E. L. & R. Co. and patented to Mrs. Jessie F. Haslett by Patent No. 322 Vol. 60, and described by metes and bounds as follows: Beginning at a stake the S. W. corner of Sur. No. 66, Blk. A for N. W. corner of this survey; thence south 1900.8 vrs. to stake for S. W. corner this survey; thence east 1900.8 vrs. to stake for S. E. corner of this survey; thence north 1900.8 vrs. to stake for the N. E. corner of this survey; thence west 1900.8 vrs. to the place of beginning.

That on, to-wit, the 1st day of September, A. D. 1913, plaintiff Sallie M. Brown was lawfully in possession of said land and premises and entitled to the possession thereof, that on, to-wit, said September 1st, 1913, said defendants unlawfully entered upon said land and premises and unlawfully ejected plaintiff therefrom, and have since said date unlawfully withheld from plaintiff the possession thereof and still unlawfully withhold from plaintiff the possession thereof to plaintiff's damage in the sum of \$5000.00.

That plaintiff's title to said above described land and premises is as follows, to-wit:
(a) Patent from the State of Texas executed by O. M. Roberts, Governor, and W. C. Walsh, Commissioner of the General Land Office, to Mrs. Jessie F. Haslett, Assignee of the E. L. & R. Co., dated February 8th, A. D. 1882, No. 322-Vol. 60, filed for record on the 23rd day of August, 1882, and recorded in Vol. 1 pages 109 and 110 of the records of Lubbock county, Texas.

(b) Deed from C. A. Haslett and Jessie F. Haslett to Arnold Brown, dated June 20th, A. D. 1882, filed for record Nov. 20, 1882, and recorded in Vol. 1 pages 116 and 117 of the deed records of Lubbock county, Texas.
(c) The last Will of Arnold Brown, deceased, and the proceedings of the Probate Court of Montgomery county, State of Ohio, in the estate of Arnold Brown, deceased, and all other papers and orders in said estate, certified and filed in said estate, recorded in Vol. 25 p. 441 and Vol. 31, pp. 44-51 of the deed records of Lubbock county, Texas.

(d) That plaintiff and those, whose estate she has, had and held peaceable, continuous, uninterrupted and exclusive adverse possession under title and color of title from and under the sovereignty of the soil of the land and premises hereinbefore described for a period of more than three years before the commencement of this suit, and that plaintiff claims title to said above described land and premises under the statute of limitation of three years.

(e) That plaintiff and those, whose estate she has, claiming the same under deed duly registered, had and held peaceable, exclusive, adverse and continuous possession of said land and premises hereinbefore described, cultivating, using and enjoying the same, for a period of more than five years before the commencement of this suit and that plaintiff claims title to said land under the statute of limitation of five years.

(f) That plaintiff and those, whose estate she has, claiming to have good and perfect right and title thereto, had and held peaceable, continuous and exclusive, adverse possession of said land and premises hereinbefore described,

cultivating, using and enjoying the same, for a period of more than ten years before the commencement of this suit, and that plaintiff claims title to said above described land and premises under the statute of limitation of ten years.
That the claim of the defendants unknown heirs of Mrs. Jessie F. Haslett, deceased, and their heirs and legal representatives, to said above described land, based upon the claim that the hereinabove described land was the separate property of Mrs. Jessie F. Haslett, deceased; that the acknowledgment of said Mrs. Jessie F. Haslett to the above described deed from C. A. Haslett and wife, Jessie F. Haslett, to Arnold Brown is invalid, and that said conveyance did not divest said Mrs. Jessie F. Haslett of her title to said above described land and that the same passed to the defendants upon the death of said Mrs. Jessie F. Haslett on or about, to-wit, the day of A. D. 1882.

Wherefore, plaintiff brings this suit and prays that said defendants be each and all duly and legally cited to appear and answer herein in the manner prescribed by law; that an attorney at law be appointed by the court to defend this suit for said defendants cited by publication; that upon final hearing hereof plaintiff have judgment against all of said defendants for the title to and possession of said land and premises; for damages and for writ of possession; and for all such other and further relief, both at law and in equity, general and special to which plaintiff may be entitled.
Herein fail not, but have before said court, at its aforesaid next regular term this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this 9th day of September, A. D. 1913.
J. A. WILSON, Clerk.
Dist. Court, Lubbock County.
BY C. F. STUBBS, Deputy.
A true copy I certify.
W. H. FLYNN, Sheriff,
Lubbock County, Texas.

To Prevent Blood Poisoning
Apply at once the wonderful old reliable **POKER'S ANTISEPTIC HEALING OINTMENT** to all cuts, lacerations, scratches, and other wounds at the same time. Not a liniment. 25c per tin.

Tax on Club Pool Tables

Another blow to social clubs was struck Saturday with the announcement by the Attorney General's Department that clubs operating pool and billiard tables should be levied upon for the occupation taxes. In many clubs the tables are not operated for profit and no charge is made, but the department declares that all tables should be taxed, inasmuch as pool playing does not come under the provisions of the constitution allowing clubs to be organized for pursuit of innocent sports. A test case will be made and the courts will be asked to determine whether such taxes shall be paid by the clubs.
Assistant Attorney General Keeling advised the County Attorney of Travis County that if social clubs have the right to operate pool and billiard tables they are taxable. Attorney J. W. Maxwell of Austin, is instituting proceedings to have the tables taxed.

The Avalanche is not a prophet nor a son of a prophet, but we predict that there is something going to start in the very near future that will open the eyes of some of Lubbock's would be rivals. Something is going to happen that will forever seal the facts in the case that Lubbock is the place where many railroads will cross, and where there will be railroad terminals, round houses, machine shops and division points till you will find few equals in the state, if any. If you want to come to Lubbock while she is a small city, you'll have to hurry!

MONEY IN BROOM CORN

Terry County Farmer Offered \$110
Baptists Have Good Meeting
at Brownfield

Terry County Herald

H. T. Brooks informed us last Saturday that he would make six or eight tons of broom corn and had been offered \$110 for it. H. T. has in about 160 acres of land that will produce between a two and three thousand dollar crop this year. Come to Terry.

After conducting a very successful meeting here, baptizing five and strengthening the brotherhood, Rev. Baucum, evangelist, from Greenville, Texas, his son, who conducts the song services, and Bro. Dixon, left Monday for Plains to begin a meeting. Rev. Baucum and son will return to Brownfield next summer.

Miss Clara Cowan who has been visiting in Lubbock a few days the past week, left Monday for Denton, Texas, to enter school her chief studies will be shorthand, typewriting and music, in connection with literary studies.

H. L. Ware has sold his crop to Mr. Lovelace and is going to take a trip into New Mexico, to see if he can find anything that will compare favorably with Terry county, in that country, if so he will locate there, and if not he will come back to Terry.

A capitalist of Kansas City has purchased the R. R. Wade ranch, near San Angelo which consists of 33,000 acres, and proposes to colonize same on a large scale. Several irrigation systems will be established on the property.

E. A. Clousnitzer of Quanah, has sued the Fort Worth & Denver Railroad Company for \$50,000 damages, as the result of an accident in which his auto was struck by a train. He claims that he has received serious and permanent injuries. -Clarendon News.

Lubbock, Texas No. 365

Capital Stock	\$75,000.00
Surplus and Undivided Profits	\$15,000.00

We offer you absolute safety for your money; as the non-interest bearing and unsecured deposits of a State Bank are secured by the Depositors Guaranty Fund of the State of Texas.

We appreciate any business given us, and are keenly alive to the needs of our customers. Give us a trial, no account too small.

O. L. SLATON, President.
W. S. POSEY, Cashier.

Cotton picking has been delayed the past week on account of the rain and has not been coming in very fast. Some are needing pickers very bad. It is now thought the yield will be considerably better than last year if frost will stay off a while longer. The early feed has all about been gathered and it is thought there is a little surplus as most every body has already harvested enough to run them another year. The crops are below the average but with the present prices this part of the country will compare with any part of the state most this year, financially. Eluvana correspondent to Snyder Signal.

See Ollie Wilkison for your stio filling. Good steam outfit. Phone 386 M. 11 tf

Of the 900 applications for entrance to the state institution for deaf and dumb only 425 can be accommodated, according to a statement made a few days ago by Superintendent Urbancke, and the institution will be crowded to accommodate this number. Governor Colquitt cut the appropriation of the special session of legislature approximately \$60,000. Of this amount \$55,000 was for a girls' new dormitory, and the remainder for other improvements. The schools opened Wednesday.

A second oil company has been organized at Stamford to be known as the "Co-operative Oil Company." The new concern has applied for a charter and it is expected that they will be drilling within a very short time.

Church Notes

[We will be glad to make any announcements of Church Service, Programs, etc., in this column free of charge, where no revenue is received from the services.—Editor.]

The Junior Baraca Class, of which J. T. Inmon is teacher and to which about 37 of as fine young men and boys as a town ever could boast of belongs to have outgrown their present quarters, and a call was heard at our Sunday School last Sunday for more room. The Busy Men's Bible class which is composed of

the men of more mature age, who also have a class of quarter of a hundred proposed to exchange class rooms with the boys, and the situation is temporarily relieved, but its only temporary for the Junior Baracas are workers and it will only be a short time till they will have the Bible Class room full. The Methodist church must have a new building if they expect to do the work that their Sunday School is contemplating. Can we afford to let it suffer?

We are requested to announce that Rev. J. T. Hicks, Presiding Elder of the Plainview District, M. E. Church South, will preach at Canyon school house, Thursday at 11:00 o'clock, October 9th. The occasion of his coming will be to hold the fourth and last quarterly conference of the Lubbock Mission for this year.

Considering the muddy condition of the streets, there was a splendid attendance at Sunday School at the Methodist Church last Sunday. All departments of the school are doing good work and the interest is good. A Sunday School choir will be organized Saturday night, and we are looking forward to a

great improvement in the song services that are so greatly enjoyed in this Sunday School. A visitor to our school recently said that few schools came as near all singing as ours, which is a good sign of interest. Let every member who can attend the choir practice, the first of which will be Saturday night, beginning at 7:45.

Superintendent.

MISSIONARY AUXILIARY NOTES
Monday, October 6, is the time for the regular business meeting. Quarterly reports will be made and important business transacted. Do not fail to be at the church at 3 p. m. The Auxiliary is soliciting subscriptions and renewals to the current magazines. Call or phone Mrs. Fred Boerner and she will gladly attend to your order for you.

A committee has been busy soliciting for the bazaar, if you have not been asked consider this an invitation to make something pretty or useful and send it in.
Publicity Supt.

Notice

My property in Lubbock county is now off the market. Real estate dealers be governed accordingly. Chas. Butler. 10-3tp

Let Us Put Your Stove Up

We are prepared to do this work on short notice and at small cost to you. Save yourself the time and trouble. You should have the flues in your house examined before putting them in use again.

We do all kinds of Sheet Metal and Tin work, and have a stock of guttering on hand now which we would like to figure with you for. A soft water tank is a good investment and we can put one up for you at a very reasonable price. Every job guaranteed to be of first class material and high class workmanship.

Our Work Must Please You Before We Are Satisfied.

Wm. J. Wilson, of Strong City, was here Monday prospecting.

J. H. Bond, Sheriff of Nolan county, was in the city Wednesday.

Miss Willie Briggs returned this week from extended visit to Colorado.

When you see an "Open Bull" think of the "Lorenzo Air Blast Gin." 6-1f

A. B. McAfee, of Miami, was here the first of the week looking after cattle interests.

T. M. Bartley, of Tahoka, was here this week, mixing with his friends in this city.

When you see an "Open Bull" think of the "Lorenzo Air Blast Gin." 6-1f

Orville Moody is now in Waco, where he has accepted a position with Wood & Wood.

J. E. Mull shipped a car of cattle and a car of hogs to the Fort Worth market this week.

Mrs. O. F. Boyd, of Meadow, autoed in last Monday and was trading with our merchants the greater part of the day.

J. H. McClung left Tuesday forenoon for Plainview, where he will spend a few weeks with his daughter, Mrs. Burt.

M. L. Steele and A. L. Waggoner, of Groom, Texas, were here the first of this week, looking after business matters.

The harvesting of crops has been greatly delayed the past week by the continued wet weather. It was just getting about dry enough to begin work again when the rain came Wednesday, and now it is probable that no harvesting weather will be had this week.

Remember The Chicago Ladies Orchestra will be at the OPERA HOUSE

TUESDAY, OCT. 7th

Under the personal direction of Louis O. Runner PRESENTING

Popular Music At It's Best

The Chicago Ladies Orchestra, under direction of Louis O. Runner, represents the highest standard of concert orchestras. The following tribute comes from Rev. J. T. Bacon, Chairman of the Springfield, Mo., Entertainment Course. "Our people were unanimous in pronouncing the concert by the Chicago Ladies Orchestra as ranking above the recent performance of Sousa and his famous band, both in respect to entertaining quality and musical excellence."

ELIAS DAY writes: "I want to congratulate you on the splendid work of the Chicago Ladies Orchestra. I know of no organization of the kind the Lyceum that can quite equal it for vim, precision of attack and good musical qualities. The keen appreciation of the audience as evidenced by the numerous encores demanded, voiced my sentiments exactly. I hope to have the great pleasure of hearing them again."

EAGLE GROVE (Ia.) RECORD—This one number by the Chicago Ladies Orchestra was well worth the price of admission for the entire course.

A. and M. COLLEGE (TEXAS)—The prettiest and most talented company of ladies ever on our course.

WATERTOWN (S. D.) OPINION—The entertainment was one of the finest ever in the city.

CALUMET (MICH.) GAZETTE—The entertainment was the finest enjoyed here in a number of years. The audience was captivated.
