LUBBOCK UNION REVIVAL MEETING

PASTORS ASSOCIATION OF THIS CITY HAVE MADE ARRANGEMENTS FOR BIG REVIVAL

WILL BEGIN SECOND SUNDAY IN AUGUST

Evangelist M. J. Thompson, of Stephenville, Will Conduct the Meeting and His Singer Will Accompany Him and Conduct the Singing—Lubbock Churches Will Co-Operate.

Union Revival Meeting For Lubbock

For several weeks past, plans have been under formation for a great Union Revival Meeting, combining all the religious forces in Lubbock, by the Pastors Association. Every church in town has received a formal invitation to unite in such an effort. The sense of the resolution adopted by the pastors, was as follows:

"Be It Resolved, That the following churches enter heartily into a Union Revival effort, to be held sometime during the month of August, in Lubbock, Texas."

As soon as the plans reached concrete form they were referred to the several churches for ratification. The results of indorsement follows: The Methodist, South Side Christian, First Presbyterian, Cumberland Presbyterian, and the Nazarene churches officially unite in the effort, the Baptists co-operate as individuals, but no official action was taken by the congregation as a whole. No response received from the other churches in the town.

In the discussion that followed the consideration of the aforesaid resolution, it was clearly understood that the object of the revival effort was the salvation of the unsaved, and the quickening of the spiritual life of the churches. The converts were to be left free to choose their church, affiliation for themselves, and the reception of the converts into the church of his choice was to be left entirely with that church. There is to be no proselyting during the meeting.

The names of several prominent evangelists were proposed for leader of our forces, and after prayerful and thoughtful consideration, M. J.

Thompson, the well known lawyer evangelist of Stephenville, Texas, was unanimously chosen, formally tendered the invitation, and has accepted, and will be on hand with his singer to begin the meeting on August 9th, same being the second Sunday in August.

A general committee, consisting of an equal number of laymen from each church represented, together with the pastors, will compose the Executive Committee, in whose hands will be placed the general arrangements and management of preparations for the meeting. They will be called together for the first official sitting immediately after the 22nd of April, the exact date to be determined, and at that time organization being perfected, the detail and general features of the meeting will be thoroughly discussed.

Announcements will be made from time to time through the press of the progress and plans decided upon, and a systematic campaign will be launched looking for a great meeting. The reputation and ability of the evangelist selected guarantees that if the religious forces of Lubbock rally to his support, as we believe they will, we will have the greatest meeting ever known in Lubbock. Let every Christian begin earnestly to pray and plan for the meeting. Get your affairs in shape so that this meeting will have the right of way when it starts.

Later the Episcopal church, after due consideration, will co-operate in every way possible in the meeting.

RURAL TELEPHONE COMPANY

Wednesday night, at the Canyon school house, a rural telephone company was organized and they will put in an up-to-date telephone line from Lubbock to Acuff, to be built of a high-grade material and maintained in first-class condition, and to have full connection with the Southwestern Telephone system at this place. Officers for the new company were elected as follows:

B. C. Warren, President; J. T. Brown, Vice-President, and W. B. Burford was elected secretary. This will be a stock company, and they have 25 members already pledged and expect to have 30 in all. This is a commendable move by the people of that community, and the Avalanche will have more to say about this organization as the work progresses.

F. H. Partin, of Snyder, was here looking after business matters the first of the week, and also to visit at the home of Mr. and Mrs. W. M. George.

C. H. Partin was here from Hockley county Saturday. He says he has about 100 acres of land flat broke and another 100 acres listed. He also reports a good rain in that community.

Tell your friend that next Sunday is "Go-to-Church" Sunday for Lubbock. Invite him to come and then BRING him.

Next Sunday, April 19th, is "Go-to-Church" Sunday for Lubbock. Are you going?

FLY-SWATTING THE RAGE

Boys and Girls Are Dealing Misery To the Flies All Over the City—The New Proposition

The fly is coming in for a wartime reception this spring in Lubbock. The campaign that was inaugurated by the Lubbock Civic League last month has created much interest, especially among the boys and girls, and it's all the rage now—swatting the flies.

The Civic League last month paid at the rate of 10¢ per 100 for all flies delivered at the office of Drs. Hutchinson & Peebler, and there were many flies cashed in. This month, the league purposes to pay at the rate of 25¢ per pint for all flies captured and taken to the office of these physicians; and in addition to this, there will be a cash prize of \$5.00 given to the party capturing the greatest number of flies during the entire month of April. This latter prize is offered by the Hunt Grocery Company.

The Fly Committee of the Civic League also authorizes us to make the statement that there will be a grand prize given at the end of the campaign to the party who has killed the greatest number of flies during the campaign. The amount of this prize will be determined and announced later. There will be a complete record kept in the office of Drs. Hutchinson & Peebler, and the prizes will be awarded according to their records.

Special prizes will be given during each month, and next months prize will be announced before the close of April. If you expect to keep posted, better read the Avalanche closely.

J. W. Ames left Wednesday for Beaumont, where he goes in the interest of his Ames' Portable Silo.

K. T. EASTER SERVICE

Lubbock Commandery, Knights Templars Hold Easter Service in the Baptist Church—Many Attend

Lubbock Commandery, No. 60, K. T., attended divine worship at the First Baptist church on Easter Sunday, the services being conducted by Rev. S. Park, of Plainview. About 20 Sir Knights in full uniform marched from their hall to the church, where a beautiful program was rendered, after which Rev. Park delivered a splendid sermon, dealing largely on the origin and teachings of knighthood. Standing room was at par, the crowd was so large that many left because they were unable to obtain seats. Much of the success of the program was due to the efforts to Miss Huff, who furnished the music, as well as the other ladies who assisted in the singing. Each part was exquisitely rendered. The program as published in the last issue of the Avalanche was carried out in full and was greatly enjoyed by the entire audience.

Joseph Wedell, engineer in charge of Lubbock/Textco cut-off work, is expected home this week from an extended vacation trip to Brownsville, Corpus Christi and other South Texas cities.

Misses Elizabeth and Pearl Webb, of Hale Center, came over Sunday to attend the cantata, "The Holy City," at the Baptist church, Sunday evening.

Mrs. J. Floyd Lewis and children, J. Floyd, Jr., and Kathryn, of Sweetwater, are visiting at the home of Mr. and Mrs. Geo. F. Turner.

Baptist Ladies' Aid

"Busy" doesn't begin to express our condition these days. April is always a busy month with Southern Baptists. A kind of "spring campaign" opens up and the fight is on in earnest until after the meeting in May of our great Southern Baptist Convention, the largest organized religious body in the United States. The sun never sets on its work and workers. We are proud to be a very small part of this great organization. We have recently completed our Mission Study—"Mexico Today," and our next lesson will be in the new book, "In Royal Service." It is a history of the work of Baptist women for more than 100 years. During our study of Mexico, we were much indebted to Mrs. J. K. Miller, who spent about 18 months in Mexico, just previous to the present revolution which is being so fiercely waged in that country. Her knowledge of the Spanish language together with her personal contact with Mexican life in its different phases, enabled her to lead the class and be of much service to our teacher and of especial interest to each one who was anxious and willing to learn more of the conditions in that beautiful but oppressed and downtrodden country. We have started in to study every Baptist mission field on earth. Lack of information is the great drawback to Christian progress in every denomination, but the signs are brightening, and the masses are realizing, as never before, that knowledge is power, and ignorance is weakness. In the distance we can see the dawn of that glorious time when the "earth shall be full of the knowledge of the Lord, as the waters cover the sea."

Frank Neal, who has been employed by Messrs. Martin & Wolcott for some time past, left Tuesday afternoon for Dallas, where he has accepted a position with his uncle and will make Dallas his home. Mrs. Neal and baby will join him there at a later date.

J. A. Wilson has taken charge of the Sanitary Meat Market, and will open it for business Saturday, April 18th. Mr. Wilson asks a share of the patronage of our citizens in his line, and we ask you to read his ad in this issue.

Jim Hart, who has been feeding cattle for the Spade ranch people during the winter months, came home Tuesday, and reported that the cattle had all been taken off feed and turned out on the green range.

E. P. Stewart left Monday forenoon for Oklahoma, where he will spend some weeks, visiting and looking after business matters. He has been here with his son, S. D. Stewart, for several months.

Mrs. N. C. Danner, daughter of J. P. Webb, who is here from Oklahoma, for the benefit of her health, was taken to the Overton Sanitarium this week for treatment.
S. W. Winston, of Brownfield, spent Tuesday here, meeting old acquaintances and looking after business matters.

FRIDAY-SATURDAY CLEAN UP DAYS

NOW IS THE TIME FOR ALL GOOD CITIZENS TO COME TO THE AID OF SANITARY CONDITIONS

TWO DAYS DESIGNATED AS CLEAN UP DAYS IN LUBBOCK

No Good Citizen Can Afford to Fail to Co-Operate Most Willingly to the Request of the City Authorities in the Matter of a General Cleaning Up in Lubbock.

A large per cent of the people of Lubbock are fully aware of the fact that Friday and Saturday of this week have been designated by the City Council of Lubbock as Clean-up Days, and are making arrangements to enter into the work in earnest on Friday morning, and a number have not waited until then, but have already begun and finished, and as a result many premises are already spotless, so far as cleaning up the trash and tin cans are concerned. This is the true spirit of good citizenship, and if every citizen of Lubbock will co-operate in the matter, Lubbock will be a much cleaner town Saturday than it is today.

The Civic League has been pushing this proposition and is working diligently to make the clean-up days a great success, but they, as an organization, can merely act in conjunction with the city authorities, and as the League has no funds with which to pay for cleaning up, the responsibility rests with those who own property here, or have homes in the city, to see that the work is done and that the trash, rubbish, etc., is hauled off to the dumping ground.

The city health officer will make a tour of inspection of all the premises in the city immediately following the dates set for this work, and will report all to the city authorities who have not complied with the sanitation requirements, and where it is necessary, compulsory means will be invoked to have everything removed from the city that should come

under the ban of the ruling of the council. While we do not anticipate that anyone will fail to co-operate in every way possible, yet we drop this gentle hint of warning in the way of information, that people may know that this cleaning-up proposition is no joke, but is for the purpose of having a cleaner, hence more healthy surroundings.

Let everybody get a hoe, a rake, or any old thing that is needed to remove the trash from the back yard, the alley and every other place where there is an accumulation of rubbish, tin cans, bale-wire etc., and get connected with the trash hauler, so he can come and get same and haul it away.

The matter is left with you, trusting to your honesty and principles of good citizenship to comply with the requests of those who started the movement for a cleaner Lubbock.

We would suggest that all business houses in Lubbock close their respective places of business at 3:00 o'clock p. m. Friday, and devote the remainder of the day to cleaning up about their places of business. This is merely a suggestion, however, but we believe that it would meet with the hearty approval of every business man in town, and we are confident that their customers would be glad to hold over their orders, so as not to hinder the progress of such a move. Anyway, everybody clean up! Then you can invite your friends to come to Lubbock.

Judge Spencer is in Post City again week, holding a special term of the District Court. Among the various cases set for this special session is that of the boundary line suit from Dawson county, styled, F. M. Weaver vs. R. W. Higginbotham et al, which case was transferred from the Dawson County Court. The litigation involves a large number of land holders in Dawson county and is attracting a considerable amount of interest. Lawyers of noted ability have the case in charge for their clients on either side, and it will be one of the hottest contested civil suits that has ever been tried in the District Court of the 72nd Judicial District.

Mr. and Mrs. A. Judd, who visited relatives at Hale Center during the latter part of last week, returned home Monday afternoon.

Geo. L. Davis, Leslie Paw, E. P. Earhart and C. C. Cooper were among those who attended the Cumberland Presbyterian Presbytery at Hale Center, which convened there last Friday and Saturday. The services continued through Sunday.

Rev. J. L. Elliott, former pastor of the Cumberland Presbyterian church of this city, now of Lorraine, passed through Lubbock Monday, on his return home from the Panhandle Cumberland Presbytery at Hale Center.

Norton Baker, Geo. Merritweather and Tab Merritweather, of Lockney, were here this week on business, coming over the road in a "Hup."

The youngest son of Mr. and Mrs. J. D. Peeler arrived in Lubbock last Sunday evening, and will make his home in this city with his proud parents in the future.

Mr. and Mrs. Donaldson and Miss Carter, of Tahoka, were here Saturday.

G. S. Baines, Jr., and wife were here shopping Saturday.

Miss Leona Fisher was visiting Miss Laura Mallard, Friday and Saturday, from Hale county.

Misses Mattie Jones and Mary Brown visited T. H. Ellis and family Saturday.
Mrs. Stokes, of Tahoka, has been here the past week, visiting.
Miss Bertie Lee Hicks is visiting relatives in Cameron, Texas.
Mrs. Pearson was here Saturday from Abernathy, shopping.
Attorney J. E. Vickers made a business trip to Abernathy, Monday.

MILITANT JOURNALISM ABROAD

People who know the Paris Figaro sufficiently well to remember its make-up, will recall the little figure of the crossed fells which always accompanied the editorial articles on the first page, signed by Gaston Calmette. The militant symbol was an announcement of the editor's readiness to be called to account for his statements. In his lifetime, says the New York Evening Post, M. Calmette presumably went through a large number of the highly picturesque duels which are a regular incident of the journalistic profession in France. It is doubtful, however, whether the editor of the Figaro expected to be called to account with such fatal directness as marked the recent tragedy in the Due Drouot. The campaign which the Figaro has been conducting against M. Callaux was bitter enough, to be sure, but such press campaigns are far from uncommon in Continental politics, and especially in Paris. If M. Calmette's attacks

on the Minister of Finance were exceptionally virulent, the thing to have been expected was that the inevitable meeting on the field of honor between the Cabinet Minister and the editor would be a bit more serious than the ordinary encounter of this sort. But the affair had evidently gone beyond the point where a drop of blood from the forearm would satisfy both parties. In the midst of the hysterical woman who did not hesitate at murder, the issue seems to have presented itself as a choice of disaster for her husband or for his enemy. The publication of a letter in the Figaro was the specific cause of the tragedy. Its avowed purpose was to prevent the publication of similar letters.

The American newspaper man who makes his first observations of the Parisian press, is usually struck with its academic character. Especially would this be his opinion of the Figaro, historically the most boulevardier of the French newspapers, with its particular appeal to the leisurely

and literary classes, with its staff of contributors drawn largely from the French Academy or future members of the academy, with its first columns on the first page given over to an essay by Paul Bourget or Pierre Loti, or Ferrero. Or, after an important first night at the theaters, it might be two or three columns of verse by Rostand or Zamacois. Also, on the first page, are the light "Echoes" of Parisian life, which once a week assume the form of thinly disguised advertisements of dress-makers and perfumers' shops; and the humorous comment on the events of the day. Only half way down the last column of the first page does the big "news" story of the day begin—and no exception was made even in the loss of the Titanic. Small wonder if the newspaper observer from Chicago frequently overlooked the trenchant, short editorial hidden away somewhere in the middle of the first page, usually signed with the initials or the full name of the editor-in-chief. That the Figaro was not altogether an academic sheet, far from the pressing interests of life, is today pretty evident.

Beneath its apparent academic nature, French journalism is vigorously militant and personal—personal in the sense that it is directed by outstanding personalities, and against outstanding personalities. As yet we have no specific information as to the exact nature of the letter from M. Callaux to his wife, the publication of which in the Figaro led to the murder of its editor. But even if the contents of the letter were political in substance, it is hard to imagine in this country, even in the yellow press, a politician's letters to his wife being employed as a weapon against him. This arises, of course, from the intense bitterness of personal and party rivalry in French politics. But a factor that enters immediately into the problem is the strong impress of a single personality which so many of the Parisian newspapers bear. A fair comparison is not with the great daily organs of this country or London, but with a publication like London Truth under Labouchere. The average Parisian newspaper is not perhaps so emphatically a one man's paper as La Lanterne was under Henri Rochefort; nevertheless, the great fighting papers approximate that ideal. L'Humanite is Jean Jaures; Le Gaulois is Arthur Meyer. Various organs have at different times carried the powerful stamp of M. Clemenceau. Paris has undoubtedly its great papers which are primarily news sheets—Le Matin, Le Petit Parisien, La Petite Republique, with enormous circulations. But the militant organs are even today the expression, predominantly, of a sin-

He will. In this respect we find once more how extremes meet; how certain conditions of journalism are common to highly civilized centers like Paris, and the less sophisticated regions of America. The European "journalist" corresponding to our reporter, probably leads a less strenuous life in the matter of hustling for news; but fencing lessons must take up a considerable part of his time. As for European editors, it has been shown that in Berlin they are in jail, and in Paris the risks they take are plainly serious.

IN TEXAS GRANARIES

McKinney, Tex., Apr. 15.—There were 48,962,000 bushels of corn on Texas farms on March 1st, according to the returns of a recent canvass made by crop correspondents of the United States Department of Agriculture, made public here today. Compared with last year, this is a decrease of 3,182,000 bushels, or 6 per cent less than the stocks on hand were March 1, 1913.

The farmers of Texas last year purchased 30,000,000 bushels of corn from outside the state, and present indications are that the 1914 crop of imports will exceed this amount by several million bushels. Some of the product is being shipped from Argentina, South America, as the recently enacted tariff laws permits this cereal to enter the ports of the United States duty-free, yet the principal supply of the imported grain of Texas is coming from the original sources—Kansas, Oklahoma, Iowa, Nebraska and Missouri.

While 50 per cent of the corn raised by Texas farmers is marketable it is largely consumed on the farms where produced, there being only 6 per cent of the crop shipped out of county where grown. Texas crop on March 1st, this year, was setting producers 57 cents, compared with 53 cents per bushel on the same date last year.

Do Your Buick Buying Early

The Buick Motor Company has built, sold and delivered 22,000 cars so far this season. The total production for the 1914 season will be 32,000 cars. This leaves only 10,000 cars for distribution during the spring and early summer, the active season among motor car buyers.

Those 22,000 cars—two-thirds of the factory output for the year—were sold during what is admittedly the dull season.

THE HOME CIRCLE COLUMN

Crude Thoughts From the Home Circle Editorial Pen

Don't Be Wild, Girls

Wildness is a thing which girls cannot afford. Deliney is a thing which cannot be lost or found. No art can restore the grape's bloom. Familiarity without confidence, without regard, is destructive to all that makes woman exalted and ennobled. It is the first duty of a woman to be a lady. Good breeding is common sense. Bad manners in a woman is immorality. Awkwardness may be irreparable; bashfulness is constitutional; ignorance of etiquette is the result of circumstances. All may be condoned and not banish men and women from the amenities of their kind. But self-possession, unshrinking and aggressive coarseness of demeanor may be reckoned as a state's prison offense, and certainly merits that mild form of restraint called imprisonment for life. It is a shame for women to be lectured on their manners. It is a bitter shame that they need it. Do not be restrained. Do not have impulses that need restraint. Do not wish to dance with the prince, unsought; feel differently! Be sure you confer honor. Carry yourself so lofty that men will look up to you in regard, not at you in rebuke. The natural sentiment of men toward woman is reverence. He loses a large amount of appreciation when he looks on her as a being that must be trained into propriety. A man's ideal is not wounded when a woman falls in worldly wisdom; but if she falls in grace, tact, sentiment, delicacy or in kindness she will be found wanting, he receives an inward hurt.

The Hon. Ed R. Kose, State Commissioner of Agriculture, assures us of his hearty support, and we feel quite confident that the A. & M. College, the U. S. Demonstration and Cereal Departments, together with the Agricultural Departments of the Santa Fe and the Ft. Worth & Denver, and the Rock Island railroad lines will join us in this worthy cause. Believing as we do, that our farmers are greatly in need of special instructions, especially along the line of stock farming—a short course covering every phase of the subject will be of inestimable value.

The committee has in mind a program for the Institute and Short Course, covering such subjects as Cattle Breeding—beef and dairy types; Hogs; Sheep; Conservation of Moisture, in winter as well as in spring and summer; Soil Preparation and cultivation of various crops peculiarly adapted to the Panhandle and South plains, including crops known as "Soil Renovators, Ensilage—its use and value; also a complete course in Domestic Science.

"Commissioner Kose is very much interested in this movement, and advises us that "if we get the co-operation of the Institutes now organized, he will at once endeavor to thoroughly organize each county desiring to participate in said meeting," and he further states, that "he is quite confident he can secure transportation for delegates to the Institute at Amarillo.

"You understand, of course, the Agricultural Department has done a vast amount of this class of work in the Panhandle, and this move on our part would give increased impetus to the work. We confidently expect that with the many attractions in the way of lectures, carloads of equipment from the A. & M. College, and men of national prominence along agricultural and livestock lines from other states, this will be a wonderfully helpful meeting.

"The Panhandle is an empire within itself, and is incomparable to any other section of the United States. Its elevation and climatic conditions at once put it in a class by itself. With Nature's storehouse here in the Panhandle, there is abundant riches for all,—let's find the key.

"We trust you may feel warranted in bringing this matter to the attention of your Institute, and that you will favor us with an early reply, giving us your personal views, and

OUR RESTLESS TENANTS

The suggestion that the tenant farmers of Texas receive consideration will no doubt prove welcome news to a large portion of the agricultural population of the state. There are 230,000 of these restless tenant farmers hurrying to and fro, like wild birds flying before a storm, searching aimlessly for escape; like savage beasts fleeing before a forest fire! Is it any wonder if they, as sink deeper and deeper into the mire of civilization, turn and snarl like beasts and snap like curs? In such mental soil, the poisonous vine of suspicion bloom, the thistles of revenge thrive and the frost of anarchy crystallizes into revolution. It is not a problem to be postponed, it should receive first attention.

BOX SUPPER A SUCCESS

Members of the Ladies' Club at the Vaughn School House—April 4th
A Great Success

The Box supper given by the members of the L. C. S. C. on Saturday night, April 4th was a decided success, financially, as well as socially. The event awakened the interest of the community as nothing had done since the big singing convention, a year ago. Despite the inclement weather and the bad roads caused by the recent rains, a greater number of people were present than we had dared hope. Nearly all of our own people were out and a number from Lubbock and other places.

We, the Ladies of the L. C. S. C., enjoyed the affair from the time we began making preparations to the last moment.

Judge Haynes made us an interesting talk along the line of Club work, and said many things to encourage us.

Mr. J. T. Inmon made a short address, which was appreciated by all.

Uncle Sam Spikes had failed to bring his "speaker," but we appreciated his presence, and thank him for his kindness in giving to the club the beautiful picture donated by Mr. Ed Robinson, which Mr. Spikes won in the contest. He also drew the lucky number for a sack of flour by Messrs. Martin & Wolcott. This, he also gave back to the club, to be sold at auction, the proceeds to go to the club. He must have been born with a lucky star in his horoscope. We hope so, and wish him success in his race for office.

Mr. Chris Harwell, unlike Uncle Sam, had no "speaker," at home, as an excuse and had to take the floor. He made a touching talk in honor of mothers, and spoke of our work in way that did our hearts good. He bashfully confessed that he is a candidate politically, and we presume he is on another ticket, too. If not we wish him success in both races.

After the speeches, came the guessing contest on the jar of peas. Mr. Alvie Acock being awarded the prize, a diamond pin, (cost us 10c).

The grab-bag caused a lot of merriment and brought in a lot of nickels. The picture donated by Mr. Robinson brought \$4.50. We will hang the picture in the school room until we have a club room of our own. The sack of flour donated by Messrs. Martin & Wolcott brought \$4 in the contest and then sold for 1.75.

The boxes were beautiful and all sold well, due to the fact that we had a splendid auctioneer, Mr. D. M. Davis, to whom we are grateful for aiding us in that capacity.

Now we have in our treasury something over \$52, while our club is only six weeks old. We realize we have much to learn and see many things before us that seemingly all need to be done first. We meet with encouragement on every hand and feel that we are going to succeed.

After the ladies had sold all their boxes, the boys asked permission to sell a box to raise money for their baseball team. A neat sum was realized, and the boys will soon organize a team. We wish them success and lots of good times, for what mother is not interested in the pleasure of her boys. This was not the work of the Mother's Club, yet the boys must have entertainment, and we wish them success with their team, to the extent they need not go away from home.

Many thanks to the editor of the Avalanche for giving us space in the Avalanche.

On account of the heavy movement of cattle in the various sections of the state, E. B. Spiller, Secretary of the Texas Cattle Raisers' Association, with headquarters in Ft. "The Close Price Store."

ANDREWS' CATTLE DEALS

Will Manning, one of our prominent ranchmen, sold 450 head of two-year-old steers and heifers to A. G. Orbenmeyer, of Sioux City, Iowa, the price received being \$40 around for every "two" in the herd, the usual privilege of 10 per cent "cut back" was not requested.

W. W. McQuatter sold 80 head of his silo-fed yearlings to J. C. Ainsworth for \$40 around. Mr. Ainsworth shipped to Fort Worth and placed them on that market Tuesday.—Andrews County Times.

Jno. F. Robinson returned from Fort Worth, Monday, where he had been spending a few days looking after business matters and visiting Mrs. Robinson, who is spending a few months in that city.

Hugh Goggan was over from Crosby county Tuesday, looking after business matter.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

YOUTH

"A rose with all its sweetest leaves yet unfolded."

Young friend, with your future before you, what will you make of it—success or failure? With youth and health, you have the power within you to possess the blessings of practical knowledge, the joy of achievement, the content of success—but only through intelligent effort. If you have within you the love of higher things and better days; if you have ambitions, energy and determination; if you are free from bad habits that dwarf your intellect and unfit you for consideration by business men, we can train you in business methods—Bookkeeping, Shorthand, Typewriting, Writing, Business Arithmetic, Business English, Business Law, Telegraphy and Station Work, and secure you a good position. You have no time to lose. The spring and summer months should be used in securing a practical knowledge, that you may accept a good paying position when the busy fall season begins.

In our years of experience as teachers, we have watched our students unfold and blossom into superior manhood, awaken to the responsibilities of business life and crown their labor with success. What we have done for them, we can do for you. The business world is seeking everywhere for young men and women who are able to do the work the business office demands. Let us insure upon you, in the language of Nevada, a Hindu sage, "to know, how to conduct oneself, and how to judge." Young friend, use your youth in the pursuit of knowledge. We could give you no better advice than to join our industrial hall of students; they are here from many different states, and are going out daily as their course are finished, into splendid positions secured through our Employment Department.

Our large catalog, containing the statements of young people who have traveled the road we are advising you to travel, would be interesting reading to you. The letters from business firms with whom they are now engaged would be encouraging to you, and our low tuition rates, together with the short time taken to complete the course would be a pleasant surprise to you. Fill in your name and address and mail today for catalog.

COMPULSORY EDUCATION

A vigorous plea for compulsory
school attendance laws in the South-
ern states is made by William H.
Hand, State High School Inspector
for South Carolina, in a bulletin just
issued by the United States Bureau
of Education. After pointing out that
the six states still without compul-
sory laws—South Carolina, Florida,
Georgia, Alabama, Mississippi and
Texas—and the four states with com-
pulsory laws that apply only partial-

ly—Maryland, Virginia, Louisiana, Ar-
kansas—are all Southern states, Mr.
Hand presents statistics showing
that although illiteracy has been rap-
idly disappearing in these states dur-
ing the last two decades they
still have the highest percentage of
illiteracy among the white population.
"The figures can have but one
meaning," declares Mr. Hand; "they
show that compulsory education re-
duces illiteracy."
The opponents of compulsory edu-
cation insist that the people will
send their children to school with-
out being compelled to do so, if
only they are shown their duty and
their obligation to their children.
These opponents declare that the
younger generation of white children
are already in school. Neither con-
tention is true. In 1910 the 12 South-
ern states had 788,663 native white
children between the ages of 6 and
14 not in school.

"Who are these illiterate white
children, and why are they not
in school? Some of them are the
sons and daughters of parents them-
selves ignorant and unable to appre-

Community Co-Operation

Copyrighted Farm and Ranch-Holland's Magazine.
By R. K. Phillips.

Everyone is more or less proud of
the community in which he lives, and
justly so. But, really, about the most
inconsistent thing I know of is a per-
son who evinces great interest in
local affairs and conditions, and at
the same time deliberately does those
things that tend to retard the devel-
opment of his home town or commu-
nity.

Those people who proudly boast of
the advantages offered by their home
town as a desirable place in which to
live, and then fail to extend their lo-
cal merchants their patronage when-
ever possible, appeal to me as being
about as ridiculous as the proprie-
tor of a restaurant who loudly praises
the quality of food and service he
offers to the public, and then

eats elsewhere himself.

It may be a fact that your local
stores are not as large or as hand-
somerly equipped as some of the big
city stores, but surely you will agree
with me that your merchants cannot
possibly enlarge their business or im-
prove their service beyond the ex-
tent of the patronage accorded them.
Therefore, if you are interested in
bringing about better local shopping
facilities, it is up to you and every
other resident of your locality to
buy in your local market whenever
possible, thereby keeping your money
at home, where it can work its
way through various channels for the
improvement and growth of your
community.

ciate or to understand what an edu-
cation means to their children and
to the state. Some are the children
of sordid fathers and mothers, who
are more than willing to make wage
earners and bread winners of their un-
taught offspring, at the expense of
their future manhood and woman-
hood. Many are at work on the
farms, sacrificed to the monotonous
round of planting, cultivating, harvest-
ing crops. Some are at work in stores
and shops, or engaged as messenger
boys,—all at a small wage. Many
are employed in the nerve-dulling
and blood-sapping environment of the
mills, receiving good wages as chil-
dren, in exchange for vigor of body
and training of mind as men and
women; while thousands of others
are roaming the streets and country
lanes, the training grounds for idlers,
vagrants and enemies to law, order
and decency.

"When the state has provided the
schools for all its children, it has
performed only a portion of its duty.
If a universal school tax is a neces-
sity, compulsory attendance by the
state is also justifiable. The state
has no right to levy and collect taxes
for a specific purpose, and then per-
mit that purpose to be defeated at the
hands of indifferent or selfish
parents.

"Objection is often made that com-
pulsory attendance would work hard-
ships in the homes of the poor. Is it
not a fact that the poor child is the
very one who most needs the aid
of the state to bring him into pos-

session of his own? He it is who
must soon face the complexities of
modern life and the insistent de-
mands of citizenship, with none of
the advantages common to birth or
wealth. The poor child is the very
one whom the state ought to help,
because he himself is helpless.

"The argument against compulsory
attendance on account of the negro
has been worn threadbare; surely,
the time has come to drop it. Some
phases of it are pathetic. Is it wise
or expedient to permit thousands of
white boys and girls to grow up in
ignorance, lest in forcing them into
school the aspirations of the negro
child should be awakened? Shall
the white man remain ignorant in
order to encourage or compel the
negro to remain ignorant? Is it bet-
ter for white and black to remain
ignorant than for both to become
intelligent?

"I yield to no one in the matter
of pride over what has been accom-
plished educationally in the past 40
years. We have planned better
schools, inspired the taxpayers to
vote taxes for schools, encouraged
the people to build model school
houses, to lengthen their school
terms, to employ better teachers and
to pay them better salaries, and to
make the schools their pride. But
what has been accomplished in the
way of a substantial decrease in the
illiteracy of the citizenship? Of
what value are all of our school tax-
es, our elegant school houses, our
improved schools, to the thousands

FACTS ABOUT THE NORMAL

R. B. Cousins, President of the State Normal, Gives Report of the Existing Conditions

In response to numerous and varied inquiries from all parts of Texas, and particularly from West Texas, concerning the present and future work and plans of the West Texas Normal College, whose main building was destroyed by fire on March 25th, the following letter is given to the public:

A conservative estimate of the loss from the fire is \$225,000. There was \$50,000 insurance on the building and \$20,000 insurance on the furniture. It is practically certain now that the entire \$100,000 will be paid. The estimated value of the property saved, consisting of books, scientific apparatus, desks, chairs, etc., is \$5,000.

While the fire was hottest, the faculty met and took initial steps toward the continuation of the year's work, and in less than 24 hours after the building was destroyed, classes were meeting as usual in quarters provided in the court house, in the different churches and in a few vacant business houses. The property which was saved was brought into immediate use and orders for all necessary additional equipment.

The institution was fortunate in having to its credit a few thousand dollars from the last legislative appropriation. To this amount the students have added a \$2 book fee each, the Alumni have undertaken to raise 500, and the public school children and teachers of Hartley have made a small but generous donation. With these resources, the school will not seriously suffer for lack of equipment.

Perhaps the most gratifying thing about the situation is the unflinching loyalty of the students and Alumni. Not one student has left on account of the fire, and many have signified their intention to remain through the summer. Not the least encouraging incident is the fact that five students have enrolled since the fire, three of them having come more than 500 miles. Moreover, dozens of letters are coming in daily in regard to the summer Normal and summer school.

In this connection, it should be said that our Summer session will open on June 7, and continue until August 22, (three months). This Summer quarter is equal in all respects to any other quarter of the year, and enables student teachers to complete in three summers the work of an entire regular session. Likewise, on June 7, the Summer Normal will open for the purpose of preparing teachers for the State's Summer Normal examinations on July 14-17th and July 28-31st. Teachers may prepare for one or both of these examinations. For housing those two schools, the commodious public school building, the beautiful and comfortable Randal county court

IN MEMORY OF CLINTON

Joseph Clinton Ansley, little son of Mr. and Mrs. J. O. Ansley, was born April 7, 1908. Died, March 30, 1914.

This dear boy was young and fair, Called hence by early doom.

Just shyed with us long enough To show how sweet a flower could bloom.

E'er sin could harm or sorrow fade, Death came with friendly care.

And little Clinton to Heaven conveyed

And ended his suffering here.

There'll be no death, no sorrow, No pain, no tears in sadness,

No shivering limbs, no fever there— But "home, sweet home" forever!

Clinton, like the dove of the ark, Thou hast flown to thy rest.

From the wild sea of bitter strife, To the home of the bliss.

—LOLA WILLIAMS, Hamilton, Tex. His Aunt.

To Men and Young Men

Who have purchased their clothing here in seasons past, an announcement that the new Spring and Summer styles from

The House of Kuppenheimer

are ready is sufficient to bring them in for a continuance of the service and satisfaction we've proved is theirs in these clothes.

To those who have not put us to the test we have this to say—

Go to any or every good clothing store in town—look, listen and learn as much as possible on the subject of Style, Fabrics, Workmanship, Price and Value—then DON'T BUY but come here and measure our clothes by the highest standards of others.

This "comparison test" is one we are safe in making. It really insures our securing your patronage; and more, it saves you and us further doubt in connection with your clothes buying.

Our prices, by the way, are

\$18.00, \$20.00, \$22.50, \$25.00, \$27.50 and \$30.00

which is as little as good clothes can be sold for, as little as you can buy them for and be thoroughly satisfied.
