LOCAL ITEMS FROM THE BROWNFIELD HERALD

Following the Association, Rev. L. F. Parker, of Tahoka, will begin a series of revival meetings, and we have been assured that he is a strong man, and will interest you. His brother, J. M. Parker, will lead the song services.

T. J. Price and sons shipped 30 of their finest watermelons to the Harvey House at Brownwood, and consigned 75 to F. J. Hereford at Post City. They have a standing contract with the Harvey Houses at Clovis, Slaton, and Brownwood, and also Mr. Hartford, of Post City. The latter gentleman made a trip up here to see this huge watermelon patch.

Rain has been falling in Terry county for the past 48 hours and government gauge at Brownfield

showed 1.05 inches (Friday) morning, though some portions of the county reported over an inch yesterday.

Terry county received nearly two and one-half inches in August.

J. O. Jones, Vice-President of the new State Bank of Lubbock, was here Saturday looking after business matters.

Roy Cardwell left yesterday morning for Camp Mabry, near Austin, to enter the machinery department of the war service.

INTERESTING LETTER FROM AMARILLO DOCTOR IN ENG.

The following letter from Lieut. Dr. R. L. Vineyard of Amarillo (who is in the army medical service) to his sister. We reprint same because it gives a good description of England:

Leeds, Med. School, Leeds, England, July 24, 1918.

Time goes on—four months and two days since I left, and in some ways it seems yesterday and in others it has been a long, long year. One thing that makes it seem so short is this English weather. I am writing by a good fire now and have continued to wear my winter clothes. The sun shines a few minutes and then it rains a few hours. We all are "fed up" on English weather and are anxious to move on to France. Our stay and visit in England has been both profitable and pleasant. We have been treated as guests since we finished our three weeks' hard training at Blackpool which is on the northern coast. I have seen all the British Isles from the southern border of Scotland to the southern coast of England and from (deleted) where I landed, May 6, to the English channel. The country is very beautiful and antique. The accent of the people—their dress and their customs and habits as well as the different ways of locomotion soon impress you that you are not in good old U. S.

As I entered the little dinky train in (deleted) to go to London—a distance of about 240 miles—I thought we would be all night—we left (deleted) at 5 p. m. and got to London at 10:40, on May 6. Their system has got ours skinned and you can put an ordinary passenger train, engine and all, on four big Santa Fe box cars—but they run like greased lightning—no conductor or brakemen—they take your ticket at the end of your journey. Each coach is divided into about four compartments and about seven or eight can ride in each one. They ride facing each other with a partition separating each room. All compartments are No. 1 and 3—which means first and third class. There may be some sleepers between Edinburgh and London, but I haven't seen them. All coaches or compartments are for smoking and if you want to light a cigarette, the lady sitting next to you may do the same. The English people all smoke and drink and take it as a matter of fact business. The only place I haven't found full of tobacco smoke since I left New York is the church and I haven't found it but about four times. In the theater the men all smoke—some keep their hats on—and during the intermission if you go to the bar you see as many women drinking wine, champagne and beer as you do men. This seems to have been their custom for years and they take it like they do their 4 p. m. tea.

I have witnessed some sights since I have been here in England. As a whole, the American doctors I have been with, have been banqueted, dined and toured the whole country by train and car. We certainly have lacked for nothing along that score—

but I am anxious to help win the war in a more realistic manner and get back where the Stars and Stripes can wave and where you are not looked at like you were an Esquimo baby every time you went out on the streets, and where you can hear a good old honest-to-God American dollar ring. Their money here is pounds, shillings and pence. A pound, which looks like a piece of paper around a cake of Ivory soap, is equal to \$4.80 and a shilling, which looks like a quarter, is equal to \$2.44 and a pence, which is the size of a half dollar and the color of copper, is equal to 24 cents. Things are priced in shillings in the shop windows, as 43-11, which means about 43 American quarters and 22 cents. I get my pay in pounds.

I use 25 cents per gallon syrup to sweeten my oatmeal (called porridge here) every morning. Have to eat things I wouldn't touch before, but am glad to do it and glad to get it. If I ever get back to the States I will rush to the nearest eating place and order a meal that is cooked American way if it is put up by a Hop-We-Ha. We are billeted in private homes here in Leeds and have all modern conveniences if you can call England modern. Just imagine Liverpool, a city of millions; about seventh in the world, with only one steam heated hotel. Leeds, a city of a quarter million, has none—hospitals and all are heated by fireplaces—but my, this whole island is lined with anthracite which lies only a few feet under the ground—so is the English Channel. That and wool are their largest exports. It might be of interest to know Bradford, England, where we go to clinics occasionally is the wholesale wool center of the world. These English all wear fine wool clothes. They have to, I guess. I stay cold all the time and wear as heavy and better woolen clothes than I ever did in the winter at home. The officers' club where I stayed in New York loaded me up in sweaters, headgear and socks, etc. I am hoping to see Truman before winter sets in and give him part for I have a trunk full of it, but the good women in New York would make us bring them. Clothes are cheap here, but cats are as high as they ever were in the Klondyke during the gold rush—eggs only 6 pence equal to 10 cents in American money.

Yet I persuaded this old landlady of mind to give me one each morning for breakfast. I pay 11-10 per week (one pound and ten shillings) equal to \$4.80 plus 10 quarters. They say one and ten—call half pennies ho-pennies—shillings called Bobs—pounds called quids. Ask the price of that shoe, they say "one quid".

WHAT IS BEING DONE IN FINANCE

New regulations to stabilize the price of silver in the United States and to control exports of this precious metal are announced by Director of the Mint Baker. The most important of these announcements discloses that the Treasury has virtually fixed the maximum prices of silver at \$1.01½ per fine ounce and that export licenses for silver be granted by the Federal Reserve Board only for essential civil or military purposes and on condition that the maximum price was not exceeded by the purchaser.

This, in effect, establishes a world price for silver, most of which now is being supplied by the United States. Within the last three months the Government has melted down about 100,000,000 silver dollars and exported most of this to India, China and Japan for coinage purposes. Since the law under which this was done specifies that the Government shall pay \$1 per ounce for silver to replace these melted dollars, the government found it necessary to sell its own stocks at 1½ cents above the purchase price. Recently some purchasers have been bidding as much as \$1.02 for silver to be exported, necessitating action to stabilize the price.

One condition for the sale of silver by the Government now is that the purchaser shall not pay more than the standard price of \$1.01½ in markets outside the United States.

SOME ITEMS OF INTEREST FROM LITTLEFIELD

Littlefield News: Henry Crosby, range foreman for the L. F. D.'s is a busy man. The war has called away most of his experienced men and it takes hard work to train men and horses for ranch work.

War and Women

We hear much these days of what the women are doing on the battle-line. How few American women are strong enough to go to the front and endure the hardships of the men!

Help is offered, and is freely given to every nervous, delicate woman, by Doctor Pierce's Favorite Prescription. Remember ingredients on label. No alcohol. In tablet or liquid form. All druggists. Tablets \$1.00 for 60 cents.

In "female complaint," irregularity, or weakness, and in every exhausted condition of the female system, the "Prescription" seldom fails to benefit or cure. Cures, inter-renal inflammation and ulceration, weak back and kindred ailments are cured by it, ask your neighbor. It's a marvelous remedy for nervous and general debility, insomnia, or sleeplessness.

Write Dr. Pierce, President, Invalids' Hotel, Buffalo, N. Y., for confidential advice and you will receive the medical attention of a specialist, wholly without fee—no charge whatever. Send 10 cts. for trial package "Favorite Prescription Tablets."

BEAUMONT, TEXAS.—I have used Dr. Pierce's Favorite Prescription and think it is fine medicine. I was sick in bed. I took the "Prescription" and have not been sick since. That was over a year ago. I would advise any lady who is in delicate health to use "Favorite Prescription" and I know she will always praise it to others. —Mrs. JOE ECLAFFON, 685 Buford Street.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sickness, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.— Mrs. Minnie Phillips, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and spread up into my left shoulder and down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me. One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful back health. I will always praise and recommend Cardui." Try Cardui today. E 78

Under the Tents at Camp Travis

Trained officers are demanded by the Government to meet the needs of our rapidly expanding Army. Uncle Sam to meet this need is proceeding in the thoroughly democratic manner which is characteristic of the huge Armies which are now forming. The ranks of the entire Army are now being thoroughly canvassed for all soldiers suitable as material for training as officers. This problem of selecting is being systematically done at Camp Travis. The men who have been drafted by the local boards of Texas, Oklahoma, New Mexico and Colorado, are being given the opportunity to be sent to schools to undergo intensive training as officers.

In order that every man should be aware of the opportunity that is his, all recruits and non-commissioned officers in Camp Travis who have had a high school or college training, were recently marched to the great Y. M. C. A. Auditorium where the President of the Examining Board, explained the processes and requirements for training entry into one of the training camps. The War Department has adopted as its permanent policy in the training of officers for this war, a school what is known as the Central School Plan. Candidates at the first training camps for officers were recruited from civil life. Two of these camps were held last summer, but with the formation of the National Army, the policy was, and is, to secure officers were recruited from civil life. Two of these camps were held last summer, but with the formation of the National

Army, the policy was, and is, to secure officer material from the ranks. The second plan of camp was adopted whereby each newly formed division from the ranks. The second plan of camp was adopted whereby each newly formed division inaugurated and maintained a Divisional School for the training of officers. With the rapid movement of the Divisions overseas it became apparent that in order to insure continuity of plan and instruction, it would be necessary to add the element of permanency to the camp, thereby insuring a higher grade of instruction and the benefiting from experience in training large numbers. To consummate this method, Central Training Schools for Infantry officers were established at Camp Pike, Arkansas, Camp Gordon, Ga., and Camp Lee, Va.; for Field Artillery officers at Camp Zachary Taylor, Kentucky; for Machine Gun officers at Camp Hancock, Ga., and for Quartermaster officers, at Joseph E. Johnston, Jacksonville, Fla.

The candidates are being given thorough physical examination in order to insure their physical fitness for the strenuous training which the officer candidates must undergo. Heretofore, written examinations have not been required at Camp Travis for applicants to the training camp, but in order to insure every man desiring to go, to have an opportunity, written examinations have been adopted. Examinations will be given in History, Geography and Arithmetic, but prior to taking this examination, the applicant must appear before the examining board for an oral examination. This examination will consider principally the appearance of the applicant and the impression he makes upon the board, the oral examination will be given the weight of one subject. Following these examinations a second in mathematics consisting of five questions each in Algebra, Geometry, and Trigonometry. An applicant must answer a total of 10 of the above 15 questions with a minimum of at least 3 in each subject. The mathematical examination will count as one subject. An applicant must make a general average of 70 and not fall below 50 in any one subject to be recommended by the board.

Heretofore, written examinations have not been required, and many of the men, realizing that they have forgotten much they learned in school, were somewhat doubtful about putting in applications. But the Y. M. C. A., always ready to serve, was on the spot, and one of its representatives announced to the audience that classes in arithmetic, history and geography, and also in higher mathematics, would be started at every "Y" building in camp the next evening and that every man would be given an opportunity to review up on these subjects, in the few days that remained to them. "Y" instructors were also promised for any company that organized a class in its own barracks. All this was promised although the "Y" men had been given only a few hours to make preparations, but they were ready on the minute with the help that was needed and as the men realized the liberality of the offer that was made them, the hall resounded with applause for the Y. M. C. A.

Encouraged by the "Y" offer of

help, the men in large numbers have turned in their applications during the past week and they will soon be given a chance to show whether or not they have the making of officers in them. At least every man has an equal opportunity with his fellow, and the lack of friendships or "pull" will not keep any man from going just as high as his ability will take him.

NEWS ITEMS FROM THE RALLS BANNER

While the cotton yield will not be very great here this year, it will surprise a number of our citizens. Arrangements should be made now to import labor for the purpose of gathering the crop, as labor of any kind is going to be short.

A. C. Hyatt left Sunday for Spur, where he will assist in the publication of the Texas Spur and also manage the picture show at that place.

The Baptist revival meeting commenced last Sunday. Rev. Isenhouser, an able evangelist from Birmingham, Ala., is doing the preaching. Mr. Stockton, a noted singer is leading in the song service. It is earnestly desired that all the Christian people of the town co-operate in this meeting. The revival season for this year will soon be over, and a special effort should be made to make this one as effective as possible.

The Banner is glad to report a good rain throughout our territory Tuesday night. While it was a little late, all crops will be greatly benefited by it, and it will do much toward putting a season in the ground for planting wheat. It is hoped and believed that this rain was the beginning of the breaking up of the drought.

Prof. J. K. Wester and family moved over this week from Lubbock. Prof. Wester is Superintendent of our school.

FOURTH TEXAS CAVALRY TO MOBILIZE IN AMARILLO

Dallas, San Antonio, Houston and Amarillo are named as the places for the mobilization of the Texas National Guards. The Fourth regiment will be mobilized at Amarillo.

The Fourth regiment of the Texas National Guards includes all those of the Panhandle, about 16000 in number. The equipment for this number has been shipped and is expected to arrive in a few days, including tents, bunks, clothing and all necessary equipment. There will be a temporary cantonment established here for some time but the length of time is not known and probably will be until this regiment is mustered into service.

The city will be asked to furnish the light and water for the cantonment.—Amarillo News.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp, the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

DISTRICT MISSIONARY CONFERENCE MET HERE

Continued from page 1 this section

Holt of Lubbock, spoke of her determination to have a splendid young woman's missionary society in Lubbock and, asked the cooperation of the members of the Auxiliary. Bro Lyon led in special prayer for Lubbock young people. Mrs. Kimbro gave us a very helpful synopsis of The African Trail. The question of joint district meeting was discussed and it was decided for districts to meet separately. Mrs. Leslie announced that the Sweetwater District meeting for next year would be held at Sweetwater. Post and Ralls each invited the Lubbock District to meet with them and Ralls received the majority of votes. A motion prevailed to send Mrs. Rollins, Conference President a letter of love.

The committee on Resolutions submitted the following:
Resolution.
1st. In our memory of good things we look to the east for abundance of rain and fine crops, for pleasure resort, we look to the cool lakes of the north, for beautiful sunshine and flowers we look to the south, but to the west for pure love and hospitality. The greatest of this western spirit was the greeting by the Lubbock ladies to the District Meeting. They had prepared a place for us, their homes were our homes, their joys, our joys the invitation to return everlasting, God's richest blessings upon you for every act of love and kindness and may we soon have the privilege of meeting again. This was unanimously adopted. Mrs. E. A. Barcroft and Mrs. W. H. Proctor. Bro. Hicks led in prayer after which conference adjourned till 8:30 o'clock.

The second day of the Conference dinner was served at the church and a large number partook of the splendid repast, which was up to the usual high standard of the meals served on like occasions by the Lubbock ladies.
The following verses were written and contributed by Uncle Geo. M. Hunt, inspired by the "good eats" and the hospitality of the Mission ladies.
THAT MISSIONARY DINNER IN THE M. E. CHURCH
There was a dinner in the church, Prepared with skillful care, And thru the courtesy of some, I was invited there.
It was on Missionary day, We had this dinner rare. And standing, all the ladies ate, But I sat in a chair.
And thus, while we enjoyed the feast, Each one could plainly see, That I looked up to women folks, And they looked down on me.
Fried chicken was a choice dish, No one could pass it by, And next to this of what was there, The best was pumpkin pie.
There were two other kinds of pie, And each appealed to me. With hot rolls, and with salad too, We drank our ice cold tea.
Now, this was one of many feasts, That Lubbock women make, And always when I have a chance, Of them I will partake.
The delegates from other parts, Met with our ladies here. And now the meal they had prepared, Was eaten with good cheer. I shook hands with the preachers there, With many women, too, Who, always in their social work, Excel in all they do.

LETTERS FROM THE BOYS IN FRANCE AND ELSEWHERE

From Herbert Stubbs
France, Aug. 10.—Dear Mother: I wish you could see us now. We are located in rock houses with doors and windows, and nice floors and cement walls, etc.
There are hills and trees and valleys all around us, and pretty roads and gardens. I can look out of the window and see French children, and chickens running around. This land is all very fine and I never saw so many beautiful gardens and grapevines. Everything here is wine, wine I have never seen so much. The French people, of course, all like it, and drink it as we do water. I tasted it, but do not like it, and don't propose to drink it. There is honestly less temptation here than any place I ever saw in all my life.
I do not have to work hard; I have plenty of time to study French, and keep my clothing washed and in good condition.
Mother you needn't worry about me at all. Everything is running smoothly, and I have plenty to eat and clothes to wear, and all other comforts of a soldier.
I don't suppose French people know what it is to have cake and pie, ice cream, cold drinks, and such tuff. I have not seen a piece of pie or ice cream or cold drinks of any kind except wine and whiskey since I left the U. S. The only kind of candy they have is chocolate (sweet), and it is very hard to get. Our main eats are canned tomatoes, Pork and Beans, Corn Beef (canned), Bread, and sometimes beet and sugar syrup, but it tastes good at every meal. I have got used to sleeping on trains and ships and on the ground and floors and all such places, and it does not make me sore.
It has been nearly a month since

ITEMS OF NEWS ABOUT THE ACUFF PEOPLE

The showers we had last week were very much appreciated by every one; they will help the late feed and grass considerably.
Acuff school opened September 2, with Mr. R. H. McCasland as Principal, attendance is not quite as good as usual and Miss Elsie Eoff assistant. The last term. However some are staying out now to help work in the field and after crops are harvested, we feel sure of a good enrollment.
Monday, September 3rd, Mr. and Mrs. S. S. Rush gave a dinner in honor of their son, Elmer, who left for training at Camp Travis Friday. We wish him all the good luck possible in his noble undertaking, and hope he'll soon be back among his many friends.
Next Wednesday the Home Economics Club will meet at Mrs. Osley Rush's. Let's be more punctual than we were the last time. Let's have a good meeting and in order to do this we must all be present.
Lucas and Charles Evitt went to Lubbock Friday to see the boys off.
Mr. A. C. Evitt went to Lubbock Tuesday after Mrs. Evitt's sister. She will visit here from Fort Worth.
We understand that Walter Kimbrell, who left for training last month has been transferred to Macon, Ga., from Camp Travis.
Mr. Morris of Idalou is cutting feed stuff for Mr. Boyd this week.
Nearly every one is very busy heading their maize.
Mrs. Tommie Adams is visiting in this vicinity this week.
Mrs. E. S. Kelley and daughter, of Idalou and the Misses McCalif of Lorenzo, Texas.
Mr. and Mrs. Bill Taylor, who are from Dryden, Texas, formerly of Lorenzo, spent the night with Mr. and Mrs. S. S. Rush Monday. They are moving back to Lorenzo. We are very glad they are getting back so close to old friends and neighbors.
Mr. and Mrs. W. P. and O. E. Rush and families and Mr. and Mrs. W. A. Davis and Mrs. Elmer Rush all motored down to Mr. and Mrs. C. B. McClung's Sunday P. M.
Mrs. A. M. Evitt went to Lorenzo one day last week.
Mr. and Mrs. Haynes, of Idalou, were very welcome visitors at Acuff Sunday school Sunday morning. We are very proud to have visitors and wish many more would come.

A Letter From Willie Spikes to His Mother

Somewhere in France, Aug. 4.—Another Sunday has rolled around and finds everything about the same I always write on Sunday and as many times thru the week as I can find time. Don't think for a minute that we haven't plenty to do. No one grumbles, they all do their best. Boys, I believe in the army, are the closest friends in the world, I believe. I could have transferred once or twice and may be got something a little easier, but you hate to leave the boys that you know and anyhow you are not looking for something easy. You want get into something where you can fight. I wouldn't miss it for the world, after coming over. You fear nothing nor dread nothing and seemingly want a dangerous place. You simply have a different feeling altogether after you get over here.
I got two Avalanches this week. May be you think I didn't enjoy them. They were worth the money. I also got a letter from Lillie and one from Ethel today. I thought sure I would get one from you, but suffered the disappointment. Mama write often. I know you don't go anywhere or hear any news, but just a letter from mother with her name signed in her own hand writing sure looks good to a soldier boy in France. We have time to think about what our mother has done for us, and we do. I'll know more about how to appreciate a mother and father when I return again if the good Lord lets it happen; of which I feel confident he will.
No news as usual. Write me often and all the news.
Your loving son,
Pvt. W. J. Spikes, Co. 9, 360th Infantry, N. A., American Expeditionary Forces.

CATTLE SUPPLY IN KANSAS CITY MARKET HEAVY

Kansas City Stock Yards, September 9th.—Cattle supply today was largest of the season, with 37,000 head, market generally 10 to 25 lower, no prime steers here. Hogs sold 15 to 25 higher, top \$20.25, receipts 10,000. Sheep and lambs sold 25 lower best Western lambs \$17.00.
Beef Cattle.—Steers sold around 25 lower last week, except the best fed steers which were firm, and made a new high record here at \$18.75, other sales of good fed steers from \$18.00 up. Good grass steers have some competition from feeder buyers and range from \$14.50 to \$17.50, medium weight grass steers \$10.50 to \$14.00, common light Southern steers down to \$7.00. This makes a range of prices on beef steers almost \$12.00 between lowest and highest.

STOCKS AND FEEDERS

County Judge, Pink L. Parish, Jno. W. Baker, democratic nominee for State Treasurer and Mr. Smith of Crosbyton came over and visited the Odd Fellows lodge here last Tuesday and assisted the team here in putting on some degree work.

A WORD FOR MOTHERS
It is a grave mistake for mothers to neglect their aches and pains and suffer in silence. This only leads to chronic sickness and often shortens life.

A TYPICAL SOLDIER GATHERING

The Army Y. M. C. A. is the gathering place of the soldiers in every camp. It is his substitute for home, and he soon learns to go there when he is saddened with homesickness. He is seldom disappointed, for the "Y" slogan is "something doing all the time."

This crowd was too big to get inside the building, so they had the program outside. The soldiers are listening to a lecture on mental and physical cleanliness by Dr. Clark, a noted sex lecturer. The picture was taken at Camp Travis, San Antonio, Texas, where thousands of soldiers from Texas, Oklahoma, Louisiana, and other states receive their training for the big adventure.

BREEZES FORM THE ABERNATHY COMMUNITY

R. M. Hester and the writer visited the section between Center and Monroe Tuesday, and found the farmers busy saving their crops. Our first stop was at the home of H. Habbinga, "Happy" for short, and right well named is he. He and son, Dick were running binders and harvesting a good crop. We next visited Reinhardt Rickan, and found the "Old Boy" in hard way with rheumatism, but still in the ring. We did not get to see his crop, but we did see some mighty good stock. One yearling filly that would make a showing in any ring. The best crop that we have seen in more than a 1000 miles of travel in the past few weeks was that of M. Goebel and his sons. He claimed that the boys engineered the farm, but we noticed that he made a full hand. He has 90 acres in the home field, and 70 acres will show up with any crop any where, any place, any year. White and red maize, kafir and feterita, and the samples this writer brought in will compare with any. At Ben Struve's the editor thicket his coat and went in and "showed 'em" that he hadn't forgotten the game of stacking "fodder." And by the way Ben has some good provender. We found J. A. Long putting in a culvert to give an outlet from his farm. We visited J. G. King's home and found everything so honey that we wonder why he sold. We found crops spotted, but we are convinced that the Abernathy section will be self sustaining.

The Center school has entered its second week, with an enrollment of

35. Misses Theodora Goebel and Essie Pool, talented young women of that vicinity, are the teachers, and we predict a successful term under their direction.

As we go to press we are advised that the new brick is completed and awaits only acceptance of the school board. It is truly a magnificent structure, a monument to the present school board and a credit to the community. New seats have arrived and are placed, and the latest thing in the way of opera seats have been installed in the auditorium.

Mrs. C. Goeth is in a sanitarium at Lubbock, where she withstood an operation and at this time is doing nicely. Her many friends will be glad to see her return home. Charley and the children went down Sunday to visit her.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! His mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headache, constipated and all crooked out, just go to your drugist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than any other medicine and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

LOCAL ITEMS FROM THE LYNN COUNTY NEWS

The second bale of cotton ginned in Lynn county, was brought in Saturday by R. L. Craig, and was bought by J. A. Brasher for the sum of \$178.06. The third bale ginned came in Wednesday and was raised by J. H. Gray. This bale was also bought by Mr. Brasher, for \$197.88. When the seed is disposed of for these two bales the owners will have realized a nice sum, and the farmer who was fortunate enough to raise a few bales of the staple this year is being well paid for his trouble.

The 1918-19 session of the Tahoka Public School opened, as scheduled, last Monday morning with a bright outlook. The faculty is composed of conscientious men and women who have the welfare and advancement of this community at heart. A large number of patrons accompanied their children Monday morning to the opening exercises, which were held on the school campus.

Last Tuesday afternoon a marriage license was issued by County Clerk, P. H. Northeross, to Mr. Elzy Williams and Miss Ohelia Willingham, and were immediately united in the holy bonds of wedlock. The young couple reside in the Draw community and have many friends who join the News in wishing them a long and happy married life.

DRAFT LOTTERY MAY BE HELD SEPTEMBER 24

Washington, Sept. 14.—Lightning speed to put the man power of the nation, registered on Thursday, into training and increase the flow of men overseas to support General Pershing and his armies in their big drive is the effort of the Provost Marshal General's office.

As a result Colonel Warren, executive officer of the office in the absence of General Crowder, announced Saturday that it might be possible to hold the drawing for the order numbers of the new registration as early as Sept. 24. General Crowder had previously announced the tentative date as Oct. 2.

Figures on the registration are coming in slowly and are not showing the big increase indicated in the earlier estimates. The only final report received so far is for the District of Columbia.

It was the big increase in this figure which led the Provost Marshal General Friday to estimate a registration 8.5 per cent in excess of the preliminary estimates.

REV. J. W. HUNT CLOSES FINE MEETING AT RANGER

The Rev. J. W. Hunt, pastor of St. Paul's Methodist church, has returned from Ranger where he conducted a 10-day meeting. He preached twice daily in the church and once each afternoon on the streets, and the meeting was very successful.

In one of the street meetings a traveling salesman was converted: He came to church that night, joined the church and sent his membership to his home town. Next day he was in the Sunday school. He told Mr. Hunt that when he stopped to hear Mr. Hunt preach on the street, he was then looking for a bootlegger, but had found his soul instead.

Mr. Hunt declared Ranger was the busiest town to its size he ever saw. He visited the famous Duke well while it was on fire.—Abilene Reporter.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a small bottle of Dandruff right now—Also stops itching scalp.

Thin, brittle, coloring and falling hair is sure evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so disagreeable as the hair on landing. It robs the hair of its life, its strength and its very life; eventually producing a feverishness and itching of the scalp, which is not relieved unless the hair roots are struck loose and then the hair falls out fast. Little Dandruff tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Dandruff from any drug store. You surely can have beautiful hair and lots of it if you will just try a Little Dandruff. Save your hair! Try it!

We note the name of Sterling M. Peek among those killed in France. It was not our good fortune to know this young man, but all who have lived here very long know him, and speak of him as being a Christian

SOME NEWS ITEMS FROM THE CROSBYTON REVIEW

W. R. Lotspeich, one of the Crosby county boys who was called by the local board the other week, was turned down at Camp Travis and he and Mrs. Lotspeich returned on the train Monday afternoon, to the delight of their numerous friends. He was put in class 5 but will not likely be called again for military service.

Mrs. A. B. Spencer left this morning for Omaha, Neb., on a visit to relatives. Mr. Spencer went to Lubbock with her and will return this afternoon.

About 5 o'clock last Sunday afternoon the ordinance of Baptism was administered by Rev. F. C. Dick at the bridge in the canyon to the remaining candidates who joined the church at the recent Baptist meeting. Bro. Dick also performed the marriage ceremony joining together as man and wife Mr. J. P. Starrett and Miss Ruby Tisdale and Mr. J. T. Binberry and Miss Mary Tisdale, which he did in his usual impressive manner in the presence of a large crowd who had gathered for the baptizing.

Mr. R. H. Paschal and Miss Naomi Buchanan, popular young people residing a few miles south of town were joined together in the holy bonds of wedlock at the Methodist parsonage last Sunday afternoon at 2:30 o'clock, Rev. I. A. Smith officiating. Congratulations and the usual good wishes are extended the happy young couple.

Miss Reva Goy, after spending about two weeks here with her aunt, Miss Mary McLain, and her many friends, left Monday morning for Lubbock to enter the sanitarium, where she will be in training for Red Cross nursing.

The drouth area in Crosby county was further encroached upon by a good rain Tuesday night that extended nearly all over the county.

There never has before been such activity in the production of oil and the promotion of new oil fields as now, and this oil activity is about to get into the neighborhood of Crosbyton. Frank Corn leased his two ranches in Crosby, Dickens and Garza counties some time ago to a strong oil company for \$10,000 a year each, and five cars of machinery with which to commence drilling on this property has been received and is being carried out to where prospecting is to commence a few miles southeast of Crosbyton.

OFFICER WRITES WIFE OF 15 DAYS IN TRENCHES

Merkel, Texas, Sept. 14.—Mrs. L. H. Nixon, who resides with her parents, Mr. and Mrs. W. D. Haynes, near Merkel, is in receipt of a letter from her husband, Capt. L. H. Nixon, Company B, Seventh Infantry, A. E. F., relating some highly exciting experiences. He says:

"I have just returned from a fifteen day trip through 'Hell'. Most of my men returned with me, but some of them did not. Oh, it was hard to leave them out there on the hillsides. But we finished a great many more Boches. It was my privilege to snipe four one afternoon in about an hour. I succeeded in reaching a woodpile, where I picked them off. Finally I detected that I had been located, so I decided to leave, and believe me, I left in a hurry. "Secretly had reached a safe distance when a pounce and a machine gun was turned upon that wood pile. Only a pile of chips and leaves were left from what was a short time before a cord of wood, a tree and some turf.

"My health is excellent, my courage is at its best and I am gaining confidence every day. My hatred for the Hun could not be stronger. I'm feeling in fighting trim day and night until just a few hours ago. I was constantly looking for the Boche. There is much to be done out here, but we are winning.

"I am battalion commander now and am very busy. I think of you, even when I am taking aim at the Boche, and wonder if you would be pleased as I am when I fire and see him fall."

TRUBLE IS your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Fill, oil, salts, calomel and ordinary laxative cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but acting as strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every day. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet also that will be sufficient to keep your system in good condition—keep you feeling your best.

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts off without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called **Freezone**, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of Freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any Freezone he can get it at any wholesale drug house for you.

Want to Feel Just Right?
— Take an NR Tonight —

TRUBLE IS your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Fill, oil, salts, calomel and ordinary laxative cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but acting as strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every day. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet also that will be sufficient to keep your system in good condition—keep you feeling your best.

SHALLOWATER NEWS

OF THE PAST WEEK

Mr. and Mrs. Tom Hendrix, of Clovis, were visiting Mr. and Mrs. J. O. Oldham last week.

Grandmother Sillivent left last week for Oklahoma.

Pearl Duddley from Roundup, is boarding here in order to attend the Shallowater School.

Miss Frankie Davis who is visiting Mr. and Mrs. W. H. Dodson, was given a party at the Dodson home last Saturday evening.

Mrs. Oliver Oldham joined the Baptist church and was baptized here Sunday.

Rev. Ross preached here Sunday. He was to have held a protracted meeting, but people are so busy harvesting crops that it was deemed best to postpone it.

Bernard Clinton left the 10th for his home in Waco. After spending the vacation months with his sister, Mrs. Clarence Symes, he is ready for good work in school.

We are sorry to have to report the death of little Ruthie, the three year old child of Mr. and Mrs. C. R. Moore. The little girl had been ill for months, and had suffered much. The bereaved family have our deepest sympathy

in this hour of their affliction.

Miss Josie Cooper, of Lubbock was visiting friends in the Hardy and Shallowater communities Sunday.

Mr. W. M. Mullican has returned from his trip to Dallas.

Mr. Henry Chisholm is home on a furlough.

Tuesday evening the young people were delightfully entertained by Miss Lillie Oldham.

Miss Mary Pedan left Monday for Dallas.

Mr. R. W. Davidson recently of the U. S. Navy is now at home.

Chicken has its charms. It is alluring. Its delicious taste is a delight to the most fastidious epicure. Especially is chicken fraught with many and varied irresistible charms when home-grown, fed, and fattened in the domicile of a modest young bachelor, then cooked and served by the fair hands of pretty maids who know how, while awkward bachelors stand by and blush unseen. No such service was ever known before in the home of Mr. George Baumgart, until last Sunday when at his request a party of young ladies and gentlemen were his guest upon this memorable occasion. It was a great dinner, and Mr. Baumgart's friends will long remember his pleasant hospitality.

Shallowater School News

Our school enrollment is gradually increasing and others are expected to enroll soon.

Work on the new school building is progressing nicely.

Many plans are being formulated for the improvement of the school here. We might say that the playground will receive due consideration.

Educators agree that play is quite as essential as work for the proper development of children. An adequate playground is a necessary and vital part of the ideal school's equipment and every school should be provided with one.

In the country there is little excuse for not setting aside plenty of land for playgrounds that are big enough. Land upon which rural schools are located is, ordinarily, of average value, and it is folly and false economy to fence country schools up in little pens. Give the children a bigger playground. It will finally cost no more, and will make the country school more attractive. Give them a better playground. Fix it up a little. They are entitled to as much and will appreciate your efforts to improve the grounds.

There is no better place for instilling within the future citizen a civic

pride and a love and appreciation for civic beauty than in the school. No valid reason exists why any community should not make its school house and grounds the most pleasing and attractive place in that district. A variety of trees, plants, and shrubs will grow here with a little care and such things should be planted. This kind of improvement is too often neglected, but the time is near when we shall give school grounds more attention.

The people of Shallowater intend that this school shall make greater progress this year than any other school in the county. A better school is needed. An up-to-date school is desirable. It is possible to secure it, if we will but work together. And Progressive Shallowater will not fail.

ITEMS ABOUT THE ACUFF COMMUNITY PEOPLE

Every one is very busy gathering their crops in this part of the country and there is not so much news.

Miss Eoff and Mr. McCasland visited in the New Hope Community Saturday evening and Sunday. They also attended the box supper Saturday evening.
