HELP PUT LUBBOCK "OVER THE TOP" IN THE UNITED WAR WORK CAMPAIGN

WAR WORK CAMPAIGN STARTS SOON

WORK OF RAISING FUNDS FOR ORGANIZATIONS DOING WAR WORK WILL BEGIN MONDAY NOVEMBER 11.

LUBBOCK COUNTY'S QUOTA IS PLACED AT \$7,500.00

Back Up the Boys in France By Contributing Liberally to the Support of the War Work Institutions That Are Doing Such Great Work Among the Allied Soldiers.

The United War Work Campaign, which begins next Monday is of vast importance. The agencies participating are seven: Namely, the Y. M. C. A., the Y. W. C. A., the War Camp Community Service, the Knights of Columbus, the Jewish Welfare Board, The Salvation Army, and the American Library Board.

Every one of these organizations is spending its entire time and money for the benefit of our boys overseas and in the training camps at home. Each one is doing its part in keeping up the morale of our soldiers.

Some may think that now that the war is nearly over, there will be no need for such service. The government estimates it will be from one to two years before our boys are all brought back home. This makes the work of the Y. M. C. A. and other agencies even more important than before.

Everyone is familiar with the part that these organizations have taken, and should realize that their work is necessary until every boy is brought home, for with the end of the war, there will come a tendency amongst all to let down, and the tension which has been so strong among our soldiers will not be so great. Thus the need of these agencies in keeping up the spirits of the men, and keeping them clean morally, will be all the greater.

The American army overseas, has established a reputation that has never been equaled in history for morale. The moral breakdown among the soldiers of all other armies has been terrible to contemplate. The high standard among the American troops must be maintained until the army is demobilized.

In this campaign the American people are asked to raise at least \$170,000.00. The quota of Lubbock and attached counties is \$5,250.00. In order to obviate the necessity of making a second campaign, an effort will be made to raise 50 per cent more, or \$250,000.00 in the country, which means that Lubbock County should raise at least \$7500.00.

Let every patriotic citizen of Lubbock do his part to put Lubbock County over the top once more. We have gained an enviable reputation in previous campaigns, and we want to show the world that Lubbock is still 100 per cent American.

Early payment in full of all pledges is earnestly desired. If partial payments are necessary, 50 per cent should be paid December 24, 1918, 25 per cent January 15th, and 25 per cent March 1st, 1919.

GEO. W. BRIGGS,
County Chairman.

SCHOOL WILL LIKELY START MONDAY MORNING

It is expected that the Lubbock School will open Monday after having been closed for nearly a month on account of the influenza epidemic. It was expected last week at this time that the ban would be raised last Saturday night at midnight, but later developments of the flu situation would not justify any relaxation of the proclamation that put the lid on. It is the general opinion that all epidemic is well spent and the greatest danger is now passed.

Mrs. C. L. Fry and children moved to Canadian today. Mr. Fry has been living there for the past several weeks.

LUBBOCK GETS NEXT SESSION CONFERENCE

The following telegram was received from Mr. Jas. L. Dow, who is attending the Conference at Abilene, today: "Next session of Conference goes to Lubbock by unanimous vote."

The following men and women have been chosen for the War Work Campaign that begins Monday, next. Every precinct is represented and we have no fear but that Lubbock will go over the top as usual. Read the list and keep it for future reference:

The needs of the various organizations that are doing War Work for the soldiers at home and abroad are too well known to need comment. The proper thing to do is to meet the solicitors with a hearty handshake and dig deep down into your pockets. You can designate the organization to which you wish to contribute.

WELL MACHINERY ARRIVES FOR TAHOKA COMPANY

In conversation with M. M. Her-ring, secretary-treasurer of the Tahoka Oil and Gas Company Wednesday, he informed the Avalanche editor that all the drilling machinery and other necessary equipment had arrived in Tahoka and was being unloaded and erected where the big oil well is to be drilled and within a week or ten days actual drilling will begin and be pushed to completion.

The promoters of this enterprise have the greatest faith in the outcome of the developments of their property and within a short time it is expected that Tahoka will be recognized as one of the leading oil fields of the State.

Nothing is being left undone, to push the development work along and those who are fortunate in possessing stock in this company will no doubt have something to be proud of.

THE WAR SITUATION SUMMED UP TO DATE

The war situation for Wednesday is summarized by the Associated Press as follows:

Deserted by all her former allies, her great military machine in process of destruction by onslaughts of the entente allied armies; her dream of world domination rudely dispated, Germany begs for cessation of hostilities notwithstanding the hard terms she knows she must face.

Scarcely had the decision of the supreme war council at Versailles with regard to a cessation of hostilities with Germany been made public when Germany was speeding emissaries to Foch to learn what the commander-in-chiefs terms are to be.

Meantime in France and Flanders the enemy forces are being given no rest. Along the whole battle line in France, the British, French and American troops have made further material gains and reclaimed numerous towns and villages. Thousands more of Germans have been taken prisoner on all the sectors under attack.

Generally, the enemy forces are in slow retreat, but nevertheless, at some points they are offering sharp resistance, particularly against the Americans in the Meuse river region and the French in the old Argonne sector.

The latest gains of the British on the western side of the battle front have been productive of the capture of several towns of great importance, the gaining of more territory east of the Scheldt canal where the Canadians are on the attack and the taking of several railway junctions of high strategic value.

Along the Meuse the Americans continue steadily to push forward and at last accounts were almost at the gates of Sedan, a dominating point on the German line of communication to the east. Both east and west of the river the Germans have materially stiffened their resistance, against the men from overseas, using large numbers of machine guns and gas in great quantities in an endeavor to impede their progress.

To the west of the American sector the Germans near Reithel are holding a bridgehead to protect their retiring armies east and west. In doing so, however, they are forming a dangerous salient in which capture is likely should the French break through. Numerous additional crossings of the Aisne have been made by the French. The situation of the German army is critical.

JOHN W. JARROT IS PROMOTED TO CAPTAIN

Lieut. John W. Jarrot, of this place who is in the National Guards at San Antonio, has been promoted to Captain according to information received by his mother, Mrs. M. D. Abernathy, Wednesday. John has made these advances strictly on his own merits, without pull or help from the outside and this affords him and his friends and relatives even greater pleasure and the Avalanche wishes to extend congratulations to Capt. Jarrot and his family.

THE ELECTION A VERY TAME AFFAIR

The general election held in Lubbock, Tuesday, November 5th, was what would be termed a very tame affair. Very little interest was taken in the questions involved, and hence an extremely light vote was cast.

All county nominees were elected without opposition, and the new officers will take their respective offices the first Monday in December.

NEW BATCH OF QUESTIONNAIRES THIS WEEK

The local exemption board this week began mailing out questionnaires to the remaining registrants in this county and a number have already received them. The board has also received a call for a number of men for next week and the week following for training camps at various places.

Dr. R. J. Hall went to Dallas Wednesday morning to attend the bedside of Joe Earhart, who is quite ill in a Dallas Sanitarium. He went to Terrell to visit Mrs. Earhart who was quite sick, and was taken seriously ill himself and was placed in the Sanitarium at Dallas. Mrs. Earhart is reported as much improved.

INSTRUCTIONS ABOUT THE QUESTIONNAIRES

Before asking anyone to help make out your questionnaire, read it over carefully, and then fill out all of it that you can. Also get up all information called for before asking help. Remember that the parties who have agreed to help with the questionnaires, are men who have business of their own that is as pressing as yours and that they receive nothing for their services in helping you. Do not get impatient if you cannot find some one ready to help you just as soon as you arrive at the place for receiving assistance, but get busy filling out the answers.

If these instructions are followed by the registrants it will materially shorten the time they will lose in answering their questionnaires, and will also lessen the labor of those who through patriotism have volunteered to assist in the work.

A committee will be at the county court room each day to assist those needing help, as follows:

Monday: W. H. Bledsoe, R. A. Sowder, Claude B. Hurlbut, B. R. McWhorter, and A. G. Hunt.

Tuesday: Jas. R. Robinson Sr., M. Fulton, assisted by Sam Weaver, F. M. Maddox, Jim Kimmel and S. C. Wilson.

Wednesday: J. H. Moore, assisted by K. Carter, A. B. Conley, Fred Spikes, J. B. Durgan and W. L. Barnes.

Thursday: G. R. Bean, E. L. Klett, assisted by I. L. Hunt, C. E. Maedgen, S. P. Robbins, R. Martin.

Friday: W. F. Schenck, Roscoe Wilson, assisted by J. F. Perry, R. A. Holland and W. S. Posey.

Saturday: Percy Spencer, J. E. Vickers, Geo. W. Briggs, C. L. Adams.

LEGAL ADVISORY BOARD. BY GEO. R. BEAN, CHAIRMAN.

METHODIST CONFERENCE TRANSFERRED TO ABILENE

It was disappointing indeed that the Methodist Annual Conference was transferred to Abilene. This was made necessary, however, on account of the prevalence of the influenza in this community. It was believed wise of the mayor and the city commission to continue the proclamation restraining public gatherings, etc., for another week, which of course interfered with the meeting of the conference at that time, and as the Bishop deemed it best to hold the conference on advertised dates, it was transferred to Abilene, where an executive session will be held during this week.

The conference session began Tuesday night and will close Friday night. No preaching will be had during the sessions. It will be a purely business conference.

Lubbock will ask for the conference next year, and under the circumstances we believe is entitled to it.

DICK JARROT IS NOW A FIRST LIEUTENANT

Information has been received from Dick Jarrot, at Kelley Field, that he has been promoted to a First Lieutenant in the Aviation corps, and will soon go to Brooksfield where he will be instructor of fliers, which is among the first honors in that branch of the service. Dick was a volunteer from Lubbock and has climbed the ladder of success rapidly. Congratulations Dick.

AUBRY McLARRY IS IN HOSPITAL SERVICE

B. D. McLarry is in receipt of a letter from his son, Aubry, who is now in France. He is in the hospital corps, and stated in his latest letter that he would likely be put in the field hospital, for service there. This service will put him right up close to the front.

R. B. Ingle, the linotype man and Charles Boyd, foreman, in the Avalanche mechanical department, took a ramble down to Brownfield Sunday. They reported a very pleasant trip. Mr. Ingle went to visit his brother, who is a citizen of Brownfield, but didn't find him at home.

The Britisher is in a bad plight, he cannot say what he wants to say. He wants "Unconditional Surrender" but his tongue will say nothing but "Hun conditional Surrender." It is easily understood now why they want the Americans to do the talking.

REPUBLICAN PARTY GAINS CONTROL

RETURNS FROM ELECTION OF TUESDAY SEEMS TO PROVE THE G. O. P. VICTORIOUS IN BOTH THE HOUSE AND SENATE.

WILL TEND TO TIE PRESIDENT WILSON'S HANDS

At the Most Critical Stage of the War. Many Unpleasant Situations May Arise to Embarrass President Wilson as the War Draws to a Close.

As near as we may judge, from returns at hand, it seems that the Republican party has gained control over both houses of congress.

This will result in tying the president's hands, as was the case with Cleveland and Taft during their administrations.

Of course there may be greater harm than would be expected, in view of the great crises through which the country is passing, but at the same time there is bound to be much speculation all along the line.

President Wilson has proven himself the greatest diplomat the world has ever known and when we consider that the armistice commission voted their unbounded confidence in his judgment it seems passing strange, at least, that his home people should not stay with him to the end.

Indications all point to a speedy termination of the war and the final settlement of questions that will come before the peace conference makes it imperative that we are re-

REV. HICKS CLOSES SECOND YEARS WORK

Rev. J. T. Hicks, pastor of the First Methodist church here left on the early morning train Tuesday for Abilene, where he is attending the Annual Conference. Rev. Hicks has just closed the second year of his labors as pastor of the church at this place, and these two years have been the most strenuous that this pastor has possibly ever experienced in the history of his ministry. He has accomplished what seemed to be the impossible, in building one of the most commodious and practical church buildings in this part of the state right in the jaws of drouth, war and many other obstacles, yet he has pulled through it all with that calm, earnest, religious spirit that characterizes his life, as a church builder he cannot be excelled.

As to his pastoral work here his membership has grown in spite of the adverse conditions in the country, and shows a net gain of a very satisfactory number, which goes to show that even in the arduous task of church building he has not been unmindful of his duty as pastor in other ways.

Whether or not he is returned to this place will of course be according to the best judgment of the Bishop and his cabinet, but it would seem that after his hard work of two years building a house in which to worship that he should have the opportunity of returning and enjoying a few more years of worship unhampered by church building plans and subscriptions to pay for the many things that are necessary to equipping a large church plant like that of Lubbock. However, there may be other places that were in the same position that Lubbock was in when Rev. Hicks came here that must have a church building, and we are sure there will be found none better equal to the occasion than Rev. Hicks. The board of stewards at their last meeting offered a strong resolution commending him for his work here.

COMMISSIONERS COURT WILL MEET MONDAY

Next Monday is the regular monthly meeting date of the County Commissioners Court, and without the Mayor issues another proclamation preventing meetings and public gatherings the court will meet on schedule time.

SING SONG SUNDAY AT METHODIST CHURCH

Sunday afternoon, at 3:30

the people are invited to attend a Sing Song that is to be under the direction of Lubbock's most competent leaders of music. This is a fine opportunity for everybody to come out and hear their favorite songs sung in the best possible way. It will be an occasion of great pleasure to all lovers of music and a good crowd is expected.

Come to the Sing Song Sunday afternoon at the Methodist church. Thirty-three. Bring the books that contain the songs you like best. Be on hand and help make this a success. Sunday afternoon, Nov. 10th.

resented by men who know what is best for the nations involved and this would indicate that these men should be in accord, politically as well as otherwise. This would tend to keep down petty jealousies and make for a more peaceful assembly.

However, there will ever remain the fact that through it all our president has steered the ship of state without flaw and his name will be enrolled among the immortals.

America has measured up to every demand made of her in every possible respect and any man or set of men who think they can retract from the glory of our achievements will find themselves at fault.

The recent election proves that ours is still a democracy and while we are disappointed at the result of the election at the same time we are American to the extent that we feel we can still live in peace and harmony with our fellows and will work and hope for better things next time.

BOYS AND GIRLS WAR WORK CLUBS

Mrs. Fred Boerner and Mr. Carroll Thompson are county chairmen of the boys and girls war work clubs and the boys and girls are urged to see them and form clubs at once for war work. There are pledge cards for the members of these clubs to sign and each boy and girl must earn the money themselves that they contribute. The girls will see Mrs. Boerner and the boys will see Mr. Thompson. The time is short and if you want to win a banner for your schools you must get out and hustle. There are also buttons for each of you to show your membership. Sign the pledge cards and get to work. This proposition is open for boys and girls over twelve years of age.

ROSCOE COWART DOING SERVICE IN FRANCE

E. J. Cowart has recently had a letter from Roscoe who is in France. He is not stuck on that country much, and says he thinks about all it is fit for is to pull off a world war in, and we believe one has been pretty thoroughly fought out there within the past four years. He stated that he had gotten hold of a copy of the Avalanche dated in July, but it was sure good news to him, even if it was three or four months old.

COMMISSIONERS COURT WILL MEET MONDAY

Next Monday is the regular monthly meeting date of the County Commissioners Court, and without the Mayor issues another proclamation preventing meetings and public gatherings the court will meet on schedule time.

Under the Tents at Camp Travis

Camp Travis, Texas, Nov. 1.—It will not be long now before Texas and Oklahoma will have another division ready to follow the 90th and 36th across the Atlantic. As soon as the 218th Engineer Regiment arrives from Camp Humphries, Va., where it is being organized, everyone of the required units will have joined the 18th or "Cactus" Division now in the midst of its intensive training at Camp Travis. Already three brigadier generals have arrived and the division rapidly is growing to war strength by the constant addition of recruits out of the depot brigade.

Rapid progress is being made in

the training of the division. The school of fire for instruction in shooting with pistol and rifle has begun its work. The 35th Infantry and the 19th Infantry have each put in a week on the rifle range at Camp Bulls and now the snipers and observers are receiving field training there. The school for gas defense which has been giving instruction to infantry units now is receiving students from the artillery regiments. Machine gunners and artillerymen are well along with their work.

Conquering of the influenza epidemic has started the machinery of the depot brigade grinding again and recruits, held back for several weeks, now are pouring into Camp Travis by the hundreds from Texas and Oklahoma. Since the 165th Depot Brigade was organized here little more than a year ago, more than a quarter of a million men who but yesterday were civilians, have written home folk: "I am in the depot brigade now," but few of those who read know just what a depot brigade is supposed to be.

The depot brigade is exactly what the name implies. It is a place where soldiers are received, held and sent out to field units. But it does a whole lot of things while holding them. It is the depot brigade that receives the civilian and in the twinkling of an eye transforms him into a soldier. It outfits the recruit, determines where he is best fitted to serve, corrects minor physical defects and teaches him the A. B. C.'s of military life. It is the depot brigade that, in so many instances, must overcome the false impression that military discipline destroys a man's individuality, that must seek out conscientious objectors and show them their error or induce them in some non-combatant branch of the service; and it is here that alien enemies generally are discovered and interned. It is the depot brigade that has to fight diseases brought to camp by recruits, for before a man can leave the depot brigade for a fighting unit he must be physically sound. The depot brigade is to the field army is what the primary grades are to the public school system.

Not only does the recruit learn the various marching movements in the depot brigade, but he also is given a rifle and instructed how to handle it. Before it turns the recruit over to the division the depot brigade teaches him how to take his rifle to pieces, how to keep it in perfect working order, the manual of arms, how to use the bayonet and not infrequently sends him to the big rifle range for actual target practice.

Without the work of the depot brigade it never would be possible for divisions to be so far advanced in their training as to be available for

overseas shipment within three or four months.

The depot brigade now is confronting new problems with the coming of new increments containing men of more advanced years than previously. Among the men appearing for training under the new draft act will be many whose mode of life has deprived them of active physical exercise. It becomes necessary to modify, in many cases, the strenuous character of the physical work that has been required in the past in order that these men may round into condition without permanent injury. Commanders responsible for training this class of men will take positive measures to see that the physical capacity of the older men shall not be overtaxed and will exercise special care and supervision in this matter in the early stages of training.

DALLAS CLOSES ITS FIRST YEAR WITHOUT SALOONS

A year without whiskey has reduced crime in Dallas County fifty per cent, according to court records. In fact, judges and peace officers say the decrease may be even more than that, according to the Dallas News.

Investigations at the County Jail one day, recently, showed eighty-three prisoners. A year ago there were more than two hundred. Boone Peak, the jailer, said he can remember when 275 prisoners were in the Dallas County jail. Of the eighty-three now confined, eighteen are serving Federal terms. There are seven interned women. That leaves Dallas County with but fifty-eight prisoners. "The war has had some effect," said Sheriff Reynolds. "But the change is due chiefly to prohibition. The crime is not here. This office gets few calls at night. Formerly deputies were accustomed to ride at night."

The same situation is reflected in convict camps. The county has but two. One year ago there were seven. Then there were never less than one hundred convicts there. The two now have but sixteen men serving terms. It is often necessary for the County Commissioners to hire men to keep the camps going. Guards often turn into laborers because there are no prisoners to guard.

Judge W. L. Thornton of the County Court at Law No. 2 is of the opinion that crime has been reduced 50 per cent in the last year. He pointed out that his misdemeanor docket was formerly one to a dozen. Now it amounts to very little.

Sam Smith of the auditor's office said it seems that the county is not now receiving more than one-tenth of the money that came in fines previous to the coming of prohibition.

"Before the prohibition came, we tried from one to half a dozen cases of drunkenness each day," said Grady Kennedy, deputy constable.

WILLING TO TAKE CATTLE FOR PASTURE

Letters have been received from a number of parties, chiefly in the State of Louisiana, either offering grazing land for lease or offering to take cattle to pasture at so much a head by the month or season says John C. Burns, Agent of the Bureau of Animal Industry, co-operating with the Extension Service A and M. College of Texas. Practically all of the lands listed have ticks and would, therefore, be available only for cattle that have had ticks on them.

Mr. Burns has made investigations of the possibility of obtaining winter range for Texas cattle that must move on account of the drought. The listing of grazing possibilities with him were solicited in Oklahoma, Arkansas, Louisiana, Mississippi, Georgia, Florida and Texas, through the co-operative efforts of the Extension Service Divisions of these states. The chief response has come from Louisiana and he will be glad to put those interested in touch with these possibilities, if they will address him, at College Station, Texas.

of "Gets-It" on any corn or callus dries it out. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly. How good is a "Goner!" Great stuff, with it done that before. There's only one corn-remover—"Gets-It." Toes wrapped up big with tape and band-aids, toes scorching from irritating salves, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It." Don't be misled by imitations. See that you get "Gets-It." "Gets-It," the guaranteed money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. TURKISH ARMISTICE TERMS BY THE ALLIES

London, Nov. 11.—The terms of the armistice granted by the allied powers to Turkey follow:

First: The opening of the Dardanelles and the Bosphorus and access to the Black Sea. Allied occupation of the Dardanelles and Bosphorus forts.

Second: The positions of all mine fields; torpedo tubes and other obstructions in Turkish waters are to be indicated; and assistance given to sweep or remove them, as may be required.

Third: All available information concerning mines in the Black sea is to be communicated.

Fourth: Allied prisoners of war and Armenian interned persons, and prisoners are to be collected in complete and handed over to the allies.

Fifth: Immediate demobilization of the Turkish army, except such troops as are required for surveillance on the frontiers and for maintenance of internal order. The number of effectives and their disposition to be determined later by the allies after conversation with the Turkish government.

Sixth: Surrender of all war vessels in Turkish waters or waters occupied by Turkey. These ships will be interned in such Turkish ports as may be directed, except such small vessels as are required for police and similar purposes in Turkish territorial waters.

Seventh: The allies to have the right to occupy any strategic points in the event of any situation arising which threatens the security of the allies.

Allied Ships to Have Free Use of Ports.

Eighth: Free use by allied ships of all ports and anchors now in Turkish occupation and denial of their use by the enemy. Similar conditions are to apply to Turkish mercantile shipping in Turkish waters for the purpose of trade and the demobilization of the army.

Ninth: Allied occupation of the Taurus tunnel system.

Tenth: Immediate withdrawal of Turkish troops from northern Persia to behind the pre-war frontier already has been ordered and will be carried out.

Eleventh: A part of Transcaucasia already has been ordered to be evacuated by Turkish troops. The remainder to be evacuated if required by the allies, after they have studied the situation.

Twelfth: Wireless telegraph and cable stations to be controlled by the allies. Turkish government messages to be executed.

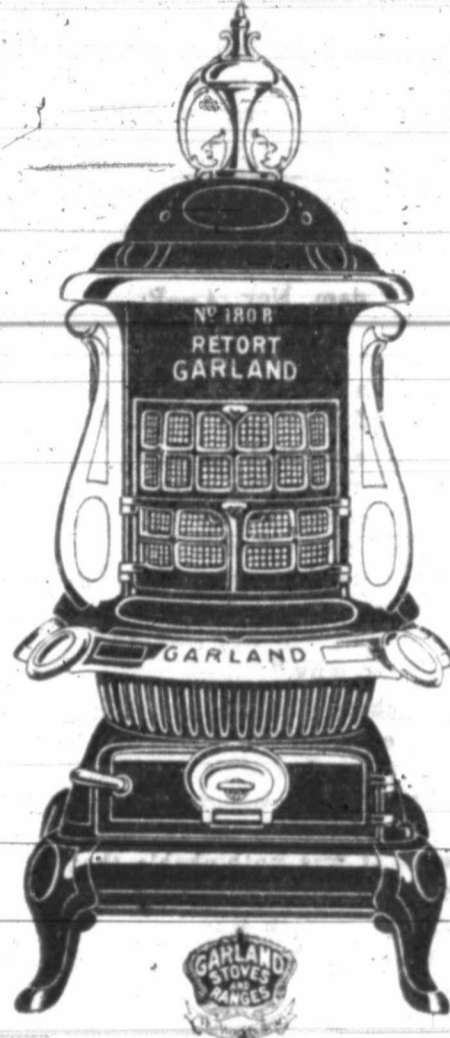

Thirteenth: Prohibition against the destruction of any naval, military or commercial material.

Facilities for Purchase of Material.

Fourteenth: Facilities are to be given for the purchase of coal, oil, fuel and naval material from Turkish sources, after the requirements of the country have been met. None of the above materials to be exported.

Fifteenth: The surrender of all

Don't Trust a Quack Doctor

You wouldn't put your health in the hands of a natural born untrained doctor.

You wouldn't want your teeth filled by a correspondence school dentist!

And you don't want your battery cared for by an untrained man—even if he says he knows all about batteries.

Doctoring batteries is a profession with us—we are trained battery experts, and we recognize and treat all of the common battery ills.

Your battery ought to be tested—and you ought also to learn about Threaded Rubber Insulation—the most important battery improvement in years.

Don't forget to ask for the booklet "A Mark with a Meaning for You."

We test, repair, and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries. Repairs, starters, generators, magnetos. We weld anything.

BIG RAINS REPORTED IN DAWSON COUNTY

The Dawson County Reporter says: "The rain we have looked for two long years has at last come to Dawson county. It has rained and rained and backed off and got a fresh start and rained and hailed and then snowed a little. There is water everywhere. If a well soaked earth is what you are looking for get out and take out your team and lets go look at that farm and get the family in out of the rain or if you are hunting a place to locate a business there are store houses vacant waiting for the man to fill them with goods. Whether you do or don't come, Dawson county will come into her own this next year.

Below we give the weather report

as kept by Mr. Austin. We have not been printing this report as it does not this year represent the county, but merely the locality where taken. Portions of the county have received a great deal more. Mr. Austin is very accurate and his figures reliable for his locality and follow:

For the entire year 9' and 64-100 inches.	
October	00
November	19-00
December	00
January	00
February	80-100
March	3-100
April	64-100
May	2 35-100
June	3 61-100
July	64-100
August	42-100
September	96-100
Beginning October 1st, 1917, and ending September 30th, 1918.

Turkish officers in Tripolitania and Cyrenaica to the nearest Italian garrison. Turkey agrees to stop supplies and communication with these officers if they do not obey the order to surrender.

Sixteenth: The surrender of all garrisons in Hedjaz, Assia, Yemen, Syria and Mepopotamia to the nearest allied commander, and withdrawal of Turkish troops from Cilicia, except those necessary to maintain order as will be determined under clause six.

Seventeenth: The use of all ships and repair facilities at all Turkish ports and arsenals.

Eighteenth: The surrender of all ports occupied in Tripolitania and Cyrenaica, including Misurata, to the nearest allied garrison.

Austrians and Germans Must Evacuate.

Nineteenth: All Germans and Austrians, naval, military or civilian, to be evacuated within one month from Turkish dominions, and those in remote districts as soon after that time as may be possible.

Twentieth: Compliance with such orders as may be conveyed for the disposal of equipment, arms and ammunition, including the transports of that portion of the Turkish army which is demobilized under clause five.

Twenty-first: An allied representative to be attached to the Turkish ministry of supplies in order to safeguard allied interests. This representative to be furnished with all aid necessary for this purpose.

Twenty-second: Turkish prisoners are to be kept at the disposal of the allied powers. The release of Turkish civilian prisoners and prisoners over military age is to be considered.

Twenty-Third: An obligation on the part of Turkey to cease all relations with the Central Powers.

Twenty-Fourth: In case of disorder in the six Armenian vilayets, the allies reserve to themselves the right to occupy any part of them.

Twenty-Fifth: Hostilities between

OPEN SEASON FOR GAME IS ANNOUNCED

Austin, Texas, Nov. 4.—Below is given the correct description of the open season on game in Texas. Some confusion and conflicting publications have occurred which are reflected in the numerous inquiries received at the State Game, Fish and Oyster Department. Violations of the law are occurring as a result of these erroneous statements and the State Game Warden advises that the open seasons are as follows:

Quails—December and January, Deer—November and December, limit, three buck deer.

Doves—September and October in North Texas; December and January in South Texas.

Turkeys—November, December and January. Limit, three gobblers. Exception: Several East Texas counties, including Dallas and Rockwall, where the open turkey season is March and April with a bag limit of two turkeys. The same group of counties forbid the killing of squirrels except in August, September, October, November and December, and a bag limit of five per day.

Ducks—There is no State law, except fixing bag limit at fifteen per day. The Federal regulations permit shooting of ducks and geese from Oct. 15 to Jan. 1. They can not be shot out of a motor-propelled boat.

The State law fixes a bag limit of fifteen on quails, doves and ducks, straight or in combination that is, the days sport must not show over fifteen feathered trophies. There can be eight quails, five doves and two ducks, but not fifteen of each.

If America gains nothing else from the war she will at least have a greatly increased knowledge of European geography. In fact, she will assist in making the new map of Europe.

While the "flu" had closed up everything America had a chance to sit at home evenings and get acquainted with its family and its library.

CAPTURED ORDER SHOWS GERMANY PLANES SHORT

British airmen recently captured an order issued by the German high command revealing the comparative bankruptcy of the German air defenses. It admits the frightful effects of the Entente warfare from the air and declares that more successful defense than hitherto made has been impossible and shows that not only that many of the German airplane sheds are empty, but that whole aerodromes are unoccupied. Officers in the German aviation services are instructed to occupy the aerodromes with dummy planes.

Meanwhile evidence accumulates in unmistakable forms that the Allied and American attacks against the Rhine towns are utterly shattering the nerves of the people, though these attacks unlike those of the Germans, are confined strictly to military objectives. Letters from Germans in such places as Liadorf, Saarbruck, Fraulautern and Frankfurt describe the populations as unable to bear much more and as demanding peace.

PRINCE MAX LAUDS RECENT REFORMS MADE IN GERMANY

Amsterdam, Nov. 4.—Prince Maximilian of Baden, German chancellor, discussing German reforms in an interview, is quoted by the Vossische Zeitung of Berlin, as saying:

"God be praised for a real, peaceful revolution. The old regime is gone for good. I am firmly convinced that a new German democracy will soon be living at peace with our present opponents, in order to be able to complete the task of remodelling Germany."

The chancellor declared also that if in the future the reichstag should pass a vote of wanton confidence in him he would be obliged to resign.

With reforms in the federal states he said, it was unthinkable that the federal council should ever receive instructions which would bring it into conflict with decisions by the reichstag.

Wild and unfounded reports linking the spread of influenza with German machinations are widely circulated. Our comment would be Pennington's "When did not rumors fly—Let rumors be."

COTTON SEED PRICES STABILIZED

Administrator Peden while in Washington attending a conference of State Administrators of the Food Administration, wired Texas headquarters September 5 that as a result of a thorough investigation of and analysis of all the factors entering in prices for cotton seed as affecting the farmer, the distributor and the crusher, a plan for stabilizing had been evolved. The message reads:

"Stabilization of cotton seed prices at average recommended by the producers has been accepted by the Food Administration after a conference with the State Administrators. The prices arranged are as follows:

Zone One,	\$68.00
Zone Two,	\$67.00
Zone Three,	\$66.00
Zone Four,	\$67.00
Zone Five,	\$64.00

All in car lots f.o.b. points of shipment.

"Price for sacked meal and screened cracked cake 43 per cent protein, any quantity: \$57.00; hulls, \$20.00—loose; oil, 17 1/2 cents, basis prime.

"The Food Administration has applied to the War Industries Board to revise price of linters; any increase in price of linters will be applied to reduction of meal."

LOSS OF FAITH IN KAISER WIDESPREAD IN GERMANY

Germany's widespread loss of faith in the Kaiser is the most significant fact in the Fatherland at this moment. It means that old popular superstitions are going and that the Kaiser is going with them. Democratic impulses are appearing all over the country and are often expressed with a precision and candor unheard of before in the German Empire.

Hundreds of newspapers invite the Emperor to bow to the inevitable and retire with his anachronistic system. His contempt for democracy and all forms of popular rule is now flung in his face. Junkerism still clings to the battered and disintegrating ship of the Hohenzollerns, but with blanched faces and failing courage. Zerberstern is so far reduced that it dares not lock up its critics—not even the humblest of them.

Promises vs. Money

The Government can't spend promises. Your W.S.S. Pledge is of no value unless it's paid.

The soldier can't fight with an empty gun and a broken bayonet. He will have to do without gun or bayonet as long as you put off paying that W.S.S. Pledge.

The Government can't buy cartridges and bayonets with promises. The Government needs fuel to use in the engines of the transports that take the fighters to France. The Government can't buy coal and oil with your pledge.

Every day you delay liquidating your pledge you delay the coming of victory.

YOU PASSED YOUR WORD

"My word is as good as my bond!" Have you ever heard that said about you or some other person? It means a whole lot, doesn't it?

When you made your War Savings Stamp Pledge you passed your word and gave your bond to the Government. That pledge is due now.

The Government is calling for its payment. You pledged the United States Government and you told President Wilson and Secretary McAdoo they could depend on you.

Prove it by liquidating that pledge speedily.

A man or woman is known by his alacrity and willingness with which he or she does what the Government wants.

CALL ISSUED FOR LIMITED SERVICE MEN

Washington, Nov. 4.—A drive to secure 35,000 volunteers from limited service men, urgently needed to fill special posts in the army, was begun today by the Department of Labor's Employment Service at the request of the War Department. The men are wanted for duty in this country, and will be used to release more active men for service overseas.

Only Class I-A registrants, certified for limited service, will be taken.

All men volunteering will be inducted into the ranks as privates and promotion to higher grades will depend on ability. Branch offices of the employment service and community labor boards over the country will receive applications for induction and give the men all necessary aid in getting into the service.

Some of the lines in which limited service men are needed and the number wanted are: Assemblers 2,000 chauffeurs 6,250, clerks 1,102, cooks 700, laborers 3,175, mechanics 4,450, motorcycle drivers 1,500, tire repairers 400. One newspaper man and three motion picture experts are also wanted.

FOCH TOLD TO RECEIVE HUNS FOR ARMISTICE

Washington, Nov. 5.—Marshal Foch has been authorized by the United States and the allies to receive representatives of the German government to communicate to them the terms of an armistice.

The German government is so informed in a note handed to the Swiss minister here today by Secretary Lansing.

The note announces that the allied governments have declared their willingness to make peace with the German government on the terms laid down in President Wilson's address to congress last January on the principles of settlement enunciated in his subsequent addresses.

The allies reserve to themselves however, complete freedom of action when they enter the peace conference on the subject of the freedom of the seas.

It was further stated with reference to restoration of invaded territories that the allied governments understand that compensation will be made by Germany for all damage to the civilian populations of the allies and property as the result of the aggression of Germany, "by land, by sea and from the air."

AN IMPORTANT NOTICE TO FARMERS

Hog killing time is approaching and soon the farmers will begin calling on the merchants for salt petre to use in curing their meat.

Salt petre (Potassium Nitrate) is used extensively in the manufacture of explosives and is covered by the Federal Explosives Act of Oct. 6, 1917, which provides that certain explosives ingredients will not be sold in quantities of an ounce or more unless the purchaser produces a license. Quantities less than an ounce, however, may be purchased without a license.

Those desiring to buy salt petre to use in curing meat can obtain it in sufficient quantity to meet their requirements by taking out an explosives license, the cost of which is only 25 cents. Sam Y. Davis, County Clerk of Lubbock County, is the local explosives licensing agent, to whom they should apply for the necessary license.

Merchants should call attention of their customers to this matter, so they may not be caught unprepared. This law also covers all kinds of explosives and explosive ingredients and any and all violations of the Federal Explosives Law should be reported to me promptly.

CHAS. B. WATERS,
U. S. Explosives Inspector, San Antonio, Texas.

NOVEMBER 9 IS PROCLAIMED AS GAS MASK DAY

Austin, Texas, Nov. 4.—Governor Hobby in a proclamation issued today proclaims Nov. 9 as Gas Mask Day and appeals to the people of Texas to use on that day every effort to gather for the use of the Government all peach pits or seeds and other fruit pits and nuts. From these seeds are produced the carbon used in the gas masks by the soldiers.

These will be remembered as the days when peace messages were flying and Spanish influenza flew.

THE SILVER LINING

By Geo. M. Hunt, Lubbock, Texas

Amid the somber shades of night,
Where lights are dimly burning,
We look towards the morning dawn,
For brighter lights returning.
The way of life is often dark,
When sad hearts are repining,
And yet behind the murky cloud,
There is "The Silver Lining."

We sometimes find while passing on,
A journey sad and dreary,
And as we meet our many trials,
The heart is often weary.
The life may seem a desert waste,
While it is fast declining,
But when the mists have cleared away,
We see "The Silver Lining."

While happy at the dawn of day,
The night may bring us sadness,
And then we long for cheerful smiles,
That fill our hearts with gladness.
And thus we find along life's way,
Are smiles and tears combining,
Still behind the darkest cloud,
Is seen "The Silver Lining."

Our days are fleeting as the dew,
And often filled with sorrow,
But for one's life that ends in peace,
There is a bright tomorrow.
And passing to the pearly gates,
Where Heaven's light is shining,
He drifts beyond the starless night,
And views "The Silver Lining."
—GEO. H. HUNT,
Lubbock, Texas.

AUSTRIA WILL HAVE TO DELIVER FLEET TO ALLIES

Washington, Nov. 4.—Austria-Hungary's navy, which either must be delivered to the allies or dismantled under the terms of the armistice that country has signed, consists of approximately 251 ships, according to latest information reaching the navy department. These figures, Secretary Daniels announced today, were compiled without reference to recent reported losses of two Austrian battleships.

The total of submarines is placed at 45 with fifteen (battleships, an equal number of cruisers, 21 torpedo boat destroyers, 10 torpedo gunboats, 67 torpedo boats, 45 mine layers, 11 river monitors, seven patrol boats, six armed steamers, six scouts one river torpedo boat and two trawlers.

60 OF KAISER'S PALACES TURNED INTO HOSPITALS

Instructions for Sending Xmas Boxes to Our Soldiers Overseas

The war and postoffice departments and the American Red Cross have made an arrangement by which every man in the army overseas may receive a Christmas parcel from his family or friends. The amount of shipping space which can be set aside for the transportation of these parcels will permit the sending of but one parcel to each man.

Each soldier overseas will be provided with one Christmas parcel label. This label will be forwarded by him to the person in the United States from whom he wishes to receive his Christmas package. Packages that do not bear this label will not be accepted by the Red Cross for delivery to the postoffice authorities. Labels that are lost will not be duplicated.

Christmas parcels must be placed in standard cardboard boxes 2x4x9 inches in size. These boxes will be provided to holders of labels by the American Red Cross. They may be obtained at Red Cross chapters or branches after November 1.

Below is a list of articles which are barred by the postal authorities. Study these instructions and avoid mistakes. No message or writing of any kind will be allowed to go in the boxes. When the boxes are packed but unwrapped, they must not weigh more than two pounds fifteen ounces.

If the parcel is over weight some article must be removed.

Do not mail the box yourself. When packed, the box, unsealed and unwrapped, ready for inspection, should be taken to the nearest collection station designated by the Red Cross. Red Cross representatives are authorized to remove objectionable articles from parcels. Shippers will then affix sufficient postage on their parcels to carry them to Hoboken, N. J. Parcel post zone rates will be charged. The parcels are to remain in custody of the Red Cross until delivered to the postal authorities.

No Christmas parcel will be accepted by the Red Cross for shipment after November 20. Keep this fact in mind when planning a Merry Christmas for the boys 'Over There.'

Procedure to be followed when you receive a Christmas parcel label from abroad:

The following is an outline of the procedure to be followed by persons planning to send one of these parcels abroad.

- On receiving one of these Christmas parcel labels, it should be presented at the nearest chapter, branch or auxiliary headquarters of the Red Cross, where the holder will receive a carton. These labels are not expected to reach this country before November 1, by that time each Red Cross branch will have its allotment of boxes based on the number of soldiers in service overseas from that community.
- These boxes may be filled with any combination of articles, except those on the list barred by the postal officials.
- The following is a list of the principal classes of articles which are unallowable:
 - All spirituous, vinous, malted, fermented or other intoxicating liquors.
 - All kinds of poison and all articles and compositions containing poison.
 - Explosives of all kinds.
 - Inflammable materials, including friction matches.
 - Infernal machines and mechanical, chemical or other devices of

compositions which may ignite or explode.

(Note)—Under this classification would come cigarette lighters, etc.

6. Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the postal laws and regulations.

7. All other articles which may kill, or in any way hurt, harm, or injure another, or damage or deface or otherwise injure the mails or other property.

Bear these facts in mind when packing your Christmas parcel:

Nothing should go in a Christmas parcel which will not keep fresh from the time of packing until Christmas.

Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound size.

Hard candy, including chocolate, would probably be safe in tinfoil or heavy cardboard, but no soft chocolates nor anything that could possibly be crushed should be used, as the remaining contents of the package might be spoiled thereby.

Several dainties packed in oblong tin boxes holding each a quarter of a pound will provide a better variety for a packet than a larger quantity of a single confection.

No liquids nor articles packed in glass should be placed in the package.

For wrapping the gifts, use a khaki-colored handkerchief, 27 inch square.

When the package has been packed, it should be taken, unwrapped and unsealed, together with the label and sufficient stamps to the nearest collection center designated by the Red Cross. After the package has passed the inspection of the Red Cross representatives as to contents and weight, and been wrapped in stout paper, the Christmas label bearing the address of the man for whom it is intended is placed on it. The person sending the package, in the presence of the Red Cross worker, is required to affix stamps sufficient to carry it to Hoboken, N. J. The postal charges are to be at the rate of fourth class or parcel post zone rate.

A label certifying that the inspection has been completed by the Red Cross until delivered to the postal authorities. GEO. W. SIMMONS, Manager Southwestern Division American Red Cross, St. Louis.

OFFICERS ELECTED WILL TAKE PLACES DEC. 1

Under the present laws of the State of Texas, the newly elected officers will take their respective places on the first of December.

J. P. Hope came in this morning from DeLeon, where he is working at present. He came home he said, because he was afraid he was taking the flu, but decided not and returned immediately to that place.

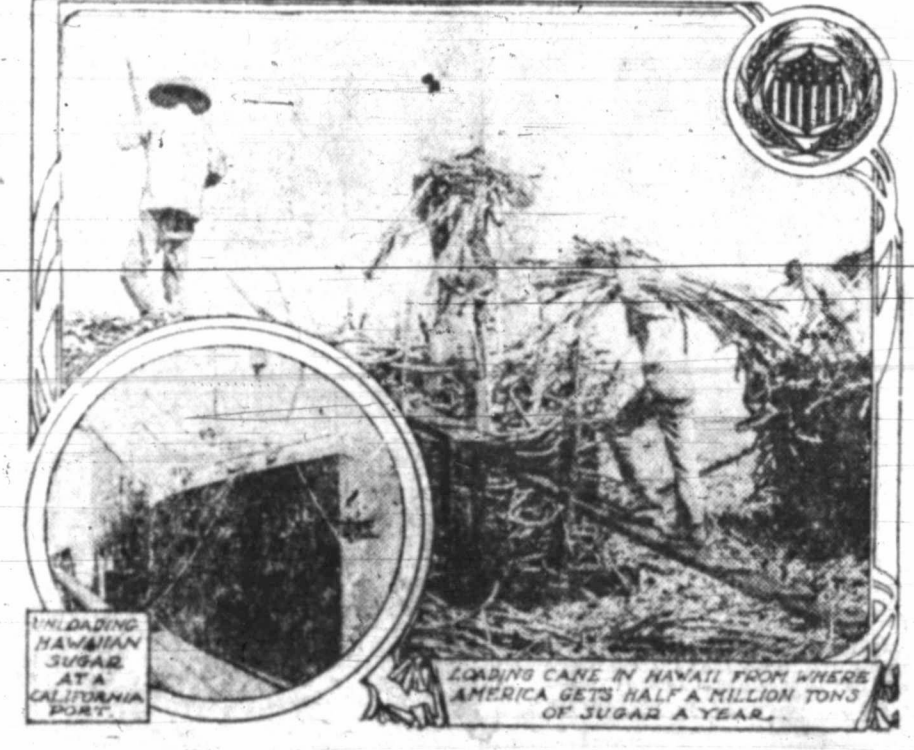

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed! Quit blowing and sniffling! A dose of "Cape's Cold Compound" takes every congestion until three boxes are taken and brings misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens congested nostrils and air passages, stops nasty discharge of nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Cape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent, of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

RED CROSS ITEMS

A Red Cross ship carrying a cargo of food, medicines and supplies, valued at several hundred thousand dollars, has arrived safely at Archangel, a cable received says. The ship left an American port sometime ago. The food, medicines and supplies will be distributed among American soldiers and the destitute civilians of that section of the world.

Red Cross chapters throughout the country have been requested to discontinue the direct distribution to drafted men of knitted articles made from materials provided by the American Red Cross. The distribution hereafter will be made solely by Red Cross representatives attached to the camps and cantonments. The distribution of Red Cross comfort kits, also has been discontinued in training camps in the United States because of the limited shipping space available in transporting troops overseas. The Red Cross has made arrangements to ship the kits overseas, where they will be distributed.

Mrs. Herbert C. Hoover, wife of the national food administrator, has been appointed assistant director of the Bureau of Canteen Service of the American Red Cross. She volunteered for the period of the war.

The American Red Cross has expended \$850,000 in equipping nurses assigned to duty abroad, says a report just made public by the War Council of the American Red Cross. The organization also has expended \$1,500,000 in equipping base hospital units. Each base hospital has 500 beds and 60 nurses.

The Department of Nursing of the Red Cross had enrolled 30,000 nurses to October 1. More than 17,000 of these are serving soldiers and sailors, half of this number being overseas.

Items of Interest to Farmers Gathered From Various Sources

Lice in Poultry.

Through the co-operation of the Bureau of Entomology we are now advising the exclusive use of a commercial drug, Sodium Fluoride, a by-product of feldspar, for the control of all lice affecting poultry, says F. W. Kazmier, Poultry Husbandman, Extension Service A. and M. College of Texas. This has proven very successful, either as a dusting powder or a dip. It is clean and easy to handle, relatively cheap in price and sure death to lice.

When used as a powder we apply it by the pinch method, placing small pinches on the head, neck, a back, wings, fluff and below the vent, using altogether about eight pinches of the powder. In warm weather a dip is made, using one oz. of the powder to each gallon of water. Five gallons of solution should take care of 100 hens.

The fowl is grasped by the wings and plunged into the solution, and the feathers ruffled to permit penetration to the base of the feathers. The head is then immersed and the fowl turned loose.

This is the most practical method for a flock consisting of fifty or more birds, and will do no harm in warm weather. Of course, we never dip setting hens. The powder can also be used most successfully on young chicks, which cannot be said of blue ointment.

Sodium Fluoride may be purchased at an average price of 60 cents a pound.

Mites in Poultry.

We have found that the mites in poultry can be controlled by the lib-

eral use of crude oil sprayed over all the wood-work of the houses and in all cracks and corners, says F. W. Kazmier, Poultry Husbandman Extension Service A. and M. College of Texas. Crude oil has a very heavy body and is not so volatile as the coal tar products. We find it necessary to dilute it with 25 per cent of kerosene so that it will pass through a spray nozzle. It may be used undiluted when applied with a brush. We also recommend the coal tar by-products when the crude oil cannot be obtained.

Incidentally crude oil is an excellent treatment for scaly leg mites, although care must be taken not to cover the shank above the hock, as the crude oil causes a painful burning when it comes in contact with the tender skin of the fowl.

Treatment for Roupe.

The best treatment for roupe in chickens in its advanced stages is to kill and burn the fowls affected. This stage of roupe may be recognized by a severe swelling of the head, causing a bulge as large as a walnut, sometimes forcing out the eye balls, says F. W. Kazmier, Poultry Husbandman Extension Service A. and M. College of Texas.

When the fowls are affected with the incipient stages they can be treated as follows: Spray the heads of the infected birds with a solution of one part Kresol, 10 parts kerosene and 10 parts water. Give the fowls a dose of epsom salts; using one teaspoonful to each fowl. Dissolve the salts in water and mix with a bran mash. Repeat this dose about three times a week.

METHODISTS OF WEST TEXAS GATHERING AT ABILENE

The advance guard of West Texas Methodism has reached Abilene and turned its tanks and heavy artillery on the barbed wire in preparation for the going "over the top" Wednesday morning of the annual convention of the Northwest Texas Conference.

Bishop James Cannon Jr., of San Antonio, is here and Tuesday held sessions with his cabinet, composed of the nine presiding elders of the conference. All presiding elders are here ready for work. They are: Dr. O. F. Sensabaugh, Abilene; A. J. Weeks, Stamford; M. Phelan, Vernon; A. W. Hjal, Clarendon; C. N. N. Ferguson, Amarillo; A. L. Moore, Plainview; W. E. Lyon, Lubbock; J. T. Griswold, Sweetwater, and B. W. Dodson, Hamlin.

The various boards were busy on Tuesday organizing in preparation for their work during the conference. These boards have offices at St. Paul's church. The examining commission will have the undergraduates before them for examination. The real conference starts at 8:30 a. m. Wednesday at First Methodist church. Night sessions will be held in order to wind up the affairs of the conference as quickly as possible. The meetings will be executive owing to the prevalence of influenza.

Whether or not Bishop Cannon will preach while here has not yet been announced, but efforts will be made to have him deliver one or more sermons during the conference, or immediately after its close.—Abilene Reporter.

UNITED WAR WORK ON NEXT WEEK

Beginning Monday, November 11, there will be launched a united drive for funds for the Y. M. C. A.; Y. W. C. A.; K. C.; Salvation Army and Red Cross. The president approved of the united drive and we are privileged to give our funds to anyone of the above and they will not go to any organization than the one designated.

As to the needs of the above organizations being great there can be no question. And those organizations that we are pleased to term wholly American in their scope and influence are propositions of which we may feel just pride. And in view of the fact that we, as Americans, have never failed to measure up to every standard of right and justice, we have no hesitancy in expressing faith that Lubbock will raise her quota and go on over the top.

Lubbock, Hockley and Cochran's quota is a fraction over five thousand dollars. Keep the war work drive in mind and meet the solicitors with a smile.

Get the Habit of Buying Good Merchandise

Good Suits, Shoes, Etc.

Its a very good habit to have and it pays, too. Men and women who make a practice of buying good merchandise—and paying a good price for it—are thrifty. They buy the best because they know the best—wisely considered, is the cheapest. We recommend—

Kuppenheimer and Styleplus Clothes for Men
Perfection Suits for Men

Nettleton Shoes for Men—Dress Shoes
Printzess Suits for Women

They are made from the best materials that can be attained by skilled workmen. Combining in high degree attractive appearance with long service. Make a habit of buying at this store. It means convenience, economy and satisfaction. We sell Kuppenheimer Suits and Overcoats at \$30, \$35, \$40, and up to \$50. Styleplus at \$25 and \$30 for suits and Overcoats.

We like STYLEPLUS because they combine the virtues of PERFECT FIT and SERVICE with the ASSURANCE that the price you pay here is as low—THE SAME—as it would be in any city or hamlet in the United States. The inexperienced can buy a STYLEPLUS suit as well as the expert clothier. NO DEALER IS PERMITTED TO SPECULATE UPON HIS CUSTOMER'S LACK OF INFORMATION. It is a matter of SELECTION only for all alike. There is no room for the profiteer. We like to sell merchandise justly famed the Nation over and at a DEFINITE, KNOWN PRICE. See US before you buy!

Not only do we make the lowest consistent price on dependable goods, but we are giving away the following prizes to be awarded Tuesday night of December 24th. Make up your mind now to win one of them.

Beginning Nov. 2nd. at opening of business and continuing until close of VOTING CONTEST Tuesday night, Dec. 24th., 1918, VOTES WILL BE GIVEN FREE on receipt of cash paid into the store on Merchandise, accounts or Notes, at the following rate:

On regular or staple merchandise, 100 VOTES will be given FREE on each dollar's worth bought and paid for, but no votes will be given on less than dollar purchases, nor on fractional parts of dollar purchases, but will be given ONLY ON FULL DOLLARS WORTH, as we don't think it practical to have the votes in less than 100 denominations.

On merchandise bought and paid for, bearing a Special Sale Tag, we will give FREE 200 votes with each dollars worth bought.

300 Votes will be given FREE for each dollar paid on notes and accounts, and list of these notes and accounts will be furnished to each contestant if desired, with authority to collect and receipt for the money paid for them, on notes and accounts.

Party holding greatest number of votes at close of contest, gets 1st prize. Party holding the next greatest number gets 2nd prize. Party holding the next greatest number of votes gets prize No. 3, and the next gets prize No. 4, and the next gets prize No. 5.

In giving away \$500.00 worth of Prizes, we think there should be at least 25 candidates contesting for the prizes, and whether you care to enter the contest or not, be SURE to save your VOTES and help some one get a PRIZE.

Lubbock Dry Goods Company

LETTERS FROM THE SOLDIER BOYS.

France, Oct. 15, 1918.
Mr. J. L. Dow,
Dear Friend:
Here I come again, although I am several miles further than I was last time I wrote you. I have been in France now over two months, am liking over here fine, what I have seen of it.
Well, it is quite different over here than what I expected to see. I have seen my first pair of wooden shoes to be worn. They sure do look awkward to walk in, and the railroads are so different from the American ones. They have first class, second class, and third class coaches. The first class are all o. k., the second class are not so bad, but the third class is not much more than "box cars" with seats in them, and their fences they use are nothing more than a big pile of dirt about 5 feet high, haven't seen but one or two wire fences since I have been over here, but I guess it is alright when you are used to things like that, but when you are used to think like we have in the dear old U. S. A. it is hard to get used to them.
I sure would like to see a home town paper, but I don't guess that I will get to see one, for mother has been sending me them but I haven't had much luck so far in getting them.
But I don't think it will be much longer before I will be back for you know the 351st are over here now.
I have composed a little piece, that I call the Soldier's Prayer, that I am

also sending you, and it sure does rihit the spot all o. k. for a soldier:
A Soldier's Prayer.
Now I lay me down to sleep
I pray the Lord my rank to keep.
Grant no soldier tries to take
Shoes or socks before I wake.
Watch o'er and guard my slumbers,
Keep my bunk and number.
May no pole or guy rope break
And another me before I wake.
Protect me in my dreams,
Let me dream of chocolate cake,
Forgetting not the sirlom steak
Grant that time might fly on wheels
Till I get come decent meals.
And that snowy feather bed,
Where I long to lay my head.
Far away from soldiers sins,
And these greasy half-baked beans.
Take me back in my dreams tonight,
And forever more I'll be alright.
Take me back to that land so true,
Where they don't hike in mud all o'er your shoes.
Lord thou knowest all my troubles,
From grooming mules to pick and shovels.
O Lord, if you but take me home,
I'll promise the world no more to roam.
Though war may rage on every side,
I'll never swear and I'll never drink,
Or at the fair ladies wink.
But I'll settle down with a bonnie wife,
To live contented all my life.
Lord grant this my earnest prayer,
Just take me back to "Anywhere."
Hoping this reaches you all o. k.
I am as ever,
Your friend,
R. H. HURST,

Letter From A Wounded Officer.
Lieut. Russell Phillips, who was wounded in action in France Sept. 26, is convalescing satisfactorily at a Red Cross hospital in Paris, according to a cable received here Oct. 14 by his wife, formerly Miss Elizabeth Calhoun, daughter of Mr. and Mrs. George R. Calhoun. A letter from Lieut. Phillips written from the hospital, received this morning by his wife gives the following account of the attack in which he was wounded:
"I finally came to Paris, but not exactly as I have often wanted to. I came on a Red Cross train and as a result of a wound I received in the recent fighting. I haven't written to you since last Thursday, and I have lots to tell you.
"In the first place, I want to remind you that I am 'plum full' of good luck or I wouldn't be writing to you tonight. I'll try to explain a few things.
"The big attack began Sept. 26 and for three days my division waited in close support to attack the Germans. We had no food, no shelter, no trenches, and it rained all the time. Also during those three days we were continually bombarded by the Germans, and I was slightly gassed twice.
"The real thing happened, though, on Sept. 29 (day before yesterday), which I can't ever forget if I live a thousand years. On the morning of that day we moved over a high hill to get in assaulting distance of our enemy, and in crossing the hill we ran into all the artillery that could possibly barrage our hill. In less than ten minutes I had lost over half of my fifty men and my company was simply slaughtered. We had no cover and the big shells hit faster and thick-

er than rain. I won't tell you of the horrible things I saw. When we reached our line of departure, close to the Germans, I had about ten men left. There we were compelled to stay for thirty minutes in a short trench two feet deep, under the most terrible artillery fire I have ever imagined.
"Still I didn't get hurt, although many men were killed within two or three yards of me and several times I was buried when big shells exploded close to me. From there we launched our attack. I leading about forty men who came up from reserve. There were Germans waiting for us, but we got them on the run and followed them across a valley. Up to 10 a. m. I didn't have any accident, but about that time one of a few million machine gun bullets struck me in the left hand, entering a knuckle and coming out near my wrist. Well, of course, it hurt some, and it bled lots because an artery was cut, but I did not have time to stop and fix it. I led my dusky warriors three miles farther and we captured lots of the Boche machine guns, and the village which was our objective. We were ordered to stop here, so we did.
"I was pretty weak from loss of blood and at 2:30 p. m. I decided to look for a doctor. I walked and crawled about four miles before I found one, big shells falling all around me the whole way—excuse me for saying it, but it sure was hell. The doctor dressed my hand and I got into an ambulance, which took me to a field hospital, where I got some hot coffee and a sandwich—first hot food I had had in almost a week. When I got on a Red Cross train which brought me to this hospi-

tal in Paris. It is grand here. I have everything I want and it seems like a heaven to me.
"Almost all of our officers were killed or wounded. I have seen at least twenty who were wounded, and doctors told me of many others. John Thomas was seriously gassed. Tom Vinton was wounded, and many others whom you don't know. It was awful, and God was good to spare me.
"I saw in today's paper that 'Rabbit' Curry has been killed. I won't go into any details of other happenings now, because I'm a little bit tired.
"An x-ray was taken of my hand and the doctor said the wound will be alright in a week or two. It is a sure thing the Boche can't get me, and I'm coming back when the big fight is all over."
In another recent letter Lieut. Phillips paid high tribute to the Negro troops of his division, who he declares did their bits to the uttermost, and were always unquestionably obedient and courageous.
Lieut. Phillips is a native of Arkansas, and he was for two years a popular student at Vanderbilt, stopping his college work to enter the first officers' training camp at Fort Oglethorpe.—Clipped from a Tennessee paper.
Rev. Kelley of Goldthwaite, Mills County, Texas, was here Tuesday. He was enroute to Crosby County where he has a farm, to look after his interests there. For several years Rev. Kelley had the agency for Singer sewing machines in this territory and is well acquainted with many of the people out here.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.
Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a box of Nature's Remedy (NR Tablets) and take one each night for a week or so.
NR Tablets do much more than merely cause pleasant and bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleansing. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.
Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

HEALTH TALK

SPANISH INFLUENZA OR GRIP

BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system, and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May apple, leaves of aloes, root of jalap and Dr. Pierce's Pleasant Pellets. The lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Antric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Antric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys they carry away much of the poisons and the uric acid. It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Antric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a table-spoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Ironic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

WATCH THE LABEL ON YOUR PAPER

On each paper that is sent out from the Avalanche office will be found the name of the subscriber and the date on which his subscription expires, for example if your subscription expires on Nov. 15, 1918, the following figures will be found on the label 11-15-18, or Nov. 11-18. That would indicate that your subscription is out on that date and if not paid the paper will be discontinued immediately. We have signed a pledge with the manufacturers of paper that we will conserve paper in every way possible. We are also under obligation to use as little man-power as we can very well get along with, hence in order to save paper and additional labor we will not mail out statements, but will hereafter discontinue the paper at the expiration of the time it is paid for, unless you come or write us making necessary arrangements for the continuation of same. Watch your label if you would keep your paper coming.

U. S. MAKES APPEAL FOR STENOGRAPHERS

The United States Government is waging a campaign to secure Civil Service employees to organize an efficiency civilian army to support our active fighting forces. Entrance salaries are exceptionally high with advancement after a short term of satisfactory service, due to the insufficient number of applicants.

This need is deemed pressing enough to justify the United States Civil Service Commission in promoting the Ordinance Department of the Army by an organized campaign to secure the co-operation of commercial schools, asking that every effort be made to forward Civil Service training, that this work be extensively advertised and that their needs be brought to the attention of commercial students and other persons who might be interested.

The Tyler Commercial College has just received an urgent letter from the President of the Civil Service Commission at Washington, D. C., listing more than 6000 clerical positions now open to our graduates. The local authorities are working in conjunction with the College and insure the full support of the Commission Representatives in Tyler and the Federal employes in charge of the examinations offered here every Tuesday. These examinations are graded with unusual promptness and leniency and appointments are frequently given when rather low ratings are made.

Girls show your patriotism—spend three and one-half months in the Tyler Commercial College, Tyler, Texas and qualify to pass the Civil Service examination, thereby helping to win the war. The Tyler Commercial College has a special class in Civil Service work and by the aid of the famous Byrne shorthand which they control they can qualify you to do this patriotic work, for which the Government pays handsomely, in three months less time than any other school. Girls, what excuse can you offer for not spending three and one-half months preparing to go to our beautiful National Capitol at a good salary and help your brothers win the war?

The cost of tuition, books, and board for the three and one-half months would not exceed one hundred and fifty dollars. If you haven't this amount, borrow such part of it as is necessary from some business man who would be only too glad to make you a loan since it would serve to help win the war, then, too, you could soon pay off the loan out of your salary. The College itself is extending credit to some worthy girls and boys. Write at once for catalog, shoulder arms and start on your march to our Nation's Capitol and do your bit to defend U. S. A.

Rev. J. B. Cole went to Sweetwater last Friday and conducted the funeral service of B. P. Hopkins. He was assisted in the service by Rev. T. Y. Adams, pastor of the First Baptist church of that city.

NOVEMBER DRAFT CALLS WILL TAKE 290,773 CIVILIANS

Draft calls for the mobilization of 290,773 additional men at army training camps before November 21 have been announced by Provost Marshal General Crowder. Between November 11 and 15, it was announced, 253,335 white men physically qualified for general military service will be entrained, making the largest single call issued under the selective service act.

The remainder of the November total, as far as announced, will be made up of negroes for entrainment November 19 to 21.

With the assembling of the men provided in these calls at camp, the total number of men inducted into military service under the draft will have passed the 3,000,000 mark; and the number of men in the United States army, in the field or in training, will total more than 4,000,000.

Men who registered September 12 under the act extending draft age limits will make up the largest proportion of the November mobilization as the eligible list remaining from previous registrations largely was exhausted by the October calls. Though the October calls were suspended because of the influenza epidemic, nearly all have been reissued during the last three weeks. In states where the calls have not been re-issued, men called for camp in October, will leave with the men called for this month. Calls for additional men to entrain later this month are in preparation, it was said today at the office of the provost marshal general. Entrainment by states and camps of the 253,335 white registrants will include the following:

Arizona, 127, Camp Cody, N. M.; 644 Kelly Field, Texas; total, 771.
 California, 2,000, Camp Lewis, Wash.; 13,049 Kelly Field; total, 15,049.
 Colorado, 2,930, Camp Pike New Mexico, 2,123, Camp Cody; 105, Fort Rosecrans, Calif.
 Texas, 3,000, Camp Bowie; 6,500 Camp Travis, Texas.
 Colored registrants include: California 59, Camp Lewis, Colorado 10, Camp Funston.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

Judge R. P. Maddox informed us Thursday that O'Donnell had gone "Over the Top" by raising her quota in the United War Work campaign which starts November 11th and ends the 18th.

Prof. J. T. Stricklin made a business trip over near Meadow and Lubbock last week, returning to Tahoka Saturday. The Professor was expecting the school to begin last Monday, but on account of the "Flu" it was postponed another week.

County Tax Assessor J. N. Thomas received a message the latter part of July stating that his brother, Atticus Thomas, had been killed in action on the battle fields in France. Nothing further was heard until the past week he received a telegram stating that his brother had arrived in New York, and had suffered the loss of an arm and leg. He went overseas with the first division of Pershing's forces and had seen active service in the front line trenches for several months. Mr. Thomas resides in the State of Alabama.

Mr. Elmer H. McCall and Miss Eunice Beatrice Thompson, of the Morgan community, were happily married at Wilson on the 17th day of October. These young people have the best wishes of the News for a long and happy voyage over life's matrimonial sea. They will make their home on a ranch near Wilson.

Rev. and Mrs. J. P. Callaway, came in Wednesday from Big Spring, Texas. Bro. and Sister Callaway are well known to the older inhabitants of our town, he having been pastor of the Methodist church in Tahoka for a number of years. Their many friends here will be glad to meet them again.

B. P. HOPKINS OF LUBBOCK BURIED HERE TODAY

The remains of B. P. Hopkins, of Lubbock, a former Nolan County man, were brought in this morning over the Santa Fe and buried in the City Cemetery at 11 o'clock. The service was held at the grave by Rev. J. P. Cole, Lubbock pastor, and Rev. T. Y. Adams, pastor of the First Baptist Church of this city, with Masonic burial service.

Accompanying the body were Mrs. Hopkins and their only child, W. S. Cooper of Roscoe, brother-in-law to Mrs. Hopkins, who was in Lubbock at the time, and George W. Briggs, Joe Boyd and Chris Harwell, who were sent as an escort by the Masonic Lodge of Lubbock. The funeral party were taken to the home of Mr. and Mrs. Jake Gibson, old friends of the deceased, where they remained for the hour set for the burial.

Mr. Hopkins died of pneumonia, at 11 o'clock Tuesday night. He was 41 years of age. He had spent a great deal of his life in this county, being the son of the late Rev. J. D. Hopkins, a primitive Baptist minister, who owned a large farm in the Roscoe country. His mother died in 1905, but his father lived until a few years ago. Both parents were buried in Sweetwater. Mr. Hopkins was engaged in the drug business in Roscoe for several years and while there was married to Miss Mollie Powell, of Louisiana. Later, they removed to Lubbock where he re-entered the drug business and was thus engaged at the time of his death—Sweetwater Reporter.

Well, Its Here--- "TOMORROW"

Did you say yesterday that you would buy the W. S. Stamps you had pledged to buy, open an account with this bank, or make another deposit, "TOMORROW"?

Why That's today.

It's always easy to say "TOMORROW", but it is more or less hard to DO today.

And of course you know that it is DOING only that accomplishes results. Of all your thoughts, only those that at last end in action are worth anything. DO IT NOW. Buy Thrift Stamps and War Savings Stamps until it hurts, then buy more to ease the pain, and above all things establish and keep up a connection with this Bank. New accounts solicited.

KAISER MUST SEE GENERAL FOCH FOR PEACE

London, Nov. 5.—The Allies have decided that Germany must apply to General Foch, the allied commander-in-chief, for an armistice. Lloyd George stated today in the House of Commons.

Washington, Nov. 4.—The armistice terms which are to be offered Germany have been agreed upon unanimously and signed by representatives of the Allies and the United States in conference. If accepted, they mean surrender and immediate end of the war, leaving final peace terms to the dictation of the victors. Secretary Lansing announced the agreement tonight.

The conditions follow the outline given by President Wilson of what would be required to preserve the supremacy of American and allied arms and render Germany powerless to renew hostilities.

M. T. Warlick and wife arrived in Lubbock last week. Mr. Warlick has entered the service of his Jack Sam and left Sunday. Mrs. Warlick will remain here with her mother, Mrs. J. K. ... during the absence of her husband.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Stitches, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Genoa, Tex.—Mrs. Minnie Phillips of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to do any housework and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me. One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

CHANGE IN SUGAR ALLOWANCE NOW EFFECTIVE

"On account of the rapid manufacture of the new crop of beet sugar in the West and the new crop of Louisiana cane sugar in the South the reduction that we have made in the consumption of sugar to the manufacturing trade, and the patriotic conservation in the past four months, enables us to increase the household allowance of sugar from two pounds per person per month to three pounds per person per month. This same increase will be graded the public eating places. This makes good our promise to increase the household allowance of sugar at the earliest possible moment that our supply would justify.

"This increase is effective November 1st.

"Washington desires to have a uniform rule throughout the country covering the sale of sugar, therefore beginning November 1st, merchants will be permitted to sell a family one month's supply of sugar, based on three pounds per person per month. This naturally cancels the two and five pound package rule.

"Unfortunately we only received advice of this increased allotment to-day, and as we have already issued Statement E and Statement C certificates, we shall immediately mail to all retailers and public eating places additional certificates to bring up their supply to a basis of three pounds per person per month.

"There will be no change in the November allotment of Statement A, B and D.

"It is still necessary for merchants to keep records of their sugar sales on the three pound basis, as on the two pound basis."

Yours very truly,
E. A. PEDEN,
Federal Food Administrator for Tex.

THE DEATH OF MR. BEVINGTON IN DALLAS, TEXAS.

An account of the death of Mr. Ed Bevington appeared in the Avalanche last week, and the following was received this week from a friend of Mr. and Mrs. Bevington from Chicago. It reads:

Chicago, Nov. 4th, 1918
Lubbock Avalanche
Lubbock, Texas.

Mr. Bevington had long been a patient sufferer, and it was after trying other parts of the country in his search for health that he came to Lubbock, in September, 1915, and purchased the racket store, at that time owned and operated by Mr. Bob Austin.

How the store prospered and grew under his management is known to all in Lubbock. "Bev's Racket Store" was known far and wide for its liberal policy, courtesy and square dealing, but were made to feel their welcome. Mr. Bevington was a man of unusual business ability and sterling qualities. He always believed that what was worth doing was worth doing well, and as a natural consequence was financially successful in spite of ill health. Outside of business hours he could nearly always be found in one of two places—either at his home or in his car driving in the country accompanied by Mrs. Bevington. The broad expanse of the great plains was most fascinating to him. He was a strong booster for Lubbock county, and when he from time to time, visited the north he never ceased praising the great West Texas. Another virtue worthy of mention was his great love for his country. He was a most loyal and patriotic citizen, and had been heard to remark that his only regret was his inability to serve under the flag. He tried and was rejected repeatedly.

When the continuation of ill health compelled Mr. Bevington to give up his business, he sold his stock and all interests to Mr. K. Carter and left Lubbock in February of this year, accompanied by Mrs. Bevington, on an auto trip through the north, sight-seeing and visiting with friends and relatives. Among the states visited were Texas, Oklahoma, Kansas, Missouri, Illinois, Iowa, Ohio, Michigan, Indiana, Nebraska, Colorado and New Mexico. On their return they passed through Lubbock in September and reported a wonderful trip, and Mr. Bevington's health was much improved. They located in Dallas, where Mr. Bevington accepted a position with Sears-Roebuck & Co., with whom he had spent eight years prior to his coming to Lubbock. It was in the office of the above mentioned firm that he was stricken. Mr. Bevington is survived by his wife, three brothers and three sisters. The remains were sent to his old home in Rockford, Ohio, for burial.

HOHENZOLLERN TRUNKS SENT TO SWITZERLAND

Geneva, Switzerland, Nov. 3.—Dozens of trunks bearing the royal Hohenzollern monograms have been arriving in the last week at the luxurious chateau named Buonas on the Lake of Zug. The chateau, which is flying the German flag, is the property of Baron von Kleist, a German.

Geo. H. Cook and family left this week for their old home at Concordia, Kans. Mr. Cook was associated as cashier with the Farmers National Bank and relinquished his position in order to join the aviation forces of Uncle Sam. Mr. Cook expects to take a short vacation before entering the service, as his health has not been good lately. He and wife made a host of friends while here who wish them well.

PESSIMIST AND OPTIMIST.

The pessimist walks around,
I can't quite tell you how;
And snarls at everything he sees,
A frown upon his brow.
He turns away the beggar,
And he scorns at all he meets;
He comes in quite late at night,
From down upon the streets.
He looks upon the gloomy side,
And never on the bright;
He worries o'er his troubles,
Until late into the night.
The optimist always has,
A smile for all he meets;
He gives to all the beggars,
Whom he sees upon the streets.
He laughs at everything he sees,
And nothing to him goes wrong;
He has a sparkle in his eye,
And on his lips a song.
He seems to other people,
That he's happy as a lark;
He looks upon the bright side,
And never on the dark.
Now, you must try to be a man,

Who drives his cares away;
Who looks upon the bright side,
And is always looking gay.

I'm sure the world would be,
Much happier by far;
If we would all be merrier,
Instead of what we are.

HIGHEST QUALITY AWARDS

IN KINDLY REMEMBRANCE OF BION PLEASANT HOPKINS

The subject of this sketch was born in Clinton County, Kentucky, February 15, 1877, and died at his home in Lubbock, Texas, October 29, 1918.

While a child he came with his parents to Texas in 1884 and lived near Van Alstyne in Grayson county until manhood's years. When he had reached his majority he came west and has since resided in some portion of West Texas. He had the spirit of the great wide section and was a man of energy and broad outlook. His heart was afire with self-reliant progressive restless energy. To him this section was the best ever and he loved the country and the people of Lubbock. Busy as the busiest he always had time to attend the calls of humanity and to lend a hand when the cause of the needy was presented. While his life was crowded with responsibilities he faced the world with a kindly smile and had a good word for all. His six or seven years of residence in our town prove his worth and work.

On the eleventh of July, 1912, he united in marriage with Miss Mollie Irene Powell. These brief years have been filled with mutual devotion and happiness. They were joined in heart and in purpose and together sought to live lives worthy of themselves and helpfulness to others. But a little while ago they had entered a new and comfortable home in the best section of our good city. Some of us know how happy they were in what was their very own home on earth.

Later on the Lord gave them a bright beautiful child to draw them even closer together in life and to sweeten more fully their cup of earthly joy. The little one grew fast and became their highest delight. No father ever seemed prouder of a child than did our friend.

As a citizen and business man, Brother Hopkins ranked among our best and took deep interest in the going and development of our city. He will be missed by all of us.

Brother Hopkins was connected with several of our prominent fraternal orders and was faithful and prompt in responding to his duty in these organizations. Their loyalty to him was well proved at the time of his sickness and death.

From his stricken loved ones it is learned that he was one of five brothers and sisters and the special favorite of them all and the first one to

answer the call to the better land.

The writer has known Brother Hopkins for more than three years and has had opportunity to learn his heart life. Several times during these passing years I have spoken to him of his spiritual condition. He was easy to approach upon this great subject and gave most respectful attention. He never made a public profession of his hope for the future, but said many times that he believed in Christianity and at one time spoke of his trust and faith. To his wife he expressed himself as trusting in God and praying to him in all times of need and trial.

His father was an honored minister of what is known as the Primitive Baptist church. All his early training in that modest quiet way so characteristic of those good people. In all his dealings with his fellow men our friend was disposed to put more stress upon deeds than upon loud profession. He was modest and quiet almost to a fault. Let us trust that he passed joyfully to rest and happiness.

Let us prove our love to him by our faithfulness to his loved one left among us.

May our Heavenly Father's hand rest graciously upon them and may their days of sadness be lighted with the joy of every memory of the loving kindness of their dear one gone. May their future be lighted with the blessed hope of reunion and joy unspeakable in the Home Over There.

Very tenderly,
J. B. COLE.

ADVERTISING RATES NOT IN KEEPING WITH INCREASES

In our own country the lowest priced commodity sold just now is newspaper advertising space. Advertising rates are not keeping pace with increasing cost of production. In the face of curtailment of news print consumption the newspapers are still able to accord to advertisers all the space they require. This condition may not continue if the war should last through another two years—and rates are sure to be advanced, irrespective of this consideration. Our advertisers should make the most of their present golden opportunities. They should "take a leaf" from the experience of British business men, and make their present advertising campaigns serve the double purpose of effecting immediate sales and of providing for the trade competition which will follow the ending of the war.—Tulsa Herald.

A QUIET PLACE TO READ

This Red Triangle man has charge of a "Y" hut near the front in an old chateau. When Fritz takes a notion to drop shells in, around, near by and over the chateau the place is not very well patronized by the soldiers. Then it gets lonely for the "Y" man and he decides it is a good time to read a chapter from his Bible. So he seeks out some quiet (?) place—say a dugout—where he can read in peace. A "Y" man has to have his rest like anyone else. Then who can blame him for finding a secluded, comfy dugout where he can hang up his tin hat and take a fifteen minutes' vacation?

"THE SUNSHINE DIVISION"—WOMEN'S ARMY

The "Sunshine Division" is the name of a newly organized "army" made up of women who want to help win the war. The idea originated during the recent concert tour of army camps made by Margaret Woodrow Wilson, the president's daughter. As the name indicates, the new army has a special responsibility for strengthening the

morale of the soldiers at home and overseas, thereby contributing directly to the success of the American and allied arms. A plan is being evolved to enlist women in every community to become soldiers in the "Sunshine Division," their services not necessarily taking them away from home. Particulars may be had from one of the sponsors of the idea, Maj. A. P. Onkes, now stationed at Southwestern Life building, Dallas, Tex.

AUSTRO-HUNGARIAN ARMISTICE ANNOUNCED

Washington, Nov. 4.—The terms of the Austro-Hungarian armistice as announced today accomplish a complete surrender and open Austria-Hungarian territory for American and allied operations against Germany.

It includes complete demobilization of Austrian forces, surrender of one-half of all artillery and military equipment.

Occupation by allies of such places as may later be selected.

Use of Austrian railroads for operations against Germany.

Evacuation of invaded territory, leaving behind all equipment and supplies, including coal.

They are to leave behind all equipment and supplies, including coal.

Austrian surface and submarine fleets disarmament and all others under American and allied control; surrender of all German submarines in Austrian ports. Free navigation in

Austrian waters by war and commercial fleets.

All air craft put out of commission and concentrated under allied control.

German troops in Austria-Hungary Italy or Balkans must be out or interned within fifteen days. Allied blockade against Austria remains unchanged.

Reparation of Allied and American prisoners without reciprocity. All fortresses protecting Austrian naval bases or stations to be occupied and the arsenal at Pola is specifically surrendered.

All allied craft held by Austria to be returned immediately.

The only organized force Austria is permitted to retain is limited to that necessary to maintain order in her own borders.

Danube route to be kept open by occupation or dismantling fortresses to be selected by Allied commander.

All Austrian harbor and other equipment in occupied Italian ports to be left untouched.

Destruction of any property by retreating forces specifically forbidden.

DISTRICT COURT TERM PASSED AT BROWNFIELD

District Judge Spencer went over to Brownfield last week to officially pass the term of District court to the spring date. The Terry County Herald says:

Judge Spencer came down Monday, but it was not his intention to hold court when he came, as the ban on influenza had not been lifted here, against crowds congregating.

He informed us that there was not much doing anyway, as the docket was unusually clean, and that the Spring term could take care of them. There was one little case that had to be passed on, which was done, though none of the lawyers were present.

A LETTER FROM NEW HOPE COMMUNITY

Probably those who have lived on the plains since they discovered America knew 'twould rain again some time, but we amateurs in dry farming hadn't received any revelation on the subject. But the scales fell from our eyes and we are beginning to realize that something more than war, death, famine and drouth stalks abroad.

Happy change, this. We shook in our boots all day Saturday, for we just knew the garden had crossed the River Styx, but like many other troubles that never happen, the vegetables stood as green and stately next day as ever before. There's still something new under the sun. Texas has had enough when the Hun shot the sugar bowl off the table, and without garden produce the feeds would be shorter yet.

Thos. Richardson Jr. returned from Delta County to gather his crop. He left last week to make his home in the northeastern part of the State.

Albert Mathes, who has been in a sanitarium at Lubbock for several days is reported as convalescent and hopes to return home soon.

All public gatherings have been dispensed with for the past two weeks on account of the disease that has become a plague in many parts of the state. All the families, in our knowledge that have been thus afflicted are as follows: T. A. Batlin, Mrs. Z. P. Copp, S. D. Pate and one of the Sutors. We don't know that any of these had serious cases. It seems that the altitude and pure air on the plains has been very beneficial in healing this illness and destroying the germs.

The children are proving themselves a great help in harvesting the crops since school has been suspended.

Our neighborhood was made sad on Saturday, October 26, when the spirit of Mrs. Bud Copp, of the Union community, took its flight to a better world. Her husband, one son, father, mother, brothers and sisters, together with scores of friends, are left to mourn her departure. She was famous for her devotion to her family and untiring aid to sick neighbors.

She was converted during a meeting held at our school house by Revs. D. C. Ross in 1916. In October 1917 she joined the Baptist church at Union and was baptized by Rev. J. M. Earls. Her remains were interred in the Lubbock cemetery Sunday, Oct. 27. Mr. Copp was very sick for sometime before her death and is still not strong.

ng Mrs. Oliver Sunday afternoon. There are no new cases of influenza in Idalou for which we are truly thankful.

Mr. Isum, Mrs. Markle and children spent the day Saturday with Mr. Isum of Lorenzo.

Quite a crowd attended the B. Y. P. U. meeting Sunday night. Everyone came next Sunday at 7:30 p. m. and bring some one with you. Be a booster and boost the B. Y. P. U.

Mr. Doolley's sister from Eastland, Texas, is visiting him.

Mr. Greer and Mr. Teal have made 6 trade in automobiles.

Mr. Hutson and Mr. Weaver were in Lubbock recently.

Halloween the spooks started Mr. A. G. Ross in the coal and grain business. Everyone patronize him for we are sure he will appreciate your trade. We would thank the spooks too, if they would kindly erect the basket ball goals which they tore down, and would not disturb our quiet slumbers by blowing the gin whistle so long.

Miss Bean received word Sunday afternoon that her mother is ill with Spanish influenza.

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

THE LYING EDITOR

It is often said by people that the reporter, and that person, is usually the editor on weekly, local papers, is the biggest liar in the community. This editor arises to point of order and denies that this is the case, and informs the public there are others.

I will admit that a great many mis-statements are made in local newspapers, made by the editor or reporter too, but his information is received from other people mostly, and sometimes it is given by what anybody would consider a RELIABLE SOURCE, and even, if the editor thought it necessary to investigate further he would not have the time to do so and get the bit of information in the paper for that week, hence, after the paper is printed it might be found that it was a mistake in report, and goes out to the public and some wise guy brands it as a newspaper lie.

You know yourself how you will hear a bit of talk on the street and you will put it down as correct, and after awhile you will meet someone else who tells it entirely different, a little later you hear another version of it and on you go and possibly hear as many different reports about the same thing as you have persons to tell you, and so you can appreciate the position of the news gatherer in getting everything exactly straight. The careful newspaper reporter is anxious to get his news items as near correct as possible, and usually if possible goes to the spot where the item originated, but it is oftentimes not so that he can reach the source of the information and therefore has to make the best of it.

The same is true about crop con-

ditions, rains, etc. Some fellow may come in from a certain section of country and report a fine crop, the editor will naturally want to tell about it and will crack down and write about the splendid yield and if it is The Avalanche will very likely wind up his story by saying "Come to Lubbock." Some fellow on the other side of the county will read it and if his crop happens to be sorry, and is not up to the report the editor is giving he will console himself by "cussing the editor of the county paper" for lying, and misrepresenting conditions. The same might be said about rain, and so on down the line. The trouble is that no human being publishes their mistakes but the editor. If the common rank and file should see their thoughts and the week's collection of events in print they would be surprised to see how many blunders they had made. How many mis-statements they had allowed to get into the paper. How many lies they had told and had not intended, nor did they think they were doing so when they put into words the message they were sending out to the public.

Suggestion: Be sure you are telling things exactly straight when you are giving the reporter items and there will not be near so many mistakes in the reporting of news in your local paper, and the publishers will not have to use up so much valuable space correcting erroneous reports.

President Wilson is acknowledged to be an excellent correspondent. Opinion, however, seems to be divided as to whether his domestic communications are as satisfactory as his foreign ones.

FAMILY LIFE ENDANGERED

The unusual conditions that now obtain in our social order are causing changes in our family life that are menacing its well-being if not indeed its very integrity. Thousands of husbands and fathers are going into various branches of war-work, thus entirely separating themselves from their homes, perhaps for many months to come. Then multitudes of mothers and wives have felt it necessary, during these times of extremely high living expenses, to go into some line of business and become bread-winners instead of being home-keepers. Both of these conditions are highly dangerous to family life.

No one can take a father's place in the training and management of his children. This is particularly true of boys. It matters not how wise and strong a mother may be, it is almost impossible for her successfully to govern and direct the adolescent boy. However much he may love his mother, he nevertheless instinctively resents feminine rule and feels that the mother cannot understand him and is wholly unable therefore to appreciate his wild but innocent longings. This creates at once a serious situation for the home and also for the boy.

Then the mother's absence from little children day after day, as she labors to provide them bread, vitally endangers the whole life of the home. That constant protection and minute oversight that a mother knows so well how to give cannot be delegated to any other person without irreparable loss to the little ones. This exposes their lives to many subtle forces of evil and makes possible the beginning of habits that drive the life on toward inefficiency and immorality. Then the constant instruction that is needed in the course of each day's developments in the life of the child cannot be given if the mother is not immediately at hand. When she returns in the evening the situations are gone and the anxious attitude of the childish mind has passed away with the ever-changing situations; and furthermore, the mother is too much fagged after the long hours in the whirl of business to be the patient, sympathetic instructor the tender little life needs.

These conditions create a situation in our immediate social life of the gravest moment. The family is the foundation of our whole social structure. If we are a virile, noble people, it is because of the sane, wholesome family life that has been such a noted feature in American history. The careful training, the high ideals, the fine spirit that have characterized this home-life have been the determining factors in creating our peculiar national life and in producing the whole spiritual outlook and temper of our people. The rising generation must have the same careful nurture if our high type of manhood and womanhood is to be continued and if our country is to be "a light for those who sit in darkness." In the language of Dr. Henry Cope: "If we would have a religious world-order, we must protect the right of the family to develop the life of the spirit."

Our present situation, therefore, calls for the most careful thought upon the part of the church. More than ever the church must be made to feel her responsibility in conserving and developing the family life of the entire community, and she should so wisely use all of her resources in protecting, in guiding and in instructing that the family may be kept at its best through these trying times.—Texas Christian Advocate.

When it was suggested to the kaiser that he should abdicate his response was, "I will not abandon my sorely tried people." The German people have been more sorely tried by the kaiser himself than by any other condition or disaster.

What should we do without the good, old fall elections, to tell us that October is over and Thanksgiving near at hand? And by the way, was your candidate elected?

KEEP ON BACKING UP THE BOYS

The big battles may be over. It looks very much like they are, but there is an enormous amount of work yet to be done across the seas, and our soldiers are going to have to do departments that are doing so much a big lot of it. We should then continue to contribute liberally to the for the comfort of our boys while they are over in that country. Just because Germany is whipped from a military standpoint the war is not over—that is our men are not ready to come back home, and will not be for a long time—maybe years before they all get back, hence the importance of keeping the work of caring for their comforts as is done by the Y. M. C. A., the Red Cross and other organizations. The campaign for War Works Funds will start next Monday. The total amount that Lubbock has started out to raise is \$7500 and we hope that none will refuse to contribute something to this fund. It will be used in furnishing our soldier boys with many articles that will be of general comfort to them. Keep on giving. Keep on helping.

AUSTRIA HUNGARY IS NOW OUT OF THE WAR

Washington, Nov. 4.—Austria-Hungary, the last and most powerful ally of Germany passed out of the world war today under terms of abject surrender.

Not only have the armed forces of the once powerful Austro-Hungarian empire laid down their arms to await the end of the war and peace terms dictated by the allies and the United States, but Austro-Hungarian territory is open for operations against Germany. Even the munitions of the former ally are to be used against the kaiser's armies if refusal to accept conditions now being prepared off them make prolonged fighting necessary.

The terms which stopped the victorious advance on the Italian front were accepted by the Austrian Commander-in-Chief in the field in the name of the Vienna government, and their execution is guaranteed by the thorough beating already administered which has converted the defeated army into a fleeing, disorganized horde.

Even the terms imposed previously upon Bulgaria and Turkey were hardly so drastic. In addition to all of the military precautions, the Aus-

trians are compelled to retire from a single strip of territory within the borders of their empire when the war began, surrendering all of Italy Irredentia and thereby losing any advantage for argument over boundaries around a peace table.

A map survey of the geographical lines fixed for Austrian evacuation shows the area is greater than that set by the Italians as the goal of all their ambitions when they entered the war. At that time Italian leaders carefully outlined and indicated on their war maps, territory along their borders which they deemed it necessary they acquire for racial and for sentimental reasons and also to insure security of their frontiers.

In decreeing Austria's surrender terms, the supreme war council at Versailles has followed this outline closely, but has enlarged it. Right of occupation of these ravaged provinces is stipulated, but it is to be hoped that for the time being civil government is to be administered by existing local civil authorities in co-operation with occupying garrisons. This means that the whole question of final disposition of the territory involved is to be settled at the peace table.

I am Sincere! Stop Calomel! I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated, or headachy read my guarantee.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe all the next day like violent calomel.

CHURCH NOTES

Baptist Church

These have been strangely quiet and trying days for devout church going folks. Perhaps we are called upon to pass through such experiences to make us understand more fully the meaning of the great privilege of public worship. Will not the blessing of health and worship ever be fuller of meaning to us all?

None of us doubt the wisdom of this enforced quarantine. It is but right that any one should be careful of the health of his fellow citizens, and more especially so when it has been so sadly emphasized by the death of some of our best people. The law of self preservation is invoked when we face the terrible dangers of epidemic and contagion.

But it is implied that the quarantine will be lifted next Saturday, but if it should not then let us most cheerfully obey the request of our officers.

If there is no further proclamation from our mayor we will have all our regular services on the usual hours next Sunday. I am sure that the bright boys and girls of Lubbock will be glad to come once more to their classes in Sunday school and all our folks will joyfully gather at their respective places of worship. Some of us will be especially sad at the absence of some who were with us when last we met, but we know that they are with the worshipping hosts on high. Let us gather with no spirit of hopeless grief or rebellion, but in glad anticipation of the rapidly us and to make themselves known to the congregation of the skies.

Strangers lately moved to town or visitors stopping over Sunday are very cordially invited to worship with us and make themselves known to the pastor and congregation.

Yours very kindly
J. B. COLE

SOCIETY NOTES

J. B. Smart returned to his home in Callahan county Sunday after spending a few days with his sister, Mrs. J. D. Mitchell, at the home of Mrs. Mitchell's daughter, Mrs. R. G. Way. Mr. Smart and Mrs. Mitchell made a brief visit to Meadow last week with G. W. Ellington and family.

Mr. and Mrs. O. E. Radford spent Tuesday in Plainview.

Mr. and Mrs. Radford of Abilene, returned to their home after spending a few days with Mr. and Mrs. O. E. Radford of this city.

Mrs. F. C. Oliver returned last week from Quanah, where she has been visiting friends.

Mr. Powers, of Louisiana, is here visiting his sister Mrs. B. P. Hopkins.

Miss Margaret Huff spent Friday and Saturday in Ralls. She assisted Miss Pearl Webb in giving a recital there this week.

Dr. J. T. Hutcherson leaves this week for Oglethorpe, Georgia where he enters the service of Uncle Sam.

Mrs. W. I. Scudder left Wednesday for Houston where she will reside in the future.

 - Mince, Apple and Pumpkin Pies
 - Coffee, Cream and Bread
- All this will be served for fifty cents per plate, and the place will be announced later.

WAR COST IS TWENTY BILLIONS TO DATE

Washington, Nov. 3.—War expenditures are not as great as the Treasury estimated five months ago when it set the mark this fiscal year at about \$24,000,000,000. Expenses for October reported today amounted to \$1,664,862,000, including \$489,100,000 in loans to allies. The total was only a little more than expenditures last July and about \$250,000,000 less than the estimates for October.

Owing to unusual receipts of \$3,583,400,000 in October from popular borrowings the working balance in the Treasury's general fund now stands at \$1,845,739,000 a new high record. From fourth Liberty loan payments alone \$2,295,000,000 poured into the Government's coffers last month.

The total war cost to date is now calculated at \$20,561,000,000, of which \$7,017,000,000 has been loaned to the allies. Only a little more than one-fourth of the expense has been raised from taxation and slightly less than three-fourths from Liberty loans and war savings.

Melvin A. Walker and wife have moved to Amarillo where they will reside for awhile. Melvin has taken a position with the express company at that place. For some time he has been working with Hunt Grocery Company, and he and wife have made endearing friends while in our city who wish them much success wherever they go.

Rev. Hicks and family, of Brownfield came up Monday and accompanied his father to the Annual Conference. Mrs. Hicks and the family are visiting at the parsonage here while the men folks are away attending to church matters.

Carrying away a gate on Halloween is a delightful and exquisite joke if you are fourteen years old and the gate is your neighbor's. If you are forty-five years old, and the gate is yours it assumes a different aspect.

Extra Extra Extra

The announcement that we have just received our first shipment of RYZON, the Perfect Baking Powder, should be of interest to every housekeeper in this community. Among the thousands of women who have used Ryzon, over one hundred thousand have been interviewed personally and have expressed the opinion that Ryzon is not only more economical in the home, but that it actually produces better baking.

As one expression of the superior baking which is produced by the use of Ryzon, the Ryzon Baking Book has been introduced. It contains the choicest of the recipes sent in by ten thousand housewives, also recipes of many of the most famous cooking experts. It is a Bound Book, richly illustrated in colors and is a prize in any home. This wonderful little manual of baking was originally priced at one dollar and is well worth it.

For a limited time, or until they are all gone, we are going to GIVE a Ryzon Baking Book free with every can of Ryzon Baking Powder. We believe you will be genuinely disappointed if you fail to get yours.

The personal guarantee of this store is back of every can of RYZON—money back if it fails to please. This is not simply "Another Baking Powder," but unquestionably is a better product.

HOOPES PRAISES SPIRIT OF DROUTH-STRIKEN PEOPLE

The recent rains in West Texas have brought far better prospects to that section, in the opinion of J. W. Hoopes, deputy governor of the Federal Reserve Bank of Dallas and director of Liberty loan sales for the Eleventh Reserve District, who returned Sunday from El Paso. He went to West Texas, New Mexico and Arizona on official business for the bank.

"The rains will help greatly in West Texas and there are many sections where they will enable the cattleman to get through the winter in far better shape than in several years past," said Mr. Hoopes. "However, there are some places where the rains came too late to bring sufficient grass to help very much immediately.

"The spirit of the people of the drouth-stricken regions of West Texas and also of New Mexico is wonderful. They have done their part nobly in the Liberty loan and war savings campaigns, and they can not be given too much credit."

Mr. Hoopes found the new branch of the Federal Reserve Bank at El Paso in a most flourishing condition and rendering great service in that territory. He praised especially the showing made by Sam R. Lawder, formerly of the Dallas bank, in charge of the branch there.

The district's showing on the fourth Liberty loan, Mr. Hoopes said, will exceed, on the final showing, the figures announced officially from Washington. He expects to be able to release soon the county totals for Texas and the district. He said the clerical work in the war loan department here is progressing very smoothly and is in fine shape.

COURT TO TRY WAR CRIMINALS ADVOCATED

London, Nov. 4.—Establishment of a grand court of allied representatives, civil and military, for the purpose of trying those guilty of crimes during the war, is advocated by Sir Frederick Edward Smith, the British Attorney General, in an interview in the Daily Express.

Sir Frederick, who is an authority on international law, urges that the jurisdiction of such a court apply especially, although not exclusively, to those caught red-handed, or observed committing crimes. He contends that the guilty parties must not be allowed to shift the blame upon their superiors, as otherwise every war criminal among the Germans might shuffle the entire responsibility upon the Emperor.

Moreover, the Attorney General argues, the guilty persons must not be permitted to put themselves outside the jurisdiction of the court and the surrender of those not in allied custody should be demanded under the peace terms.

The court would be empowered to inflict such punishments as death and penal servitude, and also to exact compensation for injury, to persons or destruction of property.

C. W. MALLARD JUNIOR IS KILLED IN FRANCE

Information has been received from the war department by C. W. Mallard, that his grandson, C. W. Mallard had been killed in action in France.

J. C. Burkett, pastor of College Heights Baptist Church, Abilene, who was formerly at Midland, has received word from France that his son who was in the army over there was killed in action recently. This will be sad news to the many friends of Rev. Burkett, of this city.

WHEN THE COLORS WENT BY IN FRANCE

The great outpouring of French sentiment for Americans is described by Lieutenant Frank O. Brigham of the air service, whose home is in Oakland, Calif. He writes to his father, F. E. Brigham, and his letter is reprinted by the Literary Digest:

I was in Paris, July 4. It was a wonderful day in every way. The early morning was very dull and gray, but by the time the parade was started there was not a cloud in the sky. I never expect to see another spectacle like it unless I am fortunate enough to see an Allied entry into Berlin. Half of the world—yes, more than that—was represented in line and represented by the best that each nation could bring forward. As the colors of each nation went by Paris seemed to get more and more excited until I believe that they had reached the absolute heights of enthusiasm.

English, Belgian, Italian, all of them took the city by storm. But away off down the line I heard a hum that steadily grew louder and sounded above all the rest of the noise, a hum that somehow or other got inside of me and made me stand a little straighter, and then about a block away I saw a flash of color, and oh! how wonderful it looked to me for the color resolved itself into the "Colors" and then, my dear people, I thought the heavens had broken loose. I have never in my life heard such an outburst of noise. It was not the high shouting that one usually hears, but a roar that started away down and gradually increased until when it broke the very windows rattled. It sounded like the organized yell of a million rosters and then just as quickly as it had started it died down, and amid an absolute silence and with every civilian hat off, every man in uniform, at a stiff salute, the colors of the United States of America went by.

PEOPLE'S FORUM

PUBLIC OPINION TAXATION.

"Taxation shall be uniform throughout the United States," U. S. Constitution, Art. 1, Sec. 8. True this don't apply direct to state taxation, yet it is one of the fundamental principles of law, as to the legal powers of taxation.

"Taxation shall be equal and uniform," Texas Constitution, Art. 8, Sec. 4, this sentence don't apply to rates, the constitution provides the rates, that each taxing district can levy. It applies only to values to be placed upon property for taxes. If one taxing district values a lot at \$300.00 and another taxing district values the same lot at \$100.00 then the taxation upon this lot is not equal and uniform.

Mark you now, the sentence "taxation shall be equal and uniform," has no bearing as to rates of taxation that each taxing district can levy, the constitution settles that question then it is plain that the sentence "Taxation shall be equal and uniform" can apply only to valuation of property for taxes. This was the intent of the framers of our present State Constitution.

When the constitutional convention met in 1875, Texas had just gotten from under carpet-bagism and it was the intent of the convention to take all taxing powers away from Austin, and to fix the rates of taxation for all taxing districts and to make the county a unit for fixing the values upon property for taxation and the commissioners court of each county was made the boards of equalization to equalize and value property for taxation for State, counties and all other taxing districts. This was the intent of the convention, and it was understood that way by the people for many years. For years all sorts of statutory laws have been enacted and construed by the courts, so as to enable taxing districts to have values as they wished, regardless of the constitutional limitation. Again, I repeat that the sentence "taxation shall be equal and uniform" applies only to the valuation placed upon property for taxes, and the constitution provides the method for obtaining the values. Now, if a taxing district counters this method and values a lot at \$300.00 and another taxing district values the same lot at \$100.00 then the taxation upon this lot is not equal and uniform, though it may be statutory.

Lubbock City is within the bounds of four separate taxing districts: State, County, City and school. Now, if it be legal, (the law) that each valuation upon the same property for taxes, then the sentence "taxation shall be equal and uniform" has no meaning and is null. In law the word "shall" has a positive meaning.

I repeat, as to rates of taxation, the convention settled that question by fixing the rates of taxation that each taxing district could levy. Upon this point there can be no constitutional issue, but it was not possible (in fact impossible) for the convention, uniformly to fix the valuations upon property for taxes; this great power had to be lodged somewhere, so as to have uniformity as near as possible. So the commissioners court of each county were empowered to act as a board of equalization to value and equalize property for taxation, for state, county; and

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

TEXAS BAPTISTS WILL RAISE \$300,000

The Baptists of Texas are in the greatest campaign of their history to raise in cash, by the December meeting of the Baptist General Convention, the sum of \$300,000.

This is the largest amount in cash ever asked for by them in a single campaign. It is urgently necessary that this entire amount be raised in order to take care of the various important interests fostered by the State executive board of the denomination. The regular missionary work in Texas requires over \$150,000 to finance it. This, for many years, has been a most fruitful and far-reaching enterprise. The missionaries of the board in Texas within the last ten years have baptized more than 75,000 new converts and received 156,000 members into Baptist churches by letter, baptism and other recognized ways.

At least \$50,000 of the \$300,000 objective will be invested in providing for religious services for the many thousand soldiers stationed in Texas. The work of the denomination along this line has been aggressive and of telling effect and significance.

Adequate support for aged ministers and free service for the needy poor in the various Baptist sanitariums will also be provided out of this fund. Baptists pay a monthly stipend to the support of their retired preachers who are incapacitated for self-support. They also maintain a home for aged ministers at Palacios. They have two great hospitals, one at Dallas and another at Houston, with two more in contemplation, one at Waco, which is nearing completion and another soon to be started at San Antonio. In these hospitals free treatment is given to the sick and afflicted who are unable to bear the expense of such treatment themselves.

The hundreds of churches in the drouth sections of Texas will receive aid from this fund. Hundreds of preachers and missionaries will be enabled to continue with their churches and their friends by virtue of the assistance that will be supplied to them out of this fund. This is, perhaps, one of the most critical and urgent calls that the State executive board has to meet. There is an imperative necessity for the complete success of the pending campaign, because of the vital interests and tremendous obligations involved.

It has been arranged to accept Liberty bonds as cash and the use of these securities will, no doubt, greatly enhance the offerings. Churches and their members are urged to buy Liberty bonds and give them to this cause, thus helping both the Government and the great work of the denomination.

The interest in the campaign is Statewide and intense. It is being carried on and participated in with wonderful heartiness and with a determined purpose to win. It is being watched with keen and growing interest by the public in general. If the Baptists win out, which it is expected that they will, it will be regarded as a great victory.

LOCAL ITEMS FROM TERRY COUNTY HERALD

The first war baby we know of in Terry county, arrived last Sunday in Brownfield, and took up its abode at the Walters home being the little eight pound son of Mr. and Mrs. Bill Smith. His father belongs to a regimental band, and is now somewhere in France.

The Bradley Auto Co. has closed out its business here and have moved all supplies, tools, etc., to the main house at Lubbock.

The Influenza epidemic in Terry county seems to be slacking up at writing, though there are several cases yet, and unless there is a big improvement between now and Monday, we do not think it advisable to open the schools, or permit church services. We can better wait another week, than have the disease started again.

Mrs. T. E. Lancaster got a wire Tuesday to the effect that her brother who lives at Lakeview, Texas, was dead, and that her mother was not expected to live. She left immediately for Lubbock to catch a north bound train for that point, as the train had left Brownfield. Herald offers sympathy to the grieved.

Mr. Barnes, of Tahoka, unloaded his dresher here last Friday, but the weather has been so bad since, that he was unable to do anything till Monday.

Mrs. Lula Neill, wife of Ed Neill, died at Austin, Texas, last Monday morning, and was buried at Haskell, where they had lived for several years. Wednesday. Mrs. Neill was a daughter of Mr. and Mrs. J. M. Currier, who lived here and in west side of this county for several years. Mr. and Mrs. Neill both lived in this county some years ago and married here. Geo. W. Neill and wife, and Mrs. W. F. Stewart, went to Haskell, Tuesday to attend the funeral.

capable cast of screen players. The noted novelist devoted considerable time to the selection of actors whose talents he thought best suited for the unusual roles in his greatest play. Anna Q. Nilsson, long a prominent star, plays the part of Alaire Austin, the heroine. Miss Nilsson enjoyed a successful motion picture career in Sweden, her native land, before entering the ranks of American screen players. She is perhaps best known for her splendid performances in "Who's Guilty?", "Har Surrender," "Infidelity" and "The Court of St. Simon." Miss Nilsson is noted for her rare blond beauty.

LETTERS FROM THE SOL-DIER BOYS.

Somewhere in France, Sept. 27.
Dearest Mother: How are you, Dad and the boy today?
I am as well as could be expected. Went "over the top" the other day, which resulted in me being in the hospital. I'm not wounded much, tho, a slight wound in the foot and a slap on the left leg—will soon be able to go to the company again, and will be so glad to get back to the "Big Show."

We were certainly making it lively for the Germans when I left, and the boys were still after them.

Did the places make good crops this year? Hope so, anyway.

We boys are being treated pretty nice, now, by the Red Cross. Tell Dad never to miss a chance to help them.

I saw my first American woman since coming here, and believe me, was surely glad to meet her.

Not much to write this time. Will write more later.

Am able to get around some, so don't worry about me.

The Captain that operated on me asked who I was, where I was from, etc. I told him from Texas. They think the boys from Texas are grand.

Take good care of the boy and always be good to him.

Write often and send me the papers. As ever your son,
OLIVER TRAVIS,
—From Ralls Banner.

Mr. Travis is well known by a large number of Lubbock people. The boy referred to in his letter is his little son. His wife died when the little fellow was a wee tot, and he has been in the care of his grandmother and grandfather ever since. Oliver is a true blue American and the kind that the Boches dread to meet.

Ft. Sill, Okla., Nov. 4, 1918.

Dear Avalanche:
As I notice several of the letters from Lubbock boys in the service I will endeavor to write. It seems a good while since I was in Lubbock. But it was only in August 1917. I lived from Lubbock to the line of Oklahoma on all those good old plains. While in Amarillo on May 23rd last I decided all at once to enlist. In two hours I was signed up. They asked me what I wanted in and I told them the "Army of course." I think I was a great deal like "Long Boy" that William Herschell wrote about, but I envy him if he keeps all his promises. Jack T. Redlin, who enlisted with me and I were sent to Ft. Bliss as teamsters then to Douglas, Ariz., as bakers. I hear of some of the Lubbock boys in France and some in different camps. I spent 34 days in base hospital since enlisting, but at that I have had a fine camp life so far, for in Douglas I was converted and I find it to be the hap-

piest life of all. I want to say a good word for the Y. M. C. A. for it is the home church and school for us boys. It's no kid's job to work in an army bakery. For a week or two we may work almost day and night, then for a week we may not work scarcely at all. Some complain terribly about the time growing monotonous, but the time flies for Sgt. Braley and me, for he has a guitar and I a fiddle and we have real sport trying to play all the latest war songs. He is an ex-Arizona cowboy and like myself can't read this classical music. If my letter isn't too long already I will tell of our trip to the country. Last Friday we were through work for the week and all got 24 hour passes so Braley and I went to Morris's residence on Blue Blauer creek 10 miles from Ft. Sill. Morris is a farmer who lives at home and boards at the same place. The afternoon was spent squirrel hunting, fishing and such as lots of people enjoyed every day in their childhood, but it is new to us plains youngsters. Early next morning I thought I heard a dozen buglers blowing "first call" but it was only a bunch of geese, so we slept an hour longer then took a nice stroll before breakfast. The morning was a perfect autumn morning and only those who have had the experience know the joy in taking a fiddle and guitar and playing such old pieces as "Wagner," Turkey in the Straw, Soldiers' Joy, Over the Waves, and Home Sweet Home, on such a morning.

Wishing the Avalanche and its many readers the greatest of success I am,
LORENZO DOW HART,

ALLOTMENTS OF SUGAR CAN NOT BE INCREASED

The Federal Food Administrator for Texas announces that the total allotment of sugar for all purposes in Texas for September is 16,700,000 pounds. Certificates for that amount have already been mailed to those manufacturers and merchants entitled to participation in the distribution of this sugar. It is obviously impossible to increase any of the allotments.

Requests from retailers in all parts of Texas, even from the drought area of West Texas, are pouring into the office of the Food Administration asking for increase in the amount of sugar allotted to them for September over their allotments for the previous month. These requests are based on various and sundry contentions, but back of all seems to be the desire on the part of the retailers to sell more sugar.

In meeting the contentions for larger allotments the Food Administration has advised distributors through the County Food Administrators as follows:

"It must be taken into consideration that whereas certificates held by retailers in July and August represented only 66.23 per cent of their face value, certificates held by retailers in September represent their face value and have been issued up to the amount of 30 per cent of the sugar asked for by all retailers. In other words, the allotments to retailers on their statement for September is an increase of 15 per cent over the amount of sugar going through that channel in August. This increase has been made possible by a special allotment of two million pounds over the August allotment on account of sugar sold by retailers for preserving purposes in July and August."

"While these two million pounds will not fully replace all sales made on account of preserving and canning, the amount will help to even matters up somewhat. Therefore, District and County Administrators will please explain to those dealers submitting claims for additional sugar that THERE IS NO ADDITIONAL SUGAR."

The Federal allotment of sugar to Texas during August was approximately 14,300,000 pounds.

1918 XMAS PRESENTS.

Uncle Sam wants folks to give a new kind of Christmas present this year. He urges that the presents, no matter how large or small is the amount to be spent, by the giver, be made in the form of War Savings Stamps. Christmas presents of this kind will aid the Government, save labor and materials necessary in the production of the usual kind of presents, allow the giver the opportunity of assisting his country, and make the recipient a saver and a Government bond owner. Do your Christmas shopping in War Savings Stamps, and buy them now. Be a real patriot and observe Uncle Sam's request.

SHERIFF'S SALE.
THE STATE OF TEXAS, County of Lubbock.

Whereas, by virtue of an Order of Sale, issued out of the District Court of Dallas County, Texas, on a judgment rendered in said Court on the 22nd day of July A. D. 1918, in favor of The Home Investment Company and against C. P. Burton, for the sum of \$618.61, together with interest and at least of suit No. 28579-A on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 30th day of Sept. A. D. 1918, at 8 o'clock A. M., levy upon the following described tracts and parcels of land situated in Lubbock and Hale County, Texas, and belonging to C. P. Burton, to-wit: Lying and being situated in the town of Abernathy, in Lubbock County, Texas, and known as lots 1 to 16 both inclusive in block 182, as shown by plat of said town, recorded in Vol. 26, pages 104 and 105, of the Deed Records of Lubbock County, Texas, also lots 1 to 16 inclusive in block No. 158, situated in the town of Abernathy, in the Counties of Hale and Lubbock, State of Texas, as shown by plat of said town recorded in Vol. 21, pages 84 and 85 of Deed Records of Lubbock County, Texas, and being the same land described in trust deed executed by C. P. Burton, November, 18, 1912, and recorded in Book 7 page 266, deed of trust records of Hale County, Texas, also in the Deed of Trust Records of Lubbock County, in Book 6 Page 568, the same being to C. E. Storers, Trustee, on the 3rd day of December A. D. 1918, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock p. m. on said day, at

the Court House door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said C. P. Burton, in and to said property.

Witness my hand, this 6th day of November, A. D. 1918.
W. H. FLYNN,
Sheriff of Lubbock County, Texas.

VICTORY BOYS AND GIRLS WORK ENDORSED

Miss Annie Webb Blanton, one of the State's most successful educators, who has taught in every part of the state school system from the country school to the State University, and who was chosen by the people of the state in the recent elections to serve as our next State Superintendent of Public Instruction, has issued the following endorsement of the Victory Boys' and Victory Girls' part in the United War Work Campaign:

"The idea of enrolling boys and girls of the Nation in the United War Work Campaign under the Earn and Give plan is worthy of approval from several standpoints.

"The efforts of the enthusiastic young workers will be of no small value in amassing the fund which is needed for this great purpose. In addition, the effect of this work on the character of the youth of our land will be of great value.

"Industry, thrift, self-denial are most useful lessons at any period of life, but are especially so when character is in its most impressionable formative stage. That these lessons will be inspired by the pure fire of patriotism adds to their value the ennobling influence of the highest of motives; and it is the motives of action that most affect character."

Raymond Barrier and wife, of Brownfield were here Sunday visiting relatives.
