NUMBER 43

MISSIONARY CONFERENCE MEETS

REPRESENTATIVES FROM EVERY PART OF NORTHWEST TEXAS CONFERENCE WERE HERE.

VERNON WAS CHOSEN FOR NEXT HOST IN 1920

Lubbock Meeting Was One of the Most Noted on Account of the Large Attendance and Being a Centenary Meeting Too, Brought Splendid Speakers and Furnished Much Good Thought.

The Avalanche is indebted to Mrs. J. G. Merritt of Colorado, recording secretary, for the following splendid report of the Conference:

The Women of the Northwest Texas Conference gathered in Lubbock Saturday, April 19, 1919, in the First Methodist Church, at three o'clock for the opening service of the Ninth Annual meeting.

Mrs. D. L. Stephens not being able to be present, Mrs. Rollins conducted the Workers Conference. Hymn No. 1 was sung. Mrs. J. B. Smith voiced our thankfulness to God for His blessing during the past year. Mrs. C. A. Burton read some verses from John 15, giving us three thoughts: we are to abide in Christ; we are to be fruit bearers, we are to be witnesses for God. She told Dr. Gordon's beautiful story of "Others," and the story of the captured eagle which was released by the personal touch and the personal touch was what was needed to bring people to Christ.

Mrs. Rollins said we were workers together with Christ. A number spoke of the advances during the year in auxiliaries, districts and departments. The meeting was closed with a prayer of thankfulness by Mrs. Delaney, first vice-president and Mrs. O. P. Clark, second vice-president.

The evening session was presided over by Mrs. T. C. Delaney, conference first vice-president. Hymn No. 142 was sung. Mrs. Camp read to us John 19, beginning with the 27th verse and finishing the chapter, bringing us the Easter story after which she prayed. Misses Mary Dickinson and Noble Slagle sang very sweetly "Precious Saviour Like a Shepherd Lead Us." Mrs. J. T. Griswold spoke the words of welcome. She said she had known the women of the conference so long and they had known her so long they would resign themselves to a dish of hash—but she could only say over and over again to the women how much she loved and appreciated them, and nothing she could say would be as old as the motives of these women, the motive that inspired God to give his only begotten son—the spirit of service. She said she knew West Texas, she knew the women, she had worked shoulder to shoulder with them, we have suffered in sandstorms and drought and "I know their hearts, they are of unflinching courage." She paid high tribute to Mrs. Burton and to our illustrious president, Mrs. Rollins. Mrs. Rollins very happily responded. She said "the hospitality met us as we entered the city and we expect to feel it throughout our stay." A solo by Miss Pearl Webb "Hold Thou My Hand," a beautiful message brought to us in song. Mrs. Gable Betts Burton, our beloved corresponding secretary brought us the message from the Council. It was certainly most interesting, giving us the news of one who had never before attended one of these great sessions. She told us what was being done at home and abroad, what we expected to do during the coming year, and our plans for the coming year. Mrs. Rollins made the announcements urging all to attend the evening services and hear our missionary and council visitor. Song, "Faith of Our Fathers." Dismissed by Bro. Lyon.

Sunday was a great day for Lubbock. The morning watch was kept at 6:30 o'clock. Mrs. J. B. Smith read 119 Psalm and talked of God's goodness throughout the year. The special prayer was for endorsement of power for the church—then prayers and talks on the personal goodness and nearness of Christ in all our troubles.

At 9:45 all gathered for Sunday School, some in the Women's Class, some with the young ladies and others with the primaries where an Easter egg hunt was given the little tots. The church was beautifully decorated with greens, carnations and Easter lilies. The music was inspiring.

The choir sang "Glory to the King," Then No. 653 was sung, after which Bro. Lyon led in prayer. The first scripture lesson the 121 Psalm, the second from the 23rd chapter of Mat.

The Gloria was sung, announcements made. An anthem "Now is Christ Risen from the Dead" was beautifully sung. Mr. George R. Bean made the three minute Centenary speech. A duet "Lead Kindly Light" was sung by Mesdames Wheelock and Trinkle. Dr. Griswold introduced Bro. Lyon, who said when Sister Griswold informed him he was to preach the annual sermon he realized that he was the victim of the women, but since he had been a victim for twenty-five years, he was glad and felt honored to bring the message of the hour. His text was "Here Am I, Send Me." Isaiah, 6th chapter, 8th verse. He spoke of Isaiah's vision in the temple and how when he got the vision of himself he repented, then spoke the words of the text. He told of the visions of Peter and Paul and the others. The danger of us not getting the vision and becoming self centered. "The church that looks after number one only is going to die—ought to die—I believe there are more men and women in Southern Methodism on their knees than ever before." When Isaiah and Paul got the vision they saw the relation between vision and duty and said "here am I, send me." When we get this vision we place our lives on the altar of service and are ready for anything God wants. He wants the first choice in our life. God has need of great men in all forms of service. In every walk of life we may glorify God. A consecration of time. Our time belongs to God. We should set aside some specific time for Him. Wherever God leads we should follow—we are not willing to say where. It may mean the foreign field, it may mean at home, it may mean right here in Lubbock, wherever it is, be ready to say, "Here am I, send me." God can use us. The doors are wide open, the doors are so wide, we cannot see the doors for the openings, both at home and abroad.

The Methodist church got a vision for missions years ago, and its power has grown and increased. We have gotten a vision and the Centenary is our answer to this vision. We have a great message to the whole world. This Easter Sunday brings us a great message. There is more sorrow, more broken homes, but the message we get is of a life beyond the grave—"The tomb is not a blind alley but a thoroughfare, closing with the twilight and opening with the dawn." We have a victorious message for the people of the world: Let us be faithful in carrying this message to the world. "Let us give God our best."

Sunday afternoon Mrs. O. P. Clark who has the children's work of the Conference, read the Bible lesson for the hour, then the program which had been prepared by the local committee, Mrs. Rylander, and Mrs. Rennels was given. The tiny boys and girls marched in and gave some scripture verses and sang "Jesus Bids us Shine."

Then the Spirit of Missions represented by America, told us what the Centenary would do for the world; China told us what it would do for her; then Mexico, Korea, Brazil, Japan, Cuba, Africa and Europe—all in costume, all connected with America by red, white and blue ribbons. They made a striking picture which showed just how much the Centenary means to a waiting world. America, Korea, Brazil and Cuba, four girls, sang "A Little Bit of Love," while the others were seated on the stage. Two little Japanese ladies told of their visions and sang a motion song—a little play showing real life in India. Mrs. Rylander told us some appalling facts of the child widows of India and the play brought this out more fully. The terrible child marriages; the awful conditions of child widows was dramatically depicted by these children. The ministrations of the sick bodies and souls was graphically shown.

The Abernathy Glee Club of nineteen members gave a beautiful song, Hallelujah.

The memorial service was conducted by Mrs. J. G. Merritt. "Abide With Me" was sung. Mrs. Rollins led in prayer. Mrs. Merritt read from John 11, 25-26, and spoke on

the blessed fact of the resurrection. The names of the sisters who had fallen asleep in Jesus were read by Mrs. Burton. There were twenty-eight on this roll, more than any former year. The friends who had known and loved these women in their auxiliaries paid loving tribute to their memory, telling of their good works and deeds. After a song Dr. Griswold pronounced the benediction.

Mrs. J. B. Smith, the Conference Superintendent of Social Service brought us the scripture lesson for the evening asking us to reverently stand while she read the 53rd chapter of Isaiah, then leading in prayer. The choir sang a beautiful anthem, then Mr. Percy Spencer made the four minute Centenary speech.

The choir sang "Just Outside the Door," Dr. Griswold assisted by Bro. Lyon and Bro. Ross administered the communion.

Mrs. Jaxton of Hale Center sang a beautiful song "Easter Lilies." Mrs. Rollins said in introducing Miss Nelle Bennett the speaker of the evening "the Centenary has brought us many good things, but nothing better than the men and women who have come to us. Miss Bennett, a missionary from Japan told us of conditions there. The need of kindergartens of the young children, the lack of christian teachers for even our own schools. The new point of a people who have never known any christian influence. She said that within the last 60 years Japan has taken on everything we have in the way of inventions, but she lacks the one thing needful. They think they need more colleges, more business or more inventions, when she is starving for spiritual life. If the boys and girls of this generation do not save the boys and girls of Japan; the men and women of America will have to save the men and women of Japan. "I beg of you to send your christian young men and women for our various schools, and when you have sent all you can send more for kindergartens. Each missionary is responsible for ten thousand and heathen people. Young men and women, if you want a man's job take hold of this and put your life where it will count for most." "From all the Dark Places" was sung, and the benediction spoken by Dr. Griswold.

The first business session of the Conference was opened Monday at 9 a. m. by the president, Mrs. N. G. Rollins. "Faith of Our Fathers" was sung. Mrs. Rollins read to us from Ephesians, 6th chapter, 10 to 19 verses and talked to us of preparedness for God's work, urging us to study the Bible and to use it for our safety and God's glory.

The roll was called and the following officers announced:

Mrs. N. G. Rollins, president.
Mrs. T. C. Delaney, 1st vice pres.
Mrs. O. P. Clark, 2nd vice-pres
Mrs. Gable Betts Burton, Corresponding Secretary
Mrs. J. G. Merritt, recording Secy.
Mrs. J. D. Camp, treasurer.
Mrs. J. B. Smith, Supt. Social Serv.
Mrs. R. I. Tubbs and Mrs. Posey were named as committee on platform courtesies. They also acted as pages. It was decided to meet at nine, dismiss at twelve, come together at two and adjourn at five. The middle tier of seats was chosen as the bar, and the delegates were seated by districts within the bar. The president's message was given. It was full of good thoughts. Mrs. Delaney gave a splendid report of the Young People's work. When she had finished the young ladies who were present as delegates gathered about the piano and sang "Fall in Line," which Mrs. Delaney had composed for the young people of the conference. Miss Norwood of Memphis, explained about the song and Mrs. Delaney's interest in her girls. Mrs. O. P. Clark gave her report of children's work. The treasurer's report was most interesting. We paid our pledge of \$4500 in full this year, gave \$500 for Good Cheer Cottage at Camp Bowie, \$125 to help support a Bible Chair at C. I. A. and many other interesting things which will be found in the report. Mrs. Burton gave the report on Mission study and publicity, explaining she had taken this work when Mrs. Switzer had left our conference. She urged that the women take the Advocate, as it is our only channel of publicity.

The visitors who were introduced, Bro. Smallwood of Lakeview, Bro. Moore of Plainview, Bro. Dunn of Tahoka, Bro. Lyon and Dr. Griswold, of Lubbock and Miss Nelle Bennett, missionary from Korea, who conducted the noon bible study. She read the 15 and 16 verses of the 20th chapter of John, and spoke on the weeping women of the world. The Master asks "why weepest thou?"... answer is in every heart. Then whom

LUBBOCK MEN ATTEND GOOD ROADS MEETING

Judge J. H. Moore, P. Von Rosenberg, H. D. Talley and F. D. Brown, returned last Friday from the good roads meeting held at Mineral Wells last week. All report a very interesting meeting with a large attendance. Although on account of Lubbock not being on either of the roads which the Bankhead Highway Association, which is a national association, had before had surveyed to follow across the continent, they were not allowed to vote on the various issues which the meeting was held for.

Through these men advised various branches of the highway with intentions of bringing the travel by this way. Various demonstrations were also given by different makes of road graders, drags and others, also trucks of different makes were demonstrated. The route chosen by the convention will follow the Texas route, in place of the Oklahoma route which was the main controversy of the meeting. The highway will enter Texas at Texarkana and by the way of Mt. Pleasant, Dallas, Abilene and Pecos. And the Oklahoma route will be known not as the main transcontinental route, but the Bankhead Highway "Scenic Route." Prominent men from twenty-eight different states were present at this meeting, several governors, senators and prominent business men were there.

D. R. Blair, of Fort Worth, manager of the Magnolia Oil Company of the Northwest Texas Division, was here the first of the week to meet different agents of the Magnolia people and arouse more enthusiasm in their work, which they prepare to do this year in this vicinity. Mask Ford, of the Cleveland Foundry Co., of Cleveland, Ohio, was here also in the company's interest. H. N. Glover, pump man for this company, was another of the visitors. Demonstrations were given to the agents who attended, also several suggestions and plans were made to take care of the work which no doubt will be greater than in years, here soon.

Among the men, or agents for this company, who were here and attended the meeting were: Mrs. L. E. Bowman of Littlefield; O. D. Cooper, of Tulsa; C. T. Brown, of Post City; Wade Holman, of Plainview; Tom May, of Brownfield and D. A. Dodson, of Muleshoe.

MILTON HOWARD LOSES THREE FINGERS MONDAY

Milton Howard, employee of W. E. Poole, cattleman of Terry County, suffered the loss of three fingers early Monday morning, at the ranch headquarters. Mr. Howard was working with some horses early that morning, and for some reason or other roped one of the horses, his hand was caught in the loop of the rope around the horn of his saddle and when the horse ran against the rope three of his fingers were jerked entirely off. Mr. Poole brought him here in a hurry to one of the sanitarians, in his car to have the injuries dressed. Mr. Howard is able to be up and around town.

VICTORY LIBERTY LOAN CAMPAIGN

NOW ON FOR FLOATING UNCLE SAM'S FIFTH LOAN OF FOUR BILLION FIVE HUNDRED MILLION DOLLARS.

LUBBOCK COUNTY'S QUOTA IN DRIVE IS \$133,500.00

Committee Will Meet Saturday Morning for Organization into Working Campaign for Raising the Subscription—Airplane Will Land Here on May First at 10 a. m.

The date for the Victory Loan campaign to begin is here. Monday the twenty-first was the opening date, and many counties over the country have already gone over the top, and the state of Iowa has finished her quota and rearing for more. The Victory Loan is to bring the boys back home and to pay the ammunition bill and other expenses that Uncle Sam incurred when preparing to wipe the kaiser off the earth, so the people are going to do their best and capitalists are going to take large blocks of these bonds, but our Uncle wants as many people as possible to participate in the purchase of these bonds, therefore we hope that every citizen of Lubbock county, man or woman, boy or girl, will buy as many of them as possible. Lubbock county's quota is one hundred thirty-three thousand five hundred dollars, and we should not fall short of the expectation of the committee if we can possibly raise it.

Below are a few simple facts about the Victory Liberty Loan, which gives all the information one is likely to need:

There are two kinds of notes being issued. Both mature in three or four years, as the Government chooses later.

The first kind bear 4 1/2 per cent interest yearly, payable every six months. These are free from State and local taxes, except estate and inheritance taxes, and are also free from the normal Federal Income taxes.

The second kind bear 3 3/4 per cent interest and are free from taxation as the others are, but in addition are free from super-taxes and every other form of taxation, except the usual estate and inheritance taxes.

Notes of either kind can be changed for those of the other issue at the wish of the buyer.

The notes of both series will be dated and bear interest from May 20, 1919, and will mature on May 20, 1923. Interest will be payable on December 15, 1919, and after that on June 15 and December 15, and at maturity. The dates upon which payments will be required on the notes are as follows:

Ten per cent with application on or before May 10.
Ten per cent on July 15.
Twenty per cent on August 12.
Twenty per cent on September 9.
Twenty per cent on October 7.

TEXAS GUARDS WILL HAVE BOOK MEMORIAL

Lieut. H. Hunziker of Austin is here this week in the interest of the Memorial to the Texas Guards. This memorial will be in the form of a handsome book, giving names and incidents of the various services rendered to their country by the Texas Guards. The book will also contain advertisements of the various industries and business firms of the different counties. The different cities of the size of Lubbock and larger, where there is a Chamber of Commerce will be given an opportunity to boost their towns. The book will be published by the Texas Guardsman which is an Austin publication and will be distributed to practically all the Texas Guards, also the men who served in the 90th, 42nd and 36th Divisions. Since this memorial has started on the way to publication, 16 other States of the Union have adopted the idea and Governor Hobby has advocated and heartily recommended this work and will extend his co-operation.

Attorney G. E. Lockhart, of Tahoka, was here the middle of the week, attending to court business. Judge Lockhart says work is going on now with the Tahoka well as the new men are on the job. We are listening every day, as people here in Lubbock, for the big gusher to blow in, and the quickest results of their test there are shown is too slow for us.

Mrs. Will Alf Bell and Miss Dora Daugherty of Brownfield were visiting in Lubbock Thursday.

Twenty per cent on November 11, with accrued interest on deferred installments.
Payment in full can be made on May 20, the ten per cent required with application having been duly paid on or before May 10. Payment can also be completed ON ANY INSTALLMENT DATE with accrued interest.

This accrued interest is the money you refund the Government on account of the fact that it pays you interest on the full amount of your Bond from May 20, whereas it does not have the full use of your money until you have paid the last installment. This amounts to very little of course.

These notes will be issued in denominations of \$50, \$100, \$500, \$1000, \$5000, \$10,000, \$50,000 and \$100,000.

You can obtain application blanks at any of the banks, the postoffice or the Avalanche office, and many of the stores and offices have them, and will be glad to furnish you with as many as you may want.

On May the first airplanes promoting the interest of the campaign will be in Lubbock and the following telegrams will be self explanatory:

Dallas, Texas, April 24, 1919. The Avalanche, Lubbock, Texas: The Division of Military Aeronautics has today sent the following telegram to commanders of all flying fields: "This is your authority to give a flight to the man or woman purchasing the greatest amount of bonds, also to the man or woman selling the greatest amount of bonds when ships are sent to the various towns on various loan flights. Civilian passengers to be carried only as per previous instructions and signing release as required by order number 11, dated this office April 12, mailed to stations menoper." The order referred to is one freeing the war department from claims for damages.

Dallas, Texas, April 24, 1919. J. H. Moore, Lubbock, Texas: Planes will land in Slaton and Lubbock about ten a. m. Thursday, May 1st. The man and woman selling the most bonds and the man and woman buying the most bonds in each town up until the time of exhibition, will be entitled to a ride in the air plane.

War Loan Organization.

POST CITY COUPLE MARRIED HERE SUNDAY

The wedding was a surprise to many of their acquaintances in Post City. These young people are popular with their acquaintances at home, and are well known by many here. The Avalanche joins their many friends in wishing to them all blessings necessary to make them happy "as through life they go."

BAPTIST HELD SERVICE AT UNION LAST SUNDAY

Last Sunday was a great day for the little church at Union. There had been no preaching service there since the third Sunday in September, but it seemed that all nature did her best last Sunday to give a perfect day. There were only a few members present, but after a sermon by Rev. J. M. Eavis, the few made up the remainder of the salary due from last year and ten dollars for missions. Pledges were made on this year's salary and a committee appointed to see the members not present.

The second Sunday in May was set apart for electing a pastor and two deacons. The members are urged to be very prayerful in the selection of these men and be present at the time mentioned. A Member.

Charlie Brown, of Post City, was here the first of the week, transacting business and visiting with friends.

FROM LYNN COUNTY NEWS**

Mrs. Milton Draper received a letter from Beasley, Texas, bearing the sad news of the death of little Naomi, youngest daughter of Mr. and Mrs. Geo. Hill, who moved from here last November. Their many friends in Tahoka will be grieved to learn of their bereavement and extend to them their sympathy.

The News failed to report in last week's issue the marriage of Mr. Henry Beight to Miss Ida Mae Atkinson, which occurred at the home of the bride's parents, Mr. and Mrs. J. J. Atkinson, in east Tahoka, Sunday April 6th. The bride was one of Tahoka's most charming young ladies, and has resided in this city several years. Mr. Beight resides at Loraine Texas, and the happy young couple left for that city to make their future home. The News joins a host of friends of the couple in wishing them a long and happy wedded life.

A. R. McGonagill of the Edith neighborhood, shipped in two cars of cattle this week from Shallowater, where he had been wintering them. The grass in Lynn county is coming out sufficiently to enable the stockmen to run their cattle on their own range.

Mrs. J. E. Stokes left for Lubbock Wednesday to visit her mother, Mrs. W. E. Penney.

BUNCH OF GYPSIES PASSED THROUGH LUBBOCK

Last Saturday morning bright and early, several cars of gypsies, or fortune tellers, arrived in our city and directly started their work. They were thirsty, they were hungry, they needed groceries, hardware, in fact it looked as though they were in need of seeing all the people who were apt in any way to have money on their person. Those who would have their fortune told, or who would in any way stop and talk with them, would find after a close invoice of their purses, shortage of money, some as much as two dollars, some 10 or eleven dollars. Chickens also were attracted in some way, probably known better to the gypsy than others, to them. These tricks were not played many times until the officers were notified of their different maneuvers, by parties who had felt their influence of being in the city, and two of the women were caught. It is thought that they were the only two of the bunch that were doing the work. All the money that they had taken was returned to their victims, and the gypsies were given a few minutes to leave our town.

D. N. Arnett and wife and daughter, of Colorado, Texas, are here this week visiting with relatives. Mrs. Arnett attended the Missionary Conference of the ladies of the Methodist church held here this week.

PUBLIC OPINION

My Bank Busted.

Grovesville, Texas, 4-21-19.
I came to Lubbock County about 8 years ago with a little bit of money and a wife and a whole lot of children. I also brought with me a clean record for truth and honesty. I had no trouble in finding a bank that was glad to be troubled with taking care of the money while I proceeded to take care of the wife and children. I went to work trying to retain that record I brought with me, at least, and if possible to build to it. I called this bank "my bank" and they called me their customer.

I have been moderately successful as to a livelihood. I still held on to "my bank". They have been very liberal with their advice. They have declared bigger dividends and bigger deposits from year to year. In 8 years I have seen three cashiers become well-to-do in this bank, my bank. I still done business with them. That is deposited what cash I had with them and took the interest in good wholesome advice. I have made several land sales. This same bank, my bank, was very accommodating and again without any urgency on my part agreed to become the custodian of the cash. But remember this was a community bank. Their bank and my bank. They even advertised for the "dear farmers" to make this bank "their bank". My bank, I never asked them for any help. I thought it was trouble enough for them to keep my cash. But as you all know, adversity has come upon us. It has fallen heavily upon me. But I had a bank to fall back on. My bank. I hated to have to ask for aid. They had already done so much. I know it was so much trouble taking care of the people's money. But I will arise and go to "my bank" and I went bucking in public and above board, into my bank and asked the small pitiful loan of \$200.00 for 6 months with interest and double collateral. I was politely informed by "my banker" that there was "nothing doing" that day in "my bank". It was the only bank I had. Consequently of course I politely and quietly submitted and passed out. Now, fellow citizens are our banks and our mer-

chants giving us a fair deal in Lubbock county? Not a thing can we farmers buy on credit from a merchant in Lubbock. We have no security to offer the banks but our equity in our homes, and the prospects of a crop. These collaterals won't do. Our banks will not or can not carry us. What is the matter, I can see but three reasons, i. e., the farmers are all rascals. The banks are not what they pretend. Or the country is no good. Now, which is it? They have what money we brought here and all we have made since we have been here. All spent right here in Lubbock.

Let the blessed sunlight of publicity shine in. If I am wrong tell me of it. I am open to conviction, except to convince me that "my-bank" is not busted.

Yours humbly,
"Tenderfoot."

Interest in Poultry Work Growing: Scholarship for Canning Club Girls; Other Things.

Ever since I came to the county in 1917 I have been talking better poultry and better use of poultry products. But now everyone is talking these things, and I am very glad to have, not only the boys and girls, but also the men and women, young, middle aged and old, come in and tell me the kind of chickens they are raising and the success they are having and all those things.

As you know, a very large part of my work is along the line of poultry raising. And since we believe this the best section of the State for that work we are putting special emphasis upon it this year. It seems likely that we are going to have feedstuff in abundance, and I see no good reason why we cannot make a record in poultry raising this year.

The boys and girls who have joined the Poultry Club have all the advantage this year, and if they do not make a success of their work I will be anxious to know why. The people over the County who are raising pure bred chickens are all telling me that they are interested in the boys and girls and that they will let them have eggs for hatching at reduced prices. You can often get your eggs near home. But if you need any help about locating good eggs or need any financial assistance about getting them you had better let me know at once. You remember that the Chamber of Commerce is helping those who want to take advantage of their offer. You had better see me at once if you want to secure your eggs in this way.

Club will try to win a trip to the Dallas Fair this Fall. Just get up and let your community know that you are going to "put it on the map" at the Dallas Fair this fall. You can be a winner as easily as some Club member at Amarillo, Brownsville, or some other place.

It was a great disappointment to have to give up our meat canning demonstrations entirely. Mr. Clapp was so badly injured that it will be a long time yet before he can work. But we hope to have the demonstrations later in the year, probably just about butchering time this fall. We will let everyone know in plenty of time that all who are interested may attend.

As a rule I find that all Club members are working this year, which encourages me very much. But there is one thing I want every Club member to remember: Bring your record book to every meeting; put down everything that you do as soon as you have finished the piece of work; do not quit keeping your record until you have exhibited your product. Your year's work is not complete until your record book is finished and handed in. Remember that no prizes will be given, no matter how valuable your product, until we have the complete record.

Sincerely,
MILIE M. HALSEY,
Home Demonstration Agent.

ITEMS FROM THE CROSBYTON REVIEW

S. N. Jackson, one of our most successful farmers, was in town Saturday, and as usual was in an optimistic frame of mind. He is planting some Indian corn, feeling confident that with the fine season now in the ground it should prove a safe and profitable crop here this year. He has made 45 bushels per acre here in the past with no better prospect than now and he feels sure this is the year to grow Indian corn.

The many friends of Ernest Liske will be glad to hear that his health has greatly improved, and it is hoped he may be himself again soon. He is now taking treatment at the Lubbock Sanitarium.

Last week Judge J. W. Burton forwarded the petitions of the people of Crosbyton, Ralls and Lorenzo to the officials of the Santa Fe system at Amarillo asking for a change in train schedule on the Crosbyton-Lubbock branch, and he has just received acknowledgment of the receipt of same

with the statement that "it will be necessary for us to give this matter some investigation before we can reply definitely to the request, however wish to assure you the matter will be given careful and thorough consideration, and just as soon as we have the necessary information will communicate with you further."

Geo. McLain carried his mother to the Lubbock Sanitarium Monday for treatment, and it is hoped her usual strength and good health may soon be regained.

Quite a little crowd of people are in town today, brought here by the examining trial of B. T. Graves. Judge Kinder is here from Plainview representing Graves and Judge Bledsoe is here from Lubbock representing Stovall and young Graves. District Attorney McGuire is here from Lamesa representing the State.

Vote for the Prohibition Amendment to the State Constitution

Why the Prohibition Amendment Should Be Carried Overwhelmingly.

First. The amendment was prepared with great care so as to make it exactly suitable to the present conditions in Texas. It prohibits the manufacture, sale, barter and exchange in the State of Texas of all intoxicants except for medicinal, mechanical, scientific or sacramental purposes. In addition, it authorizes the legislature to pass such other prohibitory laws, as, in its judgment, will be necessary to protect the people against the liquor evil. It does not prevent the use of alcohol, or any of its combinations, for any legitimate purpose.

Second. The adoption of this Amendment will give us constitutional prohibition, and take away the power by the legislature or vote of the people of any subdivision of the state to permit the use of liquor as a beverage, and will thus settle this question which has long agitated our people and prevented needed progress along other lines.

Third. The Amendment of the Federal Constitution is not a substitute for State action. The responsibility of protecting its own people from the liquor evil still rests upon this State, and in our dual form of government this responsibility cannot be given over to the nation.

Again, all the forces of the liquor traffic and all the agencies which it can control are being focused against the Federal Amendment, with the view of having it declared inoperative. While we are confident that the Amendment will be sustained, no one can predict with absolute certainty what the result will be.

Again, if the Federal amendment is sustained it needs Congressional action to make it effective and available. Congressional action is largely influenced by popular sentiment and the results of elections. An overwhelming vote for prohibition is necessary for the moral effect it will have upon the enforcement of such congressional action as may be taken under the Federal amendment.

Fourth. Texas owes it to herself to repudiate and forever condemn the activities and methods of the liquor traffic within her borders. In the elections held within late years upon this subject, as well as in the election

for State and many district and county officers, the brewers and others interested in the defeat of prohibition persistently and in many instances successfully prevented an expression of the real will of the people, or if the majority was against them they have deprived the pros of any benefit of the elections. It is essential to the political freedom of our people that this liquor interference in public elections shall be forever eliminated.

Fifth. Congressional action and the advancement of moral sentiment has not changed and cannot change the nature of the liquor traffic. It is the same breeder of moral depravity and of crime against the State that it has always been, and the self-respect of the people of Texas demands that their voice shall be raised against it by a vote so overwhelming that it will never again pollute our state by its presence nor vitiate our politics by its frauds and corruption.

Judge John C. Townes, Dean of the Law Department, University of Texas.

Some Reasons Why.

Because 1000 wives are murdered by their husbands, because 3000 infants are wallowed to death like swine in a pen; because 5000 people snuff out their own lives; because 9000 people are put to death by others; because 40,000 wives are made widows; because 60,000 girls are set adrift in the zone of shame; because 100,000 youths begin criminal careers; because 100,000 people become mental wrecks; because 200,000 recruit the pauper ranks; because 200,000 men fill premature graves; because 1,000,000 are started in the path of despair, and because the liquor traffic does all this in America every year, I am for expelling this demon from the confines of the country and building a wall so thick and so high against his return that he will never be able to break through, scratch under, or climb over.

I am for personal, domestic, municipal, state, federal, statutory and constitutional prohibition. Texas wants this law as strong as it can be made. Our example will become contagious. The gathering power of mighty conviction will not be withheld. It is as certain as the progress of the

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose today's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel, your money is waiting for you.

MARRIED AT PLAINVIEW SUNDAY APRIL 20TH

Last Sunday afternoon at the home of Rev. Fluke of Plainview, J. A. Isbell of this place and Mrs. Mollie Grant of Plainview, were quietly married, Rev. Fluke officiating. The groom has been a resident of Lubbock since last August and has been employed while here with Mr. Thorp's shoe shop. Prior to coming here Mr. Isbell lived in Plainview and it was there he met his wife to be.

Mrs. Isbell has lived in Plainview for the past eight or ten years and is popular with all acquaintances there.

Mr. and Mrs. Isbell will make their home in Lubbock.

Among the numerous visitors here this week from Brownfield and Terry county were: E. M. Groves, W. G. Cook, Arlie Proctor and A. F. Stinson.

Judge Schenck is up this week from Austin, having been called here to attend to business matters.

SOME LOCAL NEWS ITEMS FROM BROWNFIELD

Terry County Herald.
Workmen were busy last Friday getting the big road drag, recently purchased by the county, put together, ready to go out on the road. It was some piece of machinery, and is only another evidence that old Terry is determined to have some good roads. Let the good work go on.

Rev. W. E. Lyon, Presiding Elder of the Lubbock District of the Methodist church, says that the little city of Seagraves is soon to have a Methodist church building. These people usually get on the ground first, alright.

Mr. A. L. Gurley, who it is said first saw the possibilities of the salt lakes in this region, was here the first part of the week looking after his interests.

The 20th wedding anniversary of Mr. and Mrs. W. H. Dallas was celebrated on the evening of April the 4th, with their daughter acting hostess for her parents and a few friends. Winston Snyder purchased five cars of cattle from Bob Cathy and Pat McHugh this week, and loaded them Wednesday at Seagraves. The bunch looked good being yearlings, and were in fair condition.

There came near being a serious fire here last Saturday, when the roof of the Sanitary barber shop took fire. The prompt action of the bucket brigade probably saved the entire west side of the square.

J. T. May returned last week from Purcell, Okla., where he buried his brother on the 3rd. His brother, L. May, was 56 years old, and died of dropsy of the heart. He leaves a wife and six children, besides other relatives to mourn his departure.

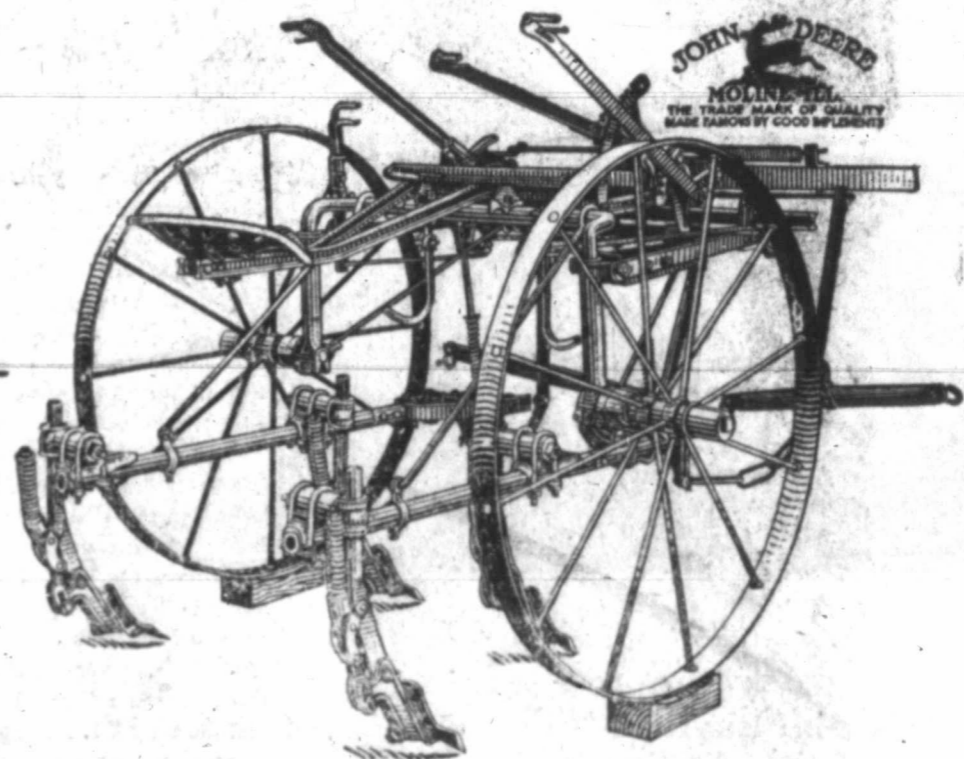

Mrs. Jim Jackson and children left on the Saturday train for Lubbock, where they will make their future home, the husband and father preceding them about two weeks ago. This is an excellent family of people and the citizens of Brownfield hate to see them go.

LOCAL NEWS FROM THE UNION COMMUNITY

We are having some beautiful weather now. There is nothing we can grumble about, and we should all smile and be happy. We have had some fine rains this spring, and now the weather is warm and sunny, giving the farmers a chance to plant their crops and they are sure busy around here trying to get as much planted as possible before another rain. Easter has passed by without a cold spell, and we think the cold weather is over until another winter, for which we are all thankful.

There was a large crowd at Sunday School Sunday morning and after Sunday School was over Br. Earls from Southland preached a good sermon, and then in the afternoon a preacher from Lubbock, we did not learn his name, gave us another good sermon, so Easter Sunday was enjoyed by most everybody in the community. We hope every Sunday will be as pleasant through the year.

Grandma Williams has been sick for the last few days. She just seems to have a very bad cold. Hope she will soon be up again.

The Street Parade

From far down the street, floating up to you through the opened window, there comes a faint hum. You listen. It grows louder, and now you hear it is music. You can distinguish plainly now the blare of the trumpets, and then, mingled with the music is the muffled tread of many feet. You hurry to the window, but your children are there before you, leaning dangerously far out to see the parade.

To dwellers of the city this is a familiar picture. Those of you who live in less trammelled places know also the irresistible attraction of a parade with its ringing march music, though you may see them less frequently.

When you have in your home

The NEW EDISON

"The Phonograph with a Goal"

you can organize a parade for yourself. Through the magic of this greatest of all musical instruments, you can Re-Capture at your own pleasure, and in your own home all the wonderful march music that inspires the world. On the prairie or the desert, as well as in the city, the parade, with all its glamour, will come marching past your window.

LOOMIS FAMILY IS MOVING TO CANADIAN

L. P. Loomis purchased the John H. REDISTRICTING OF TEXAS SHOULD BE DONE NOW

Governor Hobby has promised a committee from the West Texas Chamber of Commerce that he will submit to the special session the question of senatorial redistricting of Texas.

We anticipate at the outset that we shall now hear from certain quarters that inasmuch as the matter has gone over this long the State should not be redistricted until after the 1920 census. It will be pointed out that this may necessitate another change.

The answer to this is that it is precisely because there is to be a census in 1920 that the Senate should be reorganized on the basis of the present population figures. For Texas may be given new representation in Congress on the basis of the 1920 census and the question of Congressional redistricting may come up again. West Texas does not propose to have the present State Senate redistrict the State congressionally or to permit any new inequalities of representation to continue longer than it takes to change them. West Texas had to wait six years for justice in the matter of Congressional representation and to this good day it has not obtained its proper representation in the State Senate. West Texas should not permit the present State Senate to have anything to do with reapportioning the State on the basis of the next census, and unless we misjudge the temper of the people of West Texas, it is going to be insisted that full representation in the Senate be given to that section before the figures of the 1920 census are touched by that body.

This is only one aspect of the injustice which should be corrected, but it is an absolute reply to the plea for further delay on the ground that another census is to be taken. Such a plea is adding insult to the injury which the State Legislature has permitted to continue against West Texas for more than eight years already. West Texas now has an organization through which to speak. Such injustice will not be permitted to continue without vigorous and constant protest in the future. And from now on, not only State officials, but the West Texas members of the Legislature themselves are going to be made aware of the fact that the studied neglect of the fundamental interests of that rapidly developing and constantly growing section will not be tolerated in silence. We are not suggesting that the West Texas Chamber of Commerce is going to become a political organization. That is precisely what it will never become. But it is going to see to it that those who make politics their business give due and proper consideration to the valid and just claims of West Texas at all times. It will not ask more than justice to the people and taxpayers and the various legitimate interests of West Texas. But upon that it will insist.—Star-Telegram.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is most evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink loose and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

SUBSTANTIAL IMPROVEMENT AT HALE CENTER NOW

Messrs. J. L. Jacobs, P. B. Randolph and the editor of the News made a trip down to Hale Center yesterday afternoon, in behalf of the Jewish relief fund. Rev. G. H. Bryant, pastor of the Methodist church, has been selected to have charge of the work of securing funds in that community, and with a committee will make a canvas beginning this morning.

Hale Center has recently done some substantial building, including several brick business houses and a large stucco office and store building by R. W. Sanders and associates. With good crops this year, likely great improvements will be made in and about the town.

The Canadian Record is before us this week, the first time since we have been in the newspaper business. This is L. P. Loomis' paper, formerly owner and editor of the Slaton Slatonite. We wish him great success with the Record.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Dr. Price's Cream Baking Powder as compared with cheaper baking powders made from alum or phosphate—a trifle, indeed, to insure the quality and wholesomeness of your baking.

GAMBLING IN DALLAS—GAMBLING IN LUBBOCK

Home and State says:

The following was clipped from a city paper at Dallas during the mayor's campaign:

Betting in Favor of Wozencraft
 "Betting on Tuesday's municipal election is overwhelmingly in favor of Captain Wozencraft and the entire Cit and Dem ticket. Bettors swarmed about places where a few dollars of Lawther money were reported to be offered Friday. In most instances those who were supposed to be backing Lawther wouldn't bet, so reports say. And the few who would back Lawther wanted odds. The political bettors do not bet on sentiment.
 "They bet on the drift of public sentiment, and in this case they are betting that Captain Wozencraft will win by a handsome majority."
 We quote from the Revised Criminal Statutes of Texas, Article 586:
 "If any person shall, whether before or after the happening of any public election held within this State, wager or bet in any manner whatever upon the result of any such election, he shall be fined not less than

twenty-five nor more than one thousand dollars."

What the Home and State wants to know is: Will Mayor Wozencraft enforce the law in this case? Will Sheriff Harston enforce the law in Dallas? Will Attorney Willis Pierson see that the laws of Texas prevail in Dallas county?

If a negro crap-shooter was caught throwing dice for nickels, he would be convicted. Why not the same law for the men who gamble with a hundred-dollar wager, or a thousand-dollar wager, that we have for the poor crap-shooter? If we expect the little fellow to respect the law, we must make the big fellow respect it. There is nothing that breeds disrespect for the law more than for these upper-tens to violate it with impunity.

Gambling is a curse to any country. It is just as much a curse to the country when the gambling is on a mayor's race as when on a horse race; just as much a curse to gamble on a political campaign as at the State Fair. If Mayor Wozencraft is worthy of the office to which he has been elected, he will begin by enforcing the law. If Sheriff Harston and Attorney Pierson are serjants of the

people, they will enforce the law that the people elected them to enforce. We await to see what they will do.

But in Lubbock they do not even catch the crap shooters when we hear it is a regular practice among the school boys and the young men of the town as well as many of the older heads. If it is not shooting craps, its matching nickels, which is just as bad, if not worse, and a violation of the law. Why is it that gambling is allowed to continue right under the nose of officers elected to enforce the law, is something that a little country weekly editor cannot understand.

OH, YOU STATE PRESS!

The Clarksville Times gets off the following: "Most everything has advanced. It's 9 o'clock now when it used to be only 8," whereupon "State Press" of the Dallas News complains "our bills become due an hour earlier than they did." Verily this world is full of worries.

We are surprised at the even tempered State Press ever giving vent to such a pessimistic remark. He crawled us for making a slight remark that we feared Jack Frost would get most of the fruit this year, and accused us of being pessimistic—crossing bridges before we came to them, etc., and now comes that dignified gentleman and wants to hold on to the coin of the realm twenty-four hours longer, and complains at the change of time because it matures his bills a little sooner. It likewise brings the fatal time one hour earlier for him to draw his \$15-a-week pay check, but still he complains at having to turn it over to his creditors one hour earlier than heretofore.

One mother in Lubbock asked us a few days ago why the officers in Lubbock did not break up this wholesale gambling among the boys. Well, we do not know, but possibly it is because they are a little timid about starting a crusade against gambling for fear that it might wind up with the arrest and conviction of a number of the society women playing cards and winning the "pot" in the game.

A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order. PROF. HEM-METER says: "The liver is an organ secondary in importance only to the heart."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take a pleasant laxative. Such a one is made of May-apple, leaves of aloe, jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

STOCKTON, CALIF.—"For constipation, sick headache, an inactive liver, indigestion and biliousness there is nothing to equal Dr. Pierce's Pleasant Pellets. I have tried other things but like the 'Pellets' best of any."—Miss F. Cady. FIELD, 329 S. Grant Street.

CHURCH NOTES

Baptist Church.
Perhaps no one remembers a more beautiful Easter Sunday than was last Sunday. From every point of view it was ideal. The spirit of worship native in all people was manifested in a most excellent way. People were genuinely happy and proved it by their presence at church on time and giving earnest heed to lesson and sermon. If you have the that religion is old-fashioned and passing from the earth you have a rousing second thought coming. Never since Jesus was on earth has his name been so precious to so many people as it is this good day. He has right of way in more hearts and the simple truths that he spoke and lived are the light of men by which they are to be piloted through this world of sin and to a happy entrance into the city of Truth and Good Will.

This pastor had a good day Sunday preaching three times, taking some mission collections and marrying a couple. Our Sunday school was the largest of this year.

Next Sunday the pastor will preach on Safe Investments and at the evening hour a song service will consume the time and a general good entertainment will be given to all lovers of worship in song. We hope to increase the love of sacred song among our people. Come to this first service of the kind held by our people.

Things are looking good for the people of Lubbock and a return of the great days of "before the war" seems at our front door. Let us put aside our gloom faces and smile with the bright happy spring tide as it flings its robes of gladness and beauty over all our land. Now let us all become boosters for Lubbock, for church and home and all the good things we have. Don't forget to come to church and Sunday School next Sunday. J. B. COLE.

We Give Green Trading Stamps

"D.N." 1830 / 540

We will give Green Trading Stamps to our 30 day customers, provided they will pay their accounts not later than the 10th of each month. It has been customary with those giving trading stamps to give them not later than the 5th of the month following date of purchase, but as cash is a little close at this season of the year we will be a little more lenient with our customers until Fall when money will be easier.

Those who do not pay us on or before the 10th of each month will not be entitled, under our rule, to receive trading stamps, and we trust you will not ask for them.

Our reduced prices of last week are still in effect, and in fact we are going to continue along the line of close prices throughout the season, and those who are not trading with us are losing real money as we are selling goods very, very close and giving trading stamps too. We are here for a life time work and will do our dead level best to serve you satisfactorily every day in the week.

SOME PARTICULARS OF THE ROTAN-GRAVES ERAGEDY

Ralls Banner.

Joe Rotan was shot and instantly killed near Wake last Friday. Bugger Graves is alleged to have done the killing, and is now in jail at Lubbock.

We understand that the cause leading to the tragedy was as follows: Sometime ago Mr. Graves bought two sections of land near Wake, and borrowed a part of the money to pay for same from Jess Norris, and Mr. Norris, in consideration for same, was to receive one section of land, but when time for settlement came, Mr. Graves did not deed Norris but one-half section, and as a consequence the other came into liquidation. It is on this half section that the improvements are located, and Mr. Norris, feeling that he had a right to same, placed Joe Rotan, a nephew to him by marriage, on the land, Mr. Graves having moved to Floydada to send his children to school.

When he (Graves) learned that Rotan had moved on the place, he sent him a note to vacate, but later he and his family visited them, and friendly relations were restored. All the people of Mt. Blanco were shocked by the tragedy, and tell us that so far as any of them knew the two men were on the best of terms. In questioning some of the people of Wake and Mt. Blanco as to how the two men spoke of each other, we were told that it was with the highest regard. On the afternoon of the killing, it is stated, Mr. Graves, his daughter, Mable, and son, Billie, came out from Floydada to attend a supper which was to be given at the school house that night. Bill Stovall was with them, and they stopped at K. J. Matthews' and left Mable, the men saying they were going on over to the Stovall place, which is just east of where Joe Rotan lived. It seems that the men had just turned the corner, and were proceeding toward the Stovall place, when Mr. Graves noticed Rotan working on a fence, and suggested that they go and see what he was doing, so they turned around and went back. Billie, Mr. Graves' son, stated that they stopped, and his father spoke to Rotan, the conversation being about as follows:

"Hello, Joe, what are you doing?"
"Oh, just fooling around," said Joe.

"Well," said Graves, "this is the last time you will ever fool with anybody," and with that he grabbed the gun and shot Rotan in the head before he could be prevented. Mrs. Spikes, who lives about a quarter mile from the scene of the killing, was looking out over the landscape for her children, who, she said, were coming from school, let her glass rest on Mr. Rotan at about the time he was shot. She stated that he fell all in a heap. She did not see any smoke or hear the report of the gun, but saw a man get in a car

and drive away. She told some of her children what she feared, but they only laughed at her. When Graves came in and gave up, Sheriff Mitchell went immediately to the scene of the crime, and going to the house, he asked Mrs. Rotan where her husband was, and she told him he was working on a fence. He had been dead more than two hours at that time. It seems that at the time Rotan was shot, he was engaged in packing the dirt around a post. The bullet entered at the base of the skull and came out through the right jaw. The killing took place between 3:30 and 4 o'clock, and immediately afterward, Stovall, Graves and his son, Billie, started for Crosbyton, going by the Matthews home, where the daughter had been left, to whom they were talking, when they were joined by Mrs. Geo. Smith. She, noticing their evident distress, asked what the trouble was, and Mr. Graves said:

No. 323-Sulky Cotton and Corn Listers

This is the new improved P. & O. Lister. Arranged so to use 3 or 4 horse hitch—Seed mechanism throws into and out of gear automatically. All wheel boxings dust proof, with concave tires. Smith. She, noticing their evident distress, asked what the trouble was, and Mr. Graves said:

"Mrs. Smith, we are in deep distress again; I have shot Joe Rotan."
"What did you do that for?" asked Mrs. Smith.
"A man can stand so much, and then no more," Graves answered.
Further conversation was interrupted by Joe Stovall, who was driving the car, and told Graves that he must go to town. It is supposed Graves got the gun at Floydada, as he had been there that morning, and makes his home

there most of the time. Wake and Mt. Blanco have moved along smoothly for years, with hardly a ripple over their community life to break the tranquility, and when the news was spread abroad that a man had been killed, the entire community was thrown into a state of excitement. It was something that those good people never expected to happen, and it would be hard to imagine their mingled emotions. People who have never entered the court room before are being summoned as witnesses.

County Attorney Harrison, Judge Burton and the district attorney will represent the State's side of the case, and we understand four able attorneys have been employed by the defendant. Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges, and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you get right today to overcome your constipation and get your system in such shape that daily purging is unnecessary? You can do so by getting a 50c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant and bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and liver action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR Tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 50c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

No Worms in a Healthy Child

All children burdened with worms have an unhealthy coloring, indigestion, poor blood, and as a rule there is more or less stomach disturbance. GROVE'S CASTLEBERRY TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dissipate worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.

LOCAL SANTA FE EMPLOYEES 100 PER CENT ON V. LOAN

Probably no other class of men in the United States have made a record as the people who are employees of the Santa Fe railroad when it comes to buying government bonds, the first issue of bonds were bought heavily by these people, every other issue has been bought even greater than the preceding ones. For an example of the patriotic way they buy bonds, none better will be shown than the men who are employed on the railroad work here, men who receive their pay through our local agent R. F. Bayless. Sixteen people are employed here and on the first day of the government's campaign to sell bonds, before the day was over they had subscribed, or rather made application for twenty-one hundred dollars worth, or an average of \$131.25 for each employee. One employee, a lady, made application for five hundred dollars worth of bonds.

SELLS FARM AND WILL SEEK SON'S GRAVE

Washington, April 17.—A little old woman, who has sold her farm near Bellaire, Ohio, is going to France this week. She will search for three graves, one, that of her son, on the Somme battlefield; the two others, those of her daughter-in-law and her grandchild whose bodies were toppled over into a hole in the ground after their execution by the Germans. She is also going to search for a little 2-year-old girl, her granddaughter, and it is because of this lost baby that the tragic story of Mrs. Adeline Wagner is contained in an affidavit filed in the State Department. The story, at first unbelievable, but later investigated and found to be true, is the reason why Mrs. Wagner was granted a passport to go to France.

Son Joins Army.
When the war broke out Mrs. Wagner's one son joined the French Army as a private in the One Hundred and Forty-eighth Infantry regiment. His wife and two children were in Belgium at the time and they, together with other unfortunates, saw their village and homes fall into the hands of the advancing Germans. Meantime, the husband was killed in action on the Somme, and his widow committed a crime: her "crime" was to give a French soldier a drink of water.

Of course, when the Germans learned this, it was deemed a punishable offense, so she and her son were hustled off to the village-square where a dozen or more peasants were standing mutely. Their crimes must have been far more heinous than her's for they were awaiting death.

Huns' Ghastly Humor.
Ghastly humor actuated one of the German officers when he saw the widow and her boy, a youth of 12, approach. He handed the youngster a rifle and explained to him that both he and his mother would be saved from punishment if he took aim and fired—with intent to kill—at one of the helpless peasants before them.

He thrust the rifle into the boy's hands and gruffly ordered him to raise it to his shoulder. When the lad obeyed the German officer stood to one side.

"When I count three," he explained, "you fire—and you kill." Then he began: "One, two, three"

Mother and Son Slain.
A shot rang out, but the speeding bullet was not aimed at a peasant. The boy had wheeled about and aimed at the hulking form in gray goading him to kill. The German officer was dead. It was only an instant, however, before the latter's companions, furious with anger, had slain both the mother and son.

Somehow or other, the baby girl, then 6 months old, was not deemed culpable by the Germans and she escaped. The grandmother today thinks neighbors have cared for her and she wants the child, who is the only survivor of the Wagner family as far as the grim hand of war is concerned.

Mrs. Wagner tried through attorneys in Paris to locate the child, but failed. Then she sold her farm, sought Senator Harding of Ohio, and through his intervention the State Department investigated her story and finding it true gave her the coveted passports.

MISSIONARY CONFERENCE WAS WELL ATTENDED

(Continued from page 1, this section)

seekest thou? Some do not know how to seek. Then I have seen the Lord, three great thoughts which she enlarged. Dismissed by Bro. Lyon.

Afternoon service begun by singing "Tidings". Mrs. D. F. Ashmore brought us the bible lesson from Isaiah 40th chapter, 9 to 12 verses. Some previous thoughts concerning our right and ability to live on a higher plane to be mountain dwellers. Mrs. Porter made announcements concerning the prayer room and gave out the prayer list. The district secretaries reported, each telling their own particular troubles with influenza, the snow and sand storms, but each showed strong faith in their

women, and the reports from the auxiliaries showed that this faith was well founded. Some facts brought out in these reports was the increase in young people and children's societies and in mission and Bible Study, together with a great spiritual awakening among the women.

Mrs. Wheelock and Mrs. Trinkle sang beautifully "Lead me Gently." We were urged to take the Voice and Young Christian Worker, and agents were appointed. Mrs. Burton gave her report as corresponding secretary. This is one of our most important reports and is always heard with interest. There are 110 adult auxiliaries, 28 young peoples, 45 juniors, 25 baby divisions. An increase in some lines. Bro. Doak of Big Spring, Bro. Hughes of Ralls, and Mr. Page were introduced to the body. The taking of the pledge was made the order of the day for 10 a. m. Tuesday. Adjourned.

Monday evening service was begun by singing "Jesus Lover of My Soul." Mrs. J. O. Haynes read the 27th Psalm for evening lesson and Mrs. Chappell led in prayer. "Thy Will be Done" was beautifully sung by Mesdames Wheelock and Trinkle, Messrs. Yeats and Slagle. Bro. Doak of Big Spring made the four minute Centenary speech. There was a chorus by the girls of Lubbock which was splendidly rendered. Mrs. E. B. Chappell, editor of the Missionary Voice and Member of the Board of Missions, was introduced by Mrs. Rollins and spoke on the Centenary. She said it is a day of opportunity, we come to think of ourselves as never before as stewards. We should be stewards of time. Half the world has never heard of Christ and 40 millions of these are the part of Southern Methodism. We hear of the "World's Unfinished task." Why has the church not finished her task. Because we have not taken this gospel. Does God love us better than those who never see us at nine o'clock. Mrs. Whitworth brought us the morning lesson reading the 8th Chapter of Romans, then led in prayer. Mrs. Chappell, heard of Him? No, he loves us all alike! If we do not take the message the opportunity will be taken from us. Southern Methodism is coming into the limelight, it has even gotten into Life. Then followed the stereopticon pictures which were very instructive. There were pictures of our great president, the leaders of Methodism, the Mission fields and many interesting things concerning them. Since we get more through the eye than the ear this will surely help to impress upon us afresh the importance of the Centenary. Hymn 413 was sung and Dr. Griswold dismissed us.

Tuesday morning service was by the Council visitor, said we did not know how far we had advanced in our mission study prayer and tithing. The pledge was taken at this time and the results were so splendid that all

sang "Praise God from Whom all Blessings Flow." \$6,952.50 was promised from the eight districts.

The time for the guest hour having arrived Mrs. Watson and Mrs. Waddill sang "Teach Me Thy Will." Mrs. Chappell had us sing "Nearer My God to Thee," then led in prayer, after which she gave us three lessons from the life of Peter. Whenever there was somebody on whom Christ needed to rely that person was Peter. The first scene was the transfiguration. Christ had lost some of his disciples because he had explained that his was a spiritual, not a temporal kingdom. He called the disciples up to the mount, because he needed this and they needed it. This was such a wonderful place Peter wanted to stay, but Christ said we must go back and heal the sick, help others, let us go from here and pass these blessings on.

The second scene was at the seashore of Tiberias, when Christ spoke to Peter asking him if he loved him, "Lovest thou me, feed my sheep." If we love Him we must feed the sheep everywhere and to this we ourselves must be full of the love of Christ.

The third scene, the meeting of Peter with Cornelius. He had been waiting on God. We too, must wait on God. So many cases press on us we fill our lives so full we cannot do our best. There are so many ways of being self centered. The way to happiness is so plain, center our lives about the great affairs of God. With Christ to lead us we can do all things. After a season of silent prayer for the things we need right now, the benediction was spoken.

Tuesday afternoon "Lead on, O King Eternal" was sung. Mrs. Smith read the first Psalm. After the announcements the election of officers was held.

Tuesday evening Judge J. H. Moore made the four minute Centenary speech. "My Country 'tis of Thee" was sung. The young peoples evening is always one looked forward to with interest and this like the rest of the conference was the best yet. The leader, Mrs. Beall, introduced Mrs. Delaney, who read the Love Chapter, spoke of the law of love and led in prayer. The young people's song "Fall in Line" was sung. The various members of this society gave talks on war conditions, when a message came that peace had been declared. The girls began to wonder what they could do. In answer a quartette of boys, sang "Keep the Home Fires Burning." Then a message was brought from Miss Bennett. The Centenary Chorus was sung. The second act was a beautiful missionary drill and pantomime by six missionaries and six heathen nations. During this Mrs. Robinson played softly "The Morning Light is Breaking." The third act was the Dawn of a New Era as interpreted by Mrs. Delaney, who told beautifully of the work of the Centenary in our home and for-

cign lands. There were girls to represent these countries to which we are trying to take the gospel, also missionaries, teachers, doctors, nurses deaconesses, led by America to help these in their good work. This was a beautiful and striking picture of the work of our young people for the world. We sang "The Kingdom is Coming," then Mrs. Rollins dismissed us.

Wednesday morning No. 1 was sung. Mr. C. B. Meador gave us the closing devotional reading the 67th Psalm. Minutes read and approved. A letter read from Mrs. Perimeter and Mrs. Rollins asked for an offering for the girl in the orphanage, and \$29.15 was freely given by the women. Mrs. Porter reported on the prayer room, the women saying that eternity alone can tell what it had meant. Mrs. Burton told us of seeing Mother Johnson in Dallas and urging us to do something for the dormitory at S. M. U. She also made a plea for the King's Messenger. Mrs. Davis gave the report on Memoirs. The report was adopted by silent prayer. Agent for Missionary Voice reported two new subscriptions. The agent for Young Christian reported 25 new subscriptions. Mrs. E. B. Chappell exhorted on both the papers, explaining why we got these so late. Mrs. Rollins gave us a list of the needs at Holding and reminded us of the needs of Scarritt. A number promised boxes. Mrs. Burton suggested that we remember Thurber since we have no Wesley House in our Conference. A rising vote of thanks was given Mrs. J. E. Davis, the out-going district secretary of the Hamlin district. The committee on Young People's work reported and adopted as a whole. Mrs. Chappell asked us to report our meetings to the Voice.

We sang No. 411 and knelt and prayed for our young people and all the work of our Conference, with Mrs. Chappell playing while Mrs. Watson sang. This closed the 9th annual session of the North West Texas Conference—A delightful session with a delightful people.

Report on Resolutions.
"I was a stranger and ye took me in." It is said that a pebble dropped into the ocean will set in motion an influence that is never lost until it reaches the opposite shore.
The warm hearted, hospitable people of Lubbock have so warmly welcomed us to their beautiful little city, and in their homes so graciously ministered to us, making us more fully realize than ever before, the potent power of christian fellowship. Like the perfume of the rose that permeates the atmosphere long after it's petals are shattered, the memory of this, the 9th session of the Woman's Missionary Society of the North West Texas Conference will linger in our hearts in sweet benediction to cheer and gladden us on our way.
We pray God's richest blessings on

the people of Lubbock.

Tuesday at noon a delightful Centenary luncheon was served by the Cemetery Association of the city. The place cards were beautiful Centenary ones. The tables were prettily decorated with flowers and the plates filled with good things was most tempting. Mrs. Griswold acted as toastmistress and most happily introduced the speakers. "The New America" was first sung. Mrs. Burton told what the Centenary purposed to do for the world; Mrs. E. B. Chappell how the Centenary will meet these conditions; Mrs. Merritt, "What is My Task." Mrs. Delaney "What Can I Do." Mrs. Rollins "What the Centenary has done for me." Song led by Mrs. Watson of Post, Dr. Pingleton's Centenary Hymn, the chorus sung by all. A feast of good things. The meal was delicious and we trust the Cemetery Association realized a goodly sum.
