

THE LUBBOCK AVALANCHE

VOLUME XIX

LUBBOCK, LUBBOCK COUNTY, THURSDAY, MAY 8, 1919.

NUMBER 45

A BETTER PRODUCE MARKET NEEDED

LUBBOCK SHOULD HAVE MARKET THAT CAN HANDLE ALL GARDEN AND FARM PRODUCTS BROUGHT IN.

THERE WILL BE MUCH PRODUCE RAISED THIS YEAR

Farmers Should be Encouraged in Their Efforts to Raise Produce for Market as Well as for Family Use, and a Good Live Market Will Do More Along That Line Than Anything Else.

For a long time the need of a larger market for produce has been felt in this country. Lubbock is the central point and logical market point for Lubbock county as well as for a number of adjoining counties, and the necessity for larger market facilities here for many kinds of produce is very evident.

We have sufficient market for many products, such as poultry, eggs, grain and feedstuffs, but there is a very limited market for garden products, potatoes, beans, etc., dairy products and fruit, and as there is every likelihood of a heavy production of these products this year, and possibly for years to come, we feel that it is a consideration due the producers of these products to furnish a market for every bit that is offered for sale, at the best possible price. Lubbock has a trade territory so large that a market of this kind if properly advertised and the proper prices paid could handle several hundred thousand dollars worth of produce during the year and almost the entire amount would be a saving to the country, because of the fact that outside of the comparatively small amount consumed by the family and canned for future use, the products are mostly wasted.

Quick action in creating a market place in Lubbock for these various products would mean much to Lubbock. It would bring hundreds of people to our town daily, and would mean a mutual benefit to the town and country.

We believe that this can be done as successfully as the poultry and egg business has been built up here. We have it upon good authority that the poultry and egg business in Lubbock has developed during the past two years to several times the proportions of former years, and this condition has been brought about largely by the good market here. People raise chickens and turkeys knowing that they will find a ready market for them in Lubbock, and come for miles with wagon loads of them, and they always get a good price for them. The same could be made true with all other produce, if a proper market can be made for it.

Now is the proper time to launch the move and let the producers "all over the South plains know that the market is here for any amount" and we will be doing a good thing for both Lubbock and the surrounding territory. Lubbock is the place for a big produce house. It is the center of a large territory with railroad facilities from every direction.

Make it the central market place for everything.

Make it the central market place for everything.

ROGER BILLINGSLEY KILLED BY WIFE AT SLATON

Roger W. Billingsley, boiler maker at the Santa Fe shops at Slaton, was shot and instantly killed at his residence in Slaton late Monday evening, by his wife. A shotgun was used.

From reports given out by friends and neighbors of the family they had apparently gotten along alright together since moving to Slaton some two years back, from Dunn, Texas. Mr. Billingsley worked in the shops Monday and coming home after work in the evening he and his wife began quarreling. A neighbor child was over visiting with the Billingsley children and was told by Mrs. Billingsley to have her parents to come to their house as she was afraid they would have trouble. The child ran to his house and told his parents, who started over at once, and had gotten only a short distance until they heard a shot fired, and the lady screamed.

Reports come that Mrs. Billingsley claims her husband had threatened her and her children's lives, and started to carry out his threat with knife in hand, when she shot him, near the neck. The examining trial was held in Slaton Thursday afternoon. The body of Billingsley was shipped back to Dunn, Texas, for interment.

SPUR CITIZEN HAS SPECIAL TRAIN THURSDAY

A message received by Clifford B. Jones, manager of the Swenson interests at Spur, that his wife was not expected to live but a few hours, sent from Denver, Colo., where she is ill, reached Mr. Jones late Wednesday evening. On account of the very wet and muddy roads he had to encounter to reach here, where he intended to take the early morning train for Amarillo, was delayed and missed his train only about ten minutes. A special train was ordered from Slaton to carry him to Amarillo to make connection with the noon train leaving for Denver. Only a caboose and engine were used and were given train order rights over all trains other than first class. Leaving Lubbock about nine or a few minutes after they will reach Amarillo about noon.

A special train was ordered from Slaton to carry him to Amarillo to make connection with the noon train leaving for Denver. Only a caboose and engine were used and were given train order rights over all trains other than first class. Leaving Lubbock about nine or a few minutes after they will reach Amarillo about noon.

Experiment Station

MORE WET WEATHER IN THE LUBBOCK COUNTRY

Since our last issue there has been more rain, in the Lubbock country and the Lubbock trade territory is thoroughly wet. Some hail has been reported from different parts of the county, but the territory covered by the hail has not been large so far, hence the damage is comparatively light.

The general outlook was never brighter in this section of the plains for a heavy crop yield, and there is going to be a heavy acreage planted. Some of the early planted crops will have to be planted over on account of the heavy rains packing the ground and covering the seed too deep for it to come through.

CITY MARSHAL AT RISING STAR SHOT AND WOUNDED

Rising Star, Texas, May 6.—J. A. Hulin, City Marshal of Rising Star, was shot and probably fatally wounded this morning at 8 o'clock. L. B. Lippard, an ex-Confederate veteran, gave himself up to the officers and was taken to the county jail.

A special session of the Commissioner's Court was held Thursday for the purpose of checking the collectors tax rolls.

WHY NOT A TRADES DAY FOR LUBBOCK

Now that conditions are changed and there is greater activity in the country, why not revive our trades day proposition. Have a first Monday or any other day of the month that we may designate as a trades day for the town. By this means many people are really accommodated by getting together and trading. Many times people in the other part of the county have exactly what you want, but you do not know it, but if we can have a certain day of the month to bring these things to town and place them on display we often see a trade that is mutual in its benefits made.

Why not the first Monday in each month? There is no need for waiting for further action in the matter. Just simply bring your trading stuff here next first Monday and you will find the trader's here.

HEAVY CATTLE LOSSES IN SOME PORTIONS OF N. M.

J. J. Lane, pioneer cattleman of the South Plains, was here one day this week looking after his interests in this part of the country. Mr. Lane has been in the cattle business for about twenty years most of the time in Terry county. A few years back he disposed of his interests in Terry and bought a ranch in what was one time the L F D pasture, just across the line in New Mexico. While the coldest part of the winter was on this past winter he was called to Santa Fe to attend to some business matters and made the trip overland, and in speaking of the great loss of cattle in some portions of New Mexico this winter gave one instance of which he saw, just after a real cold spell in the Mountain Air country, what at one time must have been an old store building, to which cattle from several miles around had drifted for shelter, piled in one another until the building was full as could be, and froze. The doors and windows were all full of cows heads and feet, which fact called his attention to the place where he went and investigated.

While the rainfall in Mr. Lane's country has not been as great as here he states grass conditions are as good as ever known at this time of year there.

METHODIST SUNDAY SCHOOL WANTS YOU

The Methodist Sunday school had a banner day last Sunday. The enrollment went nearly to the five hundred mark, and it was made known that the enrollment would be put over the five hundred mark by next Sunday. Next Sunday is mother's day, and we hope that every child, big and little old or young will wear a flower in honor of mother. The carnation is the generally adopted flower, but in the absence of the carnation wear other flowers. It is generally understood that if mother is living that you wear a bright color, but if dead a white flower.

We hope that every teacher will see that there is a flower for every pupil in the class. Make it a flower day for mother. And we want it understood that there is a big well rounded welcome for you at the Methodist Sunday school and a class exactly suited to your age and sex. Come, join the Methodist Sunday school. We have set for our goal of enrollment this year 800. You can help us make it.

PROMINENT GORMAN PEOPLE PROSPECTING HERE

W. L. Andrus and John Chapman, both of Gorman, Texas, were here this week prospecting. Mr. Chapman recently purchased the Russell building on postoffice street, and is looking at other property with a view to locating in this part of the country. Mr. Andrus is also looking for property here, and is well pleased with our town, and the agricultural prospects of the South Plains. These men have been operating extensively in the oil fields the past few months and have taken in a goodly amount of the coin of the realm.

GARAGES CHANGE LOCATIONS THIS WEEK

The Cadillac and Dodge garage operated by Joe Hilton and W. W. Royalty moved from the Wolfarth building on postoffice street to the Weaver and Schenck building on South Cedar street this week. They will have a much more commodious building in their new quarters and they have an advertisement in this issue calling attention to their new location and also the line of business they will be engaged in.

ANNUAL MEETING LUBBOCK C. OF C.

HELD IN WOODMEN OF THE WORLD HALL TUESDAY NIGHT AND ELECT OFFICERS FOR ENSUING YEAR

FINE RAIN PREVENTED A VERY LARGE ATTENDANCE

The Organization is Awake to the Importance of Initiating a Campaign of Intensive and Extensive Development During The Next Twelve Months.

The heavy rain which began falling just before eight o'clock Tuesday night, disappointed a great many who had hoped to attend the annual meeting of the Chamber of Commerce at the W. O. W. Hall. The secretary made a personal canvass Tuesday afternoon, and was assured of an attendance of 150 or more at this meeting, had not the storm intervened.

However, a very interesting meeting was developed by those with the hardihood to brave the elements. Following report of the retiring President, a very interesting talk was delivered by Mr. Glenn of Temple, in which Lubbock was complimented very highly with regard to the enthusiastic community spirit, and the clean moral and civic conditions he found here.

The consensus of the opinion of the meeting was that in the next year the Lubbock Chamber of Commerce is offered the best opportunity for usefulness ever presented. With the opening of the oil fields to the east, bringing in a golden flood of capital, and centering the eyes of the nation's business upon West Texas; and with the best season in years bringing our agricultural possibilities pre-eminently to the front, now is the time, if ever there was a time in the history of the organization, to initiate a campaign for intensive and extensive development.

The following officers were elected for the coming year:

E. L. Klett, President.
L. T. Martin, Vice President.
Ura Embry, Treasurer.
G. C. Barrier, G. G. Johnson, P. Von Rosenberg, E. L. Klett, and Ura Embry, Directors.

The following officers were elected for the coming year:
E. L. Klett, President.
L. T. Martin, Vice President.
Ura Embry, Treasurer.
G. C. Barrier, G. G. Johnson, P. Von Rosenberg, E. L. Klett, and Ura Embry, Directors.

FELIX JONES INDICTMENT DISMISSED AT DALLAS

Dallas, May 7.—The indictment against Felix Jones, charging him with the murder of Miss Florence Brown on July 28, 1913, was dismissed in Criminal District Court here Tuesday after the State for the third time failed to have its witnesses present.

Jones, who is under sentence in El Paso county to twenty-five years' imprisonment on a charge of killing Thomas Lyons, a cattleman, will be held in jail here for El Paso authorities.

A PANHANDLE CHAMBER OF COMMERCE PROPOSED

Amarillo, Texas, May 8.—A concerted movement on the part of a number of Panhandle counties to organize a compact body for Chamber of Commerce work has culminated in a call issue by the Board of City Development of Amarillo for a convention to be held in that city on Tuesday, June 3rd. At this time it is expected that an organization will be perfected that, for cohesiveness and definiteness of aims, will prove a model.

ARE WE GOING TO HAVE A CLEANING UP?

The Avalanche is anxious to know if Lubbock alleys, vacant lots and other places where much rubbish has accumulated will have a cleaning up right soon. There are some places in the city that must be cleaned up or we will have much sickness in town. The continued wet weather makes the situation much more serious.

REV. STERLING PARK FOUND DEAD NEAR WAXAHACHIE

Rev. Sterling Park, a prominent Presbyterian minister, once pastor of the Presbyterian church at Plainview, was found dead in a pool of water last Friday near his home in Waxahachie. He was well known by a number of Lubbock people. He was fifty-one years old, and had for several years been in feeble health.

FARMING OPERATIONS SATISFACTORY AT STANTON

Stanton, Texas, May 5.—Farm work is going forward throughout the county in a most satisfactory way. The citizens in general feel that the long drouth has at last come to an end and are planting more cotton than has heretofore been planted here.

PLANTING DAY AT THE LUBBOCK CEMETERY

Tuesday, May 13, has been designated by the Lubbock Cemetery Association as planting day at the cemetery, and everybody is invited to go to the cemetery and plant flowers, shrubbery and trees. Any time during the day, go direct to the city of the dead, and plant something at the grave of your deceased or that of your friend, and help to beautify the cemetery.

LOCAL ITEMS OF INTEREST FROM TAHOKA

Lynn County News.

After being separated for 41 long years, Mesdames E. N. Weathers, of Tahoka, and Mrs. Jack White, of the New Home neighborhood, met at the Stokes Hotel here on Wednesday of last week. The meeting was quite a happy one and was witnessed by several guests about the hotel. Both of these ladies were girlhood friends in Hunt county, Texas, and have resided in Lynn county the past fifteen or twenty years, but neither knew of the other's whereabouts until they met last week. Many happy childhood days were discussed and the events of their lives up to the present time.

Mrs. J. N. Jones returned from Lubbock Tuesday, where she had been attending the Missionary Society of the Methodist church, and also visited relatives and friends in that city.

Bert McWhorter, of Lubbock, passed through on the southbound train Wednesday, enroute to O'Donnell to look over a bunch of cattle with a view of buying several hundred head.

On Friday of last week, at Post City, a marriage ceremony was performed which made man and wife, Mr. O. E. Humphreys and Miss Viva Mae Callaway. The County Judge of Garza county saying the words that made two hearts beat as one.

Last Sunday, April 27th, at the Methodist parsonage, Rev. R. F. Dunn pastor of the M. E. Church in Tahoka, performed the ceremony that made man and wife. Mr. Eldridge G. Shelton and Miss Pearl Brown. These young people reside in the east part of Lynn county. Mr. Eldridge had just returned from the army camps training for service in the European war.

A large audience heard the musical recital given by Miss Lottie Boles' music class at the Methodist Church last Wednesday evening. Many fine selections of piano and voice music were rendered during the recital, and was a rare treat to all music lovers.

Mrs. Guy Shook, of Plainview, who has been visiting relatives in Tahoka the past several weeks, was suddenly stricken with appendicitis at the St. Clair Hotel last Sunday, and was carried to the Lubbock Sanitarium for an operation Monday. She was met at Slaton by her husband and Mr. and Mrs. A. D. Shook, who accompanied her to the sanitarium.

HARNNESS!

and Leather Goods

You will find in our store the LARGEST and BEST SELECTED Stock of HARNNESS, COLLARS, BRIDLES, LINES AND SADDLES on the South Plains. We now have associated with us Mr. Kit Curtis, who is well known as a master workman in his trade, and with the additional equipment of his shop, we are better prepared than ever before to take care of your needs in this line. You should see us before you buy your wagon harness, buggy harness, or any leather goods.

Auto Tops and Painting

We have made more auto tops than all other. Lubbock firms combined. There is a reason. We make them of the very best material. We make them to look as good as any factory top, and better than most of the new ones, hence the owners get better service. OUR AUTO PAINTER IS UNEXCELLED anywhere, and when your car is finished by him you can rest assured that you have a first class job in every respect, and the price is reasonable. LET US FIGURE WITH YOU.

The Lubbock State Bank

"The Bank for Everybody."

The operation was successful and Mrs. Shook is reported to be out of danger.

Most every community in Lynn county was represented in Tahoka Monday by enterprising stockmen and farmers, who came in for several days supply of "chuck" in order to go to work in earnest when the ground got dry enough for them to do so. Every one of these tillers of the soil wore a broad smile and were jubilant over the fine crop prospects in this county next fall. Many thousands of tons of feed stuff will be raised over this section this year.

The Centenary meeting began at the Methodist Church last night, and ends today, is being attended by many out of town delegates. Prominent among the visitors are: Presiding Elder W. E. Lyon of Lubbock, and Rev. J. W. Hunt of Abilene. Rev. Hunt delivered an interesting address on Centenary work at the church last night. He is an interesting speaker, being among the best orators of this denomination in the west today. Other delegates in attendance are: W. C. Rylander, Lubbock, Rev. T. C. Willard, Slaton, Mr. and Mrs. Jesse Townsend, Wilson, Rev. J. T. Griswold, Lubbock; W. G. Hicks, Brownfield, and Judge J. H. Moore, Lubbock.

Sometime during last Sunday night the store at Draw, run by C. C. Jackson, located in the southeast part of the county, was entered and a quantity of canned goods stolen, also a few chickens were taken from the barnyard roost. Five or six youths residing in the community, and one living in the north part of Lynn county, were taken into custody and lodged in jail. Bond was made for all the boys, except one, who is still confined behind the bars. It is a very regrettable affair to report, and we refrain from giving the names of the parties connected with the burglary in these columns.

Mr. and Mrs. J. E. Garrison and daughter, were over from Slaton last Friday, shopping and attending to other business interests.

The Store of the Plains

THE LUBBOCK AVALANCHE

Good News

Here's the List of Merchants in Lubbock who Give "S. & H." Green Stamps

Since 1896 S&H Green Stamps have been received and endorsed by millions of housewives throughout the United States. Some of the largest concerns in the country give S&H Green Stamps. The reputable Lubbock merchants listed below place within easy reach of all their friends the same opportunity to save money, through the medium of S&H Green Stamps, as enjoyed by these millions of frugal housewives.

This announcement is of great value to every person in Lubbock and vicinity. With practical thrift and sensible conservation being urged throughout the land, the original and justly famous S&H Green Stamps stand out very prominently as tokens offering everyone an opportunity to save, economize and practice thrift.

At least one S&H Green Stamp will be given on each 10 cent cash purchase made at any of the merchants listed below. A book will be given you in which to place these stamps and when it is filled, just take it to the S&H Premium Parlor on the Balcony of Barrier Bros. Store and make your selection from the assortment of Standard Merchandise there displayed. No matter at which store you receive S&H Green Stamps, they may be pasted in the same book.

You can obtain the valuable S&H Green Stamps in exchange for Tobacco Tags, Soap Wrappers, Bread Labels, Certificates Etc. at the S&H Premium Display, Balcony Barrier Bros. Be sure to save such tokens and procure S&H Green Stamps for them. This is a mighty important feature of the Sperry Service—an extra feature that enables you to fill your book quickly.

YOUNG MAN, YOUNG LADY, WILL YOU GIVE ORDERS OR TAKE THEM? POVERTY IS NO BARRIER. YOU CAN SUCCEED! AND YOUR COUNTRY NEEDS YOU PROPERLY TRAINED

The one thing absolutely necessary to success is the rugged determination that makes one grit his teeth, clinch his fist, and say, "I can because I will." Your place in the world depends not upon circumstances, but upon you. When you will attain a high position, it is not by accident, as far as you work of your choice; you will give orders or take orders. This depends upon your determination. First, you must face the grim challenge of weather, flinching. "I can succeed because I will." The supply of "avenues" is usually greater than the demand for them. The unskilled live in a state of idleness, with their hands idle and their minds untrained. The trained man, however, with every saving machine, is an asset to himself or employers. He can manage his own business, or he can manage the business of others. He can keep the books, the filling of contracts and other legal documents, the use of shorthand and the typewriter, or the operating of a telegraph key. Young man, Young woman, can you do these things that are so much in demand in these trying times of reconstruction? Say to yourself, "I will prepare. I will succeed." Write for our catalogue today, asking for our credit plan if necessary. State confidentially your financial condition, and the course you are interested in. Make the start. Do it now. Girls and boys this is your opportunity, you are needed to render honorable and efficient service. Tyler Commercial College, Tyler, Texas. America's business training University will prepare you. It has helped more than twenty thousand boys, girls, men and women.

NEWS ITEMS FROM CANYON COMMUNITY

May 5.—Mr. and Mrs. Fletcher Richardson and Mr. and Mrs. Fletcher and family went to Idalou Wednesday night.

Miss Frances Jackson spent Tuesday night with Miss Ruth Hufsteler.

Miss Thelma Thompson spent Thursday night with Miss Nora Sawyers.

The farmers are all smiles since the good rains that have recently come. It will bring up the grain crop that is planted. The sod was getting hard but this rain will put all back on the job once more.

Mr. Williams from Dallas visited his brother, Mr. H. M. Williams Saturday and Sunday returning to his home Monday.

Miss Nealie Jackson spent Wednesday night with Miss Christine Barnett.

Mr. and Mrs. Burgess, daughter

Willie and children, are spending several weeks visiting.

The airplane which passed over Tuesday drew the attention of most everyone that was at work.

The Stereopticon lecture on Oriental Countries and Latin America that was to be at Canyon Friday night was postponed on account of rain. We have not yet learned when they will come back.

Little Anna Crim was absent from school last Thursday and Friday on account of sickness.

Mrs. Richardson spent a short while with Mrs. Moore Monday forenoon.

Mr. J. F. Goodright was in town Saturday.

We are having some beautiful weather now since the good rains. There is nothing left for anyone to grumble about, we should all smile and be happy. We have had a nice rain the past week, and now the weather is warm and sunshiny, giving the farmers a chance to plant their crops and work what is up and they sure are busy around here.

The hail on Thursday thrashed of quite a bit of young peaches, but the ones that are left will grow large. It did some damage to the gardens.

Most everyone went to Lubbock Thursday to see the airplane but it failed to arrive until Friday. The school children were very much disappointed as most of them stayed out of school that day.

Mr. T. S. Moore went to Acuff Friday to get some feed.

Mr. and Mrs. D. E. Fowler and family were in Lubbock Saturday.

Mr. Morgan from Lubbock was driving through Canyon last week.

Mr. and Mrs. Pugh and boys were Lubbock visitors Saturday.

The pupils and teachers are busy on their program for the last of school. The social center and closing of school program will be on Friday night, May 9th.

Mr. H. C. Harry was in Lubbock Saturday.

Mr. and Mrs. J. B. Potts were shopping in Lubbock Saturday.

Miss Elmore, from Lubbock preached at the school house Sunday afternoon to a large crowd.

Bro. Evelt will preach at the school house Sunday morning. Everybody invited.

E. L. Robertson, of the City Drug Store has been quite uneasy as to the condition of his father, who was reported dangerously ill at his home in Enid, Okla. He received a message however, a day or so since stating that his condition was entirely satisfactory and he now believes his father out of danger.

The morning after the day before.

Training Little Children

My Mrs. Lenore R. Ranus.

Most children have too many toys; consequently they are not stirred to make toys for themselves, and their powers of invention are retarded. There are two classes of toys, useful and useless. Those are useful which answer the needs of child-life. A ball is a most useful toy because it is about the first a child can play with. All mothers know how a babe, as soon as it is old enough to use its hands, loves a soft, bright-colored ball. From infancy practically through the whole of life the ball plays an active part. Tennis, golf, baseball, football—all sports of later life center around a ball.

just as happy children as the kindergarten has, but she must devote a part of every day to them conscientiously.

Be reasonable with a child and he will be reasonable also. Remember that the desired results from child-training depend first upon the physical condition of the child and secondly upon the time, thought and intelligent care which you give to them.

A dear old lady said to me once, after I had remarked with discouragement that all I seemed to accomplish in a day was to care for my baby's needs, "My dear, you are doing a woman's greatest work right now—the training of your child's mind and morals. The time spent may show no immediate results, but you are laying the foundation for a character that will stand as a monument to your work and wisdom in years to come."

THE WEEKLY BATCH OF SHALLOWATER ITEMS

Wade Hardy has been to Dimmitt on business the last week.

A deal was made Thursday which Mr. Calley sold his place to Mr. Adsell of San Antonio, who will move on it at once. Mr. Calley has accepted the management of the McAdams Lumber yard at this place and will move into the house he bought of Mr. Seaton. Mr. Seaton has not decided where he will go, but probably will go to Tahoka.

Mrs. B. E. Needles spent Thursday with Mrs. Chester Wright.

Very near all of the Shallowater people were in town Thursday to see the planes, but came home disappointed.

Chester and Emmett Wright went after some cattle they had bought east of Lubbock the first of the week.

The Red Cross club will meet with Mrs. Chester Wright next Thursday. Everybody come and bring their needle and thimble as we expect to sew some for the orphans.

J. C. Bowles Jr., has been quite sick but is much better at this writing.

Moore Brothers want your second hand furniture. 451

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and to Enrich it. These reliable tonic action never fail to drive out impurities for Victory LO

The Strength-Creating Power **TASTELESS CHILL TONIC** the favorite tonic in town. **MOORE** More than thirty-five, **A. SOWDER** would ride a long distance, **E. VICKERS** **TASTELESS CHILL TONIC** member of their **DELIA WILKINSON** needed a good deal. **SEATON**, Shallowater tonic. The former day, and you can store. 60c per

"A Quaint Old Bed"

Is just as complete as the very newest model, if you send the mattress to us and let us make

Out of it for you. Don't throw away your old mattress. Our pneumatic-cotton felt machine will separate each and every fibre of the old cotton, transforming it into one solid bat of downy felt.

Let us make that new mattress, we make any size from the doll bed on up. Let us make your old feather bed into a "Slumberland Feather Mattress"—the best mattress going.

Phone us your bed troubles. All work called for and delivered.

Questions in Women's Lives
by Pheobe K. Warner

Women's lives are supposed to be composed of a multiplicity of little things. The great mass of women spend most of their mental as well as physical energy on such questions as "What shall we have for breakfast, dinner and supper? What will I wear and how can I get it made? How should I dress my children?" and a few mothers are beginning to ask themselves the question, "How should I feed my children?" Nor would we belittle such important problems. They are the fundamental problems of the human race, but they are so common, so every day, so absolutely essential to life, that the world just accepts them without thinking, like we do the rain and the sunshine and the air. There could be no home life without these multiplied millions of duties, all of which seem to belong exclusively to woman's sphere. So satisfied is the world with the way women have cooked and washed dishes, and done the world's washing, ironing, sewing, sweeping, dusting and child-rearing, that no one has ever challenged their right or their ability to do these things. The world has never seemed to want to take these privileges away from the women, not even for the pay and prominence that goes with most of women's work.

as they mold their bodies. The reason we have so few thinking men is because we have had so few thinking mothers. Too many mothers have been slaves to their families instead of the directors of their family.

But a new day has come. Women are thinking of the big things of life. Naturally she will teach her sons and daughters to think for others as well as themselves.—Fort Worth Star-Telegram.

It was posted once. 451

CHURCH NOTES

Baptist Church.

Sunday's bright and happy morning rendered it easy and enjoyable for attending church and the evening hour found even more at church than the morning time. Everyone seemed glad to hear and learn. Bad as our lives may become we turn often to the messages of hope and love for heartening and comfort. While the Father is just and holy he so appeals to us that we say in our hearts "Unto whom shall we go, thou hast the words of life." The Lord is not only our safe refuge but our only refuge and hope. Though father and mother forsake us the Lord will take us up and if we will turn wholeheartedly to him he will save us.

At the morning hour the pastor offered his resignation to take effect within three months or sooner. He requested that no appeal be taken from his statement and the church accepted his resignation as presented. The services will be continued as in the past and all the interests of the church will be as faithfully cared for and as tenderly guarded as in the past and even more so. These four years have been as happy and as largely blessed as any in the life work of this pastor and his love is very warm and tender toward all the people of his church and all Christian people and the unsaved as well. Always and at every time the people of Lubbock have been kind and good to him. His heart goes out to all the folks and his most earnest prayers go up to the good Father for the largest blessings on everyone.

Let us all be on time next Sunday for all the worship.

Lovingly your pastor, J. B. Cole.

League Program for May 11.

Subject: Christianity and the Tollers of America.

Oh, This awful mud. My old man came in from town today and with his muddy feet tracked mud all through the house. Just could not help it in this wet-weather. You know he has to walk several blocks where there are no concrete walks.

"Well, I do not have to bother about that any more. You know we had NICKERSON, the concrete man, to build walks in front of our property, in the yard, right up to the door, and the mud does not bother us any more. Mr. Nickerson is certainly fine when it comes to concrete work. I do not believe he can be excelled. Why, he can make anything out of concrete. He also put some ornamental work around our cemetery lots, and it is real nice. His phone No. is 139."

B. F. Nickerson
"The Concrete Man." Phone 139.

Items of Interest to Farmers Gathered From Various Sources

Proper Preparation Needed Before Planting Seed Corn.

To insure maximum and profitable yields of corn it is highly important, according to the United States Department of Agriculture, to prepare seed properly for planting. Farmers should devote as much time as necessary to the preparation of their seed corn before the rush of spring work. They should discard all undesirable ears, after subjecting the corn to careful germination test, while subsequently they should nub, classify, and shell the seed ears by hand, in addition to testing the accuracy of the drop of the corn planter.

First of all, it is essential that the grower carefully go over the seed ears he selected last fall in order to discard any that have discolored kernels or cobs or that have a dead appearance. Furthermore, he should throw out all extra light ears, as well as those with small or otherwise undesirable kernels, kernels with very sharp beaks, or with germs of poor development and appearance. The ears retained for seed purposes should show good development and maturity, be heavy for their size, and contain solid, vigorous looking kernels of fairly uniform size and shape. These desirable ears should then be tested to determine whether all the kernels will grow.

Test of Samples Sufficient.

Last winter, as a result of a very unfavorable season, it was advisable in many sections to carry on a careful germination test of each ear of the seed supply. However, the 1918 crop matured so much better that such painstaking and minute testing may not be necessary. The common practice of testing an average sample of the seed supply, such as the testing of 10 kernels from each of 50 ears, may be taken as a dependable indication of the germination of the entire seed supply. Some farmers neglect to nub their ears of seed corn in order to get rid of the small, shriveled, and undesirable kernels, which often centralize at the tip of the ear, but as such seed is inferior, it should be eliminated. In a similar manner growers should discard the round, thick kernels from the butts of the

ears in order to promote the even and uniform distribution of seed by the corn planter. Kernels that have been injured by mice or weevils, or that are otherwise undesirable, should also be discarded before the ears are shelled.

A Simple Way of Grading.

Another commendable practice, report the specialists of the Department of Agriculture, consists in classifying the ears before shelling them in order that only uniform kernels of similar size and shape be used in the planting operations, as it is highly advisable that the corn planter should drop an equal number of kernels in each hill. If necessary to plant two or three classes or sizes of kernels they should be shelled and bagged separately. The planter plates and these respective bags of seeds, which have been thoroughly tested as to size and shape so that the proper number of kernels will be dropped regularly, should be tied up for convenience at planting time. This is a simpler and less costly method of cleaning and grading the seed than where expensive graders are used.

A point many farmers neglect each year is to shell their seed corn by hand. Each ear should be shelled separately into a hand sieve, as this practice permits the chaff from the cob to fall through and the kernels from each ear to be closely inspected before being deposited with the general supply. The value of this close inspection is lost if the ears are run through a corn sheller and some of the kernels cracked or broken.

One of the benefits arising from good roads is the improvement of the community school. In Texas the country school term is placed, as far as possible, so that the children may help gather the cotton crop, which is usually out by December 1. This places the school session during that part of the year in which bad weather and resulting bad roads are most common. Everyone knows that where children have to go to school from a distance cold, bad weather means being kept at home, and the effect is to have the school at a time when the children can go to it the least.

Records of seven district schools in a Virginia County before and after the improvement of the roads showed an increase of attendance amounting to 30 per cent of the scholastic population, and following the improvement of the roads several districts consolidated, thus changing from a one-teacher basis to the graded school with a principal and competent assistance, giving the children the same educational advantages as city children. In another county with at least 40 per cent of the scholastic population in farming communities the enrollment increased more than one thousand, following the improvement of the roads, and the daily attendance arose from 60 to 90 per cent.

The road which can be conveniently used every day in the year makes it possible to bring children from greater distances and makes attend-

ance regular. It enables districts to consolidate and build good school houses where the children will not become sick from exposure to coughs and colds. The increased farm values through road improvement bring a larger school tax, enabling the community to hire more and better teachers.

The ram-shackle neighborhood, evidenced by ram-shackle roads, will have ram-shackle schools and turn out ram-shackle pupils, who will there by have a lessened opportunity of making progress in the world in competition with the young men and women of other more progressive communities.

Texas will stand higher in educational progress if it will build better roads.

Moore Brothers want your second hand furniture. 451

County Home Demonstration Department

Co-Operative Community Canning.

Every year many tons of fresh fruit and vegetables and many pounds of fresh meat are allowed to go to waste. Most of the vegetables wasted are in small gardens which supply the family with fresh vegetables just a few weeks, or months each year. Too often the owners of these same gardens must spend many dollars for canned vegetables during the greater part of the year, or else do without which is a loss to the general health of the family.

This enormous loss of food, with the consequent lack of nourishment occasioned by poorly balanced meals, is not always due to a lack of knowledge of canning on the part of the housewife. In most cases it is due to a lack of time. Then, too, some have not carefully counted the cost and compared the quality of home canned products with those canned in the factories.

To meet the needs of the people who have grown a garden but who have no time for putting up what they have raised or who do not wish to buy equipment for first class home canning or those who for any reason cannot put up what they have raised at home, a better means of taking care of this food has been developed. This is the co-operative community canner.

The Community Canning plant requires very little capital to begin with. It is a step between the home and the factory. It is a small canning plant designed to take care of the needs of a small number of families, say from eight to twenty or thirty, and is run on a co-operative basis. There is no profit in it for anyone except the profit to the farmer or gardener who can thus have all his orchard and garden products canned at a small cost and in such a way that he can readily dispose of his surplus products.

The Community Canner not only takes care of all corn, sweet potatoes, and every other vegetable that can be canned, but it can take care of all the fresh meat the various families may want to put up for later use. At Vernon, Wilbarger County, after the fresh vegetables season was over,

last year about forty beehives were canned.

Although community canning is a new thing, having been started at Red Springs, Smith County, Texas, just two years ago, thirty counties in Texas have in operation seventy-seven community canners, serving about seventeen thousand families. Vernon, Dallas, Temple, Red Springs, Bessmay, Livingston are some of the places where a community canner has been successfully operated.

The Extension Service of the A. & M. College has several specialists who give their time to this work and any Community that is sufficiently interested may secure specific information and personal help from them.

Sincerely,
MILIE M. HALSEY,
Home Demonstration Agent.

Shallowater.

The conservation club met at the school house Thursday. Miss Halsey was unable to be with us, but more plans were made for furnishing the club room and the time was well spent by all present. From now on each member that cares to can bring their choice dishes of preparing vegetables, also cakes, cookies, bread, pies, puddings, etc. and exchange with each other.

The pie social was held at the school house Saturday. The pies all brought a good price, about \$40 in all, was taken in. This money will be used for furnishing the club room in the new school building. The officers and members wish to thank all that helped to make the social a success.

We would also like to see more of the Hardy women attending our meetings, for it is as much your club as ours. We understand there is no women's club at Grovesville. We would like to see some of the ladies from there with us at our next meeting, and extend an invitation to all the ladies at that place to meet with us at our next meeting and become members, for with our valuable home demonstrator and a room fixed especially for the work no one can help but receive much valuable information at these meetings.

Secretary.

FINISHING THE JOB

HAIL INSURANCE

You should see me for hail insurance before your crop is up and large enough to be damaged. I have a splendid hail policy and will be glad to take the matter up with you.

No Worms in a Healthy Child.

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD WORMS give regularity for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 6c per bottle.

Home grown Sweet, Potato slips, tomato plants, pepper both sweet and hot at Lubbock Floral, J. C. Dean, Prop. Phone 451. 40tf

Tobe Marcy was in town last Saturday from Meadow, and reports farmers in that section of the country have many acres planted and up, with an abundance of rain.

LUBBOCK SHOULD HAVE A GOOD BRASS BAND

Now that Lubbock is coming back to the good old times. The boys are returning from the army. The rains have come and the people are feeling better, and prosperity is sure to follow, we should have a good band. No town is what it should be without a band. Lubbock has a goodly number of good musicians, who would make up a fine band, and we are fortunate in having in our town, Prof. Monte Bowron, who is among the best of band instructors, and he is willing to take hold of the band again and work it up to a point where it will be second to none in the state.

With this in view, a number of the musicians of the town met last Thursday night, May 1st and organized a band, and the following officers were elected: Director, Monte Bowron; President, A. M. Rankin; Vice President, Herbert Lowrey; Secretary-Treasurer, R. B. Smith; Business Manager, Monte Bowron.

Others have signified their willingness to join this organization, and the prospects now are good for having a fine organization, and it is to be hoped that the entire town will fall in line and boost for the Lubbock Band. We know that the men and women that compose this organization are capable of producing good music, and will do it if they get the necessary encouragement from our people.

They want us to invite everyone who will join the band, men or women to report to R. B. Smith, the secretary, and he will give you any information you might want.

Let's all pull together for a fine band.

Lubbock can well afford a fine organization of this kind and we believe that she will.

Let's toot 'em up this year.

We believe the Chamber of Commerce could well afford to get behind this organization in a financial way, and help them along.

THE BACKMAN-TINSH WILD ANIMAL CIRCUS

Amusement goes will have an opportunity on Monday, May 12, of seeing the newest style of tented exhibition when the Backman-Tinsh Wild Animal Circus comes to Lubbock May 12th.

The startling program offered by this organization has been received in all the larger cities with the highest praise and the greatest commendation.

For highly skilled men and women trainers to give a long praiseworthy program in the two regulation circus rings, using forty-foot steel cages as a protective measure, principally to insure safety to the timid observers; offering and producing all the wild animal acts in the most dangerous and thrilling acts, is such an extreme novelty, that no one should miss this opportunity of attending. This exhibition particularly interests and pleases the ladies and children, and for whose care and attention the management is particularly noted.

No exhibition of a like nature or style has ever been seen in this vicinity for the reason the late world war entirely excluded the importation of wild animals, and this enterprise has always had a large supply on hand, there was no uneasiness on the part of Backman-Tinsh in not being able to give their full and complete entertainment.

A special pleasing feature will be the daily rides on the ponies and

little horses given to all the children attending this well conducted enterprise. 451p

SOME LOCAL SQUIBS FROM THE SLATONITE

Rev. G. H. McCauley of Munday, Knox County, has accepted a call to the pastorate of the Baptist church here, and will begin his work Sunday, May 4. His family will move to Slaton as soon as school closes at Munday, which will be about two weeks. The citizenship of this city will welcome this excellent family as residents.

Mr. and Mrs. A. J. Payne received a radiogram from their son, Forrest Payne, stating that he was aboard a transport bound for the United States from France. Monday they received a telegram stating that he had arrived at New York and would be located at Camp Mills for the present.

W. T. Knight purchased the handsome residence of H. T. McGee in this city last week. This is one of the nicest houses that has been built in this city and Mr. Knight is indeed fortunate in securing it. Mr. McGee will make his home at Tucumcari, N. M., where he is located and developing extensive oil lease holdings for himself and associates.

NOTICE
Improved Tomato plants for sale. A great drought resister. I made \$620 on 2-3 of an acre here without irrigation. Price 35 cents per 100 or \$3.00 per 1,000 delivered. W. L. Pattillo, Lorenzo, Tex. 434

F. L. Boyd, of Plains, was over last Saturday attending to business matters.

SHERIFF'S NOTICE OF ELECTION

The State of Texas, County of Lubbock:

Notice is hereby given that an election will be held on the 23rd day of May, 1919, at the residence of J. W. Moore, in Common School District No. 25, of this county, as established by order of the County Board of Trustees, of this county, of date the 8th day of February, 1915, which is recorded in Book 1 page 22, of the Record of School Districts, in the office of the county clerk of this county, to determine whether a majority of the legally qualified property tax paying voters of that district desire to tax themselves of and at the rate of not exceeding fifty cents on the \$100 valuation of taxable property in said district for said purpose.

All persons who are legally qualified voters of this State and of this county, who are resident property taxpayers in said district shall be en-

tioners court of this county, shall be authorized levy, assess and collect annually a tax of and at the rate of not exceeding fifty cents on the \$100 valuation of taxable property in said district for said purpose.

Said election was ordered by the county judge of this county by order made on the 30th day of April, 1919, and this notice is given in pursuance of said order.

Dated 30th day of April, 1919.
C. A. HOLCOMB
Sheriff, Lubbock County, Texas.

What if You Can't Get a New Car in 1919?

87,000 cars were "scrapped" in 1917

"Mother, the old car certainly deserves the best we can do for it!"

"Surely our old friend Car ought to have a new Eveready battery to carry it through the long year ahead. It will be little enough for all he has done for us."

"We can't any of us afford to gamble on whether the car will stand up to the work in 1919, and its got to. So I move, Mother, that we get an Eveready right now—it's guaranteed for a year and a half—and I'll bet the whole family will second the motion. The Eveready Service Station has just the size we need for the car, and they're mighty decent people at testing the battery and keeping it up to the mark."

"Make it unanimous—don't let the old car think we are pikers."

INTERESTING BATCH OF MONROE LOCAL ITEMS

Since the rainy spell the farmers cannot get enough planters started. Miss Irma Hardy of Fannin county, was a visitor in the Cox home Sunday. The J. D. Warren family were in Lubbock Saturday. Quite a number of young folks attended the show in Lubbock Saturday night. Jordan and Lewis Redmond were in town Saturday. Joe Schuler made a trip to Abbeville Saturday after fencing material. Mr. Dowling Cox and two sisters, Misses Leola and Irene were in town Saturday. Mr. Leslie Brazeale was seen in Lubbock Saturday. Mr. and Mrs. J. A. Long were shopping in town Saturday. Ward Crim and family were visi-

tors in Lubbock Thursday. W. B. Ray was in town Thursday. Finis Vaughn, Fred and Jim Worsham and Guy Johnson were in town Thursday. A good crowd attended the Sunday School and singing Sunday. Last Friday evening quite an interesting program was rendered at our school. It being the closing of a very successful term of school, taught by Mr. Dowling Cox and Miss Bernardine Greenhill. We are very sorry to say that Mr. Dowling Cox will not be with us next term. But are glad to have Miss Bernardine with us another term. Mr. Dowling Cox and sister, Leola were in town Sunday. Who is invited? Every married lady of the Lubbock Methodist church who will bring a box of lunch, and a man, and the man must have at least 30 cents in his jeans, with which said money he is willing to part, for the auctioneer will surely get it. 451

SENIOR CLASS HAS A DELIGHTFUL PICNIC

Last Thursday morning the Senior class was surprised and delighted by four of our classmates, namely, Olive Michael, Leona Burns, Selwyn Burford, and John Simpson, who announced to us that we were to be back at the school building that afternoon at the regular time, in readiness to go on a picnic. We were overwhelmed with joy, and at the appointed time, all were ready and Johnnie on the spot. They to, and behold, what did we see approaching, but a big float drawn by four big horses. And on that float was placed car cushions along the sides and down the middle was an enormous amount of shucks, covered with a wagon sheet. Now, what better would a picnicer want? At the head of the wagon was a high box-like affair, which at one glance, one knew it to be the driver's seat. But it had an attraction which called for a second look—then—yes, there was something mysterious about it. Why was the driver's seat so wide? and why so high? and what could be under it? But, in order to save our reputation as lady-like, and gentlemanly seniors, we had to quell our "cat-killing" curiosity and bide our time. We mounted the float and were off to the picnic ground in high spirits. But where were we going?—was the question that went round. However, our curiosity presently ceased, upon arriving at the suburbs of the city. So we were happy on our way to "Cotton Wood". Thus, was the beginning of a great event in the history of the senior class of 1919. The evening was the most pleasant of evenings, not a cloud was in sight, and the wind blew just enough to make it

pleasant. The trip down was spent in joking, and general conversation and merriment. Upon our arrival at the place of our destination, we alighted, and a merry time was at hand. Suddenly, upon glancing around, we girls saw a sight which amused us very much—and guess what it was! The boys were going for a drive down the canyon at full speed. They soon returned, and the countenances of the senior class were imprinted upon roll after roll of films. And as to the action indicated, the trees, as well as the films shall bear for a long time yet, something which has somewhat the same significance—and as to that, you may easily guess. Next, came the time of great rejoicing, for what is a greater pleasure than eating and this class has a "rep" for that, especially when one is hungry and on an outing. And now, the mystery under the driver's seat was revealed. There was never a more happy bunch than this one was when the monstrous can of sandwiches was brought time that the boys returning were Leona, Selwyn and John was tasted. And furthermore, from under that oblong box like affair, upon which the driver sat, came an ample supply of ice cream and cones. Then, after this most refreshing repast, we soon began the preparations for our return home. And we left the canyon with our shouts of merriment resounding about the rocks and trees. The cool of the evening was no time for this jolly crowd to sit still on a wagon, thus, the boys especially, kept up a regular contest over which could stay on the wagon longest without being put off, and there was never such sidesplitting sights! This was kept up until one of the boys got hurt. Then they calmed themselves a fraction of a degree, and mounted the wagon, where we then elected the May queen, and all her associates, crowning the queen with blue bells, for you may know, it was May Day. As dusk came on, there was a desire to sing, so the songs rang out upon the fresh night air, until we reached the square. Then we were hied away to Olive's house, where the remainder of the evening was spent, and where music and other amusements were enjoyed to the fullest extent until late that night, and what do you think happened again? Well, the hostesses were seen entering the rooms with the most delicious pie we ever tasted. And we all ate as if we had not had any of that wonderful supper on the canyon. And oh! how good it all was! It was a day never to be forgotten by the entire party. It was then nearing the time for the cocks to crow. Thus, after expressing our appreciation and joy of the evening, as best we could, we set out for home, in order to indulge our

"The Spice of Life"

NO ONE can live out a well rounded, healthful, normal life without variety. "The spice of life" is necessary, for without it existence is flat, stale and profitless indeed. Music possesses infinite variety. It plays upon the emotions; it changes, with the quickness of thought itself, sorrow to joy, tears to laughter; it fans into flame in an instant the fires of patriotism; it brings the solace of religion, the exaltation of Divine Communion. And so music, and music alone, may truly be said to be "the spice of life." When you have in your home

The NEW EDISON

"The Phonograph with a Soul"

your life will be seasoned with all the variety the great realm of music has to offer.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scrappy hair is most evidence of a neglected scalp, of dandruff—that awful hair.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength, and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink loose and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knoviton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

C. W. Jones left Tuesday morning for Eastland for a few days business visit.

The scene is set; the date is fixed; the program is ready, and the actors are only waiting to meet you at the Big Box Supper, Monday night, May 12th, at Sam's and Mollie's house. COME. 451

MAKES BIG DRIVE IN FRANCE GAINS SMALL OBJECTIVE?

Russell B. Jones arrived home the first of the week from Camp Bowie, having received an honorable discharge from the army there recently.

Russell enlisted early last year and was in training at Camp Beauregard, La., only a short time until sent overseas. He received extensive training in France in the same camp where the 38th Division trained, but on account of the armistice he didn't get to go to the front, though he fought just the same, most all the time spent in France, on the defensive most of the time, every now and then he would make a drive, only to gain a point of small objective—they were not the huns "huns" either, they were one of the most annoying enemies the boys had to contend with—without officers. They were the best trained, each being a general—and is better known to the dough-boys as "cooties".

Russell is glad to get back home again and will probably go out on their ranch for the summer.

RAGS WANTED

We will pay the highest market price for good, clean cotton rags delivered to our press room.

LOCAL NEWS FROM THE RALLS BANNER

The Ralls High School will close May 23d after one of the most successful terms in its history. The school, for the past two years, has been under the guidance of Prof. Wester, one of the most able men to be found in this part of the state, and that he has come up to every requirement of our people is proven by the fact that he has been chosen to pilot the school through another year. Prof. Wester tells us that he is of the opinion that the present building will be entirely inadequate to handle the pupils that will attend the school during the next session, and that the trustees are making arrangements to erect a new building for the primary department.

Sol Jackson was over from Crosbyton Monday looking after business affairs. Mr. Jackson is working something over 1180 acres of land, and has in something over 200 acres of wheat which he says is looking fine.

Just as we go to press we learn that a severe hail storm, on the East plains, Thursday night, literally beat the wheat, oats and gardens into the ground.

During the past few months more than 10,000 acres of new land have been put into cultivation in the Ralls territory, and it is probable that more than 5,000 acres more will be made ready for the new crop.

Now, as never before, the Ralls country is coming to the front, and the development promises, from this time on, to continue by leaps and bounds. This means that the volume of trade coming to Ralls will be almost doubled in the next few months and business of all kinds will be given an impetus which will place our town among the leading commercial centers of West Texas.

ADLER-I-KA AGAIN!

"Adler-i-ka is the only medicine for gas on the stomach. I never had so much relief with any medicine. I would not take \$25.00 for the relief one bottle of Adler-i-ka gave me. I cannot get done recommending it." (Signed) H. L. Hicks, Ashby, Ill. Adler-i-ka expels ALL gas and sourness. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka many years. It is a mixture of buckthorn, cascara, glycerine and nine other simple drugs. City Drug Store.

B. O. McWhorter left Monday morning for Seagraves where he goes to attend to cattle interests.

H. L. Smith of Littlefield was in town last Friday attending to business matters.

LOCAL PEOPLE GET AIR-PLANE VIEW OF CITY

The airplanes which were to have been here on May 1st, on account of the weather conditions, did not arrive until Friday afternoon about one o'clock. Many people came to town from the neighboring cities, from the ranches and farms for the sight Thursday, but were disappointed. A message was received here by County Chairman saying that the planes were delayed two days. So Friday afternoon when the planes arrived, many were surprised. But on account of some mix up in orders between the pilots of the machines and the publicity department at Dallas which were handling this matter, was the reason of the surprise.

As was stated before the parties selling the most bonds and buying the most, would receive a ride in the planes. Four o'clock Friday afternoon, despite the short notice of the exhibition, there was a big crowd gathered in the landing field south of town to watch the flights. Two machines with one man in each, made the first flight, they were up several minutes and sailing high. Several nose dives were made before coming back down.

Mrs. Buster Fluke and Miss Mary Dickinson, entitled for rides for selling bonds, made the flight, which lasted only a few minutes, but gave them a good view of the city. Mr. L. T. Martin of the Farmers National Bank was also a companion of one of the aviators in a flight over the city. Mr. Martin dropping literature pertaining to the bond issue, over the city. Complimentary rides were given to Miss Ruth and Miss Gladys Mann, Mayor C. E. Parks, and Marshall Mitchell, C. L. Griffin of the Buick Garage, John Hobson, boy-scout master and one of the boy scouts, Clarice Phillips and Miss Adaline Bellah.

Later in the afternoon another machine arrived from the Southeast. All machines remained over here until Saturday morning, when they left for Snyder for an exhibition.

Come to Lubbock.

WANTED

A few local representatives to help us complete our membership in the LUBBOCK MUTUAL AID ASSOCIATION. We now have near 700 members, and have on now a special rate of only \$3.00 membership fee. The average cost to carry this \$1000.00 insurance will not likely exceed \$3 or \$4 per year. New members are now coming in fast, and I will pay you well for your time in this work.

PRINCE ALBERT

the national joy smoke

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

Copyright 1933 by R. J. Reynolds Tobacco Co.

You buy Prince Albert everywhere tobacco is sold. Tossy red bags, tidy red tins, handsome round and half round tin humidors—and that classy, practical round crystal glass humidior with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

RAINFALL FOR MONTH OF APRIL 5.41 IN. RECORDS SHOW

Rainfall for the month of April was 5.41 inches, records kept by the Government weather station here show. This amount fell in nine days of rainfall, bringing the total moisture for the year thus far up to 10.21 inches. This breaks all records for the same period of the past four years, as 1918 had rainfall amounting to 2.30 in. to the end of April; 1917 had 1.07 in. in the same period; 1916 had 3.57 in., and 1915 had 8.67 inches.

May, too, with only two days gone, has had rain amounting to 1.73 inch. as a heavy rain fell over the county last night. Some hail accompanied the downpour. A rather heavy hail is reported to have fallen near half-way. Other points too, report hail.

The maximum temperature for April was 70.5 degrees; the minimum 44 degrees, and the average for the month, 57.2 degrees. The warmest day of the month was April 19, when the thermometer registered 90; the lowest registration for the month was on April 9, 27 degrees. There were nineteen clear days, six partly cloudy, and five cloudy.—Plainview Herald.

PROHIBITION LECTURE AT THE METHODIST CHURCH

Rev. Aticus Webb, of Dallas, will deliver a prohibition lecture at the Methodist church next Saturday night at eight o'clock. He will speak in the interest of the proposed amendment to the state constitution, which is to be voted on this month.

The people of Slaton seem to be getting school affairs in a slight tangle. There seems to be an open and above board fight over the superintendency of the school, which is a

very regrettable affair. A community divided against itself in school matters cannot do the good work along educational lines that it could otherwise. We know nothing of the merits or demerits in the mess, but regret that such is found in Lubbock county.

M. D. Newton was in town last Friday from his ranch attending to business matters.

Come to Lubbock.

ABOUT GAMBLING

One mother in Lubbock asked us a few days ago why the officers in Lubbock did not break up the wholesale gambling among the boys. Well, we do not know, but possibly it is because they are a little timid about starting a crusade against gambling for fear that it might wind up with the arrest and conviction of a number of the society women playing cards and winning the "pot" in the game.—Lubbock Avalanche.

This is indeed a serious question, and one difficult of solution. No evil can be corrected or infractions of law be checked unless there is a healthful public sentiment behind the officers. Grand juries occasionally check gambling by wholesale indictments. Recently in Floyd county more than two hundred bills were returned for gambling. But the main issue is, "What causes people to gamble?" The answer is the sporting inclinations of the American people, which if not controlled leads to excesses. It is not surprising to this writer that there is so much gambling with cards and dice among the younger set when older ones set the example. Look back for the past twelve months and contemplate the amount of gambling that has been going on in this country in oil stocks and schemes, and in fact, every get-rich-quick scheme that the grafter can introduce. All classes have gone into this speculation. Preachers have left their pulpits and gone to speculating in oil stocks. Is there any wonder that the young men of this country are being raised up to gamble and speculate? As for the female portion of our gamblers, it is no more wrong for them to gamble than of other indulgences allowed by their parents. While it is evil and hurtful for women to become gamblers, yet it is no more so than the way some parents turn their girls loose to roam the streets at night, and joy ride in automobiles till the wee hours of morn. To our minds this is the greatest evil society is facing today, the lack of parental restraint of their girls. You will find these swift girls in every town in Texas, daughters of good parentage, who are allowed to run wild, and engage in all kinds of unquestionable conduct. Checking of gambling is no more important for the morals of the community than to check the girls from joy rides. Parents should make an investigation of the conduct of their girls and receive first-hand information as to their whereabouts at night and the evil excesses they engage in.—Lockney Beacon.

Commenting on the above article the Ralls Banner says: "Surely not. If the women, who are the great bulwark of the Christian religion and uncompromising advocates of moral reforms, are so far forgetting themselves as to engage in gambling the world is, indeed, drifting toward dangerous rocks." Well, they do not call it gambling. They call it society. Playing for high score, and we have heard of them playing for a hand painted bowl cut glass, linen table clothes, etc., and for the life of us we cannot distinguish the difference, and the mother that punishes her son for playing keeps, matching nickles, or throwing dice, is punishing him for something not one bit worse than she is doing and therefore is doing

wrong. Women cannot stand four square against the evils that confront her son when she is indulging in things equally as bad, and the sooner they realize it the sooner will gambling, and kindred evils be banished from the land.

IT'S TIME TO CLEAN UP.

Warm weather is now rapidly approaching, and this fact reminds us that if our people are to enjoy good health during the heated term, it is absolutely necessary that our town be put in a good sanitary condition as early as possible.—Ralls Banner.

The importance of a clean town cannot be too forcibly impressed upon people. It is very important from the standpoint of health that every particle of rubbish and decayed matter be removed and the streets and alleys kept clean. The season of the year is at hand that typhoid fever with its deathly characteristics may fasten itself upon the people. Maybe in your family, maybe in our neighbor's family. Possibly not on account of the uncleanness of our premises or that of our neighbor, but possibly on account of a stagnant mud hole in the alley, or the bad, unsanitary condition of the streets. We favor a wholesale clean-up campaign, and we believe that compulsory laws should be made that will bring about more sanitary conditions.

There is much being said and written regarding the finding of employment for the soldiers and sailors who are returning in large numbers from the training camps, and from the foreign fields. There is much ado about finding employment for these men, and we thought for a long time that the boys returning were having an awful hard time getting jobs, but to our surprise, we learn that many of them will not take a job when offered to them, and that there is a strong demand for farm laborers even now, and help is scarcely obtainable under any circumstances.—At the present rate, there will be a serious shortage of help on the farms in this country.

Remember that next Sunday is designated as Mothers Day and people all over the country will observe the day in memory of mother, whether dead or alive. The carnation is the flower of the occasion, but if that is not obtainable any other will answer the purpose. If mother is living wear a bright colored red or pink, but if dead, a white flower is appropriate.

It is probable that an extra session of congress will be called by the first of June. It is confidentially expected that the President will return home within the month of May.

Secretary Daniels is in favor of destroying the entire German fleet of warships.

SO-CALLED LUXURY TAXES BEGIN MAY 1

Warnings by Internal Revenue Commissioner Roper to the effect that manufacturers and dealers will not be permitted to advance prices in an amount greater than the war revenue tax, under misrepresentation, evidently have put many persons upon guard.

A few days ago a woman complained that a dealer had unlawfully collected a tax of 13c on a fan priced at \$2.50. Her complaint was based upon the reading of a newspaper article saying that the "luxury" tax section would become effective May 1, and that under it the price of a fan in excess of \$1 would be taxed 10 per cent. She figured that she would be due to pay a tax of 15c on a \$2.50 fan purchased after April 30, but was due to pay no tax whatsoever upon such a purchase in April.

She was wrong. The ribs of the fan in question were of ivory, and the fan, therefore, was subject to pay a tax of 5 per cent of the entire purchase price, being classified as "jewelry." The jewelry section became effective April 1.

But, especially because of the warnings by Commissioner Roper, many persons manifest a desire to be apprised of the advances in the war taxes. Many of the published statements simply give the new rates and do not furnish data upon which to compute advances. An effort will be made here to show in brief form the rates of all of the excise taxes and the increases in same.

In considering these increases in excise taxes it needs to be borne in mind that manufacturers and dealers as other citizens, pay increased income taxes, and if incorporated they pay increased capital stock taxes and excess profit taxes; and also that certain lines of business pay an occupation tax or license tax, termed "special tax."

All of the taxes herein mentioned except as is otherwise specifically shown, became effective on Feb. 25, the day after the war revenue act was approved by the President.

The Luxury Taxes.
The luxury taxes, effective May 1, are entirely new. In the list which follows is indicated the amount of a purchase which is free from the tax. Upon any price in excess thereof, the purchaser must pay a tax of 10 per cent, in addition to the price of the article.

Carpets and rugs \$5 a square yard. Picture frames \$10 each. Trunks \$50 each. Valises, traveling bags, \$25 each. Purses, pocketbooks and shopping bags, \$7.50 each.

"Complete Insurance Service"
New Fax and Corona Typewriters. Ribbons Too.
Will E. Balley
Phone 10.

Portable lighting fixtures, lamps, etc., \$4 each.
Fans \$1 each.
House or smoking jackets, bath and lounging robes, \$7.50 each.
Men's waistcoats, sold separately, \$5 each.
Misses' and women's hats, bonnets and hoods, \$15 each.
Men's and boys' hats \$5 each.
Men's, women's, misses' and boys' shoes, \$10 a pair.
Men's and boys' neckties and neckwear \$2 each.
Men's and boys' silk stockings or hose, \$1 a pair.
Women's and misses' silk stockings or hose \$2 a pair.
Men's shirts \$3 each.
Pajamas, nightgowns and underwear, \$6 each.
Kimonas, petticoats and waists, \$15 each.

Any of the articles named in the foregoing which is so ornamented as to be classed as jewelry is not taxed under the foregoing schedule, but is taxed at 5 per cent of the full sale price as "jewelry", under another schedule. Any article of which the chief component part is fur is not taxed under the foregoing schedule, but instead, is taxed under another schedule as fur, the rate being 10 per cent of the full price.

Tax on Excess of Luxuries Only.
The luxury taxes, given in the foregoing schedule, are not included in the price of the article, but must be paid separately; that is, the sales ticket will show the price of the article and then the amount of the tax separately.

Many inquiries indicate a rather widespread belief that the luxury taxes apply to the entire price of the articles named in the schedule; that for instance, the tax upon a pair of shoes costing \$10 will be \$1, and that upon a woman's hat costing \$25 the tax will be \$2.50. Such is not the case. No tax whatsoever will be collected upon a \$10 pair of shoes; the tax upon a \$15 pair of shoes will be 10 per cent of so much of the price as is in excess of the exemption of \$10—that is to say, 10 per cent of \$5, or 50c. The tax upon a woman's hat costing \$25 will be \$1, that is to say, 10 per cent of \$10, as \$15 of the price is exempt.

Many inquiries also indicate a widespread belief that suits of clothing, dresses, etc., are subject to this luxury tax. This is not true. Certain garment taxes proposed in the bill were not adopted by Congress. The only articles of clothing to which the luxury tax applies are named in the foregoing list. There are certain other articles of clothing taxable under other schedules. As has been indicated in the foregoing furs and garments composed in chief of fur, are taxable as "furs" at the rate of 10 per cent of the entire price. Liveries, livery boots and hats, hunting and shooting garments and riding habits and apparel for sports, such as baseball and basket ball uniforms, are taxed at 10 per cent of the entire price.

Paints, Powders and Pills.
The tax on toilet articles, effective May 1, will be 1c on each 25c or fraction thereof of the selling price, this taking the place of the tax of 2 per cent of such price under the first war revenue act. The next tax is

double or more than double the old tax. However, toilet soaps and powders are taken out of the "toilet articles" schedule and are taxed under another schedule at 3 per cent of the sale price, which is 50 per cent more than the old tax.

The tax on pills, tablets, powders and other proprietary medicines, effective May 1, will be 1c on each 25c or fraction thereof of the price paid, taking the place of 2 per centum under the first war revenue act. The increase is 100 per centum or more. Vaccine and bacterines, not advertised to the general public, and medicines sold by a physician in attendance upon a patient, are not taxed.

Soft Drinks, Etc.
The "soft drinks" tax, effective May 1, is wholly new. It is 1c for each 10c or fraction thereof of the amount paid for soft drinks compounded or mixed at a soda fountain, ice cream parlor or other similar place of business, or for ice cream, ice cream sodas, sundaes, or other similar articles of food or drink when sold for consumption in or in proximity to such place of business.

Other new taxes on beverages and articles used in manufacturing the same became effective Feb. 25. On alcoholic beverages the taxes were doubled. On unfermented grape juice, soft drinks or artificial mineral waters (uncarbonated) in bottles or containers the new tax is 10 per cent of the price; old tax 1c a gallon.

On cereal beverages containing less than 1-2 per centum of alcohol the new tax is 15 per centum of price; old tax 1c a gallon. On ginger ale, root beer, sarsaparilla, pop and other carbonated waters and beverages, new tax 10 per centum of price; old tax 1c a gallon. On natural mineral waters and table waters, in bottles or containers, new tax 2c a gallon; old tax 1c a gallon. The old tax of 5c to 20c a gallon on sirups and extracts used in manufacturing drinks and the old tax of 5c a gallon on carbonic acid gas used in making drinks have been repealed.

Taxes On Amusements.
The tax on motion picture films, effective May 1, is 5 per cent of the total rental earned during the preceding month, or of the fair rental value, if exhibited by the owner. Under the first war revenue act the tax was 1-4c per linear foot when the film was sold, or 1-4c per linear foot when leased.

Effective Jan. 1, 1919, the special or occupation taxes upon theaters and other places of amusement, were doubled. These places in cities of over 5,000 pay the annual taxes here indicated in the open, the old taxes being shown in parentheses: Theaters etc., seating not more than 250, \$50 (\$25); seating 250 to 500, \$100 (\$50); seating 500 to 800, \$150 (\$75); seating over 800, \$200 (\$100). In cities or towns of 5,000 or less, half of the sums above stated.

The new law relating to admissions to theatres and other places, effective April 1, makes little change in the regular tax. This remains at 1c for each 10c or fraction thereof of the regular admission price, and is to be collected even in case of free admissions, except that no tax will be collected in those cases where bona fide employees, municipal officers on official business, persons in the military or naval forces of the United States, in uniform, and children under 12 are admitted free. The new law applies the same rate of tax to the admission of children for whom a charge is made as it does to adults, whereas the old law provided that the tax on child-admissions should be 1c in each case.

The tax as to admissions to cabarets, etc., is 1-1-2c for each 10c or fraction thereof of the admission price, which price is held to be 20 per cent of the sum paid for meals, refreshments, etc.; the old tax was 1c on each 10c of such admission. The principal change in the law in respect to admissions is the introduction of new provisions which impose a punitive tax upon tickets sold in excess of the regular price. When such tickets are sold at news stands, hotels, etc., the extra tax is 5 per cent of the price of the ticket in excess of the box office price if such excess is not more than 50c, and 50 per cent if the excess is greater than 50c. If the proprietor of a theatre or other place of amusement sells tickets in excess of regular established rates, all of such excess will be taxed 50 per cent. The law requires that the price of every ticket, exclusive of the tax thereon, must be

stamped, printed or written on the ticket.

Jewelry and Chewing Gum.
The taxes on jewelry, real or imitation, were effective April 1 and are on the price for which sold. The rate is 5 per cent of such price, the rate under the old law having been 3 per cent. The taxes on the following named articles, effective Feb. 25, are upon the price for which sold, the new rate being shown in the open and the old rate in parentheses:

Automobile trucks, automobiles, wagons, 3 per cent (unchanged.)
Automobiles or motorcycles, 5 per cent (3 per cent).
Piano players, graphophones, phonographs, talking machines, records, etc., 5 per cent (3 per cent).
Sporting goods, 10 per cent (3 per cent).

Chewing gum and substitutes, 3 per cent (2 per cent).
Cameras weighing not more than 100 pounds, 10 per cent (3 per cent).
The following named taxes, effective Feb. 25, are entirely new. The rates given are the percentages of the price when sold or leased:

Automobile trailers or tractors, 5 per cent.
Tires, tubes, parts or accessories, sold to any person other than a manufacturer or producer of automobiles etc., 5 per cent.
Planes and organs other than pipe organs, 5 per cent.
Clocks, opera glasses, lorgnettes, marine glasses and binoculars, 5 per cent.
Photographic films and plates, other than moving picture films, 5 per cent.
Candy, five per cent.

Firearms, shells and cartridges—pistols and revolvers 10 per cent.
All other firearms and shells and cartridges 10 per cent.
Hunting and bowie knives 10 per cent.
Dirk knives, daggers, sword canes, stiletos and brass or metallic knuckles, 100 per cent.

Portable electric fans 5 per cent.
Thermos and thermostatic bottles, etc., 5 per cent.
Cigar or cigarette holders and pipes, meerschaum or amber, humidors and smoking stands 10 per cent.
Automatic slot-device vending machines 5 per cent.
Automatic slot device weighing machines 10 per cent.
Liveries and livery boots and hats 10 per cent.
Hunting garments and riding habits 10 per cent.

Articles made from fur 10 per cent.
Yachts and motorboats and pleasure boats and canoes if sold for more than \$15 each 10 per cent.
Sculpture, paintings and statuary, sold by other than the artist, upon the purchaser for consumption, 10 per cent.
Platinum jewelry, on amount by consumer, an additional 10 per cent.

Tobacco, Cigars, etc.
Taxes on tobacco and tobacco products became effective Feb. 25 and are as follows, the new rates being given in the open and the old rates in parentheses:
Cigars, weighing not more than three pounds a thousand, tax per 1,000 \$1.50. (\$1)
On heavier cigars the tax per 1,000 is as follows:
If to retail at less than 5c \$4 (\$3).
If at 4c to 5c, \$4 (unchanged).
If at more than 5c, and not more than 7c, \$6 (\$4).
If more than 7c and not more than 8c \$6 (unchanged).
If more than 8c and not more than 15c \$9 (\$6).
If more than 15c and not more than 20c \$12 (\$8).
If to sell at more than 20c each \$15 (\$10).

It will be observed that the tax upon certain cheap and medium priced cigars has not been increased and that the increase of tax on other cigars ranges from one-tenth of a cent to one-half of a cent each.

On cigarettes weighing not more than three pounds per 1,000, the tax has been raised from \$2.05 per 1,000 to \$3, and on heavier cigarettes it has been raised from \$4.80 to \$7.20.

The tax on manufactured tobacco of all kinds has been raised from 15c a pound to 18c and a similar advance has been made on snuff.

The tax on cigarette papers remains unchanged, except that where-the maximum tax on any package book or set of such papers was 1c under the old law, an additional tax of 1-2c for each fifty papers above 100 is imposed under the new law. A new

Nature's Remedy
Better Than Pills For Liver Ills. Get a 25c Box
FLOYD BEALL, DRUGS, LUBBOCK, TEXAS.

tax is that upon cigarette tubes. The rate is 1c for each fifty or fraction thereof.

In this connection it should be observed that manufacturers of tobacco, etc., pay special taxes annually which taxes have been doubled. The manufacturer with annual sales tobacco not over 50,000 pounds now pays \$6 a year; one whose sales run between 100,000 and 200,000 pays \$24, and one whose sales exceed 200,000 pounds pays an additional tax of 16c on each 1,000 pounds in excess of 200,000. (The old additional tax was 5c.) Similarly, cigar manufacturers pay an annual tax of \$4 to \$24 with 10c per 1,000 for any excess over 4,000 cigars produced. Cigarette manufacturers pay 6c per 10,000 cigarettes.

The tax on playing cards is increased from 7c to 8c a pack.

The new taxes on transportation and other facilities, including insurance, were effective April 1, 1919. Few changes were made. The tax on sleeping car accommodations was reduced from 10 per cent to 8c, and the minimum taxable transportation fare was raised from 35c to 42c. The tax on transportation of oil by pipeline was raised from 5 per cent to 8 per cent of the transportation charge. The tax on telephone, telegraph and radio messages was changed from 5c for each message costing 15c or more to 5c for messages costing over 14c and not over 50c, and 10c for messages costing over 50c. The new revenue law repeals the section of the first revenue act increasing postal rates on mail matter of the first class and provides that, effective July 1, 1919, the rate of postage on first class mail matter shall be the same as that in force Oct. 2, 1917. Thus, letters on which the postage is now 3c per ounce or fraction thereof, after July 1 will be 2c per ounce or fraction thereof; postal cards and drop letters will again be 1c, instead of 2c.

RESOLUTION OF RESPECT
Since it has pleased the Great Architect of the Universe to remove from our midst, three of our most faithful members, Sister Sallie Richmond, Sister Mary Edsall and Bro. B. P. Hopkins.

Be it resolved that the Order of the Eastern Star, has lost some of its most ardent workers, and their vacant chairs have cast a gloom over our chapter, and the community in general.

And since their faces are no longer seen among us, may we ever remember that we too are only pilgrims on the stream of time, and ere long may be laid within the limits of the narrow tomb.

Resolves that the proper emblems in the Eastern Star Chapter, be draped in mourning. That a copy of these resolutions be spread on the minutes, and be published in the Avalanche, and that each of the families be furnished a copy.

Moore Brothers want your second hand furniture 451

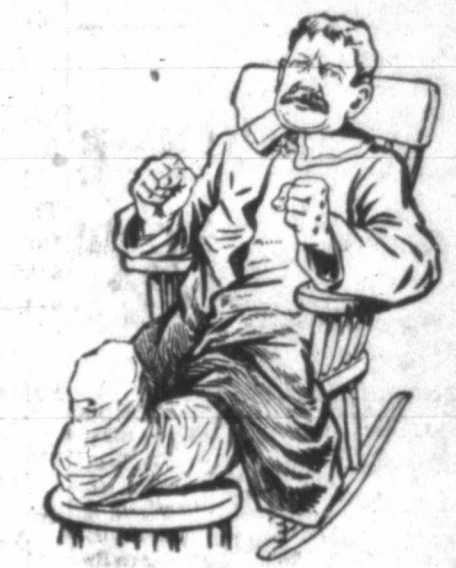

LIVE WITHIN YOUR MEANS

Any man who has gotten ahead in the world will tell you he owes his success to his ability to live within his income, and that his ability to save has been in no manner governed by the amount of his earnings. He has saved as easily on \$1,000 as on \$10,000 a year. It's merely a matter of taking care of the pennies, and it follows that the dollars will take care of themselves. Think of how much you can invest right now in Government Securities, then double the amount, and go and buy them.

For Hemstitching and piecing see Mrs. McElroy Barrier Bros. 454

J. A. Rix left Wednesday afternoon for Brownfield where he goes to attend to his recently purchased stock of furniture.

Come to Lubbock.

In 1848 Sir Arthur Garrod proved that in gout (also true in rheumatism) there is deficient elimination on the part of the kidneys and the poisons within are not thrown off.

Prof. H. Straus attributes a gouty attack to the heaping up of poisons where there is an abundance of uric acid which is precipitated in the joints and sheath, setting up inflammation. Before the attack of gout or rheumatism there is sometimes headache, or what is thought to be neuralgia, or rheumatic conditions, such as lumbago, pain in the back of the neck, or sciatica. As Prof. Straus says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of water, six or eight glasses per day, hot water before meals, and obtain Anuric tablets, double strength, for 60 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric) is a recent discovery of Dr. Pierce and much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the congealed waste matter and poison from the intestines and bowels. A 10-cent box from your drug store will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

GALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Galomel salivates! It's mercury. Galomel acts like dynamite on a sluggish liver. When galomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

H. C. Glenn, president of the Temple Trust Company of Temple, Texas, was here this week looking after his extensive interests.

Moore Brothers want your second hand furniture 451

Prof. H. P. Webb was here Sunday visiting with his parents, Mr. and Mrs. Webb, near Canyon.

Mrs. Kirby Scudder and baby visited relatives here this week, from Plainview, Texas.

NEWS ITEMS FROM THE UNION COMMUNITY

How it rains! But let it rain! That is what we have been wanting to see for the last two years. Some of the farmers are having to plant their cotton and feed over on account of the hard rain we had last week, but it is better to have to plant over on account of rain than the drouth. While some are having to plant over others have a good stand of cotton up.

There was quite a few went to Lubbock Thursday to see the airplanes pass through, but were disappointed, as they did not reach Lubbock until Friday morning.

Miss Ola Teal of Idalou, has been visiting her uncle's family of this place. Ed and Gertelene Teal took her home Monday and visited at Idalou until Wednesday.

The women of this community gave Mr. Johnson a quilting last Wednesday. They each took lunch with them so as not to be bothered about cooking dinner. They all report a real nice and profitable day.

Misses Goldie and Estelle Sooter and Earl Lavender went to a social entertainment in the New Hope community Tuesday night. They report a nice time.

Mr. George Pilley and wife of Wilson, visited Mrs. Pilley's sister of this place Saturday and Sunday.

Mr. Charlie Griffian and family and Mr. Bawch and family all visited at Mr. Copp's home Sunday.

Grandma Copp went to Lubbock Thursday and Saturday to have her eyes treated.

DETROIT

A few reasons why you should buy a Detroit Vapor Range or Stove.

The Detroit No. 215 and 218 are the only Oil Burning Ranges on the market. They offer the home without gas every feature of the gas stove and every convenience in baking and cooking that can be expected from a gas range.

Burns Oil, Gasoline or Distillate.

Each burner casting is of annealed grey iron, and the complete burner weighs 8 1/2 pounds. A heat ring concentrates the flame on the kettle. It will give service year after year. There is nothing to wear out or replace.

The burners save fuel. They cost less to operate than other oil burners; less than coal or wood and do not heat up your kitchen. With one gallon of fuel, a burner will give 19 hours of cooking or baking.

See us for Detroit Vapor Stoves and other good goods.

THEFTS.

Mr. Geo. King went to Lubbock Thursday for an operation on his eye.

There was a party at W. W. Cotton's Thursday night, given in honor of Harry Ray who has just returned from France.

Misses Birda and Eva Pool spent Wednesday afternoon with Mrs. Lowry and niece, Miss Nellie Lowry.

Mr. Andrew Reid visited relatives near Abernathy this week.

We are having plenty of rain to make up for the dry years.

The farmers are busy planting their crops.

Miss Attie Pool visited homefolks Saturday and Sunday.

Mrs. Jas. B. Reid and Elizabeth spent Saturday afternoon with Mrs. Geo. Whiting.

There were about sixty seven present at Sunday school Sunday afternoon. We hope to see our Sunday School continue to grow.

There was a singing at Mr. Reid's Sunday night.

CROP CONDITIONS FIRST CLASS AROUND SNYDER

Snyder, Texas, May 1.—Crop conditions were never better in West Texas at this time of year than now. Some wheat fields were seriously damaged by sandstorms during the winter and early spring, but the greater part of the acreage survived and is now doing unusually well. There will be an immense crop harvested.

R. S. Bell is in town this week from his ranch attending to business matters and visiting with acquaintances.

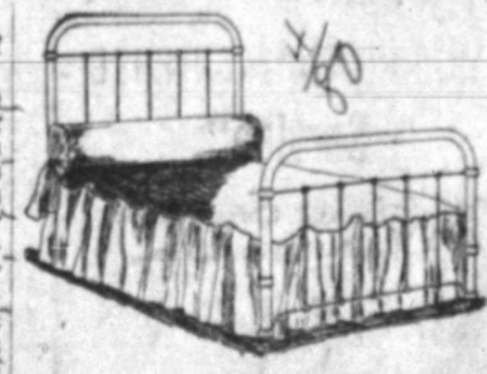

Moore Brothers want your second hand furniture. 451

CITATION BY PUBLICATION

To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon Carroll Drew by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock on the 2nd Monday in June, A. D. 1919, the same being the 9th day of June, A. D. 1919, then and there to answer a petition filed in said Court on the 7th day of February, A. D. 1919, in a suit numbered on the docket of said Court, No. 1217, wherein Adella Drew is Plaintiff and Carroll Drew is Defendant; the nature of plaintiff's demand being as follows:

Plaintiff alleges that she was married to the defendant in Lubbock county, Texas, on June 4, 1913, and that plaintiff and defendant continued to live together as husband and wife until about the month of February, 1917, since which time they have ceased living together; that shortly after said marriage defendant began a course of harsh, cruel and unkind treatment towards plaintiff and child of such a nature as to render their living together insupportable; that one child, a daughter named Nina May, now aged five years, was born unto said marriage, and that plaintiff should have the custody of said child awarded to her; that there is no community property, but that plaintiff is entitled in her own separate interest and estate to a series of six notes of \$141.65 each, executed by W. H. and J. A. Long, dated February 20, 1914, due on or before 5, 6, 7, 8, 9, 10 years after date, bearing 8 per cent annual interest, secured by a vendor's lien on the S. W. 1/4 of Section 4, Blk. D, Cert. 22, containing 160 acres of land, located in Lubbock county, Texas, as well as Note No. 2 of series executed by J. H. Brown of Hale county, Texas, for

We Handle Everything for the Home New or Second Hand Riley Duff & Co.

PHONE 284 LUBBOCK, TEXAS

the principal sum of \$800.00, secured by a vendor's lien on the S. E. 1-4 of Section 12, Blk. D-8, containing 160 acres of land, located in Hale county, Texas, said note now being the property of plaintiff by virtue of a transfer thereof from G. G. Goodman, and plaintiff prays for a decree of divorce from the bonds of matrimony; for custody of said child named, and that all title to said notes described be divested out of the defendant and vested in the plaintiff in her own separate right and estate. Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same. Witness my hand and official seal at my office in Lubbock, Texas, this 5th day of May, A. D. 1919. SAM T. DAVIS, Clerk District Court, Lubbock County, Texas. 454

...Society Notes...

Mrs. Adelaide Summers, Phone 435

In the beautiful home of Mr. and Mrs. W. B. Atkins Mrs. G. M. Cosby was assistant hostess to the old "42" Club members and their guests. There were no elaborations, save the rare odor of the wild prairie flowers which are so welcomed to our plains, all due to the refreshing rains. This very beautiful home within itself made an ideal setting for just such a crowd of the game loving members. There were a few invited guests besides the regular members—some substituting for members who were unavoidably kept away. During the afternoon sweet strains of music added to the enjoyment of all. Mrs. E. L. Robertson (a member of the household) also the little Atkins daughter "Wee Wee" favored the club with several well chosen piano selections. After several enthusiastic games another interesting feature was presented being in the form of strawberry ice cream and angel food cake. It was then Mrs. Atkins and Mrs. Cosby were told many times of the pleasure which had been theirs for the entire afternoon. With one accord from the oldest to the youngest present (the youngest being E. L. Robertson Jr. attending the first party) told of their good time and said "goodbye". The out of town guests

were Miss Beuna Sewell of Wavahachie, Mrs. T. J. White, of Coleman, Mrs. Brown of Dallas, Mrs. Peck of Concordia, Kansas, and Mrs. Jessie Miller of LaFayette, Ala.

On Sunday morning May 4th, at 10:30 o'clock a quiet wedding took place at the home of Mrs. R. A. Rankin when Mr. Leo Childs was married to Miss Deen, former popular sales lady of the City Drug Company. Rev. J. B. Cole read the service in the presence of only relatives and a few intimate friends. After the pretty ceremony a wedding dinner that was truly a veritable "marriage feast" was served and the bridal party accompanied them to the train showering them with rice, etc., the usual good wishes thrown in. Mr. Childs for the past eighteen months has been serving his country in the Navy and made several trips across on the battleship Nebraska. Mrs. Childs has made her home for the past two years with her aunt, Mrs. R. A. Rankin. She is well and favorably known in Lubbock and many friends who were not present at the wedding join the group who attended in wishing for them a happy and prosperous journey together through life. They will make their home in Gunnison, Colo. Those present

were as follows: Mr. and Mrs. A. M. Rankin and son, Mr. and Mrs. Frank Riddle and Little Miss Wee Wee Groves, Mrs. R. A. Rankin and family, Misses Nellie McCasland and Exa Aubrey. Many useful gifts were presented.

Mrs. H. E. Miller is enjoying a visit from her sister, Mrs. Kesler of Vernon, Texas, Mrs. West of Ft. Worth is guest of her sister, Mrs. Stinson, and on Wednesday, Mrs. Joe Penney entertained with bridge and "42" in honor of these ladies. The house was decorated in pink and white carnations and the color scheme was carried out in the delicious brick ice cream and angel food cake served at the close of the games. The ladies present were: Mesdames Granville Johnson, Peebler, Robbins, Rix, Stinson, Miller, West, Wheeler, Lindsay, J. S. Johnson, Dugran, Davidson, Wilson, McLarty, Benson, Kimbro, Ellis, Powell, Penney, Kesler, Misses Lee, Bates, Bellah, and Conley.

Mr. and Mrs. Bass Arnett entertained with an informal dance Saturday night at the Spade Ranch twenty-three miles west of town. The guest of honor was Miss Effie Rowe of Robert Lee, Texas. Quite a number from town attended the affair, among whom were the following: Mr. and Mrs. C. L. Griffin, Mr. and Mrs. Tom Arnett, Messrs. Sam and R. H. Arnett and their wives, Mr. and Mrs. Lee Stroud of near the Spade ranch. The following couples spent the night on the ranch: Misses Easter, Tubbs, Abney, Cumby, Bates, Arnett, Messrs. McWhorter, Harper, Pearson, Arnett, Griffith, Norris, and Clayton Carter of Crosbyton.

Little John Easter celebrated his sixth birthday on Monday by inviting a number of his friends to come play. A most pleasant afternoon was arranged by his aunts. They played "Going to Jericho" "Pinning the donkey's tail on" and each little one present made a speech. House decorations were of locust and carnations. The six candles brilliantly lighted the birthday cake which was served to the children with ice cream. The following children were present: Marion Denman, Mary Cosby, Alma DeShazo, K. Carter, W. L. Powell, I. A. and Billie Boyd, Fiser Middleton and Woodrow Carlton. John received many nice gifts and his birthday will long be remembered.

Married April 29, in Monticello, Ark. Miss Maude Moore, teacher of foreign languages in Hineman University and Mr. W. H. Finn, prominent cotton grower of Monticello, were married April 29. They arrived in Lubbock on the early train Thursday May 1st, for a short visit with Mr. T. W. Finn and Mrs. S. E. Cole, brother and sister of the groom and are enroute for California and Vancouver, B. C. to spend the summer. After the vacation they will be at home in Monticello, Ark.

Miss Osbourn came in Tuesday from Norton, Texas, for a visit with Mrs. R. I. Tubbs.

North Side Square—Phone 670

Lubbock, Texas

The B. P. O. E. Lodge of Lubbock very graciously entertained their wives and a few invited friends Friday evening, May 2. Mr. L. T. Martin presided in his usual charming manner. An excellent program of violin, piano, and vocal music was rendered with the addition of short talks and an impersonation by Mr. G. S. Watkins which was splendid. Following the program tables were arranged for "forty-two". Before good-nights were said tempting "eats" were served.

The threatening weather did not prevent several persons from attending the meeting of the Woodmen Circle at the hall Thursday night. Mrs. Myrtle Terrell was admitted as a full fledged member. Again, a welcome invitation is extended to all visiting members to meet with us at the Woodman hall on South Cedar street. Regular meetings are held every first and third Thursday nights of each month at 7 o'clock.

The Ladies of the Church of Christ had their monthly social meeting May 1, at the home of Mrs. Jim Kimball, on Willow street. At this meeting the ladies packed a box to send to the Orphans Home and gave a miscellaneous shower to one of their oldest and most faithful members, Mrs. Bracken. The flower fund was increased by \$2.70. Their next meeting will be at the home of Mrs. Allie Hunt the first Thursday in June.

Mrs. Tripplett was hostess to the Auction Bridge Club at the home of Mrs. W. A. Myrick in west Lubbock. A short business session was held at the close of the game at which time Mesdames Jno. Penney, Neil Wright, Rush, and McLarty, were given membership in the club. They meet with Mrs. W. B. Powell next week. Mrs. S. E. Cole and Mrs. T. W. Finn with their guest, Mrs. W. H. Finn of Monticello, Arkansas, were present.

The 1916 Embroidery Club was delightfully entertained by Mrs. E. B. Green and Mrs. J. H. Moore on Tuesday at the pretty home of the former. Music on the Victrola added pleasure to the afternoon. The following visitors were enjoyed by club members: Mesdames Barfield, Green and Dow. Refreshments were served at the close of the meeting.

Mrs. O. T. Easter returned home Sunday from Atoka, Okla., where she has been visiting relatives.

Mr. and Mrs. John Denman left today for Weatherford to spend a few days visiting relatives.

Mrs. Vickers returned Monday from Galveston where she has been visiting the past few weeks.

Mrs. Peck left Tuesday for Concordia, Kansas, where she will visit with her daughter a couple of weeks.

Friends of Mr. Louie Moore will be glad to learn that he is improving rapidly from his recent operation and will soon be back on his job in the County Clerk's office.

Miss Nellie McCasland has as her guest this week Miss Lucy Calvin of

COVENANT OF THE LEAGUE OF NATIONS

Paris, May 5.—The following official summary of the revised and amended covenant of the league of nations was issued Wednesday afternoon:

1. The league of nations is founded in order to promote international co-operation and to secure peace. The league will include:
 - (a) The belligerent states named in a document annexed to the covenant.
 - (b) All the neutral states so named.
 - (c) All the neutral states so named.
 - (e) In the future any self-governing country whose admission is approved by two-thirds of the states already members of the league.

A state may withdraw from the league, providing it has kept its obligation to date on giving two years' notice.
2. The league will act through an assembly comprising not more than three representatives of each of the member states; each state having only one vote, and a council comprising for the present one representative of each state of five great powers and of each of four other powers as selected from time to time by the assembly.

The number of power of each class represented on the council may be increased by the unanimous consent of the council and a majority of the assembly.

Other powers have the right to sit as members of the council during the decision of matters in which they are especially interested.

In the council, as in the assembly, each state will have only one vote.

Both these bodies are to meet at stated intervals, (the council at least once a year), and at other times if required, both can deal with any matter that is of international interest or that threatens the peace of the world; the decision of both must be unanimous, except in certain specified cases, matters of procedure for instance being decided by a majority vote.

The league will have a permanent secretariat, under a secretary general.

The secretariat and all other bodies under the league may include women equally with men.

A permanent court of international justice and various permanent commissions and bureaus are also to be established.
3. The member states agree:
 - (a) To reduce their armament plans for such reduction being sug-

gested by the council, but only adopted with the consent of the states themselves, and thereafter not to increase them without the concurrence of the council.

(b) To exchange full information of their existing armies and their naval and military programs.

(c) To respect each other's territory and personal independence and to guarantee them against foreign aggression.

(d) To submit all international disputes either to arbitration or to inquiry by the council, which latter, however, may not pronounce an opinion on any dispute whose subject matter falls solely within a state's domestic jurisdiction, in no case to go to war till three months after an award, or a unanimous recommendation has been made and even then not to go to war with a state which accepts the award or recommendation.

(e) To regard a state which has broken the covenant as having committed an act of war against the league, to break off all economic and other relations with it and to allow free passage through their territories to the troops of those states which are contributing armed force on behalf of the league.

The council is to recommend what amount of force, if any, should be supplied by the several governments concerned, but the approval of the latter is necessary.

(States not members of the league will be invited to accept the obligations of the league for the purpose of particular disputes and if they fail to comply, may be forced.)

(f) Not to consider any treaty binding till it had been communicated to the league, which will then proceed to publish it, to admit the right of the assembly to advise the reconsideration of treaties and international conditions which do not accord with present needs and to be bound by no obligations inconsistent with the covenant.

A state which breaks its agreements may be expelled from the league by the council.

4. The covenant does not affect the validity of international engagements such as treaties of arbitration or regional understandings like the Monroe doctrine, for securing the maintenance of peace.

5. The former German colonies and the territories of the Ottoman empire are to be administered in the interests of civilization by states which are willing to be mandatories of the league, which will exercise a general supervision.

6. The members states accept cer-

tain responsibilities with regard to labor conditions, the treatment of natives, the white slave traffic, the opium traffic, the arms traffic with uncivilized and semi-civilized countries; transit and trade conditions; public health and Red Cross societies.

7. The league is recognized as the central body interested in co-ordinating and assisting international activities generally.

8. Amendments to the covenant require the approval of all the states in the council and a simple majority of those in the assembly.

States which signify their dissent from amendments thus approved are not bound by them, but, in this case cease to be members of the league.

WHAT THE ROW'S ALL ABOUT TOLD SO ALL MAY KNOW

This Italian situation can be summed up pretty much as follows: You are all familiar that Italy runs down into the Mediterranean in the shape of a long boot leg.

All around the eastern coast of Italy is that great Adriatic sea.

At the head of the Adriatic sea at the top of Italy is Venice, and across the narrow part of the sea in what was Hungary, is Trieste.

The countries on the other side of the Adriatic are principally Montenegro, Herzegovina, Dalmatia, Bosnia, Coastland and a few of the smaller little sections.

At the beginning of the war the position of Italy in the war was somewhat in doubt.

England, the world's greatest promiser, was joined by France and certain inducements were held out to Italy to join the allies.

Among these inducements practically promised by England and France, were to give the other side of the Adriatic over to Italy.

The war has resulted in such a manner that England cannot make good its promise to Italy.

The whole scheme was formulated in London under what is now known and referred to in the press dispatch as the London treaty.

The principal reason why England and France cannot make their promises good is that the turn of the war developed what is now known as the Jugo Slavs.

The Jugo Slavs are really an ancient race as are the Italians and the nation born as a result of the war is called Jugo Slavia.

The prince regent of Serbia has been selected to be the ruler of Jugo Slavia and has taken the name of King Alexander.

Serbia is the principal and largest

section of the Jugo Slavia and the new nation embraces those already named, together with Istria, Croatia, Slavonia and a rich strip of territory northeast of the Danube in Hungary.

The new nation of Jugo Slavia has a population of about 14,000,000.

Of course, all these countries have an interesting history and have been batted and butted around by European politics and European wars in rather a strenuous manner.

But anyhow the recent war has developed the kingdom of Jugo Slavia.

Its coast line is the Adriatic sea and Jugo Slavia is demanding that it have full right to this coast line.

That puts the situation right like this:

England and France under the London treaty made with Italy, promised that coast line to Italy and the ports of Trieste and Fiume, which is also a port south of Trieste.

Now comes along the new nation of Jugo Slavia and says that it will not give up this coast line and be pocketed up without any free access to the Adriatic.

Jugo Slavia says it will fight Italy for the coast line.

Italy says she will fight Jugo Slavia for the coast.

By all geographical right the whole of that side of the Adriatic certainly belongs to Jugo Slavia.

England and France promised it to Italy and cannot now deliver the goods.

The situation is pretty much as if in a war Texas was promised that its sea coast would extend on all the coast line of Mexico down to the Panama canal and then after this make-believe war was over the people who promised that coast line would discover a new situation in Mexico and that they just couldn't carry out their promise.

Italy is demanding that the treaty of London be fulfilled and that all promises made by England and France be kept.

President Wilson is ignoring the promises made by England and France to Italy and has practically refused to give his assent to carrying out the terms of the treaty.

Under the terms of the treaty the other side of the Adriatic certainly belongs to Italy.

No one disputes that.

But England and France made a treaty with Italy which now they cannot carry out.

Italy says that it has been bunched and it looks pretty much that way, although that is somewhat tempered with the thought that England and France just can't fulfill their part of the agreement.

Another view of the situation was published in the Paris Petit Parisien on Tuesday and cabled to the Austin American as follows:

"President Wilson proposed that Fiume, which is not mentioned in the treaty of London, should be a free city, but attached to the Jugo-Slav customs system and further that the London treaty should be subjected to a total revision.

"Italy refused to accept his proposal, whereupon President Wilson withdrew, leaving Italy alone with the representatives of the other signatories of the treaty.

"During the meetings of the representatives of the signatories, both Premier Orlando and Foreign Minister Sonnino were most conciliatory, Orlando, especially having asked repeatedly on what condition France and Great Britain would consent, to give Fiume to Italy.

"Baron Sonnino said he was ready to discuss a revision of the London treaty.

"However, President Wilson, who, while he was not present at the meetings, kept in touch with them, then wanted to reopen the question of the treaty of London, but without joining the revision to the fate of Fiume.

"The president has receded from his first proposal to make Fiume a free city and is inclined to give it absolutely to the Jugo-Slavs.

As to Premiers Clemenceau and Lloyd George they are understood to be ready to adhere purely and simply to the treaty of London, at the same time seeking means of conciliation."—Austin American.

SOME FIRE DON'TS
By the Fire Marshal

1. Keep house, yard and outbuildings clear of rubbish and inflammable materials.
2. Do not start an open fire near fence, barn or house; NEVER when a wind is blowing.
3. Be sure all chimneys are safe. Have them examined and cleaned each season before fires are built.
4. Never stop the flue openings with paper or rags. Use only tight metal caps.
5. Watch the stoves. Do not place close to frame walls, and have a good zinc mat underneath.
6. Screen open fires. Safety of life as well as property demand it.
7. Use only safety matches and keep matches away from children.
8. Never start a fire with kerosene.
9. Never throw waste paper on an open fire place or grate.
10. Do not put ashes in wooden receptacles.
11. Do not empty ashes against fences, barns, or outbuildings.
12. Keep gasoline out of the house and barn.
13. Never use gasoline or inflammable volatile to clean gloves, clothing, etc., in the house. Gasoline vapor is more deadly than dynamite.
14. Never fill lamps, oil or gas-line stoves by artificial light.
15. Do not permit matches in the pockets of clothing in closets and wardrobes.
16. Do not look for missing articles in attic or closets with matches or open lights. Use an electric torch.
17. Do not permit children to play with fire in any manner.
18. Use lamps with a broad base, and set only on solid supports.
19. Do not permit swinging gas brackets.
20. Never leave the house with an open fire burning, or with oil or gas stoves lighted.
21. Never hang clothes or rags close to stove, grate or on radiators.
22. Never place kindling or wood against stoves.
23. Do not use paper shades on lamps or electric globes.
24. Beware of the electric iron! Install a red pilot light to the iron connection.
25. Do not use pennies, nails or wire for fuses in electric circuits. Fuses are your electric safety-valves, and only the safe kind should be permitted.
26. Have your wiring carefully gone over once each year by a competent electrician.
27. Do not leave oily mops or rags on floor in closets. They are subject to spontaneous combustion.
28. If you smell gas open the windows and call a gas fitter. If you smell smoke investigate until you find the cause.
29. A non-combustible roof is the best safeguard against sparks and conflagration.

Tan-No-More
THE SKIN BEAUTIFIER

Protects
Cleanses
Improves

INSURANCE SPECIALISTS—ALWAYS ON THE JOB
LUBBOCK, TEXAS

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want to feel surest about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It."

The Only Peel-It-Off Way is "Gets-It." It's anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fusing or pattering. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Subscribe for the Avalanche—Only \$1.50 per year.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifying lotion, very small cost.

Your grocer for the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

Plainview High School will have thirty-seven in the graduating class this year. This has been a hard year on school children. Most every school in the country has been closed more or less during the year on account of the flu and this has hindered very much the work of the students.

Home grown Sweet Potato slips, tomato plants, pepper both sweet and hot at Lubbock Floral, J. C. Dean, Prop. Phone 451.

WIND, HAIL AND RAIN STORM AT HAMLIN

Hamlin Herald:

One of the most destructive wind and hail storms ever to visit this town struck here about two o'clock Sunday morning. The main business section received the hardest blow. It is estimated that the damage will range from \$20,000 to \$30,000. Hardly a business house but that was damaged to some extent. Saturday had been a delightful day with a slow drenching rain from eleven o'clock till night. People lay down feeling relieved and happy, but near midnight a display of lightning and the appearance of more rain was seen and by two o'clock the few most wakeful ones were aroused by the onrush of a dangerous looking cloud, but little time was left to look. It came a quick dash of cyclonic wind and fearful hail took a course thru the very center of town, reaching from one block north of the McLaughlin home on Central Avenue to the Orient depot to the south. It was a very well defined path in which the sunlight of Sunday morning found broken and smashed little city. It could not be called a real cyclone yet the peculiar freaks and the way some substantial buildings were wrecked, it evidently was a form of a cyclone.

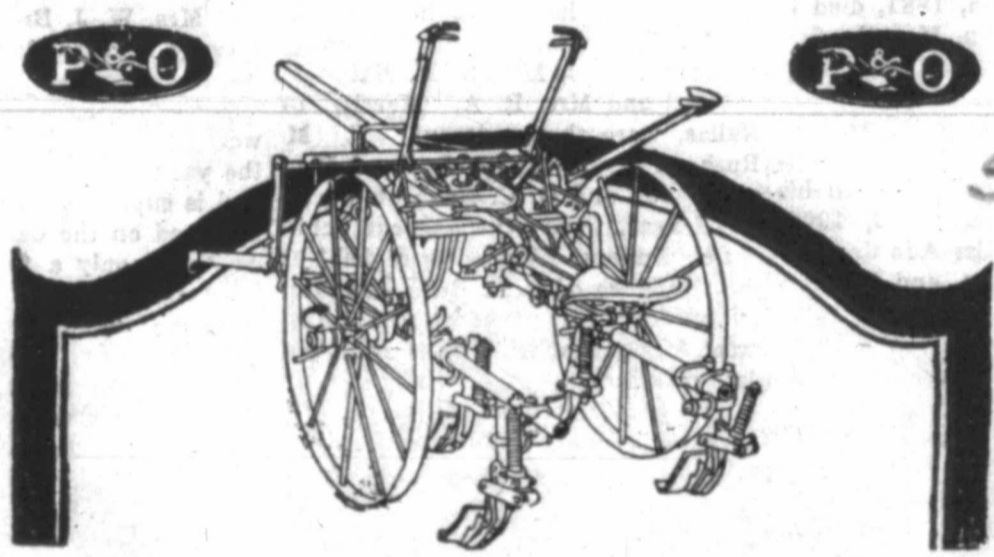

The Presbyterian church building was blown about seven feet from its foundation. The Central Christian church building had all three of its large circular windows crashed out and other damages. The McLaughlin home and grounds received much damage. A large tripple chimney was broken off and fell on the roof, causing the house to be flooded. The heavy cable and the many wires together with all the poles of the Southwestern Telephone & Telegraph Co. from one block north of McLaughlin's to the King Garage were laid over into the Avenue. The C. S. Luv barn was blown flat. The Stelzig blacksmith shop was a complete smash. The Hamlin hotel had considerable damage, the upper gallery was torn away and the roof damaged. The Chandler brick building, occupied by Wilson Bros. Garage and Auto supplies, was the most completely ruined of all brick houses. The rear of this was blown in and the entire roof fell in to half way up the front. The plate glasses on all sides were shattered. There was slight damage to one auto. The J. B. Atkins Grocery store adjoining the Chandler building was damaged and the water flooded a portion of the floor and feed. The Vaughan building had some damage. The Rexall Store had one plate glass broken. The White building across the street was damaged by the fire wall being pushed over on to the roof causing a flood of water to pour into the office rooms on the second floor and the City Grocery below. The south front of the Pool-Whittington Store had its fire walls pulled off and the awnings torn to pieces but there was lit-

tle damage here from water. The R. B. Spencer Lumber sheds on the east side of the yard were considerably wrecked. The Smith brick on the corner across the street west of the State Bank was greatly damaged by the rear walls and awnings being torn down. The R. L. Howard bricks came out of the storm with no front fire walls and no awnings. The wrecked awnings shut out the view of the front plate glass and no damage was reported here from water. A warehouse room of Mr. Howard several blocks west of his store was badly wrecked. The Barrow Furniture Store was a heavy loser. The long and beautiful plate glass on the side and also the front one on the left of the entrance was broken to pieces. One or two windows in the second story were blown in and the floors and the stock of furniture received damages from the water. The Hamlin Light, Power and Ice Co. are heavy losers. Their two smoke stacks were blown down and torn to pieces. A plate glass was smashed and a number of poles and strings of wires were torn down in town and out on the line from east of Tuxedo there were in all forty-nine poles or supports that carry the high power line broken and twisted to the ground. In the northwest part of town the W. M. Green resident had some damage. The public school building had 12 windows blown out and the fire wall of the north wing thrown over on the roof causing an inpour of water. The storm seems to have struck about seven miles west of town as the first damage reported was on the Dr. Pardue place. Here the home of Bascom Branscum was completely demolished but no one was at home at the time. On the same farm the home of Jake Carter was blown off the blocks. There was a downpour of rain following the wind and hail. The amount measuring one and six hundredths inches. The different places damaged were so numerous and in

No. 323-Sulky Cotton and Corn Listers

This is the new improved P. & O. Lister. Arranged so to use 3 or 4 horse hitch—Seed mechanism throws into and out of gear automatically. All wheel boxings dust proof, with concave tires. Seed plates for all of the grain you have to plant. The same good and tried out P. & O. four wheel lister but improved from last year.

Be sure and let us show you these nice advantages in securing a lister that insures you a sure stand.

Wiggletail Cultivators

These cultivators are cone pivot couplings giving free play sidewise and permits front of ends of beams to be set up and down.

Adjustable hitch—direct pull from gangs—Gangs work against springs giving an elastic pressure. All four-shovel spring trip gangs—easy to operate. Your child can operate the WIGGLETAIL CULTIVATOR.

R. A. Rankin & Sons

Your Eyes---

We cannot too strongly urge you to ALWAYS allow us to replace the broken lenses of your glasses. We not only have your individual examination records on our files, thereby preventing all chance of dangerous lense substitution, but we are interested in and familiar with every detail of your eyesight requirements.

For your own welfare, we want you to entrust your eyesight with us exclusively, whether it's a re-examination or replacing of broken lenses, we're at your command from 8 to 6 daily.

Yours for Eyesight EFFICIENCY.

DEATHS

A. S. Hopper—Born in Sherman, Texas, December 30th, 1881, died in a sanitarium in Austin, May the 7th, 1919. Deceased spent the early years of his life in and near Sherman. Naturally inclined for a mechanic he took up this work and followed that profession from the age of 19 until his health failed. November 30, 1909, he was married to Miss Ada Jackson at Valley View, Texas, and to this union was born three children, Hubert, age 8, Johnnie age 7 and Mary Lou, age 4, who beside his wife survive. The deceased has lived in Lubbock for nearly ten years, and is well known, favorably known. Funeral services will be held at the home in Lubbock, Sunday afternoon, May 11th, conducted by Revs. Sanders and A. A. Collins, after which the local Odd Fellows will take charge and accompany the remains to the cemetery where they will make interment with honors of this fraternity.

Susannah Rush—Born in Dort county, Ohio, June 11, 1832, died at the home of her son, S. S. Rush, 12

miles east of town, May the 5th, 1919 following an illness of nearly two years. Deceased has lived in Texas a little over 40 years, and in Lubbock County about 13 years. She was a member of the Christian church of this place. Seven children survive her, four of them were here to attend the funeral, Mrs. R. D. Looney of near Texico, Mrs. S. M. Hall, of Farwell and Mrs. R. A. Morris, of Rallas, were those present; T. M. Rush, of Dallas, C. W. Rush of Denver, Colo., and O. C. Rush of Wichita, Kansas, were the absent children. Funeral services were held at the residence of S. S. Rush, conducted by Rev. Liff Sanders and interment in the Lubbock Cemetery Tuesday afternoon.

Lottie Smalley—Wife of A. J. Smalley, age thirty-three years, 8 months and twenty-seven days, born in Covington, Hill county, Texas, died here May 4th, after a sickness of several days with influenza and other complications. The deceased has only lived here a short time, coming here the first of the year from Estacado, where they had made their home for some time. She was a member of the Methodist church and a mother of three boys and one girl,

who survive her, besides her husband, father and mother, Mr. and Mrs. H. B. McKinley of this place. The body was shipped to Covington Tuesday and interment will be made there.

Ouida R. Brown—Daughter of Mr. and Mrs. W. J. Brown, born in Cook County, Texas, July 3rd, 1917, was drowned Monday morning at the home of parents, fifteen miles northwest of town. The child was out in the yard playing near an earth tank, and is supposed that it became over-balanced on the dam and fell in. It was gone only a few minutes until the father went out to see where she was, and found her in the tank. A physician was called immediately, but when arrived the babe was dead. Funeral services were held Tuesday afternoon at the Petit school house, and interment made there.

GROLLMAN & CO. CELEBRATING THIRD ANNIVERSARY

In this issue of the Avalanche will be found a four page advertisement of C. H. Grollman and Company, advertising their anniversary sale, which is the third since they came to Lubbock. This popular firm is one of the largest on the plains. Their stock is one of the most complete and they believe in advertising, contracting each year for a liberal amount of space in the home paper and they are taking liberal space in newspapers in nearby towns, making this event not only a Lubbock affair, but including the South Plains.

Three years ago they started in business here on a small scale, but their reputation for a fair square deal and the same price to everybody has built for them a business that has even surpassed their fondest expectation. You should not lay this paper aside before reading carefully their list of bargain prices, and they are real bargains. Worth considering, and worth traveling many miles to come here to take advantage of.

It is truly a great event, and the people of this community and nearby counties, we are confident will avail themselves of an opportunity to get some real attractive prices, on truly seasonable goods.

The pastor will preach a special Mother's Day sermon at the Methodist church next Sunday. He preached a strong convincing sermon last Sunday at 11 o'clock, and at the close of the service five united with the church, four by letter and one by profession of faith.

H. H. Harris of Bronco, Texas, is here this week receiving treatment from local physicians.

BOYS' AND GIRLS' CLUB

To Club Members.

Dear Club Members: We have another worker in the Home Demonstration work of the county now, and we hope to hold our meetings more regularly than we have been able to do in the past.

Miss Craddock is sending out notices of the meetings for next week and I hope that each of you will resolve not to miss another meeting this year. Try to gather promptly each time and be sure to bring your record books. Miss Craddock will be glad to assist you in keeping those books this year, and you will have no reason for not having a well kept book at the end of the year if you will only try.

The girls will sew in all their meetings this month, so bring all your sewing materials. The sewing must be done first, then you will have some cooking lessons just as soon as possible.

If you will attend every club meeting this year, bringing your record book and being prepared to give a brief report of what you have done, and if you carry on your Club work faithfully at home, I feel sure that you will have something to feel proud of at the end of the year.

You know I told you that we want to be the leader of the sixteen counties in the Panhandle that have the Home Demonstration work. Let's not forget that but work just as hard as we can until October, then go down to Dallas and show the rest of the State what Lubbock County boys and girls have done in Club work this year.

Attend all your club meetings, also come to see us when you are in town.

Sincerely,
MILIE M. HALSEY,
Home Demonstration Agent.

C. R. Naler and family were here last week. Mr. Naler owns several desirable town lots in Lubbock, and was here looking over the situation with a view to putting a brick building on one of the lots. He is now living at Bluffdale, Texas. He says he still has an eye on Lubbock, and hopes to make this live city his home some time in the future. He lived here several years ago.

The Methodist laymen will have charge of the night service at the Methodist church. This service will be conducted entirely by laymen and the program will be interesting. Good old time songs and a real religious service is prayed for. Come and enjoy it. The general theme will be Mother, and we hope you will be there and help fill the house to its capacity.

N. R. Clark of Las Cruces, New Mexico, was a business visitor here the first of the week. Mr. Clark has had real estate interests south of here for many years, and is here to look over his holdings with the possible intentions of making this his home in the future. He has been living in Las Cruces nearly ten years in the grocery business, and thinks that a good farm here would be better, we would like to see many men like him come in this year.

J. H. Hendricks of Tatum, N. M., passed through here the first of the week enroute to Oklahoma, where he was called to attend the bedside of his sister who was recently injured in a car which turned over. Though she was severely injured, reports from relatives there say she will recover.

SEVERAL MARRIAGE LICENSES ISSUED THIS WEEK

Marriage license issued this week as shown by County Clerk's record are: J. M. Prosser and Miss Cecil Harper, Leo L. Childs and Lucy B. Dear; Jesse E. Manley and Annie C. Blum; S. G. Ray and Grace Hays; Edward A. Behne and Minnie Miller.

Dr. E. B. Atwood, secretary of Missions in the state of New Mexico, was in the city last Friday. Dr. Atwood has been elected President of Wayland College, and has accepted the position. Dr. Atwood is considered the strongest man yet that has been at the head of that institution.

Work is progressing nicely on the new brick being erected on West Broadway. Contractor Dane says unless delay is caused by failure of railroads to deliver shipments of steel for the front beams, completion of the building will be only a few weeks off.

Dr. A. R. Ponton and wife left Wednesday morning for a short visit to Galveston and other South Texas points. Dr. Ponton will attend the Medical Association which will be held at Waco next week, before returning home.

Sam Lay, son of S. K. Lay of Ralls, passed through here this week enroute to his home, having received an honorable discharge from the army a few days ago. Mr. Lay was with the 129th Field Artillery in the 35th Division and was in service in France more than a year.

Mr. and Mrs. F. F. Mays and baby and Mr. and Mrs. G. C. Barrier and children drove one day last week to their Floydada store. They report a deal of wheat in that part of the country—the finest they ever saw.

Mr. B. E. Sherman of Seminole, who recently underwent an operation in a local sanitarium, was able to return home the first of the week.

Moore Brothers want your second hand furniture. 451

Bilious? Take NR Tonight

Nature's Remedy is Better and Safer Than Calomel. Cleans Out System Without Gripping. Stops Sick Headaches. Guaranteed.

Bilious attacks, constipation, sick headaches, etc., are in the great majority of cases due to digestive troubles and no reasonable person can expect to obtain real or lasting benefit until the cause is corrected. Nature's Remedy (NR Tablets) is a vegetable compound that acts on the stomach, liver, bowels and kidneys, the purpose being to bring about healthy and harmonious action of all the organs of digestion and elimination. It acts promptly and thoroughly, yet so mildly and gently that there is never the slightest gripping or discomfort. But this is not all. Nature's Remedy (NR Tablets) have a beneficial effect upon the entire body. By improving the process of digestion and assimilation, the nourishment is derived from food, the blood quality is enriched, vitality is increased and the whole system strengthened. Once you get your body in this splendid condition, you need not take medicine every day. Just take an NR Tablet occasionally when indigestion, biliousness and constipation threaten, and you can always feel your best. Remember, sleeping well is easier and cheaper than getting well. Get a 25c box of Nature's Remedy (NR Tablets) and try it. It is sold, guaranteed and recommended by your druggist.
