SOUTHPLAINS ATTRACTS INVESTORS

MEN OF COMMERCIAL LINES ARE LOOKING THIS WAY FOR BUSINESS LOCATIONS—ALSO HOMESEEKERS.

THIS IS THE WONDERLAND OF THE GREAT SOUTHWEST

Its Recuperating Powers are Beyond Estimation, and It Surprises Even the Most Ardent Admirers of this Great Country. Its A Great Place to Live.

Reconstruction will be rapid in the Lubbock section. One can see many evidences of the return of development to this country. Daily people are coming to our city with a view of locating and engaging in the various pursuits of the land, and those who come here are in most cases highly pleased with the prospects.

Lubbock is one of those live towns, that the people are proud of and work together for its advancement in commercial lines, and this feature within itself is one of the best recommendations that can be given to progressive people who want a new location for business. For that reason our town is finding favor among the high class progressive business men of the country and as a result our city will enjoy in the future a number of additional business firms and some entirely new enterprises.

Not only is this development noticeable in the business circles, but people are moving to our town and buying residential property, with a view to making this city their home. Our splendid climatic conditions, and high class of citizenship is a drawing card to this section, and people want to join hands in working for the development of this great country.

Still further the development goes into the rural districts, new farms are being opened, new ranches are being established and a general reconstruction era is at hand and the people of the east and north and south are looking to this great undeveloped body of rich land for safe investments. Rich returns for their money is sure to result, which will build more villages and develop Lubbock, the logically located city into one of much greater proportions.

The general prospects of this great south plains country justifies

these people in all they are doing, and even at the prices now being paid for land, will make the purchasers nice profits in a short while. Crop prospects, as a whole were never better. Its the same glowing report from every part of the plains—fine crops. The range conditions too, are a surprise to even those who have seen the great west pass under the shadow of droughts and emerge therefrom and in a remarkably short time change its habiliments from that of a scorched, brown threadbare garment to that of a rich green background, dotted lavishly with the millions of flowers of the hundreds of varieties. Some believe that the range in this section would never be good again, that the roots were dead and weeds would hereafter take the place of the solid mass of fine grass that formerly covered the pastures, but not so. The grass has come again, and the ranges are a solid sod and the few cattle that are here, are wallowing in fat and repose on the solid bed of hay at their will.

The South Plains, the wonder land of the Southwest, no wonder that people who have money to invest are coming this way. No wonder that the people who are seeking new business locations are fascinated by the great possibilities of this section. No wonder that the people who are looking for a home among the highest class of citizenship in the world are interesting themselves in the South plains, for all of these things are here, and with the harvesting of the biggest crop that the South Plains has ever produced, the immigration to this country will far surpass the expectation of the most sanguine citizen of the Lubbock country. Come to Lubbock.

PRESIDING ELDER LYON RETURNS FROM COLUMBUS

Presiding Elder W. E. Lyon, returned last Thursday from a trip to Columbus, Ohio, where he attended the Centenary meeting, and also visited his aged father in the old Kentucky home. Bro. Lyon reports a very fine trip, which he enjoyed to the fullest extent. The centenary meeting was a great inspiration to all who attended and a wonderful insight to what Methodism is doing in the mission fields of the world. Rev. Lyon will preach Sunday at eleven o'clock at the Methodist church.

BUYS 800 HEAD CALVES FOR FALL DELIVERY

Ross Renfro, cattleman of Terry county, accompanied by his family, passed through here Wednesday morning enroute to Matador for a few days visit. Mr. Renfro has recently purchased from Al Barton, a prominent cattleman of the Matador country, eight hundred head of calves to be delivered this fall. We did not learn the price paid. Mr. Renfro will have the calves shipped to Brownfield this fall and put on his large ranch holdings.

RESIDENCE PROPERTY CHANGES HANDS

Trading and selling of the Lubbock town property is very active at the present time. Nearly every day we hear of homes being bought or traded for. Dr. Bates, we learn from reliable sources has recently sold his home in the south part of the city, to O. E. Sears, and also bought the home of R. M. McCollum, where we understand he will move in the near future.

MR. AND MRS. PECK RETURN TO KANSAS HOME

Wm. M. Peck, president of the Farmers National Bank, and wife, left the first of this week for their home in Concordia, Kansas. Mr. and Mrs. Peck have made Lubbock their temporary home since the first of February this year. Mr. Peck has been overseeing the work of remodeling the Farmers National Bank building, which was completed recently.

MR. AND MRS. SMITH OPEN CONFECTIONERY HERE

Mr. and Mrs. Horace W. Smith who recently came here from San Antonio, Texas, have leased the Russell building on Post Office Street, recently vacated by the Rix Furniture and Undertaking Co., and are getting their fixtures arranged for the opening up of their confectionery business. They are intending to have various models of candy making machines and other facilities which go to make a good confectionery.

CHILDRESS COUNTY MAN HERE TO BUY STEERS

B. P. Smith and Sons, cattlemen of Childress county are here this week looking for South Plains steers. Mr. Smith has a fine ranch in Childress county and like most of the other ranches in the west, it is lacking in stock. With prospects never brighter for the farmers and ranchmen of his country, it is his opinion that before the winter months most of these ranges will again carry their normal amount of stock.

BIG TIME PLANNED AT TUCUMCARI, NEW MEXICO

The people of Tucumcari, New Mexico, are planning a big time in that city on August 20, 21 and 22nd. In their Fourth Annual Cowboys Roundup. A fine program is being arranged for each of the three days, and the public is cordially invited to attend. The Avalanche editor acknowledges receipt of a season ticket to the event, compliments of the association.

ED F. MANN AND FAMILY TO MOVE TO DALLAS

Ed F. Mann and family are making their preparations to move to Dallas in the near future. The move will be made, we understand, for the purpose of entering two of his daughters in the Southern Methodist University of that place. Mr. Mann will however, keep an office in Lubbock and work in the real estate business, and after the completion of the girls' courses in that school, they will return to Lubbock.

PROMINENT SCHOOL MAN VISITS LUBBOCK SCHOOLS

On Thursday afternoon of last week, Dr. O. B. Martin, Assistant in charge Demonstration Club work, U. S. Department of Agriculture, Washington, D. C., Mrs. Dora R. Barnes, District Home Demonstration Agent, of College Station, Texas, Miss Millie M. Halsey, Judge J. H. Moore, Geo. W. Briggs, P. Von Rosenberg, C. E. Maedgen and Jno. F. Turner visited Lubbock, Shallowater and Monroe schools in order to acquaint Dr. Martin and Mrs. Barnes with the work being done in this county along the lines in which they are engaged.

At Shallowater Dr. Martin addressed a gathering of the citizens of that community and congratulated them on the work they are doing. He expressed himself as highly pleased with the evidence of progress, as exemplified in their fine school building and stated that the influence for good would go on to the end of time.

Rain interfered with the trip and instead of the party going to Idalou and Canyon school they came back to Lubbock from Monroe.

Lubbock county deserved front rank as a leader in educational development and the fine brick schools that have been built and are now under construction will do more to encourage the better element of citizenship to come here from other points than any other investment that could possibly be made.

The school reflects the character of the citizen and the fine work accomplished by Judge J. H. Moore, through the co-operation of the parents of the different school districts is of such nature as to make everyone of us proud to be known as citizens of this county. And the impressions that are made upon people who visit this county will be reflected throughout the length and breadth of the land. For it is a fact that people will boost for us if we have anything worth boosting. Lubbock county is building well. We need many more people here to help in development of the farms. Good schools and church buildings are the first propositions investigated. These are facts to remember as we keep the good work going.

WILL HAVE WATERING PLACE IN NEAR FUTURE

Geo. W. Briggs, Secretary of the Chamber of Commerce, says he has taken the matter of a public watering place for livestock up with the city authorities, and they have assured him that this matter will have their prompt attention, and there will soon be installed at a convenient place a proper watering place.

This is something that is very badly needed, and it is to be hoped that no delay will be allowed in getting the matter properly installed.

STARTS MARKETING OF SWEET POTATOES THIS WEEK

D. Blake, one of Lubbock county's successful truck farmers began the marketing of this year's crop of sweet potatoes this week. Mr. Blake is fast establishing the fact that truck farming on the South Plains is successful from a financial standpoint, and to make a success of farming in this country does not necessitate the cultivation of hundreds of acres.

R. L. JOHNSON SELLS COUNTRY HOME RECENTLY

Probably one of the largest considerations on a small lot of property in Lubbock county was involved when R. L. Johnson sold his one hundred and twenty acre farm, two miles south of Lubbock to J. H. Pettit. Consideration reported to be \$21,000.00 cash. Mr. Pettit recently sold his ranch holdings in Lubbock county and his intentions are now to make his permanent home in the future on the farm bought of Mr. Johnson.

JIM ROBINSON CASE STARTS TRIAL TODAY

A special venire of fifty men were called before the District court today, from which will be selected a jury of twelve to hear the evidence in the case where Jim Robinson (Big Jim) is charged by the State with the murder of Tom Richmond. It is probable the entire day will be taken up in the selection of these jurors.

CANYON NORMAL TO GET A GIRLS DORMITORY

The last session of the Legislature appropriated \$150,000 for the erection of a girls' dormitory at the Texas State Normal at Canyon. This is a much needed building, and will add much to the comfort of those who attend this school.

FINANCE COMMITTEE STARTS WORK WEDNESDAY MORNING

Lubbock county's financial standing, as far as the county records are concerned will be investigated, or rather are now being investigated by a finance committee appointed at the request of the recently adjourned grand jury. Three men were summoned to start the investigation Wednesday morning, by District Judge W. R. Spencer. It is expected that this committee will satisfy themselves with the facts regarding expenditures of the county funds. The finance committee is composed of the following citizens of Lubbock county: George C. Wolforth, president of the Citizens National Bank, of this place; O. L. Slaton, president of the Lubbock State Bank; C. F. Stubbs, ex-county clerk of this county.

It is our understanding that the laws of Texas provide that the grand jury request that this committee be appointed once each year for the purpose of checking up the county financial records, and this procedure is merely in compliance with the statutes.

SAYS LUBBOCK IS FULFILLING HIS PREDICTION

Dr. A. C. Leslie, pioneer and well known physician of Snyder, who arrived here Wednesday afternoon from that place, to spend a few days visiting with Dr. A. R. Ponton, speaks very flattering of the outlook of our city at the present time. He says: "It was my prediction some years ago, that when this place had secured means of transportation facilities, that it would be the best town on the Plains." Dr. Leslie has made several trips to this place in the past.

MAKING THE COMPRESS READY FOR FALL USE

Mr. Blair, representative of the Neal P. Anderson Co., who own the compress at this place, is here this week making arrangements to get the machinery and other equipment in first class working condition for the fall and winter months. This company expects a large business here this fall and the earlier date of arrangement preparatory for the running season is in order to take care of what business does come to this city.

CORRECTED ANNOUNCEMENT OF METHODIST MEETING

Last week the Avalanche made one of those unaccountable, uncalled for mistakes in reporting the Methodist meeting. We said that Dr. McIntosh, was the preacher whose services were secured, when we should have said Rev. Kline. Both these gentlemen are among the strongest evangelists of the Methodist church, and Lubbock church is to be congratulated upon having either come to hold the revival services.

A FINE RAIN FELL HERE SATURDAY EVENING

Last Saturday evening between sundown and dark a splendid rain fell, which soaked the ground thoroughly again, and it is making everything look hopeful and practically assures a bumper crop for this section of the country. As we have reported the fall must have extended over a large territory and the amount of good that it will do this country can only be guessed at, but we know that the benefits will be very great.

DR. RAMSDALL HERE FROM SAN AUGUSTINE

Dr. R. L. Ramsdell, of San Augustine, Texas, was a visitor in our city this week. He is the owner of a tract of Lubbock County rich dirt, and came out to see about it. He purchased it without seeing it, but is very much pleased with his purchase. He said he was going to improve the property, and would have a family located on it in a short while. This is the way we like to hear land owners talk. Raw land is of not much benefit to the people here or the owner, and we would be glad to see other land owners do likewise.

SPIKES-LEWIS TO OPEN REAL ESTATE OFFICE SOON

John P. Lewis and Fred Spikes, both formerly in the mercantile business in Lubbock and citizens of this county for many years, have leased rooms in the recently completed Farmers National Bank building and are preparing to open their office in the near future.

SPECIAL LEGISLATIVE SESSION OVER

ADJOURNED TUESDAY NIGHT AFTER A VERY BUSY SESSION OF THIRTY DAYS DURATION.

MANY BILLS DIE ON THE LOWER HOUSE CALENDAR

Governor Hobby, Lieut.-Gov. Johnson and Speaker of the House, Thomason, Congratulate Both Houses For Work Done During This Session.

Austin, Texas, July 22.—At 9:50 o'clock Tuesday night the second called session of the Thirty-Sixth Legislature adjourned sine die. Only a few members were present. The evening was spent waiting for bills to be enrolled. There was no legislation. The session ended quietly.

Lieutenant Governor Johnson and Speaker Thomason extended congratulations to their respective houses over the work of the session, which might be described as quiet and uneventful.

Some twenty-five bills were passed Monday and Monday night. This prolonged the session, as the enrolling departments were swamped, and the members marked time waiting for the bills to be enrolled.

During the last three legislative days close to fifty local and general bills finally passed. This was in contrast to the snail's pace at the beginning of the session. The slow progress at the start made the usual mad rush at the close. It is too early to discover errors of enrollment. They may develop later. Some members suggest that had a fair average been maintained from the start the session would not have had to rush at the end and the danger of enrolling errors materially diminished.

Aside from passing all appropriation bills at the special session the Legislature enacted one measure which stands out from other legislation. It was that to enable the formation of corporations to finance the cotton crop. It is generally accepted as the most important law of the session. A number of others passed are of general interest. The Governor submitted enough subjects to cover an ordinary sixty-day session.

There were many speeches made during this session by outsiders. Hardly a day passed that either or both houses did not hear an address by some visitor. Much time was consumed by these speeches. As usual there was an investigation.

Mr. Caldwell's Senate bill to appropriate \$185,000 to reimburse the University for outlay in constructing buildings at Camp Mabry for use during the war in the large school of automobile mechanics was permitted to die on the House calendar after passage through the Senate. The bill contains the resolution adopted by the fourth called session of the Thirty-Fifth Legislature authorizing the University to use Camp Mabry and providing that the State shall "reimburse" the University the unpaid amount, if any, at the close of the

war. The Federal Government was paying a monthly sum to the University and it failed to pay for the entire cost by \$175,000 for building and \$10,000 in equipment.

Among other measures which failed to pass are the following: The juvenile insurance bill; the bill to tax dogs \$2 each; that providing for a sanitary survey for all towns under 20,000 population; the \$300 soldier bonus bill; the Hertzberg proposition to give each Texas soldier a bronze medal; that prohibiting the teaching of German in the public schools; the bill appropriating \$75,000 to pay in-county witness fees; the bill to require men to submit to physical examination before being issued a marriage license; the bill to prohibit the removal of mortgaged personal property without giving written notice of such removal; Mr. Tillotson's bill to institute a civil service system for State employes; Mr. Tillotson's bill making a general revision of the State irrigation, reclamation and damage laws; the bill to require merchants to place cost price on articles offered for sale; the bill standardizing the gauge of all vehicles used on public roads, and the bill making it a felony to make false statements of financial condition to secure credit.

With the appropriation for the State Highway Commission the total appropriated for the State departments for the next two years is \$5,511,285, the first year being \$2,735,202 and the second year \$2,776,083. Concerning the work accomplished by the special session of the Legislature Governor Hobby said he was highly gratified. The Governor gave out the following statement:

"The called session just ended has performed its work under the most unsettled conditions that have prevailed since the war between the States. On the whole, I am highly gratified with the work accomplished. Texas is growing so fast that her old clothes won't fit, and there is too much new in Texas to take care of the changed conditions by appropriations that compare with previous ones. The country bids fair to continue on wartime prices and so the fiscal problem in our history. I consider that the lem of the State is the most difficult Legislature has faced this problem with wisdom and fairness. I was liberal in the matter of submitting subjects for legislation, because I believed that the more subjects submitted the less legislation would follow. The results, I think, have proven this to be true."

SIXTY-SIX CARLOADS OF WHEAT SHIPPED AT ABILENE

Abilene, Texas, July 20.—Sixty-six cars of wheat have been shipped from Abilene and according to local dealers the main movement has not yet set in.

Local dealers are buying from 100 to 300 wagon loads of wheat, averaging seventy bushels each, daily.

It is estimated that Taylor County's wheat crop will be not less than 1,000,000 bushels and possibly much larger.

BUYS 425 HEAD OF NEW MEXICO CATTLE

C. K. Johnson, cattleman of this county, has recently purchased from J. J. Lane of near Tatum, N. M., four hundred and twenty-five head of cattle, consideration of the deal approximately \$21,875. From the reports which we deem reliable, nearly four hundred head were grown cows and about twenty-five bulls.

RAIN AND ELECTRICAL STORM AT DUNN AND SNYDER

Snyder, Texas, July 21.—The crops in a small section of country near Dunn were seriously damaged by the heavy storm Saturday night. During the same storm lightning put the electric light plant out of commission for twenty-six hours and Sunday night church services were abandoned.

COURT STENOGRAPHER RETURNS FROM DENTON

District Court Stenographer C. H. Smith returned the latter part of last week from Denton County, where he had been to look after business interests. He says crops look fairly good in that section, but much of the small grain will be ruined on account of too much rain.

Mr. Smith says this is the greatest country in the world. After being down in that section for a week and more appreciate the splendid climatic conditions of Lubbock. He said he did not see but three persons in that country that were not fanning themselves and they were paralyzed. Come to Lubbock.

SPENCERS BUY LARGE TRACTS PLAINS LANDS

W. E. and J. E. Spencer of Cleburne and Rotan, have recently bought more than a quarter-million dollars worth of lands near Plainview. Among their purchases is the section of land just west of Plainview, from Dr. J. C. Anderson; this land is in cultivation and part of it under irrigation. Also from E. H. Perry, a section near by, also a half section north of town adjoining Seth Ward addition. Also from W. E. Risser, a section of land west of town, and from W. L. Harrington 280 acres of land near Seth Ward and the Harrington residence in Plainview.

The Spencers have also bought large tracts of lands in other parts of the Plains.—Plainview.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

CHANGE IN MAIL ROUTE IS PROBABLE

For some time the mail route from Lubbock via Slide, Meadow, Brownfield and to Plains has been in operation, but the Government has seen proper to change this service a little and are now advertising for bids from September 1, 1919 to June 30, 1922, daily except Sunday, from Lubbock to Slide, thence to Meadow and then to Brownfield and return the same day. A similar contract will be advertised for from Brownfield to Plains and possibly to Warren, New Mexico.

The present contract did not expire at this time, but on account of the changed conditions the former bids are not sufficient to maintain the lines, and the operators are running at a monthly loss. This is caused by the operation of the railroad which takes away all of the passenger trade, and express business which was the main source of revenue for the contractors.

Bids will be received on this contract until August 12, 1919.

H. C. Crie, former editor of the Lynn County News, Tahoka, was here Monday, and paid this office a visit. He reported a fine rain in Tahoka Saturday night, and everything is in fine shape in Lynn county.

AN APPRECIATION OF LUBBOCK AND ITS PEOPLE

A distinguished writer has said "I am a part of all that I have seen." Most of us have felt that truth whether we have been able to express it ourselves or not. A true preacher loves his people and loves mankind in general. The chief wealth of ministers consists in their rich legacies of many and varied friendships.

In leaving my work in Lubbock it is but natural for me to express my appreciation of its people in general. I do not feel that I am saying a final goodbye to these good folks, but that I am to be absent for a time while I am doing a duty for my blessed Master and when that work is done I am to return to this beloved town and perhaps spend my latter days with the people that I have known and loved so well.

But this note was begun for the purpose of most heartily thanking the good citizenship of this growing town for their many kindnesses throughout these four years, years that have sped by so soon. My heart is full of gratitude to everyone, saint and sinner. These years have been strenuous with war and drouth and death yet full of comfort and consolation.

Our dear church has been uniformly kind and indulgent as well as thoughtful and constant. Our fellowship has been warm and full. Almost without any exception we have been harmonious in every undertaking. We have had no disturbances or debate over issues arising within our body. We have paid off all indebtedness on all lots, improvements and current expenses except perhaps a small item incurred since the pastor resigned and that is provided for. The fine young man who begins at once as pastor will find a clean slate including a nice sum of several hundred dollars held as a nucleus around which it is hoped a large sum may be accumulated with which to build a creditable house of worship.

To build such a house was a most cherished desire of the retiring pastor, but war and drouth intervened and it had to be foregone. But let us confidently hope that with peace and returning prosperity we shall soon see a house worthy of such a good church.

Naturally folks ask why did you leave? It was wholly a matter of a conscious lack of health and strength to carry out the ever increasing program of service demanded by this growing work. For several months this had been known to the pastor, but during the days of stress and trial from drouth and war and influenza he felt that it would be cowardly to quit in the face of such burdens as all of us had to bear. With the coming of better days I have done what was in my heart and mind.

It is in my heart to ask the good people of Lubbock of all faiths and no faith to give the same cordial reception to the worthy brother who comes among you as pastor of our church that you gave me. The good fellowship now existing among the different church people is largely the

SCHOLASTIC CENSUS SHOWS PLAINVIEW LOST STUDENTS

The scholastic census for Hale county, which has been approved by the State Superintendent, Miss Annie Webb Blanton, shows that Plainview, and the county at large, lost in the number of students the past year, as compared with the figures of the previous year.

The census this year shows Plainview to have 1085 scholastics, which is 152 less than last year. Hale Center this year has 153; Abernathy 163; Petersburg 156; and the county outside of these independent districts, 892. Petersburg shows a decrease this year of 24, and the county, at large, a loss of 148.

Judge Chas. Clements says this is largely caused by the movement of many families to the oil districts. He says, that in spite of the loss in scholastics, Hale county schools are showing a remarkable progress, and the outlook is especially encouraging this year.—Plainview Herald.

LURED BY TALES OF PROSPERITY OVER SOUTH PLAINS

No more luring has been the Northwest Texas oil fields to investors than has the talk of the present prosperity of the plains and the abundant harvest, to men and boys in search of work at good prices.

B. T. Hildebrand of Staunton, Va., arrived here the latter part of last week in search of investments.

Messrs. Paul Burlingame, I. O. McClaren and C. S. Seltz, three boys of Magdalena, N. M., also arrived here last Sunday to work in the south plains fields.

Tobe Marcy, farmer of the Meadow country, who was here last Saturday transacting business and visiting with relatives, says that with a very rank growth of weeds he is raising one of the best crops yet, cotton knee-high, with lots of bolls and an abundance of blooms and in that cotton patch are watermelons—nearly ripe, big round and oblong that he will pull the last of this month and take to the picnic that will be held at Brownfield August 1 and 2. Mr. Marcy expects to take at least a wagon load.

PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES

SENATE JOINT RESOLUTION NO. 21
A Joint Resolution proposing and submitting to the people of the State of Texas an amendment to Article sixteen of the Constitution of the State of Texas by adding thereto a new section and authorizing the City of Galveston and County of Galveston to issue bonds for protective works, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds, principal and interest, proceeding for a sinking fund and creating an emergency.
Be it resolved by the Legislature of the State of Texas, that the City of Galveston and the County of Galveston, and each of them are hereby authorized to issue bonds in such

amounts not to exceed in the aggregate five million dollars, for both City and County, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to all or any part of any provisions of the Constitution of the State of Texas limiting tax, levies and governing bond issues, and for that purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for such purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two per cent, as a sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes, and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars, and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein defined, provided, however, that the City of Galveston County, not lying within the corporate limits of the City of Galveston shall not be taxed for the purpose of issuing bonds for the purposes herein provided within the corporate limits of the City of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston County outside of the Corporate limits of the City of Galveston; provided that no such bonds issued by the City of Galveston shall be void unless such bond issue and tax levy be authorized by a majority of all qualified tax paying voters of the city of Galveston, voting at an election to be called for that purpose by the Mayor and Board of Commissioners of said City of Galveston.

SEC. 2. The Governor is hereby directed to issue the necessary proclamation for submitting an amendment to the Constitution to the qualified electors of the State of Texas on the first Tuesday in November, 1919, being the fourth day of November, 1919. Those favoring the amendment shall have written or printed on their ballots the words, "For the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston." And those opposed to the amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston."
SEC. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as is necessary, out of the funds in the State Treasury, not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out of the provisions of this Resolution.

GEORGE G. GOWARD,
Secretary of State.

SHERIFF'S ELECTION NOTICE.

THE STATE OF TEXAS,
County of Lubbock.

Notice is hereby given that an election will be held on the 9th day of August, 1919, at the school-house in Common School District No. 24, of this county as established by order of the county board of this county of date the 11th day of March, 1918, which is recorded in Book 1, page 12, of the Record of School Districts in the office of the county clerk of this county, and as added to by order of

the County Board of said county of date the 8th day of February, 1919, which is recorded in Book 1 page 24, of the record of school districts in the office of the county clerk of said county, to determine whether a majority of the legally qualified property taxpayers of that district desire to tax themselves for the purpose of supplementing that State school fund apportioned to said district and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding fifty cents on the \$100 valuation of taxable property in said district for said purpose.

All persons who are legally qualified voters in this State and County and who are resident property taxpayers in said district shall be entitled to vote at said election.
Said election was ordered by the county judge of this county by order made on the 16th day of July, 1919, and this notice is given in pursuance of said order.
Dated 16th day of July, 1919.

Sheriff, Lubbock County, Texas.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.
GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
GROVE'S TASTELESS CHILL TONIC is not a patent medicine. It is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.
The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, Dr. Fisk would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

Announcement of Spikes and Lewis!

Farm, Ranch and City Property

After looking around since we sold our mercantile business in January, we have decided to engage in the Real Estate business here, and have secured rooms upstairs in the S. E. corner of the Farmers National Bank for our office.

We have visited other sections of the country, and now, as heretofore, Lubbock and the Lubbock country still look good to us. Speaking relatively, we believe that current real estate values in the South Plains country is below its true worth. In other words, that this is a good field for the investor, and we are going to assist our real estate friends in telling the story at home and abroad.

We realize that already there are a number of capable and honorable real estate men here—keen competition—for whom we have the highest personal regard and with whom we shall join our efforts in bringing more good citizens into the Lubbock country.

From observation and experience, we know that when the real estate man succeeds, ALL CLASSES of business prosper, and hence we conclude that the successful agent renders material service as a citizen.

We shall put the same energy, care and conscience into our new undertaking that we have done in other lines. Any business entrusted to us will have our best attention. Our motto as agents, will be a satisfied customer and a square deal to all.

Already we have some good propositions listed, and will be glad for our friends and for anyone having anything in our line to buy or to sell to call on us at our office. We shall be glad to be of service to you in any way we can.

RESPECTFULLY,

SPIKES & LEWIS

SOME LOCAL NEWS ITEMS FROM CROSBYTON

Review.

Uncle Billie Moyer is entitled to a blue ribbon for having one of the best gardens in Crosbyton. He was a pleasant caller at the Review office one day first of the week and brought along an onion he had raised that weighed one pound and one and a half ounces.

Uncle Billie says he had fourteen rows of onions in his garden 138 feet long and after using from them and selling some all along he has \$35 worth left. From one row he made an even bushel.

Another good rain fell here late yesterday afternoon and more farmers have been in town today than for quite a while and all are wearing broad smiles. The rain was not so very heavy here in town but just enough to keep a good moisture in the ground for growing crops. We hear the very bottom dropped out on the Smith plantation a few miles south of town and that this morning on low land the water would run over your shoe-mouth. This will settle the question of making a good crop here this year. In fact it is practically made now.

Lightning struck the house of W. W. Trimble, the painter, in the south part of town during the rain late yesterday afternoon, doing considerable damage in the way of ripping off a part of the roof of the house and tearing the paper down on one side of the wall and knocking several articles from off a shelf. Mr. Trimble was seated near the front door at the time looking out and the bolt came within two feet of hitting him. This is the second time he has had experience with lightning he says, that a few years ago in New Mexico he was knocked down and speechless for a while.

A. L. Ellison drove by the Review office early this morning and called us out to see some cabbage he was placing on the market, and they were as fine as we ever looked at.

G. K. Watkins, the jeweler, has a display ad this week, calling attention to his store. Read the ad and profit by his offerings.

TOO MUCH RAIN IN NORTH TEXAS

Dallas, Texas July 19.—Flood warnings in the Upper Trinity River from above Dallas to below Trinidad, were issued late today by the Dallas Weather Bureau as a result of what was described as one of the heaviest rainfalls ever reported in North Texas. The rain, starting shortly after midnight continued until this afternoon.

Business in Gainesville was suspended during the forenoon because of flooded streets.

Today's downpour followed unusually heavy rains of the previous 48 hours which, according to the local weather forecaster, was general over Texas.

Property and crop damage at Gainesville will be heavy, according to unofficial reports today.

The water in the downtown section was running waist deep in the lobbies of hotels and business houses shortly before noon. In the afternoon however, the clouds began to break, rain stopped falling and the flood waters

ADORING COWS, FOND CHICKENS, IN CHAPLAIN'S FILM

Charlie Chaplin is far from the maddening throng in "Sunnyside," his newest million dollar comedy, which is being distributed by First National, and which is scheduled for appearance at the Lyric Theatre, beginning Friday and Saturday.

Here one sees Charlie far from the city hotels, the slum streets, the big bakery, the trenches and all other locations which helped to make him famous. He is far out in the country, the much-abused man of all work to a hypocritical old farmer.

Although this hard master pretends to be very religious, he does not have a faint conception of the true meaning of the word, and goes on hectoring Charlie and forcing him to work long hours for little more than his keep. So life out among the flowers and the beasts of the field would be sad indeed for Charlie if it were not for one person, his sweet heart.

WHOLESALE CIGAR COMPANY LOCATES IN LUBBOCK

The Panhandle Wholesale Cigar Company, a branch of the Southland Wholesale Cigar Company, with home offices in Brenham, Texas, this week established on the Plains a wholesale house, Lubbock being made their home. This information we have from T. G. Shaw, member of the firm who has made his home the past five years in Brenham. Mr. Shaw arrived here the first of the week accompanied by his family. Temporary offices have been established by him. As soon as possible a building suitable for their use will either be erected or leased.

This means another addition to the already large line of Wholesale houses in Lubbock, a larger pay roll, and the furtherance of the fact of this place being chosen as point of distribution of the plains country.

Mr. Shaw at the present, is trying to purchase a home in our city with the intentions of making his stay permanent.

Stamford reported five inches of rain Sunday.

Slide Conservation Club.

The Slide Conservation Club met with Mrs. J. C. Stanford last Thursday afternoon. Some time was spent in canning beans, English peas and okra and cabbage. Miss Halsey made cottage cheese and talked on fair exhibits and jelly making.

The next meeting will be with Mrs. Stella Wilson on the twenty-first of August.

We only meet once more before the fair, so let's do our very best to have a nice collection of canned fruits and vegetables for exhibit. We can if we will.

Those attending the meeting were Mrs. W. B. Copeland, Mrs. Lee Reiger, Mrs. R. W. Harrist, Mrs. B. T. Sumner, Mrs. Joe Nail, Mrs. Elmer Millsap, Misses Hazel Millsap, Wonna Davis, Bertha and Julia Posey, Dale Ellison, Thelma and Wynette Copeland.

Acuff Conservation Club.

The Acuff Conservation Club met with Mrs. W. D. Davis on Wednesday July 16, 1919. Twenty-one members were present. This was a real good meeting.

Miss Halsey was present and gave demonstrations in canning beans, peaches, and plums. She also put up a jar of cucumber pickles, and gave a demonstration in jelly making. This is all very interesting and helpful.

Miss Gladys Garrison, of Phoenix, Ariz., was also present. She having been visiting Mrs. L. S. Evitt.

Cake and peaches were served. Our next meeting will be with Mrs.

M. C. Sharp on Wednesday, Aug. 20. Let every member be present if possible. These meetings are very interesting and profitable. So lets all do our best. Secy.

FLOYDADA FARMER CUTS THROAT THEN HANGS SELF

Sunday morning about 11 o'clock Jim Hammonds, 45 years of age, a Floyd County farmer, after tying one end of a rope about his neck and the other fast to a rafter in a shed on his farm five miles from Floydada, slashed his throat with a large knife, and then jumped, hanging himself. No reason is known for the act. Hammonds had but one arm.

Hammonds left a note to a brother in regard to some notes at a local bank, but no other word. He leaves a wife. It is said he was divorced from his first wife about five or six years ago.

The rope which Hammond used was a twelve-foot, one-inch rope, which he purchased in Floydada—Friday—Plainview Herald.

Mrs. George M. Arnett returned Sunday from a trip to Colorado. She returned as far as Canyon City in her car, but the mud became so heavy that she left the car and came home over the Santa Fe.

H. A. Davidson and family leave this week for an extended outing into Arizona, California and the Yellowstone National Park, Denver, Colo., and other points. They will probably be gone several weeks.

J. F. Hufstedler and wife returned this week from the week from Corpus Christi, where they have been for several days looking after their interests.

Henry Crosby, manager of the L. F. D. ranch, near Littlefield, is here this week attending to business matters.

CIVIL SERVICE EXAMINATION HERE RECENTLY

Last Saturday an examination was held by C. H. Peek for the Civil Service Commission. Four parties took part in this examination we understand, two of which were Misses Eric L. Wall and Matilda Akesson, both of Hale Center.

On account of the census that will soon be started, of the United States, many hundreds of additional clerks will be needed in Washington and other places for this work.

Chas. W. Pressley of Los Angeles, Calif., is here this week prospecting and probably buying some of Lubbock county's land.

John Scudday of Terry County, was in town last Friday on a short business visit.

HEAVY RAINS FALL WILL MATURE ROW CROPS

Heavy rains fell over the Plains Wednesday, Thursday and Friday, the precipitation being 2.49 inches. Wednesday afternoon between five and six o'clock one of the heaviest rains for years fell here, the precipitation being 1.98 inches. The streets and sidewalks were flooded, as the storm sewers were unequal to the task of carrying off the water as fast as it came down. That night there was .18 inch. of rain, and last night there was .17 inch., which with .36 inch. Tuesday night made a total of 2.49 inches.

The rain extended most all over the Plains, being lighter in some places and heavier in others. Just west of town there was a light strip, but at Halfway and about Oton it was heavy. The rain Wednesday was light about Aiken and Lockney, but last night it was about 1.50 inches.

The rain came just as the farmers of the Plains wanted it. The grain is about all harvested, and in shock, with threshing in progress. The row crops were needing moisture, and can now mature without any more rain, and such a large acreage is in row crops the yield will be of the bumper variety. Surely everything good is coming to the Plains this year.—Plainview News.

SATISFACTORY PRICE FOR BUNCH OF CALVES

W. A. Hutchison received returns yesterday from a bunch of calves that he had on Tuesdays Fort Worth market. There were fifty-one head, they weighed 353 pounds and brought \$12.75. They netted a fraction over \$43 around, which he thinks pretty good for the "drouth-stricken West." He thinks as many do—that the West is all right, given half a chance. We congratulate him upon the excellent returns from these calves.—Midland Reporter.

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS.

HOUSE JOINT RESOLUTION NO. 41.
A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereinafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:
SECTION 1. Amend said Section so as to read after its adoption as follows:
SECTION 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dol-

lars (\$200,000); provided however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State according to the needs of the State Highways in such counties; and, provided further, that under Legislative authority a tax not to exceed twenty cents on the one hundred dollar valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words "For amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49 of Article 3, relating to the power to create debts by or on behalf of the State, so as hereinafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax not to exceed 20 cents on the One Hundred Dollars valuation, on taxable property in the State." Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49 of Article 3 of the Constitution proposing to amend Section 49 of Article 3 relating to the power to create debts by or on behalf of the State, so as hereinafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax, not to exceed 20 cents on the One Hundred Dollars valuation, on taxable property in the State."

SEC. 3. The sum of Five Thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election.

SEC. 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3 of the State Constitution from enacting needed Highway Legislation creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

LUBBOCK WOMAN TALKS BACK AT AVALANCHE

Lubbock, Texas, 7-21-19.
Editor Dow, Lubbock, Texas.

Dear Sir:

A small article appeared in the Avalanche, dated July 10, which read something like this: "Lubbock has many pretty homes and yards, and she has some of the most poorly kept yards, to be found in any town." Article ended saying, "Indeed! Some of the men around here must have indolent wives." Indolent wives. Indeed! I am wondering how many of you busy, industrious, gentlemen, really know how much hard work and responsibility your wives do have. The same old routine of work—not one, two or three days a week, but every day—every week—every month in the year. Doing the same old things over and over, cooking, sweeping, dusting, washing, ironing, mending, tending chickens, milking cows, gardening, combing, dressing and attending, little Martha, Jaroname and Woodrow Wilson. I for one can assure you, by the time our daily routine has gone thru with, we feel like we have done very near our part of the work, without having to cut the weeds, altho some of us do cut the weeds, or I'm afraid Lubbock yards would be a worse disgrace than they are. Now, I for one, do admit Lubbock does need a real old time yard cleaning, but deny the accusation that we women are indolent, for of all the working women I have ever had the pleasure of meeting, the Lubbock women are by far the most industrious. I wonder how many of you worthy gentlemen ever, after your day of honest toil come home and help Susie and Mary cut the weeds? Say for just one hour two days in the week? Now, don't all speak at once. It would make a habit of doing this our lovely little town would soon get rid of some of her surplus weeds. If I am in order I would suggest we walk down the streets of Lubbock some day soon, and gather up all the street loafers, and all the side-walk blockaders, and, put them to work ridding the yards and sidewalks of weeds. Why, some days the ladies of this town Lubbock resemble some one trying to dance the serpentine dance! wending their way in and out in and out, trying to make their way to their different places of trades. Indolent indeed! Signed,

Susie Thimble.

Now, Gentlemen, we have started something. One lady in Lubbock has gone and went and come back at us, and we don't know how to talk back to a woman. In fact when our Susie begins to frail us out we just don't say "nothin'" until we get an opportunity to get off to ourselves and then we open up and of all the back talk she gets, we give it to her, and we are satisfied that we got the best of the argument.

Susie Thimble doesn't seem to think that we men folks do a solitary thing but blockade the sidewalks, and she is threatening to round up the loafers and put 'em to work. Well so far as we are concerned we hope she will, and there is only one thing that we want her to promise before she starts and that is that she will take what women she finds loafing too, because if we know anything about the situation, there are about as many women on the side walks, in the confectionery stores, in automobiles and in the club games as there are men on the sidewalks, and possibly not half of them have even given their home a once over, even though it be the middle of the afternoon.

But seriously now, Susie, this editor knows all about this thing of weed cutting, and we know that the woman of the house ought not to be expected to cut the weeds, and we know too, that the men are as a rule too prone to appear tired when they go home at night, and put off cutting weeds till they get so tall and rank that they just simply are afraid to tackle the job. We know too that when a woman does her house work properly and the cooking and a thousand other things that she is over-worked, and that kind you will hardly ever find on the streets except on occasions of extreme necessity. This country we believe is the hardest country in the world on housekeepers because of the inability to secure help, and also the dry nature of the country permits much dust to accumulate in the house that otherwise would not.

It is the opinion of the Avalanche, still, that there should be cleaning up of the yards in Lubbock. Too many of them look like jungles instead of yards that human beings are supposed to use. We are listening every day for some of the Lubbock chil-

dren to get lost in the weeds, and if they ever do the chances of finding them will be very slim. We suggest that we cut the weeds. Every fellow giving his own crop attention first, and then cut them off the non-resident's property and collect for the work. Non-Resident property gets weedy just as badly as ours, and their weeds will produce just as much typhoid fever, just as much hay-fever, as anybody else's and they should be willing to foot the bill or come on over here and attend the case personally, but as long as we, who reside in Lubbock permit the weeds to grow without molestation, then the fellow away off in New York, Philadelphia, California, Washington and Colorado is not going to care a snap—fact is, they don't care anyway.

Cut the weeds, gentlemen, cut the weeds.

I am glad that Susie spoke up and told about the situation we could not say what we wanted to about the good-for-nothing-lazy-indolent-men. 'cause we were afraid too, but now the blame rests with this feminine defender.

GERMAN CIVILIANS BUYING HEAVILY OF U. S. FOODSTUFFS

Coblenz, June 21.—Civilians in the American occupied area of Germany have been buying nearly a 1,000,000 marks' worth of food daily during the last few weeks from the United States Army supplies. The amount sold thus far totals 40,000,000 marks. Germans in Treves and Coblenz have organized a nonprofit association, which deals with the interallied military commission on food the supplies being distributed to the consumer through the retailers, who are allowed a limited profit on all sales. Such staples as bacon, rice and canned milk were at first sold to the Germans by the commission of experts reports that the poorer classes, especially the women and children, were in need of certain foods. Later, when thousands of American soldiers were homeward bound, the commission decided to open certain stores of the army to the Germans, owing to the fact that there was more food on hand than the army had use for.

Much of the food is brought to the occupied area from the army depots in France, the Germans buying at a small profit to the American army, plus the transportation charges from the United States.

To date food valued at more than 40,000,000 marks has been sold to the civilians of the American occupied zones, all from army stores.

WAR ORPHANS OF FRANCE DYING FROM MALNUTRITION

The children of France have not yet emerged from the shadow of the war. With peace assured, and a happier future opening before them, it becomes increasingly evident that the child life of France has suffered a shock from which it is difficult to rally, while the birth rate has dropped to 8 to each 1,000 population.

The Fatherless Children of France, an American organization co-operating with a similar one in Paris of which Marshal Joffre is the head, reports that of the children receiving American aid to the extent of 10 cents a day under its plan of securing American godmothers for the little French war waifs, its records show an average of 700 children's deaths per month since the armistice. The help of the American godmothers came too late to save these undernourished nerve-shocked little ones.

Mrs. Walter S. Brewster of Chicago, vice-chairman of the Fatherless Children of France, has been appointed chairman of a campaign to secure American aid for the 60,000 little war orphans whose names were on the lists of the organization as "unadopted" before the signing of the armistice. Ten cents will care for a child for an entire day; \$3.00 for a month; while for \$36.50 a year the donor may select a child from the lists at the organization's headquarters and be placed in correspondence with it. To adopt a child or make a donation write for information to Mrs. Walter S. Brewster, Room 634, 410 S. Michigan Ave., Chicago.

F. K. Mitchell, city marshal, returned Tuesday morning from San Angelo, where he was called to attend to some business matters. Mr. Mitchell says the San Angelo country has been blessed with much rain the past few days.

BEWARE OF THE NEW DEMOCRATIC PARTY

In the recent election on the prohibition amendment 139,000 votes were cast for booze. Not one of those voters had any hope of seeing the return of the saloon. National prohibition was an accomplished fact at the time the vote was cast. Whatever the result of the election in Texas, National Prohibition would have forever prevented the return of the saloon.

In view of these facts why should a man vote the anti ticket? What could he hope for in continuing the fight for booze? Naturally the pros throughout the State asked these questions, and in view of the situation they were very appropriate questions, and yet on election day, farmers dropped their plowhandles and went through the rain to vote for booze; business men left their business and went to the ballot box to vote for booze. Men and some few women, gave a great deal of their time to the campaign for booze. WHY?

The only answer to these questions lies in this fact: THAT THE LIQUOR DEMON NEVER QUITS! It has been the history of every election on prohibition, from the first one in the United States that when the pros won, in only too many cases, they concluded the fight was over and went to sleep on the job. In every case those who fought in the last trenches before the legalized sale of liquor was defeated kept up the fight. They went into every election afterward to elect men to office pledged to them to guard against laxness in the enforcement of law. So when 139,000 voters in Texas went through the rain and away from their work to cast their last ballot for booze, it means nothing else but that 139,000 with all the others they can corral to join them in future elections will be at the ballot box, there to cast their ballot for men pledged to disregard the enforcement of the law in endeavoring to bring about the defeat of the prohibition amendment. We had just as well wake up to a realization of these facts and keep our eyes open, or we are going to have unlimited trouble in the future.

Now, then, will you note this news item under date of June 22, given out from Cleburne, Texas, that a conference of the members of the People's Democratic Party of Texas is called to meet in Fort Worth, August 14, and also at San Antonio, August 21, for the purpose of perfecting the reorganization of the Democratic Party in Texas, to which meeting those in accord with Joe Bailey, Jim Ferguson and Thomas Jefferson principles are invited? What action the delegates will take at this meeting is a matter not definitely stated, but the readers of the Dallas News may rest assured that something will be doing."

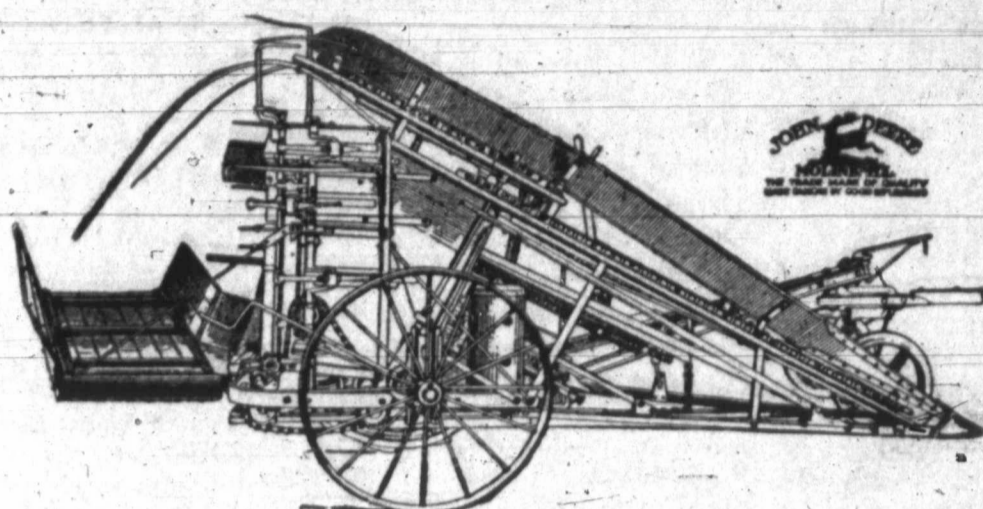

This is a clear-cut statement. Those who cast the 139,000 votes for booze on May 24 are organizing a political party. They call themselves the People's Democratic Party; they claim that they have sixty-six counties fully or partially organized with a membership of 40,000 voters. They further state "It is their purpose to nominate a full State, Congressional and Legislative ticket; also Presidential electors. This will be done in a State Convention." So we are face to face with a new party in Texas. The Democratic Party has gone through a thorough "dry cleaning" process. It has broken away from the booze crowd. The booze crowd remains still and now proposes to organize a political party, and yet there are pros who tell us that the fight is over.

Note the complexion of that party, the combination. It says those in accord with Joe Bailey, Jim Ferguson and Thomas Jefferson. Joe Bailey is the standpat reactionary, more in accord with the Republican principles than with the Democrats. Joe says that Jim is too socialistic, and yet they are to come together in the common fight for booze. As to Thomas Jefferson, he would readily and indignantly repudiate both of them were he on earth today.

Gentlemen and Ladies, Fellow Citizens, allow us to introduce to you Booze Democrats, a new arrival in the field.—Home and State.

John Deere Corn Binder

The Binder With the Power Bundle Carrier

For harvesting a row crop the John Deere Corn Binder is the best binder on the market. Seventeen roller and ball bearings assure light draft, together with easy operation of all parts.

The Power Bundle Carrier, a distinctive feature of the John Deere machine, dumps all bundles beyond the path of the horses and practically parallel to the standing corn. All you have to do is simply press a foot trip lever—the bundle carrier does the rest.

The all steel, quick turn tongue truck relieves the horses of all neck weight and enables you to make a short turn. The axle of the tongue truck is flexible, allowing the wheels to follow the uneven ground.

Come in and see this better binder. We want to show you its other distinctive features—large, wide tired wheels, wide spread steel stub pole, case hardened Knotter parts, indestructible steel eveners, etc. We can make deliveries now.

TEN DISTINGUISHED GENERALS RETURN

New York, July 20.—Ten commanders who distinguished themselves with the American Expeditionary Forces returned to the United States upon the Cunard line steamship Aquitania, which docked here today. The party was headed by Lieutenant General Hunter Liggett, commander of the First Army Corps, and Major General Joseph T. Dickman, who commanded the American army of occupation. With them was Benedict Crowell, assistant secretary of war, who has been in Europe on an aviation mission.

The others in the contingent of military leaders, the largest which has returned upon a single ship, were Major General George C. Squier, chief of the Signal Corps, and Mason M. Patrick, and Brigadier General Harold B. Fiske, Harry A. Smith, Wilson D. Burt, Stuart Heintzelman, Dennis E. Nolan and Joseph C. Castner.

SPECIAL RELIEF MAN TO AID MONTANA STOCKMEN

College Station, Texas, July 20.—Having succeeded in affording much relief to the cattle industry of West Texas, following the severe drought in that section, John C. Burns, head of the animal husbandry department of A. and M. College, who has been doing special work for the Extension Service and the federal bureau of animal industry along the lines of livestock rehabilitation, has been called to Montana by Dr. George M. Rommel, chief of the Bureau of Animal Industry, to direct the drought relief of that state. Mr. Burns will meet Dr. Rommel at Salt Lake City for a conference and will then proceed to Billings, Montana, to take up his new work.

The drought has seriously crippled the cattle industry of Wyoming, Idaho and Montana. Dr. Rommel advises that as Montana appears to be the heav-

iest sufferer Mr. Burns has been ordered there, and he hopes to be able to get the remaining beef cattle out of the state while there is a chance to save them. Pasture for many of the cattle will probably be found in the cut-over land of Wisconsin and Minnesota and the grazing lands of Kansas and Nebraska. Mr. Burns believes, but in the event the pasture in those states is insufficient, Mr. Burns will send a number of the stock to Texas. He has investigated and found that a large number of cattle can be taken care of on the range between Lubbock and San Angelo and between those points and the New Mexico border, while 50,000 additional steers could be taken care of handsomely in the North Panhandle.

Due to the fact that the herds in West Texas were greatly reduced during the Texas drought the stockmen out there would welcome an opportunity to graze additional cattle. Mr. Burns says, and if he finds the nearer states can not accommodate the Montana steers he will be glad to send a lot of them to Texas.

C. E. Maedgen and Mr. Blair of the Neal P. Anderson Co., who is here looking after the compress owned by that company, made a trip out to the St. Augustine ranch looking over the cotton prospects for this year.

Chas. W. Pressley of Los Angeles, who has been here several days transacting business and buying Lubbock town property, left the first of the week for his home.

Mrs. Jewel Kimberlin, of Clovis, who has been here several days visiting with W. B. Powell and family, left the latter part of last week.

Sam S. Denman, of Houston, representing H. C. Burt and company, visited his cousin, J. M. Denman, Thursday last.

Usually she who feels those dragging-down or dizzy symptoms, and other pains caused by womanly disease, can be cured by Dr. Pierce's Favorite Prescription. It cures the cause of these pains. Faded, jaded, tired, overworked, weak, nervous, delicate women are helped to strength and health by Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. KINDERGARTEN HELPS FOR PARENTS

By Sarah J. Wilson.

"Dangerous" Play.

Several days ago I was helping some children build a bonfire in a backyard. As we poked the fire the pieces of charred paper flew up in the air, rising higher and higher. The children watched them with a great deal of interest, calling them "birds," "airplanes," and so on. Finally one boy asked: "What makes them go up?" "Because hot air always goes up," I answered, "and it carries the paper with it." These simple facts satisfied him for the time being. Further experience with the same material will bring forth more "whys" and more important facts will be learned, and remembered, because they come out of actual experiences.

There are a number of activities that are especially attractive to every boy and girl, but which are also a special source of anxiety to every mother. They are those classed as "dangerous": tree-climbing, swimming, making bonfires and playing with hammer and nails, knives, saws and firearms. I believe this list includes practically all the occupations that are most dear to the hearts of children, particularly boys. And yet, if they have a chance to indulge in them at all it is usually against the wish, or perhaps the direct orders of their parents.

Now stop a moment and consider the unquestionable values that lie in all these plays. Physical strength and self-reliance come through swimming and tree-climbing; industrial skill and ability to think and carry out one's ideas are developed by the use of hammers, saws and like tools; and physical and chemical facts are only a small part of the value to be derived from bonfires and firearms.

Of course, we cannot overlook the fact that such plays are dangerous. How are we going to meet the children's natural demand for them and at the same time eliminate the danger? In absolutely prohibiting all experiments with "dangerous" playthings the children generally take advantage of some opportunity to evade us and follow their own irresistible inclinations. Even if serious accidents from lack of adult supervision do not happen, it will be granted that the moral results of such evasion of "the law" are undesirable.

I believe a much better way of dealing with the situation is to cooperate with the children in the gratification of their very natural desire to touch and work with things, and to help them carry out their plans. If the parent teacher or adult playmate once really gets the children's viewpoint it will make a great difference and will do much to solve this difficult problem. Enter into the children's play, and instead of constraint and fear bring to it new enthusiasm and interest through the greater knowledge you possess of facts and conditions. In this way, you will guard against accidents at the outset by being present to show the children "how" and to explain dangers and remind them once in awhile about being careful. Thus you will unconsciously avoid the mistake of making the children feel that they are watched, treatment very galling to any one who is learning self-dependence.

One great value of this attitude is that you gain your child's confidence and can count on his attention and obedience with regard to certain restrictions which you may feel should be imposed, such as not to light a match or build a fire unless he asks you first. Best of all, the children soon learn to be as careful as the most particular adult could wish. Did you ever watch a child climb a tree who has acquired skill and self-reliance through such helpful training? He knows well enough that he must hold tight, avoid dead limbs and be careful where he puts his feet.

Will you not feel more confident after procedure of this kind that the children will be able to meet and conquer other difficulties and experiences and you can trust in your sympathetic interest to make them want to come to you in case of need and in the ideals you constantly hold before them to strengthen and guard them from harm? Your reward will come in the self-reliance, moral strength, and increased knowledge of your children, in their keen interest in the things in the world about them, and in their real confidence in you.

SOUTHERN BAPTISTS GO IN FOR MAMMOTH SUM

At the Southern Baptist Convention in Atlanta, Georgia, in May, with more than 5,000 Baptists assembled, it was unanimously decided to raise 75 million dollars, for missions, in home and foreign lands; for their more than 130 educational institutions; for their many orphanages and hospitals; for their aged ministers; and for the National Memorial Church, dedicated to Roger Williams and Religious Liberty, to be built in Washington. A campaign commission was appointed, with Dr. George W. Truett, pastor First Baptist Church, Dallas, Texas, as Chairman, and one member from each of the Southern States. At a meeting in Atlanta, Georgia, early in June, the Commission met and made out plans for raising the 75 million dollars. Dr. L. R. Scarborough, president of the Southwestern Baptist Theological Seminary, Ft. Worth, Texas, was elected General Director, and his headquarters established at Nashville, Tennessee. Five of the Commissioners were appointed as Campaign Directors, to whom the details of organization were committed. Mr. J. H. Anderson, of Knoxville, Tennessee, a wealthy merchant, was made Chairman.

These Campaign Directors have elected the following leaders to cooperate with General Director Scarborough in the campaign: B. C. Henning, of North Carolina, Assistant General Director; T. B. Ray, of Virginia, Survey Director; H. C. Moore, of Tennessee, Publicity Director; Mrs. W. J. Neel, W. M. U. Organizer. A General Organizer is yet to be selected.

At a meeting composed of nearly 200 representatives from every phase of the denomination's life and work in Nashville, Tennessee, July 2nd and 3rd, a complete program and organization for the campaign were effected. Each of the Southern States will be organized, with the State Secretary of Missions as the General Director for that state. He will be aided by a General Organizer and a Publicity man, and an Advisory Campaign Committee, made up of the three persons above named, the Campaign Commissioner from that state, the editor of the Baptist paper, the Secretary and Vice President of the Women's Work, and the Chairman of the Laymen's organization. It will be the duty of these State Organizers to organize the sub-divisions in each state, called Associations or Districts. Each of these Associations or Districts will have an organizer and a publicity director, and these will organize the churches, with a General Director, preferably the pastor; and an organizer, some select layman; and an organizer representing the Women's Work. All these organizations are to be aided by volunteer workers, from among men and women.

The name of the campaign is "Baptist 75 Million Campaign." The time for the big drive will be November 30th to December 7th. This will be called "Victory Week," at which time cash and pledges payable in 5 years are to be raised to the amount of more than 75 million dollars. All the general organizations.—The Foreign Mission Board, at Richmond, Virginia, the Home Mission Board at Atlanta, Georgia, the Educational Board, at Birmingham, Alabama, the Old Minister's Relief Board at Dallas, Texas, the Laymen's Board, at Knoxville, Tennessee, the Woman's Missionary Union Board, at Baltimore, Maryland, and all the state organizations are throwing themselves full length and full strength into the campaign. Three million baptists are to go in and put it over. It is to be the greatest and most meaningful movement ever inaugurated by Southern Baptists. Its issues to the cause of Christ are incalculable. This money will help every phase of religious life represented by Baptists throughout the whole world. It is expected that every Baptist Church, more than 25 thousand of them, and every Baptist member, more than 3 million, will put themselves in a great fashion into this movement.

CENTER NEWS ITEMS OF THE PAST WEEK

There is an old saying "the more rain the more rest," but the farmer seems to think that is a mistake these days. It is "the more rain the more weeds there are to cut." Crops certainly are fine now. Everyone around here sees the greatest encouragement that they have had in several years.

Messrs. J. H. Emery and wife and R. K. Haney took a pleasure trip to the Canyon last Thursday where they spent their time fishing. They report an enjoyable occasion.

Misses Emma and Martha Abney spent Friday with friends and relatives of Badger Lake. There were several from this locality in Abernathy Saturday.

Mr. Derris Guinn and sisters, Tressie and Gladys, were motoring from Lubbock to their home near Abernathy last Saturday evening when they stripped the gear on their car. They were caught in the rain and were unable to go on the rest of the way home, so they spent the night in the R. Ricken home.

We were very glad to see Mrs. Joe Burns able to be out at Sunday School Sunday evening.

The singing was rained out Saturday evening but we hope that everyone will be present next Saturday evening more eager to learn than ever before.

Cecil Norwood spent the week-end in the R. W. Bowley home.

Miss Lola York, of Badger Lake, attended Sunday school here Sunday afternoon.

Those who had wheat are very busy threshing at this writing.

Miss Fay Dunn was a caller of the Joe Burns home Sunday.

Mrs. N. A. Myers is just doing splendid since her operation. There were several who met at her home Monday and put up fruit for her. We all know that this act will be very highly appreciated by her and her family.

Edgar Abney and family were among the Lubbock visitors Monday. Mr. Abney says that his wife is doing as well as could be expected of any one in her condition.

Several of the people of this vicinity spent the afternoon in the R. Ricken home Sunday visiting and eating ice cream.

Those who attended the singing in the E. A. Abney home at Badger Lake Sunday evening were: Messrs. Earl and Bill Bowley, Burr Myers, Aubrey and Earnest Jones, Richard Ricken, Dick Habbings, John Drackenberg and Cecil Norwood; Misses Rosa Mae, Goldia and Willie Jones, and Madge Abney; Mesdames Mae and Edna Jones and Christeen Knowles. WEEDS MUST GO DOWN FORT WORTH WAY

Down in Fort Worth weeds grow too, but they seem to be a little more in danger of being cut down and burned than they are in Lubbock, according to the following news item in a Fort Worth paper:

Agents for property the owners of which cannot be reached by service, will be held accountable for property conditions, Police Judge Gossett ruled recently. The ruling came as the result of a warrant issued against a real estate agent, charging that weeds were permitted to grow on a lot in violation of the city nuisance ordinance.

"I am only one of several agents who have the property listed and I don't own it," protested the real estate man.

"In that case I'll hold all agents responsible," Gossett said. "Weeds must go and if we can't find the owners of the property, the agents will have to see that weeds are cut."

Weeds and thriftless habits take the same treatment. Thrift Stamps are the tools which will mow down the latter.

ITEMS OF CROSBY COUNTY NEWS—RALLS BANNER

Another step along the line of progress is being contemplated for our splendid little city, and one which will, no doubt, meet the unanimous approval of our people. The school board is making preparations to submit a proposition to the citizenship of the Ralls Independent School District to authorize the issuance of \$50,000 in bonds, the money to be used in bettering the school facilities of the district.

Since the first of July we have been having some pretty warm weather, and not much rain, and as a consequence, feed stuff and corn were rapidly approaching a point when moisture would be necessary to prevent deterioration, but the weather has been just what cotton needed, and it has been doing its best. Noting the anxiety of our people, the weather man began to shape things up for a rain, and about 4 o'clock Thursday afternoon everything got in proper condition, and the moisture poured down in sluices, being ample to give us a good season, and almost assure us a bumper feed and corn crop.

Marvin McLaughlin, who has been with the A. E. F., in France, during the past eighteen months, returned home Tuesday of this week. He came around by way of Canyon, where his sister, Miss Clara, was attending school, and she came home with him. Crosby county soldier boys are now returning as a result of the war, and very long all those who have not found resting places in foreign soil, will again be in our midst.

Carl Foster was seriously injured one day this week when a horse he was riding bucked and hurled him to the ground with such force as to deprive him of consciousness for about four hours. He was considerably bruised, but we understand is getting along all right.

The Banner is sorry to learn of a serious loss suffered by W. H. Miller. He has about 400 acres of land in the vicinity of Tullia, which had been planted to wheat, and up to the time of harvest it was looking well, and apparently promised a good yield, and Mr. Miller was counting on this as a means of adding a big roll to his bank account, but the imp of disappointment is now lurking in his bosom, for when the harvesting was about to commence, it was discovered that black rust had ruined the entire crop, and not a stalk of it was cut.

Come to Lubbock.

Why Speculate?

When you can invest your money where it will bring a handsome dividend without the peril of possible loss. No other business in the country can show such a record of consistent profit as the Oil Refining industry.

The Union National Oil and Refining Company of Cisco, Texas, is capitalized at \$1,000,000.00 and has its main offices at Cisco, Texas, a location conveniently accessible to three proven oil fields. This city has railway connection with two of these fields over the Texas & Pacific and M. K. & T. Railways. Mr. R. Q. Lee, capitalist of Cisco, has started construction of the Cisco Northeastern to the Stephens County oil fields.

The forty acre site which this Company owns is located one mile west of the city of Cisco; immediately South and abutting the Texas & Pacific Railway right-of-way and overlooks Lake Bernie, the source of the city's adequate water supply. Two large cooling pools will be constructed on this site lying East and West of the main plant. This plant will never have to shut down on account of water shortage.

This plant will ultimately have a capacity of 5000 barrels per day which will be built in two 2500 barrel units. Our capital is sufficient that this plant can be built and operated without borrowing any money.

For a limited time this stock will be sold at par value of \$1.00 per share. Orders will not be accepted for less than fifty shares. If you have a few hundred dollars that you can afford to invest in the oil industry, you can not place it where it will be safer and bring greater returns.

This company is not a speculative proposition but a sound business proposition.

Don't put off buying too long, you can buy at par value now.

SOME W. S. S. FABLES. The Lazy Lion
Once upon a time there was a lazy lion who was a big noise at killing the smaller animals which crossed his path. He scorned to make more than a single meal off of each victim. A falling tree broke one of his legs and he crawled into the jungle and died for he had nothing laid away.

The Busy Bee.
Once upon a time there was a Busy Bee who packed pollen back and forth from flower to flower. And the blossoms sweetened and much honey was stored away in that hive, for the Busy Bee kept on working, as did every other Bee in the bunch.
Moral—Steady work brings the sweet rewards. Turn the profits of your toil into War Savings Stamps and let them grow.

W. C. JENNINGS HERE FROM BRIDGEPORT ON BUSINESS
W. C. Jennings, secretary-treasurer of the Lubbock Bridgeport Oil Co., with office in Bridgeport, is here this week visiting with home-folks and attending to business matters. Mr. Jennings reports the drilling going on fast in the development of the holdings of this company.

Thos. Newcomb of Ardmore, Okla., arrived here the first of the week to spend the summer visiting with his cousin, B. H. Jones and family.
Mrs. George Zarr and daughter, of Temple, are here this week visiting at the home of her sister, Mrs. R. K. Henderson.
Will Stockton has been appointed postmaster at Plainview, and he will likely take charge of the office about the first of August.
J. Pat Horton, wife and son of Post City, were visitors here the first of the week.
Fred Oliver and Earl Yates spent Wednesday in Dalou attending to business.

GARAGE COLLAPSED AT ANSON DESTROYING TWO CARS
Anson, Texas, July 21.—During the terrific rainstorm Saturday night the roof of Anderson's garage fell in, demolishing two autos. Men sleeping in the front of the building escaped unhurt. The rain measured over four inches.
Clifton Barrier, very recently discharged from the army where he had served with the 34th division, in France for about a year, arrived here Tuesday to spend a few days visiting with his brother G. C. Barrier. Clifton will go to Brownfield in a few days where he will take a position with the firm of Barrier Bros.

Ben F. Smith, editor of the Lockney Beacon, is mentioned as a probable candidate for Representative from this district to succeed Hon. W. H. Bledsoe, whose office was made vacant by his election as State Senator. Ben is a live wire, and would represent this district ably if elected.
Swisher County most successfully celebrated the Anniversary of the county at Tulia last Saturday. A great crowd was reported present. Barbecued meat was served at noon, and a big dance at night was enjoyed by those who participate in that sort of amusement.

The attention of our readers is called to the ad of Messrs. Fred Spikes and Jno. P. Lewis in this issue. These gentlemen have retired from the dry goods business and formed a partnership for the handling of lands. Read what they have to say.
J. O. Jones returned the first of the week from the Ranger and Eastland oil fields where he had been a few days attending to business matters. Mr. Jones left Wednesday morning for a visit to his ranch west of this place.

J. M. Waller was painfully burned on the back at Plainview Monday about noon, when gasoline, in his tailoring shop, was ignited when Mr. Waller struck a match. Dr. J. F. Owens dressed the burns.
G. L. Mills, wife and daughter, Lois, are expected home the latter part of this week, after an extended trip into the eastern market cities and visiting relatives in Louisiana.

Many Texas counties are voting bonds for the building of highways. Lubbock county will have to do likewise, if she ever has the good roads she should have.
W. B. Thorp this week left for points in Oklahoma. He and family are off for a few week's vacation, traveling by auto, and expect to have a great time.
John Haney, formerly of Seminole, Texas, now of Ralls, orders the Avalanche sent to his address this week. He is now cashier of the First State Bank at Ralls.
Mr. and Mrs. R. B. Barrier, parents of the Barrier Bros., are here this week from Sylvester, Texas, visiting with G. C. Barrier and family.

Next Sunday morning promptly at 10:30 o'clock Rev. Garner of Amarillo will hold a service in the Episcopal church.

LAMESA YOUNG MAN KILLED IN KANSAS CITY
Kansas City, July 23.—The Police today are seeking a solution of the mysterious murder early today of Lieut. Fitzroy Simpson, of Lamesa, Texas, on a boulevard in Mission Hills one of the greater city's fashionable residence districts lying across the State line.
Simpson was riding in an electric coupe in company with Miss Evelyn Hall, when, according to the young woman's story, a roughly dressed man leaped upon the running board of the car, covered them with a revolver and ordered Simpson to get from the machine. A few seconds later, Miss Hall says, the man fired, the bullet entering Simpson's forehead. Screams of the young woman caused the assailant to flee and brought a number of persons to the scene.
Simpson had served for more than a year as a first lieutenant of artillery in the Tenth Division. He was educated in the local schools and in the University of Missouri, but in recent years had lived in Lamesa, where his father is a merchant.
U. L. Shurtleff and wife of Waco, arrived here yesterday to spend a few days visiting at the home of Mr. and Mrs. W. H. Bledsoe.

FLORENCE REYNOLD'S CASE NOW IN HANDS OF JURY
The fate of Mrs. Florence Reynolds, of Canyon, Texas, charged by the State of Texas, with the murder of her husband, Samuel Reynolds, September the 19, 1916, is now in the hands of twelve citizens of Lubbock county.
This case was heard in Amarillo first and a verdict of guilty, with a penalty of twenty-five years in the penitentiary was returned. The case was then repealed and heard again—the last hearing being a mistrial.
A special venire of ninety-six men were summoned to appear before the District Court of Lubbock county Monday morning of this week for the purpose of selecting a jury. Selection of the jurors started about ten o'clock and finished that day, selecting the following men: W. W. Cotton, J. T. Holbert, L. Hardy, C. E. Hunt, Claude B. Hurlbut, J. J. Chauncy, Bob Crump, A. J. Bryant, J. C. Gaither, M. R. Cope, F. W. Boerner and C. H. Burrus.
Many witnesses were introduced before the court in behalf of the state, as follows: Lee Foster, R. W. Foster, Mrs. C. M. Thomas, H. T. Shellnutt, W. A. Jennings, Dr. S. R. Griffin, W. G. Black, Ernest Smith, Dr. D. M. Stewart, Charlie Stratton, S. B. Lofton and Alex T. Collier. For defendant the following were brought in: B. H. Fronsbarger, Louise Taylor and Mamie Taylor and J. E. McGuinnis.
Attorneys McGuire and Miller were counsel for the State and Attorneys Bledsoe and Reider were the counsel for the defense, and four hours were allowed for the attorneys' arguments Wednesday afternoon, finishing about 6:30 at which time the case was turned over to the jury.
The defendant, Mrs. Florence Reynolds, was present during the entire hearing of the case and her father, Judge Jasper N. Haney, of Weatherford, was also present. The court room was crowded many times during the trial by visitors and the afternoon of the attorneys' arguments, the house was full with many in the balcony.
The jury at this writing have had the case for nineteen and one-half hours and no verdict yet returned.
Messrs. Will Winn and Bert Shepherd of Terry county, arrived here this morning to visit at the bedside of W. D. Winn, who is convalescing in a local sanitarium following a serious operation.

CHURCH NOTES
First Presbyterian Church.
There will be the regular services next Sunday morning, but no services Sunday evening if the Cumberland meeting is in progress at that time, which I presume will be the case. In view of the rain and small attendance last Sabbath, and especially in view of the coming educational campaign about which definite announcements will most likely be made Sunday, the pastor is exceedingly anxious for each member who is in town to be present at the morning services. We also invite all who will, particularly the strangers in town, to worship with us, and guarantee you a cordial greeting.

THE LUBBOCK AVALANCHE

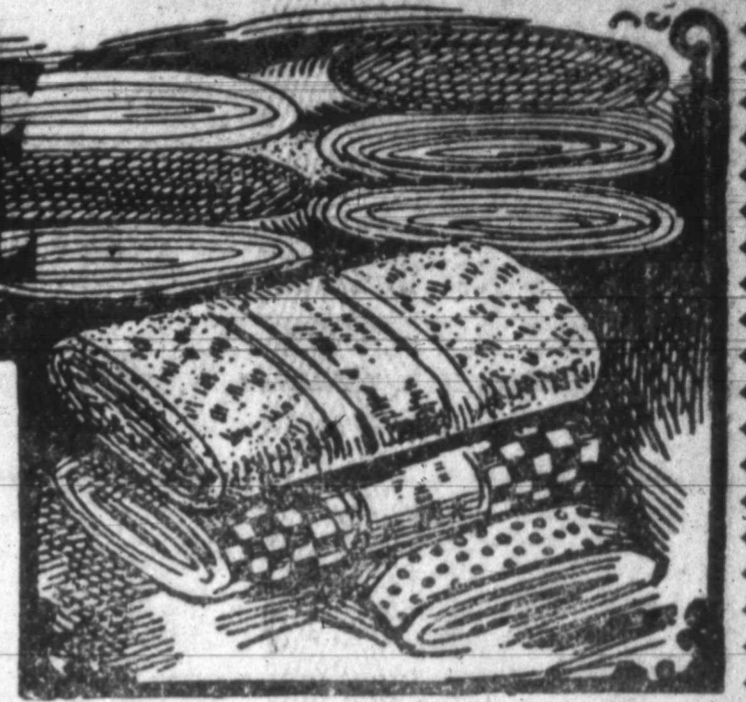

VOLUME XX

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, JULY 24, 1919.

NUMBER 4

GREAT CLEARING SALE

After weeks and months of waiting on account of remodeling and enlarging our store we are now ready to open, Saturday morning July 26.

SURE ENOUGH! The most tremendous sale that the Lubbock people have had the pleasure of attending.

Three big stocks of goods we threw together the first of the year giving us lots of goods that we are going to sell at some price or another. This in spite of steadily advancing prices again. We are going to clean this stock and put it to where it is the cleanest stock in town.

No closing date decided on yet, but we are going to have this sale on for only a short time; better come quickly as you can. We are cutting prices heavily so as to get through with it as soon as possible. Do your neighbor a good turn by telling her of it. Come quickly for we won't guarantee any certain item to be on sale all the time, but we do promise that we shall have plenty doing for you all the time.

Not one-tenth of the items can we name in this space, but to show you what the cuts are like we are naming a few by departments.

We Make Farm Loans and Buy Vendors Lien Notes

The policy of this bank is to treat you with fairness in every way. Our resources are sufficient to meet every demand. We ask that you keep us in mind.

Farmers National Bank of Lubbock

WE BUY VENDOR LIEN NOTES ON FARM LAND AND MAKE FARM LOANS.

Mr. J. T. Stricklin was a visitor to the Avalanche office this week and renewed his subscription. Mr. Stricklin invited the Avalanche force to come down to his farm and eat watermelons this summer, stating that he has a fine prospect. His entire crop looks good and the farmers generally are very hopeful of a bounteous crop.

George C. Henderson who has been employed in the harvest fields near Happy for some time, was here last week visiting with relatives. Mr. Henderson spent a few days with his homefolks in Lynn county and returned Monday to Happy.

J. C. Terry, sheriff of Hale county, stopped over here a few hours last Monday enroute to Plainview. Mr. Terry has just recently returned from Roswell, N. M., where he was called on business.

W. A. Jennings, sheriff of Randall county, were among the many witnesses in the Reynolds case which was heard here this week.

NEWS ITEMS FROM THE IDALOU COMMUNITY

July 20—Another fine rain fell here last night. Old timers say we have the finest prospects for crops that have ever been known in this country. That sounds good as we know there have been some bumper crops raised here.

B. W. Wheeler, our local merchant has shipped more than two hundred and forty dollars worth of chickens the past week from here.

One car of hogs was shipped from here yesterday.

Tom Holt is now located in the old E. S. Kelly store house with a nice stock of goods.

It has been reported on good authority that we are to have yet another store in our village.

E. S. Kelly and mother from east Texas are visiting Mr. and Mrs. Kelly and family and also her daughter, Mrs. Sam Bowers and family, both of Idalou.

Quite a crowd attended singing at the Christian church this afternoon. Most of which had to come in buggies or horseback, owing to the mud caused by last night's rain.

George Noles and family returned the last of the week from a visit to the oil fields, where Mr. Knowles has oil interests.

Mr. Daniels from Georgia, is visiting his brother, E. T. Daniels, of this place. We do not know Mr. Daniels, but we do know if he has the pep of brother E. T. that he's allright. E. T. is our worthy gin man and is widely known in this part of the country as one of the best and has an up-to-date gin.

Misses Joy and Tessie Kelly have been enjoying a week's visit with their sister, Mrs. Jot Fincher and Mrs. Fletcher Richardson, near Canyon. They report a very enjoyable time horseback riding and etc. in the country.

G. C. Douglass who has been assisting our garage man W. R. Greer, in the Idalou Garage for the past week has returned to Spur, but expects to move to this place Tuesday and go in the garage business as a partner with Mr. Greer. They have both been very busy and have had Artie Weaver helping them the past week.

Idalou is on the map. We are going to put up a windmill, an elevated tank and stock tub right in the center of the main street for the benefit of our farmers and the general public.

Mrs. J. W. Brown and Mrs. Edd Nelson and children visited Mrs. W. R. Greer and family last week.

If anyone should ask you J. C. Morris has been working for the past few weeks on his farm south of town.

The Idalou baseball team, will reorganize Monday afternoon.

The Baptist people of this place are lining up to build a church. Good work. Come on good folks and help all you can. You may not be a Baptist, but you don't have to be to help build this church. You might want to use it anyway. We understand the Methodist people have already signified their readiness to help.

John Halbert harvested his fine patch of millet last week.

Dad Simmons, our village blacksmith, can be heard early and late pounding steel into shape to murder the invading army of weeds.

Idalou is to have another blacksmith shop by the first of August.

Idalou's new brick school house is soaring away high up.

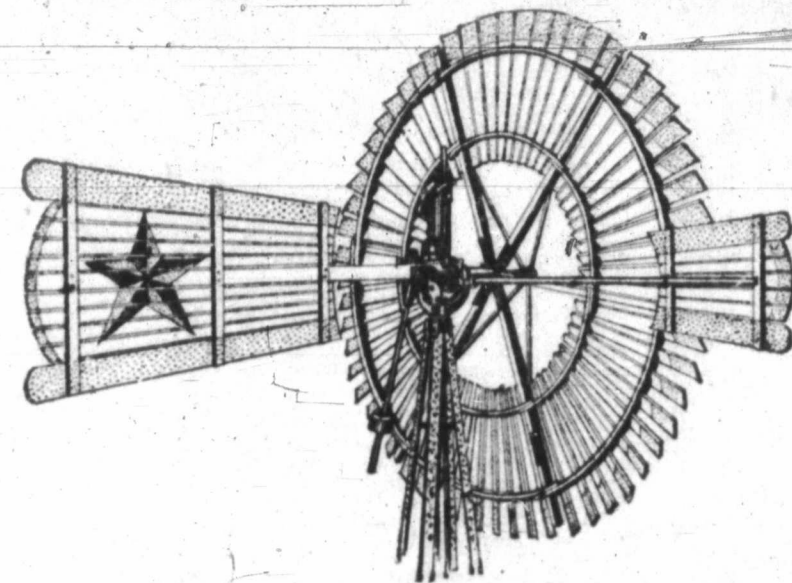

George Knowles was in town yesterday. Mr. Knowles says we are right over a pool of oil and he talks very serious of putting down a test well in or near Idalou.

Mrs. W. R. O'Hair orders here paper address changed this week to Coleman, where she will visit for a few months.

Hal Bradley returned from a few days visit to Dallas and points in central Texas Monday afternoon.

Senator W. H. Bledsoe and wife returned home last Sunday from Austin.

Star Windmills and Leader Windmills

You will always find every size of a Star Windmill in our stock, together with the Leader Windmills when you call. These mills will always do just what you will expect a windmill to do for you. Run light, last long and bring out a whirlpool of water for you. The Star windmill runs with the least amount of wind than any windmill on the market.

We carry a full line of repairs for these mills all of the time. So when you have wind storms do not be afraid, if the wind damages my mill I cannot secure repairs, for we have a good supply on hand at all times.

Come to see us when you are needing the old reliable windmills.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn, and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

W. D. Mayfield and family left Friday morning, overlaid for their future home in Abilene, where Mr. Mayfield has business interests. We regret to lose this good family and feel that in doing so we are giving up one of the best of our town. Mr. Mayfield has been a citizen of this place a number of years and as a man of business integrity and sterling worth he can not be surpassed. We commend them to Abilene, but part with them with much regret.

THE BUSINESS HYPOCRITES.

You know it is right difficult to get people to believe that a man is interested much in Lamesa when he sends all his printing out of town or orders everything he can from mail order houses. It is like the hypocrite in the church. He is just as much a hypocrite at the professed christian that goes to church Sunday and runs with the devil all the week. A business hypocrite and a religious hypocrite is exactly the same.—Dawson County News.

Lamesa is not the only place that people send out of town for their printing. Right here in Lubbock, where there is a printing plant that is equipped for turning out anything that is printed, some people have an idea that if it is printed at the home office that it will not be as good as that printed in some city shop. As a result they often get inferior printing—printing that they would not accept if the home printer delivered it to them, but they look upon it, and call it good if it comes from some out of town shop. Strange but true, yet these same people expect the local newspaper to boost 'em every step in the road, which we meekly do, for the sake of home-town loyalty and

see the other fellow get the grapes. Some of them say we cannot print as cheaply as the out of town man—how they know we cannot tell, for they have never given us a chance, and if they have they have just placed a small order that will run them "till our order comes in", and expect it to be at the same rate that the fellow filled the 100,000 order for. Business hypocrites!

As a general rule, however, Lubbock business people are loyal to the Avalanche, and with few exceptions we get the lion's share of their printing business, for which we are thankful.

FALSE ECONOMY.

There is a deluge of false economy that sweeps the rural districts of the country, continually, and it is costing the farmers millions of dollars every year, and that is the idea that a few hundred dollars spent in building sheds for their machinery is a waste of coin.

This year, as high as they are, there will be hundreds of row binders and other harvesting machinery purchased by the farmers of the South Plains, and we venture that there will not be one out of a hundred that will have a

shed for this machinery. In driving through the country one can see a row binder here, another piece of farm machinery there, plows in one corner of the field and mowing machines in another, a perfectly good wagon standing out in the hot sun, and the rain as it comes, and all these articles are deteriorating in value faster by rusting out than by wear and tear, and as a result a new machine must be bought, while if the former one had been properly cared for it would

still be good as new.

It is false economy for people to go along in this way and waste hundreds of dollars each year when the expenditure of a few hundred dollars one year will last for twenty years to come, and then some.

We know of one farm on the South Plains, where the owner farms on a large scale and has every known modern farm implement that the crops in this country demand. He has several row binders some broadcast binders, several cultivators, listers and other plows, a number of farm wagons. We have passed this place dozens of times, and all these fine implements are standing out in the open, with no protection whatever from the heat and the rain—damaged several hundred dollars, yet he no doubt thinks it economical to let them remain there and rust out. False economy.

While Lubbock county will make a good corn crop this year, we believe that Dawson county, according to report has the blue ribbon so far. It is reported that one farmer sent his boy out to hoe in the corn, and for amusement he climbed up one of the stalks to the first ear of corn, which was thirty feet and the stalk being sappy and brittle the ear broke off and the youngster fell to the ground with a terrible thud breaking an arm and otherwise bruising the young imitator of Jack and the Bean Stalk. That's too much corn stalk for us, but one man said he had corn—lots of it, ten and eleven feet high with three and four shoots to the stalk. Come to Lubbock.

Hon. W. H. Bledsoe seems to have swamped his opponent. The total vote has never been announced that we have heard of, but from various places over the district the vote has been overwhelmingly for Bledsoe. In Hereford he received 111 and Mr. Templeton four. On the strength of the overwhelming vote for Bledsoe, he was seated in the Senate last week, and his former office of representative declared vacant. Mr. E. A. Baldwin of Slaton, is a candidate for representative to succeed Mr. Bledsoe.

We do not fancy war, and wish that all difficulties between nations could be settled without the use of the sword, but this little carbuncle to the South of us, called Mexico, will certainly have to be attended to and that soon. They continue to kill and abuse Americans and destroy their property and their apologies amount to no more than did the scrap of paper to Germany. Mexico is getting in line for a genuine good spanking, and Uncle Samuel is going to do the laying on.

Up in Ochiltree county a county seat fight is raging. An election for the 23rd of August has been called for the purpose of voting on whether or not the county seat shall remain at Ochiltree or be moved to a new town eight miles to the northwest of Ochiltree on the new railroad that is being built through that county.

Fruits and Vegetables

The country is well supplied with both at the present, and our advice is to can and preserve all the surplus. Every indication is that both will be much higher this fall than ever. We have the Mason and Wide Mouth Fruit Jars in all sizes. Also Jelly glasses.

The press reports that former Emperor William is suffering from an ear trouble. No wonder. A human that has heard the waxes of anguish from dying, down trodden, innocent people, men, women and children that he is directly responsible for their sufferings, could not expect to escape a serious ear trouble or many other ailments. A demons hell is too good for such a man, and the kaiser will pay.

Unlike many of the eastern counties, the west is raising a great crop, and it is being harvested without loss or damage by rain. Many of the farms in East Texas, according to reports, are under water, or rain falls continually so that much of the crop will be damaged. Come to West Texas where the rain falls just as it is needed.

A Pennsylvania hodcarrier has recently inherited a cold million dollars from an estate in Italy. Just keep on working at the job, though yours may be a hard task, and though your occupation may be of the most humble, who knows that they may not awake some beautiful morning with a million dollar bank account.

The rains during the past week will be worth much to this country. Some portions of the county needed rain, and this one was a good one and will set the crops to booming again. Lubbock county will gather the biggest corn crop this year in its history.

Wonder what those north and east Texas fellows are going to think about west Texas—the country that was eternally "blowed up by drouth," when they read that the station switches and yards are blocked in places on account of the heavy movement of wheat from the west?

As a result of the oil boom at Burkburnett the postal business of that town has greatly increased according to the following figures: One year ago about 1500 people got their mail through that office while at this time it is estimated that 25,000 people are served from that office.

Rains over Hale county the past week have totalled a precipitation of from three to four inches. This will greatly benefit all kinds of row crops in that county, according to reports.

Parties from northwest Lynn county report a two-inch rain Saturday. This will put the row crops in good condition, and will practically insure corn.

Drilling was commenced on a well near Happy this week. They will possibly strike laughing gas before many weeks.

Lake Trammell, at Sweetwater, the source of Sweetwater's water supply is reported full for the first time since it was built in 1914-15.

Come to Lubbock.

"Oh You Women"

With Ernest Truex and Louise Huff

A PARAMOUNT PICTURE

"Cling to Your Petticoats, Girls!"

You may yearn to be a "new woman"—emancipated—twentieth century model—and all that sort of thing; but stop, look, listen. See "Oh, You Women..." and throw away those trousers.

Just suppose you had been a soldier lying wounded in France and longing for home and the girl you'd set your heart upon.

And suppose you'd come home, only to find your mother too busy with

men's work to meet you, and your job stolen by the girl you loved?

And suppose that in your search for a regular girl you had found nobody in the whole town but she—men and women wearing pants?

What would you do?

You'd do what Abe Jones did in "Oh, You Women..."—a big, smashing, timely picture hot from the griddle of world events.

BROWNFIELD TALK FROM THE HERALD

Since our last issue, a great deal has been accomplished in the way of making up an attractive program that will draw a record breaking attendance here on August 1st and 2nd and every committee is working in perfect harmony for the best thing ever witnessed in Brownfield, and we are all witnessed that this is saying something. The following is about what has been decided on up to going to press and we will give the balance next week: Hon. Pat M. Neff, one of the best orators that Texas ever produced—and she has produced many—will address the people on a live subject on Friday, the first day at 11 a. m. We have secured the services of a splendid band that will discourse sweet music at intervals throughout the two days. Airplanes! Negro fight both days free of all cost! ball games galore, and dancing for those who like it. There will be a lot of stunts for the cowboy that always amuses any crowd, consisting of bronc busting, trick riding, goat roping, riding the steers and taking bells from their neck while riding him and steer roping, and a purse of \$640.00 has already been put up for this fund.

An effort is being made to get the railroad company to run a special train down from Lubbock both days that will make connection with the morning trains at that place. And of course the people will all have their faces fed—FREE—both days, and that alone is worth considering. Then there will be other speakers here to keep the people from getting restless besides the many side shows and doll

racks etc. for those who care to spend their money that way. And the best feature of the whole thing is, that it is mainly intended as an honor to our returned heroes and a boy in uniform or his best girl, if she happens to be with him, must not be charged for anything on the ground.

The space around the court house and the walks to it are being given a heavy coat of cement dirt this week, which will not only lend attractiveness to them, but will keep this space from blowing out, and also keep the walks from being so muddy in rainy weather.

Several attempts were made this week to try out the well for the water system, but each time it became sand locked after a short trial, but it made as high as 50 gallons per minute before becoming sandlocked.

Two of J. P. Long's boys, Dick and Hunter, accompanied by their sister, Mrs. Roy Beall, from Arizona, came in last week on a visit to their parents. They were met here by their father and Sheriff John Keller, of Plains and conveyed by autos to that city.

MISS ZONA AND LULA PEEK VISITING RELATIVES

Misses Zona and Lula Peek arrived here recently to spend the remaining part of the summer with their relatives. Miss Zona has been acting librarian and Miss Lula faculty clerk with Piedmont College in Demorest, Ga., for some time. Miss Zona will be librarian for the State University, commencing this fall and Miss Lula will enter the College of Industrial Arts at Denton this fall.

U. S. EMPLOYMENT OFFICE AGAIN OPENED

Amarillo, Texas, July 15.—The United States Employment Service is again on the job at Amarillo, Texas. Although this office was practically closed for the last several weeks, the past mistakes must not be remembered or held against the service. It is regretted that there should have been any misunderstanding or misrepresentations, as the Service is one that has done inestimable good service at all points in the State of Texas, where it has established offices and it has not lost its efficiency here in Amarillo. The service has opened its offices at the old quarters, room 332, Third floor, Federal Building, Post Office, corner 7th and Taylor Streets Amarillo, Texas, with Raymond G. Miller as examiner in charge, and who offers his services and assistance to the general public entirely free of any charge.

Anyone desiring employment, either man or woman, is requested to apply at this office, and state their qualifications and desires; it is especially urged that all employers of common labor, or skilled, as well as farmers or others, no matter what their immediate needs may be, domestic help, etc., call on this service for assistance, and it will render same absolutely free of all charges and make the most strenuous endeavors to remove the doubts caused by previous misunderstandings.

The Service has offices established at various points throughout Texas and if the immediate needs of employers cannot be filled at once from applicants for employment located at Amarillo, every method and means will be adopted to secure sufficient labor to fill all the needs and relieve the situation.

It is understood that many of the farmers, especially in the immediate vicinity of Amarillo consider that they have a grievance against this service account of the misrepresentations made to them and it is this class of employers especially that are earnestly requested to come to this office and use the services of the Examiner in Charge in securing sufficient help to supply their needs;

and every possible means and methods will be used to restore the original amicable relations, and impress on them the fact and impress upon them that this service is one entirely free from all charges to either the person seeking employment or the person desiring to secure help and it is believed that they should appreciate the advantages and benefits to be derived from the patronage of same.

BARTSCH TAKEN TO AMARILLO RELEASED ON \$750 BOND

Earnest Bartsch has been released on bond of \$750 fixed by the Judge of the Federal Court at Amarillo. He has returned to his home in Hale Center. Bartsch, it is alleged, was arrested at Hale Center and placed in the county jail at Plainview. No complaint, to the knowledge of the local authorities, had been filed against him and Wednesday he was released by Sheriff J. C. Terry. Before Bartsch had left the courthouse yard it was learned that a complaint had been filed by a Federal revenue man in the Federal Court at Amarillo charging violation of the prohibition laws. It is alleged that Bartsch had a small distilling plant in his field near Hale Center.

Bartsch is not a citizen, having taken out only his first naturalization papers, according to the authority arresting him.—Plainview Herald.

habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

no Worms in a healthy Child.

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
