COURT WILL DISCUSS ROAD BONDS

MONDAY AFTERNOON THE COMMISSIONERS WILL TAKE UP ROAD BOND QUESTION WITH C. OF C.

COTTON CLASSER FOR LUBBOCK LIKELY BE EMPLOYED

This Matter Will Receive Attention of the Farmers and Business Men at a Mass Meeting Saturday, and Every Cotton Farmer Should Attend this Meeting.

Mass Meeting With Commissioners Court to Discuss Roads.

Acting upon the desire of the Commissioners Court to perfect plans for the improvement of the roads of Lubbock County, the Chamber of Commerce calls upon all citizens who are interested in good roads to meet with the Commissioners Court next Monday, August 11th, at 1:30 p. m.

The Commissioners are working out a plan for a permanent system of roads for this county, and have in mind a bond issue for that purpose. The plan in general is to issue bonds, put the building etc., in the hands of a competent road engineer, and thus be able to get both state and government assistance in the building.

The time has come when Lubbock county, if it is to stay in the lead or even on par with surrounding counties, must make arrangements for better roads. Permanent roads is the solution of the problem. The present methods are only temporary, and unsatisfactory, and are a continual expense for upkeep.

A permanent system, taking in the leading roads of the county, can be built for a reasonable sum, and place every farmer within a short distance at least of a good road. This means much to every citizen of the county. It means less expense for hauling, larger loads, and a chance to haul at any time, regardless of weather. It means a great convenience for not only all citizens of this county, but will put Lubbock county in a position to take care of the heavy transient traffic continually passing through. It puts us in position to comply with the requirements of interstate and state highways.

R. K. HENDERSON SELLS INTEREST IN FURNISHING STOCK

R. K. Henderson, of the firm of Henderson and Jones, of this city, sold his interest in that firm to J. M. Jones, brother of Herd Jones, part owner, this week. Mr. Henderson and family will leave in a few days for Mineral Wells, Texas, for a visit and vacation. Mr. Henderson is unable to state yet, as to whether he will leave our city permanently or not, but it is probable that he may. J. M. Jones, the gentleman that bought Mr. Henderson's interest, has been in the furnishing business in Oklahoma for some time. He and his brother, Herd, were associated in business in that state. Mr. Jones will move to Lubbock in the immediate future.

J. H. EMERY HAVE FAMILY REUNION NEAR TOWN

A family reunion, about seventy members of which were present and several friends, was had the latter part of last week at the home of J. H. Emery. We understand Mr. Emery makes it a regular yearly event and that this was one of the best attended. Barbecue and other good eats were at the disposal of the visitors. Here are a few of those present: John Watt, Eugene Pitman, William Emery and their families, sons of Emery; J. H. O'Neal, Robt. Haney, J. R. Evans and Will Mudd, and families; sons-in-law of Mr. Emery. Mode Haney and family, old friends of the Emerys. All reports of the reunion are that a pleasant week-end was spent by all visiting.

IDALOU IS SHOWING A RAPID GROWTH

Last week we passed through the little town of Idalou which is showing a fine growth just now. The fine new school building is coming up, and it will be a dandy when completed. Idalou has one of the best country schools to be found, and the patrons are progressive and are determined to give their children the very best facilities possible. The McAdams Lumber Company is making some improvements that indicate their business growing, and will add much to their facilities for taking care of the lumber business in that part of the country. We learned that a number of new business enterprises would be opened there this fall.

CENTRAL TEXANS HERE PROSPECTING FOR HOMES

Again prospectors are coming to this county, as of earlier times, only with a better idea of the country in their minds before arrival.

Among some of those who arrived here Monday morning looking for land investments were; G. W. Carver and W. E. Campbell of Temple, Texas, and O. A. Pearson, of Bexar county. These gentlemen, we find by speaking with them, had a correct idea of our country before coming here, and their visit so far only substantiates reports made to them. Mr. Carver, of Temple, has been here two or three times before, but failed somehow to purchase property. He will this time, we understand, and probably move here this year. Mr. Carver and Campbell are acquaintances of Louis Quillen.

WEAVER BROTHERS RETURN THIS WEEK FROM NEBRASKA

S. H. Weaver and family, and A. V. Weaver and children, arrived here Tuesday afternoon from Omaha, Neb., where they have been since about the first of this year, helping in the increase of capitalization of the Sprague Tire and Rubber Co. of Omaha. The trip was made from that place here in their cars, a distance of about eight hundred miles. We understand they will again open their place of business here and stay permanently. Mrs. A. V. Weaver stopped over at Wichita, Kansas, and took the train to Oklahoma City for a short visit with her father, D. Moncrief. Mrs. Weaver will return in a few days.

SUDAN HAY MARKET SEEMS SLOW IN LUBBOCK

Marketing for the large forage crop of Lubbock county, will be a problem as hard to deal with successfully we believe as getting sufficient farm help. Already farmers who have cut and baled their hay are finding that market conditions are anything but favorable.

One man with whom we talked on the streets this week with a fine load of Sudan, says that he was offered \$12.50 a ton for it, or about one-fourth of what it brought during the winter months.

We understand the County Agent is working on plans now to help the farmers in marketing of the large forage crop and believe this step to be appropriate for the time being.

MEXICANS JAILED HERE WANTED FOR THEFT

In response to a message from Clovis, N. M., requesting the arrest of two couples of Mexicans on the last Saturday morning train, resulted in their arrest at Slaton by Deputy Sheriff Nolan.

There were two women and two men, all young, brought to the Lubbock county jail, waiting for New Mexico officers to come after them. Reports reached Mr. Holcomb that the Mexicans had stolen about \$85 and a good six-shooter from a Clovis party. Mr. Holcomb secured the gun and part of the money.

E. C. PRIEST RESIGNS AS CITY SECRETARY

E. C. Priest has recently handed his resignation into the city, as secretary. This step was made by Mr. Priest we understand on account of personal business matters which needed his attention. The position has been taken by J. R. Germany of Dallas, an all round bookkeeper and clerk with years of experience. Mr. Germany will be known as among those who help install the new plat system into the county records.

WATERMELON FEAST FOR WOODMEN AND FAMILIES

Next Monday night, August 11, there will be spread a watermelon feast at the Woodmen Hall for all the Woodmen and their families who will come, and a special invitation is extended the children of the Woodmen to attend this meeting. Two or three wagon loads of fine melons have been secured, and will be served to your full capacity.

WOODMAN UNVEILING AT LUBBOCK CEMETERY

The Woodmen of the World of this place will unveil the monuments of three departed sovereigns Sunday, August 10th. The general public is invited to attend and the members of the lodge here or any visiting Woodmen are requested to be present. Meet at the Hall Sunday afternoon.

CROWELL DELEGATION HERE TO INSPECT M. E. CHURCH

A delegation consisting of J. T. Hicks, Presiding Elder of the Stamford District of the Methodist church, the pastor of the church at Crowell and several members, all from that city, were in town the first of the week, looking through the building of the local M. E. church, for the purpose of making their plans for the erection of a similar building. Among those who were here from Crowell, were: Emily Purcell, Mrs. C. P. Sander, J. H. Hambler, D. R. Yoder, Jas. H. Lynn and wife and I. R. Lynn. We understand the erection of the building for Crowell will be commenced in a short time and that the church of this city will be in part a model for the Crowell church.

FIRST SHIPMENT OF WYOMING CATTLE TO ARRIVE SOON

Senator Kendrick of Wyoming, has recently made arrangements for the pasturage of the Cedar Lake range in Gaines county. We understand from the best obtainable information, that he will ship five thousand head of stock cattle to that pasture in the immediate future.

Only a few weeks ago, a wire was received by Carrol Thompson from the Extension Department of the A. & M. College of this State, asking for information to be furnished to parties in the drought stricken portions of Wyoming and Montana about securing range for stock. Local cattlemen at once made arrangements for pasturage and notified that country.

From reports, many thousand head of stock, sheep and cattle, will be shipped to the South Plains for the coming winter.

FOARD COUNTY MAN TO HAVE GROCERY HERE

W. L. Graves of Foard county, who has been here several days, visiting with his brother, J. L. Graves, left Sunday morning for his home. Mr. Graves while here visiting was also prospecting, and we understand he and his brother of this place bought the W. C. Bryan grocery stock and business in this city. Mr. Graves has a large crop in Foard County and he will stay there until harvesting of the crop is completed before moving his family to this city to make their permanent future home.

LOCAL LUMBER DEALERS STATE "BUSINESS GOOD"

Lubbock county farmers are preparing in many ways to care for the large harvest of grain expected this year. One of these being the erection of large barns, or additions to the ones they already have. Remodeling of houses also in the city and the country is taking a start, as reported to us by some of our local lumber men, and many sales of material is being made daily for these purposes while a few are for the erection of new homes.

\$110 FOR TON COTTON SEED NEAR WACO

W. D. Lawson, of Waco, formerly a citizen of this county is here this week visiting with friends and attending to business matters. Mr. Lawson owns property in our county at the present time. In speaking of the crops and prices expected to be paid for them Mr. Lawson stated that in his county only very recently, cotton seed was wanted by buyers willing to pay as much as \$110 a ton.

MANY LUBBOCK PARTIES ATTEND BROWNFIELD PICNIC

Last Friday morning, the beginning day for the Brownfield picnic, many of our local people left on the train and in cars to attend. Among some who went from here were: A. J. Hicks and wife, S. A. McCaskill and family, G. K. Watkins, B. C. Dickinson, Judge Bean, and Dr. A. R. Ponton. Everyone returning from there, with whom we have heard express themselves, seemed to have had a great time, plenty of amusements and lots of good barbecue.

ATKINS SELLS CITY HOME TO DR. A. R. PONTON

W. B. Atkins, consummated a deal last week, whereby he sold his home in the west part of the city to Dr. A. R. Ponton. Reported consideration \$12,000.00.

This is one of Lubbock's prettiest homes, and Dr. Ponton is to be congratulated for securing this property. We understand that Mr. Atkins bought several lots of R. A. Sowder, on West Broadway, and will build a nice residence on the property in the immediate future.

OKLAHOMA BANKER LIKES LUBBOCK

HE SEES MANY IMPROVEMENTS IN THE CITY SINCE HE LAST VISITED HERE, DENOTING GENUINE PROGRESS

SUGGESTIONS TO SUPPLY SHORTAGE OF LIVESTOCK

Farmers Are Sure to Have an Immense Feed Crop This Year and Mr. Martin Says a Fine Way to Realize Good Prices Will be to Put Legs to Some of the Feed Crop.

T. P. Martin, President of the Oklahoma Stock Yards Bank at Oklahoma City, was here this week, looking after business matters. He is well pleased with the conditions and prospects in the Lubbock country, and though he has been in Lubbock, many times, he notes the greatest improvement in the town this time than on any previous trip.

He notes also the great increase in acreage of our land that has been put in cultivation during the past year or so, and the large number of new homes that dot the country over, and the improvements that have been placed on the land.

Mr. Martin says that he has loaned for his bank large sums of money to cattlemen all over the Lubbock country in years gone by, and never have they sustained a loss, which would indicate that the business from this section been entirely satisfactory, and from the trend of his conversation, we judge that they have plenty more money that they are willing to put out to these stockmen when they need it.

Speaking of the tremendous feed crops in this section, Mr. Martin says every farmer should feed a bunch of livestock—cattle, sheep or hogs, as this is the best way to get good prices for their surplus feed. He says this is being done in Oklahoma, and for many years the farmers have been making big money off their crops even when the market for feed stuff was dull.

Mr. Martin is a great believer in Boys Clubs, and was glad to know

that a number of our boys are already lined up with the County Demonstration department through the pig clubs over the county, and told us of a plan that was being used in that state financed by the banks and packers, which is putting the boys all over the state in the pig business, and they are making big money and at the same time are furnishing thousands of fine hogs for the markets. The plan is something like this. The banks put up enough money to buy a registered and bred sow, the bank is to receive two pigs from the first litter and the boy is obligated to sell a pig to another boy on the same terms that he bought his, thereby forming and endless chain scheme that is resulting in many of the boys being in the pig business and selling thousands of hogs each year.

There is a great demand for meat hogs also cattle and sheep, and the supply will simply have to be grown as so many livestock of every kind were put on the market on account of the dry weather, over large portions of the United States that the supply of breeding stuff is very low, and the fellow that directs his attention to breeding herds now will, win out.

We believe his suggestions are good and practicable, and hope that our people will take this suggestion from a man with practical experience. Our farmers are sure to have more feed stuff than they can sell on the market and will have a big surplus. Why not sell some of it in the form of fed livestock.

LORENZO IS A LIVE LITTLE TOWN—FULL OF BOOSTERS

The editor made a business trip to Lorenzo last week, and found that little town a busy place. It was Saturday when we visited that village, and there was a large crowd of people there trading that day, and the business men seemed to be enjoying a liberal patronage. Crop conditions in that section seemed good, and the three large gins at that place will likely cut at least twenty thousand bales before the season is over. The business men over there are progressive and awake to the development of their town and the surrounding country, and will make Lorenzo a popular trading point for hundreds of farmers.

While there we spent a short time with Editor Quinn, of the Lorenzo Enterprise, who is printing the best paper that Lorenzo has ever had and in fact it is possibly the best in the county. Anyway it is a good one and the people are appreciating his efforts by giving him a liberal patronage.

AUTOMOBILE TURNED OVER LAST SUNDAY AFTERNOON

An automobile, driven by Cecil Honey, son of Baxter Honey, of this place, turned completely over last Sunday afternoon, resulting only in damage in a small way to the car. Three boys were the only occupants in the car at the time of the accident. Those were Cecil Honey, who was driving; Hez Montgomery and Stiles McGarver. No injuries were received by the members.

The accident happened about one mile south of town, near the W. H. Flynn place. Reports are that the driver of the car that turned over had attempted to pass another car, driven by Roe Gainer, also of this place, for some reason or other Honey drove too far to one side of the road and hit a rough place with a rank growth of weeds, breaking one front wheel, resulting in the car turning over.

MORE SOLDIER BOYS ARRIVE FROM OVERSEAS SERVICE

George Smith, Leslie Green, and Scott Walker, three Terry county boys were met here Sunday morning by their parents in cars. These boys have all seen many months overseas service, having enlisted in the early part of the war with the 5th division, and because of detached service were held there months longer than others of the same division.

BARRIER BROTHERS MAY OPEN STORE IN PLAINVIEW

Messrs. G. C. Barrier, manager of Barrier Brothers Dry Goods Co., and R. B. Barrier, Jr., a member of the firm, were here Monday, going over the ground with the purpose in view of adding here the fourth link in their chain of stores, they already having stores in Lubbock, Brownfield and Floydada. They went to Floydada yesterday afternoon, to look after their store there, and will come back to Plainview to perfect their plans.

They are quite prominent dry goods people. The first of the year they bought out the old Lubbock Dry Goods Co., at Lubbock, and have since remodeled and made modern the building occupied by the firm on the west side of the square in that town. —Plainview News.

STOKES-KITCHENS MARRIAGE AT BROWNWOOD SUNDAY

Allen Stokes, a young farmer living near this city and Miss Elvie Kitchens, daughter of Mr. and Mrs. L. W. Kitchens, of Brownwood, formerly of this place, were married last Sunday at the home of the bride's parents in Brownwood. Miss Kitchens is well known here and has many friends, who we will join in wishing to them a happy married life. They will make their home in Lubbock county, we understand.

PAVING PETITION BEING SIGNED BY THOSE INTERESTED

A petition, asking for the paving of several blocks of street in our city is being taken around to the citizens this week by the local Chamber of Commerce president, E. L. Klett. We find that the citizens of this place who are as usual wish to do those things which go to make a nice city; up-to-the-minute in looks as well as truth, are signing that petition readily. So far very few, if any, are offering objection.

John Deere Corn Binder

The Binder With the Power Bundle Carrier

For harvesting a row crop the John Deere Corn Binder is the best binder on the market. Seventeen roller and ball bearings assure light draft, together with easy operation of all parts.

The Power Bundle Carrier, a distinctive feature of the John Deere machine, dumps all bundles beyond the path of the horses and practically parallel to the standing corn. All you have to do is simply press a foot trip lever—the bundle carrier does the rest.

The all steel, quick turn tongue truck relieves the horses of all neck weight and enables you to make a short turn. The axle of the tongue truck is flexible, allowing the wheels to follow the uneven ground.

Come in and see this better binder. We want to show you its other distinctive features—large, wide tired wheels, wide spread steel stub pole, case hardened Knottter parts, indestructible steel eveners, etc. We can make deliveries now.

THE WEEK'S BUDGET OF CANYON NEWS

Canyon, Aug. 4.—The big meeting that is to be conducted by Bro. Lyon and his brother from Dallas, will begin August 10. Everyone try to attend this meeting.

Mrs. Fincher spent from Friday afternoon until Sunday evening with her mother of Idalou. She attended the meeting while there.

Mr. Emile Heinrich and father, F. Heinrich from Fayette County, were looking over the land of Mr. Emile Heinrich and also the fine crops on the plains.

Mr. Fletcher Richardson has just got his new windmill put up, after the recent windstorm that came and tore the old mill completely up.

Mr. C. C. Forbs and family, and Cullen Richard left Thursday for two weeks visit to Houston, Wichita Falls and other points before returning home.

Mr. Forbes sold his home place Wednesday receiving a reasonable price for the land, \$50 per acre. He will probably look for a location near the coast before returning home.

Mr. C. A. Walton returned from Arkansas last week.

Mrs. H. M. Williams will probably be home by next Sunday if she has no more trouble with her shoulder and lungs.

Prospectors are traveling thick through here. They are from the eastern states mostly.

Mr. A. Judd from Lubbock had some prospectors from Oklahoma out looking at the A. C. Buchanan place.

Mrs. Wagner has purchased a new piano. She now has the girls taking music.

Messrs. John and Bromo Crim are taking a two weeks' visit motoring over the north plains and prospecting. The social center met Friday night August 2. A very good crowd was present.

Quite a number from here went to Idalou Sunday.

Mr. E. C. Barnett and children were among the Lubbock visitors Saturday.

CARD OF THANKS.
We are leaving Lubbock but we do not say that we will not come back. However, we wish to thank everyone of you for the great welcome extended us and for your many expressions of friendship. It is with a feeling of regret that we leave and we cordially ask that you extend to our successors the same degree of friendship and cordiality shown us during our stay in the city. We wish everyone of you the very best in life. Sincerely,
R. K. Henderson.

CHRISTIAN ENDEAVOR CONVENTION AT LITTLEFIELD

Amarillo, Texas, Aug. 4.—The Panhandle District Christian Endeavor Convention will be held Friday, Saturday and Sunday, September 5, 6 and 7, at Littlefield according to a statement issued by P. Hicks-Daniel, district President. Correspondence has been had with state officials for several weeks and the above mentioned dates were finally agreed upon.

It is expected that this year's convention will be one of the most successful ever held. The conventions of the past two years were greatly handicapped because of the war. Even the president elected for the year 1917-1918 went into military service, thus causing great inconvenience to the district work.

Littlefield endeavors have announced that they will make great plans to take care of the visiting delegates. These delegates will be furnished lodging and breakfast but will buy the other two meals at places especially arranged. Littlefield is on the Santa Fe line between Lubbock and Clovis, N. M. In order that delegates may reach Littlefield with the least amount of delay, arrangements are being made for them to get off at Hale Center and they will be taken overland in motor cars.

Christian Endeavor work following the war will come in for its share of attention, according to those familiar with convention plans. The detailed program has not been announced, but it will be ready for publication in about two weeks, it is believed.

The Texas Christian Union has become part of the Southwestern Federation, containing several states. W. Roy Breg, now general secretary, was formerly general secretary of the Texas Union. Mr. Breg has been a familiar figure at Panhandle conventions in past years, but it will be impossible for him to attend this one. Miss Jessie Butts, of Fort Worth, will be the principal Christian Endeavor speaker at the 1919 convention. Miss Butts served as superintendent of the intermediate department last year for the state union and made a splendid success of the work. She was at the Panhandle convention held in Amarillo last year, beginning her work at that convention. Miss Butts was recently selected a field secretary for the Southwestern Federation and it is a coincidence that she will also begin this work by attending the Panhandle District convention.

The addresses of Miss Butts at the convention are expected to be full of

inspiration for Christian Endeavors. Miss Butts attended both of the Christian Endeavor conferences held at Lake Worth and Kerrville, being in charge of the one held at Lake Worth. She also attended the Texas State convention at San Antonio—the greatest ever held in the state where 1700 delegates registered, and will attend the International Conference to be held in Buffalo this month and her first addresses following her return from Buffalo will be the Panhandle convention.

There are more Christian Endeavor societies within the Littlefield area probably than near any other city in the Panhandle. Because of this convenience to endeavorers, it is believed that the attendance will be just as large as if it were held in Amarillo, for instance.

Officers of the Panhandle district are: P. Hicks Daniel, Amarillo, president; Miss Tina York, Amarillo, vice-president; Mrs. P. Hicks Daniel, Amarillo, Secretary; James P. York, Amarillo, treasurer. Department superintendents are: Efficiency, Luther Griffin, Hale Center; Evangelism, Roy Nunn, Hereford; Missionary, Miss Flora Bess Hopping, Littlefield; Intermediate, Miss Kate Arnold, Memphis; Junior, Miss Abena Richardson, Memphis; Publicity, Buford B. Holland, Amarillo.

Mrs. K. E. Edmonds of Littlefield has been appointed chairman of the registration committee for the convention. All persons expecting to attend are urged to write to her and pay the registration fee 50c.

PUBLIC OPINION.

What Is Democracy.

I have been asked the following questions: "What does Democracy mean? What kind of Democrat are you?"

1st. I am an anti, as to all the new brands of democracy.

2nd. I am an anti progressive democrat, because the democrat party was formulated upon democratic principles, and there is no such thing as principles progressing; if a principle is right one time, it is right all the time.

3rd. I am an anti new-party democrat, because the move is wrong and will lead to bad politics.

4th. I am an anti ratifier because ratification of the suffrage amendment by the legislature annuls the voice of the people.

5th. I am an anti, as to the rights of women to vote in the primary elections, because I think its unconstitutional.

6th. I am an anti, as to the Federal Suffrage and prohibition amendments, because they encroach upon reserve rights of the States. (Here think it fair to say, I favor State prohibition.)

Democracy means "Government by the people"

A form of government in which the supreme power is retained by the people, but is indirectly exercised through a system of representation and delegated authority.

A constitutional representative government.—Webster.

The law making power of the legislator is limited by the written constitution, made and adopted by the people. The procedure in carrying out the principles of democracy requires big men; not of the Webster class, but a man that can stare a political right or wrong in the face, no matter how either may glitter, and stand for right, and put his back upon wrong, is a big man.

Of late years there has been some criticism of the government taking action in the business affairs of the country. It is a fundamental principle of democracy, for the government by law, to protect the people against frauds, oppression, organized combines, trusts and profiteering. At the same time by fair laws, to protect and encourage, all legal business enterprises, public and private. In a nut-shell, the cardinal principles of democracy are: That the supreme power of government is retained by the people, and that the voice of a majority of the people expressed at the ballot box by legal methods, is the supreme law of their government, and that the organic laws adopted by the people is a limit direct and indirect, upon the powers delegated to their representatives.

Of course, as time rolls on new political issues come up, which should be fairly canvassed before the people, the first and main question is, does the issue counter the organic laws—the constitution—if not, then the peoples representatives has the power to make the law, based upon said issue, and it will be democratic.

Years ago, when a man announced himself as a candidate for a political office (not a ministerial office) especially legislative office, he had to go before the people and state as to what party he belonged to, and how he stood on all the political issues then pending before the people. There was no hope of being elected without he did so.

A few years ago, as a rule, this was all changed, and the sweet talk method come in vogue, the candidate had to still come before the people, but only to make promises, what he was going to do for the dear people, if elected, but this kind of stuff finally petered out. At present the method is so it seems, the moon method, as to the candidate's politics, and how he stands on pending political issues, he simply gets the endorsement of a few men of all grades of politics as to his standing as a citizen. This endorsement is published throughout the election district, and the endorsee campaign is ended. And the bulk of the people are expected to vote for this candidate, without ever seeing him, and without knowing his politics as how he stands on pending political issues.

No wonder a well informed good man (man that I like) asked me: "Judge, what does democracy mean? what kind of a democrat are you?"

With all candor I ask can a man vote for a moon political candidate without voting blindfolded?

Objects to Bond Issue.

Editor Avalanche:

I see in your paper where you are advocating a bond issue to build highways to Lubbock. Also where the Commercial Club is going to meet with the commissioners court to discuss the advisability of ordering an election for a bond issue to build roads, or from all information I can gather auto highways through the county. My view on the situation as a citizen and tax-payer, is that it is an improper time for same. We have just had two hard years on us and we are all (or most) of us behind, and need a chance to even up before any more tax is added.

Also at this time, like labor is, it would cost twice as much to construct a road now as it would when times were normal.

The State has went batty on appropriations and has had to raise the State Tax to 75 cents on the \$100, and if the \$75,000,000 bonds carry that carries a 20 per cent raise, which will make State taxes 95 cents, our county tax about 60 cents, and school 50c, all making a total of \$2.05, and the times and high prices the farming class can't stand it.

Just think of a man with a little half section valued at \$10 per acre, (and I am reliably informed that the Hon. C. C. has been raising sand with the court already about not raising the valuation) would be \$65.60 taxes on same, without an extra 15 or 20 cents to carry the bonds.

Now, if the C. C. want to boost their town, boost, but don't try to put the expense on us drouth stricken farmers. True, we have fine crop prospects now, but our past living expenses and past due notes and interest is going to have to be looked after.

I also notice in the papers where these highway "lords" are raising sand about trucks running over the auto highways. Now, I venture the assertion that in less than two years (or as soon as they get all the bonds voted they can) they bar the farm wagon from traveling them. You will say, oh, they can't do that. You look at the sign at each end of the drives by the court house, who is helping to pay for them. And with the present legislators it looks like they might get any kind of a law passed they would ask for.

You all cut your weeds and level up your streets, so your tourist you are taking on so about wont think when they drive into the Hub of the Plains it ain't some old deserted mining or saw mill town in Colorado or Arkansas, and am sure it would look better to a prospective settler than a \$300,000 debt would.

And give us farmers a year or two to even up and profit by some of the mistakes our sister counties have made by being too hasty, and then we will meet you on praying grounds with good will to all energetic and conservative boosters. I am,

Respectfully yours,
A. V. McCARTY.

MORGAN-JUDD WEDDING LAST SUNDAY MORNING

Elmer A. Morgan and Mrs. Mert Judd were quietly married at the residence of Rev. Griswold, who conducted the ceremony, last Sunday morning. Loyd Morgan, brother of Elmer, and wife were present to witness to the wedding.

Mr. Morgan has lived in Lubbock about two years, coming here from Victoria, Texas, where he was connected with a lumber company for some time. During the time he has been in Lubbock he has been the manager of the Bowman Lumber Company of this place, and is well and favorably known in our city.

Mrs. Morgan is the widow of the late Mert Judd who was killed in an automobile accident in Denver, Colo., some two years ago. Her maiden name was Sallie Holden, and is a sister to Mrs. Jack Stricklin of Brownfield. She has been employed as linotype operator for Editor Stricklin for some time. She has made her home in Terry and Lubbock counties for many years, and has a host of friends who join with us in wishing to them a happy and contented married life.

J. W. Moss, of San Augustine, Texas, father of Mrs. H. E. Miller, of this city, is here this week visiting his daughter. Mr. Moss, we understand, is also making his visit here a prospecting tour, and is highly pleased with Lubbock county.

L. R. Stapp, of Plains, was a visitor here last Saturday. Mr. Stapp was enroute to the eastern part of New Mexico on a short business visit.

DRY GOODS STORE OF J. E. MURFEE ROBBED

Last Saturday morning when the J. E. Murfee Dry Goods store was opened for business it was found in a complete state of disorder. Men's and boys suits were scattered about, some lying on the floor in a heap; hats had been recklessly scattered over the cases; shoes had been removed from their places and the entire men's department had been disarranged.

Investigation proved that thieves had gained an entrance during Friday night or early Saturday morning by tearing loose a screen on a rear window, breaking a small hole in the glass in order to raise the window. Muddy tracks were found which showed the culprits had crawled through the window in the office and over the desk to get in.

It was a daring robbery from several standpoints. The thieves, or at least two of them, donned their newly acquired apparel and left their old clothes scattered about the store. They evidently had some trouble fitting themselves out with shoes, as they were forced to go to the show windows for two pairs. Scraps of partially burned paper were found, which it is supposed were used for a light. Several suits of clothes, at least three pairs of shoes and an equal number of hats are known to be missing. Shirts and other haberdashery were also taken to complete the wardrobe of the thugs.

It would appear that the robbers were not in need of money, as no money was taken and no attempt made at the safe. No clues of importance have been found as yet, but it is thought that the thieves had been employed in the harvest fields here, and did this job in order to dress up before leaving for greener fields.—Pampa News.

JUDGE SPENCER TO PRESIDE OVER PLAINVIEW COURT

Following the appointment of Judge W. R. Spencer of this place, to preside over court in the Plainview District, where the Plainview District Judge was disqualified because of the nature of the case, Judge Spencer left Thursday (today) for that place for the purpose of setting a date for the hearing of the case. LUBBOCK SOCIETY NOTES

MRS. A. B. ELLIS, Phone 605.

Mesdames Witherspoon and B. H. Jones entertained the 1916 Needle Club Tuesday afternoon at the home of the latter. On arriving the guests were served iced fruit punch. Dainty needlework was the diversion of the hour. At the close of the social hour a short business session was conducted and the following officers elected for the ensuing year: President, Mrs. Jno. Moore, Vice President, Mrs. Frank Brown; Secretary and Treasurer, Mrs. Panch Arnett. An ice course was served to the members and guests of the club, Mesdames A. E. Logan, and W. C. Barnett, Misses Eula Logan and Teal, of Ft. Worth, sister of Mrs. Jones. The ladies of this club voted to not meet again until the first Tuesday in October.

Class Party.

The Wesley class of the Methodist Sunday school was royally entertained by Mrs. Ed Robinson at her home on West Broadway Tuesday evening. The guests entered a Bible contest which proved very instructive. Delightful music was given by Mr. Brown on the saxophone and Mrs. Boyle and Mrs. Robinson on the piano.

Ice tea, fried chicken, bread and butter sandwiches and fruit salad was served to the following: Mr. Brown, Mr. and Mrs. Dow, Mr. and Mrs. Rylander, Mr. and Mrs. Roe, Mr. and Mrs. Sims, Mesdames Walton, O'Neal, Richardson, Nail, Leslie, Reynolds, McCaskill, Faulk, Trinkle, Lyon, Boyle, and Robinson.

Impromptu Dance

Dancing seems to be the favorite pastime for the younger set, whose energies do not flag, in spite of the warm weather. Monday evening Mrs. J. T. Hutchinson entertained with a dance in honor of her nephew, Stiles McCarver, of Clarksville. Fruit punch refreshed the dancers during the evening. The following enjoyed the occasion: Misses Edith Carter, Alice Lee, Pansey Posey, Ida Lou Ellis, Olive Bates, Jane Mann, Irma Barner and Vernon Brown. Messrs. Arnett Pearson, Cecil Honey, David Benson, A. B. Conley Jr., Hex Montgomery and Stiles McCarver, of Clarksville.

Jones-Baldrige.

A simple home wedding occurred Sunday afternoon, August 8th, when Miss Lena Jones and Mr. Joe Baldrige of this city, were united in marriage at the home of the bride's parents in Bee House, Texas, the Methodist minister of that place officiating.

The bride is well known and well loved here as her pupils in the Geo. M. Hunt school building can testify. Her many friends rejoice that she is to make her home here permanently.

The groom is a capable and rising young business man of Lubbock.

Mr. and Mrs. Baldrige arrived here Monday morning for a short stay with relatives but left for a few weeks outing in Colorado, after which they will be at home to their many friends in Lubbock.

William Gardner of Ranger, and Miss Vellie Stringer, of this city, were quietly married last Sunday morning at 9 o'clock in the Methodist church, Rev. J. T. Griswold officiating. The bride is the daughter of Mrs. Virginia Stringer of this city and greatly loved for her gentle disposition and unassuming manner. The groom until recently has been in Camp Shelby Mississippi, but now holds a responsible position in Ranger. Mr. and Mrs. Gardner left Monday for a visit with relatives in New Mexico, but will return in two weeks to visit the bride's mother, before going to their home in Ranger.

Honoring Miss Bernard.

Miss Nancy Dupre assisted Mrs. Sid Taylor in entertaining the latter's sister, Miss Martha Bernard, of Paris, Monday evening. "42" was enjoyed the first part of the evening. Ice cream and cake was served to about eight couples.

Mr. and Mrs. Raymond George entertained last Friday night in the home of Mr. and Mrs. William George complimentary to Miss Ida Lou Ellis. Iced punch was served to the following guests: Misses Pansey Posey, Julia Jennings, Scotty Denton, Irene Lowrey, Mayme Watkins, Cecil Sims, Ruth Carlton, Una Davis, Louise Arnett, Eunice Smith, Olive Bates, Francis Conley, Ida Lou Ellis; and Messrs. Hex. Montgomery, Fred Sims, J. C. Duff, Jr., Charlie Baird, Lee Duggan, Dudley Farrell, Newman Boles, Arnett Pearson, A. B. Conley, Jr., and Stiles McCarver, of Clarksville.

On last Wednesday evening, July 26, 1919, Miss Jewell Pollard entertained with a seven o'clock supper at the home of her parents, Mr. and Mrs. P. J. Pollard in honor of Miss Bessie Washburn, from St. Anthony Sanitarium, Amarillo, Texas. Only a few friends were present. Watermelon was served at five o'clock to the following: the honoree, Miss Bessie Washburn, Mr. Johnnie Ogles, of Amarillo, Miss Jewell Pollard, Mr. Ernest Lindsey, Mr. and Mrs. P. J. Pollard, Mr. and Mrs. J. D. Lindsey, Mr. and Mrs. E. B. Sanders and baby.

The home of Mrs. W. B. Powell was the scene of a delightful affair Tuesday afternoon when the Auction Bridge Club was entertained by Mrs. Powell. Four tables of ladies enjoyed the ever fascinating game of Auction Bridge and were refreshed with punch as the game progressed. At the close, delicious peach ice cream and cake were served to the members and guests including Mesdames Harry Miller, W. S. Posey, John Simpson, B. U. Malone, Rix, Lotspeich and Doyle of Kansas. Mrs. C. A. Rush will be hostess to the club next week.

Complimentary to Miss Martha Bernard, of Paris, Misses Nancy and Margaret Dupre entertained Monday afternoon in their lovely home in West Lubbock. After a pleasant time spent in music, games, laughter, etc., delicious iced fruit and watermelon were served the following young ladies: Misses Irma Pryor, Maggie Hensley, Fern Parks, Lola Craig, Neva Strickland, Nobia Slagle, Lena V. Griswold, Martha Bernard, Nancy and Margaret Dupre.

Mr. Hugh Waldo Michael and Miss Virgie Mae Bertrand, both of this city were quietly married in the home of the bride's parents, Mr. and Mrs. Bertrand, Thursday, August the 31st, at 4 p. m. Rev. Liff Sanders officiated. The bride has made her home here for several years with her parents. The groom is the son of Mr. and Mrs. Michael and won many honors in France by his bravery and undaunted courage. They will continue to reside in Lubbock.

Moonlight Picnic.

The Senior League moonlight picnic was attended by a large crowd Tuesday evening. About twelve couples motored to the second Crosbyton bridge where a delicious feast was spread. On account of the rain the crowd returned to the Sam T. Davis home where everybody enjoyed watermelon and the usual generous hospitality of Mr. and Mrs. Davis.

Birthday Party.

Miss Eddy Garrison was the honoree of a most delightful surprise party Friday night given by Mrs. J. D. Quick, it being the occasion of Miss Eddy's sixteenth birthday. A crowd of girls enjoyed the evening and Miss Eddy was the recipient of many beautiful gifts. At the close of the evening ice cream and cake was served.

Brown-Lindsay.

OUR GREAT DIVIDEND OFFER EXTENDED

GIANT allows you a few days of grace. It is an unusual privilege we extend to you. But we don't want anybody to miss a good thing like this. We offered you stock in the Giant Oil Company first as a pure gamble. It was and is a safe, square deal chance to bet your loose change on oil. We have let the contract for the derrick for one deep test well on our 8500 acres in the Texas Panhandle, right on the line of extension from Ranger and Burkburnett to our neighbor, the 6-million-foot Hagegood well. If we get oil a few shares will be worth a fortune. If we don't you can't lose a cent. We won't let you invest more than \$100. You can get this stock now at ten cents a share and we'll pay you the 10 per cent stock dividend. For every share you buy at a dime now we'll give you one extra share free. You can buy as little as a dollar's worth. Just send us your spending money. We don't want you to mortgage your house or your salary to buy this stock. A dollar, or five or ten is what you can afford. And it may make you independent. Get your order in quick. Don't miss this chance.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

Take **CARDUI** The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the ... My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over, I think ... I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman of years of age. I do all my housework. Try Cardui, today. E-76"

Mrs. Joe Bentley and daughter, Vera, from Walton, Okla., are visiting her mother, Mrs. Z. P. Copp, and says she will stay a month if she don't get too homesick.

The young people enjoyed a party at Mr. Russell's Saturday night.

Mr. Bud Copp and family went to Slaton Saturday night to the ice cream supper. They report a fine time and a very large crowd.

Mrs. Griffin's mother and brother, who have been visiting her from east Texas, returned home last Wednesday.

Mr. and Mrs. Griffin, Mr. and Mrs. T. B. McDonald and Mr. Pounds were visitors at Mr. Bud Copp's Sunday, and all enjoyed the good watermelon they could eat in the afternoon.

Bro. Ross' meeting started at Joe Stokes Sunday. They are expecting to have a good meeting over there. The meeting was put off at Woodrow until the fifth Sunday.

Tobe Marcy and father were in town last Saturday from their Meadow farm. Mr. Marcy is showing that he is a real farmer, besides raising the regular field crops, he also raises fine vegetables. This we know to be a fact for in his car when he arrived here, were about one hundred or more pounds of the nicest looking onions we have ever seen, that he had brought to market.

Nature and the Indian

The Indian never liked work but he wanted his aquaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug possum root for her for that was their great remedy for female weaknesses.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

JACKSON, MISS.—"Dr. Pierce's Favorite Prescription is a good medicine and I have recommended it many times to women who suffer. This medicine was a great comfort to me after motherhood. The doctor seemed unable to give me any relief or help, but I had very prompt relief as soon as I started to take the 'Prescription.' It cured me of my trouble and restored me to a perfect state of health, and that is why I do not hesitate to speak a good word for Doctor Pierce's Favorite Prescription whenever I have an opportunity."—Mrs. K. N. H. Wright returned Wednesday morning from Breckenridge, where he has been for some time attending to business matters.

Percy Spencer made a short business trip to Post City this week, going Monday night and returning Tuesday morning.

Mrs. Isabelle Shaver, of Abernathy, is now in a local sanitarium receiving medical treatment.

OIL REPORTED TO HAVE BEEN STRUCK NEAR BIG SPRING

Much excitement has been created in the Big Spring country here of late over the apparent existence of oil in that country, which has been brought more forcibly to the eyes of the public, through a number of large oil companies which have leased holdings and are drilling wells. Oil in paying quantities is thought will be found. From a letter of a gentleman in Big Spring this week we reproduce part, showing the prospects of oil findings in that country:

"The oil business is getting good. They have struck oil in the Brunson well. I don't think there is any doubt about it. Several men here went down to the well yesterday and one man brought back a bottle of the oil and water. They struck it right under rock, and as they had not cased off the water which was above the rock, it got mixed. They sent a car to San Angelo this afternoon to get implements, needed to do the work, so that it may be ten days before they really know what they struck. They made this strike, exactly where the geologist said they should find something, about 750 feet."

The Brunson well is located about 21 miles southwest of the town of Big Spring, and about fifteen miles northwest of Garden City. It is one of the first wells to have been started in that country, and is owned by the Texas Producers Oil Co.

J. H. Harler of Hardeman county arrived here Tuesday morning for a few days visiting with acquaintances and prospecting. Mr. Harler says that in his county, they will make their best crop for many seasons this year.

Mrs. J. M. Lupton and children, of Cameron, are visiting her sister, Mrs. Lula Cone.

R. D. Dodd and wife returned home the latter part of last week from a few weeks visit and vacation in East Texas. Mr. Dodd is operator at the local railroad station.

LOCAL NEWS ITEMS OF INTEREST FROM BROWNFIELD

Terry County Herald.
Clifton Barrier, a member of the firm of Barrier Bros., who went over to France with the sandstorm division, came in home this week, being accompanied by a younger one of his sisters from Lubbock, who will spend several days here visiting.

Miss Mary Lou Meriwether called on the Herald this week, and informed us that instead of teaching at Lubbock, as she and her sister originally intended, they would teach in the Clovis, N. M., schools, as they pay better salaries than the Texas schools of the same grade.

The meeting at the Church of Christ started on schedule time Sunday morning, although the preacher was delayed somewhat on account of car trouble. Mr. Hugh Clark having brought him down from Lubbock. They were also accompanied by Mr. Clark's mother. While Elder Dixon is a young minister, he is giving some real masterful sermons, and one and all are cordially invited to go and hear him.

The Baptist meeting that has been going on here for the past ten or twelve days, was brought to a close Tuesday night, and while there perhaps were no visible results that can be seen today, we feel sure that the church has been greatly revived and strengthened, and that the results will show forth later. This has become quite a strong congregation of this faith, and they are now looking for a pastor in keeping with the importance of the church.

Marvin Parks, son of Mr. and Mrs. W. M. Parks, of near Gomez, came near getting seriously hurt Sunday afternoon, when a Ford car turned over with him near the Sawyer residence. Several people eat dinner out

NEW HOPE NEWS OF THE PAST WEEK

Mrs. Gus Havens and children are visiting relatives in Coleman county. The Methodist protracted meeting at New Hope was postponed on account of the illness of the pastor, Rev. C. E. Lynn, of Lubbock.

E. F. Payton and family of Stanton, spent Sunday with Mr. and Mrs. R. Huber.

J. C. Roberts, Gus Havens and Louis Richardson attended the barbecue at Brownfield Friday and Saturday. They report an enjoyable time with plenty of good things to eat.

Mr. and Mrs. J. M. Reed, of Coleman, are spending a month with their son, J. R. Reed and family.

Mr. and Mrs. W. R. Adams and daughter, of Woodrow, spent Sunday afternoon with Mr. and Mrs. L. W. Wilke.

Cecil Richardson attended a party in the Union Community Saturday night.

August has been dealing us some good old summer time weather, but the fine rain Tuesday night cooled the atmosphere considerably.

James W. Payton, one of our Lubbock county boys, who has been in Uncle Sam's service the past two years, returned Sunday from overseas. We are glad to welcome him back.

Mrs. S. D. Stewart has as her guest, her sister from Clovis.

Some of our farmers say that a greater yield of sudan could not be shocked on the ground where it grew. That's some crop.

The broom corn is about ready to pull with equally as great yield. The prospectors are beginning to visit our community and most of them come on Sunday. If I were a real estate man and couldn't make a living without selling land on Sunday, I'd hunt another job. As far as we are concerned we are not anxious for neighbors of this type.

SERVICES AT CHURCH OF CHRIST THIS WEEK

Aug. 9. Morning—Keeping the Heart; Night—The Word Spoken by Angels.

Aug. 10. Morning—Lifting Up the Christ; Night—The Great Salvation.

Aug. 11. Morning—"These Signs" or Spiritual Gifts. Night—What must I do to be Saved.

Aug. 12. Morning—Faith, Hope and Love. Night—Salvation by Grace—Not of Works.

Aug. 13. Morning—The Mote and the Beam. Night—The Thief on the Cross.

Aug. 14. Morning—The Royal Law. Night—The Change of Heart.

Services daily at 10 a. m. and 8:15 p. m. Come.

W. E. Inmon, son of J. T. Inmon, of this place, arrived Sunday morning from Camp Pike, where he recently received his discharge from the army. Mr. Inmon enlisted here in the early part of the war, with company H, 118th Engineers, and saw 10 months overseas duty.

The home of L. N. Dalmont, proprietor of the Plainview Nursery, was totally destroyed by fire last Saturday night. The occupants narrowly escaped with their lives. The fire started about midnight and all the occupants were asleep in the upstairs apartments. Escape was impossible by way of the stairs so they went through the windows onto the porch roof and escaped down the gallery posts, with only their night clothes on.

George Boles and Joe Hilton took in the celebration at Brownfield last Friday. Mr. Boles says the bronc riding was quite an exciting feature of the program. One of the riders mounted what proved to be a spoiled horse and was an angry pitcher, but being unable to dismount his rider started to run and fell with his head under him. The horse died instantly, but the rider escaped without injury.

The Avalanche is in receipt of a letter from the Secretary of the Tucumcari, N. M., Cow Boys General Round-up, stating that a bunch of boosters from that place will be in Lubbock some time this week, accompanied by the Tucumcari Boy Scout Band, to tell us about the big event that they have staged for three days August 20-21-22.

In this issue you will find two ads of the Lindsey, one the regular high class program of picture plays and the other telling of the "Olympians" who will be here the week of August 11 to 16. Read the ads and remember the dates.

Mr. and Mrs. Roscoe Wilson were among those who attended the celebration at Brownfield last Friday and Saturday.

J. W. Burton, attorney, of Crosbyton, was here one or two days the first of the week on business.

Get Ready for the Lubbock County Fair

Below we give the preliminary premium list for the South Plains Fair at Lubbock, September 18th, 19th, and 20th. We have not yet been able to make out a full list, many classifications being left for further consideration.

We have endeavored so far as possible, to make our premium list conform to the standards set by the Dallas State Fair. We especially wish to call your attention to the fact that premiums are offered canned fruits and vegetables, pickles, preserves, etc., only when exhibited in quart jars. This is the only size that may be exhibited for premiums at the State Fair. We also wish to suggest that in preparing your exhibit you use the large mouth, glass topped jars recommended by the Home Economics Department. This will make your exhibit much more attractive. Miss Halsey, the County Home Demonstration Agent, will be glad to give you any assistance you desire along this line.

Further announcements will be made just as soon as possible. The Boys and Girls Club Section will probably appear in the next issue. In the meantime, we wish to urge everyone to make preparations to exhibit at the fair this fall. We have the best crop we have had in years, and we want to make the very best showing possible.

We would also like to have you send in some of your products to add to our permanent exhibit at the court house. Just now we especially would like to have some good plums, pears, apples, extra large peaches, and grapes. If you have some extra good specimens of these, or any other fruits, and vegetables, bring them in.

GEO. W. BRIGGS, Secy.

Important Announcement to Government Savings Chairmen

Just Issued—The most attractive Government Security yet offered to the Public—registered Treasury Certificates in denominations of \$100.00 (maturity value) and \$1000.00 (maturity value.)

What Treasury Savings Certificates are:

1. They are tax free.
2. They bear 4 per cent interest compounded every ninety days.
3. They mature January 1st, 1924.
4. They may be cashed at option of holder for purchase price plus accrued interest any time before maturity date.
5. They never depreciate in value but, on the contrary, they increase monthly and this increase in value is guaranteed by the United States government.
6. They are registered in Washington which prevents loss by fire, theft or in any other way and each bears inscribed thereon the name of purchaser.

Sales credited to W. S. S. Quota—By special arrangement of the United State Treasury Department, all sales of these new and attractive Securities are credited to your War Savings Stamps quota.

Cost of Treasury Savings Certificates—The \$1000.00 (maturity value) Treasury Savings Certificate only costs the same as two hundred (200) War Savings Stamps, and is worth \$1000.00 January 1st, 1924. The \$100.00 (maturity value) Treasury Savings Certificate costs identically the same as twenty (20) War Savings Stamps and is worth \$100.00 to the holder on January 1st, 1924. The \$1000. Treasury Savings Certificate may be purchased this month for \$836.60. The cost of the \$100.00 Treasury Savings Certificate is only \$83.60 this month.

Exchange feature—Persons, firms and corporations owning War Savings Stamps of the 1919 Series, if they desire, may exchange them for Registered Treasury Savings Certificates, provided the War Savings Stamps are properly affixed to War Savings Certificates, each War Savings Certificate bearing the name of the owner. Ten filled War Savings Certificates, each having affixed thereon twenty War Savings Stamps, may be exchanged for a \$1000.00 Registered Treasury Savings Certificate. One or more filled War Savings Certificates, each bearing twenty War Savings Stamps may be exchanged for one or more \$700.00 Registered Treasury Savings Certificates.

Description of Treasury Savings Certificates—The \$1000.00 Treasury Savings Certificate is about 6x4 in. in size and is lithographed in brown. The \$100.00 Treasury Savings Certificate is about 6x4 inches in size and is lithographed in blue.

How obtained for re-sale to the public by banks and trust companies—Treasury Savings Certificates in the denomination of \$1000.00 (maturity value) and \$100.00 (maturity value) may be obtained for re-sale to the public by all banks from the Federal Reserve Bank, Dallas, the El Paso Branch of the Federal Reserve Bank, the Houston Branch of the Federal Reserve Bank, and from any of their bank correspondents. The \$100.00 (maturity value) Treasury Savings Certificate may also be obtained by purchasers at all post offices of the first and second class.

Demand Heavy. The demand for these new securities is very heavy. Although they have just been issued, four hundred seventy-nine of the \$1000.00 (maturity value) Treasury Savings Certificates and seven hundred fifty-three of the \$100. (maturity value) Treasury Savings Certificates have already been sold by Government Savings Chairman, banks and postoffices and large orders from banks of this District are being received at the Federal Reserve Bank daily.

The \$1000.00 (maturity value) Treasury Savings Certificate is proving the most popular Government security of similar denomination yet offered the public since no former security of like denomination has the attractive combination of Registration, Safety, Income, Redeemability and Convenience which it offers. Banks, individuals and business establishments contemplating the maximum purchase of 200 War Savings Stamps are manifesting a decided preference for the \$1000.00 (maturity value) Treasury Savings Certificate.

For months we have been working for the issuance of this Government Security and I know you join me in rejoicing that these Certificates have been issued and that by special arrangement of the Treasury Department their sale is credited to your War Savings Stamps quota.

With the two Registered Savings Certificates of the denominations of \$100.00 (maturity value) and \$1000. (maturity value), your quota can be reached in record time.

Sincerely yours,
Frank M. Smith,
Federal District Director.

RAILROAD HEAD LETS CONTRACT FOR EXTENSION

Cisco, Texas, July 26.—R. G. Lee, president of the Cisco & Northwestern Railway, has awarded the contract for the construction of his line of railway from Cisco into Parks and Caddo oil fields of Stephens County, to M. A. Wogan, of Denver, Colo.

The contract calls for a completed line, including track laying and bridging. Construction work will start immediately. Grading outfits are already in route.

Even the most chronic Wilson probe in the Senate will have difficulty in pointing out anything in the President's address that could not have wounded his sensitive feelings.

LOCAL ITEMS FROM THE LAMESA REPORTER

A Methodist meeting is in full swing at McCarty and quite a number of town people attended Sunday. Dr. Hendricks of Lamesa is doing the preaching for the pastor, Dr. Dixon. You never heard the title Dr. applied to them? Well they have as much right to it as dozens who have received it. D. D. is conferred for pull more than merit. Just a title of honor.

We are in receipt of a letter from Dr. Brice and he intimates that he may soon be a citizen of Lamesa again and may reopen the sanitarium.

Messrs. Morrison, Wells and others of Big Spring came up on Tuesday to meet with our people to discuss a change in the Puget Sound Highway from Big Spring, Lamesa, Tahoka to Colorado, Snyder, Post. From the interest manifested by our citizens we don't suppose they care as there were only about 20 present and 8 or 10 went up to Tahoka. About 89 have thus far joined the Chamber of Commerce. We need to get this matter to going and we will have some co-operation in matters of this kind.

All families who have moved to Lubbock from some other county since April first, and who have children in the scholastic age, please phone Supt. M. M. Dupre, immediately, so said children may be enrolled in school in this district and free text books provided for them. This must be attended to before August 15th. 5-2 M. M. DUPRE.

Gus Farrar, Deputy County Clerk of Scurry county, passed through here last Friday morning enroute to Brownfield, to attend the picnic and spend a few days visiting with relatives.

DATA GATHERED FOR POOL HALL LAW TEST

Austin, July 26.—Assistant Attorney General E. F. Smith has just returned from an extended trip through the northeast with J. M. McCormick, who has been taking evidence for use in the test case on the new Texas pool hall law which is to be tried by the Federal Court at Amarillo, Sept. 10th.

Smith says that McCormick took evidence from priests, preachers, Y. M. C. A. Men, etc., to be used in an effort to show that the playing of

pool is not an evil and that the State can eliminate undesirable features of pool halls without abolishing them.

MISS HALL'S STATEMENT REGARDING SIMPSON'S DEATH

Lamesa Reporter.

Miss Evelyn Hall who accompanied Fitzroy Simpson on his fatal ride, according to the Kansas City Star says she doubts her ability to identify Fitzroy's slayer. He was a smaller man than Fitzroy. They had been driving an electric coupe belonging to Miss Hall on one of the fashionable suburban drives of Kansas City with Miss Hall at the wheel. Becoming cool she decided to put on his coat and turned into the curb in front of a residence and stopped. As soon as the car stopped: "We were sitting talking when a man stuck a black revolver through the open car window and said, 'get out, and—be quick about it.' I noticed the man had on a dark cap and dark suit. The cap was pulled down over his face. Believing we were being held up I slipped off a diamond ring and dropped it on the seat. When he got out I noticed the other man was much smaller than Mr. Simpson. The latter's feet had hardly touched the ground when I heard a shot. Not a word had been passed between them except by Mr. Simpson when getting out of the car. Mr. Simpson said: 'what's the grand idea?'

After the shot was fired I did not scream. There was no struggle on the outside and Mr. Simpson did not utter a word. I did not believe he had been hit. He stood without moving for several seconds. It seemed to me 3 or 4 minutes. I could see his face in the light of the car. His face did not twitch and he gave no sign of having been wounded.

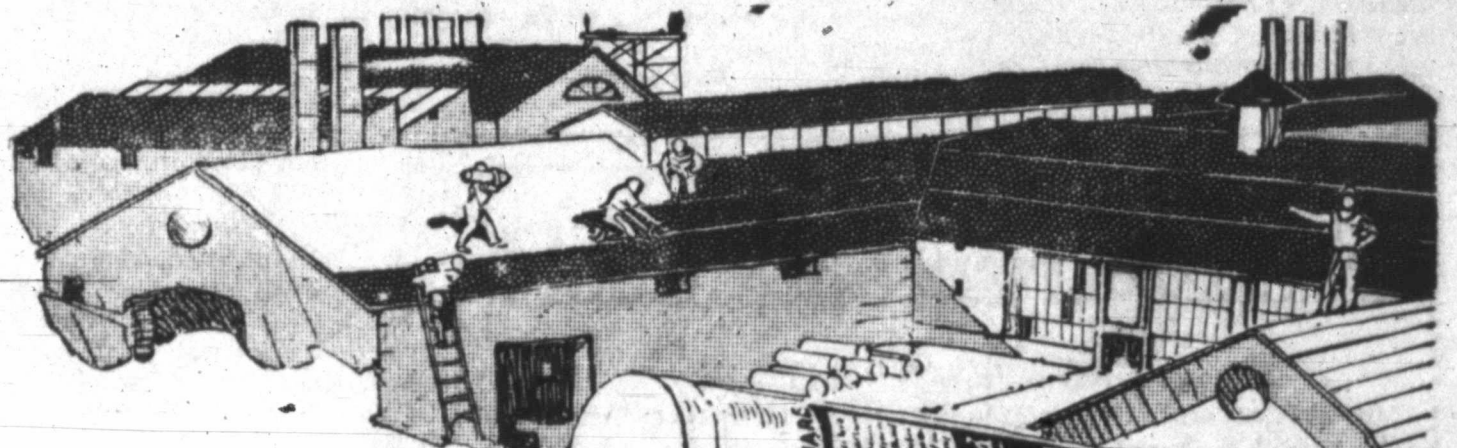

"The other man turned after firing the shot and walked west apparently in no hurry to get away.

He did not say a word and made no effort to rob either of us. Then suddenly without uttering a word Mr. Simpson fell forward. I thought he had fainted and stepped out of the car. I turned him over and saw a pool of blood and realized then for the first time he had been shot. I shook him but he did not move, then I screamed."

The above is Miss Hall's own statement of the killing as she saw it. She had known Mr. Simpson about two months, was not engaged to him and never had been engaged to any one. She is a brunette about 30 years old. Her father died a few years ago leaving about half million dollar estate.

A deputy Sheriff Houston was the first to arrive and he saw a man sitting in a car and another came running and remarked "let's go, there has been a shooting, and they sped away.

The deputy sheriff whom Miss Hall originally accused of Fitzroy Simpson's murder has been re-arrested for the crime. Just what his object was supposed to be is not stated.

"On the job"

Certain-teed forms a complete, seamless surface that sheds rain, snow and sleet year after year with almost no attention. It is always "on the job."

The most severe weather makes no impression on *Certain-teed*—nor can sparks, fumes, gas, smoke or insects impair its protective strength.

Yet *Certain-teed* costs no more—less in fact than other types of roofs. It is easily and quickly laid by anyone who will follow the simple directions that come with the roll. Upkeep expense is too slight to consider.

Your buildings, old or new—large or small—in city or country—should have the protection of *Certain-teed*.

Certain-teed is made in rolls, both smooth and rough surfaced, (red or green) also in handsome red or green asphalt shingles for residences. *Certain-teed* is extra quality—the name means certainty of quality and satisfaction guaranteed. It will pay you to get *Certain-teed*—most dealers sell it. Ask for *Certain-teed* and be sure to get it.

**POPE AND BEARD PURCHASE
TWELVE SECTION RANCH**

A deal has been closed whereby John B. Pope, Jr., of Fort Worth, Texas, and Rube S. Beard, of Littlefield, become owners of the Abbott Ranch twenty miles northwest of Plainview. The property comprises twelve sections. Part of it is sub-irrigated, and is a choice piece of ranch property. The consideration was \$150,000.

The parties who have purchased the land will move to it in the near future and will engage in the livestock business.

Mr. Beard has been cashier of the Littlefield State Bank, at Littlefield, for the past several years, and has been prominent in the banking and cattle business in the Littlefield country. Mr. Pope has been engaged in the cattle business near Swearingen, Texas. His father is one of the pioneer stockmen of the Panhandle country, having operated in the Clarendon country until his retirement from

active business a few years ago, when he moved to Fort Worth. Mr. Pope is a graduate of Polytechnic College, Fort Worth, and also a graduate of Harvard University. He is a successful stockman.—Plainview Herald.

**ITEMS FROM THE
SEMINOLE SENTINEL.**

The county tax rate for Gaines county for this year will be 69 cents exclusive of school tax. The county tax rate for last year was 43 cents.

Morton J. Smith, a ranchman of Lubbock, was here Saturday on business. He is pasturing a bunch of cows in the northern part of the county.

Postmaster McDonald stated this week that the matter of establishing the new mail route from Lovington to Seminole would soon be brought to a head; that he is still working to put the proposition through and has hopes that the route will be established at an early date. Mr. McDonald is to be commended for his efforts along this line and should be given all the assistance that he asks for. With the new route in operation Lea county will get its mail from the east one day sooner and from the west about noon instead of 5 or 6 o'clock as at present. This will mean that the merchants of Lovington will be able to answer their west bound mail the day they get it instead of having to wait until the next day.—Lovington Leader.

W. W. Nelson, Jr., of Snyder, is here this week to receive a bunch of steers he purchased from New Mexico parties. He will pasture these steers on his ranch a few miles southwest of Seminole. His father W. W. Nelson, Sr., is here with him.

Rufus Mitchell and family and A. L. Duff and family will leave the latter part of this week for a fishing trip on the middle Concho river. They will also attend the B. Y. P. U. encampment at Christoval before returning.

Sam Preston shipped 15 cars of steer yearlings Thursday. These steers were purchased from New Mexico parties, and will be pastured on Mr. Preston's Midland county ranch.

**SOME LOCAL ITEMS
FROM LYNN COUNTY NEWS**

The revival meeting, which had been going on at the Church of Christ for two weeks, closed last Sunday night, after a most successful meeting. Elder J. D. Burleson, of Hereford, did the preaching and was quite a treat to all to hear him during the two weeks that he spent here. A baptismal service was held at the tank of George Small east of town Sunday afternoon.

In conversation over the telephone with H. H. Green, head driller at the Cowan oil well south of town, late yesterday, he stated that they were drilling in a red shale at a depth of 2,510 feet. During the long wait for the new boiler, the well caved in something like 400 feet, after reaching 2350 feet. It is expected that the drillers will reach a depth of 2700 feet by the end of the week.

Miss Demah Brown, the 13 year old daughter of Mr. and Mrs. J. D. Brown, residing at Gail, Borden county, Texas, died at the home in that town last Friday afternoon. Miss Brown had never regained her strength after an attack of influenza several months ago. Mrs. S. W. Sanford, a sister of Mrs. Brown, attended the funeral services which occurred at Gail Saturday.

Light showers of rain fell over parts of Lynn county early Tuesday morning and at intervals during the day. The precipitation was not sufficient to be of material advantage to growing crops, though not needing moisture badly at this time.

MILWAUKEE ROW BINDERS

The row crops are often cut short with early frost. At this season of the year help is scarce and usually expensive. The best and cheapest way to harvest this crop will be to secure a MILWAUKEE ROW BINDER.

Milwaukee Row Binders are well made, light, of draft, and thoroughly practical, evenly balanced. Gear driven insuring you a quick pick-up when you start the machine. No jerking on account of drive chains. Simple to operate, with all controlling levers within reach of your seat thereby insuring you perfect control without stopping the binder.

The Milwaukee Row Binder has three sets of gathering chains on each side to control your feed while going into the binder.

Come in and see our sample set up on the floor. This machine affords an unusual amount of advantages to you which are worth lots of money.

**MORE LAND DEALS MADE
NEAR SHALLOWATER**

Every day we hear of more land deals being made or in process of making. Several pieces of land have sold recently near Shallowater, the last two we have information about was made recently when George German, of Whitewright, bought an improved half section of W. J. Brown, near Shallowater, reported consideration \$11,200. One section belonging to Messrs. Sampson and Storrs of this place sold also to Phillip Wise of Bonham, Texas, consideration was \$22,400.

LUBBOCK TEAM WINS FROM BROWNFIELD

Again the Bradley team wins the honors of another series of two games played. The first game between Brownfield and Lubbock, with Tucker as pitcher and Karr catcher for the first game played Friday afternoon, the game ended with a score of 4 and 5 in favor of Lubbock. Farrar and Rushing were the battery for Brownfield in the first game.

The second game was a hard contested one, but the score that was made by Karr in the first inning, served to win the game. It was a complete shut out game for the Lubbock boys. Karr starring by bringing in two scores. Ward and Karr were "Bradley" battery—Farrar and Rushing for Brownfield.

Both games were well attended and played with unusual good feeling among the members of both teams.

MANY BILLS SIGNED BY GOVERNOR HOBBY

Austin, Texas, July 28.—Governor Hobby today signed a number of bills of general importance, one of which, Senate bill 134, seeks to protect the State's interest in the Blue Ridge farm transaction. The bill recites that the Bassett Blakeley leases have been approved by the Prison Commission and by the Legislature and the Prison Commission is directed to exercise its option.

The Governor vetoed House bill 161, which abolishes the requirement that a common school district receiving State aid under the rural school appropriation must contain not less than nine square miles. Miss Annie Webb Blanton, State Superintendent of Public Instruction, in a letter to the Governor, insists that this provision should remain in the law, and thus prevent the districts from dividing into smaller areas for the purpose of obtaining more State aid than local conditions would justify. Miss Blanton's letter is attached to the bill and is given as part of the Governor's reasons for disapproving the measure, his notation of disapproval is "because of the possible abuses which may arise in the administration of the rural school fund set forth by the State Superintendent of Public Instruction." This is the only bill of the special session to be vetoed thus far.

Other bills signed today by the Governor are as follows:

House bill 102, a pure seed law.

House bill 63, amending a perfecting the warehouse law, requiring storage protection and fees charged.

Senate bill 80, extending the benefits of the county library law to small counties.

Senate Bill 61, fixing \$3,000 as the amount of bond for each supplementary textbook adopted.

Senate bill 147, perfecting the law covering the collection of delinquent taxes.

Senate bill 48, increasing salaries of probation officers.

House bill 48, validating numerous stock law elections.

Senate bill 83, making more stringent the provisions of the law regulating the practice of veterinary medicine.

Senate bill 157, providing for examination and licensing of land surveyors.

House bill 96, amending the anti-narcotic law so as to permit wholesalers to sell to retailers without the usual restrictions.

Senate bill 64, providing that after Nov. 1, 1920, a person who has had possession of real estate for twenty-five continuous years shall have been deemed to have a good, marketable title thereto.

Senate bill 65, providing that the dissolution of a corporation shall not operate to abate any suit against it.

House bill 44, providing that highway registration fees shall go to the support of the State Highway Commission.

House bill 167, releasing soldiers, sailors and marines from all penalties and costs by reason of nonpayment of taxes.

House bill 166, extending the county restroom law to smaller counties.

House bill 45, appropriating the registration fees and other funds received by the Highway Commission for its maintenance during the ensuing two years.

House bill 148, providing for consolidation of common and independent school districts.

CONGRESSMAN FERRIS BACKS PARRISH MOVE ON PROFITEERS

Washington, July 28.—As a means of lowering living costs, Representative Emerson (Republican) of Ohio, introduced a resolution today proposing repeal of all taxes and import duties on sugars and foodstuffs and the removal of the war tax on freight charges paid for the transportation of food.

Washington, July 28.—Representative Scott Ferris of Oklahoma, chairman of the Democratic National Congressional Committee, today in a brief speech in the House, took Republican Leader Mondell and his associates to task for proposing an adjournment of the House at this time, when much important legislation is pending upon which the public is demanding action. Ferris' remarks were in the nature of an official Democratic reprimand.

"There are two things before this

Congress upon which action is necessary and any adjournment, even if but for a month, delays action that long," he declared. "One is the proposition of soldier land legislation. More than 85 per cent of the soldiers have already been demobilized. They are being scattered everywhere and Congress is taking no action on the proposed land bills. These men want to know when Congress is going to act.

"There is another question, and I say this on my own responsibility as a member, that is with respect to the high cost of living. This subject has got to get attention from somebody. Conditions are such now that the small salaried man is not making enough to pay expenses. Congressmen are virtually working for their board, and Congressmen get good salaries."

Addressing the Republicans who are in charge of legislation, he declared:

"You have got to do something. This question cannot be ignored."

Ferris had in mind a resolution introduced by Representative Parrish of Texas providing for an investigation of the cost of living and legislation to punish profiteering. His resolution has been pending before the Rules Committee for approximately a month, and the committee will take no action.

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well.

PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES

SENATE JOINT RESOLUTION NO. 23 A Joint Resolution proposing and submitting to the people of the State of Texas an amendment to Article sixteen of the Constitution of the State of Texas, by adding thereto a new section and authorizing the City of Galveston and County of Galveston to issue bonds for protective works, irrespective of Constitutional limitation, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all other kinds of protective works in said city and county, without regard to any provision of any provisions of the Constitution of the State of Texas limiting tax, levies and creating an emergency.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. The city of Galveston and the County of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both City and County, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all other kinds of protective works in said city and county, without regard to any provision of any provisions of the Constitution of the State of Texas limiting tax, levies and creating an emergency, and for the purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for each purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two per cent, as a sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars, and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein declared, provided however, that that portion of Galveston County not lying within the corporate limits of the City of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the City of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston County outside of the Corporate limits of the City of Galveston, provided that

WILL WE SAVE THE CROPS?

Will we profit by past experience? Or will we go the same road and land headlong into an empty crib when a dry year comes upon us and no crop is raised?

As we see it, the mistake that has caused the farmer the most trouble in the past is the fact that they have never yet laid away one single thing for the dry years. This country, in our opinion, will always be visited by occasional dry years—years of short crops, then taking this as a truism and the experience of the past two years as example, why should our farmers not profit by the experience and in this year of plenty and to spare, arrange to keep at least enough feed stuff for their milk cows and work stock, chickens, hogs, etc., to run them through another year. We are satisfied that there will be several times as much crop produced this year as will take to run the farm, then why not sell the surplus, less enough to run you next year then continue to

lay aside some for the next year. Why not just as easily have a year supply ahead as be a year behind. We believe much better, because when the farmer sells his crop he may think he is getting a fancy price, but when it comes back to him in sacks it is extra fancy, and he more than spends the amount that he received for his entire crop, and it is some times hard to get even then. Lets save back some of this bumper crop for a dry year, so that we can be independent of the fellow that corners the market and takes advantage of the situation at our expense. Lubbock county will produce enough stuff this year to run the county five years. Will we save it?

A few loads of white dirt in the chug holes around the turning posts might help the conditions for the present. Every tourist that passes through the city finds these rough places. Why not give them a temporary treatment or move the posts one.

GET A SMILE ON.

The world is not half as bad as most people make out. There are ten things for which you ought to be thankful, for the one about which you whine. Is your liver bad? Be thankful you have any and keep the best side up. Have you rheumatism? Congratulate yourself that you are where the climate is too warm for ailments of this kind. Have you dropped a little money? Quit whining and thank God that you are given a chance to do a little hard work. Have your friends gone back on you? Stop caviling and show yourself worthy of friendship. If you but open your eyes, you will find dozens of people who have more right to growl than you have. Just meet pain, reverses, hardships, and misunderstanding with a patient and pleasant face, and you will live in a sunshine that will make misfortune a ministering spirit. Most of our trouble is with ourselves. With a right attitude toward outward circumstances, our lives may be as serene as a morning in June.—Ex.

William Gates, of Baltimore, an archaeologist, on his return from Mexico stated to the House Rules Committee last Monday that Carranza's rule of Mexico is not a government, but a band of outlaws both technically and practically. For this reason Americans are not safe in that country, and as long as this country will tolerate a continuance of the abuses of its subjects, just so long will murder and robbery of our people continue.

Travelers and prospectors form a good or a bad opinion of a town by the condition of the streets, the general appearance of the buildings, the school buildings, church houses, etc. It is up to Lubbock to correct the condition of the streets, clean up the vacant lots and build some more good church buildings.

"I will abide by the law if everybody else will," is the sum and substance of what a citizen of Lubbock says about the paying of the auto tax. Wonder what kind of a country this would be anyway, if every other citizen looked at the proposition like that.

It is the intention of the Avalanche that each issue contain some mighty good advertising for the town. News items of progressive nature are very much appreciated, and when our readers know of such will be pleased to have you phone us.

CARD OF THANKS.

I wish to thank all those who rendered me material assistance in my recent embarrassment, and to express appreciation for the good words said for me.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

TO ORGANIZE LAND OWNERS INTO OIL COMPANY

John R. Ralls, of Ralls, is planning to organize a giant oil company in Crosby county, including every land owner in the county as a stock owner, each to own stock in proportion to his acreage. Mr. Ralls has called a conference of the land owners for this week, and after the company is organized, details will be worked out.—Plainview Herald.

Plainview dealers are said to be paying over \$65,000 per day to the wheat raisers for their crop this year.
