ANOTHER PAVING MEETING TUESDAY

GOOD PROGRESS SHOWN IN MATTERS PERTAINING TO PRELIMINARY WORK IN THIS IMPORTANT MOVE

PAVING ENGINEERS WERE PRESENT WITH ESTIMATES

Survey of the City Will Be Made Beginning Within the Next Ten Days for Purpose of Getting the Proper Information Regarding Drainage

The city council, directors of the Chamber of Commerce and representatives from two engineering companies of Dallas met last Tuesday night to go further into the matter of paving. The petitions of the Chamber of Commerce were complete and presented to the council in due form, and revealed the fact that almost unanimously the people of Lubbock and owners of property effected by the paving had signed one or the other of the several petitions circulated.

One of the objects of this meeting was to discuss with the engineers the matter of making preliminary surveys of the town in order to get a fair estimate of the cost of the work contemplated, and if possible to make a contract for the preliminary survey, blue-prints, etc.

The Ellrod Engineering Company and the R. G. Caraway Engineering Company, both of Dallas, were represented in the meeting. The Ellrod Engineering Company was awarded the contract for making the preliminary surveys, which work will be started within ten days. Probably three or four weeks will be required to complete the work. The entire city will be surveyed with not only the idea of future paving, but also for the purpose of investigating thoroughly, the best course to take for drainage. The cost of this work will be included with the cost of construction of the entire paving program, should the result of the election which will be called shortly be favorable, and the contract is awarded to this same company. No money will be paid out by the city for the preliminary surveys and blue-prints, even though the election fails.

In the meantime the city council will investigate the city tax rolls to find what amount the tax will have to be increased for a sinking fund. This work we understand, will be completed by the time the blue prints have been made. Upon the completion of this preliminary work, an election will be immediately called.

As we understand, five per cent of the actual cost of construction of the present paving, as outlined in the petitions, will be paid to the company making the construction.

At this time everything is most favorable for the paving proposition, and it will mean a great deal for the future of our city. It would be hard for Lubbock to make very rapid advances without this important work being done, and the condition of our streets demand that something be done. The money that would be used for temporary improvement will go a long way toward making payments on the paving account, and property owners realize that it is real economy to go right ahead with the paving and get our streets in good condition.

Boost the paving along. It means a great deal for our city.

CATTLEMEN'S HOG CREEK OIL COMPANY SUED

The Cattlemen's Hog Creek Oil company, which is composed of mostly local people have unfortunately become involved in a million dollar damage suit, according to the following statement in the Dallas News of several days ago.

Suit for performance of contract or, failing in that, for \$1,000,000 damages was filed late yesterday afternoon by the Security Mortgage and Investment Company of Dallas against the Cattlemen's Hog Creek Oil Company and other defendants. The damage feature involves one of the largest sums ever sued for in the District Courts of Dallas County. The suit was filed in the Forty-Fourth District Court.

The basic of the suit is a contract alleged to have been entered into by the plaintiffs through Allen, Stemmons & Porter, also made defendants, by which the Security Mortgage and Investment Company claims to have bought the oil and mineral lease on a certain fifteen acre tract in Eastland County owned by the principal defendant. With the lease went a 500-barrel well already on the land, together with the derricks and other supplies. The consideration is alleged to have been \$400,000. The petition claims that, although the plaintiffs deposited \$10,000 in a Dallas bank as required by the contract and stood ready to meet its other provisions, the oil company failed to deliver the title to the lease and ignored the plaintiff's claim.

A receiver is asked to take charge of the oil now being pumped from the well already on the land which, it is alleged, has been taken by the Magnolia Petroleum Company every day since July 7, the date of contract. The Magnolia Company is hence made an additional defendant in the suit.

In the event that the plaintiff is not entitled to have the contract specifically performed, damage in the sum of \$1,000,000 is asked, first against the oil company and second against Allen, Stemmons & Porter, if the latter were not empowered to make such a contract.

W. F. SCHENCK RESIGNS AS ASST. ATTORNEY GENERAL

W. F. Schenck and family have recently returned to Lubbock to make their home. Mr. Schenck accepted the position of Assistant Attorney General and made Austin his home since about the first of the year. He however, retained his residence property in Lubbock.

After staying in Austin until a few weeks ago, Judge Schenck decided to hand in his resignation to become effective the first of September this year. The reason given for the resignation, in words spoken by Mrs. Schenck to the effect "that Judge decided that he preferred his law practice and his home in Lubbock to that of a position in the State capital."

Judge Schenck is now in Austin, and will probably remain there until the date of the effective resignation.

MONTE BOWRON WORKING HARD FOR LUBBOCK BAND

That Lubbock needs a good live band, for the entertainments of various natures, is too well known to need discussion. That to have a successful band, not only the co-operation of the business men who so willingly aid in financing a band is needed, but young men, or others who will play in the band are needed. Money by itself, make some music, a little money behind young talent will make more. Monte Bowron, the bandmaster is wanting at least five or six men to play. These men are needed now as preparations are being made to use the band for the county fair.

BUSTER FLUKE WILL OPEN BARBER SHOP AT SLATON

Buster Fluke and wife left Wednesday morning for Slaton, where they are now making their preparations to move and make their home. Mr. Fluke has been employed with the Elk Barber Shop at this place for several months. We understand he has purchased a shop at Slaton.

Mr. Fluke has many friends here who will be sorry to hear of his leaving our city.

A. M. HENSLEY WILL ERECT CHURCH AT RALLS

A. M. Hensley was awarded the contract for building a \$17,000 church at Ralls, work on which will begin during next week. This will be one of the nicest church buildings in Crosby County and quite an addition to the church plants of that town.

POST OFFICE BUILDING IN COURSE OF CONSTRUCTION

This week work commenced on the new postoffice building which will be constructed on the C. R. Naler lot, directly adjoining the Western Windmill Co., building on South Cedar street. This building we understand, was to have been completed by the first of October, but as it will require about sixty days to build it, occupation may not be effected on this date. At its completion, we understand, the post office will be installed immediately.

This new building will have a floor space of 3375 square feet; it being a one story building, 25x125 feet. New fixtures throughout, modern and many conveniences which were not had in the old building will be installed. The following being in part some of the specifications of the fixtures to be installed: 399 No. "X" Automatic Keyless Lock boxes; 292 No. "Y" Automatic Keyless lock boxes; 105 No. "Z" Automatic Keyless lock boxes; altogether 796, steel constructed, mahogany finished, each equipped with name holder and properly numbered. There will be one hundred and fifty General-Delivery letter boxes and 60 General-Delivery paper boxes; a General-Delivery Pier, 3 feet wide with window opening 13 inches. The office also will be equipped with Money Order, Registry and Postal Saving Piers, comprising one pier each, six feet wide; a parcel post pier provided with outside and inside shelves. These different piers to be properly designated by sign over the various departments and windows.

The following furniture is also included in this contract, all steel furniture furnished finished with mahogany; two stamp cabinets, one package case with fifty divisions, one roll top desk, one flat top desk, one revolving office chair, one wardrobe with 1 compartment, 1 table 72 inch long, one mailing case with 170 divisions without slip pockets, 1 bag rack, 1 stamping table, 1 dumping table, 1 combined letter and paper separating table, two rural carrier cases, 1 facing slip case, three wardrobes, 1 stock cabinet, one 72 in. table, one blank cabinet, standing bookkeeper's desk, 1 letter press stand, 1 typewriter stand, two revolving stools, 1 eight day clock.

SLATON COUPLE MARRIED HERE MONDAY NIGHT

Virgil F. Brazzell and Miss Thelma Griffith, of Slaton, accompanied by several young people of that city, drove over to Lubbock late Monday evening and secured marriage license. The young people went to Rev. Griswold's residence and were married there.

Mr. Brazzell formerly lived in Lubbock, having been employed at the Lubbock Drug Company for some time. We understand they will make their home in Slaton.

MISS BOONE TO RETURN HOME SOON FROM FRANCE

Mrs. W. T. Boone is in receipt of information from her daughter, Miss Lila, who several months ago was sent into the work of the Y. M. C. A. in France, that she would sail in a few days for the States, and will like to see her home soon.

WILL BE NO COUNTY FAIR THIS YEAR

REASON ASSIGNED THAT NO BUILDING COULD BE SECURED FOR EXHIBITION OF PRODUCTS IN LUBBOCK

SHOWS THE CRYING NEED FOR AN EXHIBITION HALL

Effort Should be Made to Build Suitable Hall by the Fair Time Next Year So That This Trouble Will be Averted in Future Years

On account of the fact that there is no building available, large enough to take care of the fair, the Board of Directors decided at a meeting Wednesday morning to hold no fair this fall. Every building large enough to hold a fair in is full. There is nothing but small frame buildings empty, and none of them, nor any two of them are large enough to handle the exhibits.

That being the case the Board felt that it would be better to hold no fair than one which would be more or less a failure because of lack of space. The action was taken with regret, as not only were plans largely made, but it will be a disappointment to everyone in this section of the county.

The Board still plans to send an exhibit to Dallas, and possibly Waco, but under the present situation, it was deemed better not to hold a fair unless it could be made a real success. This cannot be done without proper buildings.

However, rather than disappoint the boy's and girl's clubs, and the community work under the direction of Miss Halsey and Mr. Thompson, the Chamber of Commerce will hold a rally day, giving premiums to these clubs in the same manner that was planned for the fair. The date of this rally will be September 20th. Next week a full premium list will be published for these clubs.

The above announcement causes us to bow our heads in humble acknowledgment of failure—we the progressive citizens of Lubbock county—we the people who heretofore knew not the sting. The Chamber of Commerce and other men have failed in recurring any available place in the city, that would be appropriate for a county exhibit for this year's fair—the one we most wanted. If ever a county exhibit for Lubbock county was needed it is this year—the year of all years. Directly following a period of drought and opening up of an era of prosperity, progress and development. The cooperative spirit that we are noted for, has failed in the providing for adequate facilities that are so necessary for carrying out of a fair exhibit program this fall in line with all progressive counties in the State.

The failure to obtain a suitable building is not the fault of the directorate of the Lubbock Chamber of Commerce, for they have tried hard to secure a place, but a suitable building is just simply not to be had in Lubbock. Every building or shed that might be used for such an occasion is occupied, and more are needed to supply the demand, hence there is nothing left at this time but to abandon the idea of an exhibit here as was announced previously.

This paper has for a number of years advocated the building of an exhibition hall and fair grounds, and though we do not claim to be clairvoyant and see deep into the future still our readers will remember that we have written on this subject before, and have pointed out the probability of getting into just such a jackpot as we are now in.

Our people had an opportunity of voting on a county park proposition a year ago, which would have been the beginning of a fair ground also, but in the fearful dread of that little word TAX they turned it down, and we are now facing the results.

Lubbock must now get busy and build a suitable exhibition hall and public auditorium that will meet the requirements of occasions-like this. We believe that several thousand dollars could well be spent in building a tabernacle large enough to have an auditorium that will hold two thousand people or more and in one part of it, possibly under the same roof provide ample room for exhibition purposes. Lubbock would then be equipped for taking care of any kind of public gathering in a way that would bring down the envy of our neighboring cities.

You see the results of our present conditions. Lubbock will lose, more in dollars and cents and in favorable advertising this one year than it would have taken to build a tabernacle large enough for both public meetings and the exhibition hall, but the back sights of so many people are too low and therefore many things that we aim at we miss a mile by not having the proper bead on the object we expect to bring down.

It now behooves the live progressive citizenship of this great Lubbock county and this magnificent hub of the plains to get very busy in order that this may never happen again.

WATERMELON FEED FOR LUBBOCK CITIZENS SEPT. 5

Next Friday, at the Woodman Hall, the Chamber of Commerce will hold a watermelon feed and smoker for the purpose of getting the citizens together, and for the discussion of several questions that are of importance to Lubbock county. Every citizen is invited and urged to be present at 8:30 o'clock sharp. There will be no long dry addresses, simply one or two short snappy talks, with a general discussion of matters of general interest to all. If everyone will come promptly, the meeting will be short. Remember the time, and the place.

KAUFMAN FAMILY VISITED RELATIVES HERE

E. A. Carlisle wife and two sons are here this week visiting Mr. Carlisle's uncle, Uncle Gus Carlisle. They have been over to El Paso and are returning home. They came over by way of Roswell and will go back through the north plains touching Amarillo and other Panhandle points before returning to their home in Kaufman. This is the first trip across the plains for these people and they are enjoying this great country, the fine climate, etc., very much. Mr. Carlisle says he has seen some of as fine crops on the plains as he has seen anywhere.

L. E. HUNT RETURNS FROM COLORADO VACATION

L. E. Hunt and wife, and wife's mother, Mrs. Fred Spikes and her daughter, Miss Alma, returned Tuesday afternoon of this week from a vacation trip made in their car to Colorado Springs, Denver and other points. They report a very enjoyable trip and vacation.

YOAKUM COUNTY BOY SERIOUSLY HURT IN FALL

Last Saturday afternoon, Vernon Smith, son of W. E. (Ed) Smith, of Yoakum county, was seriously hurt by a fall from his horse, which stepped into a dog hole. He was found about five hours later, lying unconscious. Physicians from Lubbock were called to his bedside, late Saturday evening, one remaining overnight with the patient. Sunday the young man was brought to a sanitarium here. His condition is considered very serious, having been in an unconscious state, since the fall. However, attending physicians seem to think his condition better at this time.

REVIVAL MEETING IS GROWING IN INTEREST

Revival services at the Methodist church conducted by Evangelist G. A. Klein, is increasing in interest, and during the week a number of conversions have resulted and quite a few have united with the Methodist church while others will unite with other churches in the city.

The interest is deepening with each service and a sweeping revival is not at all improbable. Sunday will be a great day, we are sure, and there will be a special service at the close of the Sunday school recitations for the reception of Sunday School children into the church.

MR. AND MRS. JOHNSON RETURN FROM SHOPPING TRIP

G. C. Johnson and wife returned the latter part of last week from a business trip to Kansas City, where they went to buy their stock of holiday goods and other necessities. They report a very enjoyable trip and vacation.

IF YOU NEED LABORERS ATTEND MEETING SATURDAY

Every man who will need additional labor to take care of his crops, should be at a meeting at the court house, Saturday afternoon at three o'clock, when the question will be fully discussed.

The Chamber of Commerce and the County agricultural department are making every effort to make some arrangements to get additional labor to take care of the crops this fall. It is important that there be a large attendance at this meeting.

The question of price to be paid labor will be also discussed. If you need labor, come to this meeting, and don't cuss the efforts being made unless you are there to help.

GEO. W. BRIGGS,
Secretary, Chamber of Commerce.

WORKING TO SECURE POST FOR WAR VETERANS

That Lubbock will have a Post for a Legion of War Veterans is practically assured because interest is being created through the efforts of L. D. Rankin and J. J. Noone.

The American Legion headquarters have been notified of the intent to secure a local Post. Information regarding it is expected here soon. All ex-soldiers who wish to establish a Post in our city, please see Mr. Noone at the Farmers National Bank or L. D. Rankin at Rankin's Hardware store, and register your name. As soon as information is received from headquarters, a meeting will be called and the parties who have registered their willingness will be notified of the date and place.

L. SHROPSHIRE RETURNED SUNDAY FROM MARKET

L. Shropshire is just back from a business trip to Dallas where he purchased a large stock of holiday goods. He contemplates making some changes in the building he is in which will give him some more room, and will have these goods on display at the proper time. He is running a special price ad this week, that contains some fine bargains. You should read it.

REVIVAL MEETING IN PROGRESS AT IDALOU

Rev. A. V. Hendricks, pastor of the Methodist church at Lamesa, is assisting Rev. C. E. Lynn and his brother, A. Lynn, in a revival meeting at Idalou. The services began last Friday evening, and will continue through this week winding up Sunday night.

SAYS COTTON SHEDS FROM NATURAL CAUSES

W. L. Williamson, cotton classifier of Lubbock county, and one of the best informed men in the county regarding cotton, says that the reports being circulated by a few farmers to the effect that bolls are falling off the stalk, and which seems to have a few of the farmers scared, is nothing more than "duty" for the stalk to shed some bolls in "self protection". Just as the tree which is abnormally full of fruit, and sheds, so that sufficient nourishment can be had for full development. Mr. Williamson has had about thirty or more years direct experience in handling cotton, and says that Lubbock has one of the finest crops that he has seen anywhere this year, and advises the farmers to not worry because a few bolls fall off.

FINE TERRY COUNTY FARM SOLD THIS WEEK

Authentic reports reach us this week that the J. C. Lewis farm, midway between the town of Brownfield and Gomez, which is one of the best improved farms on the south plains, was sold this week for a cash consideration of thirty dollars per acre. This farm consisted of about three hundred and twenty acres. The owner, Mr. Lewis, is acknowledged to be one of the most successful farmers in the country, and believed strictly in intensive farming. By this method, we are safe to say that during the past nine years Mr. Lewis has not failed in making a fine crop, enough to make other farmers envious.

A. B. CONLEY RETURNS FROM EASTERN MARKET

A. B. Conley, Jr., who has been spending several weeks in the eastern markets looking after purchases of fall goods returned the first of this week. Mr. Conley reports the markets lively, but the prices are high and although he does not see how they can go higher, still there is no indication of a downward trend. He visited the big shoe factories of Edwin-Clapp, Packard and Queen Quality, and made some heavy buys in that line, but found the prices pretty stiff.

SUCCESSFUL REVIVAL CLOSED AT MONROE

Rev. Lynn reports the revival at Monroe a success. Seven conversions were reported. The preaching was done by the pastor and his brother, A. Lynn, and Presiding Elder W. E. Lynn.

LEARNS TO DRINK WATER ON THE PLAINS

"During the past few days I have learned to drink water," was the significant statement of B. H. Black, of Pecos, Texas, who left last night for Lubbock, following his visit of a few days with his daughter, Mrs. Dick Brown.

"I am located in an irrigation country. We have irrigation from impounded water and irrigation from artesian wells, and while it is good for crops, and livestock gets by on it, we can't drink it with any pleasure, for it tastes so bad. Your water here is a delight and I am being spoiled by learning to drink water," said Mr. Black.

Mr. Black will visit another daughter at Lubbock, before returning to Pecos.—Plainview Herald.

Mr. Black is at present visiting at the home of his daughter, Mrs. R. B. Hutchison.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.

William Barber and wife, parents of H. C. Barber of this city, are here this week from Kansas, visiting.

ITEMS FROM THE SLATON SLATONITE

Nearly all available tracks in the Santa Fe yards here are filled with grain cars that workmen are reconditioning preparatory to the heavy grain shipments that will soon begin to move. This work is in charge of W. E. Bunch, the capable foreman of the car repair shops.

Rev. L. W. Williamson, Missionary for the Brownfield Baptist Association, arrived home Sunday night from Redwine, which is twelve miles east of Tahoka, after being engaged in a revival meeting there for eight days. It was very successful from every standpoint. Twelve additions to the church, and the congregation pledged a nice sum of money for the work, half of which was paid in cash.

Mr. and Mrs. W. M. Kahlick and Fred Kahlick of Cuero, Mr. and Mrs. A. J. Kahlick of Shiner, and Miss Ida Till, of Hallettsville, have been here for several days visiting relatives and looking at the country with a view to investing in some of the fine Plains land. They state that too much rain in their section of the state has badly damaged some crops and that but little of the feed crops have been saved on account of so much moisture. They are highly pleased with this section of the state.

CASTRO COUNTY HAD A GREAT PICNIC LAST WEEK

What was said to have been the largest crowd ever assembled in Castro county greeted the hospitable citizenship of Dimmitt last Thursday on invitation to attend the big annual Picnic planned for that day. Approximately 2,000 people assembled around the pretty little Castro county courthouse lawn.

The big feature of the day was the "eats". Nothing like it was ever witnessed before. Fried chicken, beef, ham and every conceivable kind of food under the sun was provided in limitless quantities, and the visitors were stuffed until their eyes bugged out.

Another unique feature of the occasion was the absolute lack of "hot air" of any kind. There was no speech-making whatever, the entire day being given up to eating, sociability and various amusements and games. Incidentally the Dimmitt baseball team slaughtered an aggregation from Hereford during the afternoon. Horse racing, potato races, etc., entertained the tremendous crowd until supper time, when another whirl was taken at the still laden tables.

It was a great day for Castro county, perfectly handled and greatly enjoyed by bunches of visitors from Hereford, Plainview, Tulla, Lubbock and many other points over the State.—Hereford Brand.

NEW HOPE NEWS ITEMS OF INTEREST

Don't forget the election Saturday.

Many a turnip seed has been buried since the good rain.

Mr. and Mrs. L. W. Wilke spent Sunday with Bud Capp and family of Union.

Raymond Wiley had a very serious accident last week when the mules he was driving became frightened and ran off a bluff overturning the wagon and throwing him to the ground. He was delirious for about twelve hours, and the bruises on the face and head seemed to prove he had a fractured skull. A physician was summoned at once, and at present he seems to be getting on very well.

Mr. and Mrs. Carl McEachern spent Thursday with R. Huber and family.

Agents plenty! Selling everything from a gold-eyed needle to a silo. If they would take produce we could buy lots of things, but when we can't even give away what we've raised, they will have to pass on up the creek.

Many of the New Hope people are attending the protracted meeting at Union.

Rev. and Mrs. J. M. Earls, of Southland, stopped for awhile in our community Thursday, enroute to Lubbock to consult with an oculist. J. C. Roberts and family are visiting friends in Montague county.

Sudan threshing is the latest pastime.

Mrs. Hampton, of Fort Worth, who is very sick at the home of her sister, Mrs. Knox, was worse all day Sunday. The attending physician thinks there is still hope for her recovery.

COLORADO CITY GETS ODD FELLOWS MEETING

Abilene, Aug. 23.—The West Texas Odd Fellows' Association, before adjourning here elected Judge E. M. Overshiner as president and chose Colorado City as the next place of meeting. Other officers elected were:

"Just can't work any more." The faded, faded, over-worked woman, with pains here or there, should ask her neighbor for advice. Ten-to-one she was dragged down by the pains and ailments of her

sex, and was completely cured by that temperance tonic made from wild burks and roots, and known for 50 years as Dr. Pierce's Favorite Prescription. When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size for 10-cents.

BATON ROUGE, LA.—"Going thru middle life I was afflicted with heat flashes and dizzy spells. Some friends of mine advised me to try Doctor Pierce's Favorite Prescription and I was mighty glad I took their advice for it gave me more comfort and relief than any medicine I had ever taken. I came thru the change in excellent health; the heat flashes and dizzy spells left me at once. I cannot praise 'Favorite Prescription' too highly for the good it did me at that critical time."—Mrs. N. B. RICHARDSON, 158 St. Napoleon.

W. T. WILLIAMSON OF BONHAM LUBBOCK COTTON CLASSER

W. T. Williamson, of Bonham, Texas, was sent to Lubbock county recently to serve as county cotton classer. Mr. Williamson is well known by several citizens of this city. His experience in the cotton business commenced in 1890 when he was manager of the cotton yard at Bonham. This position Mr. Williamson held for ten years, or until 1900, when he went into the cotton business as an independent buyer, also buyer for cotton firms. In the cotton buying business, Mr. Williamson remained through the last season. This year commences his first experience as a government cotton classer, having passed the government test, required for that position.

He has a family which he will move here in the near future, and children that will be placed in the Lubbock city schools.

Office quarters have been secured for Mr. Williamson in the rear of the Security State Bank and Trust Co. building, upstairs.

To what extent the government

cotton classer will aid the South Plains farmers this year in the marketing of their cotton crop, which is one of the best in many years, will depend greatly upon the interest of the farmers themselves in securing and using the services of the classer. The fact that Mr. Williamson will receive reports from the New York, New Orleans, Liverpool and all points where cotton is marketed, every thirty minutes throughout the day, thus giving to the farmers the benefit of the trend of the market during day, will furnish the farmers the same information that buyers only heretofore have had, and in doing this will put the farmers knowledge of the correct prices upon equal footing with the buyer.

Every farmer in every county on the South Plains, is invited and urged to send a sample of their cotton to Mr. Williamson, who will immediately furnish them with information regarding the class of the sample and the price he should be paid for it. The charge of twenty-five cents which is made will hardly be noticeable for the reason that better prices should be secured.

ROUTE OF FLORIDA-TO-COLORADO HIGHWAY DESIGNATED

Austin, Texas, Aug. 19.—The Highway Commission, which concluded its monthly meeting today, designated the route of the Florida-to-Colorado highway through Texas. The highway enters Texas at Orange, thence over Highway No. 3 to Houston and Richmond; thence over Highway No. 36 to Bellville, Brenham, Caldwell, Cameron, Temple, Belton, Lampasas, Goldthwaite; thence over Highway No. 7, to Brownwood and Coleman; thence to point of intersection with Highway No. 30; also on that portion of Highway No. 30 beginning at intersection with Highway No. 7 to Abilene and Sweetwater; thence on Highway No. 7 to Snyder, Post and Lubbock; thence on Highway No. 9 to Plainview, Tulla, Canyon and Amarillo; thence on Highway No. 5 to Channing, Dalhart and Texline.

The commission heard and took under advisement the petition to have changed the designation of that part of Puget Sound Highway No. 9 from Pleasanton to Jourdan, in Atascosa County, a distance of seventy miles. A. J. Bell of San Antonio, representing petitioners and former Representative Frank M. Burmeister of McMullen County, appeared for the opposition. Petitioners desire to have the route run from North Pleasanton, along and parallel with the San Antonio, Uvalde & Gulf Railroad, instead of along the present public road between Old Pleasanton and Jourdan.

Action on the application to change the proposed route of the oil belt highway from Blanco to Goldthwaite was deferred.

NATIONAL DEBT \$231.10 PER CAPITA

The Treasury Department announces that EVERY PERSON IN THE UNITED STATES faces a National debt that AVERAGES \$231.10 and adds that conditions can become normal in just ONE way—the absorption of this bonded debt by the SAVINGS of our people.

When asked what legislation was needed to relieve the financial situation Gov. Harding answered "The Federal Reserve Board believes that any currency legislation at this time is unnecessary and undesirable, and would suggest that whether viewed from an economic or financial standpoint, the remedy for the present is the same: namely W-O-R-K and S-A-V-E.

CLEBURNE MAN TO OPEN CANDY BUSINESS HERE

H. H. Meador, of Cleburne, who recently bought the candy business of A. H. Clark, and moved his family to our city last week, has leased the Fulton building, across the street south of the Avalanche building, and will open his candy business in the near future. Mr. Meador comes to Lubbock well recommended as a candy maker.

Harry Copeland, son of W. N. Copeland, of this city, was in town last Saturday from his farm near Meadow. Mr. Copeland is farming about two hundred acres of land this year, and says that he has one of the finest crops that he ever raised on the plains. Most of the land cultivated by Mr. Copeland this year was planted to maize, kafir corn and corn.

M. M. Davis, of McClellan county, brother of Mrs. Sam T. Davis, stopped over here a few hours the first of the week to visit with his sister. Mr. Davis was enroute to Dawson county to attend to business interests, having land holdings in that county.

G. W. Grant and wife, accompanied by Misses Elone Wood and Irene Adams, were here Monday for a few hours. Mr. Grant has been in the real estate business at Plainview for some time, but has decided to move to the oil fields for awhile and has sold his residence in Plainview.

Mrs. Rachel Elder, pastor of the Nazarene church at this place, left Monday for Plainview, where she will attend the meeting in progress there under the direction of the Central Plains Holiness Association. She will be away the balance of this week.

A. L. Thompson, brother of county agricultural agent, Carrol Thompson, is here from Greenville visiting. Mr. Thompson will probably remain several weeks.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Smith-Dupre

On Tuesday Evening, Aug. 26, at the Methodist church at Crosbyton, Texas, the marriage of Miss Florrie Smith, of Crosbyton, to Mr. Naasson K. Dupre, of Lubbock, took place. The church was beautifully decorated with vines, ferns, flowers and ribbons of pale yellow, Nile green, flesh pink, baby blue and white. The fern and flowers covered arch from which hung the wedding bell was the altar around which the wedding party stood forming a semi-circle. From the arch, ribbons ran to all parts of the church and the aisle leading to it were carpeted in white. The soft lights cast their reflections of pink and blue over the arch, making a very beautiful effect.

Immediately preceding the ceremony Miss Manry, accompanied by Miss Mary Smith, on the piano sang "I Love You Truly," at the close of the song, Miss Smith softly played Lohengrin's wedding march while the bridesmaids, Miss Zona McMullen, of Snyder, and Miss Stella Mae Dickson, of Navasota, come down the left aisle of the church and the groomsmen, Messrs. Mackey and Bennett Slagle, of Lubbock, came down the right aisle, meeting at the altar; Miss Ruth Smith, sister of the bride, came down the center aisle and opened the golden gates of matrimony. Behind her, slowly came Mrs. Edith Gathings, of Covington, Okla., the Matron of Honor, followed by the little flower girls, Misses Effie Smith and Mary Evelyn Woodson, scattering rose petals in the bride's path. They were met at the altar by the ring bearer, Little Miss Kathryn Woody, who carried the ring in a white rose. The groom and best man Mr. Amos Howard, of Crosbyton, came from the pastor's study to meet the bride and maid of honor, Miss Nancy Dupre, sister of the groom. Bro. Lyon of Lubbock, standing under the arch performed the impressive ring ceremony of the Methodist ritual and pronounced them man and wife.

As Miss Smith played Longingrin's march the bride and groom marched through the gates, followed in turn by the matron of honor, ring bearer, flower girls, best man and maid of honor, bridesmaids and groomsmen. After them Miss Ruth Smith passed through the gates leaving them open for others who might wish to pass through them.

The bride was beautiful in her dress of white georgette crepe over white satin. Her veil of silk net held with orange blossoms that made a crown around her head fell in folds from her shoulders. She carried a shower bouquet of white bride's roses and fern.

Miss McMullen, wore a lovely dress of pale blue georgette crepe and silk

lace over blue satin and carried an arm bouquet of pink gladiolas. Miss Dickson wore pink georgette with gold lace over pink satin and carried an arm bouquet of pink gladiolas.

The matron of honor, Mrs. Edith Gathings, looked beautiful in her dress of pale yellow georgette over yellow satin. She carried an arm bouquet of pink carnations and fern. The maid of honor, Miss Nancy Dupre wore Nile green georgette over white satin, hand painted in apple blossoms and fern.

The little ring bearer, Miss Kathryn Woody, wore a beautiful frock of white organdie and satip, which lent charm to the grace and ease of the little maid. The flower girls, Misses Effie Smith and Mary Evelyn Woodson, looked sweet in white organdie, with pink and blue ribbons. They carried yellow baskets tied with white tulle.

Immediately after the ceremony the bridal party, and relatives of the bride and groom, motored to the bride's home where congratulations were given and plenty of rice thrown. The bride, standing on the steps of her home threw her bouquet into the midst of the party. It was caught by the best man, Mr. Amos Howard, who presented it to Miss Nancy Dupre.

Mr. and Mrs. Dupre will leave Lubbock Friday morning for their home at 441 West 22nd Street, Houston Heights, Houston, Texas.

Among those from Lubbock, who attended the wedding were: Prof. and Mrs. M. M. Dupre, Bro. and Mrs. Lyon, Mrs. W. M. Slagle, Misses Margaret Dupre, Nobia Slagle, Maggie Hensley and Mary Alice Johnson, Messrs. Charles and John Dupre and Fred Simms.

Miss Stella Mae Dickson, of Navasota, was the guest at the Dupre home, and went from Lubbock to Crosbyton to attend the wedding.

Birthday Party

Mrs. C. A. Bivens entertained her daughter Fetna with a birthday party Friday afternoon in honor of her ninth birthday. Little Miss Fetna received many presents. Watermelon was served while the children were busily engaged dressing tiny dolls for souvenirs. After playing games the guests were led to the dining room where the birthday cake, dressed with candles, was cut. Ice cream and cake were served to the following: Winifred Fletcher, of Texline, Margaret Rudd Wascom, Emily Mayes, Murry and Felie Balenger, Martha and Jack Billy Spencer, Grace Helen Robbins, Hazel and Hilton Martin, Edna Peak, Louie Paneger, Vivian and Effie Lou Kiesler and Fetna Bivens.

Mrs. O. L. Slaton charmingly entertained the Auction Bridge Club Tuesday afternoon in her home. Four tables of players enjoyed the games. A refreshing ice drink was served as the playing progressed. At the close of this most delightful afternoon delicious ice cream and cake were served to the following ladies: Mmes. Floyd Beal, Griffin, C. A. Rush, Frank Winn, Vickers, Rix, Mast, A. V. Weaver, Neil, Wright, McLarty, L. T. Martin, Shelby Robbins, Dick Arnett, Dr. Cordovee, of Houston, Miss Della Wilkinson. Mrs. J. A. Rix will entertain the Club next Tuesday.

1911 Embroidery Club

Mrs. D. Robinson was the charming hostess to the 1911 Needle Club Thursday afternoon. After the usual pleasant conversation a business meeting was called. A moonlight picnic was voted on, Mesdames Oliver, Arnett and Powell being the committee elected. Ice cream and cake were served to the guests, Mmes. Kimbro, Hoke and Walton, and members. Next meeting of the club will be with Mrs. Dick Arnett.

Birthday Party

Miss Audrey Brown was the honoree of a lovely surprise birthday party Monday afternoon at her home. After enjoying many games and music, watermelon, peaches and grapes were served. Miss Audrey received many gifts. Those present were Rena Mae Davis, Vada Cannon, Anna McClendon, Marcie McCollum, Turrell Maud Harvey, Nellie Lokey.

DEALERS ASK WHAT PROFIT IS EXCESSIVE

That the Department of Justice's investigation into high prices and profiteering is having the desired result in reducing the cost of living throughout the Northern District of Texas is evidenced, W. E. Allen, assistant United States district attorney, said Saturday morning by the fact that many local merchants have had their attorneys inquire from the district attorney as to what is considered exorbitant profit.

One lawyer came from Greenville to interview Allen regarding what the Department of Justice considers excessive profits.

"Merchants must let their consciences be their guides, while the Department of Justice continues the investigation with a view of sending profiteers to the penitentiary," he was told.

Many local lawyers have asked W. C. Austin, chief investigator for the Department of Justice, what constitutes excessive profits.

"Any price that robs the consumer," Austin has advised more than a dozen lawyers who have visited him, "is excessive and the man who draws excessive profits is liable to indictment by the Federal Grand Jury. The profiteers know well enough what prices should be charged to make a fair profit."

One merchant, Austin said Saturday, is making about 2,800 per cent profit on the sale of discharge chevrons.—Ft. Worth Star-Telegram.

Lon Mullican, of Ennis, who bought the residence of Joe Powell, in this city, is expected with his family here sometime this week, to make their home. Shipments of furniture for Mr. Mullican has been received here.

OUTPUT OF DODGE FACTORY NOT EQUAL TO DEMAND

The normal output of five hundred finished cars a day in the Dodge factory in Detroit, is not equal to the demand for Dodge cars, according to W. W. Royalty of this place, who returned from the Dodge factory Wednesday of this week. He had been unable to get cars from the factory, and decided to go and see if matters could not be helped, but states they cannot at the present time. The Dodge people are doing many big things at the present time in the way of building and making many additions to their factory for the purpose of more production. While Mr. Royalty was in Detroit, the Dodge people bought one of the oldest and largest furniture factories in the city, to build bodies for the cars.

DEATHS

Mrs. Mary Ella Hancock—Age about fifty years, died at a local sanitarium following an illness of several weeks. The deceased is the mother of Bryan Hancock, who lives near the Pettit School building, at which place she had made her home for some time. She is survived by one son, a daughter, and other relatives. Funeral services will be held this afternoon and interment made in the Pettit cemetery.

Dan T. Quinlan—Age thirty-eight, died at the home of J. L. Showalter a few miles from this city, early this morning, following an illness of about one week. The cause of death is said to have been Bright's disease. Deceased has farmed on the Showalter farm about six months, coming here from Oklahoma. The body will be shipped this afternoon to Alva, Okla., for interment.

Bertha May Williver—Daughter of Mr. and Mrs. R. Williver, of this city, born August 25th, 1918, died at the home of parents in this city this morning, or August 28. The father of the deceased was in Ranger at the time of death. He is expected here tomorrow and preparations are being made to have funeral services tomorrow afternoon.

LUMBER DEALS MADE FOR RESIDENCE ERECTIONS

In the past few weeks, the lumber dealers of this city have noticed a vast change in their business. During the past three years very little improvements have been made in the way of new residence erection. This fall will see beginning of an era of improvements. The following are some of the names of parties who are now erecting new homes, remodeling and making additions:

J. M. Witt, a residence on his farm near this city. R. W. Walker, a residence in town. Mrs. M. S. Goodpasture, a residence for farm near town. S. B. Caldwell residence on farm near town. Walter Posey, remodeling and making addition to city home, approximate expenditure of \$1000. J. E. Tom, a fine five thousand dollar bollow tile residence to be erected on West Broadway. J. F. Strickland will build nice residence on farm, twelve miles north of this city. Ira Elliott, a nice five or six room residence for farm northwest of town. J. C. Shaw, a six room residence on farm northwest of town. W. D. Lawson, addition to farm residence three miles west of town. J. W. Pepper, a large barn for his farm near town. A. M. Nail, for remodeling his town residence. Bass Arnett, remodeling and adding to his city home.

L. T. Martin and A. B. Conley Jr., were in Idacola attending to business matters Wednesday morning.

Mr. Jones is here to make his home permanently in the future. His wife and children are in California, and are being detained on account of the annulment of many of the passenger trains in that country.

In this issue of the Avalanche will be found the announcement of the Ed Wilson Grocery, telling of the removal of their stock to the L. B. Wright old stand on the west side of the square and the forming of a partnership between Mr. Wilson and Mr. Spikes. These young men are experienced in the grocery business, ambitious and hard workers and we are sure they will make a great success.

Chester Henderson and Harry Harkrider, of Lynn county, were here Wednesday, visiting with friends. Mr. Harkrider is now in the navy and is off on a thirty-day furlough, to visit with his parents near Abilene, also with J. J. Nettles and family in Lynn county. He is now enroute to the Pacific coast where he will again take up his work with the navy.

Oscar Sensabaugh, of Amarillo, formerly of this place, is here this week looking after his property interests. Mr. Sensabaugh left here about the first of the year, and accepted a position with the American Railway Express Company, and has been stationed at Amarillo for some time. He owns a nice 320 acre farm near this city.

LUBBOCK WINS THREE SUCCESSIVE BALL GAMES

The Bradley team of this city is again wearing winning colors, a complete redemption for the two games lost to Amarillo and Clovis. Post City, by losing three successive games to the Bradley team, is now in a position to hand over the honors, and declare its team outclassed. All three games that were played at Post, Friday, Saturday and Sunday afternoon, were well attended and a clean game of ball played by both sides.

The first game, played Friday afternoon with Ward and Karr as battery for the Bradley team won with a score of six to one. Burrus making a home run. A complete walk-over was played Saturday with Muns and DeLong for Bradley's battery, winning the game with a score of ten to nothing. This game was played and pitched by Muns, who never allowed the Post boys a single hit. Sunday's game was the closest and hardest contested, with Taylor and Karr as battery for Bradley, the score tied in the seventh inning, broken and tied again in the tenth, score standing in the tenth, two and two. Thirteen innings in all were played this game, with results of a score of five to two in Bradley favor.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. —E 78

JEWELRY ITEMS FROM THE RALLS BANNER

Last Sunday at the home of Mrs. J. M. Kirksey, south of Lorenzo, Mr. and Mrs. M. C. C. Kirksey, of Ralls, their children and grand children, with old time Bell county neighbors, met to enjoy the annual Kirksey family reunion. The dinner was spread on tables by the side of the lake under the weeping willows. Everything that one could think of to eat was on the table. Even the most delicate, as well as the most hearty eater, could find just what they wanted. Most delicious watermelons and cantaloupes were enjoyed throughout the day by the big as well as the little children. The 67 present were: Mr. and Mrs. M. C. C. Kirksey, of Ralls, their children, Mrs. J. A. Wright, Mrs. J. L. Barringer, J. M. R. C., and W. H., of Lorenzo; Mrs. H. G. Hendrick, Rogers; Misses Addie and Annie Kirksey, of Ralls. Other relatives and friends present were: Mr. and Mrs. Matt Kirksey and family, Lorenzo; Mr. and Mrs. I. P. Hendrick, Rogers; Frank Procter and family, Lorenzo; Mr. and Mrs. Myra Hendrick, Lorenzo; Douglas Roberts and family, Ralls; Mr. and Mrs. I. Robertson, Slaton; Mr. and Mrs. J. J. Crouch, Rogers; C. P. Guess, Jr., San Antonio; Mr. Landrum, Lorenzo; Misses Jessie and Lois Atkins, Fort Worth; Miss Lorraine Hendrick, Rogers.

We understand that the Crosbyton Inn is being torn down and moved to Iowa Park. In the early days of Crosbyton the Inn was noted as being among the best hostleries on the plains, and was favorably known not only throughout Texas, but in many other States. In moving this structure Crosbyton is losing one of her historical landmarks, and one which has done much toward advertising the town in northern and eastern states.

Mrs. Adee, who is suffering from goitre, and is in a critical condition, was taken to Lubbock this week, where she will undergo an operation in the hope that relief may be obtained. She was accompanied by Mrs. Dr. Copeland.

Mrs. H. Simmons went to Lubbock Wednesday to see her husband, who had been in a sanitarium for two or three weeks expecting to undergo an operation. However, as his condition would not permit the operation at this time he returned home with Mrs. Simmons Thursday.

The latest enterprise for our town is a new elevator, ground for the foundation of which was broken Monday. It is being built by the White Star Elevator Co., of Wichita, Kas. John R. Ralls says that during the past few days a veritable ocean of prospectors have been flowing into Ralls, and if the land had been available more than 10,000 acres could have been rented.

Ralph L. Colby, state manager of the Northwest National Life Insurance Co., with headquarters at Dallas, was a business visitor here this week.

Picnic Days are Here

This great American custom has never lost its interest and, we hope, never will. There is no form of amusement that is happier, healthier, or more friendly and sociable than the good old-fashioned picnic.

When you think of a picnic, your thoughts just naturally turn to tin cups, tin spoons, camping knives and forks, lunch baskets, pails, ice-cream freezers, fishing tackle, guns and ammunition, base balls and bats, swing ropes, hammocks, and a number of other things that are to be found in any first-class hardware store. So you see how closely our business is associated with that good old custom, the famous American Picnic.

NEWS ITEMS FROM THE TERRY COUNTY HERALD

We understand that H. H. Longbrake has purchased the residence of Ross Renfro near the Methodist church, and will have some more rooms added. We have not learned the intentions of Mr. Renfro, but we hope he will decide to either build or buy in our town.

Elder Percy Key, of Gunter, Texas, came in last Friday for a short visit with his sister, Mrs. Jim Parks, of the west side, but as he had a meeting to begin at League 4 in Lubbock county on Saturday night, his visit was necessarily short. He is still the President of Gunter Bible School in Grayson County.

R. O. Wilson, of Seagraves, shipped two cars of cattle from here on Saturday last for the Ft. Worth market, consisting of cows and heifers, that he had purchased from Bert Shepherd and J. A. Blankenship. He also became a reader of the Herald, as he says he is going to make this his home after Jan. 1st.

A deal was consummated last week, wherein L. H. Plain, owner and manager of the South Plains Phone Co., became the possessor of the six lots about three blocks east of the square on Harden street, and belonging to Judge Spencer, of Lubbock. Consideration \$1900.00.

Mrs. Geb. Warren and children, of Rucker, Texas, who have been here visiting her parents, Mr. and Mrs. E. R. Lewis, for the past two weeks, returned to their home Tuesday. Mrs. Warren informed us that they were thinking of returning to old Terry again.

A. W. Jackson, a member of the firm of Jackson Brothers, of this place and Lubbock, was over this past week looking after business at this point, and visiting his brother, W. M., manager of the local store.

The old Stockings building at the rear of the Security State Bank and Trust Company has recently been purchased by J. B. Side, who we understand, will move the building to his farm.

Jim Cauble, of Midland, was a business visitor here the latter part of last week.

"The House of Satisfaction"

Lubbock, Texas

Big Spring, Texas

KANSAS CITY MON. DAY LIVESTOCK REPORT

Kansas City Stock Yards, Aug. 25
A liberal run of cattle today,
100,000, included few good to choice
steers, and an unusually large
percent of common grades. The
were strong and others sold
at weak prices. Hogs were
at 50 cents higher, and sheep
at 10 cents higher.

Today's Receipts

Receipts today were 29,000 cattle,
10,000 hogs, 17,000 sheep, compared
with 27,000 cattle, 10,000 hogs,
and 10,000 sheep a week ago, and 33,000 cattle,
10,000 hogs and 6,300 sheep a year
ago. Cattle receipts included few
western offerings, and the bulk
of the supply came from Kansas,
Oklahoma and Texas. Sheep receipts
were 17,000 included a liberal supply
from Utah.

Beef Cattle

Choice to prime fed steers and the
grass fat cattle were in active
demand at strong prices. A few
lots of choice native steers sold at
\$18.90, or as high as any time
the past two weeks. Some yearling
steers brought \$17.75, and win-
ning steers \$13.50 to \$15.50. The
eight grass fat steers brought \$9
to \$13.50. Common half fat grassers
sold slowly at last week's full decline,
50 to 75 cents under a week ago.
Other cattle were quoted steady,
at \$5.50 to \$11.25, and heifers

\$7.50 to \$12.50. Veal calves were
\$1 higher at \$9 to \$16.50.

Stockers and Feeders

Nearly all weights of stock and
feeding steers that showed quality
were in active demand at steady
prices, but a large number of com-
mon light weight grades were hard
to move at irregular prices. Feeders
sold at \$9.00 to \$14.50, mostly \$10
to \$11.50, for 800 to 950 pound
weights. Stockers brought \$8.00 to
\$11.50, stock cows and heifers
brought \$6.00 to \$9.25.

Hogs

Trade in hogs was active at 25 to
50 cents higher prices, top \$21.45,
and bulk of sales \$20.50 to \$21.25.
This advance occurred in the face of
declines at more Eastern markets
and was caused by large demand
from local packers and shippers.
Prices today are as high as a week
ago. The price spread here is much
narrower than elsewhere. Demand
for stock and feeding pigs is urgent
at \$18.50 to \$20.25.

Horses and Mules

Beginning September 1st, auction
sales of horses and mules will be
held on Monday and Tuesday, in-
stead of Fridays and Saturdays.

**GOVERNMENT AUTHORITIES
PREDICT COAL SHORTAGE**

Forecast higher prices because of coal scarcity caused by increased demand, a lack of cars and labor—urge early buying.

Dr. Garfield, U. S. Fuel Administrator, says:

"I do not wish in any sense to be an alarmist, nor am I willing to speak more in the interest of the producer of coal than of the consumer, but I feel bound to say that, as I see the situation, we are likely to experience a coal famine in the early fall unless the larger users of coal begin buying."

This statement was made upon Dr. Garfield's visit to Chicago, May 22, while in attendance at the annual convention of the National Coal Association. Upon the same day Dr. Garfield was quoted as saying: "I warn the apartment house owners; the home dwellers and factory proprietors to buy coal now. In August or in the Autumn it will be too late. A big shortage is coming. Thousands of miners are going back to Europe. Coal production has fallen off considerably and a shortage of many million tons looks probable. My advice to the public is to buy coal now."

Mr. Wilson, of U. S. Labor Department, says:

"Those who postpone buying now in the hope of lower prices are speculating in the future misfortune of the Nation. Nothing in the labor situation warrants anyone expecting materially lower cost of commodities in general and coal in particular. Wages will not be less for several reasons. We are facing a serious shortage of labor as soon as we approach normal industrial activity."

From a statement issued to the public May 19, 1919.

Director General Hines, of the U. S. Railroad Administration, warns the coal consumer that unless he buys his coal this summer he is going to find it difficult to get delivery this fall and winter. He predicts a shortage of cars because of the resumption of business in general with which the coal industry must share transportation facilities. There are plenty of cars today and consumers of fuel are urged to use them.

Railway Age, declares that at least

If you are about to propose, or if you expect to receive a proposal, wait. Discourage it until you see "Choosing A Wife". Lyric Friday and Saturday.

a 15 per cent increase must come to save the roads.

Senator Cummins, Chairman of the Senate Interstate and Foreign Commerce Committee, says:

"The freight rates must be increased, and I have a bill now ready to submit to the Senate which provides for this increase by July 1."

Col. Arthur Woods, Assistant to the Secretary of War, who is in charge of the War Department Employment Bureau, in an address before the National Association of Manufacturers in New York May 21, warned the nation of the impending labor shortage and says:

"I wonder if you employers of labor fully realize the wisdom of taking out insurance against labor shortage. While there is a surplus of labor at the present time, the natural conditions point to an impending labor shortage the moment industry finds itself and goes back to a peace basis. It is an anomalous situation, but one that is easily susceptible of demonstration."

Col. Woods, in an interview, also says that miners are idle today and have been for many months. Other industries where labor has been a serious situation for some time has attracted these. The loss to the coal industry is immeasurable because few of those will return to the less satisfactory environments of underground work, with its accompanying annual uncertainty of steady employment."

Opinions of Well Informed Industrial Leaders.

George B. Reynolds, president of the Continental Commercial Bank of Chicago, one of the largest banking institutions in the country, recently stated in an interview that with the signing of the peace treaty the nation's business would resume on such a large scale as no man ever dreamed possible. Mr. Reynolds, because of his position in the financial world, is in a position to feel the pulse of big business interests. He knows of its plans and aims.

Judge Elbert H. Gray, chairman of the United States Steel Corporation, in an interview given out to the public press under date of May 24, made the flat prediction that steel production for the year will exceed all records. "As the steel industry goes, so goes the rest of the world," so the adage runs. With the resumption of business which, according to the schedule of these authorities is to take place immediately upon the signing of peace, and which according to the promise of President Wilson will occur on or before June 20, there will come a sudden demand for freight

cars to haul the production of the speeded up industries.

J. Ogden Armour says: "The greatest danger to our economic structure today arises from the failure of many to recognize a new and higher level of prices, based on permanently increased cost of labor and high taxation."

J. D. A. Morrow, Director of Distribution of the Fuel Administration, is another authority who sees a serious shortage in labor. In a recent address before the annual convention of the National Coal Association, Mr. Morrow says:

"Careful compilation of figures has shown us that within the next year we will lose 40,000 immigrants who have been experiencing high wages and have been saving the money for a return to their home lands. The tide has already turned back to Europe and people are leaving as fast as they can obtain passports."

"The mines gave up 100,000 men to the army and navy, and these men will never return to the mines. They have progressed. They have led an outdoor life. They have seen Paris and London. They have traveled and will never be satisfied with small mining towns. They will seek work in the large cities."

"Meanwhile there has been no immigration upon which the mining industry depends for men. The labor movement is thru the mines, which are fed in from the bottom with the crudest of unskilled labor. Miners progress and leave the coal holes or their sons progress and get into other industries."

"We face one of the most serious shortages of labor in the whole history of mining. Coupled with that is the decreased output of mines, which during the past calendar year are short 48,000,000 tons in comparison with the preceding calendar year. There are few orders at the mines, not only because of the shutting of war industry plants, but also from the indifference of the consumers, who believe that they can get coal at any time and consequently are not laying in a stock of coal. In ninety days there will be an awakening and a clamor for coal, and the people will not be able to get it. My advice to the public is to buy coal while there is still an opportunity."

Irving Fisher, Professor of Economy at Yale University, recognized as one of the nation's authorities, says he can see no hope for lower prices.

"We are on a permanently high price level, and the sooner the business men of the country take this view and adjust themselves to it, the

John Deere Corn Binder

The Binder With the Power Bundle Carrier

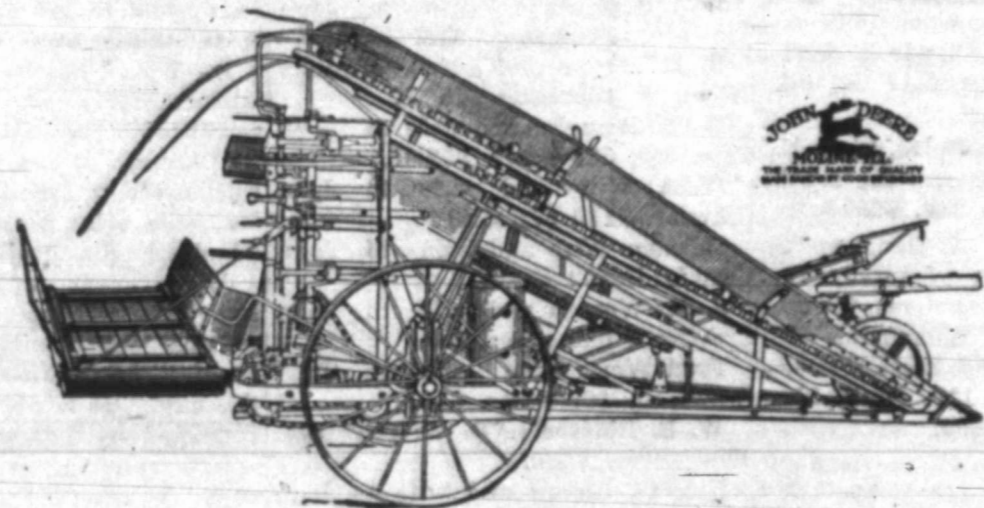

For harvesting a row crop the John Deere Corn Binder is the best binder on the market. Seventeen roller and ball bearings assure light draft, together with easy operation of all parts.

The Power Bundle Carrier, a distinctive feature of the John Deere machine, dumps all bundles beyond the path of the horses and practically parallel to the standing corn. All you have to do is simply press a foot trip lever—the bundle carrier does the rest.

The all steel, quick turn tongue truck relieves the horses of all neck weight and enables you to make a short turn. The axle of the tongue truck is flexible, allowing the wheels to follow the uneven ground.

Come in and see this better binder. We want to show you its other distinctive features—large, wide fired wheels, wide spread steel stub pole, case hardened Knotted parts, indestructible steel eveners, etc. We can make deliveries now.

sooner will they save themselves and the nation from the misfortune which will come if we persist in our present false hope," says Mr. Fisher.

"Business men should see the facts. To talk reverently of 1913-1914 prices is to speak in a dead language today. The buyers of the country since the armistice have made an unexampled attack upon prices through their waiting attitude and yet the price recessions have been insignificant. The reason is that we are on a high price level which will be found a stubborn reality. Business men are going to find out that the clever man is not the man who waits, but the one who finds out the new price facts and acts accordingly."

"Against any considerable price reduction in bank credit and hence in the general level of prices, we shall find the whole business community in arms. Falling prices mean hard times for the individual and for the nation and every one resents the tendency."

**SHALLOWATER NEWS
OF THE PAST WEEK**

There is unusual interest being manifested in the Shallowater community over the Shallowater High School for the coming year. Having secured as principal, Mr. Dulaney, the former State Supervisor for the rural schools, we can offer the same school opportunities enjoyed in much larger places. The eleven grades will be taught. Boys and girls who want to take high school work come to Shallowater where you can live in the country, but have the school advantages equal to the city.

The young people enjoyed a singing at the home of Mr. Chauncey Sunday night.

We had such an interesting Sunday School Sunday afternoon.

Mrs. Bethany and daughter, of Amarillo are visiting E. E. Stringer and family.

The plumbers have just finished a job for Judge Crump, of Shallowater. Miss Crump is home from the Canyon normal.

Mrs. Johnson is off on a few days visit.

Mrs. Calley's mother left Sunday for her home.

All ladies be at the school house Thursday. Miss Halsey will be out to show us how to put up things for the Fair.

Mrs. Armstrong and sons, Ray and Max, surprised the Shallowater people with a visit this week.

Mr. Vance and family, Mr. Pate Hardy and family and Miss Vivian Hardy, are on an extended auto trip.

Mrs. Sillivent and grandson, Mr. Jones, are visiting the Sullivent family.

E. Hunter, of Terry county, passed through here Wednesday morning enroute home, after spending several days in Coleman county, visiting with his father.

Oscar Adams and George Bragg of Brownfield passed through here Tuesday morning of this week enroute to Ranger and oil fields adjacent.

**SHERMAN PEOPLE VISIT-
ING LUBBOCK RELATIVES**

R. F. Poole wife and son, John daughter, Mrs. Berry Cobb, and niece, Miss Prudie Griffin, all of Sherman, Texas, visited at the home of T. P. Gibson and J. W. Bounda, the latter part of last week, and went up to Mr. Poole's brother's home near Becton, the early part of this week for a short visit. Miss Prudie, we understand, will remain in this section of the country for a few weeks. Mr. Poole is in business in Sherman, being connected with the Interurban Overall Factory. They have visited in this section before, and a number of our people have the pleasure of their personal acquaintance.

John Waldrop, of Brownfield, is now running the Lubbock-Plains mail line. Mr. Waldrop has a Dodge commercial car in service and is getting the mail out on time.

A. E. Shirman returned the first of the week from Harper, Kansas, where he was called to attend the bedside of his brother-in-law. Since he returned home a message stating that his brother-in-law died, has been received by him.

Tempoint!

THE FOUNTAIN PEN WITH THE TEMPERED POINT

The Tempoint has ten features that endow it with an intrinsic quality and value all its own. They are:

(1) The 14kt. gold pen. This has a steel-like hardness and flexibility, due to a hand-hammering process which affords protection against harmful ink acids and long, hard writing. This hand-hammering, or tempering process, eliminates all porosity by which ink acids find lodgment and so weaken pens that are not hand-hammered. Thus the nib of the Tempoint cannot become "sprung" but remains correctly "set" and flexible, always writing just like you.

(2) The unusually ample iridium tip is not affixed by annealing, but has the gold fused about it. This insures smoother writing and longer life.

(3) The scientific Comb Feed automatically controls the ink flow instantly for any writing, light or heavy, fast or slow, steady or intermittent. The ink cannot flow faster than needed.

(4) An air-tight chamber between the cap and the pen prevents pen from sweating in the pocket, and keeps the nib moist for instant writing.

(5) The invisible Self-Filling lever is out of the way until actually needed. There are no projecting parts to disfigure or get in the way. (Tempoint is also made in regular Screw-Joint style.)

(6) The Duralastic Ink Sack is as durable as the pen itself. Nothing to replace or adjust.

(7) The holder is scientifically balanced for easy writing. No writer's cramp. This feature is particularly well worth noting.

(8) The pocket clip is built-in—a part of the pen itself. Thus Tempoint is guarded against loss.

(9) Beautifully made throughout. Tempoint is a pen to admire for its splendid construction as well as for its wonderful writing quality.

(10) Made and guaranteed by The Wahl Company, a two-and-a-half million dollar concern—a further assurance of value and satisfaction. And, with all this, Tempoint is sold at usual pen prices—\$2.50 and up.

Word reached us the first of the week, that the farm house on the Russell Myrick farm about nine miles west of this city and occupied by J. C. Clayton, who was cultivating the farm, was burned completely down about eleven o'clock Monday morning of this week. As far as we could ascertain, no contents of the building was saved. The fire caught following the explosion of an oil stove which was leaking. The men folks were in the field when the fire started.

R. E. Overstreet and family have recently moved to Lubbock from California, where they remained only a short time. Mr. Overstreet is highly pleased with Lubbock county and will probably buy land and enter into the stock business, which business he has followed many years, mostly near Del Rio. At the present time he contemplates buying sheep.

F. C. Leach and family, of Weatherford, arrived here recently and will make this their temporary home. Mr. Leach is a cotton buyer by profession, and will buy cotton in Lubbock this season. We understand he is connected with the Neal P. Anderson Company, which will operate a compress here this winter.

GROVESVILLE SCHOOL TO START NOVEMBER 3RD

Smith Shaw, one of the trustees of the Grovesville School, was in town this week, attending to business matters. Mr. Shaw states that on account of the big crop yields this year in his community, their school will not open until November the 3rd.
Great trouble has been experienced by the trustees of this school in securing the services of a principal. One assistant has been secured, several promises have been made for acceptance to the principalship, but it developed later that they would not serve this year. The salary paid last year in the Grovesville school for a principal was \$85. This year, however, they have offered fifteen dollars more, and yet are unable to secure their services.
Henry George, of Portales, N. M., brother of Joe George, of this city, stopped over here one day this week, enroute home after spending several days in the Ranger oil fields. Mr. George is now in the furniture business in Portales, and says business is better at that place now, than in several years.
B. A. Myers, of Abernathy, was here Monday and authorized us to send him the Avalanche and Dallas News for a year. He reports conditions very good in the Abernathy community just now. A good rain would help some, but crops are looking good and will make a fine yield.
L. C. Way, who has been here several days visiting with his sister, Mrs. J. A. Jordan, left Wednesday for his home in Gainesville. He was accompanied home by his father, L. F. Way, who will probably spend the summer there.
Earl Yates, formerly employed with the G. K. Watkins Jewelry store will leave today for Kansas City, Mo., where he will take a two month course in voice, with the Horner Institute of Fine Arts.
Rev. A. A. Collins returned the first of this week from Wise county where he has been for several weeks holding a revival meeting. Rev. Collins reports a very successful meeting.
The Avalanche printed and delivered this week the school catalogue for the Estacado Public School. They have a fine school at Estacado, under the leadership of Prof. J. G. Levrett.
U. L. George, brother of Joe George, who has been working in the Hub Barber Shop, recently left for Ranger and territory. Mr. George will probably be gone several months.
Mrs. Roxy Beal has recently accepted a position with the Security State Bank and Trust Company as stenographer.
Hudson Powell, son of I. R. Powell of Crosbyton, underwent an operation in a local sanitarium, Wednesday evening.

UNITED STATES MAY GET BERMUDA ISLANDS

"The Bermuda Islands suggest the adventures of Robinson Crusoe in their colonization and present in their later chronology a curious parallel to United States history, with the events consistently pre-dated by a number of years."
With this statement the National Geographic Society prefaces a bulletin on the Bermudas, a principal group of the British West Indies, which some Englishmen suggest should be ceded to the United States in part payment of the American war loans to Great Britain.

GERMANY TO FORM LEAGUE OF NATIONS

Geneva, Aug. 23.—The Munich correspondent of the Journal de Geneve states that Germany intends to found a league of nations, hoping for the adherence of Russia, Austria and Hungary and later on Italy, Japan and the "smaller nations dissatisfied with the Paris conference."

ALPINE IS DESIGNATED AS ARMY AIRPLANE FIELD SITE

Alpine, Texas, Aug. 22.—The Chamber of Commerce is in receipt of a letter from Congressman Claude B. Hudspeeth in which he advises that the War Department has selected Alpine as one of the border aviation fields and that preparatory work will begin within the next thirty days.

WELL NEAR SPUR IS NOW DOWN 750 FEET

Spur, Texas, Aug. 23.—The McFan well, located on the Twenty-Four ranch, about fourteen miles from Spur, has reached a depth of 750 feet. The drillers report good showings for oil.

METHODIST REVIVAL TO BEGIN AT NEW HOPE

Rev. C. E. Lynn, preacher in charge of East Lubbock Mission, says the revival services will begin at New Hope Sunday night, August 31. His brother, A. Lynn, will assist him in the meeting.

Geo. L. Davis, returned this morning from Oteen, N. C., where he had been with his son Lawrence, who was reported dangerously ill several weeks ago. He reports that Lawrence's condition is much improved and he will soon be entirely well if improvement continues as rapidly as during the past few weeks.

In conversation this week with P. O. Brock, president of the Lubbock County Singing Convention, we find that many good singers, and appreciative listeners will be present at the Convention that will be held at Acuff next Sunday. A representative of a musical concern in Waco is also expected present that day.
Come to Lubbock.

Mr. Weaver, father of A. V. and Sam Weaver of this city is here this week visiting. He makes frequent visits to his sons here, and his many friends are glad to see him again.

Clarence Reed recently sold his home in this city to W. G. Murray of near Abernathy. We understand that Mr. Murray will move here in the near future to make his home.

Preston Calvert and wife, of Pawnee, Okla., are here this week visiting at the W. S. Webb home. Mr. Calvert is postmaster at Pawnee. He is a son-in-law of Mr. Webb.

HOME DEMONSTRATION DEPARTMENT

Meat Canning at Carlisle. The Carlisle people were favored with a meat-canning demonstration given by Mr. H. A. Clapp, Meat Canning Specialist of the Extension Service of the A. & M. College, in the afternoon, August 19.

Those absent may not think they missed very much, but the ones present think they did. Mr. Clapp not only taught us how to can chicken, but taught us of the most important points of canning various kinds of meats, and of the many uses of the steam pressure canner.

Let us hope that many of the housewives will possess one not many days hence.

We feel grateful toward Miss Halsey for her never tiring interest she manifests in Lubbock county people. A Contributor.

Meat Canning.

(By Harry Austin Clapp, Canning Specialist, A. M. College, College Port, Texas.)

This is the first of a series of articles on the canning of animal products. If the reader will preserve these lessons he will be in possession of information which will enable him to easily, safely and successfully can all kinds of meats, wild game, sea foods. For generations mothers have canned all kinds of vegetable products, but only recently has it been possible to handle animal products. This has been caused by not understanding the reason why such material could not be canned and by not having available the proper equipment. Formerly meats of all kinds were salted, smoked, dried, corned, but this did not provide a fresh product for any time of the year. Today we not only have small portable equipment which, when properly used will produce first class results, but we know why foods spoil and why canning preserves them. We now work with definite knowledge and secure definite results. Nothing is left to guess and luck does not enter into the matter in any way.

Three principal things prevent us from canning all kinds of foods, both animal and vegetable: molds, yeasts and bacteria. These three are close kin. All are low forms of plant life, all propagate in a vegetative state, all are one celled, all have similar methods of reproduction. Molds and yeasts are of no interest to us in meat canning. They are both killed by a moist heat of 180 degrees. Bacteria are not all killed by such heat. They are the smallest of the three and like some forms of those are one celled and reproduce by division under favorable conditions. In this (the vegetable) form they are easily killed by a boiling temperature. Unfortunately, however, under unfavorable conditions they have the power to throw off what are called spores. Spores are resistant to extremes of heat and cold. They have been boiled sixteen hours and as soon as conditions favorable to their development were present they quickly changed into the vegetative state and began their work of destruction. Some will grow in the presence of air, some need no air as they can manufacture their necessities of oxygen from the breaking down of the food on which they feed. They require warmth, food and moisture. Very few thrive in acids or sugar products. The juice of meats and other animal products provides the ideal food for their development. While it is possible to kill such life by boiling for a period of from eight to ten hours, it is not economical and is not safe. For this reason high heat for a short time is the only method by which their action may be surely prevented. Such heat is only obtained by steam under pressure. By the use of the Home Steam Pressure Canner heat as high as 250 degrees

may easily be used. No bacterial life or the resulting spores will live after being subjected to such heat for one hour. It follows then that perfect sterilization is the principal fundamental in canning all products. This cannot be impressed upon the operator too strongly. Without perfect sterilization meat cannot be canned, with it success is certain. It must not be thought that because these particular bacteria are killed that high temperatures will make all meats safe to use as food. Spoiled meat can never be made safe for food. For that reason all meats should be canned when fresh and wholesome. Some animal products spoil quickly, especially fish and other sea foods. For this reason such foods should be rushed from the water to the cans and even then should never be canned unless absolutely fresh and free from taint. When animal products are canned in the fresh unspoiled condition, handled in a sanitary manner, perfectly seasoned and sterilized, all bacterial life is destroyed and the product is a safe, wholesome, nutritious food and retains its original freshness and flavor. Fresh material, sanitary conditions, perfect sterilization are the fundamentals of meat canning.

Watch this paper next week for lesson two.

LOCAL NEWS FROM THE WOODROW COMMUNITY

MOST OF FREE SCHOOL BOOKS ARE SENT OUT

Austin, Texas, Aug. 20.—The Hon. Annie Webb Blanton, State Superintendent of Public Instruction, has returned from a trip to North Texas, where she visited the school book depositories at Dallas to ascertain if all the newly adopted free textbooks would be distributed to the schools before the scholastic session begins next month. Miss Blanton says she found that a very large majority of the books will be in the hands of the schools and that she secured a list of the tardy contractors for the purpose of prodding them to quick action in supplying the books. She will address communications to them at once.

Discussing the cost of furnishing free textbooks, Miss Blanton said that she will make an appeal to the teachers to get the children to turn in their used books so that the State may get the exchange price and reduce the aggregate expense in initiating a system of free textbooks.

She has already made that appeal to the State at large, but until the schools start she can not reach the individual teachers. Miss Blanton will advise that where books are superseded by new adoptions the children turn in their old books. They will receive half the exchange price and the State the other half, and in addition the children will have the free use of brand-new books. The contractors must pay the exchange price for two years. Miss Blanton says that she personally had that provision placed in the contracts and that it is probable that a large number of books will be exchanged during the two years and the cost to the State reduced to some extent. Where the same books were adopted the expense to the State can be reduced by paying the exchange price to the children instead of the cost of a new book to the contractors. Miss Blanton says she will endeavor to effect the saving in both instances.

The Panhandle District Endeavor Convention

Amarillo, Texas, Aug. 27.—Announcement has just been made of the detailed program for the Panhandle District Christian Endeavor Convention to be held at Littlefield, Friday, Saturday and Sunday, September 5, 6 and 7. The program as announced is said to be one of the strongest ever arranged for a Panhandle convention and it is believed will cause considerable interest over the district.

Prof. Wallace Clark, who is in charge of the music department of the West Texas Normal College at Canyon, has practically assured district officers that he will attend the convention and lead the singing. Many Endeavors have been in his classes at Canyon and are anxious to have him at Littlefield.

Rev. E. C. Mobley, pastor of the First Christian Church of Amarillo, will lecture Friday night on "Loyalty to Christ." Rev. Mobley recently returned from France where he served for six months as an Army Y. M. C. A. secretary and his interesting lectures on religious and political conditions have made him in great demand as a speaker.

Dr. R. Thomson, pastor of the Central Presbyterian church of Amarillo, is expected to be a popular speaker on the program. He has been a pastor in the Panhandle for nearly ten years and is known to thousands through his forceful addresses. Dr. Thomson also was in Y. M. C. A. service during the war, serving in the personnel bureau at Dallas and aiding in the selection of secretaries. He has been scheduled for three or four places on the program, his chief topics being "C. E. Facing the Problems of Americanization" and "Whatever He Would Like to Have Me Do."

Rev. J. M. Asbell, pastor of the First Christian Church of Hereford, is a comparatively newcomer in the Panhandle. He went to Hereford slightly over a year ago, but his reputation as a speaker is rapidly spreading. He came from Missouri where he held pastorates for 15 years and has the "show you" spirit as well as the "show me" spirit.

In addition to these leading ministers of the Panhandle, Miss Jessie Butts of Fort Worth, field secretary for the Southwestern C. E. Federation, will give a number of addresses. Her cheerful addresses at the 1918 convention in Amarillo are remembered by those who attended and they are glad that she will take a leading part on the program.

President P. Hicks Daniel also has lined up a number of the leading Christian Endeavor workers of the district to take part on the program. Littlefield Endeavor will give a banquet to the visiting delegates and it is believed this will be an enjoyable affair. Mr. Daniel will be toastmaster.

Delegates are urged to send in their registration fee of 50 cents immediately to Mrs. K. E. Edmonds, of

Littlefield, convention registration chairman. Delegates from the northern part of the district can get off the train at Hale Center and they will be taken to Littlefield overland without charge.

LOCAL ITEMS FROM THE LYNN COUNTY NEWS

The News editor and daughter, Jaunita, returned today from a few days outing near Canyon City; attending the annual reunion of the Hedgecoke families, kinsman of our mother. Thirty-two people were present on this occasion.

Marriage license were issued by our county clerk to Tilman Brooks and Miss Elizabeth Gray. The ceremony was performed at Post, August 14th, by J. G. Cole.

S. W. Glass, wife and daughter, Miss Mable, of Navasota, were the guests of J. B. and J. E. Stokes from Saturday to Tuesday. Mrs. Glass is a cousin of the Messrs. Stokes. They were very favorably impressed with Lynn county and we hope they will decide to locate here in the near future.

A. L. Lockwood, President of the First National Bank, and wife, returned the latter part of last week from two weeks outing in New Mexico and Colorado. They went as far as Denver, and report some cool weather in that section of the country, requiring a fire and plenty of blankets to keep warm at night. They report a most pleasant trip.

The Methodist revival meeting came to a close Sunday night. The meeting was very successful. Members of the church were imbued with new spiritual strength and no doubt the good done will be reflected in the lives of those who came under the influence of the splendid sermons and songs for many years to come. There were many conversions and twenty members were added to the church.

Meesdames and Messrs. J. E. Stokes, I. S. Doak, J. B. Stokes, S. W. Glass and Miss Mable Glass, were Lubbock visitors Tuesday.

Whatever your mood, the New Edison will be your faithful companion. It will not "get on your nerves." It will soothe and satisfy, because it brings to you the real art of great artists, just as real as if they themselves came to sing and play for you.

The mere statement that a record is the same as the artist means nothing. The fact that critics of two thousand representative American newspapers have heard Edison artists sing or play in direct comparison with the New Edison's RE-CREATION of their art—and the fact that they have admitted in writing that the New Edison's RE-CREATION did not deviate in the slightest from the singing or playing of the artists themselves, means volumes to the music lover.

Hear the new Edison at our store and you will be convinced that these critics have told the truth.

LOCAL NEWS ITEMS FROM GROVESVILLE COMMUNITY

Grovesville, Aug. 20, 1919. To the Avalanche. We had another one of those nice rains last night, that always comes in time. Our people all well and some have commenced to head maize, while others are running their row binders. The crops on the old land are doing fine while the new land crops are suffering some. Our cotton crops are still good. Mr. Elliott's new home is nearing completion and will add much to our already nice community. Mr. J. C. Shaw of the Carlisle district has begun the erection of a nice home just north of us. Work has begun in earnest on the Caldwell brick school building. Business is picking up generally and you can see the "Fall of Year" time creeping upon us. Mr. J. A. Barton and family have just returned from a few days visit to Jones county. You see that "glad to get back" expression on his face that they all have when the turn. Ivy Elliott, of Collin County is visiting his father, Ira Elliott. We learn with regret that Jonah Bumpass has sold his home to a Mr. Roberson, of Hill county, consideration \$40.00 per acre. Mr. Sam Thomas is selling perfectly green maize in Lubbock for \$15 per ton. Mr. Dulaney, the rural school inspector, is advancing quite a school interest among the people. We had quite a big crowd at our school Monday night and he gave us a good school lecture, together with music. All had a general good time. We understand he will take charge of Shallowater school. Notice: Everybody should endeavor to procure their planting seed from Mr. Strickle, on the Sowell farm, for another year, for they will certainly make voluntarily and absolutely without any cultivation. A visit to this farm will convince you. Mr. Strickle has a good crop. Yours truly, Tenderfoot.

MILWAUKEE ROW BINDERS

The row crops are often cut short with early frost. At this season of the year help is scarce and usually expensive. The best and cheapest way to harvest this crop will be to secure a MILWAUKEE ROW BINDER.

Milwaukee Row Binders are well made, light of draft, and thoroughly practical, evenly balanced. Gear driven insuring you a quick pick-up when you start the machine. No jerking on account of drive chains. Simple to operate, with all controlling levers within reach of your seat thereby insuring you perfect control without stopping the binder.

The Milwaukee Row Binder has three sets of gathering chains on each side to control your bed while going into the binder.

LOCAL NEWS ITEMS FROM THE CROSBYTON REVIEW

L. A. Crews has signified his intention of becoming a permanent fixture in Crosbyton by purchasing a home here this week. He has bought the Dr. Meadows residence on the block north of the court house and has moved into same. Mr. Crews is one of our leading grain buyers and the Review is glad to number him one of our permanent fixtures.

J. H. Moore, of Big Four, was in town Saturday with his little son, for treatments for his tonsils. Mr. Moore is having quite a siege of sickness in his family. His wife is in the sanitarium at Lubbock undergoing treatment and another one of the children was sick at home.

Contractor W. A. Milligan, who had the contract for the addition to the Baptist parsonage finished the job Monday and he has commenced the erection of a new residence for J. J. Murphy, just south of the Vaughn tavern. This is to be a nice 4-room house and shows that the building activity in Crosbyton is unabated. The paper hangers will also very likely finish their part of the job on the parsonage this week and we will then expect Bro. Cole to move his family over from Lubbock right away.

C. L. Hefley and John D. McDermott returned Monday morning from the oil fields where they are both interested. He has become the owner of two nice homes in Crosbyton since his return, and evidently he has had his hands in a good greasy spot somewhere lately. He purchased the George W. Gilley residence in the west part of town and will move his family into it about the first of the coming month where they expect to make their permanent home. His second purchase was the Cap Ellison place where G. M. McKee now resides. This is also a splendid piece of residence property.

Rev. H. W. Hughes, pastor of the Methodist Church at Ralls was here last Thursday. We understand that Rev. Hughes underwent an operation in a local sanitarium while here.

Jim Brown, representing the Robinson Livestock Commission Company, Fort Worth, and a brother to F. V. Brown, of this city, spent a few days here the latter part of last week.

Dempsey Hensley, nephew of A. M. Hensley, who has been visiting here the past few weeks left Monday for his home in Hooker, Okla.

NEWS ITEMS OF THE PAST WEEK FROM CANYON

Aug. 25.—The rain that came Tuesday night was a grand and glorious one, it was a great help to the grain crop. It also cooled the air which makes it more pleasant these long days.

Misses Hufstetler, Carter, Jannell, and Messrs. James and Clayton Gammill were among Idalou friends Sunday.

The meeting that was conducted by Bro. Lynn closed Monday night.

Mrs. H. M. Williams went to Lubbock Thursday to have her foot dressed. She is getting along nicely and will soon be able to walk some.

Mrs. Wiles, and daughters, Thelma and Jaunita, left Tuesday for their home in Arkansas. They spent several weeks with Mrs. Wiles' parents, Mr. and Mrs. J. P. Webb.

Mr. J. F. Goodnight filled his silos Friday.

Mr. Harris cut cane for Mr. Jot Flincher Tuesday.

Messrs. John and Bromo Crim returned Saturday from Plainview. They report crops very good in the part of the country where they were.

Mr. and Mrs. Fletcher Richardson and Mrs. Richardson, left Wednesday for Baylor county, where they will visit the latter's brother, Mr. Moore. They made the trip in their car.

Mrs. Tower returned last week from an extended visit with relatives and friends at Dallas.

Quite a number from this vicinity are attending the meeting at Acuff.

Master Ted Barnett spent Sunday with Ivan Fowler.

Misses Opal and Lucille Warren from Shallowater, are the guests of Miss Thelma Thompson this week.

Miss Evies Beville spent Saturday night and Sunday with Miss Thelma Thompson.

Mrs. G. T. Crawford and Miss Ethel West went to Lubbock Thursday. Ethel stayed in town with her parents.

Mr. T. S. Moore made a business trip to Lubbock Saturday.

There was a good crowd at Sunday school Sunday.

We wish to correct the mistake that was printed in last week's writing, about the sale of the home of Mr. J. P. Webb. He just enlisted his land and the agents had him sold and on his way. The community can hardly give up such a good leader, and when the news came that he had not sold out helped the feeling of his many friends.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 6c per bottle.

el West spent Tuesday with Miss Jewel Sides.

Mr. and Mrs. Jot Flincher spent Sunday at Idalou.

Miss Lorelle Harry spent the week-end with homefolks. She has planned to leave for Dallas about the middle of the week, where she has accepted a position with the telephone company there. She will stay with her sister, Mrs. Ingram.

Messrs. G. T. Crawford and Holten, were Lubbock visitors Friday.

Mrs. Crawford gave a party Saturday night in honor of Miss Ethel West. A large number of young folks were present. Ice cream and cake were served.

Mr. and Mrs. Ship and daughter, Susie, were the guests of Mr. and Mrs. T. Crim Wednesday afternoon.

Allie Self, son of Mr. and Mrs. W. S. Self underwent an operation in a local sanitarium the latter part of last week.

Miss Idabell Atwood of Abernathy underwent an operation in a local sanitarium the latter part of last week.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver-Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver-Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

FAIR PRICE COMMITTEE APPOINTED BY ADMINISTRATOR

Judge John R. McGee, Lubbock County Food Administrator has recently appointed a Fair Price Committee for Lubbock County, following the advice sent out to him from the Federal Food Administrator. The purpose of the committee as stated before will be for the ridding of profiteers in Lubbock county, if there be any.

The names of the committee have been forwarded to the Federal Food Administrator, and directions for the beginnings of the work will be expected here soon.

The committee will be formed of the following:

East Lubbock County farmers will be represented by Messrs. Earl Davis and J. P. Webb; West Lubbock county by, B. W. Casey and Mrs. Ed Shroeder, the four constituting a farmers' representation; C. E. Radford, wholesaler of this city, will represent the wholesale section of the committee; Raleigh Martin, groceryman, also of this city, will represent the grocery retailers; John P. Lewis, dry goods merchant and also of this city, will represent the retail dry goods men; the housewives of Lubbock county will be represented on the Fair Price Committee by Mrs. J. S. Johnson, Mrs. J. E. Henderson, and Mrs. M. F. Hinton.

Mr. McGee, also wishes to state until yet five names of people who will serve on the committee who live in the town of Slaton, have not been received by him. But possibly may soon, as it is his desire to have that city represented in the fair price committee. Organized labor will be represented by R. W. Walker, of the Carpenter's Union.

CLYDE ANDERSON RELEASED FROM CHARGE OF THEFT

Clyde Anderson and Fred Carrigan, two boys that were detained in Dallas, charged with theft from the L. E. Hunt and Co. Men's Furnishing store of this place, were brought to Lubbock county jail the latter part of last week. Under statements made to the sheriff and the city marshal, also to the Justice of the Peace E. C. Fain, that Clyde Anderson was not implicated in the theft, and that Carrigan had acknowledged to getting the goods, also substantiated Anderson's statements that he was not implicated. Justice Fain ordered that Anderson be released, which was done last Friday afternoon.

Carrigan is now being held in the jail, awaiting bond of \$750, which was fixed by Justice Fain. We understand he intends a sister who lives in Dallas to sign his bond. If she does, he will probably be released this week.

J. C. Johnson returned the latter part of last week from a two month's vacation in Colorado Springs.

Mrs. F. G. Biffle of Falls, is here this week visiting at the home of her son, Sam Dane, contractor.

ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Plenty of evidence of their worth in this vicinity.

Mrs. J. G. Davis, Colorado, Texas, says: "I have used Doan's Kidney Pills off and on for several years, whenever I have needed them, and nothing has ever done me so much good. At times my back was weak and ached and I could hardly bend down or lift anything. My kidneys acted irregularly and I had dizzy spells. Doan's Kidney Pills have never failed to relieve me. They have helped me when other medicines have failed."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

In every home where there is a baby there should also be a bottle of McGEE'S BABY ELIXIR. It may be needed at any time to correct sour stomach, wind colic, diarrhea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Sold by all druggists.

GRAND EXHIBIT FROM WEST TEXAS TO WEST

Chester T. Crowell, Publicity Manager of the West Texas Chamber of Commerce, will have charge of the large and carefully selected West Texas agricultural exhibits to be shown at the great national exposition in the middle west this fall. These exhibits represent not only staple crops such as the grains and cotton, but fruits, melons and other perishables, and a comprehensive oil and mineral exhibit. The exhibit will be renewed from week to week and kept up to the highest standards for each great fair.

In addition to the exhibits Mr. Crowell takes with him a large assortment of photographs, some of which are fourteen feet long, showing scenes in West Texas. These will be part of the exhibit. He also takes several reels of motion pictures showing harvest scenes, cities and towns, and some of the oil fields. It is expected that these will prove very popular on account of the national interest in the West Texas oil development.

The exhibits will be shown first at the Indiana State Fair in Indianapolis, Sept. 1-6. This fair has an attendance of 600,000 and is held in an interurban center, accessible to thousands of expert dairy farmers, who can be interested in West Texas. From Indianapolis the exhibits will be taken to Louisville to the Kentucky State Fair, which has an annual attendance of 500,000. The dates for this fair are September 8-13.

The Tennessee State Fair at Nashville September 15-19 is the next to be visited. Its attendance averages over 500,000. It is the second largest fair held in the South, and Tennessee has given to Texas many progressive farmers and business men.

The closing exposition to be visited is the International Soil Products Exposition at Kansas City, Sept. 24-Oct. 4. This exposition has always been very popular with West Texas exhibitors. Its annual attendance is 1,500,000 people from all parts of the Middle West, Northwest and Southwest. The International Dry Farming Congress is held in connection with this exposition.

ENGINEERS PAID MORE THAN TEXAS GOVERNOR

Washington, Aug. 19.—In a three minute speech to the House of Representatives this afternoon, Mr. Blanton read into the record figures received from the general manager of the Eastern lines of the Pennsylvania system, showing the rates of pay received by conductors and engineers in both freight and passenger service, and compared them with pay of civil and military officers. For the month of July, he stated, freight engineers received \$392.35, passenger engineers \$376.85, passenger conductors \$313.90 and freight conductors \$308.55.

"The Governor of Texas only receives \$323.33 per month, and a Colonel in the army receives the same rate of pay," declared Mr. Blanton. "A Lieutenant Colonel gets no more than \$291.66, a Major \$250, and a Captain \$208.33. In other words, members of these two brotherhoods get more than does the Governor of the Great State of Texas or a Colonel in the United States Army. The District Judge in Texas, who succeeded me when I came to Congress, resigned the other day because of the pay he was receiving. His salary was about \$10 per day, and

in his letter of resignation he declared that common laborers in many instances were receiving that much."

His Secret Legacy, a Story From Life

Brown came out of the vaults of the Safe Deposit Company, bearing on me with a smile we speak of as "the kind which won't rub off."

"Been clipping coupons?" I asked.
"No," he replied, "something better than that!"
"Must be mighty good then," I said, half jokingly. "Tell me about it." So we sat down in the reception room, and this is what he told me:

"This is my daughter's birthday. She is eighteen. I've just given her a present—one she doesn't know about yet. Hope she won't know for a long time. I'm keeping it a secret from her; but it makes me feel better than anything I ever did! She thinks I am the best man in the whole world!"

"What is this mysterious present?" I asked.
"It's a life income of \$100 a month—the first payment to begin when I am gone. I can take care of her while I'm alive, but afterwards—that's another story. Many a splendid business goes to smash when its owner dies. This will save the girl a lot of worry in the years to come, for she'll get the \$100 every month as long as she lives, and no one can make her lose it! Think what a satisfaction that is! Women are naturally trustful and easily imposed upon; but no get-rich-quick schemer can ever get possession of this legacy!"

He continued: "All the papers are inside there—in the safe deposit box along with my will. There's a big envelope

addressed to her, and a letter marked 'PRIVATE.' Here's a copy of it. Let me read it to you." The letter said:

"My dear Daughter:

When you read this, your father will have gone to that bourne from which no traveler returns. You have always been a great comfort to me, and I am leaving you a present which you will always get—every month—as long as you live. It will be sent to you on the same date as your birthday. Each time you get it, just remember that tho my place at the table is vacant—my love comes with it just as surely as if I handed it to you myself. The present is an income of \$100 a month for life. The papers with this letter will explain.
Lovingly, your Father."

There were tears in my eyes when he finished reading. "But, Brown," I said, "doesn't that require a lot of ready money? You have evidently taken \$30,000 out of your business and invested it in 4 per cent bonds. That takes more money than most men can afford!"

He smiled at me and said: "That's where you're wrong! It only costs me about 2 per cent a year. I keep the principal in my business, and just pay a low rate of interest on the amount involved. A good part of that is available as a loan

should I ever need it for temporary accommodation, though I never expect to. On my daughter's part there can be no worry, trouble or disappointments. No chance of loss through poor management or bad advice. It's all arranged in advance, and the \$100 a month will be paid without any charges or fees for the service. All she'll have to do is go to the Bank and cash the check!"

"Well—if it's as easy as all that, I'd like to do something of the kind for my wife," I exclaimed. "Won't you tell me just how you did it?"

But just then Brown's daughter appeared on the scene, and said:

"Father—are you ready? I've been waiting for you outside—and thought I'd missed you. You promised to come to my birthday party tonight, you know!"

Brown put a warning finger to his lips—afraid I'd say something about it in her presence—I guess. But he reached in his pocket—took out a card, and pointing to a name on it said:

"See W. C. Rylander—he fixed it all up for me! You can tell him I sent you, if you like." And off he went—hand in hand with his daughter—smiling more than ever!

I did as he suggested, though, and now I'm smiling too!

Lubbock is noted! This fact we all know. And some of the very things that she is noted for is a real blight to her citizenship. So optimistic are we toward Lubbock, that once in a while when speaking of our town with a stranger, we become vexed at his seemingly indifference to our noted city. For last week, while speaking very highly of nearly everything regarding our village, telling him how noted she was, he looked rather mean and haughty and for a time I didn't think he would answer me back. He did though. "Yes, she's noted—noted for some of the biggest bumps and ditches and more of 'em, the rankest, tallest and thickest growth of weeds of any town of similar size in West Texas."—That's all he said.

The grand jury in the district court of Eastland county have recently adjourned after a thirteen days sitting, made their report to the District Judge as follows: "We have been in session thirteen days and have examined 218 witnesses and found 129 bills of indictment; 89 felonies, 40 misdemeanors.

Forcing three officials and a stenographer of the First National Bank of Newton to lie upon the floor, face downward, three masked men robbed the bank last Friday of \$20,000 in currency and \$20,000 in Liberty bonds. The robbers escaped in a motor car.

Mrs. D. Campbell, and son Fred, and daughter, Velma, who have been here visiting at the home of Mr. and Mrs. R. B. Ingle, left for their home in Palestine, Texas, Tuesday. Mrs. Ingle is a daughter of Mrs. Campbell. They will return home by way of Mart, where they will visit for a few days.

Editor Loraine Quinn, of the Lorenzo Enterprise, was over Friday visiting with his parents, here. He returned home Saturday afternoon. He reports business good in Lorenzo, and crops fine, though they did not get any of the rain we received last week.

DRASTIC BILL FOR CHECKING HIGH PRICES

Washington, Aug. 22.—Without amendment and with practically no opposition the house late today voted to amend the Lever food control act to extend its provisions to include, clothing, containers of food, feed, or fertilizers, fuel oil, and implements used in production of necessities, and to penalize profiteering by a \$5 000 fine or two years imprisonment.

Proposals to make the act apply to profiteering in house and room rents, adopted by the house in committee of the whole, were stricken out in the final vote.

Come to Lubbock.

FAIR PRICES!

It is our desire to be absolutely fair in matter of prices which are today (in the wholesale markets) at Pin made heights—as an illustration we are today selling the Edwin Clapp Oxford for men at \$10.75, while the present wholesale cost is \$12.50. We are selling the Packard Oxford at \$6.75, while present wholesale cost is \$8.25. We sold the last of Advertiser H. A. Bleach at 26c yard, and rebought at 30½c. At the same time we sold all of the Pepperell 9-4 Bleached Sheeting at 55c yard and rebought at 65c. Toile Gingham today costs 32½c; even Calico today costs 19c.

On a recent trip to the markets of this country, St. Louis, Chicago, Boston, Philadelphia and New York, the writer found that 90 per cent of the merchants with whom he came in contact had mis-judged the market just as he had done. Just when we felt that we knew prices were due for a tumble, they went up like a balloon.

Some 120 days since Marshall Field, the largest dry goods jobber in America was advising their customers that prices were due for a fall. This store believed it and so advertised—Four to 6 months ago we were buying from mhand to mouth, anticipating the decline that did not come. Today absolutely everything in the store is costing from 25 per cent to 75 per cent more than some merchandise could have been bought for four months back.

Fortunately ours has always been a large stock and in many lines Fall orders were placed at opening prices and this advertisement is to assure our customers that we will play fair with them in the matter of pricing the new merchandise, where we were fortunate in buying before the advance we will mark the merchandise, based on cost and not market.

WE ARE HERE TO STAY and again advise our customers that in our opinion Merchandise MUST DECLINE FROM PRESENT HIGH LEVELS. Do as we are doing, buy only for immediate use.

Of course we are anxious to serve you and we solicit your patronage.

A. B. CONLEY, JR.

M. M. Dupre, has recently completed the construction of a nice five or six room bungalow on his farm east of town. Mr. Dupre suffered the loss of a building on the farm only a few weeks ago.

H. O. Maters has purchased the residence property of Miss Fannie Osborne, on Broadway, north of the

High School building, and will occupy same.

W. H. Dallas, of the Brownfield State Bank, of Brownfield, was here the first of the week attending the bedside of his wife who is in a local sanitarium receiving medical treatment.

The singers of the High School are requested to meet with Mrs. Gelin, Sept. 5th, at 4 p. m. in the High School Auditorium to rehearse songs for opening exercises of the school.

John Moore, son of Henry Moore, of Crosbyton, underwent an operation in a local sanitarium last Saturday.
