

THE LUBBOCK AVALANCHE

VOLUME XX

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, OCTOBER 16, 1919

NUMBER 16

LUBBOCK ADVERTISED AT FAIR

GEO. W. BRIGGS IN MUCH LINE OF EXHIBIT SAYS PEOPLE ARE TED IN THIS COUNTY

MANY ARTICLES OR DAMAGED IN TRANSIT

For This Reason Lubbock Getting a Great Not Compete for Big Prizes, But is Having T of Favorable Publicity by bit at the Great Fair.

The following letter is from Geo. W. Briggs, who is attending the State Fair and has in the Lubbock county exhibit. The exhibits of five counties never have arrived, and their booths are empty. We shipped one lot by freight the twentieth of September. From the looks of surprise just as soon as we could get anything faces of the Lubbock people that was mature enough to ship. This has visited our booth, and has been lost, and though we have their remarks, I conclude that had traces out for two weeks, we ports that have gone out with have not located it yet.

On the twenty-fourth, we sent a have given a wrong impression. A part Lubbock people. It is true that it should have seen it. Heavy, well has arrived, and despite all the stout-forts we have made, it has not enough to try the temper of a saint. This prevented us from getting one of this shipment never came booth in shape to compete for the fifth day of the fair. One prize. For while we have had a trunk, over half smashed. In yet it was lacking in certain features over one-half of the glass exhibit which prevented us from getting a prize. The agricultural department is working under a despite the rain, he succeeded in score card, and the judges have together enough more to give terpreted it strictly. The lost very good exhibit. One day, I ment contained the lacking items, through the express and freight our case.

Our booth has won much praise from everyone, and the newspaper has given us a great deal of publicity. We came to the fair for advertising purposes, primarily, and especially for premiums. We are certainly more than ever, that Lubbock is well known over the southwest. Of the thousands that visit our booth one out of five hundred, know of our country, and can intelligently of what we are doing. It is also gratifying to hear them predict big things of Lubbock. The seems to be unbounded confidence in the minds of the people concerning the future of Lubbock. It is rather amusing to Mr. Barnes and myself that one or two counties exhibiting are locating their counties by the distance and direction from Lubbock. We feel that they should be put on a salary.

To go back to the delay of the shipments of express and freight. On the opening day, practically the only booths ready were those coun-

SUN SPOT ON SUN AND VOLCANIC ACTIVITY

Scientists years ago noted that volcanic disturbances on the earth appeared to accompany periods of unusual sun-spot activity. Extraordinarily intense solar disturbances occurred in 1883, 1902 and 1912, and in each case severe volcanic outbreaks on our planet took place at about the same time.

The present year has been one of great sun-spot activity; the spot observed recently covered an area of the solar surface measuring between 30,000 and 100,000 miles in length, and was the largest ever known. Later a second, smaller spot appeared with it. Disastrous volcanic eruptions have occurred at various places on our globe since the beginning of this unusual solar upheaval. For instance, there was a great eruption of the volcano Kalnut in Java which killed several thousand people; in San Salvador an outburst of the volcano Izales nearly destroyed the city of San Salvador; violent destructive volcanic eruptions took place in Japan and there were similar disturbances at various places in the equatorial region.

Scientists who have studied these phenomena and sought to account for the apparent connection between violent solar upheavals and volcanic disturbances on our planet believe that sun spots are vitally colossal dynamo which send out into space great magnetizing waves. These waves at times are so powerful that they interfere with the operation of our telegraphs and telephones. Apparently, also, they give rise to the phenomenon known as the aurora borealis. The aurora can be readily duplicated on a small scale in the laboratory by sending magnetic currents through certain gases which exist in the earth's upper atmosphere and scientists are convinced that the beautiful play of light observed in the polar regions is produced by the passage of powerful magnetic waves from the sun through these gases in the upper atmospheric strata.

A volcano is a sort of vent in the earth's crust. When its shaft is open it provides an avenue for the escape of smoke, lava, gases, etc., from a mass of molten, incandescent matter in the interior of the earth. Then it is active. Sometimes the vent gets plugged up with solid volcanic material and the lava, smoke, gases, etc., cannot get out. In that case, the volcano is said to be inactive. Nevertheless, the hot seething mass of matter remains under the dormant volcano and gases under high pressure constantly seek an outlet through the volcanic shaft. In periods of great sun-spot activity, scientists tell us, these gases are expanded enormously by the magnetic waves from the sun. At length they exert such a pressure that the plug or "cock" of the volcano is blown out.

WEATHER REPORTS FROM VARIOUS TEXAS POINTS

Snyder, Texas, Oct. 14.—The weather has cleared up today and cotton picking is being rushed rapidly. George West, Live Oak County, Texas, Oct. 14.—This place has been visited with rain at intervals since Friday. Everything is thoroughly soaked and the roads are very bad. Llano, Texas, Oct. 14.—Rain has been falling here since early this morning. The roads and streets are all muddy and the creeks are all running. Sunshine is very much needed here.

Mineola, Texas, Oct. 14.—A heavy rain fell here yesterday. Excessive rains for a week have caused the lowlands to become inundated and much cotton has been lost. Corn in some fields is said to be sprouting on the ground. San Marcos, Oct. 14.—Rain fell here throughout yesterday and with the continued wet weather of the last ten days has done much damage to cotton, a number of farmers still having much unpicked cotton in the fields.

Comfort, Kendall County, Texas, Oct. 14.—Another slow rain fell here Sunday night until Monday afternoon, amounting to several inches. The Guadalupe river was out of its banks several feet, but it is hoped by tomorrow it will have gone down so that the river can be crossed over the concrete bridge.

Orange, Jim Wells Co., Texas, Oct. 14.—About four inches of rain fell here yesterday, accompanied by considerable lightning. The temperature dropped considerably after the rain, causing many to get out their winter coats. The rain will be helpful to the growing fall crops, but it will damage the remaining ungarthered feed crops so that they will be practically useless.

Pleasanton, Atascosa County, Texas, Oct. 14.—Since the rain and cold wave the skies have cleared and ideal weather has made its appearance in this vicinity, which is welcomed by farmers. Cotton and corn and hay crops have been damaged to some extent by the continued wet weather, but all are looking forward to a good crop year in 1920.

Farwell, Parmer County, Texas, Oct. 14.—The damp and cloudy weather which has prevailed for the past week has been a big drawback to farmers in harvesting their crops. In many places the row crop is reported falling down and sprouting on the ground.

Lockney, Texas, Oct. 14.—Floyd county has had twelve inches of rain in the last four weeks. All farm work has been at a standstill since Sept. 12. Cotton has been injured very little by the rains, as it has just begun to open. Hundreds of acres of wheat remains in the field unthreshed. The maize crop has suffered more than any other crop from the wet weather.

STATE WITHDRAWING FUNDS TO MEET CURRENT EXPENSES

Austin, Texas, Sept. 14.—During September the State Treasurer received \$91,228 in interest on State Funds with depository banks. The Treasurer has withdrawn funds from banks paying less than 4 per cent interest and is now taking money from those paying 4 per cent in order to meet current expenses. However, the withdrawals are not heavy, as special collections are increasing the payments into the State Treasury.

At this time there is a total of \$7,710,170 of State funds with depository banks at interest. Of that amount, \$900,000 is drawing 4 per cent, the remaining \$6,800,000 yielding over 4 per cent interest.

AIRPLANE DELAYED EXPECTED HERE SOON

On account of the severe weather over the plains country the past few weeks, the plane which W. K. Whipple of Dallas intended sending to our city, for commercial purposes, has been delayed. A recent letter received from him by the Chamber of Commerce, states that one is coming north out of Wichita Falls over the Denver railroad, stopping half days at Spur and Floydada and would probably reach here next week. The plane is coming here for commercial purposes, taking those who wish to fly, a nice trip over the city for the sum of \$10.

STATE EXPECTS TO MAKE QUARTER OF BALE TO ACRE

Austin, Texas, Oct. 13.—The State expects to make about one-fourth of a bale of cotton to the acre, according to Sam D. W. Low, of the State Prison Commission, who was in Austin today in conference with the Governor.

H. A. DAVIDSON'S FATHER AND MOTHER HERE

Mr. and Mrs. W. J. Davidson of Union City, Tenn., arrived in our city this week to visit a short time at the home of their son, H. A. Davidson, feed-dealer of this city. Mr. and Mrs. Davidson have made two or three trips to this country. Mr. Davidson is a produce dealer in his home town.

MISS FARWELL RETURNS FROM VACATION IN COLORADO

Miss Mary Farwell, Superintendent of the Lubbock Sanitarium's Training School for nurses, returned Monday of this week from a very delightful ten day's vacation spent in different points in Colorado. Miss Farwell had the pleasure of viewing one of Colorado's first shows, for the season.

\$200,000,000 IS INDEBTEDNESS OF TEXAS STATE

Austin, Texas, Oct. 14.—Texas' bonded indebtedness approximates \$200,333,000, according to estimates of financial observers. A considerable portion of this total may be arrived at accurately from reports made to different department heads. On September 1, 1919, Texas city bonds totaled \$48,174,582, and county bonds totaled \$53,663,759, according to reports made to the state comptroller.

From this date to September 1, 1919 the attorney general's department had approved \$51,494,840 in bonds. These three items give a rough total of \$150,000,000. In addition there are the bonds of subdivisions of counties issued before September 1, 1919. They are all recorded, but have never been totaled. However, it is estimated semi-officially that this total will be near \$50,000,000.

An outstanding point is that approximately 25 per cent of the bonds were approved by the attorney general during the fiscal year just ended.

STATE TO BEGIN DISTRIBUTION OF SEALS TODAY

Austin, Texas, Oct. 13.—Distribution of the automobile seals for 1920 will begin tomorrow by the State Highway Department. The new seals are larger and different in shape than those issued for 1919. The numbers are displayed more conspicuously on the new seals, this being done for the purpose of discouraging the stealing of seals. Last year when there was no number on the seals the Highway Department lost about 7,000 registrations of cars, the seals having been stolen from registered cars and transferred to cars not registered. On the 1919 seals numbers were placed and this has greatly reduced the number of thefts of seals.

At the Highway Department it is estimated that the loss of registrations this year will not exceed 1,000. With the numbers displayed more conspicuously on the 1920 seals, it is believed the number of thefts next year will be materially reduced.

Another new departure is in the distribution of the seals for 1920. Seals in numerical order are to be sent to each county, the supply being sufficient to last the entire year. Peace officers are to be furnished lists showing the number of seals issued to each county. Numbers of seals are also to be written on the receipts for licenses issued by the County Tax Collectors.

COTTON PICKERS FROM HENDERSON CO. ARRIVE

Not every farmer that goes in search of cotton pickers produce results as did J. H. Huffington, a Lubbock County farmer who has been at Fort Worth, Dallas and other points in Central Texas this week. Mr. Huffington returned home Wednesday afternoon and brought about seven men from Henderson county who will help in gathering the large crop of cotton we have, which has been delayed several days on account of the severe wet weather. Three of the men that Mr. Huffington brought home, propose to gather no less than a bale per day.

KANSAS CITY BANKER MAKES VISIT HERE

Chas. Baird, president of the Western Exchange National Bank, of Kansas City, accompanied by another gentleman, also of Kansas City, spent one or two days this week in our city. They were accompanied over the county Wednesday by G. T. Martin, vice president of the Farmers National Bank of this place. These gentlemen are taking a thorough tour of the South Plains country, going to Snyder, Crosbyton and many of the important towns in this territory.

REPRESENTATIVE OF STATE HEALTH DEPARTMENT HERE

Mrs. R. P. Robbins, of Cleburne, representative of the State Health Department, who at a request of Lubbock ladies, was sent here to lecture at the Court house Tuesday afternoon but on account of delayed trains failed to fill the appointment, is in our city and will talk this afternoon to the ladies of the 20th Century Club on the subject of "Pure Foods and Drugs" we are informed. Mrs. Robbins will also meet with the ladies of the Thursday afternoon Sewing Club which will meet with Mrs. W. R. Spencer.

In this issue of the Avalanche will be found the advertisement of Caudle and Rogers, the new firm that has recently located in Lubbock and will conduct a high grade saddle and harness factory. They are well prepared to do fine work, and they are anxious that the public call and see them, and inspect their work. They have some very fine saddles on display and besides making the saddles they will conduct a general repair business. They are located in the Phillips building next door east of the Lindsey Theatre and will be glad to see you and get acquainted.

The Canadian Record has entered upon the twenty-seventh year and from the appearance of the last issue, the Record is enjoying prosperity. Editor Loomis has not been in charge of the paper very long, but has improved its appearance, and we predict for him a successful voyage at the steering wheel of the Record as she dashes across the sea of journalism. Here is great success to you, Loomis. We enjoy the weekly visits of the Record.

FEED PRICES ARE MUCH TOO LOW

THE PRODUCER DOES NOT REALIZE AS MUCH FOR HIS CROP AS HE SHOULD UNDER NORMAL CONDITIONS.

FARMERS SHOULD PUT GRAINS INTO FEED SHAPE

A User of Our Products in the East Recognizes the Fine Qualities of the Kaffirs for Feed and Says the Producer Should Get a Better Price for His Feed, and Would if Sold in Proper Shape.

Fort Worth, Texas, Oct. 7.—I notice in your today's issue an item from Lubbock, dated Oct. 6, wherein the writer states the prevailing price for milo maize and kafir corn is \$10 to \$14 per ton in the head. These same farmers should know that we are paying \$3.50 per hundred pounds for the threshed grains in 500 to 1,000 pound lots. What the farmers should do is to arrange to put their grain into feed shape and put it on the market in carload lots. The writer of this article a few years ago experimented with kafir and maize as a feed for cows and young stock and found if these grains were ground in the head and ground very fine it made a most excellent feed when mixed—maize and kafir 200 pounds, wheat bran 100 pounds, cotton seed meal 50 pounds. This mixture for milk cows; where fed to young heifers I would leave out the cottonseed meal.

For my use I prefer the grains ground in the head rather than the ground threshed grains. The pulp of the heads, where properly ground, act as a filler, and where the proper protein content is added by supplying wheat bran and cottonseed meal to the correct amount we have a well balanced milk ration where fed in conjunction with silage or other succulent feed.

Today there are thousands of dairy cows in Dallas and Tarrant counties being fed grain feeds which cost from 2 1/2 to 4 1/2 c per pound when bought from the dealer. The consumer is calling for cheaper milk. The feed mixing mills are getting rich by using most any kind of feed and covering it up with molasses and putting a fancy brand on it.

So, as long as the producer on the plains sells his crops in the head to his local buyer, who in turn threshes it and sells it to a jobber, who then sells to a mill, which sells to a feed store, which sells to the man who feeds the cow, the grower may not expect much for his grain, and the man who pays for the milk must realize he pays all the profits. Yours truly, S. R. HOWE.

NO EVIDENCE OF AN INFLUENZA EPIDEMIC

St. Louis, Mo., Oct. 14.—There is no indication of an epidemic influenza this winter, according to speakers at the convention of the Association of Military Surgeons of the United States here.

Colonel Victor C. Vaughn in an address declared the dirtier the atmosphere and the more bacteria one breathed, the more immune he would be to disease. This was proved, he said, by statistics compiled during the war, which showed that the greatest death rate from disease was among men from rural districts.

Contrasts between the marvelous efficiency of the German surgical methods as compared with the most chaotic conditions that existed in the allied armies at the beginning of the war, and the wonderful change that brought the latter to the very pinnacle of surgical efficiency in the later days, were made here by Lieutenant Commander William S. Bainbridge.

FIFTY-ONE CONVICTS GIVEN PARDON BY GOV. HOBBY

Austin, Texas, Oct. 13.—Fifty-one convicts were granted pardons by Governor Hobby today. Of these twenty-one are afflicted with tuberculosis, and seven belong to that class of convicts known as "friendly." Two of the convicts pardoned are women. The pardons were granted upon recommendation of the Board of Pardons, the member of which recently made a visit to the State penitentiaries and the various State farms.

The tubercular convicts are released with the understanding that they are to be taken care of by relatives or friends who have interceded in their behalf. In a number of cases tuberculosis was contracted after the convicts were sent to the penitentiary.

When the Board of Pardons returned from the trip to the farms and the penitentiaries, recommendations were filed with the Governor for the pardon of sixty-nine convicts.

WEATHER OBSERVER PUZZLED OVER PLAINS REPORTS

"There are many peculiarities in weather on the Plains, for instance last week, Midland, more than two hundred miles south of Amarillo, showed a lower temperature than any point of the plains," says T. J. Considine, weather observer of the plains country whose home is in Amarillo and who is in our city today attending to matters relative to our reports. According to Mr. Considine there is very little difference in the average temperature of the plains country. Amarillo registered 56 degrees last Saturday, the lowest so far this season. Mr. Considine is predicting an early snow fall over this country.

Dr. R. B. Hutchinson of this city, will leave Saturday night for New Orleans where he goes to attend the Association of Surgeons.

CHURCH NOTES

First Christian Church. Sunday School 9:45 A. M. Communion service following. Christian Endeavor 7:30 p. m. Prayer meeting Wednesday evening at 7:30.

Our Sunday School is delighted to have recent news from the little French Orphan whom we have adopted to support and educate. His name is Louis Holland, and he is six years old. We hope to have his photo soon.

Ladies Aid Society will have an all day meeting with Mrs. H. J. Lowry Monday, to do some sewing and pack a box of fruit and clothing for the Juliette Fowler orphans and old people. We invite all who wish to take part with us in this work to meet with us on that day.

Epworth League Program.

Leader—Margie Henslee. Training in Citizenship—Subject, Song—League. How to Become a True Citizen. 1. True Citizenship has for its foundation—Christianity—Mack Slagle. 2. Live up to what you know is right—Blanche Bean. 3. A Sense of Justice—Carrie Little. 4. How much time for the public?—Katherine Hearn. 5. Give your country the best.—Herbert Stubbs. Solo—Fern Wheelock. Song—League. League Benediction.

First Baptist Church.

Last Sunday we made a jump "upward" in our Sunday School attendance. Let's keep the work going by increasing our attendance next Sunday. At 11 o'clock the pastor will speak on "A Great Program," and at 7:30 on "The Man who went on a Fishing Trip."

The Young People's Meeting will be at 4 p. m. Last Sunday was our second meeting. 27 were present. We hope soon to have not less than 50.

You are cordially invited to all these services. W. A. Bowen.

Seventh-Day Adventist.

Services held corner Fourth and Singer streets (east of McAdams' lumber yard). Sabbath School, Saturday at 3 p. m. Topic of lesson: "The Unity of the Church." Preaching at 4. Subject: "The Cleansing of the Temple." Preaching, Sunday, 3 p. m. Subject: "The Seven Last Plagues." Prayer meeting every Friday night at 7:30. George W. Spies, Pastor.

Elder Liff Sanderson, formerly of this city, but now in Amarillo, has been in Lubbock and will be in the city again next week.

APPEAL CASE TO TEST OPERATION OF SUNDAY SHOWS

Austin, Texas, Oct. 11.—A test case to determine whether or not the operation of moving picture shows on Sunday is a violation of the Sunday closing law was filed in the court of criminal appeals today. The case is appealed by J. J. Hegman who was recently fined \$20 in the Travis county court for operating a picture show on Sunday.

Mrs. M. N. Rodgers and daughter arrived here Monday from Sweetwater to join Mr. Rodgers, who is establishing a saddlery business in our city. They will make this place their permanent home.

Mrs. W. C. Mathis and children passed through here last Saturday enroute home after visiting a short time with relatives on the north plains.

REAL ESTATE TRANSFERS

SOME SAFETY-FIRST FIRE RULES TO OBSERVE

State Federation of Women's Clubs Co-operating with State Fire Marshal of Texas.

Keep house, yard, and outbuildings clear of rubbish and inflammable materials.

Do not start an open fire near fence, barn, or house; never when a wind is blowing.

Be sure all chimneys are safe. Have them examined and cleaned each season before fires are built.

Never stop flue openings with paper or rags. Use only tight metal caps.

Watch the stoves! Do not place close to frame walls, and have a good zinc mat underneath.

Screen open fires. Safety of life as well as property demand it.

Use only safety matches; and keep matches away from children.

Never start a fire with kerosene.

Never throw waste paper on an open fireplace or grate.

Do not put ashes in wooden receptacles.

Do not use empty ashes against fences, barns, or outbuildings.

Keep gasoline out of house and barn.

Never use gasoline or inflammable volatiles to clean glove clothing, etc., in the house. Gasoline vapor is more deadly than dynamite.

Never fill lamps, oil, or gasoline stoves by artificial light.

Do not permit matches in pockets of clothing in closets and wardrobes.

Do not look for missing articles in closets with matches or open light.

Use electric torch.

Do not permit children to play with fire in any manner.

Use lamps with a broad base and set only on a solid support.

Do not use pennies, nails, or wire for fuses in electric circuits. Fuses

are your electric safety valves, and only the safe kind should be permitted.

Do not permit swinging gas brackets.

Never leave the house with an open fire burning, or with oil or gas stoves lighted.

Never hang clothes or rags close to stove, grate or on radiators.

Never place kindling or wood against stoves.

Do not use paper shades on lamps or electric globes.

Beware of the electric iron! Install a red pilot light to the iron connection.

Have your wiring carefully gone over once each year by a competent electrician.

Do not leave oily rags or mops on floor in closets. They are subject to spontaneous combustion.

If you smell gas, open the window and call a gas fitter. If you smell smoke, investigate until you find the cause.

A non-combustible roof is the best safe-guard against sparks and conflagration.

Locate your nearest fire alarm box and learn to turn in an alarm.

SPECIAL TRAIN OF CHINESE MEN PASS THROUGH HERE

A special train, carrying several hundred Chinamen, passed through here Tuesday. The Chinese landed in the States at a point in California and are enroute to Havana, Cuba, via Key West, Florida. They were accompanied while in the United States by a Government Immigration Inspector. It is thought that the Chinamen will be used on sugar plantations in Cuba.

NOTICE PUBLICATION IN PROBATE.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Lubbock County, Greeting:
You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for One consecutive week previous to the return day hereof, copies of the following notice:
THE STATE OF TEXAS
To all persons interested in the estates of Ruby Arnett and George M. Arnett, Jr., minors, Mrs. George M. Arnett has filed an application in the County Court of Lubbock County on the 14th day of October, 1919, for authority to make and execute an oil and gas lease to J. E. Shelton, of Terry County, Texas, on Survey 4, Block "T"; Surveys 88, 83 and 84, Block 4-X; and Survey 57; block E, all in Terry County, Texas, which said application will be heard by said

You Do More Work. You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store...50c per bottle.

Different Fabrics and Stains

Department of Agriculture.) apply for that particular kind of stain.

The removal of stains is a necessary feature of the laundering and general care of clothing and other household textiles. Nearly all stains may be removed easily at home if reliable methods are known.

One of the most important factors is to apply the stain remover while the stain is still fresh. Drying, exposure to air, washing and ironing, all makes it harder to remove the stain. The nature of the stain should be known if possible before its removal is attempted, since this determines the treatment to be adopted. An unsuitable stain remover may "set" the stain so its removal becomes difficult or even impossible.

Treatment Depends on Fabric.
The kind of fabric on which the stain occurs should be known, for the method of treatment depends much on the nature, color, weave, finish and weight of the fabric. Do not use strong acids on cotton, and even diluted ones should be neutralized afterwards with a suitable alkali. Care should be taken in the use of alkali, as it weakens the fabric.

After any reagent rinse the fabric well. Do not use very hot water on wool or silk. Rubbing also must be avoided with these fabrics. Both wool and silk are dissolved by strong alkalis; borax or a weak solution of ammonia is more suitable. Acids, with the exception of nitric, do not attack silk and wool readily.

With colored materials avoid use of a bleaching agent which will destroy the color of the material. Because of this it is much more difficult to remove stains from colored material than from white.

Removing Common Stains.
Blood and Meat Juice—Use cold water; soap and cold water, or starch paste.

Bluing—Use boiling water. Chocolate and Cocoa—Use borax and cold water; bleach if necessary.

Coffee and Tea (Clear)—Use boiling water; bleach if necessary.

Coffee and Tea (With Cream)—Use cold water, then boiling water; bleach if necessary.

Cream and Milk—Use cold water, then soap and cold water.

Egg—Use cold water. Fruit and Fruit Juices—Use boiling water; bleach if necessary.

Grass—Use cold water; soap and cold water; alcohol; or a bleaching agent.

Grease and Oils—Use French chalk, blotting paper, or other absorbent; or warm water and soap; or gasoline, benzine, or carbon tetrachloride.

DEATHS.

Joseph O. Wright—Born in Texas March 1st, 1887, died in a local sanitarium, October 14th, 1919, following an illness of more than three years. Death came, following a stroke of paralysis. The deceased is a son of Mr. and Mrs. J. T. Wright, who live near the Monroe School in this county; he is also survived by a wife and two children who were living in East Texas at the time of his death. Funeral services were held at the Christian Church in this city, Wednesday afternoon, conducted by Rev. Taylor, also of this city, and interment was made immediately following, in the Lubbock Cemetery.

A. Judd Commission Company makes a specialty of city property, can sell or rent your property. See us. 161f

J. H. Griffith, banker of Taylor, was here one or two days this week, looking after his property interests in our county.

Mr. Higgins, of Dallas, after spending several days here visiting his cousin, J. E. Garrison, of this city, left last Friday night for his home.

QUICK! YOUR HAIR NEEDS "DANDERINE"

Check ugly dandruff! Stop hair coming out and double its beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness. A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

T. B. Duggan left today for Temple, where he will be a few days transacting business. Mr. Duggan will probably return home Sunday.

Oh! Such Pain! dizzy—dragged-down? With dull headache, backache—racking with pain here or there—a poor woman, she's one of many. On those days each month, when in other circumstances she would go to bed, she must still be at the desk or counter, or struggle through the day as best she may with her housework or her family cares. Usually she who feels those dragging-down or dizzy symptoms, and other pains caused by womanly disease, can be cured by Dr. Pierce's Favorite Prescription. It cures the cause of these pains. Faded, jaded, tired, overworked, weak, nervous, delicate women are helped to strength and health by Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. In liquid or tablets.

MEMPHIS, TENN.—For many years I have depended on Dr. Pierce's Medicine to keep me well and healthy. I was once restored to health by the use of the "Favorite Prescription" and the "Golden Medical Discovery" when other medicines and doctors had failed to give me any help. The "Favorite Prescription" has no equal as a woman's medicine. E. C. W.

Calomel loses you a day! You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

E. G. Alexander, druggist of Brownfield, passed through here Monday enroute home after visiting a few days at Dallas.

KINDERGARTEN HELPS FOR PARENTS
(By Sarah G. Simpson)

By Bertha Johnston.
Courtesy and Consideration.
"The greater man, the greater courtesy."
In every home opportunities should be made for the little children to practice consideration and care for something weaker than themselves. The cherishing instinct, both in the individual and the family, needs cultivation and direction. It is manifested in the love of little girls for their dolls and in the devotion of boys to their pets. If this quality of nurture, is not exercised or properly directed, it withers; for affections must be exercised if they are to develop. We often see spoiled children in American families, where all their desires are gratified without effort on their own part and they are given no opportunity to serve. Many a mother virtually makes a slave of herself for her children, humoring every whim, and relieving them of all care, trouble and responsibility, only to find when they are grown that they are utterly selfish and inconsiderate.

Unfortunate, too, is the only child or the youngest member of the family, who is over indulged, with no more dependent member of the household to call forth his tender feelings. Herein lies one great value of the kindergarten, where children are given opportunities to help those younger than themselves.

For the child without companions in the home, the parent should provide occasions that require service or sacrifice for others. Arrange to have his friends come frequently to play with your little one, and share his toys, suggesting that the little guests must have the best.

Adaptability is gained through companionship with one's equals. From association with boys, little girls learn something of fair play, and become acquainted with the sturdier virtues; while, from girls, the boys learn to have a chivalrous attitude toward womankind.

The instinct of nurture is developed through the care of a garden or pets, for a child must exercise thought and put it into practice, in order to obtain results. Then, too, generosity and respect are stimulated by sharing the fruits of his care, a little bouquet for mother, a head of lettuce for a neighbor, an extra kitten for a playmate.

If pets have young, the child's mother should call attention to the care of the mother for her little ones, and her courage and self-sacrifice whenever the young are endangered. A child should be taught to take entire charge of his pets, to weed and care for his garden, if he is to receive the full benefit in character development and achieve the self-respect which comes from responsibilities accepted.

Then, too, good manners which spring from consideration are as essential to the happiness of the world as are good morals, and parents should be examples of both to their children. How often virtuous people make us unhappy by their lack of tact! Courtesy and graciousness smooth out the rough places of life. A tiny boy of 3 can raise his hat and one of 5 can rise at table and push mother's chair into place. When older people enter a room, children should rise; in fact, they should be taught to practice all the little daily civilities. But courteous manners are taught slowly, "for precept must be upon precept, precept upon pre-

BE IT EVER SO HUMBLE

The fellow that has a home that is his very own, where he can put improvements on it as he is able, and have things arranged to his own liking, is better than eternally paying rent and accumulating nothing.

Build a home. Even though it is small. See us for designs for large or small dwellings, and get our prices on building material.

A. G. McADAMS LUMBER COMPANY

LUBBOCK, TEXAS

cept; line upon line, line upon line; here a little and there a little." Many a man of good character has greatly limited his usefulness by his lack of "polish", because his mother, either from stupidity or over-indulgence, neglected his social training!

At this momentous time, it is especially important that all means possible be employed to foster the instinct of caring for the weak and dependent.

It would be well if more children were made to feel responsible for some child of less favored circumstances. It is astonishing how boys and girls will rise to the occasion when responsibility is placed upon them. In 1913 my 11-year-old niece who lived in London, had a "god-child" in another city, to whom she wrote a monthly letter, and sent little gifts at Christmas-time and other holidays.

At the present time the millions of little Allied orphans should make a strong appeal to the childhood of America. Correspondence between them would not only teach our children consideration for others and develop their familiarity with a foreign language, but it would also help cement the friendship to America with her Allies and greatly promote the cause of Internationalism.

RECENT HAPPENINGS FROM THE PLAINVIEW NEWS

Certain shareholders in the Tahoka Oil & Gas Co. went to Floydada last night and swore to information alleging that M. M. Herring, secretary, and Howard and Clifford Green, drillers, for the oil company had moved a portion of the oil drilling outfit away from the Tahoka well, and taken it to Justiceburg or Post, in violation of a recent injunction issued by Judge Joiner. Judge Joiner issued a warrant or other process against Herring and the Greens, and ordered that they be brought before him to show why they should not be punished for alleged contempt. The papers were sent to the sheriff at Tahoka this morning for service.

Edgar D. Smith, age 19 years, died at Roswell Sept. 26, from a relapse of typhoid fever. His remains were brought here Wednesday and buried beside those of his father, "Jumbo" Smith, who died about seven years ago. The family formerly lived in Plainview.

For the first time in seven years there are no prisoners in the Hale county jail this week, and it has been suggested that it be used for a wheat granary. Never has there been but one to only a few prisoners in the jail, and of late there has been very little crime, and as no criminal business was handled at the present term of district court, and those under charges being out on bonds, the jail has become empty.

Plainview's new bank—the Guaranty State Bank—was formerly declared open for business just before 4 o'clock Wednesday afternoon. Mr. Logan, state bank inspector Thursday was really the first business day for the bank, and the first

deposits amounted to more than \$100,000, which was very gratifying to President S. Beard and Cashier C. D. Hensel, so they informed the editor of the News this morning. The bank is being conducted in temporary quarters in the Old Ellard building, until a new modern banking house shall be completed.

Stop coughing! you rack the lungs and weary the body. BALLARD'S HOREHUND SYRUP checks irritation, soothes the lungs and restores comfortable breathing. Sold by All Druggists.

J. E. George, a young farmer, living twenty miles west of this city, was shown the latter part of last week and attending to other business matters.

I now have a partner, who is well up in the drugless practice, therefore will now be able to give you better service, as I will not be so crowded as I have been for the past year. Dr. M. T. Council, Chiropractic Mesur. Lubbock, Texas. 16-1

E. Price, of Carlsbad, N. M., was here one or two days the first of the week attending to business matters.

G. Sanders, formerly an employee of the Riley Duff furniture company of this city has accepted a position with the Rix Furniture Co.

S. O. S.

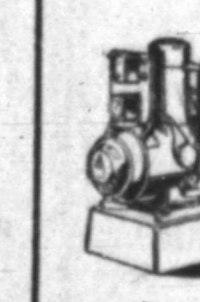

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

Mrs. J. A. Cook, and children, of San Antonio, Texas, are here visiting Mrs. Cook's parents, Mr. and Mrs. G. C. Harris. Mrs. Cook has visited here before, and many of our people will be glad to meet her again.

No Difference!

Only after you have heard the New Edison Re-CREATE a song or an instrumental selection you will realize that there is absolutely no difference between

The NEW EDISON

"The Phonograph with a Soul"

and the living singers who record for it. Two thousand representative music critics say that the same voice flows from the world's most wonderful instrument exactly as it does from the throat of one of the world's great opera stars.

Be convinced by hearing the only instrument that RE-CREATES music, the New Edison.

THE NORTHWEST TEXAS CONFERENCE

The above Conference will convene in the First Methodist Church of Lubbock Nov. 12, 9 a. m., Bishop W. F. McMurry, of St. Louis, will preside. There will be about three hundred and fifty out of town people in attendance and therefore that number to provide homes for. Of course this pleasure, and it is a pleasure, to entertain good men and women, will constitute first a responsibility for the membership of Lubbock Methodism. A number of the good people of the other churches have in advance proposed to share this duty and privilege and open their homes for guests during this occasion. We heartily and promptly accept this gracious offer. Furthermore we most earnestly request the constituency of the other denominations and to those who are members of no congregation to take a part with us in caring for those who shall come among us. Our thanks are extended in advance. Any kindnesses and help that may be extended to us by the City of Lubbock during these days will be duly appreciated.

The opening service will be Wednesday, Nov. 12, 9 a. m., and close Sunday, Nov. 16, 10 p. m. There is always a possibility that our Conference might run into a Monday morning session.

We are expecting a number of distinguished ministers and laymen here and feel sure there will not be a dull hour during their stay. Therefore, we most cordially invite this citizenship to attend the program offered at the Methodist church Nov. 11 to 16.

Homes Committee.
Mrs. H. T. Kimbro, Mrs. W. S. Posey, Mrs. R. O. Pierce, Mrs. H. P. Bradley, Mrs. W. L. Barnes, Mrs. W. F. Schenck, Mrs. B. O. McWhorter, Mrs. Floyd Beal.

The committee will begin their work of soliciting homes for the members of the coming conference early next week. It is most earnestly desired that each member of the Methodist church be present next Sunday at the 11:00 o'clock hour. Come if at all convenient. We wish to discuss conference matters and take the Conference claim collection. By being in attendance you will save much time and greatly accommodate the committee on conference collections.
J. T. GRISWOLD.

THROWN FROM BUCKING HORSE SUFFERS BRUISES

Dick Jones, son of J. O. Jones suffered a very painful accident Wednesday afternoon, when a bucking horse which he was riding fell. The accident happened on the Jones ranch about fifty miles northwest of this city. Dick was brought to a local sanitarium for examination Wednesday night. Attending physicians state that his condition is not serious at this time and believe the injuries he sustained will not keep him down long. It was thought for awhile that his shoulder was broken. Upon examination it was found not to be.

W. T. Strickle, rancher of Yoakum county, was in town this week attending to business matters. Mr. Strickle has a farm near Grovesville which he will live on hereafter.

BLEDSEOE NEWS ITEMS FOR THE PAST WEEK

Miss Prudie Griffin left for her home in Sherman, Thursday, after a pleasant visit with her uncle and aunt, Mr. and Mrs. T. F. Pool.

Mrs. Maude Givens spent Wednesday with Mrs. E. H. Moody.

Miss Zora Pool was in Lubbock Thursday.

Mr. and Mrs. Frank Bledsoe, Mrs. Carl Bledsoe and children and Misses Althea Fulton and Birda Pool spent Sunday with Mrs. R. L. Bledsoe.

Mr. and Mrs. John Jones and daughter, of Abernathy, were guests in Mrs. W. E. Bledsoe's home Sunday.

Mr. and Mrs. Jas. B. Reid spent Friday with relatives near Abernathy.

Mr. Lowell Page, of Estacado, was in the Bledsoe community Sunday afternoon.

Misses Althea Fulton and Eva Pool spent Friday night with Mrs. Maude Givens.

There will be a box supper at Bledsoe school house October 31, on Halloween night. The proceeds will go for a piano for the school. Every body is cordially invited to attend.

The community was surprised Sunday morning to hear that two of our popular young people had been happily united in marriage on the previous day. The bride, Miss Nora-Cotter, is one of our well-known young ladies. She was loved and admired by all who knew her. Miss Cotton has lived in this community five years, and has always been a willing and active church member. Her friends will never forget her smiles and kindness with which she greeted everyone. The groom, Mr. Harry Ray, has recently returned from France where he spent more than a year in service. Mr. Ray is a promising young farmer of this community, and has a host of friends who join in wishing Mr. and Mrs. Ray a long happy and prosperous life together.

357 LIVES LOST IN COAST STORM NEW CHECK SHOWS

Corpus Christi, Oct. 14.—The total number of known dead and missing as a result of the tropical hurricane here was officially announced as 357 by the Bureau of Information yesterday, as a result of revision of figures. Of these 183 are dead and 174 are missing. The figures cover the entire area that was inundated. Several hundred names were turned in during the early days following the storm as dead and missing, but a careful check reduced the number to 357. It is possible that a few more may be added, as there may have been tourists on North Beach of which there is no record and regarding whom no inquiry has been received. On the other hand, bureau officials state that probably some of those listed among the missing are also listed among the unidentified dead, discovery of which will reduce the total.

The work of checking the names has been carried on in Corpus Christi, Rockport, Port Aransas and Aransas Pass, and by mail and telegraph.

"SAFETY FIRST"

"Chickens is Chickens" these days and even the scrubbiest of old hens is worthy of safeguarding.

While it is not our disposition to be overly suspicious of folks, we are inclined to believe that a small outlay of a few cents for a padlock or two is money pretty well spent.

Of course, all first class stores, such as we claim ours to be, handles a complete line of such necessary things as Padlocks, and we would advise every chicken owner in this vicinity to lose no time in procuring a few Padlocks from our big and varied assortment.

SOCIETY NOTES

Last Friday night Mrs. A. V. Weaver entertained with a delightful "42" party in honor of Mr. Weaver's birthday. The house was artistic in

cosmos of every color and variety. Seven tables of players enjoyed a number of interesting games, Mrs. J. A. Rix and Mrs. H. T. Kimbro making high score. Punch-refreshed the players throughout the game. At the close of the evening Mrs. Weaver served delicious refreshments of chicken salad, nut bread sandwiches, and coffee to the following guests: Mr. and Mrs. H. T. Kimbro, Mr. and Mrs. W. S. Posey, Mr. and Mrs. J. A. Rix, Mr. and Mrs. Roscoe Wilson, Mr. and Mrs. L. T. Martin, Mr. and Mrs. Albert Taylor, Mr. and Mrs. W. F. Schenck, Messrs. O. L. Slaton, T. B. Dugran, Mrs. J. S. Johnson, Mrs. W. B. Atkins, Mrs. E. L. Robertson, Mrs. Woodall, of Austin, Mrs. L. S. Mast, Miss Rix, of Big Spring, Dr. and Mrs. Hutchinson, Mr. and Mrs. Weaver.

Mrs. O. B. Trinkle entertained the Wesley Bible Class Tuesday night of this week. A large crowd was present and everyone reports a delightful time. Some piano music was enjoyed and also two splendid readings by Mrs. Fletcher. A number of games were also played. Mr. W. C. Rylander is the popular teacher of this class of ladies and the social feature is stressed by these monthly "get-together" meetings. At a late hour delicious sandwiches, cake and hot chocolate were served the following: Mrs. R. and Mrs. J. T. Griswold and son, Jack, Mr. and Mrs. W. C. Rylander, Mr. and Mrs. L. D. Rankin and daughters, Murrel and Grace, Mr. and Mrs. Fletcher, Meses. Turley, McClendon, McCaskill, W. L. Barnes, Slagle, Amelia O'Neal, Street, Lindley, Mr. T. V. McKinney, Meses. Ada Bowles, Robbie Turley, Ferrell Maud Harvey and the hostess, Mrs. Trinkle.

Honoring Mrs. H. L. Allen, a bride of our city, Mrs. Forrest Robbins entertained with a Bridge Party Tuesday afternoon in the home of Mrs. L. C. Denton on Post Office St. Three tables of enthusiastic players enjoyed the games for two hours, then the hostess, assisted by Mrs. Denton, served a luncheon consisting of potato chips, apple salad, sandwiches and hot tea to the following: Meses. Yancy Lee, Carey Abney, Marion Conley, Winnie Bates, Elizabeth Easter, Ruby Rogers, Lottie Boles, Adeline Bellah, Meses. H. L. Allen, the honoree, John D. Simpson, Howard Wheelock, R. K. Howard, Raymond George, J. E. Garrison, L. C. Denton and Mrs. Forrest Robbins, hostess.

The Methodist Missionary Society met in the church parlor last Monday afternoon in the regular Bible Study conducted by Mrs. W. E. Lyon. The book to be used this quarter is "John's Gospel, the Greatest Book in the World", and will prove of great benefit to those who avail themselves of the study. At the close of this Mrs. Tabbs, the president, conducted the regular business meeting which was postponed from first Monday because of the rain. On the 20th the calendar meeting will be held in the ladies parlor, Mrs. Raymond George hostess. All ladies of the church are urged to be present.

Mmes. W. B. Atkins and Frank Winn jointly entertained the Wednesday afternoon Needle Club last week in the home of the former. Notwithstanding the disagreeable weather about a dozen ladies were present. Dainty refreshments of salad, sandwiches, jelly-mint and coffee were served. Mesdames Woodriddle

and Cosby will entertain next week in the home of Mrs. Cosby.

Misses Mary Louise Middleton, Katherine Atkins, Mary Alice Johnson and Virginia Conley entertained a number of the teachers in the Geo. M. Hunt school building one day last week. Those enjoying the occasion were: Meses. Sowder, Burford, Haynes, Meses. Donnell, Padgett and Mr. Bright.

Mrs. W. C. Bryan entertained the members of the Friday afternoon Needle Club in her home last week. Refreshments of sandwiches and coffee were served at the close of a very pleasant afternoon. Mrs. Payne was a guest of the club. Meses. Walker and L. H. Simpson will entertain jointly October 24.

Texas Girls in Washington.

According to a correspondent from Washington, Texas girls who are making their homes in Washington for the time being have completed organization of a club which they have christened the Roundup, with Miss Ruth E. Roach of Dallas as president, and Miss Fleta Williams, of Houston as secretary. The first "roundup" of Texas young people in Washington, which will be the initial gathering of many such affairs which the girls plan for the coming winter, was given at the Capitol Group of the government hotels, and was in honor of the First division men from Texas, who were there with General Pershing for the parade. Red, white and blue was lavishly used in decorations and several Texas flags were conspicuously placed. The assembly hall was divided into four sections—north, east, south and west—these divisions being set apart for the guests who hailed from the corresponding sections of the state, an arrangement which made it extremely simple for the nearly 300 young people to meet other young people from the home town or from that immediate vicinity. A five-piece orchestra provided music for dancing and there were games and various diversions for those who did not dance. "The Eyes of Texas Are Upon You" was one of the many popular songs sung in chorus under the leadership of Leslie Jackson, and at the big punch bowl Mrs. Baldwin of Dallas presided, and was assisted by Miss Lorene Higginbotham of Austin, Miss Marian Jones of San Angelo, Miss Antoinette Landrum of Chilton and Miss Ida Godley of Henrietta. The committees who planned and carried the affair to success were: Entertainment—Meses. Mae Murfee of Lubbock, Agnes Robertson of Austin, Annie James of Belton, Emma Woods of Kaufman, and Foreman of Stamford. Refreshments—Mrs. Baldwin of Dallas, Marian Jones of San Angelo and Lorene Higginbotham of Austin. Music—Meses. Hattie Miller of Ballinger and Mason of Dallas. Decorations—Meses. Mary Ricker, Harris, Dorothy Goldman of Ballinger, Carrie B. Adams of San Angelo, Jean Holmes of Brownwood, and Mattie Boyd of Houston. Notices—Meses. Merle Embree and Annie James of Delton. Lodgers—Miss Agnes Robertson of Austin. Printing—Miss Fleta Williams of Houston. Not only were the first division men invited, but all soldiers, sailors and marines from Texas who were in town, in the hospitals, or in the near-by camps were guests, and while a complete list was not obtainable, among those attending were: Lieut. Robert Fletcher of Plainview, William Davis of Abilene, Eugene Quinn of Harleton, Brown, Williams, of San Angelo, Roberts and Lacher of Houston, Reed of Fort Worth, Hinde of San Angelo, Snell and Briggs, of Wichita Falls; Cudd, Lawler, Ison of Amarillo. The above article copied from the Waco News-Tribune will be of interest to West Texas people and especially to the people of Lubbock, as the name of Miss Mae Murfee appears on the entertainment committee of this social function in Washington. Lubbock is justly proud of Miss Murfee who for a number of years efficiently filled the History chair in our high school. She is greatly loved in the homes where she is so well-known.

Mrs. Lillian House and little daughter, Helen, of Denver, Colorado, are guests in the home of Dr. Bates and family.

Mrs. E. C. Dean, of Weatherford, is the guest in the home of her daughter, Mrs. K. Carter.

Mrs. Temple has returned to her home in Hamlin, after a delightful visit with her sister, Miss Stella Thurman.

Miss Annie Smith, of Austin, is visiting her aunt, Mrs. K. Carter.

Mrs. Wayne Mullins and little son, of Tahoka, were the week-end visitors of Mrs. Mullin's mother, Mrs. J. B. Mobley.

Mrs. Elmo Wall went to Sweetwater last week where she went to meet her little nephew, Jack, who was returning from Weatherford. He will enter school here.

Mrs. O. G. Kershner is visiting friends and relatives in Kansas City. She will probably be gone three weeks.

Mr. and Mrs. S. H. Johnson are among the Dallas Fair visitors this week.

Mmes. C. H. Morrel and George Bradley, of Post City, visited friends in Lubbock the first of the week.

Mrs. Jim Jordan left last week for a visit to Ft. Worth, Dallas and Austin.

Mrs. T. B. Dugran is visiting in Dallas.

Miss Eddy Garrison left Friday night to attend the Dallas Fair a few days.

Mrs. Woodall, who has been visiting her daughter, Mrs. Nell Wright, returned home this week.

Mrs. Neil Wright is visiting in Ft. Worth and Austin. She will probably attend the Dallas Fair before returning.

Mr. and Mrs. Gilley Scott, of Waco, who have been the house guests of Mr. and Mrs. Claud Bryant and Mr. and Mrs. J. C. Wayland, now occupy the Wallace cottage until permanently located.

Mrs. Amelia O'Neal has accepted a position in the ready-to-wear department of A. B. Conley, Jr., store. Mrs. George Morris is reported quite ill this week.

Mrs. E. E. Grady is home after visiting friends in Dallas.

Mrs. D. Robinson left Friday night for Ft. Worth, where she will visit her daughter before going to Waco to attend the Eastern Star meeting.

Back on the Job With Pre-War Prices

I am back home from army service, and will give the friends and former customers to bring me the going to place my charges back to the old prices of them below:

PREDICTS INCOME TAX WILL BE CONTINUED FOR YEARS

Washington, Oct. 11.—Direct taxation—such as the income tax—and high government expenditures will probably continue for many years. Representative James W. Good, chairman of the special House budget committee, said today in an official report to Congress.

Good reported in favor of consolidation of all congressional appropriation powers in one House committee. At present there are seven. Good predicted government expenditures would continue indefinitely to average \$4,000,000,000 annually. Before the war they averaged \$1,000,000,000.

J. A. Pelton, of Dallas county, was here the first of the week looking after his property interest. Mr. Pelton has land interests in Lynn county also.

Gordon Greene, of Tahoka, was a business visitor here Monday and Tuesday of this week.

Dick Howard wants to sell you gas and oil. Phone 29. 13tf

John Pettit left last Friday for a short business visit to the oil fields in and near Sipe Springs.

District Court convened Monday morning of this week at Plains, Yoakum county. Percy Spencer of this city left Monday morning to attend the court.

J. J. Chauncy of Shallowater was here Monday and Tuesday transacting business.

Robert Hurst left Tuesday morning for Roswell, where he will be for two or three weeks transacting business.

NATIONAL RAILROAD ACCIDENT PREVENTION DRIVE

By the afternoon of October 17th approximately 225,000 railroad men in the Central Western Region will have resolved to go fourteen days without sustaining a personal injury to themselves or being the cause of another's injuries.

The fortnight beginning at 12:01 A. M. October 18th has been designated by the Director General of Railroads as the "National Railroad Accident Prevention Drive," and according to a statement issued today by Mr. H. A. Adams, Regional Supervisor of Safety for the Central Western Region, the lines under his jurisdiction are endeavoring, through their officers and employees, to eliminate accidents to a greater degree than was shown in the June No-Accident Drive, when a reduction of over 78 per cent was effected.

Every individual employe has been reached by some member of the Safety Department, or representative from the Safety Committee which has some employe from its particular class of service as its representative in Safety Matters. Just imagine: Over 2000 Safety committees, made up of approximately 33,000 committeemen—an average of 17 men on every committee, meeting in regular session one day out of each month to discuss and correct hazardous conditions and unsafe practices reported by the employes themselves. This gives you an idea of the great activity of the Safety organizations on the railroads under Federal control.

How do the employes themselves take it? Here is what one has said: "An employe, to be just to himself, his family, the public, and his fellowman in the advocacy of Safety Work on our railroads, should not hesitate to make the same contention for the elimination of a dangerous physical condition or a dangerous practice that is obviously a menace to life and limb, and to property, and which can be corrected, as he would make for an evident shortage in a pay check."

It is believed that the National Railroad Accident Prevention Drive, to be carried on over the entire United States, will cause a great rivalry among the roads and the men to go the entire period without a casualty. Everyone will be on his mettle to prevent actual suffering or grief as a result of railroad accidents, and reaching the goal will make this campaign well worth while, thereby establishing a precedent that can and should be maintained. Officers and employes of railroads and through them the General Public, will know each day what is being accomplished during this specialized period of accident prevention by daily telegraphic reports.

In this issue of the Avalanche will be found an advertisement of Moore Brothers, which we hope every reader will take notice of. It is a letter from the manufacturers of leather, and contains some things that you might well know.

GET WISE---Why Harness

Leather is so High

MALTA, OHIO, SEPT. 30, 1919.

To the Trade:

If all the harness leather tanners in the country should quit buying hides, it would have practically no effect on hide prices for the reason that harness leather is so small an item compared with the really big business in sole, belting, automobile and upper leathers. You see therefore that the price of harness leather hides, harness leather and manufactured harness is, and is always going to be, governed by the prices that the tanners of these other leathers will pay for hides. At the present time one of the largest tanners of harness leather is quitting it and it is reported that another large one is preparing to quit. The reason is because harness leather is not selling on a replacement basis, based on the present prices of the kind of hides that must be used to make harness leather. Native steers, 48c, Heavy Native Cows, 47c and Light Native Cows 50c. We see no prospect of people going bare foot, factories running without belts or a let up in the use of upholstery in automobiles. There is no prospect of a drop in prices on the best hides of the season being offered now and as the price of harness leather is dependent on the demand for other leathers and since tanners are quitting harness leather for the reason that they cannot produce it at present selling prices, we see no hope of lower prices for harness leather. On the other hand without a considerable decline in hide prices, of which there is no prospect, there is only one thing that can happen: harness leather must go up, for tanners will not produce it indefinitely at a loss.

The above letter is reproduced for your information and to substantiate our claims that we are producing leather articles as cheap as possibly can be made with the price of leather where it is now, and with the price of labor scarce and high as it is.

We solicit your business and assure you that you will at all times get a fair square deal from us, good workmanship and as cheap as we can afford at a living profit.

A Big Table Full of Ladies Hats
At the Special Price of \$5.00

Alluring are the lines and frames our new hats provide for a woman's face. They are fashioned in late design in distinctive tints and in black, giving them a very chic appearance.

Women who are most interested will surely make a point of selecting early, in order to get the best in our stock.

Mail Orders Filled

Fashionable Women Will Enjoy Wearing Fall Models in SPERLING DRESSES

The name SPERLING stands for correct style, high quality and true economy in women's and misses' ready-to-wear dresses.

That is why we are showing them in so complete a variety of fall styles—a more extensive and interesting display than ever before.

A glimpse of the new models will convince you how distinctive they are.

It is an easy matter to select your new frocks from so many tasteful, smart and becoming models.

And with Sperling makers, quality is as important as style. Both must be the best. A close inspection will convince you how good the materials and linings are, how thorough the making, stitching and finishing of details throughout.

Because they assure correct style and give lasting service, Sperling Dresses are economical to buy at their moderate prices.

EAGLE SHIRT

Our All Year Round Garden Family

The best behaved fall garden child I know is Daffodil, and next to her, her little brother Jonquil. Sometimes great big fat Hyacinth behaves, but small, brown-coated, smooth-looking, long-nosed Daffodil is quite the nicest. So buy a few daffodil and jonquil bulbs and get acquainted with these two good children.

Notice particularly how similar little Jonquil's coat and nose are to his sister's. I would let our new friends stay on the table for several days before I planted them, so that we might get to know them by sight and by name, as we learn to know real flesh-and-blood children. But I would be very careful to place these little comrades so that the rounded part or base was down and the pointed face sticking up, and I would never squeeze their noses!

By and by the day will come when Jonquil and Daffodil must be planted. There are several ways of doing this. Suppose we use a glass jar first. It may be a little fern bowl, like the one in which partridge berries are sometimes planted. We fill the bowl almost full of fine white sand and if we have so sand we take some baskets or our little carts and go to a house that is being built and ask the builder if he will give us just a little sand for our garden. Into this bowl full of sand we plant our daffodil or our jonquil bulbs. They must nestle down so that only a little bit of their noses stick out. Two bulbs must not be comfortable that way. Two little girls would not like to sit so close to each other at the breakfast table that neither one could move. We must always make our plant children as comfortable as we are ourselves.

Next, give the bulbs a big enough drink to soak the sand thoroughly, but not enough to have water standing on the surface. Now put the bowl away in the dark. The place does not have to be cool, but every little while the sand should be moistened.

In about ten days or two weeks, look and behold, you will notice long white roots struggling all around and through the sand close to the glass where you can see them, and the noses have put forth some white leaf-like shoots. It is now time to bring our little garden to the light. Then in just a few days a miracle takes place.

The roots have shot back into the sand; they do not like the light, and want always to remain cool and covered. The noses have turned green, and within about three weeks Daffodil and Jonquil blossom!

Sometimes instead of using the sand, place some small stones in a low, pretty bowl and arrange the bulbs on top of them. This bowl should be put away in the dark for about ten days or two weeks and then brought out into the light. There should always be enough water to touch the base of the bulbs but never to come around them. This, you see, is just the way we start Chinese lily bulbs, but Daffodil behaves better than the Chinese lilies because her blossoms rarely blast.

If you like, Daffodil and Jonquil may also be planted in a pot or soil. Even so, leave their noses sticking out and you must put them in a dark cold place for five or six weeks. It is better, I think, to use the sand and the stones with Daffodil and Jonquil because then you don't have to wait so long for them.

After you have planted your first two or three daffodils and find out just how long it takes in your home for them to blossom, you could start some for Father's birthday, timing them just right. Of course, it is understood that Father will be kind enough to have a birthday this fall. If he will not, then Mother or Grandmother or Baby surely will. I cannot imagine a family without at least one birthday in the fall or early winter.

To the parent: Just what does a child get out of this little garden? One lesson is a lesson of observation, and another is one of care; careful handling, careful planting and careful watering. The greatest lesson is the lesson of life. How out of something apparently lifeless there springs into being something living, beautiful and sweet. It is a great revelation to anyone, young or old, to handle life and to be able to produce something living, to care for it, and to make it comfortable and happy. And then, you can have such fun planting bulbs! Make a ceremony over it. Fuss about it. Use your imagination. May the ugly little bulb and another of the other bulb come from it. Of course, one must believe that bulbs are two or three days in town one or two days this week transacting business.

work with very little children one should rarely choose what may be a failure. So, in our all-the-year-round garden we pick out successes. Do not forget the names of our fall children, Daffodil and her little brother, Jonquil.

ITEMS FROM THE SEMINOLE SENTINEL

Robert Scott came in the first of the week for a two days visit with homefolks. He recently re-enlisted in the U. S. army for another year, and is now in the recruiting service, with headquarters at El Paso.

Dan Cobb this week received the first car of steel to be used in the construction of Gaines county's new court house.

Fred Snyder and W. D. Hudson, of Hansford county, were here this week and made a deal through Cox & Heard, whereby they bought the Price & Graham ranch in the northwest part of the county. They also leased the Permie Hill ranch west of town, also 8 sections from Bert Ansell. They expect to move 200 big steers here from Hansford county to winter.

MUSIC CLUB ORGANIZED AT SHALLOWATER

Miss Jewel Broadfoot, head of our music department, has organized a large music club, which meets fortnightly. The name of the organization is "B-Sharp"; its motto is, "If you cannot B-Sharp, B-Natural, but never B-Flat." The meetings have been very interesting.

The following officers were elected: President, Miss Vivian Hardy; Vice-President, Miss Chloe Johnson, Secretary and Treasurer, Miss Waldene Chauncey. Contributed.

Lee Johnson of Terry county, passed through here Wednesday enroute home after visiting a few days at the State Fair. Mr. Johnson will teach school in Dawson county this winter.

J. M. Jones, of the Jones Bros. Men's Furnishing Store, has recently arrived here to make his permanent home.

R. P. Scarborough, of Oklahoma, is here this week investigating our schools, with intentions of securing a position as teacher.

CONGRESS MAY DEMAND NEW COTTON REPORT

Washington, Oct. 14.—Quick action by congress on a resolution ordering the agriculture department to issue a new cotton report on November 2, showing the crop condition of October 25, was promised today by house leaders.

Representative Byrnes, South Carolina author of the resolution announced tonight that he expected to obtain house consideration Thursday under an unanimous consent agreement. Such action today was delayed by other legislation holding the right of way as unfinished business and tomorrow a similar preventive action.

Favorable recommendation on adoption of the resolution was given unanimously today by the house agriculture committee after southern congressmen had urged immediate action as necessary so that the "true crop condition" may be made known this year for the financial benefit of the cotton planter.

"Failure of the government report issued almost two weeks ago to recognize abandonment of fields, was blamed by Mr. Byrnes as causing an estimated yield of more than 10,000,000 bales this year."

REV. A. A. COLLINS AT TENDING TEXAS SYNOD

Rev. A. A. Collins, pastor of the local Cumberland Presbyterian church, left Wednesday morning of this week for a short visit at Dallas. Rev. Collins will also attend the Texas Synod of the Presbyterian church which will be held at Ferris this week. At which time Rev. Collins will report on his work in this part of the State regarding the school funds of one-half million dollars that church is attempting to raise. "At this time Lubbock is the leader in the drive of all of West Texas, having donated nearly two thousand dollars," says Rev. Collins, who is very much elated over the fact.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will throw itself to dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

E. L. Alley, of Littlefield, and H. P. Edwards, of Sudan, were here Tuesday and Wednesday attending to business matters.

Fred Spikes left Tuesday afternoon of this week for Dallas, where he will attend the State Fair a few days.

STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores.

PROF. FRANK E. HALL WILL SHOW HERE

No one can fail to notice the atmosphere of refinement about this particular show. The performance goes along with perfect system and the myriad and bewildering bill no unrest is felt. Acts follow each other without delay; the program is made up of big feature acts. Prof. Frank E. Hall and his wonderful troupe of trained and educated ponies and dogs, and the numerous other acts of monkeys, goats, gymnasts, acrobats and arctic performers from every known land; Mrs. Frank E. Hall with her Baby Louise, one of the youngest performing elephants on the road today, the like of which has never before been seen. Mrs. Roberts doing her death defying nerve thrilling acts in midair has well earned the title of Queen of the Air; and her acts alone are without doubt the greatest gamble with death ever attempted. The entire program is truly beyond comparison and this show should be seen by everyone, at two and eight p. m. See the free outside exhibition on show grounds—rain or shine, near the depot.

MRS. CANNON TO ATTEND EASTERN STAR MEETING

Mrs. Tessie Cannon left last Sunday morning for Waco, where she goes as a delegate from the local Chapter of the Eastern Star. Mrs. Cannon is taking the place of Mrs. George W. Morris, who was first selected as delegate from this city, but on account of sickness could not leave. The Grand Chapter opened at Waco Monday morning and will be in session three days.

George McPherson and wife and daughter, passed through here last Saturday enroute to Brownfield from their home at Pampa. Mr. McPherson and family will visit with relatives a short time in Brownfield, after which they will go to Buffalo Gap to make their future home.

SLAT'S DIARY

Friday—pa is wearing a new 2th handed ford today he sed that is the kind of masheen for a fellow 2 got 2 lerna with. All he can talk about is carburators & Differenicals & Magneters & etc. Big doings for tomorrow I presoom.

Saturday—the ford is in the garage today as pa went over a bank on high. 2 stitches in his head.

Sunday—Saw Jane at sunday skool today & ast her what did she think of our new masheen. She only curled her nose up & walked away indifferently. I guess my fushure prospects with her is about as brite as the center of a chunk of coal.

Monday—Teacher was explaining the 5 different sense which humans is supposed 2 have. They are seeing & hearing & smelling & feeling and tasteing. Freckels sed his pa sed the last one named was not necessary enny more since July 1th.

Tuesday—got 2 think about Jane & decided 2 call her up over the telephone & have a short talk with her and see mobby I cud get her 2 make up. I did but she diddent. She hung up.

Wednesday—Jake & me is the best of friends. He sticks close as a wart on yure thumb. You cudent melt him away frum me. So today the teacher defined the word Inseperable & then she ast Blisters 2 Compose a sentence with the word Inseperable included into it. Blisters studied for a minnute then he sed Slats & Jake is as Inseperable as a part of cordary pants. pa was rite when he sed you lern a lots by getting a 2th handed masheen.

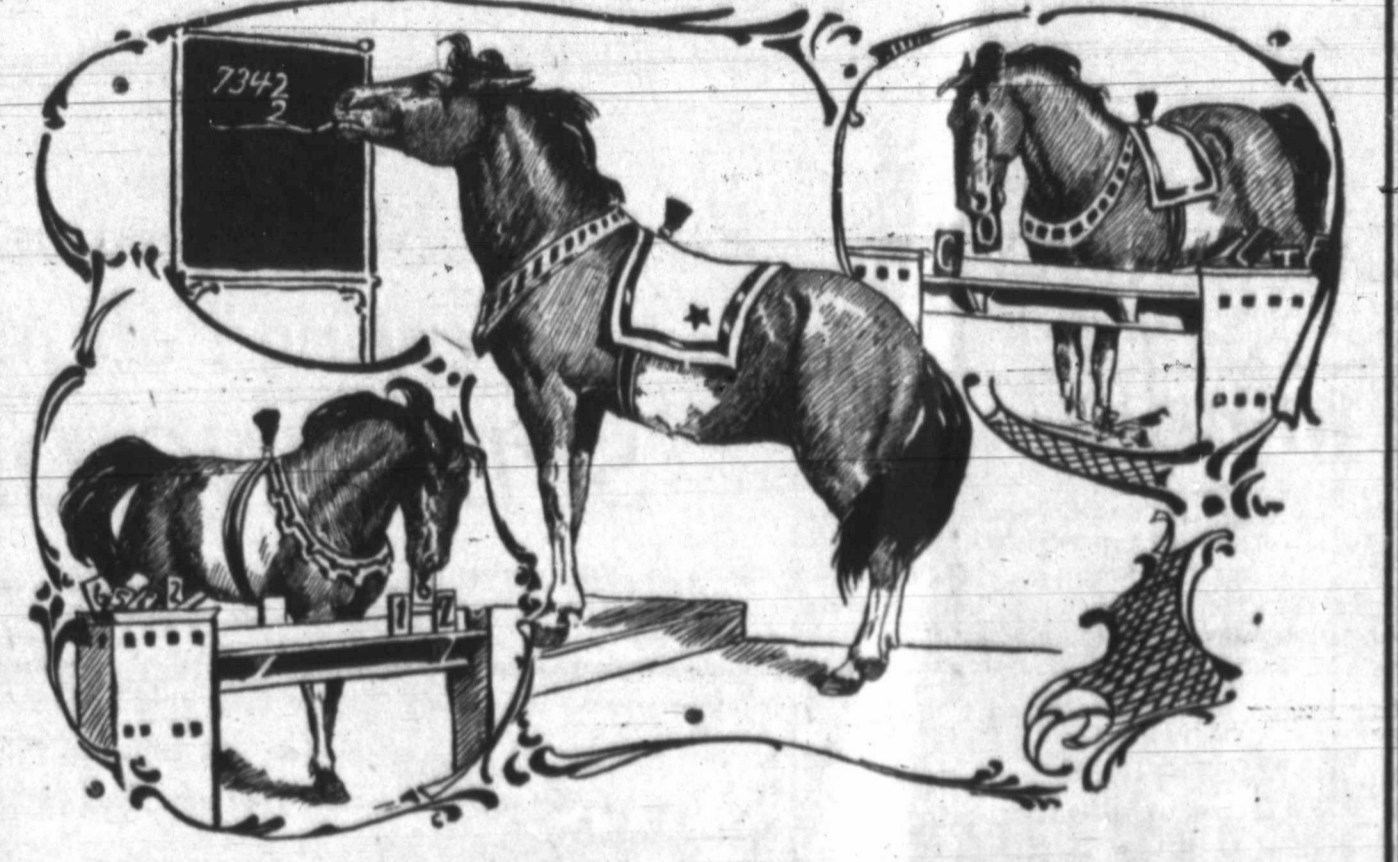

Thursday—The teacher ast Jane What is a vacuum. She looked worried for a few seconts & then her face britten up like a new coffy pot & she sed A vacuum is the place where the Pope lives. I snikkered & I know I am in bad now. pa applide for a new position with a grate big company & he had 2 tell where all & what he had done all his life. Today he got a reply & the owner of the Company sed in the letter You are either a very old man or else a awful big lire. In either case you wood be a Undesirabal addishun, to our force.

THE KE DALLEY CORPORATION LIMITED, BUFFALO, N.Y.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

Which Wagon?

The One that Fits the Road—or the One that Rides the Ridge

Recommended by the Government. The standardized wagon fits the prevailing track made by automobiles and is the wagon you will want to buy.

This Wagon is Out of Date. This 60" wide track wagon no longer fits the roads when they are muddy and soft.

WOULDN'T you rather buy the style of wagon recommended by your Government, especially when it is designed to pull easier, ride smoother, and last longer—the wagon that fits the roads and does not ride the ridge?

The Standardized Weber "Auto-track" Wagon saves wear on itself, other wagons, automobiles, and rubber tires.

The Weber fifth wheel and swivel coupling wagon is either sold at a price much too low or most other wagons are sold at prices much too high, quality considered. Compare and draw your own conclusion.

To date the leading wagon manufacturers of America have sold at the most conservative estimate 100,000 standardized auto-track wagons. From this introduction it is but a step to universal use of this type of wagon. Wouldn't you rather be identified with progress and recognized as an up-to-date farmer by doing your hauling with such a wagon than to be classed as an unprogressive "back number" by buying a 60-inch wide-track wagon, thereby helping some manufacturer and dealer to "unload" an obsolete type? Think it over—and then come and see us about a standardized auto-track Weber.

COLE-MYRICK HARDWARE & IMPLEMENT CO.

THE SOUTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

G. H. GRISSOM BRINGS IN SOME BIG POTATOES

Not many months ago we would not have been much surprised when going into local grocery stores to find potatoes selling as high as "three for a quarter." Usually potatoes then were about the average size and the "three for" weighed about eight pounds. Mr. Grissom, a Lubbock county farmer, who lives about five miles north of this city could sell "three for a quarter" and lose money on the transaction, by selling 14 pounds of fine sweet potatoes for that money.

Mr. Grissom brought in a sample of his potatoes last Saturday morning and turned them over to the Chamber of Commerce. This one hill, or the three potatoes on the one root weighed fourteen pounds; one of the potatoes would weigh six. These may not be the biggest sweet potatoes in the world but they are at least fine specimens.

R. T. Penny, who has been manager of the Lubbock Tailoring Company during the absence of the owner, Eric Posey, will enter the Real Estate business in this city, soon, having turned the tailoring business over to Mr. Posey. Mr. Penny, informed us that he might also buy cotton in our city this fall.

C. C. McMannus and wife, of Slato, were here last Saturday shopping and attending to other business.

PE-RU-NA

and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

Catarrh of the Nose, Throat and Stomach.

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stopping to rest. Now I do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach."

Peruna is Sold Everywhere Liquid or Tablet Form

LUBBOCK PEOPLE AT TENDING STATE FAIR

Last Sunday morning the following people left for Dallas to spend a few days at the State Fair: John H. Moore and wife, L. D. Rankin and Mrs. Frank Riddles. Mrs. Riddles will also visit a short time with her brother who lives in that city.

Several other parties are contemplating this week from here to attend the fair.

Mrs. John Penney went to Sweetwater last Sunday to meet her husband who has been in the oil fields in the Ranger territory for some time attending to business. Mr. and Mrs. Penney returned home Monday morning.

A. E. Duff, furniture dealer of Plainview, was here a short time the first of the week visiting with his brother J. C. Duff of this city.

George Gilly, Real Estate Dealer, of Denton county, was here one or two days the latter part of last week prospecting and transacting business.

SCOTT & BOWNE
MAKERS OF SCOTT'S EMULSION

VICE-PRESIDENT MAY ASSUME DUTIES OF PRESIDENT

Washington, Oct. 11.—Hope that President Wilson soon might regain his normal health and resume fully the duties of his office was swept away today by his physicians, who announced that it would be impossible for him to leave his bed for an extended period.

The announcement, made after a consultation between Rear Admiral Grayson and the three assisting physicians, said there had been no interruption of the president's slow improvement, but emphasized that he still had a long road to travel before complete recovery.

The constitution provides that in case of the president's disability, the vice-president shall act as chief executive, but there is no precedent for such a transfer of authority. The physicians' announcement was not taken to mean that Mr. Wilson would be prohibited from sitting up in bed and it was considered entirely possible that he might be permitted to sign a few important bills and orders each day as his progress continues. That would be a matter to decide later. And the disposition of officials seems to be to let any questions of his disability solve itself as specific cases arise.

Besides Mr. Grayson, the physicians who took part in the consultation were Dr. F. X. Dercum of Philadelphia, an expert on nervous disorders. Admiral E. R. Stitt, head of the naval department and Dr. Sterling Rufin of Washington.

MR. PROGRESSIVE FARMER

April, 1883, I started Farm and Ranch, I believed then, although their number in Texas was not very numerous, that the progressive farmers and livestock breeders would patronize a real farm and livestock paper, serving faithfully their interests at all times. I was not disappointed in my conclusions.

Many who became subscribers with that first issue have continued to read Farm and Ranch without missing a number. I value very highly their continued loyalty and faith in Farm and Ranch, and leave it to them and to the many who have since become patrons and friends, to say if I have kept faithfully my promise to make the paper a powerful, consistent supporter of the best interests of the people whose patronage I have asked for and received.

Farm and Ranch was, at first, published only once a month, later twice a month. Now it is a big illustrated weekly. It has been, at all times, clean, interesting, instructive and reliable. In these I know I have not at any time failed.

Now, after thirty-seven years, always personally on the job, it is my ambition to have every man in Texas who has faith in farming in its different branches become a subscriber to Farm and Ranch.

Send me your subscription, and if, after reading Farm and Ranch each week for three full months you are not satisfied that you are getting even more than full value for the subscription price, write me and I will return the full amount immediately.

You who do not know Farm and Ranch, I refer to your neighbor who is already a subscriber.

On my proposition—your money's worth or every cent of your money returned—I ask your subscription.

The subscription price of Farm and Ranch is two (\$2) for three years—156 copies. No subscription is taken for a less amount and time.

Please send your subscriptions direct to
Yours faithfully,
FRANK P. HOLLAND, Publisher,
Dallas, Texas.

P. E.—I want a responsible, active representative in every locality. Write me for my special proposition. (16-4)

CITY COUNCIL ORDERS BOND ELECTION

At a meeting of the City Council Monday in which Mr. Howard, a representative of the Ellrod Engineering Company, of Dallas, was present, an order was made calling an election for the purpose of voting bonds to the amount of one hundred thousand dollars for paving purposes. This order was made following the presentation to the Council by Mr. Howard, of the blue prints of the paving program. These blue prints were approved and following a few days of preliminaries, such as ordinances, etc., the exact date will be set for the bond election. We are assured by one of our City Commissioners that the order for the election will be printed in this paper in the next issue. This paving program provides for the paving of between fifty and sixty blocks in this city. The whole cost, conservatively estimated, will reach about three hundred thousand dollars, part to be paid by the county and part by the city.

Many and varied are the materials suggested and offered to the City Council for use in the paving. We are not informed definitely as to what material will be used, at this time, however the general impression or the one most prevalent, seems strictly in favor of Bitulithic. This material we are told has great lasting features combined with good looks. One gentleman speaks as how he had examined the material after years of usage and found it practically as good as when put-down.

Walk on Concrete

Its mighty fine these muddy days to step out of the house on concrete walks. It saves a great deal of worry and annoyance around the house. Better see NICKERSON, the concrete man, and have him put walks around the home.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days.... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. B 76

Come to Lubbock.

CARLISLE NEWS ITEMS OF THE PAST WEEK

Farmers are busy taking advantage of all the sunshine. There will be preaching here Sunday. Rev. Smith, of Plainview, will do the preaching. Mr. and Mrs. Slaton were in town Saturday. Miss Pearl Clayton is improving. Mrs. Clayton's baby was real sick last week. Mrs. Brown and Miss Ettice Hefington spent Sunday with Miss Clara Moore. Mr. J. B. Moore was in town Saturday. Mr. J. H. Hoffington left Wednesday for Henderson County, to get a bunch of hands to help gather his cotton crop. Mr. Hardie Wolland stuck in a mud hole Saturday evening and did not get his car out until Sunday afternoon. Mr. and Mrs. Randolph and Mr. and Mrs. Dean, were in town Wednesday. Mrs. Plat, and little daughter, Veral, returned home Wednesday. Mr. John Hulse, of Brownfield, passed through Tuesday night en route home from the harvest fields on the north plains. Miss Arna Bond was absent from Sunday School Sunday. Miss Susie Moore spent a few days last week with Miss Clara Moore.

RANCHES FOR SALE.

Cattle ranches on Concho Rivers. Bold running streams. Large pecan groves. Rich land. Also ideal range for sheep and goats. Call to see us at the San Angelo Fair beginning October 31st. Brown Bros., San Angelo, Texas. 16-3

K. K. Tudor, farmer of the Slaton community, was in town the first of this week transacting business.

COMMISSIONERS COURT REGULAR OCTOBER SESSION

The following is a copy of the minutes of the regular session of Commissioner's Court of Lubbock County for October, which convened Monday morning of this week and adjourned Tuesday afternoon. Resignation of M. E. Merrill, commissioner of precinct 1, presented and accepted. B. W. Casey appointed Commissioner for precinct 1 to fill the unexpired term of M. E. Merrill, resigned; bond approved. Motion made to approve report of depository for Slaton independent district for year ending August 31, 1919. Appointment of L. Wiley as overseer on the Wiley road, on account of E. J. Cowan's refusal to accept appointment. Motion made to buy right of way around lake on road running by the Union School house from C. L. Griffin at \$65 per acre—motion carried. Report of C. A. Holcomb (Sheriff) approved. Resolution: In view of the fact that an election has been ordered to be held in all voting precincts of Lubbock county on the 4th day of November, 1919, to determine whether the Commissioners Court shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding 5 cents on the one hundred (\$100) valuation of property of the county, for the purpose of acquiring lands and improving the same and the maintenance of said parks. It is the sense of the Commissioner's Court all the members thereof being present and concurring that in the event that the election results favorable to the tax and such tax has been collected, a park should be established at Lubbock and another at Slaton and at later dates as conditions justify, additional parks, within the number au-

thorized by law, be established in other sections of the county.

Motion made that the county pave 27 feet or three-eighths distance across streets on all sides of the public or courthouse square and pay for the same at the price the City contracts to have the paving of the streets done, at per square yard. Votes: L. O. Burford, P. von Rosenberg and J. H. Moore in favor; B. W. Casey (new commissioner of precinct 1) and H. D. Talley, against. Motion made to adjourn with two days allowance and road supervision as follows: H. D. Talley, 6 days; L. O. Burford, 2 days and P. von Rosenberg 1 day.

SOME LOCAL ITEMS FROM THE TERRY COUNTY HERALD

J. W. Spear and wife returned on Monday's train from the Lubbock Sanitarium, where he was recently operated on for stones in the bladder. The old gentleman walked to the car from the train, and we heard a number say that they never expected to see him alive again, much less to walk around, and we believe Mr. Spear shared the belief.

Mrs. Chas. Boone received a telegram last Saturday that her father had but a few hours more on earth and left immediately for his bedside at Baird, Texas. We hope, however, that she finds her father better on her arrival there.

Brick work on the First National Bank building started this week. All the above ground portion of the foundation will be trimmed in a beautiful polished stone, and when this building is completed it will be a credit to Brownfield. The banks as a rule, are always the pioneers in any town; when it comes to building respectable homes for business.

We are still having an abundance of moisture in old Terry. The precipitation for this week amounting to 2.75 inches and the ground is wet deeper than it has been for several years if it was ever wetter.

Curley Gamble left yesterday for Lubbock where he will receive treatment for trouble in his ears.

J. L. Randal received a wire Wednesday morning that should have been delivered the day before that his father, L. Dandal, had died suddenly at the home of his daughter, who lives at Nocona, Texas.

RANCHES FOR SALE.

Sheep and goat ranches, large and small, fenced wolf-proof, no herding, mild climate. Shear twice a year. Mixed livestock most profitable. Goats eat the leaves, sheep eat weeds, cattle eat the grass. Prices and terms right. Brown Bros., San Angelo, Texas. 16-3

M. F. Klattenhoff of Slaton, was here Tuesday attending to business matters.

Your Old Suit

Will Look New

if you will send it to us and have us clean and press it you will not need to spend that \$50 or \$60 for a new rig.

If you want a suit however, we have a fine selection of samples to select from, and our tailors are as good as the best, and you will be pleased with the suit you buy from us.

LOCAL HAPPENINGS IN THE NEW HOPE COMMUNITY

Everyone would like to see sunny weather for awhile so they could finish gathering their crops. There will be no preaching at New Hope next Sunday as Rev. Polard will be busy elsewhere.

Misses Beulah Evans, Neva and Mae Cowart, Messrs. Eiland Ribble, Virgil and Rosco Cowart, Ealy Eoff, Cecil Richardson and Reman Griffin attended the pound supper in the Woodrow community last Friday night. All report a very nice time.

The Misses Kings and Mr. King, of Hale Center, are visiting their uncle and aunt, Mr. S. D. Stewart and Mrs. Mamie Wylie.

Mr. Cecil Richardson attended church at Union Sunday morning.

Miss Loula Kate Wylie is suffering from a felon on one of her fingers.

There was a fine singing at New Hope school house Sunday afternoon. A large crowd was present. The singing class meets at New Hope every other Sunday afternoon. Let everybody come out and make these singings a success.

Mrs. S. D. Pate is in a sanitarium at Lubbock for treatment. We hope she will soon be able to return to her home.

Mrs. Mamie Wylie and daughter, Miss Loula Kate, were in Lubbock Saturday afternoon.

Miss Edith Richardson spent Saturday night with Mr. and Mrs. Louis Richardson.

Those attending the singing from the Union community were the following: Miss Vera Shipman, Messrs. Ray Pearce, Floyd and Ferman Shipman.

Misses Loula Kate Wylie and Onita and Pauline Pate were visitors in the Stewart home Sunday.

Misses Stella and Lucile Mate, Messrs. Isaac and Jimmie Gill, attended the singing Sunday afternoon.

Mr. and Mrs. S. P. Eoff visited Mr. and Mrs. M. Keese Sunday afternoon.

Mr. Virgil Cowart attended the show at town Saturday evening.

Mr. Cecil Richardson was seen going toward Woodrow late Sunday afternoon.

Messrs. Calvin and Ealy Eoff were in Lubbock Saturday evening.

Mr. and Mrs. M. Rhoads called on Mr. and Mrs. M. Keese Sunday afternoon.

Mr. Eiland Ribble was a New Hope visitor Sunday.

Mr. and Mrs. S. P. Eoff were attending to business affairs in Lubbock Monday morning.

Mr. Lewis Richardson was in Lubbock Saturday.

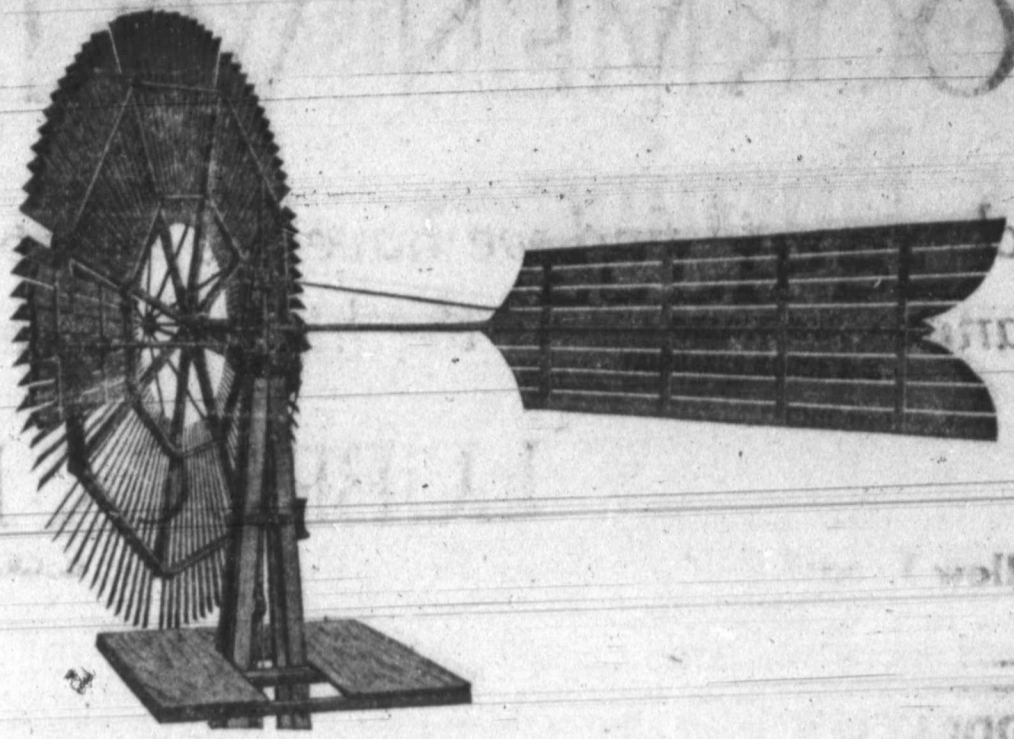

One of the Misses Kings and Mr. King returned to their home Monday.

Mr. E. J. Cowart and daughters, Misses Neva and Lillie were in Lubbock Monday.

Mr. S. D. Stewart went to Lubbock Monday after lumber to build some sheep sheds.

Mr. Rosco Cowart was in Lubbock Monday.

Mr. Gus Haven was in Lubbock Monday.

THE ECLIPSE MILL

Is the Mill for You---It is the Cheapest Pumping Power on Earth

Sold for 50 years—some of them erected 38 years ago still running. When you consider the life of an Eclipse mill it is certainly economy to buy one. Many ranchmen have used the Eclipse mill for years and it is no trouble to find mills which have been used for 10 to 20 years and good for many years to come.

The Eclipse is made from the best material that can be gotten, true to pattern, so that they are perfectly balanced. They have few working parts to wear out. The fans in the wheel are wider than any others, hence have more wind surface, consequently more power.

If you want satisfaction and service, you want the Eclipse.

The Western Windmill Co.

All-Wool Clothes

You want to know frankly whether you are getting all wool or not. Every now and then we're asked, "Is it all wool?" or "There isn't much wool in clothes these days, is there?"

Let us put you right about this. It's a fact, there are a lot of adulterated fabrics on the market these days, and the joke of it is these suits are being sold for just a trifle less than you can buy all-wool for; and you know as well as we do that all-wool gives the best service. Is it any wonder then that we confidently urge you to come to us for

Hart Schaffner and Marx Clothes

They're always all wool, perfectly tailored and designed by the world's master designers.

We'll show you some very striking ideas in young men's suits and topcoats, as well as some very attractive new conservative models. All reasonably priced.

A. B. CONLEY, JR.
LUBBOCK, TEXAS

KANSAS CITY LIVESTOCK MARKET LETTER

Kansas City Stock Yards, Oct. 13.—Cattle prices were steady to 25 cents lower, hogs strong to 10 cents higher and sheep steady to 25 cents lower. Liberal receipts of cattle and sheep caused the weakness in those divisions, while hog receipts were barely large enough to meet urgent requirements.

Today's Receipts
Cattle receipts today were 41,000, and the largest thus far this year, showing an increase of 1200 compared with a week ago and 6000 compared with a year ago. Hog receipts were 11,000, the same as a week ago, and 2000 smaller than a year ago. Sheep receipts 19,000 were 9000 larger than a week ago, and 3000 larger than a year ago.

Beef Cattle.
Good to choice fat cows and steers sold at steady prices, but the bulk of the arrivals were in the plain to fair classes and sold 15 to 25 cents off. No prime fed steers were offered. Some heavy Kansas steers sold at \$15.00 and \$15.25, and grass steers at \$13.00 to \$13.50. The bulk of the 900 to 1050 pound grass steers brought \$9.50 to \$10.75. The bulk of the cows sold 15 to 25 cents lower. A good many Panhandle and Colorado cows sold at \$7.25 to \$9.25. Veal calves were quoted steady.

Stockers and Feeders.
Trade in stock and feeding cattle was fairly active. Prices were steady for the best and lower for the other classes. Corn belt feeders are making large purchases, and will continue buying freely the next three weeks. Feeders are selling at \$8.50 to \$12.50, stockers \$7.50 to \$10.25, and stock cows and heifers \$6.00 to \$8.50.

Hogs.
Hog prices today were strong to 10 cents higher than late last week and \$1.00 lower than a week ago. The top price was \$15.70, and the bulk of the offerings sold at \$14.75 to \$15.50. Packers paid the top of \$15.70. Prices are higher here than in Chicago. There is active demand for pigs and thin hogs for feeding at \$14.00 to \$15.50.

Sheep and Lambs.
Sheep receipts were the largest for some time past, and the bulk of the offerings were below choice quality. Western lambs sold up to \$15.60, and native lambs \$15.25. The market was quoted steady to 25 cents lower. Feeding lambs sold at \$11.75 to \$12.75, feeding ewes \$6 to \$7.

Charles M. Pipkin,
Market Correspondent.

Notwithstanding there have been numerous reports about what ails President Wilson, his physicians say that it is merely a nervous breakdown, which will require some time to overcome, but claim the President's condition does not justify uneasiness that many people have suffered.

W. C. Rylander of this city, was in Brownfield last week, transacting business.

TERRY COUNTY TO HAVE FOUR TEST WELLS

J. E. Shelton, of Brownfield, who passed through here the first of this week enroute home after transacting business in Fort Worth a few days, says that contracts have been made and agreed to for four deep test wells in the northern part of Terry county, or what is better known as the "Rich Lake" community, near Meadow. Mr. Shelton has been working to secure enough leased acreage to interest capital to his county for about a year and is very enthusiastic regarding the new contract for his wells. Mr. Shelton has yet to secure about three thousand acres but is confident that this will be completed in a short time. The contract which he has entered into is with the Mammoth Oil and Gas Company, the President of which is well known in Oklahoma and North West Texas oil circles. The contract was entered into we are assured by Mr. Shelton, after a forfeit of \$10,000 by the company was put up. This forfeit to be paid to him provided the Company fails to drill the wells to the depth of 4 thousand feet, commenced not later than the 15th of December, this year. The deal was made for Mr. Shelton by an oil firm of Fort Worth.

CARD OF THANKS

We desire to take this means of thanking our many friends for the tender kindness, sympathy, and care extended us during the long illness and death of our precious son and brother.

How we appreciated the presence of dear friends who were with us during the last hours of our darling's life. When such sorrows come to you, may you have the real comfort of true friendship.

George C. Wolfarth and family.

Postmaster W. G. Hardin, of Brownfield, who has been here a few days receiving treatment from specialists for his eyes, left Wednesday morning for home.

THE BAPTIST 75 MILLION CAMPAIGN

Dallas, Texas, Oct. 15.—The mad crush experienced at Baylor University, Waco, during the first two weeks of the present term, due to lack of room and facilities for accommodating the largest student body in the history of the institution covering seventy-five years, has set the Baptists of Texas thinking seriously and prayerfully, according to Dr. J. M. Dawson, pastor of the First Baptist Church at Waco and State Publicity Director of the Southern Baptist \$75,000,000 campaign. "It is bringing home to them concretely," he continued, "the vital necessity of raising \$16,000,000 plus in Texas to meet the denomination's enlarged program of education, missions and benevolences."

TRUSTWORTHY

Taken in moderate doses, right through the warmer months, after meals.
Scott's Emulsion furnishes nourishment of particular value to the anemic or those underweight. Keep up your strength. Trust Scott's Emulsion to help you do it.
Scott & Bowen, Bloomfield, N. J. 19-8

Baylor University has no dormitory for young men and many are being turned from the doors of the school. Most of the residences within two blocks of the University and others beyond have been rented for the girls, and from three to four girls are occupying a single room. This is causing great dissatisfaction and some have returned home. Dormitories, a natatorium, an artesian well and a fine arts building are among the most urgent needs.

It is pointed out that the distressing situation at Baylor University is illustrative of over-crowding and shortage of modern facilities at virtually all the other Baptist educational institutions of Texas, and that it will be imperative for each of them

to enlarge its facilities and extend its accommodations out of its apportionment of the \$75,000,000 fund.

"Baylor University for more than fifty years has been the fountain and foundation of the Baptist church of Texas," says Pat M. Neff, Chairman of the Board of Trustees. "It is the head of the Baptist denominational schools of the State, and thousands of the leaders of men in Texas were educated here. If the responsibility rests on Baylor to furnish the leaders, the responsibility is on the Baptist brotherhood to provide the institution with sufficient funds to meet its great work. The success of the \$75,000,000 campaign will do wonders toward placing the University where it ought to be, as well as the upbuilding of the other Baptist schools."

Following is the apportionment to the schools made from Texas quota, \$16,000,000 plus: Baylor University \$1,000,000; Baylor College at Belton \$750,000; Simmons College, Abilene, \$500,000; Howard Payne College, at Brownwood, \$300,000; San Marcos Academy, \$100,000; Decatur College \$100,000; Burleson College, Greenville, \$100,000; Rusk Junior College, \$100,000; Theological Seminary, Ft. Worth, \$500,000; Wayland College, Plainview, \$100,000; Marshall College, Marshall, \$100,000.

FALSE REPORT ABOUT L. P. ADAIR DROWNING

From relatives of L. P. Adair at Tahoka, it is learned that the report that he had committed suicide by drowning himself in Lake Worth, at Fort Worth, Texas, a few weeks ago was false, and that he has since showed up in Fort Worth safe and sound. It is also stated that the case or cases at Lovington against him had been dismissed, and that all is well. We are glad that the report of his death was a mistake and that he has been freed from all court difficulties, and we are pleased to make the correction that our readers may know the correct condition of affairs in connection with the case.

We are now prepared to give you any kind of treatment desired, as I have able and efficient help. Day calls \$2.50, night calls \$3.00. Phone day or night 540, Lubbock, Texas. Dr. M. T. Council, D. C., Burrus Bldg. 16-1

Representative R. A. Baldwin was here Monday morning attending to business matters.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Sold by All Druggists.

L. C. Ellis returned last Saturday afternoon from a short visit with relatives at Temple. Mr. Ellis also visited a short time at the State Fair.

CITATION BY PUBLICATION

THE STATE OF TEXAS. To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon Mary M. Conklin, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court house thereof, in Lubbock, Texas, on the 2nd Monday in December, A. D. 1919, the same being the 8th day of December, A. D. 1919, then and there to answer a petition filed in said Court on the 24th day of September, A. D. 1919, in a suit numbered on the docket of said Court, No. 1272, wherein J. F. Conklin, is plaintiff; and Mary M. Conklin, is defendant; the nature of plaintiff's demand being as follows:

That plaintiff is an actual bona fide inhabitant of Texas, and has been such inhabitant for more than twelve months next preceding filing this suit, and he has resided in Lubbock county more than six months next preceding the filing of this petition in this cause.

That on February 18, 1913, plaintiff was married to defendant and lived with her until April 15, 1917, when defendant abandoned plaintiff, since which time, plaintiff has not seen the defendant. That defendant was guilty of cruel treatment and outrages toward plaintiff of such a nature, as to render their longer living together as husband and wife, wholly unsupportable. That defendant has no love for plaintiff, would not consent to his company and refused to be a wife to him, or to attend to her household duties, and would not cook plaintiff's meals, and would leave home without knowledge or consent of plaintiff, not returning until late hours at night, and would refuse to tell plaintiff where she had been or what she had been doing. That defendant is a woman of violent temper, and without cause and on slightest pretext, would fly into a rage and threaten to cut plaintiff with a knife or strike him with any object she could get her hands on. That defendant persisted in associating with persons of low morals, and had reputation in the community, in which they lived, knowing such persons to be of such reputation, and over the objections of plaintiff, would bring such persons into his home. That defendant, clandestinely and without the knowledge of plaintiff and while he was away at his work, left him, under circumstances of a suspicious character, and plaintiff has not seen her since and never

The Clean, Healthy Mouth

CLAY COUNTY FARMERS HERE PROSPECTING

J. W. Williams, of Mt. Vernon, Messrs. H. P. Puckett and O. H. Allen, of Clay county, and J. W. Blackstock, of Red River county, arrived here last Sunday on a short prospecting tour. These gentlemen were in the market for about two thousand acres of land and stated that they like our country and would probably buy before returning home. They were accompanied by Sam M. Sears, local real estate dealer, to Seagraves, Monday morning where they will look at propositions offered in that community.

Messrs. M. F. and D. D. Ballew, brother of Will E. Ballew of this city, were here a short time the first of the week from O'Donnell attending the bedside of their father, who is in a local sanitarium.

Elmo Wall returned last Sunday afternoon from a few weeks visit to the Ranger oil fields. Mr. Wall visited a few days at Dallas while away.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

RAILROAD OFFICIALS GO OVER PROPOSED ROUTE

Messrs. J. H. Wambeam, M. M. Hollenbach and E. G. Cook, officials of the proposed Panhandle Short Cut Railroad for which they have a charter from this State to build, connecting Dalhart with this city were visitors here the latter part of last week. Mr. Cook of Wichita Falls, is president of this company, and Mr. Hollenbach is also an official, of Wichita Falls. Mr. Wambeam, of Springfield, who was here with these men as chief engineer of the proposed road. These men were making the trip overland investigating thoroughly the route. We understand that they were highly pleased with the route between Dalhart and this city.

It is the intentions of this company, we are informed, to construct the road from Dalhart via this city on to Austin. We are told that their biggest problem, so far encountered by this company is their route out of this city toward their destination. The officials are also working on getting out their prospectus, showing the kind of country, its products, development, etc. Pictures of these will be made and inserted in the booklet.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE WESTERN DISTRICT OF TEXAS, AT AUSTIN

In the matter of G. D. Patterson, Bankrupt. In Bankruptcy No. 797. To the Creditors of G. D. Patterson of Taylor, Williamson County, and District aforesaid, a bankrupt:

Notice is hereby given that on the 30th day of September, 1919, the said G. D. Patterson was duly adjudged a bankrupt, and that the first meeting of his creditors will be held at my office at Austin, Texas, on the 22nd day of October, 1919, at 10:00 o'clock A. M. at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

Austin, Texas, this September 30, 1919.
D. K. Woodward, Jr.,
Referee in Bankruptcy.

Avoid chill rooms in the morning by using Cole's Hot Blast Heaters. They prevent colds and sickness. Cole-Myrick Hardware and Implement Co. 16-1

Messrs. Pook and Goode, ranchers of Terry county, were here the first of the week one or two days attending to business matters.

PARTIES PROSPECTING WANT SMALL FARMS

We have met several parties who were in our city a short time this week, prospecting for small farms. Many of these men are tenants in the eastern part of the State and come here with sums amounting to one or two thousand dollars with the intentions of purchasing a small farm, unimproved, at a small cash payment down. As a rule this class of investors meet with disappointment here on account of the many large land holders, especially near town who are not willing to divide their land into small tracts in order to sell, but are willing to sell the whole.

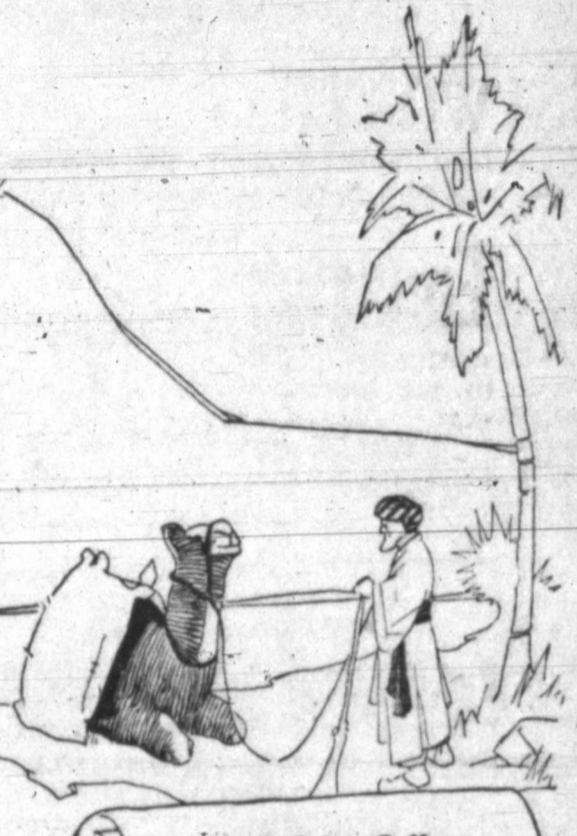

For an example which goes to show that the biggest part of the men who come here want small farms, a tract of land near Ropes owned and held for many years with the intentions of selling when sold in one lump sale, was recently put on the market in small tracts with a local real estate firm. The conditions of the purchase was such that the small investor could pay a small payment down. We can safely say that more people have been interested, and bought holdings in this tract in the last few days than all other tracts combined in the county. Further, we are assured that the whole will be settled before fall by a class of farmers who will constitute a good community—one that will be an asset to the whole county. This example is open for investigation.

While a few men may come to our county with hundreds of thousands of dollars ready capital and invest for ranch purposes, we believe the greater portion will be the small investors who will ultimately lead to the perfection of our development of this country. As long as these large tracts are held as the present time, the local Chamber of Commerce who work so faithfully, advertising and boosting this country will be handicapped. This applies also to town property, as well as farms.

Guy Lowry, nephew of J. B. Green of this city, has recently arrived in the States after spending about fifteen months with the 2nd Division in France. Mr. Lowry is now visiting with his mother in Oklahoma and will probably arrive here the latter part of this week.

J. A. Walters, of Plainview, N. M., was here one or two days the first of the week attending to business matters.

Hal Bradley returned last Saturday from Dallas, where he went to attend the State Fair.

You Get a Blend of Genuine Arabian Mocha, Genuine Java and Several Other Good Coffees In Every Can of Renown Coffee

Fine flavor and absolute freshness are the first essentials of REALLY GOOD coffee—and the two go hand in hand in every can of Renown.

Genuine Arabian Mocha—a dash of Genuine Java—and just the right proportion of seven other good coffees make up the delicious Renown flavor—a flavor that's the despair of imitators.

or with such delicate measuring of varieties; real coffee blending takes time, study and care. But experienced food specialists deal with Renown. They know they put in it the finest grades known to the coffee world, and they handle it with a care that emphasizes each variety's particular flavor.

Packed in air-tight tins, Renown Coffee comes to you absolutely fresh and pure.

Few coffees are blended to this extent

You may obtain it in three styles: "Steel Cut" for brewing in coffee pot—"Percolator Grade" for brewing in a percolator or in a drip pot—"N. K. Beans"—tell your grocer which you want.

BOREN-STEWART COMPANY

Wholesale Grocers and Manufacturers
Home Office and Factory: Dallas
Branch Houses: McKinney, Terrell, Paris, Waxahachie and Denton

A DATED LABEL
on each can of Renown Coffee guarantees its freshness. All coffee gets slightly stale after a certain time. Renown is never sold like that. The dated label prevents, for the purchaser can tell at a glance if it's still good.

Defining Coffees

Webster's Dictionary says: In commerce Mocha denotes a superior grade (originally from Mocha, Arabia), the berries of which are small and round. Java, a superior grade (originally from the Island of Java), having large oval berries. An "O. K." for Renown Blend.

RENOWN PEANUT BUTTER
A delicious food made of the very best Texas-grown Spanish and Virginia peanuts. Sealed in glass jars (with all air excluded by a special vacuum process), it remains pure, fresh and wholesome at all times.

RENOWN TEA
Famous imported teas from Ceylon, and British India produce the wonderful flavor which marks Renown Tea. A flavor which belongs exclusively to Renown, one may well add. Comes packed in air-tight tins of convenient size.

A FEW NEWS ITEMS FROM LORENZO ENTERPRISE

The youngest son of W. B. Williams happened to a painful accident last Saturday when he fell upon an ice cream freezer thereby cutting a gash in his hip. The little fellow has brought to Dr. Laid and received surgical treatment and we are glad to report that his condition has greatly improved.

Miss Emma Michael of Estacado, has been employed by the trustees of the Lorenzo High School to fill the position of assistant primary teacher. This fifth teacher has been made necessary by the unusual large enrollment. Several families have moved here that their children may attend this school.

We regret very much to report that Homer Witt, a prominent farmer of this community, was taken to the Lubbock Sanitarium Monday for the treatment of White Swelling in one of his legs. As yet we have not learned of his condition and hope that it is not serious.

The sad news was brought from Lubbock Tuesday that it would be necessary to remove Mr. Duncan's right eye which was effected by a shot which accidentally entered the outer corner and lodged behind the eye-ball. His many friends here regret very much the step that had to be taken.

Mrs. A. L. Brooks, sister of Mrs. O. R. Phillips of this city, accompanied by her daughter, Mrs. Deakins, of Coleman county, spent a few days the latter part of last week visiting with Mrs. Phillips. Mrs. Deakins is moving to Tahoka from Coleman county, and left Monday morning for that place.

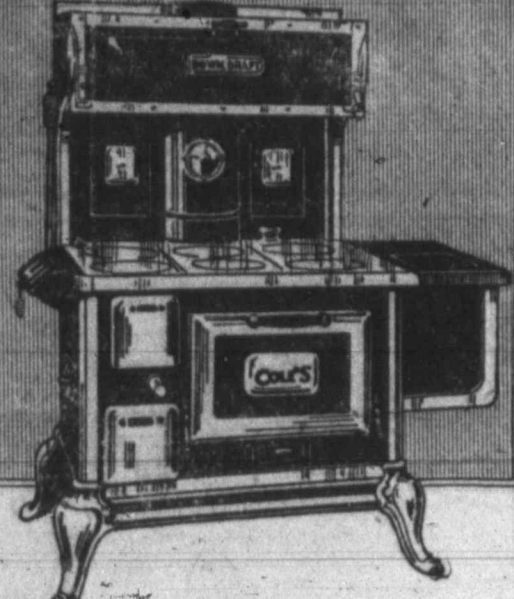

W. C. Rylander, local agent for the Kansas City Life Insurance Company, returned last Saturday morning from a short business trip to Farwell and other points west on the Texico cut-off.

For quality range at moderate cost, buy Cole's Range. It has no equal for the money. Myrick Hardware & Implement Co. Phone 29.

Dick Howard wants to sell you gas and oil. Phone 29.

Lower Bills

For Fuel

UNLESS your Range is a Cole's Down Draft Range it is most assuredly wasting one-quarter to one-half of its fuel up the chimney as unburned fuel gases.

You Cannot Afford This Waste!
Buy a **COLE'S DOWN DRAFT RANGE**

and you get a range backed by a guarantee for positive fuel saving. A range that burns all the burnable material in your fuel—(wasting nothing).
This is a range built and perfected by experts. It is the one range that will give you the constant smooth running baking and cooking results you have always wanted.
Copper alloy iron is used on parts subject to rust, and malleable iron on parts subject to breakage.
The oven is double seamed and air-tight; also having the corrugated oven construction giving rigidity. These are features found on no other medium priced range. This is a range built for honest, lasting service.

This portion of your fuel is wasted up the chimney as unburned fuel gases when using any bottom draft range.

Come in now and buy your range and become a fuel saver.

HIGH SCHOOL NOTES

(By Wallace Binkenship.)
The High School is witnessing a trying time. Each pupil is preparing for the six weeks test.

The Seniors met at the home of Julia Jennings Wednesday night to prepare a program for the morning exercises. Thursday after every preparation for the program was made candy was served. Everyone enjoyed himself as never before. After all was done, a jolly moonlight ride was taken on a truck.

Several new pupils have enrolled in the High School the past week; in the sub-junior class, Perry Vaughn; Sophomore class, Bessie Smith, Finis Vaughn, and Blackburn Caudle.

Mrs. Temple, sister of Miss Thurman, from Hamlin, Texas, visited our school Monday and Tuesday morning. She sang us some excellent songs both mornings.

Bro. Cole, the Baptist minister from Crosbyton, also visited the school Tuesday morning. We are glad to have visitors any time that they will come.

The high school football team is working very hard for the game with Floydada Friday, Oct. 17th. The game, lost to Plainview, at Floydada, Oct. 4th, did not dishearten the boys but seemed to make them more determined to win the rest of the games. Nearly two teams are out every evening, which gives all the boys a good practice. The Floydada boys have seen our team in action and are very confident of winning, but we hope to give them a surprise and send them home a beaten bunch. Rain and cold weather kept the boys from practicing most of the last week, but with a bunch that is as willing as ours to practice during rainy weather, we ought to win. The game will be played on the grounds southwest of the High School building commencing at 3:30 p. m. Tickets will be on sale at the high school and in town. We should like to see the whole town come out. Come and give the boys a boost.

Mrs. Jno. H. Doyle is teaching a very large and enthusiastic class in expression. Her pupils are very interested in the work and are getting a great deal out of it.

SHALLOWATER NEWS OF THE PAST WEEK

Mr. Bob Crump and his sister, Miss Mamie, are attending the Dallas Fair.

A full outfit of first class machinery has been purchased by some of our leading citizens, who expect to put in an up-to-date garage soon.

The Community Center was held at Hardy School last Saturday night. A large crowd gave evidence of appreciation of the excellent program. The community string band favored us with several good selections. Among other good renditions, Miss Effie Edsall, one of our high school students, favored us with a reading that was manifestly appreciated; in response to the hearty encore she gave a reading in Spanish, which caused quite a commotion in the audience.

On Saturday night, Oct. 25, Miss Jewell Broadfoot, head of our music department, and her students will give a public recital in our auditorium. We invite our neighbors who love music to come. Lubbock friends are especially invited to come. A good program is promised.

There will be a special celebration of Halloween here. On the same evening there will be an old time "box supper." The string band will contribute to the pleasure of the evening. To this all friends are invited.

BROWN COUNTY MAN BUYS FARM HERE

According to J. A. McClatchey, of Brown County, the best investment for oil dealers, or those who have made money on account of oil development is that of buying South Plains farms. We are inclined to agree with Mr. McClatchey, for as he says "twenty-four hours after I purchased a section of land in this county I had decided that it would take five thousand dollars to get my deal." Mr. McClatchey bought this fine section of land near the Grovesville School building or about eight miles of this city. He has several boys whom he intends to locate in our country, then after disposing of his holdings in Brown county he will move here. Mr. McClatchey was accompanied here by his wife, who also is a great admirer of this country, and is anxious to move here. They left Wednesday morning for their home.

R. H. Baker, of Argyle, Texas, arrived in our city the first of this week for a visit with acquaintances. Mr. Baker will remain here this winter, we are informed.

Society Brand Clothes

Make and Hold Friends

THEY'RE mixers. From the wash of the Atlantic to where the Pacific splashes its spume, you'll find them making firm friends of men who pay mighty close attention to every detail of dress. They appeal to men who spend money, not haphazard; but on carefully thought out plans—men whose money-making instincts teach them instinctively to save. To the mind that thus analyzes the wear-value of Society Brand Clothes is as distinctly evident in their superior tailoring as is their unmatched style. For every dollar you invest in these clothes you get, compared to other makes, better than 100 per cent in service and satisfaction.

Society Brand Clothes

We'd like to get you close enough to focus your eyes on the clothes we've got together for Fall. It's impossible for you to see style, tailoring, colors, thru type. Drop in here when you've a little time to go over our stock—let us stack up some testimony of superior clothes and values to you.

COTTON PRICE GRADUALLY RISES DESPITE WEATHER

Cotton which has been selling in Lubbock for 32¢ for several days is now bringing about thirty-five cents per pound. Monday of this week middling cotton sold on the streets here for 34 1/2¢ per pound. Tuesday the price advanced to this grade of cotton to 35 cents while the poor middling brought 34 cents. Local cotton dealers predict a new high level in the spring months, but believe the present rise only temporary for the fall months. Cotton quality in the county has suffered, yet the price has advanced since the rainy weather to make up for the damaged cotton, says one of our dealers. The farmers have a chance yet.

NEW HOTEL TO BE BUILT AT AMARILLO

Amarillo, Texas, Oct. 12.—Amarillo is to have a new hotel of sufficient size to meet all present demands. Ernest Thompson, owner of the Amarillo Hotel, said that plans and specifications would be completed in a short time and that work would be rushed on the building. The new hotel will contain 290 guest rooms, as well as private dining rooms and club-rooms, etc.

The building is to be a nine-story steel and brick structure and will be one of the most modern in the State.

We make FRESH candies daily: Mexican Pecan, French Nougat, Taffy, Coconut, Carmel, Fudge and other varieties.

FORMER CITIZEN HERE ON BUSINESS FROM PAMPA

C. W. Osborne, formerly of this county, now residing near Pampa was here the first of this week, looking after business matters. He reports a great deal of rain in his section and much damage to crops, though he says the damage will likely not be so great as has been reported. There is quite a lot of wheat not threshed and there is also a lot of it piled on the ground waiting for cars to move it to market. He says relief was beginning to come in that way and it was hoped that those who had their grain threshed and on the ground would soon get it moved. He and his sons and two sons-in-law raised 54,000 bushels this year and succeeded in saving their crop by having two separators of their own, and kept them going continually. Mr.

Osborne says the acreage in wheat will be very materially reduced the coming season.

NEBRASKA FAMILY IN SOUTH PLAINS TO PICK COTTON

R. W. Miller and family arrived here the first of the week from Omaha, Neb., and will pick cotton in our county this season. Mr. Miller says that in his country, the South Plains is talked of a great deal, and he predicts many people will visit this section of the country ere long.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEF-SIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 50¢ per bottle.

TEXAS NEEDS THOUSANDS OF ADDITIONAL CARS

Austin, Texas, Oct. 13.—Texas is short 8,393 of its quota of freight cars, according to a report from the federal director of railroads, which was filed with the Texas Railroad Commission. The report said this shortage is likely to increase during the next two months.

Bad order cars are reported to number 5.8 per cent of cars in running shape.

A. W. Kellog who has been here for several weeks employed with Jones Bros., left this week for his home in Oklahoma City.
