## LUBBOCK COUNTY GREAT FOR FRUIT

MANY VARIETIES NEVER MISS A SEASON AND ALL FRUITS GROWN IN TEMPERATE ZONE WILL PRODUCE HERE

## MELON CROPS ARE GREAT PRODUCERS EVERY YEAR

Our Climatic Conditions are Such That Makes This an Ideal Country In Which to Reside as Well as Raise a Great Variety Crops of All Kinds.

The writer had the opportunity of visiting one of the largest nurseries in operation in the great Southwest and to talk to the founder of this nursery, and to be convinced by him that the opportunities for the production of fruit in the plains country from a commercial profit standpoint is just as good as it is for the fruit production of California. Upon first reading this statement the average reader will probably give it no credence but notwithstanding this fact to have the theory outlined and supported by twenty-two years actual experience, as explained by this plains nurseryman, in growing fruit the reader would see that this statement is not in the least overdrawn.

"Fruit can be grown successfully and be made a paying proposition in the Plains country," stated this nurseryman to the writer. "I have experimented twenty-two years in this section with fruit growing and the only thing necessary to make this an extensive fruit producing area is to plant the kind of trees that are adapted to the peculiar soil and climatic conditions of this section, and then to give them care after they are planted."

"The farmers on the plains in the past who have planted trees for the purpose of growing fruit have been very liberal in their planting but they have not given enough consideration to the proper varieties they should plant. This was true to such an extent that a few years ago as these farmers are coming to the realization that they must give more time and attention to their trees to have them bear successfully. Then again after planting the trees they really don't need care and when dry weather comes they leave them to the ravishings of the weather and the insects which prey upon young trees."

"The successful way to grow fruit in this section is to use irrigation methods. There is ample water available and to choose the proper class of trees. I can prove to anyone who might appear skeptical that if these plans are carried out and the trees given the proper care that as much profit can be realized from fruit growing in the Plains as can be realized from the growing of fruit in California."

"It has only been in recent years that trees have been planted in West Texas. Up until twenty years ago this section was a part of a vast unbroken prairie, the domain of the Whiteface and ruled over by rattlesnakes, prairie dogs and other vermin and used strictly as grazing lands. There were no trees with the exception of a few wild varieties which grew in the canyons. Up until twelve years ago there was not much interest shown in the raising of trees, but with the dividing up of the grazing lands into farms, and the building of commercial centers and homes came the demand for the comfort shade tree give and those farmers who had worked so diligently for the development of the vast field of resources of the Plains country began the planting of trees. They did it however in a haphazard manner. That is not meant that they were careless but they did not put in enough study as to the varieties of trees that should be planted. These trees however, have made almost a phenomenal growth until today this country does not present much of the same appearance it did twenty years ago."

oral orchards in this section today that are as old as fifteen years and their owners are reaping exceptionally substantial profits from these trees every year.

The variety of fruit that can be successfully grown here is limited only to the grades of fruit that can be grown anywhere in the temperate zone. That is to say any fruit that demands a growing and maturing season as that of the temperate zone will grow and mature here. However there must be considerable study put in as to variety. By that is meant that one variety of apple will grow in this soil if properly cared for where another variety will die and not produce and the same with peaches and plums and other fruits. Hence it takes study to make a success of the fruit industry.

The principal fruits grown today on the Plains are apples, which can be grown in a wide variety of varieties, and with a wide variety of apples that can be produced, and peaches. Plums and cherries make up the principle varieties grown in the Plains country and according to the study of the soils by experts these are the principal tree fruits that would be adaptable to this section of West Texas from a financial standpoint, while many years have been planted and grown to some extent, they are not considered as practical a crop as the others mentioned.

The vine crops, which also mature and grow profusely if properly planted and cared for in the Plains country are grapes, dewberries, blackberries, also Gordon loganberries. The grapes are a sure crop and one of the most extensive vineyards on the Plains or in the great Southwest is to be found on the Mollie D. Abernathy farm. These are paying crops and can be produced very extensively.

Melons also grow profusely in this soil and some of the best water-melons on the market as well as cantaloupes that will equal the Rocky Ford variety are grown. In fact one of the principal railroad dining car services has contracted for cantaloupes to supply their cars during the melon season, these cantaloupes to come from the Plains country as the Plains crop come on as the Imperial Valley crop finishes. The large melon crop is handled through the local market and also shipped to foreign markets.

Fruit growing is materially augmented by the clay subsoil which lies just below the top soil and which is so constructed as to absorb the moisture which falls and holds it. This gives the trees the opportunity of absorbing this moisture through their roots during dry weather and in addition to irrigation gives sufficient moisture for the proper maturing of the fruit crop.

The raising of fruit on the Plains has not as yet reached the commercial stages but it is the consensus of opinion that a few years will see this section one of the principal fruit production centers of the great Southwest.

Lubbock County maintains a home demonstration agent, Miss Millie M. Halsey, who is doing very effective work in teaching the housewives the care of fruit in order to make it a financial success. Women are given instruction along the line of food production, gardening, orchard management, preserving fruits and vegetables and labor saving devices.

There are several canning clubs under Miss Halsey's supervision one of these clubs being maintained in each school district teaching the best methods of canning fruit and vegetables raised in the Plains country. In the Shallowater School District alone more than 3,000 quarts of fruit have been canned this season and the many other clubs have done proportionately as well, and each year more interest is being taken in this work which will also reflect on the development of the fruit raising industry from a commercial and a financial standpoint. Wholesale produce markets are maintained in Lubbock for the handling of fruits and these institutions will be increased with the increased production which means that in the near future fruit growing will be one of the substantial financial crops of Lubbock county and the plains.

## LUBBOCK FIREMEN HOLD THEIR ANNUAL BANQUET

The Volunteer Firemen of Lubbock held their annual banquet and business meeting New Years night at the Manhattan Parlor. In addition to the firemen and their families, the local insurance agents and their wives were guests at this banquet.

As a prelude to the feast that followed, the firemen and their guests were entertained at the Lyric Theatre. This proved a very interesting hour and had the effect of putting everybody in a very happy mood. From the Lyric the revellers advanced on the Manhattan Parlor where O. R. Phillips, the proprietor, had concocted a list of the finest dishes of good things to eat ever calculated to appease the cravings of the inner man.

At the conclusion of the feasting the officers for the ensuing year were elected, with L. H. Simpson as chief, Ed Twitty as Assistant, and Roche Newton as Secretary & Treasurer. Following this a number of interesting talks were made by the firemen and their guests in which was emphasized the need of greater co-operation between the business men and other citizens of our city and the firemen.

The fact that a few of our progressive citizens have maintained an organization of volunteer firemen in our city for a number of years with but very little aid and co-operation from the remaining population whose property they have so faithfully protected, is conclusive evidence that it is now high time our people should wake up to the importance and merit of our volunteer fire force and evidence some material signs of appreciation of their services and sacrifices. For a number of years the members of this force have been subject to call day or night and under all weather conditions. They have responded faithfully to these calls and have discharged their duties in an efficient and creditable manner.

In return for this, about the only comment heard with reference to them and their services is an occasional criticism of their methods of handling some particular conflagration. Constructive criticism and suggestions are always in order and our firemen are open to such at all times, but malicious and destructive criticism is apt to have a pernicious effect upon the morale of our fire fighters and cannot successfully be applied in connection with any work or undertaking. No denial is made to the charge that our firemen have made mistakes in the past, but attention is called to the fact that while doing so their efforts have saved thousands of dollars worth of property. It should also be borne in mind that the existence of our fire department tends to reduce insurance rates very materially and thus works a great saving for the property owners of our city.

There is hardly a member of our fire force but who has upon numerous occasions ruined or damaged costly clothing and been at no little resulting expense through his efforts to save other people's property from destruction by fire, to say nothing of having risked his health and exposed himself to injury. In the face of this fact comparatively little has been done to encourage our firemen in the faithful discharge of their duties or to reward them for their sacrifices or reimburse them for their expenses. It seems to the writer, who was a guest at the above mentioned meeting, that the time is ripe for our citizens and property owners to recognize the efforts and sacrifices of these men in a much more material way than has been the practice in the past. From the talks and discussions at the meeting it was evident that some of our boys are becoming somewhat discouraged with their efforts to serve the people and city in this capacity. Such an attitude is justified under the circumstances and unless the people of Lubbock rally to their support and accord them the recognition and co-operation their services merit the time is not far when our city will be confronted with serious difficulties in maintaining an efficient fire department.

This is a matter which demands the earnest consideration of the people of Lubbock and immediate steps should be taken to assure our firemen that their services are appreciated and to encourage them in discharging their duties as faithfully and efficiently in the future as they have in the past.

## S. W. WAGNER DIED TUESDAY MORNING

S. W. Wagner, one of Canyon Community's honored citizens, died Tuesday morning at 7:00 o'clock. Mr. Wagner was born in Georgia, more than 45 years ago. He came to Texas in the long ago and spent the most of his life in this State. He came to West Texas some ten years ago and has made his home in the Canyon community these 8 or more years.

Mr. Wagner was stricken a week ago with the third stroke of apoplexy, and after intense suffering he was given rest and release from the suffering and sorrows of life. He leaves a wife and several children to mourn his going.

May the Heavenly Father, who knows the depth of sorrow in the human heart be very near the heartbroken family to comfort and keep them until this life with its sorrows is passed, and may they find husband and father whom they have loved and lost for a while, in the House of many mansions.

Funeral services were conducted by the writer and Bro. Wagner was laid to rest in the Lubbock cemetery by the Masonic fraternity Wednesday evening, Jan. 7th.

## RED CROSS MEMBERSHIP CAMPAIGN IS NOW ON

During the war thousands of Lubbock citizens joined the Red Cross and gladly paid their annual dues of one dollar to assist this worthy institution. A great number of us are now inclined to regard the war and its attendant emergencies as being over and that there is no longer any need of this work or of our contributing to it. This is a mistake. The problems of peace and reconstruction have developed an immense field for the work and activities of The American Red Cross. Not only is there a crying need for their services in war-torn Europe, but there is also much work to be done within the borders of our own country.

The Government has turned over a number of tasks and activities to this institution which it formerly attended to, but which it is now believed the Red Cross can handle to a better advantage. A number of hospital units used in Europe have been brought back and distributed over this country to be used in times of disaster and emergency. First Aid instruction is being continued, the Junior Red Cross is still "carrying on" and many other plans are being perfected and carried out which make the American Red Cross an institution of incalculable value to America and one which merits the hearty support of every man, woman and child in the land.

Lubbock will launch its membership campaign on Saturday, January 10th. Booths in charge of ladies of the local chapter will be placed at the Citizens National Bank corner and at the Lubbock State Bank corner. An ample supply of buttons, service crosses, window flags, windshield stickers and other supplies are on hand. The dues are one dollar per year and the booths mentioned above will be provided with necessary blanks for the enrollment of all members.

All you need is "a heart and a dollar."

## DRILLING ON SMALL TRACTS FORBIDDEN

Austin, Texas, Dec. 23.—The oil and gas division of the Railroad Commission, answering queries from oil operators with reference to rule 37, today gave out the following statement:

"We have been asked if the commission's rule 37, prohibiting drilling nearer than 150 feet to any boundary line applies to tracts which are so small as to make compliance impossible if these tracts were acquired before Nov. 26, the date the rule took effect.

"In such cases the operator must file an application or letter setting up the facts fully and the commission will make an exception on some equitable basis.

"But the subdivision of lands into such tiny tracts after Nov. 26 is absolutely prohibited. The drill site' speculator and stock manipulator has had his day in Texas.

"Any operator of a 'drill site' acquired since Nov. 26 not only subjects himself to a fine up to \$5,000 per day, but can never get his oil accepted by a pipe line if the commission refuses to issue to the operator a certificate stating that he has obeyed the conservation laws of this State.

"The pipe line is required by law to demand this certificate before making connection with any oil property."

More republicans will pay their poll tax this year than ever before in the history of Bexar County, according to prominent political leaders who are planning an active poll tax campaign among republicans and dissatisfied Democratic voters. Political sentiment of that county is said to be about evenly divided between the Republicans and Democrats and a hot contest in this Congressional district is predicted next year. You had better pay your poll tax, Mr. Democrat, if you expect to win next year.

G. W. Norflett, representing Hyman-Samuels company, cotton factors, of Houston, Texas, was here this week. He stated that his company was in the market for all grades of cotton, including bolly cotton and above.

## SEVERAL THINGS LUBBOCK NEEDS

WE ARE SURE TO HAVE PAVED STREETS SOON ACCORDING TO INFORMATION FROM ENGINEERS

## OTHER IMPROVEMENTS WOULD MODERNIZE OUR CITY

Wires Should be Placed Underground, a Modern Apartment House is Needed, A Number of Modern Rent Houses are Needed, Streets Should be Named and Houses Numbered.

There are many things that Lubbock should have to make here a bigger and better city. Of course we will have paving.

Last week we published a letter from the engineers who have charge of the paving propositions in Lubbock, stating that the program for paving would be rushed along as rapidly as possible, and that they did not anticipate any serious delays in getting the work started, which was good news to the citizenship of Lubbock.

Now, while this is being done, we believe that Lubbock should be adjusting herself for the new dress.

Among those things that should be done would be the placing of the electric light and telephone wires underground, thereby eliminating all the unsightly cables, posts, etc.

Lubbock should also have her streets named and houses properly numbered. We believe this is important, while others seem to look upon it as a very small matter, and actually make light of the suggestion, but we believe that this is more through ignorance or lack of information upon their part than anything else.

Lubbock needs many more houses to take care of the continual flow of people to this section of the country. Many of them want to locate in Lubbock, but are unable to find places to house their families. A large apartment house has been suggested as a means of overcoming this condition, and in all probability this would be a paying investment for someone who has surplus money and is in position to look after it.

A large number of nice, conveniently arranged, well built rent houses are constructed badly. Not the cheaply needed, poorly equipped buildings that are often panned off as tenement houses, but nice ones—buildings that people could live in with a degree of satisfaction. By having this kind, good reliable tenants could at all times be procured, and the investment would be a paying one. We do not believe that rent houses like many we have in this city and are found in every other city really pay the owners a decent rate of interest on the money invested, but the kind we suggest we believe would be all right.

There is also a shortage of business buildings of the kind that is needed for good business concerns to occupy. We are quite sure that a number of good substantial concerns have gone elsewhere because they could not get a building in which to conduct their business.

Lubbock really needs free delivery of mail, and with only a few improvements and changes we could get it, which would greatly relieve the present congested conditions at the post-office, which is caused simply because Lubbock has outgrown the present facilities and allowance of postal clerks.

This is a year in which great progress will be made in all cities, and Lubbock must get in the forefront, and exact from the proper authorities what we are entitled to.

Let everyone do their part in making Lubbock what she should be. Use your influence in bringing about these changes, and use your money and your energy in helping to do many of these things.

Then we will send out a more urgent invitation to come to Lubbock.

## HOGS AND SHEEP ADVANCING CATTLE SLOW WEAK

Sheep prices today were the highest of the season. Hogs sold above \$15 for the first time since early in November. Pea fed lambs brought \$18.25, or more than \$3 higher than a year ago, and hog prices were 25 to 40 cents higher than the close last week. Cattle receipts were liberal and the market weak.

Today's receipts were 20,000 cattle, 15,000 hogs, and 7,000 sheep, compared with 17,000 cattle, 14,000 hogs, and 7,000 sheep a week ago, and 21,890 cattle, 24,300 hogs, and 6,360 sheep a year ago.

Beef Cattle.

Trade in fat cattle today opened slowly and prices were weak. Liberal receipts at all the markets, together with slow demand reported for beef in the East caused the weakness. The run was fairly well distributed between killing and feeding grades. The bulk of the killing cattle were short fed steers and cows, mostly from Kansas, Nebraska, and Missouri. Steers sold at \$10 to \$14.25, with no full fed steers available. Cows brought \$5.50 to \$6.00, for "canners" \$6.25 to \$7.25 for cutters. \$7.50 to \$10 for butcher grades, and \$10.25 to \$12 for choice to prime kinds. Veal calves were steady at \$8.50 to \$11.

Stocks and Feeders.

Receipts of thin cattle were the largest for some time past, and trade was fairly active at steady prices. A good many country buyers were here. Good heavy feeders sold readily though extreme heavy weights were in less urgent demand. Several consignments of Colorado and New Mexico range stockers brought \$8.50 to \$10.25. Stock cows and heifers, and calves sold slowly.

Hogs.

Urgent demand caused another advance in hog prices today, and the top quotation was up to \$15.10 for the first time in some weeks past. Compared with Saturday, the market was up 25 to 40 cents, and 80 to 90 cents higher than a week ago. The bulk of hogs sold at \$14.60 to \$15. Receipts here remained moderate, but were liberal eastward. The recent upturn in prices is attributed to the belief that the heaviest winter's rains have already reached markets. Stock hogs and pigs sold readily.

Sheep and Lambs.

Though sheep receipts were fairly liberal for the season of the year demand is large, and prices continued to advance. Compared with late last week, the market was 25 to 50 cents higher, and the highest since last spring. Pea fed lambs from Colorado sold up to \$18.25. Yearlings were quoted at \$14.00 to \$15.00, ewes \$10.25 to \$11, and feeding lambs \$14.50 to \$15.50.

Horses and Mules.

The week's trade in the horse division opened with liberal receipts and a large number of buyers at the auction. Prices were firm. Demand for mules was large also. The large volume of business anticipated this month is showing up.

**IN MEMORY OF JAMES BEVILL**

James, the youngest son of Mr. and Mrs. J. H. Bevill, was born Sept. 28, 1907, and died December 23, 1919. He was sick only a few days and all that skilled physicians and loving friends could do to save him was in vain. On the night of Dec. 23 his soul took its flight to a better world, where sorrow and parting are not known.

Christmas day we laid his body to rest in the Lubbock cemetery. He leaves a father, mother, one sister and three brothers, besides many relatives and friends to mourn his loss. James will not only be missed by those in his own home, but by many friends and playmates. He was a ray of sunshine given to his parents for only a few short years. It was so hard to give him up, but we know our loss is Heaven's gain.

The entire community extends deepest sympathy to the bereaved ones.

"A precious one from us is gone,  
A voice we loved is stilled,  
A place is vacant in our home  
Which never can be filled."  
—A Friend.

**WE ENCOURAGE, HELP, THE YOUNG MAN**

There is no time in the life of a man when he is more susceptible to training, to discipline, than during boyhood days.

Many a successful business man of today owes his success in large measure to proper training as a boy.

## What Everyone Should Do

The Fourteenth Decennial Census of the United States is on!

Under the immediate direction of James H. Caperton, Supervisor of the Eighteenth census district of Texas, census enumerators will call at every dwelling house in this community to secure the information necessary to fill out the questions contained on the printed census schedules.

Questions covering the following points will be asked of every person in the United States:

- Sex.
- Color or race.
- Age at last birthday.
- Whether single, married, widowed or divorced.
- Birthplace of person enumerated and birthplace of father and mother, giving names of both country and province if foreign born.
- Occupation, specifying trade or profession, also industry in which employed.
- Whether attending school.
- Whether able to read.
- Whether able to write.
- Whether able to speak English.
- Whether home is owned or rented, and if owned whether home is free of encumbrance or is mortgaged.
- Persons of foreign birth will be asked questions concerning these additional points:
- Year of immigration to the United States.
- Whether naturalized, and if so the year of naturalization.
- Mother tongue or native language.

### Every Farm Visited.

Census enumerators also will call at every farm in this community to secure the information necessary to fill out the questions contained on the agriculture schedule.

Each farmer will be asked questions concerning the acreage and value of his farm; whether he owns, rents or partly owns and partly rents the land he farms; the value of the buildings, machinery and implements belonging to his farm; the quantity of all crops raised on his farm during the year, 1919; and many other questions which cover all possible farm operations.

An absolutely accurate and complete census vitally concerns the welfare of this community and of every person living in it. The official population for the next ten years will be determined by the census of 1920.

Be ready with your answers when the census man calls at your house.

### CATTLEMEN BUYING BUT LITTLE FEED

Fort Worth, Texas, Dec. 23.—Assistant Secretary A. C. Williams of the Texas Cattle Raisers' Association says that cattle are in fine shape for the winter and that cattlemen are worrying very little over the high price of cotton seed cake and other feed, as the range is in better shape than it has been for years and a bumper feed crop was harvested.

The average cattlemen, it is estimated, will require only from 20 to 30 percent of the normal supply of cottonseed cake or meal.

Shipments to market during the early winter has been delayed by the shortage of cars. With an abundance of feed on hand and prices at market centers very unsatisfactory, most cattlemen will sell only the culls and carry the others through until spring in the hope of receiving better prices.

Several thousand head of cattle shipped to Texas ranges from the drought-stricken sections of Wyoming and other States have gained flesh rapidly since their arrival and will finish the winter in splendid condition.

In spite of the drought in certain sections of Texas in 1917-18 the range is in better condition than it has been for many years. New varieties of grass have appeared in many places.

The shipment of cattle from the range country has been about normal for this season of the year, according to inspectors' reports received by E. B. Spiller, secretary-manager of the Cattle Raisers' Association.

The weather on the ranges has been favorable for fortnight; cattle are in fine shape to go through the winter and there is plenty of grass and feed. Such severe weather as was had a few weeks ago did but little damage to live stock.

Last night at 10 o'clock, Mr. Robt. L. Ellison and Miss Marguerite Wright were united in Holy Wedlock at the parsonage. Their home will be Lubbock, Texas. This church loses one of its finest young ladies. A happy and prosperous life is the wish and prayer of this church.—Pecos Enterprise.

J. N. Thacher, of Haskell, Texas, after looking about for some time returned home Wednesday. Mr. Thacher has decided to make Lubbock his home in the future and will move to the city soon.

### MONTANA CATTLE SHIPPED TO WEST TEXAS PASTURES

Big Spring, Dec. 30.—A trainload of Wyoming and Montana cattle arrived here Christmas day for the West Texas pasturage, having been shipped from those states because of the continued drought. O'Donnell, near here, has been an animated scene of reception for this class of stock for the last three or four months.

According to figures gathered by the West Texas Chamber of Commerce, it is estimated that not less than 60,000 steers have been brought to this section from the Northwest in the last four months. The conditions here could never have been better.

In Borden county stockmen who sustained considerable loss during the 1918 depression and who shipped much of their stock to good ranges are combing the entire country in search of stock to rehabilitate their splendid ranches.

Mrs. Joe D. Dickey, of El Centro, Calif., spent Tuesday and Wednesday in our city. She left Wednesday evening for Crosbyton where she goes to visit with friends.

F. M. Coker, of Seagraves, passed through the city Wednesday enroute to California, where he will attend to business.

W. J. Estes, moving from Canyon community down south of town, came in and subscribed for the Avalanche and Dallas Semi-Weekly News. The wise thing to do.

Mrs. A. M. Hurd, of Ralls, Texas, passed through Lubbock Wednesday enroute home after visiting her father's family at Coahoma, Texas.

W. C. Franklin and family, of Epath County, passed through Lubbock Wednesday enroute to Brownfield, where they go to make their home in the future.

Rev. J. B. Cole, pastor of Baptist Church, at Crosbyton, spent Tuesday and Wednesday in Lubbock. He reports everything all o. k. at Crosbyton.

J. B. Moore, one of Carlisle's leading citizens, transacted business in the city one day this week while in town he renewed his subscription to the Avalanche, which of course was the proper thing to do.

J. M. Sansberry, of Fort Worth, is in the city this week looking around. He reports Ft. Worth as being on the greatest boom in its history.

J. R. Tilford, of Brownfield, passed through Lubbock Wednesday returning home after spending some time in north and east Texas visiting and looking after business.

The B. Y. P. U. of the Baptist church will entertain at a social to be given at the home of Rev. and Mrs. W. A. Bowen next Friday evening at seven o'clock.

Jack Mead, of Dallas, spent some time in Lubbock this week, leaving Wednesday for Amarillo. Mr. Mead is with the Southern Life Insurance Co., of Dallas.

By Mrs. A. B. Ellis

A delightful birthday party was given little Miss Norma Henry last Wednesday, Dec. 31st, by her mother, Mrs. Condor Henry. After school the children were conveyed in a car by Mrs. Henry to her home where a number of games and contests were enjoyed. One game affording much merriment was the "donkey game" in which Gladys Hardie won first prize. A lovely little hand embroidered linen handkerchief. Mary Parker Brown was awarded the booby, a tiny doll. Other games followed, then a contest—guessing the number of beans in a jar, and again Gladys Hardie won first prize, a pink and blue taffeta hair ribbon. Annie Lou Barrier won the booby, a lemon tied with red ribbon. Lois Mills gave some piano selections, which were greatly enjoyed. Later the entire party repaired to the Elk Cafe where a delightful repast awaits them. The table was decorated with pink and

white carnations and ferns. A birthday cake containing eleven pink and white candles in pink and white rose buds adorned the center of the table. Refreshments of fruit salad in apple cups, minced chicken sandwiches, hot chocolate with whipped cream and angel food cake were served the following little guests: Misses Annie Lou Barrier, Mary Lou Bayless, Mabel Henry, Alina Mullins, Lois Mills, Edith Hicks, Vivian and Effie Lou Kester, Alice Bean, Mary Parker Brown, Gladys Harkie and the honoree, Miss Norma Henry. Miss Norma received many beautiful gifts from her little friends and all departed declaring they had been royally entertained and wishing their hostess many more happy birthdays.

Honoring her children, Ruth and Oscar, Mrs. O. L. Slaton entertained last Saturday with a turkey dinner. The dining table was attractively decorated in miniature Christmas trees and a Christmas bon-bon box for each guest. Place cards of holly were placed for the following: Misses Virginia Conley, Mary Louise Middleton, Willette Waters, Katherine Atkins, Mary Alice Johnson, Eltine Beal, Evelyn Posey, Ruth Slaton; Maurice Powell, Johnnie Rush, Lawrence Bacon, Roy McElroy, S. C. Arnett, Oscar Slaton. In the afternoon the party repaired to the Lyric, where they enjoyed an interesting picture. This closed a most delightful occasion which each one enjoyed to the fullest extent.

Mrs. Clark Smith proved a charming hostess to the Auction Bridge Club last Tuesday afternoon. Three tables of players enjoyed a number of very interesting games and Mrs. Shelby Robbins made high score. She was presented with a lovely bon-bon dish. Mrs. Smith served a two course luncheon of nut bread and butter sandwiches, olives, chicken salad, coffee, plum pudding, whipped cream and coffee to the following ladies: Mesdames Vickers, Beal, Powell, McLarty, Mast, Winn, Slaton, Griffin, Martin and Robbins, Wilson and Miss Delia Wilkinson.

Mr. and Mrs. L. T. Martin entertained with Bridge last Friday night. Those enjoying the occasion, were: Mr. and Mrs. Noone, Mr. and Mrs. McLarty, Mr. and Mrs. Powell, Mr. and Mrs. Slaton, Mr. and Mrs. Rix, Mr. and Mrs. Rush, Mr. and Mrs. Jarrott, Mr. and Mrs. Vickers. Mrs. McLarty and Mrs. John Jarrott made high score. At the close of the game light refreshments were served.

The 1916 Needle Club met Wednesday afternoon with Mesdames Fred Spikes and T. H. Ellis in the home of the former. A very pleasant and interesting time was spent by all the ladies present. Mrs. Robt. Kimmel was made a new member. Light refreshments were served at the close of the meeting. The club will meet next on the third Wednesday.

Last week a mistake occurred in the name of the new card club recently organized and which was entertained by Mrs. L. T. Martin. It read the Two Table Bridge Club, when it should have been the Kolonial Kaid Klub. We were misinformed as to the name and gladly make the correction.

Mr. and Mrs. Hal Bradley entertained New Years with an elaborate six o'clock dinner. Covers were laid for Mr. and Mrs. C. E. Maedgen, Mr. and Mrs. Fred Boerner, Mr. and Mrs. P. J. Connally, Mrs. J. T. Woodbridge and sons, Raymond and Weldon, and the host and hostess Mr. and Mrs. Bradley.

Cards have been received in the city announcing the marriage of Miss Eula Frances Biggers to Mr. Wilfred Joseph Long, of Eastland. Mrs. Long resided here for several years

with her parents, Mr. and Mrs. Don Biggers and has many friends who wish her much happiness.

Mrs. William George visited relatives in New Mexico from Saturday until Tuesday.

Mr. A. B. Slagle left Saturday for California where he will probably remain for several months.

The Wednesday Needle Club will meet next Wednesday the 14th, with Mrs. C. J. Wagner.

Mrs. Buster Fluke of Slaton, is visiting relatives in Lubbock this week.

Mrs. Van Sanders, of Kansas City, is here attending the bedside of her father, Mr. William Tubbs.

Mrs. C. H. Smith left Thursday night for an extended visit in Dallas, Fort Worth, Denton and Wichita Falls.

Miss Lillian Earnest visited in Littlefield from Saturday to Monday.

Mr. and Mrs. C. Y. Terrell and baby, of Plainview, spent Saturday in Lubbock the guests of Mr. and Mrs. George Morris.

Mrs. W. C. Braxton will be hostess to the Friday Needle Club this week.

Miss Annie Earl Harris, of El Paso who was the guest of Miss Bernice Kimbro during the Christmas season has returned to Austin, where she will resume her studies in the State University.

Maxey Morris has returned to school in Terrell after spending the Christmas holidays with his parents, Mr. and Mrs. George W. Morris.

Mr. and Mrs. Buck Morris and family, have arrived from Bowie county to make their home in Lubbock county. They have purchased the home of Mr. and Mrs. Hitt and until they get possession are the guests of Mr. and Mrs. Geo. W. Morris.

Mr. and Mrs. W. B. Hilton left last week for Ft. Worth, where they will remain for some time. Later they may decide to make their home in Oklahoma City. Their many friends in Lubbock regret exceedingly to see them leave, but wish them success wherever they go.

Mrs. Charlie Rush is visiting in Fort Worth this week.

Misses Lena V. Griswold, Nobia Slagle, Fern Parks and Ruth Hussey, returned to Dallas last Saturday to resume their studies in S. M. U.

Miss Opa Ellis has returned to Bristol, Virginia, after spending Christmas with her parents, Mr. and Mrs. T. H. Ellis.

Miss Bernice Kimbro has returned to the State University after spending the holidays with her parents, Mr. and Mrs. H. T. Kimbro.

Elmer Conley has returned to Dallas after spending Christmas at home.

Ross McWhorter and Kenneth Kimbro, have gone to Austin, to re-enter the State University. They have been home for the holidays.

Mrs. Nick Beal, accompanied her little daughters, Eltine and Ruth Slaton to Dallas last Sunday where they will enter school again. Ruth has spent the holidays with her parents, Mr. and Mrs. O. L. Slaton.

Lawrence Bacon and Oscar Slaton, have returned to school in Dallas after spending the holidays at home.

Mr. and Mrs. Wilkerson and children are visiting relatives in Fisher county. They expect to be gone several days.

Mr. and Mrs. N. R. Porter have returned from San Saba and will make Lubbock their home again. We welcome them back.

Mr. and Mrs. James H. Staggers have arrived from Simmons, Texas, and will make this their home.

The W. O. W. entertained Monday night in the hall with an oyster supper. A large crowd was present and every one reports a royal time.

Mr. Dan Crouch, of Aspermont, was in town the first of the week transacting business, also is looking after the interests of his ranch west of Lubbock.

Mrs. J. A. Raley, of Wichita Falls, returned to her home Sunday after a few days visit with her parents, Mr. and Mrs. J. O. Jones.

Miss Esther Mayfield returned to her home at Plainview Sunday. Her father, Judge Mayfield, remained at the bedside of Mrs. Mayfield, hoping that she might be well enough to be taken to her home in a few days. She is slowly improving, but still not well enough to make the trip home.

**Keep Well**

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

**Black-Draught**

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Theford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. . . . We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Theford's. 25c a box. E-75

Trapnesting.

In my last letter I wrote of making the farm flock more profitable thru culling and proper feeding. But there is another method, which if followed would enable every farmer to discard every hen in his flock that was not paying for her keep. Not only could he get rid of all "slacker" hens and cut down expenses, but he could gradually build up a better laying flock from which he could get eggs the year around, instead of only a few months in summer when eggs are cheap. These things can be brought about by using the trapnest. It has been said that the "trapnest is to the poultryman what the Babcock test is to the dairyman". If you want to cull out the non-layers use the trapnest, if you want to select your best layers and use only their eggs for hatching purposes that you may in time, build up a heavy laying strain, use the trapnest. If you want to know which hen works the year round and which one only one or two months in the year, use the trapnest. The trapnest record of your fowls will give you positive proof as to whether or not your hens "pay."

There was a time when we thought that if we spent a few dollars for some chickens from a breed that had a reputation for egg production and if we did not let them mix with other chickens that we would have good laying hens ever after. We are learning, however, that good laying strains are produced in practically every breed, and that no matter what the quality of the stock we buy we must keep our flock closely culled or we will soon have only very ordinary stock.

If it takes the price of one hundred eggs to keep one hen one year can you afford to keep a flock that average less than forty eggs per hen per year. When do you get the greatest number of eggs, in the spring when eggs are cheap or in winter when the price is good?

To the best of my knowledge, we have only one woman in the county who is trapnesting her hens at the present time. This is Mrs. Edd Schroeder of the Cadillac Community who reports that she has cleared almost five hundred dollars from her flock of sixty Rhode Island Red hens. Mrs. Schroeder reports that she has several hens that have been laying all year long and are still at it. Her trapnest record shows that they have been averaging from fifteen to nineteen eggs each per month. Hens like that will pay for their feed.

If you are interested in making trapnests and in knowing more about using them I can furnish you with the

Get rid of Indigestion and  
Stomach Worries with  
"Pape's Diasepsin"

"Really does" put weak, disordered stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation—that just that—makes Pape's Diasepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated, remember the moment "Pape's Diasepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous—and the joy is its harmlessness. A box of Pape's Diasepsin tablets costs so little at drug stores too.

### LAST OF AMERICAN TROOPS TO LEAVE FRANCE—JAN. 9

Paris, Jan. 3.—The departure of Brigadier General William D. Connor from Paris on the evening of Jan. 9 with 300 officers and men marks the final withdrawal of the American forces from France.

Judge J. H. Moore reports that plans for the new brick school building to be erected at Acuff have been decided on. Judge Moore and W. E. Taylor, architect, were out meeting the trustees one day last week. The building to be erected is to be a two-story brick. Judge Moore reports that work on the building will begin in the near future.

N. G. Weatherly, of El Paso, who was passing through enroute to Roswell, became ill while here. He is out again now and has decided to remain in the city and will begin work for the Santa Fe R. R. next week.

### SCHOOL TO AID CITIZENS PAY INCOME TAXES

Washington, Jan. 1.—In filing their income tax returns for 1919, taxpayers will be given the aid and advice of thousands of employees of the Bureau of Internal Revenue, trained in the intricacies of the internal Revenue laws and regulations by correspondence school methods.

**Correspondence School**  
There has been established in the Bureau a "correspondence study department," through which is being issued to 3,000 field deputies and as many office deputies and clerks courses of instruction in the income and miscellaneous tax sections of the law. Each written lecture contains a careful discussion of the topic and net income, etc. Attached is a quiz to be answered by the pupils and returned to the correspondence study department at Washington, where it is carefully graded. Corrections of errors are sent with the next lecture on the same subject.

**Course Extensive.**  
The course is not confined to questions of law. "Ethics" is the subject of one of the lectures. The Bureau's representatives are advised to be careful of their personal appearance, to be at all times and under all circumstances, courteous and "not to forget to inform the taxpayers of all his rights."

"Whether your interviewer be rich or poor, you should be thoughtful to give the same care and attention to both," the instructions say. "The man who pays a small tax is entitled to as much respect as the man who pays a large tax."

Revenue officers will be sent into every county in the United States to assist taxpayers in making out their returns. The date of their arrival and the location of their offices will be announced through the press, or may be learned on inquiry at offices of collectors of internal revenue, post offices and banks. The period for filing is from January 1, to March 15, 1920.

**Exemptions.**  
The exemptions are the same as for the year 1918, \$1,000 for single persons and \$2,000 for married persons and heads of families, plus \$200 additional for each person dependent upon the taxpayer, if under eighteen years of age or incapable of self support. Every person whose net income for 1919 equalled or exceeded these amounts, according to their status, must file a return.

The normal rate of tax for the year 1919 and subsequent years, as provided by the Revenue Act of 1913 is 4 per cent on the first \$4,000 of net income in excess of the exemption, and 8 per cent on the remaining net income. The rates for 1918 were 6 and 12 per cent respectively.

## The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

## The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

The Missionary Society of the Methodist church met Monday afternoon in regular business session. The president was in the chair. The meeting was opened by song, after which the president gave a scripture reading followed by earnest prayer. Minutes of last meeting read and approved. Reports of different officers read, showing a good year's work just closed. All committees made favorable reports. The committees who have just canvassed the town for Holland and McCall magazines made a very good showing and the society decided to continue taking subscriptions for magazines for the entire year. Mrs. Boerner being appointed secretary of the "Magazine Subscription Plan" the full committee to be appointed later. Under the head of new business the society voted to make the pledge for this year \$150.00. Many things of interest were discussed for the upbuilding of the society. Not as many present as should have been, but those present showed enthusiasm and deep interest. The bible study class will meet in ladies parlor next Monday. A good attendance is urged.—Reporter

## HIGH SCHOOL NOTES

(By Julia Jennings.)

The Junior teacher arrived last Wednesday evening and started teaching the following morning. The juniors are glad to be able to settle down to work again.

Thursday morning the Sophomore class had Miss Nobis Single to conduct their opening exercises. She rendered several beautiful piano selections. We wish we could have such exercises more often.

The Seniors have decided to stop translating Latin and scan it. Mr. Brown says it takes a musical voice to make it sound pretty. He says that is the reason he and Arnett cannot scan it. The girls voices are so musical they do it beautifully. (I would hate to have to listen to them very long wouldn't you?)

Monday night the Senior class spent the evening at Mary Dickinson's practicing songs for chapel. Mr. Dickinson served them with hot chocolate and cakes.

The Choral Club met Wednesday for their usual practice. They are going to give a program Friday morning.

Mr. Dupre gave an interesting talk on athletics in chapel Thursday morning. He says that "he" is going to win the track cup from Post City and the baseball cup from Plainview, so beware Post and Plainview. He did not say what "he" is going to do in basket ball, but "we" are going to show him what we can do. We now hold championship—of Lubbock (ask grammar school if we do not) we are going to beat "Bethel" at district meet, too, even if we did not care to. Miss Thurman would make us, because every time she whistles for one of the girls and they do not arrive on time she turns in 15 demerits against them.

The last six weeks reports have been handed out this week. Those on the honor roll are: Senior Class: Blanche Bean, Ethel Caldwell, Mary Dickinson, Margaret Dupre, Charlie Jackson, Julia Jennings, and Irene Lowrey, Margaret Dupre ranked first. Junior class: Alta Wood, Ora Brown, Roby Cathy, Gladys Clem, Ray Allen, Mike Barrier, Charles Dupre, Ellen Blomquist, and Annie Ruth Quinn, Alta Wood and Ora Brown ranked first. Sub-junior: Everett Bean, Henry Brown, Robert Boyd, Claude Denham, Jack Griswold, Nolan Hart, Cecil Honey, Rowland Royalty, Alfred Smith, Cleo Wilson, Blanche Bacon, Gladys Davis, Tressie Jackson, Valma Newton, Susie Shipp, Eunice Smith, and Ruby Peek. Sophomore Class: Henry Benson, Copass Bowen, Paul Clark, Scott McGehee, Oscar Meredith, Chardo Pierce, Jim Stahl, Carlisle Tubbs, Ala Burrus, Alta Burrus, Clarice Fanning, Rosa Bell Hart, Georgia Jackson, Julia Johnson, Winnie Levy, Bernice McCrummen, Ines Medlock, Margaret Robbins, Bernice Shepherd, Tempie Shepherd, Annie Lee Simpson and Sylvia Wilson; Ora Burrus ranked first. Freshman A: M. B. Dresser, Onita Green, Edna

### SOME LOCAL ITEMS FROM THE TERRY COUNTY HERALD

Homer Ingle is now filling his old place at the Sanitary Barber Shop, and will move his family here from Lubbock as soon as he can get his house. It will be remembered that the Herald announced some time ago that Shorty was on his way back to Brownfield when we said that he had moved from Big Spring to Lubbock. Welcome.

We learn this week that Jim Jackson and family are to become citizens of Brownfield again, after sojourning in Lubbock several months. Mr. Jackson has bought back half interest in the blacksmith shop from Pete Smith, and will move down at once.

W. B. Tudor, manager and one of the owners of the Bradley-Brownfield Auto Co., of this place, have purchased two lots on Harden Street just west of the State bank, on which they will erect a modern 30x100 brick garage, just as soon as the crops are well enough harvested so that they can get laborers. It will be on the site of their present location. We congratulate this progressive firm.

We understand that a water well is now being drilled in the Meadow country on the site of which an oil well will be started in the near future. We learn that the drilling apparatus for the oil well has been shipped, and as things materialize, the Herald will keep its readers posted.

Brick work with the exception of the fire walls, will be finished on the school building the early part of this week, and the carpenters will get busy on the roof, and the plasterers on the inside. Brownfield is going to have some nice school buildings, we want to tell you.

We have it on good authority that a number of other beautiful residences will be started in the near future. There is also a number of brick business houses to start as soon as the material market is a bit easier. The building program for old Brownfield is extensive for the good year 1920.

Dick Brownfield is getting ready to cut up his ranch in Yoakum county, and sell it to small farmers. He has recently sold several small farmer tracts from his home ranch near town. Dick wants to see old Terry settle.

We notice our local compress is running this week. We are all glad to see the good work going on.

## THE LUBBOCK SANITARIUM TO BE ENLARGED

The Board of Directors of the Lubbock Sanitarium are publishing a notice in this issue, to contractors that bids for the construction and installation of heating fixtures of an additional two stories to their present structure will be received until noon of the 16th day of February, 1920. A cut on this page shows this sanitarium as it will appear when this construction has been completed. The present building consists of three stories and these two

additional floors will add materially to the accommodations, afford room for more modern equipment and enable them to handle all cases promptly.

The present building is equipped with every modern convenience and is under the management of surgeons and physicians whose skill and ability are unquestioned. And the proposed additions in connection with the sanitarium facilities that we now have in this city places Lubbock

in the lead in West Texas along these lines. We seriously doubt there being another city in this state of even many times the size of Lubbock which can truthfully claim the sanitarium facilities which will be ours when these improvements are completed.

The sanitarium is filled to capacity at practically all seasons of the year, and people come for hundreds of miles to be treated in this city. The addition to the Lubbock

Sanitarium will furnish accommodations for seventy-five more patients than can now be cared for. In addition to the above improvement, the Lubbock Sanitarium plans to erect in the near future a nurses home. The entire improvements are expected to cost about \$50,000.00.

The managers of this sanitarium are due much credit for bringing about these improvements, and the new building will add much to the appearance of the city.

### NEWS ITEMS FROM THE RALLS BANNER

Glynn Pass and Miss Addie Ashley motored over to Lubbock Saturday, where they were united in marriage. They left immediately for a pleasure trip to Mississippi.

Wagons loaded with cotton continue to monopolize the roads leading to Ralls, and it is estimated that there is about one-third of the crop produced here yet to gather. Something like 7,000 bales have been received in Ralls up to this time, and it is believed that we will easily reach the 10,000 mark. The price this week, middling basis, has held steadily at 37 cents, and farmers have been selling freely. Pickers are now plentiful, and with continued pretty weather the crop will soon be out.

Mrs. Robert Jones died at her home in the Robertson community Tuesday morning as a result of cancer of the stomach. The remains were interred in the Ralls cemetery Tuesday afternoon. Mrs. Jones was a step daughter of J. J. Hillin. The Banner, together with all our people extends sincere sympathy to the bereaved relatives.

As will be remembered by our readers, only a short time ago a \$75,000 school bond issue was voted in the Ralls independent school district, same to be used for constructing a \$50,000 building at Ralls, a \$15,000 building at Emma and a \$10,000 building in League 4. These bonds have been sent to Austin for approval, and as soon as this is done the contract will be let and the work of construction will be commenced. However, \$50,000 is not the entire sum that will be invested in the Ralls building, as we have been informed that John R. Ralls, the worthy father of our town, with his characteristic liberality and desire that his child shall have only the best, will personally donate something like \$50,000 to the building fund, thus giving us a \$100,000 building.

R. F. Hutson leaves this week for Ft. Sumner, N. M., where he goes to spend some time on business in that city.

Joe and Luther Henderson, of Slide, had business in the city Monday. Luther has just returned from N. M., where he went on business.

J. W. Barrett, of Denton County, passed through Tuesday enroute to Brownfield, where he is to make his future home.

Miss Ruth Hussey returned to Dallas Sunday to resume her studies in S. M. U. after spending the holidays with her mother.

Mrs. Nannie Davis, mother of Mrs. R. A. Martin, left Tuesday morning on an extended visit to Ft. Worth, Dallas, and other points east.

C. A. Martin, of Idalou, passed through the city Tuesday enroute home from Plainview, where he had been on business.

Joe Dodd, of Paris, Texas, came in Monday with a car of jersey cows that will be offered for sale on the local market.

## SOME POINTERS ABOUT THE POLLED HEREFORDS

As this is destined to become the great stock farming section of the Southwest we take pleasure in presenting a sale of cattle in the stock farming section of the Northwest.

What has been done there can easily be done in this section, when men come to realize what their peculiar advantages are over any other section of the entire country.

Two stock farmers of Henderson county, Ill., breeders of Polled Herefords, Messrs. Ralph Painter and H.

N. Vaugh, bought the herd of Polled Herefords owned by Mr. Oliver Chandler, of the same community, and advertised a sale of and sold the entire herd. This sale shows what stock farmers of this section could do with the right kind of stock and the right kind of cows.

There were 57 head in the lot that sold for an average \$1459; 6 Bulls average \$3988; Lop Bull \$14500; 51 females average \$1161; Lop Female \$3950; 57 head average \$1459.

It was the writers' privilege on Feb. 1st, 1917, to see this Bull "Marvels Pride" sell in the ring at Stronghurst, Ill., at 10 months old to Mr. Oliver Chandler for the snug sum of \$5400, a world record for a calf that age of the beef breeds. The day following while visiting Mr. Chandler's farm he said to me he would have paid \$10,000 for the calf or bought him. The recent sale abundantly demonstrated Mr. Chandler's judgment in buying this calf.

Now there are quite a lot of people who know very little about polled Herefords. There are a few breeders of Herefords who look on the Polled Herefords as a kind of joke. But the time has about come that they will take the lead in the Hereford breed as the breeders of Polled Herefords are now securing some of the best and most desirable blood lines of the horned Herefords, breeding them to these fine Polled Bulls, and from them producing as good cattle as can be found in the breed and without horns.

No man can give any good reason for producing horns. They are a dangerous nuisance and must go.

This great Bull "Marvels Pride" has the reputation of having never sired a horned calf from even horned cows. Why not raise polled Herefords and avoid the trouble and loss from dehorning. Respectfully,  
Welton Winn.

## You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

## TO THE VOTERS OF LUBBOCK AND ATTACHED COUNTIES

I take this method of announcing my candidacy for the office of Tax Assessor. In doing so I fully realize the importance of the office, but having served with the present assessor for three years and having served with others in this office I feel that I am qualified to fill the same. To those who do not know me will say that I came to Lubbock County twenty-nine years ago and have never served as a public officer. For the last year and at present I am working with C. A. Holcomb in the Sheriff's office, where I shall be glad to meet all who desire to know more of me. I present my name subject to the action of the Democratic Primaries and if elected pledge myself to serve to the best of my ability.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate so let them eat anything afterwards.

Do you believe in helping the implement merchant and the manufacturer? If so, it is a splendid idea to leave the farm implements in the field, exposed to the weather. The rain, snow, frost, dew, etc. will do their share toward destroying their future usefulness and assist the time when you will have to buy new implements. Of course, this pleases the merchant and manufacturer, and if it pleases you, it is perfectly all right and none of our business whatever. Nevertheless, you will probably be worried at the loss of time looking for them and securing new parts or needed repairs when every minute counts in crop-production. How about gathering them up, looking them over for needed repairs, using a little grease and storing them away for the winter so that you will know where to find them when needed without loss of time or worry? It certainly will not harm the implements to give them a little care, neither will it make you mad to find them ready for use when time means money. Of course the implement man and manufacturer may lose a few sales and the employes on the farm may not find so many excuses to go to town during the busy season, but it will evidently do the implements no harm and save time and wear and tear on temper.

Gus Haven, of New Hope, was in the city the first of the week and reports that he has gathered 25 bales of cotton off of 50 acres, and has two more to gather. Gus says Mrs. Haven made the crop.

## HOSPITALS IN SIBERIA UTILIZE OLD TIN CANS

Milk cans, water buckets and old gasoline tins served as emergency equipment in Serbian hospitals hastily constructed in the remote districts by Red Cross physicians and nurses who are on duty in this country. No other equipment was available.

The hospital units have been obliged to use iron cots without springs, handmade wooden tables, dressing stands and medicine closets roughly constructed from used packing boxes. The milk cans are used for dipper, stoves are made from cement and iron. Instruments are few, dressings are sterilized and used over and over again, and what few rubber gloves are on hand are patched and repatched with tire cement until they literally are reduced to shreds.

## CARD OF THANKS

We desire to thank our many friends and acquaintances for the very dear kindness shown us, during the short illness and death of our son and brother, James Henry Beville Jr. And also the doctors and nurses of the sanitarium for their kind administrations to our dear one, and for the many floral offerings.

## THREE YEARS WITHOUT HOPE

A Story of Sickness and Suffering with Final Return to Health  
It will do you good to read it

No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kanla of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA, the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

Sold everywhere in tablet or liquid form.

Mrs. A. B. Dundee, of Slaton, was in the city Tuesday on business in connection with her school which she is teaching at Posey.

### SLATON PEOPLE ARE BUILDING CHURCH HOUSES

In an interview with the editor of the Slatonite Monday it was learned that the Baptist church of that goodly little city were planning to build in the near future a \$25,000 brick church. The campaign for funds is already on.

The Methodist denomination of that city have under construction a \$15,000 or \$20,000 brick church and we understand the funds for this splendid church building are already in hand, and but for the difficulty in securing building material the work would be going forward rapidly, where in all the land is there another town of like size with so good a record in church enterprise. We congratulate them.

### NOTICE IN PROBATE.

No. 159  
To the Sheriff or any Constable of Lubbock County, Greeting:  
You are hereby commanded to cause to be posted for ten days, exclusive of the day of posting, before the return day hereof, in three of the most public places in your county, one of which shall be at the court-house door, and no two of which shall be in the same city or town, and also that you cause to be published, in a newspaper of general circulation, which has been regularly and continuously published in your county, for a period of not less than twelve months, next preceding the date of the first publication hereof, once a week for a period of ten days, previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS.  
To all persons interested in the estate of D. M. Jay, deceased, James B. Jay has filed an application in the county court of Lubbock County, on the 24th day of November, 1919, for the probate of the will of D. M. Jay, deceased, and for appointment as Independent Executor under such will; and praying that citation issue as provided by law, citing all persons interested in the estate of D. M. Jay, deceased, to appear at the next regular term of said court, and show cause if any there be, why such application should not be granted, which said application will be heard by said court on the 12th day of January, A. D. 1920, at the court house of said county, in Lubbock, Lubbock County, Texas, at which time all persons interested in the estate of D. M. Jay, deceased, are required to appear and contest said application, should they desire to do so.

Herein, fail not, but have you before said court, on the first day of the next regular term thereof, this writ, with your return thereon, showing how you have executed the same. Witness my hand and official seal, at Lubbock, Lubbock County, Texas, this 19th day of December, A. D. 1919. SAM T. DAVIS, Clerk County Court, Lubbock County, Texas. 263

A. J. Dow, of Seminole, was here last Friday on a short business trip. He was accompanied by Mrs. Dow's sisters, the Misses Clark, who were returning to their home in San Angelo, Texas, after spending the holidays with Mr. and Mrs. Dow, at their home in Seminole.

### NOTICE!

My land is off the market. All parties interested be governed accordingly. F. M. Edwards. 281p

Edd Thomas while driving a Ford car belonging to Mr. Abbott last Saturday night, north of town, ran into a sand bed and turned the car over. Mr. Thomas was considerably bruised up, but not seriously hurt. The top of the car was badly wrecked and the windshield broken, etc.

### CARD OF THANKS

I wish to thank the people of Lubbock and vicinity for their kindness to me in my recent trouble. Mrs. C. A. Robinson. 281p

Prof. George W. Roberts, formerly employed in the Lubbock State Bank left Tuesday morning for O'Donnell where he goes to be in charge of the school at that place. Mrs. Roberts left the same day for Canyon City for the purpose of entering the normal at that place.

### NOTICE LAND AGENTS

Uncle Jack wants to thank each one of you for your interest in disposing of his property and wish you continued success. He also begs to state that his property is now off the market and asks that you be governed accordingly. Respectfully, Jack Langsford. 281p

W. T. Anderson, of New Hope, had the misfortune of losing his right eye one day last week. Mr. Anderson was working on a wire fence. In tearing some wire from the post a staple went wild hitting him right in the eye, completely destroying the eyesight. Mr. Anderson reports he has out 30 bales of cotton and will get several more.

### IMPORTANT! LOOK!

**LUBBOCK BUICK GARAGE**

The automobile business of the South Plains is growing in magnitude every year. Farmers who have been handicapped for years on account of living several miles from schools, churches and markets, are buying cars, thus bringing these things in reach of those that in the past have been unable to enjoy them. Life on these farms and ranches has been made better and happier and the result is that the country that is several miles from the railroads etc., is developing about the same as that which is located nearer. The automobile has enhanced the value of lands inland nearly equal to that brought about by the advent of the railroads. In this respect the Buick Garage, handling the most popular car in the country—that is among the farmers and the ranchmen, is a haven for these people in times of needs, repairs, new tires, auto-greases and oils.

This garage was constructed on a prominent corner on North First street several years ago. It is one of the largest one-story buildings in the city with a space of about eight thousand square feet. Display room is ample and part of the building in the rear is equipped with probably the best repair machinery in our city. Here the best of work is done by men who are capable and willing to perform their duties. The management takes special care of the Buick cars that are sold, attempting to give the customers the most for his money and help the company live up to its reputation as selling one of the most serviceable methods of conveyance to be found.

Frank L. Winn and Henry Tubbs bought this garage about two months ago. Both are well known here and have had years of automobile experience in this country.

The Buick Garage keeps a complete line of accessories for Buick cars. Also Star, Michelin, Lee and Goodyear tires and tubes that are considered the best on the market. Buick, Dodge and Ford springs also are kept in stock at this garage. Mobiloil oils and greases form part of the stock kept here.

The Buick Garage filling station is one of the most popular in our city.

The Buick Garage offers to the citizenship of Hockley, Lynn, Cochran and Lubbock counties, with their agency in these counties for the Buick car, unexcelled service. The best of machinery, repair work, accessories, tubes, tires, spark plugs, etc. In fact they offer unexcelled service to these counties of the South Plains.

When in Lubbock visit at the Buick Garage. Make this place your stopping place, and have needed repairs made by competent men.

Here you find the kind of service you've been looking for. Their motto is "we wish to give service."

## The Elk Cafe

In every city the size of Lubbock there should be some place provided for visitors or business men where they could secure a meal that has been prepared with excrucible care, and under the most sanitary conditions. Lubbock is indeed fortunate in having such a place as that furnished by the Elk Cafe under the ownership of Condor Henry.

The Elk Cafe was established about 1912 in a small building north of the Court House. Today this cafe is one of the finest and largest in the South Plains in its present location in the E. M. Jones building near the Security State Bank & Trust Company on the north side of the square or right in the heart of the business section of our city. The floor space occupied by the Elk Cafe is about 40 by 70, thus assuring ample room for rest, tables, etc.

This cafe has a lunch counter about thirty-five feet in length with many tables and chairs provided with clean linen at all times. The dining room will comfortably seat fifty people. Large mirrors have been installed here on the walls or behind each row of tables, adding a distinct touch to the appearance of the place. With all these features in the way of arrangement this management gives to its customers the most in convenience and provision of excellent service.

The kitchen where the cooking is done is arranged also for the insurance of sanitary cooked meals. The stove or range used here is a very large heavy three oven stove.

Here the "Coffee that made Lubbock famous" is made, and served to the public. Because of the excellent coffee made and the reputation this cafe has attained in this city it is one of the most prized eating houses in the city. Especially the traveling men and the business men who are very exacting in the preparation of foods receive the unexcelled service here and show their appreciation by their patronage.

Everything that the season and market affords is bought and kept in stock at this place. This management believes that only the best is good enough for their customers.

They serve at the Elk Cafe lunches, a la carte, at noon each day of the week, with this exception the propose to do a strictly short-order business. When you are hungry and crave steaks or good coffee or anything that is good to eat and at a price consistent with the market you can find it at the Elk Cafe. You will be pleased with the proficient courteous service extended to you while there.

## A NASTY COLD

### EASED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

## WILSON WILL SOON BE A WELL MAN

Washington, Jan. 3.—Some day in the not distant future—it seems only a matter of weeks—the man about whose health and physical condition there have been many odd rumors, will motor up to the capitol from the White House and answer all questions himself.

For the truth is President Wilson is getting along very well. Barring complications such as winter colds and digestive disturbances, which are always possible with a man 63 years old. Wilson will be back at work actively by the early Spring.

Look out for the Big 3 Agency—announcement soon.

R. G. Macklin, of Clarksville, is in the city looking around for a location.

Mr. Lundell, of the Canyon community is moving to the city.

## CHANDLER SIX Famous For Its Marvelous Motor

## Chandler Strides into Full Leadership

If there has ever been any question as to Chandler leadership of the medium-priced fine car field, it is answered now. The great Chandler Six is sweeping its market. It displaces less efficient cars. It steps in to serve those who previously have chosen only high-priced cars. And it pleases everywhere.

From two thousand to three thousand discriminating Americans bought Chandler cars—open and closed—every month this Fall. And at no time has the demand been fully met. Thousands have waited months for their new Chandlers, and have felt repaid for waiting.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which these thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for—because they knew it was worth waiting for.

**8 YEARS REQUIRED TO CLEAR FLANDERS**

Paris.—It will take eight years, Red Cross officials estimate, to clear Northern France of barbed wire entanglements. There were 50,000 miles of wire laid in France by the struggling armies during the war, and only 6,000 miles have been rolled up. These are among the interesting figures included in a recent report of the American Red Cross. On the work of reconstruction of homes, the report shows that 60,000 of the 550,000 houses wrecked by shell-fire have been made habitable. Most of these repairs are only temporary.

A. A. Bratcher and family, of Monroe, attended Grandmother Jackson's funeral here Tuesday.

**NEWS GATHERED FROM CANYON COMMUNITY**

Canyon, Dec. 29.—The weather has been very pretty for the past few weeks for crop gathering.

Miss Helen Barnett spent Christmas with her sister, Mrs. H. P. Webb. Mrs. Jot Fincher happened to the misfortune of getting a small piece of coal in her eye while breaking it up. She went to a local sanitarium to have it treated and is getting along nicely.

Messrs. G. T. Crawford, Jim Gasoway, Fincher, motored to Slaton last Wednesday.

Mr. Clent Breedlove, one of the Canyon boys who joined the air service in June, got a furlough and came home to spend Christmas with his mother, Mrs. West. He likes the work fine and has been promoted to Sargent.

There was a large crowd at the Christmas tree and lots of presents were presented by Santa Claus. Mr. and Mrs. Jim Gasoway and Mr. and Mrs. Jot Fincher and family went to Idalou to the Christmas tree.

Mr. and Mrs. Bayers have as their guests for Christmas week their daughter and family.

Mr. Willie Pugh got his right arm broken while trying to crank his jitney.

Mr. Jot Fincher and Jim Gasoway went to the sale at Lorenzo.

Mr. J. P. Breedlove from Lubbock came out Monday to spend a few days with his aunt, Mrs. G. T. Crawford.

Mr. Hawkins and family have moved back to the plains.

Mrs. Lillie Castle has resigned her position as primary teacher. Not only the pupils were sorry to see her leave, the parents hate to see a good teacher give up her job. Mrs. Castle was the best primary teacher that has taught at Canyon in several years.

There was about twenty new pupils enrolled Monday in school.

Little James Beville happened to the misfortune of getting his finger cut off by his older brother. He was cutting up some kindling and James was picking it up and when he went to pick up a piece his finger was cut off. He was immediately taken to a sanitarium but took lock jaw and died on Christmas eve. The sympathy of everyone is with them in their trouble. He will be missed at home and at school among his schoolmates.

Most of the farmers will soon be through with their cotton picking and will be ready for boll pulling.

S. D. Pate, of New Hope, was in the city Monday. Mr. Pate sold some cotton, and reports that he has out 32 bales to date, and still has cotton to pick.

**AMERICAN GIRLS RUN ONLY ALL-NIGHT DRUG STORE**

Three American girls manage the only all-night drug store in Greece. It is at Aigon and the girls are American Red Cross workers who kept the establishment open 24 hours a day while the emergency lasted. The emergency was the care of 1,300 sick, miserable refugees who recently were landed from a transport to recuperate and scatter to their former homes.

All were Greeks and most of them had skin diseases. It was an all day and night job and the three American girls decided that in order to supply the necessary drugs and dressings it was necessary to open an American drug store. The sign before the establishment reads: "American Red Cross All-Night Drug Store and Dispensary."

Look out for the Big 3 Agency—announcement—soon. 281t

The New Edison is the only phonograph which goes deeper than mere sound, and RE-CREATES that soul which is the very life of real music. It alone gives you the fascinating lilt of the dance, the soaring soul of grand opera, the inspired tone-painting of famous symphonies, the simple, heart searching ballads, equally as well as the artists themselves could give if they came in person to your home.

This is absolutely true. Edison has given more than 3,000 tests in which he has had fifty different artists sing and play with

## LIFT OFF CORNS!

Apply few drops then lift sore,  
touchy corns off-with  
fingers

Doesn't hurt a bit! Drop a little  
Freezone on an aching corn, instantly  
that corn stops hurting, then you lift  
it right out. Yes, magic!  
A tiny bottle of Freezone costs but a  
few cents at any drug store, but is suffi-  
cient to remove every hard corn, soft  
corn, or corn between the toes, and the  
calluses, without soreness or irritation.  
Freezone is the sensational discovery  
of a Cincinnati genius. It is wonderful

## 1,000,000 OF REFUGEES ARE STILL MISSING

More than 1,000,000 former resi-  
dents still are missing from the de-  
vastated regions of France, accord-  
ing to a report just received by the  
American Red Cross. Optimistic  
French authorities believe that a ma-  
jority of the missing population will  
return within the next few months.  
They cite the fact that the month-  
by-month figures since the armistice  
show a steady and substantial recov-  
ery. During August more than 100,  
000 refugees returned to their homes.

### Cataract Cannot Be Cured

WITH LOCAL APPLICATIONS, as they  
cannot reach the seat of the disease  
Cataract is a local disease, greatly in-  
fluenced by constitutional conditions and  
in order to cure it you must take an  
internal remedy. Hall's Cataract Medi-  
cine is taken internally and acts thru  
the blood on the mucous surfaces of the  
system. Hall's Cataract Medicine was  
prescribed by one of the best physicians  
in this country for years. It is com-  
posed of some of the best tonics known,  
combined with some of the best blood-  
purifiers. The perfect combination of  
the ingredients in Hall's Cataract Medi-  
cine is what produces such wonderful  
results in cataract conditions. Send for  
testimonials, free.

### RED CROSS MEMBERSHIP DRIVE STARTS SATURDAY

The annual Red Cross Membership  
Campaign for Lubbock will be  
launched next Saturday, January  
10th. Booths will be stationed at  
the Citizens National Bank and the  
Lubbock State Bank Corners. These  
will be in charge of ladies of the  
local chapter who will be supplied  
with the necessary blanks, window  
flags, buttons, etc. The annual  
membership dues are \$1.00.

This is the campaign which should  
have been conducted during the week  
of November 2nd to 11th of last  
year, but which was postponed on ac-  
count of the stress of other matters,  
the lateness of the harvest, etc. The  
work of the American Red Cross is  
just as vital and essential now as be-  
fore and during the war, and the  
people of Lubbock should spare no  
effort to lend their hearty support to  
this work.

J. P. McGowen, of Cost, Texas,  
was in the city this week prospecting.

### TEXAS WOMAN SUFFERS FROM PAINS IN HEAD

Houston, Texas:—"A few months ago  
my health became very poor. I was run-  
down, weak and nervous and could not  
eat nor sleep. I suffered with pains in my  
head. I was very miser-  
able when my hus-  
band got me a bottle of  
'Favorite Prescription'  
but by the time I had  
taken this one bottle  
my health was com-  
pletely restored. Dr.  
Pierce's Favorite Pres-  
cription is a fine medi-  
cine for women and I take pleasure in  
giving it a recommendation."—Mrs. N. J.  
Voss, 1520 Everett St.

San Antonio, Texas:—"For about  
three years I have been in a run-down  
condition. I would be so weak at times  
I could scarcely get around. I was ex-  
tremely nervous, could not sleep and  
I was in a miserable state when just  
recently I was advised to try Dr. Pierce's  
Favorite Prescription. I have not taken  
all of one bottle but am feeling better  
than I have for a long time. I am going  
to continue its use for I know it is help-  
ing me more than any medicine I have  
taken."—Mrs. H. T. KNIPPA, 913  
Burleson St.

If a woman is nervous or has dizzy  
spells, suffers from awful pains at regular  
or irregular intervals she should turn to a  
woman's tonic made up of herbs, and  
without alcohol, which makes weak  
women strong and sick women well. It  
is Dr. Pierce's Favorite Prescription.  
Druggists sell it in liquid or tablets.  
Send 10 cents to the Invalids' Hotel,  
Buffalo, N. Y., for trial package.  
Dr. Pierce's Anuric Tablets are intended  
for people who suffer from kidney dis-  
orders—whose backs ache, and whose  
systems are overrun with uric acid.  
Nearly everybody has too much uric  
acid. Anuric Tablets dissolve uric acid  
quickly, as they are made double  
strength.

### NOTICE TO CONTRACTORS.

Sealed proposals will be received  
by the Board of Directors of the  
Lubbock Sanitarium, Lubbock, Tex-  
as, until 12 o'clock, noon, of the 16th  
day of February, 1920, for the let-  
ting of the contracts for the build-  
ing of the additions to the Lubbock  
Sanitarium building and the heating  
of the same.

Plans and specifications may be  
seen at the office of the Sanitarium  
in Lubbock, Texas, and a deposit of  
\$25.00, or a certified check, will be  
exact for the safe return of the  
plans on the date agreed upon.

Each separate proposal must be  
accompanied by a check to be certi-  
fied by the President or Cashier of  
the bank upon which it is drawn, for  
\$500.00 on the building contract or  
\$100.00 on the heating contract made  
payable to Dr. A. R. Ponton, Presi-  
dent of the Lubbock Sanitarium,  
Lubbock, Texas, and to be forfeited  
to the Sanitarium for damages sus-  
tained in case the bidders, within five  
days, fail to enter into contract for  
the work bid upon and to give a sat-  
isfactory surety bond, as required by  
the laws of Texas on public works,  
for the faithful performance of the  
contract, and to secure the owners  
against loss from damages or me-  
chanic's liens within five days, in case  
award is made to him.

The Directors reserve the right to  
reject any part of or all bids.

The bids are to be sealed and ad-  
dressed to Dr. A. R. Ponton, Lub-  
bock, Texas, and must be plainly  
marked on the outside "Proposal for  
building the Additions to the Sanitar-  
ium at Lubbock, Texas" or "Propo-  
sal for Additions to the Steam Heat-  
ing Plant in the Lubbock Sanitarium

## DEWS OF EVE

No More Gentle Than  
"Cascarets" for the  
Liver, Bowels

It is just as needless as it is danger-  
ous to take violent or nasty cathartics.  
Nature provides no shock-absorbers for  
your liver and bowels against calomel,  
harsh pills, sickening oil and salts.  
Cascarets give quick relief without in-  
jury from Constipation, Biliousness, In-  
digestion, Gases and Sick Headache.  
Cascarets work while you sleep, remov-  
ing the toxins, poisons and sour, in-  
digestible waste without griping or  
inconvenience. Cascarets regulate by  
strengthening the bowel muscles. They  
cost so little too.
