

# THE LUBBOCK AVALANCHE

VOLUME XX

LUBBOCK, LUBBOCK COUNTY, TEXAS, THURSDAY, FEBRUARY 12, 1920

NUMBER 33

## THE PAST AND FUTURE OF LUBBOCK

IN THIRTEEN YEARS SHE HAS PASSED FROM A VILLAGE OF HUNDREDS TO A CITY OF THOUSANDS.

### NOW IMPORTANT WHOLESALE DISTRIBUTING POINT

Agriculture is Fast Becoming The Most Important Industry of Surrounding Territory Supported by Dairying, Hog Raising, etc., and Lubbock is the Recognized Hub of the Plains.

Just a little over thirteen years ago the present editor of the Avalanche set foot on these streets to make Lubbock his home for better or for worse. We came here, a down financially, but not by a whole lot. We had a strong constitution and a determination equal to anyone to get back on our feet. We found Lubbock a very small place and cold, well, it was cold a plenty, and at that time the town was almost out of fuel. The hotel we headed into being entirely out of coal and burning corn—what a shame we thought for we had come from a portion of old Texas where corn was indeed scarce, and little of it raised any time. You know it was not on account of the strikes that time that Lubbock was shy of fuel, but we were 110 miles from the nearest railroad point, and it was the coldest fall and winter this country has ever experienced, and freight wagons were bogged down all along the roads with coal and provisions which was the reason that the supply of fuel was exhausted and provisions were running very low. However, we all pulled through the winter, with not a death in town and we pulled into a year of prosperity and people were just beginning to realize that this was a great country—that its possibilities as a farming and fruit growing, stockraising section could not be calculated. What few people we had in the county outside of town depended mostly, in fact altogether upon their herds of cattle and sheep to enlarge their bank accounts, and for several years this was the main pursuit. Finally, however, a few farmers came into our territory and began to till the soil, and the cat was out of the bag—it was found that this was a farming country of no little consequence, and each year a few more of the worthy sons of agriculture heard of the great Lubbock country and came and investigated and bought and moved here with their families and made this their home. Even though still a long way from the railroad they improved their farms sufficiently to be reasonably comfortable. During the fourth year of our sojourn in this city the railroad built into our town, and things began to "go soother" Lubbock was on a boom and wooden shacks popped up on business lots all around the square and main streets and our population increased from less than a thousand to over three thousand in a very short time, and things went lovely, the country continued to develop until more modern buildings were needed and brick buildings began to take the place of wooden ones. The old wooden school building had burned down and another temporary building took its place till a brick one could be built, and ever since then our town has been forging to the front other lines of railroads soon recognized that Lubbock was the logical point for building a city, and built their lines here and now the Santa Fe Railroad system operates trains through Lubbock over three lines, making our city the main wholesale distributing point of the entire south Plains embracing a territory in Texas of 150 miles square to say nothing of the eastern part of New Mexico, which is supplied from this point. In the South Plains, people have to come to Lubbock to go most anywhere in this section by rail, and our prospects to get two or three other lines is the source of much jealousy of the South Plains, and our city is recognized now far and near as progressive and alive to every opportunity to improve and take its place among the real cities of the Southwest, as is proven by the recent election for paving

which carried by an extremely large majority, there only being an insignificant half dozen votes cast against with hundreds of votes for the proposition, and this is about the proportion that our city runs in matters of improvements and progress. Today the prospector finds the liveliest set of people here that exists anywhere, and city of fine residence buildings, stores and public buildings, and city of splendid sidewalks and soon magnificent paving. We have electric lights from two splendid plants, ice plant and city water and sewer system, big telephone system, and a telegraph plant that handles a large volume of business. The heaviest in this part of the country. Our schools are housed in splendid brick buildings and this is the head of the University interscholastic league of this district comprising about twenty counties and is also the seat of the South Plains Teachers Institute in which about four hundred teachers from ten counties assemble for a week's study and instruction. Our churches are all either housed in fine brick buildings or planning an active campaign for the building of suitable houses of worship, and many of other fine residence and handsome business houses are being planned and the next months are liable to bring about a building boom such as has never been experienced in this section.

We have heretofore spoken mostly of the progress of the city but while this has been going on there has also been something going on in the rural communities and as our readers remember we gave an article on the rural schools not many weeks ago, and there will be great improvement all over the county in many of the schools during the coming year. Many people are moving to Lubbock county, and many farms have changed hands and new land has been purchased which will be cultivated the coming season, and our two splendid gins that have not been able to handle the big crop that was raised in 1919 will increase their capacity and two other plants will be put in here. We also have a cotton compress, and there is a probability of an oil mill in the near future, which will mean a great deal to this section of the country, and is a real necessity to supply the demand in the Lubbock territory.

The future of the South Plains is certainly bright. The splendid season in the ground at this time is sufficient to start the crops off as soon as the farmer can get the ground prepared and the seed planted. The main thing in the way at the present time is the ungarthered crops produced last year. It looks like some of our farmers are not going to get the old crop off the ground in time to get the new one planted, but there is certainly every indication now that the Lubbock trade territory will make another bumper crop, possibly far in excess of anything that has ever been known in this country. We know that the acreage will be largely increased. The farmers here will increase their farms and many people who have moved here the past fall will put in new farms. Lubbock with her bustling citizenship will continue to add to her facilities for taking care of the various industries, and from the village of half a thousand people, when we came here, we expect to see a city in the very near future of greater population than any on the plains of Texas. People are looking this way, and Lubbock is going to take care of them when they come, and make them feel like they are appreciated. Just watch Lubbock grow.

#### GRIFFIN-McLARTY AUTO COMPANY ENTERS FIELD.

Announcement was made in the last issue of the Avalanche and is continued in this issue, of the entrance into the automobile business of the firm of Griffin-McLarty, who have the agency for the Nash cars and trucks. This firm is composed of C. L. Griffin and L. H. McLarty, and their sales rooms will be in the Russell building on West North First street.

#### SIX YEAR OLD CHILD DIED OF BURNS AT P. V.

Harold, the six year old son of Mr. and Mrs. W. H. Melius, of Plainview, died at the Plainview Sanitarium Sunday from effects of burns received the previous Tuesday. Coal oil poured on a smouldering fire was the cause of the accident.

#### BROWNFIELD HAS PLENTY FLU NO DEATHS REPORTED.

According to W. T. Bond, real estate agent of Brownfield, there is approximately one hundred cases of influenza in that city, however, he states it is in a light form and up to date no deaths have been reported.

Miss Grace Andrews has recently accepted a position as stenographer with the Rix Furniture and Undertaking Company of this city.

#### WILLIE HADDOCK DIED AT SLATON.

Willie Haddock a resident of Slaton, died at his home in that city, February 11th, 1920, following a contracted illness of lung trouble. The deceased leaves a wife and two children to mourn his departure.

#### REV. W. M. LANE RECOVERING FROM OPERATION.

Rev. W. M. Lane, pastor of the Methodist church at Colorado City, is recovering from an operation at one of Lubbock's sanitariums. We understand Bro. Lane will probably be able to return home the first of next week. His many friends will be glad to learn of his rapid recovery.

#### MATERIAL EXPECTED FOR PAVING LAST OF MONTH.

According to statements made by the contractors who will pave Lubbock streets, material should begin to arrive in our city in a few days. Actual work also should be started no later than the first of April.

The flu epidemic struck Sweetwater last week, and the municipal authorities have ordered all public gatherings to cease for an indefinite time.

#### CITY COUNCIL SOUNDS WARNING TO VIOLATORS.

A note of warning was sounded last Tuesday evening at the regular session of the City Council, to the violators of the city ordinances. It has come to the attention of this Council that there are various ordinances of the city being violated, such as speeding, incorrect parking, running with the mufflers open, and the obstruction of the side walks, and numerous other offenses.

It is now up to the people to acquaint themselves with the provisions of the ordinances. Youngsters of the city who loaf on the streets of nights—some until near mornings, will probably hear the "roll of the party day" when they shall be found guilty of breaking an ordinance of the city by staying out on the streets after the appointed hour.

#### \$2,000 POWER PLANT BEING INSTALLED IN LOCAL DAIRY.

Ed Vaughn, dairyman of this city, is making preparations for the most up-to-date dairy plant in West Texas. By the installation of a modern Delco plant which will cost about \$2,000. The plant when completed will be not only the best in this section of the State but the only one of its kind in West Texas. This information was given to us by Monte Bowron, local Delco agent. Churns will be run by power; the milking will also be done by power and lights for use in the dairy barn will also be installed.

#### TRADING IN CATTLE MORE ACTIVE IN LUBBOCK.

There has been probably more than four thousand-head of cattle sold in this section of the country during the past ten days. The amount being paid however, is kept secret for business reasons of the buyers and sellers.

The commission firm of Middleton and Barr reports the sale of the following Wednesday: Arnett Brothers of Littlefield, one hundred and twenty heifer yearlings to Emms & Rhodes, also a like amount was sold in the Tahoka community.

#### G. W. WOOD DIED SUNDAY OF FLU.

G. W. Wood, age 52 years, born in Texas, died in a local sanitarium February 8th, 1920, after an illness of only a short time, of influenza-pneumonia.

The deceased lived on his farm near the Carlisle school building, in this county for several years and is well and favorably known. He is survived by two brothers, one who lives in Dallas, his wife, and four children.

#### APPOINTMENTS FOR VACANCIES KEEP COMMISSIONERS BUSY.

Commissioners' Court of Lubbock county are in regular session this week. Several important problems have come up before the commissioners, such as the meeting of the Park Committee and other like things. Appointment of vacancies in election of peers has, however, been part of the week's program up-to-date. There have been several appointments of Road overseers also.

#### SALES MANAGER OF W. P. CO. BUY HOME IN LUBBOCK.

W. H. Parks, sales manager of the Waples-Platter wholesale grocery company, formerly of Brownwood, Texas, has bought the Embury-Hurlbut residence in the southwest part of the city. The consideration was reported being \$5,000.

We understand that Mr. Parks will move his family to our city in the near future to make their permanent home.

#### OSCAR MARTIN DIED NEAR LORENZO MONDAY.

Oscar Martin, born August 15th, 1876, died at his home eight miles north of Lorenzo, February 9th, 1920, following a short sickness of influenza-pneumonia.

A wife and several children survive the deceased. Funeral services were held last Tuesday and interment was perfected in the Lorenzo cemetery immediately afterward.

#### FLORENCE REYNOLD CASE POSTPONED INDEFINITELY.

Because of the influenza epidemic now going on in this section of the county, the District Judge of this District postponed the hearing of the Florence Reynolds case indefinitely. In another part of this paper we stated that the case would be heard Monday 16th of this month, which date was set formerly for the hearing.

#### MULESHOE MAN IN SANITARIUM AT AMARILLO SERIOUS.

L. S. Barron, abstractor of Muleshoe, who has been in a sanitarium at Amarillo for some time suffering from typhoid fever, is in a very serious condition and attending physicians believe there is little hope for his recovery. This information was received this week by close friends of Mr. Barron.

#### \$20,000 AUTOMOBILE INCORPORATION FORMED.

A corporation to be known as the Lub-Tex Motor Sales Company was perfected recently in our city, by the Bradley people, owners of the Bradley garages known over the South Plains. The new firm is composed of several men, now directly interested in the firm of the Bradley Auto Company of this city, agents for the Ford cars in several South Plains counties.

A new building will be erected, the contract having been let on the lot west of the Wolfarth building recently purchased by the Bradley people. The new building will be started we are informed, as soon as material can be had. The building will be of dimensions twenty-five-feet wide and one hundred and twenty-five feet in length, of brick, with plate glass front.

We are informed that the new concern will disolve the Chandler Lubbock Sales Company, agents for the Chandler cars and will probably handle several other well known and popular cars in addition to the Chandler.

#### NEWS ITEMS FROM THE SEMINOLE SENTINEL.

The Seminole school has been closed for the past two weeks on account of the influenza epidemic. Supt. Duff states that the situation has improved to such an extent that our school will again open on Monday, Feb. 9.

L. C. Holman shipped 7 cars of cattle from here to his ranch near Midland the first of the week. W. O. Hale, also of Midland, shipped two Tax Collector Cleve Cobb in the final total for poll tax receipts issued in this county shows that 288 receipts were issued to men, 69 to women and 7 exemptions.

L. L. Cobb has been appointed census enumerator for Commissioners' Precincts Nos. 1 and 4 of Gaines county, which includes the entire east half of the county. He expects to begin his rounds at once and complete the work at the earliest date possible. J. H. Hawkins, who had the west half, has just about completed his work. If you know of anyone that has been overlooked, be sure to phone one of these enumerators at once.

#### SOUTH PLAINS FARMERS MAKING INCOME TAX REPORTS.

It will be surprising to many uninformed people North and East to learn that there are many farmers of West Texas and especially the South Plains country who are compelled to send in tax reports this year. It is a very common occurrence nowadays to see the farmers consulting over the income tax reports in our city with local bankers. One farmer was overheard to say that he had cleared more than two thousand dollars as rental this year without considering what he made individually by farming.

#### W. C. MATHES TO DALLAS TO ATTEND WILLARD MEETING.

W. C. Mathes, Jr., of the Gonner-Mathes Battery Co., and John Mathes of the Lubbock Battery and Electric Co., left yesterday morning for Dallas to attend the state convention of Willard Storage Battery dealers. They will be in Dallas for some time to study more thoroughly the battery business.

The company has recently added two new Dodge trucks to its service department. One of the trucks will be used here to carry a demonstration Delco Lighting outfit and the other will be used at the Lubbock station as a service car.—Plainview Herald.

#### NEW IMPROVEMENTS BEING ADDED TO CITY PLANT.

Material is now arriving for the installation of the new two hundred H. P. unit to be added to the city plant. There are also movements on foot by the city commissioners to start the drilling of another well and addition of another large centrifugal pump to care for the growing need brought on by the extension of the water system and demand made by the construction of more houses.

#### EL PASO MEN SHIP IN HUNDREDS OF CATTLE TO PASTURE.

Messrs. W. R. Franklin of El Paso and Frank Letts of Dalhart shipped into this county several hundred head of cattle for pasture. We are informed that the cattle came from the Dalhart country. These gentlemen while here purchased about two thousand head of cattle from Eilwood and McClellan, large cattle owners of the South Plains.

#### CENTRAL TEXAS MAN WANTS BOTTLING WORKS HERE.

A. L. Anderson, of Central Texas, owner of several bottling plants in that section of the State is in our city this week trying to secure quarters to open up a cream manufacturing and bottling plant. Mr. Anderson was being shown over the city by Mr. Meskims, assistant secretary of the Chamber of Commerce.

#### SLATON MOTHER DIES, LEAVES SIX CHILDREN.

One of the saddest deaths recorded here recently was when Mrs. Selma Olsen Shafee, mother of six children residing at Slaton, succumbed to influenza Wednesday of this week, leaving the husband and the six children seriously ill with pneumonia. The deceased was thirty-six years of age.

## A CONDITION FOR CONSIDERATION

BUILDING OF ALL KINDS IN WEST TEXAS IS PRACTICALLY AT A STANDSTILL ON ACCOUNT OF EXTREME PRICES

### THOUSANDS OF DOLLARS WORTH OF BUILDING HALTED

The Recent Extreme Advances in Building Material Prices Should Have Attention of the Commercial Organizations in an Effort to Correct if Possible.

Probably there is no other one thing that is hindering the development and progress of West Texas at present than the extremely high prices of building material. We know that this is keeping many from building in Lubbock, and we are quite sure that the same condition is true in most every West Texas town. Building materials have advanced within the past few months to almost a prohibitive price.

The West Texas Chamber of Commerce has been doing many good things for the advancement of the Western part of the state, and has, no doubt, accomplished a great deal along that line, but we believe if they could take up this important matter there might be some relief furnished. We are not in position to say who is to blame for the extreme high prices. But in our opinion we believe that most of the price is added after it leaves the mills.

We realize that the demand has much to do with it, and the scarcity and high cost of labor add to the cost of production but this is true in every line of business and industry, but from what we have heard of the cost of building material the advance in this line have been much greater than possibly any other. If there is any possible relief, we should have it. West Texas is just now almost at a standstill so far as building is

concerned and all on account of the extreme prices of lumber, etc.

Thousands of dollars worth of buildings, yes, almost a million dollars worth, have been figured by local architects for improvements in Lubbock, contemplated for this year, but recent advances have knocked all the pep out of many of the people who have been figuring on these buildings. Many business houses would be started at once if there was any hopes of the market even remaining where it is now, but taking the past ninety days as an example, before the material could be bought there would come a raise in prices that would stunt the most healthy building constitution. Every commercial club in the country and every organization that has for its purpose the upbuilding of the country, should at once line up in the combined effort to correct this condition if such can be done, as it is standing in the way of a wonderful development in the west.

Let West Texas have the material at reasonable prices and her population and commerce will double within a short time. Why let this country suffer along this line that a few big corporations clothe themselves in riches under the guise of abnormal conditions.

Let the great West Texas Chamber of Commerce in its mighty strength and influence show its power here.

#### CASUALTY LIST SHOWS 10,133 FROM TEXAS.

Washington, Feb. 10.—Of the 302,612 casualties resulting from the recent world war 10,135 were affected upon Texans, according to figures by States compiled by the War Department. The casualty by divisions and regiments which comprised more than one State were announced some months ago. The total casualties for Oklahoma were 6,358, for Arkansas 2,658 and for Louisiana 2,169.

#### SCHOOL OPENS AFTER FLU EPIDEMIC SUBSIDES.

Joe and Luther Henderson of Lynn county, were here Wednesday of this week attending to business interest. These gentlemen report that the flu situation in their community was better and that the schools have been closed for two weeks or more will open next Monday.

#### A SPECIAL SERVICE FOR YOUNG MEN AT M. E. CHURCH.

The Methodist church was well filled last Sunday night, when a special service was held for young men. A special program was rendered, and the pastor delivered one of his splendid sermons in the interests of the young men, which was greatly enjoyed by those present.

#### LUMBER YARDS DOING BEST BUSINESS IN YEARS.

According to B. C. Cardwell and other Brownfield visitors here this week, the lumber yards of that city are doing their biggest business since they entered that country, this in view of the fact that never before was prices on lumber and building materials so high.

#### BUSTER FLUKE'S MOTHER SUFFERS FROM ACCIDENT.

Buster Fluke and wife, of Slaton, have been here this week. Mrs. O. C. Fluke, mother of Buster, is in the Plainview Sanitarium suffering from a broken hip, sustained two weeks ago when she fell on some ice.—Plainview News.

#### MISS HALSEY AND MRS. BARNES VISITS FLOYD CO.

Miss Millie Halsey accompanied Mrs. Nora Barnes to Floyd county Monday of this week. Mrs. Barnes' visit, we understand, pertained to a meeting with the county commissioners of that county.

Homer Ingle, barber of Brownfield arrived in our city today and will probably undergo an operation in a local sanitarium the first of the week.

It is reported in Plainview that Lubbock has 2,200 cases of influenza. This is probably correct as possibly ten per cent of our population has been affected with the malady.

Eastin Wolfarth returned Thursday afternoon of this week from Los Angeles, Calif., where he and his family have been spending the winter.

R. K. Burns, of Big Springs last week sold to Jack Williamson fifty head of Hereford-yearlings at \$45 per head.

Herbert Stubbs, of the Guarantee Abstract and Title Company was in the Clayton New Mexico, country the first of the week looking after property interests.

Born to Mr. and Mrs. Clay Thornton this week a baby boy. Both mother and babe are reported doing nicely.

A. E. Greenhill of Monroe was here Wednesday attending to business interests.

Born to Mr. and Mrs. J. W. Bullock Friday morning of this week a baby boy.

R. A. Holland, local abstractor, is in the Muleshoe community this week transacting business.

## EX-COMMISSIONER RE-MEMBERED THE EDITOR.

Our friend and ex-commissioner, J. L. Benton, of southeast of Lubbock was in to see us last Saturday and showed his subscription to the Avalanche up two years in advance. He is looking ahead to having good reading secured at a low cost as he evidently sees the hand writing on the wall—a \$2.00 Avalanche in the

near future if things keep going as they are now. Mr. Benton also remembered the Avalanche family with a treat of spare ribs, and the Avalanche family enjoyed them to the fullest extent of the meaning of the word.

We have the biggest stock of light globes in the city. Yes, and other electrical supplies too. Simpson Electric Co. 331.

## LOCAL ITEMS FROM THE LORENZO ENTERPRISE.

The box supper held at the Baptist church last Friday evening was a successful affair. T. J. Allen of Petersburg auctioneered and net proceeds from the supper exceeded \$400.

Messrs. J. J. Jenkins, A. P. Avera, L. J. Mathis and W. M. Woodward were visitors in the county seat Tuesday.

Miss Dora Day returned Monday from Lubbock where she underwent an operation for appendicitis. Her many friends are glad to see her back and doing so nicely.

Prof. J. S. Grant of the Fairview community was a visitor in our city Saturday and Sunday.

John Witt arrived home Monday with a severe case of the flu. Mr. Witt has been attending the high school at Lubbock.

Mrs. J. C. Jackson left Tuesday for Wichita Falls where she will attend the bed side of her sister, Miss Eula Proctor, who was reported to be very ill.

The members of the Estacado Baptist church gave their pastor a generous pounding Wednesday afternoon of last week. The Estacado Baptists showed their appreciation to the amount of \$100 worth of good eats, clothing and many other useful things.

Mr. Loall Paige suffered considerably this week from hemorrhage of the lungs. Mr. Paige was taken home Saturday afternoon following an attack and Sunday his condition was thought to be dangerous, but Dr. Wagner, who was summoned Sunday night, assured the family that the young man's case was not a serious one and his many friends are glad to know that he is resting nicely.

## NATURE TELLS YOU.

As Many a Lubbock Reader Knows Too Well.

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent, or too frequent passage.

Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys. Ask your neighbor. People in this vicinity testify to their worth.

John Brown, Snyder, Tex., says: "I was troubled with too much uric acid in my system about some time ago. I had a frequent desire to pass the kidney secretions which were scanty and caused a lot of pain. I felt pretty bad off until I heard of Doan's Kidney Pills, which I took and I am glad to say I received wonderful relief. Doan's regulated the kidney action and made me feel better in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## DALLAS REPRESENTATIVE GIN COMPANY HERE.

A. McIntosh, representing the Murray Gin Company of Dallas, Texas, is in our city this week with the intentions of helping the farmers Co-operative Gin Company in the selection and buying of machinery and the construction of their gin.

We are informed that there is yet some of the stock to be sold in the gin company and that on this account the officials of the company are now waiting.

"Now is the time," says Mr. Murray, "if the farmers of this community intend building. Shipping facilities will not permit much delay in placing an order for machinery entering into a gin."

## TRIAL OF CAPITOL BUILDING LANDS ENDS.

Trial of the case of the State against the Freehold Land Corporation, which took over the land holdings of the Farwell Syndicate, has been concluded, arguments being ended today. The Farwell syndicate received some 3,000,000 acres of land for building the State capitol. The State asserts that in the surveys of such land were included more than 77,000 acres of land belonging to the State and in excess of the just rights and entitlements of the syndicate. District Judge George Calhoun has taken the case under advisement and it is probable that a decision will not be handed down for about thirty days.

Farmers—Bring those broken parts on your implements, gas engines, automobiles, etc., to us, we will weld them and guarantee them never to break. Save time and money.—Lubbock Welding Co. 304f

Wanted—Clean cotton rags. Lubbock Printing Co. Phone 329. 321

## SLATS' DIARY.

Friday—It is 10 o'clock tonight & ma jus called up the staves & ast me was I in bed yet & I sed Yes, I yam but I aint I am writing in my direy. I dont offen tell stories but I got 2 rite this at nite or I nite for Get it by tomorro besides it is Saturday on tomorro & us kids me & Jake is figgering on haveing a lots of fun. If it dont rane which ie me by will. It most all ways does on Saturdays when they arent no skool.

Saturday—Ma went a shopping at the store today & this evening whilst we was eating at the Supper tabul a bux cum for ma. Pa ast her what was it & she sed it is a new sute for her. She unrap it & sed isent it a bewty pa. Pa ast what did she put up for it. She sed it was marked down & only setter back 96.85. Pa got pale & ma sed & a black leg I had it charged I guess it must have been charged heavy for it has gave pa a awful shock. He confest it was very nice.

Sunday—This was a wufol gold day & I diddent want 2 go 2 church but did. The preacher preched a verry appropriate sermon which made me satisfide with cold wether & pa 2.

Monday—Pug Stevens give Jane a all day Sucker today. I hate that kid. After skool I called him a yeling sneek & a coward & a black leg & a boneheaded dunky & lots of ugly names & wood of sed more but ma jerked me away from the telefe. Slapped me on the ear 2.

Tuesday—I rote a pome 2 Jane today. It went like this. You made me what I yam today. I hope yure satisfide. If Pug tells enny thing on me. I'll say to you he lied. She rote back 2 me & sed. The kerfue toles the Nell of parting day. When you & me must each 1 go are way. Dont think that Pug can ever hold 2 me. For with you deer he's not as 1 to 3. I went home and laundried my neck and Ears. With sops.

Wednesday—Pa come home this evening & he was dirty & his panice was tore and his hat busted and his nose had been a bleeding. He looked like the day after the forth of July. Ma sed for Heven sake what has come over you & pa sed. Nothing only my ford.

Thursday—Jake had a birth day today & I ast him why he acks so smart. He replied and sed. This is my birth day. I have waited all my life 2 be this age.

## H. L. ZOLLARS EXPRESSES REGRETS FOR LEAVING CITY.

To my friends and acquaintances: It is with genuine regret that I am forced to leave Lubbock and it's splendid people to make my home elsewhere, and I take this method of thanking you all for your words of cheer, your loyal support at all times, and to bid you goodbye and God-speed. My life among you has been very happy and pleasant; my dealings with the business men has been in all cases congenial and based upon mutual confidence, promoting the

most pleasant of relations; my neighbors have been loyal ones, and as I prepare to depart my heart is filled with appreciation for these things. I wish you all prosperity, health and happiness, and extend you a cordial invitation to make my home your headquarters should you chance to come to that city.

H. L. ZOLLARS.

We have the biggest stock of light globes in the city. Yes, and other electrical supplies too. Simpson Electric Co. 331.

## 11,000 FLU CASES REPORTED TO AUSTIN.

Austin, Feb. 5.—With more than 11,000 cases of influenza reported to the State Health Department up to today, C. W. Goddard, State health officer, said that the epidemic is assuming serious proportions, although the situation is not as bad as it was this time last year. The present epidemic began about three weeks ago, he said, while the preceding one began much earlier in the winter.

Every Edison Cabinet is a Period Cabinet

WILLIAM & MARY CHIPPENDALE SHERATON JACOBENAN

TO-DAY, when you replace a piece of furniture or acquire an additional piece, your new acquisition is preferably a period piece. All of us now realize that furniture design is an art which was at its height in the Eighteenth Century, and that we must go back to the old masters of this and earlier dates if we want the best in furniture.

There is no reason why period furniture should be prohibitive in price. Every model of the New Edison, "The Phonograph with a Soul"—even the least expensive model—is encased in a beautiful period cabinet. There are seventeen different models—each a masterpiece.

Convenient terms of payment can be arranged.

Come to our store and ask to see an exact duplicate of the original three million dollar phonograph, which you can buy for \$395.00. There are less expensive models, but if you want a duplicate of the three million dollar phonograph, we shall be glad to make the terms exceedingly convenient.

# RIX Furniture & Undertaking Company

Telephone 675

Lubbock, Texas

# A Beautiful Showing of Red Seal Zephyr Gingham

- Width 27 inches.
- Colors absolutely fast.
- Latest designs.
- Clean cut patterns and newest shades.

This woven fabric is noted for cleanliness of yarn, evenness of goods and excellence of finish.

This modern gingham doesn't shrink like the old fashion kind.

## A. B. Conley, Jr.

Messrs. J. S. and J. J. Carter of Delta county having recently purchased property in our city are here this week. J. S. Carter bought the Daniel Amberg residence here and his brother, J. J., bought the home of J. O. Green.

We have teams to break land, men to grub, houses to sell or rent.—J. M. Campbell at Blue Front Restaurant.

**PUBLIC OPINION**

The parable of the leaven Mt. 13:33. (Luke 13, 20, 21). Summary (1) Leaven, as a symbolic or typical substance, is always mentioned in the New Testament in an evil sense. (Gen. 19, 3 refs.) (2) The use of the word in the New Testament, ex-

plains its symbolic meaning. It is malice and wickedness, as contrasted with sincerity and truth (I Cor. 5, 6, 8). It is evil doctrine (Mt. 16:12). In its three fold form of pharisaism, Saduceism and Herodianism. (Mat. 16, 6; Mk. 8, 15).

The leaven of the Pharisees was externalism in religion (Mt. 23, 14, 16, 23-28); of the Saducees, scepticism as to the supernatural and as to the scriptures (Mt. 22, 23, 29); of the Herodians, worldliness—a Herod amongst the Jews (Mt. 22, 16-21; Mk. 3, 6). (3) The use of the word in Mat. 13, 33 is congruous with its universal meaning. The Kingdom does not become the Kingdom of the Father until Christ having put all enemies under His feet, including the last enemy, death, has delivered up the Kingdom to God, even the Father. (I Cor. 15, 24, 28; Rev. 2, 2). There is triumph over death at the first resurrection (I Cor. 15, 54-55), death the last enemy is not destroyed till the end of the millinium (Rev. 20, 14). This does not implicate a converted world in this age (till the whole was leavened, but is explicitly contradicted by our Lord's interpretation of the parable of the wheat and tares, and of the net. Our Lord presents a picture of a partly converted Kingdom in an unconverted world; of good fish and bad in the very Kingdom net itself. The method of the extension of the Kingdom is given in the first parable. It is by sowing seed, not by mingling leaven. The symbols have in scripture, a meaning fixed by inspired usage. Leaven is the principal of corruption working subtly; is in variable used in a bad sense (see leaven, Gen. 19, 3 refs), and is defined by our Lord as evil doctrine (Mt. 16, 11, 12; Mr. 8, 15).

REV. W. R. KELLEY.

**LUBBOCK PEOPLE BUYING STEAM PRESSURE COOKERS.**

The interest in preserving of meats and canning of vegetable products of the farms of this county will be greater this year than usual. The high cost of living will be avoided by the farmers and others this year by the use of the Steam Pressure Cookers which were demonstrated so successfully here last year by members of the Extension Service of A. & M. College. Miss Halsey reports the following people as having bought these cookers since December past: Mrs. W. B. Buford, W. O. Sheely, Miss Mamie Crump, Mrs. M. F. Klattenhoff, J. H. Ritchie and Mrs. Chester Wright.

Farmers—Bring those broken parts on your implements, gas engines, automobiles, etc., to us, we will weld them and guarantee them never to break. Save time and money—Lubbock Welding Co. 301f

Jno. W. Scudday was here the latter part of last week from Terry county.

Come to Lubbock.

**NEWS ITEMS FROM CANYON COMMUNITY.**

Most every family has the flu. Bro. Brown from Lubbock preached a very good discourse Sunday.

Messrs. J. B. Potts, Therman Potts, Gaither and son Douvain Melba Thompson, T. Crim and sons John and Bromo, attended the sale at Monroe Thursday.

Mrs. E. C. Barnett and Miss Frances Jackson were shopping in Lubbock Saturday.

Mr. H. P. Webb and family have a friend visiting from Plainview.

Mr. and Mrs. P. W. Rines left for their homes at Ropes Wednesday.

The family that bought the place where Mr. Gaither lived the preceding year has moved out. They came from Vernon, Texas.

On account of so much sickness only a few were present at Sunday school Sunday.

Mr. J. C. McDole has been attending business at Brownfield last week.

The Social Center met Friday night Feb. 6. A good crowd was present and a very good program was rendered, as follows: Opening address, Rev. Stricklin; reading, Opal Crawford; duet, Misses Thelma Thompson and Ora Hufstедler; dialogue, The Little Gardeners; piano solo, Miss Rena Stricklin; dialogue, "Until Leap Year Gave it Twenty-Nine."

The debate was postponed on account of one of the debaters having the flu. Judge Moore, Miss Halsey, Mr. and Mrs. Mesken and several soldier boys from Lubbock were present.

The soldiers entertained the audience with music and singing which was enjoyed by all. Mr. and Mrs. E. A. Morgan from Lubbock were present.

Mr. E. C. Barnett resigned as president of the Social Center and Rev. Stricklin was elected.

Mrs. Henry Webb and son H. P., have been real sick but are better at this writing.

Miss Frances Jackson has the flu. Mrs. S. W. Wagner and Miss Maud Hufstедler were shopping in Lubbock Saturday.

Mr. Lundell is having a well put down on his other quarter of land.

Trixie Thompson spent Sunday with Thelma Crawford.

Mr. and Mrs. J. A. Burgess and family are all able to be up from the flu.

R. B. INGLE, LINOTYPE OPERATOR TO MOVE TO BROWNFIELD.

R. B. Ingle, linotype operator for the Avalanche for the past two years or more has recently resigned and will enter into private business in Brownfield. Mr. Ingle will leave soon we are informed.

H. L. Welch, linotype operator for several years on the Courier-Gazette, a newspaper of McKinney, Texas, arrived in our city the latter part of last week and will accept the position made vacant by Mr. Ingle's resignation.

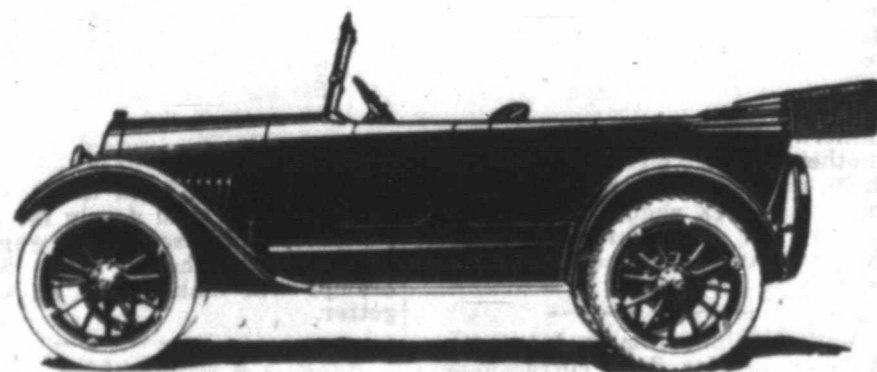

Lubbock the railroad center of the Plains. Come and make it your home.

**COUNTY JUDGE AND DEM. AGENT FINISH SCHOOL VISITS.**

Judge J. H. Moore and Home Demonstration Agent, Miss Millie Halsey recently finished their visits to the schools of this county, and those of Hoekley and Cochran under the jurisdiction of officials of Lubbock county. Miss Halsey's visit to the schools was for the purpose of presenting membership cards to the pupils with intentions of creating more interest among the rural districts in her work. These cards will be filled out by the pupils and when a sufficient number from each district has been sent in a Club will be formed.

H. H. Ward and Grover Lewis of the Shallowater community were in town Tuesday trading.

**What to do for Indigestion**

"Pape's Diapiesin," by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines. A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress—Costs so little at drug stores.

**LOCAL BUILDING ASSOCIATION  
 NEEDED**

The Cameron Herald says, "the action of the Cameron Commercial Club in proposing the organization of a loan association of this city is commendable in the highest degree. It not only means development in the residential sections of the city but shows the spirit of town building and paves the way for a more substantial citizenship. Home owners are permanent and satisfied residents."  
 The Herald continues: "A most liberal policy has been incorporated in the plan which has been formulated by the committee. Financial aid is to be extended on terms that cannot be equaled anywhere. The plan makes it possible for the man of average means to become the owner of his own home with a small advance of capital on his part and assuming deferred payments at the lowest possible rate of interest."  
 "While it is true that a town which has no vacant homes or business blocks is in the progressive column, it is nevertheless a regrettable condition that people are not able to find living quarters. This condition must and will be remedied by the wide awake men who will see to it that means are provided for the necessary constructions of homes.  
 "Shortage of housing space obtains

in every city of America. Great increases in population strength during the past three years combined with the industrial unrest reacting upon the labor supply which in turn has curtailed the production of material, are responsible for these unprecedented conditions.  
 "Because men of Cameron have resolved to increase the housing facilities there and in this determination is seen the finest sort of public policy and progressiveness." This plan, or something designed to deliver the goods as well, should be adopted by Sweetwater.

As was stated in the last issue of the Avalanche, Lubbock is just about as large as she can get until more residences are built. People cannot get houses to rent in Lubbock now, and the demand is growing all the time, and many people are not in position to build homes themselves. The building material is extremely high and likewise labor, and many would prefer to rent a good house to buying one or building, but there are those who would build if there was some kind of building association in the city that could start them out with a small payment and light installments, and we believe that an organization or company of this kind ought to be organized here. Build homes in Lubbock. You can rent them to good reliable parties, and help Lubbock to grow.

**DID KNOCKERS EVER BUILD  
 A TOWN?**

You know it is a queer proposition when a man is always talking about trying to build up a town and then fighting all the institutions of the town. Consistency thou art a jewel. When we had a Laundry people kicked all the time. The electric light plant is knocked. The newspaper is knocked. Everything is knocked that don't answer the beck and call of some folks. It is true that none of the institutions of a small town are equal to a city. If you expect them to be it is only an indication that you haven't got much sense. We hear people say our little paper. Well we have little stores and little banks and little everything. It is a small town and the business has to be small. This paper has eternally boasted this country and the home trade proposition. We will still do so and pay more for our stuff here if need be than we might send for it but while we boost the home merchants business and pay more at home if we have to do you as a merchant send off for your stationary because you can get it cheaper? Are you helping to build up a good home paper by giving it all the boost you can or are you withdrawing all the patronage you can and kicking the paper because it is not a better paper? Let's get together on these things and try to make the best town on the plains. We can do it. Stay with your home institutions and try to make them better and it will return to you. If you can't do anything but knock everything in the town you advertise the fact that you can't live in any better town and do as well as you do here or as badly dissatisfied as you are every sane man knows you would move. Your trouble is you want something you haven't the capacity to fill and succeed.—Ex.

We have never seen a town that was full of knockers that ever amounted to very much. People must pull together if progress is made. No matter how big and fine looking a team of horses may be if there is a big load to move and only one pulls at a time there is not going to be anything accomplished. The same is true of town builders. If they are selfish and afraid or not willing for the other fellow to make a fair profit on his goods, there will be no satisfaction in establishing a business there. We have known land agents to absolutely drive people away from town rather than let their competitor make a sale to them. The secret of town building is for everybody to boost their town. Speak well of its enterprises, be courteous to prospectors and strangers. "Build good schools, churches and business houses, and the people will come."

All newspapers have suffered more or less on account of the shortage of blank newspaper, and there is

no wonder that they are short, from the amount of mail that every newspaper receives from the various state and national departments every week. The Avalanche as well as all other papers in the United States receives an armful of mail—most of it from some governmental department, every week, and we cannot use one-tenth of it even if it was suitable for use. This uses car loads of paper each month that is an absolute waste. Senator Smoot, republican, of Utah spoke columns of truth when he made a vigorous attack upon the senate floor regarding the waste of paper by the government, and lodged into the chamber a large volume of congressional records on which was recorded the hot air spasm of many representatives on the peace treaty. He called it a "wicked" waste of blank paper.

**LUBBOCK DOCTORS ARE PRO-  
 PROGRESSIVE**

According to the Avalanche, the Lubbock physicians are calling on patients in airplanes. We note that one physician went to Snyder to see a patient in a plane.

Yep, they pulled that very stunt. Our physicians are progressive in every way except in newspaper advertising. They are largely adverse to that. It's nonethical. We do not know what that is exactly, but it takes effect among the first things when a man has prepared himself for the practice of medicine, and this particular thing stands in the way of many of our very best physicians even displaying a card in the professional columns. It gets into the system of some doctors so deeply that they will not even give a meek and lowly news reporter a news item concerning patients that friends and relatives want to know about and wonder why the newspaper does not get information of this kind. Oh, you ethics!

**WHAT IS THE MATTER WITH  
 AMERICA?**

An unknown author asks and answers the question as follows, and he may be right about it:  
 What's the matter with America these days?  
 Too many diamonds, not enough alarm clocks.  
 Too many silk shirts, not enough blue flannel ones.  
 Too many pointed-toed shoes, and not enough square-toed ones.  
 Too many serge suits and not enough overalls.  
 Too much decollete and not enough aprons.  
 Too many satin upholstered limousines and not enough cows.  
 Too many consumers and not enough producers.  
 Too much oil stock and not enough savings accounts.  
 Too much envy of the results of hard work, and too little desire to emulate it.  
 Too many desiring short cuts to wealth and too few willing to pay the price.  
 Too much of the spirit of "get while the getting is good" and not enough old-fashioned Christianity.  
 Too much discontent and vents itself in mere complaining and too little real effort to remedy conditions.

Mr. Henry and his followers within the Democratic Party have declared war on suffrage and suffragists; Mr. Ferguson and his American party have declared war on suffrage and suffragists, and now the Republican Party in Texas has adopted the Henry-Ferguson-et al platform plank on suffrage in spite of the fact that the National Republican Party is advocating suffrage everywhere else. Negroes are being urged to pay their poll taxes. This leads one to wonder who is getting ready to fuss with whom. Watch out, ladies, there's blood in the moon! A million dollars will not buy you a poll tax receipt next July, when these opponents of yours unite to take from you even that suffrage that you have, and take charge again of the government of Texas.

We are glad to see the move made to get the fair park started in time to assure the people that Lubbock is going to have a fair, and will be prepared to take care of the exhibits this year. Lubbock is laying the foundation for real fair grounds and she is also lining up to have the real fair of the Plains. She is in the middle of the best country in the world and she has railroads already here and more coming that will make her the logical point for all great events. Come to Lubbock next fall to the fair. We extend the invitation early that you may make all necessary preparation in time to be with us in full force.

The Plainview Herald undertook to get funny with Lubbock in its last issue in a comment on our recent comment on the article of the Terry county Herald about the gall of Lub-

**W. C. Bowman Quality Lumber**  
**Lumber Company**  
 "B and Better Service"

bock land agent, supposed to have been discovered by the editor of the Herald, but the article was so badly mangled by the Herald make-up man that we could find only portions of it. The original articles was in one place and part of the comment mixed up with an airplane flight and another portion was on a separate page and we did not find the remainder at all.

There are rumors afloat that the Quanah, Acme and Pacific railroad will extend its line in this direction soon, and Lubbock should be on the alert that no effort be unmade to bring it to Lubbock. This is the most practical route, and the least expensive route for the road to take, and we are sure the officials of that road will shoot it through this point, but we cannot be too sure about those things, and Lubbock wants the road.

The Clarendon Telephone Company is receiving bids upon a complete new exchange to be erected within the coming summer to care for the great increase following the remarkable growth of Clarendon and Donley county. The building will be of brick and concrete fireproof construction with ample storerooms, offices, switch-board capacity for a city of 20,000, well furnished lobby and operator's rest rooms—a plant complete in every detail and built for the future demands.

The town that puts forth every effort possible to take care of the people when they come to locate therein is the town that will have the largest population and the most factories and the greatest mercantile establishments and the prettiest homes and the best kept streets, because there is progress there. There is thrift there, and it takes these to build a town.

Lubbock postoffice has outgrown its present working force, and this is the cause of most all of the seemingly slow service, that many people complain of. Postmaster Robbins has put the proposition up to the department some time ago, but has not yet been able to get the working force increased to sufficient size to handle the great volume of mail that comes to the Lubbock postoffice.

Since the city commissioners have started a move for the marking of the streets and numbering of the houses in Lubbock, we feel confident that the proposition will be pushed on to completion. Let's have this work done by all means. It is a necessary move, preparatory to greater things that Lubbock is sure to get at an early date.

It seems very certain that the old group opposed to woman suffrage and the enforcement of prohibition and white zone laws are waiting anxiously till after January to see how many women pay their poll taxes, as they know an expensive campaign to get control of Texas again is useless if 500,000 mothers and sisters of Texas qualify to vote.

The many friends of Miss Bellah will be glad to learn that she is now a regular employee of the postal department here, having been placed on the regular force, to fill the vacancy of Mr. Lowe, who resigned to go back to the farm. Miss Bellah has been on the extra list for some time.

The Attorney General of Texas has ruled that the news items in the papers over the state was sufficient notice to all the County Attorneys to close the pool halls, and saved the expense of telegraphing to two hundred and forty attorneys of the court's decision.

Are you doing all you can to push along the band? We will need one badly next summer. Contribute liberally to its support and if you can play the leader will be glad to have you come in and help them build up a band that will be second to none on the Plains.

It is said that some people will even have the flu if they know they are going to get a taste of whiskey. Over in Oklahoma it was announced that doctors might procure whiskey

**Fine Candy, Fruits, Nuts  
 and Drinks**  
 We have a fine line of choice candy and our fountain will produce your choice drinks.  
**Mitche's Confectionery**  
 Lindsey Theatre Bldg.

for flu patients and the list of patients immediately increased to large numbers.

This year there will be many large gatherings in the city one way and another. It is election year and there will be many political gatherings. Lubbock should begin now to arrange for that large tabernacle that we have spoken of many times before.

William Philip Simms, International News Service Staff correspondent says that the November election will depend entirely upon the independent vote. He says the independent vote holds the balance of power in the United States, and will say who shall be President next time.

A South Plains Fair will be the final outcome of the Lubbock Fair movements. This is the proper spot for a fair for several counties, and this fall will find a number of adjoining and nearby counties participating in our fair, we are confident.

Farmers, get yourselves in shape for a great fair this fall at Lubbock. The ball has been started to roll, by the Chamber of Commerce and there is every indication that the Lubbock county fair this fall will be a jimdandy.

We know material is high, but we hope everybody will put cement walks before their houses as soon as possible that this feature will not in the least stand in the way of getting free mail delivery in the city at the closest future date.

The West Texas Chamber of Commerce last week in session at Abilene, revived the matter of a West Texas A. & M. College, and started the ball rolling by making resolutions naming a committee to start an agitation campaign.

Nero fiddled while Rome burned. Other folks are fiddling around ev-

ery day and letting opportunities slip by. Don't let the opportunity slip by to get \$5 worth of War Savings Stamps this month for only \$4.12.

Experience is a dear school master. Take heed from the down-and-outer who has paid dearly for his experience, and resolve you won't go to the same school. War Savings Stamps will make you an up-and-getter.

Habit is a strong thing. Cut off the H and you still have "abit"; take away the A and you still have a "bit" even after the H is lopped off "it" still remains. Form the Savings habit and buy War Savings Stamps regularly.

Lubbock people must put up some more rent houses. Good ones. Don't waste your money putting up shacks. Lubbock does not want that kind and people coming to Lubbock do not care for that kind.

Assistant Postmaster, L. M. McCrummen, is taking a vacation in order that he get a much needed rest. He will probably not return to his post of duty for several months.

It is hinted that the City Commission is anticipating a move to have the houses numbered and the streets marked. Good! Our prayers may be answered yet.

We hear it talked that Lubbock's hotel accommodations are to be improved and enlarged. Good, we need more hotels and better buildings.

**NOTICE.**  
 Will you kindly give us your orders now for sewing or fancy work. Ladies Aid Society of the First Christian church will hold their bazaar just before Easter.

## Composition On Poultry Club Work

LILLIE COWART Lubbock, Texas.

I am a second year Poultry Club girl. The reason I joined the Poultry Club was to learn all I could about raising and caring for chickens. My chicken house is about thirty feet long and ten feet wide. It faces the South. On the inside of it in the west end is the roost, and in the east end are the nests. In front of the chicken house is a chicken yard which is about thirty feet square. The chicken house is located east of the barn. The kind of chickens that I raise are Wyandottes. They are white and have yellow feet. They have rose

combs. The reason I selected them was because we already had them and I wouldn't have to go to the trouble of getting more. The first thing I did toward setting my eggs was preparing the nest. I cleaned the nest out and put new, clean straw in them. Then I got the best and prettiest eggs and put them in the nests under the hens. I did not have an incubator so I just put the eggs under hens. The most I ever put under a hen was sixteen and the least fifteen. I did not have a brooder so I had

to put the chickens with the hens after they were hatched. Fourteen was the most that ever hatched from one setting and that didn't happen but once. I didn't have good luck with my chickens. The eggs didn't hatch very well, and I couldn't tell the reason why. In one setting there was not an egg hatched. I thought it was because the hen didn't set on them all the time. She would go off the nest and stay all day long. After the hen sat on the eggs three weeks I took her off and the eggs had hatched. I put the chickens with her and fed them some corn bread. The insects that bothered my chickens were chicken ticks, mites and a few fleas. I took some scalding hot water and put it in the chicken house and scalded part of them. Then I burnt the straw that was in the nest and got rid of part of them, but there is still some more in there. After a while the chickens grew up and some of them smothered. Some drowned, and some just laid down and died. The roosters are big enough to crow. Here is a verse that I have read. In narrow ways of dealing With our work, we get the feeling By some one else our work cannot be done. We're like the rooster, knowing, Who thinks it is his crowing That bring about the rising of the sun. My rooster doesn't only think that he bring about the rising of the sun but he brings about the rising of me. Our club has enjoyed our meetings very much, one time especially, and that was when we played some games such as, "The Cracker Race," "The Living Alphabet," "The Newspaper Race" and "The Chair Race," the last of school. The number of chickens that we ate here at home were six frying size ones. I have not sold any chickens, but I have sold \$3.45 worth of eggs. The first thing I was to do to get my chickens ready for the fair was to build a pen. I built a pen about two weeks before the fair and put the chickens in it and the first thing I knew those chickens were out of the pen running around just as if they had never seen a pen before. I caught the man put them back in and fixed the hole where they got out. I fed them and went to the house and they got out again. I put them back in two or three more times but they stayed out the last time. Then I got some gloss starch and tried to clean their feathers with it, but couldn't, so I washed good with water and soap. Then I made a coop to take them to the fair in. The club work has helped me to learn how to set eggs and how long it takes them to hatch. It has helped me to learn how to care for chickens and how to feed them and how old they should be before they are fed or watered. It has caused me to have good times at the meetings that I wouldn't have had if I had not joined the club. It has also helped me to make money by selling chickens and eggs. Of course, I care for other chickens besides mine but I care mostly for mine. The other chickens that I raise are White Leghorns. Here is a song that I made from another one:

Wyandotte eggs in a loamy plain,  
Makes them hatch if we get rain  
Set away, set away, Poultry Girls,  
Catch the flea and watch the weather.

Work one and all together.  
Set away, set away, set away, Poultry Girls.

Chorus.  
For Poultry Club of Dixie, Hurray,  
In Dixie land we'll take our stand  
To live and set in Dixie,  
Away, away, away down South in Dixie.

2.  
Now quit your setting and go to hatching  
Take them off and go to watching  
Watch away, watch away, watch away, Poultry Girls.  
Then turn them out on the grass oh honey,  
Each chick means some ready money  
Watch away, watch away, watch away, Poultry Girls.

3.  
Come customer step up and try 'em  
Taste 'em once you've got to buy 'em,  
Sell away, sell away, sell away, Poultry Girls.  
The Poultry Girl, you'll not forget her,  
Makes the best a little better,  
Sell away, sell away, sell away, Poultry Girls.

4.  
What we sing, you'll remember,  
Eat our soup this cold December  
Sing away, sing away, sing away, Poultry Girls.  
Makes you feel so gay and wavy  
Fried chicken in your gravy,  
Sing away, sing away, sing away, Poultry Girls.

## The First Bottle of PE-RU-NA

Gave Relief SO Writes

Entirely Free from Catarrh of the Stomach

"Peruna has positively done for me what many doctors failed to do. I have been time and again compelled to take to my bed for days. The first bottle of Peruna gave relief and while I always keep it in the house for emergencies, I consider myself entirely free from catarrh of the stomach, the trouble from which I suffered for so long before taking this remedy."

**No Worms in a Healthy Child.**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Roscoe Wilson went to Brownfield the first of the week on a short business visit.  
J. E. Shelton, real estate dealer of the Brownfield country, was here Tuesday attending to business matters.

## GROVER ISBELL AND MISS ETHEL HILL WED.

On last Thursday afternoon, Rev. J. H. Edmonds united in marriage, Miss Ethel Hill and Mr. Grover Isbell, at the home of the bride's brother, a host of friends here who wish them C. E. Hill. These young people have many blessings on the sea of matrimony.

The bride is a daughter of Mr. and Mrs. T. M. Hill who live just north of town. She is a lovable young woman who will be a faithful companion to him who won her heart. Congratulations are in order for the lucky Mr. Isbell. The couple left on the south bound Orient for Lubbock where they will reside.—Hamlin Herald.

## FLOYDADA TO GROW MUCH SPRING WHEAT.

Floydada, Texas, Feb. 5.—Present indications point to an unusually large acreage devoted to Spring wheat in Floyd county this year. As a rule Spring wheat is inferior in yield to Winter wheat, but the inability of many farmers to sow down the acreage they had planned to Winter wheat has led many to experiment with Spring varieties. The shortage of labor for maize and cotton harvesting last Fall is inducing many to keep a large proportion of their crops in small grains in order to facilitate harvesting by distributing labor more evenly throughout the year.

## BEAUMONT SHERIFF IS STILL MISSING IN N. Y.

Edward Best, Sheriff and City Marshal of Beaumont, who mysteriously disappeared from New York, where he went in connection with a land deal, has not been seen since. His son is now in New York and search has been started by the police. The son stated to the authorities of that city that his father left home October 12 last with \$5,000 to discuss with lawyers in New York claims by another man to land that he had bought in Louisiana. He checked out at a hotel here December 7 and has not been heard from since.

## MR. REEDY RETURNS TO LUBBOCK McADAMS YARD.

Mr. Reedy, formerly bookkeeper with the McAdams Lumber Company at this place later in charge as manager of the yard at Shagrock, Texas, has returned to Lubbock and will make this his headquarters. He will take up the duties of auditor for the company in this territory, which place was made vacant when Geo. W. Murfee tendered his resignation.

Save the pieces when you break it—Lubbock Welding Co. 307

Jim Smith of the Meadow community was in town last Saturday attending to business matters.

**You Do More Work.**

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

**FOURTH DEATH IN ONE COLORADO HOME IN WEEK.**

Colorado, Mitchell Co., Texas, Feb. 6.—Forest, the 18-year-old son of Mrs. D. L. Phillips, who died last night with influenza, was buried today by the side of his three sisters who were buried yesterday, all of whom died within thirty-six hours.

The situation is alarming here. There is so many cases that local physicians are unable to see all the sick.

The State Health Officer has telegraphed that physicians are on the way here to assist in fighting the epidemic.

**LUBBOCK BANKER ATTENDING AGRICULTURAL MEETING.**

C. E. Maedgen, President of the Security State Bank & Trust Company of this city, left the first of the week for Dallas where he goes as a member of the Agricultural Committee of the Agricultural and Mechanical College of this State. Mr. Maedgen will attend a meeting of this committee in Dallas this week and will probably return home Saturday.

**LOCAL ARCHITECT COMMENTS ON PRESENT BUILDING PRICES.**

An advance in many important items entering into the construction of modern brick buildings having increased as much as three hundred per cent in the past six weeks together with an advance in the wages of certain classes of labor has brought about a great deal of anxiety among the builders over the entire State. In conversation this week with Walter E. Taylor, local architect, and one of the best informed men in this section of the country on cost of materials and buildings, we find builders are bewildered at the recent jump in prices of materials. Mr. Taylor believes that one of the biggest detriments to the whole country's development now is the "high handed robbery being carried on by firms handling commodities entering into construction of houses."

More than two hundred thousand dollars worth of construction in our city was started about six weeks ago and Mr. Taylor had made estimates on the tentative plans of several of these buildings. For instance, one was a structure being built for offices and to be the home of the lodges of the city. The building six weeks ago was estimated at \$85,000 is now conservatively estimated at \$115,000. A church building which a local church made plans and for which Mr. Taylor made estimates of costing approximately \$55,000 today will conservatively cost \$75,000.

Mr. Taylor informs us that one item—laths, has jumped from a price of about \$9.00 per thousand, to more than \$20.00; brick layers' wages have advanced several cents in the past few weeks.

"It is not the cost of production and handling these high priced article demands that they bring present prices is a sane reason for the present conditions," says Mr. Taylor, "but the demand for building over the State is so great that the present prices are easily obtainable, therefore it looks as if until the demand has been satisfied to a certain degree there shall be any noticeable drop in the prices."

"Vitrified brick, which the city recently let a contract for the paving of the city streets, have jumped to higher scales of prices than when contracted for by the city." This reason being made plain by the fact that several large cities, such as Greenville and others, are letting contracts for paving their streets with brick.

Another instance showing clearly what amount contractors are figuring the recent rise in prices is: estimates for the construction of a rural school building in Lubbock county, which was figured by the architect to be \$8,000. Bids have been received recently for this building and the lowest received was about thirteen thousand dollars—or five thousand dollars more than estimated two months ago.

We have the biggest stock of light globes in the city. Yes, and other electrical supplies too. Simpson Electric Co. 331.

# SUCCESS

Mere acquisition is not success. Otherwise we would honor the burglar. The true test of success is SERVICE. Do not mistake your goal.

Your success is the love, respect and consideration paid to you by those whom you serve. Your money is merely an incident of such service.

We try to make our service 100 per cent perfect and do not measure our success alone with the money we make.

## The Season's Smartest Styles for Spring

Daily they arrive. Already we are showing very comprehensive lines of magnificent Suits, Skirts and Waists.

**NEW SUITS**—For such a season as this, in which the suit will be more than usually popular for general wear, the arrival of advanced modes this early in the season we regard as exceptionally fortunate. Colored embroidery is usual but simplicity of line and trimming is equally good taste.

Special Prices . . \$35 to \$47.50

**NEW WAISTS**—Clever styles in Georgettes and Crepe de Chine, prettily trimmed with laces; short or long sleeves; in all the popular shades.

Priced . . . . . \$4.75 to \$20.00

## K. Carter's Store

Phone 434

**HOG AND SHEEP PRICES HIGHER; CATTLE STEADY.**

High prices today were 50 to 75 cents higher and close to the 15 cent level. Cattle sold slowly at steady to strong prices and sheep were strong to 25 cents higher. The rally in the market is due to sharp declines last week that cut down receipts today, and indicate that the country will adopt a holding policy for an improvement in the market.

**Today's Receipts.**  
Receipts today were 12,000 cattle, 11,000 hogs, 11,000 sheep, compared with 20,000 cattle, 11,000 hogs, and 7,5000 sheep a week ago, and 16,150 cattle, 23,150 hogs, and 6,000 sheep a year ago.

**Beef Cattle.**  
Though cattle receipts were materially smaller than a week ago, there was no rebound in the market. Chicago reported lower prices, and here trade held steady to strong. Quality of the offerings was much the same as last week with the bulk of the steers selling at 11.50 to 13 top \$13.75. Some common killing steers brought \$10.00 to \$10.50. Butcher cattle were steady, exceptions stronger, bulls steady and veal calves strong to 25 cents higher. Veal calves sold up to \$16.00.

**Stockers and Feeders.**  
Last week's decline in fat cattle cut down demand for stockers and feeders, and prices today held about steady at that decline. Feeders, including fleshy kinds, sold at \$10.00 to \$12.25, few above \$11.25, and stockers sold mostly at \$9.50 to \$10.50. Good stock cows and heifers were firm, plain and common kinds slow sale.

**Hogs.**  
The hog market opened with traders and shippers paying 75 cents higher prices. Owing to lower bids by packers in Chicago, packers here did not follow the opening advance, and in the final dealings bought hogs about 25 cents above Saturday. The top price today was \$15.00, and packers' top \$14.50, with the bulk of hogs selling at \$14.25 to \$14.85.

**Sheep and Lambs.**  
Prices for best sheep and lambs were strong to 15 cents higher, and plainer kinds were steady. Lambs sold up to \$19.65. Receipts were fairly liberal, but a good clearance was reported. Most of the lambs sold at \$19.00 to \$19.50 and ewes at \$11.50 to \$12.25. There is much better demand for mutton and lamb than for beef or pork.

**Horses and Mules.**  
Following last week's five day auction of horses and mules, the open supply this week at the horse barn is liberal. A large number of buyers, together with numerous orders are in evidence in the trade. Prices are fully steady.

CHARLES M. PIPKIN,  
Market Correspondent.

A child that has intestinal worms is handicapped in its growth. A few doses of **WHITE'S CREAM VERMIFUGE** destroys and expels worms; the child immediately improves and thrives wonderfully. Sold by All Druggists.

Because of its all-around utility, the Ford one-ton truck—with worm drive—has made itself an absolute business necessity. It is so dependable in service wherever placed, flexible and sure in control and low cost of operation and maintenance and possessing that vanadium steel strength, it has become the want in every lines of business, from retail merchant to manufacturer, from engineer to contractor, from corporation to farmer. Let us tell you details and give you a demonstration.

### BRADLEY AUTO COMPANY

**WOMEN'S HOME ECONOMICS SHORT COURSE IN MARCH.**

Miss Halsey advises us this week that there will be held in this county during March a Woman's Home Economics Short course something on the order of the Short Course given here last year for the children only embracing women's work.

**MRS. DORA BARNES HAS SUPERVISION OVER 80 COUNTIES.**

Mrs. Dora Barnes of the Agricultural and Mechanical College of this State has probably one of the largest territories in the country to supervise. Miss Barnes visits the different Home Demonstration Agents regularly and tries to create interest in counties without agents.

Farmers—Bring those broken parts on your implements, gas engines, automobiles, etc., to us, we will weld them and guarantee them never to break. Save time and money—Lubbock Welding Co. 504f

**EASES A COLD**

**WITH ONE DOSE**

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery. The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound" which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

T. B. DUGGAN, Vice-Pres.

LUBBOCK, TEXAS

Mrs. S. B. Pierson of Aspermont, who has been under treatment in the West Texas Sanitarium, is convalescent and she and Mr. Pierson will perhaps visit relatives at Bronco for some time before returning to their home.

## FOGGY?

If Bilious, Constipated or Headachy take "Cascarets."

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

## STEREOPTICON LECTURE AT METHODIST CHURCH SUNDAY.

Rev. W. E. Lyon, Missionary Secretary of the Northwest Texas and New Mexico Conferences, will deliver at the Methodist church next Sunday night Feb. 15, a special illustrated lecture on the European situation. Do not fail to hear this very interesting and instructive lecture.

The lecture deals with the devastation of Russia, Poland, Serbia, Belgium and France.

If you are thinking of buying, building or improving your home or residence or business property, I can furnish you the money on terms that will suit you.

CLAUDE B. HURLBUT, Citizens National Bank Building. 333

Dr. J. A. Craven of Ranger was here the latter part of last week looking after business matters. He was enroute to Hale county, where he had closed a land deal involving two sections.

Special bargain for one week: 105 acres, 4 room house, well and mill, good barn and sheds, garage, 80 in cultivation. 1 1-2 miles of Lubbock. See J. E. Garrison, owner.

## WE WILL HAVE FREE MAIL DELIVERY, IF!

Lubbock is going to have paved streets, they need it and it is money well spent. Lubbock needs its streets named and houses numbered before it can have free mail delivery. Free mail delivery to your office or home is worth more than the cost of naming the streets and numbering the houses. Once you have it, you always have it. No upkeep. You will welcome that familiar call M-A-I-L some morning before you are out of bed, and realize what a good thing it is. Lubbock is emerging from mud holes and the tall sticks, and every cent put into a municipal enterprise is well spent. Now, Mr. neighbor, if you find a man who is going to drop his head, pull on the bit and stop him, because the majority of the people of Lubbock want the streets named and a few should not hold back and be slackers, only to deprive others of what's coming to them. Through courtesy of the city commissioners last Tuesday evening, I attended their meeting to devise ways and help name the streets of Lubbock. A plan will shortly be submitted to the Chamber of Commerce. It is a big job if done right and can assure the public that should I handle the task it will be done right. Let's put our shoulders to the wheel and put it over. Get to know your city! Let's all go! For a bigger and better Lubbock.

H. H. JONS.

Plainview citizens voted for a new Charter and at the same time elected fifteen men to frame a new one by a vote of 20 to one last Saturday. After the charter is framed there will be an election for the adoption of same.

The Hudson-Essex Auto Co., of Lubbock, has been formed by local people for the purpose of selling the Hudson and Essex cars. They will also run a general repair shop for the above mentioned cars, exclusively. These people have cars on the road and if you are in the market for a car that has been tried and stood the test, and want a car now instead of having to place your order and wait your turn for several months, see Frank Higgins or Jesse Ingram. Now located in the Russell building west of the Lubbock State Bank. 331

## CARD OF THANKS.

We wish through the columns of the Lubbock Avalanche to express our thanks and gratitude to our many friends and friends of my brother and family, who administered to our needs and comforts during his sickness and death. We pray God's richest blessings on each and everyone. And we so sincerely appreciate the floral offerings. They were so beautifully and artistically arranged by those tender hands. May each life be strewn with the fragrance of those beautiful flowers.

Your true friends,  
His mother and sister,  
MRS. M. E. SIMPSON,  
MRS. T. H. CHRISTOPHER. 331p

If you are thinking of buying, building or improving your home or residence or business property, I can furnish you the money on terms that will suit you.

CLAUDE B. HURLBUT, Citizens National Bank Building. 333

## Very Alluring are the New Millinery Modes Now in Vogue

We have received several big shipments of Millinery this week and very brilliant hues and materials predominate in this gracious showing. In ornamentation too these modes are colorful and suggestive of the gayety of the new season. Prices are pleasing.

### Suits for the Season

Half the charm of this season's suits lies in the diversity of delightful modes. Bandings as huge pockets of embroidery decorate many suits of Tricotine and Coiret Twill, to give a jacketed with plain material.

From \$42.50 to \$175.00

### HIGH SCHOOL NOTES.

By Fern Wheelock.

The big basket ball game between Lubbock and Littlefield has started the high school boys off in good spirit. The athletes of the school are busy engaged in running, jumping, playing ball and various other athletic sports. They are working hard to win all the loving cups this year at the track meet, which will be held at Lubbock in April. All the students are backing the boys.

Wednesday morning the Choral Club met and practiced songs for the following Wednesday. This week their program was rendered in chapel. Friday morning the whole body of students met in the auditorium to practice yells, songs, and other boosts for the boys.

A few of the pupils have been out with the influenza, but we expect them back soon. Irene Lowery and Hubert Burgess have returned to our class since their recovery from the flu.

Watch out for "Deacon Dobles" advertisement. The Seniors expect to render the play in the near future at one or two of the neighboring towns. We appreciate the patronage given us at our play at the Lindsay

Theatre and hope some of the people of Lubbock will go with us to the other towns.

Mesdames Rankin and Hines have been teaching in the school as substitutes for Misses Thurman and Johnson, who have been detained at home with bad cases of the flu. Ethel Caldwell and Maggie Hensley, from the Senior class, have also been teaching. The janitor has the flu, so Arnett Pearson and Lonnie Montgomery have been acting in his place. They made better janitors than they do Senior students.

Reverend W. A. Bowen, the Baptist minister, has had charge of the Spanish classes for some time. A new Spanish teacher is on her way to Lubbock, where she will at once take charge of the Spanish department in the High school.

### THE WEEKLY BATCH FROM NEW HOPE COMMUNITY.

We had a little shower of rain Tuesday night.

Most everyone is getting over the flu now. A few cases of small pox have been reported in our community.

S. P. Eoff and sons, Messrs. Calvin and Eaby were in town Saturday afternoon.

Mrs. Barber, who lives on Mr. Stewart's place, underwent an opera-

tion last week. She is getting along nicely.

Miss Blanche Emms and brother, Clarence, attended the picture show at Lubbock Saturday night.

Mr. and Mrs. S. D. Pate and children spent Sunday afternoon at the home of Mr. and Mrs. S. P. Eoff. A few of our young people attended the party Saturday night. All report an enjoyable time.

Little Misses Clovie and Emma Beth Dryden spent a while at the Eoff home Sunday afternoon.

Miss Beulah Evans spent Sunday with Miss Onita Pate.

Miss Maggie Bounds spent Saturday and Sunday with home folks at Lubbock.

Miss Vinetta Eoff and brother, Ealy spent Sunday afternoon at the home of Mr. and Mrs. Emms.

A few of the people of this community met at the school house Sunday afternoon to reorganize Sunday school.

Mr. and Mrs. L. C. Boyd visited Mr. and Mrs. Bridson Sunday afternoon.

Mr. W. W. Nunley took his last bale of cotton to town Monday.

Mr. and Mrs. M. Rhoades were in town Saturday afternoon.

Mr. Jim Brown was in town Saturday afternoon.

Mr. T. J. Richardson was in town Tuesday afternoon.

Mr. Emms went to the Elwood

ranch Tuesday to get some cattle, which he has bought.

Mr. Virgil Cowart was seen at the Pate home Saturday night.

Mr. and Mrs. M. Rhoades were Lubbock visitors Sunday afternoon.

Mrs. Emms returned home Tuesday morning from a two weeks' visit in Arizona and New Mexico.

### PIONEER STOCK FARMER DIES AT HOME HERE.

Charles Peron Simpson, one of the early day citizens of the Southplains and a successful stock farmer, died at his home in our city, last Friday morning at 2:30, after an illness of only a week of influenza which developed later into pneumonia.

The deceased came to this section of the country about twenty years ago and followed the stock farming business for several years. Some few years ago he entered the grain business in Lubbock which was known as the firm of Simpson and Bounds. In all his business dealings over the entire section of the Southplains, the deceased was reputed as an honest and fair business man.

The deceased was born in Penola county, Texas, July 3rd, 1876, and died at the age of 43 years, 7 months and 3 days. He is survived by his wife, and two children, John and Annie Lee.

Funeral services were conducted last Saturday afternoon by Miss Rachel Elder of Floydada, Texas, assisted by Rev. J. T. Griswold, pastor of the Methodist church of this city. Interment was made immediately after in the Lubbock cemetery.

### IMPORTANT NOTICE.

I can still make you a loan for less than 8 per cent on farms and ranches. See me at once and take advantage of the special rate.

CLAUDE B. HURLBUT, Citizens National Bank Building, 333

MRS. W. E. ROBINSON CALLED TO DALLAS.

Mrs. W. E. Robinson of the Robinson Furniture Company of this city was called to the bedside of her sister in Dallas this week. Mrs. Robinson will remain there until her sister recovers and will probably go to market before returning here the first of next week.

Richard Whitley of the Gomez community in Terry county was in town two or three days this week receiving medical treatment from local physicians.

### Why Not Give Your Trade

to us this month and join our big list of satisfied customers? We Claim to Give You Better Service

better goods, on a smaller margin of profit than any other store in town. Try Us this one month and be convinced.

Green vegetables are fine this season. We are getting them from South Texas and also from California.

If you trade with us you will have the satisfaction of knowing that you have the best on the market.

H. A. DAVIDSON BUYS ELK CAFE OF CONDOR HENRY. Condor Henry, owner and manager of the Elk Cafe, one of the popular eating places of our city, sold his business this week to H. A. Davidson local grain dealer. Mr. Davidson has secured the services of Mr. and Mrs. H. L. Hicks who will take charge of

the management of the cafe. Mr. and Mrs. Hicks are well known here, having been in the restaurant business for some time in our city. Mrs. A. C. Pierson of Abilene, who is in the West Texas Sanitarium for treatment, is improving rapidly and will return to her home the last of the week.

**PARK COMMITTEES MEET WITH COMMISSIONER'S COURT.**

The two park committees of Lubbock county met Monday afternoon of this week with the Commissioners' Court. The purpose being for a gentlemanly agreement of apportionment of the park funds to be expended this year. Slaton's committee comprised of A. I. Kuykendall, J. H. Brewer, W. Donald and W. P. Florence. Lubbock's, J. O. Jones, T. B. Duggan and O. L. Slaton.

Based on the tax valuation of property for park purposes, it is estimated that there will be \$6000 available this fall for this purpose. The park which is to be located at Lubbock will comprise of eighty acres of land, part in the canyon and part on level land, known as the Boles property. Account of the fact that the Chamber of Commerce of this city wishes to put on foot a movement to organize and perfect a South Plains Fair Association and build suitable buildings for this purpose, the purchase of the above property is much needed. The fact that the money for park purposes is not on hand at this time so that the property can be bought, brought about an investigation by interested parties and the Chamber of Commerce for establishing an apportionate amount of the money coming in this fall to find what proportion of the \$6,000 that Lubbock would receive so that a purchase of the land could be made through individuals who would have sufficient security to advance the amount of first payment on the property.

The Slaton committee having made no definite step toward the purchase of park ground, having ten acres of which was donated by the Santa Fe Railroad, did not know definitely what should be the correct apportionate amount. A general discussion of the value each park would be followed.

The Slaton Committee asked for one-third of the funds for park purposes, while the Lubbock Committee, believing that more than three-fourths of the county would use the Lubbock park, thought that at least three-fourths of the funds should be apportioned to our city. The two committees failing to reach an agreement the County Judge presiding at the regular session of the Commissioners' Court, advised a vote which was made and resulted in a decision of the Commissioners to divide the funds, one-third to Slaton and the balance to the Lubbock park.

It is planned now for immediate steps toward the purchase of trees and fencing of the eighty-acre tract which has been purchased for Lubbock. A committee has been appointed by the Chamber of Commerce to help in laying plans for the beautifying of the park grounds. It is thought that out-door bake ovens, fresh well water and probably phone service will be installed in the park grounds for use of the tourist of the country during the summer months. The Fair Association will be organized in a few days and estimation on the approximate cost of the buildings to be erected will be made.

William M. Peck, president of the Farmers National Bank of this city, was in the Silverton community last Sunday.

# "It was a hard life, but a good life, and a life that built MEN"

## THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

**INFANTRY**—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

**CAVALRY**—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

**FIELD ARTILLERY**—"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

**CORPS OF ENGINEERS**—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in any of the mechanical and building trades.

**COAST ARTILLERY**—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

**AIR SERVICE (including BALLOON CORPS)**—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

**ORDNANCE DEPT.**—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

**SIGNAL CORPS**—Whether it's laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

**MEDICAL DEPT.**—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

**TANK CORPS**—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

**QUARTERMASTER CORPS**—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

**CONSTRUCTION DIVISION**—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

**CHEMICAL WARFARE SERVICE**—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

**MOTOR TRANSPORT CORPS**—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

WHEN I got out of the Army, I raised my right hand over my derby and said, "Never again, I hope!"

And I am here to state that I was just one of about 3,000,000 who felt like that—only stronger.

It was my privilege to kick and believe me, I did. I couldn't get out too quick—I wanted a feather bed, restaurant food and trousers that flapped around my ankles.

But now that I'm out, civil life is not all that we cracked it up to be! And the Army looks like a pretty good place, after all.

I've been and seen and done things that I wouldn't give up my memories of, for anything.

I had a fine crowd of buddies—two-fisted men with a regular man's outlook on life.

I learned how to take care of myself and all comers—to hold my own with the best and with the worst.

And I learned the sort of discipline that makes a man able to handle men.

I got pretty fair clothes—not as good as the Army gives in peace time but warm and plenty of them—and they didn't set me back sixty a suit, either.

Meal—well, did you ever see a hungry looking soldier?

We all kicked then. Some of the rear-rank generals will always kick. You can't please some birds ever.

The Army never was a bed of roses—it was not meant to be. It is a powerful fighting machine. And even right now, with the peacetime lack of hardship, it's still no place for the lad who won't "play ball."

But, the man who does his duty, who snaps into the spirit of the game, who stands on his own feet, who plays hard and plays clean—there is the chap who gets along and eats up the Army life.

He learns how to handle men, he rises in rank as fast as he proves himself.

He is intrusted with important and interesting work.

He gets more money clear than he could save in civil life.

He comes out with a better education—he has a real time with a good crowd of regular he-men.

He's seen something and been something and done something for the little old U. S. A.

### Where the U. S. Army Serves

American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the U. S. A. The Recruiting Sergeant will gladly give you all the details.

Like every one else in the Army from General to Buck Private, you're under orders and if your outfit moves and you're needed elsewhere, your duty is to go.

The Nearest U. S. Army Recruiting Stations Are:

Room 205 Security State Bank Building  
Lubbock, Texas

## Reasons!

Why you should use Cardui the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, by not give Cardui a trial?

Take

## CARDUI

The Woman's Tonic

Mrs. Mary J. Irwin, of Cullen, Va., writes "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness . . . I would go for three weeks almost bent double . . . My husband went to Dr. . . . for Cardui . . . After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

Will Adams, hardware merchant of Brownfield, accompanied his brother, O. E. Adams, to a local sanitarium last Sunday. Mr. Adams informed us that his brother's condition was considered dangerous. After being confined for some time to his bed account of an attack of influenza-pneumonia.

### FLORENCE REYNOLDS CASE TO BE HEARD BEGINNING 16TH.

The case of where the State of Texas versus Mrs. Florence Reynolds charged with the murder of her husband near Canyon several years ago, will be tried again in the District Court at Lubbock about the 16th of this month.

This case was tried here in the last regular session of District Court and the jury which tried the case found Mrs. Reynolds guilty of murder and gave a sentence of five years in the penitentiary. By the reason that the jury discussed part of the case which was not to have been considered the Court of Appeals repealed the verdict, therefore a new trial will be heard.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 50c per bottle.

Since prohibition went into effect the city of San Angelo has rented their jail building for a storage room for feed.

### LOCKNEY BANK HAS CHANGE IN OFFICERS.

Lockney, Texas, Feb. 5.—France Baker of the First National Bank of Lockney has sold his interest and has resigned as president. He will be replaced by E. B. Brown of the Amarillo National Bank.

Deposits in the Lockney banks, as reported in the last call, are running very heavy, totaling \$1,079,702, for the two banks, the First National and the First State.

The new directors of the First Bank of Lockney are: W. N. Brown, president and cashier; T. A. Neaves, vice president; J. A. Smalley, E. Guthrie and J. J. Hair.

### SLIDE HAPPENINGS OF THE PAST WEEK.

We are having some cloudy weather and cold east winds which are very disagreeable.

There is lots of flu near Slide and the joining communities but none fatal so far, which we are very glad to say.

J. C. Stanford is hauling feed from his farm near Lubbock this week.

W. W. McCain moved to the O. P. Baker place Monday. Mr. Baker will move to Brownfield soon.

Robert Ellison carried the Slide mail Wednesday.

W. H. Arnett and wife spent Tuesday night with John Arnett and wife of Meadow.

W. D. Riegher of Lubbock was at Slide Wednesday.

Noah Smith, of Joe Stokes, was shopping at Slide Wednesday.

Mrs. J. C. Stanford visited Mrs. Dowell Stanford Tuesday.

Sailor Williams was shopping at Slide Monday and he reports most every one having the flu in the Lakeview community but all are doing nicely.

Collin and Doris Myatt of near Slaton spent Saturday night in the home of R. W. Harriot.

Miss Bernice Robertson, the Slide school teacher, has the flu this week.

Robert Ellison and wife and Emma Grady Harris spent Sunday with friends in Lubbock.

Andy Moore and wife of near Ropes spent Saturday night with B. M. Moore of Slide.

Robert Ellison and wife spent Wednesday with relatives in New Home community.

Lubbock county is one of the most productive counties on the South Plains for many of the farmers are not through gathering the 1919 crop yet. All kind of sudan and maize not thrashed.

### NEW PASTOR TO COME TO NAZARENES.

Rev. P. B. Wallace, of Nocona, Texas, has accepted the pastorate of the Nazarene church at this place and will arrive with his family in a short time to make this his home. Miss Rachel Elder who has been pastor here for some time, was compelled to give up the work on account of her health not being good.

### TO THE PEOPLE OF LUBBOCK AND ATTACHED COUNTIES.

In addition to my statement to the editor authorizing the announcement of my candidacy for the office of county judge and ex-officio county school superintendent, I wish to say a few words to you.

The base and substance of my platform is: Do the most possible service to all the people with least expense to them, extending special favors to as many as I can but none to one that would not be granted to any other under like conditions.

My dominating purpose, if elected, will be to serve with equal zeal every part of the county. Of course my nature will force me to look especially after the interests of the rural communities. But my judgment will lead me to see that the towns get due consideration for the interests of town and county are so interlocked that their prosperity rise or fall together.

Would it not be paying a deserved tribute to the humble but great occupation of farming for you to choose one directly from the farm to fill one of your highest county offices and is it too much presumption for me to hope that you may judge me worthy to be the citizen thus honored?

Respectfully,  
W. P. FLORNECE.

### Farmers Convention at Dallas, Texas, January 21-22

Called by Fred W. Davis, Commissioner of Agriculture of Texas, at the request of the Executive Committee of the State Farmers' Institute, for the purpose of mapping out Farm Plans for 1920. The Honorable Fred W. Davis not being present J. W. Neill, Director of Institutes

was elected chairman. Report of Committee on Resolutions. We, your committee on resolutions submit the following:

There is great uneasiness, unrest and a general demand that something be done to reduce the high cost of living. Never in the history of the country has there been such a world-wide demand for greater production of the necessities and essentials of life. That there is something radically wrong, all admit and none deny. There must be a fundamental cause for this deplorable condition. The cause must be found and relieved.

This Nation and State are essentially agricultural. Agriculture is their foundation. No structure can stand whose foundation is weak and defective.

They have appealed to the Commissioner of Agriculture of Texas, who is a practical farmer, and spent his life studying relief measures for the farmers, to call a meeting of farmers and those who know their troubles, who know the causes which have been driving farmers and farm boys from the farms, and let them tell of their troubles and the remedies, that their friends and the public may know where the weak place in the foundation is—where aid must be given to prevent the structure from ruin by hunger, lack of clothing and general poverty.

Answering the call, in Convention assembled, we give as our opinion from self-knowledge and from practical experience, that the principal cause for the exodus from the farm has been for the past forty years, and is yet, that the farmer has not had any voice in the price of the products he and his family toil in to produce.

With our livestock, the packers have had the pricing at both ends without regard to cost of production. Fluctuations have been up when

there were few to sell, and down when the bulk had to be sold. With our wheat, corn, oats, and cotton, speculators in futures, who have no interest in our products, farms or families, have been permitted to combine and manipulate the price of our products and cause them to sell for one price today and another tomorrow, and seldom for as much as the cost of production, attaching such hazard to the business of farming so that no intelligent man who can help himself will continue in it. On the other hand the toll taken as commissions, profits and otherwise, makes the profits excessively high to the consumers.

"Any Nation or State, depending upon certain products for existence, that fails to protect their value to the producers, to cost of production and a reasonable profit against combinations or manipulations of gamblers, writes its doom economically, morally and socially."

All fair-minded men say we are entitled to a voice in the price of the products we produce, and commercial practices require it. Experience and sound judgment have taught us the past few years, that by controlling the flow of our products to market, we can control the price of them to cost of production plus a reasonable profit, the same as the producers of manufactured products. Like the manufacturer, if we produce a surplus we must take care of it by carrying it over, and if necessary, reduce the supply, which we can and will do.

To control the supply of products to the market, requires organization among the farmers, which should be encouraged and aided by all governmental agencies which are interested with the execution of the laws which effect farming and agricultural interests in this State. To control the flow of these great fundamental products to market, will materially interfere with the profits in speculating and gambling, and correct the cause which is creating this unrest. Decision must be made as to whether we will preserve peace, plenty and a satisfied citizenship of the whole people, or preserve a profitable system of gambling and speculating to a few. When this decision is made in favor of the producers, then the "Back to the Farm" movement will begin by men of determination to own a home and make rural life what it is desired to be. Then farmers will be financially able to improve their farms and their methods and do the things which those not acquainted with farm conditions, urge the farmers to do. Therefore in view of the premises, be it

Resolved, 1. That we urge all agencies and influences interested in farming and agriculture, to render every assistance possible to make farming profitable, and farm life attractive; to perfect a marketing system for all farm products through which the producers of farm products will receive the cost of production and a reasonable profit for such products.

2. That all friends of the farming interests are requested to aid in establishing a system by which those interests can finance their operations and secure their necessary supplies on the most economical basis.

3. That as an aid to making attractive farm life and rural conditions, we demand the immediate improvement of rural schools so that there will be no cause for moving from the farms to the cities and towns in order to secure educational advantages, and in this connection we insist upon the adoption of a system of vocational training in all grades of the rural schools.

4. That there exists a great necessity in the rural districts for such training as should be given at the College of Industrial Arts, and we urge that some arrangements be made by the State by which there may be established in the College of Industrial Arts, a reasonable number of scholarships in order that there can be trained in that school experts who can teach Industrial Arts in the counties of the State, and we further suggest that every effort be made to fix at the minimum, the cost of attendance at the College of Industrial Arts.

5. We endorse the Federal Farm Land Bank Act, and recommend that farmers secure their land loans through the system created by that Act of Congress.

6. We urge the farmers of Texas to avail themselves of all present warehouse facilities, and we recommend such legislation and such amendments to the Constitution as may be necessary to establish a system of warehouses on the most economical basis, capacitated to protect cotton and other farm products from waste.

7. We recommend that the enforcement of all laws affecting agriculture and marketing of farm products, should be entrusted to and placed under the control and supervision of the Commissioner of Agriculture, elected by the people of Texas; and that all agricultural activities other than those at the sites of State Institutions be conducted by and through the Department of Agriculture of the State of Texas. We recommend that whatever federal aid may be rendered farming activities, should be done through and under the absolute control of the State Department of Agriculture.

8. We recommend that the road building in the State should be so planned and put into operation as to first accommodate and develop the farming interests of the several localities in the State, rather than in the establishment of tourist highways, and we condemn the waste of public funds in the construction of roads which are not durable. The development of the farming and the protection of every other interest, demand that all roads be built so as to accommodate the farming classes in their community interests such as marketing farm products, schools, churches, and building community centers.

9. We demand that in all cases where in the sale of land in Texas, all the mineral rights have been reserved, that such rights be assessed and taxed as other property is assessed and taxed.

10. We demand that the Federal Reserve Bank be amended so that the Federal Reserve Banks shall lend money direct to farmers on approved warehouse certificates issued against non-perishable farm products; and we insist that the Senators and Representatives in Congress use all of their influences to have said Act amended as here suggested. It has been observed from time to time that throughout almost the entire State, much of the cotton has been bought on a basis of undergrading from one-half to more than a grade; and at the same time no consideration was in any manner, given to the staple of cotton. This unjust custom has, in some localities, entailed an average loss of at least \$20.00 to \$35.00 per bale on the last year's cotton crop.

In view of this unfortunate state of affairs we recommend and insist that necessary laws be passed at an early date for the prevention of such practice and to avoid the occurrence thereof.

Experience has taught us that if a profitable price is desired for cotton, it must be secured by organization among the farmers, which is made more effective by producing a living at home as far as possible. In this connection, the State Department of Agriculture is at the head of a cotton growers' association. It began an educational campaign in 1917 to instruct the public how the price of cotton is made and how it can be controlled by the producers, which has produced satisfactory results. Beginning with 1920, the Department is organizing the farmers into a strong compact cotton growers' association under State authority, supervision and expense, thus forming the strongest and safest cotton growers' association that it is possible to form; and we urge all organizations of the State to co-operate with the Department in forming this association and carrying out its aims.

Respectfully submitted,  
John Davis, Chairman; W. B. Yearly, E. R. Kone, J. L. Armstrong, J. W. Osburn, Z. D. Kemp, J. A. Kinard, G. S. Bruce, R. R. Walker, H. B. Cook, E. J. Randall, T. N. Jones.

Miscellaneous Statements and Resolutions.  
1. Be it resolved: That we instruct the Secretary of this Convention to prepare copies of the reports of Committees on Resolutions and Farm Plans for 1920, and furnish same to all the leading daily papers for publication in their issue of Sunday, Feb. 1st, and to farm papers and such other publications as will handle same for publication at their convenience.

2. Be it resolved: That we request the Hon. Fred W. Davis, Commissioner of Agriculture, to call, at the earliest date possible, farmers' meetings at central points throughout the State, to be held under the auspices of the State Farmers' Institute, for the purpose of discussing farming plans and activities during 1920.

3. Be it resolved: That we commend the Hon. C. B. Hudspeth for introducing in Congress, a bill to prohibit gambling in cotton futures, and we unqualifiedly endorse the same, and urge all other Texas Congressmen and Senators to vote for and

use their influence to secure the passage of said bill.  
"Safe and Sane Farming"  
4. Whereas, we hear of late, a great deal said of "safe and sane farming," which, as our friends and advisors construe, means producing a diversity of products. In some instances this is "safe and sane" advice, and most farmers being practical men and practical farmers, do this and have done so as far as their good judgment teaches and their financial ability permits them, are safe.

But we, as practical farmers have learned that "safe and sane" farming requires another stop, the most important one in our business be taken, it being the one which many of our advisors shy from and treat very lightly. It is that of marketing in a "safe and sane" way, which is absolutely essential to make farming "safe and sane."  
All commercial business, manufacturing or otherwise, (and farming is as much of a commercial business as any), find the cost of production, add a profit to it and refuse to sell for less. We note the absence of this advice in the program of our advisors. We note in its stead, they advise selling slow at whatever price the consumer offers, no matter whether it is half the cost of production or 25 per cent less. They argue that the consumer will bid the price up on them. This would not be called "safe and sane" manufacturing, banking or merchandising, and we are unable to see how it can be "safe and sane" when applied to farming. The same advisors say that if our products are offered too freely, the price will decline; then certainly, if they are held off the market they will advance. There appears to be one thing certain, and that is, if the manufacturers, merchants, and bankers are following safe and sane methods of conducting their business, our advisors are not giving us "safe and sane" advice. Therefore, be it resolved: That we ask our Department of Agriculture to continue to aid us in finding the cost of production, and naming at least the minimum price at which our products should sell, as being a part of "safe and sane" farming; and be it resolved further: That we ask all friendly organizations, associations and individuals to aid us in every way they can, to carry out this important step of "safe and sane farming," as we see it.

to meet the conditions now existing in Texas.  
Our recommendations have been grouped under eight general heads: 1. Labor; 2. Livestock; 3. Diversification; 4. Home Marketing; 5. Cost of Crops; 6. Cotton; 7. Plant Pathology; 8. Soil Erosion.  
Our recommendations under these eight general heads, and the two sub-heads under Cotton, are as follows:

1. Labor.—In order to secure the largest possible benefits out of the existing farm labor supply, we recommend the planting of crops so far as possible, that require the least possible labor; that as far as practical, labor saving machinery be used; that wherever possible, farmers practice the interchange of labor, especially in any emergency; that idle labor can be forced into helping cultivate our farms. We also recommend that the less essential work on farms be not allowed to interfere with crop production.
2. Livestock.—We recommend the raising of more livestock, and that better grades of livestock be brought on the farms. We also recommend that farmers grow enough feed crops to care for their livestock.
3. Diversification.—We recommend the diversification of crops in accordance with the need and quality of soil and climate, at least to the extent of providing for the food and feed needs of the farmer.
4. Home Marketing.—We recommend a co-operation between the merchants and farmers that will result in providing a ready cash and shipping market for everything grown on the farm not needed for home consumption.
5. Crop Costs.—We recommend that the State Department of Agriculture send out blanks to Texas farmers to secure definite, accurate and itemized statements of the cost of growing the staple money crops for 1920, and that these reports be returned to the Commissioner of Agriculture for tabulation. We further recommend that as far as possible these tabulations be made with reference to the various agricultural divisions of the State, so that the difference in cost of production in the different parts of the State may be obtained. We recommend that the farmers be asked to send in these reports by August 15th, so that tabulation can be made and published by September 1.
6. Cotton. (a)—We recommend that extra care be exercised this season in selecting the seed best adapted to each section, and that all seed be tested, especially where there is any doubt as to its germinating qualities. We also recommend that sections that can grow medium or long staple cotton, should do so.  
(b) We recommend for this year, the destruction of cotton stalks and vegetable trash at once, in those sections where very destructive insect infestation occurred in 1919. If cotton insect pests appear, we recommend that proper poisons be used for their control, and with that end in view, we recommend that farmers call on the Extension Service of the A. & M. College and the State Department of Agriculture now for expert information relative to the best methods of combatting insect pests in the State.
7. Plant Pathology. In view of the heavy annual losses from plant diseases, we recommend that farmers secure at the earliest date possible, bulletins from the U. S. Department of Agriculture, from the A. & M. College of Texas, and from the State Department of Agriculture, treating the various plant diseases which have heretofore caused the destruction of Texas crops to the end that the farmers may know how to combat such diseases when they make their first attack. In case any crop is attacked by a disease unknown to the farmer, we suggest that the farmer get in touch at once with the Plant Pathologist of the State Department of Agriculture at Austin, or with the one at the A. & M. College, so that the disease may be stamped out before it has had time to spread in its destructive work.
8. Soil Erosion.—In view of the fact that the cultivated soil of Texas is being rapidly robbed of its fertility by washing rains and by tillage, we recommend that the farmers call on their county agents and the State Department of Agriculture for expert service in having their rolling and hill fields terraced, so that erosion of such fields may be reduced to the minimum.

Report of Committee on Farm Lands For 1920  
We, your Committee on Farm Plans for 1920, having fully considered the agricultural situation in Texas, and in view of the special conditions following the war, and the present food and feed stock and supplies of the farm products now on hand in this country and the world, have deemed it best to make recommendations that seem best adapted

## "SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose in each bottle. Give it without fear. Mother! You must say "California!"

## We are Showing New Spring Hats Now

And we want you to come in and see them. We know you must see before you buy, and we will appreciate a call from you whether you want to buy right now or not. Our stock is composed of the very latest creations in hats and you will be pleased with them. The LAURELS, the New York Hat, are beauties in all the latest colors and shapes. Also a full line of FISK HATS. Don't fail to see them.

## RED CROSS SERVICE.

"All efforts of the Red Cross, both at National Headquarters and in the Divisions, must from this time on be used to develop a single objective to be known as Red Cross Service. This service will inevitably be of a community nature and will be directed everywhere toward meeting community needs and wishes by friendly co-operation with other agencies, by co-ordinating them wherever possible, and by developing new Red Cross activities where none other exists."  
In order however to enter on the extended Home Service program, it is necessary that chapters have a secretary trained in Home Service or a student in training before permission may be granted by the Division office.

To properly train such executive secretaries a course should include at least the following main lines of information and practice:

1. What should a community do toward (A) securing health for all of its members? (B) safeguarding its children? (C) caring for its disadvantaged members?
2. How to discover the needs of a particular community, and to know the existing agencies available to meet these needs?
3. What practical activities can the Red Cross undertake in order to meet these needs?
4. How to make the Red Cross activities—nursing, home service, junior membership, first aid and publicity—effective in the home community.
5. How to make Red Cross a force in a broad program of community betterment by co-operation with all business, agricultural, religious, and public welfare organizations and agencies in the county.
6. How to carry on efficiently the office work of a Red Cross Chapter. Such a course is being offered by the University of Texas in co-operation with the Division Staff in St. Louis.

Upon receiving the above information and instructions as to the peace time program of the Red Cross, the Executive Committee met and decided to send Mrs. M. Fulton as a student to take the six weeks' course in home service training in order that the chapter may avail itself of every opportunity for the betterment of home conditions.

The following nominees were named by the Nominating Committee of the Red Cross Chapter to make up the new Executive Committee:  
Mrs. F. C. Oliver.  
Mrs. Roscoe Wilson.  
Mrs. J. S. Johnson.  
Mrs. M. Fulton.  
Mr. John Denman.  
Mr. Geo. W. Briggs.  
Mr. S. C. Arnett.  
Mrs. W. S. Posey.  
Mrs. Carl Roberts.

There will be a meeting of the Red Cross Chapter on Wednesday, February 18th at 2:30 p. m. in the Justice of the Peace Court Room for the purpose of electing these nominees.

We weld anything except a "broken heart"—Lubbock Welding Co.

Mrs. Wm. Peck left last Monday morning for her home in Concordia, Kansas.

Piles Cured in 6 to 14 Days  
Oreglets relieves itching, burning, bleeding or protruding piles. Instantly relieves itching. Piles, and you can feel relief after the first application. Price 50c.

Mrs. J. V. Spikes of Amarillo arrived in our city the first of this week to visit a short time with relatives and friends.

OSTEOPATHIC PHYSICIAN  
Dr. Wade M. Lockman

Burros Bldg. Phone 67.

Fred W. Sims, son of Mr. and Mrs. H. W. Sims of this city who has been attending Simmons College at Abilene this winter, returned home last Saturday.

## IMPORTANT NOTICE

I can still make you a loan for less than 8 per cent on farms and ranches. See me at once and take advantage of the special rate.

CLAUDE B. HURLBUT,  
Citizens National Bank Building.

L. O. Way, brother of Mrs. J. A. Jordan of Gainesville, Texas, accompanied by his father and mother, arrived in our city this week. We are informed that they will make their permanent home here.

## PURCHASER OF SUNNYSLOPE FARM MOVES HERE.

Pat Nix of Vernon, Texas, who bought the farm east of this city, known as the Sunnyslope farm, arrived here recently and will make his home there in the future. We understand that Mr. Nix is a breeder of pure bred hogs and will make that a specialty in Lubbock county.

If you are thinking of buying, building or improving your home or residence or business property, I can furnish you the money on terms that will suit you.

CLAUDE B. HURLBUT,  
Citizens National Bank Building.

Felix Franklin, live stock commission dealer of Amarillo was in our city the first of the week attending to business matters.

Special bargain for one week: 105 acres, 4 room house, well and mill, good barn and shed, garage, 80 in cultivation, 1 1/2 miles of Lubbock. See J. E. Garrison, owner.

## ASPIRIN FOR COLDS

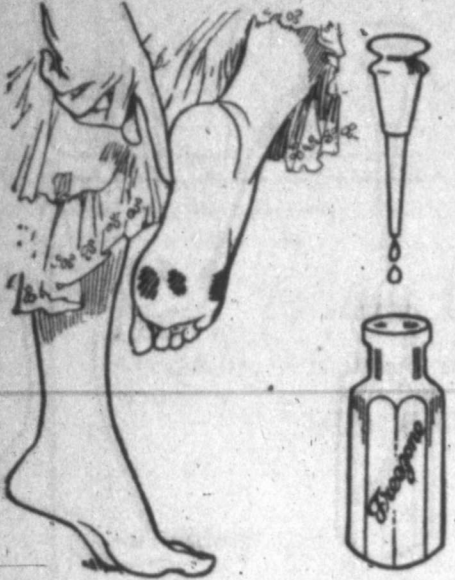

Name "Bayer" is on Genuine Aspirin—say Bayer

Look on "Bayer Tablets of Aspirin" in a "Bayer package" containing proper directions for Colds, Pain, Headache, Neuritis, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for almost every fever. Handy in boxes of 12 tablets and few, single. Aspirin is trade mark of Bayer Manufacturing Co., Monheim, Germany.

## LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Frezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

### HEMSTITCHING AND PICOTING.

Don't forget the place to get first-class work. You will find me at Barrier Bros. Mrs. Lena McElroy. 32tf

### LOCAL CAPITAL WILL FINANCE HOUSING PROGRAM.

The situation of building homes for the people who are wanting to move to Lubbock and keeping many here who would have been forced to leave account of being without homes, will be met if the plans of the leading men of the city and the Chamber of Commerce are executed. It is estimated conservatively that hundreds of people who have come here and left would have stayed in Lubbock and many more came if homes were to be had. Literally speaking, hundred or more houses could be used advantageously here now.

The plans now being worked upon, are that local capital be interested in so far that a building corporation be formed, to start immediately the construction of homes. This organization will be perfected just as soon as the plans of the organization are worked out. It is thought now that the Chamber of Commerce will call another get-together meeting, inviting the entire citizenship of the city out and put the matter up for discussion. Also if met agreeably by our people a subscription will be started the same evening for stock in the company. In case the proposition is feasible, as now thought, many men of the city have made known their willingness to become a stockholder in the building organization.

As a financial investment it seems one of the best at the present time. Demands for homes are growing greater day by day. More people are making known their wishes to come here. Industries will be created this year which will bring many here, and with present conditions existing without being combatted by the city

# Notice to Merchants

### NOTICE TO CONTRACTORS.

Sealed proposals will be received by the Board of Directors of the Lubbock Sanitarium, Lubbock, Texas, until 12 o'clock, noon, of the 16th day of February, 1920, for the letting of the contracts for the building of the additions to the Lubbock Sanitarium building and the heating of the same.

Plans and specifications may be seen at the office of the Sanitarium in Lubbock, Texas, and a deposit of \$25.00, or a certified check, will be exacted for the safe return of the plans on the date agreed upon.

Each separate proposal must be accompanied by a check to be certified by the President or Cashier of the bank upon which it is drawn, for \$500.00 on the building contract or \$100.00 on the heating contract made payable to Dr. A. R. Ponton, President of the Lubbock Sanitarium, Lubbock, Texas, and to be forfeited to the Sanitarium for damages sustained in case the bidders, within five days, fail to enter into contract for the work bid upon and to give a satisfactory surety bond, as required by the laws of Texas on public works, for the faithful performance of the contract, and to secure the owners against loss from damages or mechanic's liens within five days, in case

LUBBOCK, TEXAS

## Owners' Approval Is Like a Rousing Cheer

The Cleveland Six, from coast to coast, is establishing its place in motordom. The bitter cold days of the Northern winter have proved its ease of starting, just as the hot summer days, when hundreds of new Cleverlands were being driven across the country, proved the perfection of its radiation.

The Cleveland Six is in the hands of owners all over the United States today, and the chorus of satisfactory approval from these owners is like a rousing cheer. They say the car surprises them, pleases them, delights them. Its pliant power, its simple ease of handling, its boat-like

comfort, surpass all expectations. If you hope and plan to start the new season with a new five-passenger touring car which is a real six, or such a car of roadster type with wide, deep seat of restful cushioning and plenty of stow-away space, then come in and see the Cleveland Six.

A study of this car will interest you. A ride in it will convince you.

Touring Car (Five Passengers) \$1385 Roadster (Three Passengers) \$1285  
Sedan (Five Passengers) \$2195 Coupe (Four Passengers) \$2195

### AMERICAN LEGION ARE PROGRESSING NICELY.

Letter of Appreciation Received Relatives and Friends of Men in Honor of whom Post was named. Constitution and By-Laws approved by State Headquarters, and encouraging letter received from State Adjutant.

The following letter was recently received by Mr. Ura Embry from the parents, relatives and friends of Phillip and Terrell Allen, in honor of whom the Allen Brothers Post was named:

Throckmorton, Texas,  
January 26, 1920.

Dear Sir:  
Your highly appreciated letter of

the 16th instant came duly to hand and noted.

Replying, we beg to express to you and through you to the members of the American Legion Post of your city, our keen appreciation of the honor done the memory of our lamented sons, Phillip and Terrell Allen, who paid the supreme sacrifice of loyalty to their country on the battle fields of France, in the late World War, in the act of naming said Post, "The Allen Brothers Post." We shall ever cherish this kindly act in our hearts and shall hold ourselves ever ready to render any kindness within our power to those who had a part in thus honoring the memory of our sons.

Your very truly,  
DAVID ALLEN,  
MRS. D. ALLEN,  
CHAS. and HENRY C. ALLEN,  
A. O. LILLY and WIFE,  
E. W. ALLEN and wife.

We, the undersigned, citizens of Throckmorton county, Texas, who had the pleasure of a personal acquaintance with Phillip and Terrell Allen, wish to join their parents, who reside in this county, in expressing appreciation of the honor conferred upon the memory of these noble sons of America, in the naming the American Legion Post of your city "Allen Brothers Post."

(Signed) W. L. BERRY, M. C.,  
D. B. THOMAS,  
J. B. WILKINSON,  
J. N. CONDSON,  
J. L. ROBINSON,  
J. W. NIGHT,  
M. M. HANNA,  
A. H. KING.

In a recent letter received by the members of this Post from State Adjutant Charles W. Scruggs, he paid high tribute to the remarkable progress made thus far by the Post, made a number of interesting suggestions regarding future plans of the Post, and stated that he believes the Post should set its membership mark at 300 as he believes it will

"Why did you leave the farm, my lad?  
Why did you bolt and leave your dad?  
Why did you beat it off to town  
And turn your poor old father down?  
Thinkers of platform, pulpit and press  
Are wallowing in deep distress.  
They seek to know the hidden cause  
Why farmer boys desert their pa's."  
"Well, stranger, since you've been so frank,  
I'll roll aside the hazy bank;  
I left my dad, his farm, his plow,  
Because my calf became his cow.  
I left my dad, 'twas wrong of course,  
Because my colt became his horse.  
I left my dad to sow and reap  
Because my lamb became his sheep.  
I dropped the hoe and struck the fork,  
Because my pig became his pork.  
The garden truck that I made grow,  
Was his to sell, but mine to hoe.  
It's not the smoke in the atmosphere,  
Nor the taste for life that brought me here.  
Please tell the platform, pulpit, press,  
No fear of toil nor love of dress,  
Is driving off the farmer lads,  
It's just the methods of their dads." (Breder's Gazette).

Fathers, think this over and help your boys start a bank account with us. You will find that it will develop them in a business way and get them started with an institution which stands for the upbuilding of this community and the proper advancement and development of our young men.

P. S.—We want to employ a representative in each county in the State.

### STREET COMMITTEE MEETS WITH CITY COUNCIL.

Tuesday evening at the regular meeting date of the city council the proposition of numbering the houses in our city and the painting of street names was discussed with members of the Chamber of Commerce. Nothing definite has been done by the City Commissioners toward building the street signs, however, we find that they have given to the Street Committee of the Chamber of Commerce assurance of their co-operation.

The plans now are, that each block shall erect and pay for the sign posts and the owners of the residence shall each donate for this purpose. Mr. Jones, local sign painter, will co-operate with the Chamber of Commerce and city officers we are informed, and definite steps are expected to be taken shortly.

### A CARD OF THANKS.

We take this method of thanking the friends in and out of the town of Lubbock, for the generous pouncing they gave us two weeks ago. We trust that God will give you fourfold for all that you did for us.

Wishing you great success, and praying God's richest blessing upon you, we beg to remain yours,  
REV. and MRS. GEO. W. SHEARER,  
Lubbock, Texas, Feb. 10, 1920.

Rev. L. A. Revis, pastor of the Methodist church of Lela Lake, was in our city this week transacting business. Mr. Revis owns a farm, eight miles southeast of our city and is here we understand, for the purpose of erecting a dwelling on the farm.

## Cheapness in Electrical Work Seldom Brings Satisfaction

There are so many ways that electrical work may be "skimped" by unreliable workmen that for your own protection you should see that your wiring is done by a thoroughly reliable firm.

Our policy has not been to see how close we can come to the minimum standard and "get by." We aim rather to give you BETTER WORK than is absolutely required—thus assuring you of complete satisfaction, for the future as well as for today.

**CHAMBER OF COMMERCE**

**Does Lubbock Want Free Mail Delivery?**

This is the question asked by the Board of Directors of the Chamber of Commerce and the City Commission. We know the answer. The great drawback in getting free mail delivery is the lack of street signs and house numbers. Therefore the Chamber of Commerce is working out a plan whereby this deficiency can be corrected.

By investigation, it has been found that for the city to purchase adequate signs, and place two on every four corners in the city would cost several thousand dollars. Most people know that the city is just now getting on its feet in a financial way, after several years of near-bankruptcy. Therefore it is impossible for the city to purchase the needed signs.

Because of this, the Board of Directors of the Chamber of Commerce through a committee appointed for this purpose, have decided to ask the people to do this. The general plan is for the residents and property owners of each block to get together and pay for the number of signs they need on their own block. This will not make the cost heavy for any one person, for the price for one sign will not be great. Prices are being collected at this time, and will be published as soon as possible.

The plan is to purchase a metal post, and good enameled signs. These will be a credit to the city, and to the property owners. In addition to this, it will be necessary for each house owner to purchase a number for his own house. The total cost will be small for the individual, but if the city were compelled to buy several hundred of these posts and signs, the total cost would be heavy.

If the citizens of Lubbock want mail delivery, if they want to have the city numbered for the convenience of themselves and all strangers, let someone in each block take up the question of the purchase of these signs with his neighbors, and begin to plan as to how many will be needed. Just as soon as prices are available, they will be announced.

Let's get busy immediately, so that within a short time Lubbock will be in a position to get free mail deliv-

**Farm Income Returns**

We have ordered a supply of Income Tax blanks for your use. We will gladly assist you in making your report. Possibly our assistance and advice may save you the trouble of correcting a wrong report.

We feel that the town and country are closely linked together in their interests. The business man needs the farmer's co-operation and interest and surely the farmer has use for the help and support of the business man. Service is the commodity with which a Bank deals. It is a pleasure for us to have the opportunity to demonstrate our desire to serve and co-operate by giving our time to you in helping make these returns.

**The Farmers Nat'l Bank**

Member Federal Reserve System Lubbock, Texas

**Have You Been Took?**

Mrs. Nickerson, the census enumerator, has been working faithfully to get the full census of Lubbock city. It is important to Lubbock that everyone be enumerated. Many important matters during the next ten years, hinge on the population of this city being taken correctly this year.

Therefore, if you have not been enumerated, will you not please turn your name in to the Chamber of Commerce, or inform Mrs. Nickerson. Don't neglect this very important matter.

**JOHNSON AND SPENCER BUY RALL PHARMACY.**

A deal was consummated recently by Granville Johnson, proprietor of the Lubbock Drug Company of this city, and Bruce Spencer, former employee of the Lubbock Drug Company but more recently connected with the Lubbock Produce Company as traveling salesman, bought from Ralls parties the drug business operated in that city and known as the Ralls pharmacy. We are informed that Mr. Spencer will take charge of the business at Ralls and will leave our city this month. Mrs. Spencer, assistant cashier of the Citizens National Bank of this city, has handed, in her resignation to the directors of this institution to become effective by the first of the coming month. The many friends of Mr. and Mrs. Spencer of this city will be sorry to hear of their leaving, but all join in wishing them much success in their new home.

**LUBBOCK MEN IN NEW MEXICO FILING THIS WEEK.**

Again home-steading of land in the eastern part of the State of New Mexico is commanding the interest of this country and other east. It is surprising however to find that there is yet government land in the Redland community on the eastern part of the State open for filing, after years of scouting for these lands. This week, Messrs. J. J. Noone of the Farmers National Bank, Lee Royalty, C. B. and T. E. Lokey, Joe Hilton and Emmet B. Porter will file on land in the Redland country, we are informed this week. Mr. Noone returned Monday from Roswell where his filing was made in the Government Land Office and the other gentlemen are expected to return soon.

The Redland country has a soil-deep red in color and resembling lands south of Lubbock to a certain extent, being of a sandy nature. It is stated by people well acquainted with the country that it is fine farming land. One of the big reasons we are informed that our men became interested was that the time spent in the army would apply on the years required to make proof of home-stead, and another being that an oil well or rather a well is being drilled there in hopes of finding oil.

**CHARTER RECEIVED BY ALLEN POST AMERICAN LEGION.**

The charter for the Allen Brothers Post of the American Legion of this city was received here this week by John J. Noone, commander of the local Post. The commander is also in receipt of several compliments on the activity being displayed in the local Post.

The executive committee composed of fourteen members of the Post, will meet one night this week to discuss definite plans of the future and important matters now before the Post.

Save the pieces when you break it. Lubbock Welding Co. 5011

**These Tires Are a Revelation**

The Brunswick is fr combination of the best in tire building. There is one tread preme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests! On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill — cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire can not be bought, regardless of price.

**LOCAL ITEMS FROM THE TERRY COUNTY HERALD.**

Elmer Roberts, wife and mother, Mrs. J. A. Roberts, of Coahoma, Texas, were here this week visiting their aunt and sister, Mrs. A. J. Stricklin. While here Mr. Roberts accepted a position with the Brownfield State Bank as bookkeeper and he and wife will move back in the next ten days.

J. M. Green and family arrived this week from Okla., to make this their future home. Mr. Green bought the Tom Woodward place. He immediately subscribed for the best paper in Terry county.

Chas. Acker recently sold one half of his land. That is the best way to settle old Terry. Most everyone here has too much land, and by all means ought to be willing to divide up with the land hungry world, providing, of course, the land hungry world has the price for the land.

Mrs. R. R. Hughes left last week for Wilson, where she went to nurse her children who live there, who are down with flu. From what we could learn, they have a very bad epidemic of that disease over there.

There are 662 qualified voters in Terry county, divided as follows: Of the total number 454 are male voters, 140 are women and there were 68 exemptions issued, which the collector estimated were five or six women. The ladies have sure made a poor showing in Terry county.

Tom May, local manager of the Magnolia Petroleum Co., has just returned from the oil fields, of the Wichita country. While at Matador he had an interview with one of the aviators who are to make the proposed mail route from Kansas City to El Paso, and the gentleman informed Tom that Brownfield would be made a filling station, after learning that we had a splendid landing ground just north of town on what we usually termed the fair grounds. The plane was expected here Thursday afternoon, but had to stop at Lubbock on account of a broken propeller.

J. W. Smith and Family of Falls, Texas, arrived in town Sunday, on their way to Gomez, where they will reside in the future. This family formerly resided in old Terry, and have never been real well satisfied until they got back. This is an excellent family and we heartily welcome them back to old Terry.

**CITATION BY PUBLICATION. THE STATE OF TEXAS.**

To the Sheriff or any Constable of Lubbock County, Greeting:

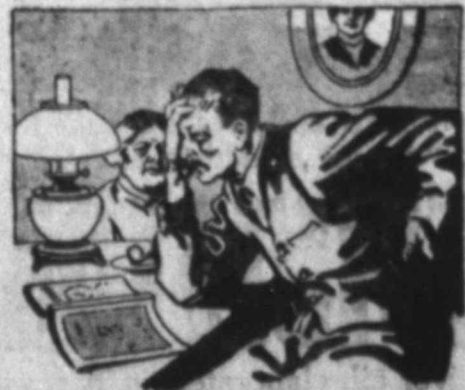

You are hereby commanded to summon J. G. High, by making publication of this Citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; to appear at the next regular term of the District Court of Lubbock County, Texas, to be held at the Court House thereof, in Lubbock, Texas, on the 2nd Monday in June, A. D. 1920, the same being the 14th day of June, A. D. 1920, then and there to answer a petition filed in said Court on the 31st day of January, A. D. 1920, in a suit numbered on the docket of said Court, No. 1321, wherein W. A. McDonald, is plaintiff, and J. G. High, is defendant; the nature of plaintiff's demand being as follows:

**FIRST COUNT:** Trespass to try title to lot 11, blk. No. 17, in Wheelock 2nd Addition to the town of Lubbock, in Lubbock county, Texas, and for writ of possession, in favor of Plaintiff against defendant for said lot.

**SECOND COUNT:** That on Feb. 11, 1918, plaintiff executed and delivered to defendant, his warranty deed to lot 11, blk. 17, in Wheelock 2nd Addition to the town of Lubbock, Lubbock county, Texas, reserving therein a vendor's lien to secure the payment of 5 certain vendor's lien notes, one for \$80.00, due June 11, 1918, one for \$60.00, due Oct. 11, 1918, and one for \$60.00, due Feb. 11, 1919, and one for \$60.00, due June 11, 1919, one for \$60.00, due Oct. 11, 1919, each note executed by the defendant, and payable to plaintiff, bearing interest at 10 per cent per annum, from date, with the usual 10 per cent attorney fees, and

**TEXAS FAMILY'S EXPERIENCE**

Galveston, Texas—"After the flood in 1900, all my family became rundown, due to exposure of being in the water."

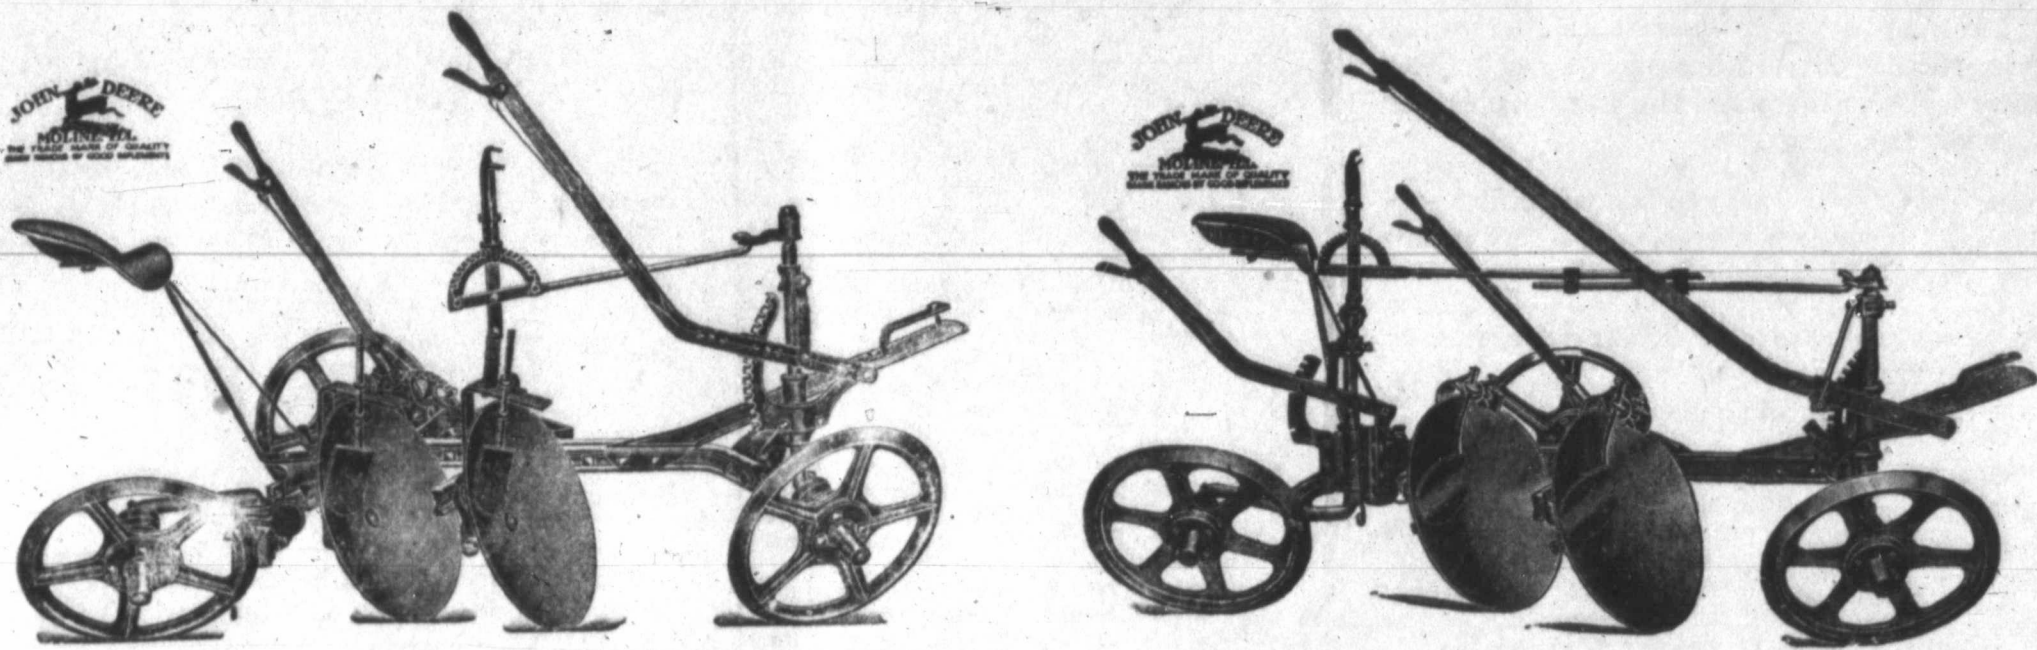

loss of sleep, etc. They were all feeling miserable and the only medicine they took was Dr. Pierce's Golden Medical Discovery. By the use of this they were all restored to health and strength.

"I always keep the 'Pleasant Pellets' in my home. They are an excellent regulator of the stomach, liver and bowels, or for bilious attacks. I can speak in the highest terms of all of Dr. Pierce's Medicines."—Mrs. J. W. Moss, 3913 Ave. K.

Houston, Texas—"All my life my liver has given me considerable trouble. I have suffered with sick-headaches and have had yellow blotches appear all over my body. At one time I was so bad with it that I lost all ambition to do my housework and was really 'all in' when 'Golden Medical Discovery' was recommended to me by a friend. I took six bottles of it, which made me feel like a different woman. I consider Dr. Pierce's Golden Medical Discovery the very best liver medicine I have ever known and have no hesitancy in recommending it to those afflicted with chronic liver ailments."—Mrs. C. A. Finn, 2214 Washington Ave.

Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of any of his medicines.

**They Get Right Down to Work and Do a Good Job**

**John Deere Disc Plow---John Deere Pony Disc Plow Especially Built for Texas**

The John Deere Disc Plow opens a full width furrow of uniform depth the first and every time around the field, and makes deep, square corners, turning either right or left—convenient levers make this fine work possible.

Cut of each disc can be set at 8, 10 or 12 inches—the design of the frame permits this.

Plow is held to its work by weight of driver and down-pull of team on the hitch—not by useless weight on the frame.

Adjustable scrapers keep discs clean and assist in turning and pulverizing the soil.

The John Deere Disc Plow is furnished as a one, two or three-disc plow.

24-inch discs are the regular size discs for the John Deere.

The John Deere Pony Disc Plow is built so that positive and even penetration is assured at all times.

This is a strong light plow, especially adapted for use with small mules or light horses. Genuine John Deere materials and workmanship throughout.

Weight of operator, down-pull of team on high hitch and setting of discs force discs into the hardest ground.

Special hanging lever controls furrow wheel. Plow can be made to take more or less land quickly and easily.

Spring hitch plate—advantageous when plowing in rough, uneven ground or across irrigation ditches. Plow does not jump out of ground.

Best quality steel discs. Set to insure best work, easy penetration and perfect pulverizing of the ground.

Scrapers prevent excessive pressure on discs. Give turning effect of moldboard and improve the quality of work. Adjustable up or down, forward or back.

Cast wheels with V-shaped tires hold plow to work. Equipped with oil-tight, dustproof boxes. Flanged tire wheels furnished when wanted.

The John Deere Pony Disc Plow is made in single and double-disc sizes.

## RACINE HORSE-SHOE TIRES

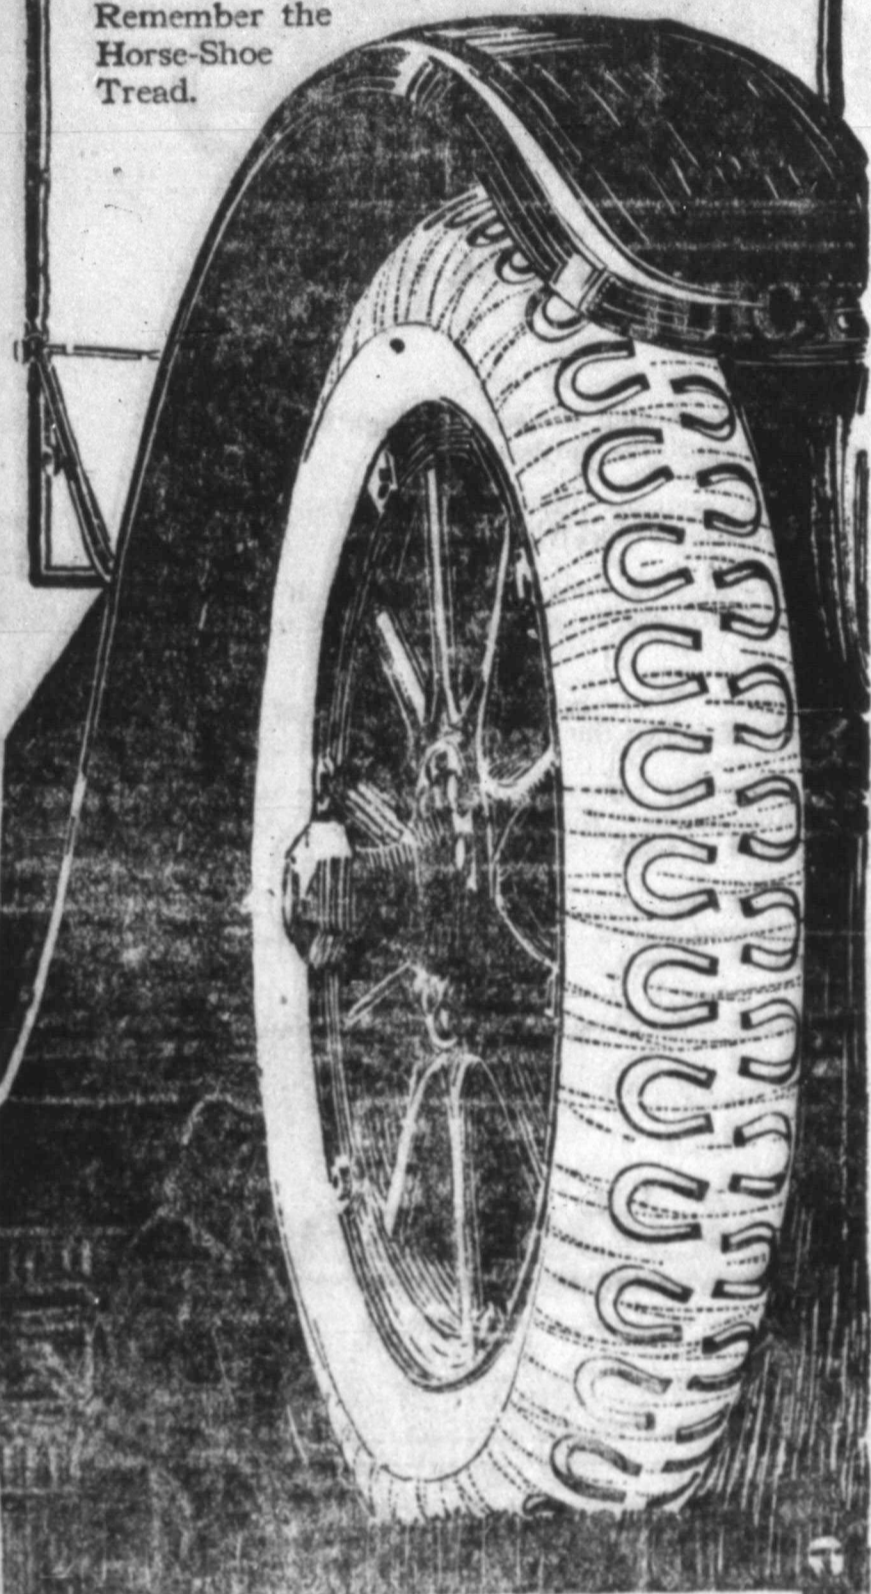

ALL new tires look much the same on the outside, but experience has proven them to be mighty different on the inside.

That is why many corporations are today buying tires only on performance. The makes of tire that gives the most miles per dollar get the business.

Horse-Shoe Tires are today specified exclusively by some states as well as by many of the world's largest corporations.

Thus they have "proven" their comparative merit under the severest test that could be given an automobile tire.

Remember the Horse-Shoe Tread.

## SOCIETY NOTES

By Mrs. A. B. Ellis  
Phone 605

Mesdames R. A. Barclay and Floyd Beal entertained the 1911 Needle Club last Thursday afternoon in the apartment of Mrs. Beal.

After a delightful time devoted to usual needle work, the guests repaired to the Manhattan where they were served hot chocolate and cake.

The following ladies were present: Mesdames C. L. Griffin, L. S. West, Arvel Ponton, Roscoe Wilson, D. Robinson, R. D. Benson, T. B. Duggan, L. A. Posey, W. H. Bledsoe, William Peck.

A number of young people were delightfully entertained last Saturday night in the home of Mr. and Mrs. John Janott. Dancing was enjoyed until a late hour.

The Auction Bridge Club will meet next week with Mrs. C. L. Griffin.

Mrs. William George returned the first of the week from New Mexico where she visited Mr. and Mrs. Cleve George. She was accompanied home by her little grand daughter, Thelma, who will remain here for some time.

Miss Tempest Pollard of Amarillo has been the guest of her parents, Mr. and Mrs. P. J. Pollard.

Dr. and Mrs. E. O. Nichols and son of Plainview, spent Saturday and Sunday with Mrs. L. A. Posey and family.

Mr. and Mrs. Bayless and children will leave this week for Los Angeles, Calif., where they will make their home. We regret very much to lose these people from Lubbock.

Misses Mae and Vera Murfee arrived from Washington, D. C., last week to attend their mother, who has been quite ill. They will probably remain several weeks. Mrs. Murfee is much improved, we are pleased to report.

Mrs. O. L. Slaton is in Dallas this week visiting her children, Ruth and Oscar, who are attending school there.

Mrs. Ed Robinson is in Dallas attending the bedside of her sister, who is ill. She will probably return this week.

Mrs. H. W. Johnson of Ft. Worth, has been the guest of her sister, Mrs. R. B. Hutchinson. She is now visiting another sister in Plainview but will again visit here before returning to Ft. Worth.

Miss Della Easter was called to Sulphur, Oklahoma, last week by the death of her sister-in-law.

Mr. B. H. Black, who has been visiting his daughter, Mrs. E. B. Hutchinson, has returned to his home in Pease.

Mrs. Clara Ahney has returned from St. Louis where she purchased her stock of spring millinery.

Miss Margaret Jones was called to Ft. Worth last week by the illness of her sister, Miss Laura Jones.

Mrs. C. D. Smith and sister, Miss Josephine Martin, have returned from the eastern markets where they purchased an exclusive stock of millinery.

Miss Mae Murfee is in Abilene visiting her brother, Mr. George Murfee and family.

Everett Lokey returned Tuesday from New Mexico. He is suffering with the Grippe since his return.

## CIVILIZATION AND PROGRESS 25 MILES FURTHER WEST.

Editor of the Avalanche: As you are a westerner of the true type, we feel that you will be interested in the progress of this section of the country. Bailey county is making good crops for this border county, while many other counties failed partially, or totally. We are proud of our record these last four years, but last week when the thresher drove into the farm on the Lone Star ranch and began to thresh our fine golden maize, there was an animation not before experienced since I left Coleman county. As we listened to the hum of the thresher we thought surely civilization has moved on up to the border. It is true we have been here four or five years and have never claimed to be uncivilized but the hum

## Prizes for City Schools

1st Prize: Farmers National Bank	\$5.00 Savings Account
2nd Prize: Western Windmill Company	\$5.00 in Trade
3rd Prize: Hunt Grocery Company	\$2.50 Cash
4th Prize: Briggs & Young	\$2.50 Thrift Stamps
5th Prize: H. W. Sims Meat Market	\$2.50 in Trade
<b>TOTAL PRIZES</b>	<b>\$17.50</b>

The above prizes are open only to students of the Lubbock City Schools, and contestants for same are barred from competing for either the Rural School or County prizes. Those competing for these prizes should specify on their essay "For City School Prizes."

## Prizes for Rural Schools

1st Prize: Lubbock State Bank	\$5.00 Savings Account
2nd Prize: R. A. Rankin & Son	\$5.00 in Trade
3rd Prize: A. B. Conley Jr.	\$3.00 in Trade
