

THE LUBBOCK AVALANCHE

VOLUME XXII No. 26

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, NOVEMBER 25, 1921

PUBLISHED TWICE A WEEK

ALL AMERICA WAS IN REAL THANKSGIVING MOOD THURS.

FEELING OF THANKFULNESS WAS PREVALENT THROUGHOUT OUR GREAT LAND

THE SOUTH PLAINS IS MOST PROSPEROUS

In No Other Part of the Great United States Have People More to Be Thankful for Than the People of the Great Lubbock Country and They are Mindful of the Great Blessings.

On this the 24th day of November, 1921, all America is giving expressions of thanks for the goodness of our Creator and for his love and care over us in years gone by, and for the manifold blessings that have been visited upon our beloved country for the past twelve months. Truly, America and English speaking people throughout the world, have ample reasons for being thankful and the millions of prayers that have gone up from the homes of God-loving and God-fearing people, from sincere hearts, and though it has been a custom for many many years, to observe this day of thanks, and many do so from matter of form or habit, the people of the Great South Plains, are mindful that during the past twelve months we have been graciously blessed. The country has been permitted to continue in its usual peaceful, prosperous trend. The country continues to develop. We are blessed with more good people, new schools have been opened and old ones improved. New Church buildings have been built and old ones enlarged, and many new homes have been built, and everything on the Plains seems to indicate the richest blessings from the Giver of every good and perfect gift, and our people have not been unmindful of this, as has been evidenced throughout this day in Lubbock.

There is no basis for the assumption that there is less of prayer, less of manhood, less of fraternity, less of devotion to the cause of righteousness than in the earlier days of the history of the United States. The people love the broad spirit of liberty, the national freedom, the universal recognition of righteous desire, fully as much and perhaps more than ever before in the history of the country. With thankful hearts, with spirits attuned to the glory of God, the citizens of this great territory join in the noble and helpful purposes of the day!

The District Pastor and Lay Meeting At Lorenzo

Lorenzo was honored this week with the meeting of the Preachers and Laymen's Institute of the Lubbock District which met here November 15 and 16, at the M. E. Church. The delegates were well taken care of in the homes of the city and all enjoyed this meeting of the Institute very much. The following pastors and laymen besides the Presiding Elder of the District and the pastor and laymen of the Lorenzo and Estacado churches. Reverends, C. N. N. Ferguson, F. R. Pickens, J. W. Baughman, H. C. Gordon, J. E. Yates, W. L. Russell, L. A. Smith, C. B. Thompson, J. O. Quattlebaum, Joe E. Eldridge, J. E. Oden, B. W. Dodson, B. A. Moore, W. C. Hart, J. A. Lancy, J. W. Weems, A. V. Hendricks, S. J. Upton, and J. S. Johnson. Only one pastor in the district was absent.

The following laymen and local preachers were present: Bros. D. C. Ross Barnett, Appley, District, Graves, Thomas, Davis, Lee, Jones, Krump, and Mesdames Madins, Kiker, Easy and Krump. This was pronounced one of the best District Institutes ever attended by those present. The resolution of thanks was passed by the Institute, and by their request is published: "Be it resolved by this Pastors and Laymen's Institute assembled at Lorenzo, November 15th and 16th, 1921, that we express our thanks to the pastors, Messrs. Baughman, Weems, Missionary Society and the citizens of Lorenzo, for the great hospitality shown us during our meeting. 'May the devils miss you and the angels kiss you in your dreams.' J. W. Baughman, S. J. Upton, J. A. Weems.

Steps to Keep the Boll Weevil Out of Donley

The large cotton crop that Donley is capable of producing is in large part due to the fact this county is absolutely free from the boll weevil. County Agent R. W. Hendrix, in speaking of possibilities of the boll weevils' becoming a serious menace says that a fine place for the boll weevil to hibernate is in trash of all kinds. In reference to this he says: "So far as we know, there is not a boll weevil in our county, and let us all sincerely hope that we will continue to be spared the ravages of this, the South's most destructive insect pest. We must not trust in good fortune alone to protect us from this insect, but instead use every measure we can to prevent their introduction into our county. When ordering seed in the future, let us be sure they were not grown in a district which is contaminated. "Boll weevils hibernate in old stalks, weeds and any kind of trash, so a very good step toward prevention is to burn off all weeds and trash along the roadsides, being careful not to burn over any tillable land, as this would destroy some very valuable fertilizer."—Clarendon News.

Wise County Man Is Appointed State Treasurer by Neff

Decatur, Texas, Nov. 18.—Former State Senator C. B. Terrell of Wise County left for Austin this morning in response to a summons from Governor Neff tendering him the appointment of State Treasurer. It is understood that State Senator G. N. Holton has tendered his resignation and that the Governor has asked Senator Terrell to take the position. Announcement of the appointment has not been made officially from Austin.

Thanksgiving

AND THOU shalt keep the feast of weeks unto the Lord thy God with a tribute of freewill offering of thine hand, which thou shalt give unto the Lord thy God, according as the Lord thy God hath blessed thee.

AND THOU shalt rejoice before the Lord thy God, thou, and thy son, and thy daughter, and thy manservant, and thy maidservant, and the Levite that is within thy gates, and the stranger and the fatherless, and the widow, that are among you, in the place which the Lord thy God has chosen to place his name there.

AND thou shalt remember that thou wast a bondman in Egypt; and thou shalt observe and do these statutes.

THOU shalt observe the feast of tabernacles seven days, after that thou hast gathered in thy corn and thy wine;

AND thou shalt rejoice in thy feast, thou, and thy son, and thy daughter, and thy manservant, and thy maidservant, and the Levite, the stranger, and the fatherless, and the widow, that are within thy gate.

SEVEN days shalt thou keep a solemn feast unto the Lord thy God, in the place which the Lord shall choose; because the Lord thy God shall bless thee in all thy increase, and in all the works of thine hands, therefore thou shalt surely rejoice.

—Deuteronomy, Ch. 16. v. 10-15.

Panhandle Swine Breeders to Set Date for Auction

A special meeting of the board of directors of the Panhandle Swine Breeders' Association will be called at Amarillo or Canyon, for the purpose of deciding upon the date of the annual convention to be held in Hereford in January or early February and to try plans for the annual auction sale, according to Fred Boerner, president of the association. The convention was held in this city last year and was attended by more than 150 of the swine breeders of the Panhandle and West Texas. Boerner then was elected president and Hereford decided upon as the next meeting place. H. G. Ware of Tulsa was elected secretary, but due to his resignation upon leaving the State, the ex-secretary, Earl Lewis of Childress, was appointed to take his place.

Otis Reeves Died At Plainview Last Sat. Afternoon

Plainview, Nov. 19.—Otis Reeves, pioneer Plains cattle man and large land owner, died in a local sanitarium this morning following an operation for appendicitis. He was fifty years of age and had spent the last thirty two years of his life on the Plains. He was a native of Limestone county but was reared in Stephens county. While a youth he moved to Briscoe county where he acquired large land holdings and extensive cattle interests. He was one of the organizers of Briscoe county and has always been prominent in public affairs of the Panhandle. He moved to Plainview thirteen years ago and since that time had been engaged in the real estate business. His wife, mother, nine children, four sisters and one brother survive him.

Andy Wilson Returned From California Today

Andy Wilson returned Tuesday from California, where he had gone with Mr. and Mrs. Colby Thomas, who are making Escamido, their home in an attempt to renew Mr. Thomas' health. Mr. Wilson said the trip was made without a mishap, and that Mr. Thomas stood it well. In speaking of the general appearance of the California country he said there was nothing about that state that was ahead of the Lubbock country so far as productivity was concerned, only the different climate of it, of course, a wide variety of vegetables and fruits unknown here. "I am just as well, if not better pleased with Lubbock as I ever was before going to California," he said.

Foch Will Be In Lubbock, Dec. 6 Enroute to Houston

Washington, Nov. 22.—Marshal Foch cannot visit Amarillo. His only stop in Texas will be in Houston for four and a half hours on December 7. Foch will enter Texas at Terico on December 6 going to Houston over the Santa Fe via Lubbock, Snyder and Sweetwater.

Police Force Makes Big Catch Tuesday

Chief Hufstetter and constable McCulloch were very busy Tuesday evening, and about nine o'clock found themselves with a good day's work at a successful conclusion, as they had nine crap shooters and poker players under their control who pleaded guilty.

Sailor Williams to Care for Future Crops

Sailor Williams is having a large barn constructed on his home place near Slide. Mr. Williams is a good farmer, and his grain crops have been so good that the barn is built to take care of it. It is modern in every respect, and together with large grain and feed bins, has stalls for his cattle and horses, with a compartment especially built for the feeding of hogs. This is only one of the many things that are being done in Lubbock county to make farming more profitable, and it is always found among those who are ready to make it a little more pleasant occupation.

Occasional Visitors See Great Changes Here

M. L. Burrow, of Denver, was here Wednesday, calling on our bankers, selling supplies. He has been making Lubbock once each year for a long time and was surprised to see the amount of building that had been done here since his last visit. Lubbock is making a good many of them set up and take notice, and there has never been any growth made here like will be soon as the prairie lands within a radius of more than a hundred miles to the east, south and west are developed and cultivated.—It takes people to make land prove its worth, and there is only a small percent of the lands adjacent to Lubbock in cultivation, but there are people coming here every day who want to make their homes, and landowners are seeing their needs and catering to their wants.

Rotary Club Had A Most Interesting Program Wed.

THANKSGIVING WAS THE GENERAL THEME AND MANY VISITORS WERE PRESENT AT THE MEETING

Male Quartette Render Rich Numbers

Other Visitors Furnished Splendid Musical Numbers and Some Splendid Talks. The Club is Invited to Open Meeting At Amarillo, Monday, December First

Federal Prohibition Commissioner Says Prohibition Works

In a speech assailing the men who are trying to handicap the enforcement of the prohibition law, Mr. Roy A. Haynes, Federal Prohibition Commissioner, said: "A few selfish souls in pursuit of a drink or a dollar will make more noise than the whole Supreme Court of the United States in session." Mr. Haynes gave full attention to the difficulties of law enforcement, and continued: "Figures vindicate Prohibition. In passing, however, it is well to give attention to the following statistics, which should do to vindicate the prohibition act: "There has been a decrease of about 60 per cent in the number of arrests for drunkenness under national prohibition. "In fifty-nine cities of the United States having a population of 300,000 or over, and a combined population of 20,200,000, including New York, Chicago and Philadelphia, the official figures show a decrease in arrests for drunkenness from 316,842 in 1917 to 260,169 in 1918, to 172,659 in 1919 and to 109,768 in 1920. "Detroit reduced the arrests for drunkenness from 19,309 in 1917 to 6,244 in 1920. "The Boston police department reported 5,287 fewer arrests for all causes in 1920 than from drunkenness in 1919. "For the state of Massachusetts at large the arrests for drunkenness in 1920 were 32,580 as against 77,925 in 1919. "In 1917 the arrests for drunkenness in New York were 14,182; in 1920 the number had dropped to 8,813. "Louisville, Ky., reports 3,625 arrests for drunkenness for the fiscal year ended June 30, 1919, and only 412 arrests for the same cause for the year ended, June 30, 1919. "The number of cases of intoxication in Cincinnati decreased from 1,470 in 1918 to 355 in 1920."

Farmer Raises Bumper Feed Crop Near Here

W. F. Pruitt sold seventy tons of milo maize and kafir to A. E. McDonald the first of the week, and has an ample supply to run him during the next two years. This is indeed a paying crop, and Mr. Pruitt has shown what can be done in the great Lubbock country.

W. I. Aubrey, of Crowell,

was here the first of the week, looking after business interests. Mr. Aubrey has a farm near here, and has sold his interests near Crowell and will locate here. He expects to exchange his farm here for city property, as he has children to attend the Lubbock school.

1,000 Calves to Be Fed Near Lubbock This Winter

Sam Ross, of San Angelo, has made arrangements with A. F. McDonald & Sons, livestock and feed dealers of Lubbock, to feed one thousand calves for him. Mr. McDonald has been buying maize and corn from local farmers, and has installed a grinding outfit in his feed yard, on which the corn and maize will be crushed. Mr. McDonald said they were going to try to make the calves gain an average of three pounds per day during the feeding season. "There is no better feeding place anywhere than right here at Lubbock, as there is an abundance of feed, and shipping facilities are good." "I hope to see from ten to twenty thousand cattle fed here each year before long he told an Avalanche reporter. Permanent feeding pens are being built on the Jim Brown ranch out of the cotton compress, where the calves will be fed.

Child Burned Severely and Died From Injuries

Verlyn, daughter of Mr. and Mrs. C. E. Embury, of near Abernathy died Wednesday morning, after having been severely burned at her home Thursday, while playing. The little girl and a smaller brother were left alone at the house, and while attending to the fire her clothes were inflamed, and the entire left side charred by the heat. She was rushed to a local sanitarium, but her condition was too critical for anything to be done as she died without gaining consciousness. The remains were carried to the Rix Undertaking parlor and prepared for burial. Funeral services were held in the Lubbock cemetery, attended by many relatives and friends, and conducted by Rev. Harroll, of the Methodist church of Abernathy.

People You Will Never Forget

They are really only shadows on a screen of silver. They do not, nor did they ever, exist. And yet you will know them, speak of them by their first names; dream of them, perhaps, and of the great human drama their lives constituted.

They are people you will never forget: the principal characters in the Rex Ingram production of the masterpiece of Vicente Blasco Ibanez's novels—

Twenty County Agents are Found In Plains Section

"Where you find a county that is progressive enough to employ a county agricultural agent, there you will find a county that is a leader in crops," stated D. P. McCallib, Panhandle-Plains supervisor of the Texas Farm Bureau Federation, with headquarters in Amarillo.

It may be news to some people to learn that the Panhandle-Plains country is getting near the top in the number of agricultural agents in its counties, but such is to be expected, for the first thing a stranger learns when he arrives in this country is that the people are always on the alert to find means of advancing the country.

Of thirty-eight counties in the third district, as arranged by the Agricultural Agent at the Texas Agricultural and Mechanical College, twenty of them have agricultural agents. Six of the twenty have been employed during the past year, and seven other counties are now making arrangements to get agents as soon as they can secure them.

The counties that have secured agents during the past year are Knox, Gray, Dallam, Donley, Collingsworth, and Wichita, Hansford, Ochiltree, Deaf Smith, Briscoe, Motley, Parmer and Bailey are after agents.

This is a record to be proud of, taking into view the fact that in the extreme southwest part of the district there are several counties that have less than 500 population each, but must be counted in as part of the thirty-eight.

As the state and federal government will pay a good part of the salaries of county agents, there is little reason for any county not to have one. Where there is not work enough according to the opinions of the county commissioners and others in authority, to keep an agent busy, they can cooperate with some other county in securing the services of the agent. This has been done by Potter and Oldham Counties, and the fourth place won by the latter county and the high standing of the first, at the Dallas Fair shows what can be done through the assistance of such experts, Mr. McCallib said in closing.

NEWS ITEMS FROM THE MONROE COMMUNITY

Mr. Jeff Scott and others finished hreshing last week.

Miss Louise Bentley, who makes her home with Mr. and Mrs. Will Honey, is quite sick. We are sorry to report.

Mr. Blakey and wife of Commerce are visiting their uncle, Ward Crim and other relatives in this community.

Our primary teacher, Miss Elvera Tannyhill, was absent from Sunday School last Sunday. I heard she was entertaining a little boy whose mother was gone from home.

Champ Stephenson got all his cotton picked this week.

Mr. and Mrs. Martin are visiting the ladies parents, Mr. and Mrs. B. Ditto, at this place.

Mr. Letsinger finished digging a well on the B. C. Clutter farm, and erected a handsome windmill last week.

Mr. Clarence Williams underwent an operation at Lubbock for eye trouble and is taking treatment daily for same.

Mr. John Williams of the Parks Grain Co., of Lubbock, attended our church last Sunday.

Prof. Ribble of Badger Lake, who is a minister of the Gospel, preached very excellent sermons here last Sunday.

The family of Burton Jackson, of Abernathy attended church here last Sunday.

The Singing Class practice several times each week and are singing well, some beautiful songs from their new book.

Before this goes to print we will have passed another Thanksgiving.

How many of us do fully appreciate the blessings which have been showered upon us during this year? Let us sing that old sweet song: "Count your Blessings, Count them one by one." Try to Count your blessings. See what God has done."

NOTICE OF TRUSTEE'S SALE OF REAL ESTATE.

THE STATE OF TEXAS, County of Lubbock.

Whereas on September 5th, 1919, F. M. Maddox and wife Alma Maddox did execute and deliver to T. B. Dugran, Trustee for H. R. Pickens, their deed of trust upon Lots Six (6), Seven (7), Eight (8), Nine (9), and Ten (10) in Block No. One Hundred Twenty Nine (129) in the town of Lubbock, in Lubbock County, Texas, to secure the payment of one note executed by them to H. R. Pickens, for the sum of Six Hundred and no-100 (\$600.00) Dollars, with interest from date at eight percent per annum, due two years after date.

And whereas said note was afterwards assumed by C. A. Burrus and J. W. Neewes,

And whereas default has been made in the payment of said note, save and except interest due Sept. 5th, 1920 has been paid.

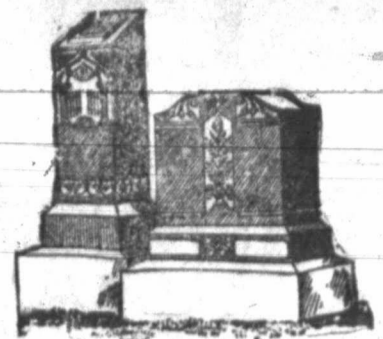

And whereas C. H. Burrus is now the owner and holder of said note, and has requested me, the said T. B. Dugran to proceed to sell said property under said deed of trust:

Now therefore, I, T. B. Dugran, on December 5th, 1921, same being the first Tuesday in said month, between the hours of ten o'clock A. M. and four o'clock P. M., will sell said property at public auction at the court house door of Lubbock County, Texas, applying the proceeds of said sale to the payment of said note.

Witness my hand this 10th day of November, 1921.

T. B. DUGRAN, Trustee. 22-47

FEDERAL GOVERNMENT ISSUES STATEMENT OF VOTING POPULATION OF THE U. S. THIS YEAR

The Department of the Census has issued a preliminary statement of the total population of each sex 21 years of age and over, according to color or race and citizenship, and, of native white men and women according to parentage, compiled from the returns of the Fourteenth Decennial Census, taken as of January 1, 1920. The total population 21 years of

age and over, 60,886,620, comprised 31,403,370 men and 29,483,150 women. The total number of citizens 21 years of age and over 54,421,832, was made up of 27,661,880 men and 26,759,952 women. The citizens comprised all native persons and all naturalized foreign-born persons.

of age and over comprised 28,442,400 whites, 2,792,006 Negroes, 61,229 Indians, 46,979 Chinese, 58,411 Japanese, and 7,345 men of other races—Filipinos, Hindus, Hawaiians, Malays, etc. Of the white men 21,513,948 were natives and 4,928,452 were foreign born; and of the natives, 15,805,063 were of native parentage, 8,956,384 of foreign parentage, and 1,752,501 of mixed native and foreign parentage. The total number of male citizens, of all races, 27,661,880, comprised 24,339,776 natives and 3,322,104 foreign-born naturalized men.

Expressed in percentages, the distribution of the several classes of men 21 years of age and over in 1920 was as follows: Total white, 90.6 per cent; native white of native parentage, 50.3 per cent; native white of foreign parentage, 12.6 per cent; native white of mixed native and foreign parentage, 5.6 per cent; foreign born white, 23.1 per cent; Negro, 8.9 per cent; Indian, two-tenths of 1 per cent; Chinese, one-tenth of 1 per cent; Japanese, two-tenths of 1 per cent; total citizens, all races, 88.1 per cent; native citizens, all races, 77.5 per cent; and foreign-born naturalized citizens, all races 10.6 per cent. Of the citizens about seven-eighths were native and one-eighth naturalized.

Women 21 Years of Age and Over
The total number of women 21 years of age and over comprised 26,759,952, 2,730,469 Negroes; 55,357 Indians; 3,646 Chinese, 22,316 Japanese, and 401 women of other races. Of the white women 21,100,793 were natives and 5,570,268 were foreign born; of the natives, 15,202,194 were of native parentage, 4,045,947 of foreign parentage, and 1,852,652 of mixed native and foreign parentage. The total number of female citizens, of all races, 26,759,952, comprised 23,860,351 natives and 2,899,601 foreign-born naturalized women.

The per cent distribution of the several classes of women 21 years of age and over in 1920 was as follows: Total white, 90.5 per cent; native white of native parentage, 51.6 per cent; native white of foreign parentage, 13.7 per cent; native white of mixed native and foreign parentage, 6.3 per cent; foreign-born white, 18.9 per cent; Negro, 9.3 per cent; Indian, two-tenths of 1 per cent; Japanese, one-tenth of 1 per cent; total citizens, all races 90.8 per cent; native citizens, all races, 80.9 per cent; and foreign-born naturalized citizens, all races, 9.8 per cent. Of the citizens about nine-tenths were native and one-tenth naturalized.

What a Xmas. Present This Would Make

A savings account in the Lubbock State Bank would not only be one of the finest Christmas presents to give to a boy or girl but it would start them out on the right road toward saving regularly—something that is very important to their successful teaching.

MOODY ITEMS OF THE PAST WEEK

Well, fair weather continues to exist despite the daily predictions that we are sure going to have some bad weather tomorrow.

Crops in this locality are just about all hauled in. Just a small amount of cotton yet remains to be gathered.

Messrs Murray, King and Palmer are overhauling their tractor and will soon have it in first class shape for breaking ground.

Our school is moving along nicely under the supervision of Prof Teague. He tells me that three new students entered school last Monday.

Mr. Bill Chism was called to Crosbyton last Wednesday to attend the court.

Mr. and Mrs. Walter Frazier rode over to Ropes Wednesday to bring a bunch of cattle back to the ranch, that had been shipped in.

Mr. Nickell and family returned Thursday, from Tahoka, via Brownfield. They brought a fine milk cow while on the trip and brought her home as they came.

Bill Murray and Ullis King returned Thursday from Clarendon, where they had gone on business.

Mr. Lusk, recently of this place, but now of Lubbock, was in our community last week.

We are glad to report twenty-eight present, and seven visitors at Sunday School, Sunday. To some, in thickly settled places this number will seem very small, but it looks good to us, as it constitutes almost the entire population of our neighborhood, excepting two families who are away from home and one with sickness in the home.

We are certainly glad to have Bro. Chisholm with us again Sunday. He preached an excellent sermon on the Second coming of Christ.

Messrs Jones, Copeland, Finley and Lutrel and Mesdames Finley and Jones, all of Meadow, attended Sunday School and church at Moody, Sunday. We earnestly invite them again.

Mr. A. E. White returned the latter part of the week from Imperial, where he had been buying cotton this fall. He said he was having a car of cattle shipped to his place, here from Imperial.

Mesdames, Thorp, Murray and

Teague visited school Friday and observed the good work being done by both teacher and pupils. It is amazing at the advancement made in two month's time. These ladies say—

Mrs. John Swofford spent Tuesday with her sister-in-law at Ropes.

Mrs. Murray and Mrs. Teague and little Juanita, spent Wednesday with Mrs. Whitehorn, the restaurant lady of Ropes.

Prof. Gum of Leveland, together with a truck load of players passed through Moody enroute to Ropes, Friday, where they were to play a game of basket ball. We didn't learn how the score stood, but did learn that the visiting team met with quite an unbecoming reception at the hands of the local team. Shouldn't think they would want to go back.

Mr. Bob Swofford is suffering severely from a case of Neuralgia. We regret to see his usual jovial nature so crushed by a case of Neuralgia.

Prof. Teague and family made a business trip to Lubbock Saturday. Fred Reeves and Euel and Buel Hall brought a bunch of cows for Mr. White out from the railroad Sunday morning.

Mrs. W. G. Murray surprised Fred Reeves on the 21 inst., with a 12 o'clock birthday dinner in honor of Fred's eighteenth birthday. The following boy friends were invited: Weldon Teague, Beecher Swofford, Earl Nickell, Euel Hall and Buel Hall. Besides the families of Messrs, White, Palmer, Teague and King.

Mrs. Murray deserves praise for her thoughtful kindness as Fred is a very deserving orphan boy with no one to think of his birthday.

INTERESTING BATCH OF NEWS FROM ROPESVILLE

Brother Monison, Baptist minister, will preach here next Sunday at eleven o'clock and Sunday night.

A minister of the Church of Christ will preach at three o'clock. We failed to learn his name.

Mrs. Lee Cowan sold a fine bunch of turkeys at Lubbock last week. For the two years 1920 and 1921 she has sold \$84.70 worth of turkeys, and she has gathered for the last three years 16,871 hen eggs from her flock of chickens. She keeps books and says it pays to keep accounts of farm products. Mrs. Cowan is keeping a record book of Hockley county events, which will be very interesting history many years from now.

Misses Ora Lee Dopson and Francis McDonald took dinner with Mrs. Verda Ator Sunday.

Prof. Gum and family from Leveland, attended the basket ball here Friday.

Mr. and Mrs. Jim Stroud was at the play Friday night.

Lense Price and his two little girls visited in Mr. Cowans home Saturday night and Sunday.

Mrs. Mathews who has been visiting her daughter, Mrs. Millsap, left for Goodnight Saturday to visit her daughter there.

Mr. Ed. Thorp is building a residence on his land west of Ropesville. He was burning off a place to build on when the fire jumped the fire-guard and caught the grass on fire, burning a whole section of grass for A. W. Blankenship. By heroic effort of several men it was put out before it reached the Spade ranch. Everybody should be very careful with fire while it is so dry.

RED & POSEY

West Broadway Lubbock, Texas.

THE LUBBOCK AVALANCHE

Published Every Tuesday and Friday by THE AVALANCHE PUBLISHING CO. (Incorporated)

JAS. L. DOW, Editor and General Manager Entered at the Postoffice at Lubbock, Texas, for transmission thru the mails as second class matter.

WHEN YOU HAVE FEED TO SELL

Cotton farmers, because of ever recurring low prices and boll weevil damage, are now unwilling and unable to depend solely upon cotton as a source of cash.

Dairying is not likely to make anybody rich overnight. But milking a few cows will bring in a cream check twice a month through out the year.

Many cotton farmers throughout the South have already shown conclusively that milking a few cows and selling cream, butter or milk is a very satisfactory side-line to cotton farming.

But it has given them a supply of manure which has built up the productive power of the soil. And this land is now producing cotton at a good profit, whereas once it could grow cotton only at starvation wages.

Milk cows will help you sell feed that now goes to waste on your farm, and will find a good market for all the good feed you can grow on the place.

ADVERTISING SERVICE FAKERS

Advertising service men make Lubbock about every sixty or ninety days. By this term we mean men who are selling advertising cuts and ready made advertisements.

According to an announcement made the first of the week F. R. Jamison has resigned as secretary-manager of the Panhandle-Plains Chamber of Commerce to become manager of the Amarillo Daily Tribune.

We were told by one who is in a position to know, that as soon as the delinquent tax list is published in the Avalanche the required number of times, that suit will be filed immediately for collection of same.

THE UNFAIRNESS OF TAXES

From statements being sent out from the Tax Collector's office in Lubbock for city taxes, it is noticed that the taxes this year is greatly increased over former years.

DRY LAW MAKING GOOD

We believe the sober facts show a remarkable indication on the part of the people at large to respect law and a remarkable improvement in the condition of crime and disease which, as physicians and scientists have always known, result from the indiscriminate use of alcohol.

Anyway West Texas has opened the eyes of the people throughout the State and also removed the scales from the eyes of a lot of people from other States.

The Commissioners Court of Jones county has recently appointed the editor of the Stamford Leader as Justice of the Peace in Stamford.

The fire marshal has been doing some good work this week in the matter of ridding the town of some ugly looking weeds by burning them.

The West Texas League of base ball is being made up and we understand that Lubbock will have a chance to become a member of the league.

It seems to be a favorite pastime of movie stars to obtain divorces. Of course a lot of them are not married and no doubt are people of good intentions and of good character.

We have recently read of a number of fires which were caused by coins being used as a substitute for fuses in the electric wire switches.

Governor Neff is making a tour of inspection of the various prisons of the State. He will no doubt see things that will open his eyes, but will likely hear nothing very startling, as most prisoners, as we understand it, are afraid to tell really what they know on account of being severely punished by those over them in the prisons.

The Panhandle Press is certainly greatly grieved on account of the death of L. W. Waggoner, the peppy, capable editor of the Miami Chief, one of the best weekly papers in the Panhandle.

The South Plains is the ideal diversified farming section. You do not have to depend upon any one crop for your living.

WITHOUT FURTHER COMMENT

Lubbock Avalanche: "We notice in a dispatch from Paris, Texas, that the people of that section are hauling water for their live stock. This editor before he was 12 years of age had hauled enough water to overflow the Yellow House Canyon before our father discovered that there was a greater and better country in the West.

Early geographers used to make maps which carried the Lubbock locale under the label of "Great American Desert." It was supposed to be no nearer water than hades is to a blizzard.

Society Notes: The Idle Hour Club held its regular meeting Wednesday afternoon, with Mrs. H. L. Hicks. Each lady brought her work and pretty indeed are some of the things being made by this jolly bunch.

Will Entertain "42" Club: Mesdames R. B. Hutchinson and Lester Guinn will entertain the "Merry Bidders '42" club Friday evening at the home of Mrs. Guinn.

Miss Allene Baker Entertains: Miss Allene Baker entertained a few friends on Tuesday evening in a most pleasant manner, honoring her birthday.

Mrs. O. V. Turner has returned to her home in Los Angeles, Cal., after visiting relatives in this city.

Mrs. W. K. Dickinson, Jr., entertained the "Maggie and Jiggs" "42" Club Tuesday night with a party at their home on I avenue.

Mrs. C. E. Hunt held high score for the ladies, and was presented a beautiful hand embroidered luncheon set, and Mr. Max Howard received a beautiful gold cigarette case for holding the high score for the men.

The party was enjoyed by visiting guests, including Mrs. Mary Penney, Mr. and Mrs. Hix, Messrs Hare and Max Howard, and several club members.

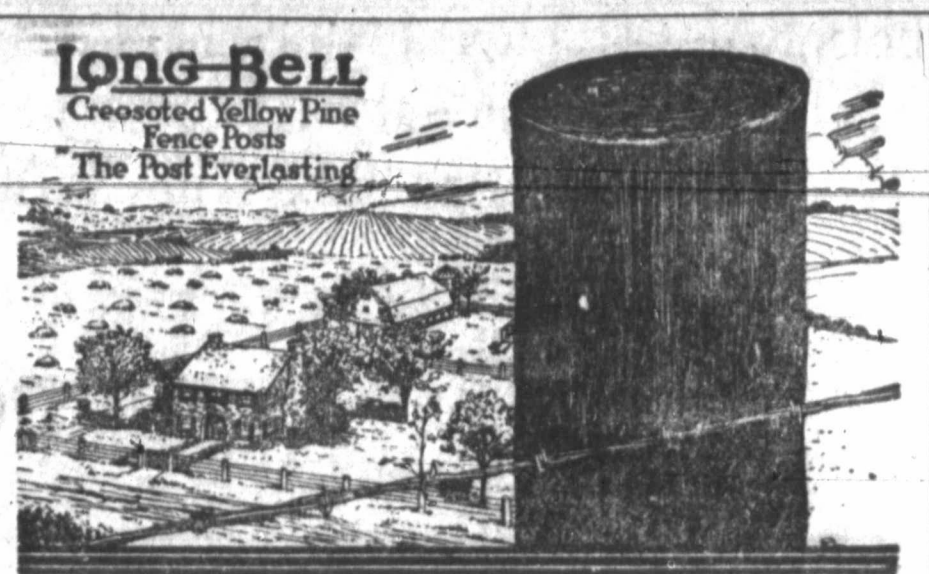

Neal A. Douglass, Sr., of Littlefield was here the first of the week and made arrangements with Morton J. Smith to help sell the Elgin-ster lands.

L. C. McDonald was here Wednesday from his farm southeast of town trading with our merchants.

Dr. A. B. Conley, Sr., of Decatur, is here this week visiting his son, A. B. Conley, Jr., dry goods man of this city.

J. J. McClure and J. H. Basden, of Dallas, were here Wednesday transacting business.

C. T. Jackson, Public Weigher, has weighed five thousand and eighty-two bales of cotton for local farmers on his yards to date.

POSTS That Solve The Fencing Problem

If you are planning on building a fence this season we can show you how to save money and at the same time have better protection for your livestock.

We have a supply of these L-B. Creosoted Yellow Pine Posts that remain firm and strong years after ordinary posts have been destroyed.

We are headquarters for all building material. Come in and look over our stock. Let's talk your building plans over. We'll be glad to advise and help you—furnish figures and estimates and give you our lowest prices.

PUBLISHED TWICE A WEEK

South Plains Club Boy Writes Of His Trip to England With The Winning Team in Judging

By Alva Debnam, Lamesa, Tex.
While engaged in club work I was fortunate enough to win a free trip to England to the Royal Agricultural Show and also a visit to some of the famous livestock sections of England and Scotland.

We left the United States June 15th, and after a pleasant eight days' journey we landed at Liverpool eager for a chance to see some English livestock of which we had heard so much.

We first visited the estate of the Duke of Westminster which is located near Chester. As no expense had been spared in the erection of the buildings and the maintenance of the estate, it was very beautiful. All thoughts of the beauty of the inanimate stone structures about us were forgotten, however, as we were taken to the livestock barns.

One of the things that impressed me while on this farm, as well as on all others that I later visited, was the permanent character of the buildings and consequently the low cost of upkeep.

The pastures appeared very green to us, but we were told that the country was suffering from a drought at the time.

We were shown some beautiful

Shorthorns of the dairy type which was the only type kept on this farm. We found that the breeding animals were very closely attended to while the show animals were not fitted for so long a time before the show as they are in the United States.

After leaving the Eton herd, our next stop was at the Royal Agricultural Show, where we spent several days. It is decidedly the largest show I had visited from the standpoint of the number of breeds of livestock exhibited. The show is moved every year, which doubtless detracts some from the extent and convenience of the exhibition barns.

At the Royal Show we found the exhibit of the Shorthorn cattle in both the dairy type and the beef type to be very strong in numbers. The older classes showed up remarkably well in the beef type, the Grand Champion cow and bull, both coming from the aged classes. The cow was, I believe, the best Shorthorn female I had ever seen; while the Grand Champion bull would have ranked well with any we have in the United States.

I attended the Shorthorn Sale while at the Royal Show. It was put on by the Shorthorn Breeders Association and was very well attended though the selling was a trifle slow, due to the unwillingness of the purchaser to pay former high prices while the seller put a reserve on the animal that was out of proportion to the drop in prices of everything else. The practice of putting a reserve on the animals before a sale is one that I heartily approve of. The amount of the reserve is paid into the auctioneer before the sale and while it prevents the animal from selling for less than it is worth to the owner, it also does away with the temptation to resort to "buy bidding" which is fast becoming the ban of auction sales.

After several days on the continent we returned to England and had an opportunity to see some good livestock. The first livestock farm of note was the estate of Lord Rosinberry, which is under the management of Mr. Sinclair, who, by the way, judged at Chicago in 1908 and is very well known among American Shorthorn breeders. The Shorthorns were very typy and nearly all belonged to a few well known blood lines.

It was with real regret that we parted with Mr. Sinclair and we unanimously agreed that it had been a very pleasant afternoon well spent. The last place, though not the least from the standpoint of interest, was

we were shown some beautiful

R. A. RANKIN & SONS
Lubbock's Finest Hardware Store

While at his home our first stop at the farm was rewarded with the opportunity of seeing Cluny Proud Augustus and Balcairn White Eagle, two of Mr. Duffy's favorite bulls. The former was bought for \$16,000 and the latter for \$9,000. One peculiarity of Balcairn White Eagle is that although he is white his "set" are almost invariably red.

We next visited the farms of Mr. James Durno of Upperville and Mr. James Dureo of Rothliebrishane. The former is well known as a judge of Shorthorn cattle at South American fairs while the latter often judges in the United States. The cattle were exceedingly good and at every place we visited they seemed to excel. They were practically all of the same several families, and many of the bulls we saw were Duffy bred. We found the most popular blood lines to be Noutapariels, Violets, Lavenders, Buttercups, Broadhooks, Estells, Missies, Claras, Bessies, Mari-golds, and Goldies. We also saw the herd of Mr. Webster at whose home we were served with a very fine luncheon. Because of the lack of time, however, we did not get to visit two other places where we were expected.

We returned to Aberdeen sincerely sorry to leave the people who had received us so kindly and regretting that we had not allowed ourselves more time to be spent around Aberdeen.

I returned to the United States feeling that with close attention to pasture corps and careful attention to breeding stock we could breed and raise Shorthorn cattle that would equal or excel those of any country. With the more ideal climate and with more attention to animals used for foundation stock we would soon find it unnecessary to leave the United States for blood from which to breed our champions.

A TONIC
Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Mrs. J. R. Dutton, of Comanche, is here visiting Mrs. Sam Cooper. Mrs. Dutton contemplated making Lubbock her home in the near future.

a short stop at Aberdeen which is the center of one of the most important livestock regions of Scotland. Upon our arrival in Aberdeen we found a letter awaiting us from Mr. Webster, a nephew of the immortal Mr. Duffy, who is known as the king of Shorthorn breeders.

Following the instructions in the letter, we hired an automobile and after a pleasant ride were soon at the farm of Mr. Duffy where we were royally received.

While at his home our first stop at the farm was rewarded with the opportunity of seeing Cluny Proud Augustus and Balcairn White Eagle, two of Mr. Duffy's favorite bulls. The former was bought for \$16,000 and the latter for \$9,000. One peculiarity of Balcairn White Eagle is that although he is white his "set" are almost invariably red.

We next visited the farms of Mr. James Durno of Upperville and Mr. James Dureo of Rothliebrishane. The former is well known as a judge of Shorthorn cattle at South American fairs while the latter often judges in the United States. The cattle were exceedingly good and at every place we visited they seemed to excel. They were practically all of the same several families, and many of the bulls we saw were Duffy bred. We found the most popular blood lines to be Noutapariels, Violets, Lavenders, Buttercups, Broadhooks, Estells, Missies, Claras, Bessies, Mari-golds, and Goldies. We also saw the herd of Mr. Webster at whose home we were served with a very fine luncheon. Because of the lack of time, however, we did not get to visit two other places where we were expected.

We returned to Aberdeen sincerely sorry to leave the people who had received us so kindly and regretting that we had not allowed ourselves more time to be spent around Aberdeen.

With the more ideal climate and with more attention to animals used for foundation stock we would soon find it unnecessary to leave the United States for blood from which to breed our champions.

DEWEY CAMPBELL MAKES GOOD SCORE ON LOCAL LINKS
Dewey Campbell, now employed with Olim's Family Shop, played golf on the Club links while visiting a sister here, and made an average of fifty-one in seven evenings on the links.

Mr. Campbell had never played golf prior to his coming here, and his skill was developed in only a short time, as he played with ease and exactness the second and third evenings he was on the links.

DYED HER WRAP BLUE AND A SKIRT BROWN
Each package of "Diamond Dyes" contain directions so simple any woman can dye or tint her orn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything—even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Till your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

11-25

MIGHTIEST BATTLESHIP OF U. S. WILL BE SCRAPPED
Newport News, Va.—The super-dreadnaught West Virginia, the newest addition to the American navy and scheduled to grace the scrap pile within a few months under the reduction program, was successfully launched a few days ago at the plant of the Newport News Shipbuilding and Dry Dock Company. Miss Alice Mann of Bramwell, West Va., christened the ship as she glided from the ways.

The American naval reduction plan as presented to the arms conference provides for the scrapping of the West Virginia. If the American plan is agreed to the dreadnaught today about 65 per cent complete, will never be finished or plow the seas bearing the Stars and Stripes.

The West Virginia is one of the same class and power as the Maryland, soon to be commissioned. Somewhere among the government stores are eight 16 inch rifles made especially to fit her four gun pits. She would be able when completed to steam at almost 23 knots speed; she is built so as to be almost invulnerable to torpedo attacks; she carries a hull of the hardest armor ever rolled, so thick a man might walk on its upper edge where it protrudes beyond the skin of the ship well above the water line. No device that American genius of war experience has combined to produce has been omitted from the ship's fighting equipment.

The West Virginia's keel was laid in April, 1920, a year and seven months ago. As launched she measures 624 feet from stem to stern and is 97 feet wide in beam. Although her hull is practically complete and her main deck laid, she lacks equipment, much of her armor and her guns. In addition to her eight 16 inch rifles she would have had when completed, a second battery of fourteen 5 inch rifles would be carried with four

ART GOODS

SPECIAL for ONE WEEK!

To help you solve the problem for presents for Christmas we have bought an extra good assortment of Art Goods. How often have we heard: "Mother or Sister made that for me years ago." It is not the value but the remembrance of the one who made the present with their own hands that make these excel for presents.

CONFEREES AGREE ON TAX MEASURES

Washington, Nov. 19.—Completing their revision of the tax bill, House and Senate conferees agreed today to a corporation income tax of 12 1-2 per cent, the figure fixed in the original House measure. This is an increase of 2 1-2 per cent over the present rate but is 2 1-2 per cent less than the figure agreed upon by the Senate.

The conferees also agreed to the Senate amendment repealing the \$2,000 normal exemption allowed corporations, except that this exemption would be continued in the case of corporations having net incomes of \$25,000 a year or less.

The conferees agreed also to the elimination of the amendment by Senator Walsh, Democrat, Massachusetts, proposing a graduate tax on gifts or property by persons, the rates running from one per cent on \$20,000 to 25 per cent on \$10,000,000.

Postmaster Davis was here from Slide the first of the week.

Ralls Dedicated New School Building ing Armistice Day

Ralls' new School Building was dedicated last Friday, Armistice Day, and the services were also in the nature of observing Armistice day.

The exercises were led by Prof. Wester, superintendent of the school. Prayer by Rev. Laney, after which Big Travis made a talk in which he spoke of the work done by our trustees, and the growth of the school. As is known, we have three schools in the district, Ralls, Emma and League 4. Five hundred and two pupils are enrolled in the Ralls school, and 800 in the three schools. Mr. Travis said the \$71,000 in bonds recently issued had afforded ample money to pay all indebtedness of the schools. In closing he said that Henry Payne could not make a speech, but was a tower of strength on the Board of Trustees.

G. R. Moore spoke of the blessings that come to us as a result of American Liberty, giving honor to the 4,000,000 heroes who, through blood and hardship, were responsible for this liberty. He also paid a beautiful and appropriate tribute to our honored flag. Said that all honor and praise was due to God for right prevailing against might in war as well as in peace.

Song by 4th, 5th, and 6th grades. Reading by Miss Leonard and Houston Payne.

Lieutenant Marvin McLaughlin, one of the splendid soldiers furnished by Ralls, and who made a record in defense of his country of which we are all proud, delivered quite an interesting speech. He told of his feelings on arriving in New York, of his sailing on July 7, 1918, the ship he was on being one of 18 conveyed by three big battleships. He said that after sixteen days on the sea, Scotland was sighted, then to Liverpool, England, and then on to the battlefields of France. He gave some interesting incidents of his sojourn in France, and concluded by telling of his return home. Lieut. McLaughlin's talk was intensely interesting from beginning to end and he had the closest attention.

Song by 1st, 2nd and 3rd grades. Prof. J. M. Rankin, teacher in the Ralls High School, and who also saw service in France, told in a most thrilling and impressive manner his personal feelings on meeting the Germans, of being gassed and thinking his part of the war was ended, but in six weeks was again back on line. He said in one engagement one-third of his division were killed. Prof. Rankin painted a touching word picture of the starvation, want and privation of the women and children of France, and closed by expressing thanks to God for crowning the Allied armies with victory.

Jno. D. Bird made a cheerful and practical talk, culminating in the one great thought, "Everything to build education—time, money, good looks," and after that everything to build Ralls.

Reading by Pearl Smith. Judge Pink L. Parrish, of Crosbyton, was present, and made a splendid talk and paid high tribute and honor to the old settlers of Crosby County and Ralls and spoke very highly of our splendid citizenship and our efficient trustees and teachers. The address was highly appreciated by the audience.

Senator Bledsoe, of Lubbock, honored the meeting with his presence, and made a plain, forceful and logical talk. Speaking of the great days of the world, he said Armistice day would be the greatest.

Prof. Wester then made a short and interesting talk, after which the meeting was closed with prayer by Elder Taylor.—Ralls Banner.

T. G. Bates and daughter, Miss Winnie, of Lubbock, returned Monday afternoon to their home, after spending a couple of days in Tulsa, visiting with Mr. Bates' brother, W. H. Bates.—Tulsa Herald.

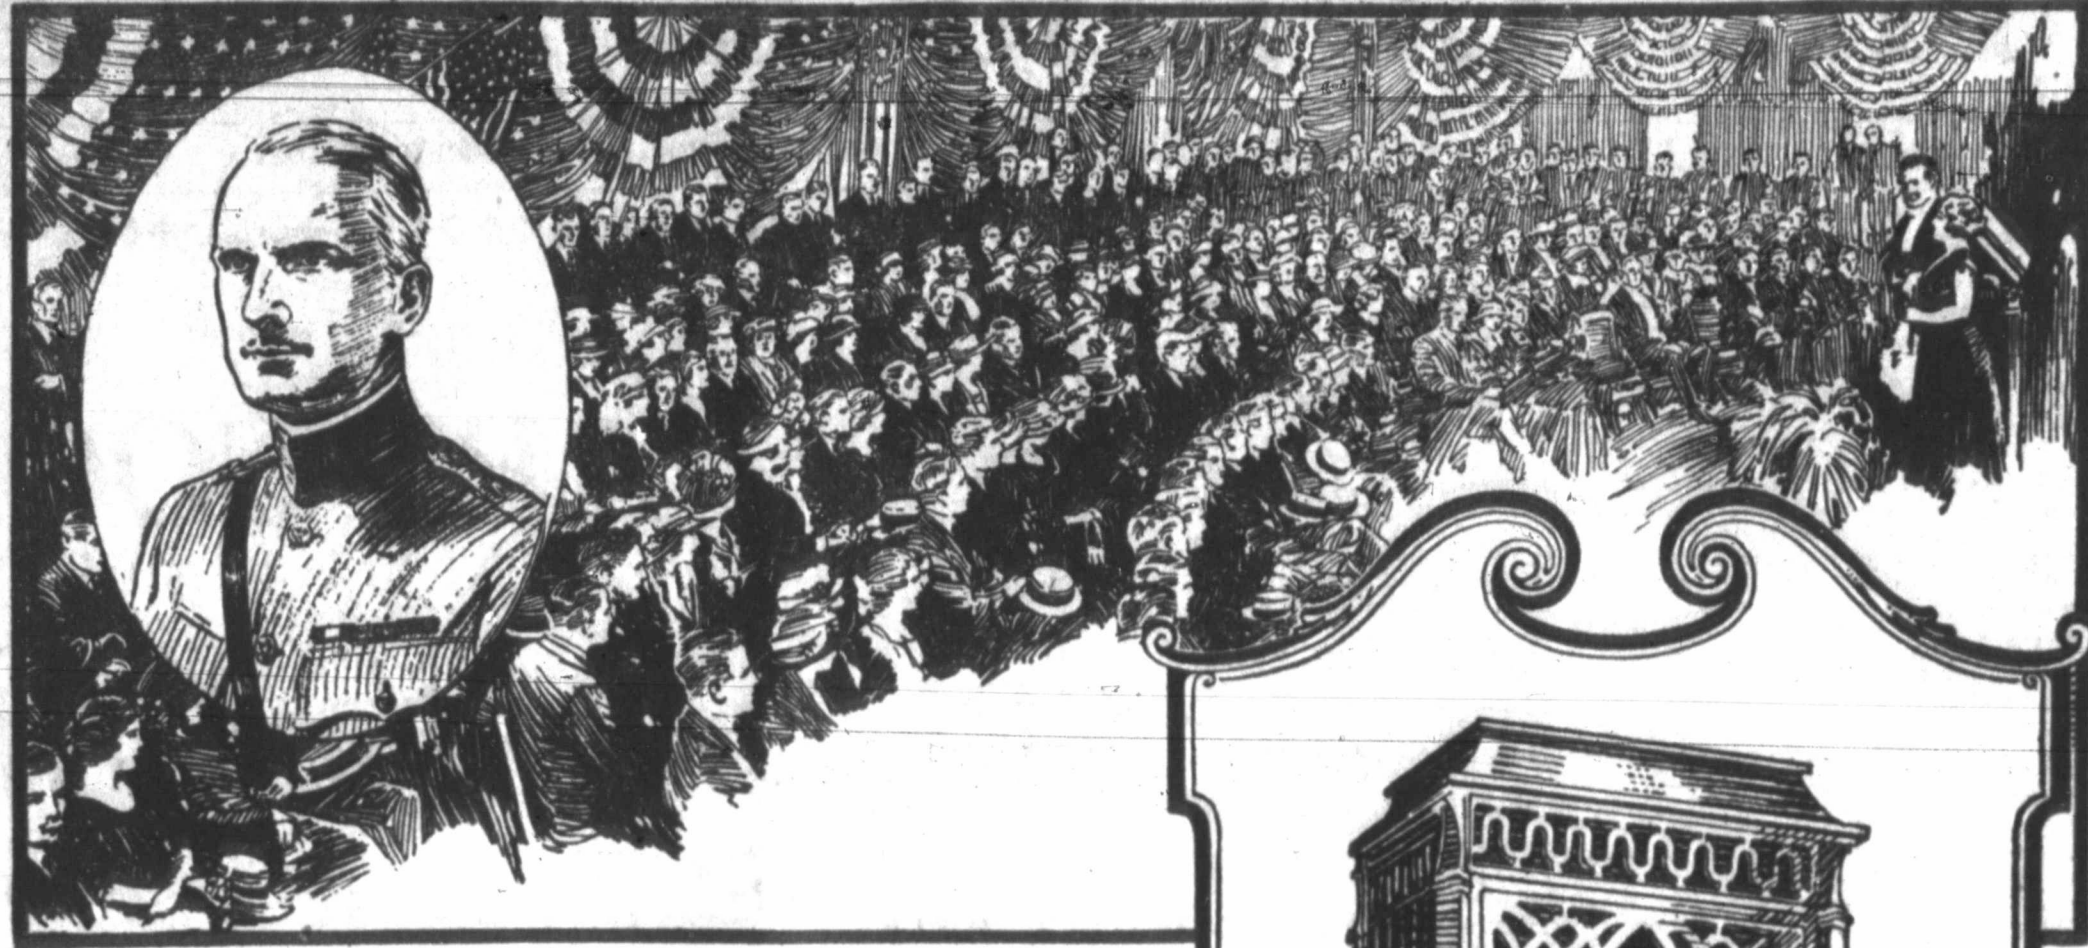

DANDERINE

Stops Hair Coming Out:
Thickens, Beautifies.

35-cents buys a bottle of "Danderine" at any drug store. After one application you can not find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

10-13

This is Mr. Edison's Official Laboratory Model

It is the phonograph which the world uses today for all important musical events.

In a recent Broadway show, it supplied the off-stage music.

When the Prince of Wales visited this country, it played in his hotel suite.

The U. S. Post Office Department used it in its experiments with music for increasing the efficiency of mail clerks.

Dr. W. V. Bingham, Director of the Department of Applied Psychology at Carnegie Institute of Technology, used it in his experiments on the effects of music.

Harvard, Yale, Columbia, and many other universities used it in making tests of music's power to change human moods.

The Official Laboratory Model was chosen for all this work because it sustains the test of comparison with living artists,—and has therefore been accepted as the only phonograph which brings the true beauties and the full benefits of music.

The tests by which the Official Laboratory Model attained this recognition were continent-wide. Premier artists such as Case, Hempel, Muzio, Chalmers, Spalding, have compared their living performance with the RE-CREATIONS of those performances by the New Edison. These comparisons were made in famous auditoriums, such as Carnegie Hall, New York, Symphony Hall, Boston, etc. Thousands of people attended, including leading music critics. Newspapers such as the *New York Times*, *New York Sun*, *Chicago Tribune*, *Cleveland Plain Dealer*, *San Francisco Examiner*, published the facts of the Official Laboratory Model's triumphs. Even Bamboschek, leading conductor of the Metropolitan Opera Company, acknowledged that he could not tell living music from RE-CREATED music.

Hear the Official Laboratory Model,—and you, too, will discover that Mr. Edison has made his phonograph a new and finer kind of instrument.

Compare it with other phonographs and talking-machines,—and you will discover that the Official Laboratory Model stands for new standards in home music.

We cordially invite you to come in and hear the famous Official Laboratory Model.

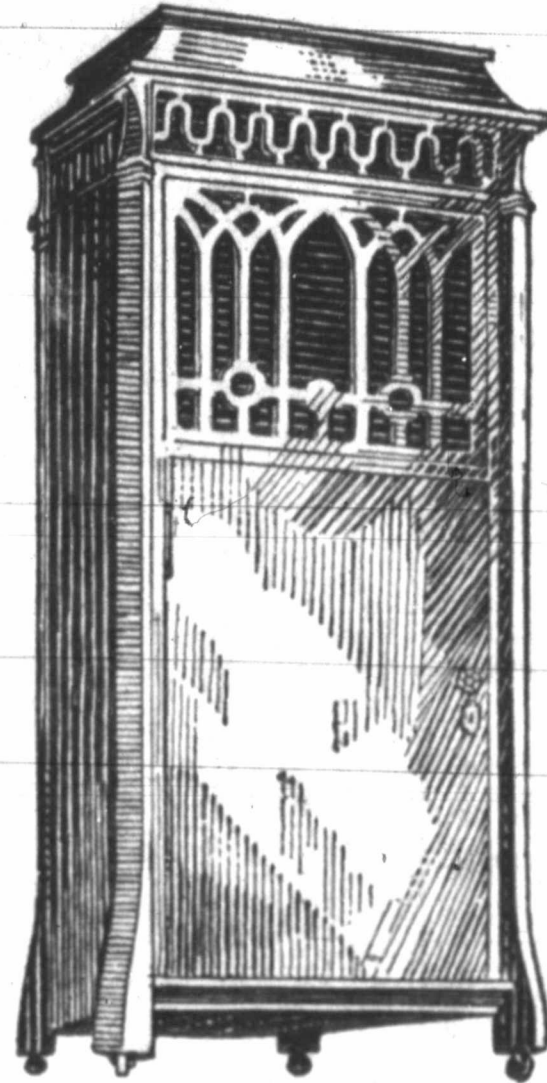

The Test General Wingate Heard

—was made May 25th, 1921 in the 2nd Field Artillery Armory, Brooklyn, N. Y.,—before Reville Post No. 127, American Legion, and its friends. The illustration (from a photograph) shows Miss Helen Clark making the comparison which so impressed General Wingate.

General Wingate, who commanded the 52nd Field Artillery in its operations against the Hindenburg Line, said he could not tell Miss Clark's living voice from the Edison RE-CREATION of her voice.

CONGRESS WILL LIKELY ADJOURN NEXT WEDNESDAY

Washington, Nov. 18.—Congress will adjourn sine die next Wednesday if the tax revision bill is put through under plans virtually completed today by Republican leaders. Speaker Gillett conferred with Senate leaders and the adjournment program which

would suspend sessions of Congress from Thanksgiving day until December five, when the new session is to begin, was said to have been agreed on.

If the adjournment plan goes through, action on the \$500,000,000 railroad debt bill, the Ford-Newberry election contest and the allied debt and tariff bills would go over to the regular session.

BOY FOUND WITH HEAD SPLIT WITH AX

Temple, Tex., Nov. 17.—Although four days have elapsed since the murder of 13-year-old Joe Janacek, officers are as much in the dark as at first as to the perpetrator of the crime. The boy was killed in a pasture on his father's farm in broad daylight Sunday afternoon within

sight of his home and with people as near as 150 yards, yet it has been impossible thus far to fasten the crime with certainty upon any one.

GRAIN SHIPMENTS ARE INCREASING IN PANHANDLE

The increase in grain shipments from Northwest Texas this season indicate a strong growth. According to figures of the Santa Fe Railway its lines of this section have moved 10,600 cars of grain since July 1, or about 13,000,000 bushels, as against 5,837 cars during the same period in 1920. This is an increase of about 4,763 cars in the past year. The new crop of kafir, milo, indian corn, and feterita has not yet begun to be moved.—Amarillo News.

Mr. Kemmell was here from his farm six miles east of town, Tuesday, with a big load of corn. He has nearly twenty-two bales of cotton on forty acres, and his corn has averaged about thirty-five bushels per acre.

HUNG JURY IN HEREFORD— BURNS MURDER CASE

The jury in the case of the State of Texas vs. Archie Burns, charged with being a principal in the killing of W. J. Rich, were unable to agree on a verdict last Saturday and were finally discharged by the court.

The case was very ably conducted on both sides and the result was always in doubt.

A companion case, the State of Texas vs. Arthur Reedy, charged with the same offense, has been set down for trial next Friday, November 18, and will probably call for another special venire of jurymen.

Other cases handled by the district court so far include: Cora Lee Frye vs. W. F. Frye; divorce granted as prayed for. W. E. Neal and son vs. Panhandle and Santa Fe railroad; now in hands of jury.—Hereford Brand.

As a general rule the fellow who gets struck on himself also gets stung.

All Good Kinds of Dry Goods and Shoes on this Lucky Day Proposition

If you are a farmer and you have several children that you intend purchasing shoes, clothing, etc. for, where it amounts to a big sum, how can you afford not to make that purchase here? You won't have to pay any more here than anywhere else for the same class of merchandise and in many cases we are lower than the usual Dry Goods Store. You do, however, stand a big chance of buying here on the day when we are compelled by our word to refund you every cent spent on that day with us.

We guarantee the quality of our goods, including millinery to be high, and we guarantee our prices to be absolutely right. It costs you not an extra cent to take this chance and we believe that you should by all means do so.

IS TOMORROW YOUR LUCKY DAY?

MANY PEOPLE WANT FARMS IN WEST TEXAS

Big Spring, Nov. 19.—The tide of immigration is headed toward West Texas and the only trouble is going to be to secure farms for the many who want to locate here.

The real estate men of this city say they are besieged daily by folks desiring to rent farms, and every mail brings letters inquiring for farms to

rent. Just at present if there are any farms available in this county the real estate men do not know of them for they could rent a dozen or more in fifteen minutes. They assert they could readily rent one hundred additional farms without any trouble.

Miss Cora Lee Woody, of Crosbyton, is here this week, the guest of Miss Lois Duff.

"SOME DAY I KNOW THE SUN WILL SINK"

"Some day I know the sun will sink adown its golden lane in the west. I'll have read the greatest poem of them all and sought the solace of eternal rest. The little children still will play about, the laughter yet will rise upon the air, but I, who love them so, will never see, and nevermore for earthly things will care. Teach me Oh Lord, before that time shall come, to know Thy love holds sway over everything that thou art watching all the paths we tread, from humblest laborer unto greatest king. O Lord, the way is sometimes hard, we think a gift is oftentimes a curse, but though I stumble, still I rise again, and keep on going, if for good or worse. Help me to learn the beauties of Thy world, the good that lies within my fellow men and that as Thou has willed so shall it be, help me to play the game, Oh Lord."—From the pen of Edwin Hunt, the Kansas poet, in the Wichita Beacon.

HER SUFFERINGS WERE TERRIBLE

Muskogee Woman Says She Was In Wretched Health Before Taking Tanlac—Feels Fine Now.

"Before I got Tanlac my health was so bad I could hardly hobble around my room; but now I'm in such fine condition that I take care of my housework without a bit of trouble," was the statement made by Mrs. T. J. Bequette, 305 S. Second St., Muskogee, Okla. "About a year ago I had a severe attack of indigestion which I think effected my nervous system. Anyhow, my feet and limbs got in an awful fix. At first the nerves in my feet seemed to be dead, for they felt perfectly numb, and then my feet got to hurting so bad I could hardly stand it, and the pains ran up into my hips and back. The way I suffered was simply awful, and the indigestion caused a terrible pain in my stomach and side that kept me feeling miserable all the time. I could scarcely be up at all and had to spend most of my time in bed. "A friend finally advised me to try Tanlac, and I'm so happy over the good health it has given me that I advise every sufferer I see to try it. Why, it helped me right from the start, and I haven't had a sick day since I finished my fourth bottle. I assist my husband every day mounding and trimming photographs, besides doing all my housework." Tanlac is sold in all leading Drug Stores.

PIONEER SETTLER OF KNOX COUNTY IS DEAD

Knox City, Nov. 18.—The funeral of John C. Hardberger was held at O'Brien yesterday at 2 p. m., with interment at Knox City. Mr. Hardberger was one of the early settlers of Knox county and a most useful citizen. He was for many years a minister in the Baptist church. He was born April 13, 1846, and died Nov. 17.

Rev. R. B. Bonner, was here Wednesday looking after the interest of the Bonner Loan and Investment Company, of which he is general inspector and field manager.

R. I. Richardson was here Wednesday from his farm northeast of town, selling cotton. He made eight bales from twenty acres this year, which is a paying crop at the price received.

A. & M. WILL ENTER TEAM IN NATIONAL DAIRY SHOW

College Station, Texas, Nov. 23.—The A. & M. College of Texas will enter a team in the students' dairy judging contest which will be held in connection with the National Dairy Show next spring. The show is held annually, and will very probably be held in Kansas City this year.

Preliminary training for picking a team was begun last week when twenty junior dairy husbandry students were taken to the Houston Fair and Exposition for practice work with the fine animals on exhibition there. Work will continue with the animals belonging to the College.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

Mrs. W. B. Atkins returned Wednesday from Fort Worth, where she has been visiting two brothers and a sister.

ABILENE MAN SHOT LAST FRIDAY AFTERNOON

M. W. Trigglett, operator of the Abilene-Buffalo Gap motor bus and mail line, is in a local sanitarium in a serious condition as the result of a shot gun wound sustained Friday evening at about five thirty o'clock in Buffalo Gap near the Kincaid Hotel. Eight buck shot were reported by local doctors to have taken effect in the left hip, though five of them were superficial flesh wounds. One of the remaining three shot lodged in the hip just above the joint, while two of them went through the spinal column into the spinal canal.—Abilene Reporter.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Lubbock.

WHEREAS, By virtue of an execution issued out of the District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 14th day of June A. D. 1921, in favor of J. E. Earhart and against J. F. Norfleet No. 1437 on the Docket of said Court, and to me, as Sheriff, directed and delivered. I did, on the 2nd day of November A. D. 1921, at 11:30 A. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to J. F. Norfleet to-wit: Lots 23 and 24 Block 3; Lot 3 Block 29; Lot 4 Block 53; Lot 4 Block 181; Lot 14 Block 217 and Lot 2 Block 222 all in the original town of Lubbock, on the 6th day of December A. D. 1921, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. F. Norfleet in and to said property.

WITNESS my hand, this 2nd day of November, A. D. 1921. C. A. HOLCOMB, Sheriff of Lubbock County, Texas. 1924

Wilton Winn, of Bailey County, was here the latter part of last week. He has recently sold his ranch in that county, but retained his splendid herd of fine polled cattle, which he will continue to look after. He will likely invest in a home in Lubbock, and move his family here.

Lubbock County Will Gin About 11,000 Bales Cotton

According to the best estimates that we have been able to get the cotton yield in this county this year will be in the neighborhood of 14,000 bales, and about 12,000 have been ginned up to the present time, which leaves about two thousand more to gin. The weather has been exceptionally fine for gathering the crop, and the sample is unusually good for this country. A number of

our farmers are members of the Farm Bureau, and are handling their crop through this medium this year, and they seem to be well satisfied with the workings of this organization up to the present time, at least.

We hardly think there is a disposition on the part of the people of this section of the country to increase their cotton acreage over that of last year, but there will be many more farms opened in this county during and before cotton planting time, and this will in all probability, considerably increase the acreage for the county.

The Lubbock gins have kept well up with their work this year, and as a result there has been quite a lot of cotton ginned in Lubbock that came from adjoining counties and

even as far away as New Mexico, and much of that cotton was sold on the Lubbock markets, and the Lubbock merchants were permitted to sell supplies to these people which has been greatly appreciated.

NEWSY ITEMS FROM THE COUNTY SEAT OF HOCKLEY

Leveland was visited by an aeroplane Friday, when a plane from Post stopped here enroute to New Mexico.

Most of the people from here attended the entertainment at Ropes Friday night. Our ball team played an interesting game with Ropes Friday afternoon and lost by a good majority.

Among the prospectors here last week was Mr. Allen Travis, of Canton, Van Zandt county. Mr. Travis said he liked the country fine and would move here next summer.

On an average 12 to 15 people are here each day prospecting. Most of them who don't buy land now say they are coming back later and buy.

Alexander Brothers say all but seven blocks of Haskell county lands are sold. There were 54 blocks. Most of these people will move into the land this winter. They come from all parts of Texas and Oklahoma.

The First Baptist Church of Leveland was organized Sunday afternoon with twelve charter members. Missionary J. E. Curry of the Brownfield association had charge and was assisted by Rev. J. I. Matthews of O'Donald. Bro. C. H. Tubb was elected Church Clerk.

Our school now has 12 pupils and several new ones will be in soon. The school trustees purchased a piano for the school and it was delivered this week by Mr. Clark of Rix Co.

Our Sunday School continues to grow. If you expect to move to Leveland you need not wait. The School District is in shape to take care of all pupils who come even if more teachers have to be secured. We will try to keep things going in a good way. There will be Sunday School and preaching next Sunday afternoon.

OF INTEREST TO SPANISH AMERICAN WAR VETERANS

Attention! of all ex-soldiers who served in the War with Spain, at home or abroad, or those who served in the Philippine Insurrection or the China relief expedition and their widows. The late Congress passed laws of the utmost interest to soldiers and if they will send name and address to Walter S. Buchanan, National Aid-de-Camp, Army and Navy Union, Route 2, Louisa, Va., he will be glad to advise them fully as to their rights under the new law. Prompt action will mean the possible saving of money, as the pension commences from the filing of the claim. Mr. Buchanan wishes to assist his comrades in every possible manner. Write him and enclose stamp for reply.

LOCAL NEWS ITEMS FROM LORENZO ENTERPRISE

J. A. Hutto and family and P. W. Hamilton and wife of this place, Mr. and Mrs. L. E. Bishop of Tahoka, and Mr. and Mrs. Muson of Spur enjoyed a pleasant day last Sunday on the canyon below Crosbyton. All are relatives of Mr. Hutto with the exception of Mr. and Mrs. Hamilton, who are old acquaintances.

Mrs. James Humphrey has sold her hotel properties to Mr. James Bossey and has moved to a farm several miles north of town. Mr. J. T. Hale, who is well known to our people, has leased the hotel for the coming year and took charge of same the first of this week.

The infant girl of Mr. and Mrs. Jack Kelley died last Tuesday at their home in the central part of town, after about a week's illness. Funeral services were conducted by Rev. W. R. Underwood and interment was made in the city cemetery immediately following.

EASTERN CAPITAL WILL SEEK OIL AT BIG SPRING

Big Spring, Texas, Nov. 21.—Arrangements have been completed for starting another test well on the Sparkman ranch, about three miles southeast of the Enders-Cushing well. This test is to be made by a Boston concern.

The Middle States Oil is negotiating for 5,440 acres of land adjoining the Read ranch in the eastern part of Howard County. The derick is up for the No. 1.

C. E. Gennings left Monday for Denton, where he will spend Thanksgiving with his father and mother, Mr. and Mrs. J. A. Gennings.

B. I. BOLES INJURED BY A MAD BOAR TUESDAY

B. T. Boles was here this week from his farm six miles east of town, at the West Texas Hospital, under the treatment and had twenty-one stitches made in cuts on his legs made by a maddened boar, that attacked him and cut him so severely that he was rushed to the hospital immediately. Two of the hogs engaged in a fight, and Mr. Boles was attacked while trying to separate them.

MR. P. LADUKE, FARMER SAYS, "YOU BET RATS CAN BITE THROUGH METAL"

"I had feed bins lined with zinc last year, rats got through pretty soon. Was out \$18. A \$1.25 pig of RAT-SNAP killed so many rats that I've never been without it since. Our collie dog never touched RAT-SNAP. You try it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Coleman Hardware & Imp. Co., and City Drug Store.

Cotton Ginned by Counties in Texas Prior to November First Announced Through Bureau of Census

The Department of Commerce, through the Bureau of the Census, announces the preliminary report on

cotton ginned by counties, in Texas, for the crops of 1921 and 1920. The total for the state was made public at 10 a. m., Wednesday, November 9. Quantities are in running bales, counting round as half bales. Linters are not included.

Willard Batteries

Sometimes, when we get started on the Willard Threaded Rubber Battery, we get over-enthusiastic. Can you blame us?

The one thing that excuses us is that Threaded Rubber Battery users are just as enthusiastic as we are.

You'll need a battery some day.

Don't forget Willard Threaded Rubber!

DODGE BROTHERS SEDAN

THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County, Greeting:

You Are Hereby Commanded to summon Mrs. L. J. Faulkner and her husband, E. W. Faulkner, and Mrs. M. F. Mangold, and the Unknown Heirs of F. E. Eller, deceased, their Heirs and Legal Representatives, whose names and places of residence are unknown to plaintiff, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Lubbock County, to be held at the Court House thereof, in Lubbock, on the 2nd Monday in December, A. D. 1921, the same being the 12 day of December, A. D. 1921, then and there to answer a petition filed in said Court on the 9 day of November, A. D. 1921, in a suit, numbered on the docket of said Court No. 1502, wherein Mary E. Simpson, Individually and as Executrix of the Estate of C. P. Simpson, deceased, is Plaintiff, and Mrs. L. J. Faulkner and her husband, E. W. Faulkner, and Mrs. M. F. Mangold, and the Unknown Heirs of F. E. Eller, deceased, whose names and places of residence are unknown to plaintiff, are Defendants, and said petition alleging that plaintiff is the absolute owner in fee simple of Lot No. Nineteen (19), Block 82, Original Town of Lubbock, in Lubbock County, Texas, and was on the 1 day of November, A. D. 1921, when defendants unlawfully ejected plaintiff therefrom; and that plaintiff also claims title by the five years statute of limitation, and plaintiff sues for the title and possession of said property.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Lubbock, Texas, this 9 day of Nov., A. D. 1921.

LOUIE F. MOORE, Clerk.

(Seal) District Court, Lubbock County, 22-4f

Would you catch the real meaning were one to declare that the most perfect love sonnets the world has ever known would never have been written had Mrs. Robert Browning remained Miss Elizabeth Barrett?

As Quinine That Does Not Affect the Head
because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary quinine and does not cause nervousness, ringing in head. Remember the full name and look for the signature of E. W. GROVE.

The world is upheld by the veracity of good men; they make the earth wholesome. We call our children and our lands by their names. Their names are wrought into the words of the language, their works and edifices are in our home. Every day recalls some anecdote of them.

Cotton Quarantine Being Enforced In Ennis Vicinity

Austin, Texas, Nov. 15.—When the pink boll worm law of the first called session of the legislature became effective at midnight last night, a proclamation by Governor Neff proclaiming a special emergency quarantine in that portion of Ellis county surrounding the city of Ennis also became effective.

The proclamation says that since the pink boll worm has been found to exist in that territory that it shall be unlawful for any person to ship any cotton or cotton products of any kind from the quarantined area or any car or vehicle of transportation liable to carry the worm from the restricted district, except under rules and regulations of the commissioner of agriculture. It further says that the law shall be in effect until a hearing can be held by the pink boll worm commission created in the recent act, and the report of this commission acted upon.

Governor Neff wrote the proclamation before leaving Austin last Saturday, to take effect when the bill became a law.

Agricultural Commissioner George B. Terrell also issued a proclamation prescribing rules under which cotton products can enter and leave the restricted area. The proclamations were made public late today.

NOTICE OF SALE.

Acuff Trustees will sell the school building next Saturday, November 26, to the highest bidder at three o'clock at the school grounds. Mail your bid to Douglas Pounds, any time between now and then. Reserve right to reject all bids, and cry some off. W. C. Grimes, Pres. Board. 25-2p

Uncle Bobbie Wicks was discussing the tramp, Dick Faulkner, with his wife and he made this truthful statement: "There's some fellers who go to the devil because they ain't got nowhere else to go."

IF STOMACH IS BAD LET DIAPEPSIN END GAS, INDIGESTION

"Pain's Diapepsin" has proven itself the surest relief for indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. 11-11

ALMOST EVERY CITY IS REPRESENTED AT UNIVERSITY

Austin, Texas, Nov. 22.—Practically every city in Texas as well as twenty states and six foreign countries are represented in the University of Texas, as shown by the student directory which has just been issued. Austin leads in numbers with 791 students; Dallas follows with 178; San Antonio has 149; Fort Worth 127; and Houston 102. Oklahoma and New Mexico have twelve students each in the University, and Louisiana has ten. The other states represented are: Missouri, Kentucky, Arkansas, Mississippi, Arizona, Colorado, California, New York, North Carolina, Pennsylvania, Iowa, Kansas, Tennessee, Michigan, Indiana,

Illinois, and Washington, D. C. Among the foreign students there are seven from Mexico and one each from Honduras, China, Serbia, Venezuela and New Zealand.

The Philathea class of the Methodist church will hold a bazaar at the L. E. Hunt & Company store on Saturday, two weeks before Christmas. They will have many useful articles and they solicit your patronage. Remember the date, Saturday, December 17th.

Wool is Slow Sale At Angelo Auction Last Week

San Angelo, Texas, Nov. 23.—According to reports to the Agricultural Bureau of the West, Texas Chamber of Commerce the Wool Growers Central Storage Co. of San Angelo, offered approximately 525,000 pounds of short, six months wool of the 1921 fall production at its first auction of the season, but disposed of only one clipping, that of T. A. Kincaid of Ozona. His clipping presented an accumulation of more than 60,000 pounds. The short wool however, is reported to have commanded around 21 cents per pound, the highest price so far paid this fall for Texas clippings. Six month wool clip recently disposed of at Del Rio and Kerrville brought 19 cents a pound.

For 401,000 pounds of long, twelve months' wool of the 1921 spring production, the Wool Growers' Central Storage Co. received from 16 to 21-1-2 cents. The average was 16 cents a pound, bringing \$85,000 to \$90,000 to shippers in a half dozen West Texas counties. About 72,000 pounds of short, six months' wool was in the lots sold here late in May.

"WOOL COTTON" IS NOT PROFITABLE IN TEXAS

Several samples of "Wool Cotton" or "African Cotton" have come to the classifying department of the Extension Service here at College Station, lately, with requests for information as to its adaptability here, and where seed can be secured, etc. Mr. J. B. Beers, in charge of the Cotton Classing Work, Extension Service, A. & M. College of Texas, and U. S. Bureau of Markets cooperating, advises that this variety is Asiatic and like all varieties from those countries is very, very short stapled, small balled and of only three to four locks. It is not the cotton for this State and should be avoided. Some mills which make blankets buy it, but of course, at prices below value of even normal short cotton, to say nothing of the comparison between prices of good 1-8 cottons and this kind of cotton.

REV. W. M. LANE AND WIFE HERE THIS WEEK

Rev. W. M. Lane and wife are here this week from Abilene, where they are making their home. Rev. Lane is presiding elder of the Abilene District. He was for four years pastor of the Methodist church at Lubbock, and has a large circle of friends here who are glad to meet him again. He and wife are here on a visit with their daughter, Mrs. Hugh Atkins, and brother, Mr. Lane is having some improvements placed on his farm lands northeast of Lubbock. They will be here several days.

MOTHER! OPEN CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

AMARILLIANS WILL ATTEND FARM MEETING HERE

E. R. Humphreys and Harmon Benson probably will attend a meeting at Lubbock, December 3, in regard to establishment of standards for grading maize and kafir corn. Charles E. Baughman, commissioner of markets and warehouse department at Austin has called the meeting.—Amarillo News.

H. L. Thompson is unable to do his work on the West Texas Hospital, as a thread from a steel cable was thrashed into the flesh of a finger on his right hand. The finger is so inflamed that it has been necessary to lance it twice. He is a carpenter and has been on the Sanitarium since it was started.

THE SPIRIT OF THANKSGIVING

Looking back over the past twelve months, we cannot but feel that this bank has many things to be thankful for. We know that we have received many blessings denied others; that we have enjoyed a generous portion of the material gains and that through out constant efforts to aid our customers through a trying period, we have gained many new friends.

Our community and our town have many things to be thankful for and it is well that this Thanksgiving be commemorated appropriately by our citizenship.

BLANTON CHALLENGE WILL GO UNNOTICED

Washington, Nov. 18.—The seventeen members of the Texas delegation in the House of Representatives who were challenged today by Representative Blanton to meet him in joint debate in Texas will pay no attention to the invitation which reached most of the members by mail today.

Recently Blanton was brought before the House to account to the Mondell resolution calling for his expulsion as a member of the House on account of language inserted in the Congressional Record as an exhibit in a portion of his extension of remarks dealing with conditions in the Government Printing Office, when the House voted Blanton was within eight votes of being expelled. He was then brought before the bar of the House and publicly censured.

Tax collector Mobley tells us that there is quite a number of the people coming in and paying up their back taxes on the Independent School District delinquent list, and it is coming in mighty handy in keeping the funds of the school in shape to defray the expense of the school.

J. H. Moore returned Wednesday morning from Childress, where he has been for several weeks, looking after business matters. He was unfortunate in falling and injuring his knee while in Childress, which disabled him for a few days, but he is fully recovered now.

J. M. Lovette was here Tuesday from Fort Worth, looking after business. Mr. Lovette is well pleased with the cotton he is able to buy here, and has several of our buyers who are looking after buying for him here.

W. E. Taylor, of Lawton, was here Tuesday, looking after cotton business, and told an Avalanche reporter that he was well pleased with Lubbock.

Miss Madge Baker, of Austin, a daughter of ex-treasurer John W. Baker, is here visiting Miss Lois Duff.

T. C. Caudley, one of the leading lights of the Shallowater community was here Saturday looking after business matters.

Eugene M. Emery was here Wednesday from his farm near Shallowater. Mr. Emery is the farmer who made ten bales of cotton off ten acres of land, which was reported in a recent issue of the Avalanche. He brings from forty to sixty-five pound of butter to Lubbock each week, and is making dairy business very profitable as he is able to raise all the feed his cattle need.

J. C. Nichols, of Quazah, is having improvements made on his land, bought of J. J. Chauncy, near Shallowater.

I. Schafer sold four hundred bushels of corn on the local market the first of the week. Mr. Schafer made a fine crop this year, and will keep enough feed to run his farm next year, and have a large surplus to sell.

Will Green was here from his farm two miles south of town Wednesday. Mr. Green came to Lubbock from Snyder several weeks ago, and was so well pleased with the country that he has decided to make it his home.

E. E. Haley made a business trip to Abilene Wednesday.

A Store Full of Good Things

Whether you want some simple remedy or just want writing material, pencils, pens, inks, paper, etc., you want the best because it costs you no more than others.

ALWAYS A FRESH STOCK

Candies, Cigars and Cigarettes must be kept fresh as well as all drugs. No where will you find a store keeping up their stock to offer the public real good drug service better than will the Rexall Store.

HOLIDAY GOODS

John Simpson Receiving Treatment at Gov. Hospital

L. H. Simpson received a letter from his brother, John, who enlisted in the army here in June 1918, stating that he is in a hospital at Carlisbad, Texas, and is confident that the doctor's there are sure to cure him. He was so severely gassed while serving in France that he has never been able to be discharged, and the time since he was gassed has been spent in hospitals in different places, but none have done him so much good as the one at Carlisbad, a great part of which is attributed to the climate of that country. Mr. Simpson is in hopes that his brother can be kept there until he is able to return to his home here, as it is expected that by March he will be completely recovered if no complications set in.

Young Simpson was not in the Army but about two months, when he was ready to go across, and left the United States September 1st. The people of Lubbock and all other communities daily realize the conspicuous absence of such men as Mr. Simpson, and it is hoped that he will soon be able to take up his life again among us as in the days before the war.

REPORT OF CARS SOLD BY ROYALTY MOTOR COMPANY

The Royalty Motor Company sold a Dodge touring car to J. D. Powell, of Spur, Wednesday, one Dodge touring car to R. B. Barrier, in which he left Friday for the Rio Grande Valley on a hunting trip, and a Ford touring car to Sam Gentry, of Crosbyton.

Automobile business in the Lubbock country is good, with all our dealers doing a fair business. The prosperity of our people is evident in the number of cars sold in Lubbock and the tire and accessory business here is always good.

A Correction.

In last issue of the Avalanche it was stated that a number of Lubbock people would go to Slaton Tuesday night for the purpose of organizing and Eastern Star Lodge at that place. This was a mistake on our part as Slaton has had a live wide-awake Chapter of the Eastern Star for quite awhile, and the people who were going from here were merely paying Slaton a neighborly visit.

THE LUBBOCK CREAMERY HAS NEW EQUIPMENT

The Lubbock Creamery has just completed installation of a large bottle washing apparatus, with a capacity of sixteen thousand bottles per hour. The machine was installed to meet the demands of the business, as the old system was too slow for the present output.

George Lemmons and a neighbor, Mr. Pollard, are here from Cook County visiting their old friends, A. W. Jackson, of Lubbock and Mat Souder, of Idalou. These men have sold their property in Cook County and will make this their home. We learn from Mr. Jackson that they have many friends near Ira, who are wanting to come to the plains, and will do all they can to dispose of their property there in time to buy land and make a crop here for another year.

J. Q. Alvey was here from Idalou Wednesday and subscribed for the Avalanche. He is another farmer who knows how to make farming pay on the plains, and is demonstrating it this year. He made twenty-one bales of cotton, a good feed crop, and has twenty-five big bone Poland China hogs that he will keep until they have reached their maximum weight.

D. A. Atkins was here from his farm six miles south of town transacting business. Mr. Atkins has made four bales of cotton from six acres of land, and said his feed crop was exceptionally good.

C. G. Goodman and B. Stanbaugh were here from Abernathy Wednesday, to attend the funeral of Uncle John Gaughnon.

J. T. Cook was here from Pecos City the first of the week.

J. T. Stuffy, of Crosbyton, was a Lubbock visitor Wednesday.

M. E. Moon, of Abilene, was transacting business here Wednesday.

James S. Hargrove was here from Abilene the first of the week.

H. L. Hickson and wife, of Abernathy, were here Wednesday transacting business.

Suffer From Backache? Pain in Your Side?

Hear What Mrs. Youngblood Says

Jamestown, La.—"I suffered with my right side, back and head. A friend of mine told me to try Dr. Pierce's Favorite Prescription and it did me so much good I never got tired of praising it, for I believe it saved my life. I am forty-two years old now and my health is very good, the way I think I need a medicine I get the 'Favorite Prescription', as it is the only medicine I ever got that did me any good. I tried several doctors, but none of them helped me. Now I am enjoying good health."—Mrs. Ida Youngblood.

Favorite Prescription is made without alcohol, and can be obtained from your nearest druggist, in tablets or liquid. If you write Dr. Pierce, president Invalids' Hotel, Buffalo, N. Y., he will give you confidential medical advice free of cost. Don't wait a minute if you're ailing.

WOMEN! Do You Realize the Full Importance of This Announcement?

In an honest endeavor to close out our Ladies Clothing, we have thrown profits to the wind. Since we offer you the best opportunity of getting the things you need at the least possible cost, you owe it to yourself to come in either

FRIDAY or SATURDAY---The Last Two Days of the O'Neal Sale

And look over the many new things that are being priced down far below what you have been accustomed to paying. In making this sacrifice of profits, in an honest endeavor to put merchandise to the ladies of the South Plains at the least possible cost, sacrificing our profits and taking a loss on many articles, we believe that you should by all means give this honest consideration.

We Positively Announce Saturday is Our Closing Day

We selected the time when we thought the most people would make their winter purchases for this event. We did not intend to run any longer than we claim to. Again we call your attention to the fact that after Saturday these unreal bargains will be off. We cannot afford to forever sacrifice profits and stay in business, so if you are really interested in helping keep merchandise down to a moderate cost come in Friday or Saturday and show us that you are by exhibiting some interest in this undertaking.—We thank you.

THE O'NEAL SHOP

Questions:
1. What does the word Bible mean?
2. Give two names of the Bible found in the Book itself.
3. How many books are in the New Testament?
4. Name the books in the New Testament, giving the author of each.
5. Name the five divisions of the books of the New Testament.
6. How many books in each division?
7. Name the books in each division of the books of the New Testament.
Offering.
Song.
Benediction.

Church of Christ
Junior Bible Class, 5 p. m.
Leader—E. B. Green.
Song Leader—Warren Smith.
Roll Call—Memorize verse on Faith. Give an account of the fall of Jericho. Jash. 6: 15-24—Leora Hooker.
The cause of the defeat of Ai. Jash. 7: 1-15—Lewis Shiman.
Duet—Georgia Huffstедler, Edith Hicks.
The story of the Gibeonites, Jash. 9: 3-27—Oral Hawes.
How did the walls of Jericho fall down by faith? Heb. 11: 30.
What became of Rahab and her family? Jash. 6: 23-25.
What curse did Joshua pronounce on the man who should rebuild Jericho? Jash. 6: 26.
Who rebuilt Jericho and with what result? Kings 16: 34.

The W. M. U. met Monday afternoon at the Baptist church. An interesting missionary program was rendered after which the Thanksgiving dinner was planned.
We greatly rejoice over the many blessings manifested after our revival. Fifty-one met for the Union Service the effect of the gospel, we had heard for the past two weeks.

OLD ABERNATHY CITIZEN DIED WEDNESDAY MORNING

Uncle John Gaughnon, an aged citizen of Abernathy, died here Wednesday morning at the home of an old friend, W. A. Bartrand, and was buried at the Lubbock cemetery Wednesday evening.

"Uncle John" as he was well-known and spoken of in Abernathy, has been in that community for about fifteen years. He was liked and admired by the entire citizenship, as he has been very active, and was, though very old, always able to keep himself in comfortable circumstances. At seventy years of age he worked as a mechanic and carpenter and for the past ten years has been able to do enough work to accumulate money. He was born in Canada in 1839, and leaves no relatives known to his friends at Abernathy. His remains were carried to the Simmons Undertaking parlor and prepared for burial. Interment was in the Lubbock cemetery, funeral services conducted by Father Keller, of the Roman Catholic Church, who lives in Slaton.

A letter was received here the first of the week by Mr. A. W. Jackson, from his nephew, Rev. J. H. Agey, of Anadarko, Oklahoma, who owns land near Lubbock, requesting Mr. Jackson to look for an opportunity to invest in more land here for him. Rev. Agey reads of what is being done here in the Avalanche, and is very optimistic about the future of Lubbock. He is also interested in the possibilities of finding oil in the Abernathy well.

Contractor S. R. Jackson started the foundation for a modern home for George Morris, west of George M. Hunt school Tuesday. Mr. Jackson is doing a great deal of building this fall, and his work is very noticeable, as he is a good workman, and knows how to make a home both useful and attractive.

Frank Lamb, of Shallowater, was here Wednesday. Mr. Lamb is one of our big farmers, and reports that on sixty acres of cotton he has made more than twenty-two bales.

J. L. Bradley has made a good crop on his place, nine miles south of town, and was here Wednesday with cotton.

President Harding Says the Quickest Way to Put the World Right Is to Get Them to Saving Their Money

Mrs. J. L. Moore, of McKinney was here Wednesday, registered at the Merrill hotel.

E. P. McAlister, of Zephyrus, was here on business Wednesday.

E. W. Hobart, of Kansas City, was looking after business interests in Lubbock Wednesday.

W. T. Shinger and J. F. Blakley, of Dallas, were here Wednesday, transacting business.

J. C. Duff, an old business man of Lubbock, was here Wednesday from his home in Snyder.

J. K. Wall was here Tuesday from his farm, south of town with cotton.

C. C. Matheny was here from his New Mexico farm the first of the week with cotton.

H. H. Vaughn was here Wednesday from his farm near Redland, N. M., with cotton.

H. W. Bell brought cotton to the Lubbock market Wednesday.

W. D. Sealey was here from his farm east of town Tuesday.

C. R. Styles, of eight miles east of town, was here Wednesday to market cotton.

W. P. Bushum was here on business the first of the week, from his farm east of town.

A. Z. Price, with Price & Gardner Photograph Company, of Fort Worth is here in the interest of his company.

Col. Hightower, of Tahoka, was here Wednesday on business.

T. A. Curry, of Beard, was here the first of the week, looking after business interests.

President Harding Says the Quickest Way to Put the World Right Is to Get Them to Saving Their Money

In a recent letter to Earl R. Obern, of Chicago, President Harding goes on record as an enthusiastic advocate of the practice of saving money. He declares that saving is the only means to reestablish the world's stores of working capital, and expresses the hope that the public may take this lesson to heart. The President's letter follows:

"You ask me for an expression regarding the subject of saving money. I have for many years been pretty well convinced that saving money is largely a matter of habit, and people who make a good beginning at it presently discover that it is by no means impossible, and it is altogether a good thing to do. Just at this juncture in the world's and our country's affairs it is certainly one of the most useful contributions that people could possibly make to putting the world right. I do not believe there is any other way to straighten out the tangle of financial and economic concerns into which the world has been precipitated by the war, except to produce a good deal more of what we consume, which means to save, and by our savings to reestablish the world's stores of working capital."

"I have no more earnest hope than that the public may take this lesson to heart and learn to save, in view of our great national good fortune, they could be able to do."

NOTICE
To all the friends of the First Presbyterian Church. Dr. Burwell, of Dallas, who preached at the First Presbyterian Church a few Sundays ago, will supply the pulpit of this church, Sunday morning and night next, and all succeeding Sundays until further notice.

Dr. Burwell is former pastor of the Westminster Presbyterian church of Dallas, and is coming here for a short time to assist the Lubbock Church. He is an able preacher, and a man of wide experience, and every one will delight to meet and hear.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Faint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I don't think there is a better tonic made and I believe it saved my life."

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since... I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

LOCAL ITEMS FROM THE LYNN COUNTY NEWS

Last Saturday the following applicants took examination for the position as postmaster in Tahoka, which appointment will be made soon: Miss Amanda Leedy, Messrs. Guy LeMond and D. A. Parkhurst. Miss Amanda Leedy was recently appointed temporary postmistress until a permanent appointment could be made.

Mr. J. S. Barker and Miss Mattie Baker, popular young people of this county, were united in marriage Sunday, Nov. 13th, at the home of Mr. Carruth, Rev. H. S. Hatchett, of this city, officiating. They have the best wishes of a host of friends in this community.

Mrs. J. A. Brown of this city, suffered a broked arm Monday night, when she stumbled over a box while walking about the room. The break was just above the wrist and caused her much pain.

It is a fine thing to get up early in the mornings, but the main thing is to be wide awake after you do get up.

YOUR SHOES

can be made to last you a great length of time if you will see that they are

REPAIRED PROMPTLY

Not everybody knows how to fix or repair shoes like they ought to be, yet everybody charges enough to justify one to know how.

Try THORP

Many people in Lubbock have patronized Thorp for years and they know he knows how to make a neat and substantial repair.

Hibernation Places of Boll Weevils are Being Destroyed

Owing to the ravages of the boll weevil in Texas, the cotton growing section of our State is displaying active interest in the application of Fall and Winter measures for the destruction of the hibernation places of the boll weevil.

The Extension Service has been reliably informed that some communities are burning the grasses and trash along fences, ditches and similar places commonly used as hibernation places of the boll weevil. We believe this is a mistake at this time since the weevils do not go into hibernation until heavy frost becomes general and will continue their migration for some weeks. Should they find such places burned, they will simply continue their migration until suitable places can be found, advises R. R. Reppert, Entomologist, Extension Service, A. & M. College of Texas, who recommends that the burning of these places be delayed until the middle of December at the earliest, although the first of January would be better. By this time all of the weevils should be congregated in the hibernation places and may then be destroyed. The Extension Service has recommended intensive clean up measures or the Fall and the burning of hibernation places in the Winter. In regard to the burning of cotton stalks on the field, it is realized that this will accomplish great results in control, however, the Extension Service hesitates to recommend the burning of stalks as a general measure on account of the consequent removal of organic matter. The individual farmer must decide for himself which out-weighs the other. It is the opinion of the Extension Service specialists that in sections where early Fall plowing can be practiced, that this method of control will accomplish practically the same results as the burning of the stalks without the disadvantage of the latter methods.

CALOMEL MAY TURN ON YOU NEXT TIME

Next Dose You Take May Salivate and Start World of Trouble

Calomel is mercury; quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel. It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. 10-13

LOCAL NEWS ITEMS FROM THE GAIL GAZETTE

Work on the Jones test well in the southeast part of this county has been suspended for several weeks, owing to a flow of salt water, but casing has been brought out and the water will be cased off and the drilling resumed.

J. K. Mitchell bought 108 head of steer calves from M. L. Long Tuesday. Immediate delivery. This is an extra good bunch of calves and Mr. Mitchell is fortunate in securing them.

J. H. Cottle of New Mexico, and Miss Catharine Dorward were married at Big Spring Nov. 10th. The bride is a most estimable young lady and very popular with her numerous acquaintances. The fortunate groom is a worthy young man who has many friends. They will make their home at Silver City, New Mexico, where Mr. Cottle holds an important position with a large cattle company.

G. B. Derrick sold his farm a short distance south of town to J. B. Moore last week. Consideration \$2,175.00.

A geologist from the U. S. Geological office at Big Spring who recently visited Borden county said the surface indication here are good for potash.

A RAT THAT DIDN'T SMELL AFTER BEING DEAD 3 MONTHS

"I swear it was dead at least 3 months," said James Sykes, Butcher, Westfield, N. J. "We saw this rat every day. Put a cake of RAT-SNAP behind a barrel. Months later my wife asked about the rat. Remembered the barrel, looked behind it. There was the rat—dead, not the slightest odor." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Cole-Myrick Hardware & Imp. Co., City Drug Store.

A SUCCESSFUL RECIPE FOR CANNING MEATS

W. C. Dysart of Melissa was in McKinney Thursday exhibiting a jar of honey-canned bacon, which he preserved by a plan of his own. It keeps nice and fresh all the year. His recipe follows: "It is now hog killing time and in order that the farmers of Collin county may know how to can their bacon so as to have it fresh all the year I will give a recipe: When bacon takes salt side and place in fruit jars or stone jars then pour hot lard over the meat and seal."

Mr. Dysart is a successful farmer and a diversifier. At the recent Dallas State Fair Mr. Dysart had an exhibit in the name of Collin county showing one hundred varieties of products from his farm, which is located near Melissa.—McKinney Gazette.

YOU CAN'T LOSE YOU CAN WIN

YOU CAN'T LOSE YOU CAN WIN

Much Enthusiasm

Is being shown over our "Lucky Day" proposition. Already people are buying heavy and who knows but that they will get their Dry Goods and Clothing FREE. COTTON QUARANTINE IS PROCLAIMED BY NEFF

Austin, Nov. 19.—Governor Neff last night proclaimed a quarantine on cotton in the southern extremity of the Grayson and the northern section of Collin counties, because of the reported discovery of the pink boll worm in those sections. The infested area comprises about five square miles.

Earlier this week the Governor established a similar quarantine in a portion of Ellis county, one of the largest cotton raising counties in the South. State and Federal Department of Agriculture officials will meet in Dallas December 2 to discuss the situation.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 5c. Just ask your druggist for HAYES' HEALING HONEY.

LOCALS AROUND SLIDE DURING THE PAST WEEK

We are still having pretty weather and all the farmers have just about finished gathering their crops.

The singing Sunday evening was a great success, and it was decided to have singing next first Sunday, Dec. 4. Everybody has a special invitation to come and bring someone with you.

Several of the young people attended the picture show last Saturday night.

Several people from New Home attended the singing last Sunday. Messrs. Clarence and Raymond Barton and C. W. Willis from Lubbock, were pleasant visitors in the community on last Sunday evening.

Mr. G. G. Johnson and family from Lubbock, visited at the Arnett home last Sunday.

Most every one in the community was in town on business last Saturday.

Mr. Butler Reiger from Slaton, was visiting in the community Saturday and Sunday.

Mrs. H. B. Batesman and little daughter, made a pleasant visit at the Davis home Saturday.

The Magnolia Co. delivered a load of gas and oil to the Store Monday.

Mr. Edd Schroeder and family spent last Sunday at the home of B. T. Summers.

Mr. J. J. Candler from Hale Center, was in the community Saturday. There will be a special play put

Farmers From New Mexico Bring Cotton to Lubbock to be Ginned; A Distance of More than 100 Miles

Last year the Worth Gin Company of Lubbock ginned several bales of cotton for a farmer living near Redland, New Mexico, and owing to the splendid service and helpful consideration given the farmer, he decided that he would continue to do business with the Lubbock gin and having neighbors who had marketing and ginning problems, the farmer recommended our gin, and as a result, there are a large number of those farmers who have the habit of coming to Lubbock, and are of the opinion that the difference in the service and marketing conditions of Lubbock are enough better than closer markets to justify hauling their cotton the distance of from eighty to one hundred and twenty miles.

J. E. Hebison, one of the men, was here the first of last week from his farm near Redland, a distance of one hundred and twenty miles from here, with three bales of cotton, and will be here again some time this week with five or six bales more. We are glad indeed to have Mr. Hebison a Lubbock visitor, and feel congratulated that he would come so far to deal with our business men.

W. R. and John Uxer, farmers of near Richland, have two Ford trucks on which they haul their cotton to the Lubbock gin, and have ginned eight bales at the Worth gin, and are not through gathering the crop. They will gin all the crop here.

What Kind of Lunches Do You Like?

How about a Hot Chocolate made the Manhattan way? A nice big juicy steak, or for that matter anything you crave to eat—candies, also cigars for the after dinner smoke. Always come to the Manhattan!

The Manhattan Parlor & Cafe

F. K. Mitchell and O. R. Phillips, Prop.

W. L. and A. B. Perkins were here from their farm between here and Redland, about ninety miles from here, Saturday with six bales of cotton. The roads were good, except in a few places where they had to double the teams to pull sand beds, they said. These men are Lubbock boosters, and are also customers of the Worth gin.

With the large ranch pastures between here and the New Mexico line gradually being settled by farmers, it is easy to see that Lubbock will certainly grow, as our merchants and other business men are alive to the needs of the new comers, and will do all they can to help them solve their marketing and buying problems.

NOTICE OF TRUSTEE'S SALE
STATE OF TEXAS,
County of Lubbock:

WHEREAS, on the 1 day of October, A. D. 1917, Wm. G. Russell executed and delivered to A. M. Clayton, Trustee, a deed of trust on Lots Nos. One (1), Three (3), Four (4), and Five (5), Block 102, Original Town of Lubbock, Lubbock County, Texas, to secure the payment of one promissory note of even date with said deed of trust in the sum of Six Hundred and no-100 (\$600.00) Dollars, executed by Mrs. M. M. Powell Ninety Days after date, with ten per cent per annum interest thereon from date until paid, and providing that an additional ten per cent on the principal and interest should be charged as attorney's fees, if placed in the hands of attorney for collection, which deed of trust is recorded in Vol. 10, page 250, Deed of Trust Records of Lubbock County, Texas; and,

WHEREAS, Mrs. M. M. Powell is still the holder and owner of said note, and has demanded payment thereof, but said Wm. G. Russell failed and refused to pay the same or any part thereof, and the same is past due and unpaid, principal, interest, and attorney's fees; and,

WHEREAS, I, A. M. Clayton, Trustee, have been requested by the said Mrs. M. M. Powell to enforce said trust, I will offer said above described lots for sale between the hours of 10:00 o'clock a. m. and 4:00 p. m., at Public Auction to the highest bidder on the First Tuesday in December, A. D. 1921, the same being the 6 day of December, A. D. 1921, at the court house door in the town of Lubbock, Lubbock County, Texas, to satisfy said note, principal, interest, and attorney's fees.

Witness my hand this 20 day of October, A. D. 1921.

A. M. CLAYTON, Trustee.

Mr. and Mrs. Neil H. Wright, of Lubbock, will spend Thanksgiving with Mr. and Mrs. Wm. Woodall, parents of Mrs. Wright.—Sweetwater Reporter.

Some very poor people have nothing but money. That's the very reason why they can't break into some high circles. There are some things money won't buy—brains and character, for instance.

ROTARY ITEMS.

By L. T. Martin.
Good meeting at Rotary luncheon, held at the Merrill Hotel, last Wednesday.

Andy Wilson left Tuesday of last week for California. He accompanied Colby Thomas and wife to their new home. We hope Colby will regain his health and some day come back to us a well man.

Visitors at Wednesday's luncheon were as follows:
E. L. Bank, with Walter Myrick.
J. T. Buck, with C. E. Hunt.
Judge John R. McGee, County Attorney, with J. O. Jones.
J. E. Lewis, with Roscoe Wilson.
H. E. Linn, with Dr. C. M. Balenger.

M. M. Dupre, with J. L. Dow.
L. E. Payne of Abilene, and P. T. Evans of Fort Worth, with Rev. Bowen.

The last two gentlemen conducted a revival meeting at the Baptist church, for Rotarian Bowen. They are having a very successful meeting.

Bennie Hilburn had charge of the entertainment at the luncheon, Wednesday. The program was interesting from start to finish.

Woody was given fifteen minutes to prepare a talk on World disarmament. The way he handled the question, telling us about the far eastern questions and their effect on the world and all of the different phases of the Arms Parley, leads us to believe he is a well posted man. Altogether it was a very instructive talk, full of interesting facts. Wish your time had not been limited; Woody.

J. E. Lewis of Dallas, presented the boys question to the club, telling us some of the things necessary to be done for the betterment of the boys. He is interested in starting Y. M. C. A. associations and was in consultation with Prof. M. M. Dupre, regarding a Y. M. C. A. here.

Rotarian L. T. Martin is putting on the drive for the fifth call of the American Red Cross, made a talk to the Club, telling them some of the things the Red Cross is doing for the citizens of Lubbock. Rotarian Dolf Conley endorsed what Martin had to say and told how the ladies of the town were helping to put the drive for membership over.

On motion of Dolf Conley, it was decided to hold the Rotary luncheons at the Merrill hotel until January 1st. Cut this out and stick it in your hat and be on time every Wednesday at 12 o'clock.

On motion of Rotarian Martin (Lu Lu) the following Committee was appointed to establish Rotary day at the High School. Woody Bowen, Chairman; Mike Ballenger and Lu Martin. Tuesday of each week at 8:30 A. M. at the High School from this on will be known as Rotary day. Some member of the club will be expected to talk to the High School pupils at their chapel hour, every Tuesday, telling them of his line of business or profession. The object of these talks is to inspire the high school boys to study with some object in view. Possibly not one boy in ten knows what he wants to do when his school days are over. The Rotarians are interested in boys and as all lines of business are represented it is their object to tell these young men of their different vocations with the idea that they will adopt it for their own and study to that end.

Not many items this week. Too busy on the Red Cross drive and it all depends on how much money you kicked in with as to how long the drive will last. Must have a certain amount or will feel inclined to make the second round. It is coming along nicely however, and after tabulating may only have to go back after those who were not at home to see my committees.

Don't wait to be called upon for Rotary items. If you are entertaining the home folks or your wife has gone back home for a little visit, tell me about it. If you're in the banish, have your neighbor tell me.

Rotary-Ann Wilson, is visiting the home folks the next week.

It just naturally makes a man hot under the collar to find his shirt torn to pieces when it comes from the laundry.

The Finest Cedar Chests

You know that you need a Cedar Chest in your home! Every housewife needs one. They are cheaper this year and you can get just what you have been wanting at

Simmons'
And How About Axminster Rugs?
\$37.50 to \$75.00

Real values, new patterns, and don't forget that everything in our store is on the "Lucky Day" proposition. See the double page ad in this paper telling about it. These things cost you no more than elsewhere and you stand a good chance of getting them free!

Farmer Believes Boll Weevils Can Be Brought Here

S. J. Shipp was here Saturday with a bale of cotton from his farm three miles southeast of town.

Mr. Shipp is very interested in the Lubbock country as a cotton producer, and expressed himself as being absolutely opposed to shipping cotton seed from the weevil infested fields to east Texas to the plains, as in his opinion there is some probability of bringing the insects here.

He believes that there is little difference in the grade of cotton grown from seed obtainable on local markets and the longer staple, owing to the short season and dry weather of the plains. "The difference between long and short staple is a small item as compared to the possibility of bringing boll weevil to this country in an attempt to better the grade," he said.

COLDS

"Pape's Cold Compound" is Quickest Relief Known

Don't stay stuffed-up! Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks any cold right up.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

CLOVIS FIRE CHIEF SAYS NOT TO USE PENNIES

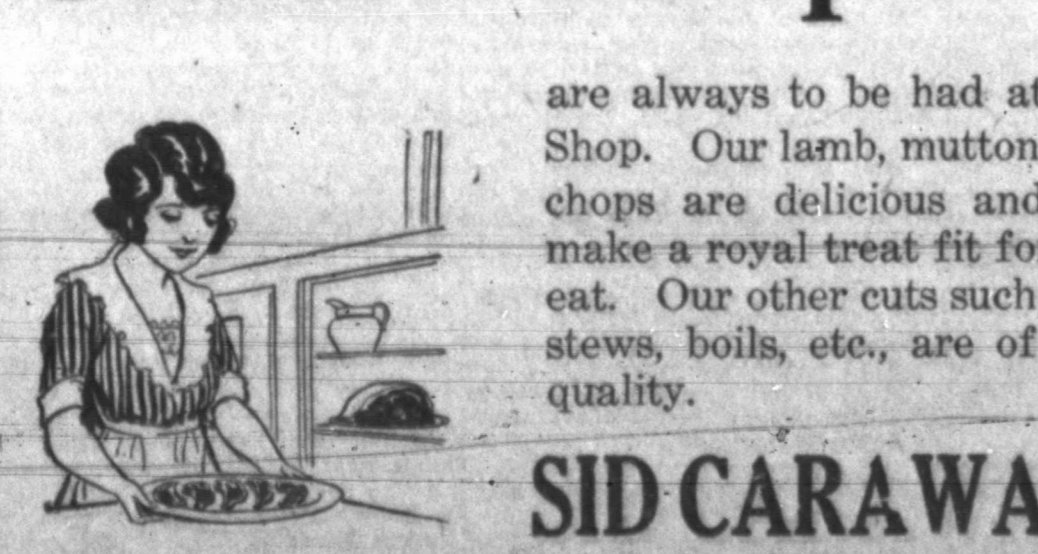

Fire Chief Jack Lewis says that it is dangerous to put pennies and jimmies behind fuse plugs. They not only cause fire in the building in which they are used but are liable to burn out a transformer and put a whole section of town without electric lights; so don't do it.—Clovis Journal.

Next year the politicians will raise our hopes by promising to lower the taxes.
