

Dawson County Club Boys And Girls And Their Parents Met In Annual Rally In Lamesa Friday, July 13th

Special to the Avalanche.

LAMESA, July 16.—On Friday July 13th, the boys and girls of the agricultural and livestock clubs of Dawson county and their parents held their annual rally in Lamesa. The program began at 9:30 with a concert by the Lamesa Chamber of Commerce Band. After the band concert on the courthouse lawn the crowd gathered in the district court room where they listened to the address of welcome by Judge J. E. Garland, who was county judge of Dawson county in 1918 when the county agent work was put on in the county.

After the welcome address the program of one hour and twenty minutes was given by the club members of the county. This program consisted of readings, reports of work done, poultry demonstrations,

J. W. Jennings, county agent of Lubbock county made an address on the "Different Angles of Club Work and Their Advantages."

J. W. Smith, editor of the Lamesa Reporter, made a very inspiring address on "The Club Boys and Girls of Today and the Men and Women of Tomorrow."

At 12 o'clock the crowd was dismissed to go to the City Park where they served basket dinner to the entire crowd with the band as guests.

The Lamesa Chamber of Commerce furnished free lemonade to the boys and girls. The two hundred boys and girls present drank practically a barrel of lemonade.

The program in the afternoon consisted of a free show at the Majestic Theatre, presenting reels furnished by the States Department of Agriculture and the Visual Instruction Department of A. & M. College.

The program was concluded at 6 o'clock with a live stock judging contest. A class each of dairy cows, sheep and hogs were judged. The stock being brought to town by farmers who were interested in encouraging club work.

The three boys winning highest honors were Gordon Treadway, Herbert Rule and Carl Zeek. The highest individual being Gordon Treadway, who received a \$9 pair of trousers given by Mathews Davis Dry Goods Co. of Lamesa. The following boys are planning to attend the Short Court at A. & M. College, July 23 to 28: Gordon and Kelly Treadway, John Hardy Morgan and Herbert Rule.

Marble Shooting Becoming Popular As a Major Sport

By the United Press.

NEW YORK, July 16.—Marble shooting, long regarded as "just one of those boys' games," is taking on a new dignity of a national institution. It is only a matter of time before it ranks in interest with the major sports of the country.

One year ago several newspapers conducted marble tournaments.

Some 50,000 boys participated. This year 40 newspapers, many of them metropolitan dailies, staged a contest, an rough estimate placed the number of participants at 500,000.

Last year no effort was made to crown a world champion. It was felt that comparatively few cities and players involved could hardly be called representative. But this year the contests were pointed toward the world title.

All the ceremony and much of the enthusiasm and interest of an outstanding major athletic event surrounded the meeting of the 40 city marble champions for the world's championship on the sands of Atlantic City during the closing days of June.

When Harlan McCoy, 14, of Columbus, Ohio, took four out of six games from Sammy Schneider, diminutive 11-year marble star from St. Louis, thereby winning the coveted championship, he gave the boys of America a new mark to shoot at. For this is something distinctly his own. They do not have to share it with grown-ups. Only boys under 15 may participate.

All of the participants in this year's contests are normal school boys, such as may be found in any public school or in any gathering of boys. The city champions were distinguished from their unsuccessful rivals by a somewhat higher intelligence, the power to concentrate and better self-control.

New World for the Boys.

Few of them had ever made extended trips; none had ever visited Atlantic City before; none had ever experienced the luxury of the modern palatial hotel. It was a new world.

There were boys from California, and Oregon, Texas and Missouri, Ohio and New York, and from most of the other states in the Union.

The ymcaea a triumphal tour, with the hand of welcome extended from every side. When they arrived in Atlantic City, the best hotels opened their doors to them. They were given sumptuous suites, overlooking the ocean; the piers with their manifold amusements were open to them, free of charge; the various civic clubs honored them with lunches; the theatres placed seats at their disposal.

This offering of hospitality, however did not interfere with the serious task of fighting for the championship. The boys trained hard for the event. They practiced continuously, rubbed their favorite fetiches, Morris Goldfarb of Fort Worth, Texas, had the utmost faith in his "mazzizza," a Jewish lucky piece; Sammy Schneider, the disciple of Coue, repeated that famous formula and talked of "the will to win"; others had rabbit's feet, pieces of shell, old coins and the other magic trinkets of the boys' world.

The winner, however, won by virtue of an unerring thumb. McCoy has an absolute contempt for fetiches and superstition. On the day before the finals, he purposely walked under a ladder.

Tears were freely shed by some of the losers, who fought a courageous battle, tight-lipped and determined to the last, but were unable

to stifle the tears of disappointment. Sammy was the favorite in the betting. The amazing skill he displayed up to the finals was amazing. He won his way thru with clock-like regularity, even taking a game from the champion in semi-finals. Bets ranging from \$1 to \$800 were made on the board-walk, the beach and the hotels. One Theatre man made the \$800 bet on Sammy to win. One man stopped Sammy and announced that he would give him \$100 if he won the title.

Thousands of persons witnessed the matches daily. Promoters of the national tournament believe that next year nearly 100 cities will be represented. Reports indicate a steadily growing interest among the boys of the nation, and expectations are for more than 1,000,000 boys to participate.

The promoters believe that within three years the marble championship will be a recognized institution, and that most of the boys old enough to hold a marble will be fighting it out for the crown.

Marble shooting gives the boys something to do that occupies the time ordinarily used for doing the things they ought not to do," one of the editors foremost in promoting the marble tournament explained.

DEFICIT IN GENERAL FUNDS OF THE STATE IS NOW \$2,500,000

AUSTIN, July 16.—The deficiency in the general fund went to \$2,500,000 Thursday, when warrants aggregating \$438,000 were issued to pay pink boll worm claims. These amounts were carried in the miscellaneous claims bill to pay farmers whose cotton crops were destroyed in the pink boll eradication work.

Other items in the same bill are being paid by warrant and with the July pay roll of \$500,000 the deficiency is expected to be not less than \$3,000,000 on Aug. 1 and close to \$4,000,000 by September 1. These amounts are larger than anticipated, as the maximum estimate was that the deficiency would not be over \$3,300,000 on Sept. 1. August is always a heavy month, because there is a rush by departments and institutions to clean up unexpended appropriation balances as the whole amounts lapse on August 31. More than a dozen merchants have returned the blanks sent out by the State Board of Control with advice they would not bid this time. However, they did not say the deficiency prevented them from so doing. Others advised that they expected to bid and asked for information about the duration of the deficiency.

Wolves often raise 13 pups, and usually hang around the doors of other large families.

More hammocks are being sold this year. Dresses are long enough to sit in hammocks now.

Hawlike Terror of the Skies Is Being Built By British

By the United Press.

LONDON, July 16.—An aerial battering-ram, that will swoop down like a hawk from the skies to prey upon slow-moving "troop" planes and transports is being constructed secretly in England, according to newspaper reports.

Described as the most fearful air weapon conceived, the new plane is to be heavily armored, steel-nosed air-ram, a combination of air plane and javelin, which at the direction of its pilot would rush down to destroy larger, slower aircraft transporting soldiers or munitions.

The new machine is designed for use with the air levitons that will act as mother plane to small battle flyers.

Its only weapon is to be a knife-like prow to disable its adversaries. It is a one-man affair.

The pilot will watch for enemy planes and when one has been sighted detach himself from the mother ship and drop at tremendous speed. When certain of hitting his target, he will move a lever that will cause the wings to fold back under cover of the prow. After the blow has been struck, it is intended that equilibrium shall be restored by means of a peculiar rudder arrangement and a powerful engine that will operate previously shielded air-screws. Then the wings are to be unfolded and the flight back to the mother ship begun.

The air-ram would not usually strike at the body of an airplane but the wings hoping to disable it.

Air experts say that a weapon against it must be sought indirectly—that the mother plane must be disabled.

But the fact that these are planned to fly at tremendous heights, out of danger of the attack, complicates the problem and leaves the air-ram the prospective terror of the skies.

Fourteenth Annual Session Of Short Course Opens 28th

The Fourteenth Annual Session of the Farmer's Short Course at A. and M. College will be held at College Station July 23rd to July 28th inclusive. Programs for the several features have been distributed and provide many valuable numbers from which those who attend may derive much benefit.

A special low rate of one and one

fifth fare has been made by all the railroads and a nominal maintenance charge, has been made by the A. and M. College. Meal tickets will be available at 50c each or \$1.25 for three and bed bath and incidentals will only cost \$50c per day. Parking space and camp grounds with delivery service from the vegetable and grocery stores will be available for those who desire to come in their cars and camp for the week. Automobile and wagon parties may avail themselves of the Mess Hall and Dormitory accommodations for such part of the time as they desire and on the same terms as those coming by rail.

The program in addition to its informational features will provide a well selected routine of social features and not a dull moment will be suffered.

All farmers and others interested in the agriculture of Texas are invited to attend the Short Course and annual gathering. This great event rich in opportunity for farm boys and girls as well as their parents to get in touch with the foremost thought in farm business. It is an event which serves to broaden and complete the education of those who attend and no other opportunity is afforded whereby the farming people young and old may gather so much valuable information in so short a time.

The general program provides a few addresses by speakers who know what to say and how to say it. Then for the women there will be instruction and contests in

Blis-cuit Making, Buttonhole Making, and Clothing Making. For the girls there will be instruction and contests in Bread Making, Canning, and Poultry Judging as well as all phases of household arts. For the men and boys every problem of the farm will be studied including specially

Animal husbandry for the stockman the dairyman and the poultryman as well as the hogman. Under the agronomy program all the problems arising in the production of field crops will be studied as will the problems in the orchard and garden. Troubles with insects and diseases that are encountered both in crop and stock production will be studied. Efficient leaders are provided and each phase of farm life will be as well presented as

could well be done in a week. Much interest always centers around the several judging and sewing and other contests and not a few young people will go away with prizes and trophies attesting their skill in some specialty.

Meeting at the same time at the College will be the several adjunct organizations which have grown up around the Short Course. Among these are "The Country Ministers and Country Editors Conference" wherein a study will be made of rural sociology and how to make the country church and the country newspaper of even greater service to the rural life of the state. "The Cotton Seed Breeders Association" an organization engaged in the promotion of reliable sources of pure cotton seed of the best varieties; "The State Horticultural Society" which for 37 years has worked to develop the horticulture industry of the state; "The Texas Honey Producers Association" promoting the honey industry; The Short Course for Shippers and Carriers of Produce, having for its object the elimination of waste due to rotting and other losses occurring in the producing and shipping of farm produce, and The Agricultural Writers Conference wherein the editors and Writers of Agriculture papers or publication confer on ways and means to provide better newspaper service to the agriculture of Texas.

JAYTON MEN TO IMPROVE LAND IN COCHRAN COUNTY

Real Estate business thruout the South Plains is again very good, according to local realtors.

H. D. Chipley reports the sale of four tracts of land in Cochran county to H. W. Simpson and sons, of Jayton, who will cultivate the land next year, having already made plans for its improvement.

NOTICE!

This is to certify that I have sold all interest in The New Panhandle Cigar Co. to T. G. Shaw and that from this date I will have no connection with the business and will not be responsible for any debts. With this sale goes my good will for the success of the business.

Much Interest Is Being Shown In The Revival Effort On Tenth Street; New Members Added To Church Roll Daily

The Sunday School was well attended and a fine interest reported in all its departments.

At the 11 o'clock hour Evangelist Bell brought a ringing message on the subject of "The Church." The only institution in all the earth that God has ordained thru which to bring the world to Christ. The institution whose banner is the blood-stained flag of Prince Emanuel and whose members will deny themselves of all worldliness and will defend, protect, and forward the best interests thereof.

At three o'clock Brother Bell brought a ringing message which symbolized the Red Light of Danger to the American Home, protestant church an our glorious nation under the subject of the "Lost Bible." He showed how it had been lost from the homes. Not read there nor its mandates carried out in the old fashioned home devotion. Lost from the everyday life and commercial world; lost from our free public schools by antagonistic legislation carried out by the enemies of God and our nation; and largely lost from the Pulpit of the Protestant churches of our own beloved nation.

At the evening service God was present in great power and after a very earnest message had been delivered on "Ye Must be Born Again" and a heart searching appeal which was affective to the leading of nine precious souls to an old time mourner's bench where their friends and loved ones by prayer and instruction was able to help them get right with God, and there was much rejoicing in the hearts of God's people. In addition there was a great conviction felt in the souls of many who did not come to the altar and many requests for prayer were made.

If you believe in getting ready to meet God, not joining the church, but getting right with God and living henceforth for Him, then give this Effort your presence and influence.

The crowds are growing with each service, and the indications are fine for a soul searching, soul stirring old fashion, old time Holy Ghost Revival, whereby men and women shall be lead to walk in the good way, wherein they shall find peace to their souls.

Everybody is welcome. Come and come praying. Services at 10 a. m. and 8:30 p. m.

the following morning swimming and boat riding added to the already delightful event.

Picnic eats were well prepared and an important event of the party.

The guests were: Misses Margaret Bass of Abilene, Inez Grissom of Hillsboro, Mabel Francis Hardy of Plainview, Frankie Johnson and Lavalle White of Greenville, Edith Carter, Elma Pierce, Margaret Robbins, Vernon Brown, Eunice Smith, Ene Everton, Sue Cook, Julia Johnson, Ruby Cook, Mary Alice Johnson, Mary Diggins, Delia Wilkinson, Ruth Slaton, Messrs. Lewis Price, Marcus Helber, Louis Hunter, Herbert Lowery, Ross McWhorter, G. C. Young, Hez. Montgomery, Eric Posey, Hal Arnett, Oscar Slaton, Stiles McCarty of Clarksville, Hugh Tull of Plainview, Reed of Memphis, Dr. Birdsong, Doc Tweet of Post, Billy Mayfield of Slaton, Dr. H. L. Bloom, Albert Littlefield of Crosbyton, William Liddell of Dallas, Ellis Douthett of Dallas, A. B. Conley, Jr., Percy Denton, Olen Brashears of Plainview, Bill Honey, M. W. Liddell of Dallas and Mrs. Bass Arnett.

Civic League Presents Book Case To Library

The Civic League presented to the Lubbock Public Library, last week, a six section book case.

This is a gift heartily appreciated by the people interested in the Library, as it was one of the most essential and valuable gifts that could have been given.

The Civic League has accomplished numerous things important to civic development and in this gift is proof of their alertness to progress and development.

Birthday Party Given for Kathryn Weaver

Mrs. A. V. Weaver entertained a number of little folks at her home, 1901 Broadway Saturday evening in honor of her little daughter Kathryn's sixth birthday.

Various games were enjoyed among which was a contest of pinning a tail on a cardboard donkey, and prizes were awarded Roberta Myrick and James Vickers for being the most accurate in the contest.

Ice cream and cake were the delicious refreshments served to the following little guests: Dorothy Wolffarth, Peggy Leland, Charlotte Hopkins, Mary Ross and Kathryn Edwards, Arline Harris, Betty Jane Smith, Roberta Myrick, June Woods, James Vickers, Charles Masdgen, Samuel Edwin and David Weaver. A. V. Weaver, Jr. and Cyrus Leland assisted the hostess in the entertaining.

Marriage License

Marriage license were issued to: R. L. Kerr and Miss Sybil Weaver, July 16th; Walter Talley and Miss Ruth Luster, July 14th; Cecil Norwood and Miss Lenora Jordan, July 14th; Emmett Rainwater and Miss Lonita Haviston, July 14th.

Shallowater Club Entertains

The regular meeting of the Shallowater Community Club, which was held Thursday afternoon, at the high school building was an occasion to

be remembered.

Several interesting talks were made by Mrs. R. E. Haynes, Miss Mabel Marsh and Mrs. Dr. Baugh, also Mrs. Goodman of Abernathy.

After the business session refreshments were served to thirty-seven.

Personals

Mr. and Mrs. A. V. Weaver and little daughter, Kathryn, returned Friday from Lawton, Oklahoma, where they have been visiting Mrs. Weaver's father, D. Moncrief and brothers in Oklahoma City.

Miss Ophelia Cook of Post, is in a local sanitarium.

Mrs. Ed Wilson, efficient sales lady in the ready-to-wear department at Conely's Dry Goods Company, is absent from her work this week. Sunday morning on arising she stepped on a needle which was on the floor and the head of the needle which was threaded pierced her foot. She was immediately taken to a local sanitarium, where the needle was removed. With proper care she may be able to walk within a few days.

Miss Evelyn Jennings returned Saturday from San Marcos, where she has been attending the San Marcos Normal.

Miss Mamie Barker spent the week-end with her parents, Mr. and Mrs. S. N. Barker, who live four miles south of Lubbock.

Mr. and Mrs. Earl Hunt made a trip to Silver Falls Lake near Crosbyton, Sunday.

Miss Stella Terrell of the Western Union office here left Monday for Sweetwater, where she will spend a two weeks vacation with relatives.

Miss Gladys Campbell, relief clerk of Dallas, is filling her place during her absence.

Mrs. A. A. Collins and children who have been visiting relatives and friends here, left Monday for their home at Dawson.

Miss Janie Bell Matthews, who has been visiting her parents, Mr. and Mrs. G. M. Matthews at Morton, was here Sunday enroute to Ranger and stopped to visit her sister, Mrs. W. D. Norris.

Mr. and Mrs. W. D. Key of Dallas, were in Lubbock Sunday.

Mr. and Mrs. A. M. McFadden, accompanied by Alfred DeGarza, were here Sunday from Victoria.

Miss Alice Bledsoe, daughter of Senator and Mrs. W. H. Bledsoe of 1808 Broadway, arrived home Sunday from Denton, where she has been attending college of Industrial Arts.

Misses Adeline and Mary Bellah, returned Friday from Wellington, where they were guests of Mrs. Lee C. O'Neil for several days.

Mr. and Mrs. J. N. Bryan, accompanied by Miss Elizabeth Scott, Messrs. Gilbert Scott and Bruce Bryan, enjoyed an outing at Crosbyton Sunday.

Arnett Nyece of Dallas and Miss Ouida Easter, were guests at the home of Miss Easter's parents, Mr. and Mrs. O. T. Easter.

Miss Irana Fairly of 1909 Thirteenth street, has as her guest Miss Ruth McKinney of Dallas.

Mr. and Mrs. Tom Matthews of Littlefield, spent several hours in Lubbock Monday.

Mrs. J. R. Moore of Lamesa, spent Sunday in Lubbock.

Mr. and Mrs. M. V. Sharp of Rock Springs, were in Lubbock Sunday.

Mr. and Mrs. J. M. Shields of Littlefield, spent several hours in Lubbock Sunday.

Miss Estell Tapp of Grovesville community, was here Monday shopping.

Mr. and Mrs. O. W. Beason, who live three miles east of Shallowater,

were here Monday shopping and transacting business.

Miss Nettie Brown of Amarillo was in Lubbock Sunday.

Miss Alice Duggan of Littlefield, was a guest at the home of Mr. and Mrs. T. B. Duggan Sunday.

Mr. and Mrs. John Ely, were here Saturday from their ranch near Emza, N. M.

\$100,000,000 Per Year Wasted By U. S. Railroad Figures

By the United Press.

CHICAGO, July 16. — American railroads would save \$100,000,000 a year if the Interstate Commerce Commission would simplify reports it requires, according to Slason Thompson, railroad statistician.

Two million dollars weekly must go to pay clerical hire, stationery, stamps and printing necessary to prepare useless and indigestible information that goes to clutter up pigeonholes in Washington, he said.

"The files and storeroom of the commission are bursting with details for which it has no use," Thompson continued, "and if it had, it would be too short a period to provide an intelligent summary."

Railroad executives have been studying this problem for the last few years, and some of them agree with Thompson that they are being loaded down with armies of clerks. Others contend the railways need the information these clerks prepare.

Thompson's figures, prepared following a requested analysis a year ago, have caused great interest in the Railway Accounting Officers' Association.

From 1916 to 1921 clerical forces grew from 164,398 to 220,574, the increase of 56,276 being "nearly all surplus," according to Thompson. In twenty-five years the increase has been 441 percent.

"The railways are long on statistics and short on facilities, equipment and dividends," Thompson said. "Why waste enough millions to buy 2,000 locomotives or 70,000 freight cars or pay a dividend of 1.3 percent on all outstanding railroad stock?"

SEARCHLIGHTS TO GUIDE U. S. MAIL AIR PILOTS

By the United Press.

SCHENECTADY, July 16. — Thirty-seven searchlights to be installed along the "after dark section" of the trans-continental airplane mail route, to be established by the post office department this summer, have just been shipped by the General Electric Company from its plant here to various places between Chicago and Cheyenne, Wyo. Each one of these lights has a rated illumination intensity of 5,300,000 candlepower.

These searchlights will constitute the beacon posts of the night by which the postal pilots will be guided over the entire 800 miles of the night air route. At each town where the lights are to be placed, an emergency landing field will be located, scientifically illuminated, to be used by the pilots if a landing is necessary. Each light will be mounted on a steel tower 54 feet high, and will be operated automatically by electric motors. The beams from these lights will illuminate an aerial path across Illinois, Iowa and Nebraska to the southeast corner of Wyoming.

A. Rowles Company, manufacturers of Wichita Falls, while his home is at Norman, Okla. This was Mr. Shortall's first visit to West Texas and she expressed herself as being mighty well pleased with Lubbock. She commented very favorably upon the good work that had been done in the clean-up campaign and she took it as a fitting expression of the civic pride possessed by the people of Lubbock.

Such nice things as Mr. and Mrs. Shortall will have to say about Lubbock will surely repay those responsible for making Lubbock so attractive to them, and this is an example of good that is done by keeping Lubbock at her best at all times.

No matter how big the auto there are times when three's a crowd.

Booglegged girls swim best because they stay in the water most.

Agricultural Clubs Organized by Agt. In Dawson County

Special to the Avalanche.

LAMESA, July 16. — The boys and girls agricultural clubs of Dawson county, under the supervision of County agent C. T. Watson have been organized with the following membership: Poultry members 83; cotton members 44; grain sorghums members 31; pig club members 26; corn members 15; dairy calf members 10; beef calf members 4; making a total of 213. These club members are working in their respective communities under the supervision of community adult leaders.

OKLAHOMA PEOPLE ARE PLEASED WITH LUBBOCK

Mr. and Mrs. Frank Shortall were in Lubbock Monday on a tour of West Texas.

Mr. Shortall represents the E. W.

There is hardly a community in the United States but knows the Hupmobile by the good things it has heard of it.

Negro Given Three Years For Stealing A Little Of Everything In A Mercantile Establishment At Idalou On 15th Of May

Officers of the 72nd Judicial District Court thought for a while Monday that a hung jury was the cause of the length of time that was consumed by the jury in returning a verdict in the case of the State of Texas vs. E. L. Lawton, negro, charged with theft in connection with a wholesale robbery of the A. S. Reynolds mercantile store at Idalou on the 15th day of May, 1923, but they were relieved when the verdict was finally returned and it was decided that the jurymen had consumed a greater portion of their time reading the indictment, as the negro had stolen a little of everything in the store and the document read more like a wholesale dealers invoice of a big sale than an indictment.

The negro was sentenced to three years confinement in the state penitentiary.

DEMONSTRATION OF SEWING MACHINES AT RIX STORE

M. R. Duncan, representing the White Sewing Machine Company, of Cleveland, Ohio, arrived in Lubbock Saturday for a demonstration of fancy sewing with White machines at the Rix Furniture Store, local distributors, Monday and today.

Mr. Duncan was ably assisted by Mrs. L. J. McLean, of the Rix Company, and a number of ladies of Lubbock and the surrounding trade territory took advantage of the opportunity to witness the demonstrations, which were both interesting and instructive.

MUNICIPAL STREET CARS IN DETROIT MAKE NO PROFIT

DALLAS, July 16.—Considerable interest attaches to the municipally owned street railway system of Detroit, especially on account of a claim made by that city authorities that the first year's operation by the city, just ended, showed a net profit of a million dollars, says the Texas Public Service Information Bureau.

The rate of fare in Detroit is just the same under municipal management that it was under private control—five cents cash fare and one cent transfer charge. Out of 350,000,000 riders last year about one-third paid the transfer charge, making their fares six cents.

In the report of operations given out by the city in announcing the million-dollar profit there was no charge for depreciation of the property. The most recent balance sheet shows the property values to be in excess of \$35,000,000. A five per-

cent depreciation would amount to \$1,750,000. This would wipe out the million-dollar profit and leave the system three-quarters of a million dollars in debt.

Accrued depreciation of street-paving chargeable to the street railway under the ordinances of the city amounts to six million dollars at this time. Former Mayor Couzens declares that the city has kept its paving obligations as well as the state interests formerly kept them. The conclusion must be that neither the city of Detroit nor the private interests that operated the street car lines before the city took them over can make expenses out of the revenues derived from a fare that is something about five cents.

The total assets of the system according to its most recent balance sheet are forty million dollars. This sum pays no taxes under municipal ownership. The amount of revenues thus lost to the city must be made up by the taxpayers at an increased rate of taxation the special benefits of which go to the patrons of the municipality owned street railway.

CHIROPRACTIC NOTES.

Some of my opponents (not an M. D.) have been telling that I had injured some one, which is a falsehood, for if I was to injure any one I would be both prosecuted and sued for damages.

Besides a fine practice here at home, I have the following patients from various parts of Texas this week: J. J. White, Dumont; P. B. Brothers, Paducah; A. B. Blackwell, Gard; Lois Dial, Jayton; Mrs. O. B. Walker, Hale Center; Chas. Burnett, Brownfield; Louis Hodgin, Dumont; W. L. Ray, Rochester; Jennie Harper Dumont; Vashti Taylor, Floydada; O. W. Dial, Jayton; Mrs. J. W. White, Girard; R. P. Davis, Lamesa; Dennis Taylor Floydada; Mrs. J. T. Johnson, Jayton; Mrs. J. R. Baker, Post; M. L. Luna, Girard; C. L. Williams, Girard; R. L. Gilmore, Girard; Clyde Smith, Wilson; Mr. and Mrs. S. C. Hickman, McAdoo; N. C. Williams, Dundee; W. A. Peck Floydada; I. W. Hendon, Dallas; J. W. Lubbock's Pioneer Chiropractor.

CHAS. NORDYKE TO PRACTICE LAW IN LUBBOCK IN FUTURE

Chas. Nordyke, formerly of the Lubbock Business College, who has been attending Columbia University in Tennessee, is again in Lubbock, and having passed the bar examination, will probably enter into the law practice here.

Mr. Nordyke has a host of friends in Lubbock who admire him for his progressiveness and they feel that he will do well here.

Baptists of the World to Meet at Stockholm Sunday

By the United Press.
STOCKHOLM, Sweden, July 16.—For the first time in eleven years, the Baptists of the world are to hold a world congress and this city has been selected as the place of meeting.

The congress is scheduled to convene here July 21-27. The last world meeting was held in Philadelphia in 1912. Plans were laid there for another world gathering in 1916 but this was cancelled because of the war, and postwar developments have made it unwise to hold another congress until this year.

Approximately 750 Americans are planning to be in Stockholm for the convention, many of whom stilled from New York June 30 on the "United States liner," "America," known as the "official ship." The "America" carried the largest party of any going from the United States but several other groups of 50 and 100 have been reported.

One of these was the Kungsholm,

sailing June 20, when more than 100 delegates, mostly Swedish-Americans, embarked for Gothenburg. Another part of 60 and most of whom were from Texas, sailed on the Berengaria June 26.

Thousands of Delegates.
Thousands of delegates are expected from the United States, Canada, South America, Central Africa, New Zealand, Australia, Japan, the Philippine Islands, China, Burma, India, as well as from Great Britain, Sweden, Norway and the countries of Continental Europe, including the new States of Latvia, Estonia, Poland and Czechoslovakia.

Several topics of interests to Baptists as well as significance to the world at large are scheduled for consideration. International peace, in which the League of Nations will doubtless be included, the need of help in Europe and relief work, and especially religious liberty and the separation of Church and State, will receive attention.

AT THE CHURCHES

Methodist.
Attendance was very good, there being 367 who arrived at the classes in time to be numbered, which is indeed not at all bad for a mid-July morning.

The interest in the classes is still at a high pitch was shown by the fact that with the limited attendance the contribution netted seventy-six dollars.

"Resolve and stick to it" that you will be present next Sunday and let's make the attendance report more interesting.

Due to the illness of Rev. Chas. Ferguson, no preaching services were held. At the evening hour Epworth League members met at the acoustoper hour, and rendered an interesting program.

Baptist Revival
The Baptist revival meeting is

in a great way. Don't forget to be there each morning at 10 o'clock and at 8:30 o'clock in the evening, at the city auditorium. A great number of people have been converted and the majority of them have united with the church, which is good evidence that their profession of faith is genuine.

Prayer services are being held each evening at the Baptist church beginning at 7:30 and dismissing just in time to get to the services. Various departments of the church are conducting these prayer services.

ARMOUR & CO. SALESMAN DIED HERE MONDAY

J. W. Irby, prominent Lubbock man who has been here for some

time, died here at 10:45 o'clock Monday morning.

His mother, Mrs. J. W. Irby, Sr. and two sisters, Mesdames, Wise and Trout, of Mercedes, together with his wife and two small children, were here at the time of his death, and accompanied the remains to Mercedes, where funeral services are to be conducted.

The deceased was thirty six years of age on April 16th. He was salesman for the local Armour & Company house.

PERCY RALLS HERE MONDAY REPORTS CROPS GOOD

Percy Ralls, of Ralls, was in Lubbock Monday transacting business. Mr. Ralls reports everything doing well in that section, as some rain has been received recently which has helped crops very materially. That section, like all other parts of the South Plains, was visited by showers, therefore crops in some localities are good while in adjacent neighborhood rain is needed badly.

FOR SALE—50 gal wood barrels—Martin Baking Co. 220-2t. 1876 when nearly 300 lives were lost. No line of news about this disaster was carried in any of the New York City dailies the next morning. Today with the telephone to carry the story, extra editions of the newspaper would probably be on the streets long before the fire was under control. Experience has taught reporters that many best important persons who are to be interviewed preferred having it done by wire. Such a person is far more liable to answer his telephone quickly than he is to be prompt in admitting a reporter who is waiting in an outer office to see him. As a New York Times man has expressed it, "A telephone interview makes it easier to confine a man to the subject you want him to talk on." We have found that a big man is better pleased to talk to reporters over the telephone than face to face in his office. A striking contrast to this phenomenonally rapid method of news gathering is an incident related recently by a well known newspaper man concerning the Brooklyn theatre fire, a startling news event and tragedy of

enthusiastic audiences of ladies of this city who are interested in the operation of the range. Miss Craig takes much pleasure in explaining the many quick and easy methods of preparing a meal on an electric stove, and on account of her experience in the work is able to clear up many of the knotty problems that daily confront the users of this article.

Henry Ford Wins In The Straw Vote Taken In A Recent Poll By Colliers Weekly And Furnished This Paper Today

A grand total of 659,906 ballots were cast in the nation-wide Presidential Voting Test which started June 1 and closed July 1, final returns of which were received in this office today. Henry Ford was first, polling more than a third of the entire vote. Ford received 276,847 votes to President Harding's 140,728.

place, still the national strength of McAdoo shows that the race between these two for the Democratic nomination is going to be a hot one. McAdoo polled a consistent vote throughout the country and especially in the Democratic South. Smith votes were more scattered, his New York vote being his chief source of strength.

Final Vote in Presidential Test. Ford 276,847, Harding 140,728, Smith 81,319, McAdoo 48,575, Wilson 19,803, LaFollette 14,310, Johnson 14,224, Underwood 14,136, Borah 12,081, Hughes 10,867, Cox 9,683, Hoover 8,260, Bryan 5,530, Pinchot 2,974, Debs 2,784, Capper 2,636, Dr. Albert Shaw 2,562, John W. Davis 2,192, James A. Reed 1,539, Haskell (Okla) 852, Scattered 7,842

House Dresses. No one ever has too many of these dresses and being cleverly styled one can't regulate them to the kitchen, yet they are very practical, comfortably cut and made of good quality gingham that will wear exceptionally well.

WANTED

WANTED—Bids on the erection of a Public School building at Wolf-farth Switch, twelve miles South-west of Lubbock, Texas, plans and specifications may be secured at the office of the Co. Supt. Bids must be in by July 28.

Harding Finishes Strong. The biggest development in the closing days of the voting was the swing to Harding which followed his trip and speeches across country on his way to Alaska.

Underwood votes came mostly from the South but showed a wider range than merely favorite son sentiment.

Chicago girl is best pinch hitter outside baseball. Cop pinched her, so she broke his nose.

Ford showed unusual strength in all parts of the country. He carried Florida, Oklahoma, Pennsylvania, Minnesota, South Dakota, Nebraska, South Carolina, North Carolina, Missouri, Colorado, Arkansas, Idaho, Connecticut, Montana, Virginia, Kentucky, Mississippi, Alabama, Indiana, Iowa, Texas, Georgia, North Dakota and Tennessee.

McAdoo polled a consistent vote throughout the country and especially in the Democratic South.
