U. S. COMMISSION TO RECOMMEND MEX RECOGNIT'N

By the United Press.
WASHINGTON, Aug. 20.—American recognition of Mexico, and the resumption of diplomatic relations will be recommended to the American Commission, Warren and Payne, who attended the "recognition conference" in Mexico City, it was learned authoritatively. They went in to conference today at Washington.

DOG KEPT RESCUERS FROM EXHAUSTED GIRL

PARIS, Aug. 17. (United Press.) A faithful dog is not always a protection to his master. Jeanne Morru was walking in the Bois de Boulogne, Paris, accompanied by her German police dog when she was accosted by the thief. The dog stood guard over the girl's prostrate form, refusing to allow passersby to aid her. One man, who tried to rush the dog, was bitten on the arm. A woman had presence of mind to dash cold water on the girl's face which caused her to resume consciousness. It was only after Miss Morru was again on her feet that the dog allowed anyone to approach.

Lubbock Men to Attend Panhandle A. & M. Banquet, Amarillo

County Agent J. W. Jennings and Ray C. Mowery, of the Lubbock High School faculty, both graduates of the A. & M. College of Texas, will accompany a delegation of about fifteen ex-students of the college to Amarillo on the afternoon of September 1st, to attend a banquet there that evening that will be given by the Panhandle A. & M. Club. Jennings and Mowery are hopeful that they will have at least enough ex-members in their party to make it known that Lubbock is well represented at the banquet.

It has been pointed out that members of the Panhandle A. & M. Club are striving to perpetuate the good work that that institution has done for the young men of West Texas, are banded together in order that their influence will be more keenly felt.

Lubbock's young men are worthy representatives of the separate institutions of learning from which they have graduated, and the delegation that will go to Amarillo on September 1st will be heard from at the banquet.

ROMAN CATHOLICS ARE IN CONVENTION AT MILWAUKEE

By the United Press.
MILWAUKEE, Wis., Aug. 20.—3,000 delegates from all parts of the country are attending the 67th annual convention of the Roman Catholics of the Central Society. Henry B. Dielmann of San Antonio, Texas, opened the convention with an appeal for higher ideals in religion. "The people of today so pattern their lives after others in quest of fortune that they finally become unable to be religious," he said.

WEATHER

N. Carolina fair tonight and Tuesday, gentle variable winds. S. Carolina partly cloudy tonight and Tuesday possibly thunder showers extreme south portion gentle, variable winds. Georgia, Alabama, Mississippi part cloudy in north and thunder showers in south portion on Tuesday gentle variable winds. Florida—Extreme northwest Florida part cloudy. Louisiana tonight and Tuesday part cloudy, probable showers in southeast portion light to moderate variable winds on the coast, mostly southerly. Arkansas tonight and Tuesday fair somewhat warmer to night. Oklahoma tonight and Tuesday generally fair. East Texas tonight and Tuesday generally fair, light to moderate variable winds on the coast mostly southerly. West Texas tonight partly cloudy, warmer in north and west portion Tuesday generally fair.

RUSSIA STAGING A RAPID COMEBACK; SHOWS MUCH THRIFT

By the United Press.
MOSCOW, Aug. 20.—This is Russia's answer of the entente's refusal to extend economic aid, said foreign minister Tchitcherin, in a speech inaugurating the first Red Russia's national trade fair and agricultural exposition. Speaking to the assemblage including officials representing foreign business interests, he said: "When entente delegates showed their willingness to help Russia only on their own terms, and we replied that we would rather help ourselves. This exposition grounds visitors agreed with Russia in the marvelous progress made in the four months past considering the fact that the workmen who have put over the exposition building have had only the rudimentary kind of tools to work with."

OFFICERS AFTER KIDNAPERS ALL OVER THE STATE

By the United Press.
DALLAS, Aug. 20.—The authorities are making great efforts to bring a stop to the numerous kidnappings that are being committed throughout Texas, Oklahoma and Georgia, and all possible power is being applied to put an end to this practice which seems to have spread over the three states like fire during the past ten days. Authorities believe that they have it under control now and that by the close cooperation of the people, that the offenders may all be apprehended and meted out just punishment. Three brothers were caught whipping a negro near Macon Ga., and it is believed that these three men are responsible for a great number of the recent floggings that have been administered.

The situation is greatly cleared up in Texas, according to reports given out by the state departments at Austin. Guardsmen have enforced the martial laws at Tulsa, but is meeting strong opposition on the part of the civilians. At Deland, Florida four men were arrested following the kidnapping and beating of a negro. At Eaugalle, Florida G. A. Davis a barber was kidnapped by masked men from a deputy sheriff. Davis had been arrested on a charge of non-support of his wife. A large crowd of witnesses saw the kidnapping.

Investigations Of Flogging.
AUSTIN, Aug. 20. Investigation of the several floggings throughout the state is still being vigorously conducted by the state department, according to information received here by Governor Neff, and the investigations will continue indefinitely he declared today.

The governor proposes to handle all disorder in the state at the occasion demands, regardless of where it is or when it is.

APPROPRIATE TITLE GIVEN SOUTH PLAINS FAIR BOOK

The South Plains, The Panhandle and the Fair is the title of the Fair book which will be ready to send out in a few days. Some time ago, the fair management offered a season ticket for the best title. The above title was sent in by Dr. Glenn, president of the Temple Trust Company of Temple.

This book contains about thirty Plain country, and each individual pages of illustrated write-up of the county which will exhibit at the Fair in October. It will be broadcast by all the counties as well as by the Fair management, over a large territory.

The management is anxious to get the names of those who might be interested either in the country or in the Fair. So if such names will be turned in at the Chamber of Commerce books will be mailed out.

REMARKABLE SHOWING OF INFANT LIFE OF PHYSICIAN

By the United Press.
FINLAY, Ohio, Aug. 20.—A remarkable story of how infant life is miraculously sustained after coming into the world nearly four months previous to the date of normal birth, was revealed by authorities in a Finlay hospital today. The case is that of Rose Mary Elleen, and it is believed has set a record for premature babies. The youngster was given a four months start in life through cesarian operation on the mother, Mrs. O. E. Jelley. The new-born was placed in a steam heated incubator by the physicians, who held great hope for the baby today, which is the approximate date of the birth if she had been normal and ready for a crib.

The Supreme Forest Woodmen Circle is the third largest woman's organization in the United States.

ESCAPE WITH \$20,000 IN CASH AND JEWELRY, POLICEMAN IS KILLED AND THREE PERSONS WOUNDED

By the United Press.
DETROIT, Mich., Aug. 20.—Two youthful bandits, in a stolen automobile, held up Hermann Hamm, collector of the general Ice Delivery Company, and escaped with \$5,000 in cash. The hold up climaxed a series of robberies, shootings and maraudings probably committed by the same band, according to the police department of this city. Four men have been arrested on suspicion of being connected with some of these crimes. Seven men held up one hundred and fifty patrons of the Allendale Inn Sunday, and wounded two women and one man in the battle that ensued when resistance was made by a number of the guests. It is estimated that they escaped with about \$20,000 in cash and jewelry, and killed one policeman as they made a dash for liberty.

RACE FEELING HIGH IN COTTON GIN PRACTICALLY INSURED FOR LOVING-TON THIS SEASON

By the United Press.
LOVINGTON, N. M., Aug. 20.—The race feeling in Lovington, N. M., has been high as a result of the burning of Tony Mearns, a negro resident in this city, and during the night negroes were walking along the streets dividing the two sections and openly arming themselves. Several strong police guards, several shots were fired and a negro woman aboard a street car was wounded. However everything seems to have been quieted down and there is not expected to be any further trouble at this time.

CHINESE BOYCOTT OF JAP GOODS IS HAVING A NOTICEABLE EFFECT

By the United Press.
TOKYO, Aug. 20.—The Chinese boycott of Japanese goods is digging deeper every day. Japan's exports to China have not slumped 70 percent, and the sharp is getting worse steadily. Chinese in Java, Singapore and India, as well as in China proper, have quit buying Japanese goods as a protest against Japan's refusal to return to China the South Manchurian, or Kwantung leased territory, acquired under the "twenty one demands."

Feeling against the Japanese is particularly bitter in central China and up the Yangtze river. There have been numerous fights and destruction of property in this region. Throughout Japan Chambers of Commerce and business groups of all kinds, heavily hit by the boycott, have urged the Tokyo government to do something. Tokyo has sent a stiff warning to China, but since there is no government in China it doesn't amount to much.

Officials here say that Japan will go very far in enduring indignities in China, but not too far. They say Japan genuinely wants avoid having to use force to protect her nationals and their property in China, for fear of being accused again of trying to grab the country.

It is indicated unofficially that Japan desires to have an understanding, perhaps informal, with America and England, before she takes action in China, whatever the provocation.

UNMASKED MEN ROB EMPLOYEE OF A HOUSTON BUSINESS CONCERN

By the United Press.
HOUSTON, Aug. 20.—Three unmasked men in an automobile held up and robbed E. J. Leggett, an employee of the Houston Ice Cream Company, of the Sunday receipts which amounted to \$1,500. The robbery occurred in the edge of the business section of the city. After Leggett had surrendered the money, which he did at the point of a gun, the robbers fled, and have not been captured or any trace of them has been found yet.

Our objection to work is there are so many other things to do.

BOY KILLED WHEN OLD PISTOL EXPLODED

By the United Press.
DALLAS, Aug. 20.—Richard Trice age nine years was accidentally shot and killed when an old pistol which he and two boy companions were playing with exploded, the bullet entered the brain killing the boy almost instantly. The tragedy occurred at Britton, on the Fort Worth Interurban lines.

HARLEY SADDLER'S SHOW IS HERE FOR THE ENTIRE WEEK

By the United Press.
PENSACOLA, Fla., Aug. 20.—Five persons were instantly killed when an airplane crashed into the sea off Camp Walton, Sunday afternoon. All of the bodies, including that of one woman have been recovered.

MOSCOW FIREMAN HAS NEW RADIO INVENTION

By the United Press.
MOSCOW, (By mail to United Press.)—To listen to a radio concert given in Berlin or elsewhere through a wooden cigar case is the latest sensation here.

U. S. CENSUS REPORTS ON COTTON SEED

By the United Press.
WASHINGTON, Aug. 20.—Cotton seed received at the mills in the year ending July 30, not including re-shipments totalled three million two hundred and forty-two thousand nine hundred and sixty tons as compared with two million two hundred and forty-four thousand six hundred and fifty-eight at the same period of last year. The census bureau reported seed crushed three million two hundred and forty-one thousand four hundred and four tons against three million seven thousand and seventeen last year at the same time.

CAMPERS BEING MADE BY COWBOYS WHO WILL ATTEND REUNION

CANYON, Texas, August 20.—Cowboys who in their youth were members of the staff of the old T-Anchor ranch which had its headquarters half a mile north of Canyon are beginning to make their appearance for the T-Anchor reunion which is to be held near the old headquarters on the twenty-third of August. Among the old timers who will be present are Judge L. (Parson) Gough, Amarillo, Judge Tom Turner, Amarillo, Sid Boykin, Clovis, New Mexico, E. P. Eashart, Lubbock, Dr. J. H. Wayland, Walk Bradley, Hereford, Vas. Stuckey, Canadian and A. H. Gilston Hereford. The old negro cook who served the cowboys in the early days, and who now lives at Roswell, New Mexico, will serve real cow-camp chuck, which however is to be reinforced by baskets which the guests will bring.

MAIL DELIVERY BY AIRPLANE TO START TUESDAY

By the United Press.
SAN FRANCISCO, Cal., Aug. 20.—Shortly before six o'clock tomorrow morning B. H. Wunslow, air mail flier, will take off with 400 pounds of mail to be delivered in New York City, within thirty hours. He will be the first to get away in the new plan to deliver mail across the continent in a little more than twenty-four hours. A few hours later a plane will hop off in New York with a similar consignment for the Pacific coast. The two planes will pass in the night somewhere in the Central West. If the new plan is successful a regular service will be maintained.

NEGROES STUDY ARABIC; PLAN RETURN TO AFRICA

By the United Press.
ST. LOUIS, Mo., Aug. 20.—(United Press.)—With visions of some day returning to Africa and becoming "first citizens" among their lost African brethren in their native land, scores of St. Louis negroes are taking the study of Arabic. Their leader is "Sheik" Ahmad Din, who holds weekly Moslem religious services where the language is being picked up by the St. Louis negroes. Ahmad Din is his Moslem name. He was christened P. N. Johnson, his father being an Arab and his mother a negress. Attired in ordinary street clothes with the exception of a glaring green turban, Ahmad Din each week teaches the doctrine of "Al Ham D. E. Rabbi Al Ameen," as he says it. Beginning his lessons with a religious service, Ahmad Din reads a chapter in the Koran, exclaiming "there is but one God and that is Allah." Songs are then sung, followed by chanted prayers. With characteristic Negro fervor the negroes are flocking to "Sheik" Ahmad's mission to be initiated into the mysteries of Islam and to "talk Arabic."

"I have one hundred converts in St. Louis and I have been here six months," the "Sheik" said. "We are gaining rapidly."

MOSCOW FIREMAN HAS NEW RADIO INVENTION

By the United Press.
MOSCOW, (By mail to United Press.)—To listen to a radio concert given in Berlin or elsewhere through a wooden cigar case is the latest sensation here.

The inventor, a simple fireman entered the editor's room of the "Working Moscow" and asked whether the editor would like to listen to a radio concert right in his room. He then produced an ordinary Russian wooden cigar case held one end of the attached wire to a waterpipe and the Editor could hear the music in perfect clearness. Later he heard the wireless messages Rosta was receiving.

Alexei Ivanovich Semenov, the inventor, said it was all very simple and inexpensive. He lined the old case with a few sheets of tin foil which he got out of a tea packet, bored holes at the bottom, got a piece of wire from an old door bell and old gramophone membrane which was the most expensive thing of the whole affair.

FIVE PERSONS KILLED WHEN PLANE CRASHES

By the United Press.
PENSACOLA, Fla., Aug. 20.—Five persons were instantly killed when an airplane crashed into the sea off Camp Walton, Sunday afternoon. All of the bodies, including that of one woman have been recovered.

PAYNE IS GIVEN A 5-YR. SENTENCE CROSBY KILLING

Special to the Avalanche.
CANYON, Aug. 20.—After deliberating 16 hours and 25 minutes the jury in the trial of D. L. Payne for the murder of J. Sweaza on the courthouse steps at Crosbyton May 14, found the defendant guilty of manslaughter and assessed the penalty at five years in the penitentiary. The case was given to the jury at 5 o'clock Saturday and the verdict was reached at 9:25 a. m. Sunday. D. L. "Poppin" Payne sat calm as the jury filed into the courtroom and showed no signs of emotion when the verdict was read.

Attorneys for the defense immediately announced they would ask for a new trial. Sheriff Black and a Texas Ranger immediately took Payne to Amarillo where he was placed in the Potter County Jail.

The trial of D. L. Payne for the murder of Maud Rippey which occurred at the time of the other shooting, was transferred to Amarillo late Saturday afternoon and is expected to come up immediately.

\$10,000 FIRE AT SWEETWATER SATURDAY NIGHT; ORIGIN UNKNOWN

SWEETWATER, Aug. 20.—Fire of unknown origin damaged the stock of Tidwell Campbell Company to the extent of \$10,000, 9 o'clock Saturday evening. A slight loss was also suffered by the Tucker Shoe Department. The blaze started in the shelving which contained blankets and sheeting on the east wall and extended to pieces of old work clothes.

A heavy smoke in the store made fire fighting difficult. A Ford car was pressed into service, the firemen using the headlights and searchlight. The fire was discovered by a man who was passing the store about 9:00 o'clock.

Mr. and Mrs. J. D. Tidwell and several of the employees had left the store twenty minutes before the alarm was turned in.

The loss is covered by insurance. Prompt and efficient work by the firemen prevented the loss being greater.

C. E. Calder, president of the Texas Power & Light Company, A. S. Kinneer, one of the vice-presidents and W. B. Head, chairman of the Board of Directors, of the same corporation, spent Saturday in Sweetwater, inspecting the plant and properties of the West Texas Electric Company.

"EVOLUTION GIVES US HOPE OF IMMORTALITY"

CHICAGO, Aug. 18. (United Press) "Evolution is the hope of the race, for it gives us strong proofs of immortality," declared Dr. Frank Davis Barker, professor of zoology at the University of Nebraska, who is a member of the Northwestern university summer school faculty.

"Evolution is a fact as surely as gravitation. The comparative study of the nervous system of animals shows an evolution backward! Man's brain has freed him from the slavery of environment and is the physical basis of his personality and his soul."

"The observable trend 'brainward' if projected, foretells the nature of the future super-man. That which has required millions of years to bring into being, will not be scrapped at death."

Washington is alarmed over slack army enlistments. Truth is fewer men are getting mad enough to go and join the army.

MARTIAL LAW IS RESENTED IN TULSA

By the United Press.
TULSA, Okla., Aug. 20.—Martial law took on an uglier aspect today when the military authorities reported a running pistol fight between soldiers and marauders who attempted to break into the armory, and also of an attack on a young girl by civilians near the soldier camp grounds. The attack is said to be a plot to arouse public anger against military of ficers.

Lubbock Daily Avalanche

Published Sunday morning and every Afternoon except Saturday by THE AVALANCHE PUB. CO. (Incorporated)

IAS. L. DOW Editor Neal Douglass, Jr. City Editor J. E. Griffith Adv. Mgr.

Entered at the Postoffice at Lubbock, Texas, for transmission thru the mails as second class matter.

NOTICE—It is not the intention of the Avalanche to cast reflection upon the character of anyone knowingly, and if through error we should, the management will appreciate having our attention called to same, and will gladly correct any erroneous statement made.

AVALANCHE PUB. CO. TEXAS TECH AND SOUR GRAPES.

Rumor has it that some of the disgruntled towns of West Texas plan to contest the location of the West Texas Technological College at Lubbock. The rumor has been given prominence enough to warrant the citizens of the State in taking cognizance of it.

It is a poor sport that would now raise a contest on the location of the school. We are sure that the citizens of Plainview wanted the Texas Technological College as much as did those of any other town.

On every hand the personnel of the committee was satisfactory when the committee was first named. All seemed to have confidence in them. Why the sudden change in attitude toward them?

EXPANDING RETAIL TRADE. THE SPIRIT OF SERVICE. A man went into two stores in another city the other day, looking for some green corn for dinner.

MADDEN TO FAVOR MEDIATION IN EUROPE. IS REPORT. Recommendations for American interest and friendly mediation in the affairs of Europe are to be made to President Coolidge by Representative Madden of Illinois on the latter's return from a visit to England and the Continent.

TERRY COUNTY PROUD OF THE COLLEGE. A phone message from Lubbock on Wednesday afternoon was to the effect that the locating board gave the Texas Technological College to the city of Lubbock.

representations to President Coolidge. Mr. Madden will discuss his proposal in an address to the House and in other public speeches.

Republican isolationists, it is expected, will resent Mr. Madden's suggestion for any sort of American helpfulness to Europe, even though it promises a moral and material advantage to the United States.

Although Mr. Madden is chairman of the Appropriations Committee of the House and one of the outstanding leaders of his party it is predicted that his recommendations will be rejected by the irreconcilables in Congress and in the Republican National Committee.

LITTLE AVALANCHES

The kids must believe in the open door, as they usually have to be reminded to shut it.

So far President Coolidge has not found it necessary to appoint a press agent to secure publicity.

The Turk used to be called the sick man of Europe, but that was before it was found he had oil wells.

The president should be very careful as how he remarks about the weather and the baseball season, as those ingenious reporters will find deep political significance in his words.

Claimed to be \$96.00 of public debt for every child in the country, but so far none of the parents have consented to sell out their interest in the youngsters for that sum.

EDITORIAL COMMENTS ON THE TECH COLLEGE

County Fair At Tahoka. At a meeting of the local Chamber of Commerce at the courthouse Tuesday evening, it was unanimously decided to hold a county fair in Tahoka the last week in September.

Permanent. Randall County News, Lubbock County leads the Panhandle, and doubtless all of West Texas—in the number of brick school buildings in the county.

of it, water and climate, with any other section they visited. Brownfield and Terry county will feel a very beneficial effect of this institution in our very front door, and don't forget that.

Lubbock Will Celebrate. Lubbock and Lubbock County are preparing to hold a big celebration, Tuesday, August 28th, in honor of winning the Texas Technological College. Governor Pat M. Neff will be in attendance and will be the principal speaker of the day.

WILL HELP TAHOKA. Very few of the citizenship of Tahoka evidently do not realize the magnitude of the college that is to be located at Lubbock, judging from the small amount of interest taken Wednesday afternoon when the news was given out.

CONGRATULATIONS

CONGRATULATIONS FROM WHITE DEER. The Lubbock Chamber of Commerce is in receipt of a letter from W. A. Clark, Jr., superintendent of the Public School of White Deer, Texas, congratulating Lubbock and the people of the south plains for having secured the official location of the Texas Technological College.

Ranger Pleased With Location. The people of Ranger especially admire the gentlemanly and above board methods shown by the Lubbock people in this great friendly fight which has just ended, not only in Lubbock's victory, but a victory for the entire state.

Of course the people of Lubbock know that this is the best town in the world, and that the locating committee displayed good judgment in naming this as the home of the largest educational institution in the Southwest.

These few lines are sent you merely as a medium for expressing our sincere congratulations and, as the years roll by, we earnestly hope that this good fortune will result in added prosperity for Lubbock and her commendable populace.

Baby Two Years Old Drowned Sunday a. m. Near Lubbock

Funeral services were conducted at ten thirty o'clock this morning for Jerry the two year old son of Mr. and Mrs. H. W. Jones, whose home is eight miles north of Lubbock. The child was found dead at the home Sunday morning at nine o'clock. He had fallen into a galvanized tank which contained about eighteen inches of water. The child had not been drowned a few minutes when found. The Avalanche extends sympathy to the bereaved parents.

TENNESSEE MAN IS SURPRISED BY DEVELOPMENTS

Ed Taylor, of Paris, Tennessee, who is here visiting at the S. W. Wilson home, 1702 Avenue E. E. one of the pioneers of West Texas who is pleasantly surprised with the developments that have been made here during the past twenty years. Thirty years ago Mr. Taylor was employed as a "cow puncher" in West Texas, and headquartered in the vicinity of where Spur, Dickens county is now located. To return to his former home to find that thriving industries, dividend paying farms and substantial business enterprises have taken place of the cattle business might naturally be expected to make one feel that West Texas is "not what she use d to be."

The Hit of the Year

The big new Overland Red Bird is the 1923 sensation of motordom! People on the street turn to watch it go by. It is so big and roomy that they invariably mistake it for cars costing hundreds of dollars more! Lucky owners are justly proud.

Bigger, more spacious body for extra comfort. Bigger engine with power galore. Low, long, beautiful lines. Rich finish in Mandalay maroon. Smart, tailored khaki top. Nickel trimmings. Bumpers both front and rear. Fisk cord tires. A marvelous value! You'd never guess it costs only \$750 f. o. b. Toledo.

We will only have a limited number of Overland Red Birds. Come in quickly—or phone—for a demonstration.

Touring \$525. Roadster \$825. Coupe \$795. Sedan \$860; f. o. b. Toledo. We reserve the right to change prices and specifications without notice.

ARTICLE EIGHT
WORKING AGAINST OURSELVES

Life insurance companies are chartered by the states in which they originate. When they do business in other states they must have legal permission. Beyond this primary relationship, which is common to all organizations of citizens for special purposes, the State exercises two functions in its relations with life insurance companies: it supervises and it taxes.

No fault can be found with the soundness of the principal of State supervision. In this country government is supposed to exist for the purpose of protecting the citizen in his rights, which are life, liberty, and the pursuit of happiness. In order to make this protection effective, the State exercises supervision over institutions which vitally affect the well-being of the people—such as banks and insurance companies.

The Federal government does not supervise life insurance companies except in the District of Columbia, because life insurance is not "commerce." But this lack on the part of the Government at Washington is more than made up by the activities of the forty-eight State governments. Over a period of nine years, Congress and the various States of the Union held 268 regular sessions and more than seventy-five special sessions. In these sessions over ten thousand bills were introduced affecting life insurance companies and requiring careful scrutiny by these companies.

Fifteen Thousand Words a Day
If these ten thousand bills were strung together one after the other, each day of all the 243 legislative sessions they would average fifteen thousand words a day.

A student of these various bills has found that they range in purpose and intent from control of what agents should be allowed to say in canvassing prospects, to direction in detail as to how books should be kept and accounts be rendered at the home office. In some cases they undertook to specify the form of contracts which might be made with policyholders. In this flood of fifteen thousand words a day were proposals to increase by enormous amounts the half dozen distinct varieties of taxation already in use, and under which policyholders in these same nine years have contributed to the support of the State governments over a hundred million dollars. These ten thousand bills included at least six distinct kinds of regulations, and several hundred new experiments in regulation.

This amazing activity in life insurance legislation originates for the most part in the notion that a life insurance company is a rich corporation without a soul and that anyone, therefore, in or out of the legislature who shies a brick at it is a public benefactor. A fact which seems to have escaped the attention

DISTRICT COURT

District Court convened this morning at ten o'clock, and the grand jury was selected for the August term. Judge Clark M. Mullean delivered his charge to the jury in his usual forceful manner, urging that they give their time only to those cases which are of such magnitude as to deserve the attention of that body. Judge Mullean sounded an approved note when he spoke at length upon the need of all of the law-abiding citizens of this district working harmoniously to the end that the crime

element might be suppressed, and if possible abolished. For the first time in the history of the District Court here, the judge referred to the Ku Klux Klan. He spoke of the disunion that exists among members and non-members of the Klan, and while he favored neither side, he made it plain that the government of our country can operate with efficiency only when all of the law-abiding citizens of our community, regardless of membership in or opposition to any organization, work hand in hand for

the judicial enforcement of our laws.

Judge Mullean insisted that harmony exist within all bodies of the court, and congratulated the people of this district for the splendid manner in which they answer to all calls for jury service.

This week will be consumed with the trial of non-jury cases. The criminal docket will receive attention during the weeks of August 27th and September 3rd.

The Grand Jury is composed of the following:

J. T. Innon, foreman; W. O. Sheely, J. S. Lanham, E. R. Davis, S. A. Poole, T. W. Covington, T. J. Davis, J. L. Denton, Bob Crump, Clifton Barrier, S. D. Pate and L. C. Ellis.

AT THE CHURCHES

Church of Christ.
The meeting at the City Auditorium conducted by the Broadway Church of Christ continues with growing interest. Evangelist Nelson preached this morning on "The Lord Day or the Sabbath Day, which?" He pointed that the sabbath was given to the children of Israel as a memorial of their deliverance from Egyptian bondage, and that there is no command in the Bible for a Gentile to keep the sabbath. He also showed that Christians are not taught to observe a day but a person, Jesus Christ, and that this is to be done by taking the Lord's supper on the first day of the week, as taught by both precept and example.

In the evening sermon Nelson spoke about the two covenants. He quoted or read more than a hundred passages of scripture, all focusing on the great, and little understood truth, that the law of Moses has been taken out of the way, having been nailed to the Saviour's cross. The law never justified any man, under it no sin was completely erased until by the blood of Christ, righteous men, not of the law, else Christ died in vain, but the law was "the minis-try of condemnation" and of "death." It was not given to gentiles, and was not for gentiles. If a man would keep any part of it he is under a curse unless he keeps the whole. But we are under grace and not under the law. Let us continue in the grace of Jesus, Christ and keep his commandments.

SOCIETY

Wednesday Needle Club Will Meet.
The Wednesday Needle Club will meet at the home of Mrs. A. W. McKee, 1816 Fourteenth street, at four o'clock.

Library Board Will Meet.
The board of directors of the Lubbock Public Library will meet Tuesday afternoon at five o'clock. Each member of the board is urged to be present.

Pep Glee Club Will Present Play.
The Pep Glee Club will present "The Prairie Rose" at Crosbyton tonight, at 8:15 Tuesday night and at Lorenzo Saturday night.

Much effort has been made by the members of this club to make their play a success and it is hoped that they will have a large attendance at each place it is presented.

Personals
Mr. and Mrs. Guy L. McAfee of the McAfee Company, left Monday for eastern markets for their fall stock of millinery and ladies' ready-to-wear.
Mrs. T. O. Maxwell, of Austin is here visiting at the home of her brothers, N. R. and H. K. Porter. Mrs. Maxwell is the twin sister of H. K. Porter and the wife of Dr. G. O. Maxwell, a prominent physician of the Capitol City.

BERLIN'S TELEGRAPH OFFICE
GREATEST IN THE WORLD

BERLIN, Aug. 17. (United News)—The main telegraph office of Berlin today is the biggest in the world handling an average of 150,000 telegrams every 24 hours.
Berlin, half way point between almost anywhere, is the telegraphic center, not only of central Europe but of the entire European continent.

The biggest part of this business is moved by means of printing machines which are similar to typewriters, printing the message at its destination on a strip of paper which, when wasted on a telegraph form is ready immediately for delivery.

LUBBOCK COUNTY MAN AT HOME FROM SNYDER, OKLA.

Prof. A. L. Burnett returned to his home near Lubbock last week from Snyder, Oklahoma, where he conducted the song services for a revival meeting of the Christian Church. He stated that crops in that section of Oklahoma are inferior to those of the plains, and that the farmers will hardly make enough to pay for the actual cost of cultivation.

Hubbers at Home from Amarillo where They Divided the First Two Games of the Final with Gassers; To Play Tuesday

The Hubber delegation returned this morning from Amarillo, where they divided the first two games of the nine game pennant series with the Gassers, winning the first with a score of four to five, and leaving the Gassers holding the big side of fourteen to three game Sunday afternoon.

All members of the team were well pleased with the fact that today was officially designated "rest day" and will be ready for the third game of the final series which will be played here Tuesday afternoon at three thirty o'clock.

It is well for all Lubbockites to take into consideration the fact that moral support has something to do with how ball games go, and let's all be on hands to give those Hubbers the boost of their lives. Those Gassers are not at all light, even if they are from Amarillo, and if we win the biggest half of this nine game series we will have shown them that the Hubbers are just as good on the home turf as in the first half of the series. Don't leave it to the other fellow to help the Hubbers win. There is ample room for all who will attend, and those old boys are used to large crowds and you just naturally do their stuff better when the whole town is looking at them.

Though the last game was apparently a one-sided affair, those Hubbers are still on their toes and will play as an exhibition tomorrow afternoon with the Gassers. The prize money will be \$200.00.

INTERSCHOLASTIC BOOK OF RULES ARE NOW OFF THE PRESS

AUSTIN, Texas, Aug. 21. A bulletin to state officials at the University of Texas, the bulletin containing the interscholastic league constitution and rules for 1923-1924 is now off the press. Any teacher interested in league work may obtain a copy free of charge. The bulletin contains 100 pages and is illustrated by sixty cuts showing various contests and contestants in the last State meet.

Those in charge of the State office desire that interest is being manifested in league work earlier this year than ever before. Many schools have already sent in membership fees for the ensuing school season and 175 high schools have already signed up for participation in the football championship. The final acceptance date for participation in the football championship race is October 1. Schools not accented by that date will be deferred from the series this season, it is stated.

Much Interest Shown In Tennis Tournament To Be Held Aug. 28

The West Texas Panhandle Tennis Tournament to be held in Lubbock is creating much interest in this section. Local players are rounding in to shape to meet fast competition and word received from other towns indicates that they have teams that will take fast competition to handle. The loving cups that will be presented are very artistically designed. The doubles cup stands 11 inches high and has a cover made of three

BOSQUE CO. MAN WILL FARM NEAR LITTLEFIELD

Harold Barry, prominent Bosque County Farmer, passed through Lubbock Saturday enroute to Littlefield to occupy a farm recently purchased there.

Mr. Barry stated that he hoped to have as much as two or three hundred acres of the land in cultivation for the 1924 crop.

The many destructive pests that are common in Bosque county has made farming there a very unsatisfactory business, according to Mr. Barry, who has great confidence in the possibilities of farming on the South Plains.

CATO SELLS VISITING SENATOR W. H. BLEDSOE

Cato Sells, former Indian commissioner under the Wilson Administration, is in Lubbock looking after business. He spent some time visiting at the law office of Bledsoe & Pharr. Attorney Bledsoe and Mr. Sells have been friends for a number of years.

"Bill" Says Shop Now!

Copyright, 1923, F. W. Mozart
 "While traveling around in a man's pocket today" said "Bill" Dollar, "I heard my owner say to another man, 'What kind of a place would Lubbock be if every one here were like you? Your overcoat is from St. Louis, and your hat is from Cleveland, and I'll bet that everything else that you have on is from out of town.'"

"We would have a fine place to call home if every man who makes his money in Lubbock as you do, bought everything that he could out of town. You would be a small town fellow sure enough, with a muddy road for Main Street, a volunteer fire department and two policemen in the day time and one at night to guard your property."

"Look at the taxes four merchants pay to give us all of the modern improvements that we have, and then ask yourself what you are doing to help support the home stores and industries."

"We couldn't hear what the other fellow answered" said "Bill" but I related the experience to Kalamazoo Bill who had just reached Lubbock as change for an order of supplies made by a Lubbock firm and he replied, "You will find that type of man in a great many cities and they don't contribute much to the place that they call home."

"Undoubtedly the one remark that carries the greatest amount of weight in all of the talk occurring is that the money men are the worst offenders in buying away from Lubbock because the man who makes a small salary must necessarily make all his purchases at home, because he has neither the time nor money to make trips to faraway places for goods that he uses every day."

"The bulk of the criticism falls on the men who have been blessed with more money than the average citizen. To what extent this criticism is just lays with each man himself."

"Am I buying everything that I want in Lubbock and then let his actions prove how sincere he is in his dealings with Lubbock merchants?"

"If business men of Lubbock," continued Kalamazoo "Bill" "are offending in this respect and justifying the criticism that has been leveled at them they should remember that the man who is not a familiar face in the business places of this city is not a man who attracts many business friendships. He creates very little will."

"People will buy of him if they have to, if he has bargains that can not be resisted, but when things are about even, they never go out of their way to serve him. Such a man gets a reputation for cold isolation, and if he wins, it is by sheer hard work. Friendships never help him."

"A great many of the prizes of life go by favor. The man who feels

clusive of sales made by dealers who do not report to the Association. This means that for the 9,200,000 meters in service, more than four dollars per meter will be spent this year in gas company salesrooms for ranges, water heaters, lighting units, room heaters and other appliances.

To take care of unprecedented service demands, the Association says that gas companies are successfully financing a building and expansion program that will enable them in 1925 to add to their service mains several thousand industrial shops and plants and about 400,000 household customers.

A NUMBER OF CHANGES MADE IN THE UNIVERSITY FACULTY

AUSTIN, Aug. 18.—As a result of the August meeting of the Board of Regents several changes have been made in the University of Texas faculty for the coming year.

Dr. B. F. Pittenger, adjunct professor of educational administration, was made acting dean of the School of Education for the period during which Dr. W. S. Sutton serves as president of the University, and Miss Annie Walsh Blanford, former State superintendent of education, was made adjunct professor of educational administration.

Dr. Clyde C. Glasscock of Rice Institute, now teaching Spanish in the University summer school, and E. R. Sims, a former instructor, were made associate professors in the department of romance languages.

George W. D. Hamlett was made instructor in zoology, and George E. McKinney and Houghton W. Taylor were made instructors in English.

Dr. Thomas B. Martin was made professor of history and B. N. Gafford and R. S. Foraker were made instructors in electrical engineering.

Miss Katherine Wheatley, instructor in romance languages, was granted a leave of absence so that she may study in Paris during the coming year.

Miss Marguerite Bengener and Kenneth B. Jackson were appointed lecturers in the library and I. D. Blackstock was made stack assistant.

The master of the salt water steamship Agua, from Bergen, Norway, refused to accept the aid of a tug to pull his vessel off a sandbar in the harbor of Superior, Wisconsin, where he had grounded. He preferred to wait for the tide and was surprised when it did not come.

USE OF GAS IN INDUSTRY SHOWS RAPID INCREASE
 DALLAS, Texas Aug. 17.—The manufactured gas utilities of the country are not only selling the greatest volume of gas in their history but sales of gas-burning appliances are showing corresponding increases.

According to reports filed with the American Gas Association, more than \$40,000,000 worth of appliances will be sold to the public in 1925 by gas companies alone.

THE THEATRES

WHAT YOU CAN SEE TODAY

UNIQUE TYPES IN NEW SWANSON FILM

Six beautiful artists' models, three Muses, Spanish Gypsy musicians, and other character types appear in the gorgeous banquet scene of Gloria Swanson's new Paramount Picture, "My American Wife"—a Sam Wood production, which comes to the R. and R. Theatre tonight. Light effects which are unusually charming add to the beauty of the setting, which represents a dilettante's home built on the art studio idea, in Buenos Aires.

In a sort of alcove, three lovely girls as muses, play on harps and other instruments. Across the center of the room, which is divided by three arched openings, are drawn heavy red plush hangings, which when pulled aside disclose the banquet hall with oval tables and in the center an opening with a rundown upon which the winning race horse, garlanded with flowers, is led into the center of the room, where is provided a great antique Spanish chest containing choice brands of an equine nature.

Monte M. Katterjohn's picture is based on a story by Hector Turnbull. Antonio Moreno plays the leading masculine role.

"NEW YORK BAR" IS NOW ONLY A THING OF PAST

CONSTANTINOPLE, Aug. 17 (United News)—The "New York

Bar" will soon be no more: Froek-coated statesmen at Lausanne signed their famous treaty there, and automatically killed the small but thriving business of Nicco Pandopoulos, Greek owner of the bar. For the "New York Bar" was the favorite hang-out of soldiers and sailors of all nations who made up the Inter-Allied Army of Occupation. Now the army must quit Constantinople, with its passing the "New York Bar" passes also.

It was a strange and picturesque retreat. To find it one should follow the form of some Yankee sailor, complete with flat hat, blue pea-jacket and floppy trousers, galloping bareback down "the Rue De Pera" astride a shaggy, hircal Turkish pony.

He would arrive in a cloud of dust before the portals, dismount,

tie his horse to a hitching post, and enter. "New York Bar" was written over the door in large letters. On either side of the door were huge painted steins of beer and the price was "10 Piastera." American flags were a conspicuous feature of adornment.

HOME FOR WOODMEN
 OMAHA, Neb., (United Press)—The Woodmen of the World, a national fraternal organization numbering 800,000 members, will erect a home for aged members and dependant and orphan children near San Antonio, Texas, according to W. A. Frazer, sovereign commander. The site of the new home it is believed, will be close to the Woodmen of the World war memorial sanitarium, recently established near San Antonio.

The Buick Double-Service Sedan

Another 1924 Buick innovation—this six-cylinder double-service sedan—has been especially created for those who wish a combined practical business car and family sedan.

Its upholstery is comfortable, yet sufficiently serviceable to withstand severe daily usage. The power provided by its new Buick 70 H. P. valve-in-head motor is more than enough to carry it over the heaviest roads. Its staunch Buick four-wheel brakes assure ample safety whatever the driving conditions.

The admiration which you may feel for its service utility will be matched by the pride which your family will take in its comfort and suitability.

THE LUBBOCK DAILY AVALANCHE

VOL. 1. NO. 253.

(Late Evening Edition)

LUBBOCK, LUBBOCK COUNTY, TEXAS, TUESDAY, AUGUST 21, 1923.

UNITED PRESS SERVICE

KATY TRAIN IS ROBBED IN OKLA.

GOVERNOR BRYAN OF NEBRASKA ISSUES STATEMENT TO COAL DEALERS; HE WILL NOT STAND HOLD UP

LINCOLN, Neb., Aug. 21.—Governor Charles W. Bryan has notified the coal dealers that unless prices are lowered he will furnish coal to the public at \$8.20 per ton and protect the public like in "Gasoline Combine."

A direct ultimatum at the municipal coal yard states that coal costing \$6.60 f. o. b. in carload lots will be sold at \$9.50. It is said that it does not cost more \$2.50 per ton to deliver the coal. Governor Bryan says "we expect to protect the public from the coal monopoly."

TWO FIREMEN KILLED AND OTHERS INJURED WHEN BUILDING FELL

NEW YORK, August 21.—Two firemen were killed and forty seven injured when the old Maschke Hall in Brooklyn collapsed while burning.

When the roof and walls fell, forty nine firemen were buried in the debris, but made remarkably easy escapes.

The building housed a city block and was used for a dance hall.

RETAIL PRICES SCHEDULED TO GO HIGHER IN THE FOOD LINE

WASHINGTON, Aug. 20.—The retail cost of food averaged two percent higher in July than in June while during the year ending July 15 the general advance amounted to 4 percent.

Figures made public today by the bureau of labor statistics of the department of labor revealed that 18 articles increase in price from June to July 15, potatoes leading with a rise of 31 percent. Declines ranging in price for 16 articles, and nine showed no change.

The average family expenditure for food increased during the month in 45 representative cities and decreased for the year period, while a year with a 6 percent rise.

Forty five cities also recorded an increase for the year period, while 12 showed a reduction amounting to two percent at Portland, Ore., one percent at Dallas, and less than one percent at other points in the other four.

MOTHER REACHES BORDER SAFELY WITH HER KIDNAPED SON

EL PASO, Aug. 20.—When Mrs. Esther Black Parmalee and her four year old son, Charles Roy Parmalee Jr., crossed the border from Mexico into the United States here yesterday, another chapter was written in an international drama of domestic difficulties which had their beginning in Los Angeles nearly two years ago.

Mrs. Parmalee was awarded the custody of her child 18 months ago by Los Angeles courts. Shortly before the final decree was entered the child was taken by his father to Mexico City. According to her story, told here yesterday an attempt at reconciliation with her husband in a satisfaction failed and despairing of a satisfactory arrangement, she hid the boy under an automobile rug and spirited him away to the north bound Mexican Central train.

Parmalee Sr. is a veteran of the world war in the United States an aviator and a member of a wealthy Los Angeles family.

EXPRESS AND MAIL CAR IS LOOTED AND MEMBERS OF THE CREW ARE SLUGGED, WHILE BANDITS ESCAPE

Al Jennings Says It's Work of Amateur; Others Says It Was a Band Which Is Headed By Al Spencer.

OKLAHOMA CITY, Okla., Aug. 21.—A posse is in pursuit of the daring band of train robbers, who held up the Katy passenger train from Kansas City to Oklahoma City near Okesa, Oklahoma, shortly after midnight last night. It is believed that the band is being led by Al Spencer.

Four members of the train crew were slugged and the mail car was looted of an undetermined amount of money and registered mail. After forcing the engineer to cut off the mail car and run down the track with it and the locomotive, the bandits looted the car leisurely and then fled in automobiles into the hills. Twenty packages of registered mail was taken.

The passengers were unmolested. It is stated by the train crew that there were more than a dozen bandits that participated in the holdup, and that they kept up a constant revolver fire while the robbery was being accomplished by the remaining number.

Wonderful Operation Performed at Local Sanitarium this A. M.

Another great surgical achievement was realized at the Lubbock sanitarium this morning when Woodrow, the two year old son of F. R. Roberts, was operated upon.

Little Woodrow, while eating watermelon a week ago, became strangled, and a seed of the melon was forced down into the right lung, and was successfully removed this morning.

It was necessary to make an incision in the child's neck through which the instruments were passed to grasp the seed.

The little fellow stood the operation very well, and at noon today was resting.

Such operations are not often successful and the people of Lubbock have every right to feel proud of the personnel of the sanitarium, which is fast becoming known as one of the best in the southwest.

ITALIAN HOME PARTIALLY DESTROYED BY BOMB IN DETROIT

DETROIT, August 21.—Fifteen persons, seven of them children, were blown from their beds, but unhurt, when a bomb partially wrecked the home of Ignazio Manischel here today.

The bomb was thrown from a large touring car containing four passengers. Manischel could give no reason for the attack.

CRIPPLE BARELY ESCAPED WITH LIFE AS HOME BURNED

COLUMBUS, Texas, Aug. 21.—Representative J. J. Mansfield of the ninth Texas district, who has been confined to a wheel chair, barely escaped with his life when his home was destroyed by fire.

Mansfield was alone in the house at the time of the fire, but was rescued by neighbors who saw the blaze.

TEXAS MAN MAY BE NAMED AMBASSADOR TO MEXICO

WASHINGTON, D. C., Aug. 21.—President Coolidge and Secretary Hughes, have accepted the terms of the Commission that met in Mexico City, relative to the recognition of Mexico by the United States Government as a basis of the resumption of diplomatic relations between the two countries.

This announcement though not final is given out by persons who are in close touch with the situation and the executives at Washington, and is believed to be almost as authentic as if it came direct from the government head itself.

The report says further "every thing is all fixed up and agreement is acceptable to the United States Government." It is also stated that Charles H. Warren will be named as ambassador to Mexico in the event the negotiations are completed although it was the desire of the Mexican Government that he be named to fill this position. It is understood that a Texas man may be appointed to the office of Ambassador to Mexico.

FRENCH REPLY RECEIVED WITH PESSIMISM ON DOWNING STREET

LONDON, Aug. 21.—A courier brought a copy of the French reply to the British reparations note to London this evening and it was forwarded immediately to Premier Baldwin, who is in the country. The British view of the note is pessimistic and Downing Street gave out the impression that the note offers but slight, if any, basis of settlement.

It was indicated in the reply of Poincare that it is largely a re-statement of the French position and contained no constructive proposal.

ORANGE MAN BEING HELD IN CONNECTION WITH KILLING

ORANGE, Texas, August 21.—W. M. Gibbons, age thirty-five, is being held in connection with the killing of L. H. Mofeland, oil field driller.

Three shots were fired at Moreland, two taking effect and the third striking a negro wounding him slightly.

Gibbons refused to discuss the shooting.

The wives of the two men are said to be cousins.

ELECTRICAL WIZARD PREDICTS 100 YEARS IN ADVANCE

SCHANECTADY, N. Y., Aug. 21.—Dr. Charles F. Steinmetz, electrical wizard in an article today makes the prediction for a hundred years from now. He says that the people will work only four hours a day. There will be no smoke hanging over the cities nor refuse in the streets. There will be no wars, and that the Slavs will be a dominant race. It will be the era of inventions, and that wireless communications with Mars will be a reality.

Rotarians Will Meet Church of Christ to At Christian Church Complete Meeting at Building Wednesday Church on Broadway

The Monday evening service at the City Auditorium conducted by the Church of Christ closed that part of the meeting being held there. The remaining services of the meeting will be held in their own building on Broadway.

In the Monday evening address, evangelist Nelson continued his lessons from the chart he has been using. He showed that no man ever received complete forgiveness for sin until Christ went into the presence of God in heaven, with his own blood and made the propitiation. That all blessings are in Christ. That sins are washed away by the blood of Christ. That we are baptized in Christ where his blessings are. That we are "Baptized into" his death when we wash his blood, which his blood can wash away our sins. That faith is "unto" salvation, and baptism is "unto" Christ which salvation is and member of these three is of more importance than either of the others. He concluded his address with a strong exhortation to all to accept and obey the Christ.

WATER FAMINE AT OMAHA CAUSED WHEN BANK OF RIVER CAVES

OMAHA, Neb., Serious water famine was caused here when the mud bank in Missouri river caved in just above the intake pipes filling the city mains with muddy water. All the laundries were forced to close down on account of the muddy water.

Many other industries were also forced to close down on account of the muddy water. Near a riot occurred at Elmwood Park where several thousand persons gathered around seven artesian wells for drinking water. The police department rushed a force of men to the park to maintain order.

HUGE LOAN IS MADE FOR THE TEXAS COTTON BUREAU; GIVEN CREDIT IN NEW YORK TO ASSIST IN MARKETING

NEW YORK, Aug. 21.—A New York banking syndicate, headed by the Seaboard National Bank, and Goldman, Sachs & Co., Wednesday completed arrangements for a large loan to the Texas Farm Bureau Cotton Association for the purpose of assisting in the orderly marketing of the cotton crop in that State.

The initial credit is understood to be for \$10,000,000, with a series of others as they are needed. Under the terms of the agreement the association undertakes to market a certain amount of its product each month, and it was assured the bankers that 90 per cent of the crop will be sold when the final paper matures June 15 next.

Interest Rate Higher.

While the details of the loan were not made public, it is understood that the interest rate will be slightly higher than the association paid on a \$12,000,000 loan last year because of the higher discount rate in effect now. Last year's loan was arranged through Southern banks, with several New York banks participating. The interest on that loan averaged 5 1/3 per cent. This year's loan is the largest cotton credit ever organized under local financial leadership.

Negotiations for the loan has been in progress for several weeks between Col. Sloan Simpson, Dallas, Texas, treasurer and trustee of the association and the local bankers. Col. Simpson returned home several days ago and the final details were concluded by wire.

Secured by Warehouse Receipts.

The loan is to be secured by warehouse receipts on cotton stored in the Houston Compress Company in Houston, Texas, the largest independent warehouse in the State and connected in any way with the association. The cotton so stored is to be graded according to specifications mutually agreed upon between the association and local bankers, the latter being assured of a conservative margin as security for the loan.

The Texas company is the largest of its kind, having a membership of 27,000 cotton planters in all sections of the State. Last year the association handled 77,000 bales of cotton, and this year it expects to make between 175,000 and 225,000 bales.

Smaller associations operated on somewhat similar lines have been organized in the Carolinas, Louisiana, Mississippi and other Southern States.

SCHOOL OPENS AT TAHOKA SEPTEMBER 3RD

TAHOKA, Aug. 21.—School will open September 3rd. The last teacher who was secured this week. Miss Porterfield, who was employed for the Home Economics department resigned in a short time, and we have secured Miss Lena B. Price for this place. Miss Price the superintendent said today and comes highly recommended and I am sure she will be well pleased with her work. She has taught high school, Howard Payne College, and other good schools. I have just received a telegram from the state department stating that Miss Price is qualified to teach under the Smith-Hughes law.

REPRESENTATIVE OFFERS TO INVESTIGATE PIPE LINE COMPANIES

AUSTIN, Aug. 21.—Representative W. C. Morgan, of Liberty county, today offered his services to push the investigation of certain refiners, producers and pipe line companies for one dollar a year. This offer was made to the Railroad Commission which will decide this afternoon. Morgan filed a petition for the investigation of alleged conspiracy.

FIVE AMERICANS KILLED IN FRANCE AS AUTO IS WRECKED

NICE, France, Aug. 21.—Six persons, including five Americans, were killed when a tourists automobile plunged over an embankment near here today.

Police announced that twelve Americans were injured.

USED AMERICAN FLAG TO WRAP LUGGAGE

WICHITA FALLS, Aug. 20.—A lesson in flag etiquette was given a veteran of the 90th division who held an enviable war record, by members of the Local American Legion post recently.

The veteran with his wife passed thru this city in an automobile en route to Colorado. An American flag was being used as a cover for the luggage on his car.

Several persons called the legion headquarters and notified members of the breach of etiquette. When Legionnaires waited on the tourist and asked them to take the flag from the baggage he complied cheerfully and at the same time showed them his honorable discharge and his war record.

After thanking the committee for calling his attention to the mistake, the veteran bought a tarpaulin and placed it over the baggage.

All Jennings Says Train Holdup in Oklahoma Amateurs Work.

WICHITA FALLS, Aug. 21.—Al Jennings, former famous outlaw, declared that the train hold up near Okesa, Oklahoma, last night was staged in all probability by amateurs. Jennings is here staging a moving picture show, featuring himself.

He stated that the robbery last night violated the ethics of highway men, by slugging the train crew. In old days the bandits always treated the crew with the greatest consideration. Another thing that he believes indicates that the robbery here local talent is the fact that the did not rob the passengers, years ago if robbers failed to obtain much loot from the express car the passengers were waited upon and relieved of all they had.

Jennings said that the robbers in Oklahoma probably feared identification by some of the passengers, who might live in that section. He blames the lack of law enforcement for the unsettled condition of the southwest, and for the tremendous amount of crime reported.

Georgia Man Confessed Killing Son-in-law; Kinfolks Helped

NEWMAN, Georgia, August 21.—John W. Minter, father-in-law of Millard Trouton who was kidnapped and killed on the night of August 10, has confessed to the slaying, according to officers announcement today.

In the confession Minter took all the blame for the slaying. He said the mistreatment of his daughter, Trouton's wife, by Trouton, prayed on his mind until finally he called his sons and sons-in-law into a conference and planned the killing as the best way to settle the matter.

W. M. Feiman, it was stated in the confession, was hired for fifteen dollars to decoy Trouton from home so Minter could kidnap him.

Trotten was taken in the woods and while his sons held him, Minter fired five shots into his body which was then thrown into a creek.

WEATHER

N. Carolina, Georgia fair tonight and Wednesday unsettled probably thunder showers, interior moderate south winds.

West Texas tonight and Wednesday partly cloudy, cooler in north portion.

Late Wire Briefs

Floggers Still Operating. DALLAS, Aug. 21.—Bands of floggers are still operating in several of the southern states, declared authorities, but that their operations are not as pronounced.

Mail Planes Enroute. MINNEOLA, Long Island, Aug. 21.—The mail plane, destined to reach San Francisco in twenty-eight hours by rapid relays, left here at noon today. The first scheduled stop it at Cleveland.

Mail Plane Arrives. RENO, Nevada, Aug. 21.—The mail plane which left San Francisco, enroute to New York, arrived here shortly before eight o'clock. Pilot Winslow reported the flight from the coast city void of accident. The mail will be transferred quickly into another plane and the journey quickly resumed.

Air Leviathan Launched Tonight. DAYTON, Ohio, Aug. 21.—The army department will launch its Leviathan of the skies tonight, when she bumps off into the air. The maiden flight of the huge Baring bomber will be attended by a number of high army officers. If the ship flies it will be the first forty thousand pounds heavier than the machine that has lifted itself from the ground. Six Liberty motors supply the power and the plane is equipped with parachutes so the crew may escape in safety in event of accident.

Perishing's Old War Horse Is Dead. WEST HARTFORD, Conn., Aug. 21.—"George Washington," General Perishing's war horse, is dead. The animal was gassed in France during the war, immediately declined in health and was sent to a farm here to rest. It was decided finally to put him out of misery and he was shot.

The horse was born and bred in Missouri. Perishing rode him in Villa's raid and later in France. Dr. Paul Waterman, who owned the horse, died just a month ago.

ACTION VS. WORDS

The San Angelo Standard expresses a great truth in the following paragraphs:

"The Fort Worth Record has said something which the business men of Fort Worth will heed. Urging that Fort Worth join whole heartedly in the Tech celebration at Lubbock August 28, the Record says 'But Fort must not let its interest extend no further than words and platitudes.'"

"The Record expresses a friendliness for West Texas that business men there have not. Their stubbornness in refusing to withdraw a complaint attacking general freight rate that jeopardizes the common point, held to be essential for the continued development of West Texas, has aroused such a storm of protest and resentment at their action that in many quarters a boycott is hinted. While Fort Worth business men may consider themselves independent of this section, there can be no doubt but that concerted turning of trade to San-Antonio and other cities as near possessing equal trade advantages a blow that would shake their stable selves to the very foundation.

"It is well and good to send a delegation to Lubbock and to the West Texas Chamber of Commerce convention and thus strive to strengthen the ties that bind West Texas to Fort Worth's trade territory. But all such good propaganda can very well common point system. If it is to be undone by destruction of the done, Fort Worth will get a large percentage of the blame.

"The Record editorial regarding the sending of a delegation to Lubbock follows:

"Fort Worth has been recess of that growing and enterprising with Lubbock in the surprising West Texas city in the contest for Texas Tech, just as Fort Worth would have rejoiced had any of the live and worthy contestants secured the prize.

"Fort Worth is interested in everything that affects West Texas because Fort Worth wants to see West Texas grow and prosper and, incidentally, because as West Texas advances Fort Worth advances.

"But Fort Worth must not let its interest in West Texas go no further than words and platitudes. This is a country of action and the actions of Fort Worth will prove its sincere interest in West Texas more than words.

"One very fine opportunity to prove our interest in the West and in Lubbock and Texas Tech in particular, is by the sending of a large delegation to the 'Hub of the South Plains' on the occasion of the Texas Tech Jubilee, women who attended the jubilee Aug. 28.

"The Fort Worth men and on March 3, with which Sweetwater voiced the delight of West Texas over the passing of the Texas Tech bill, will not want to miss the Lubbock affair. They know the enthusiasm, the hospitality, the inspiration of the West.

"At Sweetwater 10,000 men, women and children gathered for a one-day celebration of the authorization of an institution of higher education. Many came from points hundreds of miles distant from the local joint of the day's events. It was a wonderful demonstration of the interest of West Texas in higher education. It was a gathering possibly without precedent.

"Lubbock will be able to add the actual site to the authorization of the college. It has the concrete evidence of the reality of the college in the making. One can guess the enthusiasm and the depth of emotion that

will be reached in the coming jubilee.

"Fort Worth must send a large and representative delegation to Lubbock. It is not self-interest alone that dictates such action. The interests of this community in education, its kinship with the West, its neighborly joy with West Texas and with Lubbock in the triumph that crowns the long fight for a state college in the western portion make it imperative that Fort Worth be at Lubbock Aug. 28 of the state—all these things in full force."

EDITORIAL COMMENTS ON THE TECH. COLLEGE

Rails and The Tech

Lubbock was selected as the proper place for the West Texas Tech College, and in our opinion it was the logical place. The college being located at Lubbock (432 miles from Ralls) will mean as much to us as if it were located in our own county. The college at Lubbock will cause Crosby County to develop ten times faster than it would otherwise. It will mean hundreds of new people for us—a larger and better town. Opportunity now knocks at our door, and lays prone before us, it is but necessary that we grasp it. Ralls needs a few improvements that it must have and among them is a water system. This proposition should receive your consideration at once.

Our citizens must wake up to the magnitude of the proposition that is before us—we must take time by the forelock and get in action. Before many moons people who desire to be near the college will be looking for a location and it is up to us to prove to them that Ralls is the place that they should live.

Let us be up and doing. Ralls Banner

West Texas and The Tech
Lubbock, a sister city of our great West Texas, got the new Technological College that is soon to be erected and let us hereby pledge our support and hearty cooperation to Lubbock. The "Tech" will be a great boon to our West Texas boys and girls.

Lubbock is planning a big celebration August 28th at which time Governor Pat M. Neff will be present to deliver the principal address of the occasion. All who possibly can should attend this jubilee and help Lubbock to celebrate the coming of the "Tech" for Lubbock's gain is also the gain of all West Texas.

Let's get behind any movement that is for the advancement of West Texas and the Panhandle, and push it to the extent of our ability. As far as we, personally are concerned, we are for West Texas now and forevermore.

And we say, "Hurrah for Lubbock!"—Silverton Star

What The Tech Means To Lamesa
The location of the Tech College at Lubbock means that in the next two years there will be erected there

a college which is only one of its kind west of the Mississippi river and there are only four in the United States. This means a specialty school and not one as some understand for the general education.

Lamesa was never an applicant for the school as the observation of those who have observed College Station understand that that school of general education for boys has done little for that place.

37 other towns lost but we notice they are grieving little over it. Let Lamesa furnish the splendid soil we have to offer. Give us another railroad and we will grow to a city second to none on the Plains. We hope Lubbock will realize her fondest hopes in this school and what we are saying is in no sense aimed at the idea of any harm to our sister city but just to put a lot of our readers right on the fact that such a school will make a city out of Lubbock and little at other towns. In the next two years you will observe a slight growth in Lubbock and no injury whatever to other towns. We at first viewed the matter as an injury to others but all that it may mean and we hope it means much to Lubbock it is going to have little to do with other towns.—Lamesa Reporter.

The real West Texas spirit was never more thoroughly demonstrated than the past few days have shown it in the loss of the Texas Technological College. Many West Texas towns are showing up in a bigger way than they have ever been permitted show themselves by the great spirit of good sportsmanship with which they take their loss of this coveted prize. Lockney Beacon.

Panhandle Pleased

The entire Panhandle takes pleasure in knowing that the Tech College is located at Lubbock. There were other good towns that were candidates, but by the school coming to Lubbock it is located above the Cap Rock and is really in the Panhandle. The fact that the school would come to the Panhandle was hardly a possibility but it again tells the story of the Panhandle coming into its own power and telling east Texas that we brought 50-50 deal from here on out.

It means that the Panhandle will be well supplied with educational facilities, thank you. With the Baptist College at Plainview, the Methodist College at Clarendon, the West Texas State Teachers' College at Canyon, and the Tech college at Lubbock there will be no need for Panhandle young people leaving home to finish their education. The Panhandle per capita will now perhaps be better supplied with junior and senior colleges than any other portion of Texas.

Here's a hand to Lubbock for pulling the plum. The towns of that portion of the South Plains united in pulling for Lubbock, so the school was not located at one town, but was rather located in one section. With the big university for a pulling power it probably means that more railroads will enter in that section. Perhaps roads will build there and on to connections with other roads in New Mexico.—Canadian Record.

The News congratulates Lubbock in landing the new Tech College. Every town in the race made a place square fight, and the victory of Lubbock is a victory for the Panhandle country. Mr. Bralley, Mr. Bizzell

Mr. Marrs all stated time and again during the time of inspection that the people of the town winning the college should not expect too much of the school to start with. It is true that the Tech starts out with more money for a physical plant than any school which has ever been started in Texas, but schools do not grow overnight. The Tech will be a great school if all of the people of West Texas show as much enthusiasm for its maintenance as they did for its creation and location, but it will have to have time in which to grow.—Randall County News.

JAPAN'S PRINCE CLIMBS FUJI SACRED MOUNT

By CLARENCE EDUBOSE

(United Press Staff Correspondent) TOKYO (By mail to United Press)

Crown Prince Regent Hirohito and his brother Prince Chichibu are sporting a race for popularity and sport leadership in Japan.

The future Emperor is in the lead. Perhaps no member of the Japanese Imperial family has ever been held in as much popular esteem as he is

His latest stunt is to climb Mount Fuji, Japan's Sacred Mountain, the ascent of which every Japanese hopes to make at some time. During the summer season when the snow has gone and the trails are passable, thousands of pilgrims from all over the empire flock to Fuji and swarm up its sides. The pilgrims are garbed in white. They wear girdles of jingling bells. They pray at the many shrines up the mountain and the objective of one and all is to reach the very summit in time for sunrise, and bow low and cry "Banzai" to the "rising sun of Japan" as it sweeps up from beyond the sea.

Well, the Prince Regent went up Fuji just like anybody else—the first of his line ever to do this thing, which means so much, sentimentally, to every Japanese. The people hailed it as just another proof that their future Emperor is a regular fellow.

Prince Chichibu, the second son of the Emperor, is known throughout Japan as "the sport Prince." He presided at the Far Eastern Olympic Games at Osaka this year. He goes in for all outdoor sports him

self. He's good at tennis, baseball, polo, swimming and track stuff.

A. B. ELLIS VISITING ATLANTIC CITY RESORTS

A member of the Avalanche force is in receipt of a card from A. B. Ellis, of the Lubbock State Bank, stating that he had been enjoying the cool waters of one of the world's greatest resorts at Atlantic City. Mr. Ellis did not state when he would return to his home here, but he is expected about the 1st of September.

ASSISTANT EDITOR THE EARTH HERE FOR TODAY

A. M. Hove, assistant editor of The Earth, Santa Fe publication, is here today from his home at Amarillo.

Mr. Hove has shown a great deal of interest in Lubbock and the South Plains and we are always pleased to have him visit here.

The Avalanche received a very pleasant visit from Mr. Hove.

The Last Call of the Big Clean Sweep Sale

The Last Day Has Now Arrived

The last day of the Clean Sweep Sale has arrived. With the close of business tomorrow night the Clean Sweep Sale closes. It has been a wonderful sale, a sale that has received the large response that the remarkable reductions justified, a sale that has made new records in value giving in Lubbock. One more day remains for you to supply yourself. In every line of summer goods reductions are now the most severe. Complete your purchases tomorrow.

LADIES GARMENTS

Throughout the entire ready-to-wear department final reductions are now in force. In every case reductions approach half price, in some cases they are less. No matter what your needs may be in these lines you can supply yourself tomorrow at a price that will surprise you.

FINAL CLOTHING REDUCTIONS

Men's clothing and furnishings appear tomorrow for the last time at these price reductions. Suits in some cases are priced half price—in every case at least 1-3 off. Could you wish a more liberal reduction on standard garments. Practically our entire stock of furnishings are offered at reductions of 1-4 off. Shirts, collars, hosiery, neckwear and underwear can be purchased at this saving. You will wish to lay in a supply for months to come.

DRY GOODS ITEMS

In the dry goods section much most staple goods as well as strictly spring and summer lines are reduced. You will find prices in force tomorrow that will not prevail for months to come. Many broken lines and short lengths are now reduced even greater for the last day's selling, making it decidedly worth your while to be among the shoppers in this section tomorrow.

IN THE SHOE SECTION

In no department of the store are reductions so marked off so appropriate as in the shoe section. Here we are selling many lines at reductions that have only been on our shelves a matter of weeks. In many other lines reductions are made on strictly staple lines that in most cases are never reduced. A visit tomorrow to this department of our store will be most profitable.

Memphill-Price Co.

THE PEAK OF THE SEASON IS APPROACHING FOR

Moline Tractors

If it's plowing you want to do it's the Moline Tractor you want. Gas and oils are decreasing in price and feed is going to be mighty high and scarce. If its cultivating a Moline Tractor IS what you want. When you are ready for the tractor buy the Moline which will enable you to sell your teams, sell your feed and do your farming in a more efficient and economical manner.

When It's a Tractor You Want, Come to See Us!

SOCIETY

The Crump's House Party.

The "Crump's House Party" of 1923 was from August the twelfth to the nineteenth. Several years ago the hospitable Crump family inaugurated an annual house party during which an entire week would be given over to the entertainment of their young friends. Previously they had held shorter house parties frequently in fact, as often as they discovered a group of their friends who were to have the leisure to visit them. For more than thirty years they have continued its custom; perhaps, Judge Crump, a rare old Kentucky gentleman, brought the custom with him to Texas. Wishing to entertain their friends throughout the state "the Crumps" have set aside a week each year for a round of festivities. The first two days are "get-together" days in which the guests visit with one another and with "the Crumps." For the most part it is a delightful reunion of old friends with a few interesting new ones. Their guests—it is because of the delicacy of the charm that pervades the Crump household—their guests are never uninteresting.

After the "get-together" comes a picnic, this year on the Blanco Canyon. Everyone came back blistered and happy made dear by old association. A barbecue at the ranch is the next regular feature. The last few days are filled with horse-back riding and swimming parties. The final goodbyes are made easier because of next year.

A GUEST.

Personals

Mr. and Mrs. Jom Oakes, of Homer, La., are visiting at the home of Mr. and Mrs. S. L. Miller at 2009 Broadway.

Mrs. G. M. Leach, of Alvin, Texas, is visiting at the home of Mrs. Richie Harris at 1720 13th street.

Elmer Rush is in town Monday from his farm east of Lubbock.

H. W. Black, of Temple, spent Monday in Lubbock transacting business.

Lawrence Lumsden, of Wilson, is in a local sanitarium for an operation. W. P. Ashum, of Slaton, is receiving medical attention at a local sanitarium.

Fred Smith, of Corsbyton, underwent an operation at a local sanitarium this week.

ABILENE TRADE EXCURSION LEAVES ON ITS ROUNDS THIS MORNING

ABILENE, Aug. 21.—Promptly at 6:45 o'clock today the Simmons Cowboy Band, assembled at the T. & P. Station platform, and came down on "The Old Grey Mare," which was the signal for the assembling of the 125 Abilene trade trippers.

At 7 o'clock, arrayed in their nifty white hats and "all dolled up" with their big white parasols and blue penants, the party lined up beside the special train of Pullmans and were shot by the photographer. Then the big whistle blew all aboard and at 7:30 o'clock the train rolled out of the station, east bound for the first lap of the four day journey that will carry the West Texas Fair boosters over a thousand miles of railroad, with stops at sixty West Texas towns and cities.

To Ranger By Night

The first day's travel will take the party east to Ranger, with a side excursion up to Breckenridge. The second day will be south from Ranger on the Frisco, through Dublin, Brownwood, and towns in that vicinity; up to Tuscola and Winters and back to Ballinger, where a special outdoor entertainment is being prepared for the evening.

The next day the train will travel west to San Angelo and thence on the Santa Fe to Lubbock, where the third night will be spent. The last day's trip begins at Big Spring and will bring the party east, through Sweetwater, up to Hamlin and Stamford, and home.

At each stop along the way the band will detain and lead the procession up the main street of the various towns. Where time permits there will be speech making and lots of hand shaking and getting acquainted. And everywhere will be distributed literally tens of thousands of pieces of advertising matter of all varieties and descriptions, and all calling attention to Abilene as a good place to live in and the West Texas Fair as the biggest show of the century.

To Meet Sponsors.

At each stop, too, the Abilene trade trippers will meet in person the young lady appointed from that town as Duchess of the Queen of West Texas, who will be crowned at the big opening pageant on the opening night of the West Texas Fair, September 24. The Duchesses will be given the place of honor in the line of the parade and will be presented by the trade trippers with a box of candy as a token of appreciation for the honor conferred.

A notable addition to the staff of speakers who will be called upon to voice Abilene's greeting to the visiting towns was made Monday morning in the person of Judge Fred Cockrell, who will make the entire trip with the train.

Of special interest for Tuesday's run will be the stop at Cisco where the business men of the city will meet the train with a large number of automobiles to take the Abilene party for an inspection of the big dam, newly completed, and other interesting spots about the city. An hour and a half will be spent at Cisco.

will find this creed a good one to live by; there is something in it for everyone.

"Remember there are two sides to every question. Get both.

"Be truthful.

"Get the facts. Mistakes are inevitable, but strive for accuracy. I would rather have one story exactly right than a hundred half wrong.

"Be decent. Be fair. Be generous.

"Boast. Don't knock. There's good in everybody. Bring out the good in everybody and never needlessly hurt the feelings of anybody.

"In reporting a political gathering get the facts; tell the story as it is, not as you would like to have it.

"From all parties alike. If there's any politics to be played, we will play it in our editorial columns.

"Treat all religious matters reverently.

"If it can be avoided, never bring ignominy to an innocent woman or child in telling of the misdeeds or misfortunes of a relative.

"Don't wait to be asked, but do it without the asking.

"And above all be clean. Never let a dirty word or suggestive story get into type.

"I want this paper so conducted that it can go into the home of any one without destroying the innocence of any child."

SPORT NEWS

Gassers Won Third Game of Pennant Series Over Hubbers On Local Lot In 9 to 3 Score Tuesday Afternoon

With the exception of the fourth inning yesterday afternoon when the Gassers seemingly went wild, jumping on Swenson for a total of four hits which coupled with five costly errors on the part of his teammates, the exhibition would have been practically airtight. Swenson went well pitching excellent ball, giving up eight hits, but was somewhat wild, giving up five free passes.

The locals opened the first with one counter when Jackson walked, was sacrificed by Shepard, and scored when Sloan drove a hard one to right field. In the fourth after the Gassers had taken their spree, the locals again counted two when Sloan singled and scored on Brown's triple. Brown later scored when Mueller singled. Following this Morgan Morgan tightened and gave up only two hits in the five innings following.

Five errors in the fourth inning cost heavily against the Hubbers, and the visitors batted around with two men to spare, for a total of seven runs.

Shaw drove one over the left-field fence in the seventh for four sacks, scoring Baker, who had doubled, ahead of him.

The fourth game of the pennant series is scheduled on the local lot for this afternoon, with the Gassers having a two out of three lead on the series. The exhibition this afternoon will be called promptly at 3:30 o'clock.

MUNICIPAL GOLF COURSE NEARING COMPLETION

The plans for the public golf links on the County Park are being rapidly perfected. Mr. J. O. Smith, who has charge of the work, is working hard to get everything ready for fall playing. Just as soon as some other work is completed on the park, Mr. Smith will be ready to lay out the fairways and greens. To get these in good shape requires considerable work, but Mr. Smith knows how to do it, and the people of this section will soon be able to step down to the

park and learn considerable in the way of self control, as well as such terms as slicing and hooking, etc.

Mr. Smith states that the plan is being received enthusiastically by the people, and that this step is very popular.

It is the desire of those in charge of this park to make it a recreational center for this county, and other plans will be carried out as rapidly as possible.

CLEVELAND GRADUATE TO HELP POLISH PEOPLE

NEW YORK, Aug. 21. (United Press). Sent to this country as one of four war workers under the American Red Cross in Poland selected for an American training in public health nursing through scholarships of the Rockefeller Foundation, Miss Sophie Komorski has just sailed for France, where she will spend several months in training with an American unit before returning to Warsaw to begin her career as a hospital field worker among her own country people.

She was graduated this spring from the Training School for Nurses of Lakeside Hospital, Cleveland, Ohio, and her student training has included also field work in public health nursing in connection with the Mansfield, Ohio, child health demonstration.

LOCAL PEOPLE VISITED THE WHITE MOUNTAINS IN N. M.

Mr. and Mrs. Walter Clark, accompanied by Mrs. C. P. Simpson, returned to their home here yesterday from a trip into the white mountains of New Mexico, where they spent ten days. The trip was a very enjoyable one, and they are eager for another such vacation.

From Mexico

the land of delectable dishes with the real piquant flavor, come the principal ingredients of

WALKER'S "Red Hot" Chile Con Carne

and **WALKER'S "Red Devil" Mexene Chile Powder**

These products are made by the best Mexican cooks under ideal, sanitary conditions in a big, modern government-inspected factory. They are pure, healthful, economical, appetizing. At leading grocers everywhere.
