

THE LUBBOCK DAILY AVALANCHE

VOL. 1. NO. 256.

LUBBOCK, LUBBOCK COUNTY, TEXAS, FRIDAY, AUGUST 24, 1923.

UNITED PRESS SERVICE

LUBBOCK IS DRESSING UP

Abilene Boosters Stormed City

SPECIAL TRAIN OF TEN PULLMANS ARRIVED THURS. ON SCHEDULE TIME TRIPPERS WARMLY WELCOMED HERE

The Abilene trade trippers arrived in Lubbock on schedule time Thursday afternoon at six thirty o'clock and were met at the depot by hundreds of Lubbock people, including the entire business personnel of our city.

Led by the efficient and widely known Cowboy Band of Simpson College they marched from the depot along Main Street, turning south into Broadway and after making a loop of the avenue along the block in front of the courthouse they turned into the court-

A fleet of automobiles was parked along the driveway that leads from the courthouse square, into which a number of the trade trippers were loaded, and were given a tour of the business and residential sections of Lubbock, including a trip to the site of the Texas Technological College.

At eight thirty they assembled at the headquarters of the courthouse, where hundreds of Lubbockites as well as the Abilene boosters were delightfully entertained by the Simpson College Cowboy Band. The old boys might have been cow boys back yonder in their earlier days, but the general impression in Lubbock is that they have spent the greater portion of their lives in the making of fine music. News has a hand received many cheers from the people of Lubbock than were to be heard on this occasion. The leader, a little fellow whose name totals only about one hundred and ninety two or two hundred pounds was a living example of pep, as were the other members of the organization.

The spokesman for the occasion very elaborately introduced Abilene's sponsor for the trip, using language that would win the prize in any petting contest anywhere, and under most any circumstances. The sponsor, a beautiful "Miss" of about six foot three, whose reputation as a football player dates back to the 1922 term, but who has never established any recognition for beauty, was referred to as "the most wonderful girl in West Texas." The perfectly good speech was climaxed when the "Miss" proved her strength by pushing the speaker from the floor, and by removing "her" hat.

(Continued on Page 2)

FIFTY KILLED IN WRECK

VIENNA, Aug. 24. Fifty killed and a hundred were injured when the express train from Vienna to Warsaw was derailed and plunged into the river, according to dispatches from Warsaw this morning.

ORGANIZED LABOR STAGES FIGHT AGAINST FAIR ASSOCIATION

DALLAS, Aug. 24. Organized labor will stage a fight against the fair association at Dallas on account of the ruling of that organization that the fair grounds may be employed at the fair grounds only under certain stipulated plans. The committee on some of the labor unions, which has labor headquarters here today, announced that an effort would be made to induce the Mexican National Band not to play at the State Fair. The leaders of organized labor in Mexico are being urged to cooperate in the effort to persuade the band not to play here, on account of this ruling by the Fair Association.

FOURTH LARGEST CLOCK IN THE WORLD TO BE AT JAN JACINTO

BEAUMONT, Aug. 24. Work of installing the fourth largest clock in the world in the tower of the Jan Jacinto building here was progressing rapidly today. The immense time piece weighs from six to eight tons and it will take three months to complete installation. The dial is seventeen feet in diameter and the minute hand is ten feet long and weighs seventy five pounds. The minute hand will jump one foot every minute in moving around the dial. The three other larger clocks are located in the Wrigley Building in Chicago; Union Pacific Building in San Francisco; and the Colgate Building in New York City.

COLD WAVE BLANKETING WEST AND MIDDLE WEST TERRITORY

CHICAGO, Aug. 23. A cold wave is blanketing the west and middle west, sending migratory birds south and causing temperatures to drop into the forties and fifties. Starting in the northwest the chilly and raw weather spread up the St. Lawrence and into the southwest. Warm weather is promised this afternoon, however the unusual early flight of the migratory birds presages an early winter, weather experts declare. These flights are two weeks ahead of schedule. Weather bureau official stated today that the temperature is lowest it has been in August in ten years. The first cold weather of the approaching autumn swept over the western United States about one month ahead of time it was reported of late, and sent temperatures down generally to the forties and fifties and some places to the thirties. Frost and snow were reported in various parts of the northwest and as they have been here, it is expected that many cases are looking ahead.

REGISTRATION OF MOTORS IN TEXAS REACHES 600,000

AUSTIN, Aug. 24. The total number of registrations of motor vehicles in Texas has passed the 600,000 mark, and prediction is made at the State Highway Department that the total at the end of the year will be above 650,000. This prediction is based on the rate registrations are being made weekly, the rate being over 4,000. Motor vehicle registrations now total 600,658, which is 79,202 more than the total for the entire of last year, which was 531,456. The estimated registration of 650,000 for this year will be an increase of 118,544 over last year. Motorcycles to the number of 2,952 have been registered so far this year, 392 dealers have been licensed, 31,816 transfers recorded and 44,659 chauffeur's licenses issued.

HENRY FORD TO END VACATION TRIP THIS WEEK IT IS REPORTED

DETROIT, Aug. 24. Henry Ford is reported to be ending his vacation trip in the upper peninsula of Michigan for several days, probably will end their trip at Houghton. Mr. Ford's yacht, the Sialia, which earned the party from Traverse City to Escanaba, he looked through the Sault Ste. Marie Canal and went to Houghton where the tourists will go aboard presumably for a voyage down the lakes to Detroit.

COMMANDER EVAGELINE BOOTH CONDEMNED BOBBED HAIR

CHICAGO, Aug. 24. Pentan M. dreg Olson, twenty three years of age and famous doughnut girl during the war has been summoned before Commander Evangeline Booth, of the Salvation Army for bobbing her hair is admitted by friends. She bobbed her hair when she found it interfered with expert swimming. During the war, Mary Booth, a niece of General Bramwell Booth was ordered from London to Paris until her hair grew long again, after she had bobbed it.

NINE MEN ARRESTED IN CONNECTION WITH KATY ROBBERY

PAWBUKA, Okla., Aug. 24. Nine men have been arrested in connection with the robbery of the Katy express train several days ago. All stoutly deny any connection with the robbery. It is stated that all of those arrested had recently purchased rubber finger caps, according to Marshal McDonald, and it is believed that the use of these were intended that they would avoid detection through finger prints.

THREE KLANSMEN GIVEN SENTENCE FROM OKLAHOMA COURT

TULSA, Okla., Aug. 24. Three confessed members of the Ku Klux Klan, Ben F. Grover, C. Aikes and Earl Sack, were sentenced to two years in prison, after pleading guilty to a flogging charge here today. They admitted participation in the beating of Ben Wagner, a farmer. Wagner identified the trio as well as eight others who have denied their guilt, as members of the band that whipped him. All wore full regalia of the Klan, Wagner said, when they whipped him. It is believed that this is the first instance where klanmen have been sentenced in court. They will probably be used as witnesses against others who are alleged to have participated in the whipping of Wagner.

NEFF SAYS HE IS NOT A MEMBER OF THE KU KLUX KLAN

TEMPLE, Aug. 24. Governor Pat M. Neff of Texas in a letter to Fort Worth Governor James E. Ferguson, said he was not a member of the Ku Klux Klan. Neff made application for membership and never took oath of any kind in connection with or pertaining to the organization.

YOUNG LADIES DROWN IN SAN SABA CREEK WHILE IN BATHING WED.

COMANCHE, Aug. 24. While bathing in Sabana Creek with six other girls, Bernice Winifery, 19, and Emma Lackey, 21, were drowned. All members of the party lived near Gap in the northwest part of the county, about 15 miles from Comanche. Only two girls could swim. Clinging to a log they floated too far from the shore and became frightened when the log turned and went under, and were drowned with no aid near.

WAR DEPARTMENT PLANS BIGGEST AIR PLANE BATTLE CRUISER

DAYTON, O., Aug. 24. Plans for airplane battle cruisers much larger than the twenty ton Barling bomber, which made its maiden trip flight over Wilbur Wright field, will be put before the War Department in continued experiments with "Terror of Skies" is as successful as the first test of air service, officials say. The tests in the past have demonstrated the feasibility of aircrafts which will demar Giant Barling. Congress will probably be asked to make additional appropriations for the ships, along larger lines.

BIG JAPANESE SUBMARINE GOES DOWN WITH 70 ON BOARD

KOBE, Japan, Aug. 24. Eighty-three men comprised the crew of a new Japanese submarine, and seventy of them went down in a gale on her trial trip three days ago, according to information that has reached this city today, and all are believed to have perished. Rough weather frustrated attempts of salvagers to raise the vessel, but divers were let down to the deck of the submarine and with heavy tools tapped repeatedly on the steel deck, but no answer was received to the signals, from the interior of the ship, and the rescuers believe that all went down have either perished or are slowly suffocating. The supply of stored air has no doubt been consumed before this time, because of the time they have been under water, which is several hours longer than the amount of air they have on board would last.

FLAGS AND BUNTING, PRETTY LIGHTS AND MANY OTHER PRETTY DECORATIONS ARE BEING PLANNED

Don't Put Off Till Last Minutes the Important Job of Dressing Up Your Property

Old Lubbock is putting on her "glad rags" for the Tech Celebration. Men are at work on every street in the city stringing flags, colored lights, putting up banners, streamers, decorating windows, buildings poles—everything is taken on a holiday air. Simpson Electric Company and Fred Owens both are working overtime stringing colored lights across the streets. These only cost around \$7.50 per string of ten to a dozen lights and the strings are to remain until after the fair. The globes will be removed after the Tech Party and kept until Fair time and then we will dress up again.

The night will add a lot to the streets of the city. More buildings should be dressed up like the Security State Bank Building, the cheapest form of advertising for a business and a city that anyone can take. String a string of lights around the top of your buildings, under the awning of your stores, and for the night of the 28th—turn on your porch lights, let's make old Lubbock shine forth at her best. A lot of new street light circuits are being tied in this week and they will add to the occasion and then be a permanent feature afterwards. It takes time and thought and money to build a town. And Lubbock is a good town. Now she has the chance to step into the city class and it takes a lot more time, thought and money to build a city. Street lights cost money. Street paving costs money, while ways, water mains, sewer lines, new school buildings, bigger, better stores, hotels, homes—all of these things cost money—and attract more new money and in turn demand additional extensions until the first thing we know we have a real city and nobody is hurt so bad after all. If you are a small town bird—and just can't stand the pace of a growing city—instead of laying down in the path of progress a dead head to constructive development that will retard the progress of the rest of the folks who want to go ahead—why move back to East Texas, Arkansas or Missouri and pick out a finished town and milledew to your hearts content.

MONUMENT TO JENNER

MEXICO CITY, Mexico (United Press)—Mexico will erect in this city a monument to Edward Jenner, celebrated English physician and discoverer of vaccination.

NEGRO KILLS WHITE MAN NEAR ROWEN

United Press. BALLINGER, Aug. 24. Four hundred men are searching the vicinity of Rowen for John Smith, negro, who is alleged to have shot and killed U. F. Kohn, age forty two, a farmer, during an altercation over crops on the farm rented by the negro from Kohn. A lynching is feared as feeling is running high. Negroes have been ordered to leave Rowen immediately according to reports. Kohn is survived by a widow and one daughter.

NO STRIKE IS THOUGHT OF IN THE "BITUMINOUS FIELDS" SAYS PRES. OF THE ILLINOIS MINERS ASS'N

CHICAGO, Aug. 24.—There is no thought of a strike in the bituminous field," Frank Farrington, president of the Illinois miners, declared today, in commenting on rumors of a bituminous strike in sympathy with the threatened anthracite walkout. He told newspaper men that Coolidge's plan is expected to bring about an eventual agreement between the factions. However, reports from Atlantic City said that the miners' scale committee is drawing up strike plans.

Hope to Avert Shut Down.

WASHINGTON, Aug. 24.—Hopes of averting a shut-down of the hard coal mines was raised by confidential advisers reaching governmental officials that signs of a compromise are evident among the operators and miners. Despite the encouraging reports, however, the government has continued its preparations for meeting the strike with anthracite substitutes.

Biggest Strike in the World.

MILWAUKEE, Wis., Aug. 24.—A strike of bituminous miners in sympathy with the threatened anthracite walkout, would make one of the most powerful strikes in coal industries the world has ever known; Samuel Gompers, president of the American Federation of Labor declared today. He refused to say whether he believed that such a strike would materialize.

WASHINGTON, Aug. 24.—John Hays Hammon, chairman of the U. S. Coal Commission expressed the opinion in a press conference that

1923 Westerner Is Another Achievement For The Lubbock High School; Regarded As An Equal To Senior College Products

Another great achievement has been registered for the Lubbock High School, one of the leading educational institutions of the South Plains, which will remain throughout the years to herald to the future generations the progressiveness of the Lubbock of today. The 1923 Westerner, the annual publication of the Lubbock High School, which has just been returned from the binders, is in a class to itself as a product of a high school, and according to the opinion of Prof. M. M. Dupre it "Beats all junior colleges and equals the products of many of the senior colleges of the State."

The book is being distributed from the old high school building, and there will be a committee there to wait upon all who wish a copy. Those who have paid their first installment of two dollars are urged to get their books as soon as possible, paying the other two dollars when they get their book. It was pointed out that because of the fact that the book was published a little late there will be no time lost in collecting for them by letting them be taken without the receiver paying the full amount of four dollars each. The Avalanche is proud of the fact that the book was printed at this office. H. A. Mabray, who had charge of the printing of the 1922 Westerner, also had charge of this work, and his ability in the printing art is ably reflected in the appearance of the book.

COACH SHOTWELL RECEIVES DEGREE AT W. T. NORMAL

CANYON, Aug. 24.—Among those who will receive their degrees from the West Texas State Teacher's College on Thursday of this week is Elmer Shotwell, teacher of Manual Training and coach in the Abilene High School. Alvis Lynch, who also receives his degree at this time, will in the Modern Language Department, Harper Allen, who received his degree in June of this year, will teach also be a member of the Abilene High School faculty this fall.

Wanted 50 Men

I want about 50 men to volunteer to cut meat for the celebration on Tuesday, August 28th. Come early Tuesday morning and bring a sharp knife to the New Avalanche Building across the street from the Post Office on Avenue I.

H. W. SIMS,
Chairman Meat Cutting Committee.

WEATHER

Georgia, Alabama—Cloudy in north portion, probably showers in south portion tonight and Saturday.

Northwest Florida—Local thunder showers tonight and Saturday.

Mississippi—Fair tonight and Saturday except showers tonight near the coast.

North Carolina—Fair tonight and Saturday, except showers tonight in extreme southeast portion. Warmer Saturday and in central portion tonight.

South Carolina—Tonight cloudy, Saturday probably showers in south portion.

Louisiana—Tonight and Saturday generally fair in interior, probably local showers on the coast; warmer northwest portion tonight and in the north portion Saturday.

Arkansas—Tonight and Saturday fair, somewhat warmer.

Oklahoma—Tonight and Saturday fair, somewhat warmer.

East Texas—Tonight and Saturday generally fair, warmer in the north portion.

Light to moderate variable winds on the coast, mostly northerly.

West Texas—Tonight and Saturday generally fair, warmer in north portion.

TECH PLAN BOARD MET AT FORT WORTH

Architectural plans for the building of the new Texas Technological College, recently awarded to Lubbock were discussed at a meeting in the Cactus room of the Texas Hotel yesterday morning at 10 o'clock. Members of the architectural board of the college and many state architects were present. Members of the board are Clifford B. Jones of Spur, chairman of the architect board of the college John W. Carpenter of Dallas and former Governor W. P. Hobby of Beaumont. All members of the board were present. A large number of architects from virtually every city in the state also appeared before the architect board and presented plans for the new college buildings. Later a general report of their findings will be presented to the board of directors of the new college.

Lubbock Daily Avalanche

Published Sunday morning and every Afternoon except Saturday by THE AVALANCHE PUB. CO. (Incorporated)

JAS. L. DOW Editor Neal Douglas, Jr. City Editor J. E. Griffith Adv. Mgr.

Entered at the Postoffice at Lubbock, Texas, for transmission thru the mails as second class matter.

NOTICE—It is not the intention of the Avalanche to cast reflection upon the character of anyone knowingly, and if through error we should, the management will appreciate having our attention called to same, and will gladly correct any erroneous statement made.

LUBBOCK AS HOST

Lubbock as host showed up well at the welcoming of the trades trippers from Abilene last night. As one of the speakers from that city of colleges said, there were acres of people out to greet them when they arrived, and allowed the line of march the courthouse square where they staged a few snappy stunts and then the fellows from Abilene scattered. They visited the places of business most closely connected with their line and others were taken car-riding over the city, and shown the site of the future Tech.

Lubbock will probably be placed in the role of host frequently from now on—more so than ever before, as naturally the coming of the great college to this city will bring many prominent people and committees here. It will bring frequent big delegations of people here, and Lubbock people must cultivate the big, broad principal of entertaining company in a generous way.

In the past the people have responded on every occasion to every request or demand that has been made by entertainment committees and they were no less enthusiastic last evening when the Abilene crowd was here. We were truly glad they came. We enjoyed their visit, and we all tried to make them feel the welcome.

Lubbock people are facing one of the most tremendous jobs that any town the size of Lubbock ever undertook, that of entertaining Texas, for the invitation is state wide, and has been accepted by people from every part of the state, so it behooves every one of us to throw off every thing that would indicate that we wanted anybody to wait on us, and fall in line and entertain the people who come to Lubbock as host. We must take care of every human being that comes to our city, and see to it that they are furnished those things that they need.

Lubbock has it, and all we need to do is to see that the visitors get it. There will be a lot of folks want to stay all night with us, and we should bring in to play every bed that we have and split blankets with those who come and want a place to sleep. The hotels of Lubbock will not begin to accommodate the hosts that will be here so it is necessary for the people of Lubbock to throw open their homes to the committee who is to look after this feature of the entertainment, and let it be known that you are willing to help. Don't say I am willing to pay for a bed or two. That is not what is wanted, the people who are coming here are not expecting free entertainment in every respect, but they just simply want to know where they can go to get what they want.

Lubbock must be reasonable however, and never allow it to be said that the people here are high-jacking by charging exorbitant prices for what they have. Be reasonable, but let it be known that you can furnish accommodations for a number of people while they are here to attend the celebration. Most of us will have kindred and friends here to attend the celebration and probably to the full capacity of our homes, but take down the front yard fence and stack 'em up in the front yard, and give them something to lay their head on and a few yards of a little something to cover with and they will be happy and glad they came to the splendid little town and this bracing climate.

Turn lose your liberality, and make those fellows, who have been hearing about the hospitable west stand up and take

notice, they are going to be surprised at the kind of country this is after hearing tales of the rattlesnake and the coyote, the jackrabbit and the centipede, the sand storm and the hundreds of other wild things they have heard, but let us show every son of a Missourian that we are civilized, and not only that but we are glad they came, and that the citizenship of this great west where the Tech is to be located is composed of the very cream of white folks and that we are everything good that they have heard about us, and that none of the bad that they have heard of us is given place in this section of Texas. Lubbock as host. How are we going to stack up?

ABILENE BOOSTERS STORM CITY

(Continued From Page 1)

and revealed the face of a member of the cowboy band. Miss Mary Meador, Lubbock's sponsor to the West Texas Fair at Abilene, who presented a beautiful box of chocolates to her. Miss Meador responded to the introduction, assuring those present that she would be in attendance at the fair at Abilene.

E. E. Radford, of Abilene, and who is also well known here and even elected as a citizen of Lubbock, introduced Hon. W. O. Stevens, president of the Lubbock Chamber of Commerce, who welcomed the visitors, and declared that Lubbock feels highly honored in being placed on the itinerary of their trade trip.

Mr. Stevens stressed the fact that Lubbock is and should be proud to foster a spirit of friendliness between all of the towns of West Texas, and expressed the opinion that this city will be well represented at the West Texas Fair.

Mr. Stevens introduced Mayor Percy Spencer, who spoke for a few moments on the location of the Texas Tech College. He expressed admiration for the spirit in which the losing towns had taken their loss, and sounded a keen desire for Lubbock to be equally as good as a winner. He gave his definition of a poor loser and a poor winner, declaring that the latter holds a place of greater scorn than the first, and that he wanted Lubbock to so conduct herself that she will be referred to as a good winner.

President Hunt, of McMurray College, spoke at length upon the development of West Texas, painting beautiful word pictures of the prairies of this vicinity as he first found them before the advent of the farmer.

Mr. Hunt urged a closer fellowship between all of the people of West Texas and declared that thru this medium only can this vast empire of excellent agricultural and industrial possibilities be developed.

Judge Cockrel prominent West Texan, represented Abilene with a beautiful tribute to the men and women who have made the development of West Texas possible, and also urged a spirit of unity between all of the people of this territory.

The crowd was dismissed by Mr. Radford at ten o'clock. Some of the Abilene boosters spent the remainder of the evening at the El Hotel. Others were entertained by reports here, and at eleven o'clock returned to their homes.

Lubbock and Sharon, according to members of the party gave their larger crowd, and heartier welcome than were found anywhere on the trip.

DO YOU WONDER?

Asks This Lady, "That I'm a Believer in Cardui?"—Had Been So Weak She Had to Go to Bed.

St. Louis, Mo., Aug. 23.—Mrs. E. E. Keast, former of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while, and then some year or so ago I had a bad sick spell. . . .

"I got so weak I couldn't go, I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything had the best of attention, yet I wasn't able to get up. I lay for three months, not able to do anything."

"My husband is a bill poster and has circulars distributed. One day there came to be a Ladies' Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui."

"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months."

"I kept it up and continued to improve until I was a well woman."

"Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better tonic made for women than Cardui."

NC-151

SOCIETY

Birthday Party Given Elizabeth Showell

Mrs. J. L. Showell entertained Tuesday afternoon at the Rectory in honor of the ninth birthday of her daughter, Elizabeth. In the middle of the dining room table was a huge Jack Horner pie, and the floral decorations were white and purple asters. Mrs. Showell was assisted in entertaining by Mrs. W. D. Caldwell. All the guests brought lovely gifts which were greatly appreciated by the little hostess.

Refreshments consisting of ice cream, chocolate cake and the birthday cake were served to the following: Katherine and Sue Ellen Evans of Mangum, Okla., Della McGregory of El Paso, and Mary and Carrie Jane Thomas, Margaret and Maxwell Caldwell, Jewel Morris, Nora Rhodes, Irene Neves, Shelby Robbins, Elva Laura Hall Ahlms-Dunkin, Virginia Adair, Buddy and Annette Jones.

Personals

Amos Howard, of the Guaranteed Abstract and Title Company, made a trip to Levelland Thursday.

Mr. and Mrs. Neal Douglas, Sr. of Littlefield, accompanied by their daughter, Erna, were in Lubbock a few hours Wednesday afternoon.

Mrs. C. L. Mayes and son, Joe Lynn, and Miss Mattie Mayes of Ft. Worth, are guests at the home of their sister, Mrs. H. K. Porter.

Miss Henry Cook of Amarillo, is here visiting her mother, Mrs. T. B. Cook. Mrs. Clark Griffin, who has been visiting in Amarillo, returned with her.

Miss Sam Padgett of Ballinger, arrived here this week to be ready to take up her school work as teacher at the opening of the coming term.

ADJ. GENERAL BARTON CALLS ON GOVERNOR FOR ASSISTANCE

SAN ANTONIO, Aug. 24.—Declaring that the ranger force is up against the "finest brace arm" encountered since the appointment to office, Adj. Gen. Barton has requested Gov. Neff to assist him in securing subpoena services in cases being investigated by the Bexar County grand jury as a result of the rangers' cleanup campaign.

Gen. Barton, in a long distance telephone conversation with the Governor, told him that he was unable to get proper action in the service of summons. He declared that notices telling witnesses to appear before the inquisitorial body were left at proper addresses, but the personal service was not obtained.

"If the witnesses want to appear he takes heed of the notice," Gen. Barton said. "If they do not want to they simply lose the card."

Rangers were used Monday and Tuesday in getting service and every witness wanted appeared before the grand jury.

Out of the first 100 names ordered summoned for service only seven appeared.

It is understood that Governor Neff will communicate with Judge McCroxy of the Ninety Fourth District Court, and that if necessary, special bailiffs will be appointed to assist the rangers in securing subpoena service.

"My ambition is to beat Tilden," says a tennis player in Sport. One is to whip a collector.

Storm Destroyed A Number of Crops In Armstrong County

Special to the Avalanche—CLAUDE, Aug. 24.—A number of fields of cotton and feed stuff were totally destroyed in Armstrong county, the result of the storm of Tuesday night and Wednesday morning. No crops are left in the path of the most severe part of the storm. A large number of windmills were blown down, windows were beaten from houses by the hail, and the buildings on the north side of the court house in the city square were partially blown down. The home of Mr. Nichol, north of Claude, was crushed by a falling windmill. Mr. Nichol was injured and his wife and children were shocked by the severe lightning, but no lives have been reported as lost.

Mr. Sprinkle of Claude, was also injured by the falling bricks and broken glass, while passing the wrecked business houses during the storm. The entire front of the Post Office and the "Claude News" printing office were blown away, but laborers are busily engaged in the reconstruction of these buildings. The crops were uninjured south of Claude, but were saved from the long drought by a fine rain, the storm striking the county only in spots, and while some of them were totally swept away, or the bolls beaten off by the hail, there are some fields that are looking fine and will be opening soon.

LAW ON IMMORALITY ATTACKED IN SUIT

AUSTIN, Aug. 24.—The constitutionality of an ordinance by the city of Austin, making it a misdemeanor for a person or persons to register at a hotel or rooming house for immoral purposes, is attacked in a habeas corpus case filed Wednesday in the Court of Criminal Appeals. The woman in the case was fined \$10 and costs, aggregating \$53.

SAN FRANCISCO PUBLISHER HITS HIRAM JOHNSON IN PAPER

By the United Press. SAN FRANCISCO, Aug. 23.—An attack upon Andrew M. Law, once publisher of the San Francisco Journal, and other men classed as high political enemies by Senator Hiram Johnson has been characterized as the Senator's "political swan song" in an editorial answer published by Lawrence.

Johnson attacked Lawrence for publishing a letter written by the Senator while in Europe in which the political leader said that while he would like to be president he did not believe his supporters could rally their old-time strength in California against Harding, Hoover or any other candidate.

CALLS FOR ACCOUNTING OF PIGGLY WIGGLY STOCK

MEMPHIS, Tenn., Aug. 24.—The Piggly Wiggly corporation Wednesday filed a bill in United States District Court here, demanding Clarence Saunders, former president of the corporation, personally and as head of the Piggly Wiggly Investment Company, an accounting of class A stock sold thru the investment company, and seeking an injunction to restrain Saunders from disposing of any money or notes received from the sale of such stock.

12th ACADEMIC SESSION OF RICE INSTITUTE ON

HOUSTON, Aug. 24.—The 12th annual session of the Rice Institute of Education today as the twelfth academic session of the school began. A thousand students from 25 states in the union and from foreign countries were on hand when the rolls were called in the classes. The staff of more than three score professors greeted the students.

FIGHT SYNDICATE HAS BEEN FORMED IN OLD MEXICO

EL PASO, Aug. 24.—Results of the pending recognition of Mexico by the United States is the announcement that a Mexican fight syndicate has been formed to stage bouts in Mexico City. Carl Studer, match maker at Fort Bliss, is to have charge of matching bouts and will leave in a few days for his new post.

DAWSON COUNTY WILL EXHIBIT AT STATE FAIR

LAMESA, Aug. 24.—Dawson county has made application for space from agricultural exhibit at the State Fair in October. The exhibit will be placed in the same space used the previous four years.

DIVORCED BUT A MONTH DECIDE TO TRY AGAIN GET NEW LICENSE

By the United Press. WICHITA FALLS, Aug. 24.—Divorced barely a month, a middle-aged local couple applied for a marriage license after having decided to "try again." The divorce was granted on the grounds that the husband was a member of the House of David Cult.

EX-CONVICT ARRESTED IN CONNECTION WITH HOUSTON HOLD-UP

AUSTIN, August 24.—Jack Smith, recently pardoned from the penitentiary where he was serving a sentence for robbing a store, has been arrested in connection with the daylight holdup at Houston a few days ago when robbers obtained twelve hundred dollars from the manager of an ice cream company there.

MARRS MEMBER NATIONAL COUNCIL OF EDUCATION

AUSTIN, Aug. 24.—S. M. N. Marrs, State Superintendent of Public Instruction, has received notice of his election as a member of the National Council of Education at the recent meeting of the National Education Association at San Francisco.

NAZARENE MEETING IN PROGRESS AT LAMESA

LAMESA, Aug. 24.—The Nazarene people of the Lamesa territory are holding a revival meeting at the Methodist and Baptist of the town here. The meeting is being held by Rev. Threlkeld.

JUNCTION FOLKS TO IMPROVE SURROUNDINGS

JUNCTION, Texas, Aug. 24.—The Junction Chamber of Commerce met a few days ago and passed some very important resolutions in that they propose to have a cleaner city, and will unilaterally improve the Tourist Park and have an important finance committee appointed to increase present membership and raise funds to employ a secretary.

MANY COUNTIES AND STATES REPRESENTED AT BAYLOR

BELTON, Texas, Aug. 24.—Two hundred and twenty Texas counties, twenty-one states, and five foreign countries contributed to the 1827 students enrolled in Baylor College for the session just closed, making Baylor the third largest college for women in the United States. McLennan county ran first in the Texas counties, Oklahoma was first among the states and led the foreign countries.

Manager Allen and the Hubbers Will Go to El Paso in Answer to Invitation To Play There September 1, 2 and 3

Lubbock people are proud of their Hubbers. The men have played the game well throughout the season, and all Lubbock feels that as they go to El Paso to continue their work the city will be well represented there.

As an advertising medium for Lubbock the baseball team has been foremost, for as is expressed in the letter from El Paso, they are well liked wherever they play.

The Avalanche congratulated Manager Allen upon the character of his players, and we join all Lubbock in wishing them well on their trip.

After completing the games at El Paso Manager Allen hopes to line up a series of games with four teams that form the Copper League in southern New Mexico.

The letter is as follows:

El Paso, Tex., Aug. 20.

Fletcher M. Allen,
Lubbock Baseball Team,
Lubbock, Texas.

Dear Fletcher:

Two or three parties who are prominent in baseball circles in El Paso asked me Sunday to write you regarding the possibility of bringing the Lubbock baseball team here for September 1, 2nd and 3rd. This will let you play Saturday, Sunday and

Monday, which is a holiday. They have had letters from one of the other teams in your section of the country wanting to come down here, but they all are unanimous in wanting the Lubbock team to come as they were here last year and created quite a favorable impression on the baseball fans.

Kindly let us know if it will be possible to come on these days, and how much guarantee you would have in order to bring the team.

We have three teams here that could put up a very good showing, in fact I consider all three teams better than they were a year ago, and believe that on these days we could pull out a pretty good crowd, so please let us know promptly what the prospects are of your coming.

If you are able to make the trip, please let us know how you can bring the folks along and stay a few days with us. All getting along very nice at the present time. Sincerely yours bud,
O. J. ALLEN.

Interest Is High In Tennis Tournam't to Be Held Here Aug. 28

Lubbock got the Tech, Lubbock got a rain; now Lubbock has a tennis tournament. The first two events were of great importance to the entire section of West Texas and the last event is going to be. As the time of the contest is drawing near interest is reaching a high pitch. Local fans and players are well pleased with the number of entries that have been received. Developments the last few days lead us to expect at least 50 contestants from all parts of West Texas.

The Junior Chamber of Commerce as usual interested in anything that will benefit the city is largely responsible for the holding of the tournament here. We want the public to see these contests and will welcome them at any of the three courts upon which the contests will be held. Play starts at one p. m. Aug. 27. Court No. 1 located at Lubbock Inn. Court No. 2 located at old high school tournament grounds West of Methodist Church. Court No. 3 same as No. 2. No admission will be charged to view any of these contests.

Entries to present date are: H. G.

HEAD OF ANTI-SALOON LEAGUE ISSUES A DEFIANCE
NEW YORK, Aug. 24—William J. Cullen, head of the National Anti-Saloon League, today issued a defiant challenge to the liquor traffic in the United States.

Cullen, who is a prominent New York lawyer, today issued a challenge to the liquor traffic in the United States. He said he would enjoy going to jail because of the "electric" effect it would have in stimulating advocates of the dry laws. If Governor Smith took steps to investigate the league, he said, it would elect him a candidate for the democratic presidential nomination.

TEXAS HAS LARGEST POULTRY FARM IN THE WORLD
BOWIE, Texas, Aug. 24—The largest poultry farm in the world is located here, according to a report from a Texas institute. Beginning in 1914 on a small plot of ground near here, Mr. Johnson of Bowie, Texas, has a poultry farm that is second to none in the world and covers over 350 acres.

Over sixty thousand stock fowls comprise the farm. Poultry journals and other authorities on the poultry business have failed to locate a larger farm than Johnson's.

"Wants to Help Those Who Try"

Everything Astir At The Camp Of The Adventists—Schedule Of Daily Services During The Series

The camp was astir at 5:30 this morning, and the activities of the day began. Pastor G. W. Spies, of Wichita Falls, had charge of the devotional services in the Auditorium at the six o'clock services. And at 9 o'clock Evangelist W. E. Strawn, in charge of the theological department in the Southwestern Junior College, at Keene, Texas, conducted a very interesting Bible study on Predestination as taught in the Bible.

Professor Strawn who spent seven years in Central Africa, seeking vocations for and establishing missions in various parts of that country, spoke to a large audience last night upon the nature and importance of the Scriptures, emphasizing what the Bible has done in the evangelization of the world.

The speaker said: "We are dependent upon the Bible for a revelation of God to man. The Old Testament Scriptures were used by Christ and his Apostles in establishing Christianity. And that which was indispensable for the founder of Christianity, must, likewise, be indispensable to his followers."

The daily program for the camp is as follows: Rising bell, 5:30; devotional service, 6:00 to 6:50; young people's and worker's meeting, 6:00 to 6:50; breakfast 7:00; family worship in the tents, 8:15; Bible study or revival service, 9:00 to 10:30; children's meeting, 9:00 to 10:00; Conference and departmental meetings, 10:45 to 12:00; dinner 12:15; Bible study or departmental meetings, 3:00 to 4:15; children's meeting, 3:00 to 4:00; young people's meeting, 4:15 to 5:15; lunch, 6:00; song service, 7:30; preaching, 8:00 to 9:00; retiring bell, 9:15; silence bell, 10:00. The public is cordially invited to attend any and all of the above services.

At the 8:00 o'clock service tonight Evangelist M. B. Van Kirk, of Oklahoma City, president of the Southwestern Union Conference will speak in the Auditorium on "The Plan of Salvation."

CONGRESSMAN DYER OF ST. LOUIS FAVORS 3 1-2 PERCENT BEER BILL.

By the United Press. ST. LOUIS, Aug. 24.—Beer will help enforce the Eighteenth Amendment according to Congressman R. C. Dyer, St. Louis.

With this in view Congressman Dyer plans to introduce at the session of Congress next December a resolution to amend the Volstead Prohibition Enforcement Act by authorizing the manufacture of beer with an alcoholic content of three and one-half per cent.

"Most people will be satisfied with good beer," is the way Dyer put it. "They would then help enforce the law as to intoxicating liquors."

Dyer's amendment would fix the alcoholic content of beverages at 2.75 per cent by weight, which would

amount to about 3.50 per cent by volume.

"This quantity of alcohol in beer is not intoxicating, and I have abundant proof of that assertion from hearings held before the house judiciary committee, of which I am a member," he said. "This committee will receive the resolution for consideration after its introduction."

A similar resolution will be introduced in the senate.

"All this turmoil, dissatisfaction and unrest should convince a congressman that a change is desired. The law is not being enforced, even though a host of prohibition agents is at large. This failure in enforcement is inducing disrespect of law and making more law violators."

Texas Conference Of Social Welfare To Be Held At Waxahachie

The following is the tentative program of the Texas Conference of Social Welfare to be held in Waxahachie:

Sunday, November 25th

Women Voters." Miss Emma O. Lundberg. "Legitimacy."

TEN MILLION COMBATANTS DISABLED DURING THE WORLD WAR

By the United Press

GENEVA, Aug. 24.—That at least ten million combatants were disabled during the great war, is disclosed by the statistics issued by the International Labor Office, regarding the number of people in the principal belligerent countries now receiving disablement pensions. The figures are:

Germany	1,537,000
France	1,500,000
Great Britain	1,170,000
Italy	800,000
Russia	775,000
Poland	320,000
Jugo-Slavia	164,000
Austria	164,000
Gugo-Slavia	164,000
United States	175,000
Belgium	110,000
Rumania	100,000
Canada	45,000
New Zealand	20,000
Australia	16,000
Finland	10,000

This totals 7,124,000, but no official statistics are available from Turkey, Bulgaria, the Baltic States, Portugal, Hungary and Japan. There is ample evidence, however, says the bureau, that to put the world war at ten millions, would not be an overstatement.

Crosby County Has Good Schools; Ralls Term Begins Sept. 10

Special to The Avalanche.

RALLS, Aug. 24.—The Texas Tech will have the full support of West Texas, as will be shown August 28th at the celebration in Lubbock. Although that will not be the only support the Tech will get from this section of West Texas. Large numbers of good brick school houses are here and others are being added every year. One has just been completed at Cone, 7 miles north of here and another one is under construction in the New Home district 3 miles north. These new ones together with the Emma school 3 miles south, League 4, 8 miles south of Ralls and the Ralls high school is what this section has to back up the Texas Tech.

School opens here September 10th with C. H. Hale of Ralls as Superintendent and J. M. Rankin of this place as principal. 23 teachers have been employed in the Ralls Independent School District and the scholastic census show 650 pupils.

France thinks it is her treaty and Germany's treat.

FIRST BALE HOWARD CO. COTTON RECEIVED AT BIG SPRING

BIG SPRING, Aug. 24.—The first bale of cotton this season was brought to Big Spring Tuesday. It weighed 489 lbs. and was grown by a Mexican on the Joe McNew farm. The cotton was sold to Dell Hatch, cotton buyer for 25c per lb. Price Brothers ginned it free of charge and a nice premium was collected by the Chamber of Commerce for the first and second bales.

Hard Coal Supply For Half Year Is Already Out Of The Ground; A Review of the Anthracite Operations

WILKES-BARRE, Pa., Aug. 24. (United Press.)—Production of anthracite coal is proceeding at the greatest rate the industry has ever known and all records for summer mining have been broken this year. Both operators and miners have been bending every effort to speed up production. A new record has been set up for the first seven months of this year and mining is proceeding unabated.

For the calendar year to the end of July 58,885,000 tons of hard coal were mined and production was then proceeding at the rate slightly more than 2,000,000 tons a week, a high figure in the industry at any time, and heretofore unknown during the summer, usually a dull season.

The cause of this unusual summer activity is principally the shortage last winter. Consumers of anthracite started stocking up for next winter, almost at once, and the demand has continued unabated.

Allowing 2,000,000 tons per week, approximately 68,000,000 tons of anthracite will have been produced this year up to the end of this month. Not all of this, however, will be in the hands of the consumer. Usually there is a surplus on hand April 1, as hard coal users stock early in the winter, but this year, owing to the suspension in 1922, every available ton of hard coal was grabbed up as fast as it came from the mines right up till the end of the cold weather and on April 1, 1923, stocks and storage were bare.

Half a Year's Supply
However, it is estimated that the consumer now has on hand almost a half year's supply of anthracite. Since April 1, instead of storing coal as usual at the mines it has been shipped to market as rapidly as the railroads could supply cars and it is estimated that the consumers already have almost 40,000,000 tons, making allowances for fuel burned since April 1, to start the winter season.

Because of the bitter complaints last winter of the poor quality of hard coal and the high percentage of "bone" slate and other non-inflammable material it contained, some changes have been made in the methods of speeding up production,

direct from the banks. Cull, once regarded as sheer waste, has brought in many thousands of dollars.

There has been no reduction in the retail price of hard coal in the coal region and the operators have raised the price to their employees—the miners. A miner now pays from \$5 to \$5.50 per ton for coal that last winter cost him around \$4.50 delivered. The price to the ordinary consumer here has varied from \$10 to \$12 per ton.

No accurate figures as to the profits of the operators are available, but the United Mine Workers in their recent report to the United States Coal Commission cited several instances in which the miners claimed the coal companies made from 36 to 116 per cent in 1921, the last full year. Royalties on absentee ownership of coal lands add greatly to the cost of coal, running sometimes as high as \$2 per ton, the miners say.

Anthracite mining is one of the most hazardous occupations in the world. More than 500 miners are killed every year and thousands are injured, according to the best available figures. Then disease, such as miner's asthma and other ailments peculiar to the mines, cut down the vitality of the men working far under ground and shorten their lives.

Local strikes, shortage of cars at times, and other conditions have hampered production somewhat, but so far and in spite of it all this year has been a banner one in the anthracite industry.

TEN-DELEGATES OF W. T. C. OF C. AT BOLL WEEVIL CONVENTION

STAMFORD, Aug. 24.—President A. B. Spencer of Crosbyton, when in Stamford yesterday announced that the West Texas Chamber of Commerce would be represented by 10 delegates at the Boll Weevil Meeting to be held at New Orleans September 15. He has already appointed as delegates to this meeting W. A. Woodson of Waco; Clifford Jones of Spur; W. P. Hallmark of Dublin; and Van Zandt Jarvis of Fort Worth. He will shortly make six other appointments. President Spencer stated today that while there is only a small and restricted area of West Texas that is directly affected by the boll weevil menace that nevertheless West Texas is tremendously interested in the eradication of the menace, and therefore the West Texas Chamber shall be represented at the New Orleans conference.

On July 18th there was a meeting at New Orleans in the Cotton Exchange between Governor John M. Parker of Louisiana and Governor Pat M. Neff of Texas in connection with this boll weevil menace meeting. Governor Neff at that time was returning from the West Indies Cruise of the West Texas Chamber of Commerce and remained over in New Orleans especially to meet with Governor Parker, at the invitation of the Louisiana Governor, for the purpose of discussing the boll weevil menace.

HARDING'S NEWSPAPER CREED ADOPTED BY SANTONE SCHOOL

By the United Press
SAN ANTONIO, Aug. 24.—The newspaper creed of the late President Harding will guide young minds in the public schools of San Antonio if plans of the local Women's Clubs materialize.

Believing that Harding's creed is an ideal example for the youth of the land, the executive board of the City Federation of Women's Clubs has passed the following resolution suggesting the creed be placed in the schools:

"Our president, Warren G. Harding, has just been laid to rest. He has given the youth of our land an example of patient, kindly and wise statesmanship and now in the time when his ability and true patriotism should be most deeply impressed upon our children.

STATE IRRIGATION LOAN
MEXICO CITY, Mexico, (United Press)—President Alvaro Obregon has offered to lend one million pesos of federal funds to the state government of Sonora for irrigation and road purposes.

Avalanche Want Ads Pay.

BATHERS GAMBLE; THEIR CARDS ARE WATERPROOF

BERLIN. (By mail to United Press)—North and Baltic seaside resorts are so abessed with the gambling fever this season that it is literally necessary to have overflow meetings in the sea.

Floating skat, roulette, baccarat— to say nothing of the garden variety games like seven-up are quite in vogue within the three mile limit off many of the prominent resorts. These floating gaming tables are quite as popular as the gambling casino ashore. Sometimes the guests play for boats; at other times their spiel is done while bathing.

Where cards are involved, a special waterproof deck is employed. The bets run into millions of marks. Ashore, the private "spiel clubs" and casinos are doing a boom-town business.

SUIT TO RECOVER TREASURE CHART FILED AT NEW ORLEANS

By the United Press
NEW ORLEANS, Aug. 24.—A suit has been filed by Douglas Hattell, who lost a treasure chart and map, against C. T. Seller, Sr. The plaintiff alleged that the finder of the guide to the hidden wealth refused to return the paper to the lawful owner, unless an agreement was made to sell twenty five percent of the stock to him.
