COURT MAY DECIDE SENATE POWER

Two Indictments Returned Against Slayers

YOUTHS ACCEPT VERDICT WITH INDIFFERENCE

SPEEDY TRIAL BE GIVEN FRANKS SLAYERS SAYS STATES ATTORNEY

By United News.

CHICAGO, June 5.—Nathan Leopold, Jr., and Richard Loeb, multi-millionaire's sons, were indicted by the Cook county grand jury late Thursday on bills charging them with the kidnapping for ransom and the murder of 13-year-old Robert Franks. Two indictments were returned against each of the defendants, one charging kidnapping for ransom, and one for murder.

By H. H. ROBERTSON (U. N. Staff Correspondent.)

CHICAGO, June 5.—Facing the most momentous event in their luxury-filled lives—their trial for kidnapping and murder by a jury which will decide whether they go to the gallows for the slaying of 13-year-old Robert Franks, Nathan Leopold and Richard Loeb, are awaiting their arraignment in court with the utmost indifference.

Notified that the Cook county grand jury had returned two indictments against each of them, the youths appeared to take an academic attitude towards the announcement.

Loeb shrugged his shoulders and said: "We expected it. That's no news to me."

Loeb studied the floor for a minute, then bracing his shoulders back exclaimed:

"Well, we are not dead men yet. They're trying to hang every crime in the world on us, but the trial is yet to come. It is all a matter of legal formalities so far."

Verdict Statically Received.

And with a stolidism that amazed attendants in the jail the two sat down in their cells and ate meals ordered from a nearby restaurant. They shared the meals with their cellmates. Perhaps the news of their indictments or the knowledge all Thursday that bills were to be returned against them, had softened them.

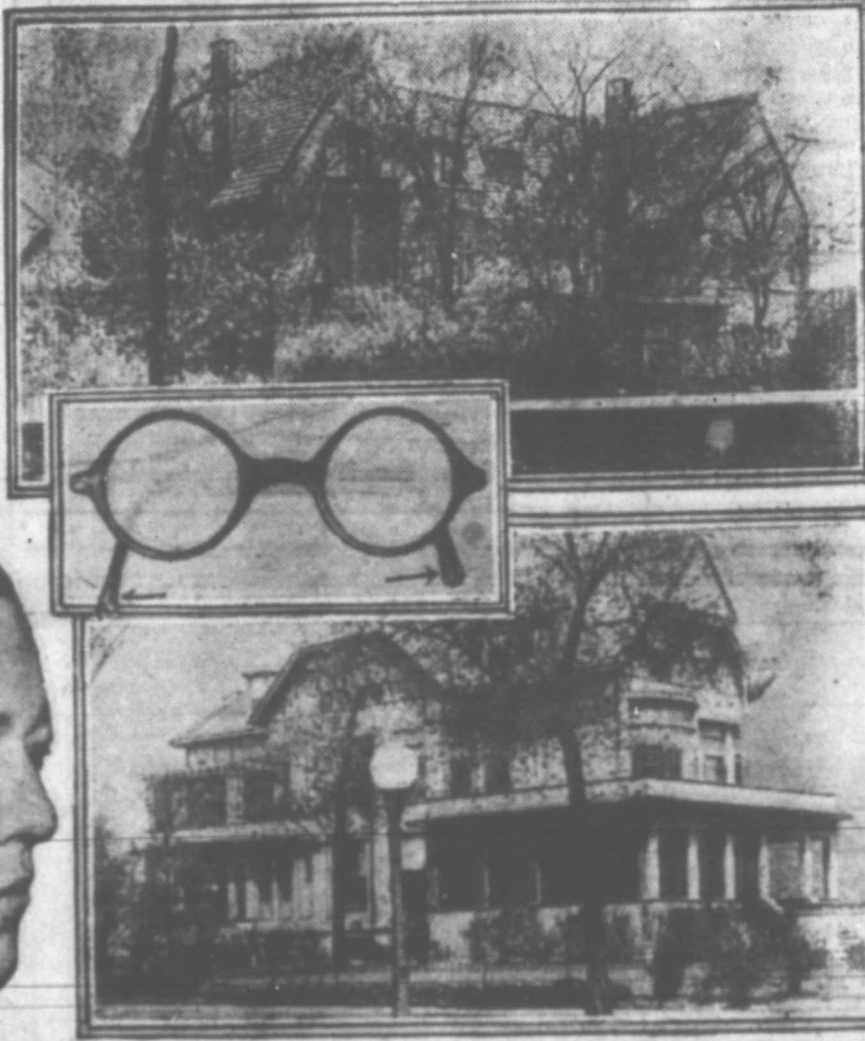

The intellectual exquisites who sat for hour after hour last Friday night and in the early morning of Saturday relating a cold blooded story of how they planned to abduct boys and conduct "experiments in human emotion" with them, had forced upon them for the first

LOST EYEGLASSES MAY SEND BOYS TO DEATH!

Although they plotted the death of Robert Franks, 13-year-old son of a Chicago millionaire, with diabolical cunning, Richard Loeb, 19, son of Albert H. Loeb, millionaire vice-president of Sears-Roebuck Company and Nathan E. Leopold, Jr., son of a millionaire box manufacturer, made one mistake. Leopold lost his eyeglasses at the spot where they dumped the lad's body into a culvert. By tracing them, the pair were arrested and confessed. These photographs of the murderers were snapped after their confessions.

HUGHES CLAIMS WOMEN ABUSE FREEDOM

LOS ANGELES, Calif., June 5.—Removal of laws and the extension of freedom are the greatest problems of all time, according to Rupert Hughes, noted author and motion picture director who addressed the General Federation of Women's Clubs here Thursday.

Woman's share in the world's betterment is no small one, Hughes declared.

"The first thing the average person does when he gets his freedom is to try to oppress somebody," the author told his audience.

"When women got the vote they began proposing laws to stop everything they could think of."

"But the novelty is gone. Women are free now and if they would only use that freedom for the extension of freedom they would show themselves wiser than the men and they would prove themselves mothers, not step-mothers."

U. S. MISSIONARIES IN JAPAN RECEIVE MANY DISQUIETING LETTERS

By United News.

LONDON, June 5.—With Japan's indignation against the United States smoldering dangerously a number of disquieting letters have been addressed to American missionaries in Japan, according to the KOBE correspondent of the Daily Mail.

The authorities are considering measures to meet the situation, the dispatch states. Meanwhile, many Tokio shops are displaying placards reading: "No American goods sold here."

MORE LIGHTS BE ADDED LOCAL STREETS

Martins Ruby, city manager of Lubbock stated yesterday that bids for materials for lighting Lubbock will be opened Monday and contract let.

Several companies have signified intentions of placing bids on the job.

Three hundred and ten additional street lights are to be installed about the city and approximately \$3,500 will be spent on the project.

The city management realizes the necessity of more street lights and is making every effort to supply them in the least time possible, it was pointed out.

BILL WOULD PAY EXPORT BOUNTY WITH FINANCE CORPORATION FUNDS

WASHINGTON, June 5.—A joint resolution authorizing president Coolidge to draw upon war finance corporation funds to pay in export bounty of 85 cents per bushel on wheat and a proportionate sum on flour was introduced in the house by Representative Summers, republican, of Washington, late Thursday night.

The resolution would provide such payment between July 1, 1924 and June 1, 1925.

RALSTON SAYS HE DON'T WANT PRESIDENCY

By United News.

INDIANAPOLIS, June 5.—Senator Samuel Ralston boomed widely for the past several months as the most likely dark horse in the race for the democratic presidential nomination, told fellow democrats here Thursday that he did not aspire to the presidency and urged them to send an uninstruted delegation to the convention at New York.

Ralston's declaration was made before the state convention where a number of his friends were working for a delegation to be instructed to vote for the senator at the national convention.

"There is something about the greatness of this exalted position that admonishes me against wanting to undertake the execution of its grave and solemn duties," Ralston said.

"This convention will please me most by allowing the delegates from Indiana to the National Convention to go uninstructed."

Ralston's speech ended his friends' effort to have the national delegation instructed for him and it became apparent that Indiana's delegation to New York would go as free agents.

Ralston in his speech said the "present deplorable conditions in Washington" were due to "the influence of special privileges against the welfare of the masses of the people."

He appealed for a return to old time Jeffersonian honesty in government.

WOMAN KILLED WHEN AUTOMOBILE OVERTURNS

By United News.

COFFEYVILLE, Kan., June 5.—Mrs. Lena Moore, 56, housekeeper in a local hotel, was killed two miles east of Coffeyville Thursday night when a motor car in which she was riding hit a pile of lumber at the Pumpkin Creek bridge rolled down the embankment and turned over pinning her underneath. Dr. John J. Moberly, veterinarian, who was driving the car, sustained only minor injuries.

SENATE ASKS ATTORNEY GENERAL TO CARRY QUESTION TO SUPREME COURT FOR A FINAL DECISION

By THOMAS L. STOKES (UN Staff Correspondent)

WASHINGTON, June 5.—After six months of sensational investigating, during which there were many attempts to dispute its authority, the senate has formally asked the attorney general to carry the question of senatorial authority to the supreme court to determine once and for all how far a congressional inquisitorial body may go. The outcome of this fight will have a decisive effect upon all future investigating activities of congress.

BILL GOVERNING CAMPAIGNS IS PASSED

By United News.

WASHINGTON, June 4.—Congress is expected to send a new corrupt practices law to President Coolidge in the closing days of the session. The senate late Thursday adopted the conference report on the postal pay increase bill which carries a rider providing for full publicity for campaign contributions and limits the amounts candidates for congress and for presidential elector may spend. There was no record vote.

The measure will probably pass the house in the same form.

Immediately thereafter Senator LaFollette offered a resolution providing for a special senate committee to investigate campaign contributions for all presidential and vice presidential candidates and presidential electors in the coming elections. The committee would have power to call witnesses and would be instructed to report December 5, next. The resolution went to the committee on audit and control, and if reported out, LaFollette will call it up for action before the session ends Saturday.

BISHOP NICHOLS DIED FRIDAY IN CALIF.

SAN FRANCISCO, Calif., June 5.—Bishop Wm. Ford Nichols, head of the protestant Episcopal diocese of California, died here at 7:20 o'clock Thursday morning. Death followed an illness extending over a period of six years. As one of the leading figures in the Episcopal church of America, Bishop Nichols body will be accorded the highest rites of the denomination in funeral services Saturday afternoon in Grace Cathedral this city. Dignitaries of the church from every section of the west will attend.

Automatically succeeding to the bishop's chair of California is the Rt. Rev. Edward Lamb Parsons, bishop coadjutor of the diocese.

HEAVY RAINS FALL AROUND PLAINVIEW

PLAINVIEW, Texas, June 5.—Heavy rains fell Wednesday night and early Thursday morning over the entire territory northeast and northwest of Plainview, giving one of the best seasons for a bumper crop in the history of Hale county. The downpour extended as far north as Swisher county, according to reports reaching here, helping the entire wheat belt of this section.

Crops are in the best condition ever recorded in this county. The rain was accompanied by a very light sprinkle of hail, doing comparatively no damage throughout Hale county.

The Daugherty case will be used as vehicle the senate voted Thursday to request attorney general Stone to go to supreme court in an effort to overturn the Ohio court in upholding Mal Daugherty brother of the former attorney general who defied the Brookhart committee to compel him to testify. The vote was 70 to 2, Pepper of Pennsylvania and Spencer of Missouri, voting no.

The resolution also authorizes the Brookhart committee to employ counsel to assist the attorney general in the case, under an amendment by Senator Walsh, of Montana, democrat. Senator Pepper objected to this amendment and announced he would oppose the resolution because of it, holding that the senate was not a party to the dispute.

Senator Willis, of Ohio, who was the champion of Daugherty during the fight in the senate on the former attorney general, attempted to have struck from the preamble of the resolution, a section stating that the decision of the Ohio court was "erroneous." Willis said he wanted the matter carried to the supreme court, but that he believed the decision of the lower court, was right. His amendment was defeated 44 to 29.

"If we do not believe the ruling of the court is erroneous then we ought to abide by it," Senator Norris of Nebraska, retorted.

Move Impossible is Claim. Senator Reed, of Missouri, expressed the same opinion, said it would be impossible to carry the case to the supreme court if the senate agreed that the decision was all right.

Daugherty refused to appear before the committee, after his former expressions of a desire to testify "because startling evidence against him had been adduced," the Iowa senator declared.

Senator Fess, defending Daugherty's refusal to testify, said that "considering the conduct of the committee and the witnesses, it had before it, I would not appear if I were in Daugherty's place."

"If Harry Daugherty was surrounded by crooks, the committee could not get witnesses out of a Sunday school," Senator Norris answered.

Action Follows Long Debate.

Adoption of the resolution late in the afternoon followed several hours of debate centering around the former attorney general and the testimony which also had been presented to the Brookhart committee. All other business was shoved aside. Senator Brookhart opened the attack on Daugherty as the senate convened at noon and was followed by Senator Ashurst of Arizona, democrat, a member of the special committee. After a flurry of debate, Brookhart presented his resolution which brought on a series of denunciations of the decision of Judge Cochran at Cincinnati holding that Mal Daugherty the former attorney general's brother

WEATHER

WEST TEXAS:—Probably showers southeast portion; cooler north portion tonight.

Just Folks

by Edgar A. Guest

A PLEA

Grant me to close the day without regret;
Let me not into careless conduct fall.
Gaining my little purposes and yet
Wishing some hasty words I could recall.

Increase my stock of patience, Lord
I pray
Let me not whimper loudly at
my care;
I met the trials which were mine
to bear.

Teach me to play the man in little things,
To suffer disappointments when I must,
To brave the irritation failure brings
And still be kind and generous and just.

Let me not stain my victories with hate;
When night comes on let me look back and see
In all that I've accomplished, small or great,
Nothing which brings regret or shame to me.

As They Come and Go

HOW, WHY, WHEN AND WHERE

Rev. E. C. Barb, of Melroes, New Mexico, is here visiting at the home of Carl Scroggins of the West Texas Gray Company.

Funeral services for Mrs. Minnie Collins, who died here Monday June 2, were conducted at Littlefield Wednesday afternoon by Rev. T. M. Carney, of the Church of Christ. She is survived by her husband, J. S. Collins, and other relatives. Interment was made in the Littlefield cemetery.

Bonnie Earley, of McAdoo is a patient in a local sanitarium.

Mrs. C. E. Ray, of Crosbyton, is under care of specialist in a local sanitarium.

Newell Alexander, of Spur, underwent an operation in a local sanitarium Thursday.

Dick Gaines, of Amarillo, was brought to a local sanitarium Thursday for medical attention.

Miss Nellie Groves, of Abertathy, has been under care of specialists in a local sanitarium since Wednesday.

Mrs. Cotten, of Snyder, is in a local sanitarium.

G. C. Brazzelle, of Dallas, is in Lubbock on business.

Dr. W. B. Stevenson of Amarillo, was here Thursday.

H. W. McIntyre, of Roscoe, Texas, arrived in Lubbock Thursday for a brief business visit.

T. L. Mooney was here Thursday from his home at Fort Worth.

He will deliver the address at the twelfth annual convention of the Colorado-Gulf Highway association, which convenes there Friday morning for a two days' session.

Dr. Horn will speak on "Good Roads and Good Schools," and as he is a champion for these, his talk will not only be interesting for the hearers, but will in all probability give them a better insight into the necessity of building more and better roads in Texas along with the development of our fast developing school system.

Dr. Horn will go to Dallas where he will attend a luncheon of the Dallas Chamber of Commerce Tuesday, the entire program of which will be devoted to a discussion of the textile industry in Texas.

Dr. Horn is intensely interested in the development of textiles in Texas, and is one of the foremost figures in this industry in the state. He has on more than one occasion emphasized his faith in the industrial possibilities of Texas, and especially is he concerned with the development of the textile industry, which he has pointed out will give this state a larger place among the big manufacturers of the union.

It is possible the most impressive feature of the spectacle in the hot church.

St. Paul's drafted and crowded by mountainous office buildings, lies a step from Wall Street with a crowded canyon of lower Broadway roaring before its doors.

To this spot, the apex of twentieth century confusion, supposedly cynical New York turned in faith and hope that the miracles of Galilee might be performed again.

The "miracles" seen by a reporter Thursday were exceedingly business-like affairs. Dr. Bell is a brisk parson with bluff, good

joy-mad crowds shouted that the spirit of the Lord had come upon them and that they were cured of their ills.

Healing by faith, the Rev. B. H. Bell, of Denver, Colo., created a sensation in this theoretically blasé city when the laying on of hands he treated 1,500 persons, 80 per cent of whom announced themselves cured.

"Oh, Lord! Prase He name, I can see!"—"I can walk!"—"I can hear agan!" came the shouts from members of the throng, wan of face and twisted of limb. Behind the altar Dr. Bell, a tall, heavy built man with gray hair, gray blue eyes and a square jaw, spoke swift hard words of blessing in commanding his petitioner to be whole again by faith.

From the rail the people turned away, some shouting jubilantly, some mute with wonder, some dropping crutches and stripping off leg braces—the majority of them convinced that they were again as other men and women.

"New York is full of faith," the healer said.

It is possible the most impressive feature of the spectacle in the hot church.

St. Paul's drafted and crowded by mountainous office buildings, lies a step from Wall Street with a crowded canyon of lower Broadway roaring before its doors.

To this spot, the apex of twentieth century confusion, supposedly cynical New York turned in faith and hope that the miracles of Galilee might be performed again.

The "miracles" seen by a reporter Thursday were exceedingly business-like affairs. Dr. Bell is a brisk parson with bluff, good

hearted manners, and a way of butting through the cures that was reminiscent of army doctors passing a bunch of rookies in the spring of 1917.

Tactful Sky Pilot Preacher: "And there shall be weeping and wailing and gnashing of teeth—and—"

Sister Bertha (in front row): "Lawdy, lawdy—Ise a lost soul." Preacher (leaning forward and whispering): "What say, Sister Bertha?"

Sister Bertha: "Ah ain't got no teeth."

Preacher (quick-like): "Teeth will be furnished." (On with the sermon.)

Young Thing: "I love Gothic Architecture."

Grandmother (in corner): "Be careful of a foreign ur. Grace. A plain American man was good enough for me—and your mother, too."

JUNIOR 20TH CENTURY CLUB IS DONOR TO LIBRARY

The Junior 20th Century Club members continue to direct their attention and efforts to the betterment of the Lubbock Public Library to which they have so liberally donated since it was established more than a year ago.

The members of this club realize the worth of the library and are endeavoring to increase its usefulness and prestige in the community with the rapidity that marks the development of the other institutions of this city, and that each have been successful in these efforts is attested by the regular reports sent out each month by the librarian.

The following fourteen valuable books have just been donated to the library by the Junior 20th Century Club: Some American Story Tellers, by Cooper; The Great Modern American Stories, by Howell; The Great Modern English Stories by O'Brien; A Handbook of Story Writing; Our Short Story Writers, by Williams; The American Short Story, by Jessup; Traffic and Discoveries by Kipling; The Writing of the Short Stories of America, by Ramsay; The Contemporary Short Story by Baker; Short Story in English, by Canby; Writing Short Stories, by Einswein and Philosophy Four, by Webster.

W. C. RYLANDER MAKES A CITIZENSHIP TALK

The Woman's Missionary Society of the First Methodist church met Monday afternoon at the church parlor where a thirty minutes business session was held and a number of items of business were transacted.

Mrs. H. T. Kimbro was elected as delegate to the District Missionary Conference which will be held in Crosbyton next week, and splendid reports were given from the districts.

The Missionary Society is honored to have one of their members, Mrs. J. D. Peterson who was a delegate to the Annual conference at Vernon last week, elected to Conference Superintendent of Supplies.

Following the business meeting the Mary Helm Auxiliary was invited in, and W. C. Rylander delivered a very interesting address on "Good Citizenship" wherein he spoke of the importance of the woman accepting and making use of their elective franchise.

Delicious iced punch was served at the close of the address to a large attendance.

Marriage Licenses.

The following have been issued marriage licenses: H. S. Bartley and Miss Ona Griggs, May 31st; Frank Martin and Miss Nettie Durrett May 31st; P. Christakes and Mrs. Alice Busay, June 4th; L. S. Fletcher and Miss Addie Bawley, June 4th.

Personal.

Miss Lucille Street, daughter of Mr. and Mrs. J. C. Street, who has been teaching in Sherman, has returned to her home here.

Mrs. Ralph Woods and Children of Littlefield were here Thursday shopping.

Mrs. E. Stedman and Sons, arrived here the first of the week from Roswell, where they spent the winter.

Miss Blanche Bacon, daughter of Mr. and Mrs. John F. Bacon, who has been attending the State Uni-

versity returned home the first of the week.

Miss Bernice Clinton, cashier of Barrier Brothers Dry Goods Company, left Thursday for points in Oklahoma where she will spend several weeks vacation.

Mrs. C. C. Goodman has as her guest this week, her mother, Mrs. Williams of Waxahachie.

Dr. and Mrs. R. B. Hutchinson will be host and hostess at a reception given this afternoon at three o'clock at their home 1617 Broadway for the visiting dentists and their wives of the convention of the West Texas Dental Society, which convenes this morning at nine o'clock.

PIMPLES CAUSE FOLKS TO SHRINK FROM ATTENTION

Whenever you go out, you can't help but pity the many folks you see trying to have a good time, but are so shrinking and backward about coming near others where pimply, blotchy and eczemic skin can be seen.

You almost feel like going up to them and telling them that they ought to begin using Black and White Ointment, and Soap, which ple are depending on to keep their skin clear, smooth and good to look at.

Black and White Ointment, and Soap, are selling at the phenomenal rate of more than two million packages a year, and the fact that they are so economically priced is largely responsible for this record. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.

SENATOR COLLINS WILL ADDRESS LUBBOCK VOTERS SOON

Senator A. Collins, candidate for Governor, will address the people of Lubbock on the afternoon of June 12th, according to information received at this office. Senator Collins was first elected to the Senate in 1910 from the Beaumont district, and has been responsible for much of the legislation of the state, of far reaching effect on the citizenship of this great state. He gives as some of the outstanding measures that he has been responsible for as the state-wide prohibition law, the Primary, Woman's suffrage bill and the fifty-four hour Female Labor law.

The Statutory Statewide Prohibition Law was held unconstitutional by the Court of Criminal Appeals but the Civil Courts held differently and the measure was enforced by injunction by the then Attorney General, Mr. Looney.

The Primary Woman's Suffrage Bill gave the women of Texas the ballot in the Democratic Primary before the passage of the Nineteenth Amendment to the Federal Constitution.

The 54-hour Female Labor Law limits the hours women can be employed in certain class of industry.

In addition to the foregoing measures, Senator Collins was author of the Workmen's Compensation Act of 1913. This Act was a preferential demand of the State Federation of Labor and generally met the approval of the big employers of the State. Senator Collins says: "Under the provisions of this Act, \$25,000,000.00 has been paid injured and disabled workmen of this state; much litigation avoided and a finer spirit of cooperation brought about between employer and employee".

Senator Collins takes a special

pride in his authorship of the law providing for the sanitary inspection of factories employing female labor, for he says that this measure has required "the sweat-shops of Texas to clean up and provide wholesome, clean and sanitary surroundings for their female employees."

Senator Collins was also author of the Eight Hour Law, Contracting Stevedore Law and valuable amendments to the state Child Labor Laws.

PRESBYTERIAN IN A BIG EDUCATIONAL CAMPAIGN

At a regular meeting of the Executive committee in the Presbyterian Educational Campaign at the home of Mrs. C. J. Wagner on Thursday afternoon the following members were present: Chairman, H. D. Woods, Mr. Neil H. Wright, Mrs. C. J. Wagner and Mrs. S. P. Robbins; also the pastor Mr. J. M. Lewis and Mr. C. H. Green. Mr. D. B. Davis was chosen as Chairman of the Organization Committee and Mrs. H. A. Davidson Dean of Women's Work. In the lineup of the organization school terms are used because of the education-

al program, and Mr. Davis will be known as president of the college and Mrs. Davidson as Dean. They will each select four professors and each of the professors select four students which will make a complete organization for the canvas. In addition to this there are several sub committees who will be named within a short time.

Next Sunday is known as Christian Education Sunday and there will be a short special program just following the Sunday school lessons. Rev. R. F. Gribble of Austin, Texas will occupy the pulpit both morning and evening. It is earnestly hoped that every Presbyterian in Lubbock will be present for all of these services.

BELL MOUTHED PANTS WILL BE STYLE THIS FALL

International News Service. FORT WORTH, Texas, June 5.—If you think the new styled men's trousers are big around the bottom wait until fall. Local clothiers say they'll be 20 inches around instead of the present 18.

SAYS KARNAK OFFERS HEALTH TO MILLIONS

Thousands of People Throughout the State are Now Praising the Sensational New Medicine For Benefits Received From Its Use.

Thousands of prominent people throughout the State are now praising the sensational new medicine, Karnak. The demand for the preparation has exceeded all previous records, and as new tests of its powers are made, hundreds more are daily adding their endorsements to the thousands already given it.

In explaining the phenomenal success of the medicine, Mr. H. C. Thorburn, President of Standard Drug Products, Inc., recently said: "Before we secured the distribution rights for Karnak in this country we knew that it was a wonder. But health-builders and were convinced that it would restore millions of people to the joys of health. Now the public has proved this for itself and people everywhere flock to the drug stores to get it and report benefits from its use that far surpass even their fondest hopes.

"You can tell after the first few doses of Karnak that you are being benefited in a natural, substantial way. These substantial benefits form the fundamental reason for the medicine's unprecedented success."

Mr. Thorburn briefly quoted M. Andre's theories on health and right living as follows: "Poor health is an unnatural condition. Nature is always working to restore us and with the proper assistance will succeed.

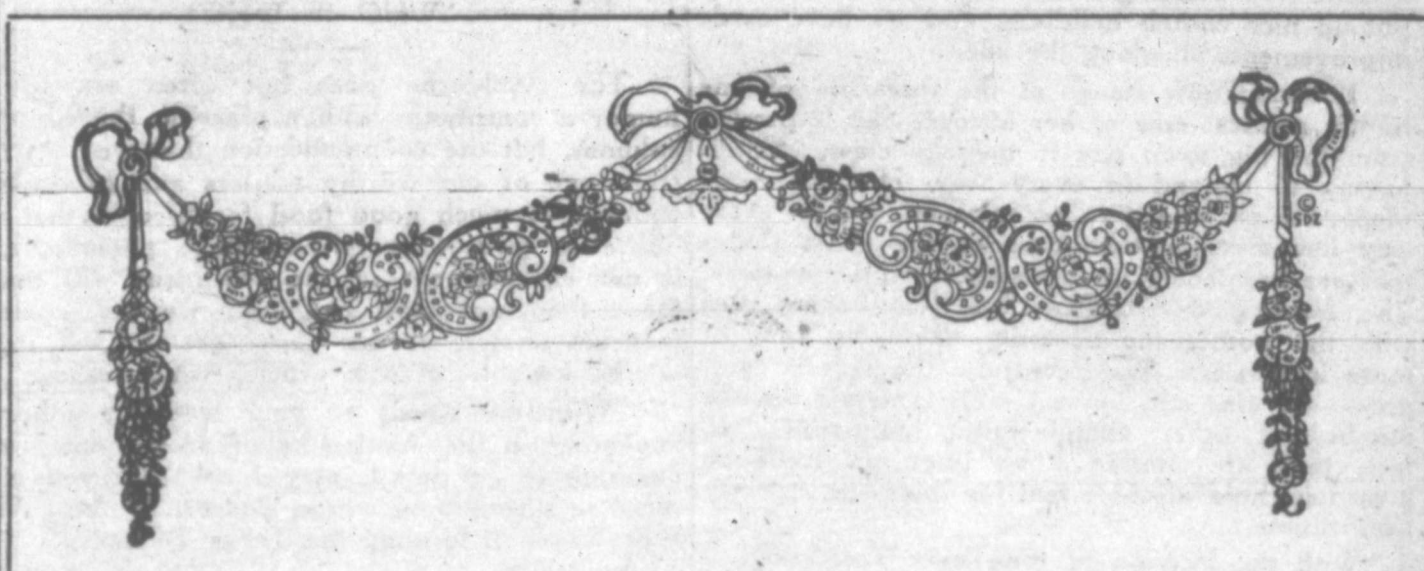

"Millions of people drag through life feeling well only half the time, or weak, sick and miserable day after day with hardly enough strength to keep up, and not knowing where to turn for relief. They are victims of auto-intoxication and mal-nutrition. The vital organs are failing to do their work. The system is being poisoned with impurities that eat down the health, waste the strength and irritate the nerves. The vitality is being destroyed and their lives needlessly shortened.

"To all such people Karnak has proved a blessing.

"M. Andre's aim was to perfect a medicine that would embody all the corrective forces of Nature itself. How well he succeeded is shown by the thousands who are praising the new medicine everywhere it has been introduced.

"It is not unusual for people to say that Karnak has relieved them of troubles that had defied all other treatments for years. That is because Karnak helps the entire system regain its lost vitality, strength and resiliency and enables nature to reassert itself."

Karnak is sold in Lubbock by CITY DRUG STORE

A Store Where Quality Value and Service Shall Prevail

—Our success has been more than we had expected—

WHY?

Our Merchandise is all Brand New and Dependable—the price Reasonable—Service and Courtesy Paramount—upon this principle are we building our business.

BUILDING LUBBOCK.

Lubbock for many years has had on a building program that has always reached into future years. For years we have been building. At first it was small buildings, later the buildings became larger and of more substantial material. We have added to these and have built fine school buildings, and we have built a nice court house. We are now building a nice city hall, and we have put up nice church buildings, and we have made improvements all along the line.

Lubbock now stands at the threshold of one of the greatest eras of her history. She is passing from the big town size to the city class. She is having to expand in every way. Her municipal plants are all having to be enlarged, and in every way increased to take care of the great things that are happening in this section of the country. The farming development has just begun, and with this comes the necessity of taking care of more industries. We have now the cotton compress, our gins and our oil mills, and we have a number of other manufacturing industries. In fact, they are coming along fine, but Lubbock must take hold of some real big things in the very near future.

With the location of the Texas Technological College here, we have added responsibilities. We have the responsibility of furnishing industries here that will furnish the real practical education that the technological part of the school demands. Among the most needed of all is a cotton textile mill. This we believe we can get. Possibly not just at this time, but within the next few months, Lubbock should grab hold of a proposition that will likely be presented within the near future, and go the full limit on it, for a cotton textile mill at this place. We do not believe that Lubbock can go too strong on a proposition of this kind. We are right here in the center of one of the greatest cotton producing sections of the southwest, and we should have a cotton textile mill to take care of the products of the soil. There is no necessity of the farmers of this great empire shipping their cotton to the spindles hundreds and thousands of miles away, and pay a great price for freight both ways, and buy it back at a profit of several thousand percent.

Cotton men, who have taken much interest in studying the cotton situation are frank to state that they are of the opinion that the Plains section of Texas will in a few years be producing more bales of cotton than all the balance of the state. This being true, and we believe that their predictions are absolutely correct, this is the logical place to build a cotton textile mill.

This is not only a Lubbock proposition, but all of the South Plains towns should be interested in getting a proposition like this in this section, for it will be highly beneficial to all of this country.

Aside from being a very fine thing for the country in general, it has been figured out that it is a mighty good investment as well, and men who have money to invest can do so safely, and will realize a good dividend from the investment.

TOURIST CAMP FEES.

There was bound to be some criticism of the Park Department's abandonment of the experiment of a free tourist camp, but it is reassuring to read the statement of Ed McRae, secretary of the Tourist Bureau of the Chamber of Commerce, that such complaints are not being made by legitimate tourists. It is well to reflect that the Park Department's action was not based upon money considerations. The small fee of 50 cents a car a day which is charged does not pay the expenses of the camp.

But it does keep out the automobile hobo and the squatter, who otherwise would fill the camp at the expense of the city's desire to make real tourists fell at home.

Experience of tourist bureaus throughout the country has demonstrated that the free camp, where any service is provided, is undesirable from the standpoint of both the tourist and the city of community extending the hospitality. The influx of squatters and "auto hoboes" has caused the total abandonment of the camp idea in a number of places. Some such fate inevitably would have overtaken the Fort Worth tourist camp if "free" conditions had been allowed to continue. Fifty cents a day charged to each automobile, regardless of the number of passengers, is not much in exchange for free gas for cooking and heating, free water, dining room, reading, writing and assembly room facilities, free telephones and police protection, which are afforded by the Fort Worth camp.

No legitimate automobile tourist will kick at this arrangement, and the more the others don't like it the better.—Star Telegram.

Nearly all of the places where they have undertaken to conduct free tourist parks, there has been more or less trouble experienced with what is known as the "hobo" element. We find that characters of this sort show up in the free tourists park, more frequently than one would expect

at a first thought. They come and stay for days and days, and take advantage of the hospitality of the town, and some of them use it for a regular camping ground and come to town during the day and peddle wares that are put out in competition with the business houses who are maintaining the park for the benefit of the people who are passing this way, in automobiles, and like to stop where they can find some accommodations.

The keeper of the park finds that these "hobo" tourists are hard indeed to get along with. They insist on building fires right close up to the exhibition buildings in the fair ground, and they break into the buildings and show a disposition of selfishness, and they destroy property in a wanton manner and are not desirable company in the grounds, for people who expect to have a place to leave their car if they want to and feel that it will all be there when they return.

We are of the opinion that the only way this can be controlled is to make a charge for staying in the camp grounds, and we are thinking that the Telegram is correct when it says that the average tourist will not object to paying a fee if they are reasonably sure that they will not have to mix and mingle with a bunch of toughs while they are in there.

The Lubbock people are trying their best to fix something nice for the tourists, making everything as convenient as possible, and while there has been no charges up to the present time, we believe that it would be a wise idea to make a small charge, and see if this will not eliminate some of the sorry class of "tourists."

"WHO IS WHO"

The Avalanche does not often see fit to humor a contributor with a place in the editorial columns, but the communication that we received from one of our worthy readers and subscribers contains so much good food for thought that we desire to give it every advantage possible, and if our endorsement of the sentiment will make these thoughts more poignant, we are anxious that the readers of this paper get the full force of the keynote of this article, which reads:

"With the words of your splendid editorial appearing in the Avalanche of recent date, still lingering in my mind, may I ask that you give space to a few more words, concerning the "Who Was Who" in locating the Texas Tech?"

"It would be presumptuous to think that the writer was the only one who consulted God, in this matter. Assuredly there were many of us. And why not? Is it strange that the believing people of our town should ask God for what they deserve? And is it strange that they should recognize Him in the good things they receive?"

"How very unworthy of men, to be vainglorious. Why not give the all-Good the glory?"

"Every one who made even the slightest effort, young and old alike, was instrumental in getting the college for Lubbock. Money had no part in this worthy undertaking. All of us worked and all of us thought often and long about it, and every thought was a mighty force. True, people of all other competing cities did the same thing. But Lubbock had the necessary requirements. Her 'fourteen points' were a sufficiency. Yet, whence came they? Did any man or set of men have a hand in creating them? Who leveled our fertile lands? Who sent sunshine, rain, autumn leaves and winter snows to enrich the soil? Whence came the abundant water supply? I am reminded of the poet-soldier who wrote:

"Poems are made by fools like me,
But only God can make a tree."

"Let us look back now only long enough to be deeply grateful to the true source, and turn our faces to that which is before, fearlessly, if possible. Yet the enormity of the task might well awe our strength alone.

"A building to be erected, such as there is none other scarcely, in the Southland. A building to conform to the imperishable idea.

"O, Lubbock! Stand at attention! Your men and your women are needed. Among hundreds of other things our task is to keep Lubbock clean—a fit place for such a fit structure to be the sturdy hod-carriers, the skilled mason, workmen in great numbers will be here. They must be cared for, provided not only with substantial food, but with clean entertainment, clean literature, and clean recreation.

"We must forget every selfish ambition. He that humbly himself shall be exalted is an appropriate scripture, and might be admirably used here twice by slightly misquoting it thus: He that 'humph' himself shall be exalted."

People in their mad rush for honors, and for gold, for business and for social prestige, are too prone to overlook the true source of all of their acquisitions, of their attainments, and of their wealth. They lose sight of the fact that back of all this there is One and only One that has had the making of you and has made it possible for you to occupy the position you are in, and you should use your talent, your life and ambitions to further the interests that which has been placed in your care to use to the best of your ability.

"I" and "MY" has to a large extent overshadowed the facts that we have nothing more than has been given us, and that within ourselves we are nothing, and what we enjoy here on earth is not of our selves, but merely through the great and abiding kindness of the giver of all, and the finisher of all.

Little Avalanches

A good crop of wild oats will grow where weeds wouldn't even sprout.

Better not pry into all the mysteries. Some of them are horrors.

The way of the transgressor may be hard, but it is never lonesome.

WALTER P. CHRYSLER'S TRAFFIC TALKS

OBEY THE REGULATIONS; REDUCED ACCIDENTS

Credit is due newspapers for co-operating with the National Automobile Chamber of Commerce in helping to cut down the number of motor car accidents. A high percentage of motor car fatalities during the early months of 1924 were due to failure of motorists and pedestrians to pay attention to traffic regulations. Seventeen fatalities during a single month were due to motorists violating the rules of the road and 53 were recorded as caused by pedestrians jay-walking—failure to use crossings.

Newspapers everywhere are joining in the nation-wide movement to make regular reports on motor vehicle fatalities and their causes. It is believed this effort on the part of the newspapers in emphasizing the extent of accidents and acquainting the public with the conditions which cause them, will have a helpful influence on the motorist and the pedestrian as well.

MARKETS

R. R. SHARES TAKE FIRST OVER INDUSTRIALS

By EDWARD J. CONDLON (United News Financial Ed.)

NEW YORK, June 5.—There was a let-down in public interest in the stock market in the Thursday proceedings, though not necessarily in prices. The railroad shares claimed first place over industrial stocks when the latter were unsettled by the professional drives against the oils, sugars and steel issues.

Call money was the saving grace, dropping to 2 1/2 per cent during the final hour of business on Thursday, the lowest level since 1917. Accumulations have been due to the slowing down in industry and the continued heavy gold imports.

The incentive for the professional attack on oil stocks Thursday was the publication of the figures of the American petroleum institute for the final week in May showing an increase in the daily production of crude oil of 3,250 barrels, and the statistics put out by the department of the interior indicating a new high record for gasoline production in April. The record figures stood 754,775,232 gallons, more than 11,000,000 above the previous high which was established in March. New low ground on the movement was forced in Cosden, Standard Oil of New Jersey, Maryland and Phillips petroleum. The pressure exerted against the oils found a counterpart in the sugar and steel issues, steel common declining to a new low on the movement with Bethlehem and Republic finishing fractionally lower for the day. A new low for raw sugar followed by a series of rather drastic cuts in prices of refined furnished sufficient ammunition for an attack on the sugar stocks.

Fort Worth Livestock.
Cattle: receipts 3,600; week; beefs \$4.50@7.50; stockers \$4.00@6; cows \$4.00@6.00; canners \$1.75@2.00; heifers \$3.50@6.00; bulls \$2.50@4.00; calves \$2.00@7.50; yearlings \$4.00@9.00; calves: receipts were 500.

FATHER OF AVALANCHE MAN DIED TUESDAY AT SPUR

Mrs. Tim Stovall returned to her home here Thursday after having attended the funeral of Mr. Stovall's father, A. C. Stovall at Quanah Wednesday.

Tim Stovall left Quanah for Mineral Wells after the service and will remain there until his health is improved, following which he will return to his home here and will resume his work as a linotype operator for the Avalanche.

His father died at Spur at 4:45 o'clock Tuesday. Short services were held at the home there, then the remains were shipped to Quanah where a second service was held, and interment was made in the Quanah cemetery.

He is survived by three sons, Tim of Lubbock, Phillip of Fort Worth, and Roy of Spur.

CLUBS TO HELP ENTERTAIN TRAVELERS

Next weeks programs of the Lubbock and Kiwanis Clubs of Lubbock, will be devoted entirely to a discussion of the Traveling Men's Dutch Lunch and Smoker, which is an annual affair given by the business men of Lubbock in compliment to the travelers for their splendid spirit of cooperation in boosting Lubbock.

Able speakers will appear before both clubs, laying before the memberships the plans that have been made for the entertainment of the travelers and informed each of them what their duties will be in making the entertainment successful.

POLICE COURT GIVES UNIQUE SENTENCE

NEW YORK, June 5.—A general sessions court here was transformed into a puppet when Wilma Woodward, a blonde, bob-haired actress, pleaded guilty of stealing \$1,900 in clothing and cash from another actress Betty Gray.

Wilma wept and Betty asked leniency provided Wilma would go away from the big city and back to her home in Akron, Ohio. So Judge Rosalaski picked up his Bible and read to Wilma from Chapter VI of the Book of Proverbs.

In the chapter, the judge read:

RENT CAR STATION
Rent a Car—You Drive It. EXPERT REPAIR WORK
Day and Night Service
Phone 992
1214 Ave. H. WILL FLETCHER, Owner 5-23

O. K. FURNITURE CO. WILL SELL 5 OR 6 ROOMS OF HOUSEHOLD FURNITURE AND OTHER GOODS AT AUCTION SATURDAY AFTERNOON, BEGINNING AT 2:30

Cotton School At Lubbock Begins June 2nd.
Will be located on the second floor of the Howard building, Lubbock, Texas. We teach what the cotton buyer goes up against in every day business—classing, stapling, how to ship, both domestic and foreign bills of lading, invoice, Mathematics, Etc. For information, correspond with
J. B. Hearrell or J. D. Johnson

verse urging "not to forsake the law of thy mother."

Wilma, it was said, had run away from home and mother six years ago to go on the stage.

"Bind them continually around thy heart," Rosalaski quoted "and hang them about thy neck."

"When thou goest, it shall lead thee and when thou sleepest, it shall teach thee and when thou awakest, it shall talk with thee."

Then the judge suspended sentence on Wilma and gave her to probation officers, who will arrange for her return home.

BODY TRAINING SCHOOL INMATE FOUND IN RIVER

GAINESVILLE, Texas, June 5.—The body of Alvin Bruce, 17, of Waterman, Texas, an inmate in the state training school here was found in the De Leon river Tuesday afternoon by fishermen. Bruce and another boy escaped from the school Monday. The other boy was captured.

CATARRH Curbed in 24 Hours

Every disagreeable symptom of Catarrh is checked in 24 hours through a Cleveland physician's new combination treatment known as the Rinex-Tarx treatment. Complete relief guaranteed, or it costs you nothing. See detailed reasons why in booklet in package.

Free Trial Offer
Just now, through a special introductory arrangement, you can obtain a trial treatment entirely FREE. Simply go to any of the drug stores named below and ask for a trial package of RINEX. No obligation at all on your part. But be sure to ask for your free treatment within the next three days—this offer is limited. It may be obtained in this way at:

SPORT NEWS

MEHLOHORN AND BOBBY JONES TIE STANTON MEETS LOCALS HERE SUNDAY IN NATIONAL GOLF PRELIMINARIES FOR OPEN CHAMPIONSHIP BELT

By WESTBROOK PEGLER (U. N. Staff Correspondent.) OAKLAND HILLS COUNTRY CLUB, DETROIT, Mich., June 5.—Bill Mehlhorn who learned his golf by observing and avoiding the way the duffers did things as he shouldered their bags over the score of links at Chicago, will go over the lumpy property of the Oakland Hills Country Club Friday morning with a direct challenge to Bobby Jones, for the American open championship.

Mehlhorn and Jones were tied at the end of the first 36 holes with Cards of 147 when the gladiators came in from their late spring plowing in the evening. For a time the United States golf association thought it would be pretty to pair the two young leaders for the second and final day of the greatest occasion on the American Golfers' calendar. But such a match might have imposed an unfair mental burden on Bobby and Bill, playing against one another and the field, so it was later decided to send Jones out in the company with Gene Sarazen and Mehlhorn and Dave Robertson the middle aged white haired veteran who has played loose to many titles in his time but has never sunk the putt triumphantly in the big competitions.

Robertson stalked off the final green Thursday afternoon and thru the crowd to the score board with a card of 149 which at that time seemed to be the second best record of the day. He was set back however, when Cyril Walkers the professional from Englewood, N. J., completed his tour with a total of 148.

Panting messengers who raced down the course to appraise Walker of the fact that he would enter the tie with Jones and Mehlhorn by playing steadily on the last few holes apparently upset the slim Jerseyman's mental poise for he became exceedingly cautious and played one over par on the 35th and 36th. He needed three pokes with his putter to coax the ball into the last cup.

Bobby Crokhanks, who fought Jones to a tie and lost the play-off for the championship at Inwood last year, matched Robertson's score with 149 of his own and MacDonald Smith, who disappeared from golf many years ago, only to come back muttering the Coue formula to his ball, was next behind them with 150. Smith had come back a long distance since he seized himself in a new grip and re-entered the big competitions with a spiritual impulse behind his clubs.

Mehlhorn had a career something like that of Bobby Jones for he has been almost to the top without arriving and has learned to accept the slings and arrows of outrageous fortune with equanimity. He tied Hagen for the Texas open in 1923, but lost. He fought for the open championship on his boyhood links at Skokie the year that Sarazen won the championship but was beaten back to fourth in the end.

CITIZENS URGED TO WELCOME PLAINVIEW

"A welcome and hearty handshake to every visiting Elk from every citizen of the city of Lubbock," is the slogan that has been adopted by the local Elks lodge for Elks Sport Day celebration which will open here next Thursday morning. Every citizen of the "Hub" city, be he Elk or not is being urged to take up this battery by the committee in charge of the affair.

It is also emphasized by the committee that the day will cost Lubbock citizens nothing but a hearty smile, the baseball game in the afternoon alone excepted, and they are very insistent in their plea that the Elk of modern time—at least the ones who will be present on this occasion—does not wear horns to defend himself, and they give full assurance that no one will be 'gored' to death during the celebration.

Formally opening the day will be registration of all visiting members, and at 9 o'clock at the Country Club the first contest of the celebration will open. This will be a golf tournament between teams from Plainview and Lubbock. On this occasion an "open house" will be held at the Country Club and the public in general is invited to attend absolutely free. The gates will be thrown open wide.

worth-while. He will be assisted by H. S. Hiburn, of Plainview, brother of our own citizen "Benny" Hiburn. He will be in charge of the visiting delegation of golf hounds. It is the plan now that each city will enter four men for an 18 hole exhibition.

Contrary to the report which somehow was going the rounds the first of the week that the local amateurs would go to Amarillo Saturday and Sunday for a game with the Amarillo Amateurs, Skipper Allen announced last night that he has arranged a game on the local lot for Sunday afternoon.

Stanton, a thriving little city on the T. & P. Railroad about halfway between Big Spring and Midland will be here in all her glory or rather her representatives of the ball lot will be here.

Now, it is a fact that no little wonderment may be expressed as to why a club would come such a distance to play one game of amateur ball, but the boys who will be here Sunday afternoon are on a tour of the Panhandle, matching games ahead as they come to them.

They are now playing a two-game series at Lamesa, opening there Thursday, where they lost a 4 to 3 exhibition. They play there again today, and Saturday will come to O'Donnell for a game.

Then on Sunday afternoon at the Merrill park they will meet the local nine. The time of the exhibition has been moved up from 3 to 3:30 in order to somewhat avoid the burning rays of a scorching sun immediately after the lunch hour.

YANKS AND RED SOX SHARE TOP PLACE

The Red Sox, who on Wednesday overrode the Browns and captured first place in the American League, relaxed their grip on that position Thursday and permitted its former occupants to share it with them.

This happened when the Red Sox lost to the Browns in St. Louis 5 to 2, while the Yanks were postponing a weather beaten match with the White Sox in Chicago after playing one inning with neither team scoring.

In Detroit the Senators outhit the Tigers 13 to 8, and won 9 to 7. The Cleveland Indians dragged the Athletics back into the cellar and regained their position in seventh place by beating the Philadelphia in Cleveland 5 to 4.

In the National League, the Cubs opened their eastern invasion with a 5 to 4 victory over the leading Giants at the Polo grounds. As a result, the three game lead of the Giants dissolved to only two games.

The Dodgers successfully defended themselves against the invading Pirates at Ebbets field with a six to two victory over the team from Pittsburgh. Jacques Fournier of the Dodgers, knocked the twelfth homer of the season with two runs on the base paths in the eighth inning. This places Fournier one homer behind Babe Ruth, who is leading both leagues with 18.

Tom Sheehan, of the Reds pitched his team to a six to nothing vic-

tory over the Braves in Boston. The tail end Phillies although out-hit, managed to score a 4 to 2 triumph over the Cards in Philadelphia.

LOCAL P. O. TO GET LARGER QUARTERS

O. E. Smith, of McKinney, Texas, postoffice inspector for Texas and Louisiana, arrived in Lubbock Wednesday to look after the interests of the local postoffice with the view of securing more suitable quarters for the postoffice.

Mr. Smith will receive sealed proposals up to and including July 4th for furnishing suitable quarters for postoffice quarters in Lubbock. The lease on the present building expires November 18th and the inspector hopes to have another building ready for occupancy on or before that time.

The present building is inadequate to meet the demands of the office even at this time, and with a continuation of Lubbock's growth the situation is liable to become even more serious before another building can be secured.

Whereas there are now about nine hundred lock boxes in the present building, the equipment for the new quarters will include approximately 1700 boxes, and several hundred more square feet of floor

space than is now occupied. Mr. Smith has stated that floor space of about 3,200 square feet is desired, and that all proposals should be enclosed in sealed envelope, endorsed "lease proposal," and that they will be opened at McKinney about July 5, 1924.

News that Lubbock is to have more adequate postal facilities is received in local business circles with enthusiasm, for while the employees of the local postoffice have exerted every effort to render good service, they have been seriously handicapped by the lack of equipment and floor space and a great deal of lost motion in the organization has been had to check there on account of.

CARLOAD OF POISON BEING GIVEN TAYLOR COUNTY FARMERS

ABILENE, Texas.—A carload of deadly poison—arsenic—is being distributed to the farmers of Taylor and Callahan counties to be used in combatting grasshoppers. The Arsenic is being sold at cost.

AGED MAN BURIED HERE THURSDAY AT 3 O'CLOCK

Cullen C. Forbes, age 80 years and eight days, died here Tuesday June 5th.

Funeral services were conducted at the Lubbock cemetery Thursday afternoon at three o'clock.

He is survived by his son, C. C. Forbes, Jr., of Lubbock.

PUBLIC HEALTH NURSE SOUGHT FOR LUBBOCK

At a recent meeting of the county federation of Women's clubs of Lubbock county, it was agreed that the time has come for Lubbock county to employ a county public health nurse, and plans for proceeding in the matter were made.

Mrs. Wm. L. Baugh, president of the federation, appointed a committee from each of the various districts of the county, and the members of this committee are to go before the county commissioners Tuesday of next week and ask that body to appropriate the necessary amount for the county's one half of the expense of employing the nurse for one year.

A spirit of optimism over the results of Tuesday's meeting with the commissioners is prevalent throughout club circles, and the ladies of the county federation feel that their efforts will meet with success.

Miss Dorothy Anderson, representing the State Department of Health has been in Lubbock the past several days working with the ladies of the county federation on making

plans for the establishment of this office in Lubbock county.

SAILORS BUY THE MOST EXPENSIVE BRANDS OF CIGARETTES

PORT ARTHUR, Texas.—Sailors buy the most expensive cigarettes at Port Arthur cigar stores, according to dealers in tobaccos.

"Sailors are our best customers," said one dealer.

FIREMEN BECOME EXPERT DOMINO PLAYERS IN PORT ARTHUR

PORT ARTHUR, Texas.—City firemen are becoming acrobats and domino players. The reason—because they have nothing to do while

on duty. Not a fire alarm was turned in for last week.

So Appreciative

"You n-never seem to take any interest in anything I do," sobbed the bride.

"Don't be unreasonable, my dear," remonstrated her husband. "I remained awake all last night and thought of the cake you baked yesterday."

Big Reduction in the Prices of Laundry

The South Plains Laundry wishes to announce to all their customers a reduction of twenty per cent on Family work beginning Monday June 9th. Price on Family flat work will be eight cents per pound instead of the usual ten cent charge. The same price will be made for "Rough Dry" work (which is equal to approximately thirty five cents per dozen on the average Family bundle).

We have just recently installed more modern machinery and will be in shape to give our customers better service at a reduced price. Our work is guaranteed to please or no charge will be made for same.

We use soft water from our twenty five hundred dollar water softener, which insures your clothes against lime rot. Lime is more injurious to fabric than

most anything and in our water softening process the lime is removed before it gets to your clothes.

The conditions in our plant are sanitary and when you put your head on the pillow at night your linen smells sweet and clean because it is washed and dried inside our building and does not hang on the line to catch the dirt in the air. The weather does not affect our service for the reason that we do not have to wait for a suitable day to hang your work out. All is handled on the inside of our plant.

We are now in a position to give one day service to our patrons when demanded of us.

Send us a trial bundle you will find it a saving and will be pleased with the work. Our phone is still 305.

civil and military aviation in an exclusive interview with the United News. Major Martin emphasized that he was not speaking for the war department.

"No nation," Martin declared, "now is able to fly across either ocean to attack us, but England, France and Japan have airplane carriers. If these vessels could dodge our fleet we would be helpless."

"We have scant equipment and no money. 'Picture, if you can,' Martin

continued, "a fleet of airplanes approaching our north Atlantic coast. They are mobile, far more so than any other medium of transportation. Where would they strike Boston, Philadelphia, New York, or Washington? We could not know and our equipment is not sufficient adequate to repel an assault."

Notice Corrected.
"I did not leave my husband's bed and board, as it belonged to me and I took it and worked and kept myself.—Mrs. S. B." (Item in the Carlisle, Pa., Evening Senti

U. S. AT MERCY OF AIR ATTACKERS SAY MARTIN

By LYLE C. WILSON
(Copyright 1924 By United News)
WASHINGTON, June 5.—Popular fear and ignorance rapidly are forcing airplane manufacturers toward bankruptcy and already have reduced America's air defense to a pitiful insufficiency. In case of attack our crippled fliers would be almost helpless. Inland as well as coast cities would be at the mercy of an air assault.

Major Fredk. L. Martin, leader of the army's round-the-world fliers, until he crashed into an Alaskan mountain, painted the foregoing gloomy picture of American

WHEN IT COMES TO BUYING WORK CLOTHES

The Laboring Man Votes for GARRETT'S STORE

—The reasons are simple: This store caters to the needs of the laboring man and handles a class of merchandise that he wants and will appreciate. Garrett's always low prices stand "the gaff" of competition.

Laboring Men, Notice

The Union Label is found in most all of the work clothing we offer for sale.

WE WANT THE WORKING MAN'S BUSINESS AND WILL STRIVE TO DESERVE IT!

KIWANIS PLAN PLAINVIEW BATTLE

Keen interest is being shown in the Plainview-Lubbock Kiwanis baseball game that will be played here in the near future, and Norton Baker and Herbert Stubbs, committeemen from the local club to complete arrangements for Lubbock's participation in the big game have already lined up a tentative list of players who they will try out in practice games.

They have called a meeting of all ball players in the Kiwanis club to be held at the Merrill park this afternoon at six o'clock, and those whose names appear in the list below are urged to either attend the meeting else phone Norton Baker, No. 438, in order that a practice game might be played.

The Plainview Kiwanis' baseball team is made up of some classy players and the locals are going to have to hustle if they get in shape to meet them within the next two weeks, and strict orders to practice every day have been handed down by Captains Baker and Stubbs.

The tentative lineup, which will in all probability undergo many changes is as follows:

Herbert Stubbs, Neal Douglass, P. C. Ellis, R. Q. Pearce, C. R. C. Mowery, Jim Goodman, 1b; Geo. Brewer, Ross Edwards, 2b; Rev. Jack M. Lewis, s.s.; Norton Baker, 3b; Ross McWhorter, lf; Amos Howard, cf; Claud McDaniels, rf.

Places have not been designated for L. M. Brooks, I. F. Holland, E. L. Klett and others who are likely to participate, but their presence at today's meeting at the ball park is urged and places will be assigned at that time.

TWO INDICTMENTS RETURNED AGAINST SLAYERS

(Continued from page 1)

time—the hard fact that all the millions of dollars, social prestige, and political influence thrown back of them by their wealthy relatives had not prevented the state from having them held for trial over their confessed crime—a crime which is without parallel in the annals of criminal jurisprudence in the United States.

76 Witnesses Examined

Seventy-six witnesses had appeared during the three day inquiry the grand jury made into the Franks murder before states attorney Robert E. Crowe ordered one of the stenographers to read a portion of the shorthand notes taken during the confession of Leopold. The entire confession was not read. No portion of Loeb's confession was introduced before the jury. No transcription of either confession has been made and according to Crowe, it is probable none will be made until the time of the trial.

The indictments will be returned before Chief Justice John Caverly at 9 o'clock Friday morning.

The hour for returning the bills was fixed at nine because at ten o'clock a hearing on habeas corpus writs instituted by attorney Clarence E. Darrow in behalf of the slayers will commence. Darrow has

been attempting to have the two slayers admitted to bail.

Face Arraignment Monday

Unless Crowe changes his plans Leopold and Loeb will be taken into court next Monday for arraignment. Clarence Darrow, chief counsel for the two youths, will meet Crowe for a conference Friday morning, following the return of the indictments and the hearing on the habeas corpus proceedings.

It is understood that defense counsel will seek to have the trial date postponed as long as possible, in order that Darrow may complete arrangements for obtaining the highest priced and most brilliant array of lawyers ever assembled for a criminal case in the history of American courts.

Among the eminent attorneys understood to have been invited to participate in the defense of the two youths are William Tavers Jerome, of New York, who prosecuted Harry K. Thaw, as district attorney of New York, Charles Erbstein of Chicago, former United States Senator James Hamilton Lewis, W. E. O'Brien and his partner, Wm. Scott Stewart, Samuel Untermeyer, Thos. A. Nash, Patrick H. O'Donnell and James C. O'Brien.

Darrow, who already has received a preliminary retainer of \$25,000 and an unlimited expense fund, is understood to have had approximately \$1,000,000 placed at his disposal for legal expenses and attorney's fees. The relatives of Loeb and Leopold also are reported to have indicated their willingness to spend any amount necessary to save the young men from the gallows.

It has already been decided that insanity pleas will be made by both prisoners in their efforts to escape hanging for the crime they have confessed.

\$15,000,000 For Defense

Resources of more than \$15,000,000 are back of the fight the prisoners will make to save their lives. And Jacob Franks, father of the slain boy, has said that he was willing to spend his entire fortune to send his son's murderers to the gallows. Despite the announcement from headquarters of defense counsel concerning the forthcoming legal talent, states attorney Crowe declares that he does not need any assistance other than that which his staff will give him.

"I have decided to use the best men I have to prosecute this case," Crowe said. "They are men who have long experience in trying criminal cases. All the high priced lawyers, all the money and all the political influence which the millions back of these two killers may be able to get together will never save them from going to the gallows."

Girl Charges Attack By Two—CHICAGO, June 5.—With indictments for hanging crimes issued

against Nathan Leopold, Jr., and Richard Loeb, the two pampered intellectuals who confessed slaying 13 year old Robert Franks, a new phase of the many angled case developed Thursday in the legal action taken against them by a young girl.

Miss Louise Hopely instituted a suit against the two 19 year old multi-millionaire sons, declaring that she had been the victim of an "attack" by them and asking damages of \$100,000. Papers were served on the two youths at the county jail where they were chatting with each other, apparently having effected a reconciliation. After their startling confession last Saturday morning Leopold and Loeb quarreled and each accused the other of the actual murder. The alleged "attack" which Miss Hopely made the basis of her suit took place about four months ago, she said. She charged that she was walking on the street when the two drove up in an automobile, induced her to accompany them for a ride and later attacked her. She was then compelled to get out of the car, she alleged. She did not know the identity of her companions until she saw their pictures in the papers.

State's attorney Robert E. Crowe discussing the girl's charges said she had conferred with him several days ago and asked that the matter of the "attack" be made the subject of a grand jury inquiry. "She was very positive in her statements, but I gave her no definite answer, as I wanted time to consider my course," Crowe explained. "I do not want anything to come up just now which will take our attention away from the Franks case, which if course is the main issue."

Stenographers commenced reading the notes of one confession made by Loeb and Leopold late Thursday to the grand jury. All the important witnesses had testified Tuesday and Wednesday and the prosecutor had reserved the reading of the confession until the closing hours of the inquiry. Just before he submitted the confession to the jury, Crowe said: "We already have the indictments drawn up. Both are indicted

for hanging crimes. One is an indictment for murder and the other an indictment for kidnapping for ransom. A death penalty is attached to a conviction on either indictment.

"I decided to have one confession after much deliberation. The reason I am having it read is to get into the grand jury record. The fact is that neither one of these two confessions will be needed in the trial to send these young men to the gallows. We have strongest case against them that I ever have seen in my experience as an attorney."

Crowe said that he would ask an early trial and he expressed the hope that the trial would be under way by July 15.

COURT MAY DECIDE SENATE POWER

er could not be forced to testify.

The decision struck at the very heart of the power of legislative bodies to exercise the functions they have hitherto exercised, Senator Reed Missouri declared.

Senator Robinson, of Arkansas, democratic leader, declared that the decision was an erroneous conclusion of fact and that there is no basis for the distinction of the judge that this is a spiteful investigation and not an investigation of the attorney general as such. Brookhart in his bitter arraignment of Daugherty preceding the introduction of his resolution, declared that the former attorney gen-

eral's theory of government was by political blackmail.

ers of progress and glory."

Oswald Ryan, of Anderson, Ind., a member of Secretary J. J. Davis special immigration committee addressed the gathering in their evening session. He stressed the need of additional immigration laws for Mexico and Canada, declared a huge number entered each year illegally.

Friday morning Mrs. Thomas G. Winter, president of the federation personally will present to the convention body a resolution asking the United States to call a new international limitation of armaments conference.
