

# Lubbock Morning Avalanche

## TEXAN FACE STATUTORY CHARGE

### Textile Mills May Be Located Here

#### CO. OFFICIALS TO MEET LOCAL C. C. MEN TODAY

#### LUBBOCK IS PROSPECT FOR ONE OF TWENTY MILLS IN THE STATE

R. E. Alford, representing the Texas Textile Mills Company of Dallas, will meet with the directory of the Lubbock Chamber of Commerce and other business men at the chamber of commerce rooms this afternoon at 5:45 o'clock to discuss the feasibility of having the company establish a textile mill here.

It has been indicated that Lubbock is one of the prospects being considered by the company for a mill location, announcement having been made that that company will establish twenty mills in Texas in the very near future.

A meeting of the directors was held last Friday with Mr. Alford but due to the fact that some estimates on cost of building a mill here were not available, the meeting adjourned after it was agreed that today's meeting be called.

John W. Carpenter, a member of the board of directors of the Texas Textile Mills, is also a member of the board of directors of the Texas Technological College and he is one among the many big men of the state and the south who are interested in this company, which in all probability play a big part in having more cotton mills established in Texas during the coming year than have been built by any other one company during the past.

Among the other members of the board of directors of the company who is a power in Texas and who is one of the big men of the state is Judge Lewis T. Carpenter, of Dallas. Mr. Carpenter is a member of the house of representatives of Texas, and was one of the authors and a supporter of the bill creating the Texas Technological college, his work in this connection having received the heartiest commendation of Senator W. H. Bledsoe of Lubbock, with whom Mr. Alford has spent a great deal of his time since coming to Lubbock. Senator Bledsoe is acquainted with several members of the board of directors of the Texas Textile Mills and has expressed an eagerness to see that company become identified with the fur-

(Continued on page 8)

#### THREE BOYS ARE SENTENCED TO GALLOWS

By United News. LOS ANGELES, Calif., June 9.—Penalty of death on the gallows was pronounced Monday upon three youths, all of whom are under 21 years of age.

They will die for the slaying of Policeman Glenn Bond during an attempted bank holdup.

Louis Perry, the youngest of the trio, smiled as he heard the sentence.

The other two, Ed Montijo and Tom Bailey, remained unmoved as Judge Keetch read the decree.

#### PRESCRIPTION BEER, RULED ILLEGAL

By United News.

WASHINGTON, June 9.—There is no longer any official doubt about it—beer is no longer a legal medicine and cannot be doled out by the family physician in prescription doses. Congress had decided this question, but the final word came Monday when the supreme court decided constitutional the law forbidding the prescription of beer for medicinal purposes. This settles a question which has been seething for three years, booting about continually in the courts.

The decision was on a suit appealed to the court by James Everhard Breweries and Edward and John Burke, Ltd., of New York. Lower courts in this case had upheld the Willis-Campbell act, passed in 1921, forbidding the prescription of beer. The brewers appealed the case on the ground that the eighteenth amendment did not empower congress to forbid the use of any sort of liquor as a medicine.

#### MAN SENTENCES SELF TO FOUR DAYS IN JAIL

By United News. KANSAS CITY, Mo., June 9.—Thomas Sewall, a meat cutter, is an ideal prisoner.

Having appeared in court so often that he is quite familiar with its workings Sewall fixes his own punishment for "tipping the bottle that cheers."

Monday he sentenced himself to four days in prison and Judge H. H. Roberts confirmed the sentence. The last time he appeared Sewall gave himself ten days.

#### LAMESA LOSS OVER MILLION

#### PLANS FOR IMMEDIATE RECONSTRUCTION OF AREA OPENED

Special to the Avalanche.

LAMESA, Texas, June 8.—Smouldering embers and smoking ruins are all that remain of almost two solid blocks of this city's newest business district following the disastrous fire which swept across the south portion of the business section late Saturday afternoon and night, and Lamesa is slowly recovering from the shock of the direct calamity in the history of the city. Latest estimates made by city officials place the loss at a million and a quarter.

Employees of the telephone company and Western Union spent the larger part of Sunday and Monday in an effort to restore conditions to normal in their lines. So great was the heat from the conflagration that telephone cables and wires were melted for a distance of several blocks, and on account of the heavy wind from the southwest sparks were carried for several blocks beyond the scene of devastation, and ignited many frame buildings, but employees quickly extinguished the flames before they had gained headway.

Portions of crumbled brick walls, charred remains of furniture and fixtures in eleven business houses, and wrecks of many automobiles which could not be removed from the Simpson-Bennett Motor Co. house are silent messengers of the roaring flames which swept unabated and uncontrolled for a period of about seven hours.

Some stuff was removed from several of the buildings by furious workers, who, realizing that the buildings in the direct path of the sweeping flames, were doomed, bent every effort toward saving what little they could. But the amount saved was negligible in comparison to the loss sustained.

Practically the entire section swept by the conflagration was composed of substantial bricks which had been erected in the past few months. And many of these firms, anticipating a big fall business, which seems certain on account of the present outlook for a bumper crop, had already begun to receive their fall shipments of stock, and for this reason suffered a heavier loss than would have been entailed. This applies especially to the two lumber companies, whose entire stock and fixtures were razed absolutely to the ground with nothing spared. Some of the stock of these firms, consisting of coal, lime and cement, and similar substance which burns slowly, were still aflame this morning.

Officials of the Rix Furniture Company, whose building had been completed only a few months ago at a cost of about \$20,000, stated that their loss was approximately \$35,000. They were carrying a stock of about \$15,000 or \$20,000 but they estimate about \$5,000 worth of stuff was removed from the building before the heat became so intense that workers could no longer enter the area. The loss is practically covered by insurance, according to J. A. Rix, manager of the Lubbock house, who made a check of the loss Sunday.

The Simpson-Bennett Motor Co. probably suffered the greatest loss with the exception of the two lumber yards, as they lost their entire stock of fixtures and parts, besides several automobiles belonging to them and their customers.

The Corner Drug Store and Majestic Theatre, both of which buildings were in the direct path of the flames, were partially saved by the heroic efforts of the fire fighters, who would take turns at braving the intense heat from the lumber sheds of the Higginbotham-Bartlett Co., just across the

#### FIVE INJURED IN KAN. STORM

#### STORM GENERAL THROUGH GREATER PART STATE REPORTS SAY

By United News.

RIVERTON, Kans., June 9.—Several houses were levelled, three buildings were demolished and five persons received slight injuries here Monday night when a tornado swept down upon the town.

Communication with the outside world was impossible for more than three hours after the storm. Physicians from Galena, near here, arrived shortly after word spread of the storm damage, but a check showed that none was seriously injured. The population of the town is about 350.

Storms were general throughout the southeastern part of the state Monday night, according to reports received here. High winds were reported at Galena while the heavy rains fell at Independence and surrounding towns.

The Verdigris river was reported to be standing at 25 feet lacking seven feet of being out of its banks. Several families fled from the lowlands because of the high waters.

#### Oklahoma Wheat Damaged.

GUTHRIE, Okla., June 9.—Oklahoma wheat crop suffered heavy damage by wind and hail storms late Monday, it was learned here. Three houses and two barns were struck by lightning. None was injured.

Hundreds of acres of crops are reported to be under water as a result of heavy rain.

#### LOWDEN MAY BE DRAFTED INTO SERVICE

By United News.

CLEVELAND, Ohio, June 9.—A definite step looking toward the "drafting" of Frank O. Lowden of Illinois as vice presidential candidate developed late Monday when the Kentucky delegation voted to place Lowden in nomination when that state is called in the roll.

A committee composed of A. T. Sluder, Mr. A. T. Hert, Senator Ernest Mat Chilton, and William Hayburn was appointed to notify Lowden of Kentucky's intention to place him in nomination.

#### Refuses Nomination

OXFORD, Ohio, June 9.—Former Governor Frank O. Lowden of Illinois stands pat on his statement of Sunday in which he declared he would not accept the republican vice presidential nomination.

"I have absolutely nothing to add to my statement which was printed in today's papers," Lowden said Monday afternoon when newspapermen asked him whether he had not decided to reconsider.

Lowden was here to speak at the commencement exercises at Miami University.

#### ABSOLUTE CURE FOR CANCER NOT FOUND

By United News.

PHILADELPHIA, June 9.—A definite cure for cancer is not claimed in the serum for treatment of the disease developed by Dr. T. J. Glover, according to physicians who have been working with Dr. Glover on the new treatment.

Dr. E. P. Warmuth and Dr. J. F. Donnelly, who have been trying out the serum here on more than a hundred patients at the National Stomach Hospital express regret at what they term the premature publication of news concerning the treatment.

#### MINE EXPERT TO TRY A NEW EXPERIMENT

By United News.

EL PASO, Texas, June 9.—J. W. Bennie, manager of the Shannon Copper company, the man who set a mine afire to burn more than a year, is a visitor in El Paso. Mr. Bennie is experimenting with a company mine at Gleason and set fire to the sulphide ore bodies from the 400 foot level to the surface. The ore runs 2 to 3 per cent copper and 25 per cent sulphur. The experiment is to burn the sulphur from the copper, turn water into the mine to extinguish it, and then leach out the copper.

Mr. Bennie is one of the foremost metallurgists of the southwest and his experiment is being watched with interest by mining men throughout this section.

#### RIGID CENSOR OF MOVIES BE DEMANDED

By United News.

LOS ANGELES, Calif., June 9.—Belief that motion pictures should be rigidly censored was expressed by Mrs. John H. Booth, president of the New York Federation of Women's Clubs, in an interview with the United News Monday.

"Such a step is absolutely necessary to keep certain pictures from our youth," Mrs. Booth said in emphatic tones. "Their welfare is the basis and very life of our nation and we should not permit the flaunting before their eyes of careless and harmful portrayal of acts that are wrong."

Mrs. Booth, who is here for the convention of the General Federation recognizes the intricacy of the situation and spoke about the practical difficulties which face establishment of a censorship plan.

"Federal censorship is the most feasible plan toward which we should strive," she declared. "There is a type of picture which on the surface, may appear delightful and humorous, but which at its foundation encourages false standards. I have in mind the cute lying of pretty screen actresses and the attempt to imitate the glories of chivalry by daring exploits of the film heroes."

"The first instance encourages the violation of honesty and the second inspires certain individuals to hold-ups and robberies. These factors cannot be minimized and upon their solution depends the life and hope of our youth."

#### MRS. D. KARR DIED HERE MONDAY AFTERNOON

Mrs. D. Karr, well known locally, died at her home in the north part of the city late Monday afternoon at the age of 68 years one month and 23 days.

Mrs. D. Karr, although not having been in the best of health for a number of years, is believed to have been very greatly affected by the sudden death of her husband here on April 4, who died as the result of injuries sustained when he was run over by a switch engine in the local yard of the Santa Fe.

She leaves, besides a host of friends, eleven children, as follows: Mrs. W. M. Scott, of the Liberty community; Mrs. Ira Elliott, Shallowater; Mrs. L. D. Pennington, of Abernathy; Mrs. Todd Cheeves, Dallas; Mrs. C. M. Wilhite Farmersville; Arthur Karr, Loree; G. D. Karr, Vickery; Dug Karr, Brownfield; Will and Daze Karr, of Hereford and Roy and Ernest of this city.

Pending word from one of the children, funeral arrangements had not been made at a late hour last night, but in all probability, services will be held here Wednesday. Interment will be made in the Lubbock cemetery.

#### FIVE SEPARATE COUNTS DRAWN INTO COMPLAINT

#### CHARGES INVOLVE YOUTH BELIEVED TO BE THE ATTACKER OF DR.

By United News.

SAN ANTONIO, Texas, June 9.—Sensational statutory charges involving 19 year McKenzie Wantzloeben were filed before Justice Fisk Monday against Dr. Thad Shaw, prominent San Antonio physician.

Wantzloeben is the youth from whom a detective wrested a revolver in the lobby of the St. Anthony hotel after Dr. Shaw was shot through both legs last Friday night.

The charges Monday were filed in five separate complaints by Investigator Flores, of the district attorney's office. The offenses are alleged to have been committed over a period of three years.

Dr. Shaw is still in a hospital where his wounds are being treated. Wantzloeben struck over the head by Hotel Detective McMurray in the scuffle that followed the shooting, has been discharged from another hospital. It was erroneously reported Saturday that he was stricken with appendicitis.

Dr. Shaw's friends announced after the shooting that Wantzloeben had been assisted financially by Shaw. It was asserted, had taken a friendly interest in the boy. Police also revealed that officers should be detailed to guard the doctor who reported he had been threatened.

#### DAUGHERTY IS DETHRONED AT CONVENTION

By United News.

CLEVELAND, Ohio, June 9.—Harry M. Daugherty, former attorney general and a life long power in Ohio politics was dethroned here Monday night when the Ohio convention delegation voted to make Maurice Maschke, Cleveland political boss, republican national committeeman. Daugherty fought him bitterly, pushing Louis Brush, owner of the Marion Star, as his candidate.

The action concluded a bitter political fight which has torn the Ohio delegation for weeks. A few hours before the vote, Anti-Daugherty republicans attempted to get the ear of Wm. M. Butler, Coolidge campaign manager, desiring to enlist him in their fight. They insisted that a victory for Daugherty in this fight would endanger the republican campaign in Ohio this year because of the circumstances attending Daugherty's forced retirement from the cabinet. Butler refused to take any part in the fight.

This action virtually strips Daugherty of the tremendous power he has held in Ohio for years, and completes the rapid descent he has made since Harding was fatally stricken nearly a year ago.

Senator Willis was elected chairman of the delegation and Senator Fess was named at Ohio's member of the resolutions committee.

#### Noted Author Shoots Self

SAN FRANCISCO, Calif., June 9.—Peter Clark MacFarlane, noted author and theologian, shot himself here tonight and is believed dying. Rushed to an emergency hospital, physicians attending him say he cannot live. A bullet entered the temple.

WEATHER

WEST TEXAS: Partly cloudy tonight and Tuesday; possibly showers in the panhandle cooler north portion Tuesday.

**CITY-WEARY**

Come, let's get out of here! Out of the din of it, Out of the bickering, out of the sin of it, Out of the smoke of it, out of the noise of it, Out of the pitiful, lean, leering joys of it, Come on, let's go To a hill top I know, Where the air is washed clean, And the trees are a-gleam With the gold of the sun, And there's naught to be done Save to lie there and look At life's beauties and dream.

Come, let's get out of here! Out of the stress of it, Out of the paint and the powder and dream of it, Out of the cry at the loss or the gain of it, Out of the hurt and the grief and the pain of it.

Let's slip away To the fields for a day, Where there is nothing On counters and shelves, Nothing to strive for, To work or contrive for, Let's leave the city And just be ourselves.

Come, let's get out of here; out of the crush of it, Out of the bodiam and out of the rush of it, Out of the sham of it, out of the heat of it, Out of the withering, scornful conceit of it, Come on! Let's go Where the clean breezes blow, Out where the splendors Are all that they seem; Let's merely walk a while, Ponder and talk a while, Giving our souls The full sweep of a dream.

### EIGHT DROWN AS MOTOR LAUNCH GOES DOWN

BALBOA, Cal., June 8.—While friends and relatives on the shore watched in a frenzied helplessness eight persons were drowned Sunday when a motor launch in which they had started on a fishing trip, was swamped in a huge ground swell. The dead included six men and two boys. They are members of prominent Santa Ann families.

There were in addition to the eight drowned, five others in the party, they made their way to safety on the shore, reaching the beach in an exhausted condition. Four bodies were unrecovered late Sunday. The party had started on a fishing trip from Newport Bay. The water was calm as the motor boat the "Adieu," put out. About half a mile from shore, where a sand spit extends from Newport, the craft was seen to career dizzily as a huge wave swept against it. Another comber broke over it and most of the party leaped into the water. Some of them were dashed to death on the rocks of the Balboa jetty. The two boys are believed to have been caught in the boat. They were unable to swim and undoubtedly died under the capsized craft. As darkness fell search for the remaining victims was conducted by the Newport life saving crew, who flashed lights along the shore.

### LAMB COUNTY MAY EMPLOY A NURSE

Miss Mamie Lee Hayden, District agent and H. K. Short, Method Specialist, of the extension department of Texas A. & M. College arrived here Sunday and were met by Miss Marsh, local home demonstrator, who took them to Littlefield, where they were joined by Miss Dorothy Anderson, of the State Department of Health and Dr. Gorst, head of the State Health Department. They went to Olton Monday to meet with the commissioners court of Lamb county in an effort to secure a county nurse for that county. Miss Marsh returned to Lubbock Sunday afternoon.

### AN EIGHT-YEAR OLD GIRL MAY GET A CARNEGIE MEDAL

By United News. SAN ANTONIO, Texas, June 8.—Although Alma Cleve Mercer, 10, insists she "did not do anything wonderful," when she saved her unconscious playmate, 11 year old Harriet Edith Dale, by holding the latter's head above water in San Pedro Creek, steps are being taken in behalf of a Carnegie hero medal for the girl.

While the two were wading in the creek some boys began throwing rocks in their direction. One of the rocks hit Harriet on the head. She fell, bleeding and stunned into deeper water. Alma plunged after her companion and held the other child's head above water until their mothers hearing screams came to the rescue. Twenty minutes work with the injured girl was required to revive her.

### Anti-Klan Plank Is Defeated By The Republicans

International News Service. CLEVELAND, O., June 9.—The fight to insert an anti-klan plank in the Republican platform was definitely abandoned today by Mr. Creager, the delegate from Texas.

He admitted today that he was licked outright and that the sentiment is too strong against him on this issue.

The Republican party is inclined to "hands-off" on the klan proposition so far as party platforms is concerned.

Simeon O'Neal and Charlie Rush business men of Lamesa were here Sunday visiting relatives.

### Coolidge Will Favor Burton For Vice Presidency

International News Service. WASHINGTON, June 8.—While the Capital is deserted of its bustling collection of high pressure statesmen and politicians today, President Coolidge sat in the White House with his characteristic calmness, apparently oblivious of the approaching convention.

Of the great horde of material for vice-President, around which battle will wage, it is said that President Coolidge favors the almost obscure Dr. Leroy Burton, president of the Michigan University.

At Cleveland the leventh hour attempt to get Frank O. Lowden former governor of Illinois to reconsider his determination not to be the running mate to Coolidge, is underway.

For information, correspond with J. B. Hearrell or J. D. Johnson

### BERT POLLARD IS DROWNED IN KATY LAKE

FORT WORTH, June 8. (UN)—Bert Pollard, of the Pollard Stationery and Supply company here, was drowned early Sunday while fishing in the Katy Lake near here.

George Henderson, Lake keeper who saw Pollard go under and rushed to his assistance, said Pollard had been fishing along the edge of the lake. He was wading along the banks and according to Henderson, probably stepped into a deep hole and was weighed down by the hip boots he was wearing.

#### NEGRO EMPLOYEE MADE HAUL ON CASHIER

DALLAS.—The cashier at a Dallas cafe was in a hurry when I. Davidson, negro employe, came to the desk and announced he had a draw slip for \$40. The cash-

ier gave Davidson the \$40; he left read, it authorized the drawing of and later, when the draw slip was forty cents.

Of Interest **Society** To Women

**METHODIST S. S. IS BUSY AT WORK**

"All departments of the Methodist Sunday school are busy," said Jas. L. Dow, superintendent of the school Monday. "More than five hundred attended Sunday even if it was steaming hot, and an epidemic of Summer sleepiness is on in this city."

"Every department and every class is working. The men's classes have decided that instead of a vacation this summer they will make a special effort to build up their attendance, and get in some good work while the weather is warm. Every adult class in the Sunday school is taking on new growth, and are adding new pupils to their enrollment."

"We were pleased to have many visitors with us Sunday," stated the superintendent.

"The Hamilton orchestra is an attractive feature in the Sunday School and is developing into one of the best musical organizations of the kind in the city. Several new instruments were added last Sunday and the musical program of the Sunday school is receiving more attention now than it ever did before."

"We are especially anxious that the members of the Sunday school be prompt each Sunday, and invite all visitors to be at the church at 9:30 which is the time the services begin."

"We appreciate your presence and want you to feel welcome."

"Traveling men are especially invited and urged to come. We have a class for them no matter what your age may be."

**J. L. WITT WEDS A GAINESVILLE GIRL**

J. L. Witt, president of the Lubbock Business College, returned Sunday from Gainesville, and with him was his bride who was before her marriage Tuesday, Miss Nedra Paul of that city.

Mr. Witt is one of Lubbock's most progressive young business men and has many friends in Lub-

bock since coming here about a year ago, who extend to him congratulations.

Mr. and Mrs. Witt will reside in their home on Avenue S, and Fifteenth street.

**LOCAL RED CROSS WORKER RETURNS FROM CONVENTION**

Miss Mae Murfee, local Red Cross Secretary returned Monday from St. Louis where she went to deliver an address before the Southwestern Division Conference of the American Red Cross Representatives Meeting in that city.

Miss Murfee reported the country from Lubbock to Kansas City one beautiful field of grain, and that every where one meets the prophecy that this will be a great year in West Texas.

Much appreciation of the work being done by the Lubbock Red Cross chapter was expressed at Division headquarters.

**Prominent Couple Were Married Saturday**

A wedding of much interest was solemnized Saturday afternoon at four o'clock, when Miss Rosa Mae Jones, daughter of Mr. and Mrs. A. B. Jones, prominent people of the Center community, became the bride of Emmitt B. Burford of Idalou, at the home of the Bride's parents.

The home was adorned with a profusion of pink roses, making a

pretty setting for the improvised altar of roses, beneath which the couple stood while the ring ceremony was said by Elder Liff Sanders.

The bride was attractively gowned in modish cocoa georgette with elaborate trimmings of gold lace and old rose ribbon and hat to match, she carried a bouquet of carnations, while Miss Beara Cone maid of honor was charmingly dressed and carried a bouquet of white carnations. George Burns of Lubbock acted as best man.

After the nuptial ceremony the wedding party was ushered to the dining room, where placed directly in the center of the table was a large wedding cake, topped with a miniature bride, dressed in white satin and holding a bride's bouquet around the cake an array of pink roses were banked, making a very pretty scene. The bride presided over the cutting of the cake and the immediate family and friends in attendance were served.

The couple left immediately after the ceremony for an automobile trip to Canyon, Amarillo and points of interest in New Mexico. They will return after about ten days and will make their home at Idalou. Mrs. Burford was teacher of Spanish in the Idalou school the past term and her many friends there will be glad to know that she will make her home among them permanently.

**Personals**

Misses Maggie and Ann Mallard were guests at the Jones-Burford wedding, in the Center community Saturday.

Mrs. Harry Hall left Sunday for Odessa where she will visit her sister, Mrs. J. E. Witcher for several days.

Mrs. W. D. Armstrong and daughter Miss Alina, were here Monday from the North Spade ranch.

Miss Aca Shipman of Littlefield, was here Monday shopping.

Mrs. G. Abbott and children,

left Sunday for Midland where they will visit the former's sister, Mrs. A. B. Stickney.

Miss Nell Pearson and Clara Bohannon, who have been the guests of Miss Dimple Rhea, in the home of Mr. and Mrs. Ed Wilson, left Monday for their home at Sparta, Tennessee. They were accompanied on their return by Miss Rhea and her brother, Stanton Rhea, who will visit their mother. Miss Rhea will return in the fall to C. I. A. at Denton and Mr. Rhea will return the first of July to resume his work with the Lubbock Tailoring Company.

C. C. Hatley and family of Mangum, Oklahoma, are here visiting the former's grandparents Mr. and Mrs. C. W. Mallard, of 1802 Avenue M.

### LUBBOCK'S BAND NOW HAS 20 MEMBERS

R. Borden, who is helping Rolley Brown in the organization of a band for Lubbock stated Monday that there were twenty musicians present at the regular meeting at the armory building Sunday afternoon at two o'clock, and that some splendid headway was made toward whipping the organization into shape for band work.

The need for more cornet players was keenly felt, according to Mr. Borden, who is making every effort to locate musicians who can take this part.

The musicians are proving themselves capable of putting over a good band for Lubbock, and the business men will in all probability be called upon for financial support of it within the near future, as it has reached a point that it is deserving of their assistance. It is impossible for Lubbock or any town to entertain even the slightest idea of having a good band without backing it financially, a member of the new organization who is interested only in the development of Lubbock and who is giving sparsely of his time to attend the practice meetings when called by the directors, stated Tuesday.

### Fragrant, Tempting Hot Cakes!

IS THERE anything that men folks like better? And they seem to be particularly popular when you make them with Mrs. Tucker's Shortening. Mrs. Tucker's is made exclusively of choice cotton seed oil, and makes all hot breads tender and delicious.

Use Mrs. Tucker's, too, to grease the griddle for hot cakes or waffles—for it heats slowly, baking the cakes to a tempting, even brown.

Mrs. Tucker's is made right here in the South. It comes to you always fresh. You will like it for all cooking purposes, for it imparts the richness of butter at an economical cost.

You'll like the air-tight, sanitary, easy-opening container for

one in charge of the circulation department it is more than likely that errors have been made in giving you proper credit on your circulation card. We trust that, if such is the case, you will call our attention to same, so that the correction can be made at once.

Those knowing themselves to be in arrears or having wrong credit on their subscription are requested to call at the circulation desk at once and assist us in getting the list properly credited up. We not only want (but shall see to it) you get your paper the length of time paid for but that your subscription card has the proper credit placed on same.

It will only be a matter of a few weeks at most until our new press will be in operation and then there will be no need of late deliveries of your paper. You have been very patient with us regarding late delivery of your morning and evening papers and we assure you that same is greatly appreciated by this department.

Yours truly,  
CIRCULATION DEPT.

W. T. Cunningham and son of Baileyboro, were here Monday. Mr. Cunningham came down to buy some cotton seed. He stated that he would have to plant his entire cotton acreage over on account of the first planting having been destroyed by a bug, that invaded that section and destroyed many hundreds of acres of crops in that part of the country.

### AL SMITH FOR LIGHT WINE AND BEER

NEW YORK, June 8.—Gov. Al Smith, following statements by leaders of his campaign which tendered his public stand on the prohibition question somewhat ambiguous, has sought to erase all doubt on the subject in an open letter in which he definitely declares for light wine and beer.

The governor also assailed the Ku Klux Klan.

Although one of the two leading candidates for the Democratic presidential nomination, Smith carefully refrains from linking his statement with his candidacy and says nothing to disprove the assertion of his managers that he will refuse to lead a fight for a "wet" plank in the Democratic platform, but it will be easy for any ardent dry or through-going wet to imagine a message to congress along the same general lines in case the governor should become a president.

First he would have Congress fix a new and higher legal alcoholic content for beverages; second, he would call each state to determine whether it wants absolute prohibition or beverages of such alcoholic content, and third, he would strengthen federal laws en-

forcement so as to put the "hard liquor bootlegger" out of business.

### LUBBOCK COUNTY MAN WINS OLD FIDDLERS CONTEST PRIZE

W. T. Graves well known Lubbock county man, was awarded the first prize and received \$10 for winning first place in the Old Fiddlers contest that was a feature of the Crosbyton picnic which was staged at Silver Lake Falls Friday and Saturday.

Mr. Graves is well known throughout the south plains, having won several first prizes at fiddler's contests, a recent one having been won at the Lindsey Theatre when he was accorded almost unanimous approval of the audience for first place.

# WOMEN ARE HELD HELPLESS AT CONVENTION

By MAXINE DAVIS  
(Written for the UN)  
CLEVELAND, Ohio, June 9.—Resentment is rife among the women.

Fair politicians drift about Cleveland in their capacity as delegates to the national convention aggravated by the placid situation and helpless to comment or protest.

For they have nothing to do. They have come to the gathering, holding in their hands more power, and massed in greater numbers than ever women were before, only to find no use for it. The convention is all planned; the situation cut, dried and colorless; nobody has anything to do and nobody knows anything about it.

To quote Mrs. Medill McCormick of Chicago:

"They have steam rolled the whole thing nicely. Those who are going to be elected have everything to say about the convention and appointment and activities and those who are elected and hold party office have nothing to say and can only tolerate it and then go back home and work for the campaign."

The women came to Cleveland with definite political ideas and demands. They wanted policies. And they are getting a little job here and their at the discretion of the Coolidge headquarters. And then the majority are engaged because the old leaders among the women are not consulted. They are being cheated out of the intrigue and influence which they considered their due.

Their resentment flared at William M. Butler's recommendation that Mrs. Alvin T. Hert take the place as leader of the G. O. P. made vacant by the retirement of Mrs. Harriet Taylor Upton. Opposition does not take the form of personal objection to the Kentucky woman, but to the fact that Butler, not yet chairman of the National Committee, would appoint a woman to office without referring to the other women leaders of the country.

"Nobody knows anything but Mrs. Hert," said Mrs. McCormick bitterly. "The only chance the women have had to engage in any activity whatever occurred Monday night when they were able to vote in their state delegations for committee members and certainly national committee members. And that is comparatively tame. What are the women going to do about it all. Nothing. They are helpless."

## TEXTILE MILLS MAY BE LOCATED HERE

(Continued From Page 1.)

development of the textile industry in Texas and especially in West Texas.

L. W. Roberts, Jr., of Atlanta, Georgia, president of Robert & Company, textile engineers, and who is a consulting engineer for the board of architects for the Technological college and who is a member of the board of managers of the Georgia Tech and a recognized textile mill man of the south, is a member of the board of directors of the Textile Mills and is interested in its operation in Texas.

It is the consensus of opinion among local business men that to have this powerful and resourceful company become interested in Lubbock and this immediate section, insofar as the development of the textile industry is concerned, would be to invite an area of development and prosperity here that would have far reaching effects in establishing Lubbock's permanent hold upon West Texas as the logical industrial center.

The meeting this afternoon is to probably be one of the most important ones that has been here in

some time, and may have some bearing upon the future not only of Lubbock but the entire south plains country.

## LAMESA LOSS OVER MILLION DOLLARS

(Continued from page 1)

alley. Only the rear ends of these buildings were touched by the flames, and the walls remained almost intact.

Already plans are under way by several of the firms destroyed to rebuild immediately with bigger and better buildings, and workers will be put on the job possibly within the next few days removing the debris and preparing for the work of reconstruction.

Carrying out the true spirit of the west—the spirit of progress and advancement—the local people, although naturally blue to a certain extent, are bending their efforts with renewed energy to a bigger and greater Lamesa, and in compliment to the many thousands who thronged the streets of the city throughout Sunday, displayed their welcome signs, and staged a band concert in the late afternoon on the courthouse square.

## Local Boys Return Sunday

Chief Twitty, of the Lubbock Fire Department, accompanied by Ohlen Franklin, M. Long and Joe Wolfarth, returned to Lubbock Sunday morning at nine o'clock after having gone to Lamesa with Truck No. 2 of the department to help in battling the flames that destroyed a large portion of that city, and which wrought damage estimated according to Chief Twitty, at more than a million dollars. The truck was shipped back to Slaton, and was then driven to Lubbock.

## LEAGUERS OPEN SESSION MONDAY

More than seventy delegates have arrived in Lubbock Monday for the eighth annual session of the Northwest Texas Epworth League Conference. They represent more than twenty churches in the district and will be joined by at least five hundred other delegates who are arriving hourly.

The first session of the convention was held at the church last evening at 8:20 o'clock. Invocation was said by Rev. McMickin, the pastor, immediately following which the delegates were welcomed to the city by E. E. Hailey, one of the foremost leaders in league work in the district.

Rev. Orion W. Carter, conference president, of Stamford, responded.

Rev. E. E. Robinson delivered the keynote address following which the faculty for the conference was introduced.

The people of Lubbock are invited to attend all sessions, announcements of which can be found in each issue of the Lubbock Daily News. The attendance of the people of our city upon these sessions is just as important to their welfare as to the advancement of the Epworth League, and the able speakers who have been brought to Lubbock for the week should be given large hearing.

The first session today will

**WHO IS**

**SIMMONS** 438 OR 843-J?

**AMBULANCE LUNGMOTOR**

"SUPERIOR SERVICE"

be held at the church at 7:45 o'clock a. m. Devotions will be conducted by Rev. Kenneth Pope, of the Southern Methodist University of Dallas, who arrived in Lubbock Saturday and will remain through a part of the league convention.

## GOAL FOR LOCAL CHURCH SET AT \$12,000

At a meeting of the executive committee for the Presbyterian Educational campaign on Monday afternoon the goal or quota for the Lubbock church was set at \$12,000 and from the manner in which these people are going into the campaign, it is confidently expected that this goal will be reached in a very short time. The organization is making splendid progress and will be ready for the canvass which is to begin on Friday of this week. The women's organization under the leadership of Mrs. H. A. Davidson who is Dean of Women's Work, is making splendid progress and will be complete in a very short time. All of the professors have been selected, both men and women, and they are procuring their students and will be ready for the work. There will be a luncheon for these workers at 6:30 on Thursday evening of this week, at which time the final instructions will be given and it is earnestly hoped that every worker will be present at this meeting.

Another very interesting feature of the campaign is the work of the census committee under the direction of Mrs. S. L. Lightfoot. This will mean a list of all of the boys and girls of school age, or who will be ready for college within the next year or two, and is information that is sent to Dr. Sweet's office at Louisville so that he may keep in touch with prospective students for our church schools.

Dr. R. F. Gribble, of Austin, occupied the pulpit at both morning and evening service on Sunday and brought to this people a great message. His sermon on Sunday morn-

ing was along the line of Christian education, and was both impressive and instructive. Sunday evening his text was Luke 9:51, "He Steadfastly Set His Face to go to Jerusalem." Dr. Gribble is a very forceful speaker and made many friends while in the city. He was a classmate of the pastor, Rev. J. M. Lewis, both in Austin College and the Seminary, and was entertained by Mr. and Mrs. Lewis during his stay here.

## Going Out To-Night with That Pimple Showing

The boy or girl who has nothing to worry them about the way they look are so much more noticeable when compared to the shrinking and backwardness of the ones who are afraid to mingle in the fun because they know how unattractive they must look on account of their pimply, blotchy or rough, eczemic skin.

Their one friend is Black and White Ointment, if they will just use it faithfully, because it will get rid of all those ugly bumps and make their skin soft, smooth and lovely. Then, to keep it that way be sure to use Black and White Soap when you wash. They are both economically priced in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.

**TO THE PUBLIC:**  
This is to inform all people that I am not the Dr. R. W. Harkey who lives in Lubbock. I have lately moved to Idalou and have never lived in Lubbock. I am connected with life insurance company and also secretary of chamber of commerce and city secretary of City of Idalou.

I have practiced medicine in the past, but not for many years. For the past few days I have received all classes of mail seemingly the public thought the party at Lubbock had moved to Idalou. Please be guided by this notice in addressing your letters you will note the initials are the same.

Secretary Chamber of Commerce, Dr. R. W. HARKEY, Idalou, Texas. 1td-1tW

## GRAPELAND MAN WELL PLEASED WITH THE PLAINS

Dr. Sam Kennedy left Sunday for his home at Grapeland after having spent some time visiting with his friend, D. N. Leaverton, of Lubbock.

Mr. Leaverton and Dr. Kennedy returned to Lubbock last week after having spent some time on a fishing trip on Devils River, having been accompanied on the trip by Hugert Toler, of Sweetwater and J. E. Stowe, of Abilene. While visiting Mr. Leaverton at this place, Dr. Kennedy was taken on an automobile trip to Big

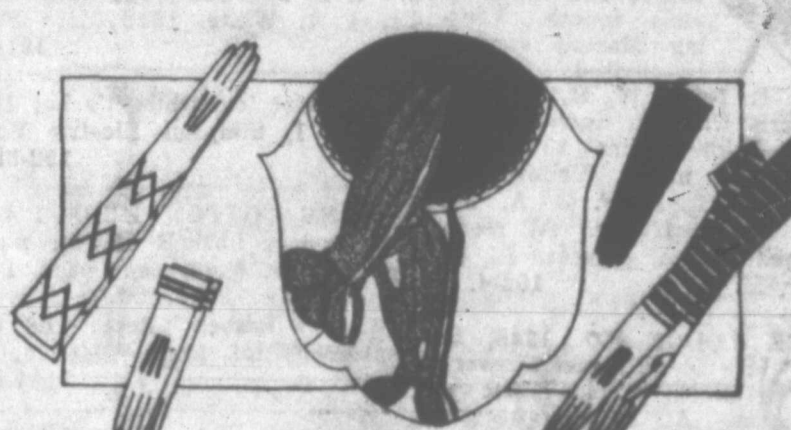

Spring, Lamesa, Colorado City, and other places of interest and expressed himself as being highly pleased with the country.

## MANY OFFICIALS TO ATTEND BRIDGE OPENING

By United News.  
WICHITA, Kans., June 9.—When the new bridge over the Canadian river on the Meridian highway, is opened on June 12, Governors from Kansas, Oklahoma and Texas will be in attendance, it was learned here Monday.

The bridge will be between Minco and Union City, Oklahoma.

Subscribe for the Avalanche.

## MURDER CHARGED TO NURSE IN HOSPITAL

Admits Gruesome Deed and Declares It Was Disgraceful to Let Condition Continue When It Was So Easy To Stop It.

"Certainly I killed them—all by myself, too," declared a pretty nurse when the superintendent found her pacing happily up and down the hospital halls.

"It's a disgrace to let roaches and water-bugs stay around a kitchen, or anywhere else for that matter, when Fly-Fin is so easy to get. It took me just five minutes to kill all insects around the place—and if any more come they will get it, too. Besides, Fly-Fin is a deodorant and keeps everything it touches sanitary."

Fly-Fin is deadly destruction to every insect or bug. Spray Fly-Fin around the premises—it kills them all. Flies, roaches, water-bugs, ants, bees, mosquitoes and bugs and life that infest flowers

and plants all fall quick victims to the effects of Fly-Fin.

Yet Fly-Fin is absolutely harmless to humans—cannot stain or leave unpleasant odor—and it will not injure vegetation. Substitutes can't and won't do the work, but genuine Fly-Fin cannot fail if you use it according to directions.

A large bottle of Fly-Fin only costs 50c with the handy sprayer free. Get it from your druggist, grocer or general store. Be sure it's Fly-Fin.
