BONUS PAYMENT MUDDLE CLEARS

PAY OF CLERKS ADJUSTED BY BUDGET DIRECTOR AND PAYMENTS BE MADE ON REGULAR SCHEDULE

By THOMAS L. STOKES (UN Staff Correspondent)

WASHINGTON, June 10.—President Coolidge has turned thumbs down on an extra session of congress as the bonus muddle clears up and the other dilemmas created by congress when it rushed away in a hurry gradually are being adjusted. Threatened delay of six months or more in payment of the bonus has been averted. Arrangements were made Tuesday by director Lord of the budget, to pay the clerks who will administer it out of unexpended and current funds appropriated for other purposes. The work will go forward immediately as planned.

Other troubles began to clear up except the income tax tangle. No solution has been found for this complication and those who paid all their taxes in a lump sum on March 15,—numbering a million—likely will have to wait until congress returns in December before they can get the refund of 25 per cent allowed under the new law. Funds for administration of the bonus and for tax refunds were in the deficiency appropriation bill which failed in the last minute jam in the senate. As the situation began to clear up, word came from the white house that the president does not intend to call an extra session of congress.

Extra Session Refused
Numerous demands had been made that congress be called back. Stronger than these demands that congress come back to untangle natural business are those from Progressives and insurgents, who want congress to return for enactment of farm and railroad legislation. Some of these saw in the dilemma a lever to get congress back. Coolidge does not intend to let this happen. The solution of the bonus difficulty came Tuesday as a result of a series of conferences between President Coolidge and various officials. It appeared at first that the payments, beginning next March, might be held up for six months, or more beyond that time because of lack of funds to pay the 4,000 clerks who will make out all preliminary papers and handle records and claims.

Work Begins This Week
The work will go ahead speedily getting under way by the end of this week, assistant Secretary of War David announced Tuesday. In discussing the other omissions of congress, a white house spokesman declared President Coolidge does not believe that failure of the naval construction and the modernization bill will affect his plan to call another limitation of armament conference as had been expected by some who had been pushing the legislation appropriating \$150,000,000.

The president has directed Secretary of the Interior Work to do everything possible to assist those affected by failure of the reclamation bill.

ONE KILLED, TWO HURT AS TRAIN HITS AUTO

MULESHOE, Texas, June 10.—L. Bucy, farmer or near Hurley, is dead and Caraway, fuel inspector for the Slaton Division of the Santa Fe and Road Foreman Owens are in a Clovis hospital seriously but not dangerously injured as a result of an accident that occurred at the crossing at Hurley near here at 2 o'clock Tuesday afternoon when a Ford car was run over by a fast west bound fruit train. Bucy was killed instantly and his body was badly mangled by the impact of the engine. The trainmen were rushed to the hospital at Clovis, N. M., where immediate attention was given their injuries and reports are to the effect that they will both recover. This is the third accident to occur at Hurley during the past year in each of which one or more lives were lost.

DRAGNET SPREAD FOR ATTACKER OF GIRLS

SAN FRANCISCO, Calif., June 10.—Although refusing to make public details and names, police Tuesday night in announcing the spreading of a city wide dragnet revealed that in the last seven months a fiendish degenerate has attacked more than 100 San Francisco girls and has successfully eluded all plans to capture him.

Pursuing his criminal paths in rented automobiles and constantly changing his scene of operations, the man has baffled the police in their efforts to apprehend him and has continued with his deeds.

His victims, all between the ages of 5 and 12, it is said report that they were enticed into his automobile with candy and then hurried away to secluded places where the attacks were made.

Feeling is high in an outlying district where the latest attack was reported Monday.

DARING HOLD UP STAGED NEAR HOUSTON

HOUSTON, Texas, June 10.—In a daring daylight highway robbery three white men took \$70 from H. B. Belt, Tuesday afternoon just outside of the city limits on the Humble road.

Belt was returning from Humble He was driving his roadster. Three men in a touring car drove up from his rear and one of them stepped from the running board of the bandit car to the roadster, while both were in motion.

Following the robbery, the men hastily climbed into their car and sped toward Houston. Police are searching for them.

YOUTH ARRESTED AFTER BOND DEPOSIT

MORGAN CITY, La., June 10.—William Learsch, 22, New York bank messenger, was arrested here Tuesday after entering a bank here and depositing \$45,000 worth of bonds for safekeeping.

Learsch said he was kidnapped by bandits in New York shortly after he had delivered \$220,000 worth of bonds and was returning to the bank when he was seized upon. Telling the bandits the bonds were not negotiable, Learsch says they were returned to him.

He says he was brought here by his kidnapers in an automobile.

Veteran Postmaster Retires.

BRONTE, Coke County, Texas, June 10.—After serving as postmaster of Bronte for the past 24 years, W. L. Hayley, democrat, is retiring. M. M. Boyton, republican deputy internal revenue collector, San Antonio, will take over the office.

WEATHER
WEST TEXAS: Partly cloudy tonight and Wednesday

TESTIMONY IN HALSEY CASE CONTINUES

ROSWELL, N. M., June 10.—The state was still introducing testimony Tuesday in the trial of Mrs. Nannie D. Halsey, Luther Foster and William Archer, jointly charged with the murder of Fred G. Halsey, the Woman's husband. A large number of witnesses are yet to testify and the case is expected to consume the balance of this week.

Clabe Kyle and Noel Burton gave the sensational testimony of the trial. Kyle testified that Luther Foster met him on the Lakewood road in February and said he would be paid \$2,500 if he shot Halsey and if it appeared accidental Foster said he would give him \$5,000.

Burton testified that Foster told him that a man had married an old sweetheart of his and "was working her too hard" and "some easy money could be made by getting this man out of the way."

Walter McGonigal, of Carlsbad, New Mexico, testified that Foster had approached him and offered him \$2,500 to kill Halsey; McGonigal also testified that Foster told him that when Halsey was out of the way, he expected to marry Mrs. Halsey and get control of the Halsey ranch property, and that "he would kill Halsey himself if he could get no one else to do it" and said he would do it anyway only he would be suspected.

SHIP SEIZED BY MEXICO IS RELEASED

GALVESTON, June 10.—The crew of the Nicaraguan motorship Whipple which was seized Mexican federal authorities and taken to Vera Cruz where the men were placed under arrest on a charge of "mixing with the rebels," has been released according to word received here through Mrs. A. Meulen, wife of the chief engineer.

The crew is in Vera Cruz waiting disposition of the Whipple. Release of the vessel is being taken up through the war department.

Fighting is still in progress around Frontera where the Whipple was seized and the outcome is doubtful.

WICHITA FALLS MAN HURT BY VOLLEY FROM SPEEDING AUTOMOBILE

WICHITA FALLS, Texas, June 10.—John Nickle is suffering from bullet wounds though his condition is not considered serious, received as he stood in a doorway in the business section Tuesday morning. The bullets were fired from a speeding automobile.

Five bullets were fired, two striking Nickle and three going wild and narrowly missing bystanders. Charges of assault with intent to murder were filed against S. H. Willis in connection with the shooting.

TRUCK DRIVER KILLED ON STREETS OF GILMER

GILMER, Texas, June 10.—T. L. Berry, was instantly killed here when a truck he was driving collided with another truck on a main street here Tuesday afternoon. Berry's truck turned over hurling him to the pavement. The driver of the other truck was unhurt.

JAPS BOYCOTT U. S. PICTURES

BILL BECOMES EFFECTIVE ON SAME DATE AS EXCLUSION LAW

WASHINGTON, June 10.—A boycott against American moving pictures has been declared by distributors and exhibitors in Eastern Japan, to become effective July 1, when the new immigration law becomes operative, according to reports from the American naval attaché at Tokyo to the navy department.

The action, it was said, was due to intimidation by anti-American agitators and the movement is expected to spread to the entire empire.

Reports that a treaty is being drawn up between the United States and Japan to supplant the immigration law were denied emphatically at the state department Tuesday. The answer to Japan's protest against the immigration law virtually is completed and will be presented shortly to Ambassador Hanahara by the state department.

FARMER KILLED IN ARGUMENT OVER ROAD

OVERBROOK, Kans., June 10.—An argument over road construction brought death to Henry Hupp 30 a farmer near here Tuesday.

Frank Hardisty a neighbor of Hupp was taken to the county jail at Lyndon, where he will be held pending an investigation of the shooting.

According to information obtained by police, Hupp, who is township road overseer, was preparing to execute the orders of the County Commissioners to remove three crossings from the road into Hardisty's field.

Hardisty is said to have met the workers with a shotgun. In the shooting that followed Hupp was killed.

FOUR PRISONERS AT LARGE IN TARRANT

FORT WORTH, Texas, June 10.—Every available county and city officer continued the search Tuesday night for the remaining four prisoners still at large after their sensational escape from the Tarrant County jail early Tuesday morning.

Jack Haley and Walter Hale, two of the escaped prisoners were captured by detectives after ten hours of freedom.

According to Haley and Hale, W. H. Harkins engineered the daring break, telling them of his plans Monday morning and inviting them to join with him and the others. Six prisoners escaped.

HUNTED NEGRO SPENT NIGHT IN HEARSE

SHERMAN, Texas, June 10.—Detectives on the trail of a negro wanted in Dallas for the shooting of another negro discovered that their quarry spent Sunday night sleeping in a hearse in an undertaking establishment here. However, they are anxious to know where he is spending the nights now.

LAMESA IS GRATEFUL TO LOCAL FIREMEN

Lamesa, Texas, June 10, 1924.
Lubbock Fire Department, Lubbock, Texas:
Lamesa is indebted to you for your very valuable and willing service rendered in fighting the fire that swept our town. The chamber of Commerce expresses appreciation for the citizenship.
C. T. WATSON, Secretary.

BORAH REFUSES NOMINATION BY G. O. P.

WASHINGTON, June 10.—Senator Borah, of Idaho, has wired the Idaho delegation at the Cleveland convention his final and positive instructions to withdraw his name as a republican vice presidential candidate.

At a conference with President Coolidge, Borah urged former Senator Kenyon of Iowa for the nomination.

"If my name is presented to the convention please ask the delegation to promptly withdraw same and positively decline for me," Borah wired to John W. Hart, national committeeman from Idaho.

"Make no mistake about this."

E. P. S. W. MERGER WITH S. P. IS ASKED

NEW YORK, June 10.—Representatives of the El Paso South Western Railway and the Southern Pacific railroad have informally asked the Interstate Commerce Commission to sanction an exchange of securities between the railroads whereby the ownership of the former would pass to the Southern Pacific.

Under the present plans, should the transaction receive the approval of the commission and should the Southern Pacific be allowed to increase its capital stock, there will be no cash transaction as the present owners of the El Paso Southwestern merely become stockholders in the larger merged system.

The amount involved is said to be in the neighborhood of \$80,000,000.

G.O.P. WOMEN WIN IN FIGHT FOR EQUAL RIGHT

CLEVELAND, Ohio, June 10.—Republican women have won equal representation on their party's national committee. The ruled committee of the convention agreed to the proposal Tuesday and it will be reported on favorable Wednesday.

This victory marks the end of a long struggle on the part of republican women to secure a definite position on the party.

According to the new ruling there will be a committee woman and a committee man from each state instead of one committee member as heretofore. The membership in the national committee will thus be doubled and each individual will have one vote.

LEAGUERS OPEN SECOND DAY OF THE CONVENTION

MANY PROMINENT MEN HERE TO ADDRESS YOUNG PEOPLE

The second day of the eighth annual session of the Northwest Texas Epworth League Convention was a most eventful one and a great deal of pep on the part of all delegations from the various leagues in the country was shown.

The delegates have gotten down to real work in the various departments, note books have been used at all lectures excepting the devotional services conducted by Rev. Kenneth Pope, and all indications are that the convention is proving valuable to each and every delegate present.

It was pointed out by the leader in Tuesday morning's program that it is necessary for each delegate to take up only one line of study in order to receive full credit for attendance at the classes.

The principal feature of Tuesday's morning session was the lecture delivered by Rev. Ansil Lynn, brother of Rev. C. E. Lynn, of Lubbock, and who is a returned missionary from Africa.

Lunch was served all delegates at the church basement. Several delegations arrived during the day and attendance was said to be bigger than at any previous convention.

More than two hundred of the delegates participated in a street parade at four o'clock in the afternoon, which was a most attractive feature of the afternoon's program.

The evening session was well attended by both the visiting delegates and by local people, the program having been very attractive and interesting.

The principal address of the evening was delivered by Dr. P. W. Horn, president of the Texas Theological College.

COTTON SUFFERS FOR CHOPPERS IN HUDSPETH

EL PASO, Texas, June 10.—Cotton crops in the upper El Paso Valley and Hudspeth county will suffer a heavy loss, unless a large number of cotton choppers are immediately available, according to A. P. Coles, president of the El Paso Cotton Mill company, who has just made a visit to the section. Mr. Coles estimates that 5,000 choppers are needed.

Cotton growers blame the field hand shortage on county river control construction work and complain of the activities of immigration officials who have been visiting the fields and capturing alien Mexicans, who cross the Rio Grande to work in the cotton fields.

Just Folks

by Edgar A. Guest

THE PRICE OF KNOWLEDGE
A college is a market place
With desk and counter, chair and case,
Where teachers grave and teachers wise
Display their wares to youthful eyes,
And sell their bits of truth precise
To all who'll come and pay the price.
Yet some are idle shoppers there;
They fondle treasures old and rare
And pass along and fail to buy
Thinking the cost is much too high
Some for the cheaper bargains look
Hoping to snatch from many a book
Its store of knowledge or of wit,
Without the toll of reading it.

Whenever I'm in a college town
And walk in campus up and down
It seems to me that I can hear
The tradesmen's voices ringing clear.
"Take this!" some wise professor cries;
"Here's conquest for the lad who buys!
Here's power for all you'll dare to do,
Work hard and 'twill belong to you."
But there are some who lag along
And some there are who think him wrong,
And some with curious minds believe
That they can cheat and still achieve;
But wisdom falls each sharp device,
Who wants it must pay the price.

CLUB WOMEN WOULD STUDY SEX HYGIENE

By United Press
LOS ANGELES, Cal., June 10.—The General Federation of Women's Clubs, in session here, today took up the question of sex education. The standing committee presented the following resolutions:

Resolution No. 1
"Whereas, all the students of the problems involved in Social Hygiene are practically unanimous in the opinion that sex education is the surest and most constructive means not only of preventing venereal disease, but also of bringing about a higher and nobler relationship between men and women, greater happiness in married life, and the building up of a finer race of men and women;

"Whereas, the General Federation was one of the pioneer organizations that recognized the value and need of the social hygiene and whose work has always been considered by the Federal and State authorities as one of the greatest contributions to nation-wide work;

"Be it resolved: That the General Federation of Women's Clubs put itself on record as strongly favoring sex education, and
"Be it further resolved: That special study groups be formed in respective states for the study of this subject."

Resolution Number 2.
"Whereas, all modern criminologists, psychologists, and the public health leaders feel that sex delinquency is one of our most important health and moral problems and

"Whereas, the old idea of punishing the sex delinquents is now giving place to the newer and saner attitude of, first, the punishing of all supporting the vice system, and second the provision of proper social treatment for the sex offender;

"Be it resolved: That the General Federation of Women's Clubs put itself on record as strongly urging the interest of all women in the study of these problems, and the newer methods of dealing with youth."
(Signed) Dr. Rachelle Yarrass, Chairman Social Hygiene, Chicago, Ill.

BRITISH TEST AUTOMATIC AIRSHIP LANDING DEVICE

International News Service.
LONDON, June 10.—Tests are being made by the British Air Ministry with an automatic device to enable aeroplanes to land at a much slower speed than is possible at present.
Recent inventions, like the "slot wing" and the "flap," have both attained this objective up to a point but both these depend upon the pilot for their operation.
The new device is said to be

automatic, consisting of a hinged plane along the trailing edge of the planes, held down by a spring. As the speed increases the force of the air causes the flap to automatically come up level and form a line with the rest of the wing.
When the machine slows down to land the trailing edge comes down and presents an increased wing curve, thus enabling the machine to land more slowly.

SHAKESPEAR'S STREAM IS RIVER OF DEATH NOW

International News Service.
LONDON, June 10.—The river Avon, beloved of Shakespear and immortalized in his writings, has become a river of death. It still flows gently between wooded banks and through peaceful meadows, but it has become a martyr to the industrial development of England.

Pollution of the river by sewerage from the industrial city of Coventry is responsible for what was once one of the most delightful streams in England becoming an evil-smelling river.

At one time the Avon was a favorite resort for anglers and it teemed with fish. For more than two years no fish have been caught. Where water lilies used to bloom in profusion there are no flowers now. Boughs of trees that have leaned down to touch the waters have died.

Efforts have been made to induce the city of Coventry to make other arrangements for its sewerage disposal.

Ladies be sure to see the demonstration at Conley's. 193-1p.

FIVE THOUSAND MAY ATTEND SINGING

Special to the Avalanche.
CANYON, Texas, June 10.—An attendance of around 5,000 persons is expected at the annual Plateau Singing Convention here Saturday and Sunday. Registration of this body, the largest on the Plains, reached 3,500 last year and it is expected this mark will be exceeded by nearly 50 per cent.

One of the special features of the gathering will be the great barbecue Sunday noon, at which preparations are being made to feed from 3,000 to 4,000 persons. Nearly a dozen hives have been donated and are ready to be slaughtered for the big event. A mountain of bread, wash-boilers of coffee and regiments of pickles will make up the remainder of the spread, which will take place in Hale's Park, just North of the Santa Fe station.

The delegates and visitors will come from 46 counties of the Panhandle-Plains territory, by automobile, truck, wagon and hack, besides a large quota coming by train. Those coming overland will bring camping equipment, as a rule, and a canvas of the town is being made to provide accommodations for the remainder of the great crowd.

Registration will begin at 8:30 Saturday in the auditorium of West Texas State Teachers College, where the general sessions will be

held. Rev. Lynn Claybrook, pastor of First Baptist Church, will pronounce the invocation; Louis F. Hart, manager of the Chamber of Commerce, will make the address of welcome and R. M. Morgan will make the response. J. A. Hill, president of the college, will deliver an address at the Saturday afternoon session on "The Key."
Leading music publishers of the Southwest will send quartets to

the convention and these will be given a prominent place on the program, which includes more than 70 musical numbers. In closing the heads of all the county organizations will unite to lead in singing "Till We Meet Again."
John F. Taylor of Clovis is president of the Plateau organization and J. L. Lovvern and Miss Edith Gibson, both of Canyon, are presi-

dent and secretary, respectively, of the Randall county body.

With this year almost half gone many of us are feeling much further gone than that.

LAESSEN'S WORKS AMONG BOOKS IN LIBRARY

The Lubbock Public Library, now has more than twenty-five hundred books listed and among the most interesting and popular publications are those received Monday.

One of unusual notice is, "The Philosopher's Stone," by J. Anker Lassen. This is the novel to which was awarded the fabulous Gylden-dal prize of 70,000 kroner (roughly \$14,000) for the best book offered by a Dane or a Norwegian in a great competition. The philosopher's Stone has already been or is being translated into six other languages and Edwin Bjorkman in the International Review, has said: "It should call forth the same response in this country as was granted Hamsun's Growth of the Soil."

Other books of the list are: Mirrows at Washington, author not given; Life of Woodrow Wilson by Josephus Daniels; Told by an Idiot, by Rose Macaulay; Diet and Health, by Lala Hunt Peters; The Old Maid, by Edith Wharton; Rec-

ompense, by Robert Keable; Jo Ellen, by Black; Trail of the White Mule; Voice of Johnny Water and Range Dwellers, by Bowers, Girl's books—The Girl of the Golden West, by Balasco; Campfire Girls at School, and Campfire Girls Go Motoring, by Gray Frey; Elsie's Children and Elsie's Widowhood, by Martha Fenley; Triumph of Virginia Dale, by Frances and Gold Girl by Hendrix.

Personals

The family of J. Lee Tarpey of Leonard is visiting at the home of J. L. Hall on Avenue B, while Mr. Tarpey is filling some speaking dates in Lubbock county. Mrs. Tarpey is a sister to Mrs. Hall.

Mr. and Mrs. I. F. Holland accompanied by Mr. and Mrs. W. E. Corley, attended the picnic at Crosbyton Saturday.

Mrs. Roscoe Wilson left Tuesday for El Paso, where she will spend several days visiting friends and relatives.

Misses Buelah Cleveland and Joe Noah, returned last week from Abilene, where they have been attending Simmons College.

H. E. Key, Jr., of Vernon and J. R. Self, of Crowell, who have been the guests of Clarence Wilhelm and Miss Laura Wilhelm, returned to their homes Monday.

Miss Lucille Robinson is spending the week in Cisco, visiting homefolks.

PIPE ORGAN STILL GOOD AFTER 116 YEARS' USE

International News Service. MECHANICSBURG, Pa., June 10.—The second pipe organ to be built in America, in 1807, is still

in use, and, according to church records has never been repaired.

This organ is installed in Old Peace Church, built near here in 1789. The church, one of the oldest in the country, for fifty years was used as a school house on week days and a church on Sunday.

The organ was purchased from Conrad Doll, an organ builder who lived in Lancaster. The keys were made of wood, and the instrument had six stops. When completed the instrument had 300 pipes.

EMPLOYMENT OF CO. NURSE IS POSTPONED

The members of the Lubbock county commissioners' court elected to vote upon whether or not they will employ a county nurse at the regular session Tuesday of next week, when that matter was put up for their consideration Tuesday afternoon.

The commissioners were met by Miss Dorothy Anderson and Dr. Garst, representatives of the State Department of Health, together with members of the Lubbock County Federation of Womens Clubs among

whom was the president, Mrs. W. L. Baugh.

Supt. M. M. Dupre, of the Lubbock City Schools, also served on the committee that petitioned the court to establish a public health nurse in the county.

The decision of the court to wait until Tuesday to vote upon the matter was said to have been made because of the fact that some of the members wished to look further into the matter before rejecting or accepting it.

The need of employing a public health nurse in the county was pointed out to the commissioners by the department representatives as well as members of the committee from the Federation of Women's Clubs.

CLEVELAND MAN ELECTED HEAD OF RULES COMMITTEE

CLEVELAND, Ohio, June 10.—In the first upset of convention organization plan Paul Howland, a Cleveland attorney, who defended former attorney general, Daugherty before the senate investigating committee, was elected chairman of the rules late Tuesday.

Senator Ernest of Kentucky has been chosen for the post by the Coolidge managers but he failed to appear at the opening of the committee's first meeting and Howland was selected in his place.

EVERY CITIZEN HAS A PART IN TWO BIG PARTIES THIS WEEK.

Life in Lubbock is one continual round of conventions, big parties and civic responsibilities. That is the obligation that comes with recognition of being an outstanding leader in cities of any state or section. The West Texas Dental Association closed a most interesting meeting Saturday night. The Northwest Texas League Convention opened Monday. The South Plains Boys and Girls Clubs will open a special convention and stock judging school here Wednesday morning. The Plainview-Kiwanis Club and Elks Clubs will be here Thursday for the noon, afternoon and evening. The Traveling men of the Southwest will start to arrive Saturday morning—and on it goes. Out of one thing into seven others and never a chance to catch up.

Of course Lubbock, as a city, has outgrown the size of having every business and professional man in town to attend each session of these various conventions. There was no need for a large local attendance of businessmen at the sessions of the Dental Society. The same thing is true of the Epworth League session. But it is very necessary and important that every citizen in Lubbock should exert himself just a little between time in making our visitors feel at home outside of their formal sessions.

Every day this week there will be visitors on the streets wearing ribbons. They are from Texline from Brownwood, from Angelo, from Wichita and intermediate cities. Step up to them, introduce yourself, tell them how glad you are that they are here, give them some idea of Lubbock's growth, and Lubbock's ambition to prove worthy of the Great Tech College that has been located here by co-operating unselfishly with all of the towns in West Texas for the good of the entire section. In short, make our visitors glad that they voted to bring the conventions to Lubbock. Some of them are going to move here some day just as a result of the welcome you give them on the street between sessions.

The same opportunity is offered with our summer tourists—the hundreds of automobile travelers who are passing through Lubbock every day. Meet them, greet them and make them remember Lubbock.

Every businessman and citizen in Lubbock should arrange his plans so as to be practically free Thursday and Saturday afternoons—at least a large part of the late afternoons. Plainview is coming down over 200 strong for a big Elk's Party. An open program will be held on the courthouse lawn at seven in the evening. Several thousand folks should be out there to meet the Plainview bunch and make them know that we are the right sort of neighbors. It won't take much time or effort and will be a lot of fun.

Every citizen should buy his ticket early for Saturday's party. Something more than 500 visitors are expected and it will be necessary for those in charge of arrangements to have some idea of how many to prepare for just as soon as possible in order to take care of the crowd. Don't be satisfied with buying one or two tickets—get a whole pocket full and take all your traveling friends under your wing for the day.

In order to be sure that every traveling man has some one citizen to look after him—every merchant, especially, is asked to not only get his tickets early, but to send all visiting traveling men to the chamber of commerce as early in the day as possible so they can be tagged and assigned to some citizen. If any citizen does not have a special visitor invited, he is urged to come to the chamber of commerce during the afternoon and get one assigned to him.

Now, folks, we have a lot of company in Lubbock this week. Let's get together and make them feel at home; feel that we are glad that they are here and that in spite of our remarkable growth of the past few years, that we are the same old wholesaled, country town bunch that still believe in the spirit of Western Hospitality, good fellowship and taking enough time from our business to be sociable now and then.

"Cities do not happen—they are built," and Lubbock will never have a better opportunity to do some real constructive building than during this week of conventions and special meetings.

In view of all the talk about the country's determined preference for Nordic on northern European immigrants, the Springfield Republican, after examining the provisions of the pending immigration bill, is surprised to find that "the most nordicky Nordics (of Scandinavians) are treated scarcely better than our estimated friends from the shores of the Mediterranean or the ghettos of Warsaw and Kiev."

There has been mention of perhaps a dozen Democratic candidates, but the Republicans seem to have only one—"Hi" Johnson to the contrary.

MANY NEW BUILDINGS ARE BEING ERECTED.

The old knocker and his cohorts are very busy. They say that building has ceased in Lubbock, that everybody is getting scared, that there are too many houses in Lubbock, and that there will be a lot of vacant homes this summer. Now bud, if you will just take a stroll over the city you will find a great number of new dwelling houses, apartment houses, and rooming houses are being erected—more than possibly any other city on the plains, and in the business section you will find that work is still making a lively pace, and that quite a number of dandy good business houses are being erected, and more are to be contracted. Within the next few days the contracts for the first unit of the Texas Technological College will be let, and it is the opinion of Dr. Horn, the president, that the board of regents will insist that the contractors use all haste possible in beginning the actual construction work, which will mean that there will be something doing out on the Tech grounds within the next few weeks. This will also mean that there will be more work for the people who are here, and will put into circulation many thousands of dollars during the summer months, which is always considered the dull months of the year.

Then, too, within the next few weeks the paving work will be in full blast and this will furnish work for a large crew of men. We are not giving out this information to induce other workmen to come to Lubbock. Possibly the men we have here are sufficient to take care of the situation without the importation of others, but we are making this statement to show that the knockers' wail need not effect the progress of the city.

Then too, the \$125,000 addition to the new high school building will be under way very soon. The bonds will find a ready sale, and it is imperative that this work begin at once as the building will be badly needed for the opening of the school here this fall.

There is indeed much to be done, and there will be much building all through the summer. As the building of the Tech advances there will be an increase in the demands for more houses, and there is little probability of Lubbock getting too many rent houses. Fact of the business, with the opening of the Tech College here in September, 1925, it would seem that there is a greater likelihood of being a scarcity of houses rather than a surplus, and while the knocker with his blue glasses can see nothing that looks promising, he will have a miserable time keeping the wheels of progress in this city from getting him down.

ALL KINDS OF FOOLISH QUESTIONS ARE ASKED.

Every day this office is approached by some one with some foolish question and make demands upon people that cannot be filled. As soon as the bonds on the paving were voted, some people began to ask when the paving was going to begin.

They never stop to think that this paving job is one of the biggest things in West Texas. Fact of the business, we doubt if there is another job in West Texas that will total as great sum of money as the paving program here will involve.

Aside from being a gigantic job, there were many things that had to enter into the proposition. Every property owner that the program touched must be gotten in touch with, and given the proper notice. This all takes time, and there is a great amount of work attached to the preliminaries of the job. The estimates of the cost of the work have all been made, and this to be legal must be published in the city newspaper, and notice be given in this way not less than ten days before anything can be done. These figures are in the hands of the Avalanche printers at this time, and will soon be ready for their first publication. It is a big job, a tedious job, and a job that requires much careful work, and for that reason is necessarily slow, but as stated above this will soon be ready to publish, and when this appears the legal number of days, we understand that the contractors will be ready to get busy.

They are already working on the storm sewer part of the work, and machinery, and tools are being assembled for the paving work. An immense amount of material will be rolling this way in a few days, and things will be looking lively around the old town, and old man knocker will have to seek a more secluded spot and get out of the way of progress or he will be buried so deep beneath the train loads of building material that he never will be able to scratch out.

Large bodies move slowly, and the Lubbock paving job is making about as fast time as could be expected.

Just sit steady in the boat and you will see the small ripples on the surface gradually swell into breakers that will spray the whole town with activity, and the hustle and bustle of building activity will surprise the natives this summer.

Daugherty's claim that he is the victim of Bolshevik machination has at least the element of the unexpected. His assertion that he did not know his room-mate, Jesse Smith, had an office adjoining his own has merely the atmosphere of what Col. Roosevelt called the "short, ugly word."

Little Avalanches

President Coolidge is going to spend the summer in Washington, which will be a vacation for him, with congress adjourned.

A bar association report says it is time for liberty-loving Americans to down radicalism. We are all going to have a chance next November.

Dogs never produce much neighborhood harmony, but you can always depend on them as your friend.

MARKETS

STOCKS REBOUND TO NEWS OF CONVENTION

NEW YORK, June 10.—There appeared to be a note of confidence present in dealing on the stock market on Tuesday which has been conspicuously missing these many weeks. Even the unfilled tonnage figures for May of the steel corporation which were bearish in the extreme, failed to evoke so much as a weak flutter of selling at midday when the announcement was made. Wall street was obviously much impressed by the turn affairs have taken at the republican convention and expressed its approbation by means of a strong demand for both industrial and railroad stocks, though the day was by no means replete with new highs.

The shrinkage of 580,358 tons in the forward orders of U. S. Steel during May bringing the total on hand down to 3,628,089 tons, represents the poorest showing since November, 1914, when 3,242,592 represented the unfilled tonnage.

Taking into account present capacity, the forward orders on the steel corporation books are at the lowest ebb since the corporation grew into being.

Several brokerage houses which have been favoring the bear side of the market during the recent weeks or have been only lukewarm toward the constructive side, have come out with advice to their clients that the rest of the month of June may see an accumulation of stocks preparatory to the next major movement of the market. Other market observers with more conservative views, do not look for any wide swings in the market until after the democratic convention.

The money market continues to appear in the financial headlines. Tuesday saw 2 per cent renewals in call money for the first time since August 6, 1917. Incidentally, time money dropped to the lowest rate in a considerable period when 3 1-2 was quoted on short term accommodations. The cheap money rate had the desired effect upon bond prices, with the first and third 4 1-4s establishing new highs for the year. The bond market as a whole has given a good account of itself this week, with especial emphasis laid on the railroad issues.

Fort Worth Livestock.
FORT WORTH, Texas, June 10.—Cattle: receipts, 2,000; market is steady to 10c to 15c lower; calves receipts, 800; market 25c higher. Hogs: receipts, 400; market \$4.50@4.75; stockers \$3.50@3.65; cows \$3.00@3.50; canners \$1.75@2.00; heifers \$4.00@4.80; bull's \$2.50@3.75; calves \$2.00@3.00; yearlings \$4.00@4.90.

Hogs: receipts 400; market 10c lower; light \$6.75@7.00; medium \$7.25@7.50; mixed \$7.00@7.25; common \$4.00@5.25; packing

sows \$5.50@6.50; pigs \$4.00@6.50. Sheep: receipts 888; market is steady; lambs \$10.00@14.00; yearlings \$7.00@9.00; wethers \$6.00@6.75; ewes \$5.00@6.00; culls \$1.00@2.00; goats \$2.00@3.00; stockers \$4.00@5.00; feeder lambs \$7.00@8.00.

Kansas City Livestock.

SAFETY ALWAYS PAYS

A good rule for the motorist is never start to turn around or swing to the right or left without knowing there is no car coming up back of you.

If parked at a curb don't start until you have locked back.

Never take your eye off the road. You must allow your friends riding with you to enjoy the scenery. You have a real job on your hands.

If you don't think it necessary to exercise more than ordinary precaution ask the man who has been in an automobile accident how it feels.

Safety always pays. After all, is there any more important work in life than that of conserving human lives.

RADIO AND TELEPHONES GIVE CONVENTION NEWS

By United News.
NEW YORK, June 10.—Through the medium of a web of land line telephone wires, linking fifteen of the largest broadcasting stations, radio listeners throughout the east heard the entire proceedings of the first day of the republican national convention at Cleveland. They heard everything but the local color and the announcers even tried to give them that.

The broadcasting will be continued each day of the convention.

PLANS FOR ELKS SPORTS DAY COMPLETED

CELEBRATION ONE OF BIGGEST IN HISTORY OF LOCAL LODGE; OVER 200 PLAINVIEW BOOSTERS ARE EXPECTED

Local Elks are planning for one of the biggest days in the history of the lodge here when the opening gong sounds for Elks Sports Day Thursday, and according to an announcement made last night by Walter Myrick, everything is in readiness for the celebration.

The Plainview lodge, members of which meet local Elks in all classes of athletic contests throughout the day, have advised that they will be present not less than 200 strong.

Included in the contests of the day, which vary from "cow pasture pool" to mumble peg, are baseball, boxing, wrestling, dominoes, mah jongg, checkers, chess, cribbage, and various and sundry other contests which cannot now be enumerated. The competition in all branches will be confined to the membership of the Elks lodge. Formally opening the day will be the registration and "tagging" of all visiting Elks. Every one of these "official" visitors will be given a badge when they register in at the local hall and, from that time on they are to be known as "free agents," governed only by reservations which will keep them "within the law."

The first contest of the day will be a golf tournament at Country Club course, which tournament is absolutely free to the general public, and every one is urged to take advantage of this opportunity to see some real golf play, for although the meet itself is just a general get-together and good-fellowship affair, the different competitors will be in the game to win, and rivalry will be at top pitch in all phases.

At the noon hour the local feeding committee is making plans to accommodate about 400 at a luncheon which will be served a la Dutch consisting of all manner of stuff which appeals to the appetite.

The big event of the afternoon will be the baseball game at the Merrill park, for which a nominal charge will be made to help somewhat in defraying the expenses of the celebration. It is understood however, that a part of these proceeds go into the Elks Charity fund. This is the only event of the day to which there will be any charges attached whatever. And this will be no mean exhibition, either, for included in the line-up of the two clubs, are men who are recognized, not only as good ball players, but all round athletes.

In brief, the meet is to be just a big, friendly pep-sweep in an effort not only to bring closer relationship between the two lodges, but to more firmly cement the friendly spirit of rivalry which exists between the two competing cities.

VILLA WINS JUDGE'S DECISION OVER TAYLOR

By United News.
NEW YORK, June 10.—Pancho Villa, the flyweight champion won the judge's decision over Bud Taylor the Terror of Terre Haute, Ind., at the end of their 12 round bout at the Nostrand Athletic Club here Tuesday night.

The title was not at stake. Villa took the aggressive in the first round and led all the way, inflicting severe punishment on Taylor in several rounds.

Taylor was slow, and erratic and none of his slams ever got through to Villa.

YANKS AND RED SOX AGAIN EQUAL

By United News.
The fight between the Red Sox and Yanks for leadership in the American League became a neck and neck affair Tuesday.

The Yankees came to life after a three day relapse in St. Louis and beat the Browns 5 to 0 while the Red Sox were losing a 13 inning battle to the White Sox in Chicago 3 to 2. Boston and New York are again tied at the top.

Connie Mack's Athletics rallied for three runs in the ninth inning to win from the Tigers in Detroit 4 to 3.

Sherrod Smith pitched the Indians to a close victory over the senators in Cleveland by the score of 4 to 3. The situation at the upper rung of the National ladder remained unaltered. The Giants kept their two game lead over the Cubs as both lost their Tuesday games. The leaders met defeat at the Polo Grounds where the Pirates rioted in the last two innings and netted 9 runs for a 10 to 6 win. The Cubs lost to the Dodgers in Brooklyn 4 to 2.

Pete Donohue starred in the Cincinnati Reds 4 to 2 victory over the Phillies in Philadelphia. In addition to baffling the Philadelphians at the plate Donohue contributed a homer to the Reds triumph. The Braves won from St. Louis Cards in Boston 6 to 0.

Golf Champ Marries

BRIAR CLIFF, N. J., June 10.—Gene Sarazen, professional golf champion of the United States, and former national open champion, was married to Miss Mary Catherine Peck, daughter of Mr. and Mrs. H. D. Peck, of Miami, Fla., at the Briar Cliff Lodge Hotel here Tuesday evening.

WOMEN TO VOTE ON PRESIDENT WEDNESDAY

LOS ANGELES, Calif., June 10.—Delegates at the General Federation of Women's Clubs, in convention here will vote Wednesday for a president to succeed Mrs. Thomas G. Winter. But two candidates, Mrs. J. D. Sherman, of Estes Park, Colorado, and Mrs. Wallace T. Perham, of Glendive, Montana, are in the field.

The name of Mrs. W. S. Jen-

nings, of Jacksonville, Fla., was withdrawn Tuesday after it had been proposed from the floor.

The club women went on record Tuesday as in favor of world peace but wholly against "platform speakers whose utterances tend toward pacifism and disloyalty, rather than peace."

SHENANDOAH NOT MAKE FLIGHT ON SCHEDULE

By United News.
LAKEHURST, N. J., June 10.—The Giant dirigible Shenandoah will not make her scheduled flight to Cleveland Wednesday. This was announced Tuesday night by Lt. Commander Zachry Lansdowne, after he had been in communication with the navy department. Lansdowne explained that it would be impossible to complete the water recovery system of the dirigible before her scheduled take-off on Wednesday afternoon and under the circumstances, it was decided to call off the trip altogether.

Explorer Sails for China.

SAN FRANCISCO, Calif., June 10.—Roy Chapman Andrews, discoverer of the dinosaur eggs in Mongolia, sailed from the Port of San Francisco Tuesday for a second expedition into the interior of China.

Such popularity must be deserved

LUCK may win an occasional match. But it never made a champ. Cups can't be won year after year unless they are deserved. There are cup-winning cigarettes, too. All eyes today are watching

Chesterfield—watching it win additional smokers at the rate of over 1000 a day. Such popularity is not luck. Chesterfields deserve it. They deserve it simply by right of their decidedly better taste.

AMERICAS CABLE SERVICE VERY DEFICIENT

BY MILTON MACKAYE
United News Staff Correspondent
WASHINGTON, June 10.—Happenings of the last few weeks have brought home a cruel lesson to the War Department. They have shown the government's system of communication with the Orient to be absolutely unreliable.

The recent experience with the army world flyers is cited by high army officers as the most striking example of the breakdown of communication.

It proves, they declare, that in time of war America's cable connection with the Far-East would be largely a matter of good luck and a benign Providence.

Throughout the flight along the Aleutian Islands, officials' messages to the department were very slow. But it was not until the aviators reached the Kurile Islands, on the far side of the Pacific, that the real complications began.

The flyers landed at Kashiwabara Bay on a Friday, completing the longest jump on the circle of the globe. But it was not until Tuesday—a lapse of five days that the department received its first official notice that they were in the Orient.

That message was a cable from the Naval Attaché at Tokyo, relaying a report from the U. S. S. "Pope."

As a result the government has been compelled to depend almost entirely upon commercial press reports for the latest news.

Every effort has been made to get the last message from the Aleutians through. The relief ship Haida first picked up the word that the flyers had left for the Kuriles when it touched at a port where communication with them could be established.

The Haida radioed the news to Yukon, Alaska, where telegraph carried it to Seward, Alaska, from Seward the word went by cable to Seattle. From there it was relayed by army wireless to Cheyenne, Wyo., to Ft. Leavenworth, Kan., and from there to Washington.

In war times, such a round-about method would be worse than useless, army men declare.

At present there is but one American cable across the Pacific and that is not a government wire. It extends from California to Hawaii and from Hawaii to Guam

Island. It divides there, one branch cable going to Tokyo and the other to the Philippines. Although Guam is an American possession, it is in waters under a Japanese mandate, and the cable cannot be protected by American battleships in peace time. If it were cut, military experts point out, America would be completely isolated from the Orient an unheard of state of affairs in military preparedness.

"POISONED PARADISE" 100 PER CENT ENTERTAINMENT

There is now being shown at the Lindsey Theatre, a picture of so unusual a plot and so excellent a treatment, that it is hard to reduce it to the ordinary critical formulas. That production is "Poisoned Paradise," the latest release by Preferred Pictures Corporation.

In respect to story, direction, settings and acting we do not hesitate to place this new B. P. Schulenberg production among the choicest offerings of the current season. The basis for this splendid photoplay is Robert W. Service's novel, "Poisoned Paradise" and we venture to say that in all the masterpieces of writing which this widely read author has given us, none has approached this thrilling tale of Monte Carlo in exciting incidents or finely drawn character portrayals.

WILL RAIZE ORIGIN OF THE VILLAGE BLACKSMITH

International News Service.
LONDON, June 10.—Traditionally known as the smithy which inspired Longfellow to write his famous poem, "The Village Blacksmith," the 500-year-old smithy in St. Mary Croy, Essex, is to be demolished in consequence of street improvements.

TESTS OF CHLORINE GAS FOR COLDS WILL GO ON

NEW YORK, June 10.—The recent experiments of Health Commissioner Dr. Frank J. Monaghan to cure "flu" by the inhaling of chlorine gas have been somewhat successful, the Commissioner stated recently.

"Two of those who volunteered for the experiment suffering with colds in the head," Dr. Monaghan said, "declared that they felt better, lighter and clearer after the treatment. Against this we must balance the mental reaction, which would tend to bring about just such a result."

"The initial test is only the beginning. We will go on with our experiments until we are convinced we have taken a false lead, or until claims for chlorine are proven. What a wonderful thing if it should turn out to be a positive cure."

People willing to be experimented on, who are suffering from colds or the flu, according to the commissioner, are conducted into a airtight room filled with a mixture of the gas and air, which they inhale for an hour.

TREASURE TO BE TAKEN FROM OLD SUNKEN SHIPS

ATHENS, June 10.—Salvagers have started on the task of raising approximately \$50,000,000 worth of treasure supposedly lying in sixty-three vessels at the bottom of Navarino Bay, on the western coast of Greece.

The ships are those of the Turkish fleet sunk by the combined English, French and Russian fleets during the famous battle in the bay in 1827.

Several sunken ships have been located by divers at a uniform

depth of 150 feet. Among the ships already reported located is the Captain Bey, flagship of the

Turkish fleet, which is said to have more than \$10,000,000 in specie aboard.

Ladies especially are interested in see demonstration at Conley's. 193-1p.

PROGRESSIVES STAGE FIRST REVOLT

By United News.
CLEVELAND, Ohio., June 10.—The LaFollette progressives staged their first open revolt against the smooth-running republican national committee Tuesday when their declaration of principles was presented to the resolutions committee.

Governor John J. Blaine, of Wisconsin, concluding reading the principles among mingled hisses and applause. After several minutes had been required in restoring order, delegate E. J. Adams, of Oregon, moved that the "principles be sent back to LaFollette."

PAINS IN BACK

Arkansas Lady Says Mother Gave Her Cardui and She Had No More Trouble of This Kind.

Lamar, Ark.—Mrs. Edith Seeman, here, recently made the following statement describing her experience in the use of Cardui:

"I had pain in my back and sides; had sick headaches and my nose would bleed. I couldn't sit up at all."

"My mother gave me Cardui. I took about a half bottle and at this . . . I was able to get up and help with the work. Next time I took it again, and now, after taking two bottles, I do not have any trouble at all at this time. I gained, my skin cleared up, I am healthy and strong."

"My mother took Cardui for a week, run-down condition. It did her more good for weakness and nervousness than any medicine she has ever taken. She took six bottles in all. We recommend it and certainly know its worth."

The foregoing is one out of thousands of statements which have been received from users of Cardui, the woman's tonic. If you are a sufferer from womanly ailments, try Cardui. It may be just what you need. At your dealer's. NO-188

The progressive platform will be presented to the committee later by Representative Cooper of Wisconsin.

Blaine was permitted three minutes in which to read the declaration of principles denouncing former Attorney General Daugherty, and former Secretary of the Interior Fall, praising Senators Norris, Couzens, Reed, Oddie, Howell, and LaFollette, and urging Persell Coolidge to summon an extra session of congress for consideration of farm relief measures.

At the first mention of LaFollette's name there was a burst of applause lasting several minutes. When Blaine declared that Daugherty was a "shame and discredit to the republican party," the demonstration lasted for several more minutes. Senator Reed Smoot, of Utah, called attention of the chair to the fact that permission had been given to Blaine to speak on a matter not pertaining to the issue and that the committee therefore could take no action to expunge the principles from the record.

Since the committee did not restrict the manner method or subject matter that was presented, the chair is of the belief that the action of the delegate from Oregon demanding the principles be sent back to Senator LaFollette as "out of order" Warren ruled.

KIWANIANS OF PLAINVIEW TO BE HERE TODAY

The secretary of the Plainview Kiwanis Club communicated with the secretary of the Lubbock club Wednesday and stated that as the Plainview delegation was admitting defeat at the hands of the Lubbock Indians in the recent attendance contest, they were willing to come to Lubbock today and let the hosts to the local Kiwanians at the regular weekly luncheon.

They are bringing along about forty members and have also challenged the local clubmen for a baseball game, which is to be played at the Merrill Park.

The local Kiwanians will accept the challenge and will meet the invading hosts with the best they can rake up in the way of a baseball team, but as there has only been one practice game played by the locals, little optimism over the prospects for winning is in evidence.

The Plainview Kiwanians will be heartily welcomed to the city today, and in fact, the entire town will be given over to them during their stay in the city, and it has been hinted in the dugouts of the local nine that if it takes giving up a perfectly good ball game to make everything work out harmoniously that will be done.

LAMESA FIRM IS BOUGHT BY RIX CO.

The Rix Furniture and Undertaking company of Lamesa, despite the fact that they lost their building and almost entire stock in the fire which swept the south side of the square Saturday night will be formally open for business Tuesday morning, according to an announcement made here Monday night by J. A. Rix, secretary of the corporation and manager of the local house of Rix.

This was brought about by virtue of a deal made in Lamesa Mon-

day, Mr. Rix said, whereby the Rix company took over the stock and fixtures of the Burns house and the business will be operated for the present time at the old stand of the Burns Company.

"We plan to rebuild on the spot from which we burned," Mr. Rix stated, "just as soon as an adjustment can be made with the insurance people, and will build bigger and better, but for the present we will have to be content with the small quarters afforded by the former home of the Burns company."

ENTIRE U. S. FLEET TO MANEUVER IN PACIFIC

WASHINGTON, June 10.—The full American fleet, comprising both Atlantic and Pacific divisions will mobilize and maneuver in the Pacific about the Hawaiian Islands this coming winter and spring the navy department has announced.

After the maneuvers in the vicinity of the Hawaiian Islands, the battlefleet composed of 12 first line fighting vessels, may go to Australian waters and New Zealand.

Mobilization of the fleet will begin the first of the year. The major maneuvers will be held in the spring.

Joint maneuvers have taken place for the last few years in the Atlantic, and about the Panama Canal.

It had been planned originally to hold the past winters maneuvers off Hawaii, but they were transferred to the West Indies. The navy department has decided to carry out the plan this year. It has been under consideration for some time.

ANNOUNCEMENT

To the voters of the Seventy-Second Judicial District:

I take this method of announcing my candidacy for nomination for the office of District Judge of this judicial district.

For the benefit of those who are not acquainted with me, I will say that I am 50 years old, married, have a family, have always voted the democratic ticket, and belong to the Methodist Church. I came to Lubbock county 31 years ago, and terms as county judge of Lubbock most of the time since coming here, and I expect to spend my remaining days here. I have ranched and farmed a little, taught school for a while; served two terms as County Judge of Lubbock county; and have practiced law for more than twenty years.

If you nominate and elect me to the office, I shall consider that you have placed a public trust in my care, and have called me to a public service; and I shall do my best to discharge the duties of the office, with equal regard to the taxpayer's interest in having the courts dispose of business speedily and economically.

GEO. R. BEAN

Mrs. Bertha Leverett, who has been with the local telephone company in the capacity of chief operator, left Tuesday morning for Fort Worth, her former home. Miss Lars Stuart, also of Fort Worth, has arrived to succeed Mrs. Leverett here.

MILLERAND SAYS WILL RESIGN WEDNESDAY

By United News.

Paris, June 10.—President Alexandre Millerand has announced that he will resign from office Wednesday, following his repudiation by the radical dominated senate and chamber of deputies.

The decision was announced in an official communique from the Elysee Palace Tuesday after the stop-gap government of Premier Francois Marsal, hurried into office as a phase of Millerand's bitter fight against the victorious radicals, was overthrown when the chamber voted lack of confidence by a vote of 329 to 214.

After Millerand's resignation the senate and chamber will meet in

Joint session at the historic palace of Versailles to select a new president.

Aged Man Suicides

By United News.

CROSBY, Texas, June 10.—Vaslow Svoboda, 72, committed suicide

here Monday night by hanging. The body was found by his son in a machine shop. The rope used was so small that officers wondered it had not broken. This is the third suicide among Bohemians here within a year.
