MRS. HAMILTON IS COMMENDED READER

That Mrs. Minnie Proctor Hamilton, dramatic reader, who will be presented in a miscellaneous program here Friday evening, is an entertainer of first class, is ascertained by the commendation expressed in the following words by A. M. Harris, instructor of Expression, of Vanderbilt University, of Nashville, Tenn., of which Mrs. Hamilton is a graduate:

"Having known Mrs. Minnie Proctor Hamilton for several years, it affords me great pleasure to commend her to the public as an entertainer of unusual ability. Word comes to us of her success in many places north, east and south, and all audiences express deepest appreciation of her programs. Her humorous selections are especially good and she is at home in many different roles, having an especial gift in adapting herself to any local situation that may arise."

The members of the Missionary Society who are sponsoring the program, feel fortunate in securing so capable an entertainer, which was due to the fact that Mrs. Hamilton is visiting a sister, Mrs. C. E. Filer, of Tulsa, Okla., the engagement was available.

Mrs. Hamilton will give a concert in Amarillo Tuesday evening, before coming to Lubbock Friday, then she will return to Nashville July 15th, where she will fill concert engagements during the month of August.

In connection with the program, local musical talent will render a number of splendid numbers.

The program will be given at the high school auditorium at 8:30 o'clock.

CONFUSION CAUSED BY REFUSAL OF SEN. WALSH

MADISON SQUARE GARDEN, NEW YORK, July 9.—Senator Tom J. Walsh, of Montana, the strongest candidate for nomination as democratic vice presidential candidate refused Wednesday night to accept the nomination. This left the race in confusion as nominations began.

After Walsh's refusal, efforts were made to persuade E. T. Meredith of Iowa, to assume the nomination. Meredith was just as obstinate as Walsh. It was anybody's nomination then. While the nomination speeches were being made a group of leaders including Cardell Hull, Homer S. Cummings and several senators were conferring in a room of the garden, going over the whole list of possibilities and trying to agree on a suitable man to place alongside J. W. Davis.

Walsh was an overwhelming favorite for the position and could have had it at the afternoon session. In a letter to the convention read at the night session Walsh thanked the convention for offering him the honor but declared he would prefer to remain in the seat.

Claude Porter, of Iowa, made a speech in which he withdrew the name of E. T. Meredith. He said he had acted on Meredith's request. While the nominating speeches were continuing, supporters of Senator Walsh decided to place him in nomination, despite his objections and attempt to draft him into the place. It was reported that Robert Crane, of Baltimore would nominate Walsh.

William Smith Flynn, of Rhode Island was nominated by Mrs. Isabel O'Neill, James W. Gerard was nominated by a delegate from South Dakota.

Paddock again pulled a tendon and limped off the track. The Americans went crazy over Scholz and Paddock for their utter annihilation. Scholz had won the first semi-final heat and Paddock the other. Abrahams ran third in the first and semi final and barely qualified for the final. By a desperate effort at the end, he nosed out Porritt of New Zealand and landed third place.

In the 110 meter hurdles, Kinsey took the lead and held it all the way. Anderson and Guthrie were at his heels at the start, but Atkins of South Africa passed them to capture second and the two Swedes, Peterson and Christensen lapped by them to third and fourth places at the finish. Finland not only won the steeple-chase with Ritola's victory but placed Katz second and Ebb in fifth position which gave her 17 points for the event.

Although it made no difference in the scoring, Americans having won more points to the Star Spangled total by taking fourth place. Bayes Norton, of the American squad was fifth, scoring two points. Scholz, winning time was 21 3-5 seconds, which tied Olympic record. Paddock was so close to Scholz that the margin was microscopic, and the officials, at first announced that Paddock had won.

Abrahams of the British team who beat Scholz and Paddock the other day in the 100 meters, finished last. In addition to Kinsey's victory in the 110 meter hurdles the United States gathered two more points for fifth place which were taken by Anderson. Guthrie was sixth, but was disqualified. Considering that American men lost this event at Antwerp the victory was a matter of jubilation.

Willie Ritola, the Finn who like Hannes Kolehmainen before him went to the United States to learn the technique of running, captured the 3,000 meters steeple chase in 9 minutes 33 3-5 seconds. Marvin Rick, of the United States took 4th place.

In addition to these final triumphs the United States completed some preparatory work by placing three men in the list of eligibles for the final struggle at 1500 meters. The trials were run off in six heats, two men qualifying in each heat. Lloyd Hahn, of Boston won the sixth heat in 4:10 4-5. Ray Buckner and Ray Watson each took second in their respective heats at Finland, however, qualified a formidable squad for the 1500 meters. It is made up of Peussa, Nurmi, Luoma and Liewendahl.

The American score was increased one point by the gift from the officials when the Swedes gave back the points won by Unger of their team who took fourth place in the pentathlon. The Swedes discovered that Unger was ineligible. The change
