MILITIA TO GUARD AMERICANS IN CHINA

Robinson Found Guilty Manslaughter, Dudley Case

GIVEN FIVE YEAR SUSPENDED SENTENCE BY JURY

YOUTH IMMEDIATELY LEFT FOR HOME AT CLEVELAND; \$1,000 BOND

KOUNTZE, Texas, July 17.—Bob Robinson, found guilty of manslaughter and given a five year suspended sentence Thursday morning for the slaying of Mrs. Mollie Dudley in Houston, January 2, left today for Cleveland, Texas, his boyhood home. Members of his family accompanied him.

A verdict in the Robinson case, which has brought many visitors to Kountze and thrown the town into a mild flutter of excitement was announced at 9 a. m. There was no demonstration, Robinson shook hands with the jurors.

District Judge J. M. Combs set the youth's bond at \$1,000 and released him on his own recognizance.

TYPHOON KILLS O'DONNELL MAN

BODY FOUND IN WRECKAGE OF HIS HOME; BURIED IN TAHOKA THURS.

Special to the Avalanche. TAHOKA, Texas, July 17.—George Brewer, a farmer living between O'Donnell and Draw, near here, was killed late Wednesday night, when the small house in which he was living was torn almost to splinters by a typhoon which swept down on him. Apparently Mr. Brewer was alone in the house at the time of the storm and it is believed that he was almost instantly killed by flying timbers from the frame work of the house. No other damage was done here from the storm.

The remains of Mr. Brewer were brought here Thursday and he was laid to rest in the cemetery here.

I. C. C. REFUSES TO LOWER HAY AND GRAIN RATES

WASHINGTON, July 17.—The Interstate Commerce Commission has refused to lower rates on grain and hay, after an extended investigation.

This decision was announced Thursday being a refusal of a petition of the Kansas Public Utility Commission, Commissioners McChord, Eastman, Campbell, and Lewis, dissented from the opinion. The decision held that rates on grain and hay are, generally speaking on a somewhat lower basis than earnings on other traffic, that earnings on grain do not show that this class of traffic is contributing more than its fair share of the revenue of railroads, and that there has been a slow but progressive improvement in the economic condition of agriculture since 1910, though the improvement in grain raising areas is less than that of other classes.

W. J. BRYAN TO STUMP COUNTRY FOR DAVIS

LOS ANGELES, July 17.—Here for a rest after strenuous convention days, W. J. Bryan, says he will stump the country for the Davis-Bryan ticket. He arrived Thursday to visit his daughter, Mrs. R. L. Hargraves. "After a convention, with Davis, I find that he intends to stand on the party platform. My first impression that he was unprogressive was more presumption," the commoner declared.

FOREST OFFICIALS FEAR REPETITION OF FIRE DISASTER OF 1910

BUTTE, Mont., July 17.—Forest officials of western Montana and northern Idaho today expressed fear that continued high winds would cause a repetition of the fire disaster of 1910, the worst on record. Reports that several of 100 new fires are of incendiary origin are being investigated. Eight fires in the district are scattered over areas of from 1,000 to 5,000 acres each. The worst blaze Thursday jumped the Pend Oreille river in the Kanigau reserve driving 200 fighters back.

CRISIS IN FIRES BELIEVED PAST

HIGH WINDS DYING WHILE RAIN IN SOME PARTS AID WEARY MEN

SAN FRANCISCO, July 17.—With favorable reports coming from all sections Thursday the forest fires crisis on the Pacific coast appeared to be over at least for the present. High winds that have fanned the flames, making smoldering furnaces of once stately green forests, were reported to be dying. Cooler weather with rains in some sections, also were reported came to the aid of the more than 10,000 weary fire fighters, most of whom have been battling incessantly against the "red plague" for more than 10 days.

Thursday night most of these blackened grimy fighters were enjoying their first rest in weeks. Only skeleton crews, left to guard the smoldering areas, were being kept to guard by the forest officials. In Idaho and eastern Washington, British Columbia and California, fires were reported as out or completely under control. In Montana fires which were raging in the Lee Perce and Kootenai forests, were still engaging the efforts of more than 800 men but it is believed they were under control before the night is over.

No accurate estimates of the forest fire losses can be made, but Paul G. Redington, U. S. District forester with headquarters in San Francisco has placed the California timber loss alone at a figure well over \$1,000,000.

Up to July 14, Redington declared in a statement issued Thursday there have been 8393 fires in this state 651 in national forests and 188 in state reserves. Carelessness his statement showed, has been responsible for 657 of these blazes, while the remainder were caused by lightning.

WOMAN FOUND IN HOME WOUNDED IN LEFT BREAST

SAN ANTONIO, July 17.—A woman whose name was given police as Miss Mabel Graham, and who also was known as Mrs. Mabel Weeks, age 30, was found wounded in the left breast Thursday after neighbors had heard shots from a house on Kremplau street. She was not seriously wounded. Detectives found five gas jets turned on but not lighted. An unfinished note beginning "Dewey" also was found. It said: "Dewey: It doesn't make no awful difference anyway. I want it to be right and have done the best I can. Bye, bye, honey. I love you, darling. Can feel the gas. Be sweet and Dewey, love and trust."

The remainder of the note was illegible. Neighbors said shortly before they heard the shots a man and woman drove up to the Kremplau street house. Later, they said, the man came out and drove away. Police are searching for the man.

YOUTHFUL PRISONER IS KILLED BY GUARD

DE KALB, Texas, July 17.—Robbie Davidson, prisoner at the Shaw state farm sentenced from Lamar county, was killed by a convict guard while trying to escape Thursday. Another prisoner who attempted to break with Davidson was captured by officers with the aid of bloodhounds.

CON MEN FLOOD WORLD AD CLUB AMERICA FROM MEXICO, REPORT

ORDERS FOR ARREST OF 7 FUGITIVES ISSUED BY MEXICAN GOVT.

EL PASO, July 17.—The crusade of the United States government against mining and oil stock confidence men has forced a number of these operators into Mexico, from where they have been flooding the country with literature, in some instances promising 300 to 500 per cent dividends on investments. Orders for the arrest of several American fugitives from justice have been issued by Mexican Foreign Minister Saenz and extradition may be asked.

According to Postmaster Ormsby most of this literature coming to the United States through Juarez, is being stopped at the postoffice. Three alleged American swindlers it is said, have been using Gaudin as headquarters and have broadcast literature from there to all parts of the United States and Mexico. Some of the literature has been received in El Paso.

It is said that the operations have become so extensive that the department of justice and postoffice department have become alarmed. Ambassador Warren announced in Mexico City that arrest of six American fugitives from justice had been requested by the embassy. Some of these are said to be on the postoffice fraud list. The Mexican Foreign minister has issued instructions for the police to take immediate steps.

PARTY DISCOUNTS APEMAN STORY AS A HOAX

RELSO, Washington, July 17.—The story of the seven foot tall "ape-men" of Spirit Lake, as told by members of the Smith-Reek prospecting party is either a hoax or the result of imagination, in the opinion of members of the investigating party who are back in Kelse today. Tuesday night the party slept in the cabin of the prospectors who reported having encountered the "mountain devils" but their rest was unbroken.

C. Parker, former United States Forest Ranger, who headed the searching party which left here last Monday says that no trace of any mysterious beast was found in the Spirit Lake vicinity. Fred Beck, one of the members of the prospecting party, who claims to have shot at one of the "mountain devils" drew the attention of J. H. Huffman, and Wm. Welch, forest rangers, to footprints, which he said were the tracks of the beast he had fired on. But Huffman immediately duplicated the four foot, 15 inch track, using his knuckles and the palm of his hand.

An investigation at the canyon into which the gorilla was said to have plunged after being shot at, revealed no tracks nor was there an indication of the sides or at the bottom of the ravine of any large animal having plunged over the brink.

Fred Beck and Roy Smith, prospectors, are also back here today after a trip to the lake with newspaper men, but refused to comment on their trip or add to their first story.

AMERICANS MAY TAKE AIR AGAIN TUESDAY

LONDON, July 17.—The American round-the-world flyers may be in the air again Tuesday. News reaching the American airman at Brough, near Hull, where they had flown from Croydon that Admiral Magruder's fleet will cooperate with the flyers during the hop across the Atlantic caused Lt. Lowell Smith, commander to refuse a dinner invitation for Monday. Needed supplies can be hastened to Greenland with the aid of the navy and Smith wouldn't risk being tied up with an engagement on the possible eve of the last water jump.

WORLD AD CLUB CLOSING FORMAL SESSION THURS.

ADOPT BY ACCLAMATION REPORT GIVING HOUS. TON '25 MEETING

LONDON, July 17.—Delegates to the twentieth annual convention of the Associated Advertising Clubs of the world have completed their sessions and are scattering all over England and the continent. The advertisers closed their four day meeting by adopting by acclamation the committee report which recommended that the 1925 convention be held in Houston, Texas and with the re-election of Louffland as president and Jesse Neal as secretary-treasurer of the association. The convention adjourned at 7:25 Thursday night.

Texas delegates staged another of the demonstrations for which they have become famous here when Houston was selected as the next convention city. A noisy celebration of success was accepted by a chorus composed of all Texas delegates who sang "For he's a jolly good fellow."

Messages of good will, expressing the desire of the advertising profession to cooperate in the reconstruction of the world were sent to King George and to President Coolidge. For the first time since the Easter rebellion of 1916 free state Irishmen and Ulstermen got together and agreed on something, when their delegates lined up next to each other to sign a document which deplored war as the greatest menace to civilization and pledged the advertising profession to oppose it.

NO TRACE IS FOUND OF LOST BRITISH WORLD FLIERS

LONDON, July 17.—Lost somewhere in the lonely stormy Kurlies Islands north of Japan, A. S. N. MacLaren and his little band of daring British aviators who set out to circle the globe in the airplane Vulture is still missing more than 30 hours overdue at Kashiwabara Bay.

Japanese destroyers which are combing the northern seas for the craft reported that no trace of him had been found up to 9 p. m. on July 17, according to latest dispatches from the Orient.

England, in the midst of acclaim to the American round-the-world flyers, anxiously watches every bulletin for word of her own air hero. Hope has not been abandoned. Air ministry officials studying the charts of the island chain between Yeterofu, MacLaren's point of departure on July 16 and Kashiwabara Bay where his arrival was expected, express the belief that the airman may have descended at Broughton Bay on Shimo-hira Island where an emergency supply base is located. Mrs. MacLaren who has seen her husband some unscathed through a dozen thrilling incidents of his aviation career is firm in her faith that he will return to her.

"I am confident that he is safe and that I shall receive word from him," she says. She is buoyed up by the declarations of Lt. Lowell Smith, leader of the American flyers, who pointed out the Kuriles that the fishermen in the Kuriles know that wild flyers are scatched through a dozen thrilling incidents of his aviation career is firm in her faith that he will return to her.

CALAMITY FACES U. S. UNLESS OVER PRODUCTION OIL IS STOPPED

AUSTIN, July 17.—"Unless oil producers of America desist from over-production, America will be importing petroleum in eight years," W. H. Gray, of Tulsa, president of the National Association of Independent Oil Producers, declared here Thursday. He is in Texas, seeking the curtailment of production. Gray declared that there is 471,000,000 barrels of oil above ground now, more than half of its surplus, and over a billion gallons of gasoline in storage. Producers are losing twenty million barrels of oil and gasoline annually from evaporation, he said.

ABILENE GIRL KILLED BY AUTO

CAR OVERTURNS KILLING MISS RACHEL CRESS. WELL INSTANTLY

ABILENE, Texas, July 17.—Miss Rachel Cresswell, 18, was almost instantly killed when the automobile she and three other women were in, overturned just outside of Abilene Thursday morning. Miss Cresswell with three friends had just started for Hollis, Okla., where they were to visit a relative when the car overturned, in going around a curve.

Miss Sarah Cresswell, sister of the dead girl, was driving. A Miss Linkens was injured in the accident, but the other two occupants were unharmed, being thrown clear of the machine. Accident Victim Has Friends Here. Mr. and Mrs. C. E. Yager, of Lubbock, received scant news of the accident here Thursday morning, but it was not until the above report was received by the full leased wire service of the Avalanche that details of the accident were known here. Mr. and Mrs. Yager were at the Avalanche office late Thursday evening and expressed deep grief at the death of Miss Cresswell whom they knew intimately.

Miss Sarah Cresswell, sister of the dead girl, is also well known to Mr. and Mrs. Yager.

REPORT OF MERGER T. P. AND M. P. IS CONFIRMED

EL PASO, Texas, July 17.—L. Warrington Baldwin, president of the Missouri Pacific Railroad who passed through here Thursday en route to Mexico City confirmed the rumor of the future consolidation of the Texas and Pacific and Missouri Pacific, stating that the consolidation is not planned now but will be considered some time in the future.

Mr. Baldwin said that his company was principally concerned now in the taking over of the Gulf Coast Lines, along the Texas Coast from New Orleans to Brownsville and that a hearing before an Interstate Commerce Commission examiner would be held at Houston on July 28.

CUSTOMERS WIN OUT IN BARBER PRICE WAR

RACINE, Wis., July 17.—Refusal of men and women to patronize barbers here after they raised the price of hair cuts and shaves from 50 to 75 cents has resulted in a victory for the customers. The barbers capitulated and announced that the old prices would prevail. Now, Raciners are emerging from an overgrowth of days and commencing to recognize each other again.

ALL FOREIGN BUSINESS AFFECTED FOLLOWING STRIKE OF CHINESE WORKERS IN FOREIGN CONCESSION

By United News. WASHINGTON, July 17.—A volunteer militia, including some Americans, has been organized in Canton, to protect foreigners and their interests in the foreign concession there, on the Island of Shamen from striking Chinese workers, the state department has been advised.

All Chinese workers in the concession struck on July 15, it was reported because of regulations adopted by French and British authorities which would require Chinese entering the concession after 9 o'clock to produce a permit with the photograph of the bearer.

The strikers left the concession, and are now picketing at the bridges leading to the island. They are being watched by the militia.

11 KNOWN DEAD IN EXPLOSION

TWO FIREMEN INCLUDED IN DEATH TOLL IN BLAST IN NEGRO FLAT

KANSAS CITY, July 17.—Eleven bodies had been recovered Thursday night from the ruins of an explosion which wrecked an apartment building in the heart of Kansas City's black belt. Two of the victims were firemen, killed by a falling wall. The others were negroes, who lived in the crowded quarters of the ramshackle flat. Fifteen negroes, nine of them members of one family, were still unaccounted for tonight. Firemen dug into the debris expecting to find additional bodies as it is doubted that any of the occupants of the brick dwelling escaped.

Authorities were mystified by the blast which occurred during the early morning hours. Investigation failed to show that leaky gas mains caused the explosion as was first believed. Fire which followed the explosion quickly consumed the entire building. Entire families were trapped, unable to escape when the exits were cut off by flames.

U. S. FLIERS HELD UP FOR ARRIVAL OF RADIATORS

LONDON, July 17.—The American round the world fliers who jumped from Croydon to Brough, near Hull Thursday may be held up there a trifle longer than they expected, due to the fact that small radiators, needed for their trans-Atlantic flight have not arrived. It is expected that the job of installing radiators on the planes will take about three days.

COOLIDGE FIGHT BE MADE IN EVERY STATE

NEW YORK, July 17.—Under the plans of W. M. Butler, chairman of the republican national committee, the fight to elect President Coolidge to another term in the white house will be carried into almost every state in the union. The director of the Coolidge-Dawes campaign will lead what he describes as "a general intensive campaign."

Butler made this plain in a talk with newspaper men Thursday. Republican efforts certainly will not be concentrated in the agrarian states in deference to the unpopularity of the farmers in those communities. Such states will get their fair share of attention and perhaps more, but the republican organization is to be of sufficient breadth and stature to permit concentration where it is needed with-

CHICAGO, July 17.—It is hard to decide whether to wear furs and overcoats or palm beach suits and lightweight underclothing here this summer. The city has had two days of real summer weather. One of them was Wednesday when thousands sweltered and sought refuge from the heat at the bathing beaches or in the country. From a temperature of 90 above at 5 o'clock Wednesday afternoon, the thermometer dropped to 63 at midnight and at 8 o'clock Thursday morning, the temperature was 69 above. With the thermometer hovering between 60 and 70 most of the day and a brisk wind blowing, Chicagoans who had on their summer clothes shivered and cursed the weather, or thought things that they wouldn't have any one hear them say.

A HOPELESS MUDDLE OF LAWS.

What are the true functions of government? To what degree may legislation go in its purely restrictive features, beyond the preservation of equal liberty? The question is not easy to answer.

Many of these laws are so full of absurdities and contradictions as to add greatly to the number of lawyers, thus making an unnecessary addition to a largely unproductive class of population.

James M. Beck, solicitor-general says the Supreme Court of the United States is frightfully overworked. He says the court does literally ten times as much as it did in Marshall's time.

It is to the interest of the politicians to have "most government" for this means more salaries for their class and more jobs for their class.

NINE PRESIDENTIAL TICKETS.

Nine varying conceptions of what the United States needs—politically, economically, socially, and, perhaps, religiously—have received expression and been endowed with leadership within the last few months.

Attorney General Stone frankly deplores the political influence that controls the office of public prosecutor in this country and thus pollute the administration of justice.

THE MIRROR.

If anyone should ask you what invention or discovery has done the most for this old world of ours, and you replied, "The steam engine," or "The telegraph," you would be mistaken.

ARE YOU GOING TO VOTE?

Nine days till the Democratic primary, and the population of Texas will be called upon to exercise their rights at the ballot box that is the Democrats of the state, or at least the supposed Democrats.

The main trouble we fear, will be that only a small per cent of the voters will exercise their privileges as citizens in this election.

We will take out national election. A very small per cent of the people vote in these elections, and we dare say that those who are now elected to office were chosen by a very small portion of the electorate.

SUBJECT TO THE ACTION OF THE DEMOCRATIC PRIMARY.

Never was there a greater mis-statement than this. There is not a man running for office this year that is really running subject to the action of the Democratic primary.

LIQUOR PERMITS AND POLITICS.

Jack O'Donnell, writing in Collier's Weekly, asserts that government officials are issuing withdrawal permits whereby millions of gallons of alcohol are finding their way to bootleggers.

"America taking first place in rifle shooting at the Olympic games needs no explanation, nor does the winning of third place by France; the surprise is the capture of second place by Haiti.

As part of a seemingly vain effort to get Philadelphians interested in a proposed sesquicentennial celebration in 1926, the mayor of their city has ventured to invite King George, Queen Mary and the Prince of Wales to a show that they might be unable to locate even with a microscope.

A month's diet of water and chewing gum has cured a Philadelphia dyspeptic—until he begins to attack his three square meals with the

'KING' BELIEVED UNDER DISGUISE IN CHICAGO

By United News. CHICAGO, July 17.—The sinister security... which has pervaded the "house of David" at Benton Harbor since government and state authorities ferreted out its scandals more than a year ago, caused federal authorities in Chicago to subscribe to the theory that "King" Benjamin Purnell, minus his long flowing beard still sits upon his throne.

With the belief that a safety razor and a barber bodyguard have enabled "King" to rule unrecognized and undisturbed, the authorities have halted their world wide search for Purnell to seek him again somewhere in Benton Harbor.

For 18 months, in every quarter of the United States, Canada, Europe and Australia wherever a "House of David" colony was established, the be-whiskered Purnell has been sought. Now, its a freshly Gilletteed "King" they're after.

Members of the bearded, long-haired cult who sought paradise and immortality in the Benton Harbor establishment are sticking closely together, endeavoring to work out of their predicament. Hundreds of the followers of Purnell, made over to "King Ben" their worldly goods, after they forgot their ambitions and desires and immersed themselves in hard labor for the personal profit of their apostle.

Although the hand of Benjamin has appeared in every business transaction and policy, so well planned was his disappearance that not even have the authorities found traces of communication with him.

NO TRACE IS FOUND OF LOST BRITISH WORLD FLIERS

(Continued from page 1)

inspection, it is said, and some airmen here hint that it might not have been in the hands of the fliers. It is also stated that MacLaren was overloaded with spare parts and that this surplus load would have tended to strain his engine, as he always traveled at top speed.

MacLaren has the reputation here of a skilled and daring flyer. In 1923 he made one attempt to circle the globe, but was forced to abandon the flight. His present flight was begun at Calshot, England, late in March after careful preparations.

MacLaren's machine was built by Vincent and is equipped with Napier Lion engine. It has a 1600 mile cruising radius. Two machines were provided for the trip. The first was wrecked at Burma and MacLaren was flying the second of reserve craft when he left Japan. The ship is supplied with both land and sea landing gear but it is understood that the land wheels were to have been dumped for the trans-Pacific hop.

MacLaren is 32 years old, had a brilliant war record, winning the military cross with bar with distinguished flying cross and air force cross. With MacLaren is flying officer W. N. Penderleith, 25 years old, who is also a war veteran. Engineer Sergeant Andrews, 24, was the third member of the party which left England.

When MacLaren left Yeterof, he carried three passengers in his plane. Besides W. N. Penderleith, and Sergeant Andrews who left England with him Col. Broom, who has been arranging the flight throughout the Orient and Japan, was with the party. Col. Broom, it is said here made a complete survey of the Kuriles four months ago, and at that time reached supplies for emergency near Broughton Bay. One story going the rounds is that MacLaren missed his course. A thick Arctic fog was said to have dropped over the islands shortly after he hopped off though at the immediate time, the flying weather was reported excellent.

"The Japanese naval authorities will continue the search indefinitely, they announced Friday night and were working on the assumption that MacLaren was forced to descend on one of the uninhabited islands. When he left his plane, he carried six day rations, gun fisher tackle and a tent, besides four sleeping bags and it was possible for the plane to make a landing, Japanese officials declare, it is thought these provisions will be ample to keep the four men alive for days.

MAN REPORTS HE IS WARNED TO VOTE RIGHT

By United News. SAN ANTONIO, July 17.—R. E. Newman, city teamster, Thursday reported three masked men, dressed in white, visited his cottonwood home during the night and warned him to vote right or get out.

WALTER P. CHRYSLER'S TRAFFIC TALKS

STUDYING TRAFFIC

The accident statistics committee of the Public Safety Section of the National Safety Council believes that the practical solution of the public safety problem depends upon a comprehensive analysis, first, of the facts for traffic movement in cities; second, upon adequate facts on traffic accident occurrence; and third, upon the intensive study of localized traffic movement and traffic accident problems.

Philadelphia Brewers Are Under Police Guard

By International News Service. PHILADELPHIA, July 17.—Every brewer in Philadelphia is under quarantine today under twenty-four hour police shift guards while investigation into the death of three persons from poison beer is under way.

TECH BUILDING'S BASEMENT HALF FINISHED

G. T. Moore, who has the contract for making the excavation for the basement of the Texas Technological College administration building, has the job half finished and is making good headway.

Ice Companies Fight While Their Patrons Swelter

International News Service. SAN ANTONIO, July 17.—With the temperature at a hundred, B. C. Thomas, one of the largest ice dealers in the city, was enjoined from further deliveries to his customers in an injunction brought by the Lone Star Ice Company, a competitor. The Lone Star Company declares that Thomas has violated an agreement made with them when he sold a portion of the route to them.

M. K. & T. EMPLOYEES ASSOCIATION ELECT THEIR NEW PRESIDENT

International News Service. PARSONS, Kan., July 17.—C. Copeland, a machinist of Waco was chosen president of the M. K. & T. Railway Shop Employees Association at their annual election according to an announcement made here this morning. He succeeds R. D. Votaw, of Parsons.

GOV. NEFF SIGNS REQUISITION FOR R. H. SAGHAM

International News Service. AUSTIN, July 17.—Requisition papers were signed by Governor Neff today on the Governor of Wyoming for the return of R. H. Saghani and J. W. Gardner, to Cheyenne, where he is wanted for removing mortgaged property. The man is held at Stratford, Sherman county, and he will be taken back by the Sheriff of Laramie county, Wyoming, who is here securing papers for his requisition.

FOREST FIRES DECLARED ALMOST UNDER CONTROL

By United News. LOS ANGELES, Calif., July 17.—Forest fires in the Santa Barbara national preserve burning over a seven day period, were declared under "almost complete control" at the forestry office here late Thursday. No new fires are being sent north and no fresh advance of the flames was anticipated it was stated. About 16,000 acres have been burned over in this recent series of fires, with property loss to the government, to ranchers running well toward a million dollars.

AUTO OVERTURNS NEAR SEYMOUR WEDNESDAY PINNING YOUTH

By United News. SEYMOUR, Texas, July 17.—Matthew Byrnes, 16 of England community died Thursday as a result of injuries received when his automobile

Just Folks by Edgar A. Guest

THE FIRST WATCH If I were asked one thing to name Richer in pleasure's golden thrall Which it has been my lot to claim, One treasure which surpasses all The many which have made me glad The greatest source of pride and joy Would be that first real watch I had When I was but a little boy I found it at my breakfast plate One birthday morning years ago, Nor have I language now to state The gladness of that startled "Oh! A watch! A real watch for me!" Such pleasure never comes again, But once in life a boy can be So happy with a watch and chain. The pride I felt I could not mask, Its ticking was a sound sublime, I hoped that passers-by would ask If I could tell to them the time. A hundred times a day, compelled By happy fears my play I dropped

(Copyrighted 1924, by Edgar A. Guest)

tak was alone when the accident occurred. He was discovered and brought to town by P. E. Pearson, of Seymour who said the boy was pinned beneath the machine with the axle on his face. His head was badly crushed and his lungs bruised. The cause of the accident could not be determined as Sytlak never regained consciousness.

WOMAN LEAVES HOME AFTER "BOBBED HAIR" DISPUTE

By United News. ANITA, Iowa, July 17.—Wm. Speer, 80 years old, bewails the fate

that led him to criticize his wife, Anna, 40, for having her hair bobbed. "Anna said she wanted to look young again, and I told her such talk was scandalous," Speer explained. Mrs. Speer left home after the dispute with her 14 year old son and she has not returned.

All London is agitated about a picture painted by a grocer. London should see some of the pictures painted by American real estate agents says the Abilene, Kans., Reflector.

ware colander, enameled ware skimmer, ladle, and several long-handled enameled ware spoons, and the mechanical end of preserving is provided for. To keep fruit after cooking, nothing is as good as glass jars with light screw-down tops. Owners of country cottages or bungalows are now getting them in order for the season. It is always rather depressing to enter one of these shabby dwellings and mark the damage or deterioration of the winter. In our climate moth and rust do corrupt, all right, even if they do not break through and steal. When it comes to going over the kitchen equipment, lucky is the housewife who left enameled ware to face the winter's damp. No rusted-out kettles or saucepans for her! If she is getting ready for tomato, she will secure their gratitude by seeing that they are well provided with this easily cleaned ware. Also it will be an economy to include plates, cups and saucers of enameled ware for everyday or picnic use, as ordinary china fares ill when people are vacationing. In the making of sweet pickles, the enameled ware preserving kettle is indispensable. Its porcelain surface makes it safe to use with even the strongest vinegar, and no matter how long the pickles may be in the cooking their natural color will not be altered. Try this year a little known sweet pickle made of very dry string beans. Pick the beans when not over an inch or an inch and a half in length. Trim off each end. Place in an enameled ware preserving kettle and cover with sugar in the proportion of one cup of sugar to one of the beans. Then pour on any good vinegar until the beans are covered. Bring quickly to a boil and skim with an enameled ware skimmer. Then cook slowly, adding whole cloves, a few allspice and a small quantity of stick cinnamon. These spices may be left in the jar or an inch and a half may be skimmed out. The pickle is equally good either way.

**Of Interest Society To Women**

**Local Women Attend Missionary Program At Littlefield**

The splendid and often heralded hospitality of the people of Littlefield was enoyed by the local church workers Wednesday, who, representing the Woman's Missionary Society of the local First Methodist church, attended an all day group meeting of the Missionary Society there. Several other towns and communities were represented.

Mrs. Adams, the district secretary made a very inspirational talk and Mesdames Wolfarth, Royalty and Peters made short talks concerning the work of the Missionary Society, along with several other visitors from over the district.

Mrs. Neal A. Douglas, Sr., of Littlefield, spoke of the Social Service work in connection with the Missionary work.

Miss Ala Moulton, secretary of the young people's work, and who has been for several years, acted as pianist for the day and several enjoyed musical and vocal numbers were rendered.

A further proof of the cordiality extended to the visitors was the lovely luncheon served in the basement of the First Presbyterian church.

The Lubbock ladies are profuse in their praise of the work that has been accomplished by the Littlefield ladies during their short organization, it being the youngest auxiliary in the district.

Student Journalist Is With Local Paper.

Miss Blanche Bean, daughter of Attorney and Mrs. George R. Bean, 1612 19th street, and who has been a student of journalism at C. L. A. Denton, is now a member of the office force of the Plains Journal. Miss Bean is well known to the people of Lubbock and has a wide acquaintanceship here.

Returns Home from Visit

R. H. Martin and family are at home after an extended visit in Oklahoma and Kansas.

Mrs. Martin and the children had been visiting in Kansas City about a week when Mr. Martin arrived there by automobile and together they made the return trip, arriving in Lubbock the first of the week. Mr. Martin stated that the trip was an enjoyed one and that they saw much beautiful country along the route.

Merrill Bidders Club Will Meet Today

Mesdames H. W. Sims and Hal Bradley will be joint hostesses to the Merrill Bidders Club this afternoon at the home of Mrs. Sims, 902 Avenue Q, at four o'clock.

Missionary Society Meets

The Women's Missionary Society of the First Methodist Church met Monday afternoon in the ladies' parlor where a very interesting and instructive Bible study was conducted by Rev. W. P. McMicken.

The next meeting will be held in separate districts.

Honoring Miss Katie Mae Harris of Mineola

Of all the delightful social events of the week, none was more enjoyed than that of the party given Tuesday evening at the Country Club with Mrs. S. H. Stewart entertaining in compliment to her niece, Miss Katie Mae Harris, of Mineola. Mesdames Stewart, Floyd Bowen, Harris and W. S. Hughes formed the receiving line.

In the cool club rooms, made doubly attractive with Shasta daisies and ferns in profusion, bridge and dancing gave enjoyed diversion for the evening.

Misses Haven Sawyer and Ruth Hutchinson served iced punch throughout the evening. A dainty tea course was served to the following guests:

Misses Laura Street, Evelyn Posey, Katherine Atkins, Alma Grainger, Mary Meador, Zelma White, Frances Conley, Virginia Johnson, Mildred Street, Virginia Conley, Margaret Smith, Vernon Brown, Hortense Ragland, Sue Cook, Novelle Hemphill, Horn, Johnson, Frances Charles; Messrs. Charlie Guy, Yynwood Hardin, K. M. Harris, Scott Ballard, Joe Flag, Jack May, Erick Posey, Lowell Munday, Ross McWhorter, Frank Jones, Arthur Witt, Carl Roberts, A. B. Conley, Jr., Kenneth Kimbro, Frazier Stevens, E. C. Bloom, Spencer Wells, Bill Stevens, Louis Price, Hank Benson, Lacey Baggess, Dr. Bloom, Dr. Sam Dunn, Dr. B. B.

York, Mr. and Mrs. D. K. Bondurant and Dr. S. H. Stewart.

Personals.

Mrs. J. M. Peddy and daughters, Lucile and Mary Fern, accompanied by Mrs. J. P. Edgar will leave today in their car for Dallas and Gainesville.

Mr. and Mrs. P. C. Clutter and children have returned to their home in Bonham, after a visit with B. C. Clutter and family.

Miss Lottie Leach, of Brownwood, is here visiting her sister, Mrs. John Porter.

Mrs. M. L. Price of 1402 Ave. O, has as her guests, Mesdames John Burnside and Ann Hodges, both of San Angelo. Mrs. Tom Curtis, of Amarillo. Mr. and Mrs. Charlie Cooper of San Angelo.

Mrs. C. E. Ratcliff, who has been visiting in Brownwood has returned to her home here. She was accompanied on her return by Mr. and Mrs. H. J. Ratcliff who are guests in the home of Mr. and Mrs. A. E. Herring.

Mr. and Mrs. J. D. Fortner and son, of Windom, have been visiting in the home of Mr. and Mrs. B. C. Clutter the past week.

Mrs. Roy McDonald, of Crosbyton, was here Wednesday, shopping.

Mr. and Mrs. S. A. Guy of the Cap Rock Dairy Farm, near Crosbyton, accompanied by Miss Annie Coffield, were in Lubbock Wednesday.

Dr. George W. Shearer, presiding elder of the Amarillo district of the M. E. Church, South, accompanied by Mrs. Shearer and son, John, will leave today for a month's vacation in Colorado. It is probable that Dr. Shearer will attend the Colorado conference of the Methodist Episcopal Church in Denver while he is away.—Amarillo Daily News.

**LOCAL PEOPLE AT HOME FROM TOM BEAN, TEXAS**

J. M. Mullins and family, accompanied by Miss Julia Richards, of the Canyon community, returned to Lubbock Wednesday from Tom Bean, Texas, where they spent a month visiting relatives and friends.

During their visit they were enabled to keep up with the happenings in Lubbock as Mr. Mullins was careful to have his address changed on the mailing list in order that the paper would be sent to him each day.

With political maneuvers growing more interesting and with the other rapid developments being made here, local people appreciate the opportunity to keep posted on these happenings and are keen to having the Avalanche follow them wherever they go whether on long business trips or for the summer outing, and the circulation manager is only too glad to see that they are given the best service possible during these times.

**TEXAS HAS ABUNDANCE OF BUILDING MATERIAL SAYS ENGINEER**

AUSTIN, July 17—An abundance of good material for the construction of highways exists in Texas, according to G. A. Parkinson, assistant testing engineer of the Bureau of Economic Geology of the University of Texas. As an evidence of the progress of the good roads program in Texas during the last several months there have been received and tested by Mr. Parkinson a total of 850 samples of building road material since January 1, 1924. This number exceeds the record for all of last year.

Mr. Parkinson said. The samples have come from nearly every part of Texas where highway construction is proposed or in progress.

Another proof of the advancement that is being made in good roads construction is the big increase in the number of rock crushing plants. The demand for crushed rock is constantly increasing, it is asserted. Many of these plants are owned and operated by road contractors. There has also been a marked improvement in the strength of concrete used in public works in Texas. Mr. Parkinson declared. Formerly this material was not up to the approved standard, but this is no longer the case. There is said to be more or less laxity, however, in the quality of concrete that is often used for private construction.

**JAPS FROM CALIF. FIGURE ON MO. COLONY**

HOLLISTER, Mo., July 17—Contemplating the purchase of large tracts of land hundreds of Japanese residents of California may establish a colony in the Missouri Ozark Mountains, according to a prominent lawyer of Los Angeles, who has been spending several days in this section of the state inspecting several large tracts of land.

He stated that approximately five thousand Japanese residents of the state of California have spent some time seeking land sites in other states, and in Mexico on account of the passage of the California anti-alien land law, which prevents Japanese from owning or leasing land. He said further that the Missouri Ozarks afford better facilities for farming and marketing than any section which has been considered so far.

Nothing will be done in the immediate future, but the attorney has returned to Los Angeles with his favorable report. He will come to Hollister in September to further inspect the local lands. He was sure that the initial purchase of land would total twenty thousand acres when the Japanese were ready to act.

**OWNERSHIP OF A DOG IS BROUGHT INTO COURT**

By International News Service.

HUTCHINSON, Kas., July 17—In a recent legal battle here, the ownership of a Spitz dog, twenty-eight witnesses were heard and several days were spent in deciding the case.

The question of ownership evolved on the age of the dog. One claimant accused the Spitz of being ten years old. The other alleged it was a mere infant of four summers. A dog expert identified the dog was just a kid, and the judge rendered the decision in accordance.

**WAR MEMORIAL IS TO BE BUILT IN INDEPENDENCE MO.**

INDEPENDENCE, Mo., July 17—Independence has voted to have a war memorial and a community building.

A \$150,000 city bond proposition, to bear 5 per cent interest, was submitted to the voters at a special election this week, to raise money for the building.

The vote was 135 over the two thirds majority necessary.

The city council will assume entire charge of picking the site, adopting plans, superintending the construction and assume the management of the building when completed.

In addition to serving as a war monument, the memorial building will be used as a general community center and as a meeting place for various civic bodies.

T. R. Calley, of Eagle Lake, spent Thursday looking after business in Lubbock.

C. T. Tucker, of Dallas, was a recent visitor in Lubbock.

**Announcing The Gray Bird Bus**

Starting Saturday morning at 6:30 a. m. we will operate on the streets of Lubbock the new Gray Bird Bus. This bus will operate on specified streets, and a charge of 10c will be made for each passenger.

**Schedule**

Starting at corner of Avenue I and Broadway the bus will leave every 30 minutes during the day except on Sunday. This is indeed an unusual service for Lubbock, and we hope that the public will patronize it. Watch for the Gray Bird Bus—the charge is nominal.

**Gray Bird Bus Comp'y**

**FORT WORTH MEN MAKE BUSINESS VISIT HERE**

Sam S. Denman, former business man of Lubbock and owner of the Lubbock Cotton Exchange, accompanied by H. O. Smith, both of whom have recently made their homes in Fort Worth and have entered the cotton business there, arrived in Lubbock the first of the week looking after business interests here.

The Lubbock Cotton Exchange is now owned by Mr. Denman. Mr. Smith and Mr. Hardin, the latter being in active management of the business at this time.

Mr. Denman is one of the influential young business men having interests here and has among his friends the leading citizens of this city.

Berry Bowen and family, of Sweetwater, are here visiting his brother, Floyd Bowen, of Bowen's Drug Store. Mr. Bowen is one of the leading merchants of Sweetwater and on previous visits to Lubbock made friends with a number of local people who are pleased to have him visit here and to become better acquainted with the plains country and Lubbock.

Senator W. H. Bledsoe returned to his home here Thursday after several days visit out of the state on legal business.

## YALE CREW EASILY WIN EIGHT OARED RACE OF OLYMPIC REGATTA BREAKING ACROSS LINE 3 LENGTHS AHEAD CANADA

By United News.  
PARIS, July 17.—The same cedar silver that darted over American waters a few weeks ago, leading the swiftest boats in the American college fleet, went skimming along the river Seine Thursday afternoon, an easy winner of the Olympic eight-oared race, the classic event of the Olympic regatta. It was Yale's boat. Winning of the contest again sent the Stars and Stripes leaping to the masthead.

There were seven races in various kinds of craft on the championship program all of them 2,000 meters in length. Kelly and Costello in the double sculls won the only other victory for the United States and it was distinctly up to Yale to win the full crew races.

When Yale's brawny young barge hands yanked their boat across the line with smiles on their faces, and their rudder at least three lengths ahead of the Canadian bow, the American point score in the regatta climbed to 33 points which was just one point ahead of Switzerland's score.

England was third with 27 points and France fourth with 21. Then came Holland and Italy with 12 each, Canada with ten and Australia and Brazil with three each.

As W. Garrett Gilmore, of Philadelphia had failed in his race with Jack Beresford, the Diamond scull champion, in the single sculls a failure that was quite unexpected, the Americans along the shore were not confident but just hopeful of taking the championship as the pick of the world's eight oared shells went to their buoys for the start. Yale swung off in an easy stroke for a slow start and rowed just off the pace about half the distance. Then the American tourists who had dug in with their toes along the banks of twined themselves about overhanging fire escapes to watch the contest broke out with frantic shrieks as they saw the blue sweeps hit the water at a faster rate and the prow of the Yale boat shoot easily and swiftly into the lead.

The Yale men were making merry as they let their oars drag after the last tug at the tranquil waters of the suicide stream at the victory seemed to have taken less than their utmost. If they had been pressed perhaps they could have done better than their time of 6:35 2-5.

The American crew was made up as follows:  
Lindley, Speck, Kingsbury, Miller, Rockefeller, Wilson, Sheffield, Carpenter and Stoddard, Coxswain.  
Canada's time was 6:49. The Italian boat was third.

The United States rowed in five races. Kelly and Costello were six seconds ahead of the French crew which was second in the double sculls. The American pair's time was 7:45. Switzerland was third. The American boat was third and last in the two-oared race with Coxswain. Switzerland won the race and Italy was second. Time 8:39. Italy was one-tenth of a second astern of Switzerland.

The American four oared boat with Coxswain also was third, Switzerland taking another first in this race and France second. Time 18 2-5. Although Gilmore the American entrant in the sculling race, had beaten Beresford in their trial, the Englishman won by four fifths of a second in the final. Time 7:49 1-5.

England took the four oared final in which the United States was not represented.  
Canada was second and Switzerland third. Time 7:08 3-5.  
Holland won the pair-oared race without Coxswain, with a lead of three quarters of a length over France in 19 2-5 seconds. The British crew forfeited the race. The American swimmers took great liberties with the Olympic records.

In the swimming events of the day Skelton of the American team won the 200 meters breast stroke in 2:56 4-10. Decomb, of Belgium, was second at Kirchbaum U. S. A. third. All three beat the Olympic record.  
Johnny Weissmuller set a new Olympic mark of 5:13 6-10 winning the first semi final heat of the 400 meters free style. Charlton, the great Australian was yards behind him.

Kealoha, of the American team, broke the Olympic record for the 100 meters back stroke when he won the first heat in 1:13 3-10.  
The Borg brothers, Arne and Ake Sweden swam far behind Weissmuller's time in qualifying for the final at four hundred meters.  
Misses Eagan, Fletcher, and Becker of the American diving team, qualified ahead of Miss Johnson, of Sweden and Miss Burnett, of Australia for the finals of the springboard competition.

In the final of the United States won the final of the men's spring board diving competition with Desjardine and Pinkerton, of the American team, second and third.  
France won the Olympic water polo championship by defeating Belgium in the final match 3 to 0. Belgium was runner up and Sweden was third.  
In the Abator of the Velodrome d'Herve, the Scrappers of many nations spilled gore all afternoon. The Americans fared well. Boylstein of the United States defeating Shorter of England in the starlight weight bout. Rothwell, another American lightweight, won from Graham of Canada on points. Haggerty, the American beat Ertmanski of Poland the bout being stopped in the second round. Mello, the American welterweight knocked out Christensen of Norway in the first round.

## HAINES LETS BRAVES DOWN SCORELESS AND HITLESS

By United News.  
The pitching performance of Jess Haines, of the Cardinals who earned himself a niche in baseballs hall of fame Thursday by pitching a no-hit, no run game against the Boston Braves in St. Louis, overshadowed the activities elsewhere in both circuits. The Cardinals won the game 5 to 0. Haines' achievement was slightly marred by his issuance of three free passes.

The unnessary at the top of the American League was slightly relieved Thursday when the threatening Senators received no better than an even break in a double header with the Browns in Washington. The first game went to the Browns by the shut out score of 3 to 0 and the second match was captured by Washington 12 to 7. The Yankees remained at the top.

Rain caused a postponement of the Yankee-Indian game in New York. The Yanks had led the Senators by only five points and had the Washington club won both games it would have been the downfall of the Yanks and the subsequent rise of Bucky Harris' men.

The Detroit Tigers, by a late spurt have climbed into the shade of the pennant scramblers. They are a single game behind Washington. The Detroiters were to have played in Boston with the Red Sox but rain interfered and their progress was temporarily delayed.

Pitcher Thurston of the White Sox won his 15th game of the season in Philadelphia where the Sox scored a 13 to 4 triumph over the Athletics. The run-away lead of the Giants in the National was slightly reduced as they lost a 13 inning battle to the Pirates in Pittsburgh by a score of 4 to 3, while the second place Cubs won a tight game from the Phils in Chicago 3 to 2. Pittsburgh's victory returned the Pirates to third place from which they had been ejected the day before, as the Dodgers received a 10 to 8 spanking from the Reds in Cincinnati.

Miss Wills proves superiority in tennis match.  
By United News.  
PARIS, July 17.—If there was any doubt about Miss Helen Wills superiority over Mrs. Mallory after their meeting for the American women's championship last fall, that doubt was allayed Thursday when they met on the Olympic courts.

Miss Wills won with eclat and ease, 6-3, 6-4. On the courts at Forest Hills, they met as American rivals for the American title and there may have been some who believed that Miss Wills caught Mrs. Mallory on an off day to take the title. On the Olympic courts they met as the representatives of their respective native countries, Miss Wills wearing the American shield and Mrs. Mallory playing under the colors of the country from which she emerged about 15 years ago as an absence but promising athlete.

This time, Mrs. Mallory was unable to extend Miss Wills except in rare instances. The Californian girl on the other hand had her older rival leaping wildly from one side of the court to the other. There was one moment of unsteadiness for Miss Wills in the second set when she permitted Mrs. Mallory to take the lead two games to one. But Miss Wills quickly and firmly reasserted her mastery and took the match in straight sets.

During her defeat Mrs. Mallory's notorious temper overcame her sporting sense and she glared about for some innocent bystander on whom to blame the disaster. A caddy and a photographer were the nearest at hand and she spent her wrath on them. The photographer fled the court under the lash of Mrs. Mallory's fluent abuse.

In response to the screams of the ladies who were enthusiastically dissatisfied with the tennis accommodations, the French committee in charge of the arrangements made great improvements for the match and threat of the American team to withdraw was held in abeyance. The players had com-

plained that there were too few showers, too little privacy in the dressing rooms, and neither drinking jets nor towels on the courts. The committee hustled up a lot of towels for Thursday's play and set out a number of white water pitchers. These few attentions were sufficient. The players agreed to waive the matter of the bathing facilities and go on with their play.

Miss Wills now advances to the semi final round in which she meets Mile Golding of France. Miss McKane meets Mile Vlasto, of France, in the other match.

Vincent Richards won a match from Rene Lacoste, the French runner up in the recent Wimbledon tournament, the score was 8-5, 3-6, 1-6, 5-2, 6-3. However, E. N. Williams who had been hobbling on an injured ankle through two victorious matches at last succumbed being defeated by Gotchet, of France, 5-7, 6-3, 6-2, 6-4.

Mrs. Marion Z. Jessup was another American casualty. Miss Helen Wills was at the mercy of Miss McKane throughout the match. Helen Wills stood by watching the play and she was much impressed for there had been an opinion that Miss McKane could not do her best on clay footing. Miss McKane and Miss Wills may meet again in the finals.

In their last meeting at Wimbledon, Miss McKane won and took the so-called world title. Richards weakened during the second and third sets with Lacoste but returned to the courts with a great burst of vigor after the rest period and swept the Frenchman off his feet by sheer speed and power.

EL PASO, Texas, July 17.—The people of Slaton are certainly having a treat in the work of the Landis Evangelistic party who are conducting a revival for the Christian church. Evangelist Landis is winning the hearts of the people by his strong Biblical sermons. He strikes sin hard, uplifts Christ in love and appeals to the highest and noblest in people. Members of all the churches are attending and taking part in the work in a very fine way. Mr. Landis has traveled widely and this wide experience is thus aiding to broaden the vision and thinking of the people. Mrs. Landis is helping in a fine way the work of her husband and the members are responsible in a nice way in their personal work.

Artist-Singer, A. L. Haley, of Abilene is attracting wide attention and very favorable comment in his work as choir director and singer. He sings the old songs and draws pictures to illustrate as he sings. This is proving a great aid in the meeting.

The children's meeting each morning are very interesting. The children are taught the Bible and thus helped greatly. On Saturday night they will give a great demonstration of their work in the Bible drills.

Rev. Jasper Rague and the membership of the Christian Church are very happy over the outlook and responses in the meeting. There have already been several additions to the church and many more have promised to come.

### WHEELER REFUSE TO SUPPORT DAVIS

By United News. WASHINGTON, July 17.—Senator Wheeler of Montana, who waged such a vigorous battle against the republican administration during the last congress has again stirred up political waters by announcing that he will not support his party's candidate, John W. Davis.

Wheeler said he probably would support the candidacy of Senator LaFollette, openly, and campaign for him, though he has not finally decided. The Montana senator has been mentioned prominently as a running mate for LaFollette and his announcement is significant in view of the meeting of the progressive forces here Friday to name a vice presidential candidate.

Wheeler has said already that he would accept the nomination as running mate to LaFollette if the post were offered him. "I could not consistently get out and support John W. Davis," Wheeler said.

"I don't see any difference between the candidacies of Calvin Coolidge and Mr. Davis. They both represent the same ideals and the same people."

Wheeler explained that his statement does not affect his status as a democrat. He is still a member of the party, he declared, and will support it when progressive, but when its nominee is a man who is an attorney for J. P. Morgan, and Wall Street interests, I will not support him.

Tillman Suggs, prominent plainman, who has been making his home in Lubbock for a number of years, returned here the first of the week after having made an ex-

## LOVE FIGHTING FOR ABOLITION OF UNIT RULE

By International News Service. CHICAGO, July 17.—Tom Loyo, of Texas, is today leading a fight for abolition of the two-thirds and unit rules in future conventions. This was revealed by the publication of letters between a number of the delegates, principally of the south and southwest desiring changes. Concerted action in this matter is promised.

## DOCTOR KILLED AFTER QUARREL WITH TENANT

By International News Service. COLEMAN, Texas, July 17.—Dr. Silas Ballard, wealthy physician and land owner, was shot and killed today in a gun duel with A. S. Bell, one of his tenants. Bell surrendered to officers, whom he told he and the doctor quarrelled over a farm transaction. He alleged the doctor fired the first shot.

## CAREFUL DRIVERS SPOTTED OUT IN TULSA

By International News Service. TULSA, Okla., July 17.—Here's another inducement offered by the Tulsa city papers to make for more careful driving. Traffic policemen have been instructed to take the number of each motor car, in which there is a careful driver. The carefulness of the driver to be determined by the officer, judging the manner in which he conducts himself in traffic and on the boulevards.

The operators of the automobiles bearing the numbers taken may report at a local moving picture house where the property identified, receive a free ticket to a movie entitled, "The Reckless Age."

Courtesy, will also be a matter of rating.

One driver was seen to halt his mount at an intersection, yawning loudly, look first to the left and then to the right, sign with his left arm and slowly negotiate a right turn, with not another vehicle in sight.

## S. P. FAIR WILL BE BIGGER THAN EVER BEFORE

Frank White and Joe Brown, well known local men, have been employed to work for the South Plains Fair Association to encourage attendance at the fair that is to be held here October 1, 2, 3 and 4.

They are at this time promoting the advertising of the fair by calling upon the merchants of this territory and securing their services in advertising the fair and in making the presentation of the four automobiles to one visitor each day possible.

Plans are to make the fair this year bigger and better than ever before and to have each an every department replete with the many exhibits that go to make it one of the most wonderful exhibitions in the country.

## New Cotton-Grain Exchange Opened Here Thursday

The Plains Cotton and Grain Exchange was formally opened Thursday morning in the spacious office room which has been furnished especially to accommodate this business in the Merrill Hotel building.

G. F. Allen, local manager of the firm, and who is thoroughly experienced in this business, will work the board until an operator can be secured. Mr. Allen has worked on the exchange in New Orleans, Chicago and other centers.

H. W. Inscore who helped to establish the office here is still on the job.

Many local cotton men visited the exchange during the opening.

There are some men who think they can make a living shooting dice.

### MARKETS

#### STOCKS CLOSE NORMAL DESPITE FLUCTUATION

By EDWARD J. CONDLON (United News Financial Editor.) NEW YORK, July 17.—Despite the rapid succession of new highs and new lows on the movement which appeared on the ticker tape during the strenuous session on Thursday prices finished about where they started. The industrial averages held the unchanged while the decline in the averages of the railroad stocks was almost negligible. Certainly the market was demonstrative enough. From the opening going sentiment was maintained as it has been in weeks among the speculative crowd, but not so with investors. This determined body of purchasers always stood ready to make purchases on recessions of any consequence and most of the declines were short-lived. It was notable that only one of the 50 or so most active stocks of the list closed with a loss exceeding a single point, and the turnover of well above a million shares was a record for this movement. Some of the reboundings which took place in the latter dealings were obviously prompted by the plethora of cheap money available. It seems as if money was practically unobtainable on Thursday at the 2 per cent level on the stock exchange, and transactions at 1 3/4 and even 1 1/2 percent were reported on the open market.

The federal reserve bank of New York ratio this week has been increased from 83.9 to 84.2 percent due on the one hand to increased deposits of member banks, with the gold holdings some \$12,000,000 above last week, though the bank lost about \$2,000,000 in the gold holdings fund with the reserve board.

Foreign exchange eased off a fairly good start today on reports that the French representatives at the allied conference in London will insist that actual operations on the Dawes plan start only when international bankers make formal subscription to the German loan "when as, and if issued."

#### MEXICO ESTABLISHING SCHOOLS FOR SOLDIERS

By United News. JUAREZ, July 17.—The three R's are receiving considerable attention in Mexico and efforts are being made to raise the intellectual standard of the soldiery and fit them for industrial life when they leave the army.

The secretary of war has announced as the result of successful experiments, schools will be established all over the country when reading, writing and arithmetic and fundamentals in practical agriculture will be taught the soldiery.

One of the new schools will be located in Chihuahua City, it is announced.

#### FUNERAL SERVICES HELD FOR KANSAS LAWYER

By United News. SEDAN, Kans., July 17.—Funeral services for the late John E. Brooks, 55, former grandmaster of the Odd Fellows of Kansas, and prominent state lawyer, were held here Thursday.

Brooks, a former member of the state legislature died in Rochester, Minn., following an operation.

#### VOTE FOR JOHN L. RATLIFF

#### DISTRICT ATTORNEY

"OUR OWN HOME MAN"

He will meet your most exacting test of Manhood, characterized by faithfulness and ability.

He has no connections or affiliations that would prevent his making a high class officer.

RATLIFF CAMPAIGN COMMITTEE

#### CONGRESSMAN JONES PASS THROUGH THIS CITY THURSDAY

Congressman Marvin Jones passed through Lubbock late Thursday afternoon enroute to his home at Amarillo, having visited relatives and friends in south Texas.

He stopped for a brief visit with his brothers, Hub and Frank Jones, of the Jones Investment Company, Congressman Jones visited at the Avalanche office for a few minutes and in conference with the editor expressed optimism concerning the possibilities of securing a Federal building for this city in the near future.

Congressman Jones will remain in his district until sometime in September when he will go into the northwestern states as a speaker in the interest of the democratic campaign.

#### HEAVY RAINS HELP CROPS IN KANSAS

By United News. TOPEKA, Kans., July 17.—A million dollars worth of water was the comment of R. R. Laskowski, acting state meteorologist after receiving reports of the general rains throughout the state at his office here Thursday. "The rains were the best boost the corn crops have had."

Heaviest rain fall was reported from the northwestern part of the state which was in bad need of water for the corn crop.

DEMOCRATIC CANDIDATES CONFER.

John W. Davis, of West Virginia and New York, is shown in his first meeting in New York City, with Governor Charles W. Bryan, of Nebraska, picked by the Democratic National Convention to be his running mate in the Presidential campaign.

BIG TWO DAY CELEBRATION IS OPENED AT BROWNFIELD THURSDAY WITH MANY CANDIDATES PRESENTING THEIR CLAIMS

Approximately two thousand people were in attendance Thursday at the big barbecue, rodeo and political speaking at Brownfield on Thursday, the first day of a two day event now being staged in that city. The day was started off in big picnic style by the Junior Band of Brownfield. The concert of the morning began at about nine-thirty when everyone began gathering around the speakers platform, the main attraction for the morning. K. L. Graves, a candidate for representative, was in charge of the introduction of all candidates. He was preceded by Morgan Copeland, president of the Brownfield Chamber of Commerce who welcomed the people to that city, and requested that everyone lay aside all prejudices for the day and get together in a good old-fashioned way. R. A. Baldwin, candidate for the Senate was the first candidate to be introduced. He spoke for thirty minutes upon the various duties of a four legislative body. He scolded the idea that the power of tax reduction was in the hands of the governor. He emphasized his belief that tax burdens would be felt less in this District if the State was provided with a State Equalization Board. He also brought up many instances to prove that the equalization board was necessary. Judge Baldwin in his closing remarks referred very briefly to the Shepard-Towner Bill calling it one of the "dollar bills." He also deplored the centralization of our government in Washington. Judge Bean Speaks. Next on the morning program was the introduction of Judge Geo. R. Bean of this city. Judge Bean announced his candidacy, told of his years of residence on the plains spoke of his experience as a lawyer and Judge. Various excerpts of his opponents speeches were commented upon by the Judge. At this time the dinner bell rang announcing that a big feast was awaiting and Judge Bean closed his address after a few brief statements of various issues. Promptly at one o'clock the Junior band started their afternoon concert, playing three pieces that were greatly enjoyed by all. Judge Mullican Speaks. Following the band concert came the introduction of Judge Clark M. Mullican. Judge Mullican devoted a great deal of his time commenting on the "standstons" issues that he stated had been started against him. He defended his position as to religious views and denied his affiliations with any secret order. He deplored the fact that the people were being divided upon that issue. He called for a united citizenship consecrated for the welfare of the great common cause—the upbuilding of our section, state and Nation; and the right of pursuit for life, liberty and happiness. Rodeo and Bronc-Busting. Following Judge Mullican's talk the crowd scattered through the city, most of them, however, going to the bronch riding and steer roping contest, a piece out of the city. Expect Big Crowd Friday. The day was one full of enjoyment. Everywhere there was good will and hearty hand-claps. Tomorrow the people of Brownfield predict a larger crowd but are enthusiastic over the success of the picnic at the close of the first day.

Dawes Reparation Conference Wait On Committees

By International News Service. LONDON, July 17.—In full session the Dawes Plan Conference was abandoned today while three committees from ten nations grappled with knotty problems. Kellogg and Col. James Logan, American unofficial observers have a busy time keeping on all three. All seems clear today to an eventual settlement although many problems are ahead.

FEDERAL JUDGE RECOMMENDS BIG PENALTY

By International News Service. AUSTIN, July 17.—Penalties totaling \$25,000,000 for alleged violation of the anti-trust laws involving three large oil companies, were disallowed today by district Judge George Calhoun. The state charged the Gulf Refining Company, Texas and Producers Refining Companies with entering into exclusive sales contracts with filling stations, and is asking huge penalties.

HEAVY STORMS WRECK ST. LOUIS COMMUNICATIONS

ST. LOUIS, July 17.—Telephone service here will not be restored to normal for two weeks on account of the ravages of a local wind, rain, and electrical storm Thursday that put 12,000 telephones out of service, uprooted trees and unroofed many houses. The storm said to be most violent since the 1896 cyclone, rode on a 54 mile wind. Twelve hundred trees, some of them a foot in diameter, were uprooted in Forest park and many were destroyed in other parks.

TEXAN WILLS HIS LAND AND MONEY TO THE UNIVERSITY

By International News Service. ITALY, Texas, July 17.—Farm property valued at \$40,000 has been left to the Texas Christian University, Fort Worth, and sufficient funds bequeathed for the establishment of a library here, are provisions in the will of Samuel McNelly Dunlap, according to an announcement made here today. The late Dunlap is a well known philanthropist.

METHODIST MISSIONARY LADIES HOLD DISTRICT MEETING

LITTLEFIELD, July 17.—The Ladies Missionary Society of the Methodist Church held a district meeting here yesterday. Representatives from all over the district were present. Luncheon was served in the parlors of the Presbyterian Church to a large crowd.

Levelland People Are Optimistic About Railroad West

B. E. Gunn and T. W. Bowers business men of Levelland, were here Tuesday looking after business. They report the chamber of commerce of that thriving little West Texas city making splendid headway in assisting in the material development of the city and surrounding territory and that the citizenship is optimistic concerning the possibilities of securing a railroad that will be built out of Lubbock through that section.

Levelland business men are working energetically and earnestly for the best interests of their community and the South Plains and are proving themselves able pioneers who are transforming unsurveyed ranges into farms, and going steadfastly through the process of changing the thinly settled ranch country into thriving, well populated community centers, where schools and churches are taking their accustomed places in the building of a great country.

BOYS CONFESS TO THE THEFT OF AUTOMOBILES

By International News Service. ORANGE, Texas, July 17.—Arthur Goodman, seventeen; King McGee, sixteen, today made confessions according to police of having stolen twelve automobiles. These machines had been stolen from Orange and surrounding towns, according to information that the authorities have, and according to statements made by the boys. It is expected that their confessions coupled with other information that they will likely give concerning their operations, that most of the cars will be returned to their rightful owners.

Anthrax Epidemic Is In Vicinity Of Orange

By International News Service. ORANGE, July 17.—On account of an epidemic of anthrax, Dr. S. W. Sholar, county health officer, today issued order prohibiting the further shipment of or butchering of cattle out of this county, until further notice. The situation is looked upon as being very critical, and every precaution is being used to prevent its spread.

John Healy was here Thursday transacting business. His home is at El Paso.

ONE LEGGED CHICKEN IS HATCHED IN KANSAS STILL LIVES

By International News Service. KANSAS CITY, Kas., July 17.—Most chickens have two legs, in fact every normal chicken is so equipped. But a local fowl fancier has an unusual bird; the unusual bird having but one lower extremity. The chicken was hatched three weeks ago, along with fifteen others and is as healthy as its brothers and sisters.

It is handicapped in walking, but manages to get around by hopping on the one leg. The mother hen seems to realize her charge is handicapped and gives it especial attention.

UNDERTAKER COMPLIMENTS POLICE JUDGE ON SPEED CRUSADE

By International News Service. KANSAS CITY, Kas., July 17.—A philanthropic undertaker enjoying a thriving business has inserted the following advertisement in the Kansas City Kansas: "Police Judge Roberts is showing considerable speed in yanking the fool speed out of some of the Kansas City fool speeders. The speed hound and careless driver are more than a menace. They constitute a rolling pestilence. More speed to Judge Robert's speed-crusher."

PRAIRIE CO. ANNOUNCES NEW PRICE ON GASOLINE

By United News. INDEPENDENCE, Kans., July 17.—E. T. Patterson, treasurer of the Prairie Oil and Gas company announced new and lower prices effective at once on crude oil purchased at the well in Kansas, Oklahoma, and North Texas here Thursday. For oil below 30 gravity will sell at \$1.25; 30 to and including 32.9 gravity 1.45, while that testing 33 gravity and above, would be bought at \$1.75. The new price refers to oil purchased in barrel lots.

WOMAN SHOOTS OWN SELF FOUR TIMES

By United News. WAXAHACHIE, Texas, July 17.—Although her left breast is penetrated by four bullets, relatives of Mrs. Orlene Hagler, thirty, wife of a Reagan Springs merchant and farmer, advance the belief that she took her own life. Five shots were fired four of which took effect, and she died before regaining consciousness. She is said to have been in very bad health for some time, and it is the belief of relatives that this is the cause of the rash act.

FIRES STARTED IN ST. LOUIS; ELECTRICAL STORM

By International News Service. ST. LOUIS, July 17.—After a storm of cyclonic nature swept over the city today scores of fires broke out, causing a heavy loss of property. The wind unroofed

hundreds of homes and paralyzed telephone and light systems throughout the city. Up to this time no loss of life has been reported.

SHIRLEY MASON TO WED AUTO RACER, IS REPORT

By United News. LOS ANGELES, July 17.—Shirley Mason, film actress and Harlan Fengler, automobile racer, are engaged to be married, they admitted Thursday. The wedding will take place in about a year, it was stated. Fengler will leave soon for the championship race at Altona. Miss Mason is a sister of Viola Dana.

SECOND ANNUAL AUGUST

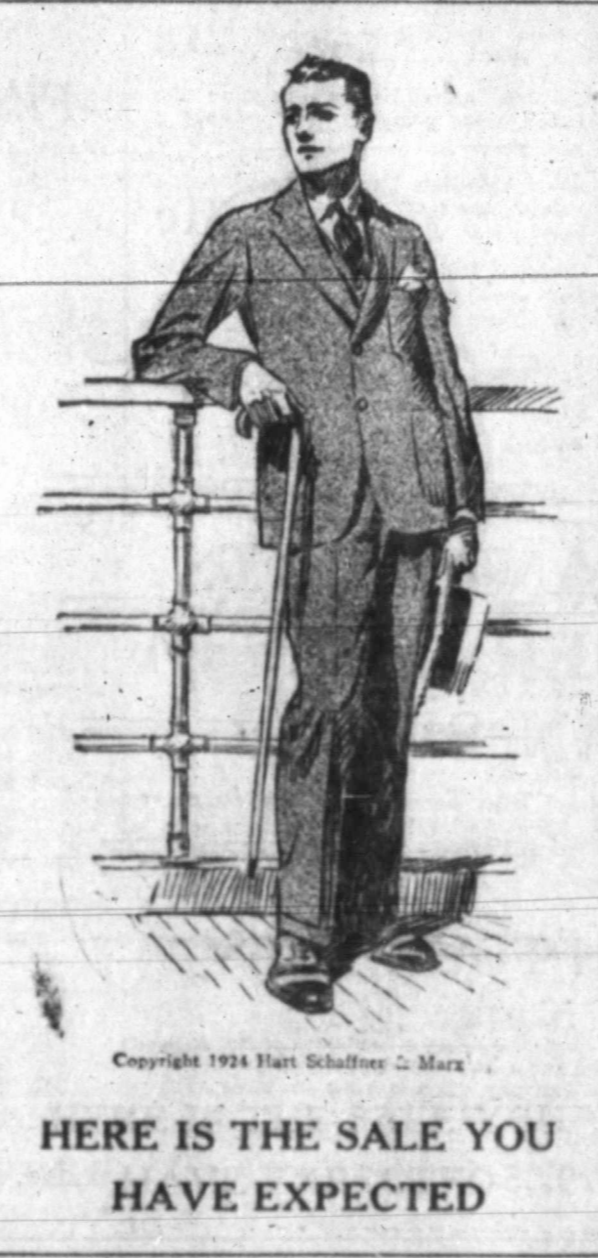

# CLEAN SWEEP SALE

There are no sections of our store that comes forward with better values at Clean Sweep time than our Clothing and Shoe sections. Lines in these two departments are in most cases nationally known and have an established price the world over. Only twice yearly are many of these items reduced and this is one of those occasions. You can buy clothes, furnishing goods and shoes in this Clean Sweep Sale at prices far below regular levels and at reductions that are never again equaled except at these times. Buy liberally—buy enthusiastically—the values are real and the possibilities exceptional.

20c NOTION ITEMS	10c NOTION ITEMS	15c NOTION ITEMS	50c NOTION ITEMS
13c	6c	9c	37c

Twice yearly, usually in January and August we clear our stocks of all goods in our store at reductions ranging from 1-4 to 1-2 off. It is one of these occasions we feature but this season we have pushed the date up two weeks, and beginning next Saturday, July 19th gains that have ever been offered to the people of Lubbock and the South Plains store do prices are reduced so severely that only a limited time is necessary to effect clearance. The Clean Sweep Sale will remember the opportunities. This year they are even greater, stocks are

### FINE DRESS GOODS WILL BE SOLD AT PRICES THAT WILL SURPRISE YOU BUT THIS IS CLEAN SWEEP TIME

Many weeks of summer weather yet remains in which to obtain full service from dresses made from these light weight materials. At the prices they now bear, you can well afford to purchase several and be prepared to keep cool through the hot days of August.

# N OF SECOND ANNUAL AUGUST SWEEP SALE!

## Sale Closes Saturday, August 2nd

**THIS SALE IS FOR CASH**  
All sale goods will be sold strictly for cash. At these prices we cannot afford to charge. No goods will be sent on approval or held on deposit. No returns will be allowed. We will be unable to deliver. This is a sale in which tremendous reductions feature and at these prices the above accommodations are impossible.

### WHEN PRICES ARE REDUCED TO THE EXTREME LOW LEVEL AND WIDEN UP FOR A SWEEPING RUSH OF VALUE GIVING

Stocks of all new goods with tremendous sales events in which we sell practically every item of these occasions we feature here. Our Annual Clean Sweep sale usually comes early in August, beginning next day, July 19th, we will open our doors on the most varied assortment of real bargain goods. The South Plains store does not advertise many sales, but when the time rolls round for this event we try to effect a clearance. Those of you who shared in the bargains of our Last August Clean Sweep even greater stocks is larger and assortments more complete.

### HUNDREDS OF YARDS OF SILK MUST MOVE OUT QUICKLY BEFORE THE BROOM OF CLEAN SWEEP PRICES

This store enjoys a very desirable reputation on supplying the most attractive silks found in the city. At this Clean Sweep time we clear our stocks of all remaining lengths at a fraction of their worth—it will be many days before such desirable silks are sold again at such low prices:

### GET TO GATHER MEETING AND BIG PICNIC TO BE HELD NEXT SATURDAY AT CARLISLE; ALSO BASKET DINNER

Elaborate plans for the entertainment of several hundred Lubbock county people at the picnic to be given at the Carlisle school Saturday, July 19th, are being made and a basket lunch is one of the attractive features of the program. Everyone is invited to attend and to take with the well filled basket and are assured that their entertainment and comfort will be looked after by the hospitable people of that progressive community that is such an integral part of our county system.

The Carlisle school building, one of the best brick rural schools in the county and which is equipped to meet the demands of a fast growing scholastic population, will be the scene of the picnic.

There will be talks by a number of good speakers, singing, games for the young folks, and a baseball game in the afternoon. Special music will be furnished throughout the day and all singers of the county are urged to attend and participate in the exercises.

Word reaching the Avalanche office is to the effect that H. G. Robinson, superintendent of the Carlisle school, together with the other members composing the entertainment committee are sold on the idea that such get-together meetings are a force for good among the people of the county and that they intend to make them a part of the community life of Carlisle.

Refreshments will be had in abundance and everyone who possibly can should take advantage of the opportunity to meet with the people of Carlisle and to become better acquainted with them, to know their problems better in order that all the people of the county might work to a common end and for a common good, and that a spirit of friendship that will keep our people together under the most exacting circumstances might be engendered.

### FIVE ARRESTED AND CONFESS TO CRIME

More than seven hundred dollars worth of stolen merchandise will be returned to the rightful owners and five negroes are in jail and have confessed to the crime of their growing out of the disappearance of goods, ended seven days of relentless effort on the part of the members of Sheriff Johnston's force and Chief of Police Carter here Wednesday morning.

Other arrests will be made inasmuch as negroes who will be used as witnesses in the trial of those who are now in jail and who may be implicated will be either lodged in jail or placed under heavy bonds, according to County Attorney Owen McWhorter who worked with the officers throughout the busy week during which the thieves were apprehended.

The arrests grew out of the burglarizing of the Hodges Brothers general merchandise store Wednesday night of last week, news of which was not given to the public inasmuch as the newspapers cooperated with the officers in the matter and it was feared that publicity might cause some of those responsible for the theft to be more cautious in evading the officers.

Due to the fact the negroes arrested have peculiar alibis, it is believed that they are members of a gang of thieves that has been responsible for a great many of the thefts enacted here, and further bearing is given this opinion by the manner in which the thieves attempted to dispose of the goods.

George Hamilton, negro, alias Goldtooth and known here only by that name until officers found his proper name attached to other criminal records in this state; Gertrude Hamilton, negro woman; "Kansas City," a negro known only by that name here, who declares he has no other name, but whose record is being sought by the officers;

Daniel Danning, negro; and Sam Samuels, alias "Jazz Baby," and who was prior to his arrest, known here only by the later name, are in jail and together with having confessed to the crime, have other circumstances surrounding them that leaves no avenues of escape from conviction, according to officers.

All the negroes were arrested in Lubbock excepting Sam Samuels, who was arrested at Plainview after he had shipped the stolen goods to Trinidad, Colorado, and just before he intended leaving for that city to receive the goods and peddle them, according to officers.

Sheriff Bud Johnston, shortly after being notified of the theft, set to work, first performing his organization and with members of Chief Carter's force, an absolute network designed to trap any suspicious characters that might have been involved in the theft, and did not halt in his efforts until the entire gang had been rounded up. Sheriff Johnston made a hurried trip to Sweetwater and Colorado City where he gathered evidence and information that proved valuable in tracing the thieves. Deputy Sheriff U. L. George made a hasty trip to Eastland where he took into custody two negroes who were brought here for questioning, and from whom valuable information concerning the case was wrung by County Attorney Owen McWhorter, who spent seven hours questioning them in their cell in the county jail. They finally became confused at the cross examination of the attorney and told all they knew of the case.

C. A. Echols, of Jons Sign Shop, and who is a finger print expert, volunteered his services to Sheriff Johnston in aiding in the case and it was because the finger prints made about the window through which the thieves entered the store were recorded and were available for comparison when the arrests were made that officers were first assured that they had not erred in taking the negroes into custody, and this too was valuable in gaining confessions.

The stolen goods consists mostly of silk dresses and dress blouses, together with a few miscellaneous articles taken from the various departments of the store, according to a report made to the officers.

### Anonymous Letter Is Given Space As It Reads Good

It is not the policy of this paper to give space to anonymous letters but there are exceptions to all rules and especially is this true in this case.

The Avalanche has just received the following anonymous letter, evidently from someone who doesn't care for personal publicity, but who has been so thoroughly elated over prospects here and the general appearance and genuineness of the plains country that they had to give some expression of their high opinion of Lubbock, here people and the surrounding country. The letter reads as follows:

"I have been visiting in Lubbock the past two weeks and am very much impressed with the city and especially the heart welcome accorded me by the people, which I find is accorded all visitors. No city can fail to prosper with such people in it. Even the postman meets you with a smile but remember he cannot bring you a letter each time he comes. I am sure that as soon as we get the new federal building he can give you better service."

A visitor for P. V., Okla.

**LITTLEFIELD CATTLE CO. SELLS 1924 WOOL CLIP**  
LITTLEFIELD, July 17—The Littlefield Cattle Company has sold its wool to Boston parties. Several car loads will be removed from the warehouse and shipped today. The price is considerably off from what it was last year.

### FREAK STORIES COME IN FROM McPHEARSON

McPHERSON, Kas., July 17—The usual tornado freak stories are beginning to creep from under the debris here as workers gradually straighten the mass of wreckage; the result of the wind and rain storm which hit here early this week.

Probably the best story is the one of how the wheat straws were driven clear through the metal body of an automobile, and nearly penetrated the upholstery of the car from the inside.

Next comes the tale of how a wagon was stuck out of the driveway in the barn while the wind held the door open, and immediately shut same, when the vehicle was ousted. The wagon is said to have described a complete circle and stopped in front of the door heading toward the barn, and apparently ready to reenter after its exercise.

Another tells of how the tornado visited a barn where two harvest hands were working inside repairing an automobile. The building was lifted completely off the foundation and put down piece by piece maybe in the next county. Anyway the automobile was carefully raised and gently restored to earth again only a few feet away. Neither of the two men were scratched, when they stopped running, according to the story.

A two mile stretch of public highway was carpeted six inches deep with freshly cut wheat.

### HUNTERS HOPE TO BAG THE GORILLA

KELSO, Wash., July 17—The hope of bagging a mountain gorilla on the slopes of Mount St. Helens has been revived in the breasts of local hunters by the return here of persons who have visited the cabin near Spirit Lake, where the Smith-Brek prospecting party made their headquarters.

These returning investigators declare that on the floor of the cabin are still to be found the rocks, which, according to the Smiths and their party, were hurled there by the "mountain devils." Today at frequent intervals automobiles dashed up the rough mountain road, carrying parties of armed men, equipped with the camping outfit. Chief of Police George Miller of Kelso, is at the head of one party of investigators, and County Game Warden Richard also has left to apply his woodman's lore in the solution of the mystery of the mountain devils whose vindictive attacks drove the prospectors away from their mine.

So far no report has been received from the party, equipped with arms and cameras, which left here Monday.

### ERATH COUPLE HERE TO VISIT RELATIVES

H. A. Miller and wife, of Erath county, are here visiting her uncle, Chas. Payne.

Mr. Miller stated Thursday morning that this is his first trip to the plains country and that he is highly pleased with the conditions here and is convinced that this section could not be overrated in many degrees.

### News Boys Respect Position Of The Peace Officers

That the young generation of Lubbock has a great deal of respect for law and order or rather have some fear for the execution of the law was forcibly demonstrated at the Avalanche office Thursday afternoon when two news boys engaged in a quarrel that culminated in a fistic combat.

The youngsters were separated by members of the office force who have some horror of bloodshed, but repeatedly refused to cease hostilities whereupon it was declared that peace officers would be called to the scene.

A member of the office force took the telephone and holding the hook down carried on an imaginary conversation with the officers, calling upon Sheriff Johnston to rush to the scene fully armed and prepared to cope with the situation.

If the call had been real and the sheriff had actually been summoned he would have some difficulty in finding the combatants as they both fled into the streets and disappeared before they could be told that they were the victims of a joke. Circulation Manager Scott declared that he now has found a way to quell disturbances among the Jack Dempseys and Firpos who compose the Avalanche and Daily News sales forces.

### MORE THAN TEN THOUSAND BIRTHS IN K. C. WITHIN YEAR

KANSAS CITY, July 17—Of more than ten thousand babies born in Kansas City in twelve months more than three thousand start life without being registered, for their births are not recorded on the city's bureau of vital statistics.

This fact is shown in the annual report of the Kansas City Children's bureau, made public this week.

As a result of the incomplete registration, national infant mortality figures—which show ninety-two of every one thousand babies born in Kansas City die before reaching the age of one year—are misleading, according to the secretary of the bureau.

In addition, the secretary added, babies whose births are not recorded may be embarrassed in later life if the birth certificate should be needed to prove property inheritance, insurance and pension rights, school age, working age, or citizenship, or to obtain passports or marriage licenses.

W. P. McDowell, of El Paso, was among the business visitors in Lubbock Thursday.

### REVIVAL MEETING ATTENDANCE IS GOOD HERE

The revival meeting is progressing nicely at the Cumberland Presbyterian Church.

Attendance is continually growing but we have missed your attendance. The morning service was well attended Thursday and the text was taken from John 15:9. The pastor used as his subject: "How We Should Love One Another."

Evening service begun at eight o'clock and devotional service was conducted by Bro. Geo. L. Davis. The pastor preached a strong sermon in the evening using as his subject, "Sin". Attendance was good.

### KANSAS HAS A SCHOOL WITHOUT SCHOLARS

WICHITA, Kas., July 17—Miss Hazel Burns has again been employed to teach a scholarless school in Thomas county, Kansas. She has been engaged at \$100 a month and will soon start in her third year at the opening of the school house in the morning, staying there all day and closing it in the evening without having had a single scholar to teach. It is said that most of the patrons of the district have no children and those who do have sent them to the city schools at Colby.

If the teacher is dismissed and the school closed it is said the district would be forced to consolidate and consequently would lose the heavy taxes paid by the railroad which runs through the district.

### KLAN OFFICIAL PAPER ASK FOR A RECEIVER

WICHITA, Kas., July 17—The Wichita American, which made its first appearance as a tabloid daily paper on the afternoon of April 14, suspended publication last week with its 75th issue after less than three months existence.

Application for a receiver has been made to the district court.

The authorized capital for the paper was \$100,000. It was reported at the outset that the American was to be the official Kansas Ku Klux Klan paper. Sales of stock and circulation and advertising were badly handicapped by the Klan publicity connected with the paper.

### WOMEN DO NOT HAVE TO PAY KANSAS POLL TAX

TOPEKA, Kas., July 17—Equal suffrage does not compel the men to pay poll tax in Kansas but all men between the ages of 21 and 51 who have lived in the state 30 days are subject to tax, the

attorney general's office has announced. World War veterans are not exempted. The statement was issued to ward off the usual flood of inquiries relative to the \$3 poll tax which must be paid August 1. The tax is not collected in cities of the first class or from members of the National Guard.
