LEVI CHURCHILL BRINGS IN A 1,500 GALLON IRRIGATION WELL ON HIS PLACE TWO MILES NORTH OF TOWN

Levi B. Churchill last week completed a fine irrigation well on his 160 acre farm located two and one-half miles north of Muleshoe, the work being done by A. B. Hays, well known local well driller.

The well was drilled to a depth of 83 feet, being 20 inches in diameter, and cased throughout with 18 inch steel from top to bottom. The first stratum of water was encountered at 20 feet being in clay and sand. Again at 50 feet the drill bit struck another heavy stratum of water in coarse gravel with some sand, which ran on down to the bottom of the hole, where a layer of rock was encountered, and on which the casing was set.

The well has been equipped with a Fairbanks-Morse turbine type centrifugal pump, delivering 1,500 gallons of water per minute. The pump, at this time being driven by a 15-30 Wallis tractor, though Mr. Churchill intends later on to install a stationary diesel type engine. In development of the large quantities of sand were pumped out by Mr. Hays from the bottom of

the hole, thus leaving an exceptionally large underground reservoir for storage purposes in addition to the copious flow the well naturally enjoys.

Mr. Churchill is already planning for another irrigation well to be put down next year, and when this one he expects to put a 2,000 g. p. m. pump in either the new one or the one just completed.

Churchill came here about two years ago from Towel, Wyoming where he had been farming by irrigation. He is highly experienced in this particular type of farming, having been irrigating since 1910. Last year he raised excellent crops, all of which, regardless of depressed economic conditions, brought him good financial returns.

This year he will have about 160 acres of crop under the pump, the planting to be approximately as follows: Irish potatoes 25 acres; onions 8 acres; white beans 20 acres; alfalfa 2 acres; tomatoes 5 acres; cotton 60 acres; Indian corn 10 acres; and about 20 acres in feed crops of various kinds, all of which will be grown by irrigation.

Rev. Joiner Gives The School Address Closing Fri. May 19

Muleshoe public schools will close their year work Friday night, May 19 at which time the graduating exercises will be held. This program will be put on by members of the class.

Rev. C. A. Joiner, pastor of the Muleshoe Baptist church, has been unanimously asked by members of the class to deliver the baccalaureate sermon which will be the Sunday before, May 14. As per past custom, it is expected all churches in the city will dismiss their regular morning service that members of their congregation may attend this special annual event.

It is anticipated by members of the faculty that there will be about 11 members of the graduating class this year, though the exact number can not yet be definitely stated, pending final examinations.

Notwithstanding depressed economic conditions of the past year and the attending shortage in available finances, this has been a good school year, according to Superintendent W. C. Cox, who further states there have been decided forward steps taken in school work here. Last year this school received its first curriculum recognition by the State Department of Education, and was given seven and one-half credits of available financial credits for the work accomplished this year.

A Three Act Play Given By Firemen Here Friday Night

"Poor Father," is the title of a 3-act comedy drama play to be given Friday night of this week at the High school auditorium by the auspices of members of the local Fire department.

The play opens with a scene in the living room of the Tompkins home, typical city dwellers. A pistol and an alarm clock play an important and mysterious part in the plot. Some of the situations are ludicrous to the extreme, while others are so dignified as to be seriously alarming. The cast and players taking part are as follows:

A hard pressed father, A. J. Gardner.

The mother, Miss Mildred Davis.

Always in the way, Richard Rockey.

A student of psychology Harry McCarty.

A wealthy bachelor, Wm. Wingfield.

A trifter of truth, Arnold Atkinson.

The eldest daughter, Miss Opal Morris.

Another daughter, Miss Mozelle Ainslip.

Another daughter, Miss Reta Mae Arnold.

The new French maid, Miss Ruth Bearden.

An actress, Miss Reva Mae Williams.

21 JOIN BAPTIST CHURCH AS RESULT OF A REVIVAL

The revival meeting closing at the Baptist church Sunday night is rated as one of the best series of evangelistic services ever held in Muleshoe. There were 14 definite conversions, 12 re-dedications, four who made profession for special church work and a total of 21 that joined the church. The general spiritual quickening of the membership and congregation generally was also one of the big features of the revival.

Rev. Joe Wilson, pastor from Hale Center did the preaching, while the music was conducted by Eual Porter, and a big choir of adult voices and a "booster" choir of children was a feature of the meeting.

Lubbock Won First Honors In District Meeting Of League

Lubbock county schools losing out in the district Interscholastic League meeting last year, came back strong this year at the meeting held there last week, winning first place with nearly 12 re-dedications, four who made profession for special church work and a total of 21 that joined the church. The general spiritual quickening of the membership and congregation generally was also one of the big features of the revival.

Rev. Joe Wilson, pastor from Hale Center did the preaching, while the music was conducted by Eual Porter, and a big choir of adult voices and a "booster" choir of children was a feature of the meeting.

There were approximately 50 entrants from various schools of Bailey county in the competition, practically all of them making good showings in the preliminary events and several of them entering the finals. Miss Sybil Coker, of Muleshoe school received first place in essay writing, and Miss Jean Willman, of the Liberty school, obtained second place in essay writing from the rural school department.

Lubbock won first place in district events with a score of 70 points. Littlefield and Ralls tied with 45 points each for second place, Brownfield was given next place, Lockney with 39 1/2 points placed fifth, Olton with 27 1/2 points was sixth, and Muleshoe with 26 points for her credit was sixth in the winnings.

The Tech school of Lubbock, coach's football will be held July 31 to August 12.

NEW BABY IS PAID FOR WITH PENNIES

AMARILLO, April 17.—A new baby was coming to an Amarillo home. Pennies had to be counted—and saved.

The baby arrived today and the attending physician was paid with 3,500 pennies. They were warped in rolls of 100 each, and were handed to the physician in a covered lard can in which they had been kept. They weighed 24 pounds; the baby, a girl, weighed nine.

OKLAHOMA FARMER MOVES HERE, TO ERECT A GIN

A deal, hanging fire for several weeks, was definitely closed last week, whereby W. W. Schrimsher, of Hess, Oklahoma, has purchased the O. P. Burnham farm located a few miles east of Muleshoe.

Mr. Schrimsher is an experienced cotton farmer and ginner having been engaged in that dual type of business for the past 25 years. At his former home he operated a farm of approximately 700 acres planted to cotton each year, owned and ran a cotton gin there and at the same time was interested in other gins in that section.

Schrimsher plans to put at least 300 acres of the recently purchased Burnham land in cotton this spring. He will also erect a cotton gin on the farm, one that will be modern and efficient in every way. Construction will begin about the 15th of next month and it will be fully completed and ready for this season's service. There is a 1,200 gallon irrigation well on this land, and Mr. Schrimsher will raise his acreage in cotton this year by irrigation, also irrigate other crops grown on the farm. Three big tractors will furnish the motive power for his farming operations.

A cotton gin located in that section will be greatly appreciated by the growers of that area, since they are now so far located from gin accommodations.

BARTER DAY HERE MAY 1

Merchants among Muleshoe business men the latter part of this week began looking forward in preparation for the Barter day to be held here the first Monday of next month.

Numerous folks who attend the last evening of this kind declared their intention of returning for the next one and bringing more stuff to swap.

It is understood that a program of exchange is being worked out by the committee for the day.

BAPTIZING AT SUDAN SUNDAY

An all day meeting is planned by members of the Sunday school and B. P. U. Muleshoe Baptist church, to be held at Sudan the fifth Sunday, April 30.

In the afternoon there will be a baptism service, there being 14 candidates for this rite as result of the recent revival meeting of that church held here.

BULA SCHOOL CLOSURE

The public school at Bula will close Friday night of this year, the being several graduates.

County Superintendent J. E. Adams will deliver the graduating address.

JOURNAL OFFERS FREE SWAP PLAN NO COST WHATSOEVER TO YOU PEOPLE

Since the business men of Muleshoe have decided upon and are advertising a "Swap and Barter" to be held here Monday, May 1, the Journal, always in the forefront to assist any and every worthy enterprise, will run a FREE SWAP COLUMN in its issue of next week.

Anyone living in Muleshoe, or anywhere in Bailey county or near the borders in adjoining counties who has anything to swap, such as livestock, farm implements, furniture, household goods, clothing, grain labor, etc., may run such an advertisement FREE of charge in the next issue of this newspaper.

Just fill out the blank printed below and mail in so it will reach this office not later than Tuesday of next week, or come into the office personally and fill out a blank, listing the articles you wish to dispose of and what you would like for them in return. This free service next week is for both country and town folks; just understand this service is confined to articles for trade.

Articles listed for sale will be charged for at our regular rates and printed in another column of the paper. Remember our free swap service is absolutely free; has no strings on it at all. Use it and tell your neighbors about it, getting your copy into this office as early as possible.

I WANT TO SWAP!

THE MULESHOE JOURNAL, Muleshoe, Texas.

Gentlemen:

I wish to take advantage of the Journal's Free Swap Service next week, and am, therefore listing below the articles I wish to trade.

Name _____

Address _____

Articles I WILL SWAP (List Articles You Want to Trade)

(List Articles I Want to Trade)

Kiwanians Want Municipal Plant Federal Financed

The principal discussion among members of the Kiwanis club at their last meeting was the installation of a sanitary system in Muleshoe, also, increasing the municipal water supply.

Practically everyone present favored both propositions if funds could be obtained from the Federal Relief corporation and in such a way as it could be handled locally. It was stated by some present that money for such advisable improvements could be obtained with out any bond issue or cost of any other kind to the City, the return payment running over a period of several years and being made of receipts obtained from both the sanitary and water systems. It was agreed that the local R. P. C. committee would meet with the City Commission and take the matter up in detail.

R. L. Brown made a very favorable report of the Dairy show recently held at Plainview, stating it was by far the best of this kind ever staged by the neighboring city. Incidentally, he reported that Muleshoe's representatives as princess and maid of honor in the equine in public exhibits of any present and had most of them "beat a city block."

The matter of a county garden to be financed by Federal money was discussed and it was suggested that a 10 or 12 acre tract which could be irrigated be obtained for this purpose. Surplus garden truck raised would be carried and turned over to the Red Cross society or otherwise used for the needy of the county this fall.

W. L. Koen urged that the city grant a special irrigation rate to municipal water owners during the coming summer months, stating other surrounding towns had already done so, and such action was of vital necessity here.

OFFICERS FIND NO CLUE TO MEN HOLDING UP THE MULESHOE STATE BANK AND ROBBING IT OF \$1,642

As the Journal goes to press this week no definite clue has yet been obtained as to the whereabouts of the two masked gunmen who robbed the Muleshoe State Bank here Thursday afternoon of last week, taking with them \$1,642 in money.

It was approximately 3:00 p. m. Thursday of last week, the wind was blowing a terrific gale, the atmosphere full of sand and dirt, nearly everyone off the streets inside to get away from the storm, and the doors of all business houses closed, when two masked bandits, one described as being fully six feet tall and the other one of short stature entered the First State Bank here. Cashier Jess Osborn was in his private office and did not notice their entry at that time. Miss Opal Morris, standing at the teller's window promptly discovered their masked condition and started out toward the rear, when one of them called to her to halt or they would shoot, the other robber stepping around the private office door to the cashier's room.

Mr. Osborn, Miss Morris and Mrs. Pat Bobo were all herded into the front private office and forced to lie flat on their floor, one bandit standing guard at the door while the other made a complete search of the bank for money. Miss Morris was forced to go to the vault to locate hidden money, but succeeded in not "finding" all of it. Both robbers forced to work the combination on the vault door which that morning had been turned on the locking studs thrown out, as a precaution, she having to release the studs which all three were put into the vault and the door locked from the outside. As soon as they were put into the vault Mr. Osborn reached for a switch on the vault door while the other made a complete search of the bank for money. Miss Morris was forced to go to the vault to locate hidden money, but succeeded in not "finding" all of it.

Both robbers forced to work the combination on the vault door which that morning had been turned on the locking studs thrown out, as a precaution, she having to release the studs which all three were put into the vault and the door locked from the outside. As soon as they were put into the vault Mr. Osborn reached for a switch on the vault door while the other made a complete search of the bank for money. Miss Morris was forced to go to the vault to locate hidden money, but succeeded in not "finding" all of it.

Loan Application For Seed Fund Be All In A

Farmers desiring to obtain production loans have only a week left in which to file their applications for this aid, since all applications must be in the local office by midnight, April 30, according to G. Miller, in charge of the county loan application office in Littlefield.

There have been 289 application loans made in Bailey county in the first of this week, Miller said something over \$13,000 has been received by farmers making application and 127 have been approved.

The government is anxious everyone needing this help make their application at the earliest possible date, as it is stated by officials that the Secretary of Agriculture, Washington, D. C., will not consider any applications made after April 30.

To date something over \$40,000 has been received in government checks by farmers making applications for loans in Lamb, Bailey and Castro counties. Mr. Miller states he is also receiving applications for dairy and stock loans, though the limit of April 30 does not apply to these types of loans.

Information on Security

The department is now expecting growing wheat where there are sufficient other cash crops to be grown to liquidate the loan. The interest rate is 5% per cent, and loans mature on October 31st. Applications must bring with them correct legal description of property. The only fee charged the farmer is the Notary fee, which is 50 cents. Security to be given is an absolute first lien on all crops growing or to be grown, in 1933, wheat excepted. Where the applicant is a tenant farmer, he must procure a waiver from the landlord. Also where there are prior liens against the crops waiver must also be procured from such parties holding the lien. Loans are limited to \$500.00 to each individual.

Tuesday afternoon M. G. Miller reported there had been 190 checks received by loan applicants in "Bailey" county, their total being \$18,765.

F. Roosevelt And Two Sons To Wear Tech Woven Suits

LUBBOCK, Texas, April 17.—President Franklin D. Roosevelt and his two sons are to receive white woven suits in the textile department of Texas as Technological college from wool produced on the Plains.

Two Tech students, Leonard W. Cuffman of Electra and Malcolm Martin of Lorenz, both outstanding members of the Matador football squad, purchased the wool from a Lorenz farmer, and they have secured, carded, and woven into yarn. They are weaving the yarn into white suiting which will be sent to Hart, Schaffner and Marx to be made into suits of the most approved style.

The raw wool sufficient to make the three suits weighed 170 pounds. After being thoroughly cleaned it weighed only 55 pounds.

Cuffman and Martin are majoring in textile engineering.

An attempt was made last week to rob the safe at the Lyceum theatre, in Clovis, N. M. The knobs were knocked off but no money obtained.

The 18th district American Legion and Auxiliary convention will be held in Dalhart, April 29-30. Special attractions are on the program.

CHANGE SANTA FE SCHEDULE

There will be a slight change in running schedule of Santa Fe passenger trains through Muleshoe, effective next Sunday, according to H. A. Eckler, local agent.

The south bound passenger train now leaving here at 11:12 a. m., will be changed to 11:38 a. m., and the north bound passenger train now departing from Muleshoe at 5:10 p. m., will be changed to 5:08 p. m.

SINGER IS POSTMASTER

Jimmy Singer, former district manager for the Southwestern Telegraph Co. Tuesday morning received a letter from James A. Farley, U. S. Postmaster General advising that he has been appointed temporary postmaster at Littlefield, effective immediately and succeeded Homer H. Brannan, resigned.

There were 26 applications for postmaster's place in Littlefield.

The City of Crosbyton has its citizen users a water irri of \$2.80 for the first 7,000 g. lons used, for each additional lons used.

Real estate valuations county has reduced 20% week, for tax purposes.

SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County one year, \$2.00.

Published every Thursday at Muleshoe, Texas.

Advertising rates given upon application.

Subscribers who change their address, or fail to get their paper, should immediately notify this office, giving both new and old addresses.

Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday morning of each week.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

They're About Die

This is the season when joy-killers around Muleshoe are busy announcing that the peach, apple, grape or cherry crop has been killed off and that "this looks like it is going to prove a mighty poor fruit year."

Somehow or another they just can't get it fixed in their heads that old Mother Nature is running those things and that she takes orders from no one.

Other communities will harp on to supply all needs and any demands.

Now, everyone hopes for a fruit crop in his own territory even now it is too early to see the final outcome, and notwithstanding the heavy January freeze sent unfavorable reports fruit may be more abundant than many think.

They know that nature is always on top, that she is the elements of the growing, and that she doesn't consult mankind about his needs, or his likes and dislikes.

Rumors of War

Possibly at no time since the beginning of the world war has there been an uglier cloud in the old-world sky than now hangs there.

It is a poor time for anyone in this country to work himself into high state of sympathy for some other nation.

It should not be a very bad matter to reflect back to the world war and profit by it.

Never have gasoline claims been so quickly proved and underscored by hundreds of thousands of drivers.

CONOCO HIGH TEST GASOLINE

Valley M MULESHOE

SALES A MULESHOE

Muleshoe has had its first bank robbery and is ready to step up a notch or so in the classification of important cities.

This must be a country settled by newcomers, because an old-timer would remember when we had our general rain, and no one around Muleshoe seems able to recall that fact.

When the School Board met last week it reduced the salaries of the teachers. Now, why not the teachers meet and reduce the salaries of School Board members?

Jaunty Journalettes

No matter how selfish he may be in most respects, the average Muleshoe citizen usually believes in giving the devil his dues.

It used to be popular, but nowadays you won't find very many Muleshoe people "sneezing at a thin dime."

Much may be accomplished with smiles, but there are a lot of fellows around Muleshoe who can tell you a man has to have a pretty keen sense of humor to laugh off a mortgage.

There are a few Muleshoe hoarders who can now testify that the old "savings for a rainy day" aibit is a rather slim one.

The newest version of a few Muleshoe citizens is that prosperity will now return before the government has a chance to send a lot of crooked New York bankers to the pen.

We've observed that some of the Muleshoe girls seem to be mixed up in their fruits. They want a peach complexion and then put on one that looks like a red currant.

The time is fast approaching when Muleshoe men will have to start lying about their gains instead of their losses.

The principal interest some Muleshoe men have in the return of beer to Texas will be in the free lunch that is supposed to accompany it.

Pavement Pickups

"There can't be another boom right away," asserts J. L. Alsup. "It will take 20 years to produce a new crop of idiots."

The bank's bookkeeper says just as soon as we get to using Woodfin money we can all start shaving accounts.

"Money talks," says J. E. Aldridge, "and if they will just put a woman's picture on the new currency about to be issued by the government, it will argue."

Vance Waggon is quite a student of human nature, but he declares he has never yet been able to figure out just why Nature doesn't take the sand out of speech and put it in banana skins where it would be more useful.

If any stranger around here happens to think there hasn't been much wind blowing lately, he should hear A. J. Gardner tell about seeing prairie dogs digging themselves out of their holes 40 feet up in the air.

Neil Rockey is noted for his visions and farightedness, and the other day he had a dream, according to report. He dreamed that Henry Ford had died. He saw the black casket being borne by six of Henry's oldest and most faithful employees.

Just like the woman who thinks she is eligible to high society because she has had an appendicitis operation, so

you would put rollers under this casket, you could lay off five men."

Nature sure knows how to make necks. Regardless of the chewing some of them get, one usually lasts a person a lifetime.

A magazine writer says "Woman is the backbone of the human race." May be she is, but that's no reason why she should show so much of it.

The sad thing about human nature is its inability to learn sense only when there's trouble at hand.

If, as many contend, the saloon is not going to come back, then what are they going to call the places where people go to get drunk?

And remember this—it still is an honest dollar so long as you don't cheat someone to get it.

Having had no war for 15 years, Europe seems to be feeling the loss of excitement.

Something is wrong somewhere if it doesn't cost less money to farm the stock than it did in days of prosperity.

Scrimp, scrape and scramble will yet bring us through the depression with flying banners.

Goodland News

Mr. and Mrs. Horace O'Neal spent the weekend in Morton visiting relatives.

Mr. and Mrs. Leland Mounds, Misses Lyndell Gaddy, Georgina Richardson, Frances Wooten and Messrs. Tom Galt, Marshall Cooper and Charles Galt enjoyed a picnic lunch and bonfire Monday night.

Singing was held at Goodland school house Sunday afternoon with a large crowd from Newy Ward school attending.

Claude Forgeson spent last week in Lubbock.

The Enochs ball club has started off with a bang. They have played four games and won all. The Amherst boys are still looking for a ball Clyde McCormack hit.

Tips on Taxes

LEGISLATIVE NEWS SERVICE OF THE TEXAS PRESS ASSOCIATION, AUSTIN

AUSTIN.—The Legislature is now in the fourth month of its regular session. Under the constitution the 110 day compensation lasts 120 days.

The session beyond this period is possible, but the pay of members will be reduced by half.

It is not likely that the session will be prolonged much beyond May 9 when the four month period of high pay ends, though some members believe it will last until the latter part of May.

There is strong sentiment among many leaders to bring the session to a close as early as possible, due chiefly to the fact that there seems to be an almost hopeless lack of harmony on many important subjects with little prospect of compromise on these differences.

Up to this time, efforts to levy new taxes have failed, with the single exception of an income tax, which has House approval.

There will be a determined effort during the closing days of the session to revive the sales tax, principally on the plea that it is necessary to keep public schools open.

Laws strengthening enforcement of the cigarette tax and gross production are expected to stop leaks that caused a loss of \$5,000,000 last year.

The general economy program depends upon what is done within the last few weeks of the session. With a weary Legislature, anxious to finish work and go home, some measures may win approval that earlier in the session would have had no chance of adoption.

The income tax bill follows many provisions of the Federal income tax. As amended it exempts \$2,500 of the income of married persons and permits an exemption of \$500 for each dependent.

The rates graduate from one per cent on the first \$1,000 of net income for individuals to seven per cent on incomes in excess of \$11,000.

The Senate has passed the four major appropriation bills. The House has passed three and is yet to act on the educational appropriations.

The judiciary appropriation bill has passed both branches of the Legislature and has been signed by the Governor.

The eleemosynary and departmental bills are in the hands of free conference committees to adjust differences between House and Senate measures.

A bill in the pending in the House raising the scholastic age from six to seven years. Its adoption would reduce the number of claimants on State school funds by about 135,000 and would result in savings to the schools estimated at upwards of \$2,000,000, depending on the amount of State appropriation.

Nearly 200 homes are entered in the beautification contest being staged at Hereford this spring.

AN EASTER EGG HUNT

There were 77 members of the Booster Band, Baptist church, accompanied by Eual Porter and some other adults, who went to Horseshoe Bend last Saturday afternoon on an Easter egg hunt. It is stated the prairie chickens of that vicinity had laid plenty of beautifully colored cackles out there, many of which were discovered by the youngsters.

Returning, they went to the High school building for a picnic lunch and games of various kinds.

When you can't sleep, it's because your nerves won't let you. Don't waste time "counting sheep." Don't lose half your needed rest in reading. Take two tablets of Bayer Aspirin, drink a glass of water—and go to sleep.

This simple remedy is all that's needed to insure a night's rest. It's all you need to relieve a headache during the day—or to dispel other pains. Get the genuine talk of Bayer manufacture and you get immediate relief.

Bayer Aspirin dissolves and immediately gets to work with delay. This desirable speed is dangerous; it does not depress heart. Just be sure you get genuine tablets stamped thus

Those attending were Mesdames L. S. Barron, J. L. Alsup, D. W. Williams, A. Joiner, Bill Garrett and G. G. Danner.

OPEN FORUM In this column the Journal will publish contributions from the general public. Articles must be plainly written and signed though the contributor's name will be withheld if desired. Articles must be published must not contain statements of libel or defamation. The editor reserves the right to delete such statements or to withhold the entire article. Muleshoe, Texas. Mr. Editor: We take this opportunity to express our appreciation and thanks to the City Council of Muleshoe and R. F. C. Committee for the efficiency and good job they have done on Main street. It is a No. 1 job, and everybody is well pleased for value received. We also thank Mr. Isaacs for the honest and good bookkeeping and the way he handled the public's money; and thanks for the refund. There is no graft in Muleshoe, and we unanimously elect the same bunch to handle the Muleshoe Sewer project. And if they give us as good a job on the Sewer we will give them all three cheers and support them on the next election. Yours truly, The Moeller Block, By C. F. Moeller.

METHODIST SUNRISE BREAKFAST About 30 members of the young people's Sunday school class, Methodist church, Pat Bobo teacher, deliberately coaxed themselves from their downy couches of sweet repose at about four o'clock a. m., Sunday, meeting at the church and going to Horseshoe Bend for a sunrise breakfast. Oranges, scrambled eggs, bacon, coffee and toast comprised the toothsome meal cooked and eaten camp style, after which Cliff Davis, class member, conducted the study and rehearsal of the Easter Sunday school lesson, all returning time for the regular morning preaching service. Those attending were: Misses Iris Harden, Mildred Davis, Ruby Mae Williams, Opal Morris, Juno Glascock, Lorena Spence, Myrtis Burkhead, Adella Beavers, Ardeth and Nellie Gilbreath, Rachel Rogers, Ruth Bearden, Ruth Mitchell, Beth Mardis, Mrs. W. B. Cartes, Buford Butts, Hugh and Cliff Davis, Thurman Glascock, Glen and Richard Rodey, Graham Chandler, Wilbur Gaeke, Ralph and Clois DeBord, Fred Jenkins, Pimmie Cox, Mr. Phares, Geo. Wood and Pat Bobo.

METHODIST CHURCH Sunday school at 9:45 a. m., the pastor will preach at 11 a. m. The Lessons met at 7:30 p. m. The pastor will preach at 8:15 p. m. The women meet at 2:30 p. m., Monday. Prayer meeting at 8:15 on Wednesday night in the annex. The choir meets on Thursday night. Last Sunday was a high spot in the work of the year. We had four babies to christen, four to unite with the church and seven former Muleshoe citizens, now residing in Plainview, who had been visiting here. They were accompanied as far as Indianola, Okla., by Damon Danner, who will visit relatives there. W. M. Mason, representing the Layne & Bowler Pump Corporation, Los Angeles, California, was here last Saturday in the interest of his manufacturing business. He states good prospects for selling several of his pumps in the Blackwater valley this year. A. B. Hays, local dentist, is well known. Following the revival services at the Baptist church, which closed last Sunday night, Rev. Joe Wilson, evangelist, left Monday morning returning to his home at Hale Center. Paul Beysen, home director, also returned to Abilene. The sum of \$128.00 was raised as a donation for these two men for their services. County Judge J. E. Adams made a hurried trip to Littlefield and Sudan Monday afternoon upon representation of officers at both places that they were holding 19 suspects of being implicated in the Muleshoe bank robbery last week. They were all released except one man who was brought back and held in jail over night, but giving a good alibi was released the following morning.

METHODIST MISSIONARY MEET The Missionary society of the Methodist church met at the country home of Mrs. Nina Elrod Monday afternoon. The devotional was given by Mrs. A. P. Stone, who used Ecclesiastes 5:1-5 for the Scripture lesson. The second chapter in the study book was given. Most all ladies attended into the general discussion. Guests for the afternoon were Mrs. Hobbs of Littlefield, Mrs. McGee and Mrs. Witte. Members present were Mesdames Wright, Carlyle, Bayless, Beaver, Davis, Nina and Faye Elrod, Hobbs Copley, Johnson, Rayner, Weyer, Stone, Holt, and Wallace. The meeting next Monday will be with Mrs. Hobbs.

Lost 40 Pounds On Doctor's Advice "I'm a user of Kruschen Salts as a reducing remedy and can say they are fine. Have lost more than 40 lbs. in the past year. Am gradually reducing my weight by their advice." -Bertha Waldo, Haman, N. Dak. (Oct. 30, '32) -Once a day take Kruschen Salts-one half teaspoon in a glass of hot water first thing every morning. Besides losing ugly fat, gain weight, gain in health and physical attractiveness-constipation, gas and acidity will cease to bother you! You'll younger-more active-full of ambition-clear skin-sparkling eyes. At just that time when we costs but a trifle at any drug store in the world. -Kruschen Salts are made in Germany-one bottle doesn't joyfully please you-money back. Adv.

Y L News Items Bill Melon and Melton Brown spent the weekend in this community visiting friends. We have already started on our Spring basketball practice. The Fourth, Fifth, Sixth and Seventh grade pupils went to the sand hills Friday. They hid Easter eggs, spread lunch and all had a good time. There was an Easter egg hunt at Hupp's Sunday afternoon, 11 being present. They played games and hunted eggs. Those being on the honor roll this month are: 1st grade: Russe l Bryant, Wanda Mae Beller Wayland Harris, Jonnie Trawek, Dorothea Mize Gable, Mary Margaret Gulley and Catherine Lowery. 2nd grade: Ruby Fae Warner and Joan Parsons. 3rd grade: L.
