

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 13

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, APRIL 11, 1935

NUMBER 11

ALMA STEWART IS H. D. AGENT FOR BAILEY CO.

Holds First Meeting of Women at Court House Sat.

Miss Alma Stewart is the recently appointed Home Demonstration agent for Bailey County, coming from Eddy, in Falls county, she arrived here ready for duty last Monday, accompanied by her father, L. L. Stewart, well equipped for her work.

She hails from San Marcos, where she attended Southwest Texas Teachers college, and was also a student of A. & M. college, is therefore, well equipped for her work.

Miss Stewart has no novice in home demonstration work. Aside from her special training, she has a natural aptitude for this particular type of work.

During the week Miss Stewart has been traveling over the county meeting and getting acquainted with the women leaders in home demonstration work.

Three Die in Train Crash Late Friday Near Littlefield

Three persons were killed late Friday afternoon of last week when the automobile in which they were riding was struck by a passenger Santa Fe passenger train one mile east of Littlefield.

The victims were Sam Yandell, 64, his wife, 63, and their grandson, Allen Lee Harp, 5. All were residents of north of Littlefield.

The car was traveling southward when it rolled upon the track in front of the train and was struck on the driver's side.

Santa Fe officials said the train was a fast passenger running through Muleshoe from Galveston, arriving here, connecting at Clovis, N. M., with a through train from Chicago to Los Angeles, over the southern Santa Fe route.

Yandell and the child were dead when first persons reached the car, which was dragged about one-fourth mile. Mrs. Yandell died a short time later. The automobile was demolished.

HIGH SCHOOL SENIORS WILL GIVE 'ATTORNEY FOR DEFENSE'

Recently practice law will be started on the Senior play which will be given at the Muleshoe High school auditorium Friday night, April 19.

The play is entitled, 'The Attorney For Defense.' Those who have parts are as follows: Jimmy Carlyle, attorney for the defense, Lester Garth; Judge Carlyle, his father, Hershel Wimberley; Joseph Evans; Ben Winters, the defendant, Melzine Rockey; Alle Traylor, seventeen and living next door to the Carlies, Hazel Nelson; Elsie, maid in the Carlyle home, Evelyn Wilderling.

Scene: library in the Carlyle home. Miss Lucille Batey, senior sponsor is coaching the play.

BANK IS REDEDICATED

The Muleshoe State Bank is reflecting better financial conditions in the fact that last week the interior was refinished, the walls re-frescoed, new ceiling of veneer put in, all wood work repainted and the cashier's private office segregated from the general space behind the window, all of it greatly improving appearances generally.

CITIZENS HERE TO ATTEND PLV. DAIRY SHOWING

Educational Features Big Part of Stated Program Given.

Much interest in dairying and livestock in general, Bailey county will send a representative quota of citizens to the Panhandle-Plains Dairy show to be held at Plainview April 15 to 18.

Reports are to the effect that the show this year will be on a par with that of previous years, and in many respects it will be better. Numerous exhibits of fine dairy cattle have already been made.

There will be an exhibit of home and commercial dairy products and prizes will be given. Problems of the cotton farmer and erosion problems will be discussed by H. H. Fimmel, in charge of the Dallas erosion project, while C. A. Cobb, in charge of the AAA cotton reclamation program will also be in the program, as well as other prominent state speakers.

Wednesday is set apart as Women's day, with Miss Mildred Hixon, of A. & M. college in charge, assisted by Miss Julia Kelly, home demonstration agent of Hale county.

Paul Haines, state director, vocational education, Austin, will speak Monday afternoon, and that night there will be a banquet for ex-students of A. & M. college.

The horse show Tuesday afternoon will be in charge of Father A. E. Robinson, Amarillo. Addresses will be given by Dr. T. O. Walton, president, and Prof. E. R. Alexander, both of A. & M. college. Miss Wilma Friedman, Plainview, will have charge of the dairy revue, and that night there will be the official evening ball.

Most of the cattle judging and awards will be made Wednesday, and Thursday morning there will be a parade of prize winners through the streets of Plainview. Thursday afternoon an interesting feature will be a milk maid's milkout.

Schools of Bailey County Elected Directors Saturday

Saturday of last week was election day throughout Bailey county, every school district electing from one to three directors. In some districts the vote was very tight, while in others the competition was quite keen, some candidates nosing out by very slight margins.

The returns as canvassed by Commissioner's court last Monday were as follows: Progress—E. D. Chitwood and Wm. G. Kennedy.

Bulla—C. F. Truitt and B. J. Blackman. Watson—L. A. Corbell, Geo. Hisder-son and D. A. Williams.

Maple Wilson—F. F. Wharton and Otis Smith. West Camp—Ernest Kalbus, E. E. Booth and Lester Smith.

Longview—S. F. Cash and W. R. Carter. Goodland—D. Warner and F. W. Floyd.

Fairview—A. L. Davis, W. S. Clark and C. S. Bull. Circleback—J. H. Damron and J. C. Wells.

Baileysboro—J. L. Rogers, Roy Pugh and H. E. Hammock. Muleshoe—Levin Churchhill and Walter Witte.

Liberty—Morvin Wilderling and C. F. Bryant.

PLAINVIEW BOOSTERS HERE

The Panhandle-Plains Dairy association, officers and directors, co-operating with the Plainview Chamber of Commerce, visited Muleshoe Monday morning in a motorcade as a part of an itinerary which included many towns of this section. The group was accompanied by the Plainview band which furnished music for the occasion.

The Plainview boosters are making plans in the interest of the Panhandle-Plains Dairy show which will be held in Plainview April 15-18.

CONGRESSMAN MARVIN JONES TO PUSH EROSION BILL TO PRESIDENT FOR A \$150,000,000 APPROPRIATION

Reports of continued dust storms being sent into the national capital of Washington by thousands of interweaving and affected citizens of the middle west and southwest area has been taken notice of by national legislators who are planning acting as promptly as possible.

It has been decided in a conference of 25 senators and representatives from the affected states to ask President Roosevelt for \$150,000,000 for soil erosion work to be allocated from his \$4,880,000,000 relief bill.

Congressman Marvin Jones, chairman of the House Agriculture committee, presided at the meeting, and appointed one senator and one representative from each of the affected states to form a special committee to express its desires to the President and to take any further action deemed necessary toward relief from such storms. The resolution asked that the President "make adequate funds immediately available for such emergencies and permanent program, and that there be made immediately available the sum of \$150,000,000 for soil erosion work in Colorado, Arizona and Oklahoma have not yet been selected.

Auto Registrations In Bailey County Bring In \$8,355.71

Automobile registrations up to and including April 1, this year, brought Bailey county a total of \$8,355.71, with \$20.82 going to the State Treasurer, according to information given at the office of Jim Cook, tax collector. The latter sum represents fees on chauffeurs' licenses and automobile transfers. The former amount represents registrations on 861 motor vehicles, divided as follows: passenger cars, 681, as compared with 788 registered by April 1, last year; commercial cars, 85, as compared with 118, last year; farm trucks, 95, as compared with 101 one year ago. This marks a sharp decline in registrations over those of this date 1934. Under present ruling all sums collected up to \$50.00 on automobile registrations are retained by the county for local purposes.

It is expected, however, that many registrations will be made following the date of April 1st, as has already been indicated at the time the figures will include registration of cars not driven since April 1st, also automobiles acquired since that time, as well as those registered prior to having driven cars without license tags since the given date.

Total registrations in Bailey county for the year of 1934, including part-time license tags issued after January 1st, 1935, are given as: passenger cars, 988; commercial, 216; farm trucks, 154. These figures are larger than normal due to change in law requiring registration by April 1 instead of February 1 of last year, giving license tags about a period of 14 months.

Persons driving automobiles without valid license tags since April 1st, are subject to fine, according to information given out at the tax collector's office. If 1935 registration is not made on cars driven after April 1st, fees will include a penalty of 20 cents in each case where cars have not been driven since April 1st, and affidavit is required to the effect that such car has not been driven, the car owner bearing cost of notary fee.

A warning is being issued to all automobile owners and drivers not to drive cars without proper registration tags. Violators are subject to fine, and it is understood this law will be strictly enforced. Violations will be prosecuted by the State Highway patrol operating extensively in this section of the state.

HELD FOR GRAIN THEFT

L. F. Pollard and Elmore Wilson were arrested Tuesday at Clovis, N. M., by Sheriff Jim Cook and are being held in the county jail here for Sheriff Len Irvin, of Lamb county, in connection with the robbery of an elevator at Sudan sometime Sunday or Monday night of this week.

The men were taken while disposing of nine sack of hegar, which is said to have been the amount of seed taken from the elevator, and which Cook said was identified as the stolen grain.

SINGING CONVENTION TO MEET AT WEST CAMP SUNDAY, APR. 14

The Bailey county singing convention will be held at West Camp Sunday, April 14. It will be an all-day affair and dinner will be served at the noon hour.

A large crowd of singers from all over Bailey and several adjoining counties will be present, and everyone has a special invitation to attend.

EXCISE TAX INVALID

The U. S. Circuit Court of Appeals, Wichita, Kansas, Wednesday held unconstitutional the federal excise tax against retail liquor dealers.

LAMB COUNTY IS SHOW WINNERS

Lamb, adjoining county to Bailey, came in for its share of honors at the Lubbock Quality Meat show last week when L. V. Pent, Otton, with a light ham, won grand championship of hams; P. A. Nafziger, Otton, with a broiled, won grand champion of ham; P. A. Nafziger also winning the bacon contest.

4-H CLUB BOYS AVERAGE \$97.47 ON BEEF SALES

Club Work Will Cover Varied Field This Season.

Three Bailey county 4-H club boys netted an average of \$34.60 each, including premiums, on baby beeves at the Quality Meat show held in Lubbock Wednesday of last week, the entries being made after a showing was held in Muleshoe at the Higginbotham-Bartlett Co. lumber yard on Saturday preceding that date.

The Grand Champion of the show, raised by Durwood Pickens of Spur, sold for 66 cents per pound to the Phillips Petroleum Co. the sale price being \$57.40. Reserve Champion was raised by G. T. Potts, Jr., of Lubbock, selling to the Simmons Oil Mill at a price of 25 cents per pound. Included in the show were hams and bacon which brought as high as \$1.10 per pound.

Of exceptional interest to Bailey county citizens is the showing of profit to the three Bailey county boys who entered the show. Billie Dotson of West Camp, who won first prize of \$10.00 at the Muleshoe show, sold his calf, weighing 80 pounds, to the Kuykendall Cattle Co., Lubbock, at 12 1/2 cents per pound, \$9.37. The calf of Junior Snider, also of West Camp, was sold to the Plainview Cotton Oil Co. at 12 cents per pound, bringing \$9.24, not including a prize of \$7.50 given in Muleshoe. James Warren of Longview received 12 cents per pound in the sale of his calf to the Amarillo Cotton Oil Co., bringing him \$82.32. A prize of \$5.00 at the Muleshoe show.

The average weights of the calves were 747 pounds each; individual weights being as follows: Dotson, 803; Warren, 752; Snider, 686. These weights were recorded after a three per cent (Turn to page eight please)

BAILEY COUNTY BUYS TRACTOR

At the regular monthly meeting of Bailey County Commissioners' court held last Monday, contract was made with Plains Machinery Co. of Plainview, was closed for the purchase of a wide type Deere tractor, a No. 66 grader and a 1,500 gallon fuel tank. The total cost being \$7,398.00, payment for same being made in county warrants.

A canvass of the county school directors was made in the various districts was also made.

Tax Collections For March Bring County and Schools \$18,200

County and school district coffers were replenished considerably when a total of \$18,200.36 in taxes was collected during the month of March in Bailey county, according to Jim Cook, tax collector. Of this sum, state and county taxes total \$4,920.82, divided as follows: state, \$3,154.31; county, \$5,476.31.

The 1935 Cotton Sign Up Due To Close For Season On April 15th

The 1935 Cotton Sign-up will close Monday, April 15th, according to J. B. Waide, jr., county farm agent. Contracts have been signed, postponed April 15th will be accepted.

The sign-up is almost completed in Bailey county. Approximately 950 contracts and application for contracts have been signed. The county and community committees have approved most of the contracts and applications, the county agent stated. The first shipment of applications and contracts will be sent to the State Review board at College Station this week.

STUDENTS AS TECH COLLEGE EARN ABOUT \$24,838 MONTHLY

LUBBOCK, April 10—Nine hundred and eleven students at Texas Technological college are working and are making an average of approximately \$24,838.37 monthly. These students comprise 42 per cent of the enrollment this semester, and are composed of 670 men and 241 women. Of this group 216 are afforded employment by the Federal Emergency Relief Administration, and 238 are regularly employed by the college.

The average monthly salary for men is \$28.63 at 30 cents per hour, while the average monthly salary for women is \$24.47 at 25 cents an hour. Both men and women average working 3.7 hours a day, based on 26 working days per month.

Applications for work were made by 680 men and 204 women enrolled in the college. Students desiring work but unemployed total 204, composed of 151 men and 53 women.

TO FOREVER BAR SALOONS

Submission of prohibition repeal was sent by the Senate Wednesday to a conference committee to write a constitutional amendment to forever bar open saloons.

D. E. COX BRINGS IN 1200 GALLON IRRIGAT'N WELL

Will Sell Water to Men Adjoining Tract At Low Cost.

Wednesday of last week D. E. Cox brought in an irrigation well on a 20 acre tract just north of Muleshoe, the drilling being done by A. B. Hays of Littlefield. The well started producing good flow of water on the outlet, the remaining days of the week being devoted to development by pumping several carloads of sand out of the well, thus assuring a steady flow in the future. The well, although not yet up to capacity flow, is expected to develop an output of 1,200 gallons per minute. Immediately upon bringing the well in, a No. 10 Layne and Bowler two-stage vertical type centrifugal pump was installed, powered by a 15 horsepower U. S. Electric motor. The motor and wiring were installed by Jno. T. O'Hearn and R. O. Gusted, representatives of Texas Utilities Co.

Mr. Cox, whose well has been strategically located for the purpose, has made arrangements with owners of adjoining tracts to furnish them with water from the well, and it is expected that others will sign for water, it being realized that service of this kind may be obtained cheaper and more satisfactorily from one centrally located well than from several individually owned.

The lower strata of water was reached at a depth of 107 feet. The log of the drilling is given as follows: 0 to 3 feet, soil; 3 to 28, caliche; 28 to 29, water and sand; 29 to 68, caliche; 68 to 70, blue clay; 70 to 107, sand.

Howard Cox, owner of D. E. Cox, will be in charge of the irrigation plant which is completed.

BAILEY COUNTY BUYS TRACTOR

At the regular monthly meeting of Bailey County Commissioners' court held last Monday, contract was made with Plains Machinery Co. of Plainview, was closed for the purchase of a wide type Deere tractor, a No. 66 grader and a 1,500 gallon fuel tank. The total cost being \$7,398.00, payment for same being made in county warrants.

A canvass of the county school directors was made in the various districts was also made.

Tax Collections For March Bring County and Schools \$18,200

County and school district coffers were replenished considerably when a total of \$18,200.36 in taxes was collected during the month of March in Bailey county, according to Jim Cook, tax collector. Of this sum, state and county taxes total \$4,920.82, divided as follows: state, \$3,154.31; county, \$5,476.31.

SCHOLASTIC CENSUS SHOWS INCREASE OVER LAST YEAR

M. G. Miller, recently appointed by the School board, Muleshoe school district, has completed the scholastic census of the district, finding a total enrollment of 379 pupils which is an increase of 22 over the enumeration of last year. He requests if he has inadvertently missed enrolling any pupil that he be immediately notified.

Every pupil enumerated in this census meant additional \$16 for the district. Students desiring work but unemployed total 204, composed of 151 men and 53 women.

Mr. Miller has now begun making assessment for school taxes.

One more movie couple has married the past year than has been discovered in the papers. However, the item didn't specify who that couple was.

NEW TRUCK FEATURES FOR 1935 V-8

This "double duty" truck is full of new improvements over the 1934 model, which made a wonderful record for itself.

NEW COUPE CAB, comfortable, spacious, no-draft ventilation, thoroughly insulated against heat, cold and noise.

Members of the Senior class are: Clark Harvey, Guy Tucker, Bert Renfro, Flora May Lee, Ruth Dulaney and Janie Lou Garth.—Reporter.

HIGHWAY 28 WORK PROGRESSING

Laying of caliche base on State Highway No. 28 is progressing very nicely, according to Engineer Ingram, who states that four and three-quarter miles has now received the first course.

Wednesday morning the mile strip between the Santa Fe railroad and the San Lawrence place was sprinkled and turned open to traffic to assist in packing the base preparatory to receiving the second course of caliche.

Home of Snake Temple Penang, on Prince of Wales Island, off the Malay peninsula, is the center of a rich rubber producing region. It contains the famous Snake temple. The view from the hilltop, which is reached by a railway, is beautiful. The orchid is a common flower here and grows in profusion.

WEST TEXAS CHAMBER OF COMMERCE GENERAL CONVENTION TO BE HELD AT PLAINVIEW, BEGINNING MAY 13TH

By MAX BENTLEY, Chairman Editorial Board, West Texas Today

The 1935 general convention of the West Texas Chamber of Commerce will be held Monday-Tuesday-Wednesday, May 13-15, at Plainview.

Plans are maturing on a half-dozen fronts to make the convention notable, in the number of paid registrations, number of towns represented, in color, and—most important—in quickly getting to the heart of what West Texas needs most for its prosperity and development and in formulating a program of work calculated to meet those needs.

The organization's 1935-36 year, from convention to convention, then will be devoted to carrying out the program laid down as the membership's mandate at Plainview.

The convention will major this year on the following three points all fundamental in the life of West Texas:

Taxation: A clear-cut program will be devised with the objective of obtaining needed relief for the sorely pressed property-owner who pays 75 per cent of the taxes of Texas although holding only 33 1-3 per cent of its wealth.

On an average, ad valorem or real estate taxes in this state total an annual assessment of 3.75 per cent of the investment, and property is not earning 3.71 per cent or anywhere near it.

Arthur P. Duggan of Littlefield, State senator, will be chairman of the taxation group conference. Duggan is a member of the Senate's tax program committee, considered one of its authorities in the field of taxation.

Agriculture: In this group conference close examination will be made of the Bankhead bill for determination whether the West Texas Chamber should favor its continuance, with important changes, or favor its abandonment altogether. The regional organization already is on record as opposing the acreage control feature and favoring domestic allotment instead.

Clifford B. Jones of Spar, former WTCC president, will be chairman of the Agricultural group conference.

Territorial Development: A great majority of problems will be considered by this group conference, with emphasis upon development of the Chambers' soil erosion program, and the Brazos river and other developments.

Ray H. Nichols of Vernon, WTCC first vice-president, will be chairman of the Territorial Development group conference.

An unusual feature now in the planning is a Governor's banquet, tentatively set for Tuesday evening, May 14th. Acceptance already has been given by James V. Allred, Governor of Texas, and invitations have gone to the executives of New Mexico and Oklahoma. Presence of the Oklahoma governor, E. W. Marland, is considered virtually assured.

The two big convention contests, My Home Town and Poster, are open to entries, with indications that they will be larger than ever.

As to music, ten bands are expected with twice as many quartets and floor show attractions that will participate in the annual Review. No. 1 band of course is Ralls' New Deal Band under the director, Jimmie Thornhill, since it is the organization's 1935 official band. Others are expected from Lubbock (two), Amarillo, Wichita Falls, Tulsa, Anton, and other points.

As Mr. Brown was away, the burglary was not discovered until the following morning. However, a search by officers failed to reveal anything missing, it being supposed the burglars were scared away by passing pedestrians.

Black Gum Tree Immune The Indians claimed that the black gum tree could not be hurt by lightning.

The eighth grade, their friends and teachers, went on a joyous road Thursday night. All reported a really great time.

Miss Ruby Lee Aater spent the weekend with her sister in Lubbock.

Mr. Wells drew the lucky number Saturday p. m. and was awarded \$10 worth of merchandise in G. O. Shannon's store.

Circleback now has two new garages, one on the east and one on the west side of town.—Reporter.

Florida's Hurricanes Benefit Florida's hurricanes do one piece of constructive work in that they destroy appreciable quantities of pests that attack citrus trees.

BROWN'S WAREHOUSE ENTERED

Sometime Tuesday afternoon, while the sandstorm was raging, someone broke open the warehouse of R. L. Brown, in which he had stored a quantity of sudan, cane and corn seed.

As Mr. Brown was away, the burglary was not discovered until the following morning. However, a search by officers failed to reveal anything missing, it being supposed the burglars were scared away by passing pedestrians.

Black Gum Tree Immune The Indians claimed that the black gum tree could not be hurt by lightning.

EVERY FARMER SHOULD EMPLOY MEANS TO STOP WIND EROSION SAYS COLLEGE FARM SPECIALIST

LUBBOCK, April 10—Means of controlling wind erosion, many of which are in use on the college farms, according to A. H. Leidigh, dean of the Division of Agriculture at Texas Technological college, should be employed by every farmer. By cultivating when enough moisture is in the ground the granular surface mulch is less conducive to erosion than the powdery mulch during dry weather and the character and size of the clods or projectors catch the drifting particles of soil.

But when the soil is unusually dry some measures may be employed when cultivating that are less likely to further soil erosion. Some of these controls of wind erosion used when tillage operations produce a powdery surface mulch instead of a granular mulch include the retention of original sod, use of windbreaks, late spring listing, rotation of crops, only occasional removal of corn stalks or other plant residues, use of manure, strip farming, and center furrowing.

Wind erosion preventatives for soil that is of finer structure include: the leaving of occasional rows of milo or other grain sorghum uncut across the field; the planting of two or three heavily seeded rows of milo across wheat fields and other open land; the careful use of the lister on blow lands following a rain, and center-furrowing.

In many cases under present conditions of supply and demand for agricultural products, it is apparent that limited acres of blow soils in some regions might just as well not be in cultivated crop. The problem of getting the land back into grass is very difficult on account of low rainfall. Mere abandonment of cultivation will not serve to solve this problem. Perhaps the best approach to a solution

is first to create narrow strips of crop residues across the field such as may be secured by leaving sorghums after they have ripened. Between these areas, if good tillage is practiced, Buffalo grass may be started on the heavier soils and on lighter soils Sudan grass of millet may be seeded and the land abandoned with this ripened crop left to form the fallen plant residues and stubble.

In the southern part of the Great Plains about the only grass that can be readily grown is Andropogon Saccharoides, which is at native pre-natal grass found in large amounts on abandoned land in all of the Texas Panhandle. This grass has been very successfully planted from the seed at Texas Technological college, and is undoubtedly going to be one of the best plants for re-seeding purposes, according to Dean Leidigh.

Maple News Items

(Too late for last week.)

The Methodist missionary society met Monday afternoon at the church. As a guest the society had Rev. and Mrs. George Fort. The lesson was the second chapter of Mark. Rev. Fort gave a very interesting talk on the chapter.

The revival meeting began Sunday, April 7. Rev. Strickland of Lubbock is doing the preaching. Leonard Busham and Miss Inez Betts surprised their friends by getting married Saturday night. We extend to them our best wishes.

Mrs. Cilla Blaylock was rushed to a Lubbock sanitarium Monday morning with a serious attack of appendicitis. Friends learned with surprise of the marriage of Rev. George Fort and Mrs.

E. C. Garvin which took place at Lubbock Monday, March 25. Mrs. Fort has been a resident of this community for several years and is well known to all. We want to wish them many successful years of happiness together.

Mr. and Mrs. Marshall Copper are the proud parents of their first-born a girl, named Verna Laurene. She was born at Portales, N. M., March 21. Mr. and Mrs. E. B. Fleming had as their guests Sunday Mr. D. Rector and Rev. and Mrs. Geo. Fort. The dinner was in honor of Mr. Rector's and Renae and Lena Fae Fleming's birthday.—Reporter.

Longview News

A large crowd attended Sunday school Sunday morning. We had a very good lesson. The new Sunday school superintendent, Bro. Scott, urges that every one who can be in on time promptly at ten o'clock.

The club members and other ladies of the community met at Mrs. Phinck's Wednesday afternoon and surprised Mrs. Ivory with a stork shower. She received many nice and useful gifts. After they were duly admired by all, refreshments of cocoa topped with marshmallows and cake was served.

Mr. and Mrs. Neal Warren went to Lubbock last week where Mr. Warren went through the clinic. An operation was advised. Mrs. Warren has been suffering with her back for some time.

Mr. and Mrs. T. W. Watson returned home late Sunday afternoon from Cache, Okla., where they had been visiting Mrs. Watson's mother, Mrs. Boles.

Quite a few people have begun making gardens. A good rain would surely be appreciated.

Enochs Echoes

Mrs. Willis Holder, of Littlefield, spent the weekend visiting her father and sister, Mr. L. A. Campbell and Omas.

The baseball club was organized Sunday afternoon. Grey Berry was elected managing-captain.

Debbis Widner and sister and Glen Burnett, who have been visiting Mr. and Mrs. Asa Dunivant for some time, returned to their home in Melrose, N. M., Saturday.

Homer Hall of Littlefield and son, Robert Hall, of Slaton, visited Mr. and Mrs. Jake Hall Sunday.

Medjames Sam Patterson, Jake Hall and Willis Holder visited Mrs. Patterson's parents, Mr. and Mrs. Wade Davis, at Morton, Sunday.

Mr. and Mrs. Clyde McCormack spent the weekend with Mrs. McCormack's parents, Mr. and Mrs. Booth, of Rocky Ford community.

Mrs. Fred Locker motored to Lubbock Saturday. Her husband, who has been in a sanitarium there for an appendicitis operation, returned with her. Durwood Howell returned from Jackson, Miss., last week, where he has been for the past few weeks.

Mrs. Sam Patterson shopped in Lubbock last Thursday.

Mrs. J. T. Kelley visited Mr. and Mrs. E. N. McCall Sunday.

Mr. and Mrs. Howard Cox and daughter, of Dimmitt, visited home folks this week.

Mrs. Charles Coffman motored to Lubbock Friday to attend the District League meet.—Reporter.

West Camp News

The rabbit drive was quite a success last Friday. It was reported that 60 or more men attended the hunt, something like 1,000 or more rabbits being killed.

Mrs. Lester Simms, of Hereford, visited her sister, Mrs. Wayne Eskridge and friends in this community last week.

The Bailey County Singing convention will meet Sunday, April 14, at the West Camp school auditorium. There is a hearty welcome extended to everybody.

J. R. Sheriff and daughter, Etha, have returned home from Hollis, Okla., where they had been at the bedside of Mr. Sheriff's brother, who has been quite ill.

Mr. and Mrs. Raymond Waller, of Ft. Sumner, N. M., visited his parents, Mr. and Mrs. B. Waller, Sunday.

Mr. and Mrs. Odes Thompson, Mrs. Ray Adair, Mr. and Mrs. L. C. Gurley and daughter, Mrs. LaDene Adair, were Clovis, N. M., visitors Monday.

C. E. Dotson and son, Billy, Mr. and Mrs. M. A. Snider and son and daughter, Junior and Wilma Louise, and Willie Williams attended the Fat Stock show in Lubbock last week.

Billy Dotson and Junior Snider took their 4-H club calves to Lubbock and entered them in the Fat Stock show. Billy's calf won first prize and Junior's second prize in the 4-H calf show held at Muleshoe.—Reporter.

Y L News Items

A daughter was born to Mr. and Mrs. E. J. Guiley March 28. She has been named "Jimmy Marie."

Mervin Wildering is driving a new '35 Ford coach.

Y L Leaguer's went to Muleshoe last Sunday evening to give a program before the Muleshoe League.

The three newly-elected trustees at YL are E. T. Bryant, Mervin Wildering and Silas Belter.

Rev. F. R. Pickens and family visited

Mrs. W. J. Morrison at Plainview last Friday night and Saturday.

The pastor of the First Christian church at Clovis, N. M., will preach at the YL school this Friday night. Good sacred music will be furnished. Everyone is invited to attend.

Miss Rankin went to Lubbock last Saturday.—Reporter.

Invention of Guss

It is not known who first invented guns. They are said to have been used in European warfare in the Fourteenth century. A hand gun of rifle construction was used as early as 1340.

Foods for Springtime AT BARGAIN PRICES

This is the season of the year when distracted housewives, who know not what to prepare as a change of foods for the family, find our store a haven of relief, not only in the wide selection afforded, but also in the savings that are to be enjoyed in low prices for quality foods. Shop here first, and enjoy extra savings. Note our low prices.

A big majority of Muleshoe housewives have long since learned that the ideal flour can be purchased here, for baking those delicious biscuits that just hit the spot, those muffins and buns that fairly melt in the mouth. Try a sack of "Carnation," or if you prefer, "Gold Medal"

POWER ZONE

COMFORT ZONE

ECONOMY ZONE

V-8 POWER

Comfort Zone Riding

FORD ECONOMY

With the introduction of the V-8 engine, Ford brought a new standard of performance to the low-priced field.

Gives the ease, smoothness and comfort of a "front seat ride" even to back seat passengers—an important engineering advance.

The 1935 Ford V-8 gives you the most economical car to operate Ford has ever built.

Why take less?

FORD has always aimed to make the automobile-buying dollar go as far as possible. This year, the 1935 Ford V-8 gives you traditional Ford low prices, traditional Ford operating economy—and, in addition, riding comfort, body roominess, new beauty and new safety features that will satisfy the requirements of almost everyone.

Consider some of the major improvements in the Ford V-8 for 1935. Take Comfort: From this standpoint alone, what a completely rounded car this is! Comfort Zone Riding that gives "front seat comfort" even to rear seat passengers. Deep cushioned, high-backed, wider seats. Big, air-balloon tires. Easier steering and a newly-designed clutch that responds to the touch of your foot.

Consider safety: There's safety glass all around—on all models—at no additional cost. A new, welded all-steel body. New, more powerful brakes, with an unusually high ratio of braking surface to car weight. And a lower center of gravity that gives increased safety and stability on curves!

Why be satisfied to receive less than this for your money? Examine this new 1935 Ford V-8. Ride in it. You'll realize that it is truly a new automobile value.

FEWER COLDS

HELPS PREVENT MANY COLDS

RAYMOND HAMILTON CAUGHT AND RETURNED TO DEATH CELL

Raymond Hamilton, the Southwest's most notorious surviving outlaw, was returned to his old cell in the Texas Penitentiary death house Saturday.

From that cell Hamilton broke out July 22.

Joe Palmer, awaiting electrocution on the same charge under which Hamilton faces death, that of killing a prison farm guard during a break in January 1934, was transferred to Anderson, in Grimes county, shortly after Ray arrived. Palmer was sentenced by Judge S. W. Dean to be electrocuted May 10.

Hamilton probably will be resented the first part of this week. Worn from his flight from the law, and chained hand and foot, the condemned desperado presented a sorry sight as he hobbled into prison.

There he changed his frayed blue shirt and baggy trousers for clean prison garb which bore the grim reminder, "D. C.," for the death cell.

The return of Hamilton closed the books on the only successful break in history from the Texas death house.

Muleshoe Boy Wins First Place In Meet

Declamation Event

Bailey county made a good showing at the District Interscholastic League meet in Lubbock Friday and Saturday of last week. Two first places were won by Bailey county schools and other good records were shown.

Bill Alsop, Muleshoe grade school, won first place in Junior boys' declamation, winning the right to represent the district at the Regional meet to be held in Canyon, probably on April 19th and 20th.

In Junior declamation, the Bula girls won first place, also winning the right to represent the District at the Regional meet in Canyon.

Miss Sybil Coker, Muleshoe High school, entered the essay writing contest, and is expected to have a high grade when papers are graded and final report is made.

Miss Eva Harper, Muleshoe High school, placed third as best actor in one-act plays for the district.

Muleshoe volleyball girls won first play-off for entry into finals but were defeated in the second play-off.

In senior girls' debate, Misses Ida Lou Glaze and Gerald Dean Reynolds, of Muleshoe High school, entered the final contests but were defeated in the judges report, although not by a unanimous decision.

Bill Faulkner of the Muleshoe school placed fourth in both the 100 and 200 yard dashes.

A large number of Muleshoe and Bailey county folk attended the meet. Complete returns of honor winners in the various district meet events have not yet been tabulated and given out as the Journal goes to press.

It is reported, however, that Lambert, of Littlefield, won the boys tennis singles championship, 6-4, 4-6, 6-4.

Our Policy Of Community Development!

The Muleshoe State Bank is strictly a local institution, owned and managed by men who are intensely interested in the welfare and development of this community.

One of the fundamental policies of this Bank is that the deposits in the bank are to be used, as far as possible, to aid in the development and growth of this community.

We believe in Muleshoe, Bailey County and the Great State of Texas.

MULESHOE, TEXAS

He was captured in the railway yards in Ft. Worth last week by the Dallas county sheriff and Ft. Worth Deputies.

Hamilton was sentenced Tuesday to die in the electric chair at the state Ham-prison at Huntsville on May 10.

When sentence was pronounced Hamilton nonchalantly threatened to come back after death and "kick the whole bunch of you out of bed."

Muleshoe Boy Wins First Place In Meet

Declamation Event

Bailey county made a good showing at the District Interscholastic League meet in Lubbock Friday and Saturday of last week. Two first places were won by Bailey county schools and other good records were shown.

Bill Alsop, Muleshoe grade school, won first place in Junior boys' declamation, winning the right to represent the district at the Regional meet to be held in Canyon, probably on April 19th and 20th.

In Junior declamation, the Bula girls won first place, also winning the right to represent the District at the Regional meet in Canyon.

Miss Sybil Coker, Muleshoe High school, entered the essay writing contest, and is expected to have a high grade when papers are graded and final report is made.

Miss Eva Harper, Muleshoe High school, placed third as best actor in one-act plays for the district.

Muleshoe volleyball girls won first play-off for entry into finals but were defeated in the second play-off.

In senior girls' debate, Misses Ida Lou Glaze and Gerald Dean Reynolds, of Muleshoe High school, entered the final contests but were defeated in the judges report, although not by a unanimous decision.

Bill Faulkner of the Muleshoe school placed fourth in both the 100 and 200 yard dashes.

A large number of Muleshoe and Bailey county folk attended the meet. Complete returns of honor winners in the various district meet events have not yet been tabulated and given out as the Journal goes to press.

It is reported, however, that Lambert, of Littlefield, won the boys tennis singles championship, 6-4, 4-6, 6-4.

State Health Official Issues Warning On Typhoid Fever Germ

AUSTIN, April 10.—A warning against the hitch-hiking germ of typhoid fever has just been issued by Dr. John W. Brown, State Health officer. They must catch a ride from an infected person to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. The inoculations with typhoid vaccine, a week apart, are all that is necessary to secure protection for this disease for two years. The purity of water, milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

Purple Shells Once Costly

In the days of trade with the Indians, when wampum was used as money, the purple shells were about twice as valuable as the white.

Baptists Will Hold Opening Services On Sunday Night

First services will be held in the newly-erected Baptist church building next Sunday morning, according to Rev. L. S. Jenkins, pastor, but the official opening services will be held Sunday night with Rev. J. F. Luker, Methodist pastor, and his congregation cooperating.

The program as announced for the opening services is as follows:

Song service

Prayer—Rev. Robinson.

Song.

Address—"What Churches Mean to Our Community," Judge J. E. Adams.

Special song—Miss Sybil Coker.

Address—Rev. Robinson.

Special song—Misses Eva Harper and Eunice Griffiths and Morris and Lester Garth.

Address—Rev. J. F. Luker.

Special song—Mrs. Jim Cook.

Sermon—Rev. L. S. Jenkins.

Everyone is invited to attend this service.

The new church structure, erected over the basement used for services by the Baptist congregation for a period of ten years, was erected at a cost of approximately \$2,500. Hightbotham-Bartlett Company, this city, was in charge of construction. The structure is a frame, finished on the outside with drop-siding, having a shingle roof. The ground dimensions are 50x62 feet, extending forward over the basement 12 feet. The walls are 12 feet in height. The building is painted white with the roof being finished with green shingle stain.

The structure was erected with a view to an extension on the rear and brick veneering since the congregation see fit in the future.

The church auditorium was constructed with an inclined floor leading down to a rostrum which is 14 feet wide, extending across the width of the building. In the rostrum is a sunken baptistry and a stairway at the extreme rear leading down to the basement.

Woodwork and wainscoting of the auditorium is finished in natural color, the walls of sheetrock are painted cream, while the ceiling of Celotex material, which is light grey in color, will be left natural for acoustic purposes. The new building also has two rooms at the entrance which were designed for pastor's study and secretary's office. Also, an awning which harmonizes with the building scheme covers the front entrance. Two ground entrances on the front lead down to the basement.

Plans are now in progress for a dedication service at an early date, probably using a visiting minister as principal speaker. Immediately after dedication is to be carried out for partitioning the basement level of the building for Sunday school purposes, a need which brought about the erection of a church building at this time.

Rev. Butler, Farwell, Gives Lecture Here On Holy Land Trip

Of unusual interest to Muleshoe church-going folk was the lecture Sunday night delivered at the Methodist church by Rev. E. L. Butler, pastor of the M. E. church of Farwell, who last month returned from an extensive cruise to old world countries. A large audience from both the Baptist and Methodist congregations attended. Rev. J. F. Luker, local Methodist pastor, occupied Rev. Butler's pulpit at Farwell in his absence.

Rev. Butler's extensive trip abroad covered 15,000 miles of travel. He visited 15 nations on four continents. In his preliminary statements he said that European conditions were tragic—more than we realize—that war clouds are hanging over Europe creating precarious conditions.

Appertaining on the rostrum attired in the Deudon costume of the Arab, commonly worn around Jerusalem, Rev. Butler first generalized upon his visit to the ancient world, recounting a storm on the Mediterranean seas probably similar to that experienced by the Apostle Paul on his journey as captive to Rome. Following this he told of Ancient Egypt, his visit to the pyramids, the fertility of the valley of the Nile, and the decided contrast that now exist between the ancient and the modern in that cradle of civilization.

The main body of the lecture centered about Bible lore and the land of the nativity of Jesus of Nazareth. He painted vividly his visits to Nazareth, the Sea of Galilee, Jacob's well, the Jordan river, Jerusalem and Jericho, pointing out the significant facts that exist in that land today which bear out the authenticity of Bible narratives.

Rev. Butler stated in his lecture that the Zionist movement of the Jews now on to occupy that ancient world is on in dead earnest—that 165,000 Jews inhabited that country in 1927 and now they number 400,000. He stated that the Jews were dominating industry in that land and were in fair position to reclaim it, much to the chagrin of the Arab.

Following the lecture Rev. Butler displayed a collection of souvenirs brought back from his travels. Of interest among them were an alabaster reproduction of an Egyptian pyramid, stones picked up over the Holy land, and specimens of water from the river Jordan and Jacob's well. He also had a specimen of sand from the Sahara desert.

In the party accompanying Rev. Butler from Farwell were Mrs. Butler, her mother, Mrs. Harbin, and Editor

and Mrs. Hop Graham, of Farwell.

Preceding the lecture the Epworth League of the YL community M. E. church, accompanied by the pastor and wife, Rev. and Mrs. L. R. Pickett, rendered a program at the League hour which was well received.

Administration forces

BAILEY COUNTY GETS \$253,600 RELIEF MONEY PART PAYMENT

AUSTIN, April 9.—Checks totaling approximately \$2,386,521, representing a portion of relief grants for April, were sent from the offices of the Texas Relief Commission and the state Comptroller to counties last week. This amount will include \$1,000,000 from Federal general relief funds, \$750,000 from state general relief funds and \$1,138,521 from federal rural rehabilitation funds. Bailey county received \$223,600 as part payment on an allotment of \$650,000 for the month of April.

"Again we have drained the till and further grants during April will depend upon the assistance Washington can give us," said Adam R. Johnson, state relief director.

Administrators, therefore, were cautioned to watch their funds closely and instructed not to overspend the al-

mounts budgeted to various programs.

With recent passage of the \$4,880,000-000 relief bill by both houses of Congress, and subsequent sending of the bill by airplane to President Roosevelt, it is hoped that relief funds will become more readily available.

"St. John's Bread"

The "husks" eaten by the prodigal son in the Bible parable are identified in a Mediterranean legume with a sweet edible pulp, which is called "St. John's bread."

***BALD? Give Your Scalp a Chance**

Japanese Oil is the name of the remarkably successful preparation that thousands are using to get rid of those distressing, stop scalp itch and grow strong, healthy hair on thin and partially bald spots where hair roots are not being fed. This famous antiseptic counter-irritant stimulates circulation in the scalp, brings new hair to the surface, and helps to nourish and feed cleared hair roots—only the chief causes of baldness. Get a bottle today at any drugstore. The cost is trifling, see "Economy" page. You have little to lose and much to gain. FREE, valuable book "The Truth About the Hair" if you write to National Remedy Co., 54 W. 45th St., N. Y.

ing hard or solid. Food is improved by cooking—though fibres are broken down—and the nutritive value not lost by cooking. I recommend the cooking of milk, and of milk products. "Evaporated milk" is more likely to be acceptable than raw milk; it is sterile, and is less likely to form indigestible curds as does untreated milk—and is fully as nutritious. Often evaporated milk agrees when raw milk cannot be given without distress. Cream is useful. Ice cream is useful, but ice-cold should not enter the stomach. Melt it in the mouth.

To actually treat the ulcer, I resort to heroic doses of bismuth. It is insoluble, hence an ideal coating for an ulcer. Thirty-grain doses are not too much—of the substrate. I usually combine it with a gentle, mineral aspirin—and a pain-reliever if needed. And, I have cured many ulcers—takes from one to three months.

Largest Libraries The Bibliotheque Nationale, Paris, contains more than 5,000,000 volumes, and the British Museum Library, London, has 40 miles of shelves, with an estimated total of 5,000,000 volumes. The Library of Congress, Washington, ranks next with more than 3,000,000 volumes.

Coker and daughters, Mrs. Ross Glaze, sons Miss Lucille Beatty, Miss Clara Bell Caba, Jess Murray, Gordon Murray, Frank Atkinson, Jonnie and D. L. Smith, C. R. Stevens, Mrs. Ty Young and son, Jack.

The FAMILY DOCTOR By JOHN JOSEPH GAINES, M. D.

PEPTIC ULCER—TREATMENT
We do not expect for peptic ulcer until all manner of medical and dietary care has failed. My letter has nothing to do with operative measures in this disease.
This from experience of many years: First—soft diet. I care not what it is, just so it is soft. It must be something without tough skins, seeds, gristles, hard fibers, shells of grain, and the like. An ulcer cannot—will not heal if rubbed over by hulls of grain, lumps of celery, radish, or hard-fried ham or steaks. If you don't observe this rule, there is no use in me giving you any other.
As a rule so-called digestive medicines are effort wasted in ulcer. Your stomach may be all right, except at the point of ulceration. Your problem is to soothe the ulcer while it heals. I do not give tablets, capsules, or pills if my patient has ulcer. Not-

Be proud of your home town.

their friends, and their neighbors by actual demonstrations the value of such practices. In so doing they have made a genuine and substantial contribution to the improvement of American farm life.

The term 4-H signifies the four things which must be trained by the boy and girl to insure success in club undertakings—head, heart, health and hands. The mind, or head, of the boy and girl must be trained to think, plan, and reason, and the heart to be kindly and sympathetic toward the work and toward associates, so that all may work together; the health must be improved and kept good for efficiency and enjoyment; and the hands must be trained to be skillful. The symbol of the 4-H club is the four-leaf clover containing an H on each leaflet, the clover signifying the purpose for which the first clubs were created—soil conservation.

The scope of the 4-H club work is wide and varied, covering practically every farm and farm life activity. Each succeeding year has seen an increase in the importance of farm boys and girls in the introduction of improved methods and practices. Last year in Bailey county only five boys entered 4-H club work, the result being a beef show in Mulleshoe and consequent entry in the Lubbock show of three of the boys and realization of financial profit. This year, however, County Agent Waide expects an enrollment of 40 boys in six projects they being a crop project, beef calf project, dairy calf project, poultry project, pig project and lamb feeding project.

Ages for boys eligible to enter 4-H clubs are 10 to 18 years, inclusive. With the arrival of the Home Demonstration agent here Monday, it is expected that projects for women and girls will be offered.

PLANS TO REMOVE CLIENTS FROM RELIEF ROLLS IN MOVE

AUSTIN, April 10.—District rural rehabilitation supervisors from nine districts of the state met here last week to receive instructions from V. R. Smithman, head of the rural department, and J. E. Stanford, director of rural rehabilitation for the Texas Relief Commission, on the plan to include all relief farm families in the rural rehabilitation program.

Meanwhile, efforts already were under way in the counties to remove these families from the general relief rolls to the rural program. Caseworkers were tackling the huge task of obtaining waivers from landlords on their interest in the tenant's share of the crop. This waiver is required by rural department officials before the tenant

Denies "Overthrow" Talks

CHICAGO . . . John Strachey, British author, (above), who faced deportation charges here of advocating the overthrow of the American government, denied in his lecture today he denied the charges.

may be taken into the rural program. Under this plan, all outright grants of relief will cease and aid to rural clients will be only on a loan basis. Relief officials will require a first lien on the tenant's share of the crop in order to assure repayment of credit advances.

Relief officials anticipated difficulty in obtaining waivers because in most instances relief organizations have already granted subsistence to the client throughout the winter and in some cases subsistence needs have been granted for an even longer period. The relief organization will not be responsible for relief tenants whose landlords refuse to sign waiver agreements.

Congressman Mahon Introduces Bill To Create New District

Congressman Mahon introduced a bill in the House of Representatives Monday providing for the creation of a new Federal Judicial District for West Texas. The district is outlined to include those counties which have made up the Amarillo, Lubbock, San Angelo and Abilene division of the Northern District of Texas.

A study of the conditions of the counties of the Northern District revealed that the four divisions in the proposed new district are from six to 12 months behind with their work. With a new judge resident in the territory included in the new district, the litigants will have the advantage of convenience and the efficiency of the court should be greatly improved.

In commenting on the bill, Mr. Mahon said: "It is unfair for the people of West Texas to be compelled to travel all the way to Dallas or Fort Worth to contact a Federal Judge. This is often true when injunctions or special orders are sought. The three present judges of the Northern District reside in Fort Worth or Dallas. I believe that the court can well be justified on the basis of service rendered to the people of this vast area."

Goodland News

We are still having windy, dry weather. Prof. and Mrs. Mallard of Bula attended Sunday school here Sunday.

Several from here went to Marton Sunday to the singing, but there was no singing.

Mr. and Mrs. T. W. Floyd, Mr. and Mrs. Charlie Bealy and Randolph Vanderve were Littlefield visitors Saturday night.

Mr. and Mrs. Stamps gave the young folks an April fool's party Monday which was enjoyed by a large crowd.

D. Warner and Mr. T. W. Floyd were elected school trustees.

Mr. and Mrs. Orval Bealy, of Portales, N. M., visited her mother, Mrs. J. R. McGee Monday afternoon.

The Sunshine club met with Mrs. E. R. Hale Thursday.

Mrs. L. D. Sanderson surprised her husband with a birthday dinner March 30. There were 14 present.

Rev. A. O. Brewer preached at the school house March 30, both morning and night. There was a large crowd out Sunday night.

Sunshine Club Meeting
The Goodland Sunshine club met with Mrs. E. R. Hale Thursday afternoon, April 4th. There were 16 members present, one new member and two visitors.

Mrs. Gaddy sent in her resignation as club reporter, on account of illness for which we are very sorry. Mrs. J. O. Everts is now our reporter.

We discussed business matters about our community project which is our school building and yards. We decided to meet Monday afternoon and prepare some flower beds, and probably set some more cuttings.

Mrs. Hale gave a demonstration of how to make match holders out of paper pulp, and how to make wall vases out of old phonograph records. She made it both clear and interesting.

We adjourned to meet Thursday, April 18th, with Mrs. Wilford Newton—Reporter.

Emergency Crop and Feed Loan Requests Now Being Received

Field supervisor Carl Hill of the Emergency Crop and Feed Loan office at Dallas, states that applications for emergency crop loans and feed loans are now being received by the Bailey county loan committee, Mrs. L. S. Barron, secretary, with offices located at the court house, Mulleshoe.

In accordance with the Act of Congress authorizing the loans, and regulations issued by Governor W. I. Myers, the Federal administration loans will be made only to farmers who are unable to obtain elsewhere seed, fertilizers, supplies, feed or the necessary credit to purchase such items. Loans will first be made to applicants who can obtain credit in the amount needed from any other source, including the production credit association.

Any farmer who has the necessary security should apply to the production credit association first. If the association is unable to make him a loan in the amount needed the farmer will receive a first lien on that effect and will be considered eligible to apply for a loan from the emergency fund.

The regulations provide that the largest loan to one farmer this year is \$500 and the minimum \$10, but no loan may be made in an amount greater than is actually needed to cover the cash cost of purchasing seed, fertilizer, supplies, feed, etc. Loans will be made for the purpose of growing and harvesting crops, for summer fallowing, for purchasing feed for livestock; but not for the purpose of purchasing livestock or machinery, or for the payment of debts or taxes.

Loans will be made only to applicants who are cooperating with the Federal Production Control Program of the Agricultural Adjustment administration.

As in the past, the security for an emergency crop or feed loan will consist of a first lien on the crop financed or on the livestock to be fed. A tenant must also give a first lien by getting the landowner to waive his claim in favor of the crop lien, but the landowner is in no way obligated for repayment of his tenant's loan.

Checks in payment of approved loans will be issued by the Regional Emergency Crop and Feed Loan office at Dallas; and not by the field supervisor or the loan committee.

It is urged that each applicant have the legal description of the land upon which crops are to be planted, and also the number of each crop to be planted; how much cotton, corn and the various crops. Correct number of acres cultivated, whether or not landowner will sign waiver, as that is a necessary requirement. Also have figured out how much applicant thinks it will take to finance each crop, according to market prices. Also know how many pieces of machinery you have, number of stock and the value of the same.

Those in charge of taking applications state that if each applicant will have this information already at hand when they come to put in their applications it will greatly decrease the complications in fixing up applications and take less time to put in an application. It is estimated it will take one and one-half or two hours for each application to be fixed up, therefore, it is necessary that applicant help as much as possible by having his part of the work figured out when he calls to put in his application.

Stegall News

The Learn-A-Bit club met with Mrs. Cotter at the school house Thursday afternoon at four o'clock. Miss Pollard, being ill, could not give the paper on "What Foods Combine Well." There was a short discussion held on the subject, then the use of the different kinds of socks was discussed. Three new members joined: Mrs. J. Howie, Mrs. Harvey McDaniel and Mrs. Vestie Rogers. The Misses Elsie and Lettie Holt were visitors.

The club meets with Mrs. Orval Fowler at the school house May 2, to sew for Mrs. Joe Howie.

Mr. and Mrs. Tommy Galt went to

Hale Center Thursday. They returned Friday evening.

S. F. Phipps and sons, J. L. Glenn and Hal, visited Jerry Phipps at Circleback Sunday.

Mr. and Mrs. Orval Fowler and children were Sunday visitors of Mrs. Fowler's brother, Clanson Parker and family near Portales, N. M.

The new officers for the Sunday school are: Mrs. R. R. Klutts, superintendent; Mrs. T. F. Cotter, asst. superintendent; Miss Elsie Holt, sec-treas.; Miss Lois Pollard, teacher for adults, with Mrs. D. L. Lane, assistant teacher; and Mrs. Vestie Rogers, teacher of the children.

There was a large crowd at singing Sunday night and much interest shown.

Saturday the men and boys of the community made a ball diamond south of Phipps' store. There was an interesting game Sunday afternoon.
